    July 2014 – 30 November 2014

Refer to back of sheet for more information on ongoing construction projects.

Legend:

Road Closure. Road will be closed to thru traffic. Traffic will be detoured around this area. Expect 10-20 min delays in the immediate area. Take an alternate route if possible.

One Way Traffic Only. Road will be open to one-way traffic only (in the direction shown). Traffic in the other direction will be detoured around this area. Expect 10-20 min delays in the immediate area. Take an alternate route if possible.

Lane Restrictions. Road will be open to traffic, the number of lanes open may be reduced and/or traffic flow may be shifted to accommodate construction. Expect 10-20 min delays in the immediate area. Consider taking an alternate route if possible.

Construction Activities in the Area. Road will be open to traffic, with construction in the neutral ground (median) and/or on the sidewalks. Closures of cross-overs and temporary lane closures to support construction work safety may be possible. Expect 5-10 min delays on the route itself.

Construction Programs - Uptown

Streetscapes. The Streetscape Program is a multi-year $20 million construction program administered by the New Orleans Department of Public Works and funded using Community Block Development Grant funds from the Department of Housing and Urban Development (HUD). It is intended to improve quality of life and promote economic development within select neighborhood to support the City's recovery effort and place-based community planning initiative. The scope of work for these projects includes landscaping and installation of ADA-complaint sidewalk ramps. These projects may also include lighting improvements, bike lanes, and sidewalks. For more information, go to http://www.nola.gov/dpw or call 504-658-8046.

SELA. The Southeastern Louisiana (SELA) Urban Flood Control Program is a multi-year $1 billion construction program administered by the US Army Corps of Engineers and the Sewerage and Water Board of New Orleans. It is intended to improve drainage and reduce the risk of flooding. The scope of work for these projects includes the replacement of underground drainage canals and large drainage lines. For more information, call 504-862-2201 (Corps of Engineers) or 504-585-2450 or go to http://www.mvn.usace.army.mil/ or http://www.swbno.org/.

Streetcar Line Improvements. The Streetcar Line Capital Improvement Program is a multi-year $80 million construction program administered by the New Orleans Regional Transportation Authority (RTA). It is intended to improve the City's public transportation system and promote economic development. The scope of work for these projects may include the installation of a new streetcar line and shelters or new streetcar tracks and/or shelters on an existing streetcar line. For more information, go to http://www.norta.com/ or call 504-248-3900.

New Orleans Infrastructure Improvements

- Construction = Progress.
- Over $1 billion in public infrastructure improvements by 2018.
- Be patient and plan ahead when driving.
- We are building back bigger and better.
