504HealthNet's guide for primary and behavioral health care in the Greater New Orleans Area

About 504HealthNet

504HealthNet is a network of health care providers in Jefferson, Orleans, Plaquemines, and St. Bernard Parishes. Our providers independently operate more than 50 service locations, ranging from primary care and behavioral health service sites to medical mobile units. All of the clinics listed here accept public and private health insurance, or payments can be made on an income and family-size-based sliding fee scale.

504HealthNet has been integral in integrating primary care and mental health, promoting team-based care in the medical home, and shifting the focus to the social determinants of health. However, rates of obesity, cardiovascular disease, diabetes, and asthma far exceed the national average, and many of our residents remain uninsured. The majority of uninsured patients report no regular source of care other than an emergency department. As such, 504HealthNet is dedicated to promoting primary care access for the un- and underinsured, advocating for health reform, and reducing reliance on hospital emergency departments.

Formed in 2008, 504HealthNet represents the majority of the safety net working collaboratively to better meet the primary care and behavioral health needs of low-income, uninsured, and underinsured residents.

Glossary of Terms

The Greater New Orleans Community Health Connection (GNOCHC) – Public health insurance similar to Medicaid that covers primary and mental health care for adults aged 19-64 with income under 100% of the federal poverty level at a set list of clinics. For a list of these clinics please see page 35

Medicare – Public health insurance for senior citizens aged 65 and older.

Medicaid – Public health insurance for low-income families based on income and family size. In Louisiana, Medicaid is called Bayou Health.

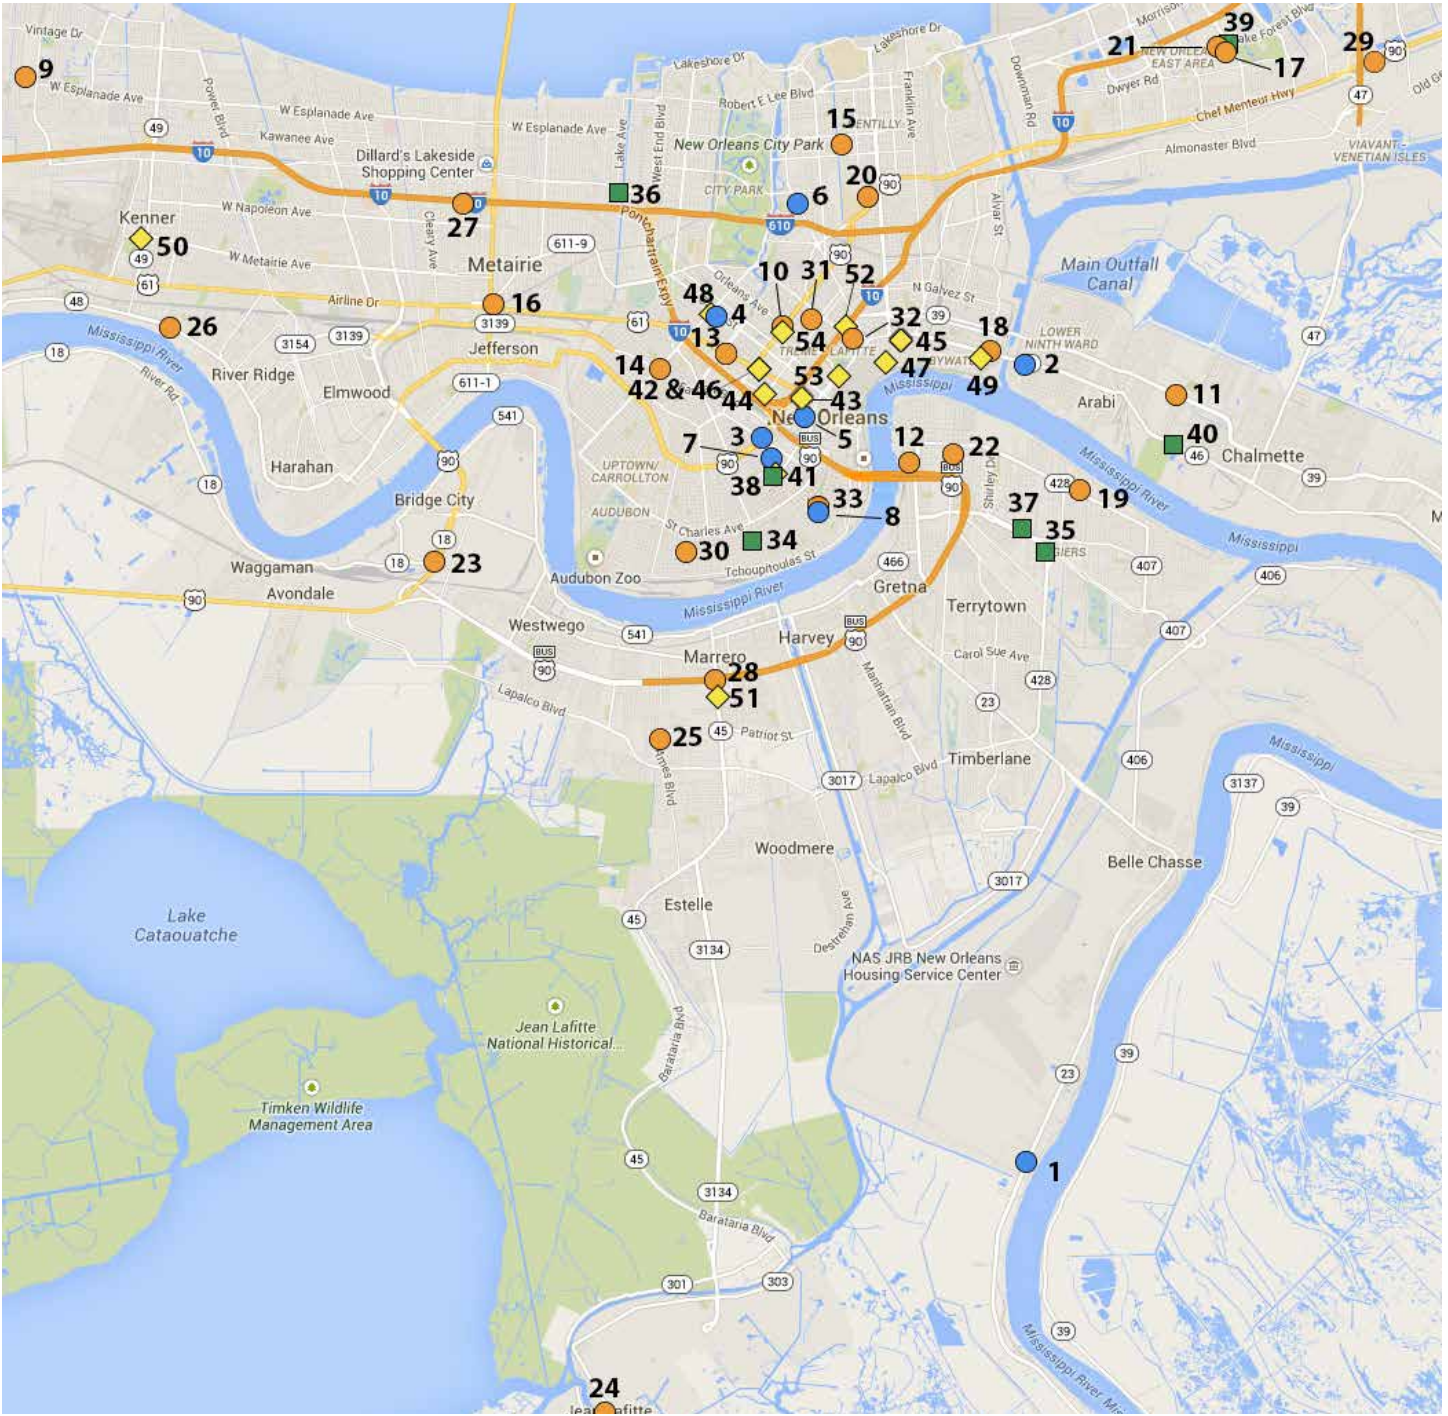

Pharmacy Assistance – Discounted programs for eligible patients to save money on medication.

Private Insurance – Health insurance purchased by an individual or an individual's employer. Examples of private insurance are Blue Cross Blue Shield of Louisiana, Humana and United Healthcare.

Self-Pay/Uninsured – A person who pays out of pocket for a doctor's visit because he/she does not have health insurance.

Sliding Fee Scale – The percentage taken off a person's bill based on income and family size.

About Health Insurance

This section contains information about programs, clinics and organizations that provide access to health care services for all residents including uninsured and low income residents at low or no out-of-pocket costs. Enrollment in the noted programs is available through the New Orleans area community clinics featured in this guide.

Private Insurance

Private health insurance is typically offered through employers or other organizations. Some employers offer only one type of health insurance plan, and others may let employees choose from more than one plan. Private insurance is also for sale on the Health Insurance Marketplace which helps uninsured and under-insured individuals and families compare and shop for affordable health insurance plans as part of the Affordable Care Act (ACA). Most people who use the Marketplace will qualify for tax credits, which lower the cost of monthly payments. These lower costs are only available to those who apply for coverage through Healthcare.gov or call (800) 318-2596

Uninsured

All of the clinics listed in this guide have a commitment to providing care to anyone in the Greater New Orleans area regardless of their ability to pay. These clinics accept uninsured patients and provide care based on a sliding fee scale. A sliding fee scale is based on a person's income, and family size.

What to bring:

- Proof of income (Copy of most recent W2, field tax forms, most recent pay stubs, unemployment award letter, Social Security/Disability letter, or food stamp award letter)
- Government issued photo ID – if the current address is not on the ID, a utility bill may be provided
- Birth certificate or U.S. permanent residency card*

*Not all documents required

If you have lost documents:

- Birth certificates: If you were born in Louisiana, call (504) 219-4500 or visit Dhh.louisiana.gov
- If you were born in another state, contact the state's Office of Vital Records. For a fee, you can order copies of birth certificates online at Vitalcheck.com
- Driver's license or state ID: If you need to replace your state identification or driver's license call the Office of Motor Vehicles at (877) 368-5463 or visit Omv.dps.state.la.us

Medicare

Medicare is health care coverage for senior citizens, aged 65 and older. To learn more go to Cms.gov/home/Medicare.asp or call 1-800-Medicare, (800) 633-4227.

Health Tips!

How to make the most of a visit with your primary care provider:

1. Write down any questions you have and bring them with you.
2. Bring a list of your prescriptions, when you take them, and the dosage.
3. If it is a new doctor, bring with you complete notes about your medical history, including any past medical problems, surgeries, and allergies.
4. During the visit, make sure you understand your diagnosis and treatment options.
5. If you don't understand, ask the doctor to repeat it, or write things down for you.

About Health Insurance

Medicaid

Medicaid is health care assistance for individuals and families with low incomes. Louisiana's Medicaid program is called Bayou Health. Learn more at Bayouhealth.com or call 888.342.6207 toll-free to learn more about Medicaid and find out if you may qualify.

You may qualify for Medicaid if you:

- Are a low-income parent of children under age 19
- Are a child under age 19
- Are pregnant
- Are disabled according to the Social Security Administration's definition
- Get financial help from the Office of Family Support (OFS) through the Family Independence Temporary Assistance Program (FITAP)
- Have corrected vision no better than 20/200
- Have no insurance and need treatment for breast and/or cervical cancer
- Receive Supplemental Security Income (SSI) from the Social Security Administration (SSA)

How to apply for Medicaid:

1. In person at a clinic in this brochure.
2. Online through the Louisiana Medicaid Online Application Center here: Bhsfweb.dhh.louisiana.gov
3. By phone, call (885) 229-6848. You can enroll in any language by phone.
4. By Mail, go to Bhsfweb.dhh.louisiana.gov and click on the "Apply By Mail" link to download a paper form, then print and mail or fax to:
Mail: P.O. Box 91278
Baton Rouge, LA 70821
Fax: (877) 523-2987

GNOCHC

The Greater New Orleans Community Health Connection (GNOCHC) is a program run by Louisiana Department of Health and Hospitals to support primary and behavioral health care access after Hurricane Katrina for Orleans, St. Bernard, Plaquemines, and Jefferson Parishes. It covers different services than Medicaid at specific locations.

What GNOCHC covers (from a GNOCHC participating doctor):

- Primary Care
- Behavioral health care (mental health and substance abuse services)
- Immunizations and vaccinations
- Preventative care
- Care coordination
- Most lab work and X-rays

You may qualify for GNOCHC if you:

- Are a U.S. citizen or legal resident
- Are between the ages of 19 and 64
- Live in Jefferson, Orleans, Plaquemines or St. Bernard Parish
- Are not pregnant
- Are below 100% of the Federal Poverty Level which is \$11,670 for a single person.

You can apply for GNOCHC in three ways:

1. In person at any a participating GNOCHC provider location. See list of clinics on page 35.
2. Online through the Louisiana Medicaid Online Application Center at DHH.Louisiana.gov
3. By mail, go to Dhh.louisiana.gov and click on the link under "Apply Now" to download a paper form, then print and mail or fax to:
Orleans Regional Medicaid Office
P.O. Box 60840, New Orleans, LA 70160
(866)861-6018

See Page 35 for a list of all GNOCHC clinics.

About the New Orleans Health Department

As the City of New Orleans' public health agency, the nationally-accredited New Orleans Health Department's mission is to protect, promote, and ensure the health of all who live, learn, work, and play in New Orleans. The Health Department promotes access to primary care by sharing information with residents about options for health insurance, including the Affordable Care Act Health Insurance Marketplace, and by developing policy that ensures that everyone in New Orleans has access to health care.

To learn more about NOHD, including ways to access in-person assistance with Marketplace enrollment, contact the department at:

Payment Methods: Private insurance, Medicaid/CHIP, Magellan, GNOCHC, Medicare, sliding scale or discounted rate for uninsured

Health Tips!

Even if you feel fine, you should still see your health care provider for regular checkups. These visits can help you avoid problems in the future. For example, the only way to find out if you have high blood pressure is to have it checked regularly. High blood sugar and high cholesterol levels also may not have any symptoms in the early stages.

Behavioral Health Services: Psychiatry

Additional Services: Referral to legal support services

Payment Methods: Assistance with Ryan White Foundation Form for uninsured patients needing medication

Health Tips!

The role of the primary care provider is to quarterback the patient's care, handling as many health issues and concerns as they can and deciding what tests to do. If you do need to see a specialist, they can help you decide who's right for you to see. They're really on the front lines of patient care!

Health Tips!

You should visit your health care provider from time to time, even if you are healthy. The purpose of these visits is to:

- Screen for medical issues
- Assess your risk of future medical problems
- Encourage a healthy lifestyle
- Update vaccinations
- Help you get to know your provider in case of an illness

Care for All. Regardless of Ability to Pay.

The mission of 504HealthNet is to provide support to an integrated and coordinated network of healthcare providers in the Greater New Orleans region, which are working together to: (1) increase access to comprehensive primary care and behavioral health services to all people irrespective of the ability to pay, (2) improve the quality and benefits of care, (3) increase sustainability, effectiveness and efficiency among the member organizations, (4) develop linkages for a full continuum of health services, (5) provide advocacy for the needs of community-based primary care and behavioral health providers serving underserved populations and (6) advance an effective medical home model system of care.
