Award*

PRESENTED TO

**City of New Orleans
Louisiana**

For the Fiscal Year Beginning

January 1, 2015

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **City of New Orleans, Louisiana** for its annual budget for the fiscal year beginning **January 1, 2015**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

THE MAYOR'S BUDGET MESSAGE

MITCHELL J. LANDRIEU, MAYOR

CITY OF NEW ORLEANS

October 15, 2015

To My Fellow New Orleanians:

Through the hard work of our residents and employees, we are creating a vibrant city that is experiencing one of the most dynamic revitalizations in our near 300-year history. We have positioned ourselves as the nation's most immediate laboratory for innovation and change while preserving our authenticity -- and the world is taking notice. Seventy eight percent of our residents are optimistic about the future, which is telling. We are proud to call New Orleans home, and in the coming years, we will enable all New Orleanians to participate in our progress.

During the last six years, we have made the tough decisions necessary to ensure that the City of New Orleans is on a strong path. With support from the City Council and unprecedented levels of input and participation from our residents, we have lived by a budget philosophy grounded in my belief that transparent government—at all levels—is crucial in order to deliver high-quality services. Our approach has been pretty simple - cut smart, reorganize, invest and grow.

I am pleased to present the 2016 budget, and I can say enthusiastically that we have bright days ahead. Our city's population is growing, we are adding jobs, property values continue to rise, we are attracting more retail and we have focused on collecting what is owed. Our hard work is having a positive impact -- revenues are up and we will be able to invest more in citizen priorities—more in public safety, more in job creation and attracting new industries, more in recreation, more for streets and streetlights, and more in blight reduction.

Make no mistake, there is a long way to go and we are staving off many looming liabilities, but this is the right path and, as always, we will move forward with optimism and faith. Our goal, in time for our 300th Anniversary in 2018 -- create a city at peace, a city of opportunity and a stronger, more resilient New Orleans. There is much work to be done to fulfill this dream, and for our part, City government must deliver on the people's priorities. That is what the 2016 budget is all about.

Like every year since taking office, we held a series of budget community meetings across the city. At these meetings, we listened to the people of New Orleans and it is clear that they want solutions -- public safety is the #1 priority. As such, we are increasing the New Orleans Police Department funding by \$10 million -- which includes backing to hire another 150 police officers and fully funding the 5-year, \$55 million police consent decree. We are also investing more than \$100 million in new police stations, cars and equipment, as well as license plate readers to help with investigations. We are aggressively recruiting new, qualified candidates with our Get behind the Badge campaign -- which has led to double the new police recruit

applications. And, we supporting a 15 percent police pay raise for all officers so that we attract and retain the best and the brightest.

Fighting crime is also about investing in prevention, jobs and opportunities. That is why we will continue to support our NOLA FOR LIFE initiatives, from midnight basketball to supportive services for our young men to our re-entry strategy. Since 2010, we have nearly tripled NORDC's budget to provide even more recreation programming and staffing at our new community centers across the city. And we will dedicate over \$700,000 to broaden our comprehensive economic opportunity strategy. The goal – to ensure that everyone has a clear pathway to prosperity and the people who are looking for work can find a job and folks who may already have a job can get the additional training or education they need to grow.

This year, we raised the minimum wage for all City employees to \$10.10 per hour through the Great Places to Work Initiative. Full-time work deserves a living wage. We wanted to do our part and raising the minimum wage for our 225 hourly City employees is a step in the right direction. Earlier this month, the City Council adopted my new local hiring policy so that the people of New Orleans will be the ones rebuilding this city. Again, pretty simple. So this budget funds enforcement of those efforts in addition to funding a disparity study, something that we heard about at every budget meeting.

We are also investing in our neighborhoods in fixing your streets – there are millions for street repairs and streetlights, more in sanitation and parkways to clean up our streets and neutral grounds, and more for code enforcement to fight the blight. The 2016 capital budget is also investing significantly in fixing your streets. We will also invest another \$17 million to build more affordable units, provide housing loans and grants along with rental assistance so that all of our residents can afford to call New Orleans home.

Even though we have aggressively cut, reorganized, invested, and grown - the 2016 budget is still balanced on a knife's edge. Our hard-won new revenue from better collections and the retail boom is obscured by rising costs.

In this budget, we must dedicate \$46 million to fully fund the fire fighters pension fund's actuarial requests in 2016. That's more for the fire fighters pension fund than the entire general fund budgets for safety and permits, the health department, NORDC, public works, the coroner, and HDLC combined. And it is more than we spend on the actual fire department.

But the fire fighters pension fund is not the only thing that could destabilize this proposed 2016 budget. We are allocating \$60 million to operate the Orleans Parish Prison, which is nearly double what we spent in 2010. Imagine how much more we could invest in streets or recreation or police if not for these obligations.

Despite these daunting challenges, we are on the right path. The successes we have had, to a large degree, can be attributed to the sound budgets we have created since taking office, so we must stay the course. Now is the time to hold steady. I look forward to working with you and the City Council to put this budget into action.

This 2016 budget is balanced and it reflects our community's top priorities: improving public safety and making strategic investments in our future. I am confident it will help keep us moving forward.

We are one team, one fight, one voice, one city.

Yours,

Mitchell J. Landrieu

PROFILE OF THE CITY OF NEW ORLEANS

HISTORY

In 1718, Jean Batiste Le Moyne de Bienville established a new outpost in a bend of the Mississippi River that would become New Orleans. From that day, New Orleans has grown to become an international city and home to a diverse group of people who created a deep and distinct culture.

Since its beginnings, the city's strategic location made it a hub for trade, with access to most of North America through the Mississippi River and the rest of the world through the Gulf of Mexico. The city's location remains important to this day, with its access to the Mississippi, major railways, and close proximity to the Louis Armstrong New Orleans International Airport enabling much of its commerce. The city now occupies 180 square miles including the urban center, residential neighborhoods on both sides of the Mississippi River, and the country's largest urban nature reserve in Bayou Sauvage.

New Orleans was already a thriving city in 1803 when Napoleon Bonaparte sold the Louisiana Territory to President Thomas Jefferson for the bargain price of \$15 million, or four cents an acre. The city has been under French, Spanish, and American rule, and it bears evidence of each country in its culture, architecture, and cuisine. West Africans, Haitians, free people of color and waves of Italian and Irish immigrants helped New Orleans grow and contributed traditions and customs. It is from this diverse unique mix of peoples that the culture of New Orleans emerged, making it one of the most unique cities in the world.

New Orleans is a complex, cosmopolitan city with modern skyscrapers, centuries-old mansions, five-star restaurants, world-class shopping, a thriving arts scene, abundant live music, breathtaking natural beauty, and a famous spirit.

FORM OF GOVERNMENT

Over the course of its nearly 300 year history, New Orleans has had multiple forms of government. Under the 1956 City Charter, the city is organized under a Mayor-Council government. There are seven City Councilmembers. Five represent geographical City Council Districts, and two represent the city at-large.

The Council approves the operating and capital budgets each year, as recommended by the Mayor. The Council takes up zoning and land-use issues, regulates the City's public utilities, and considers and enacts all municipal laws.

The Mayor oversees the executive branch of government, appointing department heads and managing the public safety functions of City government. All ordinances passed by the Council must be approved by the Mayor in order to become law, and the Mayor presents the Council with an operating and capital budget recommendation every year. In 2010, Mayor Landrieu instituted a Deputy Mayor government structure that spreads responsibilities historically concentrated in a Chief Administrative Officer to multiple Deputy Mayors.

The City of New Orleans has the exact same boundaries as Orleans Parish, and the City government operates as the Parish's unit of government. This organization is unique to Louisiana.

RECOVERY

On August 29, 2005, the costliest and fifth deadliest hurricane in United States history struck the Gulf Coast. Hurricane Katrina made landfall on Monday morning as a category-three storm. Later that day, the federal levee system in and around New Orleans failed and waters from Lake Pontchartrain and various canals poured into the city. Eighty percent of the city was flooded, as well as vast areas of other coastal communities.

Today, New Orleans is experiencing a renaissance. Since 2010, we have secured more than \$1 billion in new FEMA funding and a new \$14.5 billion system of levees, floodwalls, pump stations, and surge barriers now protects the New Orleans region. The Census Bureau has declared New Orleans to be the “Fastest Growing Major City in the United States,” and billions of dollars of private sector investment are creating thousands of jobs. The City of New Orleans has become the nation’s most immediate laboratory for innovation and change by creating models of reform across government, and attracting new industry sectors and entrepreneurs. Housing is being redeveloped using a place based development strategy and more than 15,000 urban blighted properties have been eradicated. The City’s blight reduction strategy has been recognized as a national model for dealing with distressed housing. Cities from across Louisiana and the country are working to replicate the success of New Orleans. And billions of recovery dollars are still being invested in housing, schools, hospitals, parks and playgrounds, roads, and vital hurricane protection.

In education, school performance is up across New Orleans and the city has become a leader in school reform. More than 92% of public school students are attending charter schools, the highest percentage of any district in the nation. The health care delivery system has reorganized into a globally competitive system with a network of neighborhood primary care clinics and a \$2 billion biomedical corridor in the heart of downtown.

DEMOGRAPHICS

According to the U.S. Census Bureau, there are 384,320 residents in New Orleans. This is 20% lower than the pre-Katrina 2000 Census of 484,674 residents. However, the city’s population has been growing steadily since its low point of 208,548 after Hurricane Katrina.

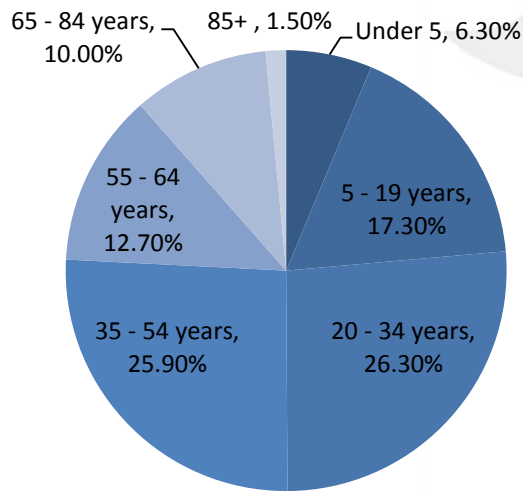

New Orleans Population

New Orleans is still a highly diverse city as of 2014, with a population that is 60.2% black or African American, 30.5% white, 5.2% Hispanic, 2.9% Asian, and other 1.2%.

ECONOMIC DEVELOPMENT

While much of the country has experienced slow economic recovery following a national recession, New Orleans has experienced a swell of economic activities over the past four years. In 2011, the City created NOLA Business Alliance to attract businesses and retail to the city, aid small business development, and create a more business-friendly atmosphere. In 2013, this public private partnership began implementing *Prosperity NOLA*, a citywide strategic plan that targets five sectors to drive economic growth and development in New Orleans. With this new partnership and four years into the Landrieu Administration, 10,000 new jobs have been created including high tech, high paying jobs at GE Capital, Lockheed Martin, and GameLoft—a show of confidence by international business leaders in our city's business climate.

In 2013, new major retailers brought both temporary and permanent jobs and occupied spaces previously dormant since Hurricane Katrina. Costco Wholesale Corporation, as the first store in the state, introduced 200 jobs to the Carrolton Avenue Corridor; Mid-City Market created 500 new jobs including a 54,390 square foot Winn Dixie, and both CVS and Big Lots opened in New Orleans East. Local spending of film projects was \$457 million for the New

Orleans Region, a 25% increase from 2010. The city hosted 60 feature film and television tax credit projects in 2013, a 62% increase from 2010. More movies are filmed in Louisiana now than anywhere else in the country besides California and New York.

The City has experienced a retail boom in 2014, introducing The Outlet at Riverwalk Collection which created 700 jobs and brought online 75 stores including Neiman Marcus' Last Call, Coach and Forever 21 at the country's first downtown outlet center. New Walmart stores opened in Gentilly and New Orleans East, creating 400 jobs respectively. Whole Foods opened a second location in New Orleans, adding 125 jobs and top retailers including H&M and Tiffany & Co. opened their first stores in the state.

In 2016, more new jobs and new quality retail will come online as the \$200 million South Market District, a mixed-use development in downtown New Orleans, and Magnolia Marketplace, a \$24.4 million shopping center, will create more than 200 full-time jobs.

The State of Louisiana and the Veterans Administration are building a \$2 billion medical complex, anchoring a biosciences corridor in Mid City. Construction is underway on the VA hospital and the University Medical Center opened in August. This development will create 10,000 short-term construction jobs and long-term health care and health care support jobs. This is a huge federal and state investment that will provide New Orleans with state-of-the-art health care facilities and an influx of economic activity.

New Orleans continues to diversify its economy while still supporting its traditionally robust health care, hospitality, education, natural resources, and shipping industries. Residents trained at the city's universities, community colleges, and trade schools will meet the needs of both traditional industry and the new information economy.

Over the past six years, the world has taken notice of New Orleans' on-going recovery, including:

- US Census: Fastest Growing City
- Brookings Institute: #1 for Overall Economic Recovery
- Forbes Magazine: "Biggest Brain Magnet"
- Forbes Magazine: "#1 Metro for IT Job Growth in USA" & Fastest Growing City since the Recession

MITCHELL J. LANDRIEU, MAYOR
CITY OF NEW ORLEANS

OFFICE OF THE MAYOR

MITCHELL J. LANDRIEU
MAYOR

EXECUTIVE ORDER MJL 10-01

WHEREAS, it is in the interest of the City of New Orleans to adopt national best practices in its budgeting process;

WHEREAS, the Mayor and City Council seek to produce a budget with descriptive information to ensure citizens can understand the sources of revenues and uses of expenditures;

WHEREAS, to accomplish a budget based on sound economic forecasts, it may be necessary for the Revenue Estimating Conference to meet more frequently than mandated in the Home Rule Charter;

WHEREAS, the Mayor and City Council seek to work cooperatively throughout the year to ensure the City Council receives monthly information relative to revenues and expenditures of the City;

WHEREAS, the current budgeting process mandated by the Home Rule Charter provides only 30 days for the City Council to review the budget proposed by the Mayor; and

WHEREAS, the Mayor and City Council seek to work cooperatively to provide the City Council additional time to review, analyze, and amend the budget proposed by the Mayor;

NOW, THEREFORE, I, MITCHELL J. LANDRIEU, by the authority vested in me as Mayor of the City of New Orleans by the Constitution and laws of the State of Louisiana and the Home Rule Charter and laws of the City of New Orleans, **HEREBY ORDER AS FOLLOWS:**

1. **Effective Date:** This Executive Order is effective upon the date of its issuance.
2. **Purpose:** The purpose of this Executive Order is to require early submittal of the budget by the Mayor to the City Council, adjust the form of budget submitted, provide for the Revenue Estimating Conference to meet more frequently than required by the Home Rule Charter, expand City Council representation on the Revenue Estimating Conference, and require monthly submittals of revenue and expenditure data to the City Council by the administration.
3. **Budgeting for Outcomes:** The City of New Orleans shall utilize the Budgeting for Outcomes ("BFO") approach in developing its operating budget. BFO asks public leaders to set the price of government, determine the outcomes citizens value most, prioritize tax dollars to purchase those

results, and rethink the way departments and agencies pursue producing outcomes. In order for the public's priorities to inform the Budgeting for Outcomes process, the First Deputy Mayor - Chief Administrative Officer shall work with Councilmembers to host no less than one public priority-setting meeting in each Council district prior to the presentation of the budget by the Mayor to the Council. The First Deputy Mayor - Chief Administrative Officer is also directed to work with the City Council throughout the Budgeting for Outcomes process.

4. Submission Date: The operating and executive capital budgets of the City of New Orleans shall be submitted by the Mayor to the City Council at the earliest possible date, but no later than October 15. The budget shall be posted on the City of New Orleans web site after submission to the City Council.
5. Narrative Descriptions: The operating budget shall include narrative descriptions identifying sources of revenues and shall include a written narrative detailing the purpose of expenditure appropriations including an itemized list of anticipated contractual services and their estimated value within the appropriate class.
6. Executive Capital Budget: The Deputy Mayor for Infrastructure and the City Planning Commission shall work with the City Council to develop an improved format for the presentation of the City's Executive Capital Budget that includes narrative descriptions of each project as well as clearly identifies sources and uses of funds for each project that will be constructed during the next year.
7. Meetings of Revenue Estimating Conference: In addition to the meetings required by the Home Rule Charter, two additional meetings of the Revenue Estimating Conference shall be convened if requested by either the Mayor or City Council Budget Committee Chair.
8. Addition of Non-voting Member of Revenue Estimating Conference: In addition to the members of the Revenue Estimating Conference identified in Section 6-101(1) of the Home Rule Charter of the City of New Orleans, the City Council may select one additional member of the City Council to attend meetings of the Revenue Estimating Conference and serve in the capacity of a non-voting ex officio member of the body to the extent permitted by the Home Rule Charter.
9. Submission of Monthly Budget Reports: The First Deputy Mayor - Chief Administrative Officer shall submit monthly budget reports to the City Council through its Budget Committee. Said monthly reports shall include a report on actual revenues and expenditures by major categories and include a comparison of current data to prior year-to-date data.
10. Duration: This Executive Order will remain in effect until amended or suspended by a subsequent order approved in accordance with Section 4-206(3)(c) of the Charter.

WITNESS MY HAND AND SEAL THIS 2nd DAY OF JUNE, 2010 AT NEW ORLEANS, LOUISIANA.

**Mitchell J. Landrieu, Mayor
City of New Orleans**

PURPOSE OF THE STRATEGIC FRAMEWORK

The Landrieu Administration's strategic framework was designed to map out the City's overall direction and serve as the foundation for budgeting and performance management. Best practices demonstrate the importance of having a strategic framework linking City services to achievement of desired outcomes. In 2012, the Administration developed Results Maps, linking services, programs, strategies, objectives, and goals to the City's mission, values, and vision, and incorporating new outcome measures to assess performance. The Results Maps are used to align resources, foster the development of realistic departmental operational ("business") plans, guide decision-making to attain goals and improve outcomes, and serve as a communication tool for City employees and the public.

CITY VISION

New Orleans is a model city. We demonstrate to the world the power of strong leadership in the halls of City government and on streets. With resilience, we transform challenges into instruments of progress with the belief and assurance that change is possible.

We are a unified city. Municipal employees and engaged citizens work together to create equitable, thriving communities for all. The City of New Orleans leverages the transformative power of our people to build safe neighborhoods and foster educational, economic, and cultural opportunities.

We are a creative city. We recognize limitless opportunity and appreciate the shared benefit of our neighbor's success. The richness of diversity is manifested clearly in our culture—a beautiful mosaic that only New Orleans is able to create. Our commitment to excellence, coupled with timeless cultural heritage and creative vision ensures New Orleans' greatness for generations to come.

CITY MISSION

The City of New Orleans delivers excellent service to its citizens with courage, competence, and compassion. We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs, and a clean environment for our citizens.

We facilitate partnerships, link strong leaders and new ideas and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement.

We responsibly manage and preserve our City's natural resources.

CITY VALUES

Our service is driven by core values that define and inspire how we work in the City of New Orleans.

Integrity: We are committed to serving the citizens of New Orleans, not ourselves. We are honest and trustworthy. We continually strive to improve efficiency and cost-effectiveness.

Excellence: We deliver high-quality City services focused on better outcomes for all New Orleanians. We raise and exceed the expectations of our citizens. Our service inspires others to deliver their best.

Transparency: We are clear and honest in public decision-making, provision of data, and delivery of City services.

Teamwork: We work across departments, programs and services to deliver better results for our citizens. We are passionate about our work, have fun doing it, and celebrate a job well done.

Responsiveness: We are eager to respond to citizen requests and committed to delivering solutions in a timely manner.

Innovation: We build partnerships across City agencies and with community partners to create new solutions to the City's most intractable problems.

Diversity and Inclusion: We seek a city where all people, irrespective of race, religion, gender, or sexual orientation, share opportunity and responsibility, risk and reward, political power, and economic prosperity.

OVERVIEW OF THE BUDGET PROCESS

BUDGETING FOR OUTCOMES

The Mayor's 2016 Budget was prepared using a process called Budgeting for Outcomes (BFO). Budgeting for Outcomes is designed to improve services and get a better return on investment of public dollars. BFO starts with a set of results that matter to citizens and encourage creative ways of achieving them within the resources available. In line with the Mayor's budgeting principles, BFO emphasizes accountability, innovation, and teamwork. Like performance budgeting, BFO focuses on what the public receives, how much it costs, and how outcomes will be measured. BFO starts with the results citizens want from their City government and works to align those priorities with the budget decision-making process.

Departments are invited to submit "offers" to explain how they can achieve the best results that matter to citizens for the lowest cost and performance measures that will demonstrate success. The Government Finance Officers Association (GFOA) has adopted this approach to budgeting as a "recommended best practice."

In an effort to address the concerns of the City of New Orleans' citizens, Mayor Landrieu challenged departments to think strategically about the services they provide through this year's BFO process and to look for the most innovative and efficient way to provide those services. As a basis for planning for the upcoming budget as well as utilizing current resources strategically, all Mayoral departments developed business plans outlining their goals, initiatives and key performance indicators (KPIs) to assess the departments' success in achieving their objectives.

BUDGETING FOR OUTCOMES PROCESS

Step 1: *Determine how much money is available. City staff used the five-year financial plan and estimated revenues for 2016 as the amount available to produce results for the 2016 Budget. (Key federal and state grants were included in total revenue since those funds also help produce the results.)*

Step 2: *Frame the results the City wants to achieve into result areas: Public Safety, Children & Families, Economic Development, Sustainable & Resilient Communities, Open & Effective Government, and Innovation.*

RESULTS BASED ON CITIZEN PRIORITIES

One of the most important components of preparing a budget is to ensure that government ultimately provides the services that citizens want. During the campaign, the transition, and now as Mayor, gaining citizen input has been a priority for Mayor Landrieu. Through community meetings, the Mayor received valuable public input on the issues, concerns and priorities of citizens. That feedback, which was a critical component of determining what results were most important to citizens, has influenced Mayor Landrieu's budget-making decisions for 2016.

- **2016 Budget Community Meetings:** During July and August 2015, community meetings were held in every Council District, five total, to discuss the issues that are most important to citizens. This feedback helped prioritize key results to be achieved, and where public money will be spent in the Mayor's 2016 Budget.

The result areas (results to be achieved) were developed to align with the vision, mission, and values within the Landrieu Administration's strategic framework. In 2012, the Administration developed Results Maps to further map out the City's overall direction and serve as the foundation for budgeting and performance management. The Results Maps are used to align resources, foster the development of realistic departmental operational ("business") plans, guide decision-making to attain goals and improve outcomes, and serve as a communication tool for City employees and the public. This strategic framework was refined, and strategies prioritized based on citizen feedback from the budget community meetings. The result areas are described as follows:

- **Public Safety** - Ensures the public's safety and serves our citizens with respect and integrity.
- **Children and Families** - Promote the health and well-being of youth and families by ensuring that quality educational, economic, health, and recreational programming opportunities are available for all.
- **Economic Development** - Spurs the growth of a diverse economy that creates good-paying jobs and provides equal access to economic prosperity.
- **Sustainable and Resilient Communities** - Supports sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection, and cultural assets.
- **Open, Effective and Innovative Government** - Ensures sound fiscal management and transparency, promotes effective, customer-driven services, and fosters active citizen engagement in City government.

ALLOCATING RESOURCES TO RESULT AREAS

Step 3: Allocate the revenue to result areas. Once the result areas were identified, the City then allocated the funding available to each result area. Public Safety was allocated 61%, Children & Families was allocated 3%, Economic Development was allocated 2%, Sustainable Communities was allocated 15%, and Open & Effective Government was allocated 19%.

**2016 Adopted General Fund Expenditures by Result Area
(Total: \$601,652,137)**

SUBMITTING OFFERS TO ACHIEVE RESULTS

Step 4: *Departments submit offers for programs that align with the strategic framework. Offers identify the purpose of the program, a description, the staffing and funding needed, performance measures to track progress in achieving results, planned levels of performance, and the return on investment citizens could expect from their investment of tax dollars.*

Leaders from across City government participated on Result Teams for each of the five result areas. Result Team responsibilities included choosing outcome measures to track progress in each result area, identifying budget strategies to achieve those results and encouraging departments to generate innovative and creative budget offers to achieve results that reflected the Mayor's values and evaluating and ranking the offers for funding.

Departments were asked to submit budget offers that explained how each dollar in the operating budget achieved results for citizens. As a resource for developing offers, departments leveraged information developed in their business plans, such as key initiatives. Preparing the budget in this way allowed the Result Teams to review operations and organizational structure to identify opportunities to streamline processes, improve customer service, save money, adopt best practices, and focus limited resources on citizen priorities.

Budget offers will be evaluated in the context of the Mayor's values with emphasis on:

- Achieving Results
- Customer-focus
- Leveraging Other Resources/Funds
- Efficiency
- Effectiveness
- Excellence

PRIORITIZING THE OFFERS

Step 5: *Budget available dollars to the programs and activities that promise to produce the best results that are most important to citizens for the lowest cost. The Results Teams and then the BFO Management Team (senior executives, chaired by the Chief Administrative Officer) ranked all offers. Departments submitted more than 300 offers for consideration to produce results.*

The Result Teams reviewed all offers and ranked them twice. The first ranking was to provide departments feedback to improve their offers, and to indicate whether the offer was above or below the funding line (offers are ranked in priority order and a line is drawn when the allocated funding for that Result area runs out). In addition, departments received support, as needed, to refine and develop their offers. The second ranking done by Result Teams was submitted to the BFO Management Team for review. The rankings were then reviewed with the Mayor.

The rankings are listed in priority order, with the offer that promises to achieve the most results at the top of the list and the offers likely to achieve the least results at the bottom of the list. The amount of money available for each result is allocated to the offers beginning at the top of the ranked list. Offers are purchased with the allocated funding until it runs out. Then, a line is drawn. Everything above the line is recommended to be funded. Everything below the line is recommended not to be funded.

An advantage to this process is transparency in the inevitable tradeoffs involved in budgeting. Each of the programs that are not funded is listed in priority order - according to how well they achieve results. If anyone wants to fund an item that is below the line and not funded, something that is currently above the line and funded needs to be dropped below the line to offset the cost or the offers need to be revised to reflect reduced costs. The only other option would be to raise additional revenue to fund something that is not funded. This process allows all decision-makers to see the impact of the budget decisions.

MONITOR THE RESULTS

These priorities are the basis for the budget that is submitted to the City Council for review and approval.

Once the budget is approved, the next steps in Budgeting for Outcomes are to:

Step 6: *Finalize performance measures and targets.*

Step 7: *Measure performance to monitor progress and track results*

In conjunction with the development of the Results Maps, the Result Teams selected outcome measures to track changes in citywide attitudes, behaviors, or conditions in each result area. All departments, for each budget offer submitted, developed key performance indicators (KPIs), measures of outputs, efficiency, or customer service, demonstrating alignment of department activities and resources to achieve the City's desired outcomes. For each KPI, departments developed quarterly targets that communicate the extent of planned program accomplishment. The KPIs are used to monitor, review, and assess progress towards strategic goals as outlined in the Results Maps, and make adjustments to department operational plans, as appropriate. To account to the citizens of New Orleans and the City Council for the spending of resources provided, performance results are publically communicated each quarter in the ResultsNOLA reports, available at www.nola.gov/opa.

In addition to ResultsNOLA, the Office of Performance and Accountability develops and implements Stat programs for key cross-departmental initiatives, such as blight reduction, quality of life improvement, revenue collection and contracting. In Stat meetings, senior leaders meet with key department heads and program managers on a monthly basis to review data to understand what works, what doesn't and what steps need to be taken to improve. These meetings are open to the public, and the presentations prepared for the meetings are posted on www.nola.gov/opa.

PUBLIC SAFETY

*Ensures the public's safety and serves our citizens
with respect and integrity.*

Mayor's Budget Priorities:

NOPD: The NOPD will receive increased funding again in 2016 level in order to hire another 150 police officers, and implement a 15% police officer pay increase to attract and retain the best and the brightest. We are also investing more than \$100 million in new police stations, cars and equipment, as well as license plate readers to help in investigations. We are aggressively recruiting new, qualified candidates with our *Get behind the Badge* campaign – which has led to double the new police recruit applications.

Consent Decree: In 2016, about \$7.5 million from the general fund will be allocated to fund the consent decree between the City and the U.S. Department of Justice to completely transform the New Orleans Police Department. Funding in this third calendar year for the consent decree will be spent on a Federal Monitor, cameras in police cars, an Early Warning System to help weed out bad cops, Tasers, and body cameras for officers.

NOLA FOR LIFE: In 2012, the Mayor launched NOLA FOR LIFE, the City's comprehensive strategy to reduce murders across New Orleans. The strategy implements 36 initiatives across disciplines to improve public safety including the Group Violence Reduction, Multi-Agency Gang Unit, Workforce Re-entry Strategy, and Midnight Basketball program. These programs will continue in 2016.

Coroner: In 2016, the Coroner's Office funding will substantially increase from its 2015 allocation.

Fire: In 2016, the Fire Department's funding will increase from its 2015 allocation. – with money allocated for hiring, new equipment and substantial increases in pension costs.

EMS: In 2016, EMS's budget will increase by nearly \$1 million from its 2015 allocation to maintain expanded service to meet citizen needs.

District Attorney: In 2016, the District Attorney's budget will increase \$188,930 from its 2015 allocation.

Public Defender: The Public Defender's budget will increase by \$150,000 to make up for State cuts.

Citizen Feedback:

<ul style="list-style-type: none"> • Crime is the number one concern and should be a top priority • Focus on crime prevention • Fund the Consent Decree to reform the NOPD. • The entire justice system, from police to prosecution to indigent defense, must be adequately funded • Increase the size of NOPD 	<p>One of the primary goals of the 2016 budget is to improve NOPD manpower by investing in recruitment and retaining existing officers through investments such as pay raises and new cars and equipment</p> <p>The NOPD Consent Decree will be funded at \$7.5 million, including funding for an Early Warning System.</p> <p>NOLA FOR LIFE initiatives such as Midnight Basketball, CeaseFire New Orleans, Group Violence Reduction Strategy, Mentoring, & Re-entry Programs</p>

CHILDREN & FAMILIES

Promotes the health and well-being of youth and families by ensuring that quality educational, economic, health and recreational programming opportunities are available for all.

Mayor’s Budget Priorities:

NORDC: The New Orleans Recreation Development Commission (NORDC), formerly the New Orleans Recreation Department, was established in 2011 as a public private partnership to enhance recreational opportunities throughout the City. The City, alongside private funding from the NORDC Foundation, has nearly tripled the 2010 funding to provide full-year operating support for Gernon Brown, Stallings St. Claude, Sanchez, and Rosenwald centers, as well as to support popular programs such as *Movies in the Park*, summer aquatics and youth athletics.

Mayor’s NOLA Youth Works Summer Employment Program: This eight-week program provides career exploration to at-risk youth, ages 13-21, in an effort to enrich the lives of the participants. The Mayor’s 2015 NOLA Youth Works Summer Jobs Program provided approximately 1,300 young people with work experience at private companies, non-profit organizations, and other entities.

Health Department: In 2016, the Health Department will focus on access to care, domestic violence, public health, wellness, and education. With a continued focus on public health policy, citizens have also benefited from programs like *Fit NOLA* and *Sound Check*, as well as coordinated murder reduction efforts including trauma response and Healthy Start New Orleans.

Council on Aging: City will increase Council on Aging funding to support the new Carrollton/Holly Grove Senior Center

Citizen Feedback:

What We Heard	How We Responded
<ul style="list-style-type: none"> • Provide more opportunities for our youth, especially recreation opportunities • Provide summer job opportunities • Enhance pest and rodent control • Fund Senior Centers, programming and services through the Council on Aging 	<p>Over \$12.1 million in general fund support will be dedicated for NORDC, when combined with foundation funds is nearly triple that of the 2010 funding.</p> <p>Since taking office, the Mayor’s NOLA Youth Works Summer Employment Program more than doubled over previous funding levels, thereby providing job opportunities for New Orleans youth.</p> <p>Over \$2 million in funding for Mosquito, Termite and Rodent Control Board.</p>

ECONOMIC DEVELOPMENT

Spurs the growth of a diverse economy that creates good-paying jobs and provides equal access to economic prosperity.

Mayor’s Budget Priorities:

Economic Opportunity Strategy: In April 2014, the City of New Orleans embarked on a strategic effort to examine a local report identifying that 52 percent of African American working-age men in the city are not working. In September 2014, Mayor Landrieu announced a new comprehensive strategy to connect disadvantaged job seekers and businesses to new opportunities. This year, we raised the minimum wage for all City employees to \$10.10 per hour through the Great Place to Work Initiative. The City also introduced the new local hiring policy so that the people of New Orleans will be the ones rebuilding this city. This budget funds enforcement of those efforts in addition to funding a disparity study something that we heard about at every budget meeting.

Business/Retail Development: In coordination with the Office of Economic Development, the NOLA Business Alliance provides business retention and expansion services; assists companies with relocation to the City and attracts retailers to the local market.

Promoting Cultural Economy: Programs to support the growing film industry, to bring higher paying jobs to local residents in the film industry and to reform the licensing and permitting processes associated with cultural economy industries.

Equal Business Opportunity Programs: Programs that support the utilization of disadvantaged business enterprises (DBEs) in the procurement of goods and services by the City of New Orleans. Fully staff and enhance programming of the Office of Supplier Diversity to ensure that the City meets or exceeds DBE goals.

Workforce Development: Investments to provide year-round and summer job development opportunities to job seekers, including our City’s youth.

Citizen Feedback:

What We Heard	How We Responded
<ul style="list-style-type: none"> • Promote business development and diversity of retail stores • Promote small business development • Ensure compliance with DBE goals • The people of New Orleans must rebuild New Orleans • 52% of African-American males are not working • Improve permitting processes • Funding Disparity Study 	<p>The Mayor has a number of initiatives to promote economic growth and a diverse economy. These include the NOLA Business Alliance and promoting partnerships among businesses, nonprofits, intergovernmental organizations, and government such as the Small Business Assistance Fund and the Fresh Food Retailer Initiative.</p> <p>The City will once again fully fund the Office of Supplier Diversity to help DBE firms improve access to the financing tools they need to grow.</p>

SUSTAINABLE & RESILIENT COMMUNITIES

Supports sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection and cultural assets.

Mayor’s Budget Priorities:

Reduce Blight: The Mayor’s goal to eliminate 10,000 blighted properties by 2014 was met, but more work must be done. The 2016 budget will continue to support an aggressive blight reduction strategy.

Lot Maintenance Program: In 2013, the City partnered with the New Orleans Redevelopment Authority (NORA) on a lot clearing program to clean, cut, and clear blighted properties of overgrowth, debris, and other public safety hazards. The program abated such nuisances on vacant lots and properties with structures. This program was improved in 2014, to hire local workers through Covenant House to cut lots.

Fix Our Streets: The 2016 budget will fund millions for street repairs, which will result in thousands more potholes filled.

Streetlights: Streetlights improve public safety and quality of life. Since taking office, the City has fixed over 50,000 streetlight outages, bringing the number of streetlight outages to post-Katrina lows at two percent.

Public spaces: Enhancing our streetscapes and our public spaces provides a public benefit to the entire community and helps trigger private investment for these neighborhoods still recovering from Hurricane Katrina. In 2016, the City will increase Park & Parkways budget by \$623,418 to clean public spaces and to maintain the Lafitte Greenway.

Citizen Feedback:

What We Heard	How We Responded
<ul style="list-style-type: none"> • Blight is a huge problem • Ensure grass is cut on vacant lots and blighted properties • Repair streetlights • Fix potholes • Improve drainage • Implement storm water management strategies 	<p>Based on citizen feedback, the Mayor implemented an aggressive blight strategy. Funding for that program will remain in 2016.</p> <p>Fully fund the Lot Maintenance Program</p> <p>The Mayor is committed to finding a permanent funding solution for replacing and repairing all city streetlights.</p> <p>Department of Public Works and Sewerage and Water Board of New Orleans are fully coordinating on FEMA-funded Recovery Roads Program to repair Hurricane Katrina related damages on and beneath City managed streets.</p>

OPEN, EFFECTIVE & INNOVATIVE GOVERNMENT

Ensures sound fiscal management and transparency, promotes effective, customer-driven services and fosters active citizen engagement in City government.

Mayor’s Budget Priorities:

NOLA 311: In 2012, the new 311 call center launched. The fully-staffed center operates five days a week. For 31 different City services, residents can now get answers, report a problem, and get a reference number for specific service request through NOLA 311 by phone and online.

Public Information: Since 2010, Communications and Information Technology and Innovation have overseen a series of major upgrades to the City’s website and online services for residents, including online payments, public meetings, latest news, data, maps, and performance reports.

One Stop Shop: In 2013, the City unveiled the One Stop Shop to improve and streamline information on all permits, licenses, and City Planning Commission actions have been brought into single place that improves customer interactions and minimizes wait times and visits to City Hall. One Stop Online at www.nola.gov/onestop was also launched which features centralized, detailed, information for every permit and license type including fees, required steps to obtain the permit, the issuing agency and renewal information. Additional units continue to be added to this major customer service improvement. Agencies that are part of the One Stop Shop, such as Safety & Permits, the HDLC, and the City Planning Commission will all see increases for enhanced plan review or new duties that will be a part of enforcing the new Comprehensive Zoning Ordinance.

Accountability and Transparency: The 2016 budget maintains funding for the Office of Performance and Accountability so that the City can continue its performance management programs like BlightStat, CustomerServiceStat, ReqtoCheckStat, QualityofLifeStat, BottomLineStat, and ResultsNOLA, to make City government more accountable, transparent, and efficient.

Nolalytics: In 2015, the City of New Orleans launched Nolalytics, a cross-departmental initiative that employs rigorous, data-driven projects to improve performance throughout City government. As a component of its fire prevention effort, the New Orleans Fire Department (NOFD) offers free smoke alarm installation to all city residents. The initiative includes door-to-door outreach where firefighters will go throughout the city and install alarms for those in need.

THE 2016 BUDGET CALENDAR

MARCH 2015

Task:	Mayor Sets the Results for 2016
Description:	In March, the Mayor and his staff, in consultation with community leaders, department leaders and key stakeholders, established the result areas for 2016 where City government will focus its efforts (Public Safety, Children & Families, Economic Development, Sustainable Communities, and Open & Effective Government).

Task:	Allocation of Percentage of Funds by BFO Management Team
Description:	The Budgeting for Outcomes Management Team that consisted of City leaders determined what percent of the funds determined (revenue allocation) would go to each result area, based on 2015 revenue projections.

APRIL 2015

Task:	Creation of Result Teams
Description:	The purpose of the Result Teams is to request and rank offers (budget proposals from departments) that will produce the desired result with the money available. This year, the teams were chaired by the Deputy Mayors. These teams worked to draft new Result Maps and citywide outcome measures with which to measure results. These Result Maps were presented to departments as a way to guide their offers and highlight the results they would impact.

MAY 2015

Task:	Departments Develop Initial Budget Offers and Corresponding Performance Measures
Description:	As part of the Budgeting for Outcomes (BFO) process, departments were responsible for submitting requests for funding in the form of offers for anything they wanted funded in the 2016 operating budget. This year, departments were asked to submit offers for their core services that totaled no more than 100% of their 2015 appropriation. They could then submit additional supplemental offers that requested funding above 100% of the previous year's budget.

JUNE 2015

Task:	Submission and Review of Initial Offers for Preliminary Result Team Ranking
Description:	Departments submitted their initial offers to the Result Teams on June 1, 2015. Requests were submitted according to the area of results they promised to achieve. For example, using the 2016 Result Maps, a Mayor's Office offer could be submitted to the Open & Effective Government Result Team (e.g. Office of Neighborhood Engagement), Public Safety (CeaseFire New Orleans), or Economic Development (Office of Supplier Diversity). Result Teams reviewed each of the offer submissions and provided feedback offering advice on how each of their offers could be strengthened to rank higher or better achieve desired outcomes.

Task:	Initial Revenue Estimating Conference
Description:	Before determining which programs will be funded in the next year, the BFO process mandates that the City determine how much money will be available in 2016. The Revenue Estimating Conference approved a revenue estimate from all revenue sources (property taxes, sales taxes, licenses and fees, etc.) for 2016.

Task:	Departments Revise Budget Offers
Description:	After receiving feedback from the Result Teams, departments addressed their questions (whether they were related to improvements in performance measures/tracking, refining or giving more explanation to the offer description, providing more justification in the return on investment for citizens, or other topics) and strengthen their offers and, in some cases, submitted new offers.

Task:	Submission of Formal Department Offers and Ranking by Result Teams
Description:	On June 29, 2015 departments submitted their formal offers to the Result Teams. The Teams then met and developed a priority ranking of all offers received. The revenue allocation to the Result Teams determined, based on the priority ranking, what would be funded. Everything above the line is funded; everything below the line is not funded. This ranking became the basis for budget review sessions held by the Budget Management Team, the CAO, and Deputy Mayors.

Task:	Mayor Holds Community Meetings Throughout The City
Description:	Throughout the months of July and August the Mayor held a community meeting in each Council District to gather feedback from citizens and hear their concerns. The ultimate goal was to determine what results were most important to the citizens of New Orleans and incorporate their priorities into the 2016 budget development process.

AUGUST 2015

Task:	CAO Holds Department Budget Hearings
Description:	The Chief Administrative Officer held a series of hearings with Deputy Mayors as well as key departments to discuss 2016 offers, as well as to review year to date performance and spending patterns. This additional analysis helped generate the final rankings and budget decisions.

OCTOBER/NOVEMBER 2015

Task:	Approval of Final Rankings
Description:	Once the final offers were re-ranked by the Result Teams, they were reviewed and refined by the Budget Management Team, the CAO and Deputy Mayors. Revenue was adjusted based upon final Revenue Estimating Conference. The rankings were then finalized.

Task:	Revenue Estimating Conferences
Description:	Revenue Estimating Conferences were held to set the final revenue estimate for 2016. This revenue was allocated to the result areas using the previously established revenue allocation. The 2016 General Fund Revenue estimate of \$592.7 million was made at the October 15, 2015 meeting of the Revenue Estimating Conference.

Task:	Mayor Approves the 2016 Budget and Submits to City Council
Description:	Once the offers were approved and the Result Team rankings were finalized, the Mayor's budget staff finalized all budget information according to the most current revenue projections and submitted the Mayor's 2016 Budget to the City Council in mid-October. The City Charter mandates this submission on or before November 1, 2015.

Task:	City Council Begins Result Team/Departmental Budget Meetings
Description:	Upon receipt of the Mayor's proposed budget, the City Council Budget Committee will hold hearings to evaluate the Mayor's proposed budget.

DECEMBER 2015

Task:	City Council Approves the Budget
Description:	As mandated by the City Charter, City Council must approve an adopted budget on or before December 1, 2015.

BUDGET ADOPTION & AMENDMENT PROCESS

Budget Adoption

By Executive Order, Mayor Landrieu mandated that the City's budget proposal would be submitted to the City Council on October 15, 2015. It meets the City Charter requirement of submitting the budget to the Council "not later than the first day of November" as required by Section 6-102.

During the months of October and November, the City Council will hold public hearings on the budget and shall publish notice of the dates, times and locations of hearings in accordance with the City Charter. During the public hearings, all interested persons shall be given an opportunity to be heard on the Budget as submitted. The Budget shall be finally adopted by the City Council no later than December 1. Upon final adoption, the Budget shall be in effect for the fiscal year and copies shall be filed in accordance with State and local statutes. The Budget will be posted on the City's website, www.nola.gov.

Budget Amendment

The City Charter provides that the City Council may amend the Mayor's Proposed Budget; it may increase, decrease or delete any item of appropriation proposed by the Mayor. By a two-thirds vote of its members, the Council may add new items of appropriation. Appropriations for Personal Services must be made as lump sums, not by specific positions or rates of pay. Once the Budget has been adopted, adjustments are made by ordinance.

CAPITAL BUDGET

In accordance with the New Orleans City Charter, the City Planning Commission prepares a recommendation to the City Council each year of the capital improvements needed during the next five-year period to facilitate the City's infrastructure, facility and maintenance needs. This recommendation is contained in the Capital Improvements Plan, which is submitted to the City Council before the adoption of the annual budget. Council approves appropriations for these capital improvements in the Capital Budget.

PRESENTATION OF BUDGET INFORMATION

As a guide to the information presented in the following budget reports, the City notes the following information:

- FY 2014 Actual Data is audited.
- Special taxing districts, Downtown Development District and N. O. Regional Business Park, do not reflect expenditures, only the dedicated millage.
- Contributions and Fund Transfers are funds set aside to off-set grant revenue and are only accounted for as they are used.

OVERVIEW OF REVENUES AND EXPENDITURES

Summary

One purpose of the City's budget is to project how current spending trends will impact future budget choices. To accomplish this, a projection is made of future year revenues, together with expenditure trends, debt service obligations, and fund balance policies regarding reserves for emergencies. General Fund revenues are projected by trend or by specific circumstances that are anticipated to occur during the forecast period. The 2016 expenditure projection is developed using growth rates from the 2015 recurring spending level. Debt service is estimated using current obligations for principal and interest repayments.

Methodology

During the development of the 2016 Budget, the City developed a multi-year revenue forecast for the General Fund. The forecast considered key factors such as expected economic growth, construction outlook, population growth, and other indicators. Major revenue sources such as sales tax were forecasted using national and local projections of economic activity and historic trends and patterns of revenue collection. Sources used in developing these projections include national economic forecasts for inflation, and growth in real GDP.

Revenue Assumptions

City General Fund revenues are forecasted to grow from the Amended Budget level for FY2015 of \$563.5 million, by 5.2 percent for FY2016, to \$592.7 million. Revenue for all funds is proposed at \$1.02 billion for FY2016, compared to an adopted level for FY2015 of \$966 million. General Fund revenues are forecast to grow modestly between 2017 and 2020, at an annualized rate of about 2.1 percent per year.

Expenditure Assumptions

Spending for personnel costs, other operating, and all other non-debt obligations, is projected to grow at an annual rate of 2 percent for the years 2017 to 2020. Debt service is forecasted for 2016 to 2020 to include the City's outstanding obligations for:

- 2012 pension refunding bonds,
- Economic development related obligations,
- GO Zone repayments.

GENERAL FUND REVENUE DETAILED DESCRIPTION

The following provides a brief description of the City's General Fund revenues with an overview of the assumptions used in preparing 2016 revenue projections. Descriptions of the major revenue sources and the assumptions used in their projections are provided below. The FY 2014 figures are actuals, FY 2015 figures are adopted budgeted amounts as of August 31st, 2015, and the FY 2016 to FY 2020 numbers are projected.

Sales Tax Revenue

There are three types of sales taxes received by the City: General Sales Use Tax, Motor Vehicle Tax, and Hotel/Motel Tax.

For the General Sales and Use Tax, the City collects 5.0 percent. The City takes 2.5 percent for general operations and distributes 1.5 percent and 1 percent to the School Board and the Regional Transit Authority, respectively.

For the Motor Vehicle Tax, the City receives 2.5 percent of the retail value of motor vehicles purchased by residents of the City. This tax is collected whether the vehicle is purchased within or outside of City limits.

The Hotel/Motel Tax is charged on all room stays within the City. There is a 13.0 percent state/local total levy on hotel/motel room sales of which the City retains 1.5 percent.

Sales Tax Revenue

Property Tax Revenue

The City's property tax revenue is made up of three components: Real Estate Tax, Personal Property Tax and Interest and Penalties. The largest of these three is Real Estate Tax.

The Real Estate and Personal Property Tax is based on property assessments completed by the Board of Assessors and the tax rate set by City Council.

Charges for Services

The City sets charges for a broad range of services in accordance with financial policy and local ordinances. Fees are charged for a variety of services to recover the costs of service and include EMS transportation fees, parking meters, sanitation service charges, tax collection service, indirect costs, utility regulatory fees, towing and booting and other charges. The largest of these is the sanitation (garbage pickup) service charges.

Charges for Services

Licenses and Permits

Licenses and Permits assure proper oversight of professional service providers and as the monitoring of certain types of business establishments as well as motor vehicle standards. This category includes franchise fees collected on various utility and telecommunications companies operating within the City.

Licenses & Permits

Fines and Forfeitures

Fines and forfeitures are primarily parking tickets, traffic fines, and photo safety penalties collected through enforcement of local ordinances.

Fines & Forfeitures

Intergovernmental Revenues

Intergovernmental revenues are provided to the City in the General Fund – principally by the State. It includes the local portion of State revenue sharing, Parish transportation revenue and other intergovernmental revenue.

Intergovernmental Revenues

* Actual values between 2009 and 2013 include between 10 million and 13 million in intergovernmental "State Aid Other" revenue related to supplemental pay for Police and Fire

Utility Taxes

Utility taxes are business privilege taxes charged to local utility companies as a percentage of gross receipts. Those utilities include Entergy and Louisiana Power and Light.

Utility Taxes

Interest Income

Interest income is earned on the investment of funds not immediately required to meet cash disbursement obligations. The interest income projected in the General Fund reflects earnings on the idle cash balances in the operating budget as well as the capital budget.

Non Recurring Revenue Interest Income

This category includes items that are unusual, infrequent in nature, or difficult to predict because their lasting effect is limited.

During the last three years non-recurring revenues have been comprised of a number of sources including; payments from the State of Louisiana related to the upper payment limit program, settlement of penalty charges, and reimbursements for services provided for short term agreements with other governmental bodies. In 2012, \$195 million related to the refinancing of bonds was classified as non-recurring revenue (other financing sources) to the general fund. In 2015, approximately \$36 million in one-time non-recurring revenues were received by the City as a result of a settlement with British Petroleum in relation with the Deepwater Horizon Oil Spill. In 2016, the revenue budget includes use of \$10 million fund balance, which is included as part of non-recurring other financing sources.

Any drawdowns from the General Fund Balance are also included in this category. No usage of Fund Balance is proposed in 2016.

Non-Recurring Revenues

* 2012 information includes pension bonds refinancing funds for \$195 M in non-recurring revenues.
 **2015 information does not include a settlement of approximately \$36 M associated with the Deepwater Horizon Oil Spill.
 ***2016 proposed budget includes \$10 M in General Fund Balance draw down for judgments.

FUND BALANCE

The Five Year Revenue and Expenditure projection for the General Fund of the City of New Orleans shows how the End of Year Fund Balance is projected for the years 2015 to 2020. In order to account for contingencies and emergencies, the City's financial policies aim to have an assigned fund balance (to address budget uncertainty and emergencies) in the General Fund that equals 10 percent of recurring general fund revenues for a given fiscal year. These assigned balances serve to protect the city against unforeseen emergencies, including hurricanes, and service as a signal to financial markets that the City is following sound financial practices, which can lead to improved bond ratings and thus lower interest rates when borrowing to improve infrastructure or address other priority needs.

In 2014, the City's General Fund Balance assigned for emergencies reached 4% of recurring revenue. Based on the current revenue and expenditure trends, including one-time non-recurring revenues associated with the Deepwater Horizon Oil Spill, the City's General Fund Balance assigned for emergencies is projected to reach 6% of recurring revenue in 2015. As the City moves into 2016 and beyond, the administration will continue to provide the type of goods and services expected by citizens while maintaining the strict budgeting and forecasting philosophies of the last few years. The current projection shows how the City is expected to reach the 10% goal by 2020.

The projection shown below illustrates that the unassigned fund balance after this staged implementation of the assigned fund balance for contingencies and emergencies is positive for each year in the projection.

2016 CAPITAL BUDGET SUMMARY

THE CAPITAL IMPROVEMENT PROGRAM (CIP)

The New Orleans City Charter requires that the City Planning Commission (CPC) recommend a five-year program of capital improvements and a spending plan for financing these improvements to the City Council. This list is compiled as the Five-Year Capital Improvement Program (CIP). The Plan shows the anticipated spending plan for projects in the upcoming year as well as for future years. The CPC reviews the plan each year and recommends specific projects to be included in the Capital Budget for the next fiscal year. Detailed are:

- All projects scheduled to go forward in the following fiscal year
- Additional appropriations for new and previously appropriated projects
- Anticipated funding sources and methods of financing

The Plan is developed through public input and department prioritization of needs. The process includes:

- Departmental information gathered through neighborhood meetings and established neighborhood plans
- Department requests
- Budget Office assessment of requested projects
- Input from the CPC Budget Committee and other Boards and Commissions
- Planning Commission hearings

2016-2020 Capital Improvement Program Revenue Sources

This year the proposed 2016-2020 Capital Improvement Program has a five-year total revenue of \$955,908,147 that is comprised of:

Funding Source	Amount
General Obligations Bonds (Bond)	\$50,000,000
FEMA Reimbursements (FEMA)	\$187,464,517
Hazard Mitigation Grand Funds (HMGP)	\$91,000,000
State Capital Outlay Funds (SCO)	\$1,300,000
Miscellaneous Capital Funds (MCF)	\$750,000
Self-Generated Funds (FMC, NOAB)	\$603,643,630
TOTAL	\$955,908,147

THE CAPITAL BUDGET

The Capital Budget, as adopted by City Council, includes appropriations (the legal authority to spend funds) to support the approved capital projects and reflects the input received from citizens, staff, and the City Planning Commission. It contains requested appropriations for new projects, additional appropriations for previously approved projects and any requests to revise prior year appropriations. Unlike the Operating Budget, which authorizes expenditures for only one fiscal year, Capital Budget appropriations are multi-year and last until the project is complete or until changed by Council. This is why the Capital Budget is used for major facilities and infrastructure construction projects that may require longer than a 12-month period to complete.

2016 CAPITAL BUDGET

The 2016 capital budget of \$484,371,929 is funded from the following sources:

Revenue Source	Amount
General Obligations Bonds (Bond)	\$50,000,000
Hazard Mitigation Grant Funds (HMGP)	\$4,850,000
Federal Roadway Funds (FED)	\$21,200,000
Miscellaneous Capital Funds (MCF)	\$150,000
FEMA Reimbursements (FEMA)	\$104,376,594
State Capital Outlay Funds (SCO)	\$1,300,000
Law Enforcement District Bond Funds (LED)	\$550,000
Self-Generated Funds (FMC, NOAB)	\$301,945,335
Total	\$484,371,929

Majors Components of the 2016 Capital Budget include:

Department of Public Works (DPW)	\$140,039,441
Municipal Yacht Harbor Mgmt Corp.	\$25,300,000
New Orleans Aviation Board	\$300,160,335
New Orleans Rec. Devel. Commission (NORDC)	\$1,300,000

Federal Emergency Management Agency (FEMA) Public Assistance funds continue to present a particular challenge in determining project priorities and funding. Because obligations from FEMA are constantly revised, project budgets are always in flux. As requests for critical areas like Public Safety (that includes Police, Fire, Criminal and Juvenile Justice Courts, Coroner's Office, and EMS) and Recreation (NORDC facilities) become obligated, the amendments to the Capital Budget Ordinance will be introduced throughout the year to adjust for changes in FEMA funds, as well as to capitalize on any other funding that becomes available.

The New Orleans Aviation Board, French Market Corporation, and Upper Pontalba Building Restoration have self-generated funds of \$301,945,335 **to support their capital improvement programming.**

STATEMENT OF DEBT

Introduction

The City's debt obligations can be divided into two categories: operating debt and general obligation debt. These categories are managed by the Department of Finance and the Board of Liquidation.

Department of Finance, Debt Service – Operating Debt

The City's operating debt is supported through General Fund appropriations managed by the Department of Finance. The department is responsible for the effective management of the General Fund Debt Service appropriation to fund the City's debt obligations. The policies followed by the Department of Finance are intended to maintain sound fiscal management of the City's financial obligations.

Board of Liquidation, City Debt – General Obligation Debt

The City Charter, Section 5-501, establishes a Board of Liquidation, City Debt, (Board) composed of six members and three ex-officio members, who shall be the Mayor and the two Councilmembers-at-large. The Board was created by the Louisiana Legislature in 1880, and made a "body corporate," separate and distinct from the City of New Orleans, in 1890. The Board's debt policies are designed to address the use of long term debt as well as policies for selling debt and managing investments.

Under guidelines established in the City Charter and sound financial oversight, general obligation debt will not be utilized for the funding of current operations of the City or its agencies. The Board has exclusive control and direction of all matters related to the issuance and repayment of the City's general obligation bonds. Because the Board exists, the repayment of New Orleans general obligation bonds is separated and excluded from the City's operating budget, and a dedicated source and security for the payment of the City's general obligation bonds is maintained.

In addition, all ad valorem taxes levied by the City for the payment of its general obligation bonds are transferred to the Board. Furthermore, these property tax receipts must be applied exclusively to the payment of debt service on the City's outstanding general obligation bonds. Taxes levied by the City for the payment of its general obligations bonds cannot be applied to pay the City's operating expenses or for any other purpose. The Board has never defaulted in the payment of the City's general obligation bonds.

In the event of any default in the imposition and collection of any taxes required for the repayment of general obligation bonds, the Board has the statutory power to levy and collect taxes in the amount required. The Board is required to certify the rate and necessity therefore and cause the same to be imposed and collected at the same time and in the same manner as other taxes are imposed and collected in the City.

City Debt

1. Long-Term Debt

Debt Service Fund

The City's debt service fund includes the Board, City Debt (the Board of Liquidation), an autonomous, self-perpetuating board created under the State of Louisiana Constitution of 1974. All property taxes levied by the City and dedicated to the payment of outstanding general obligation bonds are collected by the City and, as required by law, paid over to the Board of Liquidation as collected.

The Board of Liquidation annually determines the amount of property tax millage necessary to be levied and collected by the City in the next fiscal year for the payment during such year of principal and interest on all outstanding general obligation bonds of the City and all such bonds proposed to be issued by the City during such year. The annual determination of the necessary tax millage to service bonds of the City is adopted by resolution of the Board of Liquidation, which is submitted to the City Council. The millage recommended by the Board of Liquidation is then levied by the City Council. The millages for the various limited bonds of the City were established at the time the bonds were issued based upon approval of the voters and are subject to change based on property values. Administrative expenditures paid in connection with the operations of the Board of Liquidation are recorded in the City's Debt Service fund.

Bond Transactions

The City issues general obligation bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. Bonds payable, excluding unamortized premium of \$26,524,000 and unamortized discount of \$270,000, at December 31, 2014 comprise the following (all bonds are serial bonds) (amounts in thousands):

In November 2004, the City received approval from taxpayers to issue \$260,000,000 in General Obligation Bonds. The City issued \$75,000,000 in December 2007, \$40,000,000 in January 2010, \$40,000,000 in March 2013, and \$40,000,000 in January 2014 of these authorized General Obligation Bonds. The remaining authorized and unissued General Obligation Bonds were \$65,000,000 at December 31, 2014.

The payment requirements for all bonds outstanding, including accretion on the 1991 General Obligation Refunding Bonds of \$70,528,000 (included in interest payments) as of December 31, 2014, are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2015	\$ 35,465	\$ 54,792
2016	36,249	54,038

2040 – 2043	16,715	2,242
	<u>\$ 727,546</u>	<u>\$ 457,704</u>

The City's legal debt limit for General Obligation Bonds is \$1,326,596,000. At December 31, 2014, the City's legal debt margin adjusted for outstanding principal of \$507,081,000 and past and future accretion of \$84,609,000 on the City's outstanding General Obligation Bonds, plus fund balance available in the Debt Service Fund of \$40,149,000 to service this debt was \$775,055,000.

The various bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of and flow of money through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. At December 31, 2014, management believes it is in compliance with all financial related covenants.

Taxable Public Improvement Bonds Series 2014A

In 2014, the City issued \$40,000,000 of Taxable Public Improvement Bonds Series 2014A for the purpose of improvements to streets, parks and playgrounds, public libraries and other public buildings. Interest on the bonds is due semiannually at rates ranging from 2.0% to 5.5% commencing June 1, 2014. Principal payments are due annually, commencing December 1, 2014 and maturing on December 1, 2043.

Certificates of Indebtedness

In December 2004, the City issued \$40,415,000 in limited tax certificates of indebtedness (Series 2004B) for the primary purpose of financing the partial defeasance of the 1998B Certificates, financing judgment claims against the City, and paying the costs of issuance. The certificates bear interest ranging from 3.15% to 4.75%, payable semiannually. The certificates were paid in full on March 1, 2014.

During 2005, the City issued \$2,050,000 in certificates of indebtedness (Series 2005) for the primary purpose of paying costs to repair trackage for rail car storage and to make infrastructure improvements in connection with the CG Rail Project. The certificates bear interest of 3.59%, payable semiannually. The certificates were paid in full on December 1, 2014.

Debt Service Assistance Program

The City entered into a cooperative endeavor agreement with the State of Louisiana to provide for the issuance of general obligation bonds of the State of Louisiana (GO Zone Series) to fund the debt service assistance loan program, which will make scheduled debt service payments on behalf of the City for certain issues of outstanding debt. The loans are payable beginning in 5 years in equal installments over 15 years commencing in 2012. Interest is deferred during the initial 5 year period and then accrues at a rate of 4.64% during the repayment period. In 2014, the State of Louisiana granted the City a credit of \$2,600,000 against principal payments due in 2013. Included in the statement of activities for the year ended December 31, 2014 is forgiveness of debt totaling \$2,600,000. The City paid the remaining principal and interest payments due in 2013 totaling \$228,000 in 2014. The loan balance at December 31, 2014 is \$67,938,000.

The requirements to amortize the debt service assistance loan are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2015	\$ 4,358	\$ 3,152
2016	4,560	2,950
2017	4,772	2,739
2018	4,993	2,517
2019	5,225	2,286

2025-2026	14,036	1,789
	<u>\$ 67,938</u>	<u>\$ 17,476</u>

Notes Payable

In 2012, the City entered into a loan agreement. The loan proceeds of \$3,500,000 were restricted for the purchase of ambulances. The loan is payable over 3 years beginning in 2013 and accrues interest at a rate of 2.24%. The remaining balance of \$1,410,000 and interest of \$32,000 is due in 2015.

In 2014, the City entered into a loan agreement. The loan proceeds of \$12,500,000 were restricted for equipment purchases. The loan is payable over 4 years beginning in 2015 and accrues interest at a rate of 2.24%. The requirements to amortize the loan are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2015	\$ 3,212	\$ 31
2016	3,028	208
2017	3,095	140
2018	3,165	71
	<u>\$ 12,500</u>	<u>\$ 450</u>

HUD Section 108 Loans

The City has entered into contracts for Loan Guarantee Assistance under Section 108 of the Housing and Community Development Act of 1974, with the Secretary of HUD as guarantor. Portions of these funds were used to fund grantee loans referred to in Note 4. The loans consist of notes bearing interest at either fixed interest rates ranging from 5% to 8% or variable interest rates based upon the London Interbank Offered Rate (LIBOR). As of December 31, 2014, \$8,640,000 is recorded as a liability in the government wide financial statements. The requirements to amortize the Section 108 loans are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2015	\$ 2,435	\$ 230
2016	2,590	177
2017	2,745	108
2018	430	28
2019	440	15
	<u>\$ 8,640</u>	<u>\$ 558</u>

Capital Leases

On October 15, 2000, the City entered into an agreement with a vendor to purchase heating, ventilation, and air cooling (HVAC) equipment under a 20 year capital lease. The City entered into two similar subsequent agreements with this vendor on June 1, 2001 and July 21, 2003 primarily for the purpose of purchasing additional HVAC equipment and traffic lights, respectively. The original net present value of these capital leases were \$9,625,000, \$17,919,000, and \$6,887,000 with corresponding interest rates of 7.8%, 7.1%, and 9.3%, respectively. Under terms of the agreement, title to this equipment is transferred to the City at the end of the lease.

The requirements to amortize the capital leases are as follows (amounts in thousands):

	<u>Principal</u>	<u>Interest</u>
Year ending December 31:		
2015	2,758	506
2016	2,905	359
2017	3,060	204
2018	1,591	42
	<u>\$ 10,314</u>	<u>\$ 1,111</u>

Compensated Absences

The City has recorded \$46,454,000 in accrued annual and sick leave in accordance with its pay-out policies. During the year active employees earned and used \$31,679,000 and \$26,616,000, respectively in sick and vacation leave benefits. The entire annual and sick liability is recorded in the government wide statements, and no liability is recorded in the governmental funds.

Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2014 was as follows (amounts in thousands):

(a) Additions and deletions include amounts related to accretion of 1991 Refunding Series of \$7,092 and \$(20,303), respectively.

The long-term liabilities will be repaid from the General Fund, except for HUD Section 108 loans, which will be repaid from the American Can non-major fund, and the General Obligation, Limited Tax Bonds, Taxable Limited Tax Refunding Bonds and a portion of the Debt Service Assistance Loan Program, which will be repaid from the Debt Service Fund. The Board of Liquidation handles all the General Obligation bonded debt of the City and the 2005 Limited Tax Bonds and results of its operations are reported in the debt service fund. For the year ended December 31, 2014, the debt service fund had \$73,516,000 in fund balance reserved for service debt.

2. Pension Plans and Postretirement Healthcare Benefits

At December 31, 2014, the City sponsors and administers four separate single employer, contributory defined benefit pension plans, namely: (1) Firefighters' Pension and Relief Fund – Old System; (2) Firefighters' Pension and Relief Fund – New System; (3) Police Pension Plan (Police Plan); and (4) Employees' Retirement System of the City of New Orleans (Employees' Plan). The Old System covers firefighters who were employed prior to December 31, 1967; the New System covers firefighters hired since that date. Effective March 6, 1983, all members of the Police Plan, active and retired, except for approximately 250 participants who did not meet the eligibility requirements, became members of the Municipal Police Employees' Retirement System (State of Louisiana) (MPERS). The Police Plan of the City will remain responsible for the payment of certain benefits due to differences in length of service and age requirements for the participants who were not transferred to the MPERS plan. MPERS is the only cost sharing, multiple employer retirement plan in which employees of the City participate. The Employees' Plan covers all City employees other than firefighters and police.

All four plans use the accrual basis of accounting for changes in net position. Within this context, interest income is recognized when earned, as are employer and employee contributions, except in the case of the Police Plan, which recognizes employer contributions when due from the City. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

MPERS Plan Description

On March 6, 1983, an agreement was signed among the City, the Police Pension Funds of the City of New Orleans, and the MPERS, which provided for the merger of the Police Pension Plans with the MPERS. As of that date, all members of the Police Pension Plans, active and retired, became members of the MPERS. Those members covered by the system who did not meet the age and service requirements of the MPERS will be paid by the Police Pension Fund of the City until they reach age 50 or 55, depending on the length of active service. The MPERS is a defined benefit pension plan established by a State of Louisiana statute.

Employees become eligible for retirement under the MPERS plan at age 50 and after 20 years of active continuous service. An employee who is age 55 becomes eligible for retirement benefits after 16 years of active continuous service. The plan also provides death and disability benefits. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana. The City's contribution to the MPERS plan for the year ended December 31, 2014 was \$19,489,649. The MPERS issues a publicly available financial report that includes financial statements and required supplementary information for the MPERS. That report may be obtained by writing to the Municipal Police Employees' Retirement System, 7722 Office Park Boulevard, Baton Rouge, LA 70809, or by calling (800) 443 4248.

Employees' Plan, Police Plan, Firefighters' Pension and Relief Fund – Old and New System Descriptions

Each plan is a defined benefit pension plan established by the State of Louisiana statute, which provides retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana. Each plan issues a publicly available financial report that includes financial statements and required supplementary information for that plan. Those reports may be obtained by writing or calling the plan.

Funding Policies and Annual Pension Costs

The employer contributions for the Employees' Plan and the Firefighters' Pension and Relief Fund (New System) are based on actuarially determined amounts. The employer contribution for the Police Pension Fund is based on amounts necessary to cover administrative costs and payments of pensions and benefits, as certified by the board of trustees of the Fund. The employer contribution for the Firefighters' Pension and Relief Fund (Old System) is based on amounts necessary to pay current expenses, and, in effect, is being funded on a "pay as you go" basis. As a result of the merger contract with the MPERS to transfer all active policemen who were participating in the City's Police Pension Fund to MPERS, there were no active participants in the plan and therefore the only contributions by employees to the plan related to retirees' contributions for the purchase of military service credit.

Employees covered under the Employees' Plan contribute 6% of their earnable compensation to the plan.

Effective January 1, 2014, employees covered under the Firefighters' Pension and Relief Fund of the City of New Orleans (New System) contribute 10% of their salary, implemented on a graded scale as follows:

- For members with less than 20 years of service: 8% effective January 1, 2014 and 10% effective January 1, 2015 and thereafter.
- For members with at least 20 years of service: 3.33% effective January 1, 2014; 6.66% effective January 1, 2015; and 10% effective January 1, 2016 and thereafter.

There are no active employees in the Old System, thus no employee contributions are required.

In addition, the Old and New Systems receive ad valorem taxes to fund additional benefits. The amount of millage received for the New and Old System were \$2,573,273 and \$1,156,108 for 2014, respectively. The Firefighters'

pension fund receives fire insurance taxes of 2% of the fire insurance premiums written in the City of New Orleans. In 2014, the amount of \$1,491,768 received as a result of this tax was divided equally between the two systems.

The City's annual pension cost for the current year and related actuarial methods and assumptions for each plan is as follows (amounts in thousands):

(a)The fund uses the “Entry Age Normal Cost Method” to calculate the funding requirements for this Fund. Under this method, the normal cost of the plan is designed to be a level percentage of payroll, calculated on an aggregate basis, spread over the entire working lifetime of the participants. The future working lifetime is determined from each participant's hypothetical entry age into the plan assuming the plan had always been in existence, to the participant's expected retirement date. This fund uses a level dollar amortization for an open fifteen year amortization period effective on each valuation date.

(b)The “Entry Age Normal Cost Method” was used to calculate the funding requirements of the Fund. Under this cost method, the actuarial present value of projected benefits of each individual included in the valuation is allocated on a level basis as a percentage of payroll for each participant between entry age and assumed retirement age.

(c)The “Entry Age Normal Cost Method” was previously used, with the unfunded liability amortized over a varying period of years. However, there are no active members left in the Old System nor are there any members in DROP, resulting in a zero normal cost. Therefore the method for the Old System effectively results in an amortization amount for the unfunded actuarial liability over ten years.

(d)The “Entry Age Normal Cost Method” was used to calculate the funding requirements of the Fund. Under this method, normal cost of the plan is designed to be a level percentage of payroll, calculated on an individual basis, spread over the entire working lifetime of the participants. The future working lifetime is determined from each participant's hypothetical entry age into the plan assuming the plan had always been in existence, to the participant's expected retirement date. This fund uses a level dollar amortization for an open fifteen year amortization period effective on each valuation date.

Annual Pension Cost, Prepaid Pension Asset, and Net Pension Obligation – The City’s annual pension cost (APC), prepaid pension asset (PPA), and net pension obligation (NPO) to the City of New Orleans Employees’ Retirement System and the Firefighters’ Pension and Relief Fund (Old System and New System) for the current year are as follows (amounts in thousands):

Firefighters' Pension and Relief Fund Lawsuit

During the year ended December 31, 2010, a lawsuit was filed by city firefighters against the City to adjust their pensions for longevity raises not received while employed by the City. A judgment was obtained against the City for the difference in the amount retired firefighters were receiving as their pension benefit and what they should have received had the longevity raises been included in their retirement benefit calculation. The judgment applies to all firefighters who retired on or after March 2, 1990. The increase in their pension payment is to be calculated in accordance with longevity factors determined by the Court. The judgment states that benefits are only to be upwardly adjusted when the funds are appropriated by the City.

On March 17, 2010, the firefighters obtained a consent judgment authorizing the Fund, upon receiving the appropriated funds from the City of New Orleans, to upwardly adjust monthly pension benefits owed to those members who retired on or after March 2, 1990, starting on January 1, 2010 in accordance with the longevity factors determined by the Court. During the year ended December 31, 2010, the City appropriated funds necessary to pay the increased benefit to those members currently receiving cash benefits.

As of December 31, 2014, the City has not appropriated funds to pay the increased benefit owed to members prior to December 31, 2009. As of December 31, 2014, the amount of member Deferred Retirement Option Plan (DROP) benefits owed to these members is estimated to be \$21,406,031 and \$3,494,485 for the New and Old Systems, respectively. As of December 31, 2014, the amount of Partial Lump-Sum Option Plan (PLOP) benefits owed to these members is estimated to be \$12,230,204 and \$1,296,327 for the New and Old Systems, respectively. These amounts were not reserved in the pension trust fund financial statements since the judgment states that benefits are only to be upwardly adjusted when the funds are appropriated by the City. Member DROP and PLOP accounts were not increased during 2014 since the City appropriation received by the systems did not cover these amounts.

Firefighters' Pension and Relief Fund Investment Receivable

On March 31, 2008, the FPRF invested \$15,000,000 into the FIA Leveraged Fund (Leverage Fund), an open ended investment fund registered in the Cayman Islands. The Leveraged Fund in turn invested in other feeder funds that ultimately invested in the Master Fund, Fletcher International, Ltd (FILB). Fletcher Asset Management ("FAM") served as the investment manager to all of the funds in the master-feeder fund structure. On June 27, 2011, the FPRF requested a full redemption of funds invested in the Leverage Fund. This redemption request was not met resulting in the FPRF filing a winding-up petition with the Grand Court in the Cayman Islands to force the liquidation of the Leveraged Fund. On April 18, 2012, the Grand Court issued a winding-up order against the Leveraged Fund and appointed official liquidators to wind up its affairs. In response to this judgment, FAM filed for bankruptcy protection for the Master Fund, FILB. In October 2012, the bankruptcy court issued an order for the appointment of a U.S. Trustee to investigate the assets of the Leveraged Fund and manage its liquidation. The bankruptcy trustee is in the process of marshaling the assets of FILB, along with filing of claims against various owners and insiders to claw-back certain payments. In addition, the bankruptcy trustee intends to assert various claims against the professionals associated with the Leverage Fund and FILB.

The FPRF has also filed lawsuits against several of the Leverage Fund's third-party service providers in which counsel projects the recovery of a substantial, but as yet indeterminable, amount. However, because of multiple variables relating to the litigation and a confidentiality order that has been ordered by the court in the FILB bankruptcy proceedings, the FPRF cannot accurately predict the outcome of the litigation or evaluate the value of the claims being asserted by FILB on behalf of the FPRF.

The FPRF also expects recovery through the bankruptcy proceedings. The value of such recovery depends on the bankruptcy trustee's completion of the liquidation process which could be a protracted period, with substantial unknown expenses to be incurred, and the validity of certain complex legal theories being asserted on behalf of the Leverage Fund and FILB in various legal proceedings. Further, the FPRF believes it is likely that a substantial recovery will be made in the pending litigation that the Fund has filed against third party providers that is pending in Louisiana. However, the FPRF cannot predict the amount of expenses to be incurred that will offset the recovery or the timing of the recovery inherent uncertainty of litigation and the possibility that the venue of the litigation in Louisiana which will increase the cost of litigation. As of December 31, 2014, the FPRF has recorded a reserve of \$18,425,727 against the receivable balance of \$18,425,727.

Firefighters' Pension and Relief Fund Lines of Credit

Austin Falconhead, LP (99% owned by the Fund) has a \$19,000,000 revolving line of credit with a financial institution scheduled to mature February 26, 2016. The line of credit bears interest at the rate of 5.50% per year. The interest expense incurred on the line of credit was approximately \$993,785 during the year ended December 31, 2014. The line of credit is secured by a multiple indebtedness mortgage on the partnership's property and an assignment of leases and rents which also includes rights to all of the partnership's assets and future earnings. In addition, the FPRF pledged certain securities through a commercial pledge agreement. The balance outstanding on this line of credit at December 31, 2014 was \$18,995,914. The amount of the line of credit that remained unused at December 31, 2014 was \$4,086.

As of December 31, 2014, Austin Falconhead, LP had a \$595,859 line of credit agreement with a financial institution. The line of credit is secured by a deed of trust on the real property held by Austin Falconhead, LP. The line of credit is due on demand and scheduled to mature on September 2019 and bears interest at 5.50% per year. The balance outstanding on this line of credit at December 31, 2014 was \$595,859. The amount of the line of credit that remained unused at December 31, 2014 was \$-0-.

Lakewood Development New Orleans, LLC (99% owned by the Fund) has a \$31,500,000 revolving line of credit with a financial institution scheduled to mature on February 2016. The line of credit bears interest at the rate of Wall Street Journal prime plus 1% floating daily with a floor of 5.5% and a ceiling of 6.5%. The interest expense incurred on the line of credit was approximately \$1.5 million, which was expensed during 2014. The line of credit is secured by the partnership's property and an assignment of leases and rents that also includes rights to all of the partnership's assets and future earnings. In addition, the line of credit is secured by a guarantee of the FPRF and a pledge of securities owned by the FPRF. The balance outstanding on this line of credit at December 31, 2014 was \$21,251,914. The amount of the line of credit that remained unused at December 31, 2014 was \$10,248,086.

Postretirement Healthcare Benefits

Plan Description

The City of New Orleans' medical benefits are provided through a self-insured comprehensive health benefit program and are made available to employees upon retirement. Full details are contained in the official plan documents. Medical benefits are provided to employees upon actual retirement (that is, at the end of the DROP period, if applicable) according to the retirement eligibility provisions of the System by which the employee is covered. Most City employees are covered by one of three primary systems: the Employees' Retirement System of the City of New Orleans (NOMERS), the Louisiana State Municipal Police Retirement System (MPERS), and the New Orleans Firefighters' Pension and Relief Fund (FPRF). The maximum DROP period is five years in NOMERS and FPRF and three years in MPERS. Retirement (DROP entry) eligibility is as follows: in NOMERS, the earliest of 30 years of service at any age; age 60 and 10 years of service; age 65 and 5 years of service; or, satisfaction of the "Rule of 80" (age plus service equals or exceeds 80); in MPERS, the earlier of 25 years of service and age 50 and 20 years of service (in MPERS, DROP entry requires age 55 and 12 years of service or 20 years of service and eligibility to retire); in FPRF, age 50 and 12 years of service. However, because of the "back-loaded" benefit formula in the FPRF plan relative to years of service, the retirement assumption used for that plan was the earliest of age 50 and 30 years of service, age 55 and 25 years of service, and age 60 and 12 years of service.

Contribution Rates

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

Fund Policy

The funding policy is not to fund the ARC except to the extent of the current year's retiree funding costs. In 2014, the City's portion of health care funding cost for retired employees totaled approximately \$8,406,000. These amounts were applied toward the net other post-employment benefit (OPEB) obligation.

Annual Required Contribution

The City's Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB 45. The ARC is the sum of the Normal Cost plus the contribution to amortize the Actuarial Accrued Liability (AAL). A level dollar, open amortization period of 30 years (the maximum amortization period allowed by GASB 43/45) has been used for the post-employment benefits. The total ARC for the year ended December 31, 2014 is \$11,549,015 as set forth below:

Normal Cost	\$ 2,889,037
30-year UAL amortization amount	8,659,978
Annual required contribution (ARC)	<u>\$ 11,549,015</u>

Net Post-employment Benefit Obligation (Asset)

The table below shows the City's net OPEB obligation for fiscal year ending December 31, 2014:

Beginning Net OPEB Obligation 1/1/2014	\$ 59,816,246
Annual required contribution	11,549,015
Interest on Net OPEB Obligation	2,392,650
ARC Adjustment	<u>(3,459,179)</u>
OPEB Cost	10,482,486
Contribution	-
Current year retiree premium	<u>8,405,989</u>
Change in Net OPEB Obligation	<u>2,076,497</u>
Ending Net OPEB Obligation 12/31/2014	<u>\$ 61,892,743</u>

The following table shows the City's annual other post-employment benefits cost, percentage of the cost contributed, and the net unfunded other post-employment benefits obligation (asset):

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
December 31, 2014	\$ 10,482,486	80.19%	\$ 61,892,743
December 31, 2013	\$ 10,079,229	77.22%	\$ 59,816,246
December 31, 2012	\$ 12,957,882	75.72%	\$ 57,520,340

Funded Status and Funding Progress

In the fiscal year ending December 31, 2014 the City made no contributions to its post-employment benefits plan. The plan is not funded, has no assets, and hence has a funded ratio of zero. Based on the January 1, 2013 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year December 31, 2014 was \$155,739,508 which is defined as that portion, as determined by a particular actuarial cost method (the City uses the Projected Unit Credit Cost Method), of the actuarial present value of post-employment plan benefits and expenses which is not provided by normal cost.

Actuarial Accrued Liability (AAL)	\$ 155,739,508
Actuarial Value of Plan Assets (AVP)	-
Unfunded Act. Accrued Liability (UAAL)	<u>\$ 155,739,508</u>
Funded Ratio (AVP/AAL)	0%
Covered Payroll (active plan members)	\$ 223,330,926
UAAL as a percentage of covered payroll	70%

The required schedule of funding progress following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post-employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the City and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the City and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the City and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

Actuarial Cost Method

The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality, and turnover.

Actuarial Value of Plan Assets

Since the plan has not been funded, there are no assets. It is anticipated that in future valuations, a smoothed market value consistent with Actuarial Standards Board Actuarial Standards of Practice Number 6 (ASOP 6), as provided in paragraph number 125 of GASB Codification Section P50.

Turnover Rate

An age-related turnover scale based on actual experience as described by administrative staff has been used. The rates, when applied to the active employee census, produce an annual turnover of approximately 10%. The City also assumes that currently active employees decline post-age 65 coverage after retirement.

Post-Employment Benefit Plan Eligibility Requirements

It is assumed that entitlement to benefits will commence at the end of the DROP period. In addition, an additional delay of one year after earliest retirement eligibility was included for NOMERS employees and a further two years' delay where eligibility was under the "Rule of 80". Medical benefits are provided to employees upon actual retirement

(that is, at the end of the DROP period, if applicable) according to the retirement eligibility provisions of the System by which the employee is covered.

Investment Return Assumption (Discount Rate)

GASB Statement No. 45 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation. This is a conservative estimate of the expected long term return of a balanced and conservative investment portfolio under professional management.

Health Care Cost Trend Rate

The expected rate of increase in medical cost is based on a graded schedule beginning with 8% annually, down to an ultimate annual rate of 5.0% for ten years out and later.

Mortality Rate

The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rates and 50% of the unloaded female mortality rates, is used. This is a recently published mortality table which has been used in determining the value of accrued benefits in defined benefit pension plans.

Method of Determining Value of Benefits

The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The employer rates provided are "unblended" rates for active and retired as required by GASB 45 for valuation purposes. The retiree medical plan was Adopted in 2010 to provide that only Medicare Part D Prescription Drug coverage is covered by the employer after age 65 for current and future retirees.

Inflation Rate

Included in both the Investment Return Assumption and the Healthcare Cost Trend rates is an implicit inflation assumption of 2.50% annually.

Projected Salary Increases

This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salary.

Post-retirement Benefit Increases

The plan benefit provisions in effect for retirees as of the valuation date have been used, and it has been assumed for valuation purposes that there will not be any changes in the future.

FINANCIAL POLICIES

1. GENERAL FINANCIAL POLICIES

The budget as a policy document

- The budget reflects the public policy goals of the Mayor and City Council. The budget should include a coherent statement of results the City will produce for the public.
- The City of New Orleans shall utilize the Budgeting for Outcomes (“BFO”) approach in developing its operating budget. BFO asks public leaders to set the price of government, determine the outcomes citizens value most, prioritize tax dollars to purchase those results and rethink the way departments and agencies pursue producing outcomes. The budget should describe and address the City’s short-term goals and initiatives that guide the development of the budget in the coming year.

The budget as a financial plan

- The budget includes a financial planning projection for the next five years. This projection is based on the five year revenue forecast for the proposed budget that is presented to the Revenue Estimating Conference. Expenditure projections for the five year financial planning projection conform with the revenue forecast and the fund balance policy.

Fund balance

- The General Fund will have two fund balance goals, an unreserved fund balance account and an emergency reserve account.
- The target level for the unreserved fund balance is two percent of recurring revenues in the adopted budget.
- The target level for the emergency reserve account is eight percent of recurring revenues in the adopted budget. The emergency reserve will be used only for natural disasters, revenue shortfalls as recognized by the Revenue Estimating Conference and other major emergencies that disrupt revenue sources or require substantial unanticipated expenses to address.
- Any unanticipated net General Fund revenue will be used to first fully fund the unreserved fund balance account.
- Once the unreserved fund balance account is funded at its target level, any additional unanticipated General Fund revenue will be used to fund the emergency reserve account, at a rate of at least two percentage points per year, until it reaches its target level.
- If drawn upon, the emergency reserve account will be replenished to appropriate levels in subsequent years.

Performance measurement and management principles

- **The budget contains Key Performance Indicators (KPIs)** that are used to track the performance of City departments on their primary activities and programs. These KPIs are identified in the City’s Budgeting for Outcomes process, in business plans and throughout the year.
- KPIs are reviewed on at least a quarterly basis by department heads, deputy mayors, and other key City staff and are published in the ResultsNOLA report.
- The Office of Performance and Accountability is the City’s primary office in charge of overseeing the City’s performance management system.

Revenue policies

- Property in New Orleans will be re-assessed at least every four years for the purpose of establishing property taxes.
- Fees and charges for specific services should be set so as to not significantly under-recover or over-recover costs. Fees and charges should be reviewed periodically to compare the % of cost recovery and to develop recommendations regarding adjustments that should be considered. Service costs should be estimated to

include all significant direct and indirect costs of providing the service, and both operating and capital costs should be analyzed.

2. LEGAL REQUIREMENTS

- The City of New Orleans is a municipal corporation governed by the Mayor and City Council.
- Annual budgets are adopted for the General, Special Revenue, and Debt Service Funds with a level of legal budgetary control established by the City Council.
- The City Charter, Section 6-106, establishes the fiscal year for the budget as the calendar year.
- The City Charter, Section 3-116, requires the budget to be balanced.
- The City Charter, Section 6-108 (1), states that, “the Council shall execute an agreement with a Certified Public Accountant or firm of Certified Public Accountants for the purpose of securing an audit of the accounts of the City.”
- The City Charter, Section 6-108 (2), requires the independent audit to be completed no later than six months after the close of the fiscal year just completed.

3. ADOPTION OF THE BUDGET

- The City Charter, Section 6-101, establishes a Revenue Estimating Conference to prepare and publish the official forecast revenue estimates. The Revenue Estimating Conference members are the Mayor (who serves as chair), the Chief Administrative Officer, the Director of Finance, a member of the City Council and a faculty member of a college or university in New Orleans who has expertise in forecasting revenues or in a related field. In addition to the members of the Revenue Estimating Conference identified in Section 6-101(1) of the Home Rule Charter of the City of New Orleans, the City Council may select one additional member of the City Council to attend meetings of the Revenue Estimating Conference and serve in the capacity of a non-voting ex-officio member of the body to the extent permitted by the Home Rule Charter.
- The City Charter, Section 4-206(1)(f), states that the Mayor submits the operating and capital budgets annually to the City Council.
- The City Charter, Section 3-115(2), establishes that the City Council adopts the annual budget no later than the first day of December before the fiscal year begins.
- The City Charter, Section 6-104 states that the City Planning Commission before October 15 each year will prepare and submit to the Mayor a capital program for the next five years.
- The Mayor will submit a capital budget to the City Council no later than November first of each year.
- A number of changes have been made, including those in the Mayor’s Executive Order (MJL 10-01: Budget Process Reform):
 - Submission of the budget will be on or before October 15
 - Revenue changes in a Mayor’s Budget submission will be clearly and separately reviewed by the Revenue Estimating Conference
 - In order for the public’s priorities to inform the Budgeting for Outcomes process, the Chief Administrative Officer shall work with Council members to host no less than one public priority-setting meeting in each Council district prior to the presentation of the budget by the Mayor to the Council. The Chief Administrative Officer is also directed to work with the City Council throughout the Budgeting for Outcomes process.

4. MANAGING THE ENACTED BUDGET

- The legal level of budgetary control is at the department level within a fund, separated into appropriations for three categories of cost object classifications: personal services, other operating expenses and debt service.
- After the initial budget is adopted, it may be Adopted for interdepartmental transfers of appropriations with the approval of the Budget Committee of the City Council and the City Council.

- Intradepartmental transfers of appropriation among individual budgetary accounts may be initiated by a department head with the approval of the Chief Administrative Officer.
- Total appropriations for any fund may be increased, if, during the year, sources of revenue become available to the City in excess of original anticipations, and these amounts are anticipated by the Budget Committee of the City Council and subsequently approved by the City Council. For the General Fund, unanticipated revenues should first be used to reach the appropriate target levels for the unreserved fund balance account and the emergency reserve account.
- Significant changes in anticipated General Fund revenues or expenditures during the budget year will necessitate formal amendments being proposed to Budget Committee of the City Council and the City Council to amend the annual budget as appropriate.

Encumbrances

- Encumbrance accounting, under which purchase orders and contracts are recorded to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary process. Contractually encumbered appropriations and certain requisition commitments in the General Fund do not lapse, but are carried forward to the ensuing budget year.
- All General Fund appropriations, except for those in the unreserved fund balance and emergency reserve, lapse at the end of the year.

Interfund transfers

- If expense items in grants are not reimbursed and are considered uncollectible, the General Fund needs to cover them.
- Transfers need to be clearly documented.

Budget monitoring and reporting

- The budget will be monitored monthly after the first quarter of the fiscal year. A monthly report will be prepared and distributed to the Mayor, Budget Committee and City Council, Chief Administrative Officer, the Director of Finance and the City departments and offices.
- The Chief Administrative Officer shall submit monthly budget reports to the City Council through its Budget Committee. Said monthly reports shall include a report on actual revenues and expenditures by major categories and include a comparison of current data to prior year-to-date data.

5. ACCOUNTING PRINCIPLES

- The accounting principles of the City of New Orleans conform to generally accepted accounting principles (GAAP) applicable to governmental entities.
- The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles.
- The City's budget is prepared on a modified accrual basis and in conformity with U.S. generally accepted accounting principles (GAAP) for local government units as prescribed by the Governmental Accounting Standards Board (GASB). The City uses a modified accrual basis of accounting for its budget and audited financial statements.
- The City Charter, Section 3-116(3), requires revenues to be estimated using generally accepted accounting principles defined by the Governmental Accounting Standards Board (GASB).
- The City Charter, Section 6-108 (1), states that, "the Council shall execute an agreement with a Certified Public Accountant or firm of Certified Public Accountants for the purpose of securing an audit of the accounts of the City."
- The City Charter, Section 6-108 (2), requires the independent audit to be completed no later than six months after the close of the fiscal year just completed.
- The City is required to undergo an annual single audit in conformity with the U.S. Office of Management and Budget Circular A-133, "Audit of States, Local Governments, and Not-for-Profit Organizations."

6. DEBT

City debt

- The City Charter, Section 5-101, establishes a Board of Liquidation, City Debt, to issue City debt, composed of six members and three ex-officio members, who shall be the Mayor and the two Council members at large. The debt policies of the Board of Liquidation are put in place to address the use of long-term debt, policy for selling debt and how to manage investments, as described in the following sections.

Use of long-term debt

- Under the City Charter and prudent financial management, long-term debt will not be used to finance current operations of the City or its agencies.
- Long-term borrowing will only be used for capital improvement projects and equipment that cannot be financed from current revenue sources.
- The investment of capital funds is governed by State statute, City code and Board of Liquidation policy. According to State law, capital project funds of the City may be invested only in:
 - a) Securities guaranteed for both principal and interest by the federal government;
 - b) Collateralized certificates of deposit from banks whose collateral consists of securities of the United States that guarantees both principal and interest. The use of derivative investments will generally not be permitted.
- Financing debt for capital projects by issuing bonds will be paid back in a period not exceeding the expected life of those projects.
- The Board will seek level or declining debt repayment schedules and will avoid issuing debt that provides for balloon principal payments reserved at the end of the term of the issue.
- The Board will maintain good communications with bond rating agencies about its financial condition and will follow a policy of full disclosure on every financial report and bond prospectus.

Policy for selling City debt

- The Board of Liquidation will generally issue its bonds through what is commonly called a competitive sale. However, the Board may utilize what is commonly called a negotiated sale under one or more of the following conditions:
 - The debt issue is, or contains, a refinancing that is dependent on market/interest rate factors.
 - At the time of issuance, the interest rate environment or economic factors that affect the debt issue are volatile.
 - The nature of the debt issue is unique and requires particular skills from the investment banks involved.
 - The debt issue is bound by a closing deadline.
- In some cases, a group of investment bankers will be selected that have been subjected to a competitive review by the Board of their qualifications, recent performance and capitalization. The services of an independent financial advisor may be employed to oversee the work of the investment bankers.
- The Board will not be obligated to any investment banking firm bringing proposals to other City Agencies for which the Board issues bonds.
- The Financial Advisor to the Board will keep the Board periodically advised of any current or advance refunds that could result in savings to the City and/or City agencies in debt service payments.

Investment policy of the Board of Liquidation City debt

- The policy of the Board of Liquidation, City Debt, is to invest the tax receipts dedicated to Debt Service as they are received from the City of New Orleans Bureau of the Treasury. The Debt Service funds are invested to mature on the dates Debt Service payments are due. The receipts are generally invested in collateralized Certificates of Deposit, after competitive bids have been received for the banks in the City that have depository agreements with the Board.
- If the bids received are not competitive with Direct U. S. Government Securities, investments are made in these government securities.
- Debt Service funds and Debt Service Reserve funds are invested to mature within one year of receipt in order to meet the debt service requirements as they become due.
- Custodial Funds which are held by the Board are invested to meet the requirements of the agencies entitled to receive these funds and are generally invested as described above or as may be required by the applicable bond documents.

City Council

Mayor's Office

Mission Statement

The City of New Orleans delivers excellent service to its citizens with courage, competence, and compassion. We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs and a clean environment for our citizens.

We facilitate partnerships, link strong leaders and new ideas, and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement.

We responsibly manage and preserve our City's natural resources.

Vision Statement

New Orleans is a model city. We demonstrate to the world the power of strong leadership in the halls of City government and on streets of hope. With resilience, we transform challenges into instruments of progress with the belief and assurance that change is possible.

We are a unified city where municipal employees and engaged citizens work together to create equitable, thriving communities for all. The City of New Orleans leverages the transformative power of our people to build safe neighborhoods and foster educational, economic and cultural opportunities.

We are a creative city. We recognize limitless opportunity and appreciate the shared benefit of our neighbor's success. The richness of diversity is manifest so clearly in our culture—a beautiful mosaic that only New Orleans is able to create. Our commitment to excellence, coupled with timeless cultural heritage and creative vision, ensures New Orleans' greatness for generations to come.

- Economic Development: The goal of the Mayor's Office of Economic Development is to spur the growth of a diverse and inclusive economy that creates good-paying jobs and provides equal access to economic prosperity, leading to job growth, increases in the tax base, and better quality of life for our citizens. This offer will fund the executive office and our business services division, which administer incentive programs such as Restoration Tax Abatement and serve as the liaison to businesses and entrepreneurs through our business information sessions.
- Office of Cultural Economy: The Office of Cultural Economy coordinates all aspects of cultural economy development. This is the third largest employment sector in the City and represents 34,381 jobs (\$1.2 billion in wages) and 13.5% of the city's total workforce. Culture is the tourism "product", and paired with tourism jobs, over 25% of all jobs are impacted by cultural economy. The Office supports this industry of 1600+ businesses, 300+ events and productions with job training, licensing/permitting compliance, and education on financing opportunities through tax credit/other incentives. We manage the city's film activity which generated over \$510 million in Orleans parish spending in 2014.
- Economic Opportunity: Connecting disadvantaged job seekers to career pathways and disadvantaged businesses to contracting opportunities that result from the City's economic growth. In 2016, this program is now being included in the Mayor's Office and will be managed by City employees.
- The Office of Supplier Diversity (OSD) oversees certification, compliance, outreach, training, outreach, and capacity-building for the City's local, small, and disadvantaged businesses. Our job is to mitigate the effects of past and present social and economic discrimination by increasing the use of historically under-utilized businesses in the procurement of goods and services by the City of New Orleans. The goal of this office is to ensure that the City attains 35% DBE participation. This offer will fund personnel, administrative, and programmatic functions to help the OSD achieve its vision of becoming a national model for how local governments capture and deliver value through supplier diversity.

- Coastal and Environmental Affairs: The Mayor's Office of Coastal and Environmental Affairs will transition into a permanent Office of Resilience and Sustainability, led by the Chief Resilience Officer. This office will coordinate across the region and organize its work across the three pillars of the city's resilience strategy: Adapt to Thrive, Connect to Opportunity, and Transform City Systems. The Mayor's Office of Resilience and Sustainability will maintain the functions of the former Office of Coastal and Environmental Affairs (coastal zone management, soil remediation, energy efficient infrastructure management, public education) and integrate with the Resilience initiatives at the New Orleans Redevelopment Authority (NORA). The Office of Resilience and Sustainability will be supported by the Office of Performance and Accountability (OPA) on metrics and monitoring.

- Executive and Administrative Office of the Mayor: The Mayor and his staff set the priorities for City government, guide its operations and conduct the administrative affairs of the Office of the Mayor. Citizens expect their government to be responsive and to run efficiently, and the Executive and Administrative Office acts in consultation with citizens to support the transformation of City government and deliver on

strategic initiatives responsive to their requests. To accelerate progress on the administration's key strategic priorities, the Office aligns private resources and partners with City agencies to leverage public funds.

- Contingency Fund: City Charter mandated for emergency purposes.
- Intergovernmental Affairs / Intergovernmental Relations: IGR serves as the primary point of coordination for the City of New Orleans, state, federal government, the council, other political subdivisions and over 150 boards and commissions that exist in the City of New Orleans. This office produces and analyzes legislation, proposals and initiatives to achieve the City's policy goals. In addition, this office handles a significant amount of external communications that ensure quality customer service and others that are required by law or consent decree, including compliance with the Americans with Disabilities Act and Human Relations Commission. This office also manages appointments to over 100 boards.
- Communications/Public Information: The Communications office provides public information to the citizens of the City of New Orleans through public meetings, a web site, social media platforms, print media, radio, television, community relations, and special events.
- International Relations: New Orleans benefits from greater interest and investment from the international community than other cities of its size. The City is called upon to welcome international dignitaries and to function as a protocol office and the Mayor continues to represent New Orleans as an ambassador for our culture, economy, and government. The City welcomes a high-level dignitary or delegation at least once every two weeks. This offer funds the Mayor's role in hosting international dignitaries, maintaining sister city relationships, holding international convening's and supporting international trade opportunities for New Orleans.
- Neighborhood Engagement Office: This offer supports the operations of the Neighborhood Engagement Office, the only office in all of City government responsible for public participation processes. Critical to the success of city initiatives is a meaningful, well-planned, and well-executed public participation strategy. The Neighborhood Engagement Office develops, implements, evaluates and improves all public participation strategies across City government, ensuring best practices in engagement that yield better civic participation by Orleans Parish residents. Improved participation indirectly reduces costs by securing community support of City decisions early in decision process.
- Strategic Opportunity Match Fund: Major federal grant opportunities and philanthropic investments require match funding of local, non-federal dollars. The Strategic Opportunity Match Fund provides the City of New Orleans with the ability to commit resources towards large-scale funding opportunities throughout the year. Commitment of match funds is triggered by the Mayor's approval of and allocation to a specific cross-agency, multi-sector strategy or program that advances a citywide priority.
- Mayor's Office Misc. Donations: Funding to match philanthropic donations for Mayoral priorities and programs.
- Mayoral Fellows: Mayoral Fellows Program: Supports efficiency and improvements of City projects as well as provides insight into the operations of City government by placing graduate students in positions throughout City government.

Criminal Justice Coordination

Purpose

The Mayor's Office of Criminal Justice Coordination coordinates the efforts of public and private agencies involved in the City's crime control, criminal justice, and victim assistance activities. The office is responsible for implementation and oversight of various programs including components of NOLA FOR LIFE, Mayor Landrieu's comprehensive murder reduction strategy to tackle the city's historically high murder rate. The office administers, monitors, and evaluates state and federal grants to facilitate crime reduction efforts. Additionally, the office acts as the staff of the Criminal Justice Council, which decides the allocation and distribution of criminal justice grant funds for Orleans Parish. These principal duties are coordinated with an eye toward coordination of all public and private efforts in the public safety and criminal justice areas.

- Criminal Justice Coordination & NOLA FOR LIFE Core Service: The Office of Criminal Justice Coordination (OCJC) within the Mayor's Office serves as the staff for, and is responsible for, supporting all functions of the Criminal Justice Council. The OCJC increases public safety by improving coordination of the criminal/juvenile justice systems, reducing waste and inefficiency in the system, and promoting evidence-based criminal/juvenile justice programs. OCJC staff provide objective research, analysis and recommendations that benefit the criminal/juvenile justice systems holistically. OCJC is also responsible for

the implementation and oversight of criminal justice programs, including Pre-Trial Services and many of the initiatives in NOLA FOR LIFE.

Homeland Security

Mission Statement

The New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is responsible for coordinating the activities needed to protect the lives and property of its citizens and visitors from natural or man-made disasters. These activities are accomplished in partnership with NOPD, NOFD, NOEMS, and the other City departments through a comprehensive program of mitigation, preparation, response, and recovery.

One of the Office's main responsibilities is to advise the Mayor, the City Council and other public safety agencies regarding emergency management activities and operations. The Office is also responsible for coordinating with State and federal agencies which respond to city-wide disasters and emergencies. All requests for federal disaster assistance and federal funding subsequent to disaster declarations are made through this office.

Vision Statement

The vision of the New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is centered on placing a greater emphasis towards Homeland Security related issues. This vision will be accomplished by:

- Identifying and protecting critical infrastructure
- Increasing coordination with ports
- Enhancing information sharing within all Public Safety departments
- Improving mitigation efforts for both public and private entities
- Increasing staffing in accordance with national standards and best practices to ensure that proper "Orders of Succession" can be met

**\$147,604 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- The Office of Homeland Security and Emergency Preparedness Core Services: General Fund includes 16 staff members reporting to the Deputy Mayor for Public Safety and Homeland Security. Duties include: protecting citizens and visitors to New Orleans from man-made and natural disasters (to include mitigation efforts); ensure the security of large scale events by maintaining communication and coordination among City agencies and federal, state, and regional partners; managing grants; developing and maintaining emergency response plans; and insuring NIMS & ICS compliance. This offer includes maintenance of Tier I and Tier II radio systems and video and satellite links, copier contracts, and covers a third of the fringe benefits for 3 grant funded positions which is Federally mandated. As the main coordinating public safety agency, NOHSEP promotes an overall feeling of safety for citizens and visitors. Staff provides event support to organizations large and small and effectively fosters good relationships to bolster small and encourage the reoccurrence of large events. NOHSEP prepares for and mitigates the effects of disasters and plans the operations of large events. Objectives are to minimize the loss of life and property, maintain continuity of government and quickly return the City to normal following disasters or major events. The Deputy Mayor oversees all City public safety agencies allowing for better coordination and also directs operations of other departments during major events. These funds also pay for City Hall Security.

- **Hazard Mitigation:** The Hazard Mitigation Grant Program (HMGP) is a FEMA mitigation grant available only after presidentially declared disasters. The City currently has HMGP projects for Hurricanes Katrina, Rita, and Gustav. This money is awarded to specific project applications for a variety of projects with the express purpose of avoiding or minimizing risk from predictable hazards.
- **Severe Repetitive Loss:** The Severe Repetitive Loss Grant Program (SRL) is an annually funded (i.e. not disaster specific) FEMA mitigation grant program. The National Flood Insurance Program (NFIP) tracks repetitive flood damage and this program is designed to reduce the risk these properties face from floods. Only residential properties are eligible for the SRL program and the Hazard Mitigation Office hopes to have one to two dozen SRL projects underway in any given year, depending on the federal budgeting for SRL.
- **Pilot Planning Grant:** The Pilot Planning Grant Program (PPGP) is a very specific subset of FEMA's HMGP. It is also only available after presidentially declared disasters. The City currently has one PPGP project approved, from Hurricane Katrina, for the scoping and planning of specific mitigation projects.
- **Federal Homeland Security:** This fund is used primarily for the Urban Area Security Initiative Grant (UASI). UASI grants go to urban areas around the nation that the Department of Homeland Security rates as high risk. The grant is used to prevent, prepare for and respond to natural and man-made disasters. Through this funding, first responder agencies are equipped, trained, and exercised and staff and contractual personnel are hired to prepare plans and manage operations. Funds are also used to prepare citizens for emergencies. The Emergency Management Performance Grant is also included in this fund code and is used to pay partial salaries of Emergency Managers.
- **State Homeland Security:** This grant is given to each Parish in the State to prevent, prepare for, and respond to natural and man-made disasters. It is used for equipment, training, planning, organization, and exercises and is aimed at preparing first responders for any emergency.

Office of Community
Development

Mission Statement

The mission of the Office of Community Development (OCD) is to provide economic opportunities, quality housing, and suitable living environments, particularly for persons of low and moderate income to improve their quality of life.

Vision Statement

In order to achieve this vision, the Office of Community Development will assist in the eradication of blight as well as the improvement of road and facilities infrastructure. OCD will be proactive in the reduction of homelessness as well as providing suitable housing for residents. OCD is also committed to increasing job and cultural opportunities for the city's youth.

**\$17,798,709 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Executive Office: The Office of the First Deputy Mayor and Chief Administrative Office is responsible for managing a high-performing, results-oriented City government. The First Deputy Mayor and Chief Administrative Officer has driven the improvement of the City's performance management system as well as the City's Budgeting for Outcomes process. The Office of the First Deputy Mayor and Chief Administrative Office serves as a catalyst for addressing the needs of the citizens of New Orleans while promoting a more effective, accountable, and efficient government.
- Election Expense: The Election Expense program pays the Secretary of State (SOS) for all federal, state and local elections held within Orleans Parish.
- City Utilities: This represents the funding required to cover the cost for gas and electric utilities for City buildings and properties.
- CAO Personnel & Training: The program provides for administrative and technical support for all division of the Chief Administrative Office and the Unclassified Pay Plan for elected and appointed employees.
- Benefits Administration: United Healthcare provides medical, dental, and vision insurance coverage. Benefit Consultant provides services that require a standard of education and certifications. Ochsner provides Weight Loss Program that offers exercise and nutritional education. Other items include Flexible Spending Account Program administrative fees and Healthcare Reform fees. Office Supplies needed for workplace campaigns (United Way, March of Dimes, and daily office supplies), and EEOC Compliance.
- Mailroom: Citywide operation of first class and certified mail metering services, interoffice mail pickup and delivery, and USPS express mail pickup and delivery.

- **Budget Office:** The mission of the Budget Office is to support the development and oversight of all City departments in the production of a balanced budget that most effectively uses resources to deliver results for the citizens of New Orleans. The fiscal guidance provided by this office contributes to renewed citizen confidence in the City of New Orleans' ability to provide vital government services, maintain its commitment to the betterment of New Orleans, and demonstrate New Orleans' status as a model city.
- **EMD General Maintenance:** This offer provides fleet administration, management, and maintenance services for the City's fleet of vehicles and equipment. Approximately 70% of these resources are utilized by NOPD, NOFD, and EMS; 25% by direct service delivery departments; and 5% for support departments. The primary goal of this offer is to sustain 75% or greater City-wide daily vehicle and equipment in-service availability. Secondary goals include providing this level of overall availability while meeting the specific operational requirements of each department, providing proactive preventative maintenance, and maintaining and repairing vehicles and equipment in an efficient and cost-effective manner.
- **EMD Fuel Services:** This offer provides fuel product acquisition, automated dispensing, management, and facility maintenance services for the City's fleet of vehicles and equipment. Approximately 70% of these resources are utilized by NOPD, NOFD, and EMS; 25% by direct service delivery departments; and 5% for support departments. The primary goal of this offer is to provide 100% City-wide fuel availability at four fuel dispensing facilities. Secondary goals include providing facility and infrastructure maintenance, compliance with USEPA and LADEQ fuel system requirements and protocols, and the auditing of fuel product delivery and dispensing.
- **EMD Vehicle Replacement:** Lease payments for 2015 vehicle acquisitions. Equipment received in 2015 benefits a wide range of City departments.

Information Technology &
Innovation

Mission Statement

The mission of the Information Technology & Innovation Department (“ITI” or “IT”) is to work toward and deliver in three areas:

- Maximize the City’s IT value by providing a stable technology and network infrastructure
- Drive innovation and performance improvements to enhance the delivery of all City services
- Increase the availability of information to improve decision making for City employees, as well as for the citizens of New Orleans.

Vision Statement

The roadmap to push the ITI department/services towards true transformation has been defined to include the following actions:

- Stabilize the environment
- Build foundation
- Create value-added services
- Innovate

Success in supporting the delivery of City services will be defined by:

- No major service outages
- Proper customer expectations
- Positive customer satisfaction
- Flawless execution and good project management

- ITI Core Operations: In 2013 we completed foundational IT work and took on an increased role in management of large applications. In 2015, our focus has been on adding value through our services. In 2016 we will continue to help improve the City's operational and IT resiliency through delivery of large projects, such as implementation of the Exchange Web Services (EWS) and deep participation in City-wide resilience efforts. This offer demonstrates our continued commitment to stable network connectivity, data center operations, critical applications support, Service Desk support, life cycle refresh, data backup/protection, support of public safety applications and services, and BA/BI.
- Copiers: ITI supplies multi-function copy/print/scan machines for use in every department at lower costs. Through reorganization, we can ensure every copier has a maintenance plan and adequate functionality. Consolidation has brought tighter management and decreased costs. This offer maintains all current copier leases across 120 networked City facilities.
- NOLA311: As 311 continues to increase request types and constituent awareness rises, call volume rises. Staff must be maintained to keep call abandonment rate & customer satisfaction at a reasonable level.
- Enterprise-wide Applications: This offer contains all the applications and services for which nearly all departments and agencies have some business dependency. These are all basic services and productivity applications that are supported, administered and maintained by ITI, used City wide and cannot be underfunded without a severe loss in basic technology services.

Homeland Security (OEP)

Mission Statement

The mission of the Office of Homeland Security and Emergency Preparedness is to prevent, prepare for, respond to and recover from emergencies and disasters.

To accomplish this mission, the office coordinates the activities needed to protect the lives and property of its citizens and visitors from natural or man-made disasters. These activities are accomplished in partnership with local, state, and federal partners through a comprehensive program of mitigation, preparation, response and recovery.

Vision Statement

The vision of the New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) is that the City of New Orleans will be a resilient city where everyone is dedicated to enhancing public safety by improving our ability to prevent, prepare for, respond to, and recover from emergencies and disasters.

**\$15,478,702 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- **Cities Readiness Initiative:** CRI is designed to enhance preparedness in the nation's largest cities, including New Orleans, to respond to public health emergencies. CRI provides technical assistance to help develop plans to receive, distribute, and dispense medical assets.
- **Emergency Management Planning Grant:** The Emergency Management Performance Grant (EMPG) enhances our abilities during Emergency Operations by providing funding for personnel, training, exercise, and equipment. It is unclear at what level EMPG will be funded this year. The State receives the grant and distributes it to Parishes as it sees fit. Best case scenario, the City will receive \$70,000 which is a significant reduction from last year. In addition to needed supplies this grant was used to provide salary for the Deputy Director. However, because of the reductions, OEP will have to pay that salary with money from the General Fund in 2015. With the funding we are better able to prepare for large scale planned events as well as natural and man-made disasters.
- **Statewide Generator Program:** The Statewide Generator Program provides funding for generators in shelter locations and in public safety sites. Thus far, generators and automatic transfer switches have been installed in City Hall, all police stations, all fire stations, and shelter locations. The generators enable citizens and first responders to have safe and functional places to stay and work in an emergency. Shelter locations and public safety sites are rendered functional and safe in an emergency.

Law Department

Mission Statement

The Department of Law: directs and supervises the legal affairs of the City by providing legal advice and services to the Mayor, City Council, Departments, Boards, Commissions, and related City entities; represents the City, its officers and employees in civil litigation; oversees the legal services provided by outside counsel; and prepares and reviews ordinances, resolutions, executive orders, contracts, and other legal documents for the City. The Law Department is also responsible for instituting actions to collect unpaid revenue to the City and for enforcing the City Code, Ordinances, and Civil Service regulations. Further, in its role as prosecutor, the Law Department prosecutes crimes in municipal and traffic court and nuisance bars and restaurants before the Alcoholic Beverage Control Board. By minimizing the City's exposure to liability, fairly and economically resolving disputes, and minimizing legal fees and costs, the Law Department provides the highest quality legal representation to meet the present and future needs of the City of New Orleans in an efficient and effective manner.

Vision Statement

It is the duty of the Law Department to protect the rights of the City and our citizens. Our goal is to operate at the highest level of professionalism, effectiveness, transparency, and efficiency to serve our City by ensuring that best practices are employed and the public's interest is protected. The Law Department will accomplish these goals through the vision and leadership of the City Attorney, who employs a complement of highly successful and experienced attorneys with specialized disciplines who are dedicated to protecting the City of New Orleans and our citizens in a just, efficient, and ethical manner.

- **Municipal & Traffic:** The City Attorney's Office efficiently and effectively prosecutes violations of Chapters 54 and 154 of the Municipal Code of Ordinances. The office also handles all state misdemeanor traffic offenses. These offenses combined yield several hundred cases per month for the Traffic and Municipal team.

**\$11,789,803 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years. This figure includes \$10 million in reserve funds for judgements.

- **Law Administration:** Law Administration provides operational advice and management for the law department. The Administration team oversees operations of the entire department on a day to day basis, including managing the department's finances and personnel needs. The team also supports the Mayor, City Council, departments, boards, commissions and other City agencies when requested.
- **Law In-House:** Law In-House provides legal advice and support to the Mayor, City Council, departments, boards, commissions and other City agencies. It also creates written Legal Opinions at the request of the Mayor, City Council, departments, boards and commissions. Law In-House additionally compiles, reviews, and transmits responses to all Public Records Requests submitted to the City and routinely drafts and reviews proposed legislation for legality.

- **Law Contracts:** Law Contracts oversees the City's contracting process from start to finish. It works with departments to create tailored contracts for goods and services, reviews all contracts for legality, addresses any issues that arise during the routing process, and responds to questions and concerns from the Mayor before execution.
- **Police Litigation:** The Police Litigation unit defends the police and the City in police-related matters and represents the city in other federal litigation and civil service prosecution and appeals. In federal police litigation cases, the City is exposed to not only damage awards, but also attorneys' fees and costs. Further, the City must pay federal judgments immediately, as City assets may be seized to satisfy judgments based on federal claims. Finally, the Police Litigation Unit has dedicated significant resources to negotiating and implementing the NOPD Consent Decree, and continues those efforts to ensure the legality and sustainability of the consent decree.
- **Civil Litigation:** The civil litigation unit defends the City against all lawsuits, including class actions, personal injury claims, casualty claims, contract and bid disputes, property damage, civil service issues related to multiple City departments, and zoning and other administrative appeals. The civil litigation unit also prosecutes damages claims, pro-actively pursues collection of unpaid taxes and loans owed to the City, and files public nuisance and tax cases before the ABO Board.
- **Housing Unit:** The Housing Section advises as to CDBG and D CDBG funded projects. This Section handles all legal matters related to erasing and managing city properties and eradication of blighted property. This Section also provides support on government innovation analytical work to ensure that property issues are handled to ensure the best economic return for the City.

**\$2,704,386 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Fire Administration: Fire Administration is comprised of the Superintendent of Fire and Administrative Support Staff. To preserve the public's safety, the Superintendent manages a team of personnel to prioritize workflow, to plan and implement emergency response strategies, and to deploy staffing in the most cost effective and efficient manner. Activities of the support staff include: managing the department's purchasing and budgeting functions, managing all personnel and payroll activities, responding to CAO requests, and providing departmental logistical, planning, and technical support. To preserve the public's safety the Superintendent

manages a team of operations personnel to plan and implement emergency response strategies, proactive fire prevention, training and the deployment of staffing in the most cost effective and efficient manner.

- **Fire Prevention and Safety:** The Fire Prevention and Safety Divisions reduce fire incidents through education, inspections, and arson investigations. Provides training on emergency response protocols to ensure member safety. The Safety Division is also responsible for working to reduce employee injuries by reviewing emergency response protocols to ensure that the NOFD operates safely and that the members of the department utilize proper risk analysis in their efforts to preserve life and property.
- **Operations, Special Operations and Logistics:** Staffing, support, equipment & supplies to deliver services for all Emergency Operations: Fire, Emergency Medical Responder, technical rescue, haz-mat mitigation & disaster/event planning.
- **Airport Suppression:** Provides funding for staffing to deliver emergency response services for all emergency operations at Louis Armstrong Airport; The N.O. Aviation Board reimburses the NOFD these costs.
- **Training:** This offer funds a Fire Training Academy that provides ongoing training and education to new and veteran members of the department, and to participating outside entities. Members utilize the knowledge and skills developed through continued training to become more effective at preserving citizens' lives and property, and to do so in a manner that does not jeopardize their personal safety or the safety of others. The Training Division has set a plan in motion to obtain Type III Incident Management Team certification and is actively working towards this goal.
- **Communications:** This offer will provide a team of personnel to receive and dispatch emergency calls requiring Fire Department response, and to aid in coordination during emergency incidents. The Fire Communications Division is a critical component during emergency response because these personnel aid in field communications during emergencies and can relay information about victim locations, potential hazards, and other information needed to successfully protect life and property.
- **NASA Suppression:** Provides funding for staffing to deliver emergency response services for all emergency operations at NASA Michoud Assembly Facility & the surrounding areas; NASA reimburses the NOFD these costs.
- **2014 Assistance to Firefighters Grant:** This offer provides matching funds to secure the FY 2014 Assistance to Firefighters Grant. Funding will be used to purchase 600 boots, 600 safety gloves, & 600 hooded safety bibs.
- **Fire Pension Systems and Millage:** Funds pension benefits which are established by La. R.S. 11:3361 for personnel & millage payments for employees as part of a comprehensive benefits package utilized attract & retain skilled employees.
- **2015 Port Security Grant Program:** Provides \$25,000 no-match FEMA funded- 2015 Port Security Grant Program to sustain all-hazard response marine vessel (Fireboat Blaze) & other small watercraft staged at stations around the City.

Safety & Permits

Mission Statement

Administer and enforce the Comprehensive Zoning Ordinance, the Building Code, the Electrical Code, the Mechanical Code, and flood plain regulations to ensure compliance with international standards for the construction, alteration, repair, use, occupancy, and demolition of buildings, structures, and properties and to administer and enforce the regulations of Chapter 162 of the City Code relative to for-hire vehicle service in the city of New Orleans.

Vision Statement

The Department of Safety and Permits will strengthen its focus on customer service through more efficient internal operations and improved technology. The Department will become more efficient by working to ensure an effective and timely process for administering the permitting process for residents and businesses. The Department will also leverage new computer software to simplify its processes and create greater access to government. The combination of these two priorities will allow the Department to more quickly and efficiently serve the residents and businesses that depend on its services.

**\$7,227 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Core Services: Safety and Permits is tasked with administration of the building code, CZO, regulation of for-hire vehicles, and motor vehicle inspections. S&P has made many strides through implementation of the One Stop and it's our goal to build on those successes.
- One Stop Shop: This offer funds the One Stop which provides centralized support for S&P, CPC, VCC, & HDLC. This office has created a single point of intake for trade and business licenses as well as construction related permitting. Services have expanded to include special event permits, centralizing application routing through up to 17 departments. The public is provided expedient, friendly, and thorough in-person service and easy to use online services.

Police Department

Mission Statement

The mission of the New Orleans Police Department is to provide professional police services to the public in order to maintain order and protect life and property. In order to accomplish our mission, we are committed to the philosophy of Community Oriented Policing as a means to inform our organizational decisions and prioritize our crime fighting and quality of life initiatives by engaging each neighborhood and community organization in collaborative problem-solving partnerships. We are committed to integrating community and problem-oriented policing into our daily management principles, policies, procedures, recruitment efforts, training, personnel selection, performance evaluation process, resource deployment, tactics and accountability systems.

Vision Statement

It is our goal to make significant strides in reducing overall crime and making our streets safe for all who live, visit and do business in the city of New Orleans. The reduction of violent crime remains our highest priority. Building new and invigorating existing partnerships with members of our community is critical to our success. We believe that the overall satisfaction of the community we serve assists in heightening the performance and response level of the men and women of our Department. Increased satisfaction and the resulting confidence of the community in the NOPD will result in lower crime rates and more successful prosecution of those persons who committed crime in our community. As a direct result of our recent reorganization and consolidation of departmental functions, we are poised to provide more accountability and efficiency in managing the daily operations of the New Orleans Police Department for years to come.

**\$5,178,121 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Office of the Superintendent: The Office of the Superintendent manages and oversees all the bureaus, officers and staffs on the department. It's function also includes coordinating departmental awards and all media relations. In addition to general management operations, the Office of the Superintendent consists of the Public Affairs Office and the Crime Prevention Section. The Director of Public Affairs serves as official spokesperson for the department and is responsible for processing the release of information related to media inquiries received from various local and national news outlets, as well as serving as direct liason to CrimeStoppers. The Crime Prevention Section manages a broad-base of community outreach programs, including Neighborhood Watch, Night Out Against Crime, Chaplaincy Program, G.R.E.A.T., the Citizen's Police Academy and our EI Protector Program, which was created to improved and enhance relationships between police and limted English proficient communities.
- Public Integrity Bureau (PIB): PIB is responsible for the consistent and impartial implementation and management of the disciplinary process; including supervision and review of all disciplinary investigation: including the assignment, supervision and review of all disciplinary investigations and hearings, maintenance of disciplinary records, and coordination with outside law enforcement agencies and the Independent Police Monitor. Classes are presented on ethics, leadership, and in-service training throughout the year.
- Management Services Bureau: Management Services Bureau (MSB) manages funding and provides support services for all departmental personnel. MSB consist of Education/Training, Records, ADD, Fiscal Management, Personnel & Payroll Divisions. Management Services Bureau ensures that department's officers and employees are able to be effective in crime reduction and able to perform their duties while meeting the highest standards of integrity. The Bureau provides in-service training and recruit training. Assures vehicles are available for patrol. Collaborates with Office of Criminal Justice and other criminal justice agencies to maximize opportunities to obtain federal and state funding, which enhances our efforts to increase public safety and reduce and solve crime. Centralization of these support functions allows for most efficient use of resources.
- State Police Pension: Contributions for Commissioned Members participating in the Municipal Police Employees Retirement System.
- Field Operations Bureau: The first priority of the FOB is to provide uniformed patrol services throughout the City of New Orleans. Most officers under this command are the first to respond to calls for service.
- Cooperative Endeavor Agreement (CEA) with the Orleans Parish DA's Office to create a Multi-Agency Gang Unit: This CEA is for the creation of a City-led Multi-Agency Gang Unit consisting of the NOPD, Orleans Parish DA's Office, the FBI, US Marshall Service and other law enforcement agencies.
- Compliance Bureau: The Compliance Bureau is responsible for coordinating all responses from the New Orleans Police Department for the consent decree.
- Investigations and Support Bureau: The primary responsibility of the Investigation and Support Bureau is to investigate major offenses in the City of New Orleans, make arrests, and assist in the successful prosecution of offenders. These major offenses are inclusive of homicides, sex crimes, narcotic trafficking, etc. This Bureau works in cooperation with other local law enforcement as well as federal agencies such as the FBI, ATF, US Marshal and DEA.
- Special Dedicated Tax Millage: Revenue generated from dedicated tax collection and distributed between Police and Fire which is processed through a special annual mid-year payroll run.

- Federal/State Asset Forfeiture: These seized funds are available to enhance departmental crime fighting efforts particularly as it relates to narcotic trafficking. Officers are assigned and work closely with DEA as team members of federal initiatives in combating drug trafficking in the New Orleans area.
- Police Hiring Program: Police Hiring Recovery Program Grant reimburses for officers hired, salary and fringes for the period of three (3) years. There are three (3) current awards and one (1) pending.
- Sexual Assault Investigation (Cold Case): Funding provides overtime for NOPD detectives assigned to the Sex Crimes Unit to review and investigate its backlog of unsolved adult sexual assault cold cases. Overtime will provide the additional resources to increase the number of investigations conducted leading to a reduction in its backlog and increase in cold case clearance rates.
- STEP (Traffic Enforcement): STEP (Traffic Enforcement) provides for additional overtime hours to enforce traffic laws, DWI, Occupant Protection, Speeding, Motorcycle, Juvenile Underage Drinking Enforcement (JUDE), as well as to conduct Check Points.

Sanitation Department

Mission Statement

The Department of Sanitation provides solid waste services to the citizens of New Orleans through the collection, disposal, and recycling of discarded material in a manner that is safe, efficient, environmentally sound, and cost-effective. The Department enforces the City’s Code and works to eliminate illegal dumping and littering. The Department of Sanitation also provides public education on litter abatement, recycling, and other solid waste issues.

Vision Statement

The Department of Sanitation’s long term vision is to provide sustainable and cost effective waste disposal and recycling options that will result in a cleaner and safer New Orleans. In support of this vision, the following operational improvements are being implemented:

- Improved collaboration with other City departments to better utilize and align resources that will increase enforcement and support blight removal efforts.
- Expand recycling options citywide for residents and businesses in order to reduce the volumes sent to landfills and produce lower disposal costs.
- Continue to implement cost saving practices such as conducting weight load analysis of transports, reductions in dumpster usage, installing solar powered public litter cans capable of compaction and increasing the usage of community service, JOB1, NOLA4LIFE, and STRIVENOLA workers.

- **Essential Services:** NOHD is a boundary-spanning department that facilitates, links, and leverages resources in order to assess health status, use data to impact policy and spearhead initiatives to improve health outcomes and help people achieve their full potential. NOHD leads innovative programming and partnerships to improve access to health care, prevents the spread of disease, provide health education, enhance access to healthy nutritional options, and create a safe environment for people to work and play through rigorous assessment and policy development.
- **Healthy Environment/Emergency Prep:** The Healthy Environment Program will provide education and enforcement as it relates to the Smoke Free Ordinance, sound issues and public health nuisances caused by sanitation issues. This program will provide public health education regarding environmental health issues to the community and work with partner agencies to develop and implement enforcement activities as required.

The New Orleans Medical Reserve Corps is a group of volunteers that operate under the NOHD Emergency Preparedness Program to prepare for and respond to public health emergencies.

- **Healthy Start New Orleans:** Healthy Start provides services to pregnant women and families with children under the age of 2. Its mission is to decrease infant mortality rates and improve birth outcomes by addressing medical and social issues through community based activities. Healthy Start provides services after evaluation of the family needs through a family support plan.
- **Health Care for the Homeless:** Health Care for the Homeless (HCH) is a federally qualified health center (FQHC) dedicated to providing comprehensive primary care services to homeless persons in the City of New Orleans and surrounding parishes for over 20 years under the direction of the City of New Orleans Health Department. HCH is the only health provider in this region that provides services specifically for this population and is 1 of 5 organizations in Region 1 designated as a FQHC.
- **Ryan White Program:** The Ryan White Program provides access to healthcare for eligible persons living with HIV/AIDS in the Eligible New Orleans Metropolitan Area (EMA) which is inclusive of an 8 parish region.
- **Violence & Behavioral Health:** This offer provides for federal grant funding for various programs that address several areas of violence and behavioral health it also builds NOHD capacity to prevent youth violence.
- **Family Health – Women, Infants, and Children:** The Women, Infants, and Children (WIC) Program is a supplemental nutrition program. It is one of the largest food assistance programs in the United States of America. The WIC Program provides participants with supplemental foods, nutrition education, breastfeeding support, and referrals to other health and social services. Its goal is to improve birth outcomes, support the growth and development of infants and children, and promote long-term health in all WIC participants.
- **Youth Gang Prevention:** Improve youth safety through the implementation of the NOLA FOR LIFE PLAYbook: Promoting Life for All Youth, a strategic plan to prevent youth violence in New Orleans.

- 2016 Core Budget: New Orleans E.M.S. provides pre-hospital medical care and first response to the citizens and visitors of New Orleans. As the second leading 911 call volume responder, this offer will allow us to continue our current staffing and help fulfill our mission of bringing the best in evidence based emergency medicine to our patients. As the population increases so does the EMS call volume requiring more ambulances to meet the response demand. Through the help of a new billing vendor EMS is projected to generate \$14.5 M in EMS Billing Revenue alone. This revenue increase will also impact EMS UPL.

**\$678,762 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Youth Study Center: YSC has the chartered responsibility to provide safe, secured detention to youth ages 11-17 who have been charged with a criminal offense and are in pre-adjudication status.

- Director's Office: Finance oversees all financial resources of the City. In 2015, Finance and ITI completed implementation of a new payroll system and a new sales tax collection system. In addition, a number of debt repayments were made early, saving general fund dollars in 2015. In 2016, Finance will continue to leverage technology to improve efficiency, reduce costs, and streamline processes that affect citywide services, these

include: developing a plan to replace ad valorem tax collection system that is aging and obsolete; continuing to develop of a funding strategy for replacement of City's accounting and procurement system with a new Enterprise Resource Planning (ERP) system, and finishing the assessment of replacing employee retirement system.

- Jazzland Debt Service: Payment of principal and interest related to long-term debt for Jazzland.
- Bureau of Accounting: Coordinates and prepares the City's Comprehensive Annual Financial Report (CAFR) and the Single Audit Report in accordance with generally accepted accounting principles, prepares and presents monthly financial statements to the Mayor, City Council and other requesting entities, administers payroll functions and assists departments with ensuring timely vendor payments. Implementing ERP for entire enterprise in 2016.
- Revenue – Sales Tax Collection: Revenue in 2015 accounted for more than \$400 million in tax and license fees of which \$227 million directly into the GF. Revenue implemented a new tax collection system with imaging capability which has reduced paper volume by 70%. The system also streamlines delinquent account tracking and identification. Revenue also performs sales tax audits on registered and unregistered businesses to identify tax due to the city as a result of non-compliance, misapplication of law or fraud. State Revenue hiring City auditors to conduct field audits on agency's behalf paying contractor rate for service since City and State tax laws are analogous. Account maintenance of more than 30k registered businesses, process approximately 14k monthly tax returns, registered on average 30% more new businesses annually. Compliance staff conducts over 15k field visits to businesses in the New Orleans area. Sales tax growth for the CNO is 8%, 3-4% nationally according to the National League of Cities survey. Sales tax collected on behalf of School Board, RTA and NOMTC, with collection fee earnings for Revenue in excess of \$2.4 million annually offsetting the bottom line cost to the City.
- GF Debt Service 2016: To pay debt service from the GF for 2016
- Bureau of Procurement: Assure a procurement process that is open, honest, fair, transparent and inclusive. Hold open meetings for all professional services procurements. Convert approved requisitions to purchase orders, assuring all requirements for the purchases are met. Issue Invitation to Bids, RFPs, RFQs working closely with the Office of the Inspector General.
- City of New Orleans Employees' Retirement System - CORE: In order to fulfill our duties, we require a staff of financial and administrative professionals. Each unit works with the common goal of financial accountability in mind.

Property Management

Mission Statement

The mission of the Department of Property Management is to:

- Acquire and record properties for City use
- Maintain and perform custodial functions of building equipment and facilities
- Assign space to departments based on need
- Have custody of all immovable property (Building and Land) owned and/or operated by the City.

Vision Statement

Provide excellent service to all City departments, become a more efficient City department with less reliance upon outside vendors and more reliance upon internal employees and become a training center for various trades by partnering with local trade and technical schools.

**\$1,768,762 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Director's Office: The Director's Office/ Administrative Division of the Dept. of Property Management provides leadership, authority, and structure needed for the proper function of its program components.

The Director's Office/Administrative Division provides centralized program management which results in significant cost savings by avoiding duplication of staff required for purchasing and personnel issues.

- Facilities Maintenance: The Facilities Administration operates public facilities for charge, which provides space for meetings, celebrations, the performing arts, services for the elderly/indigent, and burial of the dead. The aspect of fee and rent collection differentiates this program from Facilities Maintenance. However, the activities are based on the City Charter, and include repair and maintenance. Unit Names: Multi-service Centers, Real Estate and Records, Gallier Hall, Cemeteries, and Cultural Center.
- Facilities Maintenance Administration: The Facilities Maintenance Division of the Department of Property Management maintains, repairs, refurbishes, cleans city-owned buildings, and keeps HVAC systems in good working order. This program contributes the key elements in accomplishments of the department's mission by serving public facilities in accordance with demands of the charter of the City. The key program components of Facilities Maintenance are: Public Buildings, Engineering Division, and Custodial.

**\$11,176,735 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Engineering and Administration: Funds the management for DPW in the execution of its construction, engineering, traffic engineering, parking enforcement, maintenance, and regulation of the public right of way missions.
- Adjudication - DPW: This will support an average of 1,000 administrative hearings each month to contest parking and photo safety violations in person or via the web.
- Street Light Maintenance: 9,000 streetlight outages are anticipated to occur in 2016.
- Road Maintenance: Minor asphalt street pavement patching, pothole filling, the grading of alleyways, minor ditching and grading of unimproved roads and cleaning of drainage catch basins and minor drain lines.
- Traffic Engineering: Funds the regulation and permitting of activities in public right of way, completion of 6 traffic studies, 1,500 minor repairs to traffic signals and the installation of 4,500 traffic signs.
- Parking Enforcement: Funds approximately 55 Parking Control Officers (ticket writers), 4 booting units, 15 tow truck drivers, 1 abandoned vehicle inspector, 24/7 operations at the auto impound facilities.

Parks and Parkways

Mission Statement

Efficiently and effectively manage, develop, beautify, preserve and protect approximately 2,000 acres of public green space, including neutral grounds, parks, historic sites, playgrounds, two golf courses and approximately 500,000 public trees.

Vision Statement

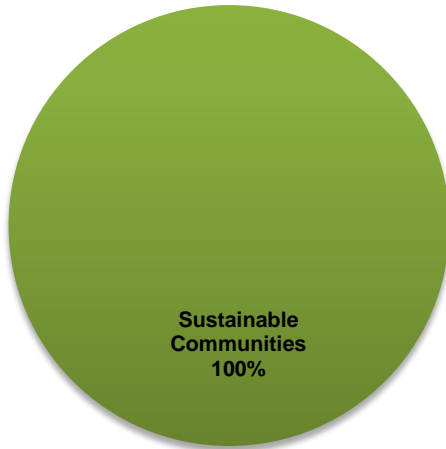

Restoring base operations through more efficient staffing, increased utilization of technology, and greater collaboration with partners outside of City government that will result in the following expected outcomes:

- Strengthen partnerships with the private sector, community groups, and volunteer organizations
- Continue reclamation of public green space
- Research and implement cost saving measures for public space maintenance and enhancement
- Create a mulching program in order to protect the City's investment in trees and reduce the amount of landfill waste

**\$249,953 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- BO No. 1 Management, Planning and Operations: The Director's Office (including Administration, Operations and Planning & Design) guides and directs the Parks and Parkways' programs, staff and services; and is also responsible for the preparation and submittal of the department's operating and capital budgets.
- BO No. 6 – Special Operations: The Special Operations Program Offer supports the Green House which, at considerable savings, propagates the city's ornamental neutral ground plants/flowers. The offer also provides for the maintenance of Parkways' buildings and facilities (including basic electrical and plumbing repairs), and provides funds for the installation of temporary parade route fencing to protect planted areas through it's Facilities Maintenance section. This offer also supports one of the city's only in-house groups of skilled and experienced CDL drivers.
- BO No. 2 - Grounds Maintenance Operations: The Grounds Maintenance Division is responsible for maintaining the turf and shrubs, and for the removal of litter from parks, neutral grounds, public buildings and green spaces.
- BO No. 4 – Major Parks Operations: The Major Parks program offer is responsible for the security and maintenance of the restrooms, shelters, parking areas, walkways, aquatic areas and other amenities of the city's two large regional parks: Brechtel Memorial Park and Louis Armstrong Park.
- BO No. 3 - Urban Forestry Operations: The Urban Forestry Division is responsible for maintaining and preserving all city trees through trimming, root pruning and 24-hour emergency removals. Trees in parks, playgrounds and on the grounds of city buildings, trees within the City's rights-of-way, and trees on medians are all considered "City Trees."
- BO No. 5 - Golf Course Operations: The Golf Course Operations offer is responsible for the maintenance and upkeep of the recently fully-renovated Joseph M. Bartholomew Memorial Golf Course in Pontchartrain Park including all personnel, supplies and equipment associated with green-side operations (including golf cart and course mowing equipment leasing) as well as the club house staff.

Historic District Landmarks
Commission/
Vieux Carré Commission

Introduction

As part of the permitting reform effort, the Vieux Carré Commission (VCC) and the Historic District Landmarks Commission (HDLC) will continue to work with the other departments located in the One Stop office on the 7th floor of City Hall to share resources and consolidate operations within a single location.

Mission Statement

Historic District Landmarks Commission: The mission of the HDLC is to promote historic districts and landmarks for the educational, cultural, economic, and general welfare of the public through the preservation, protection, and regulation of buildings, sites, monuments, structures, and areas of historic interest or importance within the City of New Orleans. The HDLC safeguards the heritage of the city by preserving and regulating historic landmarks and districts which reflect elements of its cultural, social, economic, political, and architectural history in order to:

- Preserve and enhance the environmental quality of neighborhoods
- Strengthen the City's economic base by the stimulation of the tourist industry
- Establish and improve property values
- Foster economic development while managing growth

Vieux Carré Commission: The mission of the Vieux Carré Commission is to protect, preserve and maintain the distinct architecture, historic character, and zoning integrity of the Vieux Carré as mandated by the Louisiana State Constitution, the City Charter, the City Code, and the Comprehensive Zoning Ordinance.

Vision Statement

Historic District Landmarks Commission: In the coming years, we see both the mission and the duties of the HDLC being recognized as integral to the missions and duties of other departments such as the City Planning Commission, Safety & Permits, Economic Development, Environmental Affairs, Capital Projects, and Code Enforcement. Recognizing that New Orleans' past is a key piece of our future will allow the integration of historic preservation into other municipal processes. This integration will allow the City to provide property owners, businesses, and developers with a clear and unified vision of what can and will be approved.

Vieux Carré Commission: The Vieux Carré Commission regulates exterior modifications to the French Quarter's built environment to ensure that the district's architectural and historic resources are protected. Going forward, we envision an agency that is more proactive in carrying out its mission, offers better outreach and education to its constituents, and affects positive change in blight reduction and violation enforcement in this important cultural district and prominent tourist attraction.

City Planning
Commission

Mission Statement

The mission of the City Planning Commission is to promote the public health, safety, and welfare of the New Orleans community through subdivision regulation, capital improvement plans, major street plans, and land use planning. The Commission also makes recommendations to the City Council on zoning matters, neighborhood improvements, environmental protection, capital budget amendments, ordinances, and other policy matters.

Performance Measures*

Average days from application re-submittal to final approval – Zoning	N/A	N/A	N/A	Establishing Baseline

*All categories state “Establishing Baseline” under the 2016 Target column because the City’s new Comprehensive Zoning Ordinance went into effect on August 12, 2015, and no development review data currently exists from which performance can be measured. Once the City Planning Commission has sufficient data under the new ordinance, it will be able to establish targets for the new CZO processes.

Mosquito, Termite &
Rodent Control Board

Mission Statement

The mission of the Mosquito, Termite, and Rodent Control Board is to:

- Administer and evaluate mosquito control activities
- Monitor the populations of disease and virus transmitting mosquitoes and consult with appropriate authorities.

The Administrative Office has additionally assigned the Board the duties of rodent, termite, and structural insect control under additional programs.

Vision Statement

The City of New Orleans Mosquito, Termite, and Rodent Control Board has constructed a new state-of-the-art facility that houses its administrative, supervisory, technical, and field staff in one location to improve the Board's efficiency and productivity. It will continue to offer the citizens of New Orleans quality mosquito and rodent control services. This Board practices integrated pest management and emphasizes reducing the conditions that lead to mosquito and rodent infestations. The Board will continue to expand termite services it offers to the City of New Orleans and to the general public. Each year it continues to expand pest control services in City facilities. Its highly trained and licensed staff inspects, treats, and maintains the pest control services at City facilities.

In addition, we will continue geo-coding data as it relates to mosquito surveillance, mosquito control efforts, and termite and rodent control management strategies. We utilize GIS methodology to increase operational efficiency by providing enhanced services to the public with the available budget and increasing the technical capability of the employees.

**\$530,750 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Mosquito, Termite, and Rodent Control Core Funding: The core provides manpower and partial funding to manage populations of mosquitoes, rodents in New Orleans, termite and pest control for city properties. Integrated pest management methods are used.

- New Orleans Museum of Art Operating: The Mission of the New Orleans Museum of Art is to inspire the love of art; to collect, preserve, exhibit and present excellence in the visual arts; to educate, challenge and engage a diverse public. With continued support from the City of New Orleans, NOMA provides educational initiatives to engage regional school children, as well as members of the community. NOMA programming provides an educational and cultural experience to all visitors. NOMA also offers free school trip visits for students and also offers free admission to all visitors on Wednesdays. Sustained City funding helps to provide these services to the residents and visitors of New Orleans.

- **LSU and Southern University Agricultural Center:** The LSU/SU AgCenter provides research-based educational programs to residents of Orleans parish in areas of 4-H youth development, nutrition, gerontology, parenting, and horticulture. These programs are conducted by AgCenter faculty domiciled in Orleans parish Extension office. Staff partner and collaborate with community agencies, schools and churches to reach residents. These programs improve the health and economic well-being of residents who participate. They will save money, use best gardening practices, and provide safe nurturing environment for

their children. The AgCenter's program success is measured using written surveys, advisory process, behavior checklists, and client feedback.

- Total Community Action Core Offer: The TCA Program is to reduce hunger by providing nutritional food items to low-income families in the targeted low-income neighborhoods of Lower 9th, Desire, St. Bernard/7th Ward, Little Woods, Algiers (Lower Coast and McDonalville areas) and Hollygrove, Gert-Town and Zion City via pantry services and in partnership with Second Harvest, USDA Commodities and local churches in the target area. In addition to food supplements, nutrition education and healthy foods demonstrations will be a key component to help reduce the food insecurity in our target areas.
- Orleans Parish Veterans Affairs: Dept. of Veterans Affairs provides information to Veterans and their dependents through the news media and internet about benefits to which they are entitled including medical services, compensation, pension programs, education, home loans, employment, additional benefits for patients in a nursing home, and insurance benefits.

**\$5,204,452 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years. 0

- **NORDC Administrative:** This offer funds the administration of NORDC, including all executive functions, the management of NRPA accreditation, human resources, risk management, marketing, communications, procurement, contracts, personnel/payroll, fleet management, volunteer management, facility rentals, budgeting, performance measurement, neighborhood engagement, and strategic planning. Office supplies, technology, training and drug screens for all NORDC divisions are funded through this offer.
- **NORDC Programming:** Youth and Teen staff plan and manage educational, recreational, and cultural summer programming for over 5,000 campers, and manage school-year partnerships to extend programming year-round. CDBG funding is required for camp programming. Cultural programs include piano, band, ballet, Brazilian dance, aerobics, and senior activities.
- **NORDC Core Maintenance:** NORDC currently manages and maintains 9 rec centers, 15 swimming pools, 7 stadiums, 2 tennis centers, 35 active playgrounds and 59 passive parks. Basic maintenance funded by this offer includes staffing and supplies to provide existing facilities janitorial services, lighting for safety and programmatic needs, trash collection and removal, grass cutting, plumbing and HVAC repairs, building maintenance, and the ability to respond to public health and safety issues.
- **NORDC Athletics:** NORDC provides year-round Athletic programming to residents of all ages. This offer funds athletics administrative staff, and a part-time employee at each of our 37 active playgrounds, which depending on amenities may host baseball, softball, football, flag football, volleyball, cheerleading, basketball, soccer and track.
- **NORDC Core Recreation Centers:** NORDC currently operates nine recreation centers and two tennis complexes. This offer funds basic staffing needs for existing facilities, six days a week. It also funds janitorial, building maintenance, and recreational/educational supplies to support structured and unstructured activities for residents of all ages. This offer enables the majority of NORDC structured programming, and the accessibility of safe, recreational community space.
- **NORDC Core Aquatics:** NORDC currently operates 3 year-round indoor swimming pools and 11 summer-only outdoor pools. A supplemental offer will address operations of two additional outdoor pools for the 2016 season. This offer will staff and operate the existing pools seven days a week, including an eleven week summer program. Year round pools offer free swim, lap swim, and senior aerobics; summer pools will offer free swim to the public and prioritized access for the thousands of NORDC youth and teen campers. Outdoor pools will have overnight security to protect the public from attractive nuisance.

Service & Innovation

Mission Statement

The Service and Innovation Team strives to make New Orleans the best city in America through interdepartmental collaboration and using innovative approaches to optimize and transform city operations. The team is committed to solutions.

Vision Statement

The Service and Innovation Team aims to create and capture value through cost savings or increased revenues, streamlining City operations, and making New Orleans a national example for best practices.

Office of Performance
& Accountability

Mission Statement

The mission of the Office of Performance and Accountability (OPA) is to utilize the analysis of performance data to make better policy decisions, to drive operational improvements, to foster transparency in how City government is performing, and to promote accountability for delivering results to citizens.

Vision Statement

Success is a more effective, open, and smarter government where all employees are motivated to continually improve performance.

- Office of Performance and Accountability (OPA): This offer funds the core operations of the Office of Performance and Accountability (OPA). The purpose of OPA is to set goals, track performance, and drive improved results.

The OPA is responsible for producing the semi-annual ResultsNOLA report, which tracks the key performance indicators for every department. OPA also organizes seven "STAT" programs to improve coordination, performance, and accountability in key cross-departmental issues, such as blight reduction; quality of life issues; procurement, contracting, and payables; revenue collection and cost containment; customer service; homelessness; and police recruitment.

OPA is also responsible for leading Mayor Landrieu's NOLALytics initiative, which leverages the power of data science to provide City agencies with an edge in making their services more strategic and effective.

The OPA is responsible for the following initiatives:

- ResultsNOLA: Reports the 300+ performance measures for 40+ agencies that are identified during the process
- NOLAnalytics: Using methodologies developed by New York City's Mayor's Office of Data Analytics, the NOLAnalytics initiatives champions projects where the use of statistical analysis and data science helps drive major improvements in service productivity.
- STAT programs: Series of public meetings where key City personnel review performance data to continuously improve, innovate, and engage the public. Current STAT programs include:
 - BlightSTAT
 - QualityofLifeSTAT
 - ReqtoCheckSTAT
 - CustomerServiceSTAT
 - BottomLineSTAT
- Performance Benchmarking: Utilizing data made available from the International City/County Managers Associations' Center for Performance Analytics, OPA compares City performance and funding data relative to peer jurisdictions.

Code Enforcement &
Hearings Bureau

Mission Statement

The primary purpose of the department is to ensure the public health and safety of the city’s neighborhoods and housing by enforcing statutes and ordinances available for its use.

Vision Statement

Success is defined by revitalization of city neighborhoods – evidence by properties being returned to commerce – either by voluntary compliance or City enforcement.

District Attorney

Mission Statement

Represent the State of Louisiana and the citizens of Orleans Parish by prosecuting violations of State criminal statutes. The District Attorney advocates for victims of crime and upholds justice by prosecuting and investigating cases in an ethical, honest, and just manner. The performance of the District Attorney's Office directly affects the Public Safety result area.

The Orleans Parish District Attorney's Office is responsible for providing fair, effective and efficient prosecution of offenders of the law. The Office protects public safety and preserves the interest of justice. The Office must be responsive to the needs of victims, witnesses, children in need, law enforcement agencies and the community at large. The District Attorney is an elected official and therefore is not directly accountable to the Mayor. However, the District Attorney does receive City funding to operate the Office.

Vision Statement

In the coming years the District Attorney's Office will continue to rebuild public confidence in the criminal justice system, by not simply maintaining progress already achieved, but by enhancing the core services provided – convicting more violent felons and providing more and better diversion options and victim witness services. The first priority of the District Attorney's office is to represent the interests of the City of New Orleans in criminal proceedings in Orleans Parish and to get the violent offenders who threaten safety, recovery, and citizens' way of life off. During the last 21 months the District Attorney's Office has significantly increased case acceptance rates, violent felony conviction rates, as well as the overall number of defendants pleading guilty. The District Attorney's Diversion and Victim Witness Programs service hundreds of individuals who otherwise would receive no assistance. Cooperation and collaboration between the District Attorney and other criminal justice agencies, especially the New Orleans Police Department, has also significantly improved. During the coming years the District Attorney's Office will continue this positive momentum and serve as one of the catalysts enhancing the quality of life in New Orleans.

The core operating expenses for the District Attorney includes the following divisions:

- Administration Division: The Administration Division of the District Attorney's Office consists of the executive supervisory staff – the District Attorney, First Assistant, and Chief Operating Officer, and the following: Public Information Officer, Human Resources Supervisor, Technical Services Supervisor, Office Accountants, Asset Forfeiture Attorney, Closed Records Supervisor, and clerical staff members. Personnel in this division manage the day to day operations of the District Attorney's Office.
- Investigations Division: The Investigations Division interacts with every division of the office. The division is composed of civilian investigators. Each year the investigators perform thousands of activities in support of attorneys investigating and preparing cases for trial.
- Trial Division: The Trial Division is responsible for the prosecution of criminal cases. It is in this Division where cases are resolved via plea or trial. Attorneys in the Trial Division are assigned to each of the twelve sections of Criminal Court.
- Juvenile Division: The Juvenile Division evaluates complaints against juvenile offenders. Division attorneys prosecute juvenile offenders charged with delinquency acts that would be considered criminal if committed by an adult.
- Diversion: The Diversion program is a voluntary program to provide an alternative to prosecution for eligible non-violent offenders with limited arrest histories. Individuals accepted into the program are offered intervention through drug rehabilitation/educational programs, client monitoring, and regular drug testing. Referrals are made by a Diversion Screening specialist from accepted cases. Juveniles are accepted into the program when recommended and referred by Juvenile Court.
- Appeals Division: The Appeals Division represents the Office in appeals to the Louisiana Fourth Circuit Court of Appeal, Louisiana Supreme Court, and the Appellate Division of Criminal Court. The Division also responds to federal habeas applications filed in the United States District Court, as well as appeals of those cases to the United States Court of Appeals.
- Victim Witness Division: This Division provides services to victims of violent crime, domestic violence, and sexual assault. Services include counseling, referrals to other agencies, and assistance with basic necessities – such as food and temporary shelter. This program is unique and does not duplicate services by any other organization.

- CMST/Screening Division: This Division is the intake point for all new state prosecutions in Criminal and Municipal Court—projected to exceed 9,000 in 2015. Attorneys review and coordinate screening decisions regarding crimes of violence and cases to be submitted to the Grand Jury. Attorneys from this division staff the Magistrate and Municipal Courts. Clerical staff process paperwork attendant to thousands of cases handled each month.
- Data Systems: Personnel assigned to this division are responsible for maintaining the case tracking system of the Orleans Parish District Attorney’s Office.
- Economic Crime Unit: The Economic Crime Unit of the Orleans Parish District Attorney’s Office handles “White Collar” crime complaints. Generally, these crimes involve worthless checks, general economic crimes, and contractor fraud. Personnel in this unit receive complaints, investigate the allegations, perform the charge screening function, cause arrest warrants to be issued, and, in some cases, prosecute accepted charges.

A total of \$205,000 is also provided for a new joint initiative between the District Attorney and the Innocence Project that will review completed cases to determine if any individuals previous found guilty of crimes may be exonerated.

Coroner's Office

Mission Statement

The mission of the Orleans Parish Coroner's Office is to provide timely, thorough, accurate, and independent medicolegal investigations that:

- Promote justice
- Enhance the public safety and public health
- Provide compassionate service to the afflicted, the grieving, the maltreated, and the deceased

Vision Statement

The vision of the Orleans Parish Coroner's Office is to achieve accreditation by the National Association of Medical Examiners within the next four years and to establish ourselves as the premier coroner's office in the state of Louisiana.

**\$2,141,623 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- **Coronor Administration:** The Coroner's Office is legally responsible for conducting death investigations, emergency mental health evaluations, sexual assault evidence collection, and burial of the abandoned deceased. We have undertaken an aggressive plan to reorganize, find efficiencies, and produce additional self-generated revenue in furtherance of our mission to improve the office.
- **Coronor Investigations:** This core offer reflects the personal services of a Chief investigator, four full-time death investigators providing 24/7 coverage, and a business manager.

Juvenile Court

Mission Statement

Provide a court of excellence for children, youth, and families by enforcing the Louisiana Children’s Code.

Vision Statement

Become a court of excellence that effectively and efficiently hears and disposes of cases that are brought in the areas of abuse and neglect, adoption, child support, delinquency, juvenile traffic offenses, terminations of parental rights, voluntary transfers of custody, voluntary surrenders, and other miscellaneous matters.

*Increases in general fund appropriations are due to the City replacing the Court's prior use of one-time reserves to support court operations. Overall, spending levels at the Court remain comparable to prior year total spending.

- Reception, Resource and Skill Center: Administrative and further support to judges in achieving its constitutionally mandated functions. Includes the RRSC which uses evidence based program to assist the Judges in making sound decisions.
- Constitutionally Mandated Personnel: This offer reflects funding for constitutionally mandated personnel. Increased operational efficiency, including the implementation of an electronic document management system, will allow the court to process its workload at this reduced staffing level. This offer provides personnel needed to support the work of the judges in meeting their sworn oath to process Delinquency, Child in Need of Care, Families in Need of Services, Child Support, Traffic, and Adoption cases.

Municipal Court

Mission Statement

The mission of the Municipal Court is the fair and impartial administration of justice for alleged violators of the ordinances of the City of New Orleans and the criminal statutes of the State of Louisiana.

Vision Statement

The target of the Court is to timely and fairly process 100% of cases presented to it for adjudication and to expand its program initiatives relative to alternative sentencing.

*Increases in general fund appropriations are due to the City replacing the Court's prior use of one-time reserves to support court operations. Overall, spending levels at the Court remain comparable to prior year total spending.

**\$124,348 represents prior year expenditures from FEMA funds which are required to be included in the 2016 budget for audit closeout purposes. It does not represent additional available funding for projects in 2016. This funding is for roll forward extension of spending authority to enable reconciliation for FEMA PWs that have yet to be closed out for Hurricanes Katrina/Rita, Gustav, and Isaac. These funds have been appropriated in prior years.

- Municipal Court Core Services: New Orleans Municipal Court received approximately 75% of all criminal charges filed by the New Orleans Police Department and processes 100% of cases presented. As of 05/31/14 Municipal Court adjudicated 11,500 cases, which includes all Municipal Code violations and all stand-alone state misdemeanors.
- This budget allocates almost \$800,000 in additional general fund to Municipal Court, which will allow the Court to maintain current staffing which is needed to adequately and expeditiously process the Court's significant caseload. Municipal Court must administer justice efficiently and impartially; anything short of that would impair a defendant's right to due process under the United States Constitution.

Traffic Court

Mission Statement

Adjudicate violators of City of New Orleans traffic ordinances and state traffic laws.

Vision Statement

New Orleans Traffic Court processes and adjudicates traffic violations issued by the New Orleans Police Department and other policing authorities for violations of City ordinances and State law within the City of New Orleans. The implementation of recent technology upgrades will allow the Court to improve its overall efficiency, especially in the areas of customer service, case and record management, and collections.

Criminal District Court

Mission Statement

Interpret and uphold the law and constitutions of Louisiana and the United States, to maintain an orderly society, and to garner public trust and confidence by administering justice in a fair, impartial, timely, efficient, effective, and accessible manner.

The duties of Criminal District Court are described in the Louisiana Constitution, Article VII, Section 82:85, and in Louisiana Revised Statutes 13:1338 through 1343.

The goal of the Court is to prosecute all crimes, misdemeanors, and/or felonies as well as other offenses committed within the Parish of Orleans, in which jurisdiction is not vested in some other court.

Vision Statement

The vision of Criminal District Court is to be respected and supported in the community while ensuring effective collaboration and communication both internally and externally. Further, the Court seeks to demonstrate integrity, fairness, effectiveness, and accessibility to the public at large while providing sufficient and essential resources, inclusive of funding, facility, judges and staff along with programs and services. It is the focus and essence of this Court to commit to timely resolution of criminal trials that are fair and equitable for all.

- Care, Custody, and Control of Inmate Population: The Orleans Parish Sheriff's Office is responsible for the care, custody, and control of individuals incarcerated within Orleans Parish. The Sheriff feeds the inmates three meals per day; provides recreation, clothing, and transportation to and from court, medical services, rehabilitation, and education. The Office is also responsible for the booking and processing of individuals arrested within Orleans Parish. In addition, the Office provides building security for all the following: Municipal, Traffic, and 13 Criminal Courts with 3 deputies per court, building security for Criminal Court, First Parish Court, and Juvenile Court. The Office also transfers high-risk inmates to and from court.

City Funding

The Orleans Parish Sheriff's Office (OPSO) is currently operating under a federal Consent Decree that mandates all jail facilities be brought up to constitutional standards. The process for implementing the Consent Decree is overseen by the U.S. District Court for the District of Eastern Louisiana and a number of court-appointed monitors. Thus far, jail improvement has resulted in significant additional funding requirements for OPSO, with funding needs from taxpayers for FY2016 projected to be more than double FY2013.

The City is in ongoing litigation with OPSO regarding several aspects of managing and funding the jail system. Among the pending legal issues are the validity of a five-year \$83.5 million contract for inmate healthcare services with Correct Care Solutions; the Sheriff's right to take on non-local Department of Corrections inmates at the expense of Orleans Parish taxpayers; and the Sheriff's right to charge the City for the cost housing inmates outside of Orleans Parish unnecessarily. The outcome of these legal disputes could have a material impact on OPSO's FY2016 funding.

On May 2, 2015, voters approved a millage to broaden the use of OPSO's Law Enforcement District (LED) 2.9 mils of property tax to include operating as well as capital expenses. This measure will unlock up to an additional \$8.5 million for OPSO to use for operational expenses. The City has offered a proposal to relieve the LED of about \$25 million in obligations by using FEMA funds to complete certain authorized projects so that OPSO can utilize the full millage for operations.

- Clerk Administration: To establish policies and provide administrative functions for the constitutionally elective office of the Clerk of Criminal District Court. Administrative of all court services, conduct all Orleans Parish election functions as Ex-Officio Parish Custodian of Voting Machines.
- Clerk Pre-Court: Magistrate Clerks Maintains and monitors all case records. Prepares dockets, issue notices, respond to or send correspondences to incarcerated individuals, attorneys, courts or other local, state and federal agencies and the general public. Also maintain/monitor the scanning of all documents and provide information to the general public as requested.
- Clerk in Court: The In-Court Division consist of twelve (12) sections of court, (A -L), Motion Intake Department, Bond Forfeiture Department, Public Information Counter and a Expungement Department.
- Clerk Records Room: The Closed Records department has 10 million criminal court case files that are in paper format. The paper records are scanned into our data storage server, creating electronic images of all records processed for court proceedings. The scanned images provide better retrieval and access controls to the case files. The electronic images creates backup files, protects valuable archives, increases security for sensitive documents, protects against loss from deterioration or natural disasters
- Microfilm: Pre Hurricane Katrina, the Clerk's Office microfilmed all closed records and stored the film and the closed records in the basement of the court house. Post Hurricane Katrina, the Clerk's Office has been scanning all closed records and refusals onto a computer server and creating electronic images for each record. Over 7 million documents have been scanned into the online system.
- Polling Sites: The Clerk is the Custodian of Voting Machines. Upon completion of the precinct merger process the number voting precincts have been reduced from 366 to 352. Although, the precinct number has reduced it had minimal affect on the number of polling sites. The Clerk's office still maintains 123 Polling Locations. Presently the Clerk's office has a rooster of 1,587 Poll Commissioner. Displaced voters and long lines during statewide elections are still concerns of the Clerk's office.

Registrar of Voters

Mission Statement

The mission of the Registrar of Voters is to protect each person's basic right to vote by adhering to Title 18 of the Louisiana Revised Statutes, The Election Code. The Office endeavors to provide customer-friendly, professional, efficient, and effective service in the performance of our duties, which include the daily update of election records on the statewide election network, voter registration, the administration of absentee/mail-in and early voting, as well as other mandated elections-connected activities.

Vision Statement

To safeguard the vote and provide excellent public service using technologically smart election processes, serving as an election hub for the City, evolving into the election nexus for education/community outreach, while being compliant with election laws.

Funded	Registrar of Voters	Core Offer	General Fund	\$371,945	-	\$371,945
Total Recommended Funding Level				\$371,945	-	\$371,945

- Core Offer: Ongoing development and training of election staff, with access to mandated resources/equipment, safeguard election integrity, and foster program effectiveness and efficiency. The Registrar of Voters Office serves as a steadfast, dependable election information nexus for Orleans Parish. Our office, guided by the Election Code/Title 18, is responsible for the conduct of early/absentee voting, the daily input of election data onto the statewide computer network, community outreach, etc. We interact cooperatively with the citywide community/government officials regarding elections, work diligently to provide excellent/friendly public service, and strive to protect each citizen's right to vote.

GLOSSARY OF TERMS

Accrual Basis: The basis of accounting under which revenues and expenses are recognized when they occur, rather than when collected or paid.

Ad Valorem: Tax based on the Assessed Valuation of property. Also referred to as Property Taxes.

Appropriation: Legal authorization granted by City Council to make expenditures and incur obligations up to a specific dollar amount.

Assessed Valuation: Basis for determining property taxes. Assessor determines assessed valuation of real property by using a value percentage of the property's actual value. The percentage is determined by the State of Louisiana.

Balanced Budget: The City's budget is considered balanced when recurring revenue sources meet operating expenditures. By this definition, the 2015 budget is in balance.

Benchmark: A comparison of the service provided with cities providing a like service, a national standard, or an accepted best practice. Used as one element of performance measurement.

Bond: Written promise to pay a specified sum of money, called the face value or principal, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Budget: Plan of financial operation, embodying an estimate of proposed expenditures for a given time period and the proposed revenue estimates of financing them. Upon approval by Council, the budget appropriation ordinance is the legal basis for expenditures in the budget year.

Budgeting for Outcomes: A system driven by goals and performance, to provide information that compares budgeting, planning, and outputs/results.

Capital Outlay/Assets: Assets of significant value and having a useful life of several years. Capital assets are also referred to as fixed assets.

Capital Improvement Program: An annual, updated plan of capital expenditures for public facilities and infrastructure (buildings, streets, etc.), with estimated costs, sources of funding, and timing of work over a period of time.

Capital Project: Projects involving the purchase or construction of capital assets. Often a capital project encompasses the purchase of land and the construction of a building or facility, or major street construction or reconstruction. Design, engineering, or architectural fees are often a part of a capital project.

Capital Projects Fund: A fund created to account for financial resources and the payment of the acquisition or construction of capital assets such as public facilities, streets, etc.

Classified Employee: An authorized, budgeted position which is included in the City Pay Plan. Classified employees may be either full-time (1.0 FTE consisting of a 35 hour work week or equivalent) or part-time (0.5 FTE or greater, with a work week of a minimum of 20 and a maximum of 39 hours). These employees are covered by the City's Personnel Policies and Procedures Manual.

Contractual Services: Expenses that are usually incurred by entering into a formal agreement or contract with another party. Expenses included in this category can include utilities, insurance, repairs, professional fees or services.

Debt Service: Payment of principal and interest related to long-term debt.

Designated Fund Balance: That portion of a fund balance that has been set aside for a specific purpose by the City Council.

Enterprise Fund: A fund established to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Expenditures: Cost of goods received or services offered.

Fiscal Year: A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The City of New Orleans' fiscal year is January 1 through December 31.

Full-time Employee (FTE): The hourly equivalent of a full-time employee. An FTE can be made up of either one full-time employee or two or more part-time employees whose total hours equal 35 per week.

Fund: An accounting entity with revenues and expenditures which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance: The balance remaining in a fund after expenditures have been subtracted from revenues.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund provides a majority of City services to the residents of New Orleans.

General Obligation Bond: Bonds for which the full faith and credit of the issuing government are pledged for payment.

Grants: Contributions or gifts of cash or other assets from another government or agency to be used or expended for a specified purpose or activity.

Infrastructure: Facilities on which the continuance and growth of a community depend, such as streets, waterlines, etc.

Input Measure: The amount of resources invested, used or spent for services, products, or activities.

Intergovernmental Revenue: Revenue from other governments (i.e., County, State, Federal) in the form of grants, entitlements, or shared revenues.

Internal Service Fund: A fund used to account for the financing of services provided by one department to other departments of the City. Internal Service Funds are usually operated like a business.

Lapsing Appropriation: An appropriation made for a certain period of time, generally the budget year. At the end of the specified period, any unexpended or unencumbered balance lapses or ends, unless otherwise provided by law.

Lease-Purchase Agreements: Contractual agreements which are termed "leases" but which in substance amount to purchase contracts for equipment and machinery.

Management Statistic: A measure that is a workload indicator, or a measure of the amount of work that comes into an organization (such as the number of customers that come in for a service, or an outcome indicator influenced by factors outside the organization's control). Targets are not set for management statistics.

Mill Levy: Rate applied to Assessed Valuation of property to determine property taxes. A mill is 1/10th of a penny, or \$1.00 of tax for each \$1,000 of assessed valuation.

Modified Accrual Basis of Accounting – An accounting method used to recognize revenues in the accounting period in which they become available (collectible) and measurable (known); and to recognize expenditures in the accounting period when the liability is incurred regardless of when of when the receipt or payment of cash takes place. (An exception is un-matured interest on long-term debt, which should be recorded when it is due.) The City uses this basis of accounting for its budget and audited financial statements.

Ordinance: A formal legislative enactment by the Council. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the City.

Outcome Measure: A measure of changes in attitudes, behaviors, or conditions, with Citywide/Mayoral accountability.

Output Measure: The number of services, products, or activities produced or provided.

Par: The amount of principal that must be paid at maturity. The par value is also referred to as the "face amount" of a security.

Performance Measure: Measurements that reflect the service that is being provided and permit objective evaluation of the service program.

Personal Services: Salaries and compensated benefits for classified, unclassified, hourly, and seasonal employees.

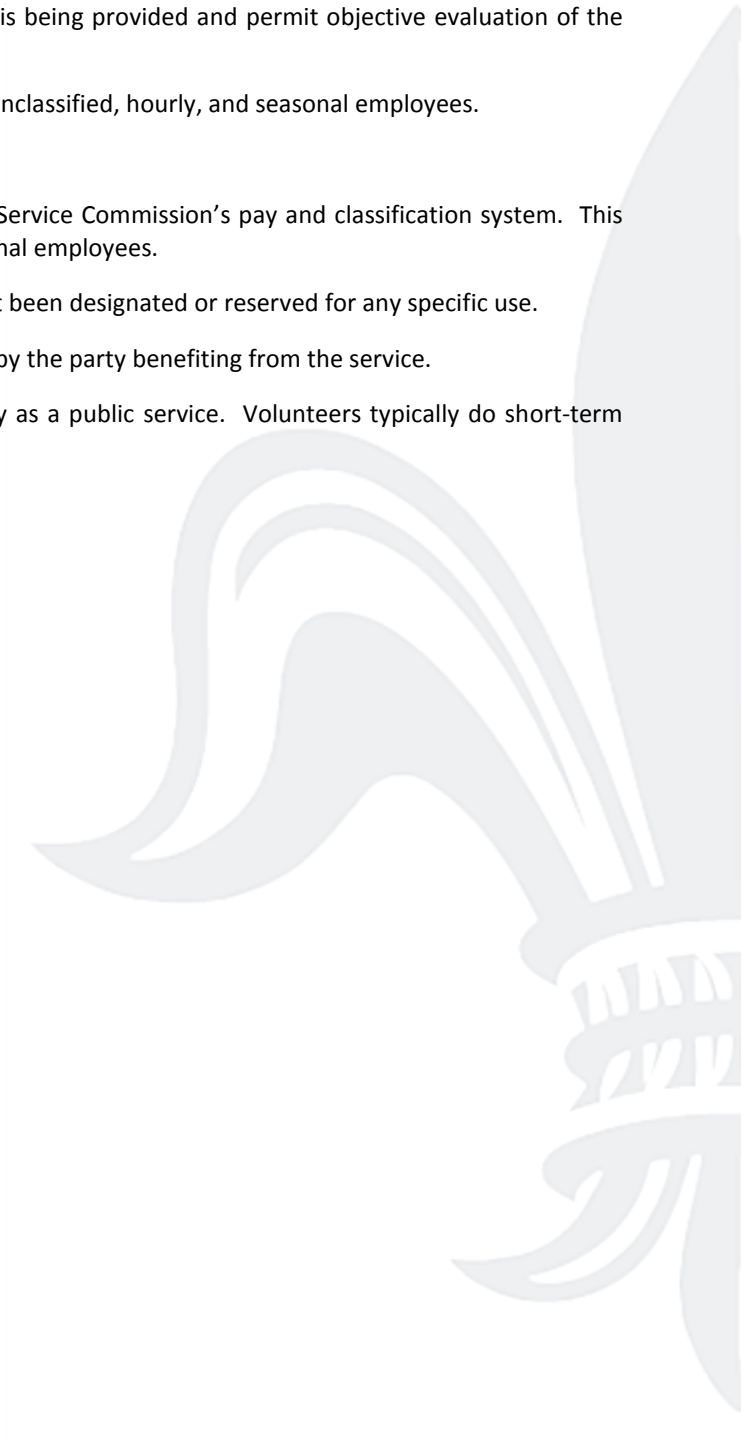

Result: The effect or outcome desired for the public.

Unclassified Employee: An employee who is not a part of the Civil Service Commission's pay and classification system. This includes either Unclassified Management Employees or Hourly/Seasonal employees.

Undesignated Fund Balance: A portion of a fund balance that has not been designated or reserved for any specific use.

User Fees: The payment of a fee for direct receipt of a public service by the party benefiting from the service.

Volunteer: An unpaid City worker who provides services to the City as a public service. Volunteers typically do short-term projects or donate a small number of hours a month.
