PLANNING & ZONING WORKING TOGETHER

Many people think that planning & zoning are the same – They are actually separate but related functions that work together in making development decisions.

Master Plan

- Foundation: Declaration of Goals for the City
- Policy
- Long-Term Vision
- Preferred Land Use
- Preferred Development Character

Zoning Ordinance

- Implementation of Goals/Plans
- Regulation
- Specific Expectations
- Specific Zoning Districts
- Specific Design Rules/Guidelines

OVERVIEW OF CZO PROCESS

Starting with the Master Plan process there was a recognition by the CPC that the City's CZO needed to be updated. It has been 40+ years since last update.

I. Create Zoning Policy during Master Plan process

- Analysis of current ordinance
- Public input on zoning concerns

II. Zoning approach as part of Master Plan

- Placemaking
- Sustainability

III. Community discussion of zoning needs

- Community specific zoning issues
- Problems with current ordinance

IV. Prepare Draft Ordinance

V. Draft Ordinance Review/Adoption

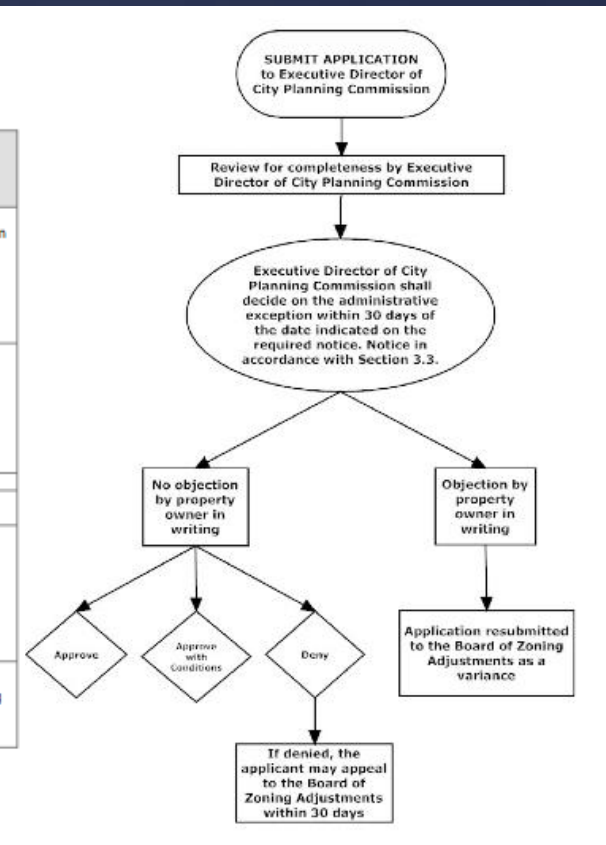

- Community discussion
- Ordinance refinement

ADMINISTRATIVE SUMMARY & FLOWCHARTS

Inclusion of summary table of administrative processes for ease and convenience, and flowcharts that include all application processes and for zoning requests.

ZONING DIRECTION – ZONING DISTRICTS

To create place-based zoning districts that reflect those unique ‘places’ identified in the Master Plan.

- Cumulative use structure eliminated
- Reduction in non-conformities
- Design controls to preserve neighborhood character
- New mixed use districts
- Commercial design standards
- CBD reflects current character, use and form
- Industrial districts reflect purpose (e.g. Marine, Medical Service, etc.)

ZONING DIRECTION – DEV' T STANDARDS

To create clear standards for sites and uses that allow flexibility, encourage development and protect adjacent uses from impacts.

- Updated accessory structure provisions
- Include provisions for renewable energy and green technologies
- Comprehensive landscape and stormwater management standards
- Updated parking and loading standards with flexibility
- Signs reflect scale of commercial areas

ZONING DIRECTION – NEW ZONING MAP

Specify which set of zoning district requirements apply to each lot in the City.

- New maps reflect the policies of the Master Plan
- New zoning districts are mapped to allow current desired land use patterns and lot development requirements to continue.
- Newly created districts generally fit local development conditions better than current zoning
- Some new districts are meant to encourage patterns of development

USE DISTRICTS – MIXED-USE

Provides for distinct areas to encourage investment in, and enhance the vitality of existing neighborhoods with mixed residential, commercial and industrial uses in close proximity and create expanded opportunities for new mixed-use communities.

MIXED-USE DISTRICTS

- M-MU Maritime Mixed-Use District
- HU-MU Historic Urban Neighborhood Mixed-Use District
- MU-1 Medium Intensity Mixed-Use District
- MU-2 High Intensity Mixed-Use District
- CBD-2 Mixed-Use District

ARTS & CULTURAL DISTRICTS

Accommodates a limited number of live entertainment uses, including small-scale live entertainment venues, in neighborhood business or mixed-use districts compatible with adjacent residential areas.

ARTS AND CULTURE OVERLAY DISTRICTS

- Frenchmen Street (between Royal & Esplanade)
- Freret Street (between Napoleon & Jefferson)
- St. Bernard Ave. (between N. Rampart & N. Claiborne)
- St. Claude Avenue (between Press & Poland)
- Newton Street (Newton & Teche Corridors)

In addition to those uses allowed in the base zoning district, development in the overlay district may also include art galleries, cultural facilities, live entertainment venues, restaurants, and amusement facilities.

ARTICLE 3 – ADMINISTRATIVE PROCEDURES NEIGHBORHOOD PARTICIPATION PROGRAM

Draft CZO includes provisions for Neighborhood Participation Program (NPP) for each of the following requests:

- Conditional uses
- Planned developments
- Variances (except single- and two-family)
- Zoning Map changes

Requires pre-application meetings; expansion of the notification area from the block face to 300/600 foot radius, early release of staff reports and electronic sign up for e-mail notification.

ARTICLE 4 - APPLICATIONS & APPROVALS

DESIGN REVIEW PROCESS

Design review is intended to promote quality development and to streamline review process for significant projects,

- Establishes a Design Review Committee as a design-oriented arm of the Planning Commission to forward recommendations forwarded to CPC with site plan review.
- Significant projects include the following:
 - * Developments over 40,000 sf (citywide)
 - * Development in identified corridors and intersections:
 - * Those with 100' + lot frontage
 - * Those with 7 + Multi-family units
- Ties advisory design review recommendations to overlay districts established in Article 18

ARTICLE 4 - APPLICATIONS & APPROVALS

DESIGN REVIEW

To balance streamlining of the development process and ensuring that projects with significant impacts on the urban design and aesthetic character of the city receive appropriate scrutiny.

Design review corridors include:

- Mississippi Riverfront (e.g., Elysian Fields to IHNC)
- Character Preservation Corridors (e.g., Magazine St.)
- Enhancement Corridors (e.g., Broad St., Carrollton Ave.)
- Transformation Corridors (e.g., Read, General DeGaulle)

Design review is intended to ensure that new development is compatible in scale, materials, and context - and reinforces established place-based zoning goals and objectives.

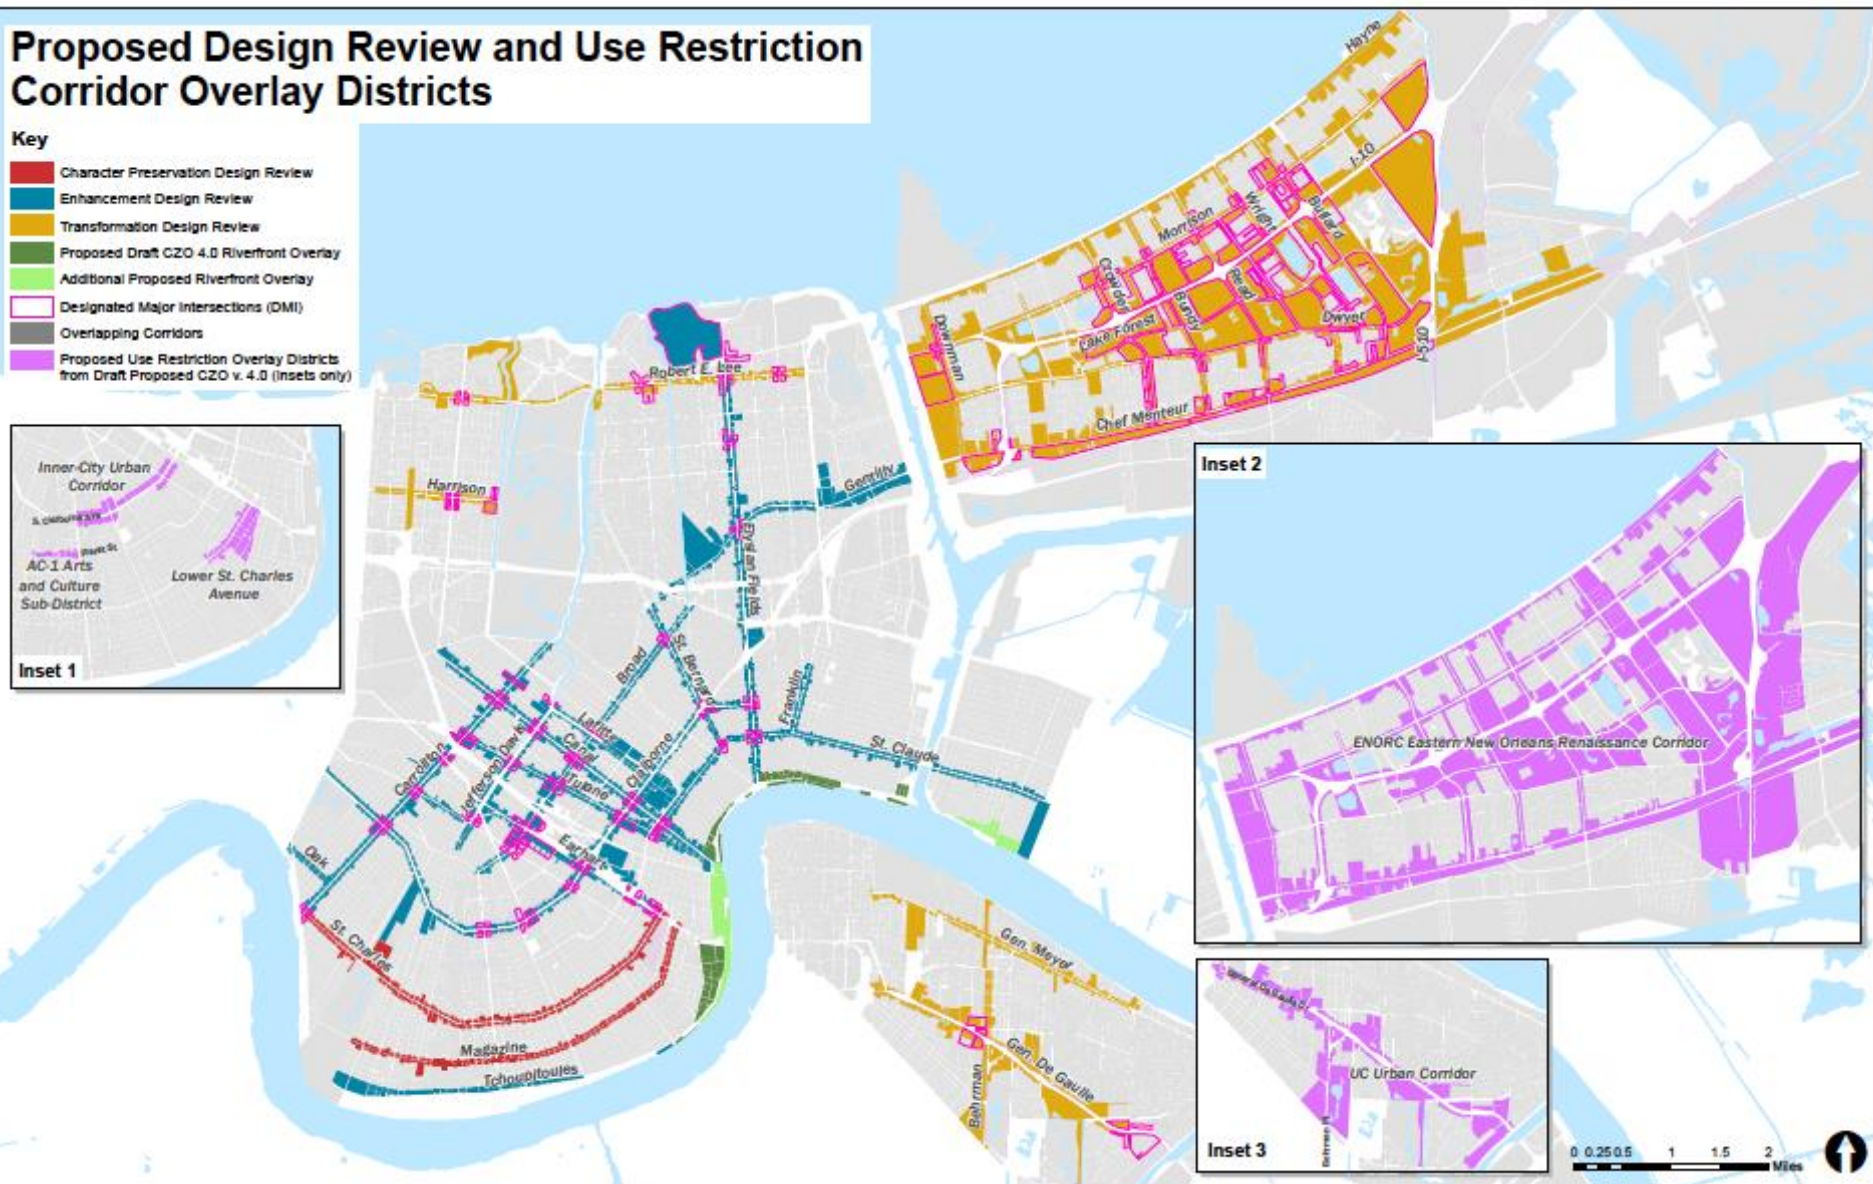

Proposed Design Review and Use Restriction Corridor Overlay Districts

PARKING – VEHICLE/BICYCLE/LOADING

Provides parking standards reflect “on the ground” realities of historic and non-historic areas.

- Flexibilities & alternatives:
 - Shared parking arrangements
 - Exemptions
 - Adaptive reuse flexibilities
 - Counting of on-street spaces
 - Cross-access servitudes
 - Fee-in-lieu
 - Land-banked parking
- Updated parking requirements per use
- Updated loading requirements
- New bike parking requirements
- Parking design standards
- Limitations on driveways & curb cuts

LANDSCAPING/STORMWATER MANAGEMENT

Provides the standards to enhance the aesthetic appearance of development and to meet practical and mandated stormwater management requirements.

- Developments over 10,000 sf of impermeable surface required to submit separate landscape and stormwater management plans
- Flexibility and encouragement of plant material and landscaping that emphasizes stormwater management
- Increased requirements for on-site water retention and water quality improvements
