Re: Smart Housing Mix Study

Dear Bob,

We received your request for an extension to complete the Smart Housing Mix Study, outlined in City Council Motion (M-16-490). This motion was dated October 20, 2016 and gave the City Planning Commission 90 days to complete the study. We understand that it will be impossible for the study to be properly finished by the deadline laid forth in the motion. A complete and thorough study of the topic is essential to examine this potential policy and further housing equity in New Orleans.

Considering the importance and depth of this issue, we will accept the report later than originally outlined. Please transmit the study to the council no later than February 24<sup>th</sup>, 2017.

Please provide the appropriate public notice of this change and the updated timeline going forward. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to be "JR Williams".
