

Health Department Menu Attestation Form

Effective January 1st, 2023, the Healthy Kids Meal Beverage Ordinance passed by the New Orleans City Council requires that the default beverage sold with children's meals must be the following:

1. **Water** (unflavored, unsweetened, uncarbonated)
2. **Milk** (plain, pasteurized cow's milk with no added caloric sweeteners, low-calorie sweeteners, or flavorings), nonfat or one (1) percent milk, or non-dairy milk alternatives containing no more than 130 calories per container and/or serving.
3. **100% fruit juice**, 6.75 oz or less

Per Chapter 82, Article XIII of the City Code, all restaurants providing a children's menu require the approval of the New Orleans Health Department. Please send the proposed children's menu to the New Orleans Health Department by emailing Jahana.Deadmon@nola.gov.

If your restaurant will not provide a children's menu, please complete this attestation, and upload it with your One Stop application to indicate such. **Applications will not be approved until the Health Department has received and approved a children's menu or a signed attestation has been submitted.**

For more information, please use this link: <https://nola.gov/health-department/health-policy/>

This attestation certifies that _____ **WILL NOT** have a children's menu.
