

CITY OF NEW ORLEANS

2013 Budget Proposal

October 29th, 2012

2013 Budget Presentation

- **Background**

- **Performance Management/Review of Improvements**

- **2013 Budget Proposal**

Funding Cuts at the State and Federal level are posing significant budgeting challenges for municipalities across the U.S.

- Nearly 48% of cities plan to reduce workforce this year
- Los Angeles predicts over 200 City jobs will be eliminated due to budgetary challenges
- San Bernardino closing all but one library and reducing 100 jobs including Police and Fire positions
- The State of Louisiana is not meeting its obligation to fund District Attorney, Indigent Defender, or mental health

***We must continue to take action to be smart
about how we get smaller***

The Landrieu Administration addressed an inherited \$97M spending gap

Budget Comparison

Note: One-time revenue sources not included in chart

First step to eliminating gap was to reverse the spending trend

Annual Expenses

Second step was to reduce the reliance on one-time monies to balance the budget

Annual Revenue

We are now living within our means

Historical Expense vs. Revenue

2013 Actual Expenditure line does not include \$13.4M appropriation to fund balance as that is not an expenditure on operations. Including fund balance contribution, City is proposing a budget of \$491.4M in 2013.

We have eliminated excess spending and have a plan to build reserves

In 2012 we used a rigorous, cross-team approach to address revenue and spending variances

- Revenue forecast declined by over \$14M in March and June RECs for 2012
 - Entergy – Lower natural gas prices reduced franchise fee and utility tax by \$6.3M
 - Traffic Safety – Policy changes reduced forecast by \$3.7M
 - Sales Tax – Lower 2011 audited revenues reduced forecast by \$3.8M, though strong performance in 2012 revenues added \$0.5M back
- Adjustments in 2012 to address revenue forecast decline
 - Debt service of \$8.3M not required due to late 2011 refunding
 - 3.8% holdback from department budgets totaled \$5.2M
 - Debt service of \$4.1M in late 2012 not required due to Oct 2012 refinancing
