

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.1

### TITLE: LAW ENFORCEMENT AUTHORITY

**EFFECTIVE: 07/30/2017**

**REVISED: Replaces Policy 100**

---

#### PURPOSE

New Orleans Police officers are granted the authority to perform their function based on established legal authority. The New Orleans Police Department does not tolerate abuse of law enforcement authority.

#### POLICY STATEMENT

1. The authority of a commissioned New Orleans Police Officer derives from the Home Rule Charter and the Code and Ordinances of the City of New Orleans. The Home Rule Charter and all City codes can be found at [www.municode.com](http://www.municode.com).
2. The authority of a New Orleans police officer extends to the geographic limits of the City of New Orleans. The scope of a New Orleans police officer's duty to preserve the peace within the jurisdiction is set by statutory authority.
3. Commissioned members of the New Orleans Police Department are entitled to exercise the authority of a "peace officer" pursuant to the requirements of La. R.S. 40:2405.
4. Law enforcement agencies other than the NOPD operating within the geographic limits of the City of New Orleans may exercise only the specific authority granted to them by law or pursuant to a grant of authority by the Superintendent of Police as authorized by law.
5. The New Orleans Police Department has the authority to investigate all state and municipal criminal offenses occurring within the City of New Orleans. The Superintendent of Police may agree, as set forth herein, that another agency with jurisdiction will take the lead in the investigation.
6. A federal law enforcement agency or the Louisiana State Police will be the lead investigative agency with respect to a use of force involving one of their officers who is on-duty or who is working an approved law enforcement secondary employment detail at the time of the use of force. The Louisiana State Police also will be the lead investigative agency for officer-involved shootings involving security personnel or officers of the Louisiana Alcohol and Tobacco Commission (ATC), the Louisiana State Fire Marshal's Office, Louisiana Probation and Parole, and the Louisiana Department of Corrections pursuant to the Louisiana State Police's agreements with those agencies. In all other

cases, NOPD shall investigate uses of force by a law enforcement officer in accordance with this Chapter.

7. Except as set forth in paragraph 6 above, NOPD's Force Investigation Team (PIB-FIT) shall investigate all Level 4 uses of force (see: **Chapter 1.3 – Use of Force**) by a law enforcement officer within the City of New Orleans who is on-duty or working approved law enforcement secondary employment. Memoranda of Understanding with partner agencies provide guidance on how these investigations will be conducted, including what the partner agency shall do in advance of the arrival of the Force Investigation Team.
8. Except as set forth in paragraph 6 above, or as directed by PIB, NOPD district supervisors shall investigate all Level 1-3 uses of force by a law enforcement officer within the City of New Orleans who is on-duty or working approved law enforcement secondary employment when there is reasonable suspicion to believe the use of force constitutes a criminal offense.
9. If requested, NOPD will support investigations conducted by other law enforcement agencies pursuant to specific authority granted to such other agencies at the direction of the Superintendent of Police or pursuant to an existing MOU or CEA.
10. Should questions of jurisdiction or authority arise during the course of any incident response or on-scene investigation involving NOPD and another law enforcement agency, the on-scene supervisor shall immediately contact his/her bureau chief for clarification and direction.

#### **DEFINITIONS:**

Definitions relevant to this Chapter include:

**Concurrent jurisdiction**—For the purposes of law enforcement action, concurrent jurisdiction exists where more than one law enforcement agency has the authority to take action. Authority to act may be created or controlled through municipal, state, and federal laws, memoranda of understanding, or cooperative endeavor agreements between law enforcement agencies. See **Appendix A - Agencies with Exclusive or Concurrent Jurisdiction**.

**Exclusive jurisdiction**—For the purposes of law enforcement action, exclusive jurisdiction exists where one law enforcement agency has the authority to take action to the exclusion of all other agencies. Certain lands / properties fall within the exclusive jurisdiction of the United States. On these lands federal criminal law applies to the exclusion of state law. See **Appendix A - Agencies with Exclusive or Concurrent Jurisdiction**.

**Federal Protective Service (FPS)**—An agency of the Department of Homeland Security (DHS) designated to protect federal facilities, their occupants, and visitors by providing law enforcement and protective security services.

**Force Investigation Team (FIT)**—The NOPD unit tasked with conducting investigations of serious uses of force; uses of force indicating apparent criminal conduct by an officer; uses of force by NOPD personnel of a rank higher than sergeant; and uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or PIB. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD.

**Member**—An individual who works for the NOPD. This includes volunteers and Reserve Officers while “on-duty” and performing functions under the auspices of the NOPD.

**Peace officer, police officer or law enforcement officer**—A commissioned member of a law enforcement agency with the legal authority within his/her jurisdiction, to enforce the laws of the State of Louisiana, his/her municipality, or parish (See La. R.S. 40:2402).

**Proprietary jurisdiction**—The United States may acquire or own property without accepting any special criminal jurisdiction over it. In this situation the United States simply retains proprietary jurisdiction (ownership) over the property. The government is only acting as the owner of the property, and the appropriate law enforcement agency at the state or local level handles any offenses occurring on the property. For purposes of this Chapter, proprietary jurisdiction is treated the same as concurrent jurisdiction.

**Public Integrity Bureau (PIB)**—The NOPD bureau that is primarily responsible for ensuring a fair and consistent disciplinary process that includes the coordination and supervision of every disciplinary investigation involving an NOPD employee and the assignment, investigation, and processing of every complaint. PIB reports directly to the Superintendent of Police, and is commanded by a civilian Deputy Superintendent of Police. PIB consists of the following: Intake Section, Criminal Investigations Section, Administrative Investigations Section, FIT (Firearms Investigation Team), Special Investigations Section, Staff Programs, and Special Projects Section. PIB also administers the Professional Performance Enhancement Program (PPEP).

**Vessel**—Includes every description of watercraft or other contrivance used or capable of being used as a means of transportation on water, whether self-propelled or otherwise, including barges.

#### **AUTHORITY WITHIN JURISDICTION**

11. The arrest authority of a commissioned New Orleans Police officer within the jurisdiction of the City of New Orleans includes:
  - (a) Authority to arrest when the officer is in compliance with an arrest warrant (C. Cr. P. 204).
  - (b) Authority to arrest when an offense has been committed in the officer's presence (C. Cr. P. 213(1)). If the arrest is for a misdemeanor, it must be made immediately or on close pursuit.
  - (c) Authority to arrest when the person to be arrested has committed a felony, although not in the presence of the officer (C. Cr. P. 213(2)).
  - (d) Authority to arrest when the officer has reasonable cause to believe that the person to be arrested has committed an offense, although not in the presence of the officer (C. Cr. P. 213(3)).
  - (e) Authority to arrest when the officer has received positive and reliable information that a peace officer from this state, another state, or the United States holds an arrest warrant for a felony offense (see: C. Cr. P. 213(4)).
12. Officers of law enforcement agencies with concurrent jurisdiction have arrest authority as authorized by law.

#### **AUTHORITY OUTSIDE OF JURISDICTION**

13. The authority of a peace officer extends to any place in the state of Louisiana, as follows:
  - (a) When the officer is in close pursuit of the person to be arrested (C. Cr. P. 204; C. Cr. P. 213).
  - (b) When the officer is responding to a mutual aid request in another jurisdiction pursuant to La. R.S. 33:2337.

**INTERSTATE PEACE OFFICER AUTHORITY**

14. Peace officer authority may extend to other states:
  - (a) As applicable under interstate compacts and memoranda of understanding in compliance with the laws of each respective state.
  - (b) When an officer enters another state in close pursuit of a felony subject or a fugitive from justice (Ark. Code § 16-81-401 et seq.; Tex. Code Crim. Pro. Art.14.051; in compliance with existing Mississippi-Louisiana reciprocity agreements pursuant to Miss. Code Ann. § 45-1-37).
15. Any peace officer of another state who enters and continues in Louisiana in close pursuit of a person who is reasonably believed to have committed a felony has the same authority to arrest and hold the person in custody as a peace officer of Louisiana (C. Cr. P. 231).

**EMERGENCY POLICE OFFICERS**

16. In the case of riot, general conflagration, flood, or similar grave emergency, the Mayor may authorize the Superintendent of Police to appoint “emergency police” (La. R.S. 33:2337 and Home Rule Charter – City of New Orleans Article IV. Chapter 5, Section 4 – 502).
17. Such appointments shall not exceed 30 days without the express authorization of the Mayor and a 2/3 vote of the City Council (Home Rule Charter – City of New Orleans Article IV. Chapter 5, Section 4 – 502.1.a).
18. “Emergency police” shall have such powers as may be vested in them by the Superintendent of Police and are subject to the policies, rules and regulations that govern regular NOPD officers.
19. Officers who have retired in good standing from the NOPD and maintained their Louisiana Commission on Law Enforcement and Administration of Criminal Justice Retired Officer firearms qualification may be granted authority to serve as “emergency police” during a declared state of emergency and within a declared emergency zone.
20. An “emergency police” officer must successfully qualify with the authorized NOPD duty weapon as soon as possible with a firearms instructor certified by the Louisiana Peace Officer Standards and Training Council (POST).
21. Nothing in this Chapter prohibits the Superintendent of Police from exercising his/her authority to deputize persons not members of the NOPD as “special officers” under the provisions of Home Rule Charter – City of New Orleans Article IV. Chapter 5, Section 4 – 502.2. The Superintendent shall prescribe the rules and regulations governing the exercise of police power by persons so deputized and may suspend or cancel the deputization in the Superintendent’s discretion (Home Rule Charter – City of New Orleans Article IV. Chapter 5, Section 4 – 502.2).

**GRANTS OF JURISDICTION OR AUTHORITY WITHIN THE CITY OF NEW ORLEANS**

22. Parishes, municipalities, harbor districts and terminal districts are authorized to make agreements to act jointly in activities involving police protection (see: La. R.S. 33:1324).
23. A memorandum of understanding (MOU), cooperative endeavor agreement (CEA), Special Officer’s Commission, or the express grant of authority by the Superintendent of

Police during emergencies or special events such as Mardi Gras may confer specific authority to another law enforcement agency and its commissioned officers within the City of New Orleans for the duration of the emergency or event.

24. Nothing within the Chapter shall limit the authority of the Superintendent of Police to either request or provide mutual aid to another law enforcement agency under the provisions of La. R.S. 33:2337.

### **HARBOR POLICE**

25. The New Orleans Police Department and the Harbor Police Department have concurrent jurisdiction on property under the jurisdiction of the Port of New Orleans Board of Commissioners (La. R.S. 34:26).
26. Special considerations when working with the Port of New Orleans, Harbor Police, and vessels include:
  - (a) The vessel's captain, or any other person in command of a vessel, is responsible for violations of the city code or state law while the vessel is located within the limits of the City of New Orleans.
  - (b) Normally, complaints involving nuisances, such as ships "blowing tubes" (cleaning debris from inside their smokestacks by release of steam), discharging fuel oil, etc., will be investigated by the Harbor Police Department. Members of the New Orleans Police Department have concurrent jurisdiction and may be contacted to assist in the investigation.
  - (c) An engineering officer in charge of a vessel's boiler or propulsion plant shall not be arrested or removed from a ship until the boiler plant is completely shut down.
  - (d) A deck officer in charge of a vessel shall not be arrested or removed from a vessel until he/she is relieved of duty by a qualified member of the vessel's crew.
  - (e) An investigating officer shall be informed about the identity of individuals responsible for a violation of either state or city law by the port captain or port engineer of the vessel's company prior to making an arrest.

### **ORLEANS LEVEE DISTRICT AND LAKE FRONT AIRPORT**

27. The New Orleans Police Department and the Orleans Levee District Police have concurrent jurisdiction in areas controlled and protected by the Southeast Louisiana Flood Protection Authority.
28. New Orleans Police Department members will respond to emergency requests for assistance from the Orleans Levee District Police. Non-emergency requests for assistance will be approved by the District Platoon shift supervisor before NOPD officers are dispatched.
29. Personnel responding to a call for service at the Lake Front Airport shall enter the main entrance located in front of the Administration Building and rendezvous with or await the arrival of Orleans Levee District personnel. Responding units will be escorted by Orleans Levee District personnel to the scene of an incident.
30. New Orleans Police Department units shall not drive on airport tarmacs, runways, taxiways, or other areas normally used by aircraft without being escorted by Orleans Levee District personnel.

31. Nothing in this section shall prevent a commissioned member of the New Orleans Police Department from exercising his/her duty to enforce laws and conduct investigations on property under the control of the Orleans Levee District.

#### **UNIVERSITY OR COLLEGE POLICE**

32. The authority of university or college police officers is governed by **Louisiana R.S. 17:1805**. Agreements between universities or colleges and the New Orleans Police Department shall be reflected in an MOU or CEA between the university or college and the Superintendent of Police.
33. The New Orleans Police Department and the state supported or private colleges and universities having all or part of their campuses in the City of New Orleans have concurrent jurisdiction in those areas controlled and protected by the universities and colleges.
34. New Orleans Police Department members will respond to emergency requests for assistance from university or college police officers. Non-emergency requests for assistance will be approved by the district platoon shift supervisor before NOPD officers are dispatched.
35. Nothing in this section shall prevent a commissioned member of the New Orleans Police Department from exercising his/her duty to enforce laws and conduct investigations on property under the control of the universities and colleges within Orleans Parish.

#### **FEDERAL PROPERTY WITHIN THE CITY OF NEW ORLEANS**

36. The Federal Protective Service (FPS) and the New Orleans Police Department have an agreement for NOPD to respond to all emergency calls for service at the locations listed in **Appendix B - Facilities Covered by DHS and Other Federal Agencies**.
37. The Federal Protective Service will act as the "point of contact" to coordinate response for these locations and contact the appropriate federal agency for follow up. The FPS can be reached at 877-437-7411.
38. Police department personnel shall respond to a call for service and are authorized to make an arrest at the locations listed in **Appendix B - Facilities Covered by DHS and Other Federal Agencies**.
39. Any NOPD law enforcement actions involving locations listed in **Appendix B - Facilities Covered by DHS and Other Federal Agencies** shall be reported to the member's supervisor as soon as practicable.

#### **U.S. MILITARY JURISDICTION WITHIN THE CITY OF NEW ORLEANS**

40. Military law enforcement agencies may exercise jurisdiction in incidents involving military personnel, installations, or property.
41. Any NOPD law enforcement actions involving U.S. military personnel shall be reported to the member's supervisor as soon as practicable.

## **APPENDIX A – Agencies with Exclusive or Concurrent Jurisdiction in the City of New Orleans**

Agencies with exclusive or concurrent jurisdiction include but are not limited to:

### *Exclusive Jurisdiction*

- **Federal law enforcement agencies** (DHS, FBI, DEA, ICE, BATF, etc.) may exercise exclusive jurisdiction over violations of federal laws and violations on Federal property (see **Appendix B - Facilities Covered by DHS and Other Federal Agencies**).

### *Concurrent Jurisdiction*

- The **Harbor Police** have peace officer powers in the area under the jurisdiction of the Board of Commissioners for the Port of New Orleans (La. Rev. Stat. 34:26).
- The **Levee Police** are commissioned as peace officers by the Department of Public Safety and Corrections and police the levee district (La. Rev. Stat. 38:326). They are responsible for maintaining order and exercising general police power on and off the levees, within the area of the levee district or levee and drainage district, and upon its surrounding waters.
- **University or college police** officers are responsible for maintaining general order and exercising police power on the campus of each respective college or university. “While in or out of uniform, these police officers shall have the right to carry concealed weapons and to exercise the power of arrest when discharging their duties on their respective campuses and on all streets, roads, and rights-of-way to the extent they are within or contiguous to the perimeter of such campuses. In the discharge of their duties on campus and while in hot pursuit on or off the campus, each university or college police officer may exercise the power of arrest” (La. Rev. Stat. 17:1805(A)(1) and (3)). Pursuant to La. Rev. Stat. 1705(D)(1)-(6), and “upon authorization by the chief administrative officer of the educational institution,” “college or university police officers of the Agencies shall have authority to discharge their duties off campus: (1) if engaging in intelligence gathering activity; (2) when investigating a crime committed on campus; (3) when transporting prisoners in furtherance of his or her duties as set forth in the statute; (4) when transporting money, securities, or other valuables on behalf of the college or university; (5) while providing security or protective services for visiting dignitaries to the college or university both on and off the campus; or (6) if specifically requested by the chief law enforcement officer of the parish or city.”
- The **Louisiana State Police** Service is established under the Louisiana Constitution Art.10, Section 41 and includes all regularly commissioned, full-time law enforcement officers with full state police powers employed by the office of the state police within the Department of Public Safety and Corrections. The Louisiana State Police is the state police department of Louisiana, which has jurisdiction anywhere in the state. It was created to protect the lives, property and constitutional rights of people in Louisiana.
- The **Orleans Parish Sheriff’s Office** is established under the Louisiana Constitution Art. 5, Section 27.

**APPENDIX B – Facilities Covered by DHS and Other Federal Agencies**

NOPD will respond to emergency calls for service at the below locations and make arrests if necessary.

**Facilities covered by DHS**

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.1.1

### TITLE: OATH OF OFFICE

**EFFECTIVE: 10/22/2017**

**REVISED: Replaces Policy 104**

---

#### PURPOSE

Commissioned members are sworn to uphold the federal and state constitutions and to enforce federal, state, and local laws.

#### OATH OF OFFICE

1. No person shall be employed by the New Orleans Police Department or perform any duties as a commissioned volunteer (Reserve Officer) unless and until he/she files the following written statement with the City (R.S. 42:52; R.S. 42:53):

I, (***member's name***), do solemnly swear (or affirm) that I will support the Constitution and laws of the United States; the Constitution and laws of this State and the Charter and Ordinances of this City; and I will faithfully and impartially discharge and perform all the duties incumbent upon me as (***job title***), according to the best of my ability and understanding. So help me God. **(The last sentence ("So help me God.") may be omitted if the person taking the oath has a political, ideological, personal, or legal reason to affirm rather than swear.)**

2. A member may be temporarily employed for up to 15 days. If the above statement is not filed with the Department by the 15th day, the person must be discharged (**R.S. 42:52 Oath or affirmation; form**).
3. The original, signed oath shall be maintained in the member's personnel jacket.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.1.2

### TITLE: LAW ENFORCEMENT CREDENTIALS AND CERTIFICATIONS

**EFFECTIVE: 10/22/2017**

**REVISED: 11/11/2018**

---

#### PURPOSE

New Orleans Police officers are trained, certified and credentialed under the authority of the Superintendent of Police. When commissioned members of the Department are separated from service or employment with the NOPD under less than honorable circumstances, his/her credentials and certifications as a law enforcement or peace officer will be revoked.

#### POLICY STATEMENT

1. The credentialing and certification of a commissioned member of the New Orleans Police Department derives from authority granted to the Superintendent of Police by the Home Rule Charter, and the Code and Ordinances of the City of New Orleans.
2. The Superintendent of Police has the authority to limit or revoke a commissioned member's authority and credentials for cause.
3. The Louisiana Commission of Law Enforcement and Administration of Criminal Justice / Peace Officer Standards and Training Council is the certifying agency for the State of Louisiana and has the sole authority for final determinations concerning the revocation of POST peace officer certifications.

#### DEFINITIONS

**Credentials**—An identification card, document or certified document showing a law enforcement officer's legal right to exercise official power or authority. Credentials are a visual representation of a law enforcement officer's legal authority.

**Certification**—Official approval from a legal authority to perform acts or exercise a right legally. A certification is a visual representation of a law enforcement officer's adherence to a set legal training standard.

**Commission**—A document issued by a legal authority granting an individual a particular position or rank as well as the legal authority to enforce laws and make arrests.

**GENERAL PROVISIONS**

4. Members of the New Orleans Police Department who have been separated from service or employment with the NOPD under less than honorable circumstances shall have his/her commission (active or retired) revoked by the Superintendent and a notice sent to the Louisiana Council on Peace Officer Standards and Training recommending the revocation of his/her Louisiana P.O.S.T. certification (see also: **R.S. 40:2405 (J)**). The Superintendent's Office shall submit this notice within 30 business days of the final determination of less than honorable separation as defined by this Chapter.
5. Separated from service or employment with the NOPD (includes full-time, part-time and reserve commissioned members) under less than honorable circumstances includes:
  - (a) A conviction of malfeasance of office.
  - (b) A conviction of an offense which results in the individual officer's restriction of his/her constitutional right to bear arms. (For purposes of this provision, any offense which results in the restriction of an individual officer's access to/use of firearms qualifies.)
  - (c) Involuntary termination for disciplinary reasons involving an adjudication of civil rights violations where the officer has exhausted all administrative remedies.
  - (d) The officer has been convicted of a misdemeanor involving the crime of domestic abuse battery (R.S. 14:35.3) or a felony in any court of the United States.
  - (e) A judicial disposition in a criminal case which results in revocation of certification.
  - (f) Conviction of an offense greater than a misdemeanor under state law.
  - (g) Resigned or retired under investigation for an offense greater than a misdemeanor under state law.
6. Members of the New Orleans Police Department who have been separated from service or employment with the NOPD under other circumstances that raise serious concerns (e.g., for bribery or dishonesty) may have his/her commission (active or retired) revoked by the Superintendent and a notice sent to the Louisiana Council on Peace Officer Standards and Training recommending the revocation of his/her Louisiana P.O.S.T. certification at the Superintendent's discretion. The Superintendent's Office will submit notice to the former member of any such discretionary referral within 30 business days of the final determination of separation.
7. The intent to revoke a commission or law enforcement certification (including POST) of a former commissioned member shall be communicated, in writing, to the member's last known address of record.
8. Commissioned members who resign or retire under investigation under circumstances that would allow for the commissions and certification(s) to be revoked shall receive notification of the information, known at the time, communicated to POST with a request for revocation.
9. All records, reports and correspondence associated with cases involving the application of this Chapter shall be maintained in a separate file in the Public Integrity Bureau after the final determination of action by the Superintendent and the Louisiana Commission of Law Enforcement and Administration of Criminal Justice / Peace Officer Standards and Training Council.
10. Only notations of final determinations of revocation of credentials, commission and certification(s) shall be noted on the member's personnel and disciplinary record. The record shall be maintained for at least five years after the revocation.

11. The Superintendent's exercise of discretionary authority under this Chapter does not create any rights, privileges or causes of action for redress not already granted by law.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2

### TITLE: DISCLOSURE OBLIGATIONS

**EFFECTIVE: 06/27/2021**

**REVISED: New Chapter**

---

#### PURPOSE

The purpose of this policy is to provide members with the information necessary to properly fulfill the reporting and testimonial disclosure obligations.

#### POLICY

1. It is the policy of the New Orleans Police Department (NOPD) to follow disclosure requirements concerning exculpatory or favorable evidence and evidence impacting the credibility of government witnesses consistent with the law. This policy is intended to ensure timely disclosure of exculpatory and impeachment information so as to ensure that trials are fair, and to ensure that prosecutors receive sufficient information to meet their disclosure obligations relating to the guilt or innocence of the defendant and the credibility of witnesses for the prosecution.
2. Adherence to NOPD policy and rules in all matters is imperative. Breaches of such rules and policies related specifically to honesty and veracity may have direct bearing on a member's ability to continue serving as a law enforcement officer.

#### DEFINITIONS

**A-Case Officer**—A commissioned member of the NOPD assigned to a District or Division of the Field Operations Bureau who is responsible for ensuring that a complete investigative case file is compiled and presented for all adult State arrests made by officers assigned to that District / Division.

**Brady Disclosure** - The *Brady* decision (*Brady v. Maryland, 373 U.S. 83 (1963)*) and subsequent rulings recognize the duty of all law enforcement agencies to identify and provide to the prosecution any exculpatory evidence and material that would have a reasonable probability of altering the results in a trial, or any material that could reasonably mitigate the sentencing of a defendant and any material relevant to the credibility of government witnesses, including, but not limited to police officers. [Case related.]

**Disciplinary History** - all disciplinary investigations, initiated by public complaint or internal by a supervisor or member, in which the officer is an accused member, regardless of the disposition of each allegation.

**Giglio Disclosure** - The *Giglio* decision (***Giglio v. U.S.*, 405 U.S. 150 (1972)**) and subsequent rulings recognize the duty of all law enforcement agencies to identify and provide to the prosecution any material relevant to the credibility of government witnesses, including but not limited to, police officers. [Witness related.]

**Duty to Disclose** - The affirmative constitutional duty of the police to notify the prosecutor of any exculpatory evidence and *Brady* or *Giglio* material. *U.S. v. Agurs*, 427, U.S. 97 (1976). This is an ongoing duty, requiring NOPD make prosecutors aware of any additional potential impeachment or exculpatory information that arises after specific request from prosecutors or during the pendency of the specific criminal case or investigation to which the additional information relates.

**Exculpatory Evidence** - Evidence that is favorable to the accused or is material to the guilt, innocence, or punishment of the accused.

**Giglio Material** - Evidence that may impact the credibility of a government witness, including a police officer. Impeachment material is included in the *Giglio* disclosure requirements.

**Impeachment material** - testimony about the witness's reputation for having a character for truthfulness or untruthfulness, or by testimony in the form of an opinion about that character. The five basic methods of impeaching a witness are: use of contradiction, proof of bad character, inconsistency, bias, or diminished capacity.

**Kyles material** – cumulative, undisclosed evidence, which, if disclosed to competent counsel, could reasonably be taken to put the whole case in such a different light as to undermine confidence in the verdict. (*Kyles v. Whitley*, 514 U.S. 419 (1995)).

**Material Evidence** - Evidence is “material” if there is a reasonable probability that disclosing it will change the outcome of a criminal proceeding. A “reasonable probability” is a probability sufficient to undermine confidence in the outcome of the trial or sentencing in a criminal case.

## GENERAL

### General Provisions of Disclosure — Affirmative Duty to Report

3. NOPD shall exercise due diligence to ensure that material which is favorable or exculpatory to the accused, or impacts the credibility of the investigation or government witnesses is made available to the prosecutorial authority (i.e., U.S. Attorney, Orleans Parish District Attorney, Louisiana Attorney General, or City Attorney).

It is NOPD's responsibility to disclose such material as soon as reasonably possible to the prosecutorial authority, or in time for effective use at trial. Responsibility for disclosing such material extends from the initiation of the Department's investigation through the trial and sentencing process.

5. The A-Case Officer shall complete an “Investigative File Certification” form provided by the District Attorney's Office upon submission of a case file. No case file shall be deemed complete without this form.
6. The NOPD has a duty to provide the prosecutorial authority with an up-to-date list of their misconduct allegation history, regardless of outcome of the investigation, unless providing the information would compromise an ongoing, confidential investigation.
7. The list of their misconduct allegation history for all NOPD members, as reflected in PIB records and IAPro, shall be provided to the relevant prosecutorial authority and shall be sent by email in the first week of each month to the OPDA, the US Attorney for the

Eastern District of Louisiana and upon request to any other prosecutorial authority wherein a member of NOPD is a witness in a criminal prosecution.

8. The list of their misconduct allegation history will be supplied by PSAB from an Excel spreadsheet linked to the IAPro data maintained by PIB. The searchable Excel spreadsheet will be current to the date provided. **The list of their misconduct allegation is confidential in its entirety and only for use by the prosecutorial authority for making decisions as to witness information disclosure to the defense.**
9. All members must disclose to the prosecution (*in writing*) and *include in the case file* any, ***material which is favorable or exculpatory to the accused, or impacts the credibility of the investigation or government witnesses known to the member*** without a specific request by the prosecutor handling a case .
10. All members have an affirmative duty to maintain knowledge of their personnel history including their disciplinary/Public Integrity Bureau (PIB) history.
11. It is the prosecutor's responsibility to establish whether material disclosed by the NOPD is relevant to the case and must be provided to the defense.
12. Examples of *Brady/Giglio* material that may be subject to disclosure include, but may not be limited to:
  - a) Information that would directly negate the defendant's guilt concerning any count in an indictment.
  - b) Information that would cast doubt on the admissibility of evidence that the government plans to offer that could be subject to a motion to suppress or exclude.
  - c) Any criminal record or criminal case pending against any witness whom the prosecution anticipates calling.
  - d) The failure of any proposed witness to make a positive identification of a defendant.
  - e) Information that casts doubt on the credibility or accuracy of a witness or evidence.
  - f) An inconsistent statement made orally or in writing by any proposed witness.
  - g) Statements made orally or in writing by any person that are inconsistent with any statement of a proposed government witness regarding the alleged criminal conduct of the defendant.
  - h) Information regarding any mental or physical impairment of any governmental witness that would cast doubt on his or her ability to testify accurately and truthfully at trial.
  - i) Information that tends to diminish the degree of the defendant's culpability or the defendant's offense level under state or federal sentencing guidelines.
  - j) A finding of misconduct by PIB or in any court of competent jurisdiction that reflects on the witness's truthfulness, bias, or moral turpitude. This includes employees under suspension.
  - k) An officer's untruthfulness, dishonesty, bias, or misconduct in conjunction with his or her service as a law enforcement officer.
    - l) Benefits provided to witnesses including:
      - i. Dropped or reduced charges
      - ii. Immunity
      - iii. Expectations of downward departures or motions for reduction of sentence
      - iv. Assistance in a state or local criminal proceeding
      - v. Considerations regarding forfeiture of assets
      - vi. Stays of deportation or other immigration status considerations
      - vii. S-Visas
      - viii. Monetary benefits

- ix. Non-prosecution agreements
  - x. Letters to other law enforcement officials (e.g. state prosecutors, parole boards) setting forth the extent of a witness's assistance or making substantive recommendations on the witness's behalf
  - xi. Relocation assistance
  - xii. Consideration or benefits to culpable or at risk third-parties
  - m) Other known conditions that could affect the witness's bias such as:
    - i. Animosity toward defendant
    - ii. Animosity toward a group of which the defendant is a member or with which the defendant is affiliated
    - iii. Relationship with victim
    - iv. Known but uncharged criminal conduct (that may provide an incentive to curry favor with a prosecutor)
13. Officer personnel files that are related to matters stated above may be provided or opened to the prosecution or defense as part of a *Brady/Giglio* disclosure when specifically requested, as is consistent with the law.

#### **DEPARTMENTAL RESPONSE TO OFFICER ACTIONS**

14. Members who are knowingly and intentionally untruthful, or otherwise dishonest in the course of their employment, or use excessive force undermine the credibility of their testimony at trial. Such members are also subject to disciplinary action up to and including termination of employment.

#### **EXCLUDED EVIDENCE OR REFUSAL OF CASES BY OPDA SCREENING**

16. The Orleans Parish District Attorney's Office will provide to PSAB the following information:
- a. Determinations of no probable cause made by judges and commissioners will be forwarded via email within 24 hours.
  - b. The granting of any motion to suppress evidence or statements will be forwarded via email within 24 hours of the granting of the motion by the court whether or not the State intends to seek supervisory review.
  - c. Notice of any cases refused or dismissed for any "Law Enforcement" reason will be forwarded via email within 72 hours of the refusal or dismissal. There are five specific codes that the DA uses for Law Enforcement based refusals:
    - i. 350 - NO PROBABLE CAUSE FOR ARREST
    - ii. 351 - UNLAWFUL SEARCH NO WARRANT
    - iii. 352 - UNLAWFUL SEARCH WITH WARRANT
    - iv. 356 – MOTION TO SUPPRESS EVIDENCE GRANTED
    - v. 431 - INCOMPLETE POLICE INVESTIGATION
    - vi. 433 - LAW ENFORCEMENT ISSUES (for example inappropriate or illegal conduct and issues relating to officer veracity).
17. Upon refusal or dismissal of a case due to law enforcement issues, the District Attorney 's Office will alert PSAB and PIB, the A-Case Officer, the arresting officer, the arresting officer's supervisor, the District Captain, the First Assistant District Attorney, the OPDA Chief of Case Management, and the designated Department of Justice Official via email with the pertinent information regarding the refusal or dismissal.

18. The Assistant District Attorney making the determination to refuse or dismiss a case for “law enforcement issues” will be available to discuss the case with PSAB if further explanation is needed.
19. To prevent refusals or dismissals for “Incomplete Police Investigation”, the OPDA will:
  - a. notify NOPD’s Professional Standard’s and Accountability Bureau via email when an incident report and arrest report are not received within 10 days of an arrest.
  - b. notify NOPD’s Professional Standards and Accountability Bureau via email when a complete case file (see **Chapter 42.15 – Arrest Case Management and District Attorney Screening**) is not received within 28 days of an arrest.
  - c. notify NOPD’s Professional Standards and Accountability Bureau when a complete case file is received by issuing a receipt of complete case file.
  - d. notify NOPD 's Professional Standards and Accountability Bureau of the prosecution decision of a submitted complete case file by submitting a "Buck Slip" to the A Case Officer.
  - e. notify NOPD's Professional Standards and Accountability Bureau when the DA's Office learns of any information of officer misconduct affecting an investigation or information impugning officer veracity whether or not an arrest is made or a completed case file is presented to the District Attorney.
20. Where a final judicial ruling at any criminal proceeding has determined through a Motion to Suppress or similar filing that the evidence, statement or confession shall be excluded or suppressed on the grounds of a constitutional violation by an NOPD member, the member who learns of the ruling shall notify his/her commander. The Commander shall ensure the Motion to Suppress is documented in INSIGHT. If an INSIGHT threshold is met it shall be assigned to the appropriate supervisor for follow-up in INSIGHT.
21. When the Orleans Parish District Attorney’s Office decides to decline prosecution due to the credibility on the part of one or more NOPD members involved in a case, or declines prosecution due to a member’s actions that negatively impact seized evidence or statements, the reason(s) for the case refusal shall be noted on the District Attorney’s screening action form and noted in the Orleans Parish District Attorney Prosecution Data Extract file, a part of the INSIGHT Source System (see **Chapter 35.1.9 - INSIGHT**). If an INSIGHT threshold is met it shall be assigned to the appropriate supervisor for follow-up in INSIGHT.
22. The A-Case Officer shall document a reason for every case screening refusal for officer reasons, as received from the Orleans Parish District Attorney’s Office, forward the information to the DIU commander and the involved officer(s)’s supervisor for corrective action and copy the Performance Standards Section (PSS) for tracking and follow-up.
23. If the supervisor determines during his/her review of an incident that NOPD should revisit policy, tactics, training, or strategy related to the incident, the supervisor shall document that in a PRR Form #358. The supervisor submitting a PRR form #358 is responsible for thoroughly completing the form’s “Request” section. The supervisor shall make a digital copy of the form and email it to PSAB@nola.gov . The supervisor shall make an earnest effort to provide information to facilitate the review of the request. Supervisors shall be available to the reviewer and respond to follow-up questions the PSAB reviewer may have .
24. If PSS, after reviewing the corrective action, disagrees or has issues with the corrective action taken, they shall notify the Captain of PSAB in writing, outlining the issues and

concerns. The PSAB Captain shall review the information and if the PSAB Captain concurs with the PSS assessment, shall contact the Deputy Chief of PSAB in writing concerning the findings and recommendation. The PSAB Deputy Chief, shall consult with the Bureau Chief of the involved member(s) over the final corrective actions.

## TRAINING

25. All members **and employees** of the NOPD shall receive training in disclosure requirements as new hires and as NOPD determines through its In-Service training needs assessment.

**NOTE: THE FOLLOWING SECTIONS SHOULD BE READ IN CONJUNCTION WITH 42.15 OR OTHER SECTIONS BUT NOT INCLUDED WITH DISCLOSURE OBLIGATIONS.**

## FEEDBACK ON SUBMITTED CASES BY OPDA SCREENING AND TRIAL DIVISIONS

26. In an effort to improve the investigative work product and promote efficiency, the NOPD has requested that the Orleans Parish District Attorney's Office (OPDA) task all Assistant District Attorneys in the Screening Division and Trial Division to provide the following information which may negatively impact the proper and timely screening, charging and prosecution of cases to the NOPD in a timely manner both by email and during regularly scheduled Charge Conferences (weekly):
- a. Individual officer issues such as:
    - i. Late or incomplete reports that delay screening, charging and prosecution decisions.
    - ii. Late crime lab reports that delay screening, charging and prosecution decisions.
    - iii. Deficient reports that prevent timely screening, charging and prosecution decisions.
    - iv. Refusals
    - v. No Probable Cause including reductions
    - vi. Failure of officers to respond to inquiries from prosecutors
    - vii. Granting of motions to suppress
    - viii. Conflicts between what is shown on body cameras and stated in reports
    - ix. Poor or disinterested testimony by members of NOPD
      - x. Any untruthfulness, written or spoken, relating to the investigation or case.
      - xi. Inadequate/insufficient statements of Probable Cause for warrants
      - xii. Failure to appear in court when notified or served.
      - xiii. Timeliness / punctuality of attendance for court or scheduled meetings on case.
    - xiv. Unprofessional conduct.
  - b. Systemic and administrative issues are those that the OPDA feels are organizational or administrative. Wide scale policy violations or where the NOPD policy creates a dysfunction in the process itself.
27. These issues will be communicated by email to:
- i. The Deputy Chief of PSAB - Systemic and Administrative issues only.
  - ii. The Staff Captain for FOB – all.
  - iii. The PSAB - Performance Standards Section – all.
  - iv. The Assistant United States Attorney – all.

**CORRECTIVE ACTION ON FEEDBACK BY OPDA**

28. All feedback provided by the OPDA to NOPD shall be reviewed by the involved members' chain-of-command for corrective measures. At a minimum, all corrective measures shall be documented in the Supervisors Feedback Log (SFL) indicating what action(s) were taken to correct the indicated issue(s). If formal disciplinary action was initiated, the PIB Control number shall be indicated in the SFL entry. Every issue noted by the OPDA shall be noted in the SFL within 48 hours of being communicated to the involved members' immediate supervisor.
29. The Staff Captain for FOB shall be responsible for communicating, the appropriate Captain within FOB, all issues noted by the OPDA concerning members of his/her command within 72 hours of receipt from the OPDA Office and shall ensure that the appropriate SFL entry is initiated within the required time.
30. The PSAB – PSS supervisor responsible for receiving the email notifications from the OPDA Office shall be responsible for communicating, the appropriate Captain within the noted members' Bureau, other than FOB, all issues noted by the OPDA concerning members of his/her command within 72 hours of receipt from the OPDA Office and shall ensure that the appropriate SFL entry is initiated within the required time.
31. PSAB shall be responsible for performing periodic reviews of the email notifications from OPDA and the SFL entries to ensure that all required processes are being followed and corrective measures are being taken in a timely and appropriate manner.
32. If PSS, after reviewing the corrective action, disagrees or has issues with the corrective action taken, they shall notify the Captain of PSAB in writing, outlining the issues and concerns. The PSAB Captain shall review the information and if the PSAB Captain concurs with the PSS assessment, shall contact the Deputy Chief of PSAB in writing concerning the findings and recommendation. The PSAB Deputy Chief, shall consult with the Bureau Chief of the involved member(s) over the final corrective actions.
33. PIB is solely responsible for reviewing, classifying and assigning investigations of corrective measures forwarded to them for formal disciplinary action and may also review SFL entries for appropriateness. (see: **52.1.1 – Misconduct Intake and Complaint Investigation**).
34. In the case of either suppression of evidence or declination of prosecution based on an NOPD officer's alleged misconduct, a constitutional violation or credibility the member who learns of the ruling shall notify his/her commander or PIB. The informed commander shall initiate a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**) if not already initiated

**APPENDIX “A”** – List of recordings, documents and evidence relating to, surrounding or pertaining to the case that, if possessed by the officer or NOPD, must be provided to the prosecutor when the case is presented for screening and/or charging. Below are examples.

- Recordings of events surrounding arrests in both video and audio format
  - Body worn camera (BWC) recordings
  - In Car Camera (ICC) recordings, including interior of police unit
  - ECW (Taser) discharge recordings
  - Crime camera recordings reviewed or copied which MAY record activity of evidentiary value
  - Audio recorded statements
  - Video recorded statements
  - 911 phone call recordings
  - OPCD dispatch recordings
- Photos
- Cell phones
- Forensic lab reports (NOPD- SCIS, LSP or any other lab)
- Requests, even if not processed, for scientific testing
- Evidence and Property receipts
- Photographic lineups, both front and back of photos including:
  - Negative identifications
  - Failure or unable to identify
  - Tentative identifications, and
  - Positive identifications
- Confirmation photographs, both front and back of photos including:
  - Negative identifications
  - Failure or unable to identify
  - Tentative identifications, and
  - Positive identifications
- Crime Bulletins and NopdAll / NopdPIO BOLO's
- Warrant Applications, both Arrest and Search, whether signed by a Judge, executed or not
- Orders of Search (Search Warrants) or Arrest and the Return
- Written statements of ANY person
- Internal reports, including:
  - Canine
  - EMS
- Reports from / by other agencies
- Other case documentation, including:
  - Notes
  - handwritten recordings
  - Interim reports
  - Drafts
  - Morphs
  - Dailies
  - Logs
- Other issued violation documentation including:
  - Traffic citations
  - Summons
  - Other citations
- Any other written documentation or recording of ANY information of ANY type including mental impressions

- Any information that could be used to demonstrate a bias or to impugn the integrity or veracity of ANY witness including:
  - open or pending criminal charges,
  - any open or pending administrative or disciplinary findings of “untruthfulness” or failure to adhere to law made against any law enforcement witness.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.4

### TITLE: SEARCH AND SEIZURE

**EFFECTIVE: 7/10/2016**

**REVISED: 1/15/19, 5/23/2021, 5/15/2022**

---

#### PURPOSE

The federal and state Constitutions both provide every person with the right to be free from unreasonable searches and seizures. This Chapter requires that New Orleans Police Department officers abide by these legal protections when dealing with search and seizure issues, as well as searches of persons in custody.

#### POLICY STATEMENT

1. It is the policy of the New Orleans Police Department to respect the fundamental privacy rights of all individuals. Officers will conduct searches in strict accordance with the rights secured and protected by the Constitution and laws of the United States of the persons being searched. All seizures by this Department will comply with relevant federal and state law governing the seizure of persons and property.
2. All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy, and hygiene and shall be in compliance with policy and law to protect the rights of the persons subject to any search.
3. Officers shall not use race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group in exercising discretion to conduct a warrantless search or to seek a search warrant (refer to **Chapter 1.2.4.2 – Search Warrants**), except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.
4. Officers shall conduct searches of individuals on probation or parole only when officers have probable cause, or the person has consented to a search.
5. In all instances where property or evidence is seized, the officer shall immediately complete documentation as appropriate and outlined in this Chapter and Departmental regulations including a complete and accurate inventory of the property or evidence seized. A receipt for the items seized shall be provided to the individual from whom the item was seized.

## DEFINITIONS

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him. (La. C.Cr. P. Art. 201)

**Body cavity search**—Any visual or physical inspection of a person's genital or anal cavities with or without physical contact or intrusion into a body cavity.

**Consensual Contact**—Casual conversation between an officer and an individual during which the individual clearly is free to walk away or ignore the officer. A consensual contact is not considered a "stop" within the meaning of the law or this Chapter. If a reasonable person would not feel free to terminate the encounter and walk away, the encounter is not consensual, but rather is a "stop." An investigatory "stop" requires an officer to have reasonable suspicion that the person has committed, or is about to commit, a crime. A stop to enforce traffic laws requires probable cause to believe the driver has offended a traffic law. During a consensual contact, the officer shall not position his/her body or vehicle in a manner that would make a reasonable person believe that he or she is not free to walk away. Officers shall not engage in any physical gestures, such as placing the officer's hand on his/her firearm that would make a reasonable person believe that he or she is not free to walk away.

**Contraband** - Any property that it is illegal to acquire, trade, carry, produce, or otherwise have in one's possession under a statute, rule or that has determined by a court to be contraband, because of its use in an unlawful activity or manner, of its nature, or if the circumstances of the person who acquires or possesses it. Any controlled dangerous substance as defined in R.S. 40:961 et seq.

**Custodial Arrest**—Synonymous with "**Arrest**" but referring to maintaining physical custody and control of the arrested person and booking at a jail facility rather than any form of release by the officer such as a summons or traffic citation.

**Exigent Circumstances**—A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to himself/herself or others.

**Field Interview Cards (FICs)**—The method the New Orleans Police Department (NOPD) utilizes to document stops and other discretionary interactions between a member of NOPD and individual members of the community. See **Chapter 41.12 – Field Interview Card**.

**Investigatory Stop**—The temporary involuntary detention and questioning of a person and/or vehicle and its occupants to investigate potential criminal conduct. To conduct an investigatory stop, the officer must have reasonable suspicion that the individual or vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct.

**Pat-down/frisk**—An external examination of the outer garments of an individual for the purpose of ensuring the individual does not possess any weapons. A pat down may only be performed when it is based on an officer's reasonable suspicion that the person is armed and dangerous and must be limited to what is necessary to detect weapons

**Plain-feel doctrine (aka plain-touch doctrine)**—An officer may seize an object while conducting a legal pat-down if its nature as contraband is immediately apparent during a touching permitted by a stop and frisk.

**Probable cause**—The facts and circumstances known to the officer at the time which would justify a reasonable person in believing that the suspect committed or was committing an offense.

**Reasonable suspicion**—Articulable facts that, within the totality of the circumstances, lead an officer to reasonably suspect that criminal activity has been or is about to be committed. The standard for reasonable suspicion is less than probable cause but must be more than a hunch or a subjective feeling.

**Search**—An inspection, examination, or viewing of persons, places, or items in which an individual has a legitimate expectation of privacy.

**Stop**—A brief, minimally intrusive detention of a subject, including pedestrians, bikers, and/or the occupants of a vehicle, during which a reasonable person in the subject's position would not feel free to leave, as defined in *Terry v. Ohio*, 392 U.S. 1 (1968).

**Strip search**—Any search of a person that includes manipulating or reaching inside clothing or the removal or rearrangement of some or all clothing to permit visual or physical inspection of the exterior of the suspect's groin/genital area, buttocks, female breasts, or undergarments covering these areas,.

**Supervisor Feedback Log (SFL)**—A web-based application utilized by Department supervisors to document close and effective supervision actions such as redirection, counseling, and support. SFL is available to supervisors, the Professional Standards and Accountability Bureau, and the Public Integrity Bureau on NOPD Web Apps under Applications.

**Vehicle stop**—The involuntary detention of a motor vehicle and its occupants. Vehicle stops may be conducted (1) where there is probable cause to believe that the driver has committed a traffic violation or (2) where there is reasonable suspicion that a vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct. See also **Chapter 1.2.4.3 – Vehicle Stops**.

## SEARCH AND SEIZURES

6. The U.S. Constitution generally requires law enforcement to obtain a warrant prior to conducting a search. There are, however, limited exceptions to the warrant requirement, such as valid consent to search, search incident to a lawful arrest, and a search conducted under exigent circumstances.
7. Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts **it is the officer's responsibility to remain current on the legal aspects of search and seizure laws. When in doubt as to the existence or applicability of an exception to the search warrant requirement, the officer should take the time to obtain a search warrant (refer to Chapter 1.2.4.2 – Search Warrants).**

## GENERAL REQUIREMENTS FOR SEARCHES AND SEIZURES

8. Officers shall not use race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group in exercising discretion to conduct a search, except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.

9. Officers should realize that the search of a person is inherently demeaning; therefore, officers shall make all efforts to conduct the search with dignity, courtesy, and in a professional manner that does not compromise the officer's safety.
10. Whenever practicable, an officer of the same gender as the gender identity of the person being searched should conduct the search. When an officer is to search a person not of the same gender as the searching officer, the officer shall make a reasonable effort to summon an officer of the same gender as the subject to conduct the search. When it is not practicable to summon an officer of the same gender as the subject, the officer shall:
  - (a) Have another officer or a supervisor witness the search.
  - (b) Not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.See **Chapter 41.13.1 – Interactions with LGBTQ Persons** for guidance on conducting searches with LGBTQ individuals.
11. Officers shall not frisk any person for the purpose of determining that person's gender or to view or touch the person's genitals or breasts. Where same-gender searches are required by law or NOPD policy, the officer shall respect the gender identification expressed by the individual. Where the individual does not self-identify and the gender identity is not clear to a reasonable person or the officer is uncertain, the officer will take reasonable, non-invasive steps to determine the gender identity, such as asking the individual how the individual would like to be addressed.
12. Officers shall explain to the person being searched the reason for the search and the process officers will use to conduct it to the greatest extent practicable.
13. Officers should attempt to record the activity on which they base their reasonable suspicion to the extent practicable and safe pursuant to **Chapter 41.9 - Body Worn Camera** and **Chapter 41.3.8 – In Car Camera**.
14. Officers shall not seize or search recordings in a manner inconsistent with **Chapter 1.2.10 – Public Recording of Police Officers**.
15. Officers shall carry out searches with due regard and respect for private property interests and in a manner that minimizes damage. Officers shall leave property in a condition as close as reasonably possible to its pre-search condition.
16. In order to minimize the need for forcible entry, and where doing so would not place officers at heightened risk, officers shall attempt to obtain keys, combinations, or access codes when a search of locked property is anticipated.
17. Officers shall use accurate and specific descriptive language and not rely solely on "boilerplate" or "pat" language in any reports documenting investigatory stops, detentions, or searches. Articulation of reasonable suspicion and probable cause shall be specific and clear.
18. Officers shall not use or rely on information known to be materially false or incorrect in effectuating an investigatory stop or detention or in establishing reasonable suspicion for a search.
19. Officers shall not compromise their safety, or other officers' safety, in order to justify searches.

20. Officers shall not detain non-occupants present at the location where a search warrant is executed for longer than reasonably necessary to secure the area or determine whether they are occupants of the premises being searched, unless the officer has individualized reasonable suspicion that the non-occupant is involved in criminal activity or poses a danger to officer safety.
21. A juvenile cannot waive his/her rights and consent to a search without first being allowed to engage in a meaningful consultation with an attorney or an informed parent, guardian, or other adult interested in his or her welfare. For searches involving juveniles, see **Chapter 44.2 – Juveniles**.

### CONSENT SEARCHES

22. Officers shall document consent to search in writing and shall record the consent process and the entire search process on his/her BWC.
23. An officer shall immediately notify a supervisor when considering a search based on consent. Before an officer may conduct a consent search, the officer must have the express approval of his or her supervisor. The approving supervisor's name and approval shall be noted on the required **Consent to Search Form** (Form #146).
24. When an officer seeks consent for a search, the officer shall affirmatively inform the subject of his or her right to refuse and to revoke consent at any time. The officer shall document and execute the subject's consent on the "Consent to Search Form" (Form #146), which clearly explains these rights. The following information shall be required on all Consent to Search Forms:
  - (a) The date, time, location, and NOPD item number that directly relates to the request or consent to search.
  - (b) The full name of the person who is granting the consent.
  - (c) The residential address of the person who is granting consent.
  - (d) The full name of the officer who is requesting consent to search.
  - (e) An indication if the consent relates to the search of the person, his/her vehicle, or residence (it can be more than one).
  - (f) The initials of the person granting consent indicating the officer(s) did not threaten or coerce the person to obtain consent.
  - (g) The initials of the person granting consent indicating the officer(s) did not make any promises in return for cooperation to the person to obtain consent.
  - (h) An indication that the person granting consent had the right to refuse to consent to the search.
  - (i) An indication that the person granting consent had the right to revoke consent at any time.
  - (j) An indication that all of the rights listed on the form were read and explained to the person granting consent by the officer(s) requesting consent prior to the person signing.
  - (k) The signature of the person granting consent to search.
  - (l) The signatures (and names printed) of two persons who are not members of the NOPD and preferably family or friends of the person granting consent and who were present for the entire recitation of rights and witnessed the person granting consent.
  - (m) The signature of the officer requesting consent and a witness or assisting officer who was present for the entire recitation of rights to the person granting consent; and
  - (n) The signature of the supervisor who approved the consent to search BEFORE the search was executed.

25. The original Consent to Search Form must accompany the related NOPD Incident Report or EPR along with a copy of the receipt for any items seized by the officer(s). The original receipt for any items seized will be given to the consenting person.
26. The officer shall specifically reference the video documentation of the consent to search in the related FIC, NOPD Incident Report or EPR along with a copy of the receipt for any items seized by the officer(s). In these reports, the officer should note the approximate time the consent to search was conducted.

### **CONSENSUAL CONTACTS**

27. An officer may engage a person in consensual contact (see **Chapter 1.2.4.1 – Stops**) during the course of his/her duties.

### **PERFORMING A STOP/DETENTION**

28. When reasonable suspicion or probable cause exists to perform a stop, it should be performed with due caution, restraint, and sensitivity. Officers are authorized to perform stops only in accordance with **Chapter 1.2.4.1 – Stops** and **Chapter 1.2.4.3 Vehicle Stops**. Documentation of stops shall be done according to **Chapter 41.12 – Field Interview Cards**.

### **JUSTIFICATION FOR CONDUCTING PAT-DOWNS/FRISKS**

29. During a stop, if the officer has reasonable suspicion that the suspect is in possession of a weapon and presents a present danger to the officer or others in the area, the officer may conduct a pat-down (frisk) of the suspect's outer garments to search for weapons. Not every stop or detention justifies conducting a pat-down. These pat-downs are justifiable and may be performed only to protect the safety of officers and others and may never be used as a pretext for obtaining evidence.
30. In **addition** to the basis for the stop itself, in order to conduct a pat-down the officer must have reasonable suspicion that the subject may possess a weapon and pose a threat to the officer and/or others. (See **Chapter 1.2.4.1 – Stops**.) The basis for reasonable suspicion may include, but is not limited to:
  - (a) Prior knowledge that the subject carries a weapon.
  - (b) Suspicious behavior, such as failure to comply with instructions to keep hands in sight; or
  - (c) Observations, such as suspicious bulges, consistent with carrying a concealed weapon.
31. An individual's presence in a "high-crime area" is not, by itself, sufficient to justify a pat-down.
32. The officer must articulate, in sufficient detail to allow for supervisory review, the basis for reasonable suspicion for the pat-down on the FIC.
33. The purpose and scope of the search must be strictly limited to what is necessary to discover weapons that pose a danger to the officer or those nearby; however, pursuant to the "plain-feel doctrine," police may seize contraband discovered in the course of a frisk but only if the contraband's identity is immediately apparent. An officer may not manipulate objects that are discovered under the clothing to determine whether they are contraband.

34. Officers may not pat-down for weapons during a consensual civilian contact. Conducting a weapons pat-down during a consensual civilian contact converts the encounter to a detention.

### PERFORMING A PAT-DOWN(FRISK)

35. Officers shall conduct pat-downs only in the following manner:
- (a) Unless exigent circumstances exist, pat-downs should be conducted by at least two officers, one who performs the search while the other provides protective cover.
  - (b) Unless exigent circumstances exist, a pat-down should be performed by an officer of the same gender as the subject being searched. If an officer of the same gender is not immediately available to conduct the search, the search should be performed with the back of the officer's hand, or with the fingertips. See **Chapter 41.13.1 – Interactions with LGBTQ Persons** for guidance on conducting searches with LGBTQ individuals.
  - (c) Because pat-downs are cursory in nature and are limited to determining if an individual is armed, they should be performed with the subject in a standing position, with hands placed against a stationary object and feet spread apart. Unless specifically required for safety or the safety of others, officers shall not handcuff individuals during a pat-down unless there is probable cause to arrest. See **Chapter 1.3.1.1 Handcuffing and Restraint Devices**.
  - (d) **Pat-downs are of outer clothing only.** Pat down(s) are not generalized searches of the entire person. Officers may not place their hands in pockets or under the outer most layer of clothing unless they feel an object that could reasonably be a weapon (e.g., firearm, knife, club, etc.).
  - (e) During pat-downs, officers may seize only those items that are immediately recognizable as contraband without manipulation of the object (plain feel doctrine).
  - (f) If the subject is carrying an object such as a handbag, suitcase, briefcase, sack, or other item that may contain or conceal a weapon, the officer may not search it. Instead, the officer should place it out of reach of the subject.
  - (g) If the pat-down of the subject's clothing fails to disclose a weapon, no further search may be conducted without a warrant unless the search is conducted incident to arrest.
  - (h) If a weapon or obvious contraband is discovered during the pat-down, the officer may retrieve that item only.
  - (i) If the item is a weapon or obvious contraband, the possession of which is a crime, the officer may make an arrest of the subject and perform a search incident to a lawful arrest.
  - (j) If retrieving the item requires manipulating or reaching inside clothing or removal or rearrangement of some or all clothing covering the suspect's groin/genital area, buttocks, female breasts, or undergarments covering these areas, refer to the requirements below for strip searches or body cavity searches.
  - (k) Officer must articulate in the electronic Field Interview Card and any related incident reports (EPR):
    - i. The reasonable suspicion for the stop.
    - ii. The reasonable suspicion for the pat-down; and
    - iii. The results of the pat-down, including a description of any weapon(s) or contraband found and the location on the body or clothing where recovered.

**SEARCH INCIDENT TO ARREST AND TRANSPORTATION SEARCHES**

36. A search incident to arrest (**SITA**) is permissible after a lawful custodial arrest. This warrantless search is an exception to the general 4th Amendment search warrant requirement. It does not matter what offense the person is being arrested for; as long as the custodial arrest is legal, the search incident to arrest is allowed.
37. Officers **shall** conduct a search of any person or persons placed under a lawful custodial arrest.
38. There are two valid purposes for conducting searches incident to custodial arrest:
  - (a) To protect the officer and other persons in the vicinity from any dangerous items in the possession of the person arrested; or
  - (b) To prevent the destruction of evidence within the reach of the person being arrested.
39. The scope of the search incident to arrest extends to the immediate areas in which the arrestee might obtain a weapon or evidentiary items, including clothing, purses and wallets of the arrestee; the search may be for weapons, evidence, or a means of escape.
40. An officer shall conduct a search of a custodial arrestee:
  - (a) Immediately after the arrest (see: **Chapter 1.9 – Arrests**).
  - (b) When receiving an arrestee from another person; and
  - (c) Before transporting an arrestee in any Department vehicle (see **Chapter 71.1 – Prisoner Transportation and Guarding**).
41. Whenever practicable, an officer of the same gender as the person being searched should conduct the search. If an officer of the same gender is not reasonably available, a witnessing officer or supervisor shall be present during any search of a person not of the same gender as the searching officer. See **Chapter 41.13.1 – Interactions with LGBTQ Persons** for guidance on conducting searches with LGBTQ individuals.

**SEARCHES OF VEHICLES WITHOUT A WARRANT**

42. The United States Supreme Court, in *Arizona v. Gant*, 129 S. Ct. 1710 (2009), ruled that police may search the passenger compartment of a movable vehicle incident to a recent occupant's arrest only if:
  - (a) The arrestee is within reaching distance of the passenger compartment at the time of the search, or
  - (b) It is reasonable to believe the passenger compartment of the vehicle contains evidence of the offense of arrest.
43. Officers may conduct a limited search of the passenger compartment of a vehicle for weapons if the officer has reasonable suspicion that an individual, whether or not the arrestee, is dangerous and might access the vehicle to gain immediate control of weapons. The search must be limited to those areas in which a weapon may be placed or hidden. (See also: **Chapter 1.2.4.3 – Vehicle Stops**).
44. Absent the stated exceptions to the search warrant requirement, officers may not search vehicles, even incident to arrest, unless the officer has obtained a search warrant or can articulate an exception to the warrant requirement applies.

**CUSTODIAL SEARCHES**

45. For the safety of everyone, the officer having control over a custodial arrestee shall search the custodial arrestee prior to transport to a booking facility or before bringing the custodial arrestee into any NOPD facility.

**SEARCHES AT ANY NOPD FACILITY**

46. Officers receiving arrestees in any NOPD facility shall thoroughly search the arrestee (SITA). When an arrestee has been handcuffed, the arrestee should remain handcuffed during the search.

**HANDLING OF ARRESTEE'S PROPERTY**

47. Officers shall take reasonable care in the handling of an arrestee's property to avoid damage, discrepancies, or losses.
48. Any property belonging to an arrestee but retained by an officer for safekeeping shall be kept in a secure location until the arrestee is released or transferred.
49. Any property too large to be secured in the receiving facility shall be taken to Central Evidence and Property for safekeeping and logged as property under the arrestee's name.
50. Any property that will not otherwise be accepted by a receiving facility in the event of a detainee transfer should also be logged into Central Evidence and Property for safekeeping.
51. The arresting or transporting officer shall provide the arrestee with a receipt indicating: the items seized, the officer's name and badge number, and the procedure to reclaim property that is not being held as evidence.
52. Officers shall log property belonging to the arrestee but retained by that officer as evidence, according to procedures established for the handling of evidence. The arrestee shall be advised that such property will be kept as evidence.
53. Officers shall not retain custody of an arrestee's property for any reason other than turning it over to a receiving facility (jail) or the NOPD Central Evidence and Property Section.

**HANDLING OF ARRESTEE'S CURRENCY OR VALUABLES**

54. All money handled by officers and belonging to the arrestee shall be counted in front of the arrestee. If not evidence, it shall be returned to the arrestee.
55. Any money or valuables in the possession of an arrestee shall not be placed on the books at Central Evidence and Property for safekeeping, unless the arrestee is physically or mentally impaired to the extent that he or she can easily be victimized or he or she specifically requests that the officers place his/her belongings in safekeeping.
56. All money in possession of an arrestee and seized as evidence shall be counted in front of the arrestee and logged as evidence in Central Evidence and Property before the seizing officer's tour of duty ends.

57. In all cases, officers shall document their handling of money or valuables (e.g., Incident Report, FIC, Traffic Citation, etc.). Officers shall specifically mention the amounts by denomination, names of persons present during counting, and descriptive notation of any other valuables.

### **INVASIVE SEARCHES INSIDE OUTER CLOTHING**

58. Searches that reach inside outer clothing covering a person's groin/genital area, buttocks, or female breasts may exceed the scope of a pat-down or be more invasive than a search incident to arrest (SITA). Unless the requirements for a strip search outlined below are met, officers may not:
- a. Reach inside outer clothing covering a person's groin, genital, and buttock / anal region, or female breasts.
  - b. Manipulate items inside outer clothing which may be in direct contact with skin in the groin, genital, and buttock / anal region, or female breasts to recover an item or move them into open view; or
  - c. Require someone to remove or rearrange some or all clothing to permit visual or physical inspection of a person's groin/genital area, buttocks, female breasts, or undergarments covering these areas (see requirements for strip searches).
59. Officers shall follow the requirements of Chapter 41.3.10 – Body Worn Camera and the documentation requirements of Chapter 41.12 – Field Interview Cards. After indicating the basis for the search on the FIC, officers shall note in the "Justification for Search" the fact that they went inside outer clothing in the areas of the body covered by this provision and the particular exigency that prompted that action. If officers were unable to meet any of the requirements in paragraph 64 of this policy, they shall provide a detailed explanation about why they did not comply with those requirements, including a description of any exigent circumstances that applied.

### **STRIP SEARCHES**

60. Strip searches may only be conducted only where the officer has articulable probable cause to believe one or more of the following circumstances exist **and** less intrusive means (e.g., metal detectors) do not exist or are unavailable:
- a. The subject is concealing a weapon or item that presents an immediate risk of harm to the officer, subject, or others.
  - b. The subject is concealing evidence of a violent crime or serious non-narcotic felony and there is an immediate risk that the evidence may be lost or destroyed before the subject is turned over to the OPSO.
61. When conducting a strip search, if the item may be retrieved through less intrusive means, such as manipulating items inside outer clothing which may be in direct contact with skin in the groin, genital, and buttock / anal region to recover an item or move them into open view, the officer must recover the item using the least intrusive method.
62. Strip searches may not be conducted to search for evidence of crimes for which NOPD does not issue arrest warrants or categories of crimes which the Orleans Parish District Attorney's Office has formally communicated to NOPD they generally intend not to prosecute.

63. In those cases where a subject has discarded previously concealed contraband or weapons from within clothing, officers may not conduct a strip search unless they have articulable probable cause to believe there is additional contraband concealed in the groin/genital area, buttocks, female breasts, or undergarments covering these areas.
64. Strip searches, not conducted at the booking facility, shall be conducted in the secure area of a NOPD facility unless exigent circumstances exist. The following requirements apply to all strip searches:
- (a) The officer shall obtain written authorization from his or her supervisor prior to the strip search, and the supervisor shall be on-scene at all times during the search.
  - (b) Officers shall be trained on the limitations of a strip search .
  - (c) Officers shall use appropriate methods and personal protective equipment when conducting strip searches.
  - (d) All strip searches shall be performed under conditions that provide privacy from all but those authorized to conduct the search.
  - (e) All officers involved in a strip search shall take reasonable steps to minimize the potential embarrassment or discomfort to the party being searched.
  - (f) Prior to conducting the strip search, the officer and supervisor will explain to the subject why they are being strip searched and give the person the opportunity to voluntarily produce the suspected item. The person will be allowed to voluntarily produce the item only if the officer and supervisor believe that the item can be produced without compromising officer safety or risking destruction of evidence.
  - (g) All officers involved with the strip search shall be of the same gender as the identified gender of the person being searched. Officers shall advise the subject of the search that policy requires the officer conducting the strip search to be the same gender as the person being searched. Officers shall verify with the person being searched what gender the officer conducting the search should be. This shall be recorded on BWC, prior to conducting the strip search.
  - (h) All strip searches shall be conducted in a professional manner and include the least number of personnel necessary.
  - (i) Whenever possible, a second officer of the same gender should assist in conducting the search.
  - (j) Officers conducting a strip search shall not touch the genital area, buttocks, or female breasts of the person being searched.
  - (k) No employee should view an arrestee's private underclothing, genital area, buttocks, or female breasts while that person is changing clothes, unless the arrestee otherwise qualifies for a strip search.
65. Strip searches shall not be video recorded or photographed unless requested by the person being searched. Before the search and while recording using their body worn camera, officers shall explain to the person being searched that NOPD generally does not record strip searches but can record the search using their body cameras at the person's request. The officer shall ask the person being searched whether they wish the search to be recorded.
- (a) If the person being searched does **not** want the search recorded:
    - i. This request shall be recoded on the video.
    - ii. The officer shall stop recording the incident after verbalizing that he/she is doing so for the purpose of a strip search. No officer will record any part of the search.
    - iii. After the search is complete, if appropriate, officers shall resume recording the incident.
  - (b) If the person being searched requests the search be recorded:

- i. The affirmative request shall be documented on the video.
  - ii. Officers shall stop and immediately re-start recording so the video is only of the strip search. The recording shall be concluded once the strip search is finished. If appropriate, officers shall resume recording the incident to begin a new video.
  - iii. No further strip searching shall be conducted without repeating the entire documentation process.
  - iv. The video of the strip search shall be categorized as "Strip & Body Cavity Search Video (Restricted)" from the drop-down selection for BWC and labeled in such a manner as to identify the item number and subject.
  - v. NOTE: Once categorized as "Strip & Body Cavity Search Video (Restricted)" only IT Admin and PIB will be able to view the recording.
66. If the subject has been placed under custodial arrest, the arrestee when transported to the OPSO booking facility, officers shall advise the deputies of the circumstances, method, and location of concealment of the contraband. The OPSO deputies can then determine if any additional action is required by intake procedures.
67. Officers shall not conduct field strip searches except when exigent circumstances exist such that to relocate the individual would place the life of the officers, the subject, or others at risk. Field strip searches must be explicitly approved by a supervisor. Field strip searches should be rare. Supervisors shall immediately respond to the scene when an officer requests permission to conduct a strip search.
68. Where field strip searches are conducted, they must be done under conditions that provide privacy. In these circumstances, if an officer of the same gender as the identified gender of the person being searched is not on the scene, and if waiting for an officer of the appropriate gender to arrive would not pose a risk to the officers or others, the on-scene officer shall request an officer of the appropriate gender come to the scene to perform the search.

### **STRIP SEARCH REPORTING REQUIREMENTS**

69. The primary officer conducting the search shall prepare a written Strip Search Authorization Form #353 to include:
  - (a) The written authorization for the search obtained from the employee's supervisor.
  - (b) The name of the supervisor who authorized the search.
  - (c) The name of the person who was searched.
  - (d) The name of the person who conducted the search.
  - (e) The name of any person who assisted or witnessed the search.
  - (f) The time and date of the search including the duration.
  - (g) The place at which the search was conducted, including the particular room or area used.
  - (h) A list of the items, if any, recovered during the search and the location on the body where found.
  - (i) The facts upon which the officer based his or her belief that the person searched was concealing a weapon or controlled substance or other particularized evidence of a crime if the person was not arrested for a felony.
  - (j) The steps taken to protect the person's privacy; the existence of any videos and;
  - (k) If a field strip search, the exigent circumstances that placed the life of the officers or others at risk.

70. The officer shall provide a copy of the written authorization and search form to the person searched.
71. The officer shall document any strip search conducted without a warrant in an FIC. (See **Chapter 41.12 – Field Interview Cards**).

### **BODY CAVITY SEARCHES**

72. No person may be subject to a body cavity search **without** a search warrant.
73. A body cavity search **shall only** be conducted at a medical facility by authorized medical personnel.
74. Should visual examination of a suspect during a strip search and/or other information lead an officer to believe that the suspect is concealing a weapon, evidence, or contraband within a body cavity, officers shall:
  - (a) Restrain the subject in such a manner as to prevent his or her ability to obtain a weapon or dispose of evidence.
  - (b) Keep the subject under observation at all times until the determination is made as to the need and legality to conduct a body cavity search.
  - (c) Consult with their immediate supervisor to determine whether probable cause exists to seek a search warrant for a body cavity search. The decision to seek a search warrant shall recognize that a body cavity search is highly invasive of personal privacy and is reasonable only when the suspected offense is of a serious nature or poses a threat to the safety of officers or others.
  - (d) Obtain written authorization from their supervisor prior to obtaining a warrant for the body cavity search. The Application for Search Warrant (Form #117) shall be completed by the requesting officer providing an accurate and clear description of the reasons for the request for the search, the place or person to be searched, and items or possible evidence that are the purpose of the search, and reviewed and signed by the approving supervisor.
  - (e) If a search warrant is obtained, the officer must advise the individual that a judicial officer has signed a search warrant for a body cavity search. If practicable the officer shall display the warrant to the individual and allow him or her to read the warrant. If not, the officer shall read to the individual the portion of the warrant commanding the officer to conduct the body cavity search and the limits of the search.

### **CONDUCTING BODY CAVITY SEARCHES**

75. Body cavity searches shall be conducted as follows:
  - (a) A body cavity search shall be conducted only by a physician, registered nurse, or practical nurse, licensed to practice in this state.
  - (b) The search shall be conducted at a medical facility.
  - (c) All officers present during the search shall be of the same gender as the identified gender of the person being searched and limited to those absolutely necessary to conduct and document the search.
  - (d) The search shall be conducted in a secure area with sufficient privacy so that the search cannot be observed by persons not directly involved with the search.
  - (e) Officers present during the search shall not touch the genital area, buttocks, or female breasts of the person being searched.
  - (f) Body cavity searches shall not be video recorded or photographed unless requested by the person being searched. The request shall be documented on the video. Before the search and while recording using their body worn camera, officers shall explain to the person being searched that NOPD generally does not

record cavity searches but can record the search using their body cameras at the person's request. The officer shall ask the person being searched whether they wish the search to be recorded.

- iv. If the person being searched does **not** want the cavity search recorded:
    1. This request shall be recoded on the video.
    2. The officer shall stop recording the incident after verbalizing that he/she is doing so for the purpose of a cavity search. No officer will record any part of the search.
    3. After the search is complete, if appropriate, officers shall resume recording the incident.
  - v. If the person being searched requests the cavity search be recorded:
    1. The affirmative request shall be documented on the video.
    2. Officers shall stop and re-start their video, so the video is only of the cavity search. The recording shall be concluded once the strip search is finished. If appropriate, officers shall resume recording the incident to begin a new video.
    3. No further cavity searching shall be conducted without repeating the entire documentation process.
    4. The video of the cavity search shall be categorized as "Strip & Body Cavity Search Video (Restricted)" from the drop-down selection for BWC and labeled in such a manner as to identify the item number and subject.
    5. NOTE: Once categorized as "Strip & Body Cavity Search Video (Restricted)" only IT Admin and PIB will be able to view the recording.
76. The officer who executed the search warrant for a body cavity search shall prepare a written Return on Search Warrant (Form #117b) to include:
- (a) The written authorization for the search obtained from the employee's supervisor and noted on the Search Warrant Application Form (Form #117).
  - (b) The name of the physician, registered nurse, or practical nurse performing the search.
  - (c) The names of all other medical personnel present during the search.
  - (d) The name of the person who was searched.
  - (e) The names of the officers' present during the search.
  - (f) The time, date, and duration of the search;
  - (g) The place at which the search was conducted, including room number; and
  - (h) A list of the items, if any, recovered during the search and the location on or in the body where found.
77. A copy of the signed search warrant and a receipt for any items seized should be provided to the person searched.

### **BLOOD, SALIVA, AND DNA SAMPLES**

78. The collection of DNA samples, blood, saliva or other bodily fluids during the course of a criminal investigation are governed by the Chapters relating to those specialized investigations (e.g. traffic fatality, sexual assault, homicide, etc.).
79. Unless specifically trained and/or certified, members of this Department shall not recover specimens of DNA, blood, saliva or other bodily fluids for possible evidentiary use.

80. Unless a specific exception exists under State law or the investigator has obtained appropriately documented consent from the person from whom the sample is to be taken, a warrant is required before any sample is taken.
81. Investigators shall make attempts to obtain consent, where possible, in all cases. Consent must be voluntary and documented in writing on the appropriate consent to search forms for that type of investigation.
82. All procedures governing the collection and preservation of evidence and chain of custody outlined in **Chapter 83.1 – Collection and Preservation of Evidence** shall be followed.

### **SUPERVISOR'S RESPONSIBILITIES**

83. Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
84. Supervisors shall review the written and video documentation for consent searches to ensure that they comply with the law and this Chapter.
85. For all officers' applications for search warrants, their respective supervisors shall review the search or arrest warrant, including each affidavit or declaration, before it is filed by an officer in support of a warrant application, for appropriateness, legality, and conformance with New Orleans Police Department regulations. The supervisor shall conduct and document this review according to **Chapter 1.2.4.2 – Search Warrants**.
86. The supervisor shall assess the information contained in the warrant application and supporting documents for authenticity, including examination for "boilerplate" or "pat" language, inconsistent information, and lack of articulation of a legal basis for the warrant.
87. Supervisors who approve strip searches or body cavity searches are responsible for maintaining a record of all requests that are approved or disapproved. This record shall reflect the following:
  - (a) NOPD Item Number;
  - (b) Type of Search (Strip/Body Cavity);
  - (c) Name of Requesting Officer;
  - (d) Name of approving/disapproving supervisor; and
  - (e) The reason for the approval or disapproval.
88. As part of the supervisory review, the supervisor shall document in the District or Division's Compliance Logs those searches or warrant applications that are legally unsupported, are in violation of New Orleans Police Department policy, or that indicate a need for corrective action or review of NOPD policy, strategy, tactics, or training.
89. If the supervisor determines during his/her review of an incident that NOPD should revisit policy, tactics, training, or strategy related to the incident, the supervisor shall document that in a PRR Form #358. The supervisor submitting a PRR form #358 is responsible for thoroughly completing the form's "Request" section. The supervisor shall make a digital copy of the form and email it to PSAB@nola.gov. The supervisor shall make an earnest effort to provide information to facilitate the review of the request. Supervisors shall be available to the reviewer and respond to follow-up questions the PSAB reviewer may have.

90. The supervisor shall take appropriate action to address violations or deficiencies, including recommending non-disciplinary corrective action for the involved officer, and/or referring the incident for administrative or criminal investigation. The supervisor shall document the corrective action in the Supervisor Feedback Log (see **Chapter 35.1.7 – Non-Disciplinary Responses to Minor Violations**) or by initiating a formal disciplinary investigation (see **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation**) and note the corrective action in the Compliance Log.
91. Supervisors shall take into account the quality and accuracy of searches, search documentation, search warrants and supportive affidavits or declarations in officer performance evaluations.
92. Supervisors shall assist their subordinates in executing search warrants in accordance with **Chapter 1.2.4.2 – Search Warrants**.

### **TRAINING**

93. The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate to their job duties.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.4.1

### TITLE: STOPS

**EFFECTIVE: 07/10/2016**

**REVISED: 10/06/2019**

---

#### PURPOSE

All stops, searches, and arrests are to be conducted in accordance with the rights secured or protected by the U.S. Constitution and laws of the United States and the State of Louisiana. This Chapter sets forth the requirements that apply to all stops, including pedestrian, vehicle stops, and other stops. Additional particularized requirements apply for vehicle stops and are set forth in **Chapter 1.2.4.3 - Vehicle Stops**.

#### POLICY STATEMENT

1. Members of the Department shall not use race, color, ethnicity, national origin, religion, gender, disability, sexual orientation, or gender identity as a factor in conducting a stop, except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.
2. NOPD officers shall be fair, impartial, and courteous during stops and shall take the necessary action in a professional and positive manner.
3. Officers shall exercise good judgment and sound discretion when determining the best action to take, including de-escalation, and shall not unnecessarily embarrass, demean, cause collateral harm to individuals, or present an unnecessary public safety risk.
4. Except in exigent circumstances, when a subject is stopped or detained as part of an investigation and subsequently released, the officer will explain to the subject in a professional, courteous manner why he or she was stopped or detained.

#### DEFINITIONS

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him. (La. C.Cr. P. Art. 201)

**Consensual Contact**—Casual conversation between an officer and an individual during which the individual clearly is free to walk away or ignore the officer. A consensual contact is not considered a “stop” within the meaning of the law or this Chapter. If a reasonable person would not feel free to terminate the encounter and walk away, the encounter is not consensual, but

rather is a “stop.” An investigatory “stop” requires an officer to have reasonable suspicion that the person has committed, or is about to commit, a crime. A stop to enforce traffic laws requires probable cause to believe the driver has offended a traffic law. During a consensual contact, the officer shall not position his/her body or vehicle in a manner that would make a reasonable person believe that he or she is not free to walk away. Officers shall not engage in any physical gestures, such as placing the officer’s hand on his/her firearm, that would make a reasonable person believe that he or she is not free to walk away.

**Exigent circumstances**—A compelling urgency or true emergency that an officer can specifically describe without using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to himself/herself or others.

**Field Interview Cards (FICs)**—The method the New Orleans Police Department (NOPD) utilizes to document stops and other discretionary interactions between a member of NOPD and individual members of the community. See **Chapter 41.12 – Field Interview Card**.

**Investigatory Stop**—The temporary involuntary detention and questioning of a person and/or vehicle and its occupants to investigate potential criminal conduct. To conduct an investigatory stop, the officer must have reasonable suspicion that the individual or vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct.

**Pat-down/frisk**—An external examination of the outer garments of an individual for the purpose of ensuring the individual does not possess any weapons. A pat down may only be performed when it is based on an officer’s reasonable suspicion that the person is **armed and dangerous** and must be limited to what is necessary to detect weapons.

**Probable Cause**—The facts and circumstances known to the officer at the time that would justify a reasonable person in believing the suspect committed or was committing an offense.

**Reasonable Suspicion**—Articulable facts that, within the totality of the circumstances, lead an officer to reasonably suspect that criminal activity has been or is about to be committed.. The standard for reasonable suspicion is less than probable cause but must be more than a hunch or a subjective feeling.

**Search**—An inspection, examination, or viewing of persons, places, or items in which an individual has a legitimate expectation of privacy. This applies to legal persons as well as natural persons. See also **Chapter 1.2.4 – Search and Seizure**.

**Stop**—A brief, minimally intrusive detention of a subject, including pedestrians, bikers, and/or the occupants of a vehicle, during which a reasonable person in the subject’s position would not feel free to leave, as defined in *Terry v. Ohio*, 392 U.S. 1 (1968).

**Vehicle Stop**—The involuntary detention of a motor vehicle and its occupants. Vehicle stops may be conducted (1) where there is probable cause to believe that the driver has committed a traffic violation or (2) where there is reasonable suspicion that a vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct. See also **Chapter 1.2.4.3 – Vehicle Stops**.

## GENERAL INFORMATION

5. All stops, searches and arrests made by members of the NOPD must be consistent with the Department’s overall crime prevention strategy and with the community’s priorities for enforcement. All interactions with the public shall be conducted with fairness and respect for all parties involved.

6. Stops shall not be done solely to generate activity or statistics.
7. NOPD officers, either on-duty or off-duty, must have a functioning police radio when conducting a stop.
8. NOPD officers, either on-duty or off-duty, **are not authorized** to make stops outside of Orleans Parish, unless the violation would be considered a felony under state law. If a stop for a felony violation is made outside of Orleans Parish, the officer shall contact the law enforcement agency with jurisdiction as soon as feasible of the impending or actual stop supplying all requested information.
9. Non-uniformed officers conducting stops shall conspicuously display their Department credentials to the stopped subject(s) and announce that they are police officers.

### LEVELS OF POLICE-CITIZEN CONTACT

10. In general, there are three levels of interaction between the police and the public. They are, in order of intrusiveness: consensual contacts; stops; and arrests.

### STOPS

11. A stop is a detention short of an arrest for the purpose of investigating potential criminal conduct or enforcing traffic laws. All other detentions must be made pursuant to the policies for arrests with and without a warrant (**Chapter 1.9 - Arrests**) or seizure of a person for a psychological evaluation (**Chapter 41.25 – Crisis Intervention**).
12. Officers may only conduct stops where (1) there is reasonable suspicion that a person has engaged, is engaging, or is about to engage in criminal conduct or (2) there is probable cause to believe that a driver has committed a traffic violation. The stop must be based on what the officer knew before prior to the stop. Information learned during a stop can lead to additional reasonable suspicion or probable cause that a crime has occurred, but it cannot provide the justification for the original stop.
13. Members of the Department shall not use race, color, ethnicity, national origin, religion, gender, disability, sexual orientation, or gender identity as a factor in conducting a stop, except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.
14. During a stop, officers shall limit the seizure to a reasonable scope.
15. Actions that would indicate to a reasonable person that he or she is being arrested or detained convert a stop into an arrest requiring probable cause or an arrest warrant.
16. Unless justified by the articulable reasons for the original stop, officers must have additional articulable justification for further limiting a person's freedom during a stop, such as:
  - (a) Taking a person's identification or driver license away from the immediate vicinity;
  - (b) Ordering a motorist to exit a vehicle;
  - (c) Putting a pedestrian up against a wall or comparable structure;
  - (d) Directing a person to stand or remain standing or to sit on a patrol car bumper or any other place not of his or her choosing;
  - (e) Directing a person to lie or sit on the ground;
  - (f) Applying handcuffs (see **Chapter 1.3.1.1 – Handcuffing and Restraint Devices**);
  - (g) Transporting a person any distance away from the scene of the initial stop, including for the purpose of witness identification;
  - (h) Placing a person into a police vehicle;

- (i) Pointing a firearm (see **Chapter 1.3 – Use of Force**); and
- (j) Frisking for weapons (see **Chapter 1.2.4 – Search and Seizure**).

Taking any of these actions does not necessarily convert a stop into an arrest.

17. During all stops, officers shall be courteous and professional, including identifying themselves. When reasonable, as early in the contact as safety permits, officers will inform the suspect of the following:
  - (a) The officer's name;
  - (b) The officer's rank or title;
  - (c) The fact that the officer is a New Orleans Police Officer; and
  - (d) The reason for the stop.
18. When releasing a person at the end of a stop, officers shall offer an explanation of the circumstances and reasons for the stop.
19. Individuals other than the driver of a motor vehicle, who is required to provide a driver's license, have a right to refuse to identify themselves. An individual's refusal to identify him or herself, alone, will not justify an arrest. Officers may not transport a person to any police facility or jail merely for the purpose of identifying him/her unless they have probable cause to arrest.
20. During detention of an alleged violator of any provision of the motor vehicle laws of this state, an officer may not detain a motorist for a period of time longer than reasonably necessary to complete the investigation of the violation and issuance of a citation for the violation, absent reasonable suspicion of additional criminal activity.
21. Additional requirements apply to vehicle stops. See **Chapter 1.2.4.3 – Vehicle Stops and Chapter 61.3 – Traffic Citations**,

### **FRISKS (PAT-DOWNS)**

22. Officers may conduct a frisk or pat-down of stopped subject(s) if they reasonably suspect that the subject(s) may be **armed and presently dangerous**. The purpose **and** scope of the frisk or pat-down is to discover weapons or other items that pose a danger to the officer or those nearby. It is *not* a generalized search of the entire person.
23. The decision to conduct a frisk or pat-down must be based upon the totality of the circumstances and the reasonable conclusions drawn from the officer's training and experience.
24. A frisk or pat-down may not be used as a pretext to search for incriminating evidence.
25. An individual's presence in a "high-crime area" is not, by itself, sufficient to justify a frisk.
26. In **addition** to the basis for the stop itself, in order to conduct a frisk the officer must have reasonable suspicion that the subject may be armed and pose a threat to the officer and/or others. This may include, but is not limited to:
  - (a) Prior knowledge that the subject carries a weapon;
  - (b) Suspicious behavior, such as failure to comply with instructions to keep hands in sight; and
  - (c) Observations, such as suspicious bulges, consistent with carrying a concealed weapon.

27. The frisk for weapons is strictly limited to what is necessary for the discovery of weapons that might be used to harm the officer or others nearby. The frisk must be limited to a pat-down of outer clothing. Once the officer ascertains that no weapon is present after the frisk or pat-down is completed, the officer's limited authority to frisk is completed and the frisk must stop.
28. Pursuant to the "plain-feel doctrine," police may seize contraband discovered in the course of a frisk but only if the contraband's identity is immediately apparent. An officer may not manipulate objects that are discovered under the clothing to determine whether they are contraband.
29. Officers may not frisk for weapons during a consensual civilian contact. Conducting a weapons frisk during a consensual civilian contact converts the encounter to a detention.
30. Additional guidance on conducting a frisk or pat-down is provided in **Chapter 1.2.4 – Search and Seizure**.

### **CONSENT SEARCHES**

31. The guidelines for conducting a consent search are contained in **Chapter 1.2.4 – Search and Seizure**.

### **ANONYMOUS TIPS**

32. Information or descriptions resulting from anonymous tips without additional facts are insufficient to establish probable cause to stop and search individuals. Officers must carefully develop reasonable suspicion in cases involving anonymous tips. Officers' observations while on the scene, securing more complete information from an anonymous caller, and other circumstances that would tend to support the information received are all ways that officers can use to articulate reasonable suspicion allowing a stop.

### **REPORTING**

33. Members of the Department conducting a stop shall complete an electronic field interview card (FIC), recording the information for the individuals involved, subject to the guidelines of **Chapter 41.12 – Field Interview Card**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.4.2

### TITLE: SEARCH WARRANTS

EFFECTIVE: 01/08/2017

REVISED: 07/28/2019; 05/25/2021

---

#### PURPOSE

Search warrant requirements are governed by the 4th Amendment to the U.S. Constitution as well as Louisiana Code of Criminal Procedure Articles 161 through 167. This policy governs how the NOPD requires officers to conform to the applicable laws when applying for or executing search warrants and the manner and content of the documents to be used.

#### POLICY STATEMENT

1. Officers shall not use race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group in exercising discretion to seek a search warrant, except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.
2. The NOPD recognizes the inherent and potentially deadly danger posed by no knock warrants to subjects, bystanders, and officers. The department is committed to preserving individuals' safety by using no-knock entries only when the no knock entry is immediately necessary to prevent an imminent threat of harm to a person, and the potentially lethal risks posed by immediate, unannounced entry are outweighed by the need to prevent that harm.
3. If a compelling reason exists to use a no-knock entry, and if the affiant officer has facts constituting reasonable suspicion that the potentially lethal risks of entering unannounced are outweighed by the risk of not entering, the officer shall specifically request use of "no-knock" entry when executing a Search Warrant in the Warrant Application. This analysis of risks shall be documented and reviewed by supervisors prior to submitting the warrant application to a judicial officer. .
4. No-knock entries in the execution of search warrants are prohibited, absent clear facts and circumstances establishing that the officers or another person would be harmed unless they made immediate, unannounced entry, and that risk of harm outweighed the potentially lethal risks of entering unannounced. Officers should execute no knock warrants only as a last resort. The facts must be assessed (or re-assessed) at the time of entry by officers and on-scene supervisors.

5. As with the execution of all Search and / or Arrest Warrants, all members participating in the execution of a “No-Knock” Warrant shall activate their BWC prior to the execution of the warrant. The BWC shall remain activated during the entire search and shall remain active for any member on the premises of the search.

#### **WARRANT DOCUMENTATION**

6. Electronic versions of the search warrant forms to be utilized are found on the website <https://cloudgavel.com/>. Members shall utilize their City email address and password to log in.
7. The paper forms to be utilized in the event the CloudGavel site is down or Departmental computers are off-line are found on **NOPD Web Applications, Nopd.org, Forms** (NOPD Forms **117A - Application for Search Warrant, 117W - Search Warrant - Order of Search, and 117R - Warrant Return**).
8. The instructions in this Chapter governing the completion of search warrants apply to both the electronic and the paper versions of the warrant forms.
9. All supervisory members of the Department shall utilize the **Warrant Log** when recording the review and execution of search warrants.
10. The Special Operations Division shall utilize its own planning and after-action reporting mechanism for all search warrants, of any level, executed by SOD, which at a minimum shall be consistent with the planning and after action-reporting requirements detailed in this Chapter.

#### **WARRANT LOG**

11. Each District/Unit and specialized unit shall document the following in the **Warrant Log**:
  - (a) Each search warrants.
  - (b) The case file (item number) where a copy of such warrant is maintained.
  - (c) The officer who applied for the search warrant.
  - (d) Each supervisor who reviewed and approved or disapproved the application for a search warrant; and
  - (e) Documentation if disapproved, including why it was disapproved and what remedial actions, if any, were taken by the supervisor (disciplinary or training). The supervisor shall document corrective action in the Supervisor Feedback Log (see **35.1.7 – Non-Disciplinary Responses to Minor Violations**) or by initiating a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**) and note the corrective action in the Compliance Log.

#### **SEARCH WARRANT PREPARATION – OFFICER’S RESPONSIBILITIES**

12. Search warrants for Criminal District Court shall be drafted in CloudGavel or on NOPD form 117A (Application for Search Warrant), 117W (Search Warrant – Order of Search), and 117R (Warrant Return). All forms shall be typed.
13. Using either Cloud Gavel or the Application for Search Warrant (Form 117A) and Search Warrant – Order of Search (Form 117W):
  - (a) The affiant/officer shall provide an accurate and clear description of the reasons for the request for the search (i.e., probable cause).
  - (b) The affiant/officer shall particularly describe the person or place to be searched.
  - (c) The affiant/officer shall describe the person or things intended to be seized (items of possible evidence that are the purpose of the search).
  - (d) The affiant/officer shall prepare an affidavit signed under oath and under penalty of

perjury.

- (e) The affiant shall provide the magistrate judge/judge with a truthful and complete affidavit that recites the evidence to establish probable cause.
- (f) The affiant shall not omit from the application any material evidence or information known at the time it was presented that would vitiate the finding of probable cause. Examples of this type of information are:
  - i. Material facts impacting the credibility of an informant or witness.
  - ii. The bias of an informant or witness.
  - iii. Witness' observations of the crime that are contrary to the affidavit.
  - iv. Material evidence that would significantly undermine witnesses' and victims' identification of suspects.
  - v. Material evidence that would undermine witnesses' and victims' statements of events.
  - vi. Material evidence that witnesses have identified persons other than the suspect as the perpetrator of the crime.
  - vii. Material evidence that a victim or witness has advised the suspect is not the perpetrator of the crime, including that the victim or witness has seen a line-up and advised the suspect is not perpetrator.
  - viii. The existence of material evidence pointing to another perpetrator.
  - ix. Material evidence that the suspect was not at the scene of the crime.
  - x. The existence of material physical evidence or scientific testing that would contradict statements of facts in the application.
- (g) An affiant seeking a no-knock entry authorization shall specifically request such authorization and shall present particularized facts constituting "reasonable suspicion" that announcing their authority and purpose prior to entry would compromise the safety of the subject, another individual, and/or the police, or provide the occupants with time to arm themselves or otherwise engage in violent resistance.

- 14. The investigating officer shall present all "No-Knock" search warrant documentation to a reviewing Bureau Chief for approval prior to submission to a Judicial Officer for approval.
- 15. Search warrants for adult State criminal charges shall be presented to be signed to the on-duty Magistrate Judge or a Judge of Criminal District Court. Search warrants for juvenile State criminal charges shall be presented to be signed to a Juvenile Court Judge. Municipal and Traffic Court Judges have no authority to issue search warrants.
- 16. Search warrants shall be prepared and distributed as indicated on the forms.
- 17. Search warrants are required by statute (C. Cr. P. Art. 163) to be executed prior to the expiration of the tenth day after its issuance, or they become invalid. The only exception is for search warrants under C. Cr. P. Art. 163.1 for the search of a person for body samples (e.g. DNA). These warrants are good for 180 days after their issuance.
- 18. When the planned execution of a search warrant presents a possibility of injury to officers or others, the officer charged with executing the warrant shall contact EMS and request EMS be available prior to executing a search warrant.
- 19. The Warrant Return (Form 117R) is to be executed within one day after the execution of the search warrant or within one day of the expiration, by statute, of the search warrant if not executed.

#### **OFFICER'S RESPONSIBILITIES DURING AND AFTER WARRANT EXECUTION**

- 20. Officers must knock and announce their presence and wait for a reasonable time for the occupants to answer the door when executing a search warrant unless the situation

meets the criteria for no-knock entries described in this Chapter.

21. Even if the judge grants “no-knock” authorization, officers executing the no-knock warrant must affirmatively assess whether a no-knock entry remains necessary at the time of service. This assessment shall be documented in the investigative report (EPR).
22. If the judge declines to grant the officers' request for a no-knock entry, officers may make a no-knock entry only in the following circumstances:
  - a. The changed facts constitute exigent circumstances.
  - b. The exigency makes it impracticable to seek judicial authorization for the no-knock entry based on the changed circumstances; and
  - c. A Deputy Chief authorizes execution of a no-knock entry unless the exigency renders such authorization impracticable.
23. Following any no-knock entry not specifically authorized in a search warrant:
  - a. Officers must document:
    - i. The changed circumstances that constituted exigent circumstances and necessitated the unannounced entry.
    - ii. The facts that prevented seeking judicial approval; and
    - iii. If applicable, the facts that prevented seeking command level approval.
  - b. Documentation of changed circumstances and supervisory approval or the reasons no approval was sought must be reviewed and approved by a Deputy Chief. The Deputy Chief will take appropriate corrective action to remedy any deficiencies observed.
  - c. Documentation regarding any unapproved no-knock entry must be provided to the judge reviewing the initial application for a search warrant, including documentation of the changed circumstances and the reason it was not practicable to seek judicial authorization in advance.
24. Once officers have made entry under “No-Knock” provisions (either Judicially granted or under an exception), they shall announce their authority loudly and clearly (example: “NOPD, we have a warrant!”).
25. The execution of all Search Warrants shall be recorded on BWC. All members participating in the execution of a Search Warrant shall activate their BWC prior to the execution of the warrant. The BWC shall remain activated during the entire search and shall remain active for any member on the premises of the search.
26. Officers shall not detain non-occupants present at the location where a search warrant is executed for longer than reasonably necessary to secure the area or determine whether they are occupants of the premises being searched, unless the officer has reasonable suspicion that the non-occupant is involved in criminal activity or poses a danger to officer safety.
27. Officers shall document the reasons non-occupants were detained and the duration in their incident report.
28. Investigating officers shall list, in detail, all property seized in connection with the execution of the warrant in the space provided on the Warrant Return (Form 117R).
29. The investigating officer shall provide a receipt for items seized to the presumptive owner of the items or principal occupant of the structure searched. A copy of the receipt shall be made part of the incident report.
30. All procedures governing the collection and preservation of evidence and chain of

custody outlined in **Chapter 83.1 – Collection and Preservation of Evidence** shall be followed.

31. The name, sex, age, and address of each person arrested in connection with the execution of the warrant shall be listed on the Warrant Return (Form 117R). All available information concerning wanted individuals arising out of the execution of the warrant shall also be listed on the Warrant Return.
32. All search warrant documentation shall be completed and distributed even if the warrant is not subsequently executed after judicial approval or becomes invalid by not being executed within the time constraints or additional investigation has invalidated the basis of the warrant. In those instances when the warrant is not executed or becomes invalid, the investigating officer shall mark the Search Warrant "**not executed**" and shall distribute as indicated on Search Warrant – Order of Search (Form 117W). The reasons for the non-execution or invalidation of the warrant should be noted in the incident report.

### **SUPERVISOR REVIEW OF WARRANT APPLICATION**

33. Supervisors shall review each request for a search warrant, including each affidavit or declaration, before it is filed by an officer in support of a warrant application, for:
  - (a) Appropriateness.
  - (b) Legality; and
  - (c) Conformance with NOPD regulations.
34. The supervisor shall assess the information contained in the warrant application and supporting documentation for:
  - (a) Use of "boilerplate" or "pat" language.
  - (b) Ensuring the information is consistent and detailed; and
  - (c) Probable cause has been established within the document.
  - (d) Requests for execution of the Search Warrant on Sundays, at nighttime and for "no-knock" entry are supported by facts that constitute reasonable suspicion that it is necessary within the guidelines of this Chapter.
35. The supervisor shall take appropriate action to address violations or deficiencies, including initiating a formal disciplinary investigation or recommending non-disciplinary corrective action for the involved officer. The supervisor shall document corrective action in the Supervisor Feedback Log (see **35.1.7 – Non-Disciplinary Responses to Minor Violations**) or by initiating a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**) and note the corrective action in the Compliance Log.
36. The quality and accuracy of search warrants and supportive affidavits or declarations shall be taken into account in officer performance evaluations.

### **RISK DETERMINATION, PLANNING, EXECUTION, AND DOCUMENTATION**

37. The determination of risk assessment of a particular search is made by the on-scene supervisor working with the case officer and SOD. The risk assessment dictates who handles the warrant and the associated documentation requirements. Supervisors shall consider the factors in **Appendix A – Risk and Planning Factors** when assessing the risk of executing a search warrant. For warrants that are neither no-risk nor automatically high risk, the supervisor should also complete the **Risk Assessment/Threat Analysis form** in **Appendix B** to determine whether the warrant is high risk or moderate risk. However, the form's point system is not conclusive. Even if the form determines a warrant is a moderate risk warrant, if the on-scene supervisor or SOD believes it is in the best interest for the safety of officers and civilians to have SOD serve the warrant, SOD

may do so. The on-scene supervisor completing the form shall raise any concerns with SOD. SOD shall assess all forms to determine whether any moderate risk warrants are more appropriately executed by SOD. SOD's determination is final.

38. The determination for risk levels of the operational plan for execution of the search warrant falls into three basic categories:
- (a) **No Risk** – The person, item, vehicle, or structure is securely in police custody and control or the documentation/item subject to the warrant is in the custody of an organization or business in a stable, safe environment posing no threat. The scene must be stable and/or secured. Examples include:
    - i. A crime scene that has been completely secured and no suspects or persons other than police personnel are on the scene.
    - ii. The item or vehicle is secured, impounded or in custody at CE&P.
    - iii. The structure is empty of persons or animals other than police personnel.
    - iv. Video from surveillance cameras at a business/residence.
    - v. Business records from a company.
    - vi. Buccal swabs only.
  - (b) **High Risk** – Warrants that pose a significant safety risk and require the expert planning, specialized equipment, and execution by SOD to maximize safety and effectiveness. Warrants are determined to be high risk by evaluating the automatic high-risk factors or, if none apply, by completing the “Risk Analysis and Threat Assessment” form in Appendix B for discussion between the on-scene supervisor and the SOD supervisor. **High-risk warrant is ONLY executed by SOD.** The factors that automatically trigger the high-risk category include:
    - i. The suspect is associated with a para-military, terrorist, or violent extremist organization or an identifiable criminal gang.
    - ii. The suspect is known or believed to possess fully automatic weapons or explosives.
    - iii. There are armed counter surveillance personnel present at the site.
    - iv. The site is known or believed to be booby-trapped.
    - v. Request for “no-knock” entry has been submitted or granted based on “imminent danger to officers or others”.
  - (c) **Moderate Risk** – Everything that is not classified as no-risk or high-risk. Moderate-risk search warrants pose some level of risk but are not so risky as to require the involvement of SOD. If the warrant does not automatically fall into the no-risk or high-risk category, the on-scene supervisor shall complete and submit the “Risk Analysis and Threat Assessment” form in Appendix B to the on-duty SOD supervisor and inquire if SOD wishes to execute the warrant. A copy shall be saved to the PSAB folder in the network drive (G Drive). If the Risk Analysis and Threat Assessment Form determines a warrant is a moderate risk warrant, but the on-scene supervisor believes the warrant is more appropriately categorized as a high-risk warrant, the supervisor will discuss that with SOD. The SOD supervisor has the discretion to execute a moderate-risk warrant or leave the execution to the field supervisor and officers. If there is a disagreement about the risk level between on-scene supervisor and the SOD supervisor, the assessment and classification made by SOD shall be considered conclusive. Examples of moderate-risk warrants include:
    - i. A search warrant for stolen TVs in an occupied house
    - ii. A search warrant to collect evidence with DNA (other than a buccal swab) associated with a sex crime.

If SOD serves the warrant, SOD is responsible for the operational plan and the after-action report. Both will be done in the appropriate SOD application.

If SOD refuses to serve the warrant:

    - i. SOD must refuse in writing and the investigative unit must save a copy of the refusal in the PSAB folder in the network drive (G drive).
    - ii. The investigative unit that serves the warrant shall do the operations plan

and after-action report in the Warrant Log.

39. For **No Risk** searches, the supervisor shall concur that the classification is "No Risk". The Risk Analysis and Threat Assessment form, operational plan, and after-action report are not needed.
40. For **Moderate Risk** searches that are not executed by SOD, the supervisor shall:
- (a) Fill out the **Warrant Log** accurately and completely.  
Develop an operational plan for the execution of the search warrant before executing the search warrant. Some of the factors that should be evaluated and planned for are listed in **Appendix A** of this Chapter.
  - (b) The operational plan must be documented with a digital timestamp, proving the plan was developed prior to executing the search warrant. Digital timestamps can be accomplished by:
    - i. recording the plan on BWC,
    - ii. documenting the plan in the Warrant log,
    - iii. using a Departmental date and time stamping machine which cannot be altered by the user. Every page of the plan must be stamped.
    - iv. Using a "tamperproof" document date and time stamp in the document, or
    - v. taking a digital photo of the plan. .
  - (c) Be present for the execution of the search warrant and ensure adequate police resources (including EMS) are present to meet the needs identified in the operational planning, including crisis scenarios.
  - (d) Complete an after-action report in the **Warrant Log**.
41. If SOD executes a **Moderate Risk** search warrant, the SOD supervisor is responsible for all documentation required in the SWAT Report application, and the district supervisor is not required to document an operational plan or after-action report in the **Warrant Log**.
42. For **High Risk** searches, the supervisor shall:
- (a) Fill out the **Warrant Log** accurately and completely.
  - (b) The on-scene supervisor shall complete and submit the "Risk Analysis and Threat Assessment" form in Appendix B and contact the Special Operations Division and advise the on-duty SOD supervisor that he or she is requesting SOD assistance in the execution of a "High Risk" warrant. The SOD supervisor will review the available information with the on-scene supervisor and will make the final determination of risk. If SOD executes the warrant, the SOD supervisor is responsible for all documentation required in the SWAT Report application. The district supervisor is not required to document an operational plan or after-action report in the **Warrant Log** if SOD executes the warrant.
43. Within 24 hours of the execution of a Moderate Risk search warrant that is not handled by SOD:
- (a) The investigating officer's platoon commander shall meet with the scene supervisor and entry team members to conduct an assessment of operational effectiveness and document the assessment in the **After-Action Report** section of the **Warrant Log**. Relevant assessment topics include:
    - i. The reliability of information used as a basis for the warrant.
    - ii. Procedures used to identify the target location and overall performance of entry team members; and
    - iii. Recommendations to improve performance or increase safety.
  - (b) As part of the supervisory review, the on-scene supervisor or platoon commander shall document any corrective action from the assessment in the Supervisor Feedback Log (see **Chapter 35.1.7 – Non-Disciplinary Responses to Minor Violations**) or, if necessary, initiate a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**).

## SUPERVISOR'S RESPONSIBILITY ON SCENE

44. Supervisory responsibility on the scene of all executed search warrants shall be as follows:
- (a) A ranking officer from the investigating officer's chain of command shall be responsible for on-scene supervision during the execution of a search warrant other than a **no risk** search warrant.
  - (b) Prior to executing a search warrant other than a **no risk** search warrant, the supervisor shall meet with the investigating officer(s) to assess probable cause factors which led to the issuance of the warrant, confirm the target location, coordinate entry strategy, and assist in developing an operational plan for execution of the warrant by considering and planning for the types of factors listed in **Appendix A – Risk and Planning Factors**, as well as assessing the need for additional or specialized resources.
  - (c) For search warrants where no-knock entry has been authorized, supervisors will ensure the facts on the ground still support a no-knock entry. If they do not, supervisors will assist in modifying the operational plan.
  - (d) On-scene supervisors shall review any previously unrequested or judicially authorized “no-knock” entry and ensure the factors for the authorization are documented, in detail, in the after-action report and in the investigative report (EPR).

## REPORTING AND REVIEW OF “NO-KNOCK” SEARCH WARRANTS AND ENTRIES

45. On-scene supervisors or officers who have executed a search warrant with a “no-knock” entry provision, or who have executed a “no-knock” entry on a search warrant, shall, within 24 hours of the execution of the search warrant, report the search warrant execution in an email to PSAB-Performance Standards Section with the item number, date and time of execution, location and names of all officers and supervisors on-scene and a copy of the after-action report. The respective Bureau Chief shall be copied on the email.
46. If the supervisor determines during his/her review of an incident that NOPD should revisit policy, tactics, training, or strategy related to the incident, the supervisor shall document that in a PRR Form #358. The supervisor submitting a PRR form #358 is responsible for thoroughly completing the form’s “Request” section. The supervisor shall make a digital copy of the form and email it to [PSAB@nola.gov](mailto:PSAB@nola.gov). The supervisor shall make an earnest effort to provide information to facilitate the review of the request. Supervisors shall be available to the reviewer and respond to follow-up questions the PSAB reviewer may have.
47. The Deputy Chief shall review all documentation of any no-knock entries that were not previously approved by a judicial officer for compliance with this policy. This review shall include assessing:
- a. Whether changed circumstances documented constituted exigent circumstances and necessitated the unannounced entry.
  - b. Whether the facts documented truly prevented seeking judicial approval; and
  - c. If applicable, whether the facts documented prevented seeking command level approval.
48. The Deputy Chief will take appropriate corrective action to remedy any deficiencies observed.
49. PSAB shall review the documentation and video of all reported or discovered “no-knock” entry search warrants for compliance with the provisions of this Chapter. Any concerns or policy violations shall be reported to the involved member’s Captain and Bureau Chief for appropriate disciplinary action.

50. NOPD shall include data about no-knock entries in its annual Use of Force Report.

**APPENDIX A – Risk and Planning Factors**

Elements to consider and plan for include the following:

1. History of subject(s) of the warrant. Relevant questions include:
  - (a) Violent crime history (homicide, rape, armed robbery, resisting officers with force, battery on officers, etc.)?
  - (b) Significant drug violator (quantity and type of CDS)?
  - (c) Subject on probation (for what) or parole?
  - (d) Known drug / alcohol abuser (type of drug)?
  - (e) History of mental instability (especially acting out, violent, delusional)? (See **Chapter 41.25 – Crisis Intervention** and plan accordingly)
  - (f) Military or police background or training?
  - (g) Known to possess weapons (type)?
2. Animals on premises which present a risk to officers.
3. Are there physical barriers or geography that need to be considered? (Fences, water, high traffic density roads, other buildings presenting a barrier, or presence of bystanders.)
4. Are cameras visible or known to be present? (Can they be disabled?)
5. Are any other individuals, including children, elderly or handicapped persons, present or likely present? (Consider executing at a different time to reduce risk / trauma.)
6. How likely are the items to be seized capable of being easily removed / moved / destroyed?
7. Is this part of an ongoing criminal enterprise that needs to be quickly interdicted?
8. Is “no-knock” entry anticipated?

Any identified factors should be presented, discussed, and planned for. Adequate police resources (including EMS) should be present to meet the identified need(s), including crisis scenarios.

Remember to always critically evaluate the source of the information being used. Is it reliable? Can it be verified? How perishable is the information? Are there reasonable alternatives to when the warrant should best be executed to maximize safety?

**IV. TIME ASSESSMENT**

**Note: Analysis should seriously consider the time factor between planning and execution. The general rule is that the less time available for planning, the higher the risk value.**

**Check only one box.**

- a) Unlimited time to plan = 0 points
- b) Less than 30 days to plan = 0 points
- c) Less than 15 days to plan = 0 points
- d) Less than 7 days to plan = 1 points
- e) Less than 3 days to plan = 2 points
- f) Less than 1 day to plan = 3 points
- g) Less than 12 hours to plan = 4 points

**V. INFORMATION ASSESSMENT****Information Source:**

- Confidential Informant** (indicate Informant ID number if known): \_\_\_\_\_
- Concerned Citizen** (indicate name if provided): \_\_\_\_\_
- Detective:** (indicate name and Unit): \_\_\_\_\_
- Other Police Officer**(indicate name and Unit): \_\_\_\_\_
- Known Victim** (indicate name): \_\_\_\_\_
- Other** (indicate available information) \_\_\_\_\_

**Reliability of source/information: (Check only one)**

- 0%-25%
- 25%-50%
- 50%-75%
- 75%-100%

**Warrants scoring over 25 points using the point totals below are considered high risk and must be executed by SOD.**

**Yes answer to any “\*” question automatically makes the warrant a high-risk warrant and require the mandatory use of SOD in the planned operation. All tactical call-out regulations apply.**

**If a supervisor believes that in the interest of safety of officers or members of the public, a warrant classified as moderate risk by the points system should be executed by SOD, the supervisor must raise that concern with SOD.**

**SOD will determine whether to execute the warrant. SOD’s determination is final.**

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.4.3

### TITLE: VEHICLE STOPS

**EFFECTIVE: 07/28/2019**

**REVISED: (Replaces Policy/Procedure 503)**

---

#### PURPOSE

All stops, searches, and arrests are to be conducted in accordance with the rights secured or protected by the U.S. Constitution and laws of the United States and the State of Louisiana. The requirements that apply to all stops, including pedestrian, vehicle stops, and other stops, are set forth in **Chapter 1.2.4.1 - Stops**. The purpose of this Chapter is to set forth additional guidelines for safely conducting vehicle stops. Specific guidance on issuing traffic citations during a vehicle stop is provided in **Chapter 61.3 Traffic Citations**.

#### DEFINITIONS

**Authorized Emergency Vehicle**—A properly equipped vehicle, owned and operated by or for a government agency, to protect and preserve life and property for a planned or unplanned response, in accordance with state laws regulating emergency vehicles.

**Crime of Violence**—A felony involving the infliction or threatened infliction of serious bodily injury or death.

**Emergency Equipment**—All emergency equipment available, to include red and/or blue emergency flashing lights and siren.

**Investigatory Stop**—The temporary involuntary detention and questioning of a person and/or vehicle and its occupants to investigate potential criminal conduct. To conduct an investigatory stop, the officer must have reasonable suspicion that the individual or vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct. (See also: **Chapter 1.2.4.1 – Stops**)

**Marked Police Vehicle**—An Authorized Emergency Vehicle used primarily by uniformed police officers. It is conspicuously marked. It is equipped with emergency lighting and a siren.

**Stop**—A brief, minimally intrusive detention of a subject, including pedestrians, bikers, and/or a vehicle and its occupants, during which a reasonable person in the subject's position would not feel free to leave, as defined in *Terry v. Ohio*, 392 U.S. 1 (1968). (See also: **Chapter 1.2.4.1 – Stops**)

**Uniformed or in uniform**—An authorized NOPD uniform worn in accordance with **Chapter 41.10 – Uniform Specifications**.

**Unmarked Police Vehicle**—An Authorized Emergency Vehicle used primarily by plainclothes police officers. It is not conspicuously marked and may be of any color. It is equipped with emergency lighting and a siren.

**Vehicle stop**—The involuntary detention of a motor vehicle and its occupants. Vehicle stops may be conducted (1) where there is probable cause to believe that the driver has committed a traffic violation or (2) where there is reasonable suspicion that a vehicle occupant has engaged, is engaging, or is about to engage in criminal conduct.

### CONDUCTING VEHICLE STOPS

1. NOPD officers may only conduct investigatory vehicle stops where the officer has reasonable suspicion that a person in the vehicle has been, or is about to be engaged in the commission of a crime. Officers may only conduct stops to enforce traffic laws when he or she has probable cause to believe the driver or occupant has committed a traffic violation.
2. Vehicle stops pose risks to police officers and the community and must be conducted with caution and forethought. Otherwise routine vehicle stops may develop into serious confrontations and officers must be prepared to react accordingly. Officers should continually be cognizant of the tactical options available.
3. All Department vehicles used to conduct vehicle stops shall be equipped with emergency equipment and operable emergency lights and sirens.
4. NOPD officers, either on-duty or off-duty, must have a functioning police radio when conducting a vehicle stop.
5. Uniformed NOPD officers, either on or off-duty, in marked police vehicles, are authorized to stop vehicles and their occupants in Orleans Parish in order to:
  - (a) Enforce traffic laws;
  - (b) Conduct investigations; and
  - (c) Stop criminal activity.
6. NOPD officers, either on-duty or off-duty, **are not authorized** to make vehicle stops outside of Orleans Parish, unless the violation would be considered a felony under state law. If a vehicle stop for a felony violation is made outside of Orleans Parish, the officer shall contact the law enforcement agency with jurisdiction as soon as feasible of the impending or actual stop supplying all requested information.
7. Nothing in this Chapter shall prohibit a member from making a vehicle stop in conjunction with a vehicle pursuit which originated in Orleans Parish and crossed into an adjacent parish, as limited by **Chapter 41.5 - Vehicle Pursuits**. Vehicle pursuits without expressed approval by the necessary NOPD supervisor are not authorized by this Department, even if allowed by the local law enforcement agency.
8. During detention of an alleged violator of any provision of the motor vehicle laws, an officer may not detain a motorist for a period of time longer than reasonably necessary to complete the investigation of the violation and issuance of a citation for the violation, absent reasonable suspicion of additional criminal activity.
9. Non-uniformed officers operating police vehicles (marked or unmarked) not equipped with functioning emergency lights or siren shall not make motor vehicle stops unless there is imminent danger of loss of life should they fail to act. In other less urgent cases that demand attention, officers shall contact Communications Services and request that

a marked patrol vehicle perform the stop, and assist in directing the marked unit to the subject vehicle's location.

10. Off-duty officers are **PROHIBITED** from conducting vehicle stops while operating a personal vehicle, **except** for a crime of violence in progress in Orleans Parish.
11. Officers in an unmarked vehicle or in a vehicle without operating emergency lights and siren **shall not** cite an individual for violation of La. R.S. 14:108.1 (flight from an officer, aggravated flight from an officer) if he/she refused to stop their vehicle.
12. Non-uniformed officers conducting vehicle stops shall conspicuously display their Department credentials to the vehicle occupants and announce that they are police officers.
13. When conducting a vehicle stop, officers must be cognizant of roadway, traffic, and lighting conditions.
14. The safety of the officer, the occupants of the vehicle, and other roadway users is a prime concern. If the vehicle stops in an unsafe location, the officer shall direct the driver to move to a more suitable location by use of visual signals and/or the vehicle public address system. Under no circumstances will an officer allow a driver who is suspected of driving while intoxicated move his/her vehicle once it has stopped.
15. When conducting a vehicle stop, officers shall advise Communication Services of his/her unit number, location, and the stopped vehicle tag number prior to exiting his vehicle and approaching the subject vehicle. If the vehicle has a temporary paper tag, or no tag, the officer shall provide Communications Services with a description of the vehicle and its occupants.
16. Off-duty officers making a vehicle stop shall advise Communication Services of his/her badge number if no permanent unit number is assigned.
17. When conducting a vehicle stop, officers shall use high beams, flashing overhead lights, takedown lights, flashers, and spotlights when applicable. The officer shall approach the violator's vehicle from behind, unless circumstances dictate a different angle of approach.
18. When possible, officers will position police vehicles in such a manner to allow a "safety zone" between the officers' and the violator's vehicles.
19. The decision on whether to approach the stopped vehicle on foot or to order the driver out of the vehicle shall be made by the officer making the stop. The officer should keep all tactical options available, including emergency disengagement techniques.
20. At the conclusion of the vehicle stop, the officer shall remain on the scene until the stopped vehicle leaves. In situations where the vehicle becomes disabled and cannot be moved, the officer shall assist the driver and/or occupants of the stopped vehicle as provided for in **Chapter 61.13 – Disabled Vehicles – Stranded Motorists**.
21. For additional guidelines on searches of vehicles, frisks and searches incident to arrest, see **Chapter 1.2.4 – Search and Seizure**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.6

### TITLE: ALTERNATIVES TO ARREST - DIVERSION

**EFFECTIVE: 11/26/2017**

**REVISED: 08/11/2019**

---

#### PURPOSE

Elected officials, law enforcement officers, residents, business owners, and service providers in New Orleans want to improve public safety and public order in their neighborhoods, while also reducing future criminal behavior by individuals engaged in low-level offenses. A randomized controlled trial has shown that Law Enforcement Assisted Diversion (LEAD), which diverts some low-level offenses away from jail and prosecution and instead provides individual case management, is more successful at reducing recidivism than arrest and detention.

#### POLICY STATEMENT

1. NOPD will employ LEAD to divert from custodial arrest and prosecution individuals who are suspected of having committed some low-level offenses, provided the individuals meet LEAD selection criteria, the individuals willingly participate in such diversion, sufficient resources exist to provide individual case management and services, and LEAD staff determine that such diversion is likely to reduce recidivism more successfully than arrest and detention.
2. The LEAD team, starting with the arresting officer, will provide an immediate and brief assessment to determine what factors led the individual to engage in misdemeanor criminal activity and offer immediate crisis-related assistance, as needed and available.
3. Over time and utilizing a harm-reduction framework, LEAD case managers will connect participants to comprehensive services to address the identified causal factors and designed to reduce the overall harm the individual is causing to himself/herself and the community.
4. The referred individual is considered to be in LEAD if:
  - (a) He/she completes a secondary and more comprehensive intake and assessment process within 30 days of referral (field screening) and receives a treatment and action plan. At this point, the suspect is no longer at risk for arrest and prosecution on the initial charge. The 30-day window may be extended by the Operations Working Group (OWG) on the recommendation of a LEAD Intake Officer (LIO); and
  - (b) He/she signs a release of information allowing the sharing of information on an as-needed basis among the OWG.

5. The LEAD Program Coordinator will make ongoing, real-time determinations of program capacity during the day/shift when the program is capable of accepting referrals (i.e., if three people have been referred in the previous two hours, it is possible that LEAD staff will not be available to conduct another intake, and LEAD referrals may cease until a staff member is available again).
6. The LEAD Program Coordinator shall update Communications Services continuously on changes in program working hours and capacity to accept diversions.
7. The LIO, approving supervisor, or LEAD staff may, at any time in the process, reconsider the suitability of a suspect for LEAD and **stop the diversion process** for any reason and make a recommendation to the OWG that the case be referred for prosecution. A final decision will be made by members of the OWG, including the suspect's case manager, regarding appropriate course of action and immediate next steps.

## DEFINITIONS

**Diversion**—In the context of the LEAD-community-based-diversion approach, diversion means that a suspect who could have been charged with a misdemeanor, booked into jail, or issued a summons, and referred for prosecution, will instead be engaged by LEAD program staff (a program coordinator and case management team) working with the City's Health Department and a local service provider.

**Lead Intake Officer (LIO)**—A New Orleans Police Department officer who is specially trained in LEAD intake and referral procedures. All Police Department members, including LIOs, will be trained on the principles of harm reduction and how to apply these principles when dealing with addiction, mental illness, homelessness, trauma, and poverty, as well as LEAD Operational Guidelines.

**LEAD Program Coordinator**—A person employed by the City of New Orleans and working within the New Orleans Health Department. (He/she will act as the primary outreach and case manager during the initial pilot phase.) When a behavioral health service provider is selected, he/she will coordinate case managers and peer support specialists working with people in diversion. He/she will also convene and facilitate OWG meetings and act as liaison between officers and others involved in LEAD to ensure the program is meeting NOPD partner needs.

**LEAD Service Provider**—An outreach and case-management team working for a behavioral health service provider designated by the City of New Orleans to provide immediate individual assessment of a suspect or individual referred by a New Orleans Police officer for diversion.

**LEAD Staff**—The LEAD Program Coordinator, Case Manager, and/or Outreach Staff who works with the Case Manager.

**NOPD Subcommittee**—A group of Police Department personnel who are responsible for developing the Operational Guidelines and for making recommendations to the OWG as LEAD is developed and implemented.

**Operations Working Group (OWG)**—A group of stakeholders, including NOPD's Subcommittee and LEAD staff, responsible for developing and amending the referral and diversion protocols, staffing program participants' cases per the Protocols, and providing periodic reports on resource utilization and participants' progress to the Policy Coordinating Committee.

**Policy Coordinating Committee (PCC)**—The signatories of the Memorandum of

Understanding who are responsible for reviewing and providing feedback on the referral and diversion protocols for LEAD candidates, reviewing and providing feedback on periodic reports from the OWG, making criminal justice and human services system data available for comparison and evaluative purposes, and providing policy and media guidance and administrative oversight for the LEAD program's operation and evaluation.

## LEAD PROCESS

8. The primary decision maker initially will be LEAD-trained law enforcement officers (**LEAD Intake Officer or LIO**) on the street and their sergeants.
9. There is no exception to the requirements for use of Body Worn Camera (BWC) or In-Car Camera (ICC) during any stop, arrest, screening and diversion under this Chapter. BWC and ICC, if applicable, shall remain in use from moment of contact through the final mark-up of the incident/item (see: **Chapter 41.3.10 – Body Worn Camera** and **Chapter 41.3.8 – In-Car Camera**).
10. LIOs and sergeants will make a series of decisions (field screening criteria) about the suspects they contact to determine whether or not those suspects should be:
  - (a) Diverted to the LEAD service provider;
  - (b) Issued a summons and released on his/her promise to appear; or
  - (c) Processed as an in-custody, physical arrest and booked (affidavit).
11. All field screening of suspects for LEAD suitability shall begin with a complete records check of the suspect by the arresting officer. Attempts at concealment of true identity or total lack of available data in the records system are criteria the arresting officer can use to assess suitability for diversion.
12. The LIO shall utilize the following screening criteria when determining the offense or suspect's eligibility for LEAD:
  - (a) Only **adults** are suitable for LEAD.
  - (b) Only **non-violent misdemeanor** (Municipal) criminal offenses are suitable for LEAD.
  - (c) The individual cannot have been physically combative with the officer at any time during the entire process from the initial stop to the turnover to LEAD service provider.
  - (d) If there is a **victim present who OBJECTS** to the diversion once explained by the officer, it will not take place.
  - (e) If the suspect requires immediate medical treatment, including but not limited to detoxification, LEAD cannot take place. Instead, the suspect will be brought to the appropriate facility for medical treatment. The enforcement action will be processed as a non-diversion action.
  - (f) If the suspect is unable to provide **informed consent** (impaired due to drugs or alcohol, as well as mental incapacity) to participate in LEAD, diversion will not take place and the suspect will be brought to the appropriate facility for medical treatment. The enforcement action will be processed as a non-diversion action.
  - (g) If the suspect poses a threat to self or others due to mental illness, it will not take place (see: **Chapter 41.25 – Crisis Intervention**).
  - (h) The suspect displays no interest in being offered services through a community based diversion program rather than being issued a summons, or taken to and booked into jail, or the suspect's words and actions about diversion or the service provider who arrives on scene indicate it would be futile to attempt a diversion strategy.

13. After a LEAD-eligible suspect is identified, and prior to the conclusion of any enforcement action (summons or affidavit), the LIO or sergeant will contact the Orleans Parish Communications District (OPCD) primary dispatch radio talk group for the District and provide them with the officer's name, district, suspect's name, and hand-off location.
14. OPCD will review the LEAD schedule to make sure a service provider is available and notes the officer's desired location for hand-off—either in the field or, if the officer has requested, to bring the suspect to meet the service provider somewhere else such as the police station or the LEAD office.
15. OPCD will text the dedicated LEAD phone number in order to reach the service provider on duty and provides that person with pertinent information: officer's name, suspect's name, and hand-off location.
16. When the service provider arrives at the hand-off location, the officer will contact OPCD on the primary dispatch radio talk group for the District, to note the time. The service provider then will gather any necessary additional information from the officer, will conduct a brief assessment of the suspect, and secures the suspect's signature on the consent form.
17. The officer will complete an FIC on the suspect (see **Chapter 41.12 – Field Interview Cards**).
18. The FIC will automatically transfer to the LEAD service provider/LEAD staff and the Commander of the 8<sup>th</sup> District for tracking purposes.
19. The service provider or LEAD staff may determine, at the point of referral that the person is unable or unwilling to follow through with an intake or assessment within the 30-day window allowed and refer the suspect/case back to the arresting officer for issuance of a summons or an affidavit and subsequent booking and referral for prosecution. However, if the diversion is accepted, the officer may clear the scene, contact OPCD and provide the appropriate disposition to close the incident after taking appropriate enforcement action. OPCD should note the time of contact by the officer so an evaluation of the efficiency of the program can be made.
20. The LIO or sergeant who made the referral (field screening) to LEAD will:
  - (a) Complete the FIC, EPR, and/or summons as appropriate for the charge and signal) that would be needed to refer the case to the appropriate prosecutor. The suspect must sign the summons, dated to appear in 45 days if diversion requirements are not fulfilled. (See: **Chapter 41.8 – Affidavits and Summons** and **Chapter 41.12 – Field Interview Cards**).
  - (b) Forward the LEAD packet for review to the LIO's supervisor.
  - (c) The narrative in the EPR, if one is written, will clearly state that the suspect has been referred to LEAD. If just a summons, it would indicate in the remarks that it is a LEAD referral. The summons shall be stamped with the LEAD stamp (available in the 8<sup>th</sup> District Station Front Desk).
  - (d) The sergeant shall forward the paper summons to the 8th District Commander, who will track it and forward it to the City Attorney for prosecution if necessary. The EPR (if written) will not be forwarded unless requested.
21. If the LIO determines that the suspect does not meet the threshold criteria for LEAD referral, and therefore charges the suspect, books the suspect into jail, and refers the case to the Prosecutor, the LIO may nonetheless refer the case to his/her supervising sergeant for review by the LEAD staff with a request to override the exclusion for a specific reason, within 1414 days of the stop.

22. If the suspect has not fulfilled the LEAD requirements within 30 days of the stop and referral, OWG shall discuss the case and determine whether to immediately refer the case for prosecution, continue LEAD requirements, or take other action in consultation with the service provider. If no progress has been made within 43 days of the stop and referral, the City Attorney may file the charge(s).
23. If, at any point in consideration for LEAD or during the suspect's performance of the LEAD requirements, the suspect is instead arrested on the underlying offense, the arresting officer shall notify the officer's supervisor and complete an arrest report pursuant to **Chapter 1.9 – Arrests**.

#### **PROGRAM / PROCESS ASSESSMENT DURING PILOT PHASE**

24. Informal LEAD program assessments will take place monthly in the first six months of operation under the pilot/development program and quarterly thereafter until the program is declared out of the pilot phase by the PCC. During this period, changes to this Chapter shall be made by General Order after approval by the OWG.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.7

### TITLE: ALTERNATIVES TO ARREST – SOBERING CENTER

**EFFECTIVE: 11/26/2019**

**REVISED:**

---

#### PURPOSE

Elected officials, law enforcement officers, residents, business owners, and service providers in New Orleans want to improve public safety, public health and public order in their neighborhoods, while also reducing future criminal behavior by individuals engaged in low-level offenses. The Department and City of New Orleans desire to divert eligible publicly intoxicated persons as an alternative to arrest to reduce the use of criminal-justice resources and assist individuals in receiving needed services.

#### POLICY STATEMENT

1. Persons intoxicated due to alcohol who would meet the requirements of **Municipal Ordinance Sec. 54-405 – Public drunkenness, drug incapacitation** and would otherwise be placed under arrest and booked for that violation, may be diverted to the Sobering Center as an alternative to booking when meeting the requirements of this Chapter and when consenting to the alternative after being informed by the officer. The detaining officer, will perform an assessment to determine eligibility to be brought to the Sobering Center and, if eligible, contact the Sobering Center for space availability.
2. Persons intoxicated due to alcohol who would meet the requirements of **Municipal Ordinance Sec. 54-405 – Public drunkenness, drug incapacitation** who are to be charged with ANY other misdemeanor municipal offense **not** involving violence, vice, theft or criminal mischief that is appropriately the subject of a municipal summons, may be issued a summons for the charges and transported to the Sobering Center if authorized by the officer's supervisor, and if the officer and supervisor determine that the individual meets the requirements of issuing a summons in lieu of arrest pursuant to **Chapter 41.8 – Affidavit and Summons**. An affidavit or summons shall not be completed for public intoxication for persons transported to the Sobering Center.
3. The use of diversion for public drunkenness, **SHALL NOT** apply to persons in lieu of a possible DWI charge. (see: **Chapter 61.1.11 – D.W.I. Procedures**.)
4. The use of diversion for public drunkenness, **SHALL NOT** apply to persons also charged with a felony.

#### DEFINITIONS

Definitions related to this Chapter include:

**Sobering Center** – a facility maintained by or contracted through the City Of New Orleans to provide a safe, controlled environment for non-violent subjects to stay until the effects of alcohol intoxication have diminished to a safe level. The Sobering Center is not a "treatment facility" within the meaning of R.S. 28:2.

**Sobering Center Exception List** – a list of persons who, because of identified medical or physiological concerns, have been determined by Sobering Center staff to be ineligible for participation for this type of diversion.

#### **ELIGIBILITY FOR SOBERING CENTER DIVERSION**

5. The detaining officer shall utilize the following screening criteria when determining the offense or subject's eligibility for diversion to the Sobering Center:
  - (a) Only **adults** are suitable for diversion.
  - (b) Only **non-violent misdemeanor** (Municipal) criminal offenses that also involve public intoxication are suitable for diversion to the Sobering Center.
  - (c) The suspect cannot have been physically combative with the officer at any time during the entire process from the initial stop to the turnover to Sobering Center.
  - (d) If the subject has a **medical condition** at the time of arrest that requires immediate treatment diversion cannot take place. Instead, the subject will be brought to the appropriate facility for medical treatment. The enforcement action will be processed as a non-diversion action.
  - (e) If the subject is demonstrably unable to understand the process of diversion, diversion will not take place and the subject will be brought to the appropriate facility for medical treatment. The enforcement action will be processed as a non-diversion action.
  - (f) If the subject poses a threat to self or others due to mental health crisis, diversion will not take place (see: **Chapter 41.25 – Crisis Intervention**).
  - (g) If the subject's words and actions about diversion or the Sobering center indicate it would be futile to attempt a diversion strategy, diversion will not take place.
6. There is no exception to the requirements for use of Body Worn Camera (BWC) or In-Car Camera (ICC) during any stop, arrest, screening, and diversion under this Chapter. BWC and ICC, if applicable, shall remain in use from moment of contact through the final mark-up of the incident/item (see: **Chapter 41.3.10 – Body Worn Camera** and **Chapter 41.3.8 – In-Car Camera**).
7. Officers and sergeants will make field screening decisions about the subjects they contact to determine whether or not those subjects should be:
  - (a) Diverted to the Sobering Center.
  - (b) Issued a summons and released IF a responsible adult who is not impaired accepts responsibility for the subject and agrees to relocate them to a safe environment and with supervisory approval. The subject may only be issued a summons if they have the capacity to understand what they are signing, their legal obligation to appear and the repercussions of a non-appearance (failure-to-appear capias).
  - (c) Processed as an in-custody, physical arrest and booked.
8. All field screening of subjects for diversion suitability shall begin with a complete records check of the subject by the detaining officer. Attempts at concealment of true identity or total lack of available data in the records system are criteria the detaining officer can use to assess the unsuitability for diversion.
9. After a diversion-eligible subject under this Chapter is identified and the officer's supervisor concurs in the eligibility and decision to transport to the Sobering Center:
  - a. the officer shall contact the Sobering Center to determine if space is available and the subject is not on an "Exception List".
    - i. A subject on the Sobering Center Exception List is not eligible for diversion and shall be processed as a summons or arrested as appropriate.
    - ii. If space is available, diversion may proceed.
    - iii. If space is not available, the officer shall charge the subject and either summons or book into jail as appropriate.
  - b. The officer shall **clearly** state to the diversion eligible subject, as part of the BWC incident recording, that they have the right to refuse to participate in the diversion to the

Sobering Center and the effect of their refusal to participate in the diversion to the Sobering Center and any subsequent enforcement related actions by the officer.

- c. The diversion eligible subject's consent or refusal to participate in the Sobering Center diversion shall be clearly indicated on the BWC incident recording. A non-responsive action is considered a "refusal".
10. The officer shall follow the appropriate prisoner transport guidelines of **Chapter 71.1 – Prisoner Transport**.
  11. At the conclusion of any enforcement action (summons or arrest), the officer or sergeant will contact the OPCD primary dispatch radio talk group for the District and provide them with the appropriate disposition of the item, according to **Chapter 81.7 – Police Complaint Signals and Dispositions** and **Chapter 82.4 – Complaint Signals – Changing of Item Signals and Dispositions**. Specific mention shall be made of the transport to the Sobering Center. Officers shall utilize signal 19SC when marking up calls involving persons diverted to the Sobering Center when no enforcement action is taken.
  12. The officer shall complete all necessary EPR and FIC on the subject as required by the signal for the offense. (See: **Chapter 41.12 – Field Interview Cards**).
  13. The officer or sergeant who made the field screening for diversion to the Sobering Center will:
    - (a) Complete the FIC, EPR, and/or summons as appropriate for the charges and signal other than a stand-alone public intoxication charge that would be needed to refer the case to the appropriate prosecutor. The use of a summons must be approved by the member's supervisor and the summons must be signed by the subject. The subject may only be issued a summons if they have the capacity to understand what they are signing, their legal obligation to appear and the repercussions of a non-appearance (failure-to-appear capias).
    - (b) The narrative in the incident report (EPR), if one is written, will clearly state that the subject has been diverted to the Sobering Center. Any related summons shall indicate in the remarks that a Sobering Center referral was involved.  
Any summons shall be processed normally. (See: **Chapter 41.8 – Affidavits and Summons**.)  
The name and contact information for the responsible adult who is not impaired and accepted responsibility for the subject and agreed to relocate them to a safe environment shall be noted on the summons form.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.2.10

### TITLE: PUBLIC RECORDING OF POLICE OFFICERS

**EFFECTIVE: 03/19/2017**

**REVISED: 04/30/2017**

---

#### PURPOSE

The purpose of this Chapter is to provide guidance for officers in dealing with situations in which they are being recorded, to include photographing, videotaping, audiotaping, or both, by members of the public or the press.

#### POLICY STATEMENT

1. In accordance with the rights secured or protected by the Constitution and laws of the United States and the Constitution and laws of the State of Louisiana, onlookers or bystanders may witness, observe, record and / or comment on officer conduct, including stops, detentions, searches, arrests, or uses of force. Officers shall respect the right of persons to observe, record, and / or verbally comment on or complain about the performance of police duties occurring in public. Officers shall be cognizant that the exercise of these rights serves an important public purpose.
2. Members of the public, including media representatives, have an unambiguous First Amendment right to observe, record, and / or verbally comment on or complain about the performance of police duties occurring in public. The right is not limited to public streets and sidewalks; it includes areas where individuals have a legal right to be present, including an individual's home or business, or other private property where the person has a right to be or is legally present. The seizure and/or destruction of recordings without a warrant or due process may also violate the individual's Fourth and Fourteenth Amendment rights.
3. Members of the press and members of the general public enjoy the same rights in any area accessible to the general public. No individual is required to have or to display "press credentials" in order to exercise the right to observe, record, and / or verbally comment on or complain about the performance of police duties taking place in an area accessible to, or within view of, the general public.
4. Officers should assume that they are being observed or recorded at all times when on duty in a public place.
5. Any allegations that a recording may contain evidence of wrongdoing by an officer shall be immediately communicated to a supervisor who shall secure the recording and notify PIB who will make the scene and assume custody and control of the recording and

follow the guidelines of **Chapter 84.1 – Evidence and Property, Chapter 83.1 – Collection and Preservation of Evidence, and Chapter 83.2 – Computers and Digital Evidence.**

#### **DEFINITIONS:**

Definitions relevant to this Chapter include:

**Recording**—Capturing of images, audio, or both by means of a camera, cell phone, audio recorder, or other device.

**Media**—The storage source for visual or audio recordings, whether by film, analog, or digital means.

#### **OFFICER'S RESPONSIBILITIES**

6. Officers are prohibited from threatening, intimidating, or otherwise discouraging any individual from observing stops, detentions, arrests, and other incidents or remaining in the proximity of the incident or recording police officer enforcement activities unless one of the restrictions below applies.
7. Officers must not intentionally block or obstruct persons, cameras or recording devices in any manner unless it is to protect the privacy or identity of victims, witnesses, or undercover officers.
8. Officers are prohibited from deleting recordings or photographs and from damaging or destroying recording devices/cameras under any circumstances.
9. Officers shall not detain, prolong the detention of, or arrest an individual for remaining in the proximity of, recording, or verbally commenting on officer conduct directed at the individual or a third party, unless one of the restrictions below applies.

#### **RESTRICTIONS**

10. A person may observe, record, and / or verbally comment on or complain about the performance of police duties occurring in public unless the person engages in actions that:
  - (a) Jeopardize the safety of the officer(s), victims, witnesses, third parties, the suspect(s), or others in the vicinity;
  - (b) Jeopardize the integrity of the crime scene;
  - (c) Violate the law; or
  - (d) Incite others to violate the law.
11. Examples of such restrictions include but are not limited to:
  - (a) Persistently engaging or attempting to engage an officer in conversation while the officer is executing his/her duties;
  - (b) Interfering through direct physical intervention with a lawful arrest;
  - (c) Tampering with a witness;
  - (d) Inciting bystanders to interfere with, hinder, or obstruct an officer in the performance of his/her duties;
  - (e) Unreasonably impeding the movement of emergency equipment and personnel or the flow of vehicular or pedestrian traffic;
  - (f) Trespassing on private property;
  - (g) Entering a private dwelling or similar private space without the owner's permission;
  - (h) Entering a marked crime scene; and

- (i) Entering any area not accessible to the general public.
- 12. An individual's observation, recording, and / or verbal comment on or complaint about the performance of police duties occurring in public from a safe distance without any attendant action intended to obstruct the activity or threaten the safety of others does **not** amount to interference.
- 13. A person's expression of criticism of the police (or the police activity being observed) does **not**, by itself, constitute interference.
- 14. The First Amendment protects a significant amount of verbal criticism and challenge directed at police officers.
- 15. The fact that recording and/or overt verbal criticism, insults, or name-calling may be annoying does **not**, of itself, justify an officer taking corrective or enforcement action or ordering that recording be stopped, as this is an infringement on an individual's constitutional right to protected speech. Even foul expressions of disapproval towards police officers are protected under the First Amendment.

*\* The U.S. Supreme Court has held that "a properly trained officer may reasonably be expected to exercise a higher degree of restraint" than the average citizen when it comes to reacting to insults or "fighting words."*

*\* Courts have given First Amendment protection to persons who made obscene gestures and yelled profanities at police officers, and they have prohibited the police from interfering with such speech.*

## **SEIZURE OF EQUIPMENT**

- 16. Where an officer has a reasonable belief that a bystander or witness has captured a recording of critical evidence related to a serious crime, the officer shall:
  - (a) Consult, if possible, with a supervisor;
  - (b) Ask the recording person if he/she will consent to lend the recording medium to the officer temporarily so that it can be viewed; and
  - (c) Request the recording person to e-mail the recording to the officer at his/her government e-mail address.
- 17. If the recording person does not agree to share the recording, he/she may not be pressured, threatened, or intimidated to gain compliance. Officers shall not seize or otherwise coerce production of recorded sounds or images without obtaining a warrant, or order an individual to destroy such recordings.
- 18. If the recording person does not agree to share the recording and the officer has reasonable cause to believe that the recording will be destroyed, lost, tampered with or otherwise rendered useless as evidence before a warrant can be obtained, the recording device or media may be seized under a temporary restraint. The warrantless seizure of material protected by the First Amendment and Fourth Amendment (photos, videos, etc.) will be strictly scrutinized by a court. In ordinary circumstances, the seizure of cameras or recording devices without a warrant will not be reasonable. Cameras or recording devices will not be seized without a warrant unless:
  - (a) Officers have probable cause to believe that critical evidence of a felony is contained on/in the camera or recording device;
  - (b) Officers first have explained the circumstances and have unsuccessfully attempted to get the consent of the person in possession of the recording device;

- (c) The seizure of the camera/recording device is for no longer than reasonably necessary for the officer, acting with due diligence, to obtain a warrant to seize the evidence; and
  - (d) Supervisory approval has been granted for the seizure.
19. Unless and until a warrant to search the device has been obtained, an officer will not search the device or attempt to view the recording without the recording person's consent.

### **RESPONSES BY OFFICERS BEING RECORDED**

20. Some appropriate police responses to being recorded are:
- (a) Informing the recording party that he/she has a right to record but there are some restrictions.
  - (b) Advising the recording party if he/she is doing something that is not permitted.
  - (c) Directing the recording party to a location at a reasonable distance where he/she can record.
  - (d) Designating a reasonable police perimeter. This perimeter **MUST** be applied to all individuals equally, and the recording party should not be singled out.

### **ARREST**

21. Persons who violate the foregoing restrictions should be informed that they are engaged in prohibited activity and given information on acceptable alternatives, when appropriate, prior to making an arrest.
22. Arrest of a person who is observing, recording, and / or verbally commenting on or complaining about the performance of police duties occurring in public shall be related to an objective, articulable violation of the law unrelated to the act of observing, recording, and / or verbally commenting on or complaining about the performance of police duties occurring in public. The action does not, in itself, provide grounds for detention or arrest.
23. Arrest of an individual does not provide an exception to the warrant requirement justifying search of the individual's recording equipment or media. While equipment may be seized incident to an arrest, downloading, viewing, or otherwise accessing files requires a search warrant. Files and media shall not be altered or erased under any circumstances.

### **SUPERVISORY RESPONSIBILITIES**

24. A supervisor shall be summoned to the scene of any incident in which an individual observing, recording, and / or verbally commenting on or complaining about the performance of police duties occurring in public is going to be, or will most likely be, arrested or when recording equipment is or may be seized without a warrant or lawful consent.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3

### TITLE: USE OF FORCE

EFFECTIVE: 12/06/15

REVISED: 04/01/2018, 10/02/2022

---

#### PURPOSE

This Chapter governs the use of force by NOPD police officers. The Use of Force Chapter applies to all commissioned members of the NOPD.

#### DEFINITIONS

**Active Resistance**—Resistance exhibited by a suspect that is between passive resistance and aggressive resistance (e.g., attempts to leave the scene, flee, hide from detection, or pull away from the officer's grasp). Verbal statements, bracing, or tensing alone do not constitute active resistance.

**Aggravated Resistance**—When a subject's actions create an objectively reasonable perception on the part of the officer that the officer or another person is subject to imminent death or serious physical injury as a result of the circumstances and/or nature of an attack. Aggravated resistance represents the least encountered but most serious threat to the safety of law enforcement personnel or another person.

**Aggressive Resistance**—Is a subject's attempt to attack or an actual attack of an officer. Exhibiting aggressive behavior (e.g., lunging toward the officer, striking the officer with hands, fists, kicks) are examples of aggressive resistance. Neither passive nor active resistance, including fleeing, pulling away, verbal statements, bracing, or tensing, constitute aggressive resistance.

**Anatomical Compliance Technique / Pressure Point Compliance Technique**—The act of applying pressure to vulnerable areas, weak points or pressure points of the body. This technique is used to cause immediate compliance by a subject who poses a threat.

**Apprehension**—The arrest, capture or taking into custody of a person.

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him. (La. C.Cr. P. Art. 201).

**Canine Apprehension**—Where articulated facts demonstrate that a canine played a clear role in the capture of a person. The mere presence of a canine at the scene of an arrest shall not

count as a canine apprehension.

**Canine Deployment**—Any situation, except one involving an on-leash article search only, in which a canine is brought to the scene and used in an attempt to locate or apprehend a suspect, whether or not a suspect actually is located or apprehended. This includes all instances in which a canine is removed from the police car; or when a suspect gives up immediately after an announcement is made that if they do not surrender, the canine will be released; or when a canine search is conducted in an effort to apprehend a suspect.

**Civil Disturbance**—

Any incident which disrupts a community where law enforcement intervention is required to maintain public safety. Civil disturbances may consist of riots, demonstrations, strikes, sit-ins, or mass acts of criminal damage or violence.

**Compliant**—Cooperative obedience in response to lawful requests or directions from law enforcement personnel.

**Critical Firearm Discharge**—A discharge of a firearm by an NOPD officer, including discharges when no person or animal is struck. Range and training firings, humane destruction of animals, and off-duty hunting discharges when no person is struck are not critical firearms discharges.

**Conducted Energy Weapon (CEW)**—A weapon designed primarily to discharge electrical impulses into a subject that will cause involuntary muscle contractions and override the subject's voluntary motor responses.

**CEW Application**—The contact and delivery of electrical impulse to a subject with a CEW.

**Deadly Force/Lethal Force**—Any force likely to cause death or serious physical injury. The use of a firearm (discharge) is considered deadly force. Neck holds and strikes to the head, neck or throat with a hard object are considered lethal force.

**Elbow strike**—A strike to a person with the point of an officer's elbow.

**Firearm**—A pistol, revolver, shotgun, carbine, or machine gun. Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. (Gun Control Act of 1960, Title 18, US, chapter 44, Title1)

**Force Statement**—A written statement required as part of the departmental Use of Force Report (in Blue Team application and Form #114). The Force Statement is completed by an involved officer or witness officer documenting a use of force. A Force Statement is not considered a compelled statement under *Garrity v. New Jersey* or under analogous State law. The statement can be considered compelled only when the officer is ordered to provide a statement after refusing to do so on the grounds that the officer has a reasonable, good faith belief that such statement may incriminate himself/herself.

**Force Tracking Number**—A unique number assigned by FIT to each reportable use of force event to facilitate awareness event and tracking of a use of force investigation. The number includes the letters "FTN" for Force Tracking Number, followed by the year the force event occurred followed by a three-digit sequential number starting with 001 for the first recorded allegation of the year. FTN 2014-001 indicates the first reportable use of force event in 2014.

**Force Transition**—Force transition is the movement, escalation/de-escalation, from the application of one force type to another in conjunction with the "objectively reasonable" standard.

**Force Investigation Team (FIT)**—The NOPD unit tasked with conducting investigations of serious uses of force; uses of force indicating apparent criminal conduct by an officer; uses of force by NOPD personnel of a rank higher than sergeant; and uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or PIB. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD.

**Imminent Threat**—An immediately impending danger that must be instantly met.

**Impact Weapon**—Any solid or semi-solid object used by an officer as a method of gaining control of a subject. Absent exigent circumstances, officers shall not use non-traditional weapons/hard objects, such as firearms or radios, as impact weapons.

**In-Custody Death**—An incident in which an individual died while in, or as an apparent result of being in, the custody of NOPD.

**Kick**—To forcibly strike a person with any part of an officer's leg.

**Leg sweep**—To trip a person and/or cause one or both legs of a person to collapse and the person to fall to the ground.

**Less-Lethal Force**—Force employed that is neither likely nor intended to cause death or serious injury.

**Less-Lethal Weapon**—An apprehension or restraint tool that, when used as designed and intended, is less likely to cause death or serious injury than a conventional lethal weapon such as a firearm.

**Neck Hold**—One of the following types of holds: (1) arm-bar control hold, a hold that inhibits breathing by compression of the airway in the neck; (2) carotid restraint hold, a hold that inhibits blood flow by compression of the blood vessels in the neck; (3) lateral vascular neck constraint; or (4) a hold with a knee or other object to the back of a prone subject's neck; (5) any actions with the hands and fingers of an officer, which restricts the airflow of an individual. A neck hold is considered lethal force.

**Passive Resistance**—Behavior that is unresponsive to police verbal communication or direction (e.g., ignoring or disregarding police attempts at verbal communication or control; going limp; or failing to physically respond or move) and verbal resistance (e.g., verbally rejecting police verbal communication or direction; telling the officer that he or she will not comply with police direction, to leave alone, or not bother him or her). Bracing, tensing, linking arms, or verbally signaling an intention to avoid or prevent being taken into custody constitutes passive resistance. Passive resistance, including verbal statements, bracing, or tensing alone does not constitute active resistance

**Probable Cause**—The facts and circumstances, known to the officer at the time, which would justify a reasonable person in believing that the suspect committed or was committing an offense.

**Reasonable Force**—Force that is objectively reasonable under the circumstances. The minimum amount of force necessary to effect an arrest or protect the officer or other person.

**Reasonably Necessary**—Force is reasonably necessary when the facts and circumstances, including the reasonable inferences drawn therefrom, known to an officer at the time he or she uses force, would cause an objectively reasonable officer to believe that force is appropriate.

**Reportable Use of Force**—Any force above hand control or escort techniques applied for the purposes of handcuffing, or escort techniques that are not used as pressure-point compliance techniques, do not result in injury or complaint of injury, and are not used to overcome resistance. The pointing of a firearm at a subject is a reportable use of force.

**Seizure (or Detention)**—Occurs when an officer's words, actions, or control would convey to a reasonable person that he or she is not free to leave.

**Serious Physical Injury**—Physical injury that creates a substantial risk of death; causes death or serious and protracted disfigurement; or causes impairment of the function of any bodily organ or limb.

**Serious Use of Force**—Includes the following:

- (a) All uses of lethal force by an NOPD officer;
- (b) All critical firearm discharges by an NOPD officer;
- (c) All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- (d) All neck holds;
- (e) All uses of force by an NOPD officer resulting in a loss of consciousness;
- (f) All canine bites
- (g) More than two applications of an CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive; and
- (h) Any strike, blow, kick, CEW application or similar use of force against a handcuffed subject.

**Specialized Weapons** - weapons which require specialized training, certification and authorization prior to use, such as chemical agents, 40mm launchers, stinger rounds and grenades, flashbangs, LRAD systems, etc. (see: **Chapter 46.2.3 – CRU SWAT Equipment and Storage.**)

**Specialty Impact Munitions** - Refers to extended range impact munitions. These munitions may include impact rounds containing chemical agents.

**Supervisor**—A sworn NOPD employee at the rank of sergeant or above and non-sworn NOPD members with oversight responsibility for officers.

**Takedown**—A person is thrown, pushed, tackled, or shoved to the ground or against a wall, car, or other surface by an officer. The key element to a takedown is the degree of force used. The use of a compliance technique off-balancing the subject against a wall, car, or surface (**other than ground**) alone is **not** a takedown. A shove or push does not maintain contact, but rather creates distance between the officer and the subject, and is not a takedown unless a fall to the ground results.

**Use of Force**—Physical effort to compel compliance by an unwilling subject above unresisted handcuffing, including pointing a firearm at a person.

**Use of Force Indicating Apparent Criminal Conduct by an Officer**—Force that a reasonable and trained supervisor would conclude could result in criminal charges due to the apparent circumstances of the use of force. The level of the force used as compared to the resistance encountered, discrepancies in the use of force as described by the officer and the use of force as evidenced by any resulting injuries, witness statements, or other evidence are examples.

**Use of Force Levels**—For reporting and investigative purposes, the New Orleans Police

Department categorizes use of force by its members into four (4) primary force levels:

#### **LEVEL 1**

Level-1 uses of force include pointing a firearm at a person and hand control or escort techniques (e.g., elbow grip, wrist grip, or shoulder grip) applied as pressure point compliance techniques that are not reasonably expected to cause injury; takedowns that do not result in actual injury or complaint of injury; and use of an impact weapon for non-striking purposes (e.g., prying limbs, moving, or controlling a person) that does not result in actual injury or complaint of injury. It does not include escorting, touching, or handcuffing a person with minimal or no resistance.

#### **LEVEL 2**

Level-2 uses of force include use of a CEW (including where a CEW is fired at a person but misses); the use of “flash bangs” and “aerial flash bangs” to compel compliance from an unwilling subject; a canine deployment resulting in an apprehension without contact and force that causes or could reasonably be expected to cause an injury greater than transitory pain but does not rise to a Level 3 use of force.

#### **LEVEL 3**

Level-3 uses of force include any strike to the head (except for a strike with an impact weapon); use of impact weapons when contact is made (except to the head), regardless of injury; a canine deployment resulting in an apprehension contact that is not a bite or the destruction of an animal.

#### **LEVEL 4**

Level-4 uses of force include all ‘serious uses of force’ as listed below:

- (a) All uses of lethal force by an NOPD officer;
- (b) All critical firearm discharges by an NOPD officer;
- (c) All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- (d) All neck holds;
- (e) All uses of force by an NOPD officer resulting in a loss of consciousness;
- (f) All canine bites;
- (g) More than two applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive;
- (h) Any strike, blow, kick, CEW application, or similar use of force against a handcuffed subject; and
- (i) Any vehicle pursuit resulting in death, serious physical injury, or injuries requiring hospitalization.
- (j) Any use of specialized weapons, such as gas dispersants, the use of “flash bangs” and “aerial flash bangs” or impact rounds for the purposes of crowd control (See **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances**), including the munitions listed in **Appendix E** of Chapter 46.2.1).

**Use of Force Report**—A written report documenting a supervisor's investigation of a use of force (in Blue Team application and Form #114).

#### **USE OF FORCE POLICY STATEMENT**

1. The policy of the New Orleans Police Department is to value and preserve human life when using lawful authority to use force. Therefore, officers of the New Orleans Police

Department shall use the minimum amount of force that the objectively reasonable officer would use in light of the circumstances to effectively bring an incident or person under control, while protecting the lives of the member or others. Members are advised that the Department places restrictions on officer use of force that go beyond the restrictions set forth under the Constitution or state law.

2. Officers shall perform their work in a manner that avoids unduly jeopardizing their own safety or the safety of others through the use of poor tactical decisions.
3. When feasible based on the circumstances, officers will use de-escalation techniques, disengagement; area containment; surveillance; waiting out a subject; summoning reinforcements; and/or calling in specialized units such as mental health and crisis resources, in order to reduce the need for force, and increase officer and civilian safety. Moreover, the officers shall de-escalate the amount of force used as the resistance decreases.
4. Any evaluation of reasonableness must allow for the fact that officers must sometimes make split-second decisions about the amount of force that is necessary in a particular situation with limited information and in circumstances that are tense, uncertain and rapidly evolving.
5. While the ultimate objective of every law enforcement encounter is to protect the public, nothing in this Chapter requires an officer to retreat or be exposed to possible physical injury before applying reasonable force. Nevertheless, officers should strive, where practicable, to first try to de-escalate a situation prior to using force.

#### **USE OF FORCE PRINCIPLES**

6. NOPD officers, regardless of the type of force or weapon used, shall abide by the following requirements:
  - (a) Officers shall use verbal advisements, warnings, and persuasion, when possible, before resorting to force.
  - (b) Officers are expected to use sound judgment when making a subjective and independent decision regarding the need and appropriateness of the force to be used.
  - (c) Under no circumstances will an officer use force solely because another officer is using force.
  - (d) Officers will use disengagement; area containment; surveillance; waiting out a subject; summoning reinforcements; and/or calling in specialized units such as mental health professionals or a CIT Officer, when feasible, in order to reduce the need for force and increase officer and civilian safety.
  - (e) When possible, officers shall allow individuals time to submit to arrest before force is used.

#### **MEDICAL ATTENTION**

7. Immediately following a use of force, officers and supervisors shall inspect and observe subjects for injury or complaints of pain. Officers shall obtain medical assistance for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. This may require officers to render emergency first aid within the limits of their individual skills, training and available equipment until professional medical care providers arrive on the scene. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored by the officer involved in the incident or an on-scene assisting officer until medical personnel can assess the individual. NOPD officers shall request

medical assistance without delay when a subject has visible injuries or the subject complains of injury.

#### **AUTHORITY TO USE REASONABLE FORCE (Louisiana R.S. 14:20 and R.S. 14:22)**

8. Officers may use only necessary and reasonable force:
  - (a) To protect themselves from injury;
  - (b) To protect others from injury;
  - (c) To effect a lawful detention;
  - (d) To effect a lawful arrest; or
  - (e) To conduct a lawful search.
9. A use of force is “necessary” when it is reasonably required, considering the totality of facts and circumstances, to carry out one of the above listed law enforcement objectives.
10. When practicable, officers will identify themselves as peace officers before using force. If it is not already known by the subject to be detained, arrested, or searched, officers should, if reasonable, make clear their intent to detain, arrest or search the subject.
11. Officers shall not draw or exhibit a firearm unless the circumstances surrounding the incident create an objectively reasonable belief that a situation may escalate to the point at which lethal force would be authorized. Once an officer determines that the use of deadly force is no longer likely, the officer shall re-holster the weapon.
12. Officers shall not use force to attempt to effect compliance with a command that is unlawful. Any use of force by an officer to subdue an individual resisting arrest or detention is unreasonable when the initial arrest or detention of the individual was unlawful. **(See La. C. Cr. P. 220)**

#### **DEADLY FORCE**

13. **Deadly/Lethal force shall be used only when:**
  - (a) There is an imminent danger of death or serious physical injury to the officer or another person; or
  - (b) To prevent the escape of a fleeing subject if there is probable cause to believe:
    - i. The subject has committed a felony involving the infliction or threatened infliction of serious bodily injury or death; and
    - ii. The escape of the subject would pose an imminent danger of death or serious bodily injury to the officer or to another person.
14. Officers are not authorized to fire their firearms in order to subdue an escaping suspect who presents no imminent threat of death or serious injury. **(Tennessee v. Garner, 471 U.S. 1 (1985)).**
15. Deadly Force may never be used for the protection of property.

#### **DETERMINING THE REASONABLENESS OF FORCE**

16. When determining whether to use force **(see: Graham v. Connor, 490 U.S. 386 (1989))** and in evaluating whether an officer has used reasonable force, the facts and circumstances, when they are known or reasonably should be known by the officer, that should be considered include, but are not limited to:
  - (a) The seriousness of the suspected offense or reason for contact with the individual;
  - (b) Whether the subject poses a threat of injury to himself, officers or others, and the immediacy and severity of the threat;

- (c) The conduct of the individual being confronted as reasonably perceived by the officer at the time;
- (d) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, and the number of officers versus subjects);
- (e) The effects of drugs or alcohol;
- (f) The subject's mental state or capacity;
- (g) Proximity to weapons or dangerous improvised weapons/devices;
- (h) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained;
- (i) The availability of other options and their possible effectiveness;
- (j) The training and experience of the officer;
- (k) The environment wherein the event is occurring;
- (l) Whether the person appears to be resisting in an active, aggressive, or aggravated manner;
- (m) The risk of escape;
- (n) The apparent need for immediate control of the subject for a prompt resolution of the situation versus the ability to step back, regroup and develop an alternative approach and the time available to the officer to make a decision;
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others; and
- (p) Any other exigent and articulable circumstances.

## **DE-ESCALATION**

17. When it is consistent with protecting the safety of the officer, the subject, or the public, officers shall use de-escalation techniques to avoid or reduce the need for the use of force. These techniques include gathering information about the incident, assessing the risks, assembling resources, attempting to slow momentum, and communicating and coordinating a response. In their interaction with subjects, officers should use advisements, warnings, verbal persuasion, and other tactics and alternatives to higher levels of force. Officers should recognize that they may withdraw to a position that is tactically more secure or allows them greater distance in order to consider or deploy a greater variety of force options.

## **SUPERVISORY RESPONSE TO FORCE INCIDENTS**

18. The prospect of a favorable outcome is often enhanced when supervisors become involved in the management of an overall response to potential violent encounters by coordinating resources and officers' tactical actions. Whenever possible, supervisors shall acknowledge and respond in a timely manner to in-progress incidents in which there is a higher potential for officers to use force.

## **FORCE LEVELS**

19. When use of force is needed, officers will assess each incident to determine, based on policy, training and experience, which use of force option is believed to be appropriate for the situation and bring it under control in a safe and prudent manner.

### **LEVELS OF RESISTANCE**

- (a) **Passive Resistance,**
- (b) **Active Resistance,**
- (c) **Aggressive Resistance, and**
- (d) **Aggravated Resistance.**

## LEVELS OF CONTROL

20. There are a variety of controls officers can use to stop the unlawful actions of a subject(s) or to protect a subject(s) from injuring himself/herself/themselves or others. The type of control officers use may vary based upon the facts and circumstances confronting them. Officers shall assess all contacts to determine the appropriate level of control. When possible, officers shall attempt to gain control of subjects by using verbal commands/directives first.
21. If verbal commands/directives are ineffective or not feasible, officers may utilize other control methods. If force is necessary, officers shall determine which control technique(s), tactics or authorized defensive equipment would best de-escalate the incident and bring it under control in the safest manner. When it is objectively reasonable, officers may utilize the following skills and techniques as follows:
- (a) **Professional Presence**—This includes all symbols of police authority, such as badge, uniform, marked police vehicle, etc., and applies to all levels of control.
  - (b) **Verbal Commands**—This level includes fundamental verbal skills and strategies that are available to the trained officer. The mere presence of the officer can be included in this category.
  - (c) **Contact Controls**—When confronted with a subject demonstrating minimal resistant behavior, the officer may use low-level anatomical compliance techniques or physical tactics to gain control and cooperation. These tactics can be psychologically manipulative as well as physical, and include additional verbal persuasion skills, anatomical applications, and escort positions.
  - (d) **Compliance Techniques**—When a subject becomes resistant (active resistance), the officer may use anatomical compliance techniques or physical control tactics to overcome the level of resistance and remain vigilant for more aggressive behavior from the subject.
  - (e) **Conducted Energy Weapon**—The CEW is used in: (1) situations in which a subject who may be lawfully detained or apprehended poses an imminent risk of harm to the officer(s), the subject, or others; attempts to subdue the subject with less intrusive means have been or will likely be ineffective; and there is an objectively reasonable expectation that it would be unsafe for officers to approach the suspect within contact range; OR (2) situations in which a suspect for whom an officer has probable cause to arrest is actively fleeing from arrest for a serious offense; and attempts to subdue the subject with less intrusive means have been or will likely be ineffective or increase the likelihood of greater harm to the officer, the subject or another party. **Officers are reminded that mere flight shall not be the sole justification for using a CEW against a suspect.** Members should consider the severity of the offense, the suspect's threat level to others, and the risk of serious injury to the subject before deciding to use a CEW on a fleeing suspect.
  - (f) **Defensive Tactics**—When a subject attempts to assault the officer or another person (aggressive resistance or aggravated resistance), the officer is justified in taking appropriate physical action to immediately stop the aggressive action and to gain control of the subject. This may include the use of hands, fists and feet.
  - (g) **Authorized Impact Weapons**—Those less-than-lethal weapons such as the PR-24 and expandable batons, which, when authorized by the NOPD and utilized in accordance with training, may be used to overcome aggressive and aggravated resistance.
  - (h) **Deadly or Lethal Force**—Deadly/Lethal force shall be used only when:
    - i. There is an imminent danger of death or serious physical injury to the officer or another person; or
    - ii. To prevent the escape of a fleeing subject if there is probable cause to believe:

- The subject has committed a felony involving the infliction or threatened infliction of serious bodily injury or death; and
- The escape of the subject would pose an imminent danger of death or serious bodily injury to the officer or to another person.

### DUTY TO INTERCEDE

22. Officers have a duty to intercede to prevent the use of unreasonable force if the officer has reason to know that unreasonable force is being used and there is a realistic opportunity to intervene to prevent harm. The action required by the officer will depend on the circumstances of the incident. Appropriate action may include, but is not limited to:
- (a) Verbal or physical intervention;
  - (b) Immediate notification to a supervisor; and
  - (c) A direct order by a supervisor to cease the use of unreasonable force.

### PROHIBITED ACTIONS

23. **Neck Holds**—Officers shall not use neck holds, except when lethal force is authorized.
24. **Head, Neck, Throat, Heart, Kidney, and Groin Strikes with Impact Weapons**—The head, neck, throat, spine, heart, kidneys and groin shall not be intentionally targeted with impact weapons except when deadly force is authorized. Head strikes with impact weapons are prohibited except when lethal force is authorized.
25. **Shooting at or from moving vehicles**—Officers shall not discharge a firearm from or at a moving vehicle unless the occupants of the vehicle are using deadly force other than the vehicle itself against the officer or another person, and such action is necessary for self-defense or to protect another person. Discharging a firearm in this circumstance is never authorized when it is reasonable to believe that the vehicle may contain an innocent passenger or it is reasonably apparent that the vehicle may careen out of control and injure an innocent bystander.
- Officers shall not intentionally place themselves in the path of, or reach inside, a moving vehicle. Where possible the officer shall attempt to move out of the path of a moving vehicle rather than discharge their weapon to stop the vehicle. Officers shall not shoot at any part of a vehicle in an attempt to disable the vehicle.
26. **Shooting through a door or window** when the target is not clearly in view.
27. **Warning shots** or shots fired for the purpose of summoning aid are prohibited.
28. **Using firearm as impact weapon**—Officers should never use a firearm as an impact weapon, i.e. “pistol whip” a subject or using the firearm as a club, except in situations where deadly force would be authorized.
29. **Force against persons in handcuffs**—Officers shall not use force against persons in handcuffs, except to prevent imminent bodily harm to the officer, or another person, or to physically move the subject who has become passively resistant.
30. **Force to overcome passive resistance**—Officers shall not use force to overcome passive resistance, except that physically moving a subject is permitted when it is necessary and objectively reasonable.

**OLEORISIN CAPSICUM SPRAY (OC Spray)–PROHIBITED**

31. Oleoresin capsicum spray is **not** authorized for general use by the New Orleans Police Department. Officers shall not use or possess OC Spray while on duty, including officers working secondary employment. Exception to the general prohibition is made for SOD/SWAT use only, under highly specific circumstances such as civil disturbances when a command level decision has been made to deploy OC spray. (See **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances**).

**DANGEROUS ANIMALS**

32. Officers are authorized to use firearms to stop an animal in circumstances in which the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. The officer must be cognizant of the surroundings when shooting at an animal and ensure there is no risk to people in the area. Under circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, CEW, animal control officer). Nothing in this Chapter shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

**SPECIALIZED UNITS AND WEAPONS**

33. Not every member of the NOPD is trained on all available weapons or skills. Specialized weapons are **RESTRICTED** to members of designated units (i.e., SOD), who have been trained in their use, and for use during special events or incidents (see: **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances**). The general guidelines for the appropriate levels of force categories follow the guidelines of this Chapter, such as:
- a. If the weapon is used or deployed as an impact round, it's a Level 3 UOF (like an impact weapon), unless it meets the requirements for an impact round to be a level 4 such as a strike to the head or sensitive area, loss of consciousness, serious physical injury, or hospitalization. OR if the weapons are used or deployed in a crowd control setting, they are considered a Level 4 UOF.
  - b. Any of the gas dispersants or agents, including aerial, would be a Level 2 UOF (in line with OC spray) **unless** used in a civil disturbance / crowd control setting, then they would be considered a Level 4 UOF.
  - c. Aerial flash bangs are distraction devices and considered a Level 2 UOF, unless they cause injury or strike/impact someone. The same applies to a flash bang. **unless** used in a crowd control / civil disturbance setting, then they would be considered a Level 4 UOF.
  - d. Any weapon or munition used in a civil disturbance setting is considered a Level 4 UOF.
34. Specialized units (i.e. SOD) and members who have been trained on the weapons and skills covered in **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances (Appendix – E)** shall have their individual training documented, along with the required certification and re-certification in their individual Departmental training records and in INSIGHT (personnel jacket). Any use of specialized weapons by a member who has not achieved and/or maintained required certification shall be investigated as a Level 4 UOF and appropriate corrective action taken.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.1.1

### TITLE: HANDCUFFING AND RESTRAINT DEVICES

**EFFECTIVE:** 12/06/15

**REVISED:** 04/02/2017, 05/10/2020

---

#### PURPOSE

This Chapter governs handcuffing and otherwise restraining suspects during detentions and arrests to provide adequately for the safety and security of the suspect being detained or in custody, the transporting officer, and the public.

#### POLICY STATEMENT

1. The New Orleans Police Department authorizes the use of handcuffs and restraint devices to control suspects who are actively, aggressively, or aggravatedly resisting a lawful detention or arrest in accordance with this Chapter, **Chapter 1.3 - Use of Force** and department training.
2. Restraint devices **shall not** be used to demean, embarrass, punish, or display authority; they also shall not be used as a show of force.
3. Consistent with NOPD Policy concerning use of force generally, force shall not be used against an individual in handcuffs or other restraint device except as reasonably necessary to prevent imminent bodily harm to the officer or another person or persons.
4. The improper use of force against individuals in handcuffs or other restraining devices can constitute excessive force in violation of the United States Constitution and State law, and it may result in criminal prosecution as well as civil liability.

#### DEFINITIONS:

Definitions relevant to this Chapter include:

**Active Resistance**—Resistance exhibited by a suspect that is between passive resistance and aggressive resistance (e.g., attempts to leave the scene, flee, hide from detection, or pull away from the officer's grasp). Verbal statements, bracing, or tensing alone do not constitute active resistance.

**Aggressive Resistance**—Is a subject's attempt to attack or an actual attack of an officer. Exhibiting aggressive behavior (e.g., lunging toward the officer, striking the officer with hands, fists, kicks or any instrument that may be perceived as a weapon such as a knife or stick) are examples of aggressive resistance. Neither passive nor active resistance, including fleeing, pulling away, verbal statements, bracing, nor tensing constitutes aggressive resistance.

**Aggravated Resistance**—When a subject's actions create an objectively reasonable belief on the part of the officer that the officer or another person is subject to imminent death or serious physical injury as a result of the circumstances and/or nature of an attack. Aggravated resistance represents the least encountered but most serious threat to the safety of law enforcement personnel or another person.

**Agitated delirium** (also known as excited delirium)—A syndrome or condition characterized by extreme physical agitation, paranoid or irrational behavior, and/or pain insensitivity, often but not necessarily caused by mental illness or substance use.

**Positional or compression asphyxia**—When a subject's body position interferes with his or her breathing, either when the chest is restricted from expanding properly or when the position of the subject's head obstructs the airway. Death may occur from positional asphyxia.

**Sudden tranquility**—When a subject who was acting violent suddenly becomes calm, sleepy, and appears to be resting.

### **HANDCUFFING TECHNIQUE**

5. Officers shall ensure that handcuffs are applied according to the approved method. The approved method of properly placing and securing handcuffs on a subject is with the subject's hands behind the back, thumbs pointing up, and the palms out. In all cases, handcuffs shall be double locked. If handcuffs are put on in any other manner, the officer(s) shall reapply the handcuffs in the approved manner if and when it is safe to do so and as soon as it is safe to do so.
6. It is the officer's responsibility to ensure that any reapplication or change of handcuffs can be accomplished safely. Officers who are contemplating a reapplication or change of handcuffs should take into consideration all safety concerns, the need for additional officers and balance the benefits of proper application of the handcuffs against the risks associated with re-handcuffing a suspect already in custody and secured.
7. The circumstances surrounding the placement, removal, and reapplication of handcuffs shall be documented on the required FIC or EPR.

### **ISSUANCE, MAINTENANCE AND CARRYING RESTRAINT DEVICES**

8. Restraint devices described in this Chapter may be carried and used by officers of this Department only if the device has been issued or approved by the Superintendent of Police or his authorized designee.
9. Only officers who have successfully completed Department training, maintained and demonstrated their qualifications in the use of any approved restraint devices are authorized to carry and use those devices.
10. All routine maintenance of a restraint device shall be the responsibility of the officer to whom it is issued.

### **USE OF RESTRAINTS**

11. Officers are responsible for the safety and well-being of the suspects in their custody and control. Suspects under restraint may evidence signs of **positional asphyxia**, **agitated delirium** or **sudden tranquility** due to recent physical exertions, existing

physical conditions or drug use, and they must be continually monitored while under restraint.

12. Restraint devices may be used to restrain suspects who actively resist, aggressively resist, aggravatedly resist, or demonstrate an intent to resist (actively, aggressively, or aggravatedly) a lawful detention where the use of the restraint appears reasonable under the circumstances.
13. Officers shall use handcuffs for all arrests where the suspect will be booked unless the suspect falls under one of the restrictions outlined herein (i.e. pregnant, in labor, disabled, juvenile).
14. The following restraint devices are approved for use:
  - (a) Handcuffs –
    1. Smith and Wesson; Model 100; nickel or blue finish
    2. Peerless Model 700 (or equivalent); nickel or blue finish with universal size key
  - (b) Flex cuffs – a commercially produced plastic flexible band cuff with a one-way locking system that can be fastened as a restraint around a person's wrists.
  - (c) Leg restraints –
    - i. Smith and Wesson Model 1900 in satin nickel finish,
    - ii. EZ Leg Control Harness.
15. When deciding whether to use an approved restraint device described in this Chapter, officers should carefully balance all safety concerns with factors, including but not limited to:
  - (a) The circumstances of the detention or crime leading to the arrest;
  - (b) The demeanor and behavior of the detained/arrested suspect;
  - (c) The age and health of the person;
  - (d) Whether the person is known to be pregnant;
  - (e) Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front to allow the person to sign or write notes;
  - (f) Whether the individual has an injury or disability that may be aggravated by handcuffing, and what reasonable accommodations may be made for such disability; and
  - (g) Any other apparent disability or condition.
16. Once handcuffed, the arrested suspect shall be secured in the rear seat of the police unit. The safety belt shall be properly utilized. Once secured in the vehicle, the primary responsibility for the safety of the detainee or arrested suspect is with the transporting officer.
17. Officers shall use caution when securing a suspect in a police vehicle utilizing a seat belt. Seat-belted a suspect places officers in an awkward physical position, exposing them to potential harm during the belting procedure. If possible, two officers should be present when belting suspects in a police vehicle.

## DANGERS OF RESTRAINTS

18. Officers are reminded of the danger of "**positional asphyxia**," and will follow the guidelines for care of restrained subjects listed below.
19. Officers are reminded of the danger of "**agitated delirium**" and will follow the guidelines for care of restrained subjects listed below. Subjects in the state of agitated delirium

have easily identifiable symptoms and behavioral patterns. For the safety of both officers and subjects, recognition of these signs is important. This is especially true in cases when more than two or three of the symptoms are exhibited at the same time by the same person. Once a subject suspected of agitated delirium is in custody, EMS should be immediately contacted to evaluate the subject. Some of the symptoms include:

- (a) Bizarre and/or aggressive behavior such as self-inflicted injuries; jumping into water; shouting (frequently irrationally); hiding behind cars, trees, and bushes; public disrobing (due to high body temperature or hyperthermia);
- (b) Irrational or incoherent speech;
- (c) Dilated pupils; shivering; high body temperatures (as high as 106 - 108 degrees Fahrenheit +); or profuse sweating (due to high body temperature);
- (d) Fear, paranoia, or panic;
- (e) Violence toward others; violence toward objects, especially glass; or violence in general;
- (f) High resistance to pain (standard defensive tactics and OC spray may be ineffective); and
- (g) Unexpected physical strength;
  - 1. For officer safety, **NEVER** engage a subject displaying symptoms of agitated delirium one-on-one.
  - 2. Subjects who display these symptoms and initially resist arrest violently may become extremely tranquil, appearing to have given up and accepted their fate. They may seem to be sleepy and resting. This is termed "**sudden tranquility**" and usually occurs just prior to death.
  - 3. When faced with a subject displaying these symptoms, officers should immediately call for backup and EMS.

20. Guidelines for the care of restrained subjects are:

- (a) Follow training guidelines for physical restraint of subjects.
- (b) If a subject has been placed on his or her stomach, turn him or her on the side or in a seated position as soon as handcuffs are properly applied.
- (c) If the subject continues to struggle, **do not** sit, lie or kneel on the subject's back. Hold the subject's legs down and secure their ankles with approved leg restraints. The use of these restraints may require specialized training.
- (d) **Never** attach the handcuffs to leg or ankle restraints. The **use of any "hog-tying" technique is strictly prohibited.**
- (e) Ask the subject if he or she has used drugs recently or suffers from a cardiac, respiratory disease or condition such as asthma, bronchitis, or emphysema.
- (f) Monitor the subject carefully, looking for breathing difficulties or loss of consciousness. Immediately transport to a medical facility or call for EMS.
- (g) If the subject is transferred to a detention facility, inform the facility's custodians of any preexisting conditions, treatment received or requested because of respiratory difficulty or loss of consciousness.

## RESTRAINT OF SUSPECTS BEING DETAINED

- 21. It may be necessary to restrain an individual who is detained but not under arrest. The use of restraints on suspects being detained should only continue for as long as is reasonable to assure the safety of the suspect, officers and the public.
- 22. **Investigative Stops, detentions for investigation of infractions and violations** — Officers have authority to handcuff a person when the officer has a reasonable suspicion, based on individually articulable facts that the person has committed a crime, or authority to detain the person (Traffic Infraction Investigation and Citation) **and**:

- (a) A reasonable suspicion based on articulable facts that the person will flee if not restrained;
  - (b) A reasonable suspicion based on articulable facts that the person might present an immediate threat of serious physical injury to the officer or others present if not restrained; or
  - (c) The person is, or the officer reasonably suspects based on articulable facts that the person will be, physically uncooperative with the officer in a way that interferes with the officer's ability to pursue the investigation or conduct the stop safely if the person is not restrained.
23. The authority to handcuff during investigatory stops continues only as long as one of the circumstances listed above exists, or as long as continued restraint serves to avoid one of the circumstances. If a change in situation eliminates all justification for the handcuffing, and the officers on scene do not reasonably believe that any of the circumstances listed above will exist if the person is released from the handcuffs, the handcuffs must be removed.
24. When handcuffing a detainee or subject of an investigative stop, the officer shall inform the subject that he/she is not under arrest and that the handcuffs are only a temporary measure for everyone's safety.
25. Officers shall note on the electronic Field Interview Card (FIC) if the individual was handcuffed and the reasons why. (i.e. Subject repeatedly turned and started to step away from officer during questioning and was temporarily handcuffed to prevent flight risk.)
26. **Execution of search warrant at private residence or at business premises open to the public** —Officers have authority to handcuff people they encounter on the premises as is reasonably necessary for the execution of the search warrant with all practicable safety. Subject to the other restrictions contained in this Chapter, officers shall consider the following factors in deciding whether to handcuff individuals at a private residence during the execution of a search warrant:
- (a) The legitimate law enforcement interest in preventing flight in the event that incriminating evidence is found;
  - (b) Minimizing the risk of harm to the officers; and
  - (c) The orderly completion of the search, which may be facilitated if the occupants of the premises are present.
27. Resistance to handcuffing under these circumstances **does not support a charge of Resisting Arrest** because the person is handcuffed not as part of an arrest, but only as a means of self-defense or defense of others. These kinds of detentions are not based on criminal conduct and the justification for the handcuffing can dissipate rapidly. Officers must pay close attention to the circumstances that justify these handcuffings, and if a change in circumstances eliminates all justification for the handcuffing, the handcuffs must be removed.
28. When deciding whether to remove restraints from a suspect, officers should weigh the safety interests at hand against the continuing intrusion upon the suspect's freedom of movement.

## RESTRAINT OF SUSPECTS UNDER ARREST WHO WILL BE BOOKED

29. Officers shall handcuff suspects who have been placed under arrest and will be booked and need not articulate any additional safety concerns or circumstances unless the suspect falls under one of the restrictions outlined herein (e.g. pregnant, disabled, juvenile, etc.). This exception does not apply to traffic citations and municipal or state summons where the officer must or intends to release the person.

### **RESTRAINT OF PREGNANT PERSONS**

30. Females in labor shall not be handcuffed or restrained except in extraordinary circumstances and only when such restraints are necessary to prevent escape or injury.
31. Females who are known to be pregnant should be restrained in the least restrictive manner effective to assure the safety of the suspect, officers and the public.
32. If practicable, officers should obtain approval from a supervisor of the intent to handcuff a pregnant female. A supervisor shall be notified as soon as possible after handcuffing a pregnant female.

### **RESTRAINT OF JUVENILES**

33. A juvenile under 10 years of age should not be restrained unless he or she is suspected of a dangerous felony and actively resists, aggressively resists or aggravatedly resists, or demonstrates an intent to resist (actively, aggressively, or aggravatedly) a lawful detention or arrest and the use of the restraint appears reasonable under the circumstances.
34. Mechanical restraints, including handcuffs, shall never be used with juvenile status offenders, including curfew offenders, in the absence of a real and credible threat that the juvenile will use force against another person.
35. Juveniles shall not be handcuffed behind the back in the absence of a real and credible threat that the juvenile will use force against another person.
36. Juveniles shall not be restrained with mechanical restraints other than handcuffs.
37. Juveniles shall never be handcuffed to a fixed object, such as a bench or a pole.
38. In addition to the above provisions, when a child is held in NOPD **secure custody** at the Juvenile Intake Unit:
  - (a) Handcuffs should not be used except when cases of uncontrollable behavior present serious threats to the safety of the juvenile or others. All reasonable alternatives including verbal counseling or use of minimum physical restraint shall be attempted before resorting to the use of handcuffs.
  - (b) Juveniles who are handcuffed must be isolated to protect them from abuse, and shall be directly observed by an NOPD officer at least twice in every 30 minutes to ensure the safety and well-being of the juvenile.
  - (c) Handcuffs shall not be used for a time period in excess of one hour, and shall immediately be removed as soon as the juvenile is no longer a serious threat to his or her own safety or the safety of others.
  - (d) NOPD officers shall not handcuff juveniles during juvenile court proceedings absent a reasonable real and credible threat that the juvenile will use force against another person, or specifically directed by the juvenile court judge in each instance.

39. In addition to the above provisions, when a child is held in NOPD **non-secure custody** at the Juvenile Intake Unit:
- (a) Handcuffs shall never be used except when cases of uncontrollable behavior present serious threats to the safety of the juvenile or others. All reasonable alternatives including verbal counseling or use of minimum physical restraint shall be attempted before resorting to the use of handcuffs.
  - (b) A supervisor shall approve the use of handcuffs before they are applied.
  - (c) Handcuffed juveniles – like all other juveniles in non-secure custody – must be under the continuous observation of an NOPD officer for the duration of their time in NOPD custody.
  - (d) Handcuffs shall not be used for a time period in excess of one hour, and shall immediately be removed as soon as the juvenile is no longer a serious threat to his or her own safety or the safety of others.
40. **Reporting**—For each incident when handcuffs are used for a juvenile in custody at the Juvenile Intake Unit, whether secure or non-secure, the officer using the handcuffs must appropriately document the following:
- (a) Name of the juvenile.
  - (b) Date and time the restraints were applied and by whom.
  - (c) Persons notified, and when and from whom approval is obtained.
  - (d) Location and confinement.
  - (e) Staff member assigned to supervise.
  - (f) Date and time the restraints were removed.

#### **RESTRAINTS ON PERSONS WITH DISABILITIES**

41. Unless exigent circumstances do not permit, after securing the scene and reasonably ensuring that there is no threat to human life, officers should make objectively reasonable modifications to standard cuffing and restraint practices in order to provide necessary, reasonable accommodations based on a suspect's known or apparent disability.

#### **APPLICATION OF HANDCUFFS OR FLEX CUFFS**

42. Handcuffs, including flex cuffs, may only be used to restrain a suspect's hands. Special care should be made to insure that the flex cuffs are not so tight as to cut off circulation to the hands.
43. The same handcuffing procedures used for standard handcuffing should be used for applying flex cuffs.
44. Some of the tactics used in standard handcuffing will not apply to use of flex cuffs due to the nature and characteristics of the flex cuffs.
45. Caution should be taken to ensure flex cuffs are properly fitted and not over tightened.
46. Flex cuffs shall not be removed with any sharp and/or pointed object (i.e., knives, pointed scissors, etc.). A removal tool designed for safely removing flex cuffs should be used.
47. Because of the nature of the ratcheting mechanism of flex cuffs and their inability to be double locked, officers shall make frequent checks to insure the suspect secured has not

tightened them restricting blood flow .

48. If a CEW is used, the officer should attempt to handcuff a suspect during the CEW activation cycle if possible. This is referred to as “controlling/cuffing under power” (see **Chapter 1.7.1 – CEW**).
49. When handcuffs are employed and always prior to the suspect being placed in a unit for transport, handcuffs shall be double-locked and checked to make sure the double-lock is set to prevent tightening and injury.
50. When one pair of handcuffs is not sufficient to restrain the individual due to size, injury or other physical condition and a single pair of handcuffs may cause an unreasonable level of discomfort, officers should consider alternatives, such as using an additional set of handcuffs linked in a chain or multiple flex cuffs.
51. An officer’s handcuffs should be removed as soon as reasonable after the person has been seated, accepted for processing/custody by the jailor and is safely confined within a detention facility.

#### **NOTIFICATION OF RESTRAINT USE OTHER THAN HANDCUFFS**

52. When an officer transports a suspect with the use of restraints **other than handcuffs**, the officer shall inform the jail or detention facility staff upon arrival at the jail or facility that restraints were used.
53. This notification should include all information regarding the circumstances the officer reasonably believes would present a safety concern or medical risk to the suspect (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, the suspect’s transportation to the jail / facility.

#### **APPLICATION OF AUXILIARY RESTRAINT DEVICES**

54. Only Department authorized devices may be used by officers. Any person in auxiliary restraints and being placed in the custody or control of the NOPD shall be continuously monitored by the officers or members in whose custody or control he or she remains. If the person in custody was restrained using non-approved restraints, switching to approved restraints should be done as long as it is safe to do so and adequate resources and personnel are present to ensure the safety of the public, the person in custody and officers.

#### **APPLICATION OF LEG RESTRAINTS**

55. An officer may use leg restraints on a suspect when the suspect is actively resisting, aggressively resisting or aggravatedly resisting, or demonstrates the intent to resist actively, aggressively, or aggravatedly, a lawful detention or arrest, the use of the restraint appears reasonable under the circumstances and it is reasonable to do so during the course of detention, arrest or transportation. Only leg restraint devices approved by the Department shall be used.

#### **ADDITIONAL LEG RESTRAINT CONSIDERATIONS**

56. In determining whether to use a leg restraint, officers should consider:

- (a) Whether the suspect, officers and the public could be injured due to the violent behavior of a suspect and the safety of the suspect, officers and the public requires it;
- (b) Whether it is necessary to protect the suspect from his or her own actions (e.g., hitting his or her head against the interior of the transport unit, running from the arresting officer while handcuffed, kicking at objects or officers); and
- (c) Whether it is necessary to avoid damage to property (e.g., kicking at windows of the transport unit).

### **GUIDELINES FOR THE USE OF LEG RESTRAINTS**

57. The following guidelines should be followed when applying leg restraints:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device prior to use. A supervisor shall be notified as soon as possible after the application of the leg restraint device.
- (b) Once applied, absent a medical emergency, restraints should remain in place until the officer arrives at the detention facility or the suspect no longer appears to pose a threat.
- (c) Once secured, a suspect **shall not** be placed on his or her stomach for an extended period. This position could reduce the person's ability to breathe. The person should be placed in a seated position in a police unit and secured with a seat belt.
- (d) The restrained suspect shall be continually monitored by an officer while in leg restraints. The monitoring officer should ensure the suspect does not roll onto and remain on his or her stomach.
- (e) Officers shall look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) Ask the prisoner if the circulation is adequate and adjust the tension to the extent necessary for adequate circulation to be maintained
- (g) Visually inspect the prisoner's legs, ankles, and/or feet for swelling, discoloration, or any other indication of inhibited circulation.
- (h) When transported by ambulance/paramedic unit and requested by medical personnel, the restrained person should be accompanied by an officer. The transporting officer should describe to medical personnel any behaviors or circumstances they believe would present potential safety or medical risks to the suspect (e.g., prolonged struggle, extreme agitation, impaired respiration).
- (i) When transported by NOPD the prisoner should be maintained in an upright position using the vehicle's seat belt restraint system.

### **EXTENDED TRANSPORT TIMES**

58. When the transportation or NOPD custody of a suspect is expected to last for an extended period, officers shall be cognizant of the status and position of restraints on the suspect and the suspect's position at all times. Any adjustment to the status or position of the restraints should be made as soon as the officer(s) become aware of a potential need. For safety, one officer should reapply the restraints while a second officer maintains a cover position.

### **REQUIRED DOCUMENTATION**

59. If a suspect is detained, restrained and released without arrest, the officer shall document the details of the detention, restraint and release. This documentation shall be in the form of a Departmental Electronic Field Interview Card or on an Electronic Police Report under an appropriate signal.

60. If a suspect is arrested, the use of restraints shall be documented in the related Electronic Police Report and any reports / forms (Blue Team and **Form 114**) required under **Chapter 1.3.6 – Reporting Use of Force**. The reporting officer shall include, as appropriate:
- (a) The amount of time the suspect was restrained;
  - (b) How the suspect was transported and the position of the suspect;
  - (c) Observations of the suspect's behavior during arrest and transport as well as any signs of physiological problems;
  - (d) Any known or suspected drug use or other possible medical problems; and
  - (e) The type and manner of restraints used.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.1.2

### TITLE: CONTROL DEVICES AND TECHNIQUES

**EFFECTIVE: 12/06/15**

**REVISED: 04/01/2018**

---

#### PURPOSE

This Chapter governs the issuance, maintenance, and use of control devices and techniques during detentions and arrests to provide for the safety and security of the subject being detained or in custody, the officer, and the public.

#### POLICY STATEMENT

1. The New Orleans Police Department authorizes the use of control devices and techniques in order to control persons who actively, aggressively or aggravatedly resist a lawful detention or arrest in accordance with this Chapter, **Chapter 1.3 - Use of Force** and department training.
2. Control devices and techniques **shall not** be used to demean, embarrass, or punish.

#### DEFINITIONS

**Active Resistance**—Resistance exhibited by a suspect that is between passive resistance and aggressive resistance (e.g., attempts to leave the scene, flee, hide from detection, or pull away from the officer's grasp). Verbal statements, bracing, or tensing alone do not constitute active resistance.

**Aggravated Resistance**—When a subject's actions create an objectively reasonable perception on the part of the officer that the officer or another person is subject to imminent death or serious physical injury as a result of the circumstances and/or nature of an attack. Aggravated resistance represents the least encountered but most serious threat to the safety of law enforcement personnel or another person.

**Aggressive Resistance**—Is a subject's attempt to attack or an actual attack of an officer. Exhibiting aggressive behavior (e.g., lunging toward the officer, striking the officer with hands, fists, kicks) are examples of aggressive resistance. Neither passive nor active resistance, including fleeing, pulling away, verbal statements, bracing, or tensing, constitute aggressive resistance.

**Agitated Delirium** (also known as Excited Delirium)—A syndrome or condition characterized by extreme physical agitation, paranoid or irrational behavior, and/or pain insensitivity, often but not necessarily caused by mental illness or substance use. (symptoms listed below).

**Anatomical Compliance Technique / Pressure Point Compliance Technique**—The act of applying pressure to vulnerable areas, weak points or pressure points of the body. This technique is used to cause immediate compliance by a subject who poses a threat.

**Compliant**—Cooperative obedience in response to lawful requests or directions from law enforcement personnel.

**Imminent Threat**—An immediately impending danger that must be instantly met.

**Impact Weapon**—Any solid or semi-solid object used by an officer as a method of gaining control of a subject. Absent exigent circumstances, officers shall not use non-traditional weapons/hard objects, such as firearms or radios, as impact weapons.

**Neck Hold**—One of the following types of holds: (1) arm-bar control hold, a hold that inhibits breathing by compression of the airway in the neck; (2) carotid restraint hold, a hold that inhibits blood flow by compression of the blood vessels in the neck; (3) lateral vascular neck constraint; or (4) a hold with a knee or other object to the back of a prone subject's neck. A neck hold is considered lethal force.

**Positional or Compression Asphyxia**—When a subject's body position interferes with breathing, either when the chest is restricted from expanding properly or when the position of the subject's head obstructs the airway. Death may occur from positional asphyxia.

**Reportable Use of Force**—Any force above hand control or escort techniques applied for the purposes of handcuffing, or escort techniques that are not used as pressure-point compliance techniques, do not result in injury or complaint of injury, and are not used to overcome resistance. The pointing of a firearm or CEW laser at a subject is a reportable use of force.

**Sudden Tranquility**—When a subject who was acting violent suddenly becomes calm, sleepy, and appears to be resting.

**Training Coordinator**—Member or members of the Education and Training Division staff designated by the Commander of the Education and Training Division to ensure all department personnel who are authorized to carry a control device have been properly trained and certified to carry any specific control device and are retrained or recertified as required by Departmental regulations.

## **ISSUANCE, MAINTENANCE AND CARRYING OF CONTROL DEVICES**

3. Control devices and techniques described in this Chapter may be carried and/or used by members of this Department only if the device or technique has been issued or approved by the Superintendent of Police or his or her authorized designee.
4. All routine maintenance and care of a control device shall be the responsibility of the member to which it is issued, who carries it, or who uses it.

## **PRIOR TRAINING**

5. Any previous baton training that any officer has received which may employ any type of strike to the head area above the shoulder line should not be utilized. This will include any prior training received through the New Orleans Police Academy, military training, or any training received by any other means.
6. Any prior training received in any type choke-hold, carotid type or otherwise should not

be utilized. This will include any prior training received through the New Orleans Police Department, military training, or by any other means.

7. Any prior training received in any type of anatomical control technique that employs a baton, flashlight, or other weapon that applies any type hold to the head area above the shoulder line should not be utilized. This includes any prior training received through the New Orleans Police Academy, military training or by any other means.

## NECK HOLDS

8. Neck holds are prohibited except where lethal force is authorized.

## USE OF RESTRAINTS

9. Control devices or techniques may be used to restrain or arrest subjects who actively resist, aggressively resist or aggravatedly resist a lawful detention or arrest and the use of the device or technique appears objectively reasonable under the circumstances.
10. Members are responsible for the safety and well-being of the subjects in their custody and control. Subjects who have resisted control or restraint may exhibit signs of **Positional Asphyxia**, **Agitated Delirium**, or **Sudden Tranquility** due to recent physical exertions, existing physical conditions or drug use and must be monitored while they are restrained.
11. Absent exigent circumstances, control devices or techniques described in this Chapter are authorized for use only by members who have successfully completed Department-approved training and maintained certification according to standards set by the Education & Training Division in the use of those devices or techniques.
12. Control devices may be used when a decision has been made to restrain or arrest subjects who have or demonstrate the intent to be violent and the use of the device appears reasonable under the circumstances.
13. Only the following control devices are approved for use when justified:
  - (a) Expandable batons (includes Monadnock Expandable Baton and ASP Batons)
  - (b) Monadnock PR-24 Side Handle Police Baton
  - (c) Monadnock Defensive Tactics System (MDTS)
14. Only the following anatomical control techniques are approved for use when justified:
  - (a) Standard control holds include those from Monadnock Defensive Tactics and Strategic Self-Defense & Grappling Tactics (SSGT) Strong Side or Support Side Escort Position or Two-on-One Escort Position;
  - (b) SSGT Hollow Behind The Ear Pressure Point to Escort Position or Brachial Pressure Point to Escort Position
  - (c) SSGT Rear Wrist Lock to Escort Position
  - (d) SSGT PR-24 or Expandable Baton Strong Side or Support Side Arm lock to an Escort Position
15. Once a suspect becomes compliant officers shall cease use of anatomical compliance techniques immediately.

16. When deciding whether to use an approved control device or technique described in this Chapter, members should carefully balance **all** safety concerns with factors that include, but are not limited to:
  - (a) The circumstances of the detention or crime leading to the arrest;
  - (b) The demeanor and behavior of the detained / arrested subject;
  - (c) The age and health of the subject;
  - (d) Whether the subject is known to be, or appears to be, pregnant;
  - (e) Any other apparent disability or condition.

#### **AUTHORIZED IMPACT WEAPON GUIDELINES**

17. The need to immediately control a suspect must be weighed against the risk of causing serious injury.
18. An intentional strike to the head, neck, throat, spine, heart, and kidneys with any impact weapon is prohibited except when lethal force is authorized.
19. Uniformed personnel shall carry the authorized baton in its authorized holder on the duty gun belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.
20. Other NOPD-issued equipment such as radios, rifles, shotguns, handguns, flashlights, and handcuffs shall not be used as impact weapons except in such circumstances where deadly/lethal force is authorized.

#### **REQUIRED DOCUMENTATION**

21. The use of any control devices shall be documented in the related Electronic Police Report and any reports or forms (Blue Team and **Form 114**) required under **Chapter 1.3.6 – Reporting Use of Force**. The reporting member shall include, as appropriate:
  - (a) The type and manner of control devices used;
  - (b) The specific description of resistance encountered;
  - (c) How and if the suspect was treated and transported;
  - (d) Observations of the suspect's behavior during arrest, treatment and transport as well as any signs of physiological problems; and
  - (e) Any known injuries or suspected drug use or other possible medical problems.

#### **EDUCATION AND TRAINING DIVISION RESPONSIBILITIES**

22. Only officers who have successfully completed Department-approved training and maintained their qualifications in the use of any control device are authorized to carry and use the device.
23. The Education and Training Division shall ensure that each Department member authorized to carry and use the device:
  - (a) Receives instructions from a certified instructor on the proper use of the **PR-24 Rigid/Expandable Side-Handle Baton/PR-24 Control Device**, according to the Monadnock requirements. The Monadnock PR-24 Basic Course requires a minimum of 8 hours for a first time user.
  - (b) Receives instructions from a certified instructor on how the proper use of the **Monadnock Expandable Baton** according to the Monadnock Expandable Baton requirements. The Monadnock Expandable Baton basic course requires a minimum of 4 hours for the first time user.

- (c) Achieves a minimum score of 70% on a written exam on the functions and proper use of both the **Monadnock PR-24 and Expandable Baton**.
24. Upon passing the written portion of each examination, the student shall be required to demonstrate proficiency to at least minimum acceptable performance standards in all taught techniques of each device to a certified Monadnock PR-24 and Monadnock Expandable Baton Instructor before being certified to carry or use either baton.
25. The Education and Training Division shall manage the control device issuance, training, and the inventory(s).
26. Control devices will be annually inspected as part of the in-service training by Education and training Division personnel or the designated instructor for that device. The inspection shall be documented.
27. Damaged departmental control devices returned to the Education and Training Division shall be properly disposed of, repaired, or replaced.
28. The Commander of the Education and Training Division or the designated Training Coordinator shall ensure:
- (a) Proficiency training is monitored and documented by the appropriate certified control device, weapons or tactics instructor;
  - (b) Retraining for all control devices shall occur pursuant to the manufacturer's guidelines or every two years at a minimum;
  - (c) All training and proficiency for control devices will be documented in the officer's training file; and
  - (d) Officers who fail to demonstrate proficiency with the control device or knowledge of **Chapter 1.3 - Use of Force** and **Chapter 1.3.6 – Reporting Use of Force** will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of the Department's regulations after remedial training, the officer shall be immediately restricted from carrying the control device and may be subject to discipline.

#### **REPORTING USE OF FORCE FOR CONTROL DEVICES AND TECHNIQUES**

29. Any reportable use of force including, but not limited to any application of an impact weapon, control device or anatomical control technique excluding hand control or escort techniques applied for the purposes of handcuffing, or escort techniques that are not used as anatomical compliance techniques, do not result in injury or complaint of injury, and are not used to overcome resistance listed within this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.2

### TITLE: FORCE INVESTIGATION TEAM (FIT)

**EFFECTIVE: 12/06/15**

**REVISED: 04/01/2018**

---

#### PURPOSE

The purpose of this Chapter is to set standards for the Force Investigation Team (FIT) to investigate and assess all serious uses of force involving department members in a fair and impartial manner utilizing individuals with appropriate expertise, independence, and investigative skills to ensure that uses of force that are contrary to law or policy are identified and appropriately resolved; that policy, training, equipment, or tactical deficiencies related to the use of force are identified and corrected; and that investigations of sufficient quality to ensure that officers are held accountable, as necessary, are conducted

#### POLICY STATEMENT

1. FIT shall fully and fairly investigate all serious uses of force. In addition to all serious uses of force, FIT shall investigate uses of force indicating apparent criminal conduct by an officer, unless referred to another law enforcement agency; uses of force by Department members of a rank higher than sergeant; uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or the Public Integrity Bureau (PIB); and any death, serious physical injury or injuries requiring treatment at a hospital associated with a police pursuit. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD. FIT members shall identify all policy, training, equipment, or tactical deficiencies related to the use of force. FIT investigations may result in criminal charges, administrative action, or both.
2. NOPD's Homicide Section shall not investigate any officer-involved serious use of force or any NOPD in-custody death. When it is appropriate to ensure the fact and appearance of impartiality, NOPD may refer investigations of serious use of force, or force indicating apparent criminal conduct by an officer, to an independent, competent external agency, such as the Federal Bureau of Investigations.
3. FIT shall be composed of members who are specially trained in both criminal and administrative force investigations. Members of FIT shall be assigned to PIB and shall not be assigned to any district.

## DEFINITIONS

**Critical firearm discharge**—A discharge of a firearm by an NOPD officer, including discharges when no person or animal is struck. Range and training firings, humane destruction of animals, and off-duty hunting discharges when no person is struck are not critical firearms discharges.

**Deadly force/lethal force**—Any force likely to cause death or serious physical injury. The use of a firearm (discharge) is considered deadly force. Neck holds and strikes to the head, neck, or throat with a hard object are considered deadly force.

**Conducted electrical weapon (CEW)**—A weapon designed primarily to discharge electrical impulses into a subject that will cause involuntary muscle contractions and override the subject's voluntary motor responses.

**CEW application**—The contact and delivery of electrical impulse to a subject with a CEW.

**Force Investigation Team (FIT)**— The NOPD unit tasked with conducting investigations of serious uses of force; uses of force indicating apparent criminal conduct by an officer; uses of force by NOPD personnel of a rank higher than sergeant; and uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or PIB. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD.

**Force statement**— A written statement required as part of the departmental Use of Force Report (in Blue Team application and Form #114). The Force Statement is completed by an involved officer or witness officer documenting a use of force. A Force Statement is not considered a compelled statement under *Garrity v. New Jersey* or under analogous State law. The statement can be considered compelled only when the officer is ordered to provide a statement after refusing to do so on the grounds that the officer has a reasonable, good faith belief that such statement may incriminate himself/herself.

**Force tracking number**—A unique number assigned by FIT to each reportable use of force event to facilitate awareness event and tracking of a use of force investigation. The number includes the letters "FTN" for force tracking number, followed by the year the force event occurred followed by a three digit sequential number starting with 001 for the first recorded allegation of the year. FTN 2014-001 indicates the first reportable use of force event in 2014.

**In-custody death**—An incident in which an individual died while in, or as an apparent result of being in, the custody of NOPD.

**Involved Officer (IO)**— An involved officer is an officer who used force, or against whom force was used.

**Lead investigator**—The principal person conducting the investigation and responsible for authoring the report.

**Neck hold**— One of the following types of holds: (1) arm-bar control hold, a hold that inhibits breathing by compression of the airway in the neck; (2) carotid restraint hold, a hold that inhibits blood flow by compression of the blood vessels in the neck; (3) lateral vascular neck constraint; or (4) a hold with a knee or other object to the back of a prone subject's neck. A neck hold is considered lethal force.

**Public safety statement**— A statement by an involved or witness officer that describes the type of force used, the direction and approximate number of shots fired by the involved officer (or officers) and the suspect (or suspects), the location of an injured person, the description of outstanding suspect(s) and the direction of the suspect's flight, the time lapse since the suspect was last seen, whether the suspect is armed, any other information that could assist in the apprehension of outstanding suspects, description(s) of any victims or witnesses, description and location of any know evidence, and any other information to ensure officer and public safety.

**Sequestered**—The separation and isolation of officers, witnesses or accused from others who may have involvement in or be witness to an action that is under investigation by the NOPD either internally or criminally. The intent is to preserve the clarity and accuracy of the individual's independent recollection of events and actions and to minimize, to the extent reasonably possible, contamination of memory by group discussion or conversation. This does not apply to those cases where the sequestered persons are exercising legally protected rights (e.g. access to legal counsel, labor representative, etc. –see R.S. 40:2531).

**Serious physical injury**—Physical injury that creates a substantial risk of death, causes death or serious and protracted disfigurement, or causes impairment of the function of any bodily organ or limb.

**Serious use of force**—Include the following:

- All uses of lethal force by an NOPD officer;
- All critical firearm discharges by an NOPD officer;
- All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- All neck holds;
- All uses of force by an NOPD officer resulting in a loss of consciousness;
- All canine bites;
- More than two applications of an CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive; and
- Any strike, blow, kick, CEW application or similar use of force against a handcuffed subject.

**Supervisor**—A sworn NOPD employee at the rank of sergeant or above (or anyone acting in those capacities) and non-sworn NOPD members with oversight responsibility for officers.

**Use of force**—Physical effort to compel compliance by an unwilling subject above unresisted handcuffing, including pointing a firearm at a person.

**Use of force indicating apparent criminal conduct by an officer**—Force that a reasonable and trained supervisor would conclude could result in criminal charges due to the apparent circumstances of the use of force. The level of the force used as compared to the resistance encountered, discrepancies in the use of force as described by the officer and the use of force as evidenced by any resulting injuries, witness statements, or other evidence are examples.

**Use of Force Levels**—For reporting and investigative purposes, the New Orleans Police Department categorizes use of force by its members into four (4) primary force levels:

#### **LEVEL 1**

Level-1 uses of force include pointing a firearm at a person and hand control or escort techniques (e.g., elbow grip, wrist grip, or shoulder grip) applied as pressure point compliance techniques are not reasonably expected to cause injury; takedowns that do not result in actual injury or complaint of injury; and use of an impact weapon for non-striking purposes (e.g., prying limbs, moving or controlling a person) that does not result in actual injury or complaint of injury. It does not include escorting, touching, or handcuffing a person with minimal or no resistance.

#### **LEVEL 2**

Level-2 uses of force include use of a CEW (including where a CEW is fired at a person but misses); and force that causes or could reasonably be expected to cause an injury greater than transitory pain but does not rise to a Level 3 use of force.

#### **LEVEL 3**

Level-3 uses of force include any strike to the head (except for a strike with an impact weapon); use of impact weapons when contact is made (except to the head), regardless of injury; or the destruction of an animal.

#### **LEVEL 4**

Level-4 uses of force include all ‘serious uses of force’ as listed below:

- All uses of lethal force by an NOPD officer;
- All critical firearm discharges by an NOPD officer;
- All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- All neck holds;
- All uses of force by an NOPD officer resulting in a loss of consciousness;
- All canine bites;
- More than two applications of an CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive; and
- Any strike, blow, kick, CEW application or similar use of force against a handcuffed subject.
- Any vehicle pursuit resulting in death, serious physical injury, or injuries requiring hospitalization.

**Use of Force Report**—A written report documenting a supervisor’s investigation of a use of force (in Blue Team application and Form #114).

**Witness officer (WO)** — A witness officer is any officer at the scene of an event when force was used. Whether or not the officer witnessed the actual application of force is not necessary for the officer to be considered a witness officer.

**CRIMINAL AND ADMINISTRATIVE SECTIONS**

4. The Force Investigation Team is a sub-unit of the Public Integrity Bureau. The supervisor in charge of FIT reports directly to the PIB Deputy Superintendent.
5. The Force Investigation Team is divided into administrative and criminal sections. Information obtained through a criminal investigation can be shared with administrative investigators and made part of the administrative investigation. Consistent with applicable law, compelled statements obtained as a result of an administrative investigation shall not be shared with criminal investigators and cannot be made part of the criminal investigation.
6. If an investigation proceeds criminally, any compelled interview of the subject officers shall be delayed. Officers' routine reports and public safety statements are not compelled statements. No other part of the investigation shall be held in abeyance unless specifically authorized by the Superintendent.

**CRIMINAL SECTION**

7. Investigators assigned to FIT's Criminal Section shall be responsible for conducting investigations that are criminal in nature and may focus on both the officer(s) and the suspect(s). The product of the investigation may result in the prosecution of the officer(s), as well as the suspect(s).
8. The Department may relinquish its criminal investigation to an outside agency or may request the criminal investigation be conducted by an outside agency with the approval of the Superintendent of Police, or his/her designee.

**ADMINISTRATIVE SECTION**

9. Investigators assigned to the FIT - Administrative Section shall conduct investigations that determine if a member of the department violated the Rules, Policies, and Procedures of the department. The results of the investigation may result in disciplinary actions against the officer(s).
10. FIT investigative information may also be used for training purposes.

**IMMEDIATE SUPERVISORY AND FIT DUTIES**

11. The on-scene supervisor shall immediately notify FIT, via the Command Desk, and FIT shall respond to:
  - (a) Every incident involving a serious use of force;
  - (b) Uses of force indicating apparent criminal conduct by an officer;
  - (c) Uses of force by department members of a rank higher than sergeant;
  - (d) All instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD; and
  - (e) All instances in which a person dies, suffers a serious physical injury or injuries requiring treatment at a hospital during a police pursuit.
12. FIT shall also respond to any scene as ordered by the Superintendent or his designee or PIB.

13. FIT shall immediately notify the PIB Deputy Superintendent and Commander of the use of force, verify that the on-scene supervisor has notified PIB, and obtain a force tracking number.
14. The Commander of PIB shall immediately notify and consult with the City Attorney, District Attorney, Independent Police Monitor, FBI, and the U.S. Attorney's Office regarding any use of force indicating apparent criminal conduct by an officer, evidence of apparent criminal conduct by an officer during a misconduct investigation, any use of force in which an officer discharged his firearm, or where an individual has died while in, or as an apparent result of being in, the custody of the Department.

## INVESTIGATION

15. FIT shall conduct all investigations in accordance with its written unit standard operating guidelines. FIT's responsibilities include:
  - (a) Responding to and securing the scene;
  - (b) Ensuring all injured parties receive timely medical attention;
  - (c) Examining the subject of the use of force for injury;
  - (d) Advising the subject of his/her rights and then interviewing the subject for complaints of pain; and ensuring that the subject receives medical attention from an appropriate medical care provider;
  - (e) Ensuring that the incident scene is processed and that all evidence related to the use of force is collected, including, but not limited to, audio and video recordings, photographs, and other documentation of injuries or the lack thereof (any evidence that cannot be collected, for whatever reason, must be specifically documented in the investigative report. (e.g. the subject's refusal to have injuries photographed));
  - (f) Identifying all officers who were involved in the incident, witnessed the incident, or were on the scene when it occurred;
  - (g) Ensuring a canvas for and interview of civilian witnesses is conducted. Whenever possible, interviews shall be recorded, including those where the person interviewed states she/he did not witness any part of the incident. ;
  - (h) Obtaining signed, written statements from witnesses (written in their own words), whenever possible;
  - (i) Ensuring that all witness officers provide a force statement and that the statements include all information required by NOPD policy;
  - (j) Ensuring that no group interviews are conducted and involved officers are sequestered;
  - (k) Ensuring that FIT not ask officers or other witnesses leading questions that improperly suggest legal justification for the officers' conduct, when such questions are contrary to appropriate law enforcement techniques;
  - (l) Ensuring that all interviews are recorded;
  - (m) Considering all relevant evidence, including circumstantial, direct, and physical evidence, and making credibility determinations as necessary; and
  - (n) Making all reasonable efforts to resolve material inconsistencies between the officer, subjects, and witness statements, as well as inconsistencies between the level of force claimed by the officer and the subject's injuries.
16. FIT shall complete a preliminary report that shall be presented to the Superintendent or his/her designee as soon as possible, but in no circumstances later than 24 hours after learning of the use of force.
17. FIT shall complete all administrative investigations within 30 days from the use of force, and any request for an extension of time shall be subject to the approval of the Deputy Superintendent of PIB in consultation with the Superintendent.

**USE OF FORCE REPORT REVIEW**

18. FIT shall review all use of force reports of incidents for which FIT did not have primary investigative responsibility and ensure that they are complete and accurate. FIT's review and quality control shall include:
  - (a) Ensuring that all witness and involved officers provided a force statement (except witness officer statements are not required for Level 1 uses of force);
  - (b) Reviewing force statements to ensure that they include all required information;
  - (c) Ensuring that all evidence related to the use of force has been collected, including audio and video recordings, photographs, and other documentation of injuries or the lack thereof. Any evidence that cannot be collected, for whatever reason, must be specifically documented in the investigative report. (e.g. the subject's refusal to have injuries photographed);
  - (d) Ensuring that civilian witnesses have been identified, located, and interviewed, whenever possible, and that the interviews are recorded;
  - (e) Ensuring that the supervisor who wrote the use of force report completed his/her supervisory review, including viewing of relevant video evidence;
  - (f) Considering all relevant evidence, including circumstantial, direct, and physical evidence, and making credibility determinations as necessary.
  - (g) Making an assessment that the findings of the investigating supervisor are made based upon a preponderance of the evidence presented in her/his report.
19. Whenever FIT discovers that use-of-force reports are deficient, FIT shall return the report to the supervisor who wrote the report with instructions for its completion. FIT will forward a copy of the memo returning the use of force report for further action to the investigating sergeant's commanding officer.
20. When an investigating supervisor fails to correct a deficient investigation or repeatedly conducts deficient investigations, FIT shall refer a report of the supervisor's conduct to PIB for an administrative investigation. The supervisor shall be subject to corrective action including counseling, training, demotion, and/or removal from a supervisor position in accordance with Civil Service rules.

**DISTRICT ATTORNEY NOTIFICATION**

21. If the incident results in the apprehension of a suspect, the FIT investigator shall submit a complete report to the Orleans Parish District Attorney's Office within twenty-one days of the apprehension. If the suspect was hospitalized as a result of force used by an officer, the twenty-one day time frame begins at the time of booking.
22. Upon receipt of any forensic testing results, the FIT investigator shall submit the results to the District Attorney's office via supplemental report by the lead FIT criminal investigator.
23. If an incident results in the death of a suspect, the FIT investigator shall complete their investigative report within forty-five days of the incident.

**ORLEANS PARISH CORONER'S OFFICE**

24. FIT investigators shall request and obtain, when available, a completed Coroner's Report from the Orleans Parish Coroner's Office within 30 days regarding a death to a

use of force the District Attorney or other investigating agency regarding any non-natural cause of death or homicide declaration within 60 days after the use of force.

## PUBLIC STATEMENTS/MEDIA RELEASE

25. The NOPD Public Information Office shall prepare a media release, with input and concurrence from the investigating supervisor and the agency representative responsible for each phase of the investigation. These releases will be available to the lieutenant in charge of the Force Investigation Team or lead investigator in the event of inquiries from the media.
26. The name(s) of the involved officer(s) may be withheld for 24 - 48 hours. Any request for the name(s) of the involved officer(s) will be referred to the Superintendent for action.
27. No involved officer shall make any comments to the media unless authorized by the Superintendent or a Deputy Superintendent (R.S. 40:2532).
28. Employees receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from comment and will direct inquiries to the agency having jurisdiction and primary responsibility for the investigation.

## INVOLVED OFFICERS

29. Once the involved officer(s) have been sequestered, the Platoon Supervisor or other on-scene supervisor shall notify each officer that the incident shall not be discussed with any NOPD member except with authorized members or representatives. The following shall be considered for the involved officer (R.S. 40:2531):
  - (a) Any request for legal or officer representation (e.g., employee association) shall be accommodated.
  - (b) While discussions with a licensed attorney are considered privileged as attorney-client communications, involved officers shall not be permitted to meet with other involved officers or with witness officers prior to providing a formal interview or report.
  - (c) Discussions with officer representatives (e.g., employee association) will be privileged only as to the discussion of noncriminal information. However, involved officers shall not be permitted to meet with other involved officers or with witness officers prior to providing a formal interview or report.
  - (d) A psychologist or other psychotherapist shall be provided by the Department to each involved officer or any officer upon request.
    - i. Interviews with a licensed psychotherapist are considered privileged and will not be disclosed except to the extent that a report is required to determine whether the officer is fit for return to duty.
    - ii. If an interview or session with a licensed psychotherapist takes place prior to the involved officer providing a formal interview or report, the involved officer shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
- (b) Although the Department will honor the sensitivity of communications with peer counselors, **there is no legal privilege to such communications**. Peer counselors are cautioned not to discuss the facts of any incident with an involved or witness officer.

30. Care should be taken to preserve the integrity of any physical evidence present, especially on the officer's equipment or clothing. Items such as trace evidence (i.e., DNA, blood or fingerprints) are highly perishable until they can be properly retrieved and preserved by lab members or investigators.
31. Investigators shall make reasonable accommodations to the officer's physical and emotional needs.

### **PURSUIT RELATED MOTOR VEHICLE CRASHES AND OFFICER INVOLVED SHOOTINGS**

32. When motor vehicle crashes involving a suspect vehicle and other civilian vehicles occur during the course of a Use of Force Incident (vehicle pursuit), members of the district of occurrence shall complete an official crash report supplied by the Department of Motor Vehicles. Such approved reports shall be made a part of the FIT Report as an attachment.
33. If an officer involved in a vehicle pursuit or any part of an incident which involves a motor vehicle crash while driving a department vehicle, the on duty/on call Traffic Section Unit investigator shall conduct an investigation and complete a crash report supplied by the Louisiana Department of Motor Vehicles. Such approved reports shall be made a part of the FIT Report as an attachment.
34. If the motor vehicle crash results in a fatality or serious physical injury which may result in death, members of the Traffic Fatality Section shall investigate that portion of the incident and complete a crash report. Such approved crash reports shall be made a part of the FIT Report as an attachment.

### **RECORDS AND DATA**

35. FIT shall be responsible for maintaining all files and records on all use of force incidents, both those investigative by FIT and those investigated at the unit level.
36. Because FIT is divided into two sections (Criminal and Administrative), FIT shall maintain and file cases investigated by each section separately. Discussions on related cases (administrative and criminal) involving the same officers or factual occurrence are confined to members of the appropriate section of FIT. FIT Criminal Investigators shall not access compelled statements or discuss their contents. FIT Administrative Investigators shall not disclose to or discuss with any criminal investigators the contents of compelled statements.
37. At the conclusion of each use-of-force investigation, FIT shall prepare an investigative report that shall include:
  - (a) A narrative description of the incident, including a precise description of the evidence that either justifies or fails to justify the officer's conduct based on FIT's independent review of the facts and circumstances of the incident;
  - (b) A summary of the investigative steps taken during the investigation, including but not limited to conducting a canvas for witnesses;
  - (c) Documentation of all evidence gathered, including names, phone numbers, and addresses of witnesses to the incident. In situations in which there are no known witnesses, the report shall specifically state this fact. In situations in which witnesses were present but circumstances prevented the author of the report from determining the identification, phone number or address of those witnesses, the report shall state the reasons why. The report should also include all available identifying information for anyone who refuses to provide a statement;

- (d) The names of all other NOPD employees at the scene when the use of force took place;
  - (e) Making all reasonable efforts to resolve material inconsistencies between the officer(s), subject(s), and witness statements;
  - (f) Explain the justification for, and reasoning used to make credibility determinations as part of the investigative summary;
  - (g) FIT's evaluation of the use of force, based on FIT's review of the evidence gathered, including a determination of whether the officer's actions appear to be within NOPD policy and consistent with state and federal law;
  - (h) An assessment of the incident for tactical and training implications, including whether the use of force may have been avoided through the use of de-escalation techniques or lesser force options;
  - (i) If a weapon was used, documentation that the officer's certification and training for the weapon are current; and
  - (j) Documentation of any disciplinary and/or non-disciplinary corrective action recommended.
38. FIT shall maintain, on an ongoing basis, statistical data concerning use-of-force incidents and reports. At least once a year, FIT shall conduct a comprehensive review and analysis of all use-of-force incidents and reports, and FIT shall draft a public report. The public report shall identify any significant patterns or trends; it shall also identify and correct deficiencies including those that indicate training needs, equipment problems, or that policy changes may be required.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.6

### TITLE: REPORTING USE OF FORCE

EFFECTIVE: 12/06/15

REVISED: 4/1/2018, 10/2/2022

---

#### PURPOSE

The purpose of this Chapter is to set forth requirements for reporting and investigating an incident in which an NOPD officer used a reportable level of force and to ensure that such incidents are thoroughly investigated in a fair and impartial manner.

#### POLICY

1. It is the policy of this Department that every reportable use of force by an NOPD officer be reported accurately, completely, and promptly, and investigated with the utmost thoroughness, professionalism, and impartiality to determine if the officer actions conform to the law, complies with the Department's Chapter on use of force, and was consistent with NOPD training.
2. NOPD force reporting and investigation allows the Department and community to better understand officer use of force. It enables the Department to determine the appropriateness of officer actions during the incident and to determine whether the incident indicates any need to change NOPD policy, tactics, training, or equipment (see: Program Review Request Form #358). Force reporting and investigation thus is critical to promoting officer safety and the integrity of the Department.
3. The Force Investigation Team (FIT) shall be responsible for investigating all incidents involving Deadly Force, Serious Use of Force, or the Use of Force Indicating Potential Criminal Conduct (see definitions). FIT's responsibilities are further set out in **Chapter 1.3.2 – Force Investigation Team**.

#### RESPONSIBILITY TO REPORT USES OF FORCE – GENERAL

4. Officers who use force or observe the use of force shall notify their supervisors immediately following any use-of-force incident. Officers shall notify their supervisors upon receipt of an **allegation of unreasonable or unreported use of force by an officer. Officers who observe force and fail to report it shall be subject to disciplinary action, up to and including termination.**
5. Officer(s) who use force shall complete a Force Statement and any associated NOPD Incident Report(s). An officer who witnesses a use of force or was present at the scene when the force may also have to, depending on the Level, complete a Force Statement.

These forms shall be completed and forwarded to the officer's immediate supervisor for review and approval prior to the end of his/her tour of duty, unless prevented by injury. (See **Paragraph 16 below** for list of what must be included in the force statement.)

6. A department member who has been assigned a BWC device may review his or her own BWC recording before completing a Force Statement to help insure accuracy and consistency of accounts (**Chapter 41.3.10 – Body Worn Camera**) A department member involved in any use of force incident or accident-causing injuries will be permitted, but will not be required, to review his/her own BWC recordings prior to providing a recorded statement or completing reports. Witness department members will only be allowed to review BWC recordings consistent with **Chapter 41.3.10 – Body Worn Camera**. However, department members must complete their Force Statements before the end of their tour of duty in which force is used and review of BWC recordings shall not unduly delay the timely submission of a member's other reports.
7. All public safety statements and other officer statements in incident reports, arrest reports, force statements, and similar documents, and statements made in interviews such as those conducted in conjunction with NOPD's routine use of force reviews and investigation processes, are part of each officer's professional duties.
8. A supervisor who uses force or ordered the use of force being investigated shall not investigate the use of force or review the Force Statements for approval. The involved supervisor shall notify his/her supervisor immediately following any use of force in which he or she is an Involved Officer.
9. The supervisor approving the officer's Force Statement or completing the Use of Force Report shall ensure the reason for any delay is documented. Whether on duty or off duty, officers who use or observe a use of force and fail to report it in a timely manner shall be subject to disciplinary action.

## DEFINITIONS

**Active Resistance**—Resistance exhibited by a suspect that is between passive resistance and aggressive resistance (e.g., attempts to leave the scene, flee, hide from detection, or pull away from the officer's grasp). Verbal statements, bracing, or tensing alone do not constitute active resistance.

**Aggravated Resistance**—When a subject's actions create an objectively reasonable perception on the part of the officer that the officer or another person is subject to imminent death or serious physical injury as a result of the circumstances and/or nature of an attack. Aggravated resistance represents the least encountered but most serious threat to the safety of law enforcement personnel or another person.

**Aggressive Resistance**—Is a subject's attempt to attack or an actual attack of an officer. Exhibiting aggressive behavior (e.g., lunging toward the officer, striking the officer with hands, fists, kicks) are examples of aggressive resistance. Neither passive nor active resistance, including fleeing, pulling away, verbal statements, bracing, or tensing, constitute aggressive resistance.

**Anatomical Compliance Technique / Pressure Point Compliance Technique**—The act of applying pressure to vulnerable areas, weak points, or pressure points of the body. This technique is used to cause immediate compliance by a subject who poses a threat.

**Apprehension**—The arrest, capture or taking into custody of a person.

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him. (La. C.Cr. P. Art. 201).

**Canine Apprehension**—Where articulated facts demonstrate that a canine played a clear role in the capture of a person. The mere presence of a canine at the scene of an arrest shall not count as a canine apprehension.

**Canine Deployment**—Any situation, except one involving an on-leash article search only, in which a canine is brought to the scene and used in an attempt to locate or apprehend a suspect, whether or not a suspect actually is located or apprehended. This includes all instances in which a canine is removed from the police car; or when a suspect gives up immediately after an announcement is made that if they do not surrender, the canine will be released; or when a canine search is conducted in an effort to apprehend a suspect.

**Civil Disturbance**—Any incident which disrupts a community where law enforcement intervention is required to maintain public safety. Civil disturbances may consist of riots, demonstrations, strikes, sit-ins, or mass acts of criminal damage or violence.

**Compliant**—Cooperative obedience in response to lawful requests or directions from law enforcement personnel.

**Critical Firearm Discharge**—A discharge of a firearm by an NOPD officer, including discharges when no person or animal is struck. Range and training firings, humane destruction of animals, and off-duty hunting discharges when no person is struck are not critical firearms discharges.

**Conducted Energy Weapon (CEW)**—A weapon designed primarily to discharge electrical impulses into a subject that will cause involuntary muscle contractions and override the subject's voluntary motor responses.

**CEW Application**—The contact and delivery of electrical impulse to a subject with a CEW.

**Deadly Force/Lethal Force**—Any force likely to cause death or serious physical injury. The use of a firearm (discharge) is considered deadly force. Neck holds and strikes to the head, neck or throat with a hard object are considered lethal force.

**Elbow strike**—A strike to a person with the point of an officer's elbow.

**Firearm**—A pistol, revolver, shotgun, carbine, or machine gun. Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. (Gun Control Act of 1960, Title 18, US, chapter 44, Title1)

**Force Statement**—A written statement required as part of the departmental Use of Force Report (in Blue Team application and Form #114). The Force Statement is completed by an involved officer or witness officer documenting a use of force. A Force Statement is not considered a compelled statement under *Garrity v. New Jersey* or under analogous State law. The statement can be considered compelled only when the officer is ordered to provide a statement after refusing to do so on the grounds that the officer has a reasonable, good faith belief that such statement may incriminate himself/herself.

**Force Tracking Number**—A unique number assigned by FIT to each reportable use of force event to facilitate awareness event and tracking of a use of force investigation. The number includes the letters "FTN" for Force Tracking Number, followed by the year the force event

occurred followed by a three-digit sequential number starting with 001 for the first recorded allegation of the year. FTN 2014-001 indicates the first reportable use of force event in 2014.

**Force Transition**—Force transition is the movement, escalation/de-escalation, from the application of one force type to another in conjunction with the “objectively reasonable” standard.

**Force Investigation Team (FIT)**—The NOPD unit tasked with conducting investigations of serious uses of force; uses of force indicating apparent criminal conduct by an officer; uses of force by NOPD personnel of a rank higher than sergeant; and uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or PIB. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD.

**Imminent Threat**—An immediately impending danger that must be instantly met.

**Impact Weapon**—Any solid or semi-solid object used by an officer as a method of gaining control of a subject. Absent exigent circumstances, officers shall not use non-traditional weapons/hard objects, such as firearms or radios, as impact weapons.

**In-Custody Death**—An incident in which an individual died while in, or as an apparent result of being in, the custody of NOPD.

**Involved Officer**—An involved officer is an officer who used force, or against whom force was used.

**Kick**—To forcibly strike a person with any part of an officer's leg.

**Leg sweep**—To trip a person and/or cause one or both legs of a person to collapse and the person to fall to the ground.

**Less-Lethal Force**—Force employed that is neither likely nor intended to cause death or serious injury.

**Less-Lethal Weapon**—An apprehension or restraint tool that, when used as designed and intended, is less likely to cause death or serious injury than a conventional lethal weapon such as a firearm.

**Neck Hold**—One of the following types of holds: (1) arm-bar control hold, a hold that inhibits breathing by compression of the airway in the neck; (2) carotid restraint hold, a hold that inhibits blood flow by compression of the blood vessels in the neck; (3) lateral vascular neck constraint; or (4) a hold with a knee or other object to the back of a prone subject's neck; (5) any actions with the hands and fingers of an officer, which restricts the airflow of an individual. A neck hold is considered lethal force.

**Passive Resistance**—Behavior that is unresponsive to police verbal communication or direction (e.g., ignoring or disregarding police attempts at verbal communication or control; going limp; or failing to physically respond or move) and verbal resistance (e.g., verbally rejecting police verbal communication or direction; telling the officer that he or she will not comply with police direction, to leave alone, or not bother him or her). Bracing, tensing, linking arms, or verbally signaling an intention to avoid or prevent being taken into custody constitutes passive resistance. Passive resistance, including verbal statements, bracing, or tensing alone does not constitute active resistance

**Probable Cause**—The facts and circumstances, known to the officer at the time, which would

justify a reasonable person in believing that the suspect committed or was committing an offense.

**Public Safety Statement**—A statement by an involved or witness officer that describes the type of force used, the direction and approximate number of shots fired by the involved officer (or officers) and the suspect (or suspects), the location of an injured person, the description of outstanding suspect(s) and the direction of the suspect's flight, the time lapse since the suspect was last seen, whether the suspect is armed, any other information that could assist in the apprehension of outstanding suspects, description(s) of any victims or witnesses, description and location of any know evidence, and any other information to ensure officer and public safety.

**Reasonable Force**—Force that is objectively reasonable under the circumstances. The minimum amount of force necessary to effect an arrest or protect the officer or other person.

**Reasonably Necessary**—Force is reasonably necessary when the facts and circumstances, including the reasonable inferences drawn therefrom, known to an officer at the time he or she uses force, would cause an objectively reasonable officer to believe that force is appropriate.

**Reportable Use of Force**—Any force above hand control or escort techniques applied for the purposes of handcuffing, or escort techniques that are not used as pressure-point compliance techniques, do not result in injury or complaint of injury, and are not used to overcome resistance. The pointing of a firearm at a subject is a reportable use of force.

**Seizure (or Detention)**—Occurs when an officer's words, actions, or control would convey to a reasonable person that he or she is not free to leave.

**Serious Physical Injury**—Physical injury that creates a substantial risk of death; causes death or serious and protracted disfigurement; or causes impairment of the function of any bodily organ or limb.

**Serious Use of Force**—Includes the following:

- (a) All uses of lethal force by an NOPD officer;
- (b) All critical firearm discharges by an NOPD officer;
- (c) All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- (d) All neck holds;
- (e) All uses of force by an NOPD officer resulting in a loss of consciousness;
- (f) All canine bites;
- (g) More than two applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive; and
- (h) Any strike, blow, kick, CEW application or similar use of force against a handcuffed subject.

**Specialized Weapons** - weapons which require specialized training, certification, and authorization prior to use, such as chemical agents, 40mm launchers, stinger rounds and grenades, flashbangs, LRAD systems, etc. (see: **Chapter 46.2.3 – CRU SWAT Equipment and Storage.**)

**Specialty Impact Munitions** - Refers to extended range impact munitions. These munitions may include impact rounds containing chemical agents.

**Supervisor**—A sworn NOPD employee at the rank of sergeant or above and non-sworn NOPD

members with oversight responsibility for officers.

**Takedown**—A person is thrown, pushed, tackled, or shoved to the ground or against a wall, car, or other surface by an officer. The key element to a takedown is the degree of force used. The use of a compliance technique off-balancing the subject against a wall, car, or surface (**other than ground**) alone is **not** a takedown. A shove or push does not maintain contact, but rather creates distance between the officer and the subject, and is not a takedown unless a fall to the ground results.

**Use of Force**—Physical effort to compel compliance by an unwilling subject above unresisted handcuffing, including pointing a firearm at a person.

**Use of Force Indicating Apparent Criminal Conduct by an Officer**—Force that a reasonable and trained supervisor would conclude could result in criminal charges due to the apparent circumstances of the use of force. The level of the force used as compared to the resistance encountered, discrepancies in the use of force as described by the officer and the use of force as evidenced by any resulting injuries, witness statements, or other evidence are examples.

**Use of Force Report**—A written report documenting a supervisor's investigation of a use of force (in Blue Team application and Form #114B).

**Witness Officer**—A witness officer is any officer at the scene of an event when force was used. Whether or not the officer witnessed the actual application of force is not necessary for the officer to be considered a witness officer.

## LEVELS OF REPORTABLE USE OF FORCE

10. For reporting and investigative purposes, the Department categorizes use of force by its members into four (4) force reporting levels:

### LEVEL 1

Level-1 uses of force include pointing a firearm at a person and hand control or escort techniques (e.g., elbow grip, wrist grip, or shoulder grip) applied as pressure point compliance techniques that are not reasonably expected to cause injury; takedowns that do not result in actual injury or complaint of injury; and use of an impact weapon for non-striking purposes (e.g., prying limbs, moving or controlling a person) that does not result in actual injury or complaint of injury. It does not include escorting, touching, or handcuffing a person with minimal or no resistance.

### LEVEL 2

Level-2 uses of force include use of a CEW (including where a CEW is fired at a person but misses); the use of “flash bangs” and “aerial flash bangs” to compel compliance from an unwilling subject (see paragraph 71(c)); a canine deployment resulting in an apprehension without contact and force that causes or could reasonably be expected to cause an injury greater than transitory pain but does not rise to a Level 3 use of force.

### LEVEL 3

Level-3 uses of force include any strike to the head (except for a strike with an impact weapon); use of impact weapons when contact is made (except to the head), regardless of injury; a canine deployment resulting in an apprehension contact or that is not a bite or the destruction of an animal.

### LEVEL 4

Level-4 uses of force include all ‘serious uses of force’ as listed below:

- (a) All uses of lethal force by an NOPD officer;
- (b) All critical firearm discharges by an NOPD officer;
- (c) All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- (d) All neck holds;
- (e) All uses of force by an NOPD officer resulting in a loss of consciousness;
- (f) All canine bites;
- (g) More than two applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive;
- (h) Any strike, blow, kick, CEW application, or similar use of force against a handcuffed subject; and
- (i) Any vehicle pursuit resulting in death, serious physical injury, or injuries requiring hospitalization.
- (j) Any use of specialized weapons, such as gas dispersants, the use of “flash bangs” and “aerial flash bangs” or impact rounds for the purposes of crowd control (See **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances**), including the munitions listed in **Appendix E** of Chapter 46.2.1).

#### **NON-REPORTABLE LEVELS OF FORCE**

11. Hand control or escort techniques applied for the purposes of handcuffing or escorts that are not used as an anatomical compliance technique, do not result in injury or complaint of injury, and are not used to overcome resistance, are not reportable uses of force, e.g., simply handcuffing someone, simply escorting a handcuffed subject.

#### **OFFICER REPORTING REQUIREMENT – FORCE STATEMENT**

12. Depending on the level of reportable use of force, as set forth below, an Involved Officer (IO) and/or Witness Officer (WO) may be required to prepare a Force Statement. The officer shall independently prepare his or her Force Statement and include facts known to the officer, to include:
- (a) A detailed account of the force incident from the officer’s perspective.
  - (b) The reason for the initial police presence, e.g.: response to (nature of) call, on-view suspicious activity (describe the suspicious activity), flagged by a citizen (nature of citizen’s concern), shots fired, or screams heard, etc.;
  - (c) A specific description of the acts that led to the use of force;
  - (d) The specific description of resistance encountered;
  - (e) A description of every type of force used or observed;
  - (f) Names of all assisting officers and supervisors participating in the actions leading up to the use of force;
  - (g) The name of the supervisor the involved officer notified, and the time of the notification;
  - (h) The name of the supervisor who responded to the scene;
  - (i) Names, if know, of any civilian witnesses;
  - (j) A description of any injuries suffered by the officer, subject, or witnesses;
  - (k) Whether a body-worn camera was activated and its identifiable file location;
  - (l) Whether a vehicle camera was activated and its identifiable file location; and
  - (m) Whether a CEW activation occurred, even if the CEW was not discharged.

13. Officers shall not make conclusory statements, including the use of “boilerplate” or “pat” language (e.g., “suspect made a furtive movement” or “suspect took a fighting stance”) in statements and reports documenting use of force. A specific description of an individual’s action(s) that led to the perceived need for a use of force response by an officer must be clearly articulated.
14. Witness officers should prepare a Force Statement (see Paragraph 19 for exception in Level 1 Use of Force) if they were present on the scene at the time of the application of force even if they did not witness the actual application of force. Their Force Statements should describe the role they played and include information on what they saw or heard firsthand. If the witness officer did not hear or see any part of the application of force, the Force Statement should so indicate.

#### **Level 1 Use of Force**

15. Following a reportable Level 1 use of force incident, the officer using force shall:
  - (a) Immediately notify his/her supervisor.
  - (b) Complete a Force Statement prior to the end of his/her tour of duty
  - (c) Complete an NOPD Incident Report on the underlying offense that required the Use of Force. All critical information surrounding the officer’s Level 1 Use of Force should be included in this report.
  - (d) The Force Statement and all associated NOPD Incident Reports shall be provided to the same reviewing/approving supervisor prior to the officers’ end of tour of duty.
16. Witness officers may also be required to prepare a force statement if directed to do so by a supervisor.

#### **Levels 2 – 4 Use of Force**

17. Each officer using a Level 2 through 4 use of force shall immediately notify his/her immediate supervisor and shall:
  - (a) Provide a public safety statement to the responding supervisor;
  - (b) Complete a Force Statement prior to the end of his/her tour of duty; and
  - (c) Complete an NOPD Incident Report on the underlying offense that required the Use of Force. All critical information surrounding the officer’s Level 2-4 Use of Force should be included in this report.
18. Each officer present at the scene (i.e., all Involved Officers and Witness Officer) of a Level 2, Level 3, or Level 4 use of force shall also prepare a Force Statement.
19. All Involved Officers or Witness Officers shall provide their Force Statements and the corresponding NOPD Incident Report to the same reviewing/approving supervisor prior to each officer’s end of tour of duty.

#### **INVESTIGATING SUPERVISOR’S RESPONSIBILITY – GENERAL**

20. Supervisors are required to write a Force Statement if they fit the definition of an Involved Officer or Witness Officer as defined above. If they are a Witness or Involved Officer, they must follow the requirements of this Chapter.

#### **REPORTING LEVEL 1**

21. Upon notification by an officer of a Level 1 Use of Force, the supervisor shall:

- (a) If possible, respond to the scene of the event to conduct an on-scene review.
- (b) Ensure that all Involved Officers complete and submit a Force Statement prior to the end of their tour of duty;
- (c) Require Witness Officer to prepare a Force Statement if any aspect of the use of force is under question;
- (d) Contact the Communications Section Liaison, obtain a Force Tracking Number, and ensure the force tracking number is entered on the Force Statement, in the narrative of the associate EPR and on all other associated documents;
- (e) Ensure the Involved Officer has completed and submitted the underlying NOPD Incident Report prior to the end of the officer's tour of duty; elevate and investigate any use of force that has been inappropriately characterized as a Level 1 Use of Force;
- (f) Initiate a Blue Team entry by ETOD of the supervisor's NEXT Tour of Duty , which will list preliminary information regarding the use of force incident; and
- (g) Upon approving the NOPD Incident Report and Force Statement(s), forward the complete packet through the chain of command to the District/Division Commander.

### **REPORTING LEVEL 2 OR 3**

- 22. Supervisors shall thoroughly investigate and complete a Use of Force Report for all Level 2 and Level 3 uses of force, with the exception of:
  - (a) Those incidents involving a serious use of force (Level 4 use of force);
  - (b) Uses of force indicating apparent criminal conduct by an officer;
  - (c) A use of force incident by NOPD personnel of a rank higher than the supervisor assigned to investigate the incident; or
  - (d) A use of force Investigation reassigned to FIT through determination made by the Superintendent or his or her designee or PIB.
  
- 23. Supervisors shall be held accountable for the timely, accurate, and thorough investigation and documentation of all use-of-force incidents under their command or assigned to them for review and shall further ensure the provisions of all policies and procedures are properly applied.
  
- 24. Upon notification of a Level 2 or Level 3 use of force incident or allegation of excessive force, the officer's (s') immediate supervisor shall:
  - (a) Respond to the scene, examine the subject of the force for injury, interview the subject for complaints of pain after advising the subject of his/her rights, and ensure the subject receives medical attention from an appropriate medical provider;
  - (b) Obtain statements from the Involved Officers and Witness Officers;
  - (c) Notify the Communications Section Liaison immediately of the use of force and obtain a use of force tracking number;
  - (d) Identify and collect all relevant evidence and evaluate that evidence to determine whether the use of force:
    - (e) Was consistent with NOPD policy, and/or
    - (f) Raises any policy, training, tactical, or equipment concerns (see: Program Review Request Form #358);
  - (g) Ensure that all evidence to establish material facts related to the use of force, including audio and video recordings, photographs, and other documentation of injuries or the absence of injuries are identified, collected, documented, and preserved;
  - (h) Ensure that a canvass for, and interview of, civilian witnesses is conducted (Civilian witnesses should be encouraged to provide and sign a written statement in their own words);

- (i) Ensure all officers who witnessed a use of force incident by another officer provide an independently prepared Force Statement;
  - (j) Sequester officers involved in a use of force incident until interviewed; group Interviews are prohibited;
  - (k) Ensure that Use-of-Force Reports identify all officers who were involved in the incident, witnessed the incident, or were on the scene when it occurred;
  - (l) Not ask officers or other witnesses leading questions that suggest legal justifications for the officers' conduct;
  - (m) Record all interviews with civilian witnesses and all follow-up interviews with officers.
    - i. Subjects shall be advised of their rights and that they are being questioned only about the use of force. Interviews with subjects (including advisements of rights) shall be recorded. During such force investigation interviews the supervisor shall advise the subject that he or she is only questioning the subject about the use of force.
  - (n) Review all Force Statements and ensure all officer and witness officers' statements include material facts.
  - (o) Consider all evidence (circumstantial, direct, physical evidence, etc.) that may be relevant to the investigation, and make credibility determinations, if feasible. Supervisors will make all reasonable efforts to resolve material inconsistencies between statements (officers, civilians, subject, witness, etc.), as well as inconsistencies between the level of force claimed by the officer and the subject's injuries.
  - (p) Review and assess, if applicable, the CEW Firing Log to ensure consistency with the force statement and log along with proper spark testing and battery level requirements.
  - (q) Initiate a Blue Team entry by ETOD of the supervisor's NEXT Tour Of Duty, which will list preliminary information regarding the use of force incident.
25. Should the assigned supervisor at any point during a use-of-force investigation make a determination that the force used should be elevated to a Level 4 investigation; the supervisor shall immediately contact his/her District/Division Commander and the PIB Force Investigation Team for on-scene assistance. FIT, at its discretion, may take over the investigation. However, if, after a review of the facts and circumstances, the use of force meets the criteria for Level 4 use of force, FIT shall assume the investigation.

#### **REPORTING LEVEL 4**

26. For all Level 4 use of force incidents, supervisor(s) shall:
- (a) Respond to the scene;
  - (b) Obtain a public safety statement from the involved officer;
  - (c) Ensure aid is given to any injured party;
  - (d) Secure the scene, limit access to essential personnel and ensure evidence is preserved;
  - (e) Coordinate the pursuit/apprehension of any outstanding suspects;
  - (f) Notify FIT via the Communications Section; and
  - (g) Provide assistance and support as required by the PIB Force Investigation Team.  
(See **Chapter 1.3.2 – Force Investigation Team**).

#### **USE OF FORCE – INVESTIGATING SUPERVISOR'S REPORTING REQUIREMENTS FOR LEVEL 2 & LEVEL 3 USE OF FORCE**

27. For all investigations into Level 2 or Level 3 use of force events the supervisor shall provide a written gist to the Division Commander by the end of his/her shift documenting

his/her preliminary determination of the appropriateness of the use of force, including whether the force was reasonable and within policy, and whether the injuries appear proportionate to the use of force described. The written gist shall also include summaries of subject, witness, and officer statements.

28. The supervisor will initially complete and document the preliminary investigation information into Blue Team Use of Force System by ETOD of the supervisor's NEXT Tour of Duty. The supervisor will have 72-hours to complete and input the remainder of the information into Blue Team and submit it through his/her chain of command to PIB. A District/Division Commander may authorize an extension to the 72-hour deadline, but this extension must be documented in the Blue Team application or a Form 105 before the initial deadline.
29. The supervisor's Use of Force Report shall include:
  - (a) The supervisor's narrative description of the incident, including a precise description of the evidence that either justifies or fails to justify the officer's conduct based on the supervisor's independent review of the facts and circumstances of the incident;
  - (b) A summary of the investigative steps taken during the investigation, including but not limited to conducting a canvas for witnesses;
  - (c) Documentation of all evidence gathered, including names, phone numbers, and addresses of witnesses to the incident. In situations in which there are no known witnesses, the report shall specifically state this fact. In situations in which witnesses were present but circumstances prevented the author of the report from determining the identification, phone number or address of those witnesses, the report shall state the reasons why. The report should also include all available identifying information for anyone who refuses to provide a statement;
  - (d) The names of all other NOPD employees at the scene when the use of force took place;
  - (e) Documentation of any non-disciplinary corrective action taken;
  - (f) Documentation of injuries incurred by the officer or subject, to include photos and records of treatment at hospital;
  - (g) Identify all audio/video recordings (e.g., Taser, BWC, DMVAR, surveillance, or other existing video recording) that exist and whether the supervisor reviewed them;
  - (h) Include as attachments to the use of force report:
    - i. Force statements by all officers using or witnessing the use of force;
    - ii. A copy of all associated Incident Reports;
    - iii. A copy of any arrest reports;
    - iv. Copies of any hospital records if treatment was obtained; and
    - v. Copies of any photos or audio/video tapes associated with the incident.
  - (i) The investigating supervisor's evaluation of the use of force, based on the supervisor's review of the evidence gathered, including a determination of whether the officer's actions appear to be within NOPD policy and consistent with state and federal law; and an assessment of the incident for tactical and training implications, including whether the use of force may have been avoided through the use of de-escalation techniques or lesser force options.
30. In the event multiple officers are involved in a single incident, regardless of the varying levels of force used by a particular officer involved, the investigating supervisor shall prepare only one Use of Force Report listing all involved personnel. When multiple levels of force are used, the highest level of force shall determine the investigative responsibility.

31. Completed use of force reports shall be submitted to the PIB - Force Investigation Team through Blue Team for review and approval no later than 21 days after the initial Blue Team entry is submitted.
32. The 21-day period provides time for the investigating sergeant to complete the use of force investigation and the chain-of-command to review the use of force report, before submitting the report to the Force Investigation Team. (For example, a sergeant who obtains a written extension submits a completed force investigation to his/her lieutenant within seven (7) days after the use of force. The lieutenant has seven (7) days to review the report, return it for corrections, and submit it to his/her commander for approval. The commander has seven (7) days to review the report, return it for corrections, approve it and submit it to the Force Investigation Team.) (All extensions shall be placed into the IA Pro Investigative File).

### **REPORTING AND INVESTIGATING UNREPORTED OR UNREASONABLE FORCE**

33. When anyone reports to a supervisor an unreasonable or previously unreported use of force the supervisor will conduct a preliminary investigation into the allegation, including responding to the scene of the incident to identify and interview witnesses and preserve evidence. The supervisor also shall inform PIB immediately of the allegation of unreported or unreasonable force; PIB shall complete an appropriate investigation pursuant to **Chapter 52.1- Employee Misconduct Complaints and Internal Disciplinary Investigations**.
34. When a supervisor assigned to handle a Level 2 or Level 3 investigation, *or in reviewing a Level 1 investigation*, determines possible misconduct may have occurred, the supervisor shall:
  - (a) Criminal Misconduct—should the supervisor determine through investigation, or in review of a level 1 investigation, there may have been criminal misconduct on the part of the officer(s) involved in the use of force incident; the supervisor shall suspend the force investigation immediately and immediately notify PIB and FIT through the NOPD Communications Section. FIT will respond to the scene and assume the investigation.
  - (b) Administrative Misconduct—where a force investigation indicates administrative misconduct, including a review of a Level 1 investigation, the reviewing/investigating supervisor shall immediately notify PIB and FIT through the NOPD Communications Section to respond to the scene. PIB will review the attendant facts as communicated by the supervisor and make a determination as to who will conduct the administrative investigation. The initiation of an administrative investigation shall be documented in the Use of Force Report to include the date/time PIB was notified and PIB control number assigned.

### **INVESTIGATING USE OF FORCE – COMMAND REVIEW OF USE OF FORCE INVESTIGATIONS AND USE OF FORCE REPORTS**

35. The District/Division Commander shall be responsible for the accuracy, completeness, and timeliness of Use-of-Force Reports prepared by supervisors under his/her command. If the investigating supervisor requires more than 72 hours to complete the investigation and sufficient justification for an extension exists, the Commander will prepare a Form 105 explaining the need for the extension and providing the date by which the investigation will be completed. The Commander will immediately forward a copy of the signed and approved Form 105 to the Commander of PIB, ensuring the Force Tracking Number is entered on the memo.

36. The District/Division Commander, who receives a Level 1, 2 or 3 Use-of-Force Report, Force Statement(s), and any corresponding NOPD Incident Reports, shall review the documents to ensure they are complete and consistent, and that the findings are supported by the preponderance of the evidence. The District/Division Commander shall order additional action by the investigating supervisor when it appears there is relevant evidence that may assist in resolving inconsistencies or improve the reliability or credibility of the findings. In the event the Commanding Officer orders additional investigation by the supervisor, he should prepare a memo to the investigating supervisor describing the deficiencies and directing him to complete the additional tasks by a specific date. A copy of the Commander's memo to the supervisor should be sent to the Commander of PIB to alert him/her to any delay this may cause.
37. Only when the District/Division Commander finds the supervisor's initial Use-of-Force Report is complete and the findings are supported by the evidence will the investigation file be forwarded to PIB through the chain-of-command.
38. When the District/Division Commander determines the supervisor's findings of whether or not the officer's actions are within NOPD policy and consistent with state and federal law are not supported by a preponderance of evidence, the District/Division Commander shall document the reasons for this determination in a Form 105 and shall include the memo as an addendum to the original investigation. The District/Division Commander's review should include an assessment of the incident for tactical and training implications, including whether the use of force may have been avoided through the use of de-escalation techniques or lesser force options.
39. The District/Division Commander will be responsible for documenting in the Supervisor Feedback Log all policy violations related to the supervisor's investigation of the use of force or the review by any supervisor in the chain-of-command. The District/Division Commander will be responsible for determining if any disciplinary action or additional training is required for investigations or reports that are deemed insufficient. The investigating supervisor's commander shall counsel the investigating supervisor regarding the inadequately supported determination and any investigative deficiencies that led to it. Where an investigating supervisor has repeatedly conducted deficient investigations, the supervisor shall receive the appropriate corrective action, including training, demotion, and/or removal from a supervisory position in accordance with performance evaluation procedures and/or Civil Service Rules.
40. PIB shall forward all Use-of-Force Reports to the Education & Training Division for evaluation and revisions to training after PIB has reviewed the Use-of-Force Report.
41. Whenever the District/Division Commander finds evidence of a use of force indicating apparent criminal conduct by an officer that was not identified by the original investigating supervisor, he/she shall immediately notify the Commander of PIB requesting a FIT investigation be conducted. The PIB Commander immediately shall notify FIT, which will take over the investigation.

#### **USE OF FORCE – FORCE INVESTIGATION TEAM RESPONSE**

42. In every incident involving a serious use of force, uses of force indicating apparent criminal conduct by an officer, uses of force by department personnel of a rank higher than sergeant, all instances of in-custody deaths and deaths as an apparent result of being in NOPD custody, and all uses of force reassigned to FIT by the Superintendent or his or her designee or the Deputy Superintendent of PIB, the supervisor shall immediately notify the Communications Section which will in turn immediately notify FIT.

43. For all Level 4 use of force events, upon notification, the FIT supervisor will contact the on-scene supervisor and obtain a briefing of the circumstances of the use of force. The FIT supervisor will ensure appropriate FIT staff responds to the scene to ensure the investigation into the use of force is investigated fully and fairly.
44. Upon notification of an officer-involved shooting or a use of force resulting in serious injury, the FIT supervisor shall immediately contact the Deputy Superintendent of the Public Integrity Bureau, the Public Integrity Bureau Commander, and the on-call member of the Independent Police Monitor to confirm their notification regarding the incident. The FIT supervisor will:
  - (a) Contact the on-scene supervisor to obtain a briefing on the circumstance of the shooting;
  - (b) Ensure the on-scene supervisor obtains a public safety statement from the involved and witness officers;
  - (c) Direct the on-scene supervisor to:
    - i. Secure the scene;
    - ii. Identify and separate involved and witness officers;
    - iii. Isolate witnesses; and
    - iv. Protect all evidence, including body worn cameras.
  - (a) Respond to the scene and take charge of the investigation;
  - (b) Designate a member of the FIT team as lead investigator;
  - (c) Ensure sufficient FIT staff also respond to assist in the investigation; and
  - (d) Conduct a FIT response and investigation in conformance with **Chapter 1.3.2 - Force Investigation Team** (FIT), FIT unit policy and procedures manual.

#### **USE OF FORCE – PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

45. PIB shall:
  - (a) Have oversight responsibility over all investigations into Use of Force by NOPD Officers;
  - (b) Maintain a log of all reportable use of force events;
  - (c) Review all completed Force Statements submitted by officers using Level 1 reportable force to ensure compliance with reporting requirements and to identify patterns of behavior warranting remedial attention;
  - (d) Review all completed Use-of-Force Reports prepared by field supervisors assigned to investigate a Level 2 or Level 3 reportable use of force to ensure the investigation is complete and sufficient, and the finding(s) are supported by a preponderance of evidence;
  - (e) Return to the District/Division Commander for further investigation any Use-of-Force Report it finds deficient;
  - (f) When deemed appropriate, reassign the investigation into a Level 2 or Level 3 use of force to the FIT team;
  - (g) Maintain the central repository of all Force Statements and Use-of-Force Reports; and
  - (h) Include an analysis of NOPD's use of force and the department's response in its annual report.
46. The Deputy Chief of PIB shall immediately notify and consult with the City Attorney, District Attorney, Independent Police Monitor, FBI, and the U. S. Attorney's Office regarding any use of force indicating apparent criminal conduct by an officer, evidence of apparent criminal conduct by an officer discovered during a misconduct investigation, any use of force in which an officer discharged his or her firearm, or where an individual has died while in, or as an apparent result of being in, the custody of the Department.

### **Administrative Tracking, Support and Annual Report**

47. PIB shall be responsible for quality control of all investigations into use of force, for tracking the status of the investigation and for maintaining the central repository for all Force Statements, and use-of-force reporting and investigative files. PIB shall be responsible for providing all administrative support and documentation required for the Use of Force Review Board (See **Chapter 1.3.7 - Use of Force Review Board**).
48. Annually, PIB will analyze the preceding year's use-of-force data and document its findings in a public report that includes:
  - (a) Force related outcome data;
  - (b) Determination of significant trends;
  - (c) Identification of training, policy equipment, or supervisory deficiencies; and
  - (d) Recommendations to correct deficiencies (see: Program Review Request Form #358).
53. The supervisor submitting a Form #358 is responsible for thoroughly completing the form's "Request" section. The supervisor shall make a digital copy of the form and email it to PSAB@nola.gov. The supervisor shall make an earnest effort to provide information to facilitate the review of the request. Supervisors shall be available to the reviewer and respond to follow-up questions the PSAB reviewer may have.
54. To collect data for purposes of training, resource allocation, analysis, and related purposes, PIB may require the completion of additional report forms, as specified in Department policy, procedure, or law.

### **Reassignment of Use of Force Investigations**

55. At the discretion of the Superintendent, or his or her designee, or the Deputy Chief of PIB, a use-of-force investigation may be assigned or re-assigned for investigation:
  - (a) To FIT;
  - (b) To another supervisor, whether within or outside of the Division or District in which the incident occurred; or
  - (c) Returned to the assigned Unit for further investigation or analysis.
56. The returned assignment or re-assignment of investigations shall be explained in writing via *NOPD Form 105, Interoffice Correspondence* to the Commander of the Division / District to which it is being returned or reassigned.
57. Where a use of force is found not to comply with departmental policy, the Superintendent, or his or her designee, shall direct appropriate disciplinary action be initiated.
58. Where the use of force indicates policy, training, tactical, or equipment concerns, the Superintendent or his or her designee shall ensure necessary training is provided and policy, tactical, or equipment concerns are resolved.

### **Education and Training Division Responsibility**

59. The Commander of the Education and Training Division shall ensure that Division staff review and evaluate all uses-of-force reports to identify training issues. The Commander shall ensure that the Division updates training material accordingly.

**Supervisory Responsibility Involving the Destruction of Animals**

60. Supervisors assigned to investigate a use-of-force incident involving the destruction of animals shall be responsible for contacting the S.P.C.A. if a determination of the cause of death of the animal is necessary or the Department of Sanitation to remove the remains of the animal appropriately if no cause of death determination is required.

**Use of Force Incidents Occurring Outside Orleans Parish**

61. Whenever a NOPD member is involved in a reportable use-of-force incident resulting from an enforcement action that occurs outside Orleans Parish, the involved member shall immediately notify the NOPD Communications Section.
62. Upon notification, the Communications Section shall:
- (a) Notify the primary jurisdiction's law enforcement agency where the incident occurred;
  - (b) Send an on-duty supervisor to the jurisdiction in which the incident occurred unless the distance makes it impractical (The supervisor shall remain with the member(s) during the investigation by the outside agency);
  - (c) Notify the Deputy Chief of PIB who shall determine if PIB and/or FIT investigators are to be called out; and
  - (d) Notify the PIB Commander who shall determine if the PIB Administrative Investigators are to be called out.
63. The law enforcement agency that has jurisdiction where the incident occurred has incident command and primary criminal investigation responsibility.
64. PIB and/or FIT investigators shall request to monitor and attend the interview of NOPD personnel, unless the distance involved makes this impractical.

**Level 4 Force Incidents Involving Outside Agency Personnel**

65. FIT shall conduct criminal investigations for Level-4 use-of-force incidents and in-custody deaths by personnel from other agencies that occur in Orleans Parish. The agency may assist at the discretion of the PIB Deputy Superintendent.

**Officer's Bill of Rights**

66. All members shall be afforded all substantive and procedural rights and remedies as provided by law, including those granted by the Rights of Law Enforcement Officers while under Investigation. (La. R.S. 40:2531).
67. The Superintendent shall determine if the member(s) should be returned to his/her regular assignment following a serious use-of-force incident after completion of any mandatory debriefing and clearance for fitness for duty by the Department's psychologist, and any recommended retraining.
68. Any determination by the Superintendent not to return an officer (or officers) to his/her regular assignment and to continue his/her reassignment is administrative and in no way considered punitive.

**Supervisor Training in Conducting Use-of-Force Investigations**

69. Supervisors shall complete a department approved training course regarding the departmental Use-of-Force Chapter and reporting and investigating use-of-force incidents. The training shall be developed through consultation with PIB.

## Report of Firearm Discharge

70. Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on or off duty, shall notify the Communications Section or dispatcher and his/her supervisor immediately or as soon as circumstances permit. If the discharge occurs within the jurisdiction of the NOPD and is a Level 4 use of force (see **Chapter 1.3 – Use of Force**, Definition of Level 4), the Command Desk shall notify FIT and additional officer statements and reports shall be made in accordance with the Force Investigation Team Chapter (see **Chapter 1.3.2 – Force Investigation Team (FIT)**). If the discharge occurs outside the jurisdiction of the NOPD, the appropriate local law enforcement agency for that jurisdiction shall be notified as well as NOPD Communications Section.

## SPECIALIZED UNITS AND WEAPONS

71. Not every member of the NOPD is trained on all available weapons or skills. Specialized weapons are **RESTRICTED** to members of designated units (i.e., SOD), who have been trained in their use, and for use during special events or incidents (see: **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances**). The general guidelines for the appropriate levels of force categories follow the guidelines of this Chapter, such as:
- a. If the weapon is used or deployed as an impact round, it's a Level 3 UOF (like an impact weapon), unless it meets the requirements for an impact round to be a level 4 such as a strike to the head or sensitive area, loss of consciousness, serious physical injury, or hospitalization. OR if the weapons are used or deployed in a crowd control setting, they are considered a Level 4 UOF.
  - b. Any of the gas dispersants or agents, including aerial, would be a Level 2 UOF (in line with OC spray) **unless** used in a civil disturbance / crowd control setting, then they would be considered a Level 4 UOF.
  - c. Aerial flash bangs are distraction devices and considered a Level 2 UOF, unless they cause injury or strike/impact someone. The same applies to a flash bang. **unless** used in a crowd control / civil disturbance setting, then they would be considered a Level 4 UOF.
  - d. Any weapon or munition used in a civil disturbance setting is considered a Level 4 UOF.

<b><u>Force Level Classification of Specialized Weapons</u></b>	
Level 1	No manner of using specialized weapons is considered a level 1 use of force.
Level 2	Flashbangs, aerial flashbangs, explosive distraction devices, gas dispersants or agents launched in any manner (OC, CS, CN)
Level 3	Any specialized weapons used as impact weapons (ballistic shields, 40mm/37mm rounds used as impact rounds)
Level 4	Any specialized weapon used in a civil disturbance setting.

72. Specialized units (i.e., SOD) and members who have been trained on the weapons and skills covered in **Chapter 46.2.1 – Response to First Amendment Assemblies, Mass Demonstrations, and Civil Disturbances (Appendix – E)** shall have their individual training documented, along with the required certification and re-certification in their individual Departmental training records and in INSIGHT (personnel jacket). Any use of specialized weapons by a member who has not achieved and/or maintained required certification shall be investigated as a Level 4 UOF and appropriate corrective action taken.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.7

### TITLE: USE OF FORCE REVIEW BOARD

**EFFECTIVE: 12/6/15**

**REVISED: 11/15/19**

---

#### PURPOSE

This policy establishes and sets requirements for a Use of Force Review Board to review all serious uses of force and other Force Investigation Team (FIT) investigations, all chain of command use-of-force investigations forwarded to the Board by the Deputy Chief of PIB, and all vehicle pursuits resulting in a serious injury or death

The Use of Force Review Board (UFRB) serves as a quality control mechanism to ensure timely reviews of all serious use of force investigations to determine the appropriateness of the investigative findings, and to quickly appraise use of force incidents from a tactics, training, policy, and agency improvement perspective.

This review process shall be in addition to any other review or investigation that may be conducted by the NOPD, or any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of force.

#### DEFINITIONS:

Definitions related to this Chapter from **Chapter 1.3 – Use of Force** include:

**Critical firearm discharge**—A discharge of a firearm by an NOPD officer, including discharges when no person or animal is struck. Range and training firings, humane destruction of animals, and off-duty hunting discharges where no person is struck are not critical firearms discharges.

**Deadly force/lethal force**—Any force likely to cause death or serious physical injury. The use of a firearm (discharge) is considered deadly force. Neck holds, strikes to the head, neck or throat with a hard object are considered lethal force.

**Force Investigation Team (FIT)**— The NOPD unit tasked with conducting investigations of serious uses of force; uses of force indicating apparent criminal conduct by an officer; uses of force by NOPD personnel of a rank higher than sergeant; and uses of force reassigned to FIT by the Superintendent, the Superintendent's designee, or PIB. FIT also shall investigate all instances in which an individual has died while in, or as an apparent result of being in, the custody of NOPD.

**In-Custody death**— An incident in which an individual died while in, or as an apparent result of being in, the custody of NOPD.

**Serious use of force**—Include the following:

- (a) all uses of lethal force by an NOPD officer;
- (b) all critical firearm discharges by an NOPD officer;
- (c) all uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
- (d) all neck holds;
- (e) all uses of force by an NOPD officer resulting in a loss of consciousness;
- (f) all canine bites;
- (g) more than two applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for longer than 15 seconds, whether continuous or consecutive, and;
- (h) any strike, blow, kick, CEW application or similar use of force against a handcuffed subject.

## **REVIEW BOARD**

1. The UFRB consists of the following personnel as the UFRB's only voting members:
  - (a) The Deputy Superintendent of the Field Operations Bureau, (FOB) who will act as the UFRB chairperson;
  - (b) The Deputy Superintendent of Public Integrity Bureau (PIB);
  - (c) The Deputy Superintendent of Investigations and Support Bureau (ISB); and
  - (d) One Captain selected by the Superintendent to serve a six-month term as a non-voting member on the UFRB.
2. The Chief of the Professional Standards and Accountability Bureau and the Commander of the Education and Training Division shall participate in all Board meetings as non-voting members.
3. The commander of the Risk Management Unit shall participate as a non-voting member when a pursuit or department vehicle crash is involved.
4. The Board may summon or compel the appearance of other members of the department for questioning or to obtain Department documents necessary to carry out the duties of the Board.
5. The Deputy Superintendent of PIB is responsible for providing administrative support to the UFRB and will assign a PIB staff member to serve as the secretary to the UFRB. The UFRB secretary will:
  - (a) Assemble and distribute case information packages to UFRB members and observers prior to their meeting.
  - (b) Include in the information package a summary of key issues identified in each use-of-force investigation to be reviewed.
  - (c) Prepare a findings memo for the signature of the chairperson for each case reviewed by the UFRB after a draft has been circulated to the other voting members for consideration.
  - (d) Prepare summary minutes of the meeting for review and approval by the UFRB.
  - (e) Ensure that any follow-up action directed by the UFRB is forwarded to the responsible member of the Department for action.
  - (f) Track and report back to the UFRB action taken in response to its follow-up recommendation.
  - (g) Maintain complete records of the UFRB's actions.

6. All records and reports generated by the UFRB shall be securely maintained by PIB.
7. The PIB/FIT member or any other involved person responsible for the investigation will be available to the UFRB during its review to summarize the investigative findings and answer any questions that may arise.

#### **PROCEDURAL REVIEW REQUIREMENTS**

8. The Superintendent of Police will determine whether the UFRB should delay its review of a case until after completion of any related criminal investigation, review by any prosecutorial body, filing of criminal charges, and the decision not to file criminal charges or any other action based on recommendation by the Deputy Superintendent of PIB. This determination will be communicated to the chairperson of the UFRB in the form of a Form 105 for inclusion in UFRB records. However, in no case will the review be delayed more than 30 days after the investigation is considered complete and closed.
9. The UFRB shall:
  - (a) Review all use of force investigations completed by the Force Investigation Team.
  - (b) Review less serious use of force events where PIB/FIT identifies patterns or practices warranting command level review.
  - (c) Review other use of force events as directed by the Superintendent.
  - (d) Conduct timely and comprehensive reviews of each FIT investigation within 30 days of receiving the FIT report from the Deputy Superintendent of PIB.

#### **BOARD MEETINGS SCHEDULE**

10. Absent special circumstances, the Use of Force Review Board shall meet every 30 days to review use of force incidents or investigations submitted by PIB or the Superintendent that have been completed since the prior UFRB meeting. The cancellation or rescheduling of scheduled UFRB meetings, and the reason for such, will be noted in the **next** scheduled UFRB meetings minutes. If there are no cases for review during that period, that fact will be noted in the next scheduled UFRB meeting.
11. The chairperson shall determine the date, time, and location of meetings and communicate the schedule to the other UFRB members and observers at least three (3) working days prior to the scheduled date.
12. The quorum for each Use of Force Review Board shall be all three 3 voting members.
13. Use of Force Review Board members shall not be permitted to send a representative in their place to a Use of Force Review Board proceeding. The only exception will be the absence of a named member and the appointment of an "Acting Bureau Chief" for that Bureau during that member's absence. This appointment can only be made by the Superintendent of Police or the absent Bureau Chief with the approval of the Superintendent of Police. The appointment should be communicated in a Form 105 to the UFRB chairperson and maintained in the UFRB records by the secretary.
14. The Use of Force Review Board secretary shall document board member attendance as part of the record. Absences, with replacement, shall be expressly noted in the meeting summary/minutes.

15. The Use of Force Review Board shall complete its review of each incident on the date scheduled and in any event, no longer than 30 days of receipt of an a FIT investigation report of the incident, unless UFRB extends its review pursuant to paragraph 8, above. The UFRB shall document its findings and recommendations in a written UFRB Report within the lesser of 45 days of receiving a FIT investigation report of the incident or 15 days of UFRB presentation, unless UFRB extends its review pursuant to paragraph 8, above.

### **RESPONSIBILITIES OF THE BOARD**

16. The UFRB responsibilities are to:
  - (a) Review each FIT investigation within 30 days of receiving the completed FIT investigation report, unless UFRB extends its review pursuant to paragraph 8, above, to ensure it is complete and the findings are supported by a preponderance of the evidence.
  - (b) Hear the case presentation from the lead investigator and discuss the case as necessary, with the investigator to gain a full understanding of the facts of the incident. The officer(s) who used the force subject to investigation, or who are otherwise the subject(s) of the FIT investigation, shall not be present.
  - (c) Order additional investigation when it appears there is additional relevant evidence that may assist in resolving inconsistencies or improve the reliability or credibility of the findings. Where the findings are not supported by a preponderance of the evidence, the UFRB shall document the reasons for this determination, which shall be included as an addendum to the original investigation, including the specific evidence or analysis supporting their conclusions.
  - (d) Evaluate each case to either affirm or reject the investigative recommendations.
  - (e) If the Board determines the use of force violated NOPD policy, the Board shall refer it to PIB for disciplinary action.
  - (f) Review the incident to determine whether it raises policy, training, equipment, or tactical concerns, and refer such to the appropriate unit within NOPD to ensure the concerns are resolved.
  - (g) Direct district supervisors to take and document non-disciplinary corrective action to enable or encourage an officer to improve his/ her performance.
  - (h) Identify commendable conduct by NOPD officers or supervisors and ensure appropriate recognition is forthcoming.
  - (i) Document the UFRB findings and recommendations in a UFRB Report within 45 days of receiving the FIT investigation and within 15 days of the conclusion of the UFRB case presentation, unless UFRB extends its review pursuant to paragraph 6, above.
  - (j) Monitor progress on implementation of the findings and recommendation made by the UFRB.
  - (k) Ensure that a report is prepared summarizing the Board's actions during the year and included in the PIB Annual Report.
  - (l) Any case returned to FIT for further investigation shall be returned to the Board within 14 days for final Board Action.
17. The Commander of the Education and Training Division will use findings of the Board to assess the adequacy of the Department's training on use of force, defensive tactics and firearms. The Commander shall ensure that tactical deficiencies identified by the Board are addressed in future scenario-based training modules.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.3.8

### TITLE: SERIOUS DISCIPLINARY ACTION REVIEW BOARD

**EFFECTIVE:** 11/15/2020

**REVISED:**

---

#### **PURPOSE**

This policy establishes and sets requirements for a Serious Disciplinary Action Review Board (SDRB) to review the supervisor's role in any serious disciplinary action involving a member of the Department and any cases forwarded to the SDRB by a disciplined member's Bureau Chief. This review board will follow the structure and procedures of the Use of Force Review Board.

#### **POLICY STATEMENT**

1. The SDRB serves as a quality control mechanism to ensure timely reviews of all serious discipline imposed on members to determine the appropriateness of the **supervision** of the members involved in the infraction and if inadequate supervision or a failure in the chain-of-command was present and caused or enabled the violation(s).
2. This review process shall be in addition to any other review or investigation that may be conducted by the NOPD, or any outside or multi-agency entity having jurisdiction over all or part of the investigation.

#### **DEFINITIONS:**

Definitions related to this Chapter include:

**Serious discipline** – any discipline imposed on a member of the NOPD as part of an internal or external investigation where the assessed penalty for any violation, or the aggregate penalties exceed 20 days suspension or greater. This shall not apply to any Level A offense regardless of the punishment imposed unless the member's Bureau Chief has requested the SDRB to review the case.

#### **REVIEW BOARD**

3. The SDRB consists of the following personnel as the SDRB's only voting members:

- (a) The Deputy Superintendent of the Field Operations Bureau, (FOB) who will act as the SDRB chairperson;
  - (b) The Deputy Superintendent of Public Integrity Bureau (PIB);
  - (c) The Deputy Superintendent of Investigations and Support Bureau (ISB);
  - (d) One Captain selected by the Superintendent to serve a six-month term as a non-voting member on the SDRB.
4. The Chief of the Professional Standards and Accountability Bureau and the Captain of the Education and Training Division shall participate in all Board meetings as non-voting members.
5. The commander of the Risk Management Unit shall participate as a non-voting member when a pursuit or department vehicle crash is involved.
6. The Captain supervising the district / division in which the member and supervisor(s) was assigned when the infraction(s) occurred shall be present and will be responsible for providing the SDRB with any information needed to review the supervisor's role in the infraction. The captain of the district / division cannot delegate this requirement.
7. Should the Captain no longer be available (i.e. retirement, resignation, etc.), the present Captain shall attend with the highest-ranking member present in the district / division at the time of the incident.
8. The Deputy Chief of PIB is responsible for providing administrative support to the SDRB and will assign a PIB staff member to serve as the secretary to the SDRB. The SDRB secretary will:
  - (a) Assemble and distribute case information packages to SDRB members both voting and non-voting, prior to their meeting.
  - (b) Include in the information package a summary of key issues regarding supervisory failings.
  - (c) Prepare a findings memo for the signature of the chairperson for each case reviewed by the SDRB after a draft has been circulated to the other voting members for consideration.
  - (d) Prepare summary minutes of the meeting for review and approval by the SDRB.
  - (e) Ensure that any follow-up action directed by the SDRB is forwarded to the responsible member of the Department for action.
  - (f) Track and report back to the SDRB action taken in response to its follow-up recommendation.
  - (g) Maintain complete records of the SDRB actions.
9. All records and reports generated by the SDRB shall be securely maintained by PIB.
10. The liaison to PIB of the Bureau of the member(s) and supervisor under review will be responsible for presenting the investigation to the review board. This will include a summary of the investigation as well as any findings. However, if PIB investigated the case, then the assigned PIB investigator will be responsible for the presentation.

## PROCEDURAL REVIEW REQUIREMENTS

11. The Superintendent of Police will determine whether the SDRB should delay its review of a case until after completion of any related criminal investigation, review by any prosecutorial body, filing of criminal charges, and the decision not to file criminal charges or any other action based on recommendation by the Deputy Chief of PIB. This decision will be communicated to the chairperson of the SDRB in the form of a Form 105 for inclusion in SDRB records.
12. The SDRB shall:
  - (a) Review all serious discipline imposed by the department with the goal of identifying if inadequate supervision or a failure in the chain-of-command was present and caused or enabled the violation(s).
  - (b) Review less serious disciplinary events where the member's Bureau Chief identifies patterns or practices warranting command level review.
  - (c) Review other discipline as directed by the Superintendent.

## BOARD MEETINGS SCHEDULE

13. Absent special circumstances, the SDRB shall meet every 30 days to review the supervisor's role in serious disciplinary action taken by the department or investigations submitted by a Bureau Chief or the Superintendent that have been completed and a disciplinary letter has been issued since the prior SDRB meeting. The cancellation or rescheduling of scheduled SDRB meetings, and the reason for such, shall be noted in the next scheduled SDRB meetings minutes. If there are no cases for review during that period, that fact shall be noted in the next scheduled SDRB meeting.
14. The chairperson shall determine the date, time, and location of meetings and communicate the schedule to the other SDRB members and observers at least three (3) working days prior to the scheduled date.
15. The quorum for each SDRB shall be all three 3 voting members.
16. SDRB members shall not be permitted to send a representative in their place to a proceeding. The only exception will be the absence of a named member and the appointment of an "Acting Bureau Chief" for that Bureau during that member's absence. This appointment can only be made by the Superintendent of Police or the absent Bureau Chief with the approval of the Superintendent of Police. The appointment shall be communicated in a Form 105 to the SDRB chairperson and maintained in the SDRB records by the secretary.
17. The SDRB secretary shall document board member attendance as part of the record. Absences, and replacement, shall be expressly noted in the meeting summary/minutes.
18. The SDRB shall complete its review of each incident on the date scheduled but, in any event, no longer than 30 days from convening of the board unless SDRB extends its review pursuant to paragraph 9, above. The SDRB shall document its findings and recommendations in a written SDRB Report within the lesser of 45 days of receiving notification of an issuance of serious discipline via a disciplinary letter issued by the Superintendent of Police or 15 days of SDRB presentation, unless SDRB extends its review pursuant to paragraph 11, above.

## RESPONSIBILITIES OF THE BOARD

19. The SDRB responsibilities are to:

- (a) Review each serious disciplinary action taken by the police department with a goal of identifying and correcting systemic issues related to inadequate supervision or a failure in the chain-of-command.
- (b) Review each serious imposition of discipline within 30 days of issuance of the disciplinary letter by the Superintendent of Police to determine the supervisor's role in the infraction.
- (c) Hear the case presentation from the bureau liaison or the PIB investigator (as determined in paragraph 10) and discuss the case as necessary, with the liaison and Captain of the district / division to gain a full understanding of the facts of the incident.
- (d) The officer(s) who were disciplined or their representatives shall not attend this hearing.
- (e) Order further investigation when it appears there is additional relevant evidence that may assist in resolving inconsistencies or improve the reliability or credibility of the findings. Where the findings are not supported by a preponderance of the evidence, the SDRB shall document the reasons for this determination, which shall be included as an addendum to the original investigation, including the specific evidence or analysis supporting their conclusions.
- (f) Evaluate each case to either affirm or reject the supervisor's role in the misconduct.
- (g) If the Board determines the supervisor's role violated NOPD policy, the Board shall refer it to PIB for disciplinary action.
- (h) Review the incident to determine whether it raises policy, training, equipment, or tactical concerns, and refer such to the appropriate unit within NOPD to ensure the concerns are resolved.
- (i) Direct district supervisors to take and document non-disciplinary corrective action to enable or encourage improvement in involved officers' and supervisors' performance.
- (j) Identify commendable conduct by NOPD officers or supervisors and ensure appropriate recognition is forthcoming.
- (k) Document the SDRB findings and recommendations in a SDRB Report within 45 days of the issuance of the disciplinary letter by the Superintendent, and within 15 days of the conclusion of the SDRB case presentation, unless SDRB extends its review pursuant to paragraph 11, above. In cases where the entire Department would benefit from learning about the issues, the SDRB shall prepare a release of the issues and concerns without reference to individuals or otherwise confidential records.
- (l) Monitor progress on implementation of the findings and recommendation made by the SDRB.
- (m) Ensure that a report is prepared summarizing the Board's actions during the year and included in the PIB Annual Report.
- (n) Any case sent to PIB for further investigation shall be returned to the Board within 14 days for final Board Action.

20. SDRB training recommendations shall inform the Annual Training Needs Assessment. The Captain of the Education and Training Division will use findings of the Board to assess the adequacy and, where possible, to enhance the Department's training on supervision and discipline. The Captain shall ensure that supervisory deficiencies identified by the Board are addressed in future training modules for both new supervisors as well as supervisor in-service.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.4

### TITLE: AUTHORIZED FIREARMS

**EFFECTIVE: 08/23/2015**

**REVISED: 12/06/15, 08/11/19, 11/15/19**

---

#### PURPOSE

This Chapter governs the authorization, acquisition, condition, and maintenance of Department authorized firearms.

Employees shall recognize that safety is paramount when handling firearms.

#### POLICY STATEMENT

1. Only authorized personnel who have met all Louisiana State Peace Officer Standards and Training (POST) requirements and have been commissioned by the Superintendent of Police shall have the privilege to carry a firearm, as a police officer (peace officer) both on-duty and off-duty (La. R.S. 40:2405).
2. Commissioned members in probationary status and commissioned members who return from unarmed status are required to successfully complete firearm training and qualify for duty handguns and other service firearms before they are permitted to carry and use firearms. All Recruits shall complete and satisfactorily pass POST firearms training and qualification for duty firearms before they may receive a commission.
3. **Officers shall only carry a single duty handgun while on duty or on an approved police secondary employment (PSE) and shall not carry a second firearm while on duty or on an approved police secondary employment.**

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Administrative personnel**— administrative personnel are any commissioned members, not reassigned for investigative purposes, who are performing duties of an administrative nature.

**Duty handgun**— The primary authorized firearm carried while on duty by NOPD officers. Duty handgun is synonymous with duty firearm and duty sidearm.

**Duty shotgun**—An authorized weapon designed to be fired from the shoulder, which

chambers a 12-gauge cartridge.

**Off-duty handgun**—A firearm carried by an officer while off duty **based on his/her authority as a police officer**. The firearm shall be required to meet the same guidelines as established for on-duty firearms.

**Patrol rifle**—An authorized firearm made available to properly trained and qualified officers as a supplemental resource to their duty handgun or duty shotgun.

**Patrol ready condition (duty handgun)**—A duty handgun is considered in a patrol ready condition when:

- It has been inspected by the assigned officer.
- A fully charged magazine, with Department-approved ammunition, is inserted into the magazine well.
- The first round of ammunition is chambered after inserting the magazine.

Additional rounds **will not be** manually charged into the magazine after a round has been chambered.

**Patrol ready condition (rifle)**—A rifle is considered in a patrol ready condition when:

- It has been inspected by the assigned officer;
- The fire selector switch is in the safe position;
- The chamber is empty; and
- A fully charged magazine, with Department-approved ammunition, is inserted into the magazine well.

**Patrol ready condition (shotgun)**—A shotgun is considered in a patrol ready condition when:

- It has been inspected by the assigned officer;
- The magazine is full with department approved ammunition;
- The action is closed on an empty chamber;
- The firing pin is released; and
- The safety is on.

**Unarmed status**—The period of time during which a commissioned member of the NOPD has had his/her authority to carry an authorized weapon as a police officer restricted or rescinded, for any reason, by the Superintendent or his/her designated representative.

**Unintentional discharge**—Any discharge of a firearm by NOPD commissioned member in an inadvertent or unintended manner. (Unintentional discharges are synonymous with accidental discharges.)

#### **GENERAL INFORMATION/AUTHORIZED FIREARMS**

4. All duty firearms are subject to approval of the Superintendent of Police or his/her authorized designee before they are acquired and utilized by any officer of this Department. Any non-department issued firearm or holster is subject to approval of the Superintendent of Police or his/her authorized designee before any officer of this Department may use or possess such firearm while on duty.
5. The NOPD will equip its officers with firearms to address risks posed to the public and our members by violent and sometimes well-armed persons. The Department will ensure that prior to issuance firearms are appropriate and in good working order, and that essential training is provided as resources allow.
6. Commissioned personnel shall be accountable for proper maintenance of department issued and personal firearms.

7. The New Orleans Police Department's Education and Training Division shall be responsible for inventory control and establish guidelines for training safety of all agency-owned firearms. Additionally, the Division shall maintain qualification records for any commissioned member requesting to carry a personally owned weapon either off or on duty.
8. The Special Operations Division and other units that require Department-issued, special weapons have specialized policies authorized by the Superintendent of Police and covered by Chapter 46 – Unusual Occurrences and Special Operations.
9. No firearm will be carried on duty or on an authorized police secondary employment that has not been inspected by a certified firearms instructor or qualified armorer for that class of firearm, of the Education and Training Division Range Staff or Special Operations Division Armory.
10. At the start of each assigned shift, any qualified, on-duty, commissioned member who intends to patrol with a patrol-ready rifle or patrol-ready shotgun must so advise his/her duty supervisor. The supervisor MUST approve the use in advance and both the officer and supervisor must note the approval on their respective Daily Activity Sheets.
11. Emergency situations may arise in which an officer may need to obtain and use a firearm with which he/she has not been previously qualified, are currently qualified or been previously authorized to carry. ***Only a police Captain, Deputy Superintendent, or the Superintendent of Police can grant this authority.***

#### DUTY HANDGUNS

12. The authorized Department-issued handgun is the Glock Model 22.
13. With prior approval as described in this Chapter, commissioned members may elect to carry a personally owned Glock Model 23 pistol in lieu of a Model 22.
14. The Superintendent of Police may authorize, in writing, a duty firearm and ammunition other than the approval duty firearm models herein, for use by a commissioned member with a physical or medical reason (e.g., hand size). Only commissioned members who have received written authorization from the Superintendent of Police and have been evaluated and qualified by the Education & Training Division Range Instructor / Armorer with the specified firearm, may use the special firearm and ammunition authorized. The cost of the required firearm, required security holster, magazine pouches, ammunition, including for future qualifications, and maintenance shall be borne by the requesting member.
15. Command staff (commissioned rank of captain, major, deputy chief or superintendent) are authorized to carry a Department-issued or personally owned Glock Model 23 or Model 27 in lieu of a Model 22 as a duty weapon after qualification with the weapon.
16. Commissioned members performing duties in plain clothes are authorized to carry the Glock Model 27 handgun. Personnel below the rank of captain are not authorized to carry a Glock Model 27 pistol as their duty handgun when working an authorized secondary employment assignment or when attired with a duty gun belt.
17. Individuals wishing to purchase their own Departmentally approved Glock pistol may do so in lieu of being issued a departmental handgun when authorized pursuant to this

Chapter. However, all approved Glock pistols must be equipped with the Glock New York #1 trigger spring.

18. All other weapons (e.g., edged weapons, chemical, electronic, impact, etc.) not previously, expressly authorized in writing by a deputy superintendent, the Superintendent of Police, or by departmental regulations, **are prohibited**. This exclusion does not apply to the carrying of a single folding pocket knife that is not otherwise prohibited by Louisiana State law.
19. Only issued or approved shotguns and patrol rifles are authorized for on-duty use. Officers shall not possess or use unauthorized firearms or ammunition while on-duty or on police secondary employment.
20. It shall be the responsibility of the commissioned member to submit the handgun, if other than a Department-issued duty handgun, to the POST Certified Firearms Instructor designated by the Education and Training Division Range commander for inspection prior to being carried. Thereafter, the handgun shall be subject to periodic inspection by the Education and Training Division Range staff.

#### **OTHER DEPARTMENT-ISSUED HANDGUNS AND FIREARMS MAY BE AUTHORIZED**

21. The Superintendent of Police may authorize, in writing, specialized firearms and ammunition for use by designated units (e.g., SOD, S.W.A.T., Canine, etc.) that are not authorized for all commissioned members. Only commissioned members assigned to these designated units, while in that assignment, may use the special firearms authorized for that unit.
22. Commanding officers shall ensure that all commissioned members assigned to specialized units are qualified in the use of authorized firearms specifically assigned to those units and their qualifications remain current.
23. If an officer is transferred to any other unit, for any reason, it is his/her responsibility to return all Department-issued weapons, other than his/her duty handgun, to the unit that issued the respective weapons within five working days. Within that five-working-day period, the officer may request authorization to maintain the assignment of these special weapons subsequent to his/her transfer to the new unit.
24. Upon being transferred to a new unit, NOPD members shall be responsible for notifying the commander and their immediate supervisor for the new unit of any special weapons training, certifications, or authorizations the member may possess.
25. Commanders of the transferred member's unit must affirmatively acknowledge that all specialized weapons and equipment have been returned as required and the return noted in the Departmental Property Management application (see: **Chapter 17.3 – Department Owned and Personal Property**). This may be done within 3 working days of the date of transfer.
26. A handgun authorized as a duty handgun is also authorized as an off-duty handgun.

#### **AUTHORIZED HANDGUN MAKES**

27. The following manufacturers and makes of handguns are authorized for use by commissioned members for off-duty use only with an approved security holster:
  - (a) Glock
  - (b) Smith & Wesson
  - (c) Ruger
  - (d) Colt

- (e) Beretta
- (f) Sig Sauer
- (g) Heckler & Koch
- (h) Walther
- (i) Kel-Tec
- (j) North American Arms
- (k) Browning
- (l) Kimber and Springfield

### **AUTHORIZED HANDGUN CALIBERS**

28. The following calibers of handguns are authorized for use by commissioned members:

- (a) .22
- (b) .25
- (c) .32
- (d) .38
- (e) .380
- (f) .357
- (g) 9mm
- (h) .40

### **AUTHORIZED PERSONALLY-OWNED RIFLES OR SHOTGUNS**

29. An officer may seek the written approval of the current Superintendent of Police to use his/her personally owned rifle in place of a Department-issue rifle as his/her duty rifle and/or his/her personally owned shotgun in lieu of a Department-issue shotgun provided that:

- (a) any such personally owned rifle and/or shotgun is identical in manufacturer, model, and caliber to currently utilized Department-issued-and-approved models;
- (b) the personally owned firearms are not modified in any manner a Department-issued model could not be modified;
- (c) the officer qualifies on the use of the personally owned firearms as his/her patrol rifle and/or duty shotgun pursuant to this Chapter;
- (d) the Superintendent or his/her designee determines the officer's mission and assignment require the use of the requested rifle and/or shotgun; and
- (e) the officer's carrying and use of personally owned firearms comports with all requirements of this Chapter.

30. Officers must seek re-approval for any personally owned rifle or shotgun upon any transfer of duty station or assignment to a specialized unit.

### **AUTHORIZED OFF-DUTY HANDGUNS**

31. The carrying of handguns by commissioned members while off duty is permitted by the Superintendent of Police, but may be rescinded should circumstances dictate (e.g., administrative leave, disciplinary action). Commissioned members who choose to carry a handgun while off duty **based on their authority as New Orleans Police Officers** shall be required to meet the same guidelines as established for on-duty handguns and authorized off-duty handguns in this Chapter. Firearms carried off-duty under the authority of the Department as a LEO shall be carried in an approved security level holster of the same level as for on-duty firearms.

32. Commissioned members who desire to carry a handgun when off duty as an LEO are authorized to do so only after registering the weapon's serial number with the

Department and successfully completing the POST Firearms Qualification Course conducted by a POST Certified Firearms Instructor designated by the Education and Training Division Range commander. The commissioned member shall qualify successfully with the approved off-duty handgun annually. The range qualification dates will be specified by the Education and Training Division Range commander or his/her designee.

33. It will be the responsibility of the commissioned member to submit the handgun, if other than a Department-issued duty handgun, to the POST Certified Firearms Instructor designated by the Education and Training Division Range commander for inspection prior to being carried. Thereafter, the handgun shall be subject to periodic inspection by the Education and Training Division Range Staff, but at least annually when the member qualifies with the firearm.
34. Prior to carrying any off-duty handgun, the commissioned member shall demonstrate to any designated member of the Education and Training Division Range Staff that he/she is proficient in handling and firing the handgun, and he/she shall demonstrate that it will be carried in a safe manner.
35. When carrying any off-duty handgun for which they have qualified, and under his/her authority as an LEO, the weapon shall be carried concealed, in a safe manner and secured in a holster that meets the minimum security level required of on-duty handguns.
36. If any commissioned member, under his/her authority as an LEO, desires to carry more than one make and model of handgun while off duty, he/she may do so as long as the commissioned member meets all the requirements set forth in this Chapter for each handgun used. Members shall only carry one handgun of any authorized type shall at a time while off duty.
37. Officers shall carry their Department identification at all times when armed, whether on duty or off duty.

#### **WEAPON LIGHTS, OPTICS, OR LASER SIGHTS**

38. A weapon light, optic, or laser sight may only be installed on, or affixed to, a handgun carried on-duty or off-duty after the device has been approved by the Education and Training Division Range commander.
  - (a) Any approved weapon light, optic, or laser shall only be installed on, or affixed to, a handgun in strict accordance with the manufacturer's specifications.
  - (b) The officer shall demonstrate to any designated member of the Education and Training Division Range Staff that:
    1. He/she is proficient in handling and firing the handgun with the equipment attached;
    2. The handgun will be carried in a safe manner and in an approved holster; and
    3. The handgun light, optic, or laser does not interfere with the consistent firing of the handgun.After any weapon light, optic, or laser has been installed on any handgun; the officer shall qualify annually with the handgun to ensure proper functionality and sighting of the handgun prior to carrying it.
39. Weapon lights shall not replace the use of a flashlight for conventional uses and shall not be carried unless the officer is also equipped with a traditional flashlight.
40. Weapon lights, optics, or laser sights utilized with handguns for applications specific to

duties of the Special Operations Division shall be subject to prior, written authorization by the Commander of the Special Operations Division.

### **BORROWING/LOAN OF DEPARTMENT FIREARMS**

41. Commissioned members may request to borrow a Department handgun by submitting a written request through his/her commanding officer to the Commander of the Education and Training Division. After approval, the requesting commissioned member shall bring the approved request to the Education and Training Division Range facility, where the commissioned member shall complete and sign the necessary handgun issuance forms.
42. Commissioned members may borrow only handguns with which they are qualified at the time of the request. Commissioned members who borrow Department handguns shall be prohibited from altering or modifying those handguns in any manner.
43. Commissioned members who borrow Department handguns shall return the handgun to the Education and Training Division Range Facility within six months. Should the commissioned member require an extension, he/she shall submit another written request through his/her commanding officer to the Commander of the Education and Training Division. After approval of the extension by his/her Commander, the commissioned member shall hand carry the approved request to the Education and Training Division Range commander with the borrowed firearm for an inspection and re-issuance.
44. When a commissioned member's handgun is confiscated for investigative purposes, the commissioned member may be offered the use of a Department handgun until his/her handgun is returned.
45. If the borrowed Department handgun is a different make, model, or caliber, and the commissioned member is not already qualified on the borrowed model, the officer must successfully qualify with the borrowed handgun by the next available Range qualification date.
46. Borrowed Department handguns may be picked up from the Education and Training Division Range Facility Monday through Friday between the hours of 10:00 A.M. and 3:00 P.M. If it is necessary to issue a Department firearm outside of those hours, the individual on call for the Education and Training Division Range shall be responsible for issuing the handgun.

### **USE OF THE PATROL RIFLE**

47. Commissioned members shall not carry or utilize a patrol rifle unless they have successfully completed Department training as outlined in **Chapter 1.4.2 – Firearms Training Qualification and Requalification**.
48. Commissioned members may use the patrol rifle in any circumstance where they can articulate a reasonable expectation the rifle may be needed and in conformity with **Chapter 1.3 – Use of Force**. General guidelines for use of the patrol rifle may include, but are not limited to situations in which:
  - (a) an officer reasonably anticipates an armed encounter;
  - (b) an officer is faced with a situation that may require the delivery of accurate and effective fire at long range;
  - (c) an officer reasonably expects the need to meet or exceed a suspect's firepower;
  - (d) an officer reasonably believes there may be a need to engage a barricaded person or a person with a hostage;
  - (e) an officer reasonably believes a suspect may be wearing body armor;
  - (f) has been authorized or requested by a supervisor; and
  - (g) an officer needs to euthanize an animal and a duty handgun is believed to be

ineffective for the incident.

### **AUTHORIZED RIFLES**

49. The Bushmaster Model XM-15 is an optional shoulder weapon for commissioned members.
50. Rifles authorized for use by officers are subject to the following requirements:
  - (a) The rifle stocks and fore end must be black matte or brown in color, and may not have any attached lasers/optics or weapon lights without prior written approval from the Education and Training Division Range commander.
  - (b) The barrel length shall be 18 inches.
  - (c) The rifle shall be equipped with a tactical sling.
  - (d) Commissioned members who purchase their own duty rifle must demonstrate proficiency to a POST Certified Firearms Instructor prior to carrying the weapon on duty.
  - (e) Once a rifle cartridge is chambered, the safety shall be on unless the rifle is to be used immediately.
  - (f) Each commissioned member carrying a rifle may be required to demonstrate the ability to fieldstrip and clean the rifle.
  - (g) Each commissioned member shall be responsible for promptly reporting any damage or malfunction of a Department-issued or personally owned rifle to their immediate supervisor and SOD Armory Unit.
  - (h) The rifle shall be taken out of service as soon as practical for repairs.
  - (i) Repairs for a personally owned, duty-use rifle shall be the responsibility of the requesting officer.
  - (j) Each rifle carried on duty shall be subject to inspection by a supervisor, the SOD Armory Unit, or any POST Certified Firearms Instructor at any time.
  - (k) No modification may be made to any Departmentally issued or personally owned rifle once initial authorization has been granted, without subsequent written authorization from the Commander of the SOD Armory Unit or the Education and Training Division Range commander.

### **PATROL READY RIFLE CONDITION**

51. Any qualified commissioned member carrying a patrol rifle in the field shall maintain the weapon secured in the trunk of Departmental vehicles in a patrol-ready condition until deployed.
52. If the Departmental vehicle does not have a trunk, the patrol rifle shall be secured in a locking mechanism or lock box approved by the Superintendent of Police or his/her designee.

### **USE OF SHOTGUNS**

53. Commissioned members shall not carry or utilize a shotgun unless they have successfully completed Department training as outlined in **Chapter 1.4.2 - Firearms Training Qualification and Requalification**.
54. Commissioned members shall obtain permission from their immediate supervisor **each time** they carry a shotgun while on duty. **Approval shall not be automatic**. The approval shall be **expressly noted** on both the officer's and the approving supervisor's Daily Activity Sheet.

55. Commissioned members may use a shotgun in any circumstance in which the officer can articulate a reasonable expectation that the shotgun may be needed and in conformity with **Chapter 1.3 – Use of Force**. General guidelines for use of the shotgun may include, but are not limited to situations in which:
- (a) an officer reasonably anticipates an armed encounter;
  - (b) an officer is faced with a situation that may require the delivery of effective fire;
  - (c) an officer reasonably expects the need to meet or exceed a suspect's firepower;
  - (d) an officer reasonably believes there may be a need to engage a barricaded person;
  - (e) it has been authorized or requested by a supervisor; and
  - (f) an officer needs to euthanize an animal and a duty handgun is believed to be ineffective for the incident.

### **AUTHORIZED SHOTGUNS**

56. The Remington 870/870P, 12-gauge, five or eight shot, fixed choke, and pump-action shotgun is an optional shoulder weapon for commissioned members.
57. Shotguns authorized for use by officers are subject to the following requirements:
- (a) The shotgun stocks and fore end must be black matte or brown in color, and may not have any attached lasers/optics or weapon lights without prior written approval from the Education and Training Division Range commander.
  - (b) The barrel length shall be 18 to 22 inches, with the exception of Department- issued shotguns.
  - (c) The shotgun shall be equipped with a tactical 1 point or 3 point sling.
  - (d) Commissioned members who purchase their own duty shotgun shall demonstrate proficiency to a POST Certified Firearms Instructor prior to carrying the weapon on duty.
  - (e) Once a shotgun shell is chambered, the safety shall be on unless the shotgun is to be used immediately.
  - (f) Each commissioned member carrying a shotgun may be required to demonstrate the ability to fieldstrip and clean the shotgun.
  - (g) Each commissioned member shall be responsible for promptly reporting any damage or malfunction of a Department-issued or personally owned shotgun to their immediate supervisor and SOD Armory Unit.
  - (h) The shotgun shall be taken out of service as soon as practical for repairs.
  - (i) Repairs for a personally owned duty use shotgun shall be the responsibility of the requesting officer.
  - (j) Each shotgun carried on duty shall be subject to inspection by a supervisor, the SOD Armory Unit, or any POST Certified Firearms Instructor at any time.
  - (k) No modification shall be made to any Departmentally issued or personally owned shotgun once initial authorization has been granted, without subsequent written authorization from the Commander of the SOD Armory Unit or the Education and Training Division Range commander.

### **PATROL READY SHOTGUN CONDITION**

58. Shotguns in the field shall be secured in the trunk of Departmental vehicles in a patrol ready condition until deployed. If the Departmental vehicle does not have a trunk, the shotgun shall be secured in a locking mechanism or lock box approved by the Superintendent of Police or his/her designee.

### **SAFETY AND REPORTING CONSIDERATIONS**

59. Guidelines for the safe handling and carrying of firearms include, but are not limited to, the following:

- (a) Firearms shall not be carried by any officer who has consumed **any** amount of alcoholic beverage or taken **any** drugs, including current prescription medications for that member that may adversely affect the officer's senses or judgment.
- (b) Officers shall not unnecessarily display or handle any firearm.
- (c) While at the Range, officers shall be governed by all rules and regulations pertaining to the use of the Range, shall obey all orders issued by the rangemaster and shall not dry fire or practice quick draws except under rangemaster supervision.
- (d) Any discharge of a firearm by a NOPD commissioned member, excluding range and training firings; is governed by **Chapter 1.3.6 – Reporting Use of Force**
- (e) Officers shall not clean, repair, load, or unload a firearm while on duty, except in agency-designated locations or under the directions of a supervisor or Education and Training Division Range Staff.
- (f) Shotguns or rifles removed from vehicles or equipment storage rooms shall be loaded and unloaded outdoors and pointed in a safe direction at all times.
- (g) Officers shall not place or store any firearm on Department premises, except where the place of storage is locked.
- (h) Officers shall not carry firearms into a jail or correctional facility.
- (i) When processing a prisoner, officers shall secure their firearms in a secure container or in a vehicle if in a locked holder or secure out-of-sight area.
- (j) Non-issued, Department-owned patrol rifles and shotguns will be stored in approved Department armory racks.
- (k) When off duty, all patrol rifles or shotguns should be secured in the officer's residence, temporary housing, or approved Department armory.
- (l) When secured in the officer's residence, the rifle will be stored with the bolt locked to the rear, magazine removed, and fire selector switch on safe. The use of a gun lock is required.
- (m) When secured in the officer's residence, the shotgun will be stored with the chamber and magazine empty, safety on, and the action closed. The use of a gun lock is required. Officers shall not use any automatic firearm, heavy caliber rifle, gas, or other type of chemical weapon (from the SOD Armory Unit), except with express approval of the Special Operations Division Commander, his/her designee, or when an emergency or exigency reasonably requires immediate use of the weapon and it has been authorized by a deputy superintendent or the Superintendent of Police. This authorization must be documented by both the officer and the approving authority, in writing, as soon as circumstances permit.
- (n) Any firearm authorized by the Department to be carried on-duty or off-duty and found to be malfunctioning or needing service **shall not** be carried and shall be promptly presented to the Education and Training Division Range Staff for inspection. Any firearm determined to be in need of service or repair during an inspection by the Education and Training Division Range Staff will be removed immediately from service. If the firearm is the officer's primary duty handgun, a replacement handgun will be issued to the officer until the duty handgun is rendered serviceable.

#### **MAINTENANCE AND REPAIR**

- 60. Firearms carried on-duty shall be maintained in a clean, serviceable condition and free from corrosion.
- 61. Any POST Certified Firearms Instructor, range safety officer or armorer assigned to the

Education and Training Division Staff or SOD has the authority to deem any firearm unfit for service. In all cases, any firearm deemed unfit for service shall be immediately reported to the Education and Training Division Range commander by Departmental e-mail by both the commissioned member and the member who has deemed the firearm unfit for service.

62. Any firearm that has been deemed unfit for service shall not be returned to service until inspected and approved for duty use by the Education and Training Division Range commander.
63. Firearms that are the property of the Department may be repaired only by a member of the Department certified as an armorer or gunsmith in the repair of that specific type of firearm.
64. For Department-issued handguns, the repair shall be documented on a Glock Pistol Inspection Form (GLK#129) or in a written Form 105 from the armorer or gunsmith who repaired the firearm to the Commander of the Education and Training Division. The Form 105 or inspection form will specifically identify the firearm repaired, the nature of the repair, and whether the damage or malfunction repaired was caused by negligence or mishandling of the firearm by the officer assigned.
65. All repairs of Department-issued firearms not performed by the Education and Training Division Range staff must be authorized in advance by the Education and Training Division Range commander and accomplished by a Department-approved gunsmith, who is certified to repair such firearm. Documentation by the authorized gunsmith shall specifically identify the firearm repaired, the nature of the repair and if the damage or malfunction repaired was caused by negligence or mishandling of the firearm by the officer assigned. Proof of the repairing gunsmith's certification or qualification to repair the firearm will also be provided.
66. All repairs of member-owned firearms must be accomplished by a Department-approved gunsmith, who is certified to repair such firearm. Documentation by the authorized gunsmith shall specifically identify the firearm repaired, the nature of the repair, and whether the damage or malfunction repaired was caused by negligence or mishandling of the firearm by the officer assigned. Proof of the repairing gunsmith's certification or qualification to repair the firearm will also be provided.
67. All maintenance and repair documentation is the responsibility of the Education and Training Division Range commander and will be kept on file for each firearm.

#### **MAINTENANCE OF PATROL RIFLES AND SHOTGUNS**

68. Primary responsibility for maintenance of Departmental patrol rifles and shotguns shall fall on the Special Operations Division (SOD) Armory Unit, which shall inspect each approved patrol rifle and shotgun on a semi-annual basis. Certified patrol rifle and shotgun instructors assigned to the Education and Training Division Range Unit may assist the SOD Armory Unit with the semi-annual inspections.
69. Each commissioned member shall be responsible for promptly reporting any damage or malfunction of an approved patrol rifle or shotgun to his/her immediate supervisor and the SOD Armory Unit. The rifle or shotgun shall be immediately taken out of service and for Department-issued rifles or shotguns brought to the SOD Armory Unit as soon as practical for repairs.
70. Any patrol rifle or shotgun found to be unserviceable shall also be clearly identified as non-serviceable, including details regarding the unserviceable condition.
71. Each patrol rifle or shotgun shall be subject to inspection by a supervisor, the SOD Armory Unit, or the Education and Training Division Range Staff at any time.

72. No modification shall be made to any patrol rifle or shotgun without prior written authorization from the Commander of the SOD Armory Unit.

### **MODIFICATIONS OF DUTY FIREARMS**

73. Firearms that are the property of the Department may be modified only by a member of the Department certified as an armorer or gunsmith in the repair of the specific firearm. All repairs shall be documented and all maintenance and repair history and documentation is the responsibility of the Education and Training Division Range commander and will be kept on file for each firearm.
74. Any modifications to an officer's personally owned duty handgun or approved off-duty handgun shall be done at his/her expense and must be approved and inspected by the Education and Training Division Range commander.

### **FLYING WHILE ARMED**

75. The Transportation Security Administration (TSA) has imposed rules governing flights on commercial aircraft by armed police officers. Commissioned members who intend to be armed while flying on a commercial air carrier or flights for which screening is conducted must meet all the requirements of (49 CFR § 1544.219) and the TSA.

### **CARRYING FIREARMS OUT OF STATE**

76. Qualified, full-duty commissioned members of this Department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B, 18 USC § 926C):
- (a) The officer shall carry his/her Department identification card whenever carrying such firearm.
  - (b) The officer is not the subject of any current disciplinary criminal investigation, suspension from duty, or administrative re-assignment that includes a prohibition from possessing a firearm.
  - (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
  - (d) The officer shall remain subject to this and all other Department policies (including qualifying and training).
77. Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base, park, or other facilities. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.4.1

### TITLE: AUTHORIZED AMMUNITION

**EFFECTIVE: 8/23/15**

**REVISED: Replaces Policy 313**

---

#### PURPOSE

The purpose of this policy is to establish standards for Department members in the use of authorized ammunition in all-duty, secondary, and off-duty firearms.

Employees shall recognize that safety is paramount when handling firearms.

#### DEFINITIONS:

**Capacity**—The maximum number of rounds that a magazine or a cylinder can store prior to being inserted into a firearm. Loading a round into the chamber of a firearm and topping off the magazine would exceed the capacity number of rounds authorized while on duty.

#### POLICY STATEMENT

1. Officers shall carry and use only ammunition that is issued or authorized by the Department.
2. Officers shall be issued new duty ammunition in the specified quantity for all Department-issued firearms during the officer's scheduled requalification each year, or as required under this Chapter.
3. Officers carrying a personally owned Glock Model 22, 23, or 27 as their duty handgun shall be issued new duty ammunition during the officer's scheduled qualification each year.
4. Officers carrying personally owned and authorized firearms of a caliber differing from Department-issued firearms shall be responsible for obtaining new duty ammunition in accordance with this Chapter, at their own expense.
5. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Education and Training Division Range staff when needed, in accordance with established procedure.
6. Only the Superintendent of Police, or his/her designee, can authorize the issuance of ammunition from the Department's armory in addition to that authorized by this Chapter.

7. All officers' firearms shall be filled with the capacity number of rounds while on-duty.
8. When policy requires the wearing of a uniform duty belt, commissioned members shall carry at least one magazine in addition to the magazine loaded in the pistol. Regardless of the number of magazines carried while on duty, all magazines shall be filled to capacity.

#### **AUTHORIZED AMMUNITION**

9. Only the types and caliber ammunition listed in Appendix A to this Chapter is approved for use in Departmentally issued or authorized firearms.
10. **Appendix "A"** to this Chapter may be amended at any time without changing the main body of the Chapter. The **Appendix "A"** revision or effective date will be reflected at the conclusion of the Appendix.

#### **EDUCATION AND TRAINING DIVISION RESPONSIBILITIES**

11. The Commander of the Education and Training Division or his/her designated representative has the following responsibilities:
  - (a) Issuing approved ammunition to all commissioned employees for authorized on-duty firearms;
  - (b) Replacing ammunition used in the performance of a commissioned member's duties; and
  - (c) Assigning a firearms instructor or range safety officer to respond to discharge incidents.

#### **OFFICER'S RESPONSIBILITIES**

12. Officers are responsible for obtaining their own ammunition for their approved off-duty weapon which ammunition must comply with this Chapter.
13. Officers needing replacement of lost, stolen or damaged ammunition due to circumstances or events occurring within the course of their duties will obtain replacement ammunition from the Range staff after presenting a copy of the related incident report to the Education and Training Division.

**APPENDIX "A" –**

**Only .38 Special ammunition for both the .38 Special and .357 magnum revolvers as listed below:**

- Remington Peters: Plus P, factory loaded, 125 grain, semi-jacketed hollow point
- Remington Peters: factory loaded, 125 grain, jacketed hollow point Golden Saber
- Winchester Western: Plus P, factory loaded, 125 grain, semi-jacketed hollow point
- Federal: Plus P, factory loaded, 125 grain, semi-jacketed hollow point
- Zero: Plus P, factory loaded, 125 grain, semi-jacketed hollow point
- Winchester: Silver Tip, factory loaded, 110 grain, hollow point (recommended in aluminum frame and J frame revolvers)
- Precision Delta: Plus P, factory loaded, 125 grain, jacketed hollow point
- Speer: factory loaded, 125 grain, Gold Dot hollow point +P

**The below is authorized for 9MM semi-automatic pistols (9MM Luger, 9MM Parabellum, 9MM Para):**

- Remington Peters: factory loaded, 115 grain, jacketed hollow point
- Remington Peters: factory loaded, 147 grain, Golden Saber
- Winchester: factory loaded, 115 grain, jacketed hollow point
- Winchester: factory loaded, 115 grain, silver tip hollow point
- Winchester: factory loaded, 147 grain, Subsonic, controlled expansion, jacketed hollow point
- Federal: factory loaded, 115 grain, jacketed hollow point
- Federal: factory loaded, 147 grain, Hydra-Shok, hollow point
- Winchester: factory loaded, 147 grain, Black Talon, hollow point or Supreme Expansion Talon
- Winchester: factory loaded, 147 grain, bonded jacketed hollow point
- Speer: factory loaded, 147 grain, Gold Dot hollow point
- Remington Peters: factory loaded, 147 grain, jacketed hollow point, Golden Saber Bonded

**The below is authorized for semi-automatic .380 pistols, (.380 Automatic, 380 ACP, 9MM Kurz):**

- Winchester: factory loaded, 85 grain, silver tip hollow point
- Federal: factory loaded, 90 grain, jacketed hollow point, Load No. 380, Hi-Shok
- Federal: factory loaded, 90 grain, Hydra Shok, hollow point
- Federal: factory loaded, 90 grain, jacketed hollow point
- Remington: factory loaded, 88 grain, jacketed hollow point
- Remington: factory loaded, 102 grain, Golden Saber HPJ (High Performance Jacket)
- Speer: factory loaded, 90 grain, Gold Dot hollow point

**The below is authorized for .40 caliber semi-automatic pistols:**

- Winchester: factory loaded, 180 grain, jacketed hollow point
- Winchester: factory loaded, 180 grain, Black Talon or Supreme Expansion Talon, hollow point
- Winchester: factory loaded, 180 grain, bonded hollow point

- Speer: factory loaded, 180 grain, Gold Dot hollow point
- Remington Peters: factory loaded, 180 grain, jacketed hollow point, Golden Saber
- Federal: factory loaded, 180 grain, Hydra Shok, hollow point

**The below is authorized for .32 caliber semi-automatic pistols:**

- Winchester: factory loaded, 60 grain, silver tip hollow point
- Speer: factory loaded, 60 grain, Gold Dot hollow point
- Federal: factory loaded, 65 grain, Hydra Shok, hollow point

**The below is authorized for .32 caliber revolvers:**

- Federal: factory loaded, .32 Harrington and Richardson magnum, 85 grain, jacketed hollow point

**The below is authorized for .25 caliber semi-automatic pistols:**

- Winchester: factory loaded, 45 grain, expanding point
- Glaser Blue Safety Slugs, 35 grain, 25 ACP, Round Nose (RN)
- Speer: factory loaded, 35 grain, 25 ACP, Gold Dot hollow point
- Hornady: factory loaded, 35 grain, 25 ACP, XTP Jacketed Hollow Point (HP)

**The below is authorized for .22 caliber handguns:**

- CCI Stinger: factory loaded, .22 LR, 32 grain, hollow point
- CCI Maxi-Mag: factory loaded, .22 WMR, 40 grain, jacketed hollow point
- Remington: factory loaded, .22 LR, 33 grain, Truncated Cone hollow point (Yellow Jacket: Hyper Velocity)
- Federal: factory loaded, .22 Magnum, 25 grain, hollow point

**The below is authorized for patrol rifles:**

- Federal: Premium Law Enforcement .223, 55 or 59 grain Boat Tail Hollow Point.
- Winchester: .223 55 or 69 grain Boat Tail Hollow Point
- Hornady: .223 55 or 69 grain TAP Urban
- Remington: .223 55 or 69 grain Boat Tail Hollow Point

**The below is authorized for shotguns:**

- Federal: Classic or Tactical, 12 ga., 2 ¾" or 3" inch magnum, 9-pellet, OO (Double Ought) Buck Shot (no low recoil)
- Winchester: Super-X, 12 ga., 2 ¾" or 3" inch magnum, 9-pellet, OO (Double Ought) Buck Shot (no low recoil)
- Remington: 12 ga., 2 ¾" or 3" inch magnum, 9-pellet, OO (Double Ought) Buck Shot (no low recoil)
- Federal: Tactical, 12 ga., 2 ¾" or 3" inch magnum, 1 oz. Rifled Slug (no low recoil)
- Winchester: Super-X, 12 ga., 2 ¾" or 3" inch magnum, 1 oz. Rifled Slug (no low recoil)
- Remington: 12 ga., 2 ¾" or 3" inch magnum, 1 oz. Rifled Slug (no low recoil)

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.4.2

### TITLE: FIREARMS TRAINING QUALIFICATION AND REQUALIFICATION

**EFFECTIVE: 8/23/15**

**REVISED: 12/6/15**

---

#### PURPOSE

The purpose of this Chapter is to promote proper firearm safety and establish a process for firearms training, qualification, and re-qualification by officers.

Employees shall recognize that safety is paramount when handling firearms.

#### POLICY STATEMENT

1. Only authorized personnel who have met all Louisiana State Peace Officer Standards and Training (POST) requirements, the requirements of this Chapter, and have been commissioned by the Superintendent of Police shall have the privilege to carry a firearm, as a police officer (peace officer) both on-duty and off-duty (see La. R.S. 40:2405).
2. Critical firearms discharges by officers on or off-duty shall be reported and investigated. **(Chapter 1.3.2 - Force Investigation Team)**. NOPD also will investigate all unintentional discharges and discharges in which an animal is struck, whether or not the discharge is critical.
3. Commissioned members in probationary status and commissioned members who return from unarmed status are required to successfully complete firearms training and qualify for duty handgun and other service firearms before they are permitted to carry and use firearms. All recruits shall complete and satisfactorily pass POST firearms training and qualification for duty firearms before they may receive a commission.
4. Firearms instructors shall critically observe students and provide corrective instruction regarding deficient firearms techniques and failure to utilize safe gun-handling procedures at all times.
5. **Range Limitations.** No firearms will be allowed on the Department Firearms Range other than Department-owned or approved duty, backup and off-duty weapons.
6. **Firearms Limitations:** No personally owned firearms (handguns, shotguns, patrol rifles, etc.) may be carried or used on duty or on authorized police secondary employment unless pre-approved, in writing, by the current Superintendent of Police.

7. An officer may seek the written approval of the current Superintendent of Police to use his/her personally owned rifle in place of a Department-issue rifle as his/her duty rifle and/or his/her personally owned shotgun in lieu of a Department-issue shotgun provided that:
  - a. any such personally owned rifle and/or shotgun is identical in manufacturer, model, and caliber to current Department-issued-and-approved models;
  - b. the personally owned firearms are not modified in any manner a Department-issued model could not be modified;
  - c. the officer qualifies on the use of the personally owned firearms as his/her patrol rifle and/or duty shotgun pursuant to this Chapter;
  - d. the Superintendent or his/her designee determines the officer's mission and assignment require the use of the requested rifle and/or shotgun; and
  - e. the officer's carrying and use of personally owned firearms comports with all requirements of this Chapter.
8. Officers must seek re-approval for any personally owned rifle or shotgun upon any transfer of duty station or assignment to a specialized unit.
9. **Weapons Exemptions:** Due to the special nature of the duties performed by the Special Operations Division / Special Weapons and Tactics (SWAT), the specialized weapons utilized by the Division are covered under **Chapter 46 – Unusual Occurrences and Special Operations** except for those weapons specifically covered in this Chapter.

#### DEFINITIONS:

Definitions relevant to this Policy include:

**Annually**—For purposes of this policy, “annually” means no more than a 12-month period from the end of the month of the officer's previous qualification, not the maximum time frame allowed by Louisiana POST for firearms qualification (e.g. 1/1/2015 to 1/31/2016 is still considered 12 months for purposes of this definition.)

**Duty handgun**—The primary authorized firearm carried while on duty by NOPD officers. Duty handgun is synonymous with duty firearm and duty sidearm.

**Duty shotgun**—An authorized weapon, designed to be fired from the shoulder, which chambers a 12-gauge cartridge.

**Failure to qualify**—The result of a specific act that describes an attempt to qualify, but the officer's score of firearms proficiency does not meet or exceed the required minimum POST standards.

**Night**—For purposes of this Chapter, “night” means after sunset and before sunrise for that day according to the National Weather Service. Any training that is required to be done at night must completely fall within this period of time.

**Off-duty handgun**— A firearm carried by an officer while off duty ***based on his/her authority as a police officer***. The firearm shall be required to meet the same guidelines as established for primary and secondary firearms or sidearms.

**Patrol rifle**—An authorized firearm, made available to properly trained and qualified officers as a supplemental resource to their duty handgun or duty shotgun.

**Rangemaster**—Any Louisiana Peace Officer Standards and Training Commission (POST) certified Firearms Instructor or Range Safety Officer designated by the Education and Training Division Range commander to serve as the officer in charge of the current activities on any firing range location. When present on the range, the Education and Training Division Range commander does not automatically assume this role, and he/she may delegate the duties to another qualified member.

**Secondary handgun**—An authorized firearm to be carried while on duty, under conditions set forth in this and related policies, in addition to the primary authorized firearm. A secondary handgun may be carried as an off-duty firearm.

**Training manager**—The Commander of the Education and Training Division or his/her designee, who coordinates and tracks all Departmental training.

**Unarmed status**—The period of time during which a commissioned member of the NOPD has had his/her authority to carry an authorized weapon as a police officer restricted or rescinded, for any reason, by the Superintendent or his/her designated representative.

#### **DUTY FIREARMS QUALIFICATION**

10. The Education and Training Division shall meet or exceed the requirements of POST for all firearms qualifications and re-qualifications of Law Enforcement Peace Officers.
11. All commissioned personnel are required to qualify annually with their duty firearm on an approved range course.
12. All commissioned personnel shall be required to qualify annually on the POST firearms qualification course demonstrating at least 80 percent proficiency. Scores shall be verified by a POST certified Firearms Instructor. Failure to meet the POST standards may subject the officer to loss of state certification, loss of eligibility to receive state supplemental pay, and/or disciplinary action relative to violation of: Rules of Civil Service Commission, Rule IX, Section 1; Maintaining Standards of Service.
13. At least annually, all commissioned personnel shall receive training on the Department Use of Force Policy and must demonstrate their knowledge and understanding.
14. Annual in-service training shall include night training, stress training (e.g. training in using a firearm after undergoing physical exertion), and proper use of force decision-making training, including continuous threat assessment techniques
15. Officers in probationary periods and officers who return from unarmed status shall complete and satisfactorily pass POST firearms training and qualification for duty firearms before they are permitted to carry and use the firearm. All recruits shall complete and satisfactorily pass POST firearms training and qualification for duty firearms before they may receive a commission.
16. An officer's failure to successfully qualify with his/her duty weapon shall **prohibit** the officer from carrying **any** firearm while on duty or off duty when based on their authority as a police officer and he/she will be placed on unarmed status.

17. After successfully qualifying with their duty firearms, officers may be allowed to show proficiency with approved secondary or off-duty firearms, subject to range time and instructor availability. Failure to show proficiency with a secondary or off-duty firearm, as determined by a POST certified firearms Instructor, shall prohibit an Officer from carrying the respective firearm as a secondary handgun, or off-duty firearm **based on their authority as a police officer**.
18. All record keeping related to firearms training, POST firearms qualification (**Form 342 – Firearms Qualification / Requalification**) and re-qualification courses, and specialized SOD training are under the supervision of the Commander of the Education and Training Division.
19. Each officer shall qualify annually with his/her authorized duty firearm by scheduling a qualification date with the Education and Training Division Range Commander or his/her designee during the officer's birth month.
20. The Education and Training Division Range Commander may authorize or require officers to requalify prior to their birth month when individual circumstances make it necessary to comply with POST regulations or other requirements and to prevent the officer from being placed on "unarmed status." However, the date on which the officer qualifies, if in a month earlier than his/her birth month, becomes his/her qualification month for future requalification. (e.g. An officer has elective surgery / medical rehabilitation planned during or immediately prior to their birth month.)

#### **NON-QUALIFICATION OF ANY APPROVED OR ASSIGNED FIREARM**

21. Officers who fail to qualify in accordance with POST requirements and within the required time frame (annually) on their first shooting attempt shall be provided remedial training subject to the following requirements:
  - (a) Additional range assignments may be required to attempt to attain and demonstrate consistent firearm proficiency.
  - (b) Officers shall be considered qualified after remedial training and a qualifying score is obtained in accordance with POST guidelines.
  - (c) Qualification **will not** be deemed for the following:
    1. Unauthorized range makeup; and
    2. Failure to qualify after remedial training.
  - (d) Officers who fail to qualify in accordance with POST requirements and within the required time frame in this Chapter shall immediately relinquish all Department-issued firearms on which they failed to qualify.
  - (e) Officers are **prohibited** from carrying on duty **any** weapon with which they fail to qualify.
  - (f) If an officer fails to qualify with his/her duty weapon and any approved weapon **required** (non-secondary or off-duty weapon is excluded) for his/her current duty assignment the officer will be **IMMEDIATELY** placed on unarmed status by the Rangemaster, Firearms Instructor, or commander of Firearms Training and removed from field duty.
  - (g) The notifying authority will document the member's unarmed status in writing on **Form 339 – Failure to Qualify / Duty Firearm** and notify the member's Commander, the Commander of Education and Training, all Bureau Chiefs and the Superintendent of Police by e-mail immediately.
  - (h) Those officers who still fail to qualify after remedial training after seven working days (excluding holidays) shall be subject to disciplinary action, up to and including termination of employment under Rule 9 of Civil Service Rules for Failure to Maintain Standards of Service.

- (i) Officers failing to qualify in accordance with POST requirements and within the required time frame shall report to the range within seven working days (excluding holidays) following the date the officer failed to qualify and was placed on unarmed status. An officer may attempt to qualify no more than five times a day. Ammunition will be provided for all POST qualification attempts.
22. If an officer is unable to attend his/her scheduled qualification date for any reason, including injury, illness, duty status, military leave or scheduling conflict, that officer shall submit an interoffice correspondence (Form 105) to his/her immediate supervisor detailing the reason prior to the end of the annual qualification period. The officer shall be placed on unarmed status by his/her Commander immediately upon failure to meet the POST qualification requirements or fail to requalify successfully within the required time frame (annually). The notifying authority will document the member's unarmed status in writing on **Form 339 – Failure to Qualify / Duty Firearm** and notify the Commander of Education and Training, all Bureau Chiefs and the Superintendent of Police by e-mail immediately.
23. It is the responsibility of the officer, his/her immediate supervisor and his/her Commander to ensure he/she qualifies in the time prescribed by this Chapter (annually). The Education and Training Division Range Commander or his/her designee shall assist supervisors with this requirement by providing, upon request, requalification dates of officers under their supervision.

#### **FAILURE TO QUALIFY – UNARMED STATUS**

24. Any officer failing to meet the requirements of this Chapter or POST firearms qualification standards will be subject to the following:
- (a) Placement on unarmed status;
  - (b) Decommissioning and notification of same in writing (**Form 339 – Failure to Qualify / Duty Firearm**);
  - (c) Prohibition from wearing the police uniform;
  - (d) Removal from field duty;
  - (e) Suspension from working police secondary employment; and
  - (f) Potential disciplinary action.
25. Notification shall be made by the Commander of the Education and Training Division or his/her designee to the Superintendent, all Deputy Superintendents, and the member's Commander via departmental e-mail.
26. The Commander of the Education and Training Division, or his/her designee, will submit a monthly Failed to Qualify list to each Bureau Chief listing the officers who failed to qualify as required by this Chapter, as well as those who have been placed on unarmed status.
27. An officer who is unable to attend an annual requalification session prior to the conclusion of his/her birth month due to an extended illness or military deployment / leave and does not meet the requirements of this Chapter shall be placed in "unarmed status" immediately by his/her Commander, the Education and Training Division Commander, the Range Commander or the commander of the Administrative Duties Division (ADD). The officer shall:
- (a) Notify his/her Commanding Officer and the Commander of the Education and Training Division via Form 105 of the date he/she will be able to participate in qualifying exercise

- (b) Indicate the date of his/her last qualification;
- (c) Immediately schedule a date for re-qualification with the Education and Training Division Range Commander or his/her designee upon return to regular duty;
- (d) If due to medical reasons, submit medical documentation from his/her physician containing the prognosis for recovery to the Administrative Duties Division;
- (e) Return all firearms and ammunition issued by the department to the Commander of A.D.D., or to the Education and Training Division Range commander immediately; and
- (f) Report to the Education and Training Division for the purpose of requalification prior to returning to his/her assignment.

### **PATROL RIFLE QUALIFICATION/TRAINING**

- 28. Officers shall not carry or utilize the patrol rifle unless they have successfully completed the required Department training. This training shall consist of an initial eight-hour patrol rifle user's course and qualification score with a POST-certified Firearms Instructor with a patrol rifle instructor certification.
- 29. Officers shall be required to successfully complete annual training and patrol rifle proficiency qualification conducted by a certified patrol rifle instructor.
- 30. The initial training and all subsequent training and requalification will be documented by the certified instructor and forwarded to the Education and Training Division within five working days of the training or qualification. This documentation shall be retained by the Education and Training Division.
- 31. Any officer who fails to qualify or who fails to successfully complete a department-sanctioned training/qualification session annually, will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol officer user's course and qualification.
- 32. An officer who fails to requalify or successfully complete training will be notified promptly of this failure in writing (**Form 340 – Failure to Qualify – Duty Shotgun / Patrol Rifle**) and the officer shall immediately return the patrol rifle and associated equipment.
- 33. The qualifying Firearms Instructor shall document the member's failure to qualify or train with the patrol rifle in writing on **Form 340 – Failure to Qualify – Duty Shotgun / Patrol Rifle** and notify the officer's Commander, the Commander of Education and Training, all Bureau Chiefs and the Superintendent of Police by e-mail immediately.

### **DUTY SHOTGUNS**

- 34. Officers shall not carry or utilize their duty shotgun unless they have successfully completed the required Department training. This training shall consist of an initial eight-shotgun user's course and qualification score with a POST certified Firearms Instructor with a shotgun instructor certification.
- 35. Officers shall thereafter be required to successfully complete annual training and shotgun proficiency qualification.
- 36. The initial training and all subsequent training and requalification will be documented by the certified instructor and forwarded to the Education and Training Division within 5 working days of the training or qualification. This documentation will be retained by the Education and Training Division.

37. Any officer who fails to qualify or who fails to successfully complete a Department-sanctioned training/qualification session annually, will no longer be authorized to carry the shotgun without successfully retaking the initial shotgun user's course and qualification.
38. The officer who failed to requalify or successfully complete training will be notified promptly of this failure in writing on **Form 340 – Failure to Qualify – Duty Shotgun / Patrol Rifle** and the officer shall immediately return the shotgun and associated equipment.
39. The qualifying Firearms Instructor shall document the member's failure to qualify or train with the shotgun in writing on **Form 340 – Failure to Qualify – Duty Shotgun / Patrol Rifle** and notify the officer's Commander, the Commander of Education and Training, all Bureau Chiefs and the Superintendent of Police by e-mail immediately.

#### **RANGEMASTER DUTIES**

40. The range will be under the exclusive control of the designated rangemaster. All officers attending will follow the directions of the rangemaster. The rangemaster shall maintain a roster of all officers attending range training and will submit the roster to the Education and Training Division Range Commander or his/her designee after each range training date. Failure of any officer to sign in and out with the rangemaster may result in a failure to qualify or disciplinary action.

#### **RANGE COMMANDER DUTIES**

41. The Education and Training Division Range commander shall keep accurate records of qualifications, repairs, maintenance, training and other records as directed by the training manager.
42. In addition to regular qualification schedules, the Education and Training Division Range Staff shall be responsible for providing all officers with regular practical training designed to simulate field situations. This shall include night training, stress training (e.g. training in using a firearm after undergoing physical exertion), and proper use of force decision-making training, including continuous threat assessment techniques.
43. The range shall remain operational and accessible to NOPD officers during hours established and published by the Education and Training Division Range commander.
44. The Education and Training Division Range commander has the responsibility for assigning qualified Range Staff members to inspect on-duty and off-duty firearms carried by officers prior to first usage, and annually on the officer's requalification attempt. The inspection shall be conducted by the Education and Training Division Range Staff and/or the S.O.D. Armory Unit in the case of patrol rifles and/or shotgun inspections.
45. These inspections shall be documented by the certified instructor and forwarded to the Education and Training Division within five working days of the training or qualification. This documentation will be retained by the Education and Training Division.

46. In all cases, any firearm deemed unfit for service shall be immediately reported to the Education and Training Division Range commander by Departmental e-mail by both the commissioned member and the member who has deemed the firearm unfit for service. Any firearm that has been deemed unfit for service shall not be returned to service until inspected and approved for duty use by the Education and Training Division Range commander. **(see Chapter 1.4 – Authorized Firearms)**
47. The Education and Training Division Range Commander has the responsibility to ensure each officer can demonstrate proficiency in the care and cleaning of the duty firearm on an annual basis.
48. The Education and Training Division Range Commander shall complete and submit to the Commander of Education and Training Division or their designee, documentation of the courses provided, including the qualifications of each instructor who provides training, a description of the training provided and a list of each officer who completes the training on **Form 343 – Range Training**.

#### **FIREARMS TRAINING – VOLUNTARY SHOOTING PROGRAM**

49. The proper use of, and accuracy with, firearms is a perishable skill. Officers are urged to practice with their Departmental approved firearms regularly. Within budgetary and staffing constraints, the Commander of the Education and Training Division should schedule available dates and times for officers to practice, under supervised, safe and controlled conditions as part of a Voluntary Shooting Program.
50. The Commander of the Education and Training Division shall establish, maintain, and supervise a voluntary shooting program for officers within these guidelines:
  - (a) Practice dates for the NOPD Range may be scheduled 60 days prior to requalification;
  - (b) Officers wishing to participate in the voluntary shooting program shall make individual appointments with the Education and Training Division Range Commander or his/her designee;
  - (c) Targets and related materials shall be provided by the Education and Training Division;
  - (d) Officers shall provide their own, Departmentally approved ammunition;
  - (e) The Education and Training Division may provide ammunition for practice with duty firearms, approved shotguns, or approved patrol rifles, if practice ammunition is available;
  - (f) Only Departmentally approved handguns will be used in the program; and
  - (g) Officers must be off duty to participate.
51. The Education and Training Division Range Staff shall keep accurate records of qualifications, repairs, maintenance, training and other records as directed by the training manager.
52. Each **Appendix** to this Chapter may be amended at any time without changing the main body of the Chapter. Each **Appendix** revision or effective date will be reflected at the conclusion of the respective Appendix.

## APPENDIX "A" –

**POST HANDGUN QUALIFICATION COURSE**

(Approved 09/24/2008 – Effective 01/01/2009)

The shooter will report to the shooting line with an unloaded weapon. On command, the shooter will face downrange, load his/her weapon with a magazine of required rounds, and engage the safety.

<b>Stage I</b>	25 yards	<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will move forward to the barricade. The shooter will, from the standing position, draw his/her handgun, issue the verbal command and from the strong side barricade, strong-hand fire 6 rounds to the center mass of the target. The shooter will, from the standing position, draw his/her handgun, issue the verbal command and, from the off-side barricade, with his/her strong hand or off-hand fire 6 rounds to the center mass of the target. All 12 rounds must be fired within 60 seconds.</p>
<p><b>NOTE: Movement to the barricade is required. No more than 5 yards.</b> <b>The required verbal command is: "POLICE! Don't Move!"</b></p>		
<b>Stage II</b>	15 yards	<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will move forward from the 25-yard line to the 15-yard line barricade and, from the right-side kneeling position, draw his/her handgun and fire 3 rounds to the center mass of the target. Reholster. The shooter will shift to the left-side kneeling position, draw his/her handgun and fire 3 rounds to the center mass of the target. Reholster. All 6 rounds must be fired within 30 seconds for indoor range and 35 seconds for outdoor range.</p>
<p><b>NOTE: Shooter will "simulate" the usage of a low barricade if no barricade is available.</b></p>		
<b>Stage III</b>	7 yards	<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will: Phase I: Engage the center mass of the target and fire 6 rounds strong hand only from the holster. All 6 rounds will be fired to the center mass of the target in 10 seconds.</p> <hr/> <p>Shooter starting with the handgun loaded and in the gun-ready position. Phase II: Engage the center mass of the target and fire 6 rounds off-hand only from the gun ready position. All 6 rounds will be fired to the center mass of the target in 10 seconds.</p> <hr/> <p>Shooter starting with the handgun loaded and holstered. On command, the shooter will: Phase III: Engage the center mass of the target and fire 6 rounds standing. The shooter will shift to the kneeling position, reload while kneeling and engage the center mass of the target and fire 6 rounds kneeling. All 12 rounds will be fired to the center mass of the target in 25 seconds.</p>
<p><b>NOTE: Mandatory reloading for all weapons during Phase III.</b></p>		

<b>Stage IV</b>	4 yards	<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will: Phase I: Engage the center mass of the target and fire 3 rounds with one or two hands in 3 seconds. (1 round <i>may</i> be a head shot) Instinct shooting technique with handgun drawn from holster. Shooter will take one step to the <b>right AFTER rounds are fired</b>. Shooter will assume the gun-ready position and return to the original position. Repeat and holster.</p>
		<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will: Phase II: Engage the center mass of the target and fire 3 rounds with one or two hands in 3 seconds. (1 round <i>may</i> be a head shot) Instinct shooting technique with handgun drawn from holster. Shooter will take one step to the <b>left AFTER rounds are fired</b>. Shooter will assume the gun-ready position and return to the original position. Repeat and holster.</p>
<b>Stage V</b>	2 yards	<p>Shooter starting with the handgun loaded and holstered. On command, the shooter will take the close quarter shooting position, draw handgun from the holster and take one full step to the rear. Engage the center mass of the target and fire 2 rounds with one or two hands in 2 seconds. Repeat and holster.</p>

***NOTE: Upon completion of the course, the shooter will show, and the instructor will verify, a safe and empty handgun. The shooter will reholster the handgun.***

**Target:** LA P-1  
**Possible Points:** 120 points on a 60 round course of fire.  
**Qualification:** 96 (80% overall)  
**Scoring:** Inside the scoring ring = 2 points  
Outside the scoring ring but on the target = 1 point

***POST Course is fired using a “HOT LINE”!***

## APPENDIX "B" –

## NOPD PATROL RIFLE QUALIFICATION COURSE

The shooter will report to the 100-yard line (or 50-yard line, see note) with an unloaded weapon. On command, the shooter will face downrange, load his/her rifle with a magazine of 20 rounds and engage the safety. The shooter will load his/her handgun with two rounds; he/she will have another rifle magazine of 20 rounds on his/her person.

<p><b>Stage I</b></p>	<p>100 yards</p>	<p>Shooter starting from the Low Ready position. On command, the shooter will assume the prone position and fire 4 rounds to center mass of target in 60 seconds. Shooter will search, assess, engage safety and return back to standing position. Shooter then assumes Port Arms carry and wait for instructions to move to the 50-yard line.</p> <p><i>NOTE: This stage can be fired from the 50-yard line if a range does not have a 100-yard line – if fired from the 50 yard-line, reduce time limit from 60 to 30-seconds.</i></p>
<p><b>Stage II</b></p>	<p>50 yards</p>	<p>Shooter starting from the High Ready position. On command, the shooter will engage center mass of target. The shooter will fire: 5 rounds standing; 5 rounds kneeling; 5 rounds sitting; and 5 rounds prone. All 20 rounds will be fired to center mass of target in 2 minutes. Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 25-yard line.</p> <p><i>NOTE: Shooter must engage safety prior to changing positions. This stage can be fired from the 25-yard line if a range does not have a 50-yard line – if fired from the 25-yard line, use a proportionately reduced size target.</i></p>
<p><b>Stage III</b></p>	<p>25 yards</p>	<p>Shooter starting from the High Ready position. On command, the shooter will engage the center mass of the target. Shooter will search, assess and return to standing position. The shooter will fire: 4 rounds standing; perform a Mandatory Combat Reload which MUST be done in the kneeling position; then fire 4 rounds kneeling. All 8 rounds will be fired to center mass of target in 25 seconds. Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 15-yard line.</p>

<b>Stage IV</b>	15 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage the center mass of the target.  Shooter will search, assess and return to standing position.  The shooter will fire: 2 rounds standing, and  2 rounds kneeling.  All 4 rounds will be fired to center mass of target in 10 seconds.  Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 7-yard line.</p>
<b>Stage V</b>	7 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage 2 rounds to the center mass of the target, 1 round to the head and move <u>right</u>.  Shooter will search, assess and on command, engage 2 rounds to the center mass of the target, 1 round to the head, move <u>left</u> search and assess.  The shooter will fire: 2 rounds to the body;  1 round to the head, step right, hold cover (3 seconds);  2 rounds to the body; and  1 round to the head, step left, hold cover (3 seconds) kneeling.  Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 4-yard line.</p>
<b>Stage VI</b>	4 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage 2 rounds to the center mass of the target 1 round to the head and move right.  Shooter will search, assess and the on command, 2 rounds to the center mass of the target, 1 round to the head and move left and hold cover.  PHASE I:  The shooter will fire: 2 rounds to the body;  1 round to the head, step right, hold cover (3 seconds);  2 rounds to the body; and  1 round to the head, step left, hold cover (3 seconds).  PHASE II:  With an empty rifle (magazine out, bolt forward), the shooter will attempt to fire 1 round, then <u>immediately</u> transition to his/her handgun.  The shooter will engage 2 rounds to the center mass of the target with the handgun. All 2 rounds will be fired to center mass of target in 5 seconds.</p>

***NOTE: Upon completion of the course, the shooter will show, and the instructor will verify, a safe and empty handgun. The shooter will reholster the handgun. The shooter will then engage the safety on the rifle. The shooter will show and the instructor will verify a safe and empty rifle.***

**Target:** LA P-1  
**Possible Points:** 100 points on a 50 round course of fire.  
**Qualification:** 80 (80% overall)  
**Scoring:** Inside the scoring ring = 2 points  
Outside the scoring ring but on the target = 1 point

## APPENDIX "C" –

## NOPD SHOTGUN QUALIFICATION COURSE

The shooter will report with an unloaded weapon. On command, the shooter will face downrange, load his/her shotgun as instructed and engage the safety. The use of 9-pellet "OO" buckshot is recommended for the non-slug phase of qualification but the course may be fired with any size buckshot.

<b>Slug Phase</b>	50 yards or 25 yards	<p>The shooter will assembly load 2 rifled slugs and take aim at the center mass of the target.</p> <p><b>Option I</b> at 50 yards: On command, the shooter will take cover and, with or without support, fire 1 round from the shoulder in the standing position, and 1 round from the shoulder in the kneeling position. Both rounds must be fired in 15 seconds.</p> <p><b>Option II</b> at 25 yards: On command, the shooter shall take cover and, with or without support, fire 1 round from the shoulder in the standing position, and 1 round from the shoulder in the kneeling position. Both rounds must be fired in 7 seconds. Shooter will then engage safety and wait for commands.</p>
<b>Buckshot Phase: Stage I</b>	25 yards	<p>On command, the shooter will assembly load 2 rounds of buckshot from the shoulder and assume the Gun Ready position. The shooter will have 3 additional rounds of buckshot on their person.</p> <p>On command, the shooter will, from the shoulder in the standing position, fire 2 rounds to the center mass of the target. Shooter will then combat load 3 rounds and fire those 3 rounds from the shoulder in a kneeling position. All 5 rounds must be fired in 35 seconds. Upon completion, shooter will engage safety and wait for commands.</p>
<b>Buckshot Phase: Stage II</b>	15 yards	<p>Shooter will start with 5 rounds of buckshot on his/her person and an empty shotgun.</p> <p>On command, the shooter will combat load 5 rounds and fire 2 rounds from the shoulder in a standing position. Both rounds must be fired in 25 seconds. The shooter will cover the target.</p> <p>On command, the shooter will fire 1 round from the shoulder, standing, in 2 seconds. The shooter will cover the target.</p> <p>On command, the shooter will fire 1 round from the shoulder, standing, in 2 seconds. The shooter will cover the target.</p> <p>On command, the shooter will fire 1 round from the shoulder, standing, in 2 seconds. Shooter will then engage safety and wait for commands.</p>

**Target:** B-27 or POST qualification (P-1) for buckshot pellets  
**Score:** B-27 Target (a Hit is a single pellet)  
 Hit inside #8 circle is 5 points  
 Hit inside #7 circle is 4 points  
 Hit inside BLACK is 3 points  
**Score:** POST (P-1) Target  
 Hit inside scoring ring is 5 points  
 Hit in Green scores 4 points

**Possible points:** 90 points on a 100 point course of fire for buckshot  
 (10 rounds with 9 pellets of "OO" per round)  
 10 points on a 100 point course of fire for slugs  
 (each slug is worth a maximum of 5 points)

**Qualification:** 75% overall with or without the Slug Phase.  
**(68 points minimum in no slugs fired)**

<b>Stage III</b>	15 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage the center mass of the target.  Shooter will search, assess and return to standing position.  The shooter will fire: 2 rounds standing, and  2 rounds kneeling  All 4 rounds will be fired to center mass of target in 10 seconds.  Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 7-yard line.</p>
<b>Stage IV</b>	7 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage 2 rounds to the center mass of the target, 1 round to the head and move <u>right</u>.  Shooter will search, assess and on command, engage 2 rounds to the center mass of the target, 1 round to the head, move <u>left</u> search and assess.  The shooter will fire: 2 rounds to the body;  1 round to the head, step right, hold cover (3 seconds);  2 rounds to the body; and  1 round to the head, step left, hold cover (3 seconds) kneeling.  Shooter will then engage safety, return to standing position, assume Port Arms carry and wait for instructions to move to the 4-yard line.</p>
<b>Stage V</b>	4 yards	<p>Shooter starting from the High Ready position.  On command, the shooter will engage 2 rounds to the center mass of the target 1 round to the head and move right.  Shooter will search, assess and the on command, 2 rounds to the center mass of the target, 1 round to the head and move left and hold cover.  PHASE I:  The shooter will fire: 2 rounds to the body;  1 round to the head, step right, hold cover (3 seconds);  2 rounds to the body; and  1 round to the head, step left, hold cover (3 seconds).  PHASE II:  With an empty rifle (magazine out, bolt forward), the shooter will attempt to fire 1 round, then immediately transition to his/her handgun.  The shooter will engage 2 rounds to the center mass of the target with the handgun. All 2 rounds will be fired to center mass of target in 5 seconds.</p>

***NOTE: Upon completion of the course, the shooter will show, and the instructor will verify, a safe and empty handgun. The shooter will reholster the handgun. The shooter will then engage the safety on the shotgun. The shooter will show and the instructor will verify a safe and empty shotgun.***

**Target:** LA P-1  
**Possible Points:** 100 points on a 50 round course of fire.  
**Qualification:** 80 (80% overall)  
**Scoring:** Inside the scoring ring = 2 points  
Outside the scoring ring but on the target = 1 point

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.4.3

### TITLE: SCENARIO-BASED FIREARMS TRAINING

**EFFECTIVE: 07/30/2017**

**REVISED: Replaces Policy 211**

---

#### PURPOSE

1. The purpose of this Chapter is to establish a set of safety guidelines for all scenario-based (force-on-force) firearms and related training where firearms are used.
2. Employees shall recognize that safety is paramount when handling firearms.

#### POLICY STATEMENT

3. It is the policy of this Department to help the officers receive the most realistic training available through scenario-based firearms training. By utilizing simulated encounters where the officer's interpersonal skills, training, and tactics are evaluated under sometimes stressful and fast-paced conditions, specialized firearms instructors are able to better judge the officer's performance, decision making, and firearms skills based on current regulations and approved tactics. The use of simulations/scenarios may also help to determine whether there is a need to change NOPD policy, tactics, or training.

#### DEFINITIONS:

Definitions relevant to this Policy include:

**Lead Instructor**—The principal training officer or person in command of a particularized type of training. This person usually possesses specific qualifications, certifications, training, and demonstrated skills in the area of instruction above that of a mere participant.

**Safety Officer**—This person possesses specific qualifications, certifications, training and demonstrated skills in the area of instruction above that of a mere participant and is responsible for ensuring that all safety protocols are adhered during the training scenario. They may stop the training scenario at any time and suggest changes to the lesson plan to promote safe practices.

**Simulated Training Ammunition**—A type of manufactured ammunition for use in a specialized firearm that is designed to mimic or simulate live ammunition in scenario-based firearms training without the lethal risk exposure of "live" ammunition. Most simulated training ammunition cartridge manufacturers require specialized training certification for the instructor, as well as the installation of a drop-in conversion kit that does not permanently alter the weapon to be used for training and can be easily removed. These conversion kits ensure that normal service

ammunition **cannot** be fired during training and allow the use of the simulated training ammunition that work with reduced-pressure/reduced-velocity. This allows for a greater level of “reality based” firearms simulation training.

**Training Manager**—The Commander of the Education and Training Division or his/her designee who coordinates and tracks all Departmental training.

#### **FIREARMS SIMULATION TRAINING AUTHORIZATION**

4. Only certified scenario-based firearms instructors from the Education and Training Division and the Special Operations Division are authorized to conduct scenario-based firearms training. The Training Manager shall:
  - (a) Pre-approve, in writing, all scenario-based firearms simulation training.
  - (b) Designate, in writing, the Lead Instructor and all other instructors and assistants who will conduct the scenario-based training.
  - (c) Provide a lesson plan or detailed outline of the training, training objectives, safety measures, duties and responsibilities of all instructors and participants, and methods to evaluate achievement.
  - (d) Designate a Safety Officer for each training session.
5. The safety protocol in this Chapter shall be followed in every case where firearms are used during scenario-based training. Additional safeguards as outlined in this Chapter shall apply when simulated training ammunitions are used in scenario-based training.
6. The Lead Instructor is in command of the training exercise and the training area. The Lead Instructor will immediately remove from the training area anyone who jeopardizes the safety of instructors, participants, and/or observers.
7. While participating in simulated ammunition training, designated instructor(s) for that training, regardless of rank, shall be under the command of the Lead Instructor. All directions given by the instructor(s) shall be immediately and precisely executed.
8. Safety is the first priority and is everyone's responsibility. Any participant, instructor, or observer, shall call a **cease fire** for any perceived safety concern.

#### **SCENARIO-BASED TRAINING**

9. The Lead Instructor shall give a safety briefing before each training session.
10. The Lead Instructor shall ensure the training area is clearly defined and all participants are informed as to the specific location and limits of the training area.
11. Prior to the beginning of training, the Lead Instructor shall ensure the training area is clear of live ammunition or loaded firearms.
12. Each person who enters the training area is responsible for securing all loaded firearms, magazines, and ammunition **outside** of the training area. No person entering the training area shall bring live ammunition or loaded firearms into the training area. Violations of this requirement will result in the immediate removal of the person from the training area and disciplinary action.
13. The Lead Instructor shall ensure everyone who enters or re-enters the training area is confronted, checked for firearms and live ammunition, and instructed to secure any firearms and ammunition outside of the training area. This includes checking all items or

containers which could hold a firearm or ammunition.

14. The Lead Instructor, in conjunction with the Safety Officer, shall ensure **all items** carried into the training area are checked and cleared of firearms and ammunition.
15. Prior to the start of any scenario-based firearms training, two designated firearms instructors or assistants (not a participant) shall independently check each firearm to be used in the training to ensure no weapons are present which are capable of firing live ammunition.
16. Prior to the start of scenario-based firearms training, all persons present shall participate in a line inspection as follows:
  - (a) All persons present shall appropriately secure all firearms and ammunition prior to entering the training area.
  - (b) Once inside of the training area, all persons except the instructors will form a single file line, standing shoulder to shoulder. Two instructors shall independently check each person in line for any ammunition or weapons not designed to be used in the training area. The check shall include a pat down of each person in line.
  - (c) Two instructors shall check each blue, simulated training ammunition only weapon to be used in the training. The first instructor shall check the weapon; the second instructor shall also check the firearm. All training firearms shall be conspicuously identified by a training instructor, participant, or observer. The usage of blue-framed Glock pistols designed for simulated training ammunition training will be sufficient as being conspicuously identifiable.
  - (d) Once instructors have checked all persons and firearms, they will join the line. Each person in line will check the person to the right, to the left, to the rear, and in front of them for live ammunition and unauthorized weapons.
  - (e) All participants must wear approved full-face helmets.
17. All instructors shall be identified by a vest clearly marked "**Instructor.**" This vest shall be worn as the outer most garment.
18. When returning to the training area after meal breaks, instructors shall check firearms, and perform a line inspection following the same procedures and steps outlined above.

#### **ADDITIONAL SAFETY PROTOCOL FOR TRAINING WITH SIMUNITIONS**

19. The Lead Instructor will designate one qualified firearms instructor as a Safety Officer. The Safety Officer shall be identified to all participants visually and wear distinctive outer wear indicating his/her function.
20. The Safety Officer shall:
  - (a) Be certified by the manufacturer of the firearms used in the training to conduct scenario-based training using the particular equipment being used. He/she must maintain his/her certification according to the manufacturer's guidelines.
  - (b) Supervises the loading and unloading of all firearms and magazines and
  - (c) Supervise the conversion of all firearms.
  - (d) Advise the Lead Instructor on whether all safety protocols have been met and provide the "all clear" signal for the training scenario to begin.
21. Two instructors shall independently check each training firearm for proper conversion by use of a conversion kit that modifies the weapon and allows it to **ONLY** fire training ammunition/cartridges and not live rounds.

22. While in the training area and awaiting training, all training weapons shall be holstered and secured with the magazines and any chambered training rounds or simulated training ammunition rounds removed from the firearm.
23. Two instructors shall participate in loading. One instructor shall load the firearm and the other instructor shall observe and confirm only simulated training ammunition training cartridges are loaded.
24. The Safety Officer shall brief all participants on the proper use and fit of the required safety equipment.
25. Prior to the start of each training scenario, the Safety Officer will check each participant's safety equipment.
26. **Body armor is mandatory.**
27. **Full face and neck protection is mandatory and provided.**
28. Athletic cups, long sleeve shirts, and long pants are recommended but not provided.
29. The Lead Instructor shall clearly signal the beginning and the end of each exercise by the use of audible and visual signals. The Lead Instructor shall end the scenario by a whistle or stating aloud, "**End Ex! End Ex!**" (short for End Exercise). They will confirm that each participant and instructor acknowledges the signals.
30. Anyone can freeze a scenario for safety reasons by shouting, "Cease Fire!" repeatedly until each participant and instructor acknowledges the signals.

#### **MANDATORY SAFETY BRIEFING FOR TRAINING WITH SIMULATED TRAINING AMMUNITIONS**

31. The mandatory safety briefing conducted for all instructors, assistants, participants, and observers for any scenario-based simulated-ammunition training shall be detailed in written form and must include, at a minimum:
  - (a) At all times, all training weapons or firearms shall be handled as if they were loaded.
  - (b) Control the training weapon's muzzle and your trigger finger. Keep your finger out of the trigger guard until you are ready to fire.
  - (c) One certified firearms instructor shall be designated and introduced as the Safety Officer.
  - (d) The Safety Officer shall direct the loading and unloading of all firearms, training weapons, magazines and inspect all safety equipment.
  - (e) Loading requires two instructors: one instructor loading and one instructor observing and confirming that only approved training cartridges are used and loaded.
  - (f) There will be instruction on the proper use and fit of safety equipment.
  - (g) **Body armor is mandatory.**
  - (h) **Full face and neck protection are mandatory** and provided. Athletic cups, long sleeve shirts, and long pants are recommended.
  - (i) Shots shall be aimed at center body mass or the front of the head and shall not be fired from closer than six (6) feet from the intended target.
  - (j) Shots shall not intentionally be aimed at the back of the head or at extremities.
  - (k) A minimum of six (6) feet is required for all shots taken in simulation training.
  - (l) Any participant, instructor, or observer, shall call a "**cease fire**" for any perceived safety concerns. Anyone can freeze a scenario for safety reasons by shouting,

- Cease Fire!** repeatedly until each participant and instructor acknowledges the signal. Examples of safety concerns which would require a cease fire include, but are not limited to: a non-participant entering the training area or a piece of protective equipment shifting or failing. An air horn or whistle may be used to indicate an immediate cease fire situation.
- (m) Cease fire commands will be repeated until every officer and instructor has received and acknowledged the command by holstering all weapons and raising both hands in the air so it can be verified that it is now safe. If no holster is available the weapons will be placed on the ground and both hands shall be raised in the air so it can be verified that it is now safe.
  - (n) Only the Lead Instructor may re-start the scenario after a cease fire is called.
  - (o) The Lead Instructor will signal the start and end of each exercise by verbally stating, **Begin Scenario!** and **End Scenario** or **End Ex! End Ex!** (short for End Exercise.) They will confirm that each participant and instructor acknowledges the signals.
  - (p) The Lead Instructor shall entertain participants' questions and provide answers on all issues pertaining to the simulated training or safety briefing.
32. The safety briefing shall be provided to participants in written form, if requested at any time.
33. The Lead Instructor shall maintain a log sheet signed by each participant, instructor, assistant or observer acknowledging they received the required safety briefing on that date and time for each individual training session. The Lead Instructor shall submit the log sheet to the Commander of the Education and Training Division, whom shall retain the log with other training records.

#### **TRAINING DOCUMENTATION & RESPONSIBILITY**

34. Participants shall receive training certificates upon completion of training. The certificates shall be issued by the Lead Instructor on a form provided by the Commander of the Education and Training Division.
35. A record of all participants' attendance and completion, the dates of training, type of training, instructors performing training, course syllabus, and the level of completion of all participants, and corrective actions, if any, shall be sent to the Commander of the Education and Training Division weekly for record keeping after each training session.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.7.1

### TITLE: CONDUCTED ENERGY WEAPON (CEW)

**EFFECTIVE: 12/06/15**

**REVISED: 04/01/18, 08/11/19, 11/15/19, 12/06/20**

---

#### PURPOSE

This policy, together with **Chapter 1.3 – Use of Force**, governs the issuance, carrying and use of conducted electrical weapons (CEW).

#### POLICY STATEMENT

1. CEWs are intended to control a violent individual while minimizing the risk of serious injury to the individual, officers or third-parties.
2. Officers shall use CEWs only when such force is necessary to protect the officer, the subject, or another party from physical harm, and other less intrusive means would be ineffective.
3. Mere flight from an officer is not sufficient cause for the use of a CEW. The use of a CEW on a fleeing subject when a possible risk to the safety of the officer, the subject, or others has not been established by articulable justification other than flight, is unreasonable.
4. CEWs are authorized for use when:
  - (a) A subject who may be lawfully detained or apprehended poses an imminent risk of harm to the officer(s), the subject, or others;
  - (b) Attempts to subdue the subject with less intrusive means have been or will likely be ineffective; AND
  - (c) There is an objectively reasonable expectation that it would be unsafe for officers to approach the suspect within contact range.

#### OR

- (d) Situation in which there is probable cause to arrest or reasonable articulable suspicion to detain a subject for an offense involving infliction or threatened infliction of bodily harm; AND
- (e) Attempts to subdue the subject with less intrusive means have been or will likely be ineffective or increase the likelihood of greater harm to the officer, the subject or another party.”

5. Officers should refrain from using their CEW against individuals who are being taken into protective civil custody unless those individuals meet the criteria as outlined herein. (paragraph 4 above). Individuals undergoing a crisis must pose an imminent risk to the officers, themselves, or others, less intrusive means would likely be ineffective, and it would be unsafe for officers to approach within contact range. Nothing in the policy prevents officers from taking reasonable steps to protect themselves or others when taking a person into protective civil custody, in accordance with Louisiana Revised Statute Title 28, Section 53(L)(3).
6. Officers who have been issued a CEW may use the device consistent with this Chapter and **Chapter 1.3 - Use of Force**.
7. Officers shall not carry a personally owned CEW.

## DEFINITIONS

**Active Resistance**—Resistance exhibited by a suspect that is between passive resistance and aggressive resistance (e.g., attempts to leave the scene, flee, hide from detection, or pull away from the officer's grasp). Verbal statements, bracing, or tensing alone do not constitute active resistance.

**AFID / AFID Tags**—Small identifying cards expelled from a CEW cartridge when probes are discharged. Each AFID tag contains a serial number unique to the specific cartridge used. AFID tags are sometimes referred to as Anti-Felon Identification (AFID) tags.

**Aggressive Resistance**—Is a subject's attempt to attack or an actual attack of an officer. Exhibiting aggressive behavior (e.g., lunging toward the officer, striking the officer with hands, fists, kicks or any instrument that may be perceived as a weapon such as a knife or stick) are examples of aggressive resistance. Neither passive nor active resistance, including fleeing, pulling away, verbal statements, bracing, or tensing, constitute aggressive resistance.

**Application, Apply, or Applied**—The actual contact and delivery of electrical impulse to the subject via probe discharge or drive stun.

**Arcing**—Pulling the trigger to activate a CEW without discharging the probes. This is prohibited when done as a warning to the subject but allowed to test the CEW prior to deployment (also referred to as a spark test).

**Cartridge**—A replaceable vessel that generally contains compressed gas, probes, connecting wires, and AFID tags.

**Complete the Circuit or Complete the Incapacitation Circuit**—The ability of the CEW electrical pulse to travel between the probes. This can be accomplished when the spread between the probes attached to a target subject is sufficient to incapacitate the subject. When the spread between the probes is insufficient, a probe misses or is dislodged, the CEW may be used in drive-stun mode (three-point contact) to complete the circuit and incapacitate the subject.

**Conducted Energy Weapon (CEW)**—A weapon designed primarily to discharge electrical impulses to a subject causing involuntary muscle contractions and overriding the subject's voluntary motor responses.

**Crime of Violence**—a felony involving the infliction or threatened infliction of serious bodily injury or death.

**Cycle**—The period during which electrical impulses are emitted from the CEW following

activation. In most models, a standard cycle is 5 seconds per activation. The duration of a cycle may be shortened by turning the CEW off, and may be extended in certain models by continuing to pull the trigger.

**Discharge**—Pulling the trigger of the CEW resulting in probe release or the use of the CEW in drive-stun mode.

**Display**—Drawing and exhibiting the CEW as part of a warning tactic, typically accompanied by appropriate verbalization.

**Drive-Stun Mode**—Pulling the trigger and placing the CEW in direct contact with the subject, causing the electric energy to enter the subject directly. Drive-stun mode is possible whether or not the cartridge has been expended or removed from the CEW. CEWs shall be used in drive-stun mode only to supplement the probe mode to complete the incapacitation circuit, or as a countermeasure to gain separation between the officer(s) and the subject, so that officers can consider another force option. **CEWs shall not be used in drive-stun mode as a pain compliance technique.**

**Duration**—The aggregate time that the CEW is activated on an individual subject.

**Exigent Circumstances**—A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to themselves or others.

**Firing**—Discharging CEW probes at an intended target.

**Laser Painting**—The act of unholstering and pointing a CEW at a subject and activating the CEW's laser to show the weapon is targeted on the subject.

**Less-Lethal Weapon**—Any apprehension or restraint tool that, when used as designed and intended, is less likely to cause death or serious physical injury than a conventional lethal weapon such as a firearm.

**Passive Resistance**—Behavior that is unresponsive to police verbal communication or direction (e.g., ignoring or disregarding police attempts at verbal communication or control; going limp; or failing to physically respond or move) and verbal resistance (e.g., verbally rejecting police verbal communication or direction; telling the officer that he or she will not comply with police direction, to leave alone, or not bother him or her). Bracing, tensing, linking arms, or verbally signaling an intention to avoid or prevent being taken into custody constitutes passive resistance. Passive resistance, including verbal statements, bracing, or tensing alone does not constitute active resistance

**Positional or Compression Asphyxia**—When a subject's body position interferes with breathing, either when the chest is restricted from expanding properly or when the position of the subject's head obstructs the airway. Death may occur from positional asphyxia.

**Probe Discharge**—Pulling the trigger of the CEW causing the release of the probes from the cartridge and allowing them to make contact with the subject and achieve neuromuscular incapacitation.

**Probes**—Projectiles with wires contained in a CEW cartridge. When the CEW is discharged, probes are expelled from the CEW, penetrate the subject's skin and allow application of the electrical impulse.

**Sensitive Area**—An area of the subject's body that may cause serious injury to the subject if struck by a CEW probe (e.g., head, neck, genitalia).

**Serious Physical Injury**—Physical injury that creates a substantial risk of death; causes death or serious and protracted disfigurement; or causes impairment of the function of any bodily organ or limb.

**Signal Performance Power Magazine (SPPM)**—A transmission device that will send a signal to all BWC within a 30-foot range of the transmitter for 30 seconds. BWCs receiving this signal will be activated to “recording mode.” The officer must manually stop the BWC according to Chapter guidelines.

**Support Side**—The position on the officer’s gun belt opposite the primary duty firearm.

## GENERAL

8. A CEW is a conducted energy device. Taser products are currently in use by the NOPD. Axon Enterprises, Inc. manufactures the X2 or X26P handheld model CEWs that:
  - (a) Use compressed nitrogen to project two probes a maximum of 35 ft. depending on the cartridge used. An electrical signal is then sent to the probes, via small wires, which disrupts the body’s ability to communicate messages from the brain to the muscles and causes motor skill dysfunction.
  - (b) Can also be used in a drive-stun mode when brought into immediate contact with a person’s body.
9. All personnel carrying an X26P CEW shall check the CID (central information display) prior to each tour of duty to ensure that the power supply registers three bars or above on the X26P battery icon.
10. Taser cams must be recharged prior to dropping below 3 bars for the X26P. All personnel carrying an X2 or X26-P CEW shall check the CID prior to each tour of duty to ensure that the power supply registers at least three bars on the battery icon. Officers carrying a CEW shall check its power supply, perform a spark test, and check the proper function of the video camera prior to starting every shift.
11. CEWs, CEW cameras, holsters, power supply packs, cartridges and their replacement needs shall be handled by the Education and Training Division.
12. An inspection of the CEW, CEW camera, and CEW cartridge as well as a download of the use histories on each CEW will be conducted once a year. The Compliance Bureau - Performance Standards Section and the Education and Training Division shall perform this process, during scheduled annual recertification or on demand. A log shall be kept by the Education and Training Division staff of this inspection indicating:
  - (a) Each officer’s name;
  - (b) CEW serial number;
  - (c) CEW camera serial number; and
  - (d) CEW cartridge serial number inspected.
13. Anytime a CEW is confiscated as evidence or as part of an internal investigation, the investigator will notify the Commander of the Education and Training Division by Departmental e-mail with the device’s serial number(s).

## ISSUANCE AND CARRYING OF THE CONDUCTED ENERGY WEAPONS

14. Only officers who have successfully completed Department-approved training and are currently certified may be issued, carry and use a CEW (La. R.S. 40:2405.6)

15. Officers shall use only the CEW cartridges issued by the Department. If exigent circumstances exist where a cartridge is used by someone other than the assigned officer, the assigned officer, the deploying officer and the supervisor on the scene are subject to the reporting requirements pursuant to this Chapter.
16. Officers shall ensure that they replace the unused cartridges to the CEW by the expiration date listed on the cartridge.
17. Uniformed officers shall wear CEWs only in approved holsters on their support sides.
18. Officers shall ensure their CEWs are properly maintained, according to the manufacturer's instructions and Departmental training, clean and in good working order.
19. Officers **shall not** hold both a firearm and a CEW at the same time.
20. The Education and Training Division shall maintain, in a database accessible to the Education and Training Division, the Compliance Bureau and the Public Integrity Bureau, a record of all:
  - (a) CEW serial numbers on hand and issued;
  - (b) The cartridge serial numbers issued;
  - (c) The officer and district/division to which the CEW and cartridge(s) were issued; and
  - (d) The officers' certification dates.
21. Routine audits of the CEW database shall be conducted by authorized Education and Training Division, Public Integrity Bureau, and Compliance Bureau members. At a minimum, the audits/reviews shall compare the CEW Firing Log against the reported uses of force maintained by PIB. Appropriate action shall be taken to resolve any inconsistencies, including disciplinary action if required.
22. The Education and Training Division shall issue all CEW units and all new and replacement cartridges.
23. In the event that a CEW is returned for repairs or no longer remains the property of the New Orleans Police Department, the use history of that particular CEW will be downloaded by the Education and Training Division. The use history will be maintained for a period of three years from the time the CEW was taken out of service or until the completed adjudication of any known pending criminal or civil litigation related to use of that CEW.

### **SPARK TESTING**

24. Officers shall conduct spark testing prior to the officer beginning his/her tour of duty in the following manner, in a safe location, out of the view of the public:
  - (a) Remove the cartridge from the CEW;
  - (b) Point the CEW in a safe direction;
  - (c) Disengage the safety;
  - (d) Observe battery power percentage;
  - (e) Ensure the low intensity light (LIL) and laser beam are activated;
  - (f) Pull the trigger and release, allowing the CEW to discharge for a five-second cycle;
  - (g) Observe a visible spark between the electrodes during the cycle;
  - (h) Observe video camera indicator for functionality;  
Re-engage the safety on the CEW;

**Note:** The X26P uses the HD TASER CAM which displays the camera icon in the top left of the CID and the entire CID screen will flash yellow and black if the camera is blocked.

- (i) Re-insert the cartridge for field use; and
- (j) Holster the CEW.

## **MALFUNCTIONS**

25. If the CEW malfunctions during the Education and Training Division's normal business hours, the officer shall bring the CEW to the Education and Training Division and relinquish it to Education and Training Division personnel. A receipt for the CEW and any attachments will be issued to the officer.
26. If the device malfunctions when the Education and Training Division is closed, the officer shall remove the CEW and holster from his/her duty gun belt. The officer shall not carry a malfunctioning CEW while working.
27. The officer shall bring the CEW to the Education and Training Division as soon as possible after the malfunction is discovered. If the officer is on extended leave, prior to the next open day of the Education and Training Division, he/she shall make arrangements to have the CEW delivered to the Education and Training Division by his/her supervisor on the next business day the Education and Training Division is open. A receipt for the CEW and any attachments will be issued to the supervisor.

## **VERBAL AND VISUAL WARNINGS**

28. Unless prohibited by circumstances or officer safety concerns, a **VERBAL WARNING** of the intended use of a CEW should precede each CEW application. Where there is reason to believe that a subject may lack English proficiency, the officer, where practicable and if the officer is able, shall announce the warning in the language that the officer reasonably believes the subject speaks.
29. Where feasible the officer will defer CEW application for a reasonable time to allow the subject to comply with the warning. The warning should provide the individual with a reasonable opportunity to voluntarily comply before CEW application and warn other officers and individuals that CEW deployment is imminent. Any decision to apply multiple applications of a CEW must take into consideration whether a subject is capable of complying with the officer's commands, including consideration of apparent cognitive, intellectual, developmental, and physical disabilities.
30. The officer may display the laser of a CEW in an attempt to gain compliance prior to the application of the CEW. The officer shall:
  - (a) Never intentionally direct the laser into the eyes of a person as it may permanently impair vision, and
  - (b) Document all warnings, displays, or the lack thereof, as well as their underlying reasons in the related report. If compliance was gained by laser painting without discharge, it should also be specifically noted.

## **USE OF A CONDUCTED ENERGY WEAPON**

31. The CEW is considered to be a less-lethal weapon, and:
  - (a) If discharged, is a **Level 2** use of force for reporting purposes under **Chapter 1.3.6 – Reporting Use of Force**.
  - (b) If resulting in serious physical injury or hospitalization; if resulting in loss of consciousness; if applied more than twice, regardless of the mode or duration of

the application, and whether the applications are by the same or different officers, or if applied for 15 seconds or longer whether consecutive or continuous; or if applied against a handcuffed suspect, is a **Level 4** use of force for reporting purposes under **Chapter 1.3.6 – Reporting Use of Force**.

32. The decision to utilize a CEW must be made based on the use of force factors outlined in **Chapter 1.3 – Use of Force**, and on the totality of the circumstances known to the officer at the time.
33. CEWs shall be used only in accordance with NOPD training by a certified instructor and in accordance with NOPD regulations, local, state, and federal law.
34. The CEW is not intended to be used as a substitute weapon in deadly force situations. The CEW shall not be used without a firearm backup in those situations when a substantial threat towards the officer or others is present.
35. The CEW shall not be used in an indiscriminate manner in situations involving a large crowd (e.g. parade assignments, second lines or special events).
36. Each application of the CEW is unique. In each situation the officer's actions should be dictated by the circumstances and the training he/she has received prior to being authorized to carry and use the CEW. Officers must justify each application of a CEW. The officer's report(s) should:
  - (a) Describe why less intrusive levels of force were not or would not have been effective; and
  - (b) Describe the behavior of the subject that justified the use of the CEW in specific terms.
37. A CEW should be used only when its operator can safely approach the subject within the operational range of the CEW. Officers should be aware that a CEW may not achieve the intended results and be prepared with other tactical options.

#### **APPLICATION OF A CONDUCTED ENERGY WEAPON**

38. Close quarters deployment (a range of closer than seven (7) feet) may not provide adequate probe spread (the distance between probes) to allow the CEW to function to its full effectiveness.
39. The officer shall hold the CEW in such a manner as to ensure the CEW video camera lens is not obstructed (e.g. avoid a two-handed grip of the device and ensure the lens is not covered by fingers or hands).
40. The officer should attempt to utilize the CEW video camera to record as much of an incident as possible by keeping the CEW pointed at the target subject.
41. The CEW **shall not** be used to torment, elicit statements from, or to punish any individual.
42. Prior to deploying a CEW, an officer shall visually and physically confirm that it is, in fact, a CEW and not a firearm.
43. CEWs shall be used in drive-stun mode only to supplement the probe mode to complete the incapacitation circuit if necessary, or as a countermeasure to gain separation (distance) between officers and the subject, so that officers can consider other force

options.

44. CEWs shall not be used in drive-stun mode as a pain-compliance technique.
45. Officers shall not intentionally activate more than one CEW at a time against a subject.

### **SPECIAL DEPLOYMENT CONSIDERATIONS**

46. Officers shall determine the reasonableness of CEW use based on all facts or circumstances known to the officer at the time, including the subject's age, size, physical condition, and the feasibility of lesser force options.
47. Except when lethal force would be permitted or when the officer has reasonable cause to believe that there is an imminent risk of serious physical injury, officers shall not use CEWs against:
  - (a) Visibly pregnant women;
  - (b) Elderly persons;
  - (c) Visibly frail persons;
  - (d) Young children;
  - (e) Individuals with obviously low body mass; and
  - (f) Individuals who are handcuffed or restrained, unless use is necessary to prevent them from causing serious physical injury to themselves or others, and lesser attempts at control have been ineffective.
48. Except when lethal force would be permitted, CEWs shall not be used when deployment may cause serious physical injury or death from situational hazards. This may include falling, drowning, losing control of a moving vehicle, or igniting a potentially explosive or flammable material or substance.
49. Personnel should be cognizant of the risk of positional asphyxia following a CEW application and avoid using a restraint technique or position that would impair a subject's respiration. Once controlled and while in police custody, the subject should be continually monitored for any signs of distress.

### **TARGETING CONSIDERATIONS**

50. The deploying officer shall adhere to the following guidelines when targeting a person with a CEW:
  - (a) The recommended target areas when firing the CEW are the lower chest/abdomen area if facing the front of the target subject or the center mass of the back if facing the back of the target subject, as clothing tends to be tighter on these parts of the body.
  - (b) An officer is permitted to target the central area of the chest if necessary and the increased risk of injury is legally justified.
  - (c) Where a target subject is wearing heavy or loose clothing on the upper body, the officer should consider targeting the legs.
51. CEWs may not be applied to a subject's head, neck, or genitalia, except when lethal force would be permitted, or when the officer has reasonable cause to believe there is an imminent risk of serious physical injury to the officer.
52. If circumstances do not permit the officer to limit the application of the CEW probes to recommended target areas, officers shall take prompt and ongoing care to monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until

the subject is examined by paramedics or other medical personnel.

### **MULTIPLE APPLICATIONS OF THE CONDUCTED ENERGY WEAPON**

53. After one standard CEW cycle (5 seconds), the officer shall evaluate the situation to determine if subsequent cycles are necessary.
54. Multiple applications of the CEW and/or exposure to the CEW for 15 seconds or longer whether due to multiple applications or continuous cycling, against a single individual, may increase the risk of death or serious injury.
55. If the first application of the CEW appears to be ineffective, the officer should consider certain factors before additional applications, including:
  - (a) Whether the probes are making proper contact (e.g. loose or bulky clothing);
  - (b) Whether the individual has the ability, and has been given a reasonable opportunity, to comply with the officer's commands; and
  - (c) Whether verbal commands, other options or tactics may be more effective.
56. Officers shall independently justify each cycle used against a subject in their written Force Statements.

### **CEW USE ON A DANGEROUS ANIMAL**

57. A CEW may be deployed on a dangerous animal that is causing a continuing public nuisance and needs to be controlled for reasons of public peace and safety.
58. A CEW may also be deployed if: the animal poses an active threat to officers in their efforts to perform their duty; other conventional means to control the animal have been exhausted, may be unreasonable, or unavailable; and the officer reasonably believes that use of a CEW is necessary.
59. Officers should target the center mass of the animal and should not target the head or other sensitive areas on the animal if possible. Deployment against vicious animals may be very dynamic in nature and the probes may impact unintentional areas. Officers should exercise care when removing probes from the animal.
60. As long as the officer acted appropriately, the owner of the animal will be responsible for any medical attention needed by the animal.
61. The deployment of a CEW on an animal temporarily disables the animal. Officers should be prepared to act quickly with control devices or restraints, if available. Because of differences in their nervous systems, animals have shown the ability to recover quickly from CEW effects. If available, conventional means of controlling the animal (e.g., control sticks, collars, cages) should be on hand at the scene prior to the use of the CEW.
62. The CEW has proven to be an effective tool against dangerous animals and may reduce the need for greater, more injurious force against such animals. The use of a CEW on an animal is a safer, more humane, and less traumatic conclusion to the incident.
63. A CEW may be deployed against a potentially dangerous animal, such as a dog, when alternative methods are not reasonably available or likely to be effective and the animal:
  - (a) Appears to pose an imminent threat to the safety of a human, another animal, or
  - (b) Has attacked a human or another animal.

64. The deployment of a CEW on an animal requires the same reporting, downloading and documentation as similar actions on a person.

### **CEW CAMERA**

65. The CEW is equipped with an audio-video recording device integrated into the power supply. This device is activated any time the safety is in the off position. The safety should not be in the off position unless the officer intends to use the CEW. The device's memory is limited. The video and audio data shall be downloaded after each reportable use and retained as required by the Department's records retention schedule (see **Chapter 82.1.3 – Records Retention Schedule**).

### **OFF-DUTY CONSIDERATIONS**

66. Officers are authorized to carry departmentally owned CEWs while engaged in approved police secondary employment but not authorized to carry Department-owned CEWs while off duty.
67. Officers shall ensure that all Department-owned CEWs are secured while they are off duty to keep them inaccessible to others.

### **DOCUMENTATION**

68. Notification of the use of a CEW by an officer shall be made to the officer's supervisor as soon as possible after use.
69. Officers who have an SPPM must tag the triggered video prior to reporting to the Education & Training Division with the CEW, expended cartridge and approved forms. The E&TD staff member assigned will then locate and view the BWC video on Evidence.com instead of downloading and viewing the CEW Cam video.
70. Other than routine testing or training, the following shall be documented in the related NOPD incident report and the CEW **Form 213**:
  - (a) All CEW discharges, intentional or accidental; and
  - (b) Laser activation/painting.
71. Officers do not need to document the pointing of a CEW at a person in a Form 213, without discharge or laser activation/painting. Officers do not need to report to the Education & Training Division after pointing a CEW at a person, without discharge or laser activation/painting. But officers must record the activate targeting, alone, on their EPR or other report for the incident.
72. The Commander of the Education & Training Division should analyze the CEW **Form 213** reports annually to identify trends, including deterrence and effectiveness. A summary of these findings should be sent to the Deputy Superintendent of PIB and the Compliance Bureau. The Compliance Bureau – Audit Section should also conduct random and directed audits, at least annually, of CEW data downloads and reconcile CEW report forms with recorded activations and compliance with Departmental regulations. These audits should compare the downloaded data to the officers' force statements.
73. CEW information and statistics, with identifying information removed, should be made available to the public by sending the information to the Deputy Superintendent of PIB

for inclusion in its annual report.

### **ACTIONS FOLLOWING DEPLOYMENT**

74. Following deployment, the deploying officer shall take immediate action to secure the subject, provide necessary medical care for any injuries sustained, and protect the scene.
75. Deploying officers, assisting officers and on-scene supervisors shall be responsible for monitoring any person who has received a CEW application while in NOPD custody.
76. Except in exigent circumstances, when an officer is forced to act alone in taking custody of an immediate threat, a CEW shall not be left unattended. Officers should holster the CEW when not in use.
77. A supervisor shall respond to the scene of a CEW use to investigate and complete a Use of Force Report whenever a CEW is discharged, whether a hit or a miss.
78. Medical personnel shall be summoned to the scene after a CEW application for injuries other than probe deployment. Medical care shall not be denied to anyone who requests it.
79. In the event of serious physical injury or death involving a subject who has been exposed to a CEW discharge, the on-scene supervisor shall notify PIB and request the Scientific Criminal Investigations Section (Crime Lab) for the processing and the collection of evidence. Supervisors shall ensure photographs shall be taken of any injuries to the subject, impact sites, location of fallen probes or wires and the area of AFID deployment. All CEW probes, AFID tags (also referred to as Anti-Felon Identification (AFID) tags), cartridges, wires, and photographs shall be placed into evidence. All attempts shall be made to keep cartridge wires intact for possible testing.
80. As soon as practicable, the officer shall notify a Communications Dispatcher of the CEW discharge and request that a supervisor respond to the scene. Supervisors should ensure that NOPD members or evidence technicians photograph any injury to the subject, location of fallen probes or wires, and area of AFID deployment.
81. The cartridge serial number should be noted and documented on **Form 213** and by all reporting persons. All probes should be treated as a biohazard if the probes penetrated the subject's skin, and probes, wires, AFID tags, or any other related evidence should be collected and processed by the Scientific Criminal Investigations Section (Crime Lab).
82. Supervisors should attempt to locate and identify witnesses to the incident.
83. Officers should refrain from discussing the incident until the arrival of a supervisor. Officers shall brief the supervisor of the circumstances surrounding the incident and what actions were taken.

### **MEDICAL TREATMENT**

84. Officers shall ensure first aid is available if necessary following the removal of the probes. Officers should inspect the probes after removal to ensure the entire barb or the probe has been removed. In the event that a probe or barb has broken off and remains embedded in a subject's skin, the subject must be provided medical attention at a medical facility for the probe's or barb's removal.

85. The probes shall be placed point down into the expended cartridge bores and secured with tape before preservation as evidence. Officers shall not dispose of the plastic cartridge housing when disposing of probes. The officer is required to bring the plastic cartridge housing to the Education and Training Division to obtain a replacement cartridge.
86. Probes that are embedded in a subject's skin should be removed by only medical or authorized, specially trained NOPD personnel, except that probes that are embedded in a subject's head, throat, groin, or other sensitive area should be removed by medical personnel only. Probes should be treated as a bio-hazard. Officers shall not bring probes to the Education & Training Division.
87. Used CEW probes shall be considered a sharp biohazard, similar to a used hypodermic needle.
88. All persons who have been struck by CEW probes or who have been subjected to the electric discharge of the CEW shall be transported to a hospital for medical evaluation or attention prior to booking.
89. Any individual who received CEW application shall be monitored while in police custody. The transporting officer shall inform any person providing medical care or subsequently receiving custody, that the individual has been subjected to the application of a CEW.

#### **SUPERVISOR RESPONSIBILITIES**

90. Supervisors should respond to calls when they believe there is a likelihood of the use of a CEW. A supervisor shall respond to all incidents in which a CEW was activated.
91. A supervisor shall review each CEW activation. Unless the CEW has been confiscated as part of an investigation, the discharging officer must bring the CEW to the Education and Training Division on Monday through Friday, between the hours of 7:30 a.m. and 3:30 p.m., and within 72 hours of the incident, exclusive of holidays. If the CEW does not have a SPPM, the onboard CEW memory shall be downloaded and stored by the designated Education and Training Division staff at that time. Probe impact sites shall be documented on **Form 213** and in all related reports.
92. An on-scene supervisor shall notify the Public Integrity Bureau and the District/Division Commander, and he/she shall request a crime lab response if any serious physical injury has resulted due to the use of force involving a CEW.

#### **EDUCATION AND TRAINING DIVISION**

93. Officers shall bring their CEWs to the Education and Training Division pursuant to Education and Training Division procedures, if malfunctions occur.

#### **TRAINING**

94. All officers shall be certified in the use of the CEW by the Education and Training Division.
95. All officers must successfully complete the NOPD's CEW certification program, to include written test and practical skills, prior to carrying or using a CEW. Officers shall timely maintain CEW recertification at all times when carrying or using a CEW.

96. Officers shall be trained in the increased risks that CEWs may present to vulnerable individuals (see **Chapter 1.7.1** under Special Deployment Considerations).
97. Officers shall be trained in, and adhere to, protocols on their responsibilities following CEW use, including:
  - (a) The appropriate removal of CEW probes;
  - (b) The risk of positional asphyxia, and the training of officers in the use of restraint techniques that do not impair the subject's respiration following an CEW application;
  - (c) The transportation to a hospital for treatment and evaluation of all subjects on whom a CEW has been used; and
  - (d) The monitoring of all subjects who have received CEW application while in police custody.
98. Officers shall receive annual CEW recertification which consists of:
  - (a) physical competency;
  - (b) weapon retention;
  - (c) NOPD policy, including any policy changes;
  - (d) technology changes; and
  - (e) scenario-based training by Education and Training Division instructors.
99. A reassessment of an officer's knowledge and/or practical skill may be required at any time deemed appropriate by the officer's supervisor or the Commander of the Education and Training Division. All training and proficiency for CEWs shall be documented in the officer's training file.
100. Command staff, supervisors and investigators shall receive CEW training as appropriate for the investigations they conduct and review.
101. Officers who do not carry a CEW shall receive training sufficient to familiarize them with the CEW and working with officers who use the CEW.
102. The Commander of Education and Training shall ensure that all officers who carry a CEW have received initial and annual proficiency training. Periodic audits shall be used for verification.
103. Application of a CEW during training is optional for certification. The Commander of Education and Training shall ensure that all training includes:
  - (a) A review of this policy;
  - (b) A review of the Use of Force policy in **Chapter 1.3**;
  - (c) Performing support side-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm;
  - (d) Target area considerations, including techniques or options reducing the intentional application of probes to the head, neck, chest and groin;
  - (e) Handcuffing a subject during the application of a CEW and transitioning to other force options;
  - (f) Restraint techniques that do not impair respiration following the application of a CEW; and
  - (g) De-escalation techniques.

## **CEW DISCHARGE REPORTING PROCEDURES**

## **OFFICER'S RESPONSIBILITIES**

**APPLICATION/DISCHARGE**

104. After a CEW is discharged for any reason other than spark testing or training (i.e., drive stun or probe deployment), the officer who deployed the CEW shall:
- (a) Complete a CEW Discharge/Use Report (Form #213);
  - (b) Request that the on-scene supervisor review and sign the CEW Discharge/Use Report; and
  - (c) Deliver the following to the Education and Training Division, Monday through Friday, between the hours of 7:30 a.m. and 3:30 p.m., and within 72 hours of the incident, exclusive of holidays:
    - i. The CEW;
    - ii. The spent cartridge; and
    - iii. A completed and supervisor approved CEW Discharge/Use Report.
105. Officers shall report all CEW discharges (except for spark testing and training discharges) and laser painting to their supervisors and communications as soon as possible.

**ACCIDENTAL DISCHARGE**

106. Accidental discharges involving a CEW shall require the officer to:
- (a) Complete a CEW Discharge/Use Report;
  - (b) Request that the on-scene supervisor review and sign the CEW Discharge/Use Report; and;
  - (c) Complete a **Form 105**, via his/her chain of command, to the Commander of the Education and Training Division describing the circumstances of the discharge; and
  - (d) Deliver the following to the Education and Training Division Monday through Friday, between the hours of 8:00 a.m. - 3:35 p.m.; within 72 hours of the incident, exclusive of holidays:
    - i. The CEW;
    - ii. The spent cartridge;
    - iii. A completed and supervisor approved CEW Discharge/Use Report; and
    - iv. A **Form 105** on the circumstances surrounding the accidental discharge.

**SUPERVISOR'S RESPONSIBILITIES**

107. In addition to Use of Force reporting requirements for CEW discharges the reporting supervisor shall:
- (a) Ensure proper care is given to the injured officers and/or citizens;
  - (b) Ensure proper notifications of the Department command staff (commanders and above) are made as soon as possible by notifying the Command Desk of the CEW deployment;
  - (c) Ensure all responsibilities of the officer have been carried out regarding care for the injured, apprehension of the subjects, photographing of injuries and AFID placement, and protection of the scene; and
  - (d) Deliver all CEW Discharge/Use Reports and all other written reports, CEWs and cartridges associated with the incident to the Education and Training Division by the officer as directed.

**EDUCATION AND TRAINING DIVISION RESPONSIBILITIES**

108. The Education and Training Division personnel shall review the CEW Discharge/Use Report (**Form 213**) and complete a CEW Discharge Interview Form (**Form 171**). The

Education and Training Division staff will then download the audio/video and issue another cartridge if needed. If the Education and Training Division is not open within the 72 hour period, the officer is responsible for bringing the above listed items to the Education and Training Division the morning of the first business day.

109. The Education and Training Division shall be responsible for identifying training issues and conduct any follow-up training. If an officer has more than three accidental discharges in one year, the officer must complete another CEW training class to be scheduled at the discretion of the Commander of the Education and Training Division.
110. The Education and Training Division is responsible for notifying the Public Integrity Bureau of all accidental CEW discharges.

## **CEW DISCHARGES OUTSIDE ORLEANS PARISH**

### **OFFICER'S RESPONSIBILITIES**

111. An officer involved in an accidental, non-contact CEW discharge that occurs outside of Orleans Parish shall:
  - (a) As soon as practical, notify his/her immediate supervisor or an on-duty supervisor from within his/her chain of command;
  - (b) Complete a CEW Discharge/Use Report;
  - (c) Complete a 105 to the Commander of the Education and Training Division describing the circumstances of the discharge; and
  - (d) Follow the "Accidental Discharge" procedure listed herein.
112. An officer involved in an accidental or intentional contact CEW discharge that occurs outside of Orleans Parish shall:
  - (a) Immediately notify the Police/Sheriff's Department within the jurisdiction where deployment occurred and have a local police report completed;
  - (b) Obtain the police report item number;
  - (c) Contact his/her immediate NOPD supervisor or an on-duty supervisor from within chain of command; and
  - (d) Follow appropriate reporting procedures listed herein.

### **SUPERVISOR'S RESPONSIBILITIES**

113. Upon notification of an accidental or intentional discharge outside Orleans Parish, the supervisor shall:
  - (a) Notify the Communication Services of CEW discharge;
  - (b) Ensure the officer completes an CEW Discharge/Use Report;
  - (c) Review and sign the report;
  - (d) Ensure the officer completes a Form 105 to the Commander of the Education and Training Division within 72 hours, or no later than close of business the first business day should the incident occur on a weekend or holiday.

### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

114. The Public Integrity Bureau shall respond to all CEW deployment scenes involving serious physical injury as defined by **Chapter 1.3 – Use of Force** and handle in accordance with Force Investigation Team protocols.
115. An officer of the Public Integrity Bureau will perform an administrative review of all CEW uses.

116. After the administrative review of a CEW use, PIB shall review the report and determine whether the report is complete and any violation of Department policy or procedure has occurred. The investigator shall determine whether an administrative or internal disciplinary investigation shall be initiated.
117. If the investigator from the Public Integrity Bureau secures a CEW from an officer as part of his/her investigation, the Commander of the Public Integrity Bureau or his/her designee shall send a Form 105 to the Commander of the Education and Training Division listing the involved officer's name, the CEW serial number, the CEW Video Camera serial number and any CEW Cartridge serial numbers.
118. Once it is determined that the CEW is no longer needed for the investigation or will not be needed as evidence, it shall be returned to the Education and Training Division.
119. PIB shall ensure the number of CEW uses is included in IAPro for inclusion into the Early Warning System (EWS).
120. MSB shall maintain the number of CEW in operation for inclusion into the EWS.
121. Analysis of this data shall include a determination of whether CEWs result in an increase in the use of force and of whether officer and subject injuries are affected by the rate of CEW use.
122. The analysis shall include a breakdown of deployments involving the use of laser painting techniques to measure the prevention or deterrent effectiveness associated with the use of CEWs.
123. CEW data and analysis shall be included in PIB's Use of Force Annual Report.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.8

### TITLE: WEAPONS AND EQUIPMENT EVALUATION COMMITTEE

**EFFECTIVE: 01/14/2018**

**REVISED: 11/15/19**

---

#### PURPOSE

The purpose of this Chapter is to establish a Weapons Evaluation Committee to research, test and evaluate all weapons, ammunition, reloading devices, holsters, carrying mechanisms, or other firearms-related equipment proposed for use by members of the New Orleans Police Department.

#### COMMITTEE MEMBERS

1. The Weapons Evaluation Committee will consist of:
  - (a) Committee Chair (Deputy Chief of Investigations and Support Bureau or his/her representative of the rank of Captain)
  - (b) Superintendent's Staff representative
  - (c) Commander, Education and Training Division
  - (d) Range Instructor, Education and Training Division
  - (e) Firearms Examiner, Scientific Criminal Investigations Section (Crime Lab)
  - (f) Special Operations Division, Armory Unit representative
  - (g) Homicide Cold Case Squad representative (Police Officer)
  - (h) Management Services Bureau representative (Police Officer)
  - (i) Field Operations Bureau (three Police Officers from different Districts assigned to uniformed patrol)
  - (j) Compliance Bureau representative

#### SCHEDULED MEETINGS

2. The Committee Chair shall be responsible for setting the meeting times, dates, and agenda.

#### RESPONSIBILITIES

3. Members wishing to initiate a formal evaluation of a specific weapon, ammunition, reloading device, holster, carrying mechanism, or other related item(s), shall forward an interoffice memorandum (Form 105) to the Deputy Chief of the Investigations and Support Bureau requesting formal consideration of the proposed evaluation by the Weapons Evaluation Committee.

4. The Weapons Evaluation Committee shall not approve a specific weapon, ammunition, reloading device, holster, carrying mechanism, or other related item(s) that violates existing Chapters without also making a recommendation for the proposed change to the affected Chapter(s).
5. The Committee will schedule a meeting to consider the request within two weeks of receipt and notify the requesting member within 14 days after the scheduled meeting of its decision to conduct or not conduct an evaluation. If the evaluation is set aside, a brief explanation will be attached.
6. Following the Committee's first meeting on a specific request, the Committee will render a report with recommendations to the Superintendent within 90 calendar days.
7. Should the Committee feel an extension of the evaluation period is necessary to acquire the best information and/or test data available, an application for an additional 30 calendar days shall be made to the Superintendent. The request for extension should be made sufficiently in advance to ensure approval prior to the ninety-day deadline.
8. The Committee shall forward information regarding requests under consideration, including the Committee's actions and/or decisions after each meeting to each Deputy Chief to be disseminated at his/her regular staff meetings.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.9

### TITLE: ARRESTS

**EFFECTIVE: 8/7/2016**

**REVISED: 10/25/20**

---

#### PURPOSE

This policy outlines the process and procedures to be considered and followed by members when making an arrest.

#### POLICY

1. An arrest is a restraint of greater scope or duration than an investigatory stop or detention. An arrest is lawful when supported by probable cause.
2. Officers shall respect the constitutional rights of arrestees at all times while the person is in custody.
3. Officers shall advise suspects of their **Miranda Rights** at the time of arrest, or prior to any custodial interrogation (see **Chapter 1.9.1 – Miranda Rights**).
4. Officers shall arrest a suspect only when the officer has probable cause to believe that an offense has occurred and that the suspect committed the offense.
5. In effectuating an arrest, officers shall not rely on information known to be materially false or incorrect.
6. Officers shall not consider race, color, ethnicity, national origin, religion, gender, disability, sexual orientation, or gender identity in effecting an arrest, except as part of an actual and apparently credible description of a specific suspect or suspects in any criminal investigation.

#### DEFINITIONS

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her. (La. C.Cr. P. Art. 201)

**Arrest report (gist)**—For purposes of this Chapter, an arrest report consists of the completed “face sheet” of an incident report and a “Gist” sheet detailing the probable cause and essential elements of the offense(s) charged and linking the offense(s) to the person charged. The “Gist”

sheet shall be reviewed for accuracy and sufficiency by a supervisor and signed by the reviewing supervisor prior to the person who is charged being booked at lockup. For the purposes of arrests only for violations of municipal code, the arresting officer's sworn affidavit shall serve as the arrest report.

**Exigent circumstances**—A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to himself/herself or others.

**Probable cause**—The facts and circumstances known to the officer at the time which would justify a reasonable person in believing that the suspect committed or was committing an offense.

**Patrol officer**—For purposes of this Chapter, patrol officers includes all commissioned members assigned or detailed to one of the eight Districts of the Field Operations Bureau, as well as any officer working a police secondary employment assignment when an incident occurs that requires a police report to be written.

**Protective sweep**—A cursory search that police are allowed to conduct when they arrest someone in order to ensure their own safety, and that of those on the scene, by searching in the vicinity of the arrest for individuals who may pose a threat. The scope of the protective sweep is limited by its purpose. Officers may look only in areas where a person could be hiding. Protective sweeps must be cursory. The sweep can last only as long as it takes to dispel the suspicion of danger and can last no longer than it takes to arrest the subject and leave the premises.

Officers may perform a cursory visual inspection of closets and other spaces immediately adjoining the location where an arrest takes place—places from which an attack by some concealed person could “immediately be launched”— regardless of whether they have probable cause or reasonable suspicion that an individual is actually present who poses a danger. *Maryland v. Buie*, 494 U.S. 325 (1990). Officers may extend the protective sweep to areas beyond those immediately adjoining the location of an arrest **only if** they have an objectively reasonable belief, based on specific and articulable facts, that the additional area harbors an individual posing a danger to those on the arrest scene. In other words, police must be able to point to facts that would lead a “reasonably prudent” officer to believe that the area to be swept actually harbors someone posing a threat. (*Maryland v. Buie, supra.*)

**Search incident to arrest (SITA)**—One of the exceptions to the general search warrant requirement of the 4<sup>th</sup> Amendment. The SITA exception is valid if it occurs at the same time or shortly after the legal arrest and is limited to a search of the person arrested and the immediate area within which that person might gain possession of a weapon or destroy or hide evidence at the time of the search.

**Supervisor Feedback Log (SFL)**—A web-based application utilized by Department supervisors to document close and effective supervision actions such as redirection, counseling, and support. SFL is available to all supervisors, the Compliance Bureau, and the Public Integrity Bureau on NOPD Web Apps under Applications.

## **AUTHORITY TO ARREST**

7. Pursuant to La. Code Crim. P. art. 213, an officer may, without a warrant, arrest a person only when:
  - (a) The person to be arrested has committed a criminal offense (felony or misdemeanor) for which the officer has jurisdiction;

- (b) The offense must take place in the presence of the officer or the officer must have probable cause to believe that the person to be arrested has committed an offense, although not in the presence of the officer; or
  - (c) The officer has received positive and reliable information that another officer from this State holds an arrest warrant (felony or misdemeanor), or an officer of another state or the United States holds an arrest warrant for a felony offense.
8. An officer in close pursuit (hot pursuit) of a person to be arrested may enter another jurisdiction in this State and make the arrest. Officers shall abide by **Chapter 41.5 – Vehicle Pursuits** when considering a vehicle pursuit of a person to be arrested.

### OFFICERS' RESPONSIBILITIES

9. Officers shall immediately (as soon as safety permits) notify a supervisor when effectuating:
- (a) A felony arrest;
  - (b) An arrest in which the officer used a level of force reportable under **Chapter 1.3 – Use of Force**;
  - (c) An arrest for crossing or traversing a police cordon (Municipal Code § 54-442) or resisting an officer (Municipal Code § 54-441);
  - (d) A custodial arrest in which the most serious violation was:
    - 1. A vehicle infraction (under the Municipal Code § 154 or La. R.S. Title 32);
    - 2. Simple drug possession; or
    - 3. **Outside the 8<sup>th</sup> Police District**, any of the following city or state laws:
      - i. Disturbing the Peace (Municipal Code § 54-103; La. R.S. 14:103);
      - ii. Criminal Trespass (Municipal Code § 54 153; La. R.S. 14:63);
      - iii. Obstructing Public Passages (Municipal Code § 54-40; La. R.S. 14:100.1); or
      - iv. Begging/Vagrancy (Municipal Code § 54-411; La. R.S. 14:107).
10. Patrol officers shall complete and submit all arrest reports before the end of their shifts.
11. Patrol officers shall complete all Municipal affidavits and ensure they are signed by an approving supervisor as an “ex-officio notary” prior to booking.

### SUPERVISOR'S RESPONSIBILITIES

12. Upon notification of an arrest as outlined in this Chapter, the notifying officer's supervisor shall respond to the scene, **unless all of the following elements apply**:
- (a) The arrest only involves narcotics;
  - (b) The suspect will be relocated to the station to test the narcotics;
  - (c) The supervisor will be present at the station to review the arrest recommendation; and
  - (d) No injuries are involved.
13. Transporting a prisoner or suspect to a police facility (District Station) **shall** be approved by a supervisor prior to transport and **shall** follow the restrictions and guidelines of **Chapter 71.1 – Prisoner Transportation and Guarding**.
14. The responding supervisor shall approve or disapprove the officer's arrest recommendation based on the existence of probable cause and consistency with NOPD regulations.

15. Those arrests approved by a supervisor shall reflect the approval by the supervisor's signature on the Gist Sheet for State arrests and the supervisor's signature on the sworn affidavit for municipal arrests.
16. When a supervisor disapproves of an arrest, he/she shall take appropriate action to address violations or deficiencies in the officer's arrest recommendation, which shall include:
  - (a) Requiring additional investigation before the final determination to arrest or release is made;
  - (b) Releasing the subject (if additional investigation does not support lawful arrest);
  - (c) Taking non-disciplinary corrective action for the involved officer; and/or
  - (d) Referring the incident for administrative or criminal investigation
17. The supervisor shall document corrective action in the Supervisor Feedback Log (see **35.1.7 – Non-Disciplinary Responses to Minor Violations**) or by initiating a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**). For each subordinate, the supervisor shall track each violation or deficiency and the corrective action taken in the Supervisor Feedback Log to identify officers needing repeated corrective action. Supervisors shall initiate a formal disciplinary investigation as appropriate. Through these mechanisms, supervisors shall document corrective action for all arrests that:
  - (a) Are unsupported by probable cause;
  - (b) Violate NOPD policy, regulations; or
  - (c) Indicate a need for corrective action or review of agency policy, strategy, tactics, or training.
18. Supervisors shall review each arrest report made by officers under their command and shall appropriately document their review within 12 hours of submission. The supervisor shall track each violation or deficiency and the corrective action taken in the Supervisor Feedback Log to identify officers needing repeated corrective action. Supervisors shall initiate a formal disciplinary investigation as appropriate.
19. Supervisors shall review arrest reports and forms for:
  - (a) Boilerplate or pat language;
  - (b) Inconsistent information; and
  - (c) Lack of probable cause, or other indications that the information in the reports or forms is not current, authentic, or correct.
20. Absent exceptional circumstances, supervisors shall:
  - (a) **Approve** arrest reports that meet all legal and departmental standards and do not require additional investigation or clarification, and
  - (b) **Disapprove** and, as appropriate, return for corrections and additions any arrest reports that are incomplete, do not meet all legal and department standards, and/or require additional investigation or clarification.
21. The supervisor shall ensure that each violation or deficiency is noted in the officer's annual performance evaluation(s).
22. The quality of these supervisory reviews shall be taken into account in the supervisor's own performance evaluations. Commanders shall take appropriate corrective or disciplinary action against supervisors who fail to conduct timely reviews of adequate and consistent quality.

**DISTRICT/DIVISION COMMANDER'S RESPONSIBILITIES**

23. A district/division Commander shall review, in writing, all supervisory reviews that relate to arrests that:
  - (a) Are unsupported by probable cause;
  - (b) Are in violation of NOPD policy; or
  - (c) Indicate a need for corrective action or review of agency policy, strategy, tactics, or training.
24. The Commander's review shall be completed within seven (7) days of receiving the document reporting the event.
25. The district/division Commander shall evaluate the corrective action and recommendations in the supervisor's corrective action and ensure all appropriate corrective action is taken, including referring the incident to PIB for investigation, if appropriate.
26. NOPD shall track, centrally, and at the district/division level, the Orleans Parish District Attorney's Office's (DA) acceptance and refusal rates of arrests made by NOPD and the reasons for refusals, when made available by the DA, including those factors and information indicating that a failure to prosecute was due to:
  - (a) The quality of an officer's arrests, or
  - (b) Concerns regarding officer conduct in the investigation or subsequent prosecution of the case.
27. These statistics shall be included in the district/division MAX report.
28. Each district/division Commander shall be held accountable for referring to PIB for investigation any information regarding specific incidents of possible officer misconduct related to officer arrests noted in the DA's reasons for refusal.

**ARRESTS WITHIN RESIDENCE/DOMICILE**

29. Arresting a person from inside his/her own residence/domicile without an arrest warrant is permissible only if one or more of the following exceptions is/are met:
  - (a) **Consent** to enter the residence is given by a person who shares access and control of the premises. The burden is on the officer to ascertain whether the person granting access has the right to give permission (see **Chapter 1.2.4 – Search and Seizure** and **Form 146 – Consent to Search**).
  - (b) **Exigent circumstances** (e.g., hot pursuit, spontaneous violence, prevention of a crime, or imminent escape to avoid apprehension).
30. An arrest warrant is required prior to arresting a person from within a residence not his/her own, absent hot pursuit, consent to enter, exigent circumstances, or a search warrant for that location naming the wanted person as the thing to be seized.
31. The arrest warrant(s) must name the person(s) wanted.
32. Officer(s) must reasonably believe the person(s) is within the residence at the time of entrance.
33. A search warrant or an arrest warrant is not required to arrest a person(s) in a public venue.

34. An officer may perform a limited **protective sweep** subsequent to an in-residence arrest in a private dwelling to determine whether there are individuals present who pose a danger to officers and others present at the scene of the arrest. The sweep may extend to only a cursory visual inspection of those spaces where a person may be found, and the sweep must last no longer than it takes to complete the arrest and depart the premises (see *Maryland v. Buie*, 494 U.S. 325 (1990)). Officers may perform a cursory visual inspection of closets and other spaces immediately adjoining the location where an arrest takes place—places from which an attack by some concealed person could “immediately be launched”—regardless of whether they have probable cause or reasonable suspicion that an individual posing a danger is actually present. Protective sweeps shall not be carried out as a pretext to gather evidence that could otherwise be obtained only with a warrant. Officers may extend the sweep beyond those areas immediately adjoining the location of an arrest **only if** they possess an objectively reasonable belief, based on specific and articulable facts, that the additional area to be swept harbors an individual posing a danger to those on the arrest scene.

### SEARCH INCIDENT TO AN ARREST

35. A search incident to arrest (**SITA**) is permissible after a lawful custodial arrest. This warrantless search is an exception to the general 4<sup>th</sup> Amendment search warrant requirement. It does not matter what offense the person is being arrested for; as long as the arrest is legal, the search incident to arrest is allowed.
36. There are two valid purposes for conducting searches incident to arrest:
- To protect the officer and other persons in the vicinity from any dangerous items in the possession of the person arrested, or
  - To prevent the destruction of evidence within the reach of the person being arrested.
37. Officers **shall** conduct a search of any person or persons placed under a lawful custodial arrest.
38. The scope of the search incident to arrest extends to the immediate areas in which the arrestee might obtain a weapon or evidentiary items, including clothing, purses and wallets of the arrestee; the search may be for weapons, evidence, or a means of escape.
39. The United States Supreme Court, in *Arizona v. Gant*, 129 S. Ct. 1710 (2009), ruled that police may search the passenger compartment of a movable vehicle incident to a recent occupant’s arrest only if:
- The arrestee is within reaching distance of the passenger compartment at the time of the search; or
  - It is reasonable to believe the passenger compartment of the vehicle contains evidence of the offense of arrest.
40. Officers may conduct a limited search of the passenger compartment of a vehicle for weapons if the officer has reasonable suspicion that an individual, whether or not the arrestee, is dangerous and might access the vehicle to gain immediate control of weapons. The search must be limited to those areas in which a weapon may be placed or hidden.
41. Otherwise, officers may not search vehicles, even incident to arrest, unless the officer has obtained a warrant or can show that another exception to the warrant requirement applies.

42. All searches must comport with the requirements of **Chapter 1.2.4 – Search and Seizure**. Officers should realize that the search of a person is inherently demeaning, therefore officers shall make all efforts to conduct the search with dignity, courtesy, and in a professional manner that does not compromise the officer's safety.
43. Whenever practicable, an officer of the same gender as the person being searched should conduct the search. If an officer of the same gender is not reasonably available, a witnessing officer or supervisor shall be present during any search of a person not of the same gender as the searching officer.

#### **WANTED PERSONS - SUMMONS IN LIEU OF ARREST**

44. A summons may be issued in lieu of a custodial arrest pursuant to La. Code Crim. P. art. 211 (summons by officer instead of arrest and booking) and when authorized by Department policy (see **Chapter 48.1 – Affidavits and Summons**).
45. In situations where an officer has detained an individual and verified a warrant or attachment on that individual from a jurisdiction within the State of Louisiana other than Orleans Parish, the officer shall follow these guidelines:
  - (a) If the originating agency states that **it will pick up the individual**, the officer shall physically arrest, book, and process the individual in accordance with this Chapter and **Chapter 41.8 – Affidavits and Summons**. (See also: **Chapter 1.11 – Warrant Inquiries**).
  - (b) If the originating agency **does not confirm that it will pick up the individual**, the officer shall not book the individual and shall notify the individual the status of the outstanding warrant or attachment. (See also: **Chapter 1.11 – Warrant Inquiries**).

#### **ADULT ARRESTS - STATE FELONY AND/OR MISDEMEANOR**

46. The arresting officer shall check the arrested person's name and/or identification information in all available arrest record databases.
47. All state felony and misdemeanor arrestees shall be transported to Central Lockup for processing as soon as possible after arrest.
48. The arresting officer shall document all state felony and misdemeanor charges in an EPR.
49. The arresting officer shall complete a face sheet of an incident report for each arrested person prior to arrival at Central Lockup. If an officer(s) believes the victim(s), prisoner(s), or others may be in danger and/or when immediate transportation from the scene is necessary, the Incident Report face sheet may be completed at Central Lockup.
50. The face sheet of the incident report (EPR) shall be photocopied at Central Lockup and a copy left with the receiving deputy.
51. Any person arrested or detained in connection with an investigation or commission of any offense shall be advised fully of the officer's authority, and the reason for his/her arrest or detention. If he/she will be interrogated, the arrestee shall be given his/her Miranda warnings (see **Chapter 1.9.1 – Miranda Rights**).

**ADULT ARRESTS WITHOUT A WARRANT - STATE MISDEMEANOR AND FELONY**

52. The arresting officer shall prepare a detailed gist of the facts using a New Orleans Police Department Incident Report Gist Sheet at the time of arrest and shall complete an incident report (EPR) of the arrest on State charges within 72 hours of the incident.
53. A photocopy of the completed and signed gist or arrest warrant with a face is left with Central Lock-Up personnel at the time the prisoner is left in the custody of Central Lock-up.
54. The original gist is attached to and noted in the narrative section of the incident report.

**ARREST ORIGINATING WITHIN ORLEANS PARISH OF ADULT WANTED PERSONS**

55. If an officer locates a person wanted for an offense that occurred within the City of New Orleans, the officer shall verify the person is wanted through NCIC prior to arrest. (See **Chapter 1.9.2 – Arrest Warrant/Wanted Persons.**)
56. Personnel assigned to NCIC shall forward a copy of the arrest warrant (for State charges) or crime bulletin (for Municipal charges) to the arresting officer at Central Lockup.
57. When the arresting officer is not the original investigating officer, he/she shall forward a copy of the approved incident report / supplemental report detailing the arrest to the original investigating officer's unit and obtain a receipt for same.
58. If the original investigating officer has no on-duty platoon commander, desk officer, or A-Case officer, the arresting officer shall ensure the report is delivered to the unit and obtain a receipt when the platoon commander or desk officer is on duty.
59. If a prisoner is left at Central Lock-up for booking without the arresting officer knowing there is an outstanding arrest warrant, the following procedure(s) will apply:
  - (a) If the arresting officer is on duty, he/she will be notified to return to Central Lock-up and charge the prisoner with the criminal violations detailed in the warrant. The officer shall complete all paperwork required including all necessary supervisor approvals and signatures.
  - (b) If the arresting officer is off duty, the next available officer at Central Lock Up shall re-charge the prisoner with the criminal violations detailed in the warrant. The officer shall complete all paperwork required including all necessary supervisor approvals and signatures.
60. The following procedure shall be followed when charging a prisoner with additional violations:
  - (a) Verify the individual to be charged is still in the custody of the Orleans Parish Criminal Sheriff;
  - (b) Complete a face sheet and gist for each individual item number under which the prisoner is being additionally charged;
  - (c) Hand deliver a copy of the face sheet and supervisor approved gist containing the information to Central Lock-up; and
  - (d) Prepare an original incident report or supplemental report(s) as required for each additional charge.

**MUNICIPAL ARREST WITHOUT A WARRANT - AUTHORITY**

61. The authority of a New Orleans police officer to arrest a suspect for a violation of a municipal ordinance derives from the **New Orleans Comprehensive Code of Local Ordinances (NOCCOLO) Section 4-501 (4) & (7)** describing the general authority of NOPD officers to arrest and the **Louisiana Code of Criminal Procedure (CCRP) Article 213 (3)** dealing with authority of a peace officer to arrest without a warrant based on probable cause to believe that the person to be arrested has committed an offense, although not in the presence of the officer.
62. The probable cause described in the previous paragraph is derived from the bulletin filed with NOPD-NCIC Unit by the officer who handled the original incident/offense.

**ADULT MUNICIPAL ARRESTS**

63. Affidavits/summons for arrests for violations of state misdemeanors and municipal ordinances are completed in accordance with **Chapter 41.8 – Affidavits and Summons** and **Chapter 1.9.2 – Arrest Warrant Wanted Persons**.

**MUNICIPAL/TRAFFIC COURT ATTACHMENT ARRESTS**

64. All attachments by Municipal or Traffic Courts follow the procedures set forth in **Chapter 61.3 – Issuing Traffic Citations** and **Chapter 41.9 – Failure to Appear**.

**CANCELLATION BULLETINS**

65. If the warrant(s) is local (Orleans Parish charges), the arresting officer shall send a cancellation bulletin for an arrest based upon a verified warrant/crime bulletin and affecting an arrest. The cancellation bulletin contains the disposition of the arrest (physical arrest or summons issued); if a summons was issued the summons number is noted in the bulletin (**Chapter 1.9.2 - Arrest Warrants and Wanted Persons**).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.9.1

### TITLE: MIRANDA RIGHTS

**EFFECTIVE: 08/07/16**

**REVISED: 12/11/16; 01/31/21**

---

#### PURPOSE

This Chapter requires an officer to advise suspects of their constitutional rights at the time of arrest or prior to any custodial interrogation.

#### POLICY STATEMENT

1. The U.S. Constitution and Article 1, section 13 of the Constitution of the State of Louisiana provide protections for the rights of a person accused or detained in connection with the investigation of a crime.
2. Officers shall advise suspects of their **Miranda Rights** at the time of arrest or prior to any custodial interrogation.
3. Suspects may waive their constitutional right to remain silent, but must do so knowingly, voluntarily, and intelligently after their constitutional rights have been read to them and they have indicated understanding.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Miranda Rights**—The privilege against self-incrimination is guaranteed by the Fifth Amendment to the U.S. Constitution. The Supreme Court, in *Miranda v. Arizona*, 384 U.S. 436, 86 S. Ct. 1602, 16 L. Ed. 2d 694 (1966), held that the police must inform arrested persons or suspects prior to a custodial interrogation that they need not answer questions and that they may have an attorney present before and during questioning. These requirements are known as the **Miranda Warning**.

**Suspect**—An individual who is reasonably believed to have a connection to criminal activity.

**Testimonial Evidence**—An assertion offered as a proof of the truth of what is being stated. Participating in an identification procedure, giving handwriting or voice exemplars, fingerprints, DNA, hair samples and dental impressions are non-testimonial and therefore not within the **Miranda Rule**. Certain types of non-verbal conduct may be considered testimonial such as nodding up and down or right and left in response to a question and **Miranda** would apply.

**Waiver**—A criminal defendant may waive the right to remain silent and make a statement, but

law enforcement officials must demonstrate to the court that the waiver was the product of a free choice rather than a decision based on intimidation, coercion, or deception. They must also convince the court that the defendant was fully aware of the rights being abandoned and the consequences that would result from the abandonment of those rights. Based on the totality of these circumstances, a court may conclude that the defendant waived his or her **Miranda** rights.

### GENERAL INFORMATION ON MIRANDA RIGHTS

4. The **Miranda Rule** applies only to the use in a criminal proceeding of testimonial evidence that is the product of a police interrogation. For **Miranda** to apply, the following requirements must be met:
  - (a) Evidence must have been gathered.
  - (b) The evidence must be testimonial.
  - (c) The evidence must have been obtained while the suspect was in custody.
  - (d) The evidence must have been the product of interrogation.
  - (e) The interrogation must have been conducted by law enforcement or agents of law enforcement.
5. Silence after advising of **Miranda Rights** is not admissible evidence of guilt and cannot be used to impeach a defendant.
6. **Miranda's** purpose was to protect suspects from the compulsion inherent in a police dominated atmosphere attendant to arrest. Absent a formal statement such as "you are under arrest" the issue becomes whether a reasonable person in the suspect's position would have believed that he/she were free to leave.
7. **Miranda** does not apply to roadside questioning of a stopped motorist or a person briefly detained on the street under a **Terry stop**. Those persons may not be free to leave but the interference in their movement is not considered an actual arrest or its functional equivalent for purposes of **Miranda**.
8. A person who voluntarily comes to a police station or facility for the purpose of questioning is not in custody and therefore not entitled to **Miranda Warnings**. This is true when a suspect is advised by officers that he/she is not under arrest and is free to leave.
9. Interrogation is an express questioning and any words or actions on the part of the police (other than those normally attendant to arrest and custody) that the police should know are reasonably likely to elicit an incriminating response from the suspect. This can include confronting a suspect with incriminating evidence.
10. The interrogation must be by a known law enforcement officer. An undercover officer does not violate **Miranda** because there is no coercion, no police dominated atmosphere, and the suspect does not know he or she is being questioned by the police.
11. **Miranda** applies to aliens, legal immigrants, and undocumented immigrants as well as U.S. citizens.

### MIRANDA WARNING / ADVISEMENT OF RIGHTS

12. The approved advisement of rights for the New Orleans Police Department is as follows:
  - (a) You have been arrested or detained in connection with the investigation or commission of a crime, more specifically – (state the crime for which the person is

- under investigation).
- (b) You have the right to remain silent.
  - (c) Anything you say can be used against you in a court of law.
  - (d) You have the right to an attorney.
  - (e) If you cannot afford an attorney, one will be appointed for you, prior to and during any questioning, if you wish.
  - (f) You can decide, at any time, to exercise these rights and not answer any questions or make any statements.
13. After a suspect has been advised of his/her **Miranda Rights**, the following additional questions or advisements must be made before questioning may begin pursuant to a valid waiver of rights:
- (a) Do you understand each of these rights I have explained to you?
  - (b) Having these rights in mind, do you wish to talk to me/us now?

### SECURING A WAIVER OF MIRANDA RIGHTS

14. If the suspect does not fully understand his/her rights as outlined, he/she **cannot be questioned**. If at any time during the questioning the suspect expressly invokes a right, asks not to be questioned further, or indicates in any manner that he/she does not wish to be questioned, then the questioning **must cease**. For a waiver to be valid the prosecution must prove that the suspect had a basic understanding of his/her rights. The focus of the analysis is directly on the personal characteristics of the suspect. If the suspect was under the influence of alcohol or other drugs, or suffered from an emotional or mental condition that substantially impaired the suspect's capacity to make rational decisions, the courts may well decide that the suspect did not understand his/her rights.
15. An invocation of rights must be clear and unequivocal. Any ambiguity or equivocation will be ineffective. If the suspect's assertion is ambiguous, the interrogating officers are permitted to ask questions to clarify the suspect's intentions, although they are not required to.
16. The use of **NOPD Form 153 – Rights of an Arrestee or Suspect** and the audio/video recording of the interview or interrogation is the preferred documentation for showing the arrestee or suspect was advised of his/her rights and granted a valid waiver of rights.
17. If the arrestee chooses to waive his/her rights and make an oral or written statement, the investigating officer should complete an **NOPD Form 153 – Rights of an Arrestee or Suspect** and allow the arrestee to sign it. If the suspect has been advised of his/her rights and indicated he/she wishes to make a statement or answer questions but declined or refused to sign the form after indicating he/she has understood the rights, he/she may still be questioned. The form shall be attached to the Incident Report.

### ADDITIONAL WARNING TO A JUVENILE

18. If you are under the age of 18, anything you say can be used against you in a juvenile court prosecution for a juvenile offense and can also be used against you in an adult court criminal prosecution if you are to be tried as an adult.
19. The juvenile suspect who is being interviewed or interrogated must be allowed to engage in a meaningful consultation with an attorney or an informed parent, guardian, or other adult interested in his or her welfare before the juvenile can legally waive the right to counsel and the privilege against self-incrimination.

20. A juvenile who is being questioned as a witness or as a suspect must have a parent, legal guardian or child advocate present to witness the interview or interrogation. They need not be present in the room during the interview or interrogation but they must be able to witness (see and hear) the entire session. The entire interview or interrogation, including the **Miranda Rights** admonition, must be video and audio recorded in an approved NOPD interview / interrogation room. The name of the parent, legal guardian or child advocate shall be stated on the recording and included in the investigative report.

#### **ADDITIONAL WARNING FOR THE DEAF**

21. If you are deaf or profoundly hard of hearing, the New Orleans Police Department has the obligation to offer you an interpreter without cost and will defer interrogation pending the appearance of that interpreter.
22. Once the suspect who has been identified as deaf or profoundly hard of hearing has been identified, the **NOPD Form 153 – Rights of an Arrestee or Suspect** shall be provided to the suspect to read. Further communications AND the advisement of **Miranda Warnings** shall be given using an interpreter. The fact the person is deaf or profoundly hard of hearing, the interpreter's name and an affirmative statement that the **Miranda Warning** was provided by the interpreter shall be noted on **Form 153** and in the police report.

#### **ADDITIONAL REQUIREMENTS FOR LIMITED ENGLISH PROFICIENCY (see Chapter 55.4 – Limited English Proficiency)**

23. A person who does not speak English as his/her primary language and has a limited ability to read, write, speak, or understand English is considered as having **Limited English Proficiency (LEP)**. LEP individuals may be competent in certain types of communication (e.g. - speaking or understanding), but still be LEP for other purposes (e.g. reading or writing). Similarly, LEP designations are context-specific: an individual may possess sufficient English language skills to function in one setting, but these skills may be insufficient in other situations.
24. Similarly, a person's **Primary Language** is an individual's native tongue or the language in which an individual most effectively communicates. NOPD personnel should avoid assumptions about an individual's primary language. Members of the Department should make every effort to ascertain an individual's primary language to ensure effective communication.
25. Once the LEP person's primary language has been ascertained, further communications AND the advisement of **Miranda Warnings** shall be given using an interpreter. The language identified, the interpreter's name and an affirmative statement that the **Miranda Warning** was provided in that language shall be noted on **Form 153** and in the police report.
26. A failure to protect the rights of LEP individuals during arrests and interrogations presents risks to the integrity of the investigation. NOPD members must recognize that miscommunication during interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. A qualified interpreter shall be used for any interrogation or taking of a formal statement when the suspect's or witness's legal rights could be adversely impacted.

#### **NON-CUSTODIAL QUESTIONING**

27. Officers may question persons during general on-the-scene investigations as to acts surrounding a crime.

**VOLUNTEERED OR SPONTANEOUS STATEMENTS (RES GESTAE)**

27. Volunteered and spontaneous statements are not barred from use in an investigation or subsequent criminal prosecution and no **Miranda Warnings** need be given preceding them. However, any questioning initiated by the police officer thereafter, in clarification or amplification of the volunteered or spontaneous statement must be preceded by a **Miranda Warning**.

**INTERROGATION AFTER THE SUSPECT HAS REQUESTED A LAWYER OR INVOKES RIGHT TO REMAIN SILENT**

28. When a suspect invokes his/her right to silence, all interrogation shall cease immediately. The suspect may not again be interrogated about the crime for which he/she is charged, other crimes, or by other officers (from this or other agencies) unless:
- (a) The officers wait a significant amount of time to re-approach the suspect; and
  - (b) Miranda Rights are re-administered and a waiver obtained before any questioning may take place. Officers shall also document the significant amount of time that lapsed between the initial invocation of right to silence and the subsequent re-administration of Miranda Rights and waiver.
29. When a suspect invokes his/her right to counsel, all interrogation shall cease immediately. The suspect may not again be interrogated about the crime for which he/she is charged, other crimes, or by other officers (from this or other agencies) unless:
- (a) The suspect has requested an attorney and the attorney is present at the questioning; or
  - (a) The suspect initiates new contact with the police. In this latter case, Miranda Rights must again be administered and a waiver obtained before any questioning may take place. Officers shall also document and, if possible, obtain written verification that the suspect initiated the communication.
30. Unless the suspect personally initiates further communications, exchanges, or conversations with an officer and clearly indicates that he/she wishes to voluntarily provide a statement and/or answer questions, the officer(s) shall re-advise the suspect of his/her **Miranda Rights**, clearly and concisely indicate on any audio or video recording that the suspect initiated the action and has done so voluntarily after again being advised of all applicable rights as outlined in this Chapter. The **Miranda Rights** advisement, the waiver of rights and a statement by the suspect that he/she initiated the communication shall be clearly stated, in its entirety, on the video / audio recording as the subsequent statement and/or answers to questioning.

**EXCEPTIONS TO MIRANDA RULE**

31. There is a public safety exception to the **MIRANDA RULE**. It applies when circumstances present a clear and present danger to the public's safety and the officers have reason to believe that the suspect has information that can end the emergency.
32. Investigators should be aware of the **Massiah Doctrine**. This doctrine prohibits the admission of a confession obtained in violation of the defendant's Sixth Amendment right to counsel. Specifically, the **Massiah Doctrine** or rule applies to the use of testimonial evidence in criminal proceedings deliberately elicited by the police from a defendant **after formal charges have been filed**. Although similar in effect to **Miranda**, the **Massiah Doctrine** has different requirements. The events that trigger the Sixth Amendment safeguards under **Massiah** are:

- (a) The commencement of adversarial criminal proceedings, and
  - (b) Deliberate elicitation of information from the defendant by governmental agents.
33. Investigators shall not conduct interrogations in violation of the **Massiah Doctrine**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.9.2

### TITLE: ARREST WARRANT / WANTED PERSONS

**EFFECTIVE: 10/07/2018**

**REVISED: Replaces Policy 423**

---

#### PURPOSE

The purpose of this Chapter is to establish a uniform process for maintaining warrants and wanted person files. This Chapter will establish criteria for entering wanted persons and warrants into local and state files to ensure that the policies established by the FBI for entering warrants into the FBI files and receiving information from other jurisdictions are adhered to.

#### DEFINITIONS

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her. (La. C.Cr. P. Art. 201)

**Arrest report (gist)**—For purposes of this Chapter, an arrest report consists of the completed “face sheet” of an incident report and a “Gist” sheet detailing the probable cause and essential elements of the offense(s) charged and linking the offense(s) to the person charged. The “Gist” sheet shall be reviewed for accuracy and sufficiency by a supervisor and signed by the reviewing supervisor prior to the person who is charged being booked at lockup. For the purposes of arrests only for violations of municipal code, the arresting officer’s sworn affidavit shall serve as the arrest report.

**Probable cause**—The facts and circumstances known to the officer at the time which would justify a reasonable person in believing that the suspect committed or was committing an offense.

**Supervisor Feedback Log (SFL)**—A web-based application utilized by Department supervisors to document close and effective supervision actions such as redirection, counseling, and support. SFL is available to all supervisors, the Compliance Bureau, and the Public Integrity Bureau on NOPD Web Apps under Applications.

#### GENERAL INFORMATION ON ARREST WARRANTS

1. A warrant of arrest may be issued by any magistrate with jurisdiction over the offense and, except where a summons is issued under La. C.Cr.P. Art. 209, shall be issued when all of the following occur:
  - (a) The person (or officer) making the complaint executes an affidavit specifying, to

the best of his/her knowledge and belief, the nature, date, and place of the offense and the name and surname of the offender and of the person injured, if applicable; and

- (b) The magistrate has probable cause to believe that the described offense was committed and that the person against whom the complaint was made committed it.
2. The New Orleans Police Department utilizes electronic versions of the warrant forms. The forms are found on the website <https://cloudgavel.com/>. Members shall utilize their City email address and password to log in. The most current paper forms to be utilized in the event the CloudGavel site is down or Departmental computers are off-line are found on **NOPD Web Applications, Nopd.org, FORMS (Form 206 - Application for Arrest Warrant and Form 205 - Arrest Warrant)**. These forms comply with the requirements of La.C.Cr.P. Art. 203.
3. Arrest warrants are directed to all peace officers in the state. Warrants may be executed in any parish by any peace officer having authority in the territorial jurisdiction where the person arrested is found or by any peace officer having authority in one jurisdiction who enters another jurisdiction in close pursuit of the person arrested (La.C.Cr.P. Art 204).
4. Arrest warrants remain in effect until executed (La.C.Cr.P. 205).

#### **OFFICER'S RESPONSIBILITIES**

5. Once received, an arrest warrant shall be executed without delay, unless delay is required by the circumstances of the case.
6. No arrest shall be made at a time or in a manner contrary to any express limitations upon the scope or language of the warrant.
7. In addition, no arrest shall be made in a manner or at a time or place prohibited by any of the following:
  - (a) Departmental regulation;
  - (b) State or Municipal law; or
  - (c) Applicable court decisions.
8. If an arrest warrant is not executed immediately, the officer initiating the warrant shall attach a copy of the warrant to the report or, if in a specialized or investigative unit, keep a copy of the warrant in the case file at his/her unit of assignment.
9. The original arrest warrant and application for the arrest warrant shall be maintained in the NOPD - NCIC Unit. Arrest warrants and applications for arrest warrants, without a bulletin attached, will not be accepted by NCIC. The following information for each arrest warrant or attachment received by NCIC shall be provided on the bulletin form by the officer filing the warrant with NCIC and recorded by NCIC:
  - (a) Date and time received;
  - (b) Nature of the document (arrest warrant or attachment);
  - (c) Source of the document;
  - (d) Name of the wanted person; and
  - (e) Court docket number (if applicable).
10. Officers shall not hold a warrant. All warrants shall be forwarded to NCIC immediately upon the warrant being signed by the judge.
11. The bulletin on the warrant shall be sent as a crime bulletin via the message entry

system (TTY) and as an email to [NOPDAI@nola.gov](mailto:NOPDAI@nola.gov). The following information shall be included in the crime bulletin message by the officer filing the warrant:

**Crime Bulletin Message Header:**

- (a) Subject shall read: Address Update/Wanted Subject

**Crime Bulletin Message:**

- (b) Item Number  
 (c) Officer(s) Names and employee identification number  
 (d) Original Offense Type and Location  
 (e) Date and Time of Original Offense  
 (f) Wanted Subject's Name, DOB, Race, and Gender and as much descriptive information as is available.  
 (g) Address Section: Type "See Narrative/Comments Section"

**Crime Bulletin Comments:**

- (h) A gist of the incident to include all pertinent information explaining the charges the suspect is wanted for (i.e., the value of property damaged or stolen, the extent of injuries inflicted on the victim, etc.). This gist must include a statement of probable cause as it relates to each charge.  
 (i) Justification for any address update/correction shall be listed in this section.

12. When a crime bulletin is sent, a notation shall be made by the officer filing the bulletin, on the face sheet and in the narrative section indicating the bulletin number, the date and time the bulletin was sent, and who sent the bulletin. The wanted bulletin shall then be made part of the incident report.
13. Whenever an arrest warrant is executed or an attempt is made to execute an arrest warrant, the following information shall be documented by the officer making the attempt at service of the warrant either on a daily activity sheet for district patrol officers or the case file for the District Investigative Unit or the Investigative Support Division:
- (a) The date and time the service was executed/attempted;  
 (b) The name(s) of officer(s) executing/attempting service;  
 (c) The name of the wanted person;  
 (d) Method of service/reason for non-service; and  
 (e) The address of service/attempt.
14. NOPD officers shall complete all arrest reports before the end of the shift. (See also: **Chapter 1.9 – Arrests**).

**MUNICIPAL WANTED PERSONS**

15. If an investigating officer determines that probable cause exists for the arrest of a person on municipal charges and that person is no longer at the scene, the offense shall be documented in an offense report (EPR).
16. A Crime Bulletin (TTY) and department email ([NOPDAI@nola.gov](mailto:NOPDAI@nola.gov)) shall be sent before the end of their tour of duty informing other department members that the person is wanted for the offense. The investigating officer shall contact NCIC to verify receipt of the Crime Bulletin and note the verification in the offense report.
17. Because placing a person wanted for a municipal offense does not necessitate the completion of an arrest warrant, the arrest of the individual must be guided by the **Chapter 1.9 - Arrests**, particularly the sections pertaining to arrest without a warrant.

**WANTED BULLETIN/ARREST WARRANTS**

18. All felony offenses must be referred to Criminal District Court for possible prosecution.

Officers conducting investigations where the wanted subject is to be charged in Criminal District Court (felonies and misdemeanors) shall obtain an arrest warrant and send a wanted bulletin if the suspect is not apprehended prior to the end of the officer's tour of duty. The warrant and a copy of the bulletin shall be delivered to NCIC prior to the officer ending his/her tour of duty.

19. Once an arrest warrant is completed and an arrest is not immediately made, or if a suspect is wanted on a municipal charge, a Crime Bulletin must be sent by the investigating officer. In the case of State Felony and Misdemeanor charges, the wanted bulletin must be sent before the original warrant is delivered to the NOPD - NCIC Unit.
20. The officer sending the bulletin should complete the Crime Bulletin mask to the best of his/her knowledge.
21. When a crime bulletin is sent, a notation shall be made by the issuing/investigating officer on the face sheet and in the narrative section of the report indicating the bulletin number, the date and time the bulletin was sent, and who in the NOPD – NCIC Unit sent the bulletin. The wanted bulletin should then be made part of the incident report.

### **ASSISTING BAIL BONDSMEN AND/OR BOUNTY HUNTERS**

22. Article IV, Section 2, Clause 2 of the United States Constitution states “A person charged in any State with Treason, Felony, or other Crime, who shall flee from Justice, and be found in another State, shall on Demand of the executive Authority of the State from which he fled, be delivered up, to be removed to the State having Jurisdiction of the Crime.” This provision in the Constitution gives individuals, referred to as bounty hunters, authority to take individuals into custody and deliver them to the authority having jurisdiction over any crime. Additionally, Article 345a of the La. Code of Criminal Procedure allows sureties, or agents acting on its behalf, to arrest defendants and surrender them in open court.
23. The New Orleans Police Department acknowledges the legal authority of bail bondsmen and/or bounty hunters, but members of the police department shall not extend any special privileges or treatment to bail bondsmen or bounty hunters other than what would be extended to any other person.
24. Members shall verify the credentials or identification of persons representing a bail bonds company or acting as bounty hunters. In the event an arrest by a bounty hunter or bail bond agent is made and NOPD members are on the scene, the identity of the bondsman or bounty hunter shall be made part of any required police report.
25. Civilians, bounty hunters, bail bondsmen, etc. are prohibited from accompanying officers or taking part in the arrest of any wanted individual. Only individuals possessing law enforcement credentials are allowed to accompany NOPD members in the execution of a warrant, and subject to the approval of an NOPD supervisor.
26. NOPD officers shall not arrest individuals on a warrant unless the warrant can be verified through the NOPD - NCIC Unit. The mere possession of a warrant by a non-law enforcement officer, signed by the appropriate authority of another jurisdiction, shall not be sufficient grounds for NOPD officers to take an individual into custody.
27. All individuals arrested as a result of a verified warrant shall be transported to Central Lockup and booked accordingly. Commissioned members shall not deliver any arrested individual into the custody of a bounty hunter, bail bondsman, etc.

28. In the event a bail bondsmen or bounty hunter requests the assistance of the NOPD, and has a wanted individual in custody, the NOPD assistance will be limited to the following:
  - (a) Verification of the warrant on the individual in custody;
  - (b) Only if verified, transportation of the wanted individual to the Central Lock-Up; and
  - (c) Summoning emergency medical assistance, if required.
29. Officers shall document all incidents involving bail bondsmen or bounty hunters in a police report, whether or not an arrest is made. The identity of the bail bondsman or bounty hunter shall be included in the police report.

### **SUPERVISOR'S RESPONSIBILITIES**

30. A supervisor shall review each request for an arrest warrant, including each affidavit or declaration, before it is filed by an officer in support of a warrant application, for appropriateness, legality, and conformance with this Chapter.
31. The reviewing supervisor shall assess the information contained in the warrant application and supporting documents for authenticity, including an examination for boilerplate or pat language, inconsistent information, lack of probable cause or articulation of a legal basis for the warrant and question the affiant/officer to verify the officer has not omitted material information either establishing or vitiating probable cause and document this occurrence.
32. Once the warrant has been reviewed by the supervisor, and prior to the warrant being presented to the judge, the supervisor who reviewed the warrant shall have his name and badge number listed in the last sentence of the application for the warrant, stating "reviewed by (rank, name, badge number) as the reviewing supervisor."
33. As part of the supervisory review, the supervisor shall document in a Departmentally provided, auditable format those warrant applications that are:
  - (a) Unsupported by probable cause;
  - (b) In violation of NOPD policy; or
  - (c) Indicate a need for corrective action or review of agency policy, strategy, tactics, or training.
34. The supervisor shall document corrective action in the Supervisor Feedback Log (see **35.1.7 – Non-Disciplinary Responses to Minor Violations**) or by initiating a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**). For each subordinate, the supervisor shall track each violation or deficiency and the corrective action taken in the Supervisor Feedback Log to identify officers needing repeated corrective action. Supervisors shall initiate a formal disciplinary investigation as appropriate
35. A district/division Commander shall review, in writing, all supervisory reviews that:
  - (a) Relate to arrests that are unsupported by probable cause,
  - (b) Are in violation of NOPD policy, or
  - (c) Indicate a need for corrective action or review of agency policy, strategy, tactics, or training. (See also: **Chapter 1.9 – Arrests**).
36. The quality and accuracy of arrest warrants and supportive affidavits or declarations will be taken into account in officer and supervisor performance evaluations.

37. Supervisors from units other than those in the District where they are attempting to execute an arrest warrant shall notify the on-duty platoon supervisor within the district where the arrest warrant is being executed prior to the execution of the warrant.
38. The executing unit supervisor shall be responsible for determining the threat level involved in the execution of the warrant and, **except for “High Risk Warrants”** which are executed by the Special Operations Division - SWAT, take the appropriate measures to ensure the safety of the officers executing the warrant, as well as the individual to be arrested. Appropriate measures may include, but are not limited to the following:
  - (a) EMS on standby;
  - (b) SWAT notification or involvement;
  - (c) Supervisory presence at the location of arrest; and
  - (d) The deployment or utilization of specialized equipment
39. Supervisors shall review each arrest report made by officers under their command, within 12 hours of submission. (See also: **Chapter 1.9 – Arrests**).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.11

### TITLE: WARRANT INQUIRIES

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 425**

---

#### PURPOSE

The purpose of this Chapter is to establish a process for dealing with suspects arrested as fugitives and for person(s) wanted by a jurisdiction in the State of Louisiana other than Orleans Parish and their subsequent release in lieu of physical arrest and booking.

#### POLICY STATEMENT

1. If an officer is informed or learns that a person in his/her presence has an outstanding criminal warrant, he/she shall detain the individual pending verification of the criminal warrant or wanted bulletin through the NOPD - National Crime Information Center (NCIC) Unit.
2. A person detained and found through the NOPD - NCIC Unit inquiry to have an Orleans Parish Municipal and/or Traffic Court attachment shall be processed in accordance with **Chapter 74.3.1 - Failure to Appear**.
3. A person detained and found through the NOPD - NCIC Unit inquiry to have a verified criminal warrant/attachment from a jurisdiction within the State of Louisiana other than Orleans Parish, but the detaining officer, using his/her discretion decides to release the individual pursuant to **La. C.Cr.P. Article 211.1** in lieu of physical arrest shall be processed in accordance with this Chapter and **Chapter 1.9 – Arrests** and **Chapter 41.8- Affidavit/Summons**.
4. Members are **PROHIBITED** from bringing a warrant directly to an outside agency for execution. The warrant **MUST** be filed with NOPD – NCIC Unit prior to any attempt at execution outside of the City of New Orleans.
5. Members are **PROHIBITED** from contacting an outside agency directly to verify a warrant. All warrant verification **MUST** be processed thru the NOPD – NCIC Unit.

#### PERSONS WANTED BY JURISDICTIONS OUTSIDE THE STATE OF LOUISIANA

6. Upon verification of a criminal warrant through the NOPD - NCIC Unit that does not contain limitations, a person detained by New Orleans Police Officers and wanted by a law enforcement agency in another jurisdiction outside the State of Louisiana shall be arrested and processed through Central Lock-up in accordance with **Chapter 1.9 -**

**Arrests.**

7. A person detained and wanted by another jurisdiction, with no local charge(s), shall not be transported to Central Lock Up until verification of the criminal warrant/wanted bulletin is obtained through the NOPD - NCIC Unit (see: **Chapter 1.9 - Arrests**).
8. NCIC will inform the officer if limitation(s) were placed on the warrant/wanted entry. Any limitation placed on a warrant or wanted bulletin renders the warrant unenforceable outside of the limitations placed on the warrant.
9. Limitations on a warrant may include entries stating the jurisdiction entering the warrant:
  - (a) Will not extradite, or
  - (b) Will extradite from certain states only, etc.
10. An officer detaining a person with no additional local charges and the limitation imposed in the warrant/wanted entry does not give him/her probable cause to make an arrest on that warrant shall:
  - (a) Not place the individual under arrest for the warrant/wanted entry.
  - (b) Prepare a complete FIC which includes noting the circumstances of the stop, the warrant and the limitations that caused the release.
  - (c) Include all information relative to the individual's residence, telephone number, place of employment, vehicle information, description, driver's license number, etc. in the FIC.
  - (d) Send an email referencing the item number and the warrant check and release to the SOD - Violent Offenders Warrant Squad.

**DELAY IN WARRANT VERIFICATION**

11. NOPD – NCIC Unit sends all warrant verification requests by teletype (TTY) to the agency that placed the warrant in the system immediately upon the receipt of request by the detaining officer.
12. Per the Criminal Justice Information Services (CJIS) policy, the agency that placed the warrant in the system has 10 minutes to respond to the verification TTY request or send a TTY requesting additional time.
13. If the NOPD – NCIC Unit does not verify the warrant within the time frame provided by the NOPD – NCIC Unit member, the detaining officer shall contact his/her immediate supervisor and advise him/her that a verification of the warrant/wanted is pending, the time that has lapsed and any known reasons for the delay in verification.
14. If NCIC cannot verify the warrant and the supervisor authorizes the release of the detained individual, the supervisor shall instruct the detaining officer to prepare an FIC on the stop and reasons for the release. The investigating officer shall:
  - (a) Not place the individual under arrest for the warrant/wanted entry.
  - (b) Prepare a complete FIC which includes noting the circumstances of the stop, the warrant and the limitations that caused the release.
  - (c) Include all information relative to the individual's residence, telephone number, place of employment, vehicle information, description, driver's license number, etc. in the FIC.
  - (d) Send an email referencing the item number and the warrant check and release to the SOD - Violent Offenders Warrant Squad.

**REQUIRED REPORTING INFORMATION**

15. Specific information is required in offense reports to assist the magistrate judge in setting a bond. An officer who makes an arrest based on a state warrant shall include the below information in offense/arrest reports:
  - (a) La. R.S.: 14-000 - used in the "Charge Section" only if the warrant was issued in another state and the individual is under arrest.
  - (b) The entire "Offender Section" shall be completed.
  
16. In the "Charges Section" of the offender section, the arresting officer will list the charge as follows for out of state warrants:
  - (a) Example: "La. R.S.: 14-000 fugitive from City, State (issuing authority to include the name of the city and state) for (appropriate charge) warrant number (appropriate warrant number) issued (correct issue date of warrant)."
  
17. The arresting officer will include the following required information in the "Narrative Section" of the report.
  - (a) Example:
 

"On (date) at (time) police officer (officer's name) stopped (arrested subjects name, race, sex, and DOB) in the (location of stop). His/her name was processed through the NOPD – NCIC Unit. The officer learned he/she was wanted by the (issuing authority city and state) for the offense of (appropriate charge) under warrant number (warrant number on warrant). The warrant was issued on (issue date on warrant). NOPD –NCIC Unit Operator (name of NCIC operator) verified the warrant.

*Indicate if the prisoner was wearing a monitoring device (E.M.D.).*

Attached is a copy of the bulletin stating (issuing authority) will extradite."

**TRANSPORTING FUGITIVES**

18. After the warrant is verified by the NOPD – NCIC Unit, the detaining or arresting officer shall transport the suspect to Central Lock-Up and processed as a "fugitive."

**RECEIVING FUGITIVE ARRESTS FROM CONTIGUOUS PARISHES**

19. A person wanted by the New Orleans Police Department, and in the custody of Jefferson, St. Bernard, or St. Tammany Parish law enforcement agencies, shall be transported to Central Lock-Up after verification of the warrant by on duty personnel in the NOPD - NCIC Unit.
  
20. Communications Services will dispatch fugitive transport requests from law enforcement agencies in contiguous parishes as follows:
  - (a) Second District unit will be dispatched to transport a prisoner held in Harahan, Louisiana.
  - (b) Third District unit will be dispatched to transport a prisoner held at the Jefferson Parish east bank Lock-Up.
  - (c) Fourth District unit will be dispatched to transport a prisoner held in the Jefferson Parish west bank Lock-Up and Plaquemines Parish Belle Chasse Lock-Up.
  - (d) Seventh District unit will be dispatched to transport a prisoner held in the Slidell Police Department's Lock-Up and the St. Tammany Parish Lock-Up.
  - (e) Fifth District unit will be dispatched to transport a prisoner held in St. Bernard Parish.
  
21. If a unit is not available in the above listed districts, and a unit will not become available within one hour of the conclusion of the working shift, the on-duty Police Liaison in

Communications Services shall assign the transportation to a district unit as geographically close as possible to the prisoner's place of confinement.

22. An officer(s) assigned to the SOD – VOWS –Extradition and Fugitive Unit shall be assigned to transport a prisoner from any parish that is not contiguous to Orleans Parish. The on-duty operator in the NOPD – NCIC Unit who verified the warrant shall contact the SOD – VOWS –Extradition and Fugitive Unit and arrange for transportation of the prisoner to Orleans Parish during the next working shift.

### **JUVENILE FUGITIVE TRANSPORTS**

23. The responsibility for the transportation of juvenile offenders arrested as fugitives from Orleans Parish and held in a facility outside of Orleans Parish is handled in the same manner as adult fugitive transports.

### **FUGITIVE ARREST REPORTING REQUIREMENTS**

24. A supplemental report shall be completed and a cancellation bulletin sent by officer(s) assigned to transport a prisoner from a parish outside of Orleans Parish. Therefore, no cancellation bulletins shall be sent for any fugitive arrest (17F), court capias (21), municipal or traffic attachments (17M/T), or probation violations.
25. An incident report shall be completed on a capias arrest if the warrant was issued by an Orleans Parish Criminal District Court or Civil District Court Judge.
26. Incident reports are not required for the arrest of an individual wanted on an attachment issued by an Orleans Parish Municipal or Traffic Court Judge (see: **Chapter 74.3.1 – Failure to Appear – Summons in Lieu of Physical Arrest**).
27. If a person under arrest has more than one verified attachment/warrant from the same jurisdiction, other than Orleans parish, the investigating officer shall complete one incident report including all attachment/warrant numbers in the charge section of the report.
  - (a) Example: If the person has five verified warrants from Jefferson Parish, the arresting officer will complete one Fugitive Investigation/Attachment report placing all five warrant/attachment numbers in the charge section of the report. Officers shall use the same procedure when completing an Electronic Police Report (EPR).

### **NCIC PERSONNEL**

28. When a member of the New Orleans Police Department NCIC Unit is notified an officer is releasing a person with a warrant/attachment from another jurisdiction pursuant to C.Cr.P. Art. 211.1, the NCIC operator shall send a teletype message to the agency that entered the person into the system as wanted, stating that the person is being released. The NCIC operator will also forward any updated information obtained by the officer.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.12

### TITLE: DIPLOMATIC AGENTS & CONSUL OFFICERS

**EFFECTIVE: 01/07/2018**

**REVISED: (Conversion replaces Policy 422)**

---

#### **PURPOSE:**

This Chapter outlines the process and procedure to be followed by members in addition to the guidelines of **Chapter 1.9 – Arrests** and shall be utilized for the arrest or detainment of a foreign national with diplomatic immunity.

#### **POLICY**

It is the policy of this Department to adhere to the guidance provided by the U.S. Department of State concerning immunities for foreign nationals, based on international treaty obligations. Adherence to these international treaty obligations is required by law and also helps protect American diplomatic officers and consular officials stationed abroad.

#### **DEFINITIONS:**

**Diplomatic Mission Administrative and Technical Staff**—The administrative and technical staff are members of a diplomatic mission who perform tasks critical to the inner operation of the embassy. They enjoy many of the same privileges as diplomatic agents, including personal inviolability, immunity from criminal jurisdiction, and immunity from the obligation to provide evidence as a witness. With regard to civil jurisdiction, however, they enjoy only official acts immunity. As with diplomatic agents, recognized household members of the administrative and technical staff enjoy the same immunity from criminal jurisdiction as do recognized household members of diplomatic agents.

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her.

**Consular Officer**—An official appointed by a sovereign state to protect its commercial interest and aid its citizens in a foreign city.

**Consulate Employees**—Employees who perform administrative and technical services for the consulate post. They have no personal inviolability, and only official acts immunity. Their family members enjoy no personal inviolability or jurisdictional immunities of any kind.

**Detainee**—For the purposes of this Chapter, a detainee is a foreign national who is arrested or placed in custody pending investigation or judicial appearance, or both. Brief stops of such persons for motor vehicle violations, traffic crash investigations or investigatory stops are not considered detentions for purposes of this policy.

**Diplomatic Agents**—Diplomatic agents are ambassadors and other diplomatic officers who generally have the function of dealing directly with the host country officials. They enjoy the highest degree of privileges and immunity. They enjoy complete personal inviolability, which means that they may not be handcuffed (except in extraordinary circumstances), arrested, detained, or prosecuted, or subpoenaed as a witness. Residences or property, including vehicles, may not be entered or searched. Recognized household members enjoy precisely the same privileges and immunities as do the sponsored diplomatic agents.

**Diplomatic Immunity**—A principle of international law exempting designated foreign government officials from the jurisdiction of local courts and other authorities for both their official and, to a large extent, their personal activities.

**Honorary consul / honorary consular officer**—American citizens or permanent resident aliens who perform consular services on a part-time basis. Honorary consuls, unlike career consuls, are permitted to carry on another business. These persons have “official acts” immunity only and immunity from the obligation to provide evidence as witnesses only in respect of official acts. They do not enjoy personal inviolability and may be arrested pending trial if circumstances should otherwise warrant. Recognized household members of honorary consuls enjoy no immunity or personal inviolability. Honorary consuls are issued official identification cards by the U.S. Department of State.

**Personal Inviolability**—A principle embodied in international law that generally precludes law enforcement officials from handcuffing, arresting, or detaining certain foreign diplomatic and consular officials in any form and forbids U.S. authorities from entering the residences, automobiles, or other property of protected persons. Where public safety is in imminent danger or it is apparent that a felony or crime of violence may otherwise be committed, police authorities may intervene to the extent necessary to halt such activity or defend themselves or others from personal harm.

**Personnel of International Organizations**—Employees of international organizations, such as the United Nations and the World Bank. The vast majority of personnel employed by an international organization enjoy official acts immunity only and no personal inviolability. In certain cases, the most senior executives of such organizations have been accorded privileges and immunities equal to those afforded diplomatic agents, such as the Secretary General and all Assistant Secretaries-General of the United Nations.

**Personnel of National Missions to International Organizations**—Employees of national missions to international organizations, such as a foreign government’s mission to the United Nations. Pursuant to international law, the most senior representatives in national missions to the international organizations have the personal inviolability and immunity equivalent to that afforded diplomatic agents. The remainder of the staff are granted only official acts immunity.

**Diplomatic Mission Service Staff**—Members of the service staff who perform tasks such as driving, cleaning, or grounds maintenance for the mission. They are accorded much less in the way of privileges and immunities than diplomatic agents or members of administrative and technical staff. Service staff members generally have only official acts immunity. Families of the service staff enjoy no diplomatic privileges or immunities.

**Official Acts Immunity**—Official acts immunity is not a prima facie bar to the exercise of jurisdiction by U.S. courts. Rather, it is an affirmative defense to be raised before the U.S. court

with subject matter jurisdiction over the alleged crime. If such court, in the full light of all the relevant facts, determines the action complained of was an official act, only at that point does international law preclude the further exercise of jurisdiction by the U.S. court. Because judicial determination in a case of this type is highly dependent on the facts surrounding the incident, a full and complete police report may be critical in permitting the court to make a just decision.

**Recognized Household Members**—Spouses, children until the age of 21 (until the age of 23 if they are full-time students at an institution of higher learning), and such other persons expressly agreed to by the US Department of State in extraordinary circumstances.

**TECRO / TECO**—An acronym for the Taipei Economic and Cultural Representative Office in the United States (TECRO) and its subsidiary offices, the Taipei Economic and Cultural Offices (TECO). They facilitate the commercial, cultural, and other relations between the people of the United States and the people on Taiwan. The term “TECRO designated employees” means persons duly notified to and accepted by the American Institute in Taiwan (AIT) as designated employees of TECRO at its primary office or one of its subsidiary offices (TECO). TECRO / TECOs in the United States enjoy many diplomatic privileges such as extraterritoriality, providing consular protection and their staff have diplomatic immunity.

## GENERAL

1. If an incident involves someone who may have diplomatic immunity, the investigating officer(s) shall conduct a complete investigation of the incident. It is the United States Department of State’s policy to encourage law enforcement authorities to: pursue criminal investigations vigorously; prepare cases carefully and completely; and document properly each incident so that charges may be pursued as far as possible in the U.S. judicial system. The U.S. Department of State will request a waiver of diplomatic immunity in every case in which the prosecutor advises that he or she would prosecute but for immunity. If the charge is a felony or a crime of violence and the sending country does not waive immunity, the U.S. Department of State will require that person to depart the U.S. and will request that law enforcement issue a warrant for that person’s arrest so that the name will be entered in NCIC.
2. If a person claims diplomatic immunity or personal inviolability, it is imperative that the investigating officer promptly and accurately confirm the status of the person, as outlined below.
3. Investigating officers may contact the Communications Section to seek assistance from the Department of State (see **NOPD.org / Resources / Diplomatic and Consular Immunity - Guidance for Law Enforcement** for contact information).
4. If the individual is entitled to the full inviolability and immunity of a diplomatic agent, he or she may not be arrested, handcuffed, and/or detained, **except** where public safety is in imminent danger or it is apparent that a felony or crime of violence may otherwise be committed, police authorities may intervene to the extent necessary to halt such activity or defend themselves or others from personal harm.
5. In circumstances when there is imminent danger to public safety or it is apparent a serious crime may otherwise be committed (felony or crime of violence), police officers may intervene to the extent necessary to halt such activity, regardless of personal inviolability.
6. Police officers are permitted to defend themselves from personal injury in conformity with **Chapter 1.3 – Use of Force**.

7. When responding to or investigating an apparent violation of the law involving a person claiming diplomatic immunity, the investigator shall request the official identity card issued by the Department of State (or the U.S. Mission to the United Nations in the case of persons accredited to the UN, or the American Institute in Taiwan for the employees of TECRO or TECO) and verify the immunity status by contacting the State Department or card-issuing agency.
8. If the individual is unable to produce satisfactory identification, and the results of the investigation normally require an arrest, the officer shall inform the individual he or she will be detained until proper identity can be confirmed by the Department of State, the U.S. Mission to the United Nations, or the American Institute in Taiwan. Until an individual's status of inviolability has been confirmed in situations that warrant criminal arrest, the individual shall only handcuffed if the person claiming personal inviolability poses an immediate threat to [public] safety or it is apparent that a serious crime may otherwise be committed. (See: **Chapter 1.3.1.1 – Handcuffing and Restraint Devices.**)
9. Once proper identification is available or obtained and the individual's status of immunity and/or inviolability has been confirmed, he or she shall be released immediately; the investigating officer shall honor the individual's immunity granted by law. (See: **NOPD.org / Resources / Diplomatic and Consular Immunity - Guidance for Law Enforcement**)
10. In all instances involving individuals claiming diplomatic immunity the investigating officer(s) shall:
  - (a) Identify and verify the diplomatic status of the detainee by calling the State Department. Identity cards are issued by the U.S. Department of State, Office of Protocol, and the U.S. Mission to the United Nations and by the American Institute in Taiwan to be used as identification for diplomats and consular officials. The front of the card displays the Department of State or United Nations Seal and foreign official's photograph. A statement of the bearer's immunity is printed on the back with his/her signature. The identification cards are color coded according to the following:
    - **Blue Border** - Diplomatic officers (including UN diplomatic officers) and their recognized family members.
    - **Green Border** - Embassy administrative and technical staff employees and their families, embassy service staff, UN Permanent Mission support staff, and TECRO employees and their recognized family members.
    - **Red Border** – Career consular officers, employees, or their recognized family members, honorary consular officers, and TECO head and deputy head, and TECO employees and their recognized family members.
  - (b) Contact the State Department if the person claiming diplomatic status cannot produce a valid identity card or other official identification.
  - (c) Request a supervisor meet him/her at the scene;
  - (d) Document all pertinent information from the identity card in the police incident report (EPR);
  - (e) Fully document the incident on the NOPD incident report form (EPR), including traffic offenses;
  - (f) Submit the report for approval (see **Chapter 82.1**); and
  - (g) Forward a copy of the approved police incident report and all related documentation to the Department of State or the US Mission to the UN(see **NOPD.org / Resources / Diplomatic and Consular Immunity - Guidance for Law Enforcement** for contact information)

**TRAFFIC OFFENSES BY DIPLOMATS AND CONSULS**

11. Stopping a diplomatic or consulate officer and issuing a traffic citation is permitted. **A signature on the citation by the individual cited is not required.**
12. License plates issued by the U.S. Department of State are coded to reflect the degree of immunity which the registered owner of the vehicle enjoys:
  - Plates with a “**D**” prefix or suffix are issued to diplomatic missions and those members who hold diplomatic rank.
  - Plates with a “**C**” prefix are issued to consular missions and career consular officers.
  - Plates with an “**S**” prefix are issued to the administrative and technical staff at diplomatic missions and consular employees at consular missions.
  - Plates with an “**A**” prefix or suffix are issued to official vehicles of the Secretariats of the United Nations and the Organization of American States and the personally owned vehicles of those staff members who have diplomatic status.
13. These license plates are designed to assist officers identifying vehicles that belong to persons who may enjoy some degree of immunity, however, **in no circumstance should the license plate be used alone to verify the status of an individual claiming immunity.**
14. Vehicle registration cards are issued by the Department of State to accompany diplomatic license plates. The card provides the vehicle description, name and address of the registered owner, and the license plate number assigned to the vehicle. Verification of the registered owner, vehicle, or license plate can be made through standard access of NLETS.
15. Officers shall follow normal procedures to intervene in a traffic violation he/she has observed, even if immunity ultimately bars any further action at the scene, and report the incident in accordance with this Chapter if the violator claims immunity.
16. Officers shall fax a copy of the citation along with any other pertinent documentation to the U.S. Department of State as soon as possible (202-895-3613 / see **NOPD.org / Resources / Diplomatic and Consular Immunity - Guidance for Law Enforcement** for contact information).
17. Serious traffic violations such as driving while intoxicated and/or an accident with personal injury require:
  - (a) Telephonic notification to the U.S. Department of State (see **Appendix 3** for contact information);
  - (b) Scene response by the investigating officer’s supervisor; and
  - (c) A standard field sobriety test shall be offered, but may not be compelled. If a test is agreed to, the results shall be documented. If the investigating officer believes the individual too impaired to drive safely, the officer shall not permit the individual to drive. The options available are:
    - Take the individual to the district station, or other suitable location, where the individual may recover sufficiently to drive;
    - Allow the individual to summon a friend or relative to drive;
    - Call a taxi for the individual at his/her cost; or
    - Suggest an alternative form of transportation.
18. A copy of an approved, completed report shall be sent to the Department of State (see

**NOPD.org / Resources / Diplomatic and Consular Immunity - Guidance for Law Enforcement** for contact information). It is the Department of State's policy to suspend the operator's license of foreign mission personnel not considered responsible drivers, and this policy may only be effectively enforced if all driving related infractions are fully reported to the Department of State.

#### **DIPLOMATIC AND/OR CONSULATE VEHICLES AND PROPERTY**

19. The property of a person enjoying full immunity, including his/her vehicle, **may not be searched or seized**. Such vehicles may not be impounded or "booted" but may be towed the distance necessary to remove them from obstructing traffic or endangering public safety.
20. If a vehicle owned by a diplomat is suspected of being stolen or used in the commission of a crime, occupants of the vehicle may be required to present vehicle documentation to permit police verification of the vehicle's status through standard access to the **National Law Enforcement Telecommunications System (NLETS)** use access code U.S. Should the vehicle prove to be stolen or to have been used by unauthorized persons in the commission of a crime, the inviolability to which the vehicle would normally be entitled must be considered **temporarily suspended**, and normal search of the vehicle and, if appropriate, its detention, are permissible.
21. Vehicles registered to consular officials, including those with full criminal immunity, and consulates are not inviolable and may be towed, impounded or booted in accordance with local procedures.
22. The Commander of Education and Training shall create a lesson plan detailing Diplomatic and consulate immunity privileges for recruit and in-service training.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.14

### TITLE: ARREST OF POSTAL EMPLOYEES

**EFFECTIVE: 05/14/2017**

**REVISED:**

---

#### PURPOSE

This Chapter outlines the process and procedure to be followed by members in addition to the guidelines of **Chapter 1.9 – Arrests** when arresting a United States Postal Service (USPS) employee on duty for the Post Office. This does not include members of the **United States Postal Inspection Service (USPIS)**, who are commissioned law enforcement officers or agents and covered under **Chapter 1.18 – Arrest of a Law Enforcement Officer from Another Jurisdiction**.

#### POLICY

1. Mail carriers of the United States Postal Service (USPS) on duty for the Post Office are not physically placed under arrest and booked unless the provision of the law makes arrest and booking mandatory. If the arrest and booking is not mandatory and if relevant law allows, the officer shall issue a municipal summons or traffic citation in accordance with **Chapter 41.8 – Affidavit & Summons** and **Chapter 61.3 – Traffic Citations** for the violation and the mail carrier shall be released as soon as possible.
2. Officers shall not, if it is possible, obstruct delivery of the United States Mail.

#### ARRESTING OFFICER'S RESPONSIBILITIES

3. If the criminal violation requires an arrest and booking or the mail carrier's action may cause injury or material property damage, the officer shall contact his/her supervisor. U.S. Postal equipment and Mail shall not be left unsecured.
4. The arresting officer shall prepare an incident report (EPR). Specific notation shall be made in the report of all persons contacted at the USPS, the USPS supervisor(s) who come to the scene and USPS employee who took custody and control of the mail.

#### SUPERVISOR'S RESPONSIBILITIES

5. Once notified of an arrest covered by this Chapter, the supervisor shall proceed to the scene and confirm the circumstances of the arrest, the existence of probable cause, and the status of the arrested subject's employment.

6. The supervisor will contact the mail carrier's supervisor through the Communications Services and request a postal supervisor take immediate custody of any mail in possession of the arrested employee. U.S. Postal equipment and Mail shall not be left unsecured.
7. The supervisor shall review any recordings surrounding the incident and sign all required reports (EPR) and paperwork prior to the end of the arresting officer's shift.
8. The supervisor shall complete a brief Interoffice Correspondence (105) with a synopsis of the incident review and forward it, along with a copy of the EPR, to the Public Affairs Office and the Commander of PIB prior to the end of the supervisor's shift.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

9. The Commander of the Public Integrity Bureau shall be responsible for reviewing the report (EPR), all attached paperwork, the supervisor's incident review 105 and all recordings surrounding the incident and reporting his/her findings to the Deputy Chief of PIB.
10. The Deputy Chief of PIB shall notify the Superintendent of Police of the incident and report the findings of the review within 72 hours of the incident.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.15

### TITLE: FELONY WANTED VEHICLE ENTRY AND REMOVAL IN N.C.I.C.

**EFFECTIVE: 04/08/2018**

**REVISED: (Replaces Policy 439)**

---

#### PURPOSE

The purpose of this Chapter is to establish guidelines for entering information on vehicles involved in felony offenses into the National Crime Information Center (N.C.I.C.) system.

#### GENERAL INFORMATION

1. A description of a vehicle used in the commission of a felony offense may be entered into N.C.I.C., provided that the investigating officer has:
  - (a) An accurate description of the vehicle, and
  - (b) Probable cause to believe the vehicle sought was used in the commission of a felony.
2. The vehicle information will be automatically purged from the N.C.I.C. computer system files after 90 days.
3. The investigating officer must submit an interoffice communication (Form 105) request to N.C.I.C. for the vehicle description to remain in N.C.I.C. for any additional period of time. The request for additional time must include a reasonable explanation and be approved by the investigating officer's supervisor.
4. A description of a vehicle registered to a wanted subject cannot be entered, unless the vehicle was used in the commission of the felony.

#### INSTRUCTIONS

5. NOPD - N.C.I.C. Unit members will verify the suspected vehicle information through available motor vehicle registry information databases prior to entering the information into the N.C.I.C. computer system files.
6. Prior to requesting an entry into N.C.I.C., a **Felony Wanted Vehicle Bulletin Form** (Form 290) must:
  - (a) Be completed in its entirety, and
  - (b) Reviewed and signed by the investigating officer's supervisor.
7. A **Felony Wanted Vehicle Bulletin Form** must be submitted and an NCIC assess

number obtained. This access number shall be noted in the related police report.

8. Officers locating a vehicle listed with N.C.I.C. as being involved in the commission of a felony shall:
  - (a) Complete a supplemental report listing the N.C.I.C. officer's name,
  - (b) Contact NOPD-NCIC by phone and obtain a recovery access number so the vehicle is removed from the N.C.I.C. Felony Vehicle file, and
  - (c) Send a copy of the report with the recovery access number noted to the investigating officer or his/her unit/section/division/bureau.
  
9. A recovered vehicle shall be processed as evidence in accordance with department regulations.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.17

### TITLE: ARREST OF A SPECIAL OFFICER, RESERVE POLICE OFFICER, RESERVE SHERIFF'S DEPUTY OR ANY HONORARY OFFICER OR HONORARY DEPUTY

**EFFECTIVE: 05/14/2017**

**REVISED:**

---

#### PURPOSE

This Chapter outlines the process and procedure to be followed by members in addition to the guidelines of **Chapter 1.9 – Arrests** when arresting a special officer, reserve police officer (except for an on-duty reserve NOPD officer), reserve sheriff's deputy or honorary officer or honorary deputy who is found to be in violation of a city ordinance, or state law, and is taken into custody or issued a summons to appear in court.

Reserve NOPD officers who are on-duty at the time of the arrest or summons are investigated and processed in the same manner as full-time employees of NOPD and investigated by PIB. (see: **Chapter 52.1.1 – Complaint Investigation**).

#### DEFINITIONS

Definitions related to this Chapter include:

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her.

**Reserve**—When used in the context of a law enforcement officer denotes an individual that has been commissioned to carry a firearm and make arrests within the scope and limitation of the authority of the law enforcement agency head who authorized and signed the commission. They are not employees of the agency and donate their time to the agency. They are however, trained and must meet the minimum standards of the agency.

**Honorary**—When used in context of a law enforcement officer denotes an individual who has been recognized by the agency issuing the credentials for their support and assistance to the agency. Honorary identifications and badges do not confer any law enforcement authority on the individual and are merely awards or honors.

**Special Officers**—Denotes a class of individuals who, because of their job duties, must carry a weapon and/or have limited powers of arrests or detention (i.e. security guards). They are classed as "permits" and denote the rights and limitations on the credentials.

**ARRESTING OFFICER'S RESPONSIBILITIES**

1. The arresting officer shall follow the guidelines of **Chapter 1.9 – Arrests** as well as the specific guidelines outlined in this Chapter.
2. The arresting officer shall confiscate the commission ID card of a special officer, reserve police officer, reserve sheriff's deputy or honorary officer or honorary deputy from any jurisdiction at the time of his/her arrest.
3. The arresting officer shall immediately notify his/her supervisor and apprise him/her of the arrest and circumstances.
4. The arresting officer shall prepare an incident report (EPR) and include a copy of the commission identification card. The arresting officer shall bring the original commission to the Central Evidence and Property Division (CE&P) and enter it as the property of the issuing agency, not as the property of the person being charged. .

**SUPERVISOR'S RESPONSIBILITIES**

5. Once notified of an arrest covered by this Chapter, the supervisor shall proceed to the scene and confirm:
  - (a) The circumstances of the arrest;
  - (b) The existence of probable cause; and
  - (c) The status of the arrested subject's affiliation with a law enforcement agency.
6. The supervisor shall notify PIB of the arrest after arriving on the scene.
7. The supervisor shall make every effort to contact the supervisor/chief/sheriff of the arrested person at the time of the arrest.
8. The supervisor shall forward a copy of the incident report (EPR) to the Chief/Sheriff of the issuing agency.
9. The supervisor shall review any recordings of the incident and sign all required reports (EPR) and paperwork prior to the end of the arresting officer's shift.
10. The supervisor shall immediately notify the Commander of the Reserve Division and the Public Integrity Bureau of the arrest or summons of an NOPD Reserve Officer.
11. The supervisor shall immediately notify the Commander of the Public Integrity Bureau of the arrest or summons of a person holding any honorary credentials or badge issued by the NOPD.

**CENTRAL EVIDENCE AND PROPERTY COMMANDER'S RESPONSIBILITIES**

12. For non-NOPD identifications, the Commander of CE&P shall forward the commission card to the Chief/Sheriff of the agency issuing the commission within seventy-two (72) hours of the identification being entered into CE&P noting the appropriate catalog disposition.

**PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

13. The Public Integrity Bureau shall be responsible for conducting a formal disciplinary investigation in the case of an arrest or summons of an NOPD Reserve Officer, or a follow-up investigation (EPR) or interoffice correspondence (105) of a person holding an honorary NOPD credentials or badge. In either case, the investigative report or interoffice correspondence will be processed through the chain-of-command to the Superintendent of Police.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.18

### TITLE: ARREST OF A LAW ENFORCEMENT OFFICER FROM ANOTHER JURISDICTION

**EFFECTIVE: 05/14/2017**

**REVISED:**

---

#### PURPOSE

This Chapter outlines the process and procedure to be followed by members in addition to the guidelines of **Chapter 1.9 – Arrests** when arresting a full-time peace officer from any agency other than NOPD who is found to be in violation of a city ordinance, or state law, and is taken into custody or issued a summons to appear in court.

#### DEFINITIONS

Definitions related to this Chapter include:

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her.

**Peace officer**—Any full-time employee of the state, a municipality, a sheriff, or other public agency, whose permanent duties actually include the making of arrests, the performing of searches and seizures, or the execution of criminal warrants, and is responsible for the prevention or detection of crime or for the enforcement of the penal, traffic, or highway laws of this state. The term shall include commissioned police officers, sheriffs, deputy sheriffs, marshals, deputy marshals, correctional officers, constables, wildlife enforcement agents, park wardens, livestock brand inspectors, forestry officers, full-time military police officers within the Military Department of the State of Louisiana, full-time security personnel employed by the Supreme Court of the State of Louisiana, and probation and parole officers.

#### ARRESTING OFFICER'S RESPONSIBILITIES

1. The arresting officer shall follow the guidelines of **Chapter 1.9 – Arrests** as well as the specific guidelines outlined in this Chapter.
2. The arresting officer shall confiscate the commission ID card of a law enforcement officer from any agency other than NOPD at the time of his/her arrest.
3. The arresting officer shall immediately notify his/her supervisor and apprise him/her of the arrest and circumstances.

4. The arresting officer shall prepare an incident report (EPR) and include a copy of the commission identification card. The arresting officer shall bring the original commission to the Central Evidence and Property Division (CE&P) and enter it as the property of the issuing agency, not as the property of the person being charged.

#### **SUPERVISOR'S RESPONSIBILITIES**

5. Once notified of an arrest covered by this Chapter, the supervisor shall proceed to the scene and confirm: the circumstances of the arrest, the existence of probable cause, and the status of the arrested subject's affiliation with a law enforcement agency.
6. The supervisor will notify the law enforcement agency that employs the arrested subject as soon as possible after the arrest and inform that agency of the circumstances of the subject's arrest. The notified individual shall be supplied with the item number of the incident and the details surrounding the incident. The supervisor making the notification shall obtain the name and assignment of the individual notified at the subject's agency. The notification, including the name and assignment of the person notified and the date and time of notification, will be included in the EPR.
7. The supervisor shall review any recordings of the incident and sign all required reports (EPR) and paperwork prior to the end of the arresting officer's shift.
8. A copy of the EPR and a brief Interoffice Correspondence (105) with a synopsis of the incident review shall be prepared by the notified supervisor and forwarded to the Commander of PIB prior to the end of the supervisor's shift.

#### **CENTRAL EVIDENCE AND PROPERTY COMMANDER'S RESPONSIBILITIES**

9. The Commander of CE&P will forward the commission card to the Chief/Sheriff of the agency issuing the commission within seventy-two (72) hours of the identification being entered into CE&P noting the appropriate catalog disposition.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

10. The Commander of the Public Integrity Bureau shall be responsible for reviewing the report (EPR), all attached paperwork, the supervisor's incident review 105 and all recordings of the incident and reporting his/her findings to the Deputy Chief of PIB.
  11. The Deputy Chief of PIB shall report the findings of the review to the Superintendent of Police within 24 hours of the incident.
-

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.20

### TITLE: SCHOOL INCIDENTS, SCHOOL RESOURCE OFFICERS

**EFFECTIVE: 08/26/2018**

**REVISED: Replaces Policy 473**

---

#### PURPOSE

This Chapter establishes guidelines for school resource officers and other NOPD officers in handling incidents occurring on school property and incidents involving truant students. When handling school incidents, officers will be mindful of the school administrator's responsibility for student discipline separate and apart from the responsibility of officers for the investigation of crime and law enforcement.

For incidents involving children outside of school, please refer to **Chapter 44.2 – Juveniles**, **Chapter 44.3 – Juvenile Warning Notice** and **Chapter 44.1.4 – Temporary Custody of Juveniles**.

#### DEFINITIONS

**Caretaker**—Any person legally obligated to provide or secure adequate care for a child, including a parent, tutor, guardian, legal custodian, foster home parent, an employee of a public or private day care center, or other person providing a residence for a child (Louisiana Children's Code Art. 603).

**Child**—A person under eighteen years of age who, prior to juvenile proceedings, has not been judicially emancipated.

**School Resource Officer (SRO)**—SROs are sworn law enforcement officers, specifically assigned by the Department, to providing security, educational training, and relationship building services in assigned schools.

#### POLICY STATEMENT

1. The SRO is expected to be a law enforcer, educator, and informal counselor.
2. The SRO should strive to employ non-punitive techniques when interacting with students.
3. Custodial arrests of students should be used only as a last resort (see **Chapter 44.3 – Juvenile Warning Notice**).

4. During normal school hours, the SRO will investigate all calls for service at the school where he/she is assigned.
5. The SRO will complete an electronic police report, if required by the incident, and notify the principal or assistant principal about the incident.
6. If an SRO is unavailable, a District unit shall be assigned to respond to the call for service and if required by the incident, investigate and complete an electronic police report. The responding officer shall forward the police report or item number to the SRO.
7. No call for service shall be “held” waiting for an SRO to respond if it is a Code 2 or higher. The next available District unit shall be assigned to respond rather than waiting for an available SRO.
8. No officer shall respond to minor misbehavior that can be appropriately addressed administratively through the school’s disciplinary process. Police officers are not the enforcement arm of the school administration. Minor misbehavior includes:
  - (a) Disobedience to school authorities,
  - (b) Disruption of class,
  - (c) Disorderly language,
  - (d) In-school fighting which would be a simple assault or simple battery (when no weapon is used or serious injury occurs),
  - (e) Dress code violations<sup>1</sup>,
  - (f) Cell phone violations, and
  - (g) Tardiness.

#### **SCHOOL RESOURCE OFFICER GENERAL RESPONSIBILITIES**

9. The SRO, as an informal counselor, should build relationships with students, their families, and staff and reinforce positive behavior.
10. When possible, the SRO will assist with school/student problems such as drug abuse, child abuse, and will assist students in finding school and community resources for their families.
11. The SRO will be available to confer with students, parents, and staff regarding law enforcement related issues or problems.
12. The SRO must reflect a positive role model for students and parents.
13. The SRO shall be involved in the implementation of Department-sponsored and -approved programs that help to build trusting relationships with the students and the Department.
14. The SRO will assist with emergency preparedness, lock down drills, and safety awareness education.
15. School administration is responsible for day-to-day student discipline, and SROs shall not be utilized in such a manner unless there is an imminent safety issue or a crime is thought to be involved.
16. There will be times when it is appropriate and necessary for the SRO to take a student into custody from the school setting. Arrest procedures involving students shall be in accordance with appropriate state law and Department policy. See **Chapter 44.2 – Juveniles**, **Chapter 44.3 – Juvenile Warning Notice** and **Chapter 44.1.4 – Temporary Custody of Juveniles**.

17. The SRO will document his/her daily activity on the police radio with Communication Services or by MDC for Daily Activity Reports, including when the SRO:
- (a) Provides counselling to a student;
  - (b) Conducts a structured youth engagement activity session;
  - (c) Participates in any structured school activity that builds trust and relationships with the school staff and students;
  - (d) Refers a student to a school counsellor;
  - (e) Conducts or participates in a parent-teacher conference;
  - (f) Transports a student:
    - i. To school if truant, or
    - ii. Juvenile Intake Unit, or
    - iii. Truancy center;
  - (g) Collaborates with school staff, students, parents, etc. to solve a problem;
  - (h) Conducts an arrest;
  - (i) Distributes any departmentally approved materials to the school or students; or completes a Juvenile Warning Notice consistent with **Chapter 44.3 – Juvenile Warning Notice**.

#### **RESPONDING OFFICER'S RESPONSIBILITIES**

18. An officer responding to a complaint or call for service (CFS) on school property shall:
- (a) Enter the school grounds via normal access points and conduct his/her self in a professional manner.
  - (b) Avoid unnecessary disruption of the normal school routine.
  - (c) Notify the school's principal or assistant principal of his/her presence, and the nature of the call for service.
  - (d) Seek the school official's cooperation.
  - (e) Notify the on duty SRO if working.
19. The responding officer shall:
- (a) Request his/her supervisor to respond to the scene.
  - (b) Notify the appropriate school official.
  - (c) Inform the school official, alleged victim, and alleged perpetrator that a copy of the incident report will be available through the NOPD Records Section and provide each with the report item number, responding officer's name, and where to obtain the incident report.
  - (d) Take appropriate law enforcement action.

#### **OFFICER'S RESPONSIBILITIES RELATIVE TO USE OF FORCE BY A SCHOOL EMPLOYEE OR CHILD**

20. An officer investigating a complaint by a student alleging improper use of force by a school employee shall contact Communications Services to notify the on duty platoon commander of the Child Abuse Unit if the child is a person under 18 years old as defined in Ch. C. Art. 603 (5).
21. A member of the Child Abuse Unit shall assume the investigation. The initial responding officer shall remain at the scene and assist the child abuse detective(s) as needed.
22. The responding officer shall document a complaint (CFS) by a school faculty member alleging improper use of force by a school employee or use of force by a student on a faculty member in an incident report (EPR).

**RESPONDING OFFICER'S RESPONSIBILITIES RELATIVE TO STUDENT INTERVIEWS**

23. An officer who interviews a student must comply with the requirements for interviews set forth in **Chapter 44.2 – Juveniles**. Officers should be mindful that formal interviews should be conducted pursuant to **Chapter 42.10 – Interviews** while protecting the rights of the juvenile being interviewed. If the officer considers the juvenile a suspect, the officer must proceed in accordance with **Chapter 44.2 – Juveniles** and **Chapter 42.11 – Custodial Interrogations**.
24. Absent exigent circumstances, if an interview with a student by an officer is to be conducted at a school, the officer must notify school officials and caretaker prior to the interview.
25. The interviewing officer will notify the school official that the officer needs to interview a student pursuant to an official police investigation, identify the student, and request the school official to produce the student for the interview.
26. The investigating officer shall request that school officials notify the parent/guardian of a student to be interviewed by a police officer if the student is a juvenile. The officer shall not interview a juvenile student prior to contacting and receiving the consent of a parent or guardian. If the parent or guardian cannot be contacted, the officer may proceed with the interview if the school official grants permission (in loco parentis), unless the officer is aware of limitations on the school administrator's authority to act in such a capacity.
27. If the student is an adult, the school officials may notify the student's parents if the school policy requires it but this does not require the officer wait for parental permission prior to interviewing the adult student if the student consents to speak with the officer.
28. If the parent/guardian of the juvenile student has been contacted by school officials and objects to the interview, the investigating officer will not begin the interview if it has not started, or, if the interview has started with the school official's permission, the officer will discontinue any interview with the juvenile student and the officer will attempt to speak directly with the parent/guardian to request permission prior to beginning or continuing any interview. An adult-age student may choose to speak with the investigating officer or not.
29. School officials and caretakers may be notified after initial contact has been made with a student if the exigency, emergency, time or circumstances do not allow for prior notification. Such circumstances may include, but are not limited to, situations involving an imminent threat of serious bodily injury, death, or violence.
30. If a school official asks to sit in on an interview with the student, this will be denied if the incident involves the school administration and/or a faculty/staff member, puts the student at risk, or could otherwise hinder the investigation.
31. In case of a conflict over the request, the officer will notify his/her supervisor. The supervisor will attempt to resolve the conflict through appropriate contact with a school administrator.

**SUPERVISORY RESPONSIBILITIES**

32. Supervisors shall:
  - (a) Ensure all necessary information relating to this Chapter is contained in reports.
  - (b) Ensure that officers are using body worn cameras during school incidents.
  - (c) Respond to the scene on school property when requested by SROs or

- investigating officers.
- (d) If supervising an SRO, randomly review Daily Activity Logs to assess SRO interaction with students.

### **SCHOOL RESOURCE OFFICER ADMINISTRATION AND ORGANIZATION**

33. The School Resource Officer Program is administered by the police District in which the school is located.
34. Officers regularly performing duties as SROs shall be assigned to the District in which the school is located and are under the direction of the District Commander or his/her designee.
35. Each District shall designate at least one officer as an SRO.

### **SELECTION AND TRAINING OF SRO**

36. NOPD shall select officers to serve as SROs based on the following criteria:
- (a) The SRO should have particular experience or expertise relevant to positive interactions with youth; enjoy working with children; have a demeanor appropriate for interacting with children (e.g., is calm, even-tempered); and is able to work with both children and caretakers cooperatively and respectfully.
  - (b) A SRO shall be a sworn POST certified police officer. SRO personnel shall be a Police Officer with permanent status and at least two years of experience after completion of the Field Training Program.
  - (c) The SRO should be capable of conducting in-depth criminal investigations, and be proficient in written and oral communication skills.
  - (d) The SRO should possess the ability to function effectively in public forums, possess positive interpersonal skills, and demonstrate a high degree of moral conduct in order to portray a positive role model for students and parents.
37. Each SRO shall successfully complete the appropriate training curriculum designed by the NOPD Education and Training Division for the School Resource Officer Program prior to assignment as an SRO. An emphasis in SRO training shall be placed on relationship-based policing, conflict resolution, and laws affecting children. SRO training shall include childhood development, interacting and communicating with children, bias-free policing and cultural competency, mentorship and counseling, best practices for school-based officers, and how to apply juvenile statutes and laws in schools.
38. SROs shall be certified, and maintain certification in, crisis intervention techniques and shall be a member of NOPD's Crisis Intervention Team.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.22

### TITLE: ARREST OF A CITY OF NEW ORLEANS EMPLOYEE

**EFFECTIVE: 05/14/2017**

**REVISED:**

---

#### PURPOSE

This Chapter outlines the process and procedure to be followed by members in addition to the guidelines of **Chapter 1.9 – Arrests** when arresting an employee of the City of New Orleans, other than a member of NOPD, who is found to be in violation of a city ordinance, or state law, and is taken into custody or issued a summons to appear in court.

#### ARRESTING OFFICER'S RESPONSIBILITIES

1. When an arresting officer becomes aware that an arrested subject is a City of New Orleans employee, the arresting officer shall follow the guidelines of **Chapter 1.9 – Arrests** as well as the specific guidelines outlined in this Chapter.
2. The arresting officer shall immediately notify his/her supervisor and apprise them of the arrest and circumstances.
3. The arresting officer shall prepare an incident report (EPR).

#### SUPERVISOR'S RESPONSIBILITIES

4. Once notified of an arrest covered by this Chapter, the supervisor shall proceed to the scene and confirm the circumstances of the arrest, the existence of probable cause, and the status of the arrested subject's employment with the City of New Orleans.
5. The supervisor will obtain the cell phone number of the Department head for the arrested subject.
6. The supervisor will notify the Department head where the arrested subject is employed as soon as possible after the arrest and inform them of the circumstances of his/her employee's arrest. The notification, including the name of the person notified and the date and time of notification, will be included in the EPR.
7. The notified individual shall be supplied with:
  - (a) The arrested person's name,
  - (b) The date, time and location of arrest,
  - (c) The item number of the incident and the particulars surrounding the incident, and

- (d) The charges filed against the city employee.
8. The supervisor shall review any recordings surrounding the incident and sign all required reports (EPR) and paperwork prior to the end of the arresting officer's shift.
  9. A copy of the EPR and a brief Interoffice Correspondence (105) with a synopsis of the incident review will be forwarded to the arrested person's Director or Department head, the Inspector General's Office, the Public Affairs Office and the Commander of PIB prior to the end of the supervisor's shift.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

10. The Commander of the Public Integrity Bureau shall be responsible for reviewing the report (EPR), all attached paperwork, the supervisor's incident review 105 and all recordings surrounding the incident and reporting his/her findings to the Deputy Chief of PIB.
11. The Deputy Chief of PIB shall report the findings of the review to the Superintendent of Police and notify the Inspector General's Office of the incident and report the findings of the review within 72-hours of the incident.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.24

### TITLE: IN-CUSTODY DEATHS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 311**

---

#### PURPOSE

The following Chapter shall establish guidelines to be followed in the event a suspect dies while in police custody.

#### MEMBER'S RESPONSINILITIES

1. If an member believes a suspect in his/her custody is seriously injured, dying or has died, he/she shall immediately:
  - (a) Notify the Communications Services,
  - (b) Request an E.M.S. unit be dispatched to the scene,
  - (c) Render first aid within the training and skill of the member,
  - (d) Notify his/her immediate supervisor, and
  - (e) Preserve the scene.

#### SUPERVISOR'S RESPONSIBILITIES

2. Once a supervisor becomes aware that a suspect in custody is seriously injured, dying or has died, he/she shall immediately;
  - (a) Proceed to the scene,
  - (b) Notify the Communications Services,
  - (c) Request an E.M.S. unit be dispatched to the scene if not already dispatched or enroute,
  - (d) Render first aid within the training and skill of the supervisor,
  - (e) Identify and isolate any witnesses, including officers, and
  - (f) Preserve the scene until PIB - FIT arrives and assumes the investigation.

#### COMMUNICATION SERVICES RESPONSIBILITIES

3. Communication Services shall make notifications as specified in **Chapter 1.3.6 – Reporting Use of Force** and **Chapter 1.3.2 – Force Investigation Team**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 1.25

### TITLE: CONCEALED HANDGUN PERMIT

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces 218**

---

#### PURPOSE

This Chapter identifies the Department's responsibilities involving concealed handgun permits.

#### STATE ISSUED CONCEALED HANDGUN PERMIT

1. The Department of Public Safety and Corrections (DPSC) has the statutory authority to issue a concealed handgun permit. A permit shall be issued to any citizen who qualifies pursuant to state law (La R.S. 40:1379.3). The New Orleans Police Department does not issue concealed handgun permits for the State of Louisiana.
2. Commissioned law enforcement officers are exempt from the requirements involving a concealed handgun permit (La R.S. 40:1379.3(Q)).

#### APPLICATION PROCESS

3. The DPSC issues permits to carry a concealed handgun to Louisiana residents who meets the requirements set by the Department of Public Safety and Corrections, including demonstrating competence with a handgun (La R.S. 40:1379.3(B); La R.S. 40:1379.3(C); La R.S. 40:1379.3(D)). Within two working days of receiving an application, DPSC will notify this department that a person domiciled within the City of New Orleans has applied for a concealed handgun permit.
4. Notifications from DPSC regarding concealed handgun permits shall be forwarded to the Records and Identification Section of the Management Services Bureau. The Records and Identification Section is responsible for ensuring that any information relating to the applicant's legal qualification to receive a permit is forwarded within 10 days to the deputy secretary of DPSC (La R.S. 40:1379.3(H)).

#### PERMIT ISSUED IN ANOTHER STATE

5. A permit to carry a concealed handgun that is issued by another state that recognizes the validity of permits issued pursuant to Louisiana law shall be valid in this state (La R.S. 40:1379.3(T)). The person shall be subject to the restrictions regarding the carrying of concealed firearms in Louisiana.

**TEMPORARY DISARMING, SEIZING OR REVOKING PERMITS AND HANDGUNS**

6. The permit holder of a concealed carry permit, valid in this state, is required to notify an officer who approaches him/her in an official manner (i.e., Terry Stop, traffic stop, etc.) that he/she has a weapon on his/her person, submit to a pat-down, and allow the officer to temporarily disarm him/her.
7. An officer may seize the handgun of any person physically arrested or issued a summons for negligently carrying a concealed handgun or behaving in a criminally negligent manner. In the event the officer determines that a physical arrest is appropriate both the handgun and the permit of the person shall be seized (**La R.S. 40:1379.3(I) (2); La R.S. 40:1382**) pending the adjudication of the charges.
8. Whenever an officer determines that grounds exist for the revocation of a concealed handgun permit, he/she shall prepare an affidavit on the appropriate form provided by DPSC indicating the reasons for the revocation. A copy of the officer's report relating to the incident shall be attached to the affidavit when submitted to DPSC (La R.S. 40:1379.3(I) (5)).
9. When an officer is made aware that an individual is carrying a concealed handgun and the officer has reasonable suspicion to believe that the individual is under the influence of either alcohol or a controlled dangerous substance, the officer may take temporary possession of the handgun and request submission of the individual to a department certified chemical test for determination of the chemical status of the individual. (**La R.S. 40:1379.3(I) (2)**).
10. The Superintendent of Police may revoke any concealed handgun permit. (La R.S. 40:1379.1(I)).

**CARRYING CONCEALED FIREARMS RESTRICTIONS**

11. An individual with a concealed handgun permit may not carry a concealed handgun while under the influence of alcohol or a controlled dangerous substance. A blood alcohol level of .05 percent or greater, or when a blood test or urine test shows any confirmed presence of a controlled dangerous substance is considered being under the influence (La R.S. 40:1379.3(I)1).
12. Concealed handguns are not permitted in certain buildings or other areas that may be prohibited by law. Examples include, but are not limited to the following:
  - (a) Any establishment that has been granted a permit to sell alcoholic beverages for consumption on the premises (La R.S. 26:71.1; La R.S. 26:271).
  - (b) Any place where a property owner, lessee, or other lawful custodian of the property has prohibited or restricted persons from possessing a concealed handgun (La R.S. 1379.3(O)).
  - (c) Any school firearm-free zone pursuant to La R.S. 14:95.6.
  - (d) Those areas identified under La R.S. 40:1379.3 and La R.S. 40:1379.3(N):
    - i. A law enforcement office, station, or building.
    - ii. A detention facility, prison, or jail.
    - iii. A courthouse or courtroom provided that a judge may carry such a weapon in his own courtroom.
    - iv. A polling place.
    - v. A meeting place of the governing authority of a political subdivision.

- vi. The state capitol building.
- vii. Locations where carrying a concealed firearm is prohibited by state or federal law, including any portion of an airport facility where the carrying of firearms is prohibited under federal law, except that no person shall be prohibited from carrying any legal firearm into the terminal, if the firearm is encased for shipment, for the purpose of checking such firearm as lawful baggage.
- viii. Any church, synagogue, mosque, or other similar place of worship, eligible for qualification as a tax-exempt organization under 26 U.S.C. 501, except as provided for in Subsection U of this Section.
- ix. A parade or demonstration for which a permit is issued by a governmental entity.
- x. Any portion of the permitted area of an establishment that has been granted Class A-General retail permit, as defined in Part II of Chapter 1 or Part II of Chapter 2 of Title 26 of the Louisiana Revised Statutes of 1950, to sell alcoholic beverages for consumption on the premises.
- xi. Any school, school campus, or school bus as defined in La R.S. 14:95.6.
  - (a) A student who possesses a firearm in his dormitory room or while going to or from his vehicle or any other person with permission of the administration (Louisiana Department of Public Safety and Corrections Office of State Police is exempted from this restriction (Concealed Handgun Permit Unit web booklet on Louisiana Concealed Handgun Permit Laws and Administrative Rules., page 35).

## RECORDS

- 13. Any information provided in connection with an application for a concealed handgun permit shall be held confidential and is not subject to a public records request (La R.S. 1379.3(A) (2)).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 2.1

### TITLE: EMERGENCY / SPECIAL EVENT MUTUAL AID & OUTSIDE AGENCY ASSISTANCE

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy/Procedure 352**

---

#### PURPOSE

The purpose of this policy is to provide guidance to members in requesting or responding to a request for mutual aid or when assisting another law enforcement agency in the event of an emergency or special event (R.S. 33:2337; R.S. 33:2338).

#### POLICY STATEMENT

1. It is the policy of this department to provide assistance to requesting agencies whenever reasonably possible.
2. Assistance shall be consistent with the applicable laws and policies of this department when another law enforcement agency requests mutual aid or outside agency assistance.
3. Members providing assistance under this Chapter are required to comply with all applicable NOPD policies, rules and regulation when working with other agencies. Where the policies of the agency NOPD is assisting conflict with NOPD policy, **NOPD policies prevail**. If such a conflict creates operational problems, the conflict should be directed to the Superintendent or his designee
4. While providing short term mutual aid that is not pursuant to an existing agreement between the agencies, members of the NOPD shall work under the direct supervision of NOPD supervisors but not under the direct supervision of the requesting agency. If requested, NOPD members shall have the same law enforcement authority as the personnel of the requesting agency (See: R.S. 33:2337).
5. The City may also establish an agreement for joint law enforcement assistance with another local government body provided those agreements meet statutory requirements pursuant to R.S. 33:1324 and clearly stated that NOPD members are required to abide by NOPD regulations at all times.

**DEFINITIONS:**

Definitions relevant to this Chapter include:

**Emergency**—Means an actual or potential condition that poses an immediate threat to life or property and exceeds the capability of the requesting agency to counteract successfully.

**Law Enforcement Agency**—Any sheriff, constable, or police force as defined by law and the Department of Public Safety and Corrections. (See: RS 46:1842).

**Mutual aid**—In emergency services, **mutual aid** is an agreement among emergency responders to lend assistance across jurisdictional boundaries. This may occur due to an emergency response that exceeds local resources, such as a disaster or a multiple-alarm fire.

**Peace officer, police officer or law enforcement officer**—A commissioned member of a law enforcement agency with the legal authority within his/her jurisdiction, to enforce the laws of the State of Louisiana, his/her municipality, or parish (See La. R.S. 40:2402).

**Special event**—Means an actual or potential situation that poses or may pose a threat to life or property because of the number of people involved and exceeds the capability of the requesting agency to counteract successfully.

**ASSISTING OUTSIDE AGENCIES**

6. Requests for any type of assistance from other agencies are generally received via radio transmission or from Communication Services and are routed to the Platoon Commander or an on-duty supervisor of the District for approval. Any such response to assist an outside agency should be considered for authorization pursuant to law, an established mutual aid plan or specific Departmental regulations (i.e. **Chapter 41.5 - Vehicle Pursuit**).
7. When a peace officer of an outside agency requests the assistance of this department in taking a person into custody, available District officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor in advance of taking action if possible. Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency.
8. When such assistance is rendered, the responding NOPD member will request an item number and complete an incident report (EPR) to report all action taken by NOPD members.
9. The member's supervisor, if working, or a District supervisor shall make the scene where NOPD members have rendered assistance to an outside agency involving an arrest. All Departmental use of force reporting guidelines apply.

**REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES**

10. If assistance for NOPD members is needed from another agency, the member requesting assistance shall first notify his supervisor of his/her intentions. The NOPD officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

11. All requests for assistance by NOPD from an outside agency will be made through Communications Services. Except in exigent circumstances, the request shall be noted and approved by a district supervisor, preferably the Platoon Commander of the District of occurrence.
12. The requesting officer should request a common radio frequency for use by all involved agencies so that communication can be coordinated as needed.

### **EMERGENCY INCIDENT MANAGEMENT MUTUAL AID**

13. State, regional or parish/county agencies may be summoned to assist and coordinate emergency services such as natural disasters, civil unrest, large crime scenes, major accidents and hazardous or chemical spills.
14. The Incident Commander is charged with making an immediate appraisal of the situation and its potential.
15. The first responding officers should keep in mind the main **Public Safety Goals** in an incident response:
  - (a) Save lives and protect first responders,
  - (b) Stabilize the incident, and
  - (c) Protect property and the environment.
16. The first responding officers should:
  - (a) Establish scene management utilizing the structure of NIMS and Incident Command, (See **Appendix A – First Responder and Incident Commander Initial Tasks**).
  - (b) Detect/determine the presence of dangerous conditions or hazardous materials,
  - (c) Begin identification of dangerous conditions or hazardous materials (may use the Emergency Response Guidebook [ERG 2012](#) by the U.S. Department of Transportation),
  - (d) Isolate the incident and identify zones of activity,
  - (e) Contain the incident without risking unnecessary exposure,
  - (f) Perform rescue, emergency medical and other critical life-saving response activities in accordance with the City Emergency Operations Plan and Police Department Emergency Operations Plan,
  - (g) Begin evacuation or direct in-place sheltering if needed,
  - (h) Consider personal protection/decontamination,
  - (i) Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. (When requesting local, state or federal assistance, this department should clarify whether it is requesting assistance only or complete scene management.)

### **REQUESTING ASSISTANCE (NATIONAL GUARD OR FEDERAL)**

17. The **Louisiana Emergency Assistance and Disaster Act of 1993, Section S 725** designated the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) as the state homeland security and emergency preparedness agency for the State of Louisiana. The director of GOHSEP is responsible for the management and coordination of all activities relating to emergency or disaster prevention, preparedness, and response for the State of Louisiana.

18. The Louisiana Emergency Assistance and Disaster Act of 1993, Section S 727 requires the Parish President (the Mayor of New Orleans) to establish a parish/city Office of Emergency Preparedness. **The Mayor of New Orleans is the only person in Orleans Parish who can declare an emergency in Orleans Parish and request federal assistance through the State of Louisiana.**
19. The Louisiana Emergency Assistance and Disaster Act of 1993 S 728 authorizes the establishment of individual Parish homeland security and emergency preparedness agencies. The New Orleans Office of Homeland Security & Emergency Preparedness (NOHSEP) is authorized to assist local officials in preparing local emergency action plans and coordinating federal, state and local disaster or emergency operations.
20. Any request for assistance shall be made by the New Orleans Police Department to the State of Louisiana ONLY by the Superintendent of Police or his/her designee via the New Orleans Office of Homeland Security & Emergency Preparedness (NOHSEP).

**Appendix A - First Responder and Incident Commander Initial Tasks**

### First Responder and Incident Commander Initial Tasks

	<p><u>Public Safety Goals</u></p> <ol style="list-style-type: none"> <li>1. Save Lives and Protect First Responders</li> <li>2. Stabilize the Incident</li> <li>3. Protect Property and the Environment</li> </ol>	
<b>Check List of Things To Do:</b>		
Park Command Vehicle upwind/up hill. Don't get too close to scene.		
Setup the command post away from direct involvement with casualties.		
Provide detailed report on type of incident. (see back for checklist)		
Request Additional Resources:		
Secure the area and control access.		
Establish <b>Initial Objectives</b> : Measurable and contribute towards immediate <b>Public Safety Goals</b> listed above.		
<b>THINK ICS</b> : Establish Command Post, support sections, divisions/groups, task forces or strike teams, and Safety Officer.		
Have all immediate response personnel donned SCBA and turnout gear if required?		
Develop strategies and tactics with IC Staff to help accomplish <b>initial objectives</b> .		
<ul style="list-style-type: none"> <li>- Are you faced with Mass Casualty event where victim rescue is time sensitive?</li> <li>- Are you planning a "grab and drag" technique for HAZMAT environment – use buddy system and establish stay times for first responders.</li> </ul>		
Establish pre-decontamination areas to manage victims.		
Establish gross and technical decontamination corridors.		
Consider requesting activation of Emergency Operating Center (EOC).		
Consider Populations at Risk.		
Consider Public Notifications and how this will be done.		
Notify Hospitals: potential for self evacuators and possible chemical or agent victims have been exposed to at scene.		
Consider need for remote staging areas.		
Prepare for and provide direction for employment of outside response agencies (local, regional, state, and federal).		

Use Established Call-Down Lists	
Additional Alarms	SCBA Refill Support
EMS Support	HazMat Teams
Bomb Squad	DECON Teams/Support
Communication Support	Monitoring Support

### Detailed Report Information

Number of Casualties	
Signs and Symptoms of Victims (HazMat or WMD)	
Possible # of Critically Injured	
# of Response Personnel needed for immediate lifesaving efforts	
WX Conditions (Wind Direction, Speed, etc)	
Utility Concerns (Gas, Electric, or Water)	
Hazardous Materials:	
ID #?	
Other ID Information?	
Type and Quantity of Material Involved?	
HazMat spreading to Waterways, Drains?	
Characteristics of Material (Color, Smell), <i>only if readily detectable</i>	
Direction, height, color, odor of any plume/cloud.	
Other Hazardous Materials Nearby?	
Local Terrain Conditions (elevations, urban build-up)?	

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 2.2

### TITLE: REPORTING LAW ENFORCEMENT ACTIVITY BY OFFICERS OUTSIDE OF THE JURISDICTION

EFFECTIVE: 12/3/2017

REVISED: 11/15/19

---

#### PURPOSE

This Chapter provides specific guidelines for reporting law enforcement activity requested or taken by NOPD officers, while on- or off-duty, that occurs outside the jurisdiction of the New Orleans Police Department.

#### LAW ENFORCEMENT ASSISTANCE TO AGENCIES OUTSIDE THE CITY

1. When a New Orleans Police Officer is on-duty and is requested by an outside law enforcement agency to participate in law enforcement activity in another jurisdiction, the request:
  - (a) Will be made by a law enforcement supervisor of the requesting agency,
  - (b) The request will be made through Communications Services to the requested officer's supervisor or commander of the Division or District.
  - (c) The requested officer(s) and or supervisor or commander shall immediately respond to the request as outlined in **Chapter 2.1 - Mutual Aid, Federal, National Guard and Outside Agency Assistance.**
2. Any on-duty New Orleans Police officer who engages in law enforcement activities, of any type, outside the jurisdiction of the New Orleans Police Department that are not part of a mutual aid request shall notify Communications Services as soon as practicable.
3. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction, shall notify Communications Services as soon as reasonably practicable.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 10.0

### TITLE: COMMUNITY POLICING AND ENGAGEMENT

**EFFECTIVE: 11/11/18**

**Revised: 10/10/21**

---

#### PURPOSE

The purpose of this Chapter is to outline the community policing and engagement program of the New Orleans Police Department.

#### POLICY STATEMENT

1. The New Orleans Police Department (NOPD) shall promote and strengthen community partnerships, work constructively with the community, ensure collaborative problem solving, ensure ethical and bias-free policing, and work to increase community confidence in the Department.
2. The New Orleans Police Department will effectively engage the community in collaborative problem solving. NOPD will partner with residents and stakeholders to identify and solve problems that contribute to crime, fear of crime, and quality of life problems in communities. The Department is committed to proactively solving problems as well as reacting to their harmful consequences.
3. The mission of the New Orleans Police Department is to provide professional police services to the public to prevent crime, maintain order and protect life and property. NOPD is committed to the philosophy and practice of community problem-oriented policing to inform organizational decisions, shape policies, identify training needs, and prioritize crime fighting by engaging each neighborhood and community organization in collaborative problem-solving partnerships. Community problem-oriented policing, and community policing and engagement are critical methods toward achieving NOPD's mission.
4. The New Orleans Police Department will collaborate with community stakeholders and partners on policing and engagement efforts. The Department encourages its members to develop problem solving partnerships with community residents.
5. NOPD recognizes that it serves many diverse communities. Communities arise not only from shared geography but also social ties, common perspectives, and shared circumstances (for example, the LGBTQ+ or LEP community). NOPD shall seek to engage all communities in its community policing and engagement efforts.

6. NOPD's recruitment efforts shall focus on hiring officers who can build relationships and work collaboratively with all communities.
7. This Chapter operates in tandem with many programs and policies focused on properly serving and collaborating with a variety of communities, including but not limited to **Chapter 41.13 – Bias-Free Policing, Chapter 41.13.1 – Interactions with LGBTQ Persons**, and **Chapter 55.4 – Limited-English Proficiency Services**.
8. The Department sets forth its community policing vision in its **Community Policing and Engagement Manual**. The Department shall review the Manual annually and update the manual as necessary.

## DEFINITIONS

**Community Engagement**—Activities that foster positive interactions between citizens and officers, employ community policing ideals, create opportunities for constructive exchanges, and foster substantive collaboration with the community, while enhancing trust and legitimacy.

**Community Liaison Officer (CLO)**—A member of the NOPD who is responsible for facilitating communication between the community and their assigned police district. A CLO's primary function is to focus on problem orientated policing and resolution in the communities they serve, specifically to address community quality of life issues and build trusting relationships between the NOPD, District, officers and the residents and stakeholders in each police district.

**Community Policing**—A philosophy and operational strategy that promotes organizational practices that support the systematic use of partnerships and problem-solving techniques to work with the community to address the immediate conditions that give rise to public-safety issues such as crime, social disorder, and fear of crime.

**Community Policing Forms (CPF)**—The document used by the NOPD to record and track Community Policing and Engagement activities, such as events, meetings, quality of life concerns, problem-solving initiatives and actions, and updates to District Community Policing Plans. Forms are completed by the officers engaged or responsible for the resolution of the issues.

**Community Policing Plan**—A district-specific blueprint of collaborative partnerships with the community. The Community Policing Plan will address the unique needs of the communities serviced in each District. Each district's Captain is responsible for plan development.

**Community Policing Signals**—Community policing signals allow the Department to document specific tasks for proactive and community policing. The signals are Area Check, Business Check, Directed Patrol, Residence Check, Quality of Life, and Walking Beats. When dispatched on community policing signals, officers will employ procedural justice techniques.

**Area Check**—Officers will utilize the area check signal when patrolling an area within the District that has been pre-determined as an important area either by the community or the Department.

**Business Check**—Officers will utilize the business check signal to engage occupants at a business within the District.

**Directed Patrol**—Officers will utilize the directed patrol signal to execute a focused collaborative problem-solving, departmental problem-solving, or community policing and engagement in the targeted area.

**Residence Check**—Officers will utilize the residence check signal when the officers physically exit the patrol car and engage occupants at a specific residence absent a call-for-service.

**Quality of Life**—Officers will utilize the quality-of-life signal when responding to any type of quality-of-life problem.

**Walking Beat**—Officers will utilize the walking beat signal while executing a defined and assigned walking beat.

**New Orleans Neighborhood Police Anti-Crime Council (NONPACC)**—NONPACC is a partnership amongst the community, district captains, and officers to create conversations, identify problems, and devise solutions. Members of the public voice their concerns directly to the District Captain during face-to-face meetings.

**Police Community Advisory Board (PCAB)**—A board consisting of five to seven citizen volunteers from their respective police districts. PCAB members serve a two-year term and meet quarterly to address community issues. The City's Office of Neighborhood Engagement coordinates the application and selection process for PCAB volunteers. The Superintendent has final approval on the selection of members to serve on PCABs.

**Problem**—A situation that concerns, causes, or carries the potential to cause harm to citizens, not just the police. A problem generally involves a situation of substantial community concern, or repeated incidents occurring in a community with related characteristics (time, place, behavior, victim(s), offender(s)) that concern the community.

**Problem-Oriented Policing**—A proactive problem-solving approach that uses the SARA model to focus on proactive solutions, specific crime problems and achieving crime and fear reduction results. The problems should be those that the community recognizes as important.

**Procedural Justice**—Procedural justice refers to the idea of fairness in the processes that resolve disputes and allocate resources and specifically how the characteristics of police-community interactions shape the public's trust of the police. Procedural justice speaks to four principles, often referred to as the four pillars:

- (a) Fairness in the processes
- (b) Transparency in actions
- (c) Opportunities for voice
- (d) Impartiality in decision making

**Scanning, Analysis, Response, Assessment (SARA) Model**—An approach wherein the community and the department work together to scan for problems, analyze information, respond through implemented strategies, and assess the effectiveness of implemented strategies.

## **COMMUNITY POLICING AND ENGAGEMENT PROGRAM**

9. NOPD shall solicit community input regarding public safety and quality of life priorities to tailor policies and operations to addressing those priorities. NOPD shall continually seek methods of collaborating with the public to improve operations and ensure Constitutional, community-oriented policing.

10. Officers shall participate, when applicable, in the community policing and engagement programs and initiatives outlined in this Chapter. Community policing is the responsibility of the entire Department and not just officers specifically assigned to roles that frequently interact with the public. The NOPD community policing and engagement program includes but is not limited to the activities listed in **Appendix A – Community Policing and Engagement Programs**.
11. Members of the New Orleans Police Department should initiate partnerships and programs with the community while utilizing problem-oriented policing, procedural justice, and collaborative approaches.
12. Members are encouraged to engage with communities who may be distrustful of NOPD to build relationships and enhance community problem solving.

### **COMMUNITY POLICING PLANS**

13. Each District shall create a new Community Policing Plan biennially by doing the following:
  - (a) Each District shall gather feedback from the community through surveys and meetings to identify community priorities and quality of life issues.
  - (b) Each District shall then create a plan for addressing the priorities and establish methods of documenting the response to the priorities through community policing signals and/or other methods; and
  - (c) The District shall include the identified priorities, planned response, and documentation methods in the updated Community Policing Plan and input this information into MAX with the assistance of the Analytics Unit.
14. Implementation of Community Policing Plans shall focus on prevention and not solely on enforcement whenever possible. Districts shall utilize available resources and coordinate with City agencies to address current problems and attempt to prevent future problems from arising.
15. In implementing the Community Policing Plans, Districts may deploy officers and detectives in specific geographical areas where a problem is occurring. The assigned officers will work with Community Liaison Officers (CLO), residents, and stakeholders, where possible, to seek solutions and create a safe environment.
16. District Captains and CLOs shall continually evaluate the effectiveness of their Community Policing Plans and assess whether the identified priorities are still relevant based on crime and quality of life trends provided by the Analytics Unit and MAX system and input from community partners and stakeholders relevant to the identified priority.

### **PROACTIVE PROBLEM-SOLVING**

17. In addition to implementing the Community Policing Plan, each District Captain, working with officers and community partners, will be responsible for identifying problems in the district and working proactively to solve them.
18. Problem-solving projects will be prioritized by the Captain and assigned to CLOs and officers within the District.

19. Problem-solving projects will be implemented by CLOs by doing the following:
  - (a) CLOs will partner with City agencies to address nuisance and quality of life issues such as neighborhood blighted property, trash removal, illegal dumping, etc. Calls of that nature will also be entered into the City's 311 system, for proper follow-up by the responsible agencies;
  - (b) CLOs will work with the community to identify and solve problems that contribute to crime and disorder, as well as those issues that adversely affect quality of life;
  - (c) CLOs will work with their respective district's personnel to identify and solve problems that contribute to crime and disorder, as well as those issues that adversely affect quality of life; and
  - (d) CLOs will monitor the progress on their districts' Community Policing Plan and are responsible for updating and creating new plans when required.
  
20. Officers should proactively look for problems in the communities they serve. When an officer becomes aware of a problem, he/she should notify his/her supervisor of the problem, who will consider whether to elevate the problem to the District command staff and Community Liaison Officer. The District command staff may decide to allocate time for problem-solving apart from responding to calls for service and/or handling regularly assigned duties.
  
21. Problem-solving shall include identifying community members who are critical of the NOPD, listening to and working to understand their concerns, and working collaboratively to resolve issues identified.

## REPORTING

22. When an officer makes contact with a stakeholder in the assigned area, or conducts any community policing activity, he/she shall utilize the relevant community policing signal and/or the Community Policing Form as appropriate to document the stakeholder contact. Members shall document interactions weekly. Members shall **not** use the Community Policing Form to document everyday interactions with the public (see: **Chapter 41.12 – Field Interview Card**).
  
23. Members shall document problem solving using the Community Policing Form in accordance with this Chapter and the guidance provided in the Community Policing Manual. Members shall document the "Scanning," Analysis, and "Response" elements of the SARA model when completing a Community Policing Form. For additional guidance on using the Community Policing Form to document problem solving and other community policing activities, refer to the Community Policing Manual in the Resource folder on NOPD.org.
  
24. Members shall document all participation in community meetings and events using the Community Policing Form within 7 days. If multiple members attend a meeting or event, the designated member shall document participation.

25. Supervisors shall assess form entries within 30 days of submission to determine whether trending-unsolved problems require a supervisory form entry that will document a community policing strategy as a response to trending-unsolved problems.
26. Supervisors are also responsible for approving CPF entries within 30 days or flagging the form for further action.
27. District Captains are responsible for ensuring that data concerning the following is documented in the MAX system on a District basis:
  - (a) Implementation of Community Policing Plans.
  - (b) Community policing activities documented through community policing signals;  
and
  - (c) Collaborative problem-solving efforts.
28. The PSAB Innovation Manager, Community Engagement Section Manager, or the Audit and Review Unit shall conduct quarterly reviews of the community policing and engagement activities using the NOPD's Community Engagement Review Procedures.

## **ASSESSMENTS**

29. Surveys may be utilized as an outcome measure to determine the effectiveness of Community Policing Plans and other programs. NOPD may also utilize surveys to assess procedural justice within police-community contacts.
30. Community policing and engagement activities shall be incorporated into each District Captain's annual performance evaluations.
31. Community policing and engagement activities shall be incorporated into each officers' annual performance evaluations as appropriate to his/her assignment.
32. Supervisors shall review recordings regularly in accordance with **Chapter 41.3.10 - Body Worn Camera** and to evaluate whether officers are working actively to engage the community and increase public trust and safety. Supervisors shall evaluate how officers perform in accordance with the principles of procedural justice. Supervisors shall incorporate the knowledge gained from the reviews into the ongoing evaluation and supervision of officers.
33. The Audit and Review Unit shall conduct compliance assessments in accordance with the Department's **Community Engagement Review Procedure**.

## **TRAINING**

34. Every commissioned member of the New Orleans Police Department will receive at least eight hours of training annually on community policing, community engagement, relationship building, procedural justice, and problem-solving techniques involving the SARA model.

**APPENDIX A - COMMUNITY POLICING AND ENGAGEMENT PROGRAMS**

NOPD's community policing and engagement programs include but are not limited to:

1. **Community Policing Plan**—A district-specific blueprint of collaborative partnerships with the community. The Community Policing Plan will address the unique needs of the communities serviced in each District.
2. **Community Policing and Engagement Manual**—A long term, aspirational document that will enhance the NOPD's community engagement and community problem-oriented policing activities. The Manual will guide officers on how to reach out to the community and productively engage citizens to create opportunities for substantive community problem solving.
3. **Community Meetings**—The Department seeks opportunities to positively interact with the community in circumstances that are not related to an investigation or enforcement. Community meetings and events provide non-enforcement opportunities to proactively engage and build trusting relationships with the community.
4. **Community Engagement Section Manager**—An internal position, presently within PSAB, that serves as a resource for community engagement and policing coordination, literature, training, and tools, with the goal of making Department community engagement and policing efforts a success. The Community Engagement Section Manager is also responsible for initiating and maintaining partnerships with other departments within City government, outside agencies and community groups.
5. **Community Liaison Officers** —The New Orleans Police Department Community Liaison Officer (CLO) is a community engagement officer, specifically assigned to address community quality of life issues, identify and respond to problems, and build trusting relationships with the residents and stakeholders in each district.

**NOTE:** A full list of duties and responsibilities of the Community Liaison Officers can be found in the Community Policing Manual on {[nola.gov/policies](http://nola.gov/policies) or [NOPDWebApps](#)}

6. **Beat Profile**—Beat specific information gathered by officers, in collaboration with the community, to serve as a guide to officers and community members engaged in problem solving. Among the information included in the profile is information on organizations and services available within the beat, including entity contact information. The guide should be updated at least annually and be readily available to all who may engage in problem solving.
7. **Body Worn Camera Program**—Promotes transparency and trust building between NOPD and the community by accomplishing the following objectives:
  - (a) To enhance transparency and public trust by preserving factual representations of officer-citizen interactions in the form of audio/video recordings;
  - (b) To promote officer safety;
  - (c) To document statements and events during an incident;
  - (d) To enhance the law enforcement operator's ability to document and review statements and actions for internal reporting requirements as well as for courtroom preparation and presentation;

- (e) To preserve audio/video information for use in current and future investigations; and
  - (f) To provide an impartial measurement for self-critique and field evaluation during officer training.
8. **Citizen's Police Academy**—An eight-week program, which is an interactive learning experience for New Orleans residents. Participants receive a closer look at the NOPD and the New Orleans criminal justice system in an informal setting. During their time in the program, participants receive a comprehensive overview of the Department's work, including patrol duties and specialized training programs.
9. **Community-Police Mediation Program (CPMP)**—The CPMP, administered and led by the Independent Police Monitor, aims to build understanding, and improve relationships between NOPD and the community. The program provides opportunities for officers and community members to have a face-to-face conversation, facilitated by neutral community mediators, to share their perspectives, be heard and understood, and come to mutually-agreeable solutions. The program is an alternative to the traditional complaint investigation process and is available for eligible complaints. Eligibility criteria are described in detail in **Chapter 24.2 - Community-Police Mediation**.
10. **Police-Community Advisory Board (PCAB)**—The PCAB serves an advisory role and is an authorized space for establishing community buy-in, consensus and priorities on public safety issues/concerns for recommendation to NOPD. Each District's PCAB consists of a minimum of five volunteer community members and holds a public meeting at least four times per year.
- NOPD works collaboratively with PCABs to develop and implement public safety strategies that reflect each community's public safety priorities and concerns about police tactics. To the extent specified below, NOPD agrees to seek PCAB's assistance, counsel, and input to build community consensus on potential recommendations in areas including the following:
- (a) Community policing strategies;
  - (b) Accountability for professional/ethical behavior by individual police officers;
  - (c) Special task forces that meet high priority community need;
  - (d) Central policy changes, where applicable, that improve quality of life;
  - (e) Resource allocations to meet high priority, difficult issues;
  - (f) Strategies for a qualified and diverse workforce;
  - (g) Providing information to the community and conveying feedback from the community to NOPD; and
  - (h) Ways to provide data and information.
11. **New Orleans Neighborhood-Police Anti-Crime Council (NONPACC)**—These meetings provide community members with an opportunity to voice their concerns directly to the District Captain. These meetings occur monthly and are attended by the District Captain and other district personnel. Progress on implementation of the Community Policing Plans will be discussed at monthly NONPACC meetings.
12. **Neighborhood Watch**—A program that enlists the active participation of residents, in cooperation with law enforcement, to reduce crime in communities throughout the city.
13. **School Resource Officer (SRO) Program**—SROs are assigned to provide police services to area public high schools and to serve as resources to teachers and staff. The SRO helps school officials cope with school violence and assists in creating a safe and conducive learning environment in public schools. SROs are responsible for conducting youth police

dialogues. Specific SRO responsibilities are set out in **Chapter 1.20 – School Incidents, School Resource Officers**.

14. **Victim-Witness Program**—Provides many resources and services, including referrals to outside social services agencies and contacts community members involved in serious crimes, providing information about the various services available to the community. The Victim/Witness Assistance Program, handled thru the Victim Witness Unit, provides the following assistance to citizens:
  - (a) Safety planning;
  - (b) Victim advocacy;
  - (c) Crisis intervention;
  - (d) Crime victim reparations;
  - (e) Counseling referrals;
  - (f) Community resource;
  - (g) Referrals;
  - (h) Case update information; and
  - (i) Information on the criminal justice process.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 10.1

### TITLE: PUBLIC SAFETY RIDES

**EFFECTIVE:** 7/10/2022

**REVISED:**

---

#### PURPOSE

The New Orleans Police Department is committed to protecting and serving the community. The Department and its members recognize that there are times when it is in the best interests of the individual, the community and the Department that officers provide voluntary transportation to a person or persons for public safety reasons when alternatives (such as a ride share or calling a friend or family member) are not reasonably available.

#### POLICY STATEMENT

1. The investigating officer of the primary unit on the scene or the officer that is providing the Public Safety Ride shall document the ride in a Departmental FIC if not already documented as part of an FIC in an incident or investigation that was just concluded.
2. Public Safety rides are not a substitute for crisis intervention. Individuals in crisis should be handled according to **Chapter 41.25 – Crisis Intervention**.
3. In the event a situation presents an imminent risk of harm to an individual or their safety, presenting an immediate need to flee the scene (e.g. open gunfire, presence of hazardous materials), officers may disregard the procedures outlined herein to affect the immediate removal of the individuals from harm. Notification of actions to supervisors and required documentation shall still take place as soon as the immediate need for action has been accommodated.
4. If an individual is believed to be armed, or is armed, officers should use their judgement when determining if offering a public safety ride is appropriate.

#### DEFINITIONS

**Public Safety Ride** – the voluntary transport of a person or persons from one location to another as a public service, for example, when giving a stranded tourist a ride or when

transporting someone who has been involved in an investigative stop or Call For Service which has already been concluded for their safety. Public Safety rides are not part of a detention and may be refused for any reason.

**Field Interview Cards (FICs)**—The method the NOPD utilizes to document stops and other discretionary interactions between a member of the NOPD and individual members of the community.

## **PUBLIC SAFETY RIDES**

5. Public Safety rides should be offered only where appropriate to protect the safety of an individual and only where the individual does not have reasonable access to transport (such as a family member, friend, or for-hire private transportation).
6. Prior to offering a person or persons a public safety ride, the officer shall communicate the circumstances surrounding the offer to his/her supervisor and shall seek approval from his/her supervisor. The supervisor shall document his/her approval on the primary dispatch channel for the District in which the officer requesting is working.
7. Because public safety rides are not a form of detention or arrest, officers are not authorized to search the individual(s) accepting an offer for a public safety ride except when conducting a consent search as provided by **Chapter 1.2.4 – Search and Seizure**.
8. Unless there is reasonable suspicion supporting a stop, and reasonable suspicion that an individual is armed and dangerous, officers shall not conduct a pat down of an individual prior to providing a public safety ride. Stops and pat downs shall only be conducted in accordance with **Chapter 1.2.4 – Search and Seizure**.
9. If the officer providing a public safety ride knows the individual is armed, they may request that the person consent to provide their weapon to the officer for safekeeping during the duration of the public safety ride. The person is free to refuse to provide a weapon, unless that weapon is legally carried pursuant to a permit for a concealed handgun in accordance with Louisiana Revised Statute 40:1379.3. However, the public safety ride and any request to provide a weapon or consent to search **shall not** be used as a pretext to a search without probable cause and/or a warrant. No other searches are permitted unless conducted in accordance with **Chapter 1.2.4 – Search and Seizure**.
10. If an individual is armed with a firearm, officers shall not offer a public safety ride unless that individual consents to provide their weapon to the officer for safekeeping during the duration of the ride.
11. The person being given/offered a public safety ride is NOT a suspect, NOT in custody and is free to go when and where they wish. An individual that declines the offer of a Public Safety Ride, declines to allow a consent search or provide a weapon is within their rights to do so and the refusal cannot be considered, in any way, suspicious or indicative of criminal behavior. The individual is free of any obligation to remain on

scene, interact with the officers and may leave or remain as they choose.

12. Individuals seeking assistance to voluntarily commit themselves shall be transported in accordance with **Chapter 41.25 – Crisis Intervention**.
13. If an individual refuses a ride, the officer shall confer with this or her supervisor concerning what measures, if any, the officer should take to reasonably safeguard the individual's safety.
14. If the officer performed any search, the officer shall document the search and the legal basis for the search in the FIC. (see: **Chapter 1.2.4 – Search and Seizure** and **Chapter 41.12 – Field Interview Card**.)
15. If any items are removed from the individual and secured in the police vehicle during the ride, the FIC shall document that fact and the return of all items to the person shall be documented in the FIC and on BWC.
16. Unless exigent circumstances exist, Public safety rides shall only be provided in marked NOPD units with ICC (rear seat recorded). The entire ride shall be recorded.
17. Officers conducting public safety rides shall note, on air, on the primary dispatch channel for the District in which the officer is working, that they are providing a public safety ride, the destination and odometer mileage at the beginning and immediately upon conclusion of the transport.
18. Any baggage, purses, or other containers in the custody of the persons being transported as a public safety ride shall be secured separately from the persons (i.e. placed in truck of unit or in front seat of unit) and shall not be searched. The person shall be permitted to keep personal effects such as their phone or wallet with them in the vehicle.
19. All public safety rides shall be documented on the officer's daily activity sheet with specific note of the BWC and ICC use, as well as in an FIC. This includes all offers that are refused.

#### **SUPERVISORS SHALL APPROVE ALL FIC DOCUMENTATION**

20. The approving supervisor will ensure the documentation for a Public Safety Ride has been completed when reviewing the officer's activity sheet. The Supervisor should review all BWC videos documenting Public Safety rides as part of her/his required monthly video reviews.
21. If the actions reviewed appear inconsistent with this Chapter, federal and state law, the supervisor, in consultation with the shift commander (if present), shall document and establish a strategy to remediate the situation. The supervisor shall document any corrective action in the Supervisor Feedback Log (see **35.1.7 – Non-Disciplinary Responses to Minor Violations**), by initiating a formal disciplinary investigation (see **52.1.1 – Misconduct Intake and Complaint Investigation**), or, as appropriate, shall recommend a review of agency policy, strategy, tactics, or training.

**REVIEW**

22. All FICs indicating Public Safety rides shall be subject to review / audit by PSAB for compliance with this Chapter on a monthly basis.
23. Any allegations of misconduct arising from a Public Safety ride will be addressed in accordance with NOPD Policy.
24. NOPD shall assess the data collected during public safety rides on a quarterly basis to ensure that they are not being deployed in a manner that discriminates on the basis of protected categories, such as race (see **Chapter 41.13 – Bias Free Policing**). If NOPD discovers that public safety rides are being offered in a disparate manner, NOPD shall assess whether additional training or policy changes are needed.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 11.0

### TITLE: ORGANIZATIONAL COMMAND RESPONSIBILITY

**EFFECTIVE: 01/14/2018**

**REVISED: 04/15/2019, 11/15/19**

---

#### PURPOSE

The organizational structure of the Department is designed to create an efficient means to accomplish the mission and goals of the department and to provide for the best possible service to the public.

#### COMMAND PROTOCOL

1. The Superintendent exercises command over all personnel in the Department. During planned absences the Superintendent will designate the Chief Deputy Superintendent or a Deputy Superintendent to serve as the acting Superintendent.
2. Except when designated as above, the order of command authority, in the absence or unavailability of the Superintendent, is as follows:
  - (a) Field Operations Bureau Chief Deputy Superintendent
  - (b) Investigation and Support Bureau Deputy Superintendent
  - (c) Management Services Bureau Deputy Superintendent
  - (d) Public Integrity Bureau Deputy Superintendent
  - (e) Professional Standards & Accountability Bureau Deputy Superintendent

#### OFFICE OF THE SUPERINTENDENT

3. The Superintendent is the highest authority within the New Orleans Police Department. The Superintendent has responsibility for all administration, organization, supervision and discipline-related functions of the Department.
4. The Superintendent of Police is appointed by the Mayor. He/she is the appointing authority for the New Orleans Police Department. The Superintendent of Police is responsible for the daily management of the New Orleans Police Department. He/she is responsible for designating the Chief Deputy Superintendent and Deputy Superintendents to oversee the management of designated Bureaus within the department.
5. The Superintendent is responsible for administering and managing the New Orleans Police Department. There are five bureaus in the Police Department:
  - (a) Field Operations Bureau
  - (b) Investigation and Support Bureau
  - (c) Public Integrity Bureau

- (d) Management Services Bureau
- (e) Professional Standards & Accountability Bureau

6. The Superintendent's staff shall consist of the following:
- (a) Superintendent of Police
  - (b) Chief Deputy Superintendent
  - (c) Deputy Superintendents
  - (d) Any other member designated or assigned by the Superintendent of Police

### **HIERARCHY OF AUTHORITY**

7. The Chief Deputy Superintendent and Deputy Superintendents function at a lesser degree of authority than the Superintendent and have responsibility for all performance factors associated with Bureau-level operations.
8. All other supervisors carry the authority and responsibility for the effective operation of department functions and are subordinate to the Superintendent, Chief Deputy Superintendent, and Deputy Superintendents. The hierarchy of authority for other supervisors is:
- (a) Major
  - (b) Captain
  - (c) Lieutenant
  - (d) Sergeant
9. Certain circumstances (e.g., disaster operations and special events) may require the assignment of other persons, including those from outside the Department, to perform functions within the hierarchy of authority of the NOPD. Such assignment will be established by directive or other departmental order, which will include the identity of the person, his/her authority and the duration, event and scope of such authority.

### **UNITY OF COMMAND**

10. The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time, for a given assignment or responsibility.
11. Except where specifically delegated authority may exist by policy or special assignment (e.g., Canine, SWAT, Homicide, PIB-FIT, etc.), a supervisor on the scene of an incident may assume command and temporarily direct any subordinate member if an operational necessity exists.

### **ORDERS**

12. Members shall respond to and make a good faith and reasonable effort to comply with lawful orders of superior officers and other proper authority.

### **UNLAWFUL AND CONFLICTING ORDERS**

13. No member is required to obey any order that outwardly appears to be in direct conflict with any federal law, state law or local ordinance. **Following an unlawful order is not a defense** and does not relieve the member from criminal or civil prosecution or administrative discipline.

14. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.
15. Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive, shall respectfully inform the issuing supervisor of the conflict.
16. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply.
17. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the lawful order or directive that was initially issued.
18. The supervisor countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 11.0.1

### TITLE: DUTIES AND RESPONSIBILITIES OF DISTRICT COMMANDERS, SUPERVISORY MEMBERS AND OFFICERS

**EFFECTIVE: 11/26/2017**

**REVISED: 11/15/19**

---

#### PURPOSE

The purpose of this Chapter is to set general duties and responsibilities for all commissioned members assigned to and responsible for the supervision of District patrol functions. Through this standard a uniform set of instructions will govern the general operation of all police districts allowing the orderly transfer of patrol officers and supervisors from one assignment to another with minimal acclimation needed with regard to the general duties of their new assignment.

#### POLICY STATEMENT

1. Nothing contained in this Chapter shall limit the authority of the Superintendent of Police, the Deputy Chief of the Field Operations Bureau, or his/her designated representative to assign FOB units to handle a particular incident.

#### DEFINITIONS

Definitions related to this Chapter include:

**District Commander**—A commissioned police officer, holding the rank/class of Captain or above, charged with the duties and responsibilities of providing for uniformed police coverage, answering of calls for service and managing case investigations within a specific geographical area of the City of New Orleans.

**Acting District Commander**—A commissioned police officer, holding the rank/class of Lieutenant or above, who will perform the duties and accept the responsibilities of the District Commander in his/her absence.

**Supervisors**—Commissioned police officers, holding the rank/class of Sergeant or above, whose primary responsibility is the supervision of subordinate members assigned to their platoon or unit.

**District Patrol Officers**—Commissioned police officers, holding the rank/class of Field Recruit, Police Officer I through IV, whose primary responsibility is the answering of calls for service received within a geographic area, proactive patrol within their area of responsibility, the

enforcement of local, state, and federal laws, the protection of life and property, and those duties deemed appropriate by their supervisors.

**Immediate Chain of Command**—The ascending chain of supervision, beginning at the rank/class of Sergeant and ending with the District Commander, within a member's immediate assignment.

**Major Crime Scene**—A location where any of the below listed crimes or incidents took place (or another location where evidence linked to those crimes or incidents may be found), and comprises the area from which most of the physical evidence is retrieved by law enforcement personnel, crime scene investigators (CSIs), or, in rare circumstances, forensic scientists.

Major crimes include:

- (a) All deaths (homicides, suicides and unclassified) except for "natural" causes.
- (b) Aggravated battery (with serious injury, possibly fatal and/or multiple victims)
- (c) Level 4 uses of force investigated by PIB-FIT (see: Chapter 1.3 – Use of Force)
- (d) Sexual assaults handled by ISB-SVU (see: Chapter 42.2 – Sexual Assault)
- (e) Aggravated Kidnapping
- (f) Arson (with serious injury, possibly fatal)

**Unity of Command**—The principle that no subordinate in an organization should report to more than one boss. An employee/member is responsible to only one supervisor, who in turn is responsible to only one supervisor, and so on up the organizational hierarchy. This is true even if the top of the organization is led by a group of people.

## GENERAL INFORMATION

2. District officers, sergeants, and lieutenants shall answer directly to their District Commander or the Acting District Commander.
3. District Commanders or Acting District Commanders shall answer directly to the Deputy Chief of the Field Operations Bureau.
4. All employees of the New Orleans Police Department shall be answerable to only one supervisor at a time (**Unity of Command**).
5. If multiple supervisors are working or on the scene of an incident, the member highest in rank or, if of the same rank, the member with the longest time in grade is senior and in charge.

## DISTRICT COMMANDER DUTIES AND RESPONSIBILITIES

6. The District Commander's responsibilities shall include but not be limited to:
  - (a) Providing police service within their district;
  - (b) Supervision and discipline of members;
  - (c) Deployment of staffing according to workload;
  - (d) Response to requests for information or assistance from individuals or groups; and
  - (e) Compliance with administrative procedures and instructions.
7. District Commanders shall be held accountable for all matters requiring or involving law enforcement action within their district unless that matter is specifically delegated to another unit or person by higher authority or regulation.
8. District Commanders shall advise the Deputy Chief of the Field Operations Bureau, as soon as possible, of any unusual activity or circumstance within their district which may

- affect the operations or effectiveness of the Police Department or the safety or integrity of its members.
9. District Commanders have custodial responsibility for all equipment, supplies, and facilities assigned to or used by their command.
  10. When a District Commander is unavailable or unable to perform his/her duties for an extended period of time, he/she shall, with the approval of the Deputy Chief of the Field Operations Bureau, designate a lieutenant of his/her command to assume the duties and responsibilities as Acting District Commander.
  11. District Commanders shall advise their platoon commanders and supervisory members within their span of control of any necessary new information, including recent court decisions and administrative changes which affect the operation of the Department.
  12. District Commanders may delegate specific administrative and supervisory responsibilities to subordinate members. However, the District Commander shall not be relieved of responsibility for monitoring the performance of the subordinates and is ultimately responsible for the completion of the assigned duties.
  13. District Commanders shall ensure consistent supervision of officers under his/her command. District Commanders shall reassign officers to a new supervisor when the currently assigned supervisor has been or is expected to be unavailable or unable to perform his/her duties for a period of over six weeks.
  14. District Commanders shall be responsible for the close and effective supervision of officers under their command. All District Commanders shall ensure that all subordinates under their direct command comply with NOPD regulations, municipal, state and federal law.
  15. District Commanders will be held directly accountable for the quality and effectiveness of their supervision, including whether commanders and supervisors identify and effectively respond to misconduct, as part of their performance evaluations and through non-disciplinary corrective action, or through the initiation of formal investigation and the disciplinary process, as appropriate.

#### **DISTRICT SUPERVISORS' DUTIES AND RESPONSIBILITIES**

16. Supervisors shall:
  - (a) Perform any duties specifically delegated to them by the District Commander or his/her designee.
  - (b) Advise the District Commander, or his/her designee, of any unusual activity or circumstances within the District which may affect the operations or effectiveness of the Department or the safety or integrity of its members, or any situation which affects the functioning of the District or its members.
  - (c) Ensure that all subordinate members abide by the rules, policies and procedures of the Department and any written directives of the Bureau or District.
  - (d) Supervise and control all work tasks assigned to or initiated by District members under their supervision. Supervisors are ultimately responsible for the completion of work tasks performed by subordinate members under their supervision.
  - (e) Ensure the continued training and evaluation of District members under their supervision.
  - (f) Ensure all payroll information is accurately and timely recorded and all required administrative and criminal reports are completed in an approved form and timely submitted.

- (g) Ensure all disciplinary investigations of members under their supervision are conducted as per department policy and procedure if he/she has been assigned by PIB to investigate the complaint.
  - (h) Familiarize themselves with the Officer Assistance Program (see: **Chapter 22.2.6 – Officer Assistance Program Member mental Health Services, Chapter 22.2.7 – Officer Assistance Program Traumatic Incident Stress, and Chapter 22.2.8 – New Orleans Police Peer Assistance**). Officers who show unusual signs of stress or inappropriate behavior should be brought to the attention of the District Commander.
  - (i) Abide by those regulations issued by the Deputy Chief of the Field Operations Bureau relative to the completion of Daily Activity Sheets.
  - (j) Respond to all major crime scenes handled by subordinate members.
  - (k) Respond to the scene of arrests handled by subordinate members as required by regulations.
  - (l) Review each arrest report handled by subordinate members.
  - (m) Respond to the scene of Level 2-4 uses of force involving subordinate members.
  - (n) Investigate each use of force involving subordinate members (except those investigated by the PIB - Force Investigation Team).
  - (o) Review the accuracy and completeness of subordinate members' Daily Activity Reports.
  - (p) Respond to each complaint of misconduct by a subordinate received during the course of the subordinate's work.
  - (q) Ensure that subordinate members are working actively to engage the community and increase public trust and safety.
  - (r) Provide counseling, redirection, and support to subordinate members as needed.
  - (s) Review INSIGHT reports for their subordinates on a regular basis pursuant to policy (See: **Chapter 35.1.9 – INSIGHT**).
17. Supervisors shall be held accountable for performing each of his/her assigned duties.
18. Supervisors may delegate appropriate duties and responsibilities to subordinate members; however, they shall be personally responsible for monitoring the performance of their subordinates and are ultimately responsible for the completion of the assigned duties.
19. All Field Operations Bureau District officers (including Patrol, Task Force, District investigative Unit, Narcotics Units, etc.) shall be assigned to a single, consistent and clearly-defined supervisor (**Unity of Command**).
20. When the regularly assigned supervisor is not working, for any reason, an alternate supervisor shall be assigned, who is working, to provide all required supervisory functions and support. This assigned supervisor shall be specifically noted on all lineups.
21. All Field Operations Bureau District supervisors (including Patrol, Task Force, Narcotics Units, etc.) shall work the same days and hours as the officers they are assigned to supervise absent unusual circumstances or when the supervisor is on vacation, in training, or ill.
22. District Investigative Unit supervisors shall generally work the same days and hours as the officers they are assigned to supervise, taking into account that shift differences will generally not permit complete supervisory overlap.
23. District Platoon Patrol supervisors shall be assigned to the same platoon as the officers they supervise and shall actually work the same days and hours as the officers of that

platoon absent unusual circumstances or when the supervisor is on vacation, training or ill.

24. District Platoon Patrol supervisors shall be regularly assigned to supervise no more than eight officers. On duty patrol supervisors shall be available throughout his/her shift to respond to the field to provide direct supervision to officers under his/her command and, as needed, to provide supervisory assistance to other units/members.
25. District supervisors shall be responsible for the close and effective supervision of officers under their command. All District supervisors shall ensure that all subordinates under their direct command comply with NOPD regulations, municipal, state and federal law.
26. District supervisors will be held directly accountable for the quality and effectiveness of their supervision, including whether supervisors identify and effectively respond to misconduct, as part of their performance evaluations and through non-disciplinary corrective action, or through the initiation of formal investigation and the disciplinary process, as appropriate.

#### **DISTRICT PATROL OFFICERS – REPORT**

27. District Patrol Officers assigned to investigate calls for service shall conduct initial investigations and submit initial reports (including a complete narrative) on those calls which require a police report by an Operations Bureau district unit, regardless of the original incident location.
  - (a) The only exception to the above shall be in those cases received from area hospitals where the location of the incident is known and the victim/complainant is seeking treatment at a hospital. These calls shall be dispatched to a unit from the District of occurrence.
  - (b) When a call is received from an area hospital where the victim/complainant is seeking treatment and the location of the incident is unknown at the time of dispatch, an area unit will be sent to the hospital in an attempt to determine the location of the occurrence.
  - (c) If the location of the incident is found to be located within another District, it shall be the on-scene unit's responsibility to notify Communications Services of the correct location of the incident. A unit from the District of occurrence shall be dispatched to the hospital to complete the incident report.
  - (d) In the event the assigned unit cannot determine the location of the incident, it shall be his/her responsibility to complete the incident report to the best of his/her ability.
28. If the incident location is in another Field Operations Bureau District, the assigned unit shall complete the initial report and determine if there is a need for immediate follow-up investigation in a district other than the assigned unit's. In the event follow-up investigation is required, the investigating officer shall refer the matter to his/her immediate supervisor for instructions and assistance. The supervisor shall coordinate this investigation through contact with supervisors and DIU in the district of occurrence.
29. District Patrol Officers shall inform Communications Services of the correct location of occurrence for all incidents to which they are assigned if different from the location where dispatched.
30. The actual assignment of a call to another unit for follow-up shall be coordinated by the supervisory officers involved. It is incumbent on the ranking officer from the district of occurrence to ensure the district's DIU is notified and the follow-up investigation is handled to its conclusion.

31. Reports handled by district patrol officers where the location of the incident occurred in another Field Operations Bureau district shall be forwarded to the District where the incident occurred within seventy-two hours of taking the report.
32. District Patrol Officers assigned to station duty (Desk Officer) shall be responsible for handling all complaints appearing at the District Station in need of a written report, when such report does not require an on-scene investigation. Follow-up investigations and warrants shall be handled by the District DIU.
33. The Desk Officer shall complete a Daily Activity Report, noting all activity complete during his/her tour of duty.

#### **DISTRICT PATROL OFFICERS – GENERAL**

34. District Patrol Officers assigned to handle calls for service shall complete a Daily Activity Sheet for each tour of duty. The Daily Activity Sheet shall be continually updated during their entire tour of duty by advising Communication Services by police radio or by use of the MDC. Officers shall ensure that the member's Daily Activity Sheet correctly reflects:
  - (a) All calls for service,
  - (b) Business checks,
  - (c) Pedestrian checks,
  - (d) Vehicle checks,
  - (e) Lunch breaks,
  - (f) Coffee breaks,
  - (g) Use of restroom facilities, and
  - (h) All other activity the officer performs during his/her tour of duty.
35. Police Officers assigned to administrative duties and DIU members may be exempt from completing Daily Activity Sheets with permission of the District Commander if they do not perform direct services to the public.
36. District Patrol Officers' duties shall also include duties and assignments issued them by their immediate supervisors and instructions given to them by individuals in command of on scene investigations to which the officer has been assigned or involved.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 11.4.1

### TITLE: AUDITS AND REVIEWS

**EFFECTIVE: 7/10/16**

**REVISED:**

---

#### PURPOSE

This Chapter governs the criteria for internal performance audits and reviews conducted by the New Orleans Police Department's Audit and Review Unit. These audits and reviews provide essential accountability and transparency to the Department and provide management with objective information to inform decision-making and to help improve the Department.

#### POLICY STATEMENT

1. The New Orleans Police Department (NOPD) is fully committed to the use of performance audits and reviews to determine Department adherence to regulations, Chapters, policies, and procedures. Internal audits and reviews of an individual bureau, district, division, section, or unit may also be conducted.
2. The Audit and Review Unit will conduct audits in accordance with Generally Accepted Government Auditing Standards (also known as the Yellow Book).
3. The Audit and Review Unit is responsible for conducting internal audits and reviews of NOPD unless another agency or unit is specifically assigned to do so by the Superintendent of Police.
4. A performance audit or internal review can be used to demonstrate compliance with the Federal Consent Decree.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Generally Accepted Government Auditing Standards (also known as GAGAS or the Yellow Book)**—The standards produced by the United States Government Accountability Office that apply to financial and performance audits of government agencies.

**Internal Review**—An informal assessment of a specific function or aspect of the Department to provide management with a better understanding of the Department's performance in lieu of a formal audit. An internal review does not require that all aspects of GAGAS or the Audit and Review Standard Operating Guidelines be followed.

**Performance Audit**—An objective and reliable assessment of an organization or a function of

that organization conducted in order to enhance transparency, improve public accountability, and facilitate decision-making in accordance with GAGAS.

#### **AUDIT AND REVIEW UNIT**

5. The Audit and Review Unit is part of the Compliance Bureau and shall report directly to the Deputy Superintendent of the Compliance Bureau.
6. The Audit and Review Unit should create an annual audit schedule by December 1<sup>st</sup> of each year that details audit priorities over the course of the following year. The annual audit schedule should include the necessary flexibility to initiate additional audits as needed.
7. The Audit and Review Unit shall have no direct responsibility or authority over the activities or operations that are subject to review.
8. The Audit and Review Unit shall not develop or implement procedures, prepare records, or engage in activities that the Unit would then audit or review.
9. The Audit and Review Unit shall maintain information gathered as part of its audit/review process as confidential within the Compliance Bureau, unless otherwise instructed by the Superintendent. The Audit and Review Unit shall share information gathered in the course of its duties only with Compliance Bureau members unless otherwise approved by Deputy Superintendent of the Compliance Bureau. After all evidence and documentation for a particular audit has been collected by the Audit and Review Unit, the unit may share information gathered in the course of its duties for the audit in question with relevant auditees who need the information to perform their duties as Department employees.
10. The Audit and Review Unit shall handle all confidential information in the same manner as the custodian of such information.
11. All finalized audits/reviews shall remain confidential within the Compliance Bureau until released by the Superintendent.
12. Upon preliminary completion, all audits/reviews shall be assessed or appraised internally by the Audit and Review Unit and the Compliance Bureau. Subsequently, all audits/reviews will be assessed or appraised by the relevant commander, or subjects of the audit/review and other relevant members as determined by the Superintendent of Police or his/her designated representative. These assessments or appraisals allow for a management response through which relevant members may confirm findings and respond to recommendations.
13. After the assessment or appraisal review process, the Audit and Review Unit shall present the audit for approval to the Superintendent of Police. Once approved by the Superintendent of Police, the audit is considered final.
14. The Audit and Review Unit shall maintain all work papers or records necessary to ensure the replicability of the audit findings. The referenced documents need not be in original form and may be maintained electronically.
15. The Audit and Review Unit shall be exempt from the supervisory requirement of the reporting and taking of disciplinary action on any discovered/uncovered violations of Department regulations.

16. Members of the Audit and Review Unit are prohibited from initiating disciplinary action against a member of the Department as a result of any audit findings. Disciplinary action remains the sole purview of command.
17. Audit and Review Unit members shall immediately report any possible violations of law to the Deputy Superintendent of the Compliance Bureau.
18. All audits shall adhere to the internal **Audit and Review Unit Standard Operating Guidelines**.

## Audit and Review Unit Standard Operating Guidelines

### **PURPOSE AND SCOPE**

The enclosed guidelines shall serve as the Standard Operating Guidelines for the Audit and Review Unit of the New Orleans Police Department's (NOPD) Compliance Bureau. The Unit guidelines establish the procedures required to conduct thorough performance audits and internal reviews of compliance with Department policy and the federal Consent Decree.

In order to maintain independence and objectivity, the Audit and Review Unit has no direct responsibility or any authority over the activities or operations that are subject to review, nor should Audit and Review develop and implement procedures, prepare records, or engage in activities that would normally be subject to its review.

### **MISSION STATEMENT**

The mission of the Audit and Review Unit is to provide independent, objective, and replicable audits and reviews of the performance and operational functions of the New Orleans Police Department (NOPD).

### **DEFINITIONS**

**Auditor**—Trained auditing professional who conducts performance audits according to the Generally Accepted Government Auditing Standards (GAGAS).

**Auditee**—The organization, bureau, district, division, unit, or group (or members thereof) being audited or reviewed.

**Performance audit**—An objective and reliable assessment of an organization or a function of that organization conducted in order to enhance transparency, improve public accountability, and facilitate decision-making. Performance audits are conducted in accordance with GAGAS.

**Generally Accepted Government Auditing Standards (also known as GAGAS or the Yellow Book)**—The standards produced by the United States Government Accountability Office that apply to both financial and performance audits of government agencies.

**Internal Review**—An informal assessment of a specific function or aspect of the Department to provide management with a better understanding of the Department's performance in lieu of a formal audit. An internal review does not require adherence to all aspects of GAGAS or the Audit and Review Standard Operating Guidelines.

**Work papers**—Any document with information relevant to the findings or processes of a review or audit. Audit and Review will maintain and organize Work papers.

**Condition**—The current state of an NOPD function.

**Criteria**—The required state of an NOPD function as specified by Departmental policy or the Consent Decree.

## **AUDIT SCHEDULE**

The Audit and Review Unit, the Compliance Bureau managers, the Commander of Compliance, and the Deputy Superintendent of Compliance are responsible for developing an audit schedule for the following year by December 1. The annual audit schedule documents priority audits based on continual efforts to assess compliance with the goals of the NOPD and the Consent Decree. The annual audit/review schedule shall include the necessary flexibility to initiate additional audits/reviews as needed.

## **AUDIT PROCESS**

1. Preparation
  - The Unit in consultation with the Commander of the Compliance Bureau shall select a manager for the upcoming audit.
  - The Unit shall conduct preliminary research on the audit topic.
2. Notification
  - Auditors shall notify the respective auditee of the upcoming audit.
3. Draft Audit Work Plan
  - The audit work plan shall contain the following elements:
    - a) Brief summary of background research/reference materials;
    - b) Scope, population, and sample selection;
    - c) Audit objectives;
    - d) Methodology; and
    - e) Timeline.
4. Entrance Interview
  - Auditors shall meet with respective auditee supervisor to discuss audit scope and review areas. The entrance interview shall also establish a time frame for the audit.
5. Finalize Audit Work Plan
  - The audit manager shall draft a final audit work plan in consultation with other members of the Unit and submit the draft to the Commander of Compliance for approval.
6. Fieldwork
  - Review policy, procedure, and Consent Decree mandates
  - Conduct interviews with relevant auditees
  - Test for Compliance:
    - a) Test for a 95% rate of compliance with relevant policy,
    - b) Test the entire population or a random sample, and
    - c) Use testing instruments to measure compliance.

- Store work papers obtained through the audit for reference in accordance with the **Work Papers** section of these guidelines.
7. Exit Interview
    - During the exit interview, auditors will relay audit findings to the auditee and allow the auditee to accept and/or rebut the findings.
  8. Final Audit Report
    - A final audit report shall consist of the following items:
      - d) Table of Contents
      - e) Purpose
      - f) Background
        - Historical information on policy changes and issues to be resolved
        - Prior audit findings
      - g) Methodology
        - Population size
        - Sample size
        - Documentation to be reviewed
        - Testing instrument
      - h) Results
        - Table/chart of data
        - Brief descriptions of the results and explanations of the data
      - i) Recommendations (if necessary)
        - How policy and practice can change to get the condition closer to criteria
      - j) Response from the Commander or his/her designee of the audited program to recommendations and findings
  9. Report Publication As Necessary
    - Publish audits on NOPD web site in compliance with Consent Decree

## **INTERNAL REVIEW**

The Audit and Review Unit is responsible for conducting internal reviews. The Audit and Review Unit shall conduct internal reviews of auditees to provide management with a better understanding of the Department's performance. The review process is as follows:

1. Notification
  - Auditors shall notify the respective auditee of the upcoming review.
2. Data Collection
  - Auditors shall collect the relevant information.
3. Data Assessment
  - Auditors shall review data to assess compliance with Department policy and the Consent Decree.
4. Data Findings

- Auditors shall record data findings and store the findings electronically or in paper form.
5. Submission to relevant parties
    - Auditors shall submit the findings to the respective Compliance Bureau personnel.

## **WORK PAPERS**

The work papers contain the records of preliminary planning, the audit program, audit testing, and the results of the procedures that were performed. Work papers are prepared from the beginning of the first audit assignment and are added to and altered throughout the course of each subsequent audit. The work papers represent the documentation of audit activity and must be continuously maintained.

The work papers include, but are not limited to:

1. Final report;
2. Draft reports;
3. Notes for follow-up audits;
4. Requests for documentation;
5. Internal control questionnaire;
6. Audit program;
7. Testing documents;
8. Communications relating to audit;
9. Timeline (documentation of when the Unit performed a specific function); and
10. Record of interviews and observations.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 12.1

### TITLE: DEPARTMENT OPERATIONS MANUAL

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 106**

---

#### PURPOSE

The Operations Manual of the New Orleans Police Department is hereby established and shall be referred to as the "**New Orleans Police Department Operations Manual.**" The Operations Manual is a statement of the current regulations, Chapters, policies, procedures, rules and guidelines of this department.

#### POLICY STATEMENT

1. All members are to conform to the provisions of this manual.
2. All prior and existing manuals, orders, and regulations that are in conflict with this manual are rescinded, except to the extent that portions of existing manuals, orders, and other regulations that have not been included herein shall remain in effect where they do not conflict with the provisions of this manual.
3. Members of the Department who observe or become aware of a violation of the department regulations by a member shall report the violation to a supervisor or directly to the Public Integrity Bureau (PIB).
4. Supervisors shall be held accountable for identifying and responding to violations by member under their command. Members of the Department shall be held accountable for regulation violations.
5. Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines.
6. It is the intent of this manual for its guidelines to be viewed from a reasonable, objective standard, taking into consideration the exercise of sound discretion entrusted to members of this Department under the circumstances reasonably known or available at the time of any incident.

**DEFINITIONS**

Definitions, abbreviations and word conventions relevant to this Chapter include:

**Adult**—Majority is attained upon reaching the age of 18 years (CC 29).

**CC**—Louisiana Civil Code

**CCP**—Louisiana Code of Civil Procedure

**C.Cr.P.** —Louisiana Code of Criminal Procedure

**CE**—Louisiana Code of Evidence

**Ch. C.**—Louisiana Children's Code

**Child/juvenile**—A person who has not attained the age of 18 years (CH. C. 116).

**New Orleans**—The City of New Orleans

**CFR**—Code of Federal Regulations

**Civilian Employee**—Any non-sworn member employed by NOPD, on either a temporary or permanent basis, in either a paid or unpaid capacity.

**NOPD/Department**—The New Orleans Police Department and its agents, officers, supervisors and members (both sworn and non-sworn).

**DCFS**—Department of Children and Family Services

**DPSC**—Louisiana Department of Public Safety and Corrections

**Personnel/Employee**— New Orleans Police Department officers and employees

**LAC** - Louisiana Administrative Code

**LACCH**—Louisiana Computerized Criminal History system

**LSP**—Louisiana State Police

**Manual**—The New Orleans Police Department Operations Manual

**May**—Indicates a permissive, discretionary or conditional action.

**Member**—An individual who is employed, either full-time, part-time, under contract or who volunteers for the NOPD. This includes civilian volunteers and Reserve Officers while “on-duty” and performing functions under the auspices of the NOPD.

**OMV**—Louisiana Office of Motor Vehicles

**Off-Duty**—When a member of the New Orleans Police Department is not working a Departmental assigned shift, approved overtime or approved police secondary employment.

**On-duty**—When a member of the New Orleans Police Department is working a Departmental assigned shift, approved overtime or approved police secondary employment.

**Order**—A written or verbal instruction issued by a supervisor who is in the member's chain of command or who is exercising general supervisory authority on a scene or incident.

**Police Officer / Officer**—A Commissioned Law Enforcement or Peace Officer with the power to effect arrests. This includes Reserve Officers. This term is gender neutral.

**POST**—Louisiana Peace Officer Standards and Training Council

**Rank**—The title of the civil service classification held by an officer.

**R.S.** —Louisiana Revised Statutes

**Shall (or will)** —Indicates a mandatory action.

**Should**—Indicates a generally required or expected action, absent a rational basis for failing to conform.

**Superintendent**—The Superintendent of the New Orleans Police Department

**Supervisor**—A sworn NOPD member at the rank of sergeant or above (or anyone acting in those capacities) and a non-sworn NOPD member with oversight responsibility for other members.

**USC**—United States Code

## **RESPONSIBILITIES**

7. The ultimate responsibility for the content of this manual rests with the Superintendent of Police. Since it is not practicable for the Superintendent of Police to prepare and maintain the manual, delegations have been made as indicated in this Chapter.

## **SUPERINTENDENT OF POLICE**

8. The Superintendent of Police, as the appointing authority for the New Orleans Police Department, shall be considered the ultimate authority for the provisions of this manual and shall ensure compliance with all applicable federal, state, and local laws.
9. The Superintendent of Police is responsible for issuing Departmental Orders in the form of General Orders, which may modify or clarify those provisions of the manual to which they pertain.
10. General Orders shall remain in effect until such time as they are permanently incorporated into the manual.

## **SUPERINTENDENT'S STAFF**

11. The Superintendent's staff shall review all recommendations regarding proposed changes to the Operations Manual as applicable to their areas of responsibility or as directed by the Superintendent.

## **DEPARTMENT MEMBERS**

12. Department members suggesting revision of the contents of the Operations Manual shall forward their written suggestions to their Division Commander, who will review the

recommendation and forward it, via the chain of command, to the Superintendent of Police for consideration. A copy shall be forwarded to the Compliance Bureau - Policy Standards Section.

### **CHAPTER FORMATTING CONVENTIONS**

13. All written regulations will have a header at the top of the page with the subject of the regulation and the Chapter number. Each Chapter will begin with a purpose statement, a policy statement (when appropriate), and will conclude with the directive information on that subject. The published and revision dates of the Chapter will be printed in the header section of each policy.

### **DISTRIBUTION**

14. An electronic version of the Operations Manual is available to all members on the department's internal web site (<http://cno-eprweb01.cityofno.com> under **NOPD.org**, then **Rules & Regulations**). The electronic version will be limited to the viewing and printing of specific sections.
15. No changes shall be made to the electronic version without authorization of the Commander of the Policy Standards Section.

### **MANUAL ACCEPTANCE / ACKNOWLEDGEMENT**

16. All members are required to read and obtain necessary clarification of this Department's regulations as they are issued.
17. All members shall give affirmation on the department's designated web application to reflect their receipt, review and knowledge of each new or revised Chapter or Rule.

### **REVISIONS TO CHAPTERS**

18. All members are responsible for keeping abreast of all Operations Manual revisions. All changes to the Operations Manual will be posted on **NOPD.org**.
19. The Policy Standards Section will forward notice of all revisions to the Operations Manual as directed by General Order to all members via electronic mail.
20. Each supervisor (civilian and commissioned) will ensure that members under his/her command are aware of all Operations Manual revisions as they become effective.

### **PERIODIC REVIEW**

21. The Policy Standards Section shall review each Chapter annually after it is implemented to ensure that the Chapter provides effective direction to NOPD members, remains consistent with best practices and changes in laws.
22. The Policy Standards Section shall review and revise Chapters as necessary or upon notice of a significant Chapter deficiency during an audit or review.

### **SUPERVISORY MEMBERS**

23. Supervisory member shall have the authority to formulate and issue written guidelines as it pertains to the unique operation of their particular assignment. However, no guideline shall be issued which is in conflict with any directive issued by the

Superintendent of Police or a higher ranking supervisor in the member's chain of command.

### **POLICY STANDARDS SECTION**

24. The Policy Standards Section shall coordinate and serve as a central clearing unit for the creation, preparation, evaluation, review, revision, indexing, and distribution of the Department's Rules and Chapters. New Chapters and Rules shall be distributed by the Policy Standards Section through the Department's web site (<http://cno-epweb01.cityofno.com> under **NOPD.org**, then **Rules & Regulations**).
25. The Policy Standards Section shall be responsible for the storage (both electronic and in written form) of all Operations Manuals.
26. Members of the New Orleans Police Department may contact the Policy Standards Section to obtain copies of Chapters already placed in effect that may not be available via **NOPD.org**.
27. Requests for copies of a voluminous nature may necessitate the requesting individual to supply both materials and labor for completion of the task.

### **RECOMMENDATIONS FOR NEW POLICIES**

28. Upon receipt of a recommendation, the Policy Standards Section shall:
  - (a) Research and evaluate the recommendation; and
  - (b) Prepare a written recommendation for the approval or disapproval of the recommendation(s) to the Deputy Chiefs of the Compliance Bureau and Public Integrity Bureau.
29. Upon approval by the Deputy Chief of the Compliance Bureau, all new Chapters shall be forwarded to the Superintendent of Police for final approval.
30. The Policy Standards Section shall notify the requesting member, in writing, of the Deputy Chief of the Compliance Bureau or Superintendent's decision within thirty (30) working days regarding their recommendation.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 12.2

### TITLE: DEPARTMENTAL ORDERS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 204**

---

#### PURPOSE

Departmental orders establish intradepartmental communication that is used by the Superintendent of Police to make immediate changes to Rules, Chapters and other written directives.

#### GENERAL ORDER PROTOCOL

1. General Orders shall be in the form of a written correspondence (Form 105), approved by the Superintendent of Police.
2. General Orders may be incorporated into the regulations manual, as required, upon staff approval.
3. General Orders may modify existing Rules, Chapters or written directives or may create a new Rule, Chapter or written directive as appropriate and shall be rescinded upon incorporation into the regulations manual.
4. Any departmental orders that become inoperative with the passing of the incident or period for which they are written, and that are not intended for nor will they be included in the regulation manual, shall be tracked and acknowledged in the same manner as Rule, Chapter or written directive revisions.

#### SPECIAL ORDERS PROTOCOL

5. Special Orders establish a temporary policy or procedure on a given subject for a specific length of time (one year, unless otherwise specified).
6. Special Orders may be issued to the Department as a whole, to a specific Bureau, Division, Section, Unit or individual.
7. Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued.
8. Special Orders shall be issued for, but shall not be limited to:
  - (a) Special events; and

- (b) Directives concerning specific problems or activities, which may clarify, define or amplify already existing regulations.
- 9. Special Orders shall be numbered consecutively beginning with January first of each year. The numbers shall consist of a sequence number followed by the year of issue (i.e., 1-2017, 2-2017, 3-2017, etc.).
- 10. The sequence of Special Order numbers shall be maintained in the Human Resource Division during regular office hours and transferred to the NCIC Unit during hours when the Personnel Division is closed.
- 11. Special Orders shall be disseminated throughout the Department by E-mail (NOPDall) and by written correspondence (Form 105) when a particular order requires such distribution.
- 12. Special Orders shall be:
  - (a) Filed permanently in the Policy Standards Section, every Bureau Office, and the Human Resource Division;
  - (b) Filed for twelve months from the date of issue in all other Divisions, Sections, Units, etc.;
  - (c) Sent by the issuing member to the Policy Standards Section for inclusion in the master file of Special Orders within three days; and
  - (d) Effective for one year unless otherwise stated within the order.

#### **PERSONNEL ORDERS**

- 13. Personnel Orders are those orders which directly affect Department members and assignments.
- 14. Personnel Orders shall be published for, but shall not be limited to:
  - (a) appointments to the Department;
  - (b) resignations and retirements from the Department;
  - (c) transfers;
  - (d) temporary assignments of members;
  - (e) promotions;
  - (f) special leaves for Department business;
  - (g) designations of Commanders/Directors; and
  - (h) authorized travel.
- 15. Personnel Orders shall be numbered consecutively beginning with January first of each year. The numbers shall consist of a sequence number, followed by the year of issue (i.e., 1-2017, 2-2017, 3-2017, etc.).
- 16. The sequence of Personnel Order numbers shall be maintained in the Human Resource Division during regular office hours and transferred to the NCIC Unit during hours when the Human Resource Division is closed.
- 17. Personnel Orders shall be disseminated throughout the Department by E-mail (NOPDall) and by written correspondence (Form 105) when a particular order requires such distribution.
- 18. Personnel Orders shall be filed permanently in the Human Resource Division.

**OPERATIONS ORDERS**

19. Operations Orders are orders which direct the activities of the Department in major events and coordinate the activity of Bureaus, Divisions, Sections and Units.
20. Operations Orders shall remain in effect only for the life of the designated event.
21. Operations Orders shall be issued for, but not limited to, the following events:
  - (a) Sugar Bowl;
  - (b) Mardi Gras;
  - (c) St. Joseph's Day Parade;
  - (d) NOPD Annual Memorial Mass and Inspection;
  - (e) VIP Security Assignment;
  - (f) Super bowl;
  - (g) Final Four; and
  - (h) All other major events or conferences.
22. Operations Orders shall be issued by the Superintendent of Police or his designee.
23. Operations Orders which direct the activity of more than one Bureau shall only be issued by the Special Events Section.
24. Operations Orders which direct the activity of only one Bureau shall be issued by that Bureau's Chief.
25. Activities which require the Department to prepare an Operations Order shall be reported to the Special Events Section as soon as the event becomes known.
26. The Special Events Section shall be notified of every meeting for an activity which may require an Operations Order where a liaison from the Police Department is requested to be present.
27. The Police Department's liaison shall notify the Special Events Section , in writing, of the time, date, and location of the meeting seventy-two (72) hours prior to the scheduled meeting or immediately upon notification if less than seventy-two (72) hours scheduled notice.
28. Operations Orders shall be captioned with the title of the event and the appropriate event date(s). They shall be distributed according to the requirements of the special event.
29. Operations Orders shall be filed permanently in the Special Events Section.
30. The issuing authority shall be responsible for delivering the original, signed copy of the Operation Order to the Special Events Section for inclusion in the Master File.
31. To facilitate planning, the Commander of the Special Events Section will determine when a designated member of the Section will attend scheduled meetings of activities which may require an Operations Order.

**POLICY STANDARDS SECTION**

32. The Policy Standards Section shall review and prepare for approval, revisions of the NOPD Operations Manual, which will incorporate any changes originally made by a Departmental Order.

33. The Policy Standards Section shall maintain control of General Order numbers.
34. Implemented General Orders shall be maintained, both electronically and in writing, in the Policy Standards Section.
35. Prior to obtaining General Order numbers, the proposed order shall be submitted to the Policy Standards Section to determine if it is in conflict with any existing order. Should any conflicts be located, the proposed order will be returned to the author with a written explanation of the conflict.
36. General Orders which affect prior issued General Orders will be canceled if a new order is issued.
37. No General Order shall be issued which affects only a portion of a previously issued General Order. All components of the previously issued General Order which are to remain in affect must be listed in the new order.
38. General Orders will be published on the department's intranet system located at [www.NOPD.org](http://www.NOPD.org).
39. General Orders will be reviewed and evaluated by the Policy Standards Section within six (6) months of issuance. If there are no revisions required, the General Order will be included in the Operations Manual within the seventh (7th) month.
40. General Orders which affect a previously issued department regulation will require the affected regulation to be revised and reissued within sixty days of the implementation of the General Order.
41. Department members shall be notified of the issuance of a General Order via departmental email (mail.nola.gov).
42. Department members are responsible for checking their departmental e-mail account and reading his/her emails at least once daily during their tour of duty.

#### **SUPERINTENDENT OF POLICE**

43. The Superintendent of Police or his/her authorized designee shall issue all Departmental Orders.

#### **SUPERVISORS**

44. Supervisors shall ensure all subordinates are made aware of all department orders in a timely manner after issuance.
45. Supervisors shall review and discuss the contents of the orders with subordinates to promote a clear understanding of the contents.
46. Supervisors shall have the authority to formulate and issue written guidelines as it pertains to the unique operation of their particular assignment. However, no guideline shall be issued which is in conflict with any directive issued by a higher authority in the member's chain of command or the Superintendent of Police.

#### **ACCEPTANCE OF DEPARTMENTAL ORDERS**

47. All members are required to read and, if necessary, obtain clarification of all Departmental Orders.

48. Members shall utilize the electronic cognizance card indicating receipt of any new General Order.
49. To access the cognizance card, members shall go to the NOPD Web Applications page and click on the "**Cognizance Card**" link found under the "**NOPD Training**" section.
50. Members can access the General Order by clicking the "**Click here to read the lesson plan**" link.
51. Members shall sign in using their username and password for their city email. Once inside the cognizance card link the member will be presented with a statement of receipt; members shall select the "**Yes**" option and submit which will serve as the member's electronic signature acknowledging receipt of the above.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.1

### TITLE: ADMINISTRATIVE REASSIGNMENT

**EFFECTIVE: 08/05/2018**

**REVISED: Replaces Policy/Procedure 1055**

---

#### PURPOSE

The purpose of this Chapter is to provide for continued employment status of an employee in lieu of normal duties when it becomes necessary to immediately relieve an employee from duty for an alleged infraction of department rules, Chapters, or violation of the law or for administrative reasons.

This Chapter also provides for the reassignment of employees in response to psychological referrals and during the administrative investigation of on-duty incidents where death or serious physical injury has occurred.

#### DEFINITIONS

**Serious Physical Injury**—Physical injury that creates a substantial risk of death; causes death or serious and protracted disfigurement; or causes impairment of the function of any bodily organ or limb. (See **Chapter 1.3 – Use of Force**).

#### POLICY STATEMENT

1. The reasons for Administrative Reassignment may include, but shall not be limited to:
  - (a) An employee's alleged use of drugs;
  - (b) Any alleged act, or failure to act, which jeopardizes the public's safety or the department's integrity;
  - (c) Any alleged act which brings into question the employee's continued ability to perform his/her duties; or
  - (d) The employee's physical arrest (including summons) or contempt of court resulting in detention.
2. Only the Superintendent of Police or his/her designee may place an employee on administrative reassignment.

#### ADMINISTRATIVE REASSIGNMENT PROCESS

3. When an employee is placed on administrative reassignment status, the supervisor issuing the order shall:
  - (a) Ensure the employee's Commander is informed of the reassignment, and
  - (b) The employee is advised of the date, time, and location where to report.

4. The employee shall be relieved from law enforcement duties and assigned to the Administrative Duties Division, except as indicated below:
  - (a) Employees placed on administrative reassignment due to disciplinary investigations or investigations arising out of a police shooting shall be reassigned by the Public Integrity Bureau. The employee's original place of assignment shall carry the individual detailed to PIB. The employee's place of reassignment will be responsible for maintaining the employee's payroll. PIB shall notify OPSE of members placed on administrative reassignment.
  - (b) The employee shall not work police secondary employment while he/she is reassigned without the expressed written approval of the Superintendent of Police. A request to work secondary employment shall be made through the employee's regular chain of command. (See: **Chapter 22.08 – Police Secondary Employment.**)
  - (c) Should the reassignment continue into the employee's next tour of duty, the employee shall be directed to report for duty in plain clothes.
5. The Superintendent of Police may limit the commission of any employee placed on administrative reassignment status to those working hours when the employee is physically at his/her place of assignment.
6. The supervisor who receives approval for an administrative reassignment shall document same on an **Administrative Reassignment** (AR-1 form). Distribution shall be made as indicated on the Administrative Reassignment Form.

#### **REVIEW OF ADMINISTRATIVE REASSIGNMENT**

7. The facts and circumstances surrounding the employee's reassignment shall be reviewed by the Deputy Chief of the Public Integrity Bureau and the employee's Bureau Chief within 24 hours.
8. The Superintendent shall be notified of the results of the review and may hold a hearing on the merits of the administrative reassignment.
9. If a decision to return the employee to his normal duties, or to have a hearing, cannot be arrived upon within the 24 hour time period, the employee shall remain on administrative reassignment status until further notified.
10. The employee's reassignment status shall be reviewed by the Deputy Chief of the Public Integrity Bureau at least once each week until completion of the case investigation, or until the employee is returned to his/her regular assignment.
11. Only the Superintendent of Police may terminate the administrative reassignment of an employee.
12. The Deputy Chief of the Public Integrity Bureau shall notify the employee when he/she is removed from administrative reassignment duties.

#### **PAYROLL RECORD KEEPING**

13. If an employee is reassigned to a unit other than his/her permanent place of assignment, he/she shall be carried "DETAILED" by his/her normal place of assignment.
14. The location where the officer is temporarily assigned shall be responsible for entry of the employee's daily work hours. In the remarks section of the employee's payroll

record, the notation "**administrative reassignment**" shall be inserted.

15. During a declared emergency, the Superintendent of Police may return administratively reassigned employees to active duty.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.2

### **TITLE: DEPARTMENT FORMS: DEVELOPMENT AND IMPLEMENTATION**

**EFFECTIVE: 04/22/2018**

**REVISED: Replaces Policy/Procedure 234**

---

#### **PURPOSE**

The purpose of this Chapter is to establish a process for the development of forms used by the New Orleans Police Department in its various administrative procedures. Forms supplied by other agencies (e.g., courts, District Attorney's Office, City Hall) are not covered by this Chapter.

#### **DEFINITIONS**

**NOPD Form**—A document, including an electronic equivalent (e.g., PDF), containing relevant information, arranged in a standardized format, used for the purpose of collecting data or relaying information.

#### **POLICY STATEMENT**

1. All forms used by the New Orleans Police Department shall be housed and made available on the City's intranet site located at NOPD.org. Each form shall bear a unique number supplied by the Policy Standards Section of the Compliance Bureau.
2. All forms, new or revised, must be approved by the Compliance Bureau Deputy Superintendent before they are put into effect.
3. Forms may be photocopied by units to ensure sufficient on-site quantities.

#### **INSTRUCTIONS**

4. The revision to or implementation of forms shall be forwarded to the Policy Standards Section of the Compliance Bureau for approval prior to use. This does not apply to forms used within individual units for unit administrative purposes (examples: long distance telephone log books, sign in/out sheets).

#### **REVISIONS AND/OR MODIFICATIONS TO EXISTING FORMS**

5. Revisions and/or modifications to existing forms shall be conducted as follows:
  - (a) An interoffice correspondence (Form 105), from the unit wishing to revise a form, shall be forwarded to the Policy Standards Section of the Compliance Bureau

outlining why the form should be changed. This correspondence shall reference:

- i. Any forms currently in use which are associated with the form to be revised.
  - ii. All Chapters where the form is referenced in the Operations Manual.
  - iii. The form to be revised, along with all associated forms, shall be attached.
  - iv. Any omissions or additions in forwarding instructions shall be included in the correspondence and indicated in red ink on the form.
- (b) If possible, an electronic copy of the relevant form(s) shall be forwarded to [policyandplanning@nola.gov](mailto:policyandplanning@nola.gov). If an electronic version is not available, modifications shall be made to the current form indicating the changes.

### **IMPLEMENTATION OF NEW FORMS**

6. Implementation of new forms shall be as follows:
  - (a) An interoffice correspondence (form 105) from the unit wishing to implement a new form shall be forwarded to the Policy Standards Section of the Compliance Bureau outlining the need for the form and including:
    - i. Reference shall be made to any form currently in use where the information desired is captured either in part or in whole, if applicable.
    - ii. A location list within the Operations Manual where associated forms covered in the above paragraph will be used.
    - iii. The attachment of a handwritten or electronic copy of the proposed form.
    - iv. Forwarding instructions at the bottom of the proposed form.

### **POLICY STANDARDS SECTION - RESPONSIBILITIES**

7. The Policy Standards Section of the Compliance Bureau shall review requests for new form implementation and present form revision to determine the suitability of requests.
8. Requests deemed inappropriate or in need of extensive correction or further modification shall be returned to the requesting unit, through the chain of command. The reasons for disapproval or an indication where the corrections are to be made shall be outlined. The Policy Standards Section of the Compliance Bureau shall, upon request, assist any unit in the revision and/or preparation of forms to be used Department wide.
9. Prior to the implementation of new or revised forms, the Policy Standards Section of the Compliance Bureau shall ensure any conflict arising out of the use of the form with existing Chapters in effect are corrected.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.3

### TITLE: PERSONNEL FILES

**EFFECTIVE: 04/08/2018**

**REVISED: Replaces Policy (1026)**

---

#### PURPOSE

This Chapter governs maintenance, retention and access to NOPD personnel files (sometimes referred to as personnel jackets).

#### POLICY STATEMENT

1. It is the policy of the Department to maintain consistent employment records and preserve the confidentiality of personnel data contained in personnel files pursuant to state public records law (La. R.S. 44:11).
2. Long-term volunteer records such as for Reserve Police Officers shall be handled in the same manner as employee records.
3. The personnel jacket is part of the INSIGHT Early Intervention System and may contain Personally Identifiable Information (PII) and Health Insurance Portability and Accountability Act (HIPPA) protected data as well as each member's name, badge number, shift assignment, supervisor, race/ethnicity and gender. (See: **Chapter 35.1.9 – INSIGHT**).
4. The use of information contained in INSIGHT shall be in compliance with all applicable laws and Department regulations and shall be regarded as **confidential**. Each member shall be allowed to view his/her own information as well as the information contained on any subordinate under his/her command.
5. Personnel records are kept in both paper version and files and electronic version and files. The personnel jacket does not replace the paper file system.

#### DEFINITIONS

**Brady Material**—Evidence held by the prosecution that may be favorable to the defendant, as held by the U.S. Supreme Court in *Brady v. Maryland* (373 U.S. 83 (1963)).

**The Prosecution**—Includes the prosecutor and all investigative agencies involved in the criminal prosecution of a defendant, including this department.

## CONFIDENTIALITY OF ALL PERSONNEL FILES

6. Personnel files are private and confidential and may be exempt from disclosure. A request to release, inspect or copy a personnel record shall be forwarded to the City Attorney's Office for review and a determination regarding the action to be taken by the Department in meeting the request.

## PERSONNEL SECTION

7. Each member of the Department shall have a personnel jacket created by the Personnel Section at the time an employee is appointed to the Department. The electronic version of the personnel jacket will be available to the member and the member's immediate supervisor(s) for viewing at any time on the City intranet. A member's electronic personnel jacket can be found on the NOPD Web Application page under Applications / Insight.
8. The Personnel Section shall maintain a personnel jacket on all members throughout their employment or service with the New Orleans Police Department. The member's personnel jacket shall be maintained in accordance with the Department's records retention policy maintained by the MSB – Records Section.
9. Should any employee be transferred to another city agency, thus terminating their employment with the New Orleans Police Department, the Personnel Section shall forward a suitably redacted copy of the employee's personnel jacket to the director of that city agency upon their request.

## HUMAN RESOURCE SERVICES

10. The paper version or hard copy of the personnel jacket maintained in the MSB – Human Resource Services – Personnel Section shall contain, but not be limited to, the following:
  - (a) The member's current and all previous addresses (Declaration of Domicile Form B which can be found at <http://www.nopd.org> in the **Forms** folder).
  - (b) Contact person(s) designated by the member in the event emergency notification of a relative is needed.
  - (c) All payroll records and documents pertaining to the reclassification of an employee either through promotion and/or demotion.
  - (d) All other documentation deemed appropriate by the Director/Commander of the Human Resource Services necessary to abide by Civil Service rules and regulations, CAO policies and State Law.
  - (e) The member's current telephone number and all previous telephone numbers.

## MEDICAL RECORDS

11. All information pertaining to an employee's medical records shall be kept in a separate paper and electronic file (part of the INSIGHT Early Intervention System) located in the Personnel Section of the New Orleans Police Department. No information pertaining to an employee's medical history shall be kept at the unit or division level. (See **Chapter 35.1.9 – INSIGHT**).

## DECLARATION OF DOMICILE

12. All employees shall complete the Declaration of Domicile Form B and submit same to their immediate supervisor within 10 working days of obtaining a new domicile or residence.

13. Supervisors shall forward all completed Form Bs to the Personnel Section within three working days of their receipt.
14. Personnel Section shall upload the document to the member's personnel jacket within five working days of receipt.

#### **EMPLOYEE HOME / CELL / DEPARTMENT PHONE NUMBER**

15. Employees are responsible for notifying their supervisor via the **INSIGHT Data Correction Form** immediately upon obtaining a new home/cell or department telephone number. (See **Chapter 35.1.9 – INSIGHT**).
16. The Early Intervention Unit shall forward a copy of the **INSIGHT Data Correction Form** indicating the correction made to the Personnel Division for correction and notation in the member's paper or hard copy personnel file.

#### **RESIDENCE BOOK**

17. Each Bureau/Division/District/Section/Unit within the New Orleans Police Department shall maintain a residence book on all employees assigned to the unit. The residence book is a hard copy of the following records, maintained and kept current for each member assigned to the Bureau/Division/District/Section/Unit. It shall contain the member's:
  - (a) Name;
  - (b) Domicile;
  - (c) Home telephone number;
  - (d) Personal cell number (if the member carries while on-duty); and
  - (e) Department cell phone number (if assigned).
18. Supervisors are responsible for ensuring his/her subordinates maintain updated records in the member's personnel jacket and for updating the residence book as the information changes.
19. The residence book should be available to all Bureau/Division/District/ Section/Unit supervisors 24 hours a day, but the information contained in the residence book is **Personally Identifiable Information (PII)** and shall be restricted to **authorized Departmental use ONLY**. (See **Chapter 35.1.9 – INSIGHT**).
20. Departmental employees are **PROHIBITED** from releasing personal telephone numbers to **anyone** unless authorized by the Director of Personnel or the Superintendent of Police. (See **R.S. 40:2532**).

#### **EXEMPTION FOR PIB - INTERNAL INVESTIGATION FILES**

21. The internal investigation file is not part of a member's personnel jacket and shall be maintained under the exclusive control of the Public Integrity Bureau in conjunction with the office of the Superintendent. Access to these files may only be approved by the Superintendent or the Deputy Chief of the Public Integrity Bureau.

#### **RELEASE OF INFORMATION**

22. No member of this department may disclose private or confidential data without the written consent of the affected member or written authorization of the Superintendent or Police or his/her designee, except as provided by this policy, pursuant to lawful process, court order or as required by state law (see generally: **La. R.S. 44:3; La. R.S. 44:4(23)**).

## PURGING OF FILES

23. An officer may make a written request to purge from their file any record as specified in La. R.S. 40:2533(C) or found to be inaccurate by use of the **INSIGHT Data Correction Form**. (See: **Chapter 35.1.9 – INSIGHT**).

## BRADY MATERIAL IN PERSONNEL FILES

24. The purpose of this section is to establish a procedure for releasing potentially exculpatory information, known as Brady material, which may be contained within Department personnel jackets.

## RELEASE OF PERSONNEL FILES TO THE PROSECUTOR

25. Generally, the only time the prosecuting attorney (District Attorney, Attorney General or a grand jury) is entitled to access confidential law enforcement officer personnel files without filing a court motion is during an investigation of the conduct of an officer of this department. Such access shall not be considered a waiver of the confidentiality of the information contained in these files.
26. Absent a specific investigation of an identified officer or a specific investigation of this department, or the consent of an involved officer, no confidential information from any officer's personnel file shall be released to the District Attorney or grand jury without full compliance with the court process. The prosecution of a criminal defendant is not considered an investigation of any involved officer.
27. Should an officer's credibility or other issues related to an officer's personnel file arise in the context of an officer acting as a witness for the prosecution, access to that officer's personnel file by either the District Attorney or the criminal defendant shall be limited to that which is authorized by law or through the process set forth in court and evidentiary rules (**C. Cr. P. 718; Code of Evidence Art. 607**).
28. If an officer is a material witness in a criminal case, a person or persons designated by the Superintendent may examine the subject officer's personnel file to determine whether there are Brady materials contained therein (e.g., evidence which is both favorable and material to the guilt and/or punishment of the defendant). If Brady material is located, the following procedure shall apply:
- (a) In the event that a court motion has not already been filed by the criminal defendant or other party, the prosecuting attorney shall be notified of the potential presence of Brady material in the officer's personnel file.
  - (b) The prosecutor should be instructed to file a court motion in order to initiate an in camera review by the court.
  - (c) As with any court motion, and prior to any review of the files by the court, the subject officer shall be notified in writing that a court motion has been filed.
  - (d) The responsible custodian of records shall accompany all relevant personnel files during any in camera inspection and address any issues or questions raised by the court in determining whether or not any material contained in the file is both material and favorable to the criminal defendant.
  - (e) If the court determines that there is relevant Brady material contained in the file, only that material ordered released will be copied and released to the parties filing the court motion.
  - (f) Prior to the release of any materials pursuant to this process, the custodian of records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon

completion of the case.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.5

### TITLE: GOALS AND OBJECTIVES

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy/Procedure 221**

---

#### PURPOSE

Long term planning and the ability to foresee problems affecting policing within the police department are important factors in law enforcement efforts. Resource allocation, fund appropriation, enforcement techniques, and changes in scientific detection procedures oftentimes require extended periods of time to effectively implement. Sound management principles necessitate ongoing, long term planning, to address anticipated needs in policing and related support requirements.

#### POLICY STATEMENT

1. Each Division/District, Section and Unit within the New Orleans Police Department shall submit a written report, in the form of an interoffice correspondence, to their Bureau Chief outlining the goals and objectives for the upcoming year. This correspondence is due by September 1st, prior to the beginning of the year outlined.

#### REQUIRED REPORTING AND DISTRIBUTION

2. The submitted correspondence should include the anticipated needs in areas of staffing, supervision, training, equipment, and capital improvements, along with the approximated cost of the unbudgeted but anticipated needs.
3. Bureau Chiefs shall review and consolidate the various correspondence from the Division/District, Section and Units under his/her command and prepare a summary report to the Superintendent of Police outlining the goals and objectives of the Bureau for the upcoming year by September 15<sup>th</sup>.
4. The Superintendent of Police shall, at a time and place determined by his/her office, hold a meeting where the goals and objectives of the upcoming year will be formally presented by the Bureau Chiefs. The Superintendent and the Bureau Chiefs shall review each stated goal and objective and consolidate the ones selected to form the basis of the Departmental goals and objectives. This summary shall be prepared by the Office of the Superintendent prior to the end of October.
5. Copies of the final, approved goals and objectives for the Department, each Bureau, Division/District, Section and Unit for the upcoming year shall be forwarded to the Compliance Bureau – Policy Standards Section by the Office of the Superintendent prior to the end of November.

6. Approved goals and objectives not requiring additional expenditures, which can be accomplished within each Bureau's approved fiscal budget, shall be implemented as directed by the affected Bureau Chief.
7. Goals and objectives requiring the acquisition of additional funding, allocation of additional staffing, capital improvements, the purchase of additional equipment, etc. shall only be approved and implemented by direction of the Superintendent of Police.
8. Bureau Chiefs shall submit to the Superintendent of Police written updates as to the progress being made toward the accomplishment of all Bureau, Division/District, Section and Unit goals and objectives under their command. Reports shall be made quarterly, with a copy being forwarded to the Compliance Bureau – Policy Standards Section.
9. The Compliance Bureau – Policy Standards Section shall review the approved goals and objectives submitted to assess if revising or issuing any current regulations may be required to effectively implement the goals and objectives.

#### **RECORDS**

10. The Compliance Bureau – Policy Standards Section shall maintain files on all Bureau, Division/District, Section and Unit goals and objectives, including the periodic revisions or updates and the quarterly reports on progress submitted by the Bureau Chiefs.

#### **INDIVIDUAL MEMBER GOALS FOR PERFORMANCE APPRAISAL**

11. Supervisors at the lowest organizational structure level, the Unit, shall use the Unit Goals and Objectives, once approved, as the template for developing the individual Unit members' goals and objectives for the upcoming evaluation cycle.
12. The individual members' goals and objectives shall be conveyed to the member by the supervisor before the evaluation cycle begins and specifically state, at a minimum:
  - a. The individual member's goals and objective for the year.
  - b. How the member will demonstrate compliance or attainment of each goal or objective.
  - c. How the member's goals and objectives help the Unit meet its goals and objectives.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.8

### TITLE: ADMINISTRATIVE COMMUNICATIONS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 214**

---

#### PURPOSE

Administrative communication is vital in ensuring the smooth and efficient operation of the New Orleans Police Department. Effective and timely communication within the Department ensures all members are informed of significant and routine events and allows the Superintendent to stay abreast of the Department's operations.

#### CORRESPONDENCE

1. To ensure that the official letterhead and name of the Department are not misused, all official external correspondence shall be on Department letterhead and must be approved for use by a supervisor.
2. All department letterhead shall bear the signature element of the Superintendent of Police.
3. Department letterhead may not be used for personal purposes, nor shall members of the Department design and/or use any other stationary which gives the appearance of official correspondence.
4. Internal correspondence should use appropriate memorandum forms (Form 105). These may be from line employee to employee, supervisor to employee or any combination of employees.

#### SURVEYS

5. All surveys made in the name of the Department or a unit within the Department shall be authorized by the Superintendent of Police or his/her authorized designee.

#### OTHER COMMUNICATIONS

6. Departmental Orders (see: **Chapter 12.2 – Departmental Orders**) necessary to ensure the effective operation of the Department shall be issued by the Superintendent of Police or his/her authorized designee.

## INFORMATION BULLETINS

7. All Information Bulletins shall be issued in the name of the Superintendent of Police only and shall be approved by the Superintendent of Police or his/her authorized designee prior to issuance.
8. **Information Bulletins are non-directive in nature.** They are not considered "instructions" or "orders."

## OFFICIAL CORRESPONDENCE

9. NOPD letterhead stationary shall be used only for official department correspondence which is directed outside of the City of New Orleans or its agencies, boards or commissions. Employees shall not provide blank NOPD letterhead stationary to any person who is not an employee of the Department. All outgoing correspondence shall be in the following format:
  - (a) Center the date under the letterhead.
  - (b) Place the reference number, if any, in the upper right hand corner, under the Superintendent's name.
  - (c) Place the inside address and salutation at the left hand margin.
  - (d) If an NOPD item number applies to the correspondence, place it in the RE: section at the left hand margin between the inside address and the salutation. The subject of the correspondence may also be placed in the RE: section.
  - (e) Indent the first word of each paragraph in the body of the letter five (5) spaces from the margin.
  - (f) Place the closing on the right hand side of the page. The closing is, "Sincerely," followed by the typed name of the Superintendent, followed by his title. Underneath the Superintendent's title, type "BY:" name, and job title of the employee who wrote the letter, no less than ½ inch below the Superintendent's title.
  - (g) Underneath the typed name and title of the employee who wrote the letter, add the signature line followed by the date of the signature. The sender shall sign and date the correspondence.
  - (h) At the left hand margin, type the Superintendent's initials, a slash, the initials of the employee who wrote the letter, a slash, and the initials of the typist. Use no more than three (3) sets of initials.
  - (i) If applicable, the enclosure and attachment section follows the initials section. Give the number of each enclosure or attachment.
  - (j) The copy (cc :) section follows the attachment or enclosure section. List the name of each person receiving a copy of the letter. Always include a cc: to Central Files.
  - (k) Use plain, bond paper for second and subsequent pages.
  - (l) If a supervisor's approval is required to send the letter, the approval will be recorded on the sender's office copy, not on any outgoing letter or copy.
  - (m) The sender will forward a copy of all outgoing correspondence to the Superintendent's Office (Central Files), omitting the attachments or enclosures.
10. Write all outgoing correspondence in the first person plural (we) or the third person singular (The Department). **Do not use the first person singular (I).**

## INTEROFFICE CORRESPONDENCE

11. Interoffice correspondence directed to superiors shall be directed through the chain of command with a signature line and date line for each intervening supervisor in the

chain of command. All signatories to the correspondence will include the date their signature was entered.

12. When properly directed through the chain of command, reviewing Commanders / Directors shall forward the interoffice correspondence.
13. Interoffice correspondence shall be distributed to the employees of the Bureau, District/Division, Section, or Unit to whom it applies. Bureaus, District/Divisions, Sections and Units shall maintain files of their own interoffice correspondence in accordance with the Department's record retention policy.
14. The correspondence shall be as brief as possible. Content shall be concise and narrowly directed toward the subject matter.
15. Nothing in this Chapter shall prohibit a member from directing an Interoffice Correspondence directly to a Bureau Deputy Chief or to the Superintendent for the purpose of documenting misconduct of any employee of the Department, relaying confidential information, or citing grievances.

#### **INFORMATION BULLETINS**

16. Information Bulletins shall be distributed by Motion Teletype Network (TTY) and Departmental email at [NOPDAI@nola.gov](mailto:NOPDAI@nola.gov) and shall be maintained at the Unit Level for a period of one (1) month after being sent.
17. The employee sending an Information Bulletin shall send a copy of the original document to the Policy Standards Section of the Compliance Bureau for inclusion in the permanent master file of Information Bulletins.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.14

### TITLE: VEHICLE FUELING AND FUEL SERVICES

**EFFECTIVE: 04/15/2018**

**REVISED: (Replaces Policy 706)**

---

#### PURPOSE

The purpose of this Chapter is to outline the responsibilities of the New Orleans Police Department and the Fleet Administrator with regard to the Department's fuel system allocation and reporting process.

#### POLICY STATEMENT

1. This Chapter follows the provisions of CAO Policy Memorandum 5(R) and attachments found at [https://employee.nola.gov/documents/forms/policies-law/policies/no-5-\(r\)-vehicle-and-equipment-policy/](https://employee.nola.gov/documents/forms/policies-law/policies/no-5-(r)-vehicle-and-equipment-policy/).
2. This Chapter identifies the responsibilities of:
  - (a) Members who dispense fuel;
  - (b) The fuel facilities to be used by all department vehicles under normal operating conditions;
  - (c) The facilities available and procedures required for emergency fuel services; and
  - (d) The procedures for authorized exemption from this procedure.

#### FUEL SYSTEM ADMINISTRATION

3. The Fleet Administrator shall have the following responsibilities within the Department:
  - (a) Coordination of department-wide fuel services and operations.
  - (b) Reporting and coordination of equipment failures and notification of emergency provisions for alternate fuel sites and equipment.
  - (c) Processing of requests for vehicle fuel cards (see: CAO Policy #5(R), Attachment L).
  - (d) Processing of requests for deactivation of vehicle fuel cards (see: CAO Policy #5(R), Attachment K).
  - (e) Review of Departmental weekly fuel service reports.
  - (f) Distribution of weekly fuel use reports within NOPD.
4. The Risk Management Section - Fleet Administrator is responsible for initiating and/or conducting investigations for any discrepancy, inconsistency, or impropriety suspected and taking the appropriate action as warranted by the situation in regards to the department's fuel system allocation (See: CAO Policy #5(R), XI. J).

**EMPLOYEE RESPONSIBILITIES**

5. Each member is responsible for the use and security of his/her assigned PIN.
  - (a) Employees should memorize their PIN and shall not loan out their PIN. The member's PIN shall not be written on any fuel system card.
  - (b) Employees shall enter the correct mileage from the odometer of the vehicle being fueled.
  - (c) Employees who have knowledge or suspicion of misuse, loss, or theft of any fuel card are obligated to report that information immediately to the Risk Management Section - Fleet Administrator.
6. Employees inquiring about a PIN shall report to the Fleet Administrator Office. A PIN will not be given out over the phone, nor to anyone other than the person to whom it is assigned.

**FUEL ACCESS CARDS**

7. Every vehicle in the Department's fleet with a vehicle identification number (VIN) shall have a fuel access card for use at all authorized fueling sites.
8. Each fuel access card shall have, embossed on the card:
  - (a) An identification number,
  - (b) A vehicle account number,
  - (c) The initials **NOPD**,
  - (d) A brief description of the vehicle to which the card is assigned, and
  - (e) The card's expiration date.
9. The fuel access card shall be retained in the vehicle to which it is assigned.
10. The fuel access card assigned for the vehicle shall be used whenever fuel is dispensed to that particular vehicle.
11. Dispensing city fuel without the fuel access card is prohibited.
12. The security and access of fuel access cards assigned to stationary equipment, such as generators, shall be the responsibility of the Commanding Officer of the unit to which the equipment is assigned.
13. Fuel access card shall only be used to fuel the vehicles to which they are assigned and shall not be used or loaned out to refuel other vehicles.

**DISPENSING FUEL WITHOUT THE CORRECT VEHICLE FUEL ACCESS CARD**

14. Members who must dispense fuel for a City vehicle without the correct vehicle fuel access card for that vehicle must complete the **City of New Orleans Fuel Dispensing Exception Report** (CAO Policy #5(R), Attachment E) found on the City website at: [https://employee.nola.gov/chief-administrative-office/policies/policies/no-5-\(r\)-vehicle-and-equipment-policy/attachment-e-fuel-dispensing-exception-report/](https://employee.nola.gov/chief-administrative-office/policies/policies/no-5-(r)-vehicle-and-equipment-policy/attachment-e-fuel-dispensing-exception-report/).
15. All fuel dispensing exception report forms (CAO Policy #5(R), Attachment E) shall be turned in to the Risk Management Section - Fleet Administrator no later than the next business day after the fuel was dispensed.

**REPLACEMENT FUEL ACCESS CARDS**

16. Lost or stolen fuel access cards shall be documented in a police report (EPR) as soon as the loss or theft is discovered. The discovering and reporting member shall immediately notify his/her supervisor. The item number of the report shall be provided to the Risk Management Section - Fleet Administrator before a replacement card can be ordered.
17. Damaged fuel access cards shall be returned to the Risk Management Section - Fleet Administrator Office and a replacement card ordered without a report.

**FUEL FACILITIES**

18. All department vehicles and equipment shall use the fuel sites listed in this Chapter for all normal operations.
19. Exceptions to the use of restricted fuel sites may be made for:
  - (a) Declared / announced emergencies,
  - (b) At the instruction of Communications Services, or
  - (c) By text message or email from the Risk Management Section - Fleet Administrator.
20. The following are the normal operations fuel sites:
  - (a) **Broad Street Pumps** (City operated - 24 hours per day 7 days per week) at 506 N. Broad St.
  - (b) **Algiers Pumps** (City operated - 24 hours per day 7 days per week) at 2341 Wall Blvd.
  - (c) **East New Orleans Pumps** (City operated - 24 hours per day 7 days per week) at 10200 Old Gentilly Rd.

**EXTENDED - OUT OF AREA VEHICLE USAGE (FUEL ACCESS CARDS)**

21. On those occasions where city owned vehicles are used for approved out of town business, a fuel access card will be issued to, and signed for, by the department member.
22. Records of the assignment, return and use of the out-of-town fuel access cards shall be maintained by the Risk Management Section - Fleet Administrator Office.
23. The use of the out-of-town fuel access cards is for the purchase of fuel for the assigned vehicle only.
24. The out-of-town fuel access card and all receipts for fuel shall be returned to the Risk Management Section, Fleet Administrator Office, during normal working hours (Monday – Friday from 8 am to 4 pm), for all out-of-town fuel purchases within two business days of the member's returning to the City.
25. Failure to comply with the provisions of this Chapter or failure to provide required documentation may result in personal responsibility for the expense of any charges made during the period the fuel access card was signed out to the member, as well as disciplinary action for violations of this Chapter.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.15

### TITLE: OVERTIME PAYMENT REQUESTS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 1038**

---

#### PURPOSE

This Chapter establishes guidelines for the compensation of overtime within the department.

#### POLICY STATEMENT

1. It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime.
2. All overtime hours worked by employees of NOPD shall be documented in the ADP payroll system.
3. Employees of NOPD may be permitted to work paid overtime outside their permanent assignment.
4. Employees working over their normal scheduled hours in a pay cycle may be permitted to utilize flex time. If the flex time hours are not used within the same pay cycle, it will automatically revert to overtime pay.
5. Employees who are suspended, sick, injured on-duty, on annual leave, or being carried in a non-working pay capacity shall not be permitted to earn paid overtime, except for mandatory court appearances.
6. No employee, including Reserve officers, shall work more than 16 hours and 35 minutes within a 24-hour period (the 24-hour period begins the first time the employee reports for either regular duty or secondary employment). These hours are cumulative and include normal scheduled work hours, overtime, off-duty secondary employment, and outside employment. If an employee works over the 16 hour and 35 minute limit, for reasons beyond his/her control (i.e., regularly scheduled duty hours coupled with a mandatory court overtime appearance), the employee shall submit a Form 105 via the chain of command to the Superintendent or his/her designee explaining why he/she worked over the limit.
7. Scheduled off-duty approved police secondary employment opportunities or outside employment that could have been adjusted shall not be considered as a valid reason to exceed the 16 hour and 35 minute work limitation. Exceptions to the 16 hour and 35

minute limit may be authorized in advance by the Superintendent of Police or his/her designee in situations involving a declared state of emergency or security concerns over the availability of personnel for coverage related to a major special event.

8. An employee's work hours are limited as follows:
  - (a) Employees shall not work more than 16 hours and 35 minutes in a 24 hour period.
  - (b) Employees shall not work more than 24 hours of overtime per week, Sunday through Saturday. Up to 32 hours of overtime may be worked per week with the permission of the employee's Deputy Chief.

#### **REQUEST FOR OVERTIME FORMS**

9. Employees desiring to work paid overtime in an assignment other than their permanent assignment shall complete a **Request to Work in Unit Other than Permanently Assigned Unit (Form 90)** and obtain the approval of their immediate supervisor, or the on duty supervisor in their permanent assignment, and their Commanding Officer.
10. Approval shall be obtained on each separate occasion the employee desires to work overtime outside their assignment except when employees are engaged in the following activities and the conditions and duration of the assignment are listed on the Form 90:
  - (a) Task Force operations, or
  - (b) Regularly scheduled overtime (code 25, directed enforcement grant, etc.)

#### **EMPLOYEE RESPONSIBILITY**

11. Employees shall complete and submit all payroll and overtime request forms promptly.

#### **ACCOUNTING FOR OVERTIME WORKED**

12. Employees are to record the actual time worked in an overtime status.

#### **ACCOUNTING FOR PORTIONS OF AN HOUR**

13. When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour by the ADP payroll system.

#### **J AND T TIME (FLEX TIME)**

14. When unscheduled hours are worked by members of the department on a regularly scheduled work day (with the exception of mandatory court overtime), the unit of assignment shall enter the unscheduled hours worked in the ADP system under status code J, along with charge code 02 and the appropriate shift code.
15. T time shall be entered to off-set the unscheduled J time entered. T time hours are one for one (i.e., an employee works 2 hours of unscheduled overtime, the employee shall take 2 hours off). Charge code 01 shall be the only charge code used when an employee is carried in status code T.
16. Members shall be scheduled equal hours off (one for one) within the two week pay period. If an employee works unscheduled hours in week one of the pay period on a regularly scheduled work day, the employee must be given equivalent hours of time off prior to the last regularly scheduled work day of week two of the same pay period.
17. If the unscheduled hours are worked in the second week of the pay period on a

regularly scheduled work day, then the time off must be given to the employee prior to the employee's last scheduled regular working day of that pay period.

18. An employee having to work unscheduled hours on the last regularly scheduled work day of the two-week payroll cycle, the employee shall be carried W-02 for all such hours worked.
19. Employees cannot work J time on an AWP day (scheduled day off). J time can only be worked on a regularly scheduled working day.

#### **EXAMPLES**

- (a) An employee works 2 hours of unscheduled overtime on a regularly scheduled work day prior to his/her last regularly scheduled work day of the two-week payroll cycle shall be carried J time for those two hours. This same employee shall take two hours off (T-01) within any regularly scheduled work day prior end of the two-week cycle.

##### **J Time**

7:25am - 4:00pm W 01 1

4:00pm - 6:00pm J 02 2

##### **T Time**

7:25am - 2:00pm W 01 1

2:00pm - 4:00pm T 01 1

- (b) An employee works two hours of unscheduled overtime on his/her last regularly schedule work day of the two-week payroll cycle shall be carried W-02.

#### **VARIATION IN TIME REPORTED**

20. Where two or more employees are assigned to the same activity, case or court trial, and the amount of time for which payment is requested varies between the two, the approving supervisor may require each employee to include the reason for the variation on the entry.

#### **OVERTIME DURING EMERGENCY EVENT**

21. All grant related overtime and special assignment overtime will be suspended during an emergency event. Any overtime worked outside the emergency event must be approved by the Superintendent

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.19

### TITLE: EXCUSAL FROM THE NIGHT WATCH FOR COURT APPEARANCE

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 1037**

---

#### PURPOSE

The purpose of this Chapter is to establish the guidelines for individuals of the New Orleans Police Department who are assigned to the night watch and who desire to be excused from duty in lieu of being paid overtime for mandatory court attendance.

#### POLICY STATEMENT

1. Members of the Department assigned to the night watch (3rd platoon) may be excused from duty on days in which they appear in court for five or more hours instead of receiving court pay.

#### DEFINITIONS

**Court attendance**—The mandatory appearance in any court or administrative hearing where the member has been summoned to give testimony and the testimony arises out of the member's scope and performance of duty.

#### EXCUSAL APPROVAL PROCESS

2. Members assigned to the night watch who wish to be excused from duty instead of receiving court pay shall contact their unit commander or on duty platoon commander and request to be excused. **Approval is not automatic.**
3. Unit commanders, or on duty platoon supervisors, contacted by members assigned to the night watch and wishing to be excused from duty shall first check that day's night watch lineup for staffing allocation or check with the night watch platoon commander **before granting approval.** The unit commander or on duty supervisor granting approval shall notify the member's platoon commander, in writing, that the member has been excused from duty.
4. If approval is granted for excusal from duty, the member shall deliver his/her subpoena to his/her unit desk officer prior to his/her reporting time.

#### PAYROLL ENTRIES FOR APPROVED EXCUSAL

5. The member's ADP payroll shall be entered as follows based on the times noted from the ADP system for court appearance or the times noted on the subpoena (See: **Chapter 74.3 – Court Appearance and Subpoenas**):
  - (a) The member shall be entered as a **Work Rule Transfer – “Court Time (Police)”** from the ADP Transfer drop down menu.
  - (b) The total time entered must equal a full shift (the actual “in” and “out” time noted for the court appearance and the remainder to complete the member’s full shift. For commissioned members, eight hours and thirty-five minutes).
  - (c) The excused member shall not be assigned a unit number. That area of the payroll mask shall be left blank.
  - (d) In the remarks section, a notation will be entered indicating the court type, court section and case number (Example: *CDC Section-A, Case #123456*) and the words “**Court Excusal.**” Notifications need not be sent when a member is excused from duty.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.21

### TITLE: ALCOHOL AND DRUG USE/TESTING

**EFFECTIVE: 01/13/2019**

**REVISED: Replaces Policy/Procedure 1012**

---

#### PURPOSE

To establish a Department policy concerning the inappropriate use of drugs, alcohol and controlled substances by employees, volunteers, or applicants, and to explain the Department's drug testing procedures.

The **Rules of the Civil Service Commission – City of New Orleans, Rule V Section 9** and **Chief Administrative Office (CAO) Policy Memorandum #89 (Revised)** establish a testing program and requirements for all City employees. These guidelines apply to all Classified and Unclassified Service employees, inclusive of regular full-time, part-time, commissioned, probationary, temporary, or contract employees, and to applicants for employment with the City. The New Orleans Police Department has extended the regulations outlined in this Chapter to all commissioned members of the Department, including Reserve Officers.

#### POLICY STATEMENT

1. The protection of the public, as well as its members, is of prime concern to the New Orleans Police Department (NOPD). The Department recognizes that substance abuse can have an adverse impact on the general public, City government, and the Department's operations and adversely affect the image, general health, welfare, and safety of Departmental members.
2. To maintain the public's confidence and trust in the Department and its members, as well as to protect the safety of the public and Departmental members, **all members must remain free from any physical and/or mental impairment** related to the unauthorized use of any drug or controlled substance. The unauthorized use of any alcohol, drug or controlled substance is prohibited and may result in denial of employment, termination, or other disciplinary action. The Department shall have the right and authority to require members to submit to testing pursuant to Civil Service Rules.
3. The consumption of alcohol or other drugs while on duty is prohibited unless prescribed by and taken in accordance with directions of a licensed medical practitioner and reported as required by this Chapter.
4. The consumption of alcohol may be necessary in the performance of an official special assignment but only after approval by a supervisor of the rank of Deputy Chief or higher. Personnel who consume alcohol as part of a special assignment shall not do so to the

extent of noticeably impairing on-duty performance. Personnel who consume alcohol as part of a special assignment shall not operate a vehicle after his/her consumption for a minimum of eight hours.

5. Members who have consumed alcohol or taken any drugs, even legally prescribed drugs that could adversely affect their normal sensory and/or motor body functions are prohibited from reporting for duty or remaining on duty. The potentially affected member shall notify his/her shift supervisor or unit commander as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor. For purposes of this Chapter, a blood alcohol concentration (BAC) of .02 or greater is presumptive proof of a violation of this Chapter.

## DEFINITIONS

**Category I Testing**—For positions that require carrying of a firearm and continuing certification in its proper use (security sensitive position).

**Category II Testing**—For positions where the safety of the public, co-workers and the individual employee are at risk (safety sensitive position).

**Category III Testing**—For reasonable suspicion to believe that the employee's fitness for duty is questionable (see **Civil Service Rule V, Sec. 9.12** for criteria.)

**Controlled Substance**—Any substance which is illegal to consume, possess, manufacture or distribute or any psychoactive substance, drug or medication that requires the prescription of a licensed medical practitioner or is covered under 21 CFR 1308.11-15 and/or R.S. 40:964.

**Drug**—Any substance, including alcohol, which is restricted or prohibited by this Chapter. This includes illegal drugs, drugs unlawfully obtained, designer and synthetic drugs, and unauthorized or prohibited drugs as defined in CAO Policy #89 (R). Can also include legally prescribed pharmaceuticals used by the person prescribed, in the manner prescribed.

**Substance abuse (drug abuse)**—Consumption of drugs or substances in amounts or with methods that causes harm to the individual or others, including addiction or dependence, serious physiological injury (such as damage to kidneys, liver, or heart), physical and mental functional impairment (such as altering judgment, perception, attention, memory, coordination, reflexes, and vision) and/or death.

**Drug Test (Test)**—The compulsory production and submission of urine, blood, or saliva, or submission to a breathalyzer, or other test, in accordance with departmental procedures, to detect the presence of substances regulated by this Chapter.

**Probationary employee**—For the purposes of this Chapter only, a probationary employee shall be considered to be a member who has been appointed to, and who is conditionally employed (has not completed the working test period as defined by Civil Service) with the department.

**Sensitive employment positions**—(Category II - Safety sensitive position) Non-sworn employees working in positions that allow access to restricted or confidential information and who are designated as such by collective bargaining agreement, state law or the Superintendent.

**Random Selection**—A method of selection in which each member in a selected employee classification has an equal chance to be selected for drug testing each time a selection is conducted.

**PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON-DUTY**

6. Department members shall not purchase or possess alcohol or other controlled substances on City property, at work or while on-duty except when required in the performance of their duties or a special assignment as described in this Chapter.

**MEMBER RESTRICTIONS AND REQUIREMENTS**

7. Members shall:
  - (a) Comply with all applicable laws regulating the manufacture, distribution, dispensation, use or possession of illegal drugs, alcohol, or prescription drugs.
  - (b) Not be under the influence of alcohol or drugs off-duty that would violate **Rule 3, paragraph 9 – Use of Alcohol / Off-Duty**.
  - (c) Not report for duty in violation of **Rule 3, paragraph 8 – Use of Alcohol / On-Duty**.
  - (d) Ensure that their ability to perform their job duties is not negatively affected due to the use of drugs or alcohol when scheduled to report to work or when on "on call" status.
  - (e) Submit immediately to a drug or alcohol test when requested by their supervisor.
8. No member shall illegally possess any controlled substance.
9. No member shall ingest any controlled substance unless prescribed for them by and taken in accordance with directions of a licensed medical practitioner.
10. Members who are medically required to take any prescription medication which they have been informed or are otherwise aware has side effects with the potential to impair job performance or which might impair their ability to fully and safely perform all requirements of their position shall report the need for such medication to their supervisor in writing prior to reporting for duty. The member shall advise the supervisor of the known side effects of such medication and the prescribed period of use. The employee may be temporarily reassigned to other duties where appropriate. Refer to **Chapter 13.1 – Administrative Reassignment**.
11. No member shall be permitted to work on or drive a vehicle owned or leased by the Department while taking potentially impairing medication without a written notation from his/her treating physician indicating that the medication will not impede the member's ability to perform the functions safely and properly. A specific notation of such on a Departmental Form 50 is sufficient to meet this requirement.
12. Members shall advise their supervisor if they are unable to perform their job duties or should they be requested to report to work for a safety sensitive job earlier than their normal or previously assigned time, if they have consumed alcohol within the last four hours prior to reporting for duty. If the member had received prior notice that he or she is on call, the member may be subject to disciplinary action regarding his/her inability to report for duty as determined by his or her chain of command.
13. Any member who unintentionally ingests, or is made to ingest, a drug or controlled substance shall immediately report the incident to his/her supervisor so that appropriate medical steps may be taken to ensure the officer's health and safety.
14. Any member having a reasonable basis to believe that another member is illegally using or is in illegal possession of any controlled substance or drug shall immediately report the facts and circumstances to his/her supervisor.

15. No member shall consume alcohol or drugs, other than prescription drugs as approved using the procedure outlined above, while on duty, on call or on city/police premises unless authorized by a supervisor of the rank of Deputy Chief or higher in the course of his/her employment.

### **SUPERVISOR'S RESPONSIBILITIES**

16. When notified by a member that he/she is taking prescribed medication which may affect job performance, the supervisor shall:
  - (a) Document this information through the use of an internal memorandum (Interoffice 105) to his/her Commander. This memo shall be maintained in a secured file.
  - (b) The member may be temporarily reassigned to other duties, where appropriate. (See: **AR-1 Form - Administrative Reassignment Notification**).
17. If a supervisor reasonably believes, based upon objective facts, that a member's ability to perform his/her duties safely and efficiently:
  - (a) May be impaired by the consumption of alcohol or other drugs, the supervisor may ask the member whether he/she has consumed any alcohol or other drugs and, if so:
    - i. The amount and types of alcohol, or other drugs consumed and the time of consumption.
    - ii. If a controlled substance was consumed, the name of the person who prescribed its use.
  - (b) Is impaired by the consumption of alcohol or other drugs, the Department shall prevent the member from continuing work and shall transport him/her or cause him/her to be transported safely away from the Department and to a place of safety or treatment.
  - (c) The supervisor shall immediately notify the Public Integrity Bureau (PIB).

### **EMPLOYEE ASSISTANCE PROGRAM**

18. There are voluntary employee assistance or personal counseling programs to assist employees who wish to seek help for alcohol and drug problems. Employees may contact the Personnel Department, their insurance provider or the Officer Assistance Program Director for additional information (see: **Chapter 22.2.6 – Officer Assistance Program Member Mental Health Service**).
19. Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through an employee assistance program or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.
20. The Department recognizes the confidentiality and privacy rights of its members. Disclosure of any information relating to substance abuse treatment, except on a need to know basis as determined by the Superintendent of Police or his/her designee, shall only be with the express written consent of the member involved or pursuant to lawful process.
21. CAO Policy #89 (R) Section XII governs the relationship between the City's Substance Abuse Policy, this Chapter and employee assistance programs offered by the City and the NOPD. Proactive, voluntary use of self-help programs prior to testing and/or disciplinary action may affect the final disposition of disciplinary actions.

## LEGAL STANDARDS FOR TESTING

22. The Department may request a member to submit to a testing (R.S. 49:1015 – Public Employee Drug Testing) if:
- (a) It is reasonable to believe, based upon objective facts that the member is under the influence of alcohol or drugs which are impairing his/her ability to perform duties safely and efficiently.
  - (b) The member is involved in a motor vehicle crash or accident with injury or complaint of injury during the course and scope of employment.
  - (c) The test is part of a monitoring program established to assure compliance with terms of a prior rehabilitation agreement, and the member is informed of the test in writing, with the following details:
    - i. Whether the test will be for alcohol or drugs, or both.
    - ii. That the result of the test is not admissible in any criminal proceeding against him/her.
    - iii. That he/she may refuse the test, but that his/her refusal may result in disciplinary action up to and including termination.

## DEPARTMENT MANDATORY TESTING

23. Testing shall be conducted in accordance with the following:
- (a) **Yearly testing (random)**—In compliance with the Rules of the Civil Service Commission – City of New Orleans, all members whose positions are identified as Category I or II, or Reserve members, shall be tested at least once during each calendar year. Each day, the members being tested shall be randomly selected from a pool of all eligible members, including members who have already been tested that year. A computer program shall be used to generate a randomized list of those members to be tested. Members may be tested multiple times if their names are randomly selected more than once.
  - (b) **Promotional and probationary period**—All members, with the exception of Reserve members, shall be required to participate in testing when promoted and during all probationary periods. The Education and Training Division shall be responsible for scheduling testing for all probationary police recruits. The Compliance Bureau shall be responsible for scheduling testing for all other promotions and probationary positions.
  - (c) **Reserve Academy**—All Reserve members shall participate in testing during the Reserve Academy training process. The Commander of the Reserve Section shall be responsible for scheduling testing for all reserve members while in the Reserve Academy.
  - (d) **Reasonable suspicion**—All members shall be tested when there is reasonable suspicion to believe that there is illegal use or abuse of any substance that is impairing their ability to perform duties safely and efficiently. (This is NOT to be confused with reasonable suspicion for the commission of a crime.)
  - (e) **Crash Accident/injury**—All members shall be tested when there is reasonable suspicion to believe that substance abuse may be present and the member is involved in a motor vehicle crash or causes or sustains an injury during the performance of duties, including driving a motor vehicle in such an unsafe manner as to cause bodily injury to him/herself or another person or substantial damage to property.
  - (f) **Non-Crash Accident/injury**—All members shall be tested when there is reasonable suspicion to believe that substance abuse may be present and the member causes or sustains an injury that requires medical treatment away from the scene of the accident if it occurred during the performance of duties or caused substantial damage to property.

- (g) **Members entering sensitive positions (Category II)**—All members shall be tested when assigned to a sensitive position, assignment or task. Members entering **Category II** (sensitive positions) shall be tested regardless of whether they enter the position by original entrance, promotion, demotion, lateral transfer, or reinstatement.
- (h) **Fitness for duty (Category III)**—Any member shall be tested as determined and directed by the Superintendent of Police or Bureau Deputy Chiefs.
- (i) **Return to Duty**—All members, with the exception of Reserve members, shall be required to participate in testing when returning to duty after an absence, for any reason, of more than 30 days. The returning member shall contact the Compliance Bureau Performance Standards Section immediately upon return to duty and will be tested within 24 hours of return to duty.
- (j) **Firearm Discharge**—Off-duty hunting discharges and off-duty range and training firings when no person is struck are exempted from mandatory testing. The Department shall drug test a member after a firearm discharge, including discharges when no person or animal is struck, in any of the following instances:
  - i. **On duty**, excluding range and training firings and the humane destruction of animals. Members who are exercising their police powers when discharging the weapon are counted as “on duty” for purposes of this provision, even if they are not “on the clock.” For example, if an officer who is driving a take-home unit sees a traffic violation that is particularly dangerous and pulls the violator’s vehicle over to issue a warning or citation, which subsequently leads to the officer discharging their firearm, that officer would need to submit to drug testing.);
  - ii. **Authorized police secondary employment** (paid detail);
  - iii. **Departmental overtime** (includes enforcement grants); and
  - iv. **Discharge of a departmentally issued firearm**, whether the member was on or off duty.

24. This testing will be conducted at a facility designated by the City of New Orleans under Rule V, Sec. 9.7. Members who have been notified to report for testing and fail to appear within the allotted time may be subject to disciplinary action including termination.

### TESTING REFUSAL

25. A member is subject to disciplinary action if he/she:
- (a) Fails or refuses to submit to a test as directed.
  - (b) After taking a test which indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested by his/her appointing authority, that he/she had taken the controlled substance as directed pursuant to a current and lawful prescription issued in his/her name. The proof of prescription or legitimate use shall be submitted to the Medical Review Officer for the City of New Orleans.

### CONFIDENTIALITY

26. The written results of any test may be provided to the member but will remain confidential and separate from the member's other personnel files.

### YEARLY TESTING (RANDOM)

27. Supervisors of the member selected from the random generated list of members shall be advised of the member's selection by the Compliance Bureau. The supervisor shall instruct the member to report to the testing location within 60 minutes of notification for the purpose of submitting a urine sample for testing. Reserve members, who are in the

metropolitan area and not engaged in their normal job duties which might preclude their availability, shall report within 12 hours of notification. A representative from the Compliance Bureau shall meet that member at the designated testing facility for the completion of the required administrative documents. Departmental transportation shall be provided if the selected member does not have access to Departmental transportation.

28. Members failing to appear within the allotted time may be subject to disciplinary action.

### **PROBATIONARY AND PROMOTIONAL TESTING**

29. Members advised of a probationary or promotional testing shall report for testing at the testing location within sixty minutes of notification for the purpose of submitting a urine sample for testing. A representative from the Compliance Bureau shall meet that member at the designated testing facility for the completion of the required administrative documents.
30. Members failing to appear within the allotted time may be subject to disciplinary action.

### **REASONABLE SUSPICION TESTING**

31. If a supervisor has reasonable suspicion to believe that a member is using drugs and/or alcohol while on duty (Category III), he/she shall immediately take that member out of service and notify the Public Integrity Bureau (PIB) of his/her suspicions. The supervisor will document the circumstances and his/her suspicions in an interoffice communication (105) thru his/her chain of command to the Commander of the Public Integrity Bureau before the end of his/her shift. PIB shall be responsible for all Category III testing. (See Civil Service Rule V, Sec. 9.12 for reasonable suspicion criteria at [https://www.nola.gov/getattachment/Civil-Service/Resources/Rules/Rules-6-20-2017-\(BMG-Revisions\).pdf/](https://www.nola.gov/getattachment/Civil-Service/Resources/Rules/Rules-6-20-2017-(BMG-Revisions).pdf/))

### **ACCIDENT/INJURY SUBSTANCE TESTING**

32. Members of the department are responsible for reporting any motor vehicle crash involving a city vehicle occurring on or off-duty and any other injury, not necessarily related to a vehicle crash, occurring on-duty to his/her immediate supervisor as soon as possible after occurrence.
33. All NOPD members shall receive medical attention when needed or requested before submitting to a substance abuse test. The requirements for testing will apply once the member has been released from medical care or the treating facility for injury sustained during the crash.
34. When injuries dictate that an NOPD member be taken to a hospital the supervisor shall inquire at the hospital if blood and urine will be collected for testing. If the hospital refuses to collect blood and urine for testing, the supervisor shall transport the member to the testing facility for testing after the required medical treatment is received.
35. Supervisors are responsible for ensuring the member is tested for substance abuse and must prepare the applicable First Report of Injury form (**Employer's Report of Occupational Injury or Disease, Form #WC 1007**) and the Supervisor's Report of Accident (Form 210). If a ranking officer from the member's chain of command is not available in a timely manner, a ranking officer from the district of occurrence shall be responsible for any incumbent testing and required reports.

36. It shall be the responsibility of the supervisor to initiate NOPD Form SAT 4 when notified of a motor vehicle crash or injury. Members shall print their name, employee ID number, and sign the form at the bottom left side. The form shall be completely filled out.
37. The supervisor shall not allow the member to drive a motor vehicle to the testing facility. Supervisors shall drive the member to the testing facility where NOPD Form SAT 4 shall be presented to a drug testing company representative.
38. The supervisor shall remain with the member at all times until the testing process is completed once notified of the motor vehicle crash, accident, or injury requiring testing.
39. The representative shall make a copy of the form and return the original to the supervisor.
40. The supervisor shall ensure all paper work required by the testing site is completed by the member and that the member complies with all the testing procedures.
41. The member shall be required to submit to a breathalyzer and/or saliva test, which tests for alcohol. If this test shows the presence of alcohol, the member shall be required to submit a blood sample for blood alcohol testing.
42. If the breath test is negative, a blood test is not required.
43. The member shall also be required to submit a urine sample for drug testing. Supervisors shall remain on site until testing is complete.
44. Upon completion, the supervisor shall deliver the original SAT4 form to the Compliance Bureau within 24 hours.

#### **CRASHES OUTSIDE ORLEANS PARISH**

45. If a motor vehicle crash involving the operation of a city vehicle occurs outside Orleans Parish, while on or off duty, reporting supervisors shall include a copy of the completed SAT4 form and their inspection of the vehicle in their administrative report of the incident.
46. In instances where supervisory personnel do not make the scene of a motor vehicle crash occurring outside Orleans Parish, members are responsible for submitting to a testing immediately upon completion of the investigation by the responding / investigating agency.
  - (a) Members shall report to the nearest NOPD police district, informing a supervisor that they were involved in a motor vehicle crash.
  - (b) Supervisory personnel from that district shall accompany the member to the appropriate testing facility for the purpose of administering the SAT 4 test. The SAT 4 form shall be distributed as indicated, with an additional copy being forwarded to the tested individual's place of assignment.
  - (c) Supervisors from the member's place of assignment shall be responsible for any additional administrative report requirements.
47. All NOPD members shall receive medical attention when needed or requested before submitting to a test. The requirements for testing will apply once the member has been released from medical care or the treating facility for injury sustained during the crash.
48. When injuries dictate that an NOPD member be taken to a hospital the supervisor shall inquire at the hospital if blood and urine will be collected for testing. If the hospital

refuses to collect blood and urine for testing, the supervisor shall transport the member to the testing facility for testing after the required medical treatment is received.

#### **MEMBERS INVOLVED IN A DWI IN A POLICE CONVEYANCE**

49. Supervisors are responsible for observing any member who was the operator of a police conveyance (automobile, motorcycle, bicycle, horse, boat, etc.) and involved in a motor vehicle crash for indications of alcohol or drug use. If alcohol use is suspected, through admission, smell, actions, speech, Field Sobriety Test, etc., of the suspect member, NOPD Form SAT4 SHALL NOT be initiated, and a criminal investigation shall proceed, as per LA. R.S. 14:98 and LA. R.S. 32:661 through 669. Supervisors shall immediately notify the Public Integrity Bureau.

#### **PUBLIC INTEGRITY BUREAU INVESTIGATORS**

50. The Public Integrity Bureau shall have the responsibility of overseeing the investigation of suspected criminal offenses by members. If the member, after being arrested and advised of his/her rights from the standard departmental forms used for DWI arrests, agrees to take the breath test, those results shall be used in the criminal investigation, as well as in the administrative investigation which will follow.
51. If the member refuses to submit to any testing, including breath, saliva, urine, or blood, in the criminal investigation, and his/her conduct does not fall within the guidelines for mandatory testing as outlined in the Revised Statutes, then a separate Public Integrity Bureau Investigator must be called out to conduct an administrative investigation. This Investigator will then order the member to submit to testing for administrative purposes as part of the administrative investigation.
52. The responsibility to prepare the motor vehicle crash report shall remain with the assigned investigator (Traffic Section investigator, or district supervisor).

#### **MEMBERS INVOLVED IN DWI OUTSIDE ORLEANS PARISH OR INVESTIGATED BY ANOTHER LAW ENFORCEMENT AGENCY FOR DWI**

53. If the suspect member is under investigation by another law enforcement agency within Orleans Parish or within another jurisdiction for a DWI involving a departmental vehicle, that agency shall complete its responsibilities before any further N.O.P.D. supervisory action. The notified NOPD supervisor shall not interfere with the official investigation, but may offer assistance until its conclusion. The conclusion of the agency's investigation or the release of a suspect member by another jurisdiction does not preclude the completion of the administrative testing procedures by NOPD.
54. Supervisors shall complete an SAT 4 Form, and either the First Report of Injury report (Employer's Report of Occupational Injury or Disease, Form #WC1007) or the Supervisor's Accident Report (Form 210). The SAT 4 Form shall become part of the report.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.22

### TITLE: CRASH REVIEW BOARD

**EFFECTIVE: 04/08/2018**

**REVISED: 09/02/2018**

---

#### PURPOSE

The purpose of the Crash Review Board is to identify the cause of automobile crashes involving NOPD vehicles and to decrease or lessen the severity of automobile crashes involving police vehicles through training, discipline and/or revising Department Operation Manual Chapters.

The vast majority of auto crashes can be prevented if the operator of one or both of the vehicles involved obeys traffic laws, properly maintain the vehicle, drive cautiously, and focus their attention on operating the vehicle

#### POLICY STATEMENT

1. It is the policy of the Department to review each crash of an NOPD vehicle and determine preventability.

#### DEFINITIONS

**Crash**—Refers to a motor vehicle crash as defined by the State of Louisiana and NOPD regulations. More commonly, “the unintended collision of one motor vehicle with another, a stationary object, or person resulting in injuries, death and/or loss of property.”

#### CRASH REVIEW BOARD

2. The Superintendent of Police, in accordance with the Chief Administrator's Office, has created and established the Crash Review Board (CRB) for the New Orleans Police Department.

#### CRASH SCREENING COMMITTEE

3. The Crash Screening Committee (CSC) is composed of the Deputy Chief of MSB or his/her designee as chairperson, the MSB Bureau Commander and the Department Risk Manager.
4. The CSC will review each departmental Crash report and available documentation or evidence to determine causative factors and preventability. If the CSC preliminary review determines a high likelihood of departmental member responsibility for the Crash, the CSC can elect, based on defined CRB guidelines, to offer the member a Negotiated Settlement Agreement prior to the formal CRB hearing.

5. All requirements of **Chapter 52.2 – Negotiated Settlement Agreements** shall be followed.
6. If the member elects to use the NSA, the case will not go before the CRB for a hearing.
7. All documentation relating to the NSA will be maintained by PIB and a notation of the use of an NSA for the crash will be entered into the CRB records at the next scheduled meeting.

#### **CRASH REVIEW BOARD MEMBERS**

8. The Crash Review Board shall consist of the following:
  - (a) The Deputy Chief of the Management Services Bureau shall serve as the Chair of the CRB. In the absence of the Deputy Chief of the Management Services Bureau, any other Deputy Chief may be appointed to chair the Review Board by the Superintendent of Police.
  - (b) One District Commander designated by the Deputy Chief of Field Operations Bureau (all District Commanders are required to serve on a rotating basis).
  - (c) Commander of the SOD - Traffic Section (or Acting Commander).
  - (d) Commander of the Education & Training Division (or Acting Commander).
9. All of the above board members shall be present to constitute a quorum.

#### **TECHNICAL ADVISORS AND SUPPORT FOR CRB**

10. The following positions shall be filled at each meeting of the Crash Review Board:
  - (a) One member of the Fatality Unit of the Traffic Section.
  - (b) One member of the Risk Management Section.
  - (c) One member of the Education & Training Division, who shall record information relating to training analysis and recommendations of the CRB.
  - (d) One member of the Public Integrity Bureau, who shall record the meetings and process any disciplinary forms initiated by the Deputy Chief of the Management Services Bureau as a result of a Board decision.
  - (e) Representative of the City's Claims Adjuster (contractor).

#### **RESPONSIBILITIES OF CRB**

11. The Crash Review Board shall evaluate each crash involving a departmental vehicle or a crash involving an on-duty member of the department.
12. The Crash Review Board members shall conduct and record the Crash Review Board's hearing during which they shall be responsible for reviewing all crash or damage reports, testimony, and video involving department vehicles. The Crash Review Board, when possible, should convene at least six times per year.

#### **DOCUMENTS / EVIDENCE**

13. Data used for reviewing reports shall consist of, but not be limited to:
  - (a) Copies of all related traffic crash or incident reports.
  - (b) Copies of all related supervisory reports.
  - (c) Damage estimates from City adjuster.
  - (d) Testimony of involved employees/witnesses.
  - (e) Any other pertinent information, (e.g., scene photographs, brake inspection, repairs).

- (f) Vehicle Pursuit Reports.
- (g) In-Car Video and related BWC video.

### **REVIEW COMPLETION**

14. After completing the review of each crash, the Board members shall, by a majority vote of all members:
  - (a) Classify all crash or damage incidents in accordance with the guidelines of Classification of Crashes.
  - (b) Make recommendations to the Superintendent of Police regarding the determination of Classification of Crashes and the appropriate disciplinary recommendation.
15. In the event of a tie vote, the Chairman shall make the final determination. Any member of the CRB may submit a written "dissenting opinion" on the determination which will accompany the CRB decision to the Superintendent of Police.

### **RISK MANAGEMENT SECTION**

16. The MSB - Risk Manager shall be responsible for:
  - (a) Assigning the necessary clerical staff to the Crash Review Board.
  - (b) The safekeeping of all Crash Review Board records.
  - (c) Delivery of all reports to committee members and the Superintendent.

### **AUTHORITY TO SECURE NEEDED REPORTS, DATA OR WITNESSES**

17. The Crash Review Board shall have the authority to call to testify before the Board, at a specified time and date, any member of this Department regarding:
  - (a) A crash; or
  - (b) An incident which resulted in damage to a departmental vehicle.
18. Failure of any member summoned by the Crash Review Board to appear shall result in disciplinary action.
19. The Crash Review Board Chairman is responsible for securing the appropriate data needed to conduct a comprehensive review of all crashes and incidents before the Board. The Board Chairman shall ensure that the following procedures are carried out in accordance with this Chapter:
  - (a) Copies of all applicable reports involving vehicle damage, all supervisory reports of such incidents, and copies of damage estimates or appraisals shall be submitted to the Management Services Bureau. The Risk Manager shall forward all reports to the Crash Review Board. In the event of special reports, such as brake inspection reports, the Risk Manager shall ensure that this information is forwarded to the Board.
  - (b) Copies of the departmental driving record of any employee of the Department involved in a traffic crash will be obtained from the Public Integrity Bureau.
  - (c) Copies of the departmental driving training record of any employee of the Department involved in a traffic crash will be obtained from the Education & Training Division.
  - (d) Copies of all first reports of Injuries which arise out of traffic crashes, all information as to off-duty or sick time use due to a crash, and any previous records of injuries or time off used due to crashes, shall be made available to the Crash Review Board by the Director of Personnel.
  - (e) Copies of all video from ICC or BWC that relates to the crash or incident under review and/or the related call for service shall be obtained.

## CLASSIFICATION OF CRASHES

20. All crashes or incidents of damage to departmental vehicles shall be classified in accordance with the existing Classification of Crashes set by the Superintendent of Police. The classification of crashes is as follows:
- (a) **Category A - Non-Preventable:**
    - i. **A1 - Non-Preventable** - Crashes in this category are described as being beyond the operator's control while practicing good driving methods.
    - ii. **A2 - Mechanical Defects** - This category includes mechanical defects which were unknown to the operator and documented by the Damage Control Officer subsequent to the incident.
    - iii. **A3 - Non-Chargeable / Line of Duty** - Applied to emergency vehicles, when the vehicle is responding to an emergency and has not broken any traffic laws or department regulations governing motor vehicles. A3 crashes are not chargeable to the operator's record.
  - (b) **Category B - Preventable:**
    - i. **B1 - Preventable / Chargeable** - Crashes in this category are those in which the operator shared in a portion or all the responsibility for the crash, when said vehicle was not responding to an emergency call and disregarded traffic laws, safe driving practices or a department Chapter governing motor vehicles.
    - ii. **B2 - Preventable / Line of Duty / Chargeable** - Incidents in this category are applied to operators who share in a portion or all of the responsibility for the crash when responding to an emergency and who disregarded traffic laws, safe driving practices, or a department Chapter governing motor vehicles.

## DISCIPLINARY ACTION RELATING TO CRASHES

21. The City of New Orleans through the Chief Administrative Office has defined three separate charts for administering disciplinary action in preventable classifications. Each incident shall be given a chart listing according to the severity of the crash/incident. Severity of the incident is determined by the totality of the circumstances including but not limited to the damage cost and injuries sustained.
- (a) **Chart I** - Preventable incident, but the severity of the incident is considered by the Board to be minor in nature.
  - (b) **Chart II** - Preventable incident, in which the severity of the incident is considered by the Board to be of moderate consequence in nature.
  - (c) **Chart III** - Preventable incident in which the severity of the incident is considered by the Board to be of serious or major consequence in nature, and the operator of the department vehicle has disregarded laws and policies governing traffic laws, department regulations, and/or safe driving practices.
22. Disciplinary action will be based on the severity of the preventable incidents using the previously listed charting system. Disciplinary action may range from a defensive driving training, a Letter of Reprimand, suspension, and/or dismissal. Factors such as an officer's driving record and violations of department regulations shall be considered in the determination of a disciplinary recommendation. Additional penalties may include suspension of an employee's driving privileges and loss of take home vehicle authorization.
23. The Crash Review Board shall postpone a review of an employee who is currently under investigation for violations directly related to a vehicle pursuit which involved a crash. The Risk Manager shall check with the Public Integrity Bureau prior to the convening of

a Crash Review Board to verify the disciplinary case status under these circumstances.

24. If, during the course of a crash review, evidence of a vehicle pursuit is discovered that was not reported, the Risk Manager shall notify the Commander of MSB who will review the incident record and initiate a disciplinary investigation if confirmed. If the evidence is discovered during a review of the incident by the CRB, the review will be postponed and CRB Chairman shall initiate a disciplinary investigation.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.24

### TITLE: FIRE PLAN FOR POLICE HEADQUARTERS

**EFFECTIVE: 10/22/2017**

**REVISED: Replaces Policy 245**

---

#### PURPOSE

In the event of fire within Police Headquarters, manual (pull box) fire alarm stations are located throughout the building and shall be utilized to notify the Fire Department and Police Headquarters personnel. Audible sounds and visual flashing lights will activate throughout the building thus notifying all Headquarters personnel and visitors.

#### ALARM SYSTEM ACTIVATION

1. Personnel who witness or strongly suspect a fire shall pull the nearest manual pull station.
2. The building additionally has sensors throughout to detect smoke, fire, or fumes and will automatically activate the fire alarm system.
3. The fire alarm system contains an auto call feature which will automatically place a call to the. Off-site fire alarm monitoring company.
4. If any personnel confirm the presence of a fire, a call should be made to the Communication Services "911 Call Center" at **911**. Commissioned personnel shall also utilize their police department radio to contact Communication Services to notify them of a fire.

#### STAIRWAYS

1. Except for the ground floor, stairwells are located at the end of each hallway. The stairwell on the south wing of the building exits to the outside of the building onto Gravier Street. The stairwell on the north wing of the building exits to the inside of the building on the Perdido Street side, behind the elevator. There are overhanging exit signs marking each stairwell.
2. Stairwells are protected by a 1.5 hour B labeled fire door indicating each floor level. **These doors shall never be blocked or wedged open.** The stairwells are within a two hour fire rated enclosure.

#### FIRE FIGHTING EQUIPMENT

3. All floors are equipped with at least two fire hose cabinets. The hoses are located near stairwell entrances in hallways. Each cabinet has a 1.5 inch hose which is activated by

- turning the valve counter clockwise.
4. The hose, if pulled by the nozzle, will unfold from the support rack. The hose must be fully unfolded from the rack prior to opening the valve.
  5. Portable fire extinguishers are available throughout the building in various locations. These extinguishers shall be used on small fires only.
  6. Any extinguishing equipment used by non-fire department personnel must be utilized for small localized fires only. Do not attempt to extinguish any large or fast spreading fires. If the fire spreads fast, the person fighting the fire could get trapped leaving no escape. There are concerns with fighting fires with the use of water. The building contains floor troughs which carry electrical wires. If the floor troughs fill with water, it could possibly energize the water and create a shock hazard. Fire extinguishers are non-conductive but are limited to size and type of fires they can effectively fight.
  7. In the event of a fire, before any person(s) attempt to extinguish, you must ensure that 911 Call Center or NOPD Command Desk is notified.

#### **FIRST FLOOR POLICE SECURITY DESK**

8. Upon activation of the fire alarm system, the officer(s) assigned to the front desk shall confirm if there is a fire, smoke, or fume related emergency present in the building. The officer(s) shall contact Communication Services "911 Call Center" at **911**. The fire department can also be contacted directly at 671-3939. Command Desk can be contacted directly at 671-3650.
9. If possible and safe to do so, the officer(s) assigned to the Security Desk shall remain in the main lobby to await arrival of fire department personnel. Visitors to the building shall not be allowed to enter during a fire situation. Security Desk officer(s) shall provide fire department personnel with the elevator control key and master key. If the Security Desk officer(s) cannot remain in the building, they should relocate to the front court yard and remain a safe distance from the building. Security Desk officer(s) shall make contact with Fire Department personnel upon arrival and provide assistance as necessary.
10. After normal business hours and on holidays, it shall be the responsibility of the commissioned personnel of the NCIC Unit to provide whatever assistance is needed by fire department personnel.

#### **EVACUATION OF POLICE HEADQUARTERS**

11. Upon receiving instructions to evacuate the building, or receiving notification by the audible/visual fire alarm system, all members shall move to the nearest stairwell. All employees shall proceed to the ground floor, and exit the building. Employees exiting the building from the south (Gravier Street) stairwell shall assemble in the court parking lot facing Gravier Street. Employees exiting the building from the north (Perdido Street) stairwell will assemble in the parking lot at the corner of North Broad and Gravier Streets. Designation of assembly areas are subject to change as determined by local authorities on the scene.
12. Employees shall not use the elevators during a fire emergency.
13. When evacuating the building, make sure the stairwell is free from smoke and heat. If smoke or heat is present in the stairwell, proceed to another stairwell.
14. The following precautions shall be taken if persons are trapped above the fire floor:
  - (a) Remain behind a closed door

- (b) Seal cracks and vents with cloth if possible
  - (c) If possible, select a room with an outside window (do not break or open window unless directed to by fire officials or conditions within room become untenable.
  - (d) Signal from the window to gain attention from the outside
  - (e) Contact the fire department, if possible, supplying the name of the trapped individual, their location in the building, and the telephone number
  - (f) Remain calm
15. Employees shall not attempt to remove any personal property from the building during an evacuation. Vehicles shall not be removed from the parking garage.
  16. Once the building has been evacuated, employees shall not be allowed to re-enter. The decision to re-enter shall be made by the highest ranking officer on the scene, after consultation with the fire department.
  17. Individuals with a disability or special needs, who cannot descend stairs, should proceed to the nearest stairwell. A three person carry system or the use of a regular chair can be utilized to carry the disabled or special needs person to safety.
  18. Supervisory personnel who have hearing impaired subordinates shall ensure these employees are notified of fire alarms, and the need to evacuate.
  19. Fire department personnel, department heads, the Chief Administrative Officer, and other pertinent individuals, through the Office of Emergency Preparedness, shall have a debriefing session, as soon as practical, after the incident to critique performance.
  20. Fire drills shall be held at least semi-annually. The drills shall be conducted using the fire alarm system. The Deputy Superintendent of the Management Services Bureau, or his/her designee, shall be responsible for conducting fire drills. **All** occupants shall participate in evacuation drills. Written records of each drill shall be maintained and available upon request from fire officials (see: **Fire Prevention Code of the City of New Orleans**).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.25

### TITLE: LOST OR MISPLACED DRIVER'S LICENSE

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy 223**

---

#### PURPOSE

The purpose of this policy is to provide instructions when any member of the Department loses a person's driver's license during the course and scope of their duties.

#### PROCEDURE

1. When a member of this department loses another person's driver's license during the performance of their duties the following actions shall be taken as required for the state of issue.
2. Lost Louisiana driver's license:
  - (a) The member shall complete an interoffice correspondence (form 105) containing the below information:
    - i. The name, date of birth, sex, address, city, state and zip code of the individual whose license was lost;
    - ii. The driver's license number; and
    - iii. A brief explanation of how the license was lost or misplaced.
  - (b) The correspondence shall be signed by the member responsible for the loss and submitted to his/her unit commander for approval.
  - (c) The member shall complete a **Lost Driver's License Form # 178** and obtain the required signatures.
  - (d) The completed forms shall be distributed as follows:
    - i. Copies of both forms will be maintained in the member's unit file.
    - ii. The original correspondence and a copy of Form # 178 will be attached to the citation (if applicable) and forwarded according to the regular procedure for forwarding citations. If licenses are lost in the course of an investigation or other administrative procedure without a citation, the two forms shall be forwarded to the SOD Traffic Citation Processing Office.
    - iii. The original Form # 178 will be hand delivered or mailed via certified mail by the employee responsible for the loss of the driver's license to individual whose license was lost. The individual whose license was lost shall be instructed to report to a Driver's License Office with the form.

- iv. A copy of the certified receipt indicating the signature of the person to whom delivered shall be attached and maintained with the correspondence and Form #178.
3. Lost driver's license from a state other than Louisiana:
  - (a) The member responsible for the loss shall complete the **Lost Driver's License - Out of State (Form #177)** as follows:
    - i. The form shall be completed (typed) by the member responsible for the loss.
    - ii. Every portion of the form shall be completed, except the Citation Number section if it is inapplicable.
    - iii. The member responsible for the loss shall place his/her first and last name in the Reference Section of the form.
    - iv. The member will then submit the completed form to his/her Unit Commander for processing.
4. The Unit Commander, or his/her designee, shall sign the form, ensuring a copy is given to the individual whose license was lost.
  - (a) In the event the license is lost after the issuance of a citation, and the individual has left the area or his/her whereabouts is unknown, the Commander signing the correspondence shall ensure the member responsible for the loss mails a copy of the form to the address listed on the citation.
  - (b) A copy of the certified receipt indicating the signature of the person to whom delivered shall be attached and maintained with the correspondence and Form #177.
  - (c) In the event the license is lost during an investigation, or if the individual's local whereabouts is known, the Commander shall ensure the individual is supplied with a copy of the form prior to his/her departure from the city. The individual whose license was lost shall be instructed to report to his/her local governmental agency responsible for issuing the license to obtain a duplicate.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.27

### TITLE: PROFESSIONAL PERFORMANCE ENHANCEMENT PROGRAM

**EFFECTIVE: 04/08/2018**

**REVISED: Replaces Policy (1056)**

---

#### PURPOSE

This Chapter provides for the administration of the Professional Performance Enhancement Program (PPEP). The program provides for a systematic review of member behavior with regard to job performance and interpersonal contacts with both the community and other NOPD members in order to detect tendencies that may require intervention.

#### POLICY STATEMENT

1. It is the policy of the New Orleans Police Department to hire, educate, train and develop the most highly skilled and professional member possible.
2. Police service requires sound judgement, sensitivity and self-discipline on the part of the officers and department members providing such service, often under tense, emotional and trying circumstances. To meet this obligation, training in community awareness and sensitivity is directly related to officer / member performance.
3. The PPEP, along with INSIGHT, shall compile and analyze data from a variety of sources for use in monitoring the behavior of NOPD members. The program's goal is to identify potential problem behavior, intercede as appropriate and initiate non-disciplinary corrective interventions, when needed, to enhance the member's public relations skills, improve the member's interactive skills with the community, and prevent escalation of potential inappropriate behaviors.
4. The data gathered under PPEP will be used to continually evaluate and improve the training techniques utilized by the Education & Training Division.
5. The Programs Section of the Public Integrity Bureau administers the PPEP.
6. The criteria selected for use in determining the data used in the review of department members are designed to bring to the Department's attention as many potential problematic members as possible without inhibiting energetic, well-intentioned members.

#### EDUCATION & TRAINING RESPONSIBILITIES

7. The Education and Training Division, working with the PIB—Programs Section, shall be

responsible for the preparation and implementation of the educational components for any training deemed necessary under PPEP.

### COMMANDERS / SUPERVISORS RESPONSIBILITIES

8. Commanders or supervisors who feel that a member would benefit from inclusion in PPEP shall submit a Department Form 105 through their chain of command to the Deputy Chief of the Public Integrity Bureau, articulating specific observed or known behaviors to justify their request.
9. Supervisors shall make a record in INSIGHT of PPEP remedies and outcomes.

### PIB - PROGRAMS SECTION RESPONSIBILITIES

10. Members referred to the PIB—Programs Section for PPEP by commanders or supervisors shall have their entire complaint history reviewed by the Programs Section. The member's complaint history will be evaluated along with the behaviors documented by the commander / supervisor to determine if the member should be included in PPEP retraining.
11. The Programs Section of the Public Integrity Bureau shall be responsible for gathering, maintaining, and evaluating PPEP data. The data will be gathered from the following sources:
  - (a) Complaints (sustained, not sustained, withdrawn, and pending cases);
  - (b) Use of force reporting forms;
  - (c) Notifications of serious uses of force (See: **Chapter 1.3.2—Force Investigation Team**);
  - (d) Resisting arrest type charges including, but not limited to:
    - i. LA. R.S. 14:108 resisting an officer
    - ii. LA. R.S. 14:108.1 - flight from an officer
    - iii. LA. R.S. 14:34.2 battery on an officer
    - iv. 18854 MCS 54-441 resisting an officer
  - (e) Orleans parish Sheriff's Office Intake and Processing Center arrest registers noting injuries of arrested subjects and/or indicating force used by officers in making arrests;
  - (f) Off-duty incidents; and
  - (g) Commander/Supervisor referrals.

### RECOMMENDATIONS

12. At the completion of the review process by PIB – Programs Section, a recommendation shall be made and distributed for reviewed by the member's Division Commander and Bureau Chief, who may assign additional comments via Department Form 105. The recommendation and comments shall be returned to the Programs Section of the Public Integrity Bureau for review and determination by the Superintendent or his/her designee. Recommendations may include the following:
  - (a) **NO SPECIFIC MONITORING**—If there is sufficient reason to believe the member's noteworthy activities have ceased and his/her supervisor and Commander have provided convincing reason to believe that the member is not problematic, or the review process has determined that the identifying criteria are not sufficient to warrant intervention.
  - (b) **MONITORING**—The member's Commander shall monitor and document the behavior of the member on a formal basis for a period of 24 weeks as follows:
    - i. The member's Commander shall submit a bi-weekly written report via **PPEP Monitoring Form #209** through the chain of command to the Public

- Integrity Bureau. The report shall contain an account of the member's observed behaviors relating to the inappropriate behavior cited in the initial PPEP report and list any complaints (formal or informal) received on the member, and the action/remedy taken.
- ii. Each bi-weekly time period shall be comprised of two seven day weeks, (Sunday through Saturday).
  - iii. The report shall be due in the Public Integrity Bureau – Programs Section office no later than 4:00 pm the following Thursday after each two week period.
- (c) **RETRAINING**—The curriculum developed by the Education and Training Division to address the potential problem area(s) shall be geared to improving a member's skills in the areas identified by the initial PPEP report and may include: citizen interaction, sensitivity training, conflict resolution, complaint avoidance, use of force, communications skills, and community relations.
- i. The Education and Training Division shall schedule the appropriate PPEP curriculum in keeping with the Superintendent's final recommendations.
  - ii. Members attending retraining shall be carried as “detailed” from his/her regular assignment to the Education and Training Division. The Education and Training Division shall enter the member's hours in the ADP payroll system.
  - iii. Attendance at all designated training and the satisfactory completion of the retraining program shall be mandatory for all members referred for retraining through PPEP.
  - iv. At the completion of PPEP retraining, the member's Commander shall monitor the behavior of the member on **PPEP Monitoring Form #209**, for a period of 24 weeks in accordance with this Chapter.
- (d) **PSYCHOLOGICAL COUNSELING**—May include psychological evaluation.
- (e) **REASSIGNMENT**—Administrative reassignment to a different unit may occur.

### PIB STAFF PROGRAM SECTION

13. The PIB Programs Section shall also be responsible for a continuous monitoring of incoming complaints and shall forward notice through the member's chain of command when the number of complaints received on a member shows an abnormal increase over a short period of time. This notice shall serve to inform the member's commander that he/she may be developing inappropriate patterns of behavior.
14. Once notified by PIB, the member's Commander shall evaluate the member's behavior and determine if a remedy is necessary and/or applicable. Any action(s) taken shall be documented on **PPEP Monitoring Form #209** and communicated to PIB – Programs Section.

### ANALYSIS

15. The Public Integrity Bureau—Programs Section shall conduct an annual analysis of all members who have participated in PPEP for the calendar year and shall submit a report concerning the analysis of PPEP, the members who participated, the reasons for participation, the remedial actions and training recommended and provided, and the results (if available) or effectiveness of the program on reducing or eliminating the reoccurrence of the identified behaviors. This report shall be made to the Superintendent of Police no later than March 31 for the preceding year.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.27.1

### TITLE: JOB PERFORMANCE IMPROVEMENT PLAN

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy 1057**

---

#### PURPOSE

To establish instructions and guidelines for the use of the employee Job Performance Improvement Plan (JPIP).

#### POLICY STATEMENT

1. One goal of the Department is to give every employee the opportunity to be successful in his/her chosen career. The JPIP is one method which can be used to provide a clear and documented exchange between a supervisor and an employee regarding the employee's performance and the supervisor's expectations to assist the employee in improving his/her job performance.
2. JPIP is not exclusively for sub-par or unacceptable performance. It is a tool along with mentoring, redirection, non-disciplinary counseling and remedial training to help clearly define a process to improve an employee's performance, even if it is currently acceptable. (See also: **Chapter 35.1.9 – INSIGHT**).
3. Supervisors, managers, and/or administrators must decide when it's appropriate to move from the verbal and less structured forms of performance improvement mechanisms to the structured, written level to becoming more effective in assessing member performance and in making management decisions to improve an employee's performance.
4. Once supervisory personnel determine a **Job Performance Improvement Plan (JPIP)** is necessary or desirable, the JPIP form shall be initiated.
5. An employee may be compelled to participate in a JPIP in addition to any sanctions resulting from disciplinary action.
6. Failure of an employee to successfully complete the terms and conditions of a JPIP is grounds for disciplinary action with sanctions up to and including termination.

#### DEFINITIONS:

**Behavior**—Refers to the way in which employees respond to specific circumstances or situations in the workplace.

**Job Performance Improvement Plan**—A written managerial plan designed to assist an employee with improving his/her performance. Defines unsatisfactory and/or below standard employee performance and/or behavior. The plan offers clear objectives and establishes a timeline for improvement.

## **GUIDELINES**

7. A Job Performance Improvement Plan (JPIP) should:
  - (a) Identify the standard(s) the employee wishes to improve or the supervisor believes the employee does not meet, specific to the employee's job classification.
  - (b) Clearly state the performance objectives to be met by the plan.
    - i. Ideally, the employee will set the objective(s) and the supervisor will advise if the objective(s) is attainable.
    - ii. The objectives should be measurable, realistic, reasonable and attainable for the employee to have positive changes in behavior and/or performance.
  - (c) Foster a discussion about each area where improvement is desired or needed.
  - (d) Promote a mutual agreement on the nature and severity of the substandard performance, if any.
  - (e) Promote a mutual agreement on the course of action that will increase performance to a desired or acceptable level.
  - (f) Outline the methods to be used in meeting the objective(s) set.
  - (g) Explain the supervisor's role in assisting the employee to achieve desired / satisfactory levels of performance. If structured training is applicable (i.e., E&TD, reassigned to an FTO, etc.), all efforts should be made to make these resources available. Informal training (i.e., ride along with supervisors, etc.) methods should also be available.
  - (h) Establish controls to measure and document progress and communicate them, in writing, to the employee. The controls should be outlined and the employee informed of the control(s) in the JPIP written plan.
  - (i) Be signed and dated by both the employee and the supervisor.
  - (j) Be approved through the employee and supervisor's chain of command to their respective Bureau Chief.
  
8. While collaboration and agreement between the supervisor and employee is the preferred course of action, if the JPIP is being utilized to improve sub-par or unacceptable performance, in the absence of agreement a supervisor shall set the acceptable standard to meet the objective(s) by the employee throughout the JPIP.

## **SUPERVISOR'S GUIDELINES**

9. A JPIP may be used at any time to improve an employee's job performance.
10. Any conversations and/or actions related to an employee's job performance shall be documented by the supervisor.
11. The following are pertinent in determining if it is appropriate to complete a Job Performance Improvement Plan form:
  - (a) Is the identifiable substandard performance recent?
  - (b) The severity of the problem.
  - (c) Has the identifiable substandard performance been previously discussed verbally?
  - (d) Were there one or more previous verbal discussions about a performance problem(s)?

- (e) Have any actions been taken? List the actions taken to date (ex: Verbal discussion, written agreement, and training).
- (f) What was documented in writing and when?
- (g) Was training provided? When?
- (h) Was the training related to the same sub-standard performance?
- (i) Was the training recent?
- (j) Did the employee receive previous direction(s) or expectation(s) from the supervisor? Did the employee initial the written direction(s) expectation(s)?
- (k) Have contributing factors or causes (e.g. personal problems, motivation, skills, etc.) been identified by a supervisor that mitigates the need to move to a stronger action until other actions are taken (e.g. referral to treatment, training, accommodations, etc.)?

## **CONDUCTING A JOB PERFORMANCE IMPROVEMENT PLAN MEETING**

### **BEFORE MEETING WITH THE EMPLOYEE**

- 12. Before meeting with an employee on a JPIP, supervisors shall:
  - (a) Advise/consult with the other supervisors in the employee's chain of command to ensure the JPIP is consistent with other plans and expectations.
  - (b) Ensure disciplinary action or a PIB investigation has not been initiated or is not under consideration by supervisors based on any of the performance problems identified in the JPIP.
  - (c) Arrange for a private setting and ample time for discussion of the plan.
  - (d) Plan the agenda for the meeting.
  - (e) Complete the Job Performance Improvement Plan form (Form #183).

### **DURING THE MEETING WITH THE EMPLOYEE**

- 13. During the JPIP meeting, supervisors shall:
  - (a) Review completely the Job Performance Improvement Plan form with the employee.
  - (b) Focus on the performance expectations, not the employee.
  - (c) If any deficiencies, clearly state them along with examples of unacceptable performance. (e.g., reports sent back, activity sheets with no self-initiated activity, etc., all of which is documentation that establishes the need for the JPIP. This information must be included on the Job Performance Improvement Plan form).
  - (d) Remain calm, professional and maintain a positive, respectful, and helpful demeanor.
  - (e) Listen to any explanations or statements of the employee relative to the issues under discussion and review.
  - (f) Consider having a second supervisor present.
  - (g) Identify any contributing factors outside the employee's control (e.g., training not provided, unclear instructions provided, etc.).
  - (h) Work toward a joint solution.
  - (i) Set clearly defined objectives for improved performance.
  - (j) Set a time frame for periodic evaluation of progress.
  - (k) Take notes and summarize the discussions.
  - (l) Advise the employee of consequences, if progress is not attained.
  - (m) Keep the employee focused on the issues under discussion and review and help him/her take ownership (e.g., don't allow the employee to rationalize or minimize poor performance or its negative impact).
  - (n) Express confidence the employee will improve.

### **AFTER THE MEETING**

14. After the JPIP meeting, supervisors shall:
  - (a) Follow up on progress using the Job Performance Improvement Plan form.
  - (b) Document all meetings during the JPIP process in writing on NOPD Form 183, Job Performance Improvement Plan.
  - (c) Ensure supervisors in the employee's chain of command are notified and follow-up on the Job Performance Plan (JPIP).
  - (d) Document progress in writing.
  - (e) Meet regularly with the employee.
  - (f) Document performance behavior, discussions, etc.
  - (g) Ensure time frames are met.
  - (h) Identify and recommend officer assistance if required
  - (i) Approve a contingency plan if the employee does not reach expectations.

### **COMPLETING THE JOB PERFORMANCE IMPROVEMENT PLAN FORM**

15. Only supervisory employees can complete a Job Performance Improvement Plan form.
16. Supervisors shall complete all sections of the Job Performance Improvement Plan form.
17. Filling out the Job Performance Improvement Plan form:
  - (a) Indicate if the report is the initial JPIP or a follow-up report.
  - (b) Enter all applicable information concerning the employee and the initiating supervisor as well as the date of the meeting.
  - (c) Describe in detail the facts and/or circumstances justifying the employee participating in a JPIP.
    - i. Identify/define the problem. (Be specific with dates, times, names, and/or other details.)
    - ii. Summarize the history and actions taken to date.
    - iii. Outline the significance of the performance deficiency.
    - iv. Explain the impact of the unacceptable performance/behavior/conduct.
  - (d) If additional space is needed for any section of the form, the reporting supervisor shall attach an interoffice memo with the additional information and clearly indicate what the additional information references.
18. Indicate which, if any, documents are attached to the form. Employees shall be allowed to submit a statement documenting any explanation or documentation for their performance resulting in the JPIP. Any written statements will be attached to the Job Performance Improvement Plan form.
19. The original signed copy of the JPIP and all supporting documentation shall become part of the employee's electronic and hard copy personnel file in the personnel jacket.
20. If there is a change in the employee's assignment for any reason, before a JPIP is completed, the JPIP shall continue at the employee's new assignment. It shall be the duty of the originating supervisor to inform the employee's new supervisor of the JPIP. If the new assignment does not require the same job responsibilities that required the JPIP, then the initiating supervisor and new supervisor shall decide if the JPIP will continue. If it is agreed the JPIP should be terminated, the reasons for termination shall be noted in the JPIP.
21. The employee and initiating supervisor shall sign and date the form. By signing this JPIP, the employee acknowledges that he/she has received a copy of the JPIP. The form shall be forwarded through the affected employee's chain of command through their bureau chief for review/approval and sign.

**FAILURE TO MEET PERFORMANCE EXPECTATIONS**

22. If the JPIP was initiated for an employee's unsatisfactory job performance and the unsatisfactory job performance continues after completing all required provisions outlined in the Job Performance Improvement Plan (JPIP) form, a formal disciplinary process shall be initiated.
23. Failure of an employee to successfully complete the terms and conditions of a JPIP is grounds for disciplinary action with penalties up to and including termination (Civil Service - Rule 9).
24. Supervisors may consult with their Commanders, the Personnel Director, or a representative of the Public Integrity Bureau (PIB) for assistance.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.28

### TITLE: PERSONAL APPEARANCE STANDARDS

**EFFECTIVE: 08/07/2022**

**REVISED: Replaces Policy 1044, 09/09/2018, 07/02/2019**

---

#### PURPOSE

To project and promote a disciplined, identifiable, and impartial police force by maintaining the uniform as a symbol of neutral government authority, free from expressions of personal bent or bias toward the public and other members of the Department, members shall maintain their personal hygiene and appearance to ensure a professional image appropriate for this department and for their assignment.

#### POLICY STATEMENT

1. All members, civilian and commissioned, shall maintain a neat, clean, and professional appearance at all times while on duty or representing the Department. Unless otherwise provided for by this Chapter or in the Operations Manual, or should deviations from these standards present a concern for officer safety, the standards outlined in this Chapter shall apply to all members of the Department.

#### DEFINITIONS

**Tattoo**—The act or practice of marking the skin with indelible or semi-permanent designs, forms, figures, art, etc. by making punctures in the skin and inserting pigment or applying substances to the skin.

**Scarification**—The act of intentional cutting of the skin for the purpose of creating a design, form, figure or art.

**Branding**—The act of intentional burning of the skin for the purpose of creating a design, form, figure or art.

**Piercings**—The act of creating a hole in any part of the body for the purpose of inserting an object, jewelry or ornamentation.

#### HAIR – GENERAL GUIDELINES

2. Members shall maintain their hair in a neat, clean and well-groomed manner to reflect a professional and businesslike appearance.
3. Unacceptable hairstyles include, but are not limited to, design(s) sculpted into the hair,

wearing long hair over a shaved (to scalp) portion of the head or radical hairstyles.

4. Dyeing or highlighting the hair is acceptable provided it is consistent with a natural hair color, without obvious blocks, patterns or spots of color. Color sheens and over dyes are not acceptable.
5. Members shall ensure that their hair does not interfere with the proper wearing of the uniform hat or the prompt and proper placement of protective head and/or face gear.
6. **Commissioned male members** - Hair on the side of the head may extend to cover the top half of the ear, at maximum. When standing with the head straight, the hair on the back of the neck shall be one quarter inch above the shirt collar. Hair in the front shall not fall below the eyebrow.
7. **Commissioned female members** - Hair on the sides and back of the head shall not exceed shoulder length (top of the shoulder). Hair in the front shall not fall below the eyebrows. Hairstyles in which the hair is pinned neatly to the head shall be permitted, but the wearing of ponytails and pigtails is strictly prohibited.
8. **Non-commissioned members** - Hair shall be maintained as to present a neat appearance consistent with the type of duty performed.

#### **HAIR ORNAMENTATION**

9. Commissioned members of the department shall not wear hair ornamentation.
10. Inconspicuous hair control devices such as cloth-covered rubber band (not to exceed one-quarter inch in diameter), plain hairpins or clips may be worn to comply with department standards. Hair control devices shall not interfere with the prompt and proper placement of protective head and/or face gear. Hair control devices shall in no way detract from a member's professional appearance.

#### **HAIRPIECES AND WIGS**

11. Hairpieces and/or wigs may be worn. Hairpieces, wigs, and the member's overall appearance must conform to the department's general hair standards.

#### **MUSTACHES**

12. A short and neatly trimmed mustache may be worn. Mustaches shall not extend downward past the corner of the lower lip and laterally, more than one-half inch beyond the corner of the mouth.

#### **SIDEBURNS**

13. Sideburns shall not extend past one-quarter inch below the lowest part of the earlobe and shall be trimmed, even width, not flared, and neat with a clean shaven horizontal line at the base.

#### **FACIAL HAIR (BEARDS)**

14. For commissioned members, facial hair length shall be kept trimmed and neat, not to exceed  $\frac{1}{4}$ " in length. The shaving, waxing, plucking or otherwise removal of superfluous hair from the beard for the purpose of aesthetic grooming (shaping, pencil thin trimming, designer beard, "chin strap" beard, etc.) or other cosmetic effect is prohibited.

15. Facial hair shall not have any designs. Facial hair shall not be dyed any other color except the members natural hair color.

### FINGERNAILS

16. Fingernails (natural or artificial) shall be neat and clean and shall not display decals or ornamentation. They shall not interfere with the member's duty performance such as safe drawing of weapons, or usage of safety or duty equipment.
17. **Female Members**—When on duty in uniform and when attired in authorized clothing other than the uniform, female members may wear fingernail polish.
18. **Male Members**—May only wear clear fingernail polish.

### EYELASHES

19. **Female members**- Uniformed female members may wear eyelash extensions on duty of a natural hair color and which shall not extend more than 10 millimeters in length from the eyelid. When on duty in uniform and when attired in authorized clothing other than the uniform, female members may only wear eye makeup and color that is professional and businesslike in color.

### JEWELRY AND ACCESSORIES

20. No jewelry or personal ornaments shall be worn by members or attached on any part of the uniform or equipment, except those authorized within this Chapter. Jewelry, if worn around the neck, shall not be visible above the shirt collar. Religious medals, medallions, crosses, or chains may be worn but shall be concealed under the uniform shirt.
21. The use of gold or other metallic caps worn only as dental jewelry is prohibited while a member is on duty. Orthodontia, or dental caps which are applied for proper dental hygiene, are allowed. If requested, a member must provide certification from his/her dentist concerning medical/dental necessity of orthodontic appliances.
22. Ear gauges are prohibited.
23. **Male Members**—The use of jewelry shall be restricted to one watch and two personal rings (one ring per hand) no larger than a graduation ring. The use of earrings, nose rings, nose studs, tongue rings/studs, eyebrow or lip rings, and other personal adornments are prohibited.
24. **Female Members**—The use of jewelry shall be restricted to one watch, two personal rings (only one ring per hand) no larger than a graduation ring, and one pair of small stud type earrings (one earring per ear lobe only) which do not extend below or around the ear lobe. For purposes of this policy, female members may wear an engagement and wedding ring set in the traditional manner, which shall be counted as one ring.

### TATTOOS / BODY ART / BODY PAINTING

25. The following tattoos, body art, or body painting are **PROHIBITED**:
  - a. Those representing bias against any actual or perceived race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar

identifiable group . This includes swastikas and images associated with oppressive organizations such as the Ku Klux Klan, SS, etc.

- b. Those representing a criminal organization or gang alliance or allegiance. (See **Chapter 43.6 – Gang Violence Reduction Strategy**).
- c. Those that are offensive and/or inappropriate and are visible to the community. This includes:
  - i. Depictions of nudity or violence;
  - ii. Vulgar, lewd or sexually explicit images;
  - iii. Visual or written profanity or expletives;
  - iv. Political activity prohibited by Civil Service Rules;
  - v. Symbols that are likely to incite a strong reaction in the workplace or public (i.e. pentagrams, etc.); or
- c. Those visible on the face, head, hand, mouth, and neck.

26. Visible tattoos, body art or body painting that are not explicitly prohibited but could reasonably or sensibly be construed as demeaning, political activity prohibited by Civil Service Rules, sexually explicit, or offensive in nature shall be covered at all times while on duty or representing the department. For commissioned members this can be done by wearing a department approved uniform or approved uniform part, the wearing of which is consistent with the overall uniform guidelines.
27. The covering of the tattoos, body art, or body painting through the use of band aids or other such devices shall not be allowed as a means of conforming to this regulation.
28. Should there be doubt as to whether a member's tattoo, body art or body painting is in violation of this Chapter, it shall be the responsibility of a supervisor in the member's chain of command to request an opinion, in writing, and a remedy from the Superintendent of Police. This does not preclude the use of the disciplinary process for clear violations of the Chapter.
29. The Superintendent of Police shall be the final authority in determining if a tattoo, body art or body painting is demeaning, political activity prohibited by Civil Service Rules, sexually explicit, or offensive in nature.
30. Officers working in an **undercover assignment only** are exempt from the requirements under this section while performing their official duties in that capacity. Non-uniformed or plainclothes assignments are not the same as undercover.

#### **MEMBERS WORKING OFF-HOURS ENGAGED IN DEPARTMENTAL BUSINESS**

31. Members (uniform or plainclothes) working other than his/her normal tour of duty schedule (e.g., court appearance, attendance at an administrative hearing, business meetings or secondary employment assignments) are bound by personal appearance requirements outlined under this Chapter.

#### **BODY PIERCING OR ALTERATION**

32. Body piercing or alteration to any area of the body that is visible in any authorized uniform or attire and is a deviation from normal anatomical features and not medically required is **PROHIBITED**.
33. Such body alteration includes, but is not limited to, the following:
  - d. Tongue splitting or piercing;
  - e. Nose rings/studs;
  - f. Eyebrow or lip rings;
  - g. Abnormal shaping of the ears, eyes, nose or teeth; or
  - h. Branding or scarification.

**MAKE-UP**

34. **Female Members**—May wear make-up while on duty and shall be worn in moderation and shall be consistent with a professional and businesslike appearance.
35. **Male Members**—May wear make-up to conceal skin imperfections. Make-up shall be worn in moderation and shall be consistent with a professional and businesslike appearance.

**UNDERSHIRTS/CAMISOLES**

36. Undergarments worn by uniformed members shall not be visible under the uniform shirt. Carriers or garments which are specifically designed to be worn with body armor are exempt from this regulation but shall be of a neutral color that does not detract from the overall appearance of the uniform.

**SUPERVISORY REQUIREMENTS**

37. Supervisors are to ensure that this Chapter is complied with by all members. To ensure compliance, supervisors shall conduct daily inspections of their subordinates during roll call and/or in their routine contact with subordinates.
38. Deviations from this Chapter shall be documented and disciplinary action should be taken for violations.
39. **Supervisors shall not allow officers who are in violation of this Chapter to commence a tour of duty until the violations are corrected.**

**EXCEPTIONS**

40. Exceptions to these standards include members whose appearance is deemed as appropriate by the Superintendent of Police in writing.
41. Specific requests for exceptions relating to a religious accommodation that impacts the personal appearance of members shall be made in writing and directed to the Superintendent of Police.
42. Members may be granted a one-time exemption, by the Superintendent of Police, for violations of this Chapter that cannot be concealed that occurred PRIOR to the effective date.
43. Members requesting an exemption must submit his/her request:
  - i. In writing.
  - j. Through his/her chain of command.
  - k. With color photographs documenting the tattoos, scarifications or brands for which he/she is seeking an exemption.
  - l. With a detailed, specific mention of the location on the member's body where the tattoos, scarifications or brands for which he/she is seeking an exemption is located.
  - m. Within one week of the effective date of this Chapter.
44. The member requesting exemption shall receive notification granting or denying the exemption within 30 days of receipt of the request by the Superintendent of Police.

All exemption requests, the accompanying documentation and the final

determination of the requests shall be forwarded to the Personnel Division for inclusion in the member's personnel jacket (both electronic and hard copy).

45. The Superintendent of Police is the final authority for deciding on the appropriateness of any tattoo, brand, scarification, piercing or jewelry covered by this Chapter. The Superintendent of Police also has the sole authority and discretion to grant or deny exceptions to this Chapter as outlined herein.
46. Individuals with tattoos receiving an exception shall cover all visible tattoos that otherwise would violate this policy in a department approved uniform or approved uniform part, the wearing of which is consistent with the overall uniform guidelines, absent a written authorization from the Superintendent of Police.

50. The Superintendent of Police is the final authority for deciding on the appropriateness of any tattoo, brand, scarification, piercing or jewelry covered by this Chapter. The Superintendent of Police also has the sole authority and discretion to grant or deny exceptions to this Chapter as outlined herein.
  
51. Individuals with tattoos receiving an exception shall cover all visible tattoos that otherwise would violate this policy in a department approved uniform or approved uniform part, the wearing of which is consistent with the overall uniform guidelines, absent a written authorization from the Superintendent of Police.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.29

### TITLE: SELF-IDENTIFICATION/BUILDING SECURITY

**EFFECTIVE: 02/05/2017**

**REVISED: Replaces Policy/Procedure 227**

---

#### PURPOSE

The purpose of this Chapter is to establish procedures for self-identification by New Orleans Police Department members using their credentials, including when members must identify themselves to the public.

#### POLICY STATEMENT

1. All NOPD members, regardless of civil service classification, whether in uniform or not, and whether on duty or off duty, shall maintain proper New Orleans Police Department credentials and display them or provide them when appropriate in accordance with this Chapter.
2. All members of the Department are responsible for maintaining situational awareness of the facility in which they work and, within their individual capabilities, reporting, questioning or intervening in possible security breaches. Safety and security of facilities is every member's responsibility.

#### INSTRUCTIONS

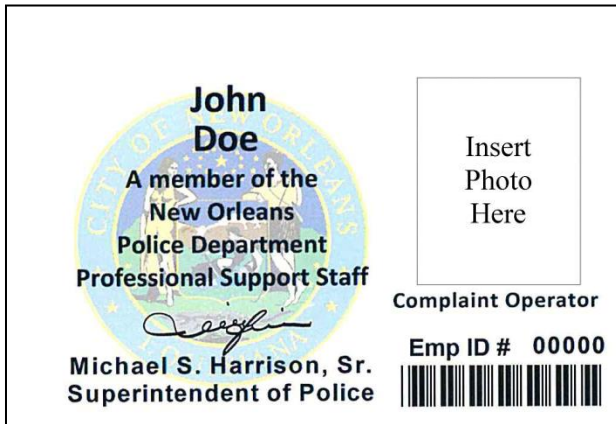

3. All members, when not in uniform, shall display their NOPD-issued credentials before acting in an official capacity unless the urgency of the situation prevents such identification.
4. Commissioned members, when not in uniform, shall wear their badge(s) in a clearly visible area when on a crime scene, when responding to radio dispatch calls, or when exercising their authority as a police officer.
5. All members, when acting in their official capacity, shall courteously and professionally display their credentials, providing the individuals with whom they are engaging a reasonable opportunity to examine those credentials.
6. All members, when acting in their official capacity, shall courteously provide their name, rank, badge number, or civil service classification to any person who reasonably requests this information.

7. All members entering police headquarters, when not in Class A or B uniform (see **Chapter 41.10 – Uniform Regulations**) shall have their badge or official credentials displayed. While in police headquarters, the identification credentials or badge shall remain displayed at all times.
8. Responsibility for the security and access control of police headquarters lies with the Deputy Chief of Management Services Bureau unless otherwise directed by the Superintendent.
9. The Deputy Chief of MSB shall ensure that the front desk security post in the main lobby of police headquarters is staffed during public access business hours.
10. NOPD Headquarters is open to the public on Monday through Friday (except holidays) from 7 a.m. to 5 p.m. Guests, visitors, or anyone who is not an NOPD member or being escorted by an NOPD member, when entering police headquarters, must enter through the main doors at the front of the building and check in with the front desk security personnel.
11. The following process / procedure is to be followed for non-NOPD members who conduct business above the main floor:
  - (a) Visitors must state the reason for their visit and the unit or person they wish to see.
  - (b) Visitors must present picture identification and answer routine identity questions.
  - (c) No weapons are allowed in police facilities except those carried by credentialed law enforcement officers (NOT security officers or concealed carry permit holders).
  - (d) No backpacks or baggage. Purses and briefcases are allowed but can be subject to security checks.
  - (e) A computer check is made of all visitors requesting access.
  - (f) The unit / member will be contacted to announce the visitor.
  - (g) A Visitors Pass (see **Appendix – HQ Building Security Pass**) with a photo of the person will be issued for the floor level only. Any access other than indicated on the pass will subject the person to ejection and possible criminal charges.
  - (h) A security watermark indicating “**VOID**” will automatically appear after 3 hours in the lower right-hand corner white dot of the Visitor Pass. The pass must be renewed on or before that time if the visitor’s business is not concluded.
12. Credentialed news media representatives are allowed past the front desk security post after announcement and verification and do not require a Visitor’s Pass.
13. Visitors will be given the appropriate visitor floor pass upon verification of their identity and after the unit or member they need to see has/have been contacted. These visitor floor passes are to be visible at all times and restrict visitors to those areas indicated on the passes. Individuals observed within the police headquarters building without a pass, in an area not authorized by the pass, or without displayed credentials should be stopped and questioned as to their identity and destination within the building.
14. All security violations shall be brought to the attention of the front desk security post during public business hours. Outside of public business hours, security violations shall be reported to the member’s supervisor and handled as a criminal matter.
15. Anyone not a member of the NOPD entering a police facility other than police headquarters shall be escorted by a member of the Department at all times.

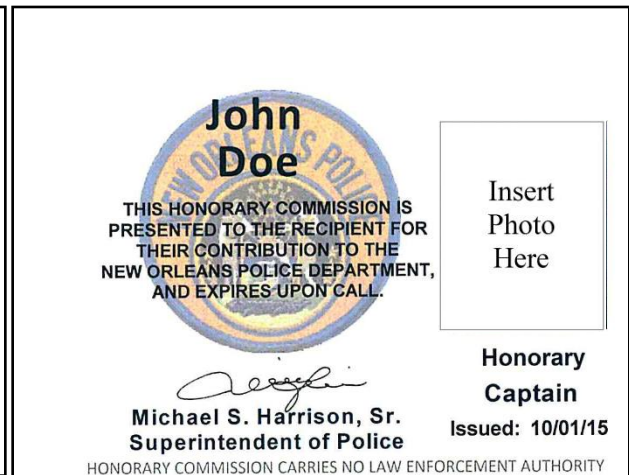

16. Responsibility for the security and access control of police facilities, other than police headquarters, lies with the senior ranking member of the unit assigned to that facility AND the senior ranking member on-duty at the time unless otherwise directed by the Superintendent.
17. Police facilities, other than headquarters, shall have signs posted on doors that may be accessible to the public indicating the areas that have limited access and shall ensure that these areas remain secure from casual access.
18. For safety reasons, no minors, except those who may be in custody or involved in an investigation, are allowed past the public access areas of any police facility and must be under the direct supervision of a commissioned member at all times.
19. All NOPD credentials (civilian, full-time commissioned, reserve commissioned and retired commissioned) are the property of the New Orleans Police Department and not the person to whom issued. Credentials remain valid until recalled except for honorary credentials which expire with the term of the Superintendent that issued them.
20. Examples of official NOPD member credentials and examples of HQ Building Security passes are included in the appendix attached to this Chapter. The appendix may be changed to reflect changes in the credentials without changing the Chapter. All changes to the Appendix shall be noted by an "Effective Date" on the appendix.

APPENDIX A - CREDENTIALS

**Civilian Employee**

**Honorary credential** given by Superintendent – **NO law enforcement or weapon-carrying authority.**

**Retired, commissioned member credentials.** Rank at retirement is noted on credential. The member's rank is listed below the photo. Silver badge indicates an officer; gold indicates a ranking officer. The rank will be inscribed on the badge.

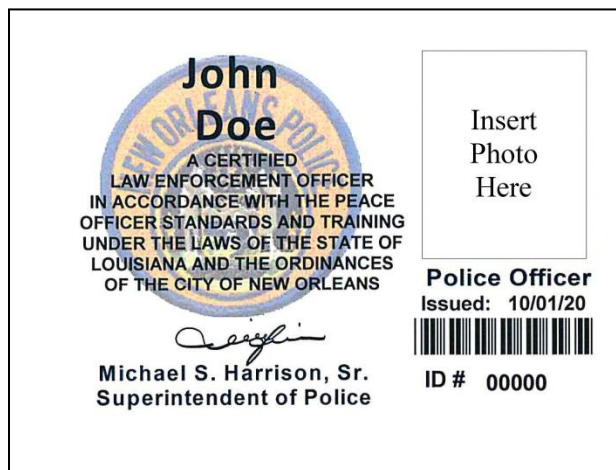

**Full-time, commissioned employee credential.** The phrase “Full-Time Certified Law Enforcement Officer” indicates the individual is a paid member of the Department. The member’s rank is listed below the photo. Silver badge indicates an officer; gold indicates a ranking officer. The rank is inscribed on the badge.

 <p>New Orleans <b>POLICE</b> Department Michael S. Harrison Superintendent of Police</p>	<p><b>John Doe</b></p> <p>A FULL-TIME CERTIFIED LAW ENFORCEMENT OFFICER IN ACCORDANCE WITH THE PEACE OFFICER STANDARDS AND TRAINING UNDER THE LAWS OF THE STATE OF LOUISIANA AND THE ORDINANCES OF THE CITY OF NEW ORLEANS</p> <p><i>Michael S. Harrison</i> Michael S. Harrison Superintendent of Police</p> <p>Insert Photo Here</p> <p><b>Police Officer</b> Issued: 10/1/2015</p>  <p>Emp ID # 00000</p>
 <p>New Orleans <b>POLICE</b> Department Michael S. Harrison Superintendent of Police</p>	<p><b>John Doe</b></p> <p>A FULL-TIME CERTIFIED LAW ENFORCEMENT OFFICER IN ACCORDANCE WITH THE PEACE OFFICER STANDARDS AND TRAINING UNDER THE LAWS OF THE STATE OF LOUISIANA AND THE ORDINANCES OF THE CITY OF NEW ORLEANS</p> <p><i>Michael S.  <p>New Orleans <b>POLICE</b> Department Michael S. Harrison Superintendent of Police</p>	 <p>New Orleans <b>POLICE</b> Department Michael S. Harrison Superintendent of Police</p>

**Commissioned reserve credentials.** The member's rank is listed below the photo. Silver badge indicates an officer; gold indicates a ranking officer. The rank is inscribed on the badge. Commissioned reserve members credentials are the same as a full-time, commissioned member for all ranks EXCEPT the wording is "A CERTIFIED LAW ENFORCEMENT OFFICER" and leaves out the words FULL-TIME."

APPENDIX B - BUILDING PASS

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.34

### TITLE: EVALUATION OF EMPLOYEES

**EFFECTIVE: 10/01/2017**

**REVISED: 05/23/21**

---

#### PURPOSE

The purpose of this Chapter is to set forth a process for completing member performance evaluations. This Chapter covers probationary and permanent employees, as well as commissioned and non-commissioned members. Supervision, evaluation, and rating of members shall be the responsibility of the member's designated evaluating supervisor. This evaluation process does not apply to those evaluations conducted by Field Training Officers (FTO) under the FTO Program (see **Chapter 33.4.3 – Field Training Program**).

#### POLICY

1. All employees shall be trained in conducting performance evaluations and the use of the performance evaluation forms upon promotion to the rank of Sergeant, or in the case of civilians, first-line supervisory positions. For all evaluations required by the City of New Orleans, the training shall be conducted by the Department of City Civil Service and organized by the Education & Training Division. NOPD-specific performance evaluation training shall be conducted by the Education & Training Division.
2. For all evaluations required by the City of New Orleans, performance evaluations shall be completed as per the directions found in the Civil Service Performance Evaluation Handout, which is compiled and maintained by the Department of City Civil Service. The Handout contains guidelines for conducting a performance evaluation session and for the use of performance evaluation forms. This Handout shall be provided to supervisory employees at the time they are trained in conducting performance evaluations. Performance is measured on three (3) possible evaluation categories:
  - a) "Does Not Meet Expectations,"
  - b) "Meets Expectations," and
  - c) "Exceeds Expectations."
3. NOPD has established a formalized system documenting performance evaluations in an "NOPD Specific Annual Evaluation" for each employee by the employee's evaluating (direct / immediate) supervisor that include assessments of:
  - (a) Community engagement and communication with the public as appropriate to assignment.
  - (b) Use of community-policing and problem-solving strategies as appropriate to assignment.
  - (c) Civilian commendations and complaints.
  - (d) Disciplinary actions.
  - (e) Compliance with policies on usage of sick leave and other leave.

- (f) Compliance with policies on police secondary employment.
- (g) Safety (e.g., POST officer safety standards and vehicle operations).
- (h) Training.
- (i) Report writing.
- (j) Decision-making skills.
- (k) When completing annual performance evaluations on supervisory personnel, a supervisor's direct supervisor shall evaluate the quality of his or her rating of other employees. (Note: An Evaluating Supervisor who fails to administer the performance evaluation system in accordance with these Rules shall not be eligible for a merit increase for that year.)

## DEFINITIONS

**Acknowledge** - an employee was provided with an opportunity to review the evaluation. The term "acknowledge" shall not necessarily indicate that the employee agrees with the content of the evaluation.

**Evaluating Supervisor** - the person who, in the appointing authority's judgment, is in the best position to observe and document the employee's performance. The appointing authority shall designate an Evaluating Supervisor for each employee. For the NOPD, the employee's current, immediate supervisor at the time of the evaluation shall be the evaluating supervisor unless designated otherwise, in writing, by the employee's Captain or above.

**Second Level Evaluator** - the Evaluating Supervisor's supervisor. The Second Level Evaluator must approve the evaluated employee's performance plan and the performance evaluation prepared by the Evaluating Supervisor after they are discussed with and given to the employee for acknowledgement and/or signature.

**Probationary Employee** - an employee who has been appointed to a position from an employment list, but who has not completed the working test period. The terms "probation period" and "probationary employee" shall be considered identical with "working test period" and "working test employee". When a working test period, for employees who are probationary with no other permanent status, is interrupted for more than twelve weeks due to the employee's inability to perform the essential function(s) of a position as a result of a medical condition, injury, or light duty assignment shall be completed upon the employee's return to duty. The employee's inability to perform the essential functions of a position must be certified by a physician. In the case of an employee who was placed on military leave while serving a working test period, such an employee, upon returning to his position, shall be required to serve the remaining portion of the working test period before gaining permanent status in the class of positions.

## PROBATIONARY EMPLOYEES

4. When a probationary Police Officer (P/O) is released from the supervision of his/her FTO upon successful completion of the FTO Program, it shall be incumbent upon the P/O's immediate supervisor (not the FTO) to continue the evaluation of the officer on a bi-monthly basis, using **Probationary Evaluation Form (Form 18)** until the probationary period is completed and the employee has attained permanent status.
5. Supervisors shall complete **Form 18** on all probationary employees in the classified service, under their supervision at the end of the third, sixth and ninth months of the employee's probationary period (working test period).
6. Employees shall be evaluated in all applicable categories, including recommendations for continued employment, evaluation/counseling, or dismissal. Any employee whose official overall evaluation is "**Does Not Meet Expectations**" shall be ineligible for: a merit increase, a

promotion, or a permanent status. If an employee has requested review of the rating, the performance improvement plan shall be held in abeyance pending the outcome of the review.

7. When a supervisor's rating of an employee as "Does Not Meet Expectations" does not become final, the supervisor shall initiate a meeting with the Captain and shall establish a **Performance Improvement Plan** within 30 calendar days of submission of the review for the employee and shall monitor the employee's work performance for a period of 90 calendar days. The Plan and intervention shall be recorded in Insight so that the Captain may provide performance counseling (see **Chapter 35.1.9 – INSIGHT**).
8. At the conclusion of the 90-calendar-day period, the Evaluating Supervisor must state in writing to the employee and the Superintendent, thru the chain-of-command, whether the employee's work performance has improved. If, upon review, the work performance has not improved, the Superintendent shall discipline the employee in accordance with the provisions of Rule IX, dismissal or demotion.
9. Employees may be recommended for counseling/evaluation or a **Performance Improvement Plan** without being rated "Does Not Meet Expectations" in any category. In those cases, a written explanation shall be provided in the remarks section of the Probationary Evaluation Form. Captains shall utilize the procedures outlined in **Chapter 35.1.9 – INSIGHT** to document any recommended and conducted counseling.
10. All performance evaluations shall contain a detailed written explanation of the employee's performance, including any areas in which the employee's performance needs to improve, and areas of growth and achievement during the rating period.
11. In specialized units where there is a designated training officer or "mentor", it shall be the responsibility of the probationary employee's immediate supervisor, if not the "mentor", to confer with the training officer or "mentor" prior to completing **Form 18**. Observations or comments by the training officer or "mentor" shall be noted as such in the evaluation report where appropriate.
12. Probationary employees shall be informed of the results of their evaluation by the evaluating supervisor. The probationary employee shall be counseled at the conclusion of the rating period by his/her immediate supervisor in, at least, the following areas:
  - (a) Results of the performance evaluation just completed;
  - (b) The level of performance expected, rating criteria or goals for the upcoming reporting period; and
  - (c) Career counseling relative to advancement, specialization, or training appropriate for the employee's position.
13. The probationary employee is required to sign the Probationary Evaluation Forms. The probationary employee shall be given the opportunity to make written comments to supplement the completed probationary evaluation. The evaluating supervisor shall supply the probationary employee with a copy (or access if electronic) of the completed, commented and signed probationary evaluation form.
14. Probationary employees who wish to contest a probationary evaluation shall forward an interoffice correspondence (form 105) to their Captain through their chain of command within 3 days of receiving the evaluation they are contesting.
15. The completed **Form 18** shall be forwarded to the evaluating supervisor's Captain within five (5) days of the end of the appropriate evaluation period. The Captain shall review and sign the form indicating acknowledgement. The Captain shall forward the approved and signed form to the Human Resource Management Division within five (5) days of receipt of the form.

16. After completion of the ninth month Probationary Evaluation Form, the supervisor shall review the cumulative performance of the probationary employee and complete the required recommendation prior to the conclusion of the 10<sup>th</sup> month.
17. Final recommendations (10<sup>th</sup> Month) shall be forwarded to the probationary employee's Captain immediately upon completion and signature/acknowledgement by the probationary employee and evaluating supervisor, but no later than the conclusion of the 10<sup>th</sup> month.
18. All recommendations, especially for Rule IX (demotion or dismissal) shall be supported by supplemental correspondence from the employee's Captain, through the chain of command, to the Human Resource Management Division (Personnel Director). Such correspondence shall be submitted no later than 45 days prior to the completion of the employee's probationary period and must be received by Human Resources 30 days prior to the completion of the employee's probationary period.
19. The employee's Captain shall submit a copy of the 10<sup>th</sup> Month Probationary Form to the Human Resource Management Division no later than 45 days prior to the completion of the probationary period.
20. Probationary evaluation forms which are not received by the Human Resource Management Division within the allotted time period (4, 7, and 10 months) shall be considered delinquent. A list of all delinquent probationary forms shall be sent to the evaluating unit's Bureau Chief on a monthly basis.
21. The immediate responsibility for identifying, documenting, and reporting unsatisfactory performance on the part of any probationary employee exists with his/her immediate supervisor, and, where appropriate, his/her designated unit training officer or "mentor".
22. Captains may recommend, under Rule IX, dismissal or, if appropriate, demotion at any time during the probationary period after the first 2 months by submitting a review of the employee's performance on a supplemental correspondence to the Human Resource Management Division.
23. Employees who have completed their probationary periods with no "*Does Not Meet Expectations*" ratings or recommendations shall automatically be certified in a permanent status by the Human Resource Management Division and the Department of City Civil Service upon the conclusion of their probationary period.
24. Copies of the employee's probationary reports shall be maintained in the employee's personnel jacket file in the Human Resource Management Division. These documents shall be accessible to the employee through INSIGHT.
25. **DEPARTMENTAL INSIGHT QUARTERLY REVIEWS**  
Departmental INSIGHT Quarterly Reviews are not completed for employees in probationary status. Those employees are evaluated as "Probationary Employees" outlined above.
26. There are four (4) NOPD Quarterly Insight Reviews (QPIR) each year. Each QPIR shall be completed within one month of the end of each of the quarters. (The Annual Performance Evaluation Form is done after the end of the 4<sup>th</sup> quarter.) The QPIR shall be conducted within Insight
27. The quarterly review periods are:
  - (a) January 1 – March 31 Due: April 30
  - (b) April 1 – June 30 Due: July 31
  - (c) July 1 – September 30 Due: October 31
  - (d) October 1 – December 31 Due: January 31

28. Quarterly Reviews shall be completed by the employee's evaluating supervisor for the Quarter under review. If the employee has changed supervisors during the review period, the current supervisor of the employee shall complete evaluation.
29. Employees Quarterly Reviews shall be in all applicable categories as directed by current evaluation procedure and as is appropriate to the employee's current assignment.
30. Written notification of unsatisfactory performance ("Does Not Meet Expectations") shall be provided to the employee by the evaluating supervisor. The Quarterly Review is available to the member in their Personnel Jacket once it is approved by the supervisor. The supervisor shall initiate a Performance Improvement Plan via INSIGHT or a Job Performance Improvement Plan (see **Chapter 35.1.9 – INSIGHT** or **Chapter 32.27.1 – Job Performance Improvement Plan (JPIP)**).
31. All Quarterly Reviews are time stamped indicating who generated and verified that the attached reports were reviewed and when. Routing by who and when is recorded in the routing section of the review to show the process (review/approval/possible rejection).
32. All employees shall be informed of the results of their reviews by the evaluating supervisor. The employee shall be counseled during the rating period by his/her evaluating supervisor in, at least, the following areas:
  - (a) Results of the performance review just completed.
  - (b) The level of performance expected, rating criteria or goals for the upcoming reporting period; and
  - (c) Career counseling relative to advancement, specialization, or training appropriate for the employee's position.
33. Department INSIGHT Quarterly Reviews are a management tool used to measure individual performance, develop employees, provide employees with direction and to assist in completion of the Annual Evaluation.
34. Quarterly Reviews shall be accessible to the employee through INSIGHT and shall be retained the Department until one year following the Annual Evaluation for the quarters covered

#### **CITY OF NEW ORLEANS CIVIL SERVICE & NOPD SPECIFIC ANNUAL EVALUATIONS**

35. The Performance Evaluation Process Phases shall consist of at least the following components:
  - a. The Performance Planning Period (September – December of year previous to the year being evaluated). **All links below are active.**  
(See: <https://www.nola.gov/getattachment/Civil-Service/Resources/Performance-Management-Training/Performance-Planning-Handout.pdf/> )
  - b. The Performance Period (January – December of the year being evaluated).  
(See: <https://www.nola.gov/getattachment/Civil-Service/Resources/Performance-Management-Training/Continuous-Monitoring-Feedback-Form.pdf/> )
  - c. The Performance Evaluation Period (January – April of the year following the year being evaluated).  
(See: [https://www.nola.gov/getattachment/Civil-Service/Resources/Performance-Management-Training/Performance-Evaluation-Handout-\(1\).pdf/](https://www.nola.gov/getattachment/Civil-Service/Resources/Performance-Management-Training/Performance-Evaluation-Handout-(1).pdf/) )
36. Each employee shall be evaluated on the employee's overall performance based on goals, work tasks, and competencies determined by the evaluating supervisor to be requirements of the employee's job. Additionally, each supervisory employee shall be evaluated on the supervisory employee's administration of the performance evaluation system as required by these Rules. All

supervisory employees shall have “successful administration of the performance evaluation system” as one of the performance goals.

37. A performance planning session may be conducted when:
  - a) The employee is assigned a new Evaluating Supervisor.
  - b) Performance expectations change.
  - c) The Evaluating Supervisor deems a performance planning session is appropriate.
38. Planning sessions for the upcoming year shall be conducted during the annual Performance Planning Period (September 1 to December 31 of the previous year). During this period, an evaluating supervisor shall prepare a Performance Plan for the upcoming year in cooperation with the employee, or the team of employees if the work is performed in teams. The performance plan shall list goals, related work tasks, and competencies on which the employee’s overall performance should be evaluated. The plan may also provide for professional development for each employee, appropriate performance measures, and work strategies or assignments for which results can be measured through objective performance data. The goals, work tasks, and competencies shall be recorded on the Planning and Evaluation Form. **Failing to establish a performance plan will result in the employee receiving a “Not Evaluated” designation.**
39. During the planning session, the Evaluating Supervisor shall present the performance planning and evaluation form to the employee and discuss the performance goals, work tasks, and competencies on which the employee will be evaluated and the performance that will be expected during the coming performance year.
40. The Evaluating Supervisor and the employee shall sign and date the performance planning and evaluation form to document the planning session. The employee shall be given access to a copy of the form. Should the employee decline to acknowledge the performance planning and evaluation form, the Evaluating Supervisor shall note this on the form and record the date that the planning session occurred. An employee cannot prevent the planning session from becoming official by refusing to acknowledge the form.
41. If an employee disagrees with the work tasks, goals, and behavior standards as stated on the performance planning and evaluation form, the employee may use the appointing authority’s grievance process to challenge the form during the annual planning period (September 1 to December 31).
42. Before obtaining the Second Level Evaluator’s signature approval of the performance plan, the Evaluating Supervisor will have conducted a performance planning session with the employee. The Evaluating Supervisor shall obtain the Second Level Evaluator’s approval of the performance plan after presenting it to the employee for his or her acknowledgment. **Failing to establish a performance plan for one’s employee(s) will result in the supervisor(s) receiving an overall “Does Not Meet Expectations” designation.**
43. At the end of the performance period, the Evaluating Supervisor shall assign one of the three evaluation categories listed below to the employee’s overall performance based upon the established performance plan, goals, work tasks, and competencies:
  - a) **Exceeds Expectations:** Employee’s performance consistently exceeded the performance criteria.
  - b) **Meets Expectations:** Employee’s performance met the performance criteria.
  - c) **Does Not Meet Expectations:** Employee’s performance did not meet the performance criteria.

44. An Evaluating Supervisor shall assign the overall evaluation category (i.e. Does Not Meet Expectations, Meets Expectations, and Exceeds Expectations) based on seven predefined criteria of performance:
  - a) Performance Goal
  - b) Work Task/Behavior Expectations
  - c) Competencies
  - d) Quality and Completeness of Work
  - e) Supervision and Guidance Requirements
  - f) Person-Role Fit
  - g) Overall Placement
45. A new employee with less than one year of continuous service **in the position** (probationary) as of December 31 of the performance year shall be evaluated based on his or her progress toward predefined criteria established via their probationary period assessment. However, this employee shall receive an overall designation of "Not Evaluated" for that specific performance year. Official performance evaluations are required for all classified employees who have at least 12 months of continuous service as of December 31 of the performance year.
46. All evaluating supervisors shall distribute employee self-assessment evaluation forms to direct reports 30 days prior to the Annual Evaluation posting date. Employees shall submit the self-assessment to immediate supervisor two (2) weeks prior to the posting date. Supervisors shall review and verify the information submitted by direct reports within one (1) week of receipt to review and assist with completion of the Annual Evaluations. In addition to Insight's: Employee Summary Reports, Employee Activity Report, self-assessment evaluation forms any documentation shall be attached to all evaluations submitted in NEOGOV.
47. City of New Orleans annual performance evaluations shall be completed annually, as per Rule XI Section 1.7 (c) "Official evaluations shall be made after the performance year has ended and must be rendered between January 1 and April 1 of the following year. Evaluations become official on the date they are rendered. Evaluations rendered after April 1 will not be accepted. And, the concerned employee(s) will receive an overall "Not Evaluated" designation. The Civil Service performance evaluation time guidelines shall be followed for NOPD-Specific Annual Evaluations.
47. A supervisor that does not complete the annual performance evaluation by the due date shall be subject to corrective action and progressive discipline. Failing to establish a performance plan for one's employee(s) will result in the supervisor(s) receiving an overall "Does Not Meet Expectations" designation.
48. To render an official evaluation, the Evaluating Supervisor shall:
  - a) Complete a performance evaluation form after January 1 of the following year.
  - b) Provide documentation to support the overall evaluation.
  - c) Provide the employee access to a copy of the evaluation form with the employee's official overall evaluation noted along with the supporting documentation.
  - d) Discuss the evaluation with the employee and present the evaluation form to the employee to be acknowledged and dated.
  - e) Obtain the Second Level Evaluator's approval of the evaluation form after the discussion with the employee.
49. A checklist shall be provided to supervisors along with the two-week advance notification prior to the posting date for the NOPD-Specific Annual Performance Evaluation Form (NEOGO) to assist in the supervisor in covering all expected areas of the evaluation. The NOPD-Specific Annual Performance Evaluation Form (NEOGO) shall be completed by the employee's evaluating (immediate) supervisor.

50. All performance evaluations shall contain a detailed written explanation of the officer's performance, including any areas in which the officer's performance needs to improve, and areas of growth and achievement during the rating period.
51. Employees shall be evaluated in all applicable categories as directed by current Civil Service procedure and as is appropriate to the employee's current assignment.
52. When an employee is not available for a performance evaluation session, the provisions of Civil Service Rules and this Chapter shall be satisfied when notification to the employee is made by mail. If the employee is notified by mail, the notification shall be deemed timely if it was mailed to the employee's most recent address on or before April 1, as evidenced by official proof of mailing. The Superintendent, thru his/her designee must maintain documentation that the employee was notified on or before April 1. If an appointing authority fails to notify an employee, the employee shall receive a designation of "Not Evaluated".
53. Written notification of unsatisfactory performance (Does Not Meet Expectations) shall be provided to the employee as per Civil Service Rule XI, Service Ratings. An evaluation of "Does Not Meet Expectations" **is not a disciplinary action**.
54. Regular employees (permanent status) shall have a right to request a review in accordance with the provisions of Sections 1.12 and 1.13 of Civil Service Rules.
  - a. The Performance Improvement Plan shall be held in abeyance pending the outcome of the review.
  - b. If the designation of "Does Not Meet Expectations" does not become final, the appointing authority shall establish a performance improvement plan within 30 calendar days of submission.
  - c. The Evaluating Supervisor must establish a performance improvement plan for the employee and shall monitor the employee's work performance for a period of 90 calendar days.
  - d. At the conclusion of the 90 calendar day period, the Evaluating Supervisor must state in writing to the employee and the Superintendent or his/her designee whether or not the employee's work performance has improved.
  - e. If, upon review, the work performance has not improved, the appointing authority shall discipline the employee in accordance with the provisions of Rule IX (dismissal or demotion).
55. All performance evaluations shall be signed by the evaluating supervisor (rater) in the appropriate space. Each rater's Second Level Evaluator shall initial or sign the signature of the evaluating supervisor indicating that he/she has reviewed the evaluation. All performance evaluations shall be reviewed and signed by the appointing authority, or his/her designee as specified by Civil Service Rule XI, Service Ratings.
56. All employees shall be informed of the results of their evaluation by the evaluating supervisor. The employee shall be counseled at the conclusion of the rating period by his/her supervisor in, at least, the following areas:
  - (a) Results of the performance evaluation just completed.
  - (b) The level of performance expected, rating criteria or goals for the upcoming reporting period; and
  - (c) Career counseling relative to advancement, specialization, or training appropriate for the employee's position.
57. The employee is required to acknowledge the evaluation form. The employee shall be given the opportunity to make written comments to supplement the completed evaluation. The evaluating supervisor shall supply the employee with a copy of the completed, commented and signed / dated evaluation upon request.

58. Appeals of contested evaluations shall be processed as per Civil Service Rule XI, Service Ratings. A regular employee who receives an overall performance evaluation of "Does Not Meet Expectations" may request an official review of that evaluation by a Review Panel. The guidelines of Civil Service Rule XI 1.10 thru 1.12 apply to Review Panels and subsequent processes of appeal.
59. Copies of the Civil Service Performance Evaluation Form shall be maintained in the employee's personnel jacket file in the Human Resource Management Division. These documents shall be accessible to the employee through INSIGHT.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.35

### TITLE: COMMENDATIONS AND AWARDS

**EFFECTIVE: 11/13/2016**

**REVISED: 11/15/19; 01/24/21**

---

#### **PURPOSE:**

The Department has established a system to recognize members of the NOPD, members of other law enforcement agencies working with the NOPD and members of the public who exceed the level of performance expected of responsible members of the Department and the community.

#### **POLICY:**

1. Members of the NOPD and commissioned members of other law enforcement agencies working with the NOPD will be recognized for their awards and achievements in public ceremonies.
2. Members of the public who are being recognized for their assistance to the NOPD and who have gone above and beyond the level expected of responsible members of the community will be recognized in public ceremonies.
3. Recognition of achievements and awards for members of law enforcement and non-law enforcement members of the community is vital to the overall mission of the NOPD and serves as a critical component to good police-community relations.

#### **DEFINITIONS**

Definitions related to this Chapter include:

**Member**—An individual who is employed, either full-time, part-time, under contract or who volunteers for the NOPD. This includes civilian volunteers and Reserve Officers while “on-duty” and performing functions under the auspices of the NOPD.

**Nomination**—The written recommendation or acknowledgement by any person of action(s) by a member of the Department, a commissioned member of another law enforcement agency working with the NOPD or a member of the public that merits recognition and a Departmental award.

**Person**—A natural or born individual as opposed to a “legal” entity.

**AWARDS NOMINATION**

4. Any member of the Department, another law enforcement agency or the community may recommend any member of the Department, a member of another law enforcement agency working with the NOPD or a member of the public for a departmental award.
5. The INSIGHT System Awards and Commendation Application shall be used to nominate department members or other individuals for a department award and shall contain:
  - (a) The person/member's name, bureau and assignment at the date and time of the commendation.
  - (b) A brief account of the commendable action with a copy of the police report number(s), as appropriate.
  - (c) When applicable, a copy of any related police report(s).
  - (d) Any other supporting documentation.
  - (e) The signature of the nominating supervisor indicating he/she is in agreement with the facts as stated, and an indication that he/she concurs with the approved investigative police report.
6. An INSIGHT System Awards and Commendation Application shall be filled out by a supervisor for each person being nominated.
7. The INSIGHT System Awards and Commendation Application filled out or submitted by a supervisor shall be completed within thirty days of the date of the incident or within thirty days of the conclusion of the investigation related to the incident.
8. The INSIGHT System Awards and Commendation Application submitted by or for members of the public shall be reviewed by the Public Affairs Division Awards Coordinator, who will contact the appropriate department members, if needed, to verify information submitted.
9. Communications (oral or written) from members of the community or other law enforcement agencies that indicate a desire to recognize an NOPD member's actions shall be entered into the INSIGHT System Awards and Commendation Application by a supervisor. The entering supervisor will be responsible for gathering the documentation necessary and completing the Awards and Commendation Application for documentation of a Letter of Recognition or submission to the Awards Committee.

**AWARDS CONSIDERATION PROCESS**

10. The nominating supervisor and nominee will be notified by email when the Awards and Commendation Application is submitted and when approved by the Committee.
11. Members receiving notification that an Awards and Commendation Application is submitted for them, may check his/her Personnel Jacket for the status of the prospective award at any time.
12. After each Awards Committee meeting, the Public Affairs Division will notify the nominee's commander of the Committee's action on each Departmental member's nomination.
13. The nominee's commander shall be responsible for notifying the nominee of the final decision by the Committee.

14. An appeal for reconsideration of a disapproved Awards and Commendation Application or a rehearing of a decision of the Awards Committee may be made by the respective nominating member, the nominee, or the nominee's commander. The appeal must:
  - (a) Be submitted in writing on an NOPD Interoffice Correspondence (**Form 105**) to the nominee's commander if the Awards and Commendation Application was disapproved by a supervisor in the nominee's chain-of-command.
  - (b) Be submitted in writing on an NOPD Interoffice Correspondence (**Form 105**) to the Superintendent of Police if the Awards and Commendation Application was disapproved or changed by the Awards Committee.
  - (c) Specify the reason for the disagreement with the supervisor's disapproval or the Award Committee's recommendation and supported by new or additional information not part of the original Awards and Commendation Application.
  - (d) Be submitted within thirty days from the date of notification of the committee's action.
15. If the nominee's commander disagrees with the disapproval of the Awards and Commendation Application by a supervisor in the nominee's chain-of-command the following actions shall take place:
  - (a) The decision of the commander to overrule the disapproval shall be communicated, in writing to the disapproving supervisor.
  - (b) The commander's written communication shall specifically direct the supervisor to Change the action on the award to "approved".
  - (c) The commander's written communication, the documentation for appeal from the nominee, the Awards and Commendation Application along with the written instructions to the supervisor to change the action to "approved" will be included in the Application and proceed to the Committee for final resolution.
16. If the Awards Committee changes their decision after appeal, they will include the appeal documentation and the change of decision, in writing, in the Awards and Commendation Application.

#### **COMMENDABLE OR MERITORIOUS ACTS BY MEMBERS OF THE COMMUNITY**

17. A commendable or meritorious act by a community member who is not a member of the NOPD may include, but is not limited to:
  - (a) Assistance to the Department and community that goes above and beyond the level expected of responsible members of the community.
  - (b) Assistance to the Department worthy of special notice or merit.
  - (c) Assistance that substantially contributes to enhanced police-community relations.
18. Written recommendations for a community member's meritorious acts may be made by any Department member or any member of the public but can only be entered on the Awards and Commendation Application by a supervisor.

#### **DOCUMENTATION OF MERITORIOUS ACTS BY CITIZENS**

19. Meritorious acts performed by members of the community and documented by members of this department in police incident reports (EPR) or other written communications should be documented on the INSIGHT System Awards and Commendation Application using the same process utilized for Department members.
20. Areas for inapplicable information should be left blank and adequate information to identify the persons performing the meritorious act(s) should be included in the narrative portion of the Application. It is important that the person's name, address and a contact phone number be noted in the narrative portion first.

21. Any documentation, in any form, from the public that identifies meritorious conduct of a community member should be accepted by any Department member and forwarded to the receiving member's Deputy Superintendent through the member's chain of command.
22. Attempts to obtain detailed information regarding the incident or action, the person performing the meritorious act and the person submitting the documentation should be made by the receiving member, with any additional details documented as appropriate. This will include any BWC recording of the conversation with the person(s) involved.

### **AWARDS COMMITTEE COMPOSITION**

23. The Awards Committee shall be chaired by the Field Operations Bureau Deputy Superintendent and consist of a Command Level (Captain, Major, Deputy Chief) representative selected by the respective Bureau Deputy Superintendent of the:
  - (a) Public Integrity Bureau,
  - (b) Management Services Bureau,
  - (c) Compliance Bureau,
  - (d) Investigative and Support Bureau,
  - (e) Special Operations Division,
  - (f) One of the eight police districts on a rotating basis, and
  - (g) Public Affairs Division (selected by the Superintendent's Chief of Staff).

### **AWARDS COMMITTEE ACTIONS**

24. The Public Affairs Division Awards Coordinator shall be responsible for:
  - the listed administrative duties once the committee has voted;
  - submitting awards nominees' names to P.I.B. for short forms checks;
  - preparing awards recipients certificates for the Superintendents signature;
  - securing the ceremony venue;
  - preparing the awards program;
  - notifying awards recipients of the date, time and location of the ceremony;
  - sending invitations to the Mayor, City Councilmembers and public dignitaries;
  - entering all awards in the INSIGHT System Awards and Commendation Application and submitting copies for the member's Personnel Jacket.
25. The Awards Committee shall meet at least quarterly to consider award nominations submitted in the INSIGHT System Awards and Commendation Application for consideration since the last Committee meeting.
26. The Awards Committee shall recommend a disposition or award appropriate to the incident for which the member has been nominated.
27. Awards Committee attendance is mandatory for all committee members.
28. In those emergency situations where a Committee member cannot attend, he/she shall have the responsibility of reviewing the awards nominations in the INSIGHT Awards and Commendation Application and forwarding the notation of vote for each nomination to the Committee Chairman by email prior to the scheduled meeting.
29. The Awards Committee recommendation shall be by majority vote of all committee members present, and by written recommendation after review for those members absent.
30. Each nominee can receive only one award for any single incident or investigation, with the exception of the **Purple Heart**.

31. Awards shall be presented at scheduled public ceremonies once or twice a year.
32. All awards shall be made part of the Department member's Personnel Jacket and may be viewed by the member at any time.

### COMMENDABLE OR MERITORIOUS ACTS

33. A commendable or meritorious act may include, but is not limited to:
  - (a) Superior handling of a difficult situation.
  - (b) Conspicuous bravery or outstanding performance.
  - (c) Any action or performance of duty that is above and beyond the expected duties of members of the department.

### AWARDS FROM OUTSIDE THE DEPARTMENT

34. Department members shall notify the Superintendent or the Superintendent's designee and request approval prior to accepting any award from an outside agency or organization for actions taken or performed on duty or on behalf of the Department.

### DEPARTMENTAL AWARDS

35. The following are the Awards that may be bestowed upon department members, members of other law enforcement agencies working with the NOPD and community members:
  - (a) **MEDAL OF VALOR** - This medal is awarded for an act considered extremely hazardous and above the call of duty, under conditions where the likelihood of the member(s) escaping death is remote. A posthumous award shall be made where the department member lost his/her life under conditions and circumstances consistent with appropriate police practices.
  - (b) **MEDAL OF MERIT** - This medal is awarded when a member is exposed to great bodily harm while carrying out an act of bravery beyond the call of duty under conditions and circumstances consistent with appropriate police practices.
  - (c) **DISTINGUISHED SERVICE AWARD** - This award is given to a member who brings credit to the New Orleans Police Department through an outstanding accomplishment beyond the course of his/her regular duties that result in enhanced community relations, improved administration or operations, or the implementation of innovative practices. This may include, but not be limited to: implementing a new technique to increase efficiency in an administrative or tactical procedure; or employing an effective new managerial or operational strategy.
  - (d) **MEDAL OF COMMENDATION** - This medal is awarded for an act beyond the course of duty wherein a department member takes exceptional enforcement action. This may include, but not be limited to: preventing a major crime where such action protects life and property; or apprehending a dangerous criminal following the commission of a felony and under unusual circumstances.
  - (e) **MEDAL OF ACHIEVEMENT** - This medal is awarded when a member has rendered a service beyond the course of his/her duty and/or through his/her diligence, tenacity, and perseverance, or acts brings credit to the New Orleans Police Department and supports the goals of the organization.
  - (f) **LIFESAVING MEDAL** - This medal is awarded when a member saves another's life while placing his/her own life in extreme danger.
  - (g) **PURPLE HEART MEDAL** - This medal is awarded when a member, during the performance of his/her duty, has been seriously injured by the hostile actions of a criminal offender. An injury, for which this award is given, must have occurred in the performance of duty, and must have required protracted hospitalization and medical treatment. The incident must be a matter of official record (i.e., police incident report).

- (h) (If the performance of the member also fits the criteria for the **Medal of Valor, Merit, Commendation, Achievement, or Lifesaving**, one of these medals may also be awarded.)
- (i) **LETTER OF COMMENDATION** - This award is given to a member who has rendered a service reflecting credit upon the member and upon the Department. Such service may include, but shall not be limited to: outstanding criminal arrests; number of concealed weapons arrests; long term, sustained, high level of performance; or support activity.
- (j) **LETTER OF COMMUNITY SERVICE** - A letter of community service may be issued to any member who has made a significant difference in improving the quality of life for residents and the community. Such service may be evidenced by a single act or a series of acts and may include, but shall not be limited to: active participation in community events or services not directly associated with his/her regular duties; the development or management of a program that provides community members with a service not previously available; or consistent resolution of community conflicts or problems by an officer.
- (k) **LETTER FOR LIFESAVING** - A letter for lifesaving may be issued to any member who has saved the life of another person in circumstances where the member's own life was not in immediate danger.
- (l) **PURPLE HEART LETTER** - A Purple Heart Letter may be issued to any member for an injury to any part of the body sustained as the result of a hostile act of a criminal offender. A wound, for which this award is given, must have occurred in the performance of duty, and must have required medical treatment. The incident must be a matter of official record (i.e., police incident report).
- (m) **UNIT CITATION – MERITORIOUS** - The Meritorious Unit Citation is awarded to a NOPD unit that has displayed heroism or meritorious service as a result of a group effort under extremely difficult and hazardous conditions.
- (n) **UNIT CITATION – ACHIEVEMENT** - The Achievement Unit Citation is awarded to a NOPD unit that has displayed exceptional performance of outstanding services for at least three continuous months.

### **SUPERINTENDENT'S COIN - SERVICE OF EXCELLENCE**

36. The Superintendent's Coin for Service of Excellence is awarded by the Superintendent of Police to a commissioned member, non-commissioned member or community member who has distinguished themselves in a manner of professional or personal excellence and brought credit to the New Orleans Police Department.

### **SUPERINTENDENT'S COIN - SERVICE OF EXCELLENCE NOMINATION PROCEDURE**

37. The nomination process for the Superintendent's Coin - Service of Excellence, shall be as follows:
- (a) Any member, commissioned and/or civilian, may recommend another member of the department for this award.
  - (b) The nomination shall be submitted on the INSIGHT System Awards and Commendation Application by the nominating member.
  - (c) A separate Application shall be completed for each commissioned, non-commissioned and/or civilian member nominated, but only one narrative is required.
  - (d) If applicable, a copy of the police report(s) documenting the performance shall also be attached.
38. Nominations shall be submitted through the INSIGHT System Awards and Commendation Application. Once a nomination is submitted, the Form must proceed

through the entire process, even if disapproved by one or more supervisors in the chain of command.

### LETTER OF RECOGNITION

39. There are occasions when a supervisor, another law enforcement agency/member, or a member of the public wishes to acknowledge what they felt to be noteworthy actions by a member that do not rise to the level of a Departmental Award. This acknowledgement may take the form of a letter, note or email expressing their thanks for the member's actions or an oral communication in person or by phone.
40. Any member of the Department who receives a communication of this nature is to ensure that a supervisor is immediately notified and:
  - (a) If the communication is in writing, the document, envelope and any attachments are turned over to the supervisor that was notified.
  - (b) If the communication was oral, the receiving member must obtain the name, address, phone number and all pertinent details of the action being commended and turn this written information over to the supervisor that was notified.
41. The supervisor who is notified of this type of communication shall complete the INSIGHT System Awards and Commendation Application and attach any documentation prior to the supervisor's End Tour of Duty. The supervisor shall select the "**Letter of Recognition**" as the type of award. This Application selection will only need the approval of the nominee's commander and will not be reviewed by the Awards Committee.
42. The Letter of Recognition certificate will be available in the member's Personnel Jacket once approved by the member's commander.

### REPLACEMENT OF LOST, DESTROYED OR STOLEN AWARDS

43. Members, former members or family of deceased members who have received awards that have subsequently been lost, destroyed or stolen may submit a written request on an Interoffice Correspondence (105) to the Awards Committee for their replacement.
44. The Awards Committee will review the request, verify the circumstances of the loss and confirm the existence of the award by conducting a review of the member's Personnel Jacket.
45. Once approved for replacement by the Awards Committee, the requesting person will be advised of the cost (if any) and method of replacement in writing. It will be the responsibility of the member or requesting person to obtain the actual replacement award.
46. A copy of the requesting 105 and the response by the Awards Committee will be placed in the member's Personnel Jacket.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.37

### TITLE: PAYROLL AND TIMEKEEPING

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy 1036**

---

#### PURPOSE

The purpose of this Chapter is to establish departmental payroll and timekeeping procedures for commissioned and civilian members. Recording and approving time and attendance is necessary to ensure timely and accurate disbursement of employee pay and to comply with local, state and federal laws.

#### DEFINITIONS

Definitions related to this Chapter include:

**Payroll Day**—The day designated by the City Finance Department on or before which the Biweekly Approval must be completed. It will usually be the Sunday or Monday of the following week being reported.

**Biweekly Approval**—Payroll Section approves and locks the time sheets after the employee has entered and approved his/her entries in ADP and the appropriate supervisor has reviewed and approved the entries for that employee for the two-week pay period.

**Shift Codes**—Platoon designators designed to distinguish between platoons which begin on one calendar date (i.e. 11:00 PM) and end on the following calendar date (7:00 AM) and from platoons which begin and end on the same date.

**Status Codes**—Designators that distinguish the condition under which the member is being carried in the payroll system (i.e. Working, Annual Leave, Sick, Military Leave, IOD, Workman's Comp, etc.).

**Shift Differential Pay**—Shift differential pay is generated automatically by the computer according to the time the employee begins his/her workday in his/her regular work assignment, except for court time or case overtime.

#### LEGAL AUTHORITY

1. Section 4-302(5) of the Home Rule Charter authorizes the Chief Administrative Officer to "prescribe accepted standards of administrative practice to be followed by all offices, departments, and boards." **CAO Policy Memorandum #72(R) – Payroll Time Keeping Procedures** outlines the requirements for the City's Payroll System.

2. An electronic payroll system is the means of recording time and attendance by City employees. The City of New Orleans (and the NOPD) utilize ADP (Automatic Data Processing) as the software system for all City payroll. Detailed procedural guides for the use of ADP are found on the City of New Orleans web site at: <https://employee.nola.gov/work/pay/using-adp/>.
3. As such, every City employee is required to:
  - (a) Personally and accurately record time, attendance, and leave used on a biweekly (or weekly basis if applicable), and
  - (b) Approve his/her time at the end of each pay period.
4. All employees are paid biweekly on Friday (except on holidays).

### **TIME KEEPING POLICY**

5. Members entering payroll records shall pay particular attention to the **Charge Code** list and enter the appropriate charge code for each employee and his/her unit.

### **HOURLY (NON-EXEMPT) EMPLOYEES**

6. Each hourly employee shall enter time and attendance in the ADP system by:
  - (a) Biometric time clock,
  - (b) Web entry, if approved in advance; or
  - (c) Other approved means.

### **EXEMPT (EAPS-EXECUTIVE, ADMINISTRATIVE, PROFESSIONAL) EMPLOYEES**

7. Each EAP employee must obtain approval for leave in advance, record leave usage, and approve his/her attendance at the end of a pay period. Leave for EAP employees may only be taken in whole day increments.

### **SUPERVISOR RESPONSIBILITIES**

8. The Unit supervisor (in Districts, the Platoon Commander) shall review the following for accuracy:
  - (a) All shift members are accounted for and entered.
  - (b) No data entry errors occurred, especially total hours entered for each employee.
  - (c) The Work Status Codes and Charge Codes are correct.
  - (d) The shift entered is correct according to the time the employee's REGULAR work began. See below:
    - Shift Code 1 – regular working between 1:00 am and 1:59 pm
    - Shift Code 2 – regular working between 2:00 pm and 6:59 pm
    - Shift Code 3 – regular working between 7 pm and 12:59 am
9. If an employee uses sick, annual or other leave at the beginning of his/her regular shift, the appropriate Code shall be entered for the record on the time card (i.e. Annual Leave 8:33 minutes).
10. The Status Code shall be entered in the appropriate location indicating the member's work status for each workday. Each entry, if more than one entry is made for a day, must contain a status code.
11. If the Platoon Commander is informed at least one day in advance of the employee's need to use annual leave in the middle of a workday, he/she **may** elect to change the

reporting time of the employee to coincide with the ending time of the workday with the rest of his/her platoon.

12. Employees who are eligible for Shift Differential Pay will receive the appropriate rate of pay if their reporting time for duty falls within the guidelines set. Individuals who work more than 8:35 in one day will receive the rate of pay indicated at the beginning of their duty and will require the work rule transfer for any additional hours worked (i.e. 6:25am-3p 1st shift, 3p-6p 2nd shift unscheduled).
13. Holiday "off" is already pre-populated in the ADP System.
14. Holiday "working" for all employees will be recorded when that employee clocks in and out for the actual hours worked on the holiday.

### TIME SHEET APPROVALS

15. Prior to 6:00 AM on Payroll Day, the Unit supervisor or his/her designee shall review the unit's daily records to ensure that all daily records have been approved by each employee and then by their supervisor.
16. After the Biweekly Approval, any changes must be made by the Unit supervisor and approved by the Unit Commander in writing by submitting a **Payroll Adjustment Form** (Form #93) to the Payroll Section as soon as possible after the error is discovered.
17. When completing the form, the employee's Status and Charge Codes must be included.
18. When the Payroll Section receives the Payroll Adjustment Form (Form 93) attached to the ADP/time sheet (with the exception block checked off), the Payroll Section shall:
  - (a) Immediately make the proper correction in the ADP system in the appropriate location,
  - (b) Affix their own signature below the correction, and
  - (c) Submit the ADP/time sheet to the City Finance Department for processing.
19. After the payroll has been approved by all units (by 7:00 AM on Payroll Day), the Payroll Section shall verify that all units are approved and then certify the payroll as correct by 7:00 AM on Payroll Day.
20. No changes will be made once the time sheets have been certified correct, any subsequent changes must be made by submitting a Form 93 to the Payroll Section which will then make the necessary requested changes.

### SPECIFIC ENTRIES

#### COURT TIME

21. An employee is paid overtime for attending court on employment related cases. An employee attending court during regular working hours shall not be paid overtime while on duty.
22. An employee attending court while on annual, sick, or any other form of paid leave shall be carried Working during the time he/she is physically in a tribunal.
23. Members attending Traffic Court, Municipal Court, Criminal District Court, or the Grand Jury shall utilize the ADP biometric timeclocks located on the first floor of Police Headquarters and in the lobby of the Municipal/Traffic Court building. The ADP biometric

timeclock shall be used to record both the time of arrival and departure from the above listed courts.

24. Members attending Juvenile Court, Civil District Court, Federal Court, courts outside the jurisdiction of Orleans Parish, or the City Council or Civil Service shall have their subpoenas signed by a representative of the court indicating the time of arrival and departure from the court.
25. If a member's court appearance extends into his/her regular working hours, the court time entered under Charge Code 03 must end at the time the employee's regular shift begins.
26. Court subpoenas and overtime slips shall not be sent to the Payroll Section but instead shall be maintained by each employee's unit assignment according to the Department's record retention schedule.
27. Court overtime will be automatically rounded by the ADP System, not the entering person, to the next half hour. The item number related to the overtime entry shall be entered in the comment section. A minimum of one (1) hour of overtime will be paid for any court appearance.

#### **CASE OVERTIME**

28. Case overtime must be entered to the exact minute and will be paid to the exact minute. The item number of the case being worked shall be placed in the comments section on the day the case overtime was worked.

#### **IOD / WORKMAN'S COMPENSATION STATUS**

29. No employee shall be carried in an IOD or Workmen's Compensation status until the injury has been classified as such.
30. Until the injury has been classified, the employee shall be carried sick with the item number included in the comment section.
31. Once a copy of the classification letter is forwarded from Employee Relations to the employee's unit of assignment, that unit shall make the appropriate adjustments to the employee's time card within that two (2) week pay period.

#### **TEMPORARY ASSIGNMENTS OUTSIDE REGULAR UNIT**

32. If an employee works his/her entire shift in another unit, his/her primary unit shall carry him/her detailed to the temporary assignment with no hours entered.
33. The temporary unit shall enter all of the employee's hours under that unit's organization code. If the temporary unit neglects to enter the employee's time, the primary unit will not be able to execute its weekly approval.
34. If an employee works partial hours in both his primary unit and a temporary unit in any workday, the unit in which he/she begins his workday shall enter his/her hours worked in that unit before any other unit enters the remainder of his/her hours worked.

#### **SPECIAL EVENT CHARGE CODE**

35. All members assigned directly to particular special event functions or duties shall be carried

under the Special Event Charge Code (usually designated in the Special Event Operations Order) during the hours they perform those duties.

### **PERSONAL USE CHARGE FOR TAKE-HOME VEHICLE**

36. Employees of the department who are assigned a City-owned vehicle with take-home privileges shall be assessed a **Personal Use Charge** for this privilege.
37. Each employee authorized for take-home use of a City vehicle shall complete and sign the **City of New Orleans Take-Home Vehicle Add/Delete/Change Form (CAO Policy 5(R) Attachment D)**.
38. To provide for this **Personal Use Charge** deduction, a daily entry shall be required on in the ADP System as follows: Either enter:
  - (a) In the Pay Code section, use the dropdown menu and enter the correct distance entry: either "Vehicle Use within 20 Miles" or "Vehicle use Between 20, 40 Miles," whichever is the appropriate entry.
  - (b) Enter the appropriate unit number into the First Transfer Section.
  - (c) Under the field titled Take Home Veh #, the Account Number of the vehicle assigned to the employee as a take-home vehicle will be entered.
  - (d) Entries in the Take Home Vehicle section are not required when an employee is annual (annual leave), sick or AWP (unless the employee is AWP working).
39. Employees carried Leave Without Pay are **PROHIBITED** from being assigned/using a take-home vehicle.
40. Employees who are provided a take-home vehicle shall be charged a personal use fee **unless** access to the vehicle is denied for one of the following reasons:
  - (a) Extended maintenance/repairs or mechanical failure causing the vehicle to be placed out of service (however, if an assigned take home vehicle is available for any portion of a day or a replacement vehicle is provided, the personal use fee will continue to be charged);
  - (b) Emergency fleet use, wherein the vehicle is taken out of take-home status and placed into the fleet for use by the department to maintain normal operations;
  - (c) Take-home vehicle privileges are suspended for the employee by the department;  
or
  - (d) Any other departmental action which causes the employee to be denied access to the vehicle in take-home status.

### **CIVILIAN EMPLOYEES – 7 HOUR WORKDAY (35 HOUR WEEK)**

41. Civilian employees who work the entire day without taking any form of authorized leave will be carried working for eight hours. The one hour lunch break will be automatically deducted from the record.
42. Civilian employees who take any form of authorized leave shall have all entries accounted for, and the total hours must equal seven hours.

#### **Example:**

- (a) Employee works from 8:00AM to 10:00AM - 2 hours working.
- (b) Employee takes annual leave from 10:00AM to 11:00AM - 1 hr.
- (c) Employee returns to work at 12:00 noon and works to 4:00PM - 4 hrs.

- (d) The total entries of the above example totals seven hours.

**NOTE:** The lunch hour from 11:00AM to 12:00 noon is not automatically subtracted by the computer.

### **CIVILIAN EMPLOYEES (SHIFT) – 8 HOUR WORKDAY (40 HOUR WEEK)**

43. Civilian employees who work the entire shift without taking any form of authorized leave will be carried working for eight hours. The 30 minute lunch break is not deducted from the record.
44. Civilian employees who take any form of authorized leave shall have all entries accounted for, and the total hours must equal eight hours.

**Example:**

- (a) Employee works from 8:00AM to 10:00AM - 2 hours working.  
 (b) Employee takes annual leave from 10:00AM to 11:00AM - 1 hr.  
 (c) Employee returns to work at 11:00 noon and works to 4:00PM - 5 hrs.  
 (d) The total entries of the above example totals eight hours.

**NOTE:** The 30 minute lunch from 11:30AM to 12:00 noon is not subtracted by the computer. The member is carried working.

### **CYCLE EMPLOYEES – 8.58 HOUR WORKDAY (85.5 HOURS BIWEEKLY)**

45. Civil Service Rules now make it possible for all cycle employees to get paid for 85.5 hours bi-weekly (14 day pay cycle) regardless of their work/leave status.
46. A minimum of 8 hours and 33 minutes for all entries other than regular working hours, and 8 hours and 35 minutes for regular working hours shall be entered each working day.

**Example:**

- (a) Regular working 8 hours and 35 minutes - 6:25am to 3:00pm = 8.58 hours.  
 (b) Annual 8 hours and 33 minutes 3:27pm to 11:00pm = 8.55 hrs.  
 (c) Sick 8 hours and 33 minutes 10:27pm to 7:00am = 8.55 hrs.

The use of civil and military leave should also be 8 hours and 33 minutes.

47. If a cycle employee takes leave for any portion of the day, their hours must total 8 hours and 33 minutes.

**Example:**

- (a) Working from 6:25am to 11:00am  
 (b) Annual from 11:00am to 2:58pm.  
 (c) Total of 8 hours and 33 minutes = 8.55 hours.

The leave hours that are taken by the employee must be entered by the supervisor.

### **EXTENDED COMPUTER SYSTEM FAILURE**

48. In the event of a city-wide extended electrical or computer system failure, daily reporting of employee payroll shall be documented on the **Employee Work Record Emergency Incident form** (Form #91). All required information on the form shall be completed.

49. An extended electrical or computer system failure is defined as lasting over one week.
50. If the extended electrical or computer system failure is isolated, payroll shall be entered at alternate locations (i.e., district station, payroll office).
51. The Employee Work Record Emergency Incident Form (Form #91) shall be forwarded to the Payroll Section within three days upon completion of each form. A copy of the forms submitted shall be maintained at the unit level.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 13.38

### TITLE: NEPOTISM AND EMPLOYMENT CONFLICTS

**EFFECTIVE: 12/3/2017**

**REVISED: 01/31/21**

---

#### PURPOSE

The purpose of this chapter is to ensure effective supervision, safety, security, performance, and fairness in assignments and discipline, while maintaining positive morale by avoiding actual or perceived favoritism, discrimination, and actual or potential conflicts of interest by or between members of this department. The practices governed by this Chapter include recruiting, testing, hiring, compensation, awards, assignments, use of department facilities, access to training opportunities, supervision, performance appraisal, discipline, and workplace safety and security.

#### DEFINITIONS:

**Business Relationship**—Serving as an employee, contract employee, temporary employee, independent contractor, compensated consultant, owner, board member, shareholder, or investor in an outside business, company, partnership, corporation, Limited Liability Corporation, venture or other transaction where the employee's annual interest, compensation, investment or obligation is greater than \$250.

**Conflict of Interest**—Includes any actual, perceived, or potential conflict of interest in which it reasonably appears that a member's action, inaction, or decisions are or may be influenced by the member's personal or business relationship.

**Immediate Family**—Spouse, parents, children, siblings, grandparents, grandchildren, mother-in-law, father-in-law, daughter-in-law or son-in-law, legal guardians or dependents of the member; step or half relations shall be given the same consideration as blood relatives of the same type.

**Extended Family**—Aunts, Uncles, Nieces, Nephews, and members living in the same household.

**Relative**—A member of the immediate or extended family related by blood or marriage.

**Nepotism**—The practice of showing favoritism to relatives in appointment, employment, promotion or advancement by any public official in a position to influence these personnel decisions.

**Personal Relationship**—Includes marriage, cohabitation, dating or any other romantic or

intimate relationship beyond mere friendship.

**Public Official**—A supervisor or member who is vested with authority by law, rule or regulation, or to whom authority has been delegated.

**Subordinate**—A member who is subject to the temporary or ongoing direct or indirect authority of a supervisor.

**Supervisor**—A member who has temporary or ongoing direct or indirect authority over the actions, decisions, evaluation, and/or performance of a subordinate member.

## RESTRICTED DUTIES AND ASSIGNMENTS

1. While the Department will not prohibit personal or business relationships between members, employees are prohibited from directly supervising, occupying a position in the line of supervision or being directly supervised by any other employee who is a relative or with whom they are involved in a personal or business relationship.
2. The Department will make every reasonable effort to avoid placing employees in such supervisor/subordinate situations.
3. If circumstances require that such a supervisor/subordinate relationship exist, the supervisor shall make every reasonable effort to defer matters involving the involved employee to an uninvolved supervisor.
4. The Department reserves the right to transfer or reassign any employee to another position within the same classification as it may deem necessary in order to avoid conflicts of interest or the appearance of impropriety with any provision of this Chapter.
5. Employees are prohibited from participating in, contributing to or recommending promotions, recommending discipline, assignments, performance evaluations, transfers or other personnel decisions affecting an employee who is a relative or with whom they are involved in a personal or business relationship.
6. Field Training Officers (FTOs) and other trainers will not be assigned to train relatives.
7. FTOs and other trainers are prohibited from entering or maintaining personal or business relationships with any employee they are assigned to train until such time as the training has been successfully completed and the employee is off probation.
8. To avoid actual or perceived conflicts of interest, employees of this Department shall refrain from initiating, developing or maintaining personal or financial relationships with:
  - a.) victims, witnesses or other individuals during, or as a direct result of, any official contact until such time as the investigation has reached a final resolution in the criminal justice system or,
  - b.) any individual who, during the course of, or as a direct result of, any official contact was a person in crisis, or was subject of a wellness check or as part of a Crime Prevention Officer or School Resource Officer's duties (see **Chapter 41.25 – Crisis Intervention**).
9. Except as required in the performance of official duties or in the case of relatives, employees shall refrain from initiating, developing, or maintaining personal or financial relationships with any individual(s) they know or reasonably should know is under criminal investigation, or is a parolee, fugitive, or registered offender.

**EMPLOYEE RESPONSIBILITIES**

10. Prior to entering into any personal or business relationship or other circumstance that the employee knows or reasonably should know could create a conflict of interest, the appearance of impropriety, or other violation of this chapter, the employee shall promptly notify his/her uninformed, next highest level supervisor.
11. Whenever any employee is placed in circumstances that would require the employee to take enforcement action or provide official information or services to any relative or other individual with whom the employee is involved in a personal or business relationship, the employee shall promptly notify his/her uninformed immediate supervisor.
12. If an uninformed supervisor is not immediately available, the employee shall promptly notify Communications Services to have another uninformed employee either relieve the involved employee or at a minimum, remain present to witness the action.

**SUPERVISOR RESPONSIBILITIES**

13. Upon being notified of or becoming aware of any circumstance that could result in or constitute an actual or potential violation of this Chapter, a supervisor shall take all reasonable steps to prevent, mitigate or avoid such violations.
14. Supervisors receiving written or verbal allegations of violations of this Chapter shall take such allegations seriously, deal with them in a prompt and effective manner, and, where appropriate, initiate a disciplinary investigation, by completing NOPD Form 230 – PIB Intake Form – Commendation – Complaint or Documentation of Minor Violation, and take all appropriate investigative and disciplinary actions, consistent with **Chapter 52.1.1— Misconduct Complaint Intake and Investigation** and/or **Chapter 35.1.7 – Non-Disciplinary Responses to Minor Violations**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 15.1

### TITLE: CRIME ANALYSIS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 800**

---

#### PURPOSE

The purpose of this Chapter is to promote intra-organizational cooperation and information sharing within and among the FOB police Districts.

#### DEFINITIONS

Definitions related to this Chapter include:

**Crime Analysis**—The extraction of data and gathering of information for the purpose of developing tactical, strategic, and both short-term and long-term action plans in crime suppression. Both qualitative and quantitative data analysis and methods are used in determining crime trend patterns. Crime analysis should be able to:

- (a) Identify similarities of separate offenses across geographic boundaries;
- (b) Reveal commonalities and patterns of prevailing crime problems;
- (c) Assist in the screening and ordering a list of suspects;
- (d) Support in the assembling of specific crimes which may have been perpetrated by a specific offender already in custody; and
- (e) Provide feedback to both front line and support units on trend analysis patterns.

**Management Analytics for Excellence (MAX)**—The Department's internal management meetings focused on crime and other aspects of command performance.

**Qualitative methods**—Involve an examination of nonnumeric data to discover underlying meanings and patterns of relationships.

**Quantitative methods of analysis**—Involve the use of statistical or categorical data. Simple statistical methods, such as frequencies, percentages, means and rates, would be considered quantitative analysis and is the primary methodology used by a crime analyst.

**Crime Mapping**—Geographical Information Systems (GIS) technology used to display crime information on a map. Crime mapping is only one element of crime analysis methodology which can be used in detecting crime trend patterns. This crime analysis and mapping program combines a variety of information sources which can be filtered down to specific identifiers based on type of incident; modus operandi; geographic area; etc.

**POLICY STATEMENT**

1. District patrol information sharing procedures are intended to foster, develop and maintain intra-organizational cooperation and information flow between the various Bureaus/Divisions/Sections/Units of the New Orleans Police Department.
2. The FOB Analytics /Crime Analysis Unit is responsible for correlating the available data in support of the crime analysis functions performed by those units, sections, and divisions which are primarily involved in crime suppression, apprehension and general enforcement efforts.
3. Crime pattern analysis of information gathered by District or Division members performing a crime analyst support role should be openly accessible to supervisors, investigative support staff and patrol elements department-wide. Information assembled should be used in both short and long term department planning efforts and should estimate future crime trends and identify enforcement priorities.
4. Notable similarities in offense characteristics should be disseminated to enforcement units.
5. District or Division Commanders shall be responsible for soliciting feedback from members who utilize crime pattern information in targeting enforcement. Feedback should include the accuracy, usefulness, and timeliness of information, as well as an account as to whether or not the problem or trend identified has been adequately addressed.

**FOB ANALYTICS / CRIME ANALYSIS UNIT**

6. The MAX process is one of the methods used by the New Orleans Police Department to share information on crime and crime trends.
7. The FOB Analytics / Crime Analysis Unit assists in the preparation and dissemination of information for the MAX process.
8. Criminal information and reports can be submitted to the Analytics / Crime Analysis Unit for distribution within the Department through the MAX process.

**DATA SOURCES**

9. Crime analysis should utilize all available data sources to determine crime trends and patterns.

**CRIME ANALYSIS DISSEMINATION**

10. For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to those units. Information relevant to the development of the department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units. Classified or Law Enforcement Sensitive information and intelligence shall be designated "Classified" or "Law Enforcement Sensitive," secured and only shared with individuals with the appropriate clearances.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 16.1

### TITLE: DETAILING / TRANSFERS / FILLING VACANCIES / SELECTION PROCESS FOR SPECIALIZED UNITS

**EFFECTIVE: 01/07/18**

**REVISED: 12/06/20**

---

#### PURPOSE

This Chapter sets guidelines for a member requesting transfer to another assignment the detailing of a member to another unit, and the selection process for applicants in a new or vacant position.

#### POLICY STATEMENT

1. Employees detailed from one unit/section/division/district/bureau to another are not considered to have transferred.
2. Employees of equal rank who desire to swap or trade district patrol assignments may do so with the approval of all commanding officers concerned and without the requirement that the vacancy be announced.
3. An inappropriate relationship creates a conflict of interest which can adversely impact efficiency or effectiveness in the workplace. Such relationships can also create an intimidating, hostile, or offensive work environment. When such relationships occur, either or both employees shall be reassigned to another position for which they are qualified and be subject to disciplinary action.
4. The Superintendent of Police, as the Appointing Authority for the New Orleans Police Department is the final authority for the approval of transfers for any member.
5. No transfer shall take place without the specific approval of the Superintendent, in the form of a written request through the Bureau chain-of-command of the member to be transferred or as directed in another Chapter..
6. All panel members and ranking officers are reminded that the processes outlined in this Chapter shall follow the guidelines of **Chapter 13.38 – Nepotism and Employment Conflicts**. Most especially in dealing with relatives, immediate and extended family and conflicts of interests. Panel members should review **Chapter 13.38** after the list of applicants / candidates has been set for review and interview and prior to their

participation in the process.

## DEFINITIONS

Definitions related to this Chapter include:

**Appointed position**—A commissioned or civilian position, which may require a specific set of skills, and is not required to be posted. Appointed positions are generally filled by members already within the unit/section/division/district/bureau where the position exists.

**Detailed**—A member of the Department, civilian or commissioned, of any rank, who is temporarily assigned to a unit/section/division/district/bureau other than the one to which they are assigned in ADP (payroll). The authority to “detail” a member is vested in the supervisor who has command of both the assignment from which the member is leaving, and the one to which the member is going. The notification that a member is being detailed must be communicated in writing absent an emergency.

**Specialized Unit**—A division/unit/section of commissioned members or civilians within the New Orleans Police Department directed toward, or concentrating on, a specific service to the public beyond normal patrol activities.

**Relative**—A member of the immediate or extended family related by blood or marriage.

**Immediate family**—Spouse, parent, children, siblings, grandparents, grandchildren, mother-in-law, father-in-law, daughter-in-law or son-in-law, legal guardians or dependents of the member; step or half relations shall be given the same consideration as blood relatives of the same type.

**Extended family**—Aunts, uncles, nieces, nephews and persons living in the same household.

**KSA**—Knowledge, skills and abilities needed for a specific position. KSAs for all positions will be maintained in the Personnel Division and on **NOPD.org**.

**Inappropriate relationship**— An employee who is or has recently engaged in intimate, romantic, or sexual relationships with a fellow employee within the same unit, or with a person over whom he/she has influence or control.

**Selection standards**—A predetermined set of measures providing a detailed list of objective criteria to be used in the selection process. The standards are defined so an applicant will know what a selection panel may consider in their review of the applicant.

**Selection Panel**—A group of individuals with knowledge of the duties of the position being filled. The group will assess performance, work history, and other allowable selection attributes which indicate who is best suited for the position. The panel should consist of a district, division, or section Captain or designee of the rank of sergeant or above, two other supervisors (lieutenant or sergeant), and an employee of the same rank and in the same or similar position as the open position. In the case of a civilian position, the selection panel may consist of civilian or commissioned members with similar supervisory authority as those listed above. The highest-ranking person on the panel is designated as the chairperson of the selection panel.

**Selection Panel Chairperson** - The highest-ranking person on the panel is designated as the chairperson of the selection panel.

**Selection Criteria Checklist**—NOPD **Form 184 – Transfer Selection Criteria Checklist** shall be used to ensure the selection panel uniformly reviews and assesses applicants based upon a list of selection standards.

**Posted position**—An available or open position within a specialized unit of the New Orleans Police Department that is subject to the KSA / Transfer Selection Process.

### APPOINTED POSITIONS

7. Several positions within the Police Department are not posted positions but are appointed positions. However, these positions may be posted to provide a suitable list of interested candidates. Examples of appointed positions include but are not limited to:
  - a) Superintendent's staff
  - b) Deputy Superintendent
  - c) Deputy Superintendent's staff
  - d) District Captain
  - e) District Captain's staff
  - f) Division Captain
  - g) Division Captain's staff

### IMMEDIATE FAMILY

8. Within the New Orleans Police Department, individuals who are immediate family members **shall not** be placed within the same direct line of supervision. (see: **Chapter 13.38 – Nepotism and Employment Conflicts**).
9. For any position within the New Orleans Police Department, whether supervisory or non-supervisory, a Deputy Chief shall make no assignment that would create a likelihood or appearance of an inappropriate relationship, or a perception of, favoritism, conflict of interest, or other circumstance that could lead to disruption in the work place. Supervisors, managers, and executives who engage in intimate, romantic, or sexual relationships with a subordinate will be subject to disciplinary action and may be subject to other corrective measures in addition to being reassigned.

### DETAILING

10. Members may be detailed for a specified time period, not to exceed 30 calendar days. The beginning and ending dates of the detailing shall be specified at the time of communication to the member by his/her supervisor, and in the same manner. Extensions may be requested, in writing, one time, not to exceed an additional 30 calendar days.
11. All detail requests shall be documented in writing from the requesting supervisor in advance, or within 24 hours of an oral emergency request which has been approved.
12. Copies of the approved detail request shall be sent to PIB and maintained in the member's personnel file. Upon returning to his/her permanent unit of assignment, a 105 rescinding the detail should be prepared and similarly distributed.

### TRANSFER NOTIFICATIONS

13. The transfer of members within the Department shall be directed by the Superintendent. Transfers are issued as Personnel Orders.
14. All members being transferred, whether at their own request or not, should be notified of the transfer at least five calendar days prior to the transfer becoming effective. This notification shall be made in writing, by departmental email, to the commanding

officer(s) of the affected unit(s) and to the employee. The Superintendent of Police or his/her designee shall reserve the right to make transfers without prior notification when it is considered within the best interests of the Department, or with consent of the affected employee(s).

### VACANCY ANNOUNCEMENTS

15. Openings in specialized units shall be announced to the entire Department by use of **NOPDAll@nola.gov** e-mail. Any special requirements shall be included in the announcement. Openings in units, sections or divisions utilizing undercover members, or other positions of a sensitive nature are exempt from this requirement.
16. Units requesting resumes for vacancies shall utilize the format listed on the **New Orleans Police Department Transfer Selection Criteria Checklist Form 184**.
17. All units shall post announced vacancies from another unit/section/division/district/bureau on their bulletin boards until the last day resumes are accepted.

### TRANSFER REQUESTS AND FILLING VACANCIES

18. Any individual desiring a transfer shall complete the **New Orleans Police Department 14-R Transfer Request Form**, which can be found at <http://www.nopd.org> in the Forms folder, forwarding same as indicated on the bottom of the form under distribution.
19. Members who have requested a transfer shall be notified as soon as possible after the transfer is approved or disapproved by the member's commanding officer even though the transfer is not final until approved by the Superintendent. Transfers that are approved "conditionally" (i.e. "pending suitable replacement") are only final when conditions are met, and all involved unit commanders agree.
20. No member of the Department shall be transferred without prior notification of the individual's unit/section/division/district Captain.
21. An employee shall not be penalized or harassed because of the employee's desire to be transferred and/or applying for an announced vacancy within the Department.
22. Any member who has requested a transfer may withdraw his/her request at any time in the process. The withdrawing member shall complete a 105, with review and signatures through his/her chain of command requesting the withdrawal and clearly stating the reason(s) why.
23. Transfer selection processes involving KSAs will require the entire KSA packet to be scanned and forwarded to the member indicated on the KSA bulletin and the Personnel Division by Departmental email.

### EMPLOYEE FILES

24. When an employee is transferred, the employee's personnel records shall be updated by his/her previous commanding officer and forwarded to the employee's new Captain within one week of the effective date of the transfer.
25. A copy of the signed **Transfer Request Form 14-R** shall be forwarded to the Personnel Division for each employee being transferred, along with the list of all transfers on the date the transfer or transfer list is approved.

### KSA DEVELOPMENT AND CHANGE PROCESS

26. To promote career development and fairness, the criteria to be used to determine the

knowledge, skills and abilities (KSA) necessary for a specialized position must be directly related to the position, duties and responsibilities necessary for success in that position. As such, the process for developing and / or changing a KSA must be transparent.

27. KSAs once posted by the Personnel Division, will remain in effect and cannot be changed without the written approval of the Superintendent of Police.
28. A minimum of 60 days' prior notice and posting of a new or revised KSA must take place before it can be used in an announcement for applications to fill a position defined by a KSA.
29. New KSAs and changes to existing KSAs should originate from the Captain of the District or Division under whom the position falls. The new or revised KSA shall:
  - a) follow the chain-of-command for review, comment and recommendation to the respective Bureau Chief who shall,
  - b) forward it to the Deputy Chief of the Performance Standards and Accountability Bureau for review and recommendation in accordance with "best practices" and conformance with existing Departmental Regulations and guidelines, and
  - c) forward to the Superintendent of Police for final approval.
  - d) Once approved by the Superintendent, it shall be sent to the Personnel Division for posting.

#### **TRANSFER SELECTION PROCESS FOR SPECIALIZED UNITS**

30. The purpose of the selection process is to promote the fair and equitable selection of applicants for positions within the Police Department. It will provide applicants with a defined set of standards, so an applicant can prepare himself/herself to be qualified for a preferred position. This will assist the Department in filling positions with the most qualified person. It also allows an applicant who fails to meet criteria set forth in selection standards, to improve his/her performance/behavior, so he/she might be better qualified or future openings by better understanding what KSAs are required for the position.
31. The selection process will provide management with the tools necessary to make informed decisions when selecting members for positions within the Department. This is accomplished by providing measurable selection standards upon which to make those decisions.
32. The selection standards shall remain consistent with functional job descriptions, and will only be modified if knowledge, skills and abilities (KSAs) for a given position change so significantly that it no longer reflects the requirements of the position. Selection standards for all positions will be maintained in the Personnel Division, on **NOPD.org**, and will be listed on each posting. The selection standards shall be kept updated and maintained in both electronic and hard copy files.
33. The chairperson of the selection panel shall notify all candidates of his/her ranking (i.e. #1 of 11) and allow the candidates an opportunity for comment, in writing..
34. Candidate comments shall be circulated to all selection panel members. Any selection panel member who feels the comments are sufficient to cause them to reevaluate their assessment and findings will communicate their reasons to all panel members and any agreed upon changes to the ranking shall be noted and all candidates notified of the change.

**MEMBER REQUIREMENTS**

35. Members requesting transfer shall have completed their most current probationary period and/or work test period (cannot be on “probationary status”). Specifically, for the provisions of this Chapter, time spent by the employee for military service shall be counted as uninterrupted service.

**DETECTIVE POSITIONS**

36. All detective openings throughout the Department in Districts and specialized units shall be posted, include an interview process and require applicants to have appropriate experience and submit writing samples and supervisor recommendations. The KSA for the position shall be posted on **NOPD.org**.

**EDUCATION AND TRAINING DIVISION / INSTRUCTOR SELECTION**

37. Knowledge, Skills, and Ability Protocols shall be established for all staff assigned to the Education & Training Division (ET&D) and all adjunct instructors within the Department. Minimum qualification requirements for E&TD staff shall include:
- a) Baccalaureate Degree or exceptional practical law-enforcement or subject matter expertise with at least six years of combined NOPD service; and
  - b) Successful completion of the Law Enforcement Instructor’s School and/or Louisiana POST approved equivalent; and
  - c) No 'sustained' PIB investigations within 24 months of applying for an Education & Training Division position or a pending 'open' investigation at time of application if:
    - i. the minimum punishment for the sustained or open allegation at issue is at least a 30-day suspension; or
    - ii. the sustained or open allegation involves discrimination, verbal intimidation, failure to report misconduct, fictitious illness or injury reports, abuse of position, inappropriate use of social media, visiting prohibited establishments, or adherence to law (excepting traffic violations and off-duty municipal violations not committed under color of law).
  - d) In addition, NOPD shall consider the nature and severity of any other sustained or alleged violation or pattern of allegations in determining whether an applicant is fit to serve in the Education & Training Division. The Superintendent may authorize the transfer of officers to the Education & Training Division on a case by case basis. The allegation(s) must be a minor administrative offense that does not involve any integrity issues or criminal conduct.

**PUBLIC INTEGRITY BUREAU SELECTION**

38. A civilian shall serve as the Public Integrity Bureau (PIB) Assistant Superintendent.
39. PIB investigators and commanders shall possess excellent investigative skills, a reputation for integrity, the ability to write clear reports, and the ability to be fair and objective in determining whether an officer committed misconduct as evidenced by disciplinary and other investigations that he/she has handled in the past.
40. Members, of any rank, including Captains, with a sustained complaint of, or who have been disciplined for, excessive use of force, false arrest, unlawful search or seizure, sexual harassment, discrimination, or dishonesty shall be presumptively ineligible for assignment to PIB. Only the Superintendent of Police, with written reasons, may overcome the presumption of ineligibility.

**FILLING CRISIS RESPONSE UNIT (SPECIAL WEAPONS AND TACTICS AND CRISIS NEGOTIATION TEAM) VACANCIES**

41. Crisis Response Unit (Special Weapons and Tactics – SWAT and Crisis Negotiation Team – CNT) vacancies are governed by **Chapter 46.7 – Crisis Response Unit**.

#### **FEDERAL/STATE TASK FORCES**

42. The New Orleans Police Department participates in several Federal/State task forces by providing Department members to work on assignment to selected federal agencies by agreement (MOU or CEA) with the federal agency assisted. The Department is committed to these collaborations. They assist the Department in achieving its goals by improving communications and information sharing among federal, state, and local agencies; allowing for the greater leveraging of limited resources; and serving as excellent training grounds for Department participants.
43. Because of the excellent training, experience, and education provided to participants in these task forces, it shall be the policy of the Department to rotate the members participating in them. Assignments to serve in a task force position will be for a time period not to exceed 48 months. By rotating members on a regular basis, the opportunity to serve on a task force is provided to a greater number of Department members. Those members can return to the Department and share their knowledge, skills and abilities thereby improving the effectiveness and overall knowledge base of the department.
44. The rotation schedule shall provide sufficient length of service on a task force to allow participants to become proficient in their duties and provide an effective, efficient, and consistent level of service to the task force to which they are assigned. Federal/State Task Force assignments are posted positions and available on **NOPD.org**.
45. Selection criteria for these positions will be listed on each position posting and maintained in the Personnel Division and available on NOPD.org.
46. Selection panels for Task Force positions shall also include a representative from the agency overseeing the Task Force wherein the position exists.

#### **SELECTION PANEL RESPONSIBILITIES**

47. The Selection Panel shall be comprised of at least 5 members, appointed by the Bureau Chief for a District or Division and the Captain for a Section or Unit. If the opening is for a rank position, the panel members must be of equal or greater rank than the open position. If the opening is for an officer position, the panel member can be of any rank. A member of the Personnel Division may participate as an observer only on the Panel to ensure the process is fair, impartial and non-discriminatory.
48. It shall be the responsibility of the selection panel to perform the following tasks under the direction of the bureau/division Captain or civilian equivalent wherein the position exists:
  - a) Develop any oral or written tests, scenarios for presentation, or role playing involved in the selection process;
  - b) Conduct a review of criteria established in the selection standards, complete **NOPD Form 184**, and conduct any testing required for the position: and
  - c) Require the Personnel Director to review the entire work product to ensure it is appropriate, non-discriminatory and non-biased.
49. The selection panel shall be responsible for applying the weight used for scoring each selection criteria for a given position. Written Exam 25%, Oral Interview 50%, and Criteria Checklist 25%. All oral interviews shall be audio recorded and may be video recorded.

50. Weights assigned to each selection criteria will be announced in advance of any interview or examination.
51. The weights for each of the selection criteria may vary for different positions within the Department; however, weights established for a specific position will remain constant for each applicant.
52. Specific guidelines for completing the **NOPD Form 184 Selection Criteria Checklist** are outlined in the instructions attached to the Form.
53. No later than the next business day of all KSA's closing (prior to the scheduling of any interviews or other actions), the Panel Chairperson (or their designee) for each KSA process shall forward to PSAB via email the following:
  - a) KSA Announcement,
  - b) Any KSA Extension Announcements,
  - c) Final List of Candidates,
  - d) Letters of Interest from the KSA packet of each candidate, and
  - e) First page of resume from the KSA packet of each candidate.
54. These measures will assist PSAB in ensuring integrity and fairness, in addition to providing transparency of the KSA process. This will prevent a "preferred individual" from being allowed to submit a KSA beyond the due date, or a Panel Chairperson adding an individual's name to the list when no actual documentation was submitted in a timely fashion.
55. Within five business days of the closing of the KSA process, the Panel Chairperson will forward to PSAB the following:
  - a) Interview Schedule of all candidates,
  - b) Final Rankings list,
  - c) Final weights list from all panel members.
56. These measures will assist PSAB in ensuring that a complete KSA process was conducted, using predetermined weights, and that all candidates were afforded an interview. It also allows for transparency of the rankings list, when individuals from the list are selected for transfer.
57. The chairperson shall document and maintain the interview and/or examination material for each applicant for 1 year from posting of the eligibility list. The chairperson shall maintain the records for selected applicants for the duration of the selected applicant's tenure. After the 1-year time frame, all documents will be destroyed and will not be available for review, unless a legal proceeding or civil service action has been filed and is still unresolved.
58. Within 30 days of the eligibility list being received by the Personnel Division, applicants will be given the opportunity to review the panel's results and the scores used in making the selection. An applicant who is not selected may also review the results and scores of the applicants who were selected for the position. The applicant should contact the member of the panel designated as the chairperson to obtain an appointment to review the results and criteria of the applicants selected for the position. This is allowed so a comparison can be made to ensure fairness and so the applicant can see what is expected in future position openings. The Superintendent of Police or his/her designee will make all final determinations of any recommended modifications.
59. The following documents / items shall be maintained by the chairperson and made

available upon request:

- a) The KSA Announcement email,
  - b) any extensions of application dates/times (emails),
  - c) the list of candidates,
  - d) the weighted list of candidates after the selection process, and
  - e) the final selection ranking dated and signed by all members of the panel.
60. All documents shall be forwarded to the Deputy Chief of PSAB at the conclusion of the selection process but prior to any transfer.
61. If no applicants / candidates meet the minimum qualifications, that fact shall be communicated, in writing, to the respective Bureau Chief and the Chief of PSAB. The affected Bureau Chief may petition the Superintendent, in writing, to allow the selection of the best qualified applicant but the Superintendent must approve the individual's selection in writing.

### **PERSONNEL SECTION RESPONSIBILITIES**

62. The Personnel Division will ensure selection standards for a specific position are listed on all position postings and available on **NOPD.org**. Postings will be disseminated via the **NOPDALL@nola.gov** e-mail address. Each vacancy announcement must allow a minimum of 14 calendar days from the date of posting for submission of an application. The lifespan of an eligibility list will be four calendar months; however, an eligibility list may be rescinded or extended with the approval of the Superintendent of Police.
63. A representative from the Personnel Section may sit as an observer during applicant interviews to ensure interviews are conducted in a uniform, fair, and impartial manner.
64. The Personnel Section will maintain a current list of KSAs for all positions within the police department. Should changes to the requisite KSAs become necessary, the Captain of the division in which the position is located will be informed and produce changes to the selection standards as necessary.
65. All unit/section/division/district/bureau commanders will be required to ensure that selection standards for positions within their command are current and representative of the requirements for the position posted. No position is a permanent position.
66. The Superintendent of Police expressly reserves the right to create, delete, or temporarily leave vacant any position or assignment as the needs of the Department dictate, by himself or through his designee. A position may remain vacant for any period deemed necessary.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 16.3

### TITLE: POLICE RESERVE OFFICER PROGRAM

**EFFECTIVE: 08/26/2018**

**REVISED: 11/15/19, 4/22/20**

---

#### PURPOSE

The New Orleans Police Department Reserve Officer Program was established to provide volunteer professional and special function commissioned reserve officers and non-commissioned volunteers who can augment and supplement staffing provided by commissioned full-time officers.

#### POLICY STATEMENT

1. Reserve volunteers and reserve police officers are considered at-will members and may be removed from the reserve officer program at the discretion of the Superintendent of Police or the Reserve Division commander.
2. The New Orleans Police Department shall operate and maintain a Reserve Division whose primary duties and responsibilities are to assist district and line support members in the delivery of services to the residents and visitors of the City of New Orleans.
3. The New Orleans Police Department shall recruit and appoint to reserve positions only those applicants who meet the same pre-employment screening standards (e.g., personal history investigation and medical and psychological screening) as a full-time member of the Department to the position of a Reserve Police Officer.
4. The Department of Civil Service does not participate in the application process for reserve police officers. All other phases of the regular applicant review process are followed and the same hiring criteria utilized for screening shall be applied.
5. No one may be appointed as a reserve commissioned officer of any rank who has not met the minimum requirements of Louisiana Commission on Law Enforcement and Administration of Criminal Justice – Peace Officer Standards and Training Council.
6. No one may serve as an NOPD reserve volunteer or reserve officer in any capacity who has not successfully completed the training requirements outlined in the Chapter for his/her volunteer level.
7. Only Level I Reserve Officers may work alone in any field assignment.
8. Reserve officers shall not receive compensation for serving as a reserve officer other

than a yearly uniform allowance. They may be compensated for any hours worked as an employee of the City as a part-time police officer, however the hours worked as a part-time employee will not count toward his/her volunteer time.

9. Reserve officers, while performing their duties with the New Orleans Police Department, shall be attired in the approved NOPD uniform (See: **Chapter 41.10 – Uniform Specifications**). A request for a reserve officer to work his/her assigned duties (this does not apply to police secondary employment. See: **Chapter 22.08 – Police Secondary Employment**) in plain clothes must be approved, in writing, through the chain of command by the Superintendent of Police.
10. Level I Reserve Officers are expected to perform the same duties and responsibilities as full time employed non-probationary Police Officers.
11. Level II Reserve Officers are expected to perform the same duties and responsibilities as a full-time employed Police Officer who is under the Field Training Program and directly supervised by an FTO at all times while working.
12. Retired or resigned New Orleans Police Officers of any rank, who have retired or resigned in good standing, may, within the time limitations necessary to maintain Louisiana POST certification, be appointed as Level I Reserve Officers, and provided he/she has maintained currency in all required qualifications, certifications and training.
13. The requirements for previous 480 hours of cumulative annual volunteer time for purposes of Police Secondary Employment is **waived** for the first calendar year for retired or resigned New Orleans Police Officers of any rank, who have retired or resigned in good standing and he/she is allowed to work Police Secondary Employment immediately upon meeting the requirements for Level I Reserve Officer and acceptance and commissioning in the Reserve Division. Officers falling under this exemption are required to fulfill all other requirements to remain in good standing as a Reserve Officer in order to work Police Secondary Employment.

## DEFINITIONS

**Creditable Service**—Months during which the officer completed the minimum required service of a reserve police officer. Any period of time spent on leave, or in an ADD or inactive status without completion of the required minimum service for that month, shall not count or accrue towards the required total hours of a minimum of 24 per month average, for all non-paid, volunteer, P.O.S.T.-certified police officers.

**Good Standing (Full-Time)**—An NOPD member is in good standing when he/she has maintained all required certifications (e.g., firearms qualification, driving, TASER, etc.); is not the subject of ongoing disciplinary action that would be considered serious or egregious and contain allegations that could be subject to 'Level E' discipline, including dismissal; and is substantially current with all required reports (e.g. EPR, CCMS, CRASH, etc.).

**Good Standing (Reserve)**—A Reserve Division member is in good standing when he/she has maintained all required certifications (e.g., firearms qualification, driving, TASER, etc.); is not the subject of ongoing disciplinary action that would be considered serious or egregious and contain allegations that could be subject to 'Level E' discipline, including dismissal; and is substantially current with all required reports (e.g. EPR, CCMS, CRASH, etc.). They must also be current on the minimum monthly volunteer hours required for his/her Level, attend the mandatory monthly Reserve Division meetings and complete all training requirements both annual and monthly for his/her respective Level.

**Lateral Entry Reserve Officer** – in addition to the requirements for all Reserve Officer applicants, a Lateral Entry Reserve Officer must have a current Louisiana P.O.S.T. certification as a peace officer or certification from an equivalent state board (as determined by La. P.O.S.T.) and two (2) consecutive years of full-time patrol and/or investigative law enforcement experience beyond academy and field training.

**Part-time Employee**—A classified or unclassified employee of the Department who works fewer than 30 scheduled hours per week.

**Reserve Officer**—A non-paid volunteer, certified by the Louisiana Peace Officer Standards and Training (POST) Council and commissioned by the Superintendent of Police to enforce laws, provide community service, and assist in the furtherance of the goals and objectives of the New Orleans Police Department, and serves as a Level I or Level II Reserve Officer.

**Reserve Volunteer**—A non-paid volunteer with limited law enforcement authority and no arrest powers, who perform administrative functions within the Police Department including, administrative assistance for District Investigative Unit detectives, assist in community relations and with supervised traffic direction and barricade control during special events.

**Special Officers**—A class of individuals who, because of their job duties, must carry a weapon and/or have limited powers of arrests or detention (i.e. security guards). They are empowered by the Superintendent of Police as “special officer permits” which denote the authority, rights and limitations on the credentials. They are not members of the NOPD.

#### **RESERVE DIVISION – GENERAL**

14. The New Orleans Police Department Reserve Division is comprised of community members who volunteer their time to fulfill many of the roles handled by full-time sworn police officers.
15. NOPD Reserve members can be:
  - (a) Retired or resigned NOPD officers in good standing,
  - (b) Retired officers (full-time or reserve) in good standing from another law enforcement agency that meets all Louisiana POST requirements (Lateral Reserve Officer),
  - (c) Non-commissioned members of the NOPD, and
  - (d) Community members who have no previous law enforcement background.
16. Applicants for the NOPD Reserve Division will be required to successfully complete the same background processing required for a full-time New Orleans Police Officer. The applicant background investigation shall only be handled by qualified members assigned by the Police Recruitment and Applicant Investigation Administrator. The investigation, review and approval process for a Reserve Division applicant is the same as for a full-time member of the Department. (See: **Chapter 31.1 – Recruitment**).
17. In addition to the minimum requirements for all applicants, an applicant for Lateral Entry Reserve Officer must:
  - (a) Have current La. P.O.S.T. certification or certification from an equivalent state board; **and**
  - (b) Two (2) consecutive years of full-time patrol and/or investigative law enforcement experience beyond the basic POST academy and field training.
18. Lateral Entry Reserve Officer Applicants shall attend training at the NOPD Education & Training Division for additional NOPD-specific training prior to performing any law enforcement duties as an NOPD Reserve Officer. They are not required to attend

additional Louisiana P.O.S.T. training unless directed by La. POST.

19. Any active, full-time commissioned officer of the Department who desires to become a member of the Reserve Division upon his/her separation from regular service in good standing shall submit a written request in the form of an Interoffice Correspondence (105) to the Superintendent of Police.
20. The request (105) must be submitted at least 30 days prior to the full-time member's separation date. The correspondence must:
  - (a) Process through the officer's chain of command.
  - (b) Include an approval/disapproval block for the commander of the Reserve Division.
  - (c) Include an approval/disapproval block for the Deputy Chief of the Field Operation Bureau if the officer is not assigned within the Field Operations Bureau.
  - (d) Include a current Public Integrity Bureau (PIB) "short-form" for the member and a printout of the officer's attendance record for the last two years.
  - (e) Information on the history of all sustained complaints and all uses of force that were determined not justified shall be included.
21. An applicant for Reserve Officer who is a retired or former NOPD commissioned member in good standing at the time of separation from employment with the NOPD but did not apply at the time of separation but still retains eligibility under Louisiana POST as a peace officer, can be appointed as a Level I Reserve Officer if:
  - (a) They meet the minimum requirements for Level I applicants.
  - (b) Pass the departmental drug screening.
  - (c) Are approved by the commander of the Reserve Division, the Deputy Chief of FOB and the Superintendent of Police after a review of his/her prior NOPD record.
22. Once received by the Superintendent, the written request shall be forwarded to the Police Reserve Officer Program Screening Panel for consideration. The requestor shall successfully complete an, in person, interview before the Panel which is comprised of the Deputy Chief of FOB, the commander of the Reserve Division (or their designee) and one additional Deputy Chief, selected by the Deputy Chief of FOB.
23. The Superintendent of Police may allow a retired or former NOPD commissioned member who has applied to be a Reserve Officer maintain his/her previous permanent civil service rank, or any lesser rank the Superintendent deems appropriate.

#### **RESERVE DIVISION VOLUNTEER LEVELS**

24. There are three (3) levels of volunteers in the NOPD Reserve Division. The levels define the requirements, training, uniforms and permissible duties and restrictions of the volunteer.

##### **Level I Reserve Officers –**

25. Level I Reserve Officers perform the same functions as regular, full-time commissioned NOPD officers. They are armed, uniformed peace officers who work in police vehicles, in the Districts.
26. A Level I Reserve Officer is either a:
  - (a) Retired or former NOPD commissioned member.
  - (b) A Lateral Entry Reserve Officer who has completed all requirements and training.
  - (c) A Level II Reserve Officer who has successfully completed all requirements and training to transition to a Level I Reserve Officer.

27. Level I Reserve Officers are required to work a minimum of 288 cumulative hours (total) within a given calendar year, 24 hours a month, attend the mandatory monthly Reserve Division Meetings and maintain currency on all required training and certifications.

### **Level II Reserve Officers –**

28. Level II Reserve Officers perform the same functions as regular, full-time, commissioned NOPD officers, however they work under the direct supervision of an FTO. Level II Reserves are armed, uniformed peace officers.

#### Level II applicant requirements:

- (a) U.S. Citizen or National, Lawful Permanent Resident (LPR).
  - (b) At least 20 years old (must be 21 by completion of Academy training, not FTO training).
  - (c) A U.S. high school graduate, possess a Certificate of High School Equivalency or U.S. state approved G.E.D. equivalent; (non-US diplomas require a credential evaluation as to high school equivalency (or greater) from a recognized academic evaluation service, written in English).
  - (d) Licensed to drive in the state in which you reside at the time of application and have a minimum of 3 years of driving experience.
  - (e) In good physical and psychological condition to perform the essential functions of the job of Police Officer.
29. Level II applicant examination:
- (a) Preliminary Background Application (PBA) and Job Preview Questionnaire (JPQ).
  - (b) Multiple Choice Written Test.
  - (c) Personal Qualifications Essay.
  - (d) Physical Abilities Test.
  - (e) Initial Background Review.
  - (f) CVSA.
  - (g) Background Investigation.
  - (h) Department Interview.
  - (i) Medical Evaluation.
  - (j) Psychological Evaluation.
  - (k) Drug testing.
30. Level II Reserve Officer training:
- (a) Level II Reserve Officer Applicants receive all Louisiana POST required training and the NOPD-specific training outlined in the Reserve Division Level II Training Curriculum maintained and taught by the Education & Training Division. (See **Appendix A – Reserve Division Training Curriculum**).
  - (b) Level II Reserve Officer Trainees must work with a fully commissioned training officer until they successfully complete all required training and successfully complete the standard FTO Program requirements and matriculate to Level I Reserve Officer.
  - (c) Level II Reserve Officers are required to successfully complete all POST and NOPD Annual In-Service and Firearms Training required of full-time officers.
31. Once a Level II Reserve Officer has completed ALL of the Louisiana POST required training, the NOPD-specific training outlined in the Reserve Division Level II Training Curriculum and Field Training under an FTO, they are reclassified as Level I Reserve Officers, fully released and be able to work any District patrol assignment in the Department without the direct supervision of a Field Training Officer. In all cases, the entire training requirement must be completed within 24 months from the commencement of the POST-required training classes.
32. Level II Reserve Officers are required to work a minimum of 288 cumulative hours (total)

within a given calendar year, 24 hours a month, attend the mandatory monthly Reserve Division Meetings, and maintain currency on all required training and certifications.

**Level III Reserve Volunteer -**

33. Level III volunteers are unarmed members of the Reserve Division with limited law enforcement authority and no arrest powers, who perform administrative functions within the Police Department such as assigned duties at the police District Station front desk, administrative assistance for District Investigative Unit detectives, and assist in community relations and with supervised traffic direction and barricade control during special events.
34. Level III volunteers are uniformed in NOPD dark blue B.D.U.'s, with NOPD patches, name tag and "**RESERVE DIVISION**" embroidered over the left breast and in large print on the back of the uniform shirt. They will wear no badge or facsimile of a badge. Level III volunteers will receive training from approved Reserve Division trainers or the Education & Training Division on traffic direction and control, community interaction, radio and communications procedures, report writing and specific administrative duties depending on the volunteer's assignment.
35. Level III applicant requirements:
  - (a) Must be at least 18 years of age at the time of application.
  - (b) Must be in good physical and psychological condition and able to perform the essential functions of the Level III position.
  - (c) Must possess a valid Louisiana driver's license with a good driving record and driving experience with a minimum of 1 year of driving experience.
  - (d) Must not have a history of criminal or improper personal conduct that may affect suitability for police work;
  - (e) A U.S. high school graduate, possess a Certificate of High School Equivalency or U.S. state approved G.E.D. equivalent; (non-US diplomas require a credential evaluation as to high school equivalency (or greater) from a recognized academic evaluation service, written in English).
  - (f) U.S. Citizen or National, Lawful Permanent Resident (LPR)
36. Level III applicant examination:
  - (a) Preliminary Background Application (PBA) and Job Preview Questionnaire (JPQ).
  - (b) Multiple Choice Written Test.
  - (c) Personal Qualifications Essay.
  - (d) Physical Abilities Test.
  - (e) Initial Background Review.
  - (f) Review of Candidate Qualifications.
  - (g) Background Investigation.
  - (h) Department Interview.
  - (i) Drug testing.
37. Level III applicant training:
  - (a) Level III Reserve volunteers receive a minimum of 80 hours of instruction (see: **Appendix A - Reserve Division Training Curriculum**) from the Education & Training Division or qualified and approved Reserve Division trainers. Training instructors, methods, curriculum, course content and standards shall be set and monitored by the Education & Training Division.
  - (b) Level III Reserve volunteers also receive 24 hours of basic self-defense training and instruction on **Chapter 1.3 – Use of Force** policy guidelines. Physical fitness

exercises and physical skills drills are used to prepare volunteers for self-defense training.

38. Level III Reserve volunteers, after successful completion of all training requirements, will be assigned to a Field Operations Bureau District / Division. Level III Reserve volunteers are required to work a minimum of 288 cumulative hours (total) within a given calendar year, 24 hours a month, attend the mandatory monthly Reserve Division Meetings and maintain currency on all required training and certifications.

#### **APPOINTMENT AS A RESERVE POLICE OFFICER**

39. Upon acceptance into the Reserve Division, and after the required training for his/her volunteer level as set out in this Chapter, a reserve volunteer or officer accepts the same hazards and risks accompanying the position as a full-time employed member of that level.
40. Reserve police officer applicants who are selected for appointment as reserve police officers shall, on the recommendation of the Superintendent of Police, be sworn in and take the Oath of Office as required for the position of Police Officer or volunteer.
41. Members of the Reserve Division serve at the Superintendent's discretion.

#### **EQUIPMENT, COMPENSATION AND BENEFITS OF RESERVE POLICE OFFICERS**

42. All Departmental property and equipment issued to a reserve volunteer or officer remains the property of the Department and shall be returned to the Department upon request, termination, or resignation.
43. Any loss or damage to Departmental property and equipment shall be documented as required by regulation and the reserve officer held to the same standard of responsibility for the property as a full-time commissioned officer. (See: **Chapter 17.3 – Department Owned and Personal Property**).
44. A reserve officer or volunteer may receive compensation as follows:
  - (a) The Department may provide hospital and medical assistance to a reserve volunteer or officer who sustains an injury in the course of performing his/her official duties.
  - (b) Level I Reserve officers shall be allowed to work police secondary employment in accordance with the guidelines of the New Orleans Police Department and the Office of Police Secondary Employment. (See also: **Chapter 22.08 – Police Secondary Employment**). No reserve officer shall be allowed to work more than 16 hours and 35 minutes within a 24-hour period.
  - (c) Reserve officers wishing to work police secondary employment shall comply with the requirements set forth in **Chapter 22.08 – Police Secondary Employment**.
45. Level I Reserve Officers are allowed to register for and work police secondary employment assignments through the OPSE. However, the following limitations and restrictions shall apply to all NOPD Reserve members: (See also: **Chapter 22.08 – Police Secondary Employment**)
  - (a) Plain clothes police secondary employment coordinated through the OPSE must be approved by the Superintendent of Police or his/her designee prior to allowing any Reserve member to work a police secondary employment assignment in plain clothes.
  - (b) Reserve officers shall not work police secondary employment for their regular employer.

- (c) Level I Reserve Officers shall have completed a minimum of 480 credited volunteer hours in the previous calendar year before they may apply to work police secondary employment. The Reserve Division shall certify to the Office of Police Secondary Employment, by January 1<sup>st</sup> of each calendar year, a list of those Level I Reserve Officers who have met the annual hourly requirement, are in good standing, and are eligible to work police secondary employment for the current year. (See: **Chapter 16.3 – Reserve Division**).
  - (d) The requirements for previous 480 hours of cumulative annual volunteer time for purposes of Police Secondary Employment is **waived** for the first calendar year for retired or resigned New Orleans Police Officers of any rank, who have retired or resigned in good standing and he/she is allowed to work Police Secondary Employment immediately upon meeting the requirements for Level I Reserve Officer and acceptance and commissioning in the Reserve Division.
  - (e) No Reserve Officer shall be allowed to work a Police Secondary Employment as a Level II Officer. Only Level I Reserve Officers can work police secondary employment within the supervision guidelines of the OPSE.
  - (f) Level I Reserve Officers who have met the requirements, are in good standing and have satisfied the OPSE requirements may work the same maximum number of hours of police secondary employment as is authorized for a regular, commissioned, full-time employee of the NOPD.
  - (g) Reserve officers shall follow the same OPSE agreement and authorization procedure as established for active members of the Department (**OPSE/NOPD Form Per-1**). The Secondary Employment Agreement and Authorization Form shall be submitted to the commander of the Reserve Division for approval and forwarding through the chain of command to the Superintendent of Police or his/her authorized designee for final approval.
  - (h) Reserve officers shall follow all policies and procedures of the New Orleans Police Department and the Reserve Division while working police secondary employment.
46. The commander of the Reserve Division shall maintain records on each member of the Reserve Division indicating his/her eligibility to qualify for police secondary employment on an annual basis and report to the OPSE, by the 1<sup>st</sup> of each month, any member who is no longer in good standing and shall be suspended from eligibility to work police secondary employment. Once the member is again in good standing, the change in eligibility shall be communicated to OPSE in the following month's report.

#### **NON-COMMISSIONED DEPARTMENT EMPLOYEES AS RESERVE OFFICERS**

- 44. Qualified, full-time, non-commissioned employees of this department, who meet all the requirement for the Level II reserve officer position, when authorized by his/her Division commander, may also apply and serve as reserve police officers once they have met the certification and training requirements of a Reserve Officer.
- 45. The Department shall not utilize the services of a reserve police officer in such a way that it would violate employment laws or labor agreements.
- 46. The Reserve Division commander shall consult with the New Orleans Police Department Personnel Division prior to a full-time, non-commissioned employee serving in a reserve capacity (29 CFR 553.30).
- 47. Reserve police officers, while in the course and scope of their duties, may be represented by the City Attorney's office when such representation is warranted and the need stems from actions or circumstances surrounding his/her reserve police officer duties.

48. The level of protection, methods of defense, and procedures for notification of the proper city agencies relative to legal actions shall be the same as for full-time, employed police officers.

#### **DUTIES OF A RESERVE POLICE OFFICER**

49. Level I Reserve police officers perform the same law enforcement duties as a full-time police officer.
50. Level II Reserve Officers perform the same law enforcement duties as a full-time police officer that is under the direct supervision of a Field Training Officer.
51. Assignments of reserve police officers shall augment the Field Operations Bureau police Districts and the Special Operations Division Traffic Section. However, reserve police officers may be assigned, in writing, to other units within the Department by the Superintendent of Police.
52. Reserve police officers shall possess the same authority as a full-time commissioned member of the New Orleans Police Department and must abide by the regulations, policies and procedures of this department. Such authority shall be executed within the legal limits established by federal and state law and the rules, policies and procedures of this department.
53. All reserve police officers are obligated to provide a minimum of 288 cumulative hours of departmentally assigned police service each calendar year as a condition of membership in the New Orleans Police Department Reserve Division.
54. All reserve police officers are obligated to provide a minimum of 24 hours of departmentally assigned police service each calendar month as a condition of membership in the New Orleans Police Department Reserve Division. Specific exceptions may be granted at the discretion of the Superintendent of Police.
55. The monthly Reserve Division meeting is mandatory for all volunteer members of the Reserve Division (Level I, II or III). A Reserve Division member may have one excused absence from the monthly meeting if approved in writing by the commander of the Reserve Division.
56. Any reserve police officer failing to maintain his/her specified service requirement is subject to disciplinary action and/or dismissal from the New Orleans Police Department. Dismissal from the department shall cause the immediate revocation of the reserve member's commission and possible recall of his/her POST Certification. (See: **Chapter 1.1.2 – Law Enforcement Credentials and Certifications**).
57. At the discretion of the Superintendent of Police, and disseminated via the Reserve Division commander, reserve police officers may be **required** to work a portion of the mandatory 24 hour departmentally assigned police service in a specific assignment, location, or activity that falls within the scope of their qualifications and certifications.
58. The balance of the required departmentally assigned police service time, as well as any additional time volunteered by reserve officers, may be in any other Department or Reserve Division sanctioned activity that is contributory to the mission and support of the Unit and the Department. These assignments are determined by the Deputy Chief of the Field Operations Bureau.

**DEPARTMENTAL REGULATIONS AND RESERVE POLICE OFFICER COMPLIANCE**

59. Reserve police officers shall adhere to all department regulations, Rules, Chapters, policies, and procedures. The Department Operations Manual will be made available to each reserve police officer upon appointment and he/she shall become familiar with the Operations Manual and the Reserve Division Standard Operating Guidelines (SOG).
60. Whenever a rule, regulation or guideline in the Operations Manual refers to a commissioned full-time officer, it shall also apply to a commissioned reserve police officer, unless by its nature it is inapplicable.
61. Reserve volunteers (officers and civilian) shall have their records maintained in INSIGHT in the same manner as a full-time member. (See: **Chapter 35.1.9 – INSIGHT**).
62. Reserve members may be afforded access to information and data as part of his/her official duties. The access is granted because of the reserve member's affiliation with the NOPD and as a requirement of his/her duties and not a right as an individual. As such, the access and information shall be governed by existing Departmental regulations in the same manner as a full-time, paid member and the reserve member shall meet all federal, state and departmental requirements before access is granted. The use, access and information is restricted according to the data source and systems guidelines. Any reserve member who may hold another position, either full, part-time or volunteer with another law enforcement or related criminal justice agency shall not use his/her NOPD access, or share the information gained for purposes outside of his/her NOPD Reserve Division duties absent a specific agreement (MOU / CEA) between the NOPD and that agency covering the granting and use of that data access.

**RESERVE OFFICER TRAINING REQUIREMENTS**

63. Each NOPD reserve officer must successfully complete all reserve officer training requirements set forth by the Department for his/her Level. This includes:
  - (a) Certification for LA POST Basic Law Enforcement Peace Officers training for Level I and II Reserve Officers,
  - (b) Successfully complete NOPD's reserve officer training course, a supplement to the POST training that focuses on NOPD policy and procedure.
  - (c) Level I and II Reserve Officers shall complete an annual POST firearms re-qualification course (see **Chapter 1.4.2 – Firearms Training Qualification and Requalification**),
  - (d) Level I and II Reserve Officers shall complete the CEW certification course and maintain certification (see **Chapter 1.7.1 – Conducted Electrical Weapon**),
  - (e) Level I and II Reserve Officers shall complete Departmental Annual In-service Training Program, (See: **Chapter 33.1 – Training and Career Development**)
  - (f) Level I and II Reserve Officers shall complete the annual Tactical Police Driving Course requalification, (See: **Chapter 33.4.2 – Driver Training Program**)
  - (g) Level I and II Reserve Officers shall complete all other mandatory training (i.e. Annual In-Service) designated by the Superintendent of Police and/or the Education & Training Division in the Master Training Plan for reserve police officers. (See: **Chapter 33.1 – Training and Career Development**)
  - (h) Level II Reserve Officers shall complete the Reserve Officer Field Training Program following the guidelines of **Chapter 33.4.3 – Field Training Program** as modified herein.

**RESERVE OFFICER FIELD TRAINING PROGRAM**

64. All Level II reserve police officers will be assigned to structured field training to prepare

the new reserve officer to perform in a patrol assignment with the knowledge and skills needed to operate in a safe and professional manner. (See: **Chapter 33.4.3 – Field Training Program**).

65. The Reserve Division shall have their own Field Training Supervisor (FTS) and may have their own certified Field Training Officers (FTO). The Reserve FTS and all Reserve FTOs must have been full-time NOPD officers and/or supervisors prior to becoming a member of the Reserve Division and serving in these capacities. Reserve FTS and FTO's shall meet all requirements outlined in **Chapter 33.4.3 – Field Training Program**.
66. The Reserve Field Training Program shall follow the following
  - (a) Phase 0 – the first 10 shifts riding with an FTO as an “observer” only.
  - (b) Phase 1 – the next 20 shifts after Phase 0.
  - (c) Phase 2 – the next 20 shifts after Phase 1. breakdown:
  - (d) Phase 3 – the next 20 shifts after Phase 2.
  - (e) Phase 4 - the last 10 shifts where the Reserve Officer handles all duties.

**Note: For purposes of the Reserve Field Training program, a “shift” is a minimum of 4 continuous hours with an FTO for which a Daily Observation Report (DOR) is generated. A Special Assignment may qualify as a “shift” if it is at least 4 hours of continuous service and a DOR is completed by an FTO.**

67. All DOR's shall be completed by the Reserve FTO and forwarded to the Reserve FTS for review of completeness and supporting documents for each “shift” with a Reserve Officer trainee.
68. The FTS shall forward the DOR's, after review to the Field Training Coordinator at the E&TD bi-weekly.
69. The FTS and FTC shall ensure that all necessary end of phase evaluations and meetings are held.
70. The FTC is responsible for maintaining all training records of Reserve Officers.

## RESTRICTIONS

71. Reserve police officers who hold special officer permits / commissions shall, when wearing the uniform of a special officer, be **prohibited** from wearing, displaying or using any NOPD equipment, insignias, badges, patches or credentials, other than those designating or identifying those individuals as security and/or special officers.
72. Reserve police officers who hold a special officer permit / commission and are engaged in any form of security work that is not specifically assigned or approved by the New Orleans Police Department or the Office of Police Secondary Employment for them as a Reserve Officer, shall be governed by the provisions in the NOPD Operations Manual relating to special officers, and the authority and limitations of their permits pertaining to special officers and security officers. Reserve police officers who hold other law enforcement agency commissions (federal, state, or local), when wearing the uniform of that agency, are **prohibited** from wearing, displaying, or using any NOPD equipment, insignias, badges, patches, or credentials while acting in the capacity of that agency.
73. Reserve officers holding other law enforcement agency commissions (Federal, State, or Local), when attired in plainclothes and performing the duties of that agency, are **prohibited** from using any NOPD equipment, insignias, badges, patches, or credentials while acting in the capacity of that agency.

74. Reserve police officers are **prohibited** from having/using a departmental vehicle as a “take-home” vehicle absent a specific, individual grant or approval by the Superintendent of Police.

### **RESERVE DIVISION PROMOTION PROCESS**

75. The Department adheres to the practice of giving all qualified reserve officers the opportunity to seek upward mobility within the Reserve Division. In assessing the aptitude and suitability of candidates for promotional consideration, a variety of methods may be utilized. These methods may vary from rank to rank and may include, but are not limited to, some or all of the following testing/assessment techniques:
- (a) Objective Written Tests,
  - (b) Assessment Center Exercises, and
  - (c) Candidate Assessment by the Promotion Committee.
76. The Reserve Division promotional process only applies to the ranks of reserve police sergeant thru reserve police captain and shall conform, as closely as possible to the process outlined in **Chapter 34.2 – Promotions and Promotion Committee**.
77. The Reserve Division promotional process, tests, scoring and evaluation process shall be outlined by the commander of the Reserve Division, in writing, and approved by the Deputy Chief of the Field Operations Bureau and the Superintendent of Police at least 30 days prior to the posting of the announcement for testing and promotion.

### **RESERVE POLICE OFFICER DUTY ASSIGNMENTS**

78. All reserve police officers will be assigned to duties by the as directed by the Deputy Chief of Field Operations Bureau through the Reserve Division commander or his/her authorized designee unless otherwise stated in this Chapter.
79. All duty-related time recorded for reserve police officers must be verified or substantiated by a supervisor assigned to the Reserve Division before the reserve police officer will be credited with the time towards his/her minimum monthly requirement.
80. Means of verification may include TRIP sheets, written confirmation by a supervisor who worked the same assignment or other methods deemed satisfactory by the Reserve Division commander.
81. During any Special Event (as designated by the Department and including but not limited to Mardi Gras season, Essence Fest, Decadence Fest, Bayou Classic, etc.), a reserve police officer’s first priority will be to fulfill any specific assignments given to the Reserve Division under that Special Event Operations Order. While working a designated Special Event or under a written Operations Order, the designated work assignment for a Reserve Officer takes precedent over the individual reserve officers rank. (e.g. a Reserve sergeant, lieutenant, or captain may be assigned a duty responsibility similar to a regular officer’s on a parade route and is responsible for performing that duty rather than a purely supervisory function.)
82. During a designated Special Event, no work in specialized units, regular district patrol, or any other activity will be allowed without the prior written approval of the Deputy Chief of FOB or the Reserve Division commander.

### **RESERVE DIVISION ORGANIZATION**

83. The Reserve Division is staffed, maintained and falls within the Field Operation Bureau.
84. The commander of the Reserve Division shall be a commissioned full-time or commissioned reserve police officer appointed by the Superintendent of Police.
85. The Reserve Division commander shall, with the approval of the Superintendent of Police, designate a Reserve Division Assistant commander.
86. The Reserve Division Assistant commander shall assist the Reserve Division commander in managing the operation of the Reserve Division and shall function as acting commander in the absence of the Reserve Division commander.
87. Reserve police officers who have completed the departmental and POST training process shall operate under the same command-and-control and supervisory requirements as regular police officers.
88. The Reserve Division shall establish an internal organization for Reserve Division administrative authority, control, and accountability such that the all departmental guidelines and regulations regarding supervision, accountability and span of control are maintained.
89. Reserve police officers can attain the appointed positions of Reserve Sergeant, Reserve Lieutenant, Reserve Captain and Reserve commander. The level of authority and supervisory responsibility shall be the same as full-time employed officers, subject to the following:
  - (a) Full-time employed police officers shall be considered superior in rank to reserve officers of any rank.
  - (b) Full-time employed police officers and ranking officers shall be held accountable for the exercise of and use of his/her authority over, and instructions given to, reserve officers.
  - (c) Reserve officers shall not obey any order from a superior reserve officer or full time employed officer that is illegal, immoral, unethical or criminal.
  - (d) Any order received by a reserve officer which is felt to be in conflict with any policies, rules and regulations of the Department shall be addressed as per current regulation pertaining to Instructions from an authoritative source.

#### **RESERVE DIVISION MEETING**

90. All Reserve Division meetings will be scheduled and conducted by the Reserve Division commander or his/her authorized designee.
91. All reserve police officers are required to attend scheduled meetings. Any request for excusal must be submitted to and approved by the Reserve Division commander in advance. Reserve officers are only allowed two (2) unexcused absences from the monthly meeting requirement in a calendar year. All training provided at a monthly meeting shall be completed by the member(s) who missed within 30 days of the missed meeting.
92. A Reserve Division member who fails to maintain standards of service shall be subject to discipline, up to and including dismissal. Standards of service includes maintaining the minimum number of monthly volunteer hours for the members Level and / or failing to maintain the required training, without prior excusal, in writing from the Reserve Division commander.
93. Reserve Division meetings will consist of a business section and a training component.

94. The business section will be used to conduct the business of the Division, to schedule members for upcoming assignments and address any outstanding issues or concerns.
95. The training section will be used to keep officers updated on recent developments affecting the operation of the Department and the Reserve Division and will allow timely dissemination of information, updates, and roll-call style training.
96. Reserve police officers attending the Reserve Division meeting will be credited with 4 hours of service time unless the meeting and training is longer. If the meeting/training is longer than 4 hours, the reserve police officers in attendance will be credited with the actual time attended rounded to the nearest half-hour. The Reserve Division meeting is not considered a "shift" for purposes of the Reserve Field Training Program.
97. Reserve Division meeting times will be applied to the both the 24 hour per month and the 288 or 480 hour per year Departmentally assigned police service time requirements.
98. Reserve Division training times, as long as they are structured, formal training (this includes training during monthly meetings) count toward both the 24 hour per month and the 288 or 480 hour per year Departmentally assigned police service time requirements.

#### **IDENTIFICATION AND DESIGNATION OF RESERVE POLICE OFFICERS**

99. All reserve police officers shall be issued an NOPD badge, frontispiece, building identification (swipe card), and a department identification card.
100. Badge numbers for reserve police officers shall be numbered as follows:
  - (a) The first two digits of the badge number shall be "10" followed by three additional numbers.
  - (b) No individually issued badge numbers shall be the same, except for duplicates or spare badges held by the same reserve police officer. Individual badge numbers of retired reserve police officers may be re-issued to "active" reserve police officers.

#### **RETIREMENT OF RESERVE POLICE OFFICERS**

101. Reserve police officers who have completed a minimum cumulative total of 192 months of creditable service (16 year equivalent) and remain in good standing with the Department shall be eligible to retire from the Reserve Division and, at the discretion of the Superintendent of Police, receive a retired officer identification.

#### **RESERVE POLICE UNIFORM**

102. Reserve police officers shall conform to all uniform regulation and appearance standards of this department. (See: **Chapter 41.10 – Uniform Specifications**)
103. While working, except with written permission to dress otherwise, reserve police officers shall be attired in the complete department uniform that is appropriate for their rank. The uniform shall be outwardly indistinguishable from the uniform worn by full time employed police officers.
104. Reserve officers shall be responsible for the purchase and maintenance of all uniform parts and accessories.

#### **COMPLAINTS AND INVESTIGATIONS OF RESERVE POLICE OFFICERS**

105. Supervisory actions, discipline, complaints or internal investigations involving a reserve police officer shall be investigated by the Reserve Division, another NOPD Division or the Public Integrity Division as determined by the Deputy Chief of FOB or PIB. Disciplinary hearings that solely involve Reserve Division officers may be handled by the Reserve Division commander or another commander assigned by the Deputy Chief of PIB.
106. Any misconduct complaint from members of the community shall only be investigated by PIB or a full-time NOPD supervisor that has been assigned the case by PIB.
107. Use of Force investigations of Reserve Division members shall be handled in the same manner as full-time members. (See: **Chapter 1.3.6 – Reporting Use of Force**).
108. For purposes of Use of Force investigations and reporting, supervisory actions and responsibilities fall on the District / Division regular (non-reserve) supervisor the Reserve member was working for or reporting to at the time the action in question took place.
109. Reserve police officers shall have no property interest in continued appointment or retirement status as a Reserve Officer.
110. Reserve members of the New Orleans Police Department who have been separated from service or employment (if civilian) with the NOPD under less than honorable circumstances shall also have his/her Reserve commission (active or retired) revoked by the Superintendent and a notice sent to the Louisiana Council on Peace Officer Standards and Training recommending his/her Louisiana P.O.S.T. (See: **Chapter 1.1.2 – Law Enforcement Credentials and Certifications**).

#### **RESERVE POLICE OFFICER PERFORMANCE EVALUATIONS**

111. While in training, reserve police officers (applicant, recruit, field trainee) will be continuously evaluated using standardized daily and weekly observation reports as utilized by the Education & Training Division / Field Training Program.
112. The reserve police officer will be considered a trainee until all the training phases, as defined by the Education & Training Division, have been successfully completed.
113. Reserve officers who have completed their field training will be evaluated annually using the same performance dimensions applicable to the duties and authorities granted to full-time commissioned officers and utilizing the same form(s).
114. The quarterly and annual evaluations of reserve police officers shall be reviewed, signed and filed in the MSB - Personnel Division in the same manner as a full-time commissioned member. (See: **Chapter 13.34 – Evaluation of Employees**).

#### **EMERGENCY ACTIVATION / CALL-OUT OF RESERVE POLICE OFFICERS**

115. The Superintendent of Police may activate or call-out any reserve police officer for a declared emergency. Failure to respond, once notified, may lead to disciplinary action and/or termination. (See: **Chapter 46.2 – Emergency Operations Plan and Chapter 1.1 – Law Enforcement Authority**).
116. The commander of the Reserve Division shall develop an emergency notification and activation/call-out plan for the Reserve Division.

**APPENDIX A - Reserve Division Training Curriculum**

Introductory reserve member (NOT retired regular officers) training shall include, at a minimum, all POST required training and the following classes:

<b>Course Name</b>	<b>Hours</b>
Department Rules, Policies and Procedures	3

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 16.5

### TITLE: VOLUNTEERS

**EFFECTIVE: 11/26/2017**

**REVISED: Replaces Policy/Procedure 384**

---

#### PURPOSE

This Chapter establishes this department's position on the utility and management of its volunteer program and provides guidance on its management and administration.

#### POLICY STATEMENT

1. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, improve delivery of services, expand information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.
2. It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community.
3. Volunteers are intended to supplement and support, rather than supplant, commissioned officers and civilian personnel.

#### DEFINITIONS:

Definitions relevant to this Chapter include:

**Volunteer**—A non-paid individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. NOPD Reserve police officers are volunteers but covered under **Chapter 16.3 – Police Reserve Officer Program**.

#### VOLUNTEER ELIGIBILITY

4. Requirements for participation as a New Orleans Police Department volunteer include:
  - (a) Residency in the metropolitan area.
  - (b) At least 18 years of age for all positions other than Police Explorer.
  - (c) No conviction of:
    - A felony,
    - Any crime of a sexual nature,
    - Any crime of violence,

- Any crime related to moral turpitude,
  - Any crime related to impersonating a peace officer, or
  - A misdemeanor crime within the past 10 years, excluding minor traffic offenses (Title 32 or Municipal equivalents).
- (d) No condition of mental illness or chemical dependency that may adversely affect the person's ability to serve in the position.
- (e) A personal background history and character suitable for a person representing the Department, as validated by a background investigation.
5. The Superintendent of Police may apply exceptions for eligibility based on the Department's organizational needs and the unique qualifications of the individual. Such exceptions shall be granted in writing.

## **VOLUNTEER MANAGEMENT**

### **VOLUNTEER COORDINATOR**

6. The Department Volunteer Coordinator shall be appointed by the Deputy Chief of the Management Services Bureau and report to the Personnel Director.
7. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department and to direct and assist staff and volunteer efforts to jointly provide more productive services.
8. The duties of the Volunteer Coordinator or the authorized designee shall include:
- (a) Maintaining records for each volunteer.
  - (b) Completion and dissemination, as appropriate, of all necessary paperwork and information.
  - (c) Maintaining liaison with other community volunteer programs and assisting in community-wide efforts to recognize and promote volunteering.

### **RECRUITMENT**

9. Volunteers should be recruited on a continuous and ongoing basis in accordance with department policy on equal opportunity, nondiscriminatory employment.
10. A primary qualification for participation in the volunteer application process should be an interest in, and an ability to assist, the Department in serving the public.
11. Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the chain of command.
12. A complete position description and a requested time frame should be included in the request.
13. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments.
14. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

### **SCREENING**

15. All prospective volunteers should complete the volunteer application form. The

Volunteer Coordinator or his/her authorized designee should conduct a face-to-face interview with the applicant.

16. A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:
  - (a) Traffic and criminal history record check;
  - (b) Employment history; and
  - (c) References.
17. A truth verification exam (CVSA) may be required of each applicant depending on the nature and type of assignment.
18. A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of fingerprints and proper clearance through the State and the FBI.

### **SELECTION AND PLACEMENT**

19. Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position.
20. Notice may only be given by the Volunteer Coordinator.
21. No volunteer shall begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.
22. Volunteers shall only be placed in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Department.

### **TRAINING**

23. Volunteers shall be provided with an orientation to acquaint them with their role as a volunteer, department personnel, and policies and procedures that have a direct impact on their work assignment.
24. Volunteers shall receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic, ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.
25. Depending on the assignment, training shall include the following:
  - (a) The role of the volunteer,
  - (b) Department policies including discrimination and harassment, and/or
  - (c) Training specific to the Operations Manual for the volunteer position.
26. Training should reinforce to volunteers that they should not intentionally represent, or by omission infer, that they are commissioned officers or other full-time members of the Department. They shall always represent themselves as volunteers.
27. All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.
28. Whenever a rule, regulation or guideline in the Operations Manual refers to a commissioned officer, it shall also apply to a volunteer, unless by its nature it is

inapplicable.

### **FITNESS FOR DUTY**

29. No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.
30. Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:
  - (a) Driver's license status,
  - (b) Medical condition,
  - (c) Arrests,
  - (d) Criminal investigations, or
  - (e) All law enforcement contacts.
31. All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

### **DRESS CODE**

32. As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.
33. Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by licensed officers. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.
34. Volunteers shall be required to return any issued uniform or department property at the termination of service.

### **SUPERVISION OF VOLUNTEERS**

35. Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.
36. A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid member.
37. Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned.
38. Considerations to keep in mind while supervising volunteers:
  - (a) Take the time to introduce volunteers to employees on all levels.
  - (b) Ensure volunteers have work space and the necessary office supplies.
  - (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will utilize their experiences, training and resources.

### **CONFIDENTIALITY**

39. Within Federal and State law, with appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative

files.

40. Unless otherwise directed by a supervisor, the duties of the position or department policy, all information shall be considered confidential.
41. Only that information specifically identified and approved by authorized personnel shall be released.
42. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.
43. Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. The Volunteer Coordinator shall obtain and store the signed agreement.
44. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.
45. Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without prior written permission from the Superintendent of Police or his/her designee.

#### **PROPERTY AND EQUIPMENT**

46. Volunteers will be issued an identification card that must be worn and visible at all times while on-duty.
47. Any fixed and portable equipment issued to a volunteer by the Department shall be for official and authorized use only.
48. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service or upon demand.

#### **DISCIPLINARY PROCEDURES/TERMINATION**

49. A volunteer may be removed from the volunteer program at the discretion of the Superintendent of Police or the Volunteer Coordinator.
50. Volunteers shall have no property interests in their continued appointment.
51. If a volunteer is removed for alleged misconduct, the volunteer, at the discretion of the Superintendent, may be afforded an opportunity to clear his/her name through a hearing.
52. If granted, the hearing shall be limited to a single appearance before the Superintendent of Police or his/her authorized designee.
53. Volunteers may resign from volunteer service with this department at any time.
54. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

**EXIT INTERVIEWS**

55. Exit interviews, where possible, should be conducted with volunteers who are leaving their positions.
56. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position.
57. When appropriate, the interview should also include a discussion with the volunteer, on the possibility of involvement in some other capacity with the Department.

**EVALUATION**

58. An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator.
59. Regular evaluations, on a quarterly basis, should be conducted by the Volunteer Coordinator with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

**EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL**

60. The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel in the event the Superintendent of Police deems it necessary.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 16.7

### TITLE: POLICE CHAPLAIN PROGRAM

**EFFECTIVE: 10/22/2017**

**REVISED: Replaces Policy 376**

---

#### PURPOSE

The New Orleans Police Department Police chaplain program is established to provide spiritual and emotional support to all members of the public, the Department, and their families.

#### POLICY

1. The Police chaplain program shall be a nondenominational, ecumenical ministry.
2. The Chaplain Supervisor shall coordinate the program and will be selected by the Superintendent of Police.

#### GOALS

3. Members of the Police chaplain program shall:
  - (a) Familiarize themselves with the role of law enforcement in the community.
  - (b) Serve as a resource for department personnel when dealing with the public in traumatic incidents such as accidental deaths, suicides, suicidal subjects, serious crashes, drug and alcohol abuse and other situations that may arise.
  - (c) Provide an additional link in the Department's community policing program between the community, clergy and the Department.
  - (d) Provide counseling and spiritual guidance when requested for department members and their families.

#### PROGRAM MEMBER REQUIREMENTS

4. Candidates for the Police chaplain program shall meet the following requirements:
  - (a) Must be of high moral character.
  - (b) Must be ecclesiastically certified (endorsed) by a recognized religious body.
  - (c) Must successfully complete departmental background investigation.
  - (d) Must be board eligible or board certified by the Association of Professional Chaplains (APC) or the National Association of Catholic Chaplains (NACC) and
  - (e) Must have at least five years of successful ministry experience within a recognized faith community.
  - (f) Possess a valid Louisiana driver's license.

**SELECTION PROCESS**

5. Chaplain candidates shall successfully complete the following process prior to deployment as a chaplain under this program:
  - (a) Submit a written request / application to the Chaplain Supervisor.
  - (b) Include a written recommendation from his/her faith's community elders, board or council with the request / application.
  - (c) Participate in a personal interview with the Superintendent of Police or his/her authorized designee and the Chaplain Supervisor.
  - (d) Complete a "field training" period of at least 3 months with a veteran member of the Police chaplain program designated by the Superintendent of Police or his/her authorized designee and the Chaplain Supervisor.

**DUTIES AND RESPONSIBILITIES**

6. The duties of a police chaplain include, but are not limited to:
  - (a) In the instance of an officer's death, the chaplain shall proceed to the private area of the hospital and await the arrival of the family.
  - (b) The Police Chaplain will assist the police department with notifications of an officer's death.
  - (c) In the case of serious injury, the chaplain shall report to the assigned waiting room (or other appropriate location within the hospital) to render his/her services to members of the Department, family members and the injured member.
  - (d) Visit sick or injured law enforcement personnel in the hospital or at home.
  - (e) When requested by the family, attend and assist with funerals of active or retired members of the Department.
  - (f) Assist commissioned members in the diffusion of a conflict or incident when requested by on-scene officers.
  - (g) Respond to the scene of natural and accidental deaths, suicides and attempted suicides, family disturbances and other incidents that, in the judgment of the District Platoon Commander or supervisor, aids in accomplishing the mission of the Department.
  - (h) Be on call, and if possible on-duty, during civil disturbances, major demonstrations or any public function that requires the presence of a large number of commissioned members.
  - (i) Counsel department members with personal issues or concerns, when requested by that department member.
  - (j) Attend department graduations, ceremonies and social events and offer invocations and benedictions, as requested.
  - (k) Respond to all major disasters, such as floods, bombings and similar critical incidents.
  - (l) Act as a liaison with various religious leaders of the community.
  - (m) Assist public safety personnel and the community in any other function of the clergy profession, as requested.
  - (n) Train to enhance effectiveness.
  - (o) Promptly facilitate requests for representatives or leaders of various denominations.
  - (p) Make referrals in cases where specialized attention is needed or in cases that are beyond the chaplain's ability to assist.
7. Chaplains may not proselytize or attempt to recruit members of the Department or the public with whom they come into contact through the course of their duties for the NOPD into a religious affiliation.
8. Chaplains may not accept gratuities for any services, subsequent actions or follow-up

that was provided while on-duty as a chaplain for the New Orleans Police Department.

### **CLERGY-PENITENT CONFIDENTIALITY**

9. No person who provides chaplain services to members of the Department may be employed by the New Orleans Police Department in any capacity other than that of chaplain.
10. Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the member is discussing matters that are not subject to the clergy-penitent privilege (**CE. Art. 511**).
11. No chaplain shall provide counsel to or receive confidential communications from any New Orleans Police Department employee concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

### **COMMAND STRUCTURE**

12. The Chaplain Supervisor is assigned to the Superintendent of Police or his/her authorized designee.
13. The Chaplain Supervisor shall serve as the liaison between the Chaplain Unit and the Superintendent of Police.
14. The Chaplain Supervisor will:
  - (a) Act as chairperson of all chaplain meetings,
  - (b) Prepare monthly assignment schedules,
  - (c) Maintain records on all activities of the Chaplain Unit,
  - (d) Coordinate activities that may concern the members of the Chaplain Unit and
  - (e) Arrange for training classes for chaplains.

### **OPERATIONAL GUIDELINES**

15. Chaplains will be scheduled to be on-call for a period of seven consecutive days each month.
16. Chaplains may ride with officers during any shift and observe New Orleans Police Department operations. The involved officers or supervisors may reject a chaplain's request to participate in a ride along.
17. Chaplains shall not be evaluators of department members.
18. In responding to incidents, a chaplain shall never function as a commissioned officer.
19. When responding to in-progress calls for service, chaplains are required to standby in a secure area until the situation has been deemed safe (Code 4) by on-scene officers or supervisors.
20. Chaplains are allowed access to current department personnel rosters, addresses, telephone numbers, duty assignments and other information that may assist in their duties.
21. Such information is restricted by law and considered private. Chaplains will exercise appropriate security measures to prevent viewing, copying, or distribution of the

information.

#### **IDENTIFICATION AND EQUIPMENT**

22. Chaplains shall be provided Departmental identification and any necessary safety equipment to perform his/her duties.

#### **TRAINING**

23. Training for chaplains particular to his/her duties will correspond to the requirements of the Association of Professional Chaplains (APC) or the National Association of Catholic Chaplains (NACC).
24. The Department shall provide information and the services of trainers to assist in the familiarization of department operations, regulations, applicable laws and the nature of police services.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.01

### TITLE: FISCAL MANAGEMENT

**EFFECTIVE: 01/14/2018**

**REVISED: 11/15/19**

---

#### **PURPOSE**

The purpose of this Chapter is to set standards relating to administration, budgeting, purchasing, and procedures for the inventory and control of department-owned property.

#### **DEFINITIONS:**

**AFIN (Advantage Financial)**—Utilized for management of all grants, a computerized, networked, comprehensive governmental financial system that fulfills all basic accounting and financial management requirements. Specific functions AFIN can perform include, but are not limited to: budgeting, planning, expenditures, accounting, cash disbursements, revenue accounting, accounts payable, accounts receivable, journal vouchers, payroll accounting, cost accounting, federal aid management, project management, inventory control, closing, and financial reporting.

**BuySpeed**—The City of New Orleans's online purchasing system utilized for processing all accounts payable through transactions and creates purchase orders.

**Great Plains**—Now Microsoft Dynamics GP is the City of New Orleans full featured financial management/ERP software built on a scalable platform of Microsoft technologies. It is a software that manages and integrates finances, e-commerce, supply chain, manufacturing, project accounting, field service, customer relationships and human resources.

**Operational Readiness**—An operational status reflecting appropriate and sufficient care and cleaning, preventive maintenance, repair, work ability, and responsiveness.

**Pre-encumbered**—Funds committed in the form of an order, contract, salary or similar item that will become payable when goods are delivered or services rendered.

**Encumbered**—Funds, formerly pre-encumbered, committed for goods which have been delivered or for services which have been rendered and have become payable.

**Expended**—Funds, formerly encumbered, for which a check has been issued in payment.

**Uncommitted**—Funds available for expenditure.

## FISCAL MANAGEMENT OVERSIGHT

1. The Mayor of the City of New Orleans, the Chief Administrative Officer of the City of New Orleans and the Superintendent of Police have the ultimate authority and responsibility for the fiscal management of the New Orleans Police Department, including but not limited to:
  - (a) Coordination, supervision, review and approval of the development of the Annual New Orleans Police Departmental Operating Budget;
  - (b) Supervision of internal Departmental expenditures and related controls;
  - (c) Liaison with the Department of Finance, City of New Orleans; and
  - (d) Preparation of Cost Reports and/or Cost Projections associated with the various special events, or unforeseen special occurrences throughout the year.

## DIRECTOR OF BUDGET

2. The MSB - Budget Services Director is responsible and accountable to the Deputy Chief of MSB and the Superintendent of Police. The Director manages the Department's fiscal affairs through the efforts of the fiscal management staff which consists of a Chief Accountant, Junior Accountants, and Accountants. While having broad, generalized knowledge and abilities and typically working in concert, each member of the staff also specializes in the budgetary affairs of a specific Departmental organizational component. The senior Accountant handles all matters relating to non-general fund activities including state and federal grants.

## DEPARTMENTAL OPERATING BUDGET

3. The New Orleans Police Department shall prepare an annual Departmental Operating Budget Request. The Chief Administrative Officer provides guidelines and forms to the MSB - Director of Budget Services. The Director shall ensure the appropriate forms are distributed to each Bureau Chief and shall ensure the Department's collective budget request is completed consistent with the format, guidelines and timetable established by the Chief Administrative Officer.

## COMMAND STAFF PARTICIPATION

4. All senior command staff (Deputy Chiefs and Captains) shall participate in the budget preparation process. Each of the bureaus shall prepare program narratives for the approval of the Superintendent of Police which list:
  - (a) Their subordinate units and the purpose/mission of each unit;
  - (b) How each unit assists the Department in achieving its objectives; and
  - (c) Performance measures and a detailed request for enhancements including a justification for each.

## PURCHASING OF EQUIPMENT AND SUPPLIES

5. All purchasing shall be in compliance with **CAO Policy Memorandum No. 24 (R)** ([https://employee.nola.gov/documents/forms/policies-law/policies/no-24-\(r\)-services-and-movable-property-procuremen/](https://employee.nola.gov/documents/forms/policies-law/policies/no-24-(r)-services-and-movable-property-procuremen/)) which states the following:
  - (a) Purchase requests of \$100 to \$20,000 may be done on a no bid basis but must have three different vendor quotes.
  - (b) Purchase requests exceeding \$20,000 require a formal bid process.
  - (c) A 21 day written bid via the Department of Finance is required for purchases expected to cost more than \$20,000. Bids must be received by a specific time and date, and there is a formal bid opening. A contract is normally awarded to

the lowest bidder, and a purchase order is issued.

- i. Typically, the lowest bidding vendor is selected. The requirement to select the lowest bidder may be overcome, however, if the party requesting the goods or services can satisfactorily demonstrate the low bidder's inability to meet desired specifications.
- ii. The bid process may be averted if state contract vendors, or vendors who have been designated by State purchasing officials as the lowest cost providers of specific supplies, equipment, or services, are utilized.

## PERMISSION TO PURCHASE

6. To initiate a purchase, the Permission to Purchase Form (Form #104 – found at [NOPD.org](https://nopa.org) under Forms) shall be completed and approved through the chain of command and forwarded to the Director of Budget Services. Following the Director's approval, the Budget Services staff shall then effect the necessary BuySpeed entries and/or convey the request(s) to the Department of Finance.

## EMERGENCY PURCHASES OF EQUIPMENT AND SUPPLIES

7. Emergency purchases requiring bids shall be in compliance with **CAO Policy Memorandum No. 42 (R) and Policy Memo 119 (R)** (<https://employee.nola.gov/documents/forms/policies-law/policies/>) which states the following:
  - (a) The requirement of public advertisement may be waived in cases of extreme public emergency if such emergency is certified by the Mayor and a notice of the emergency is published within ten days in the City's official journal.
  - (b) The emergency must meet the defining criteria of R.S. 38:2211(6).
  - (c) For purchases costing more than \$20,000, a declaration of an emergency by Mayoral action only waives the requirement for advertisement. Bids still must be requested and the purchase awarded to the lowest bidder.
  - (d) Emergency rental of equipment shall be construed as an emergency purchase and shall be governed by the aforementioned provisions.
8. Whenever emergency purchases are contemplated, the Director of Budget Services shall be notified. The Director shall in turn contact the Bureau of Purchasing for guidance, assistance and notification.

## REIMBURSEMENT FOR EXPENDITURES

9. All request for reimbursement of out of pocket expenditures by employees for official entertainment or for the purchase of other items must be approved by the Superintendent of Police.
10. No employee is authorized to make any purchase on behalf of the department without first receiving written authorization from their Bureau Chief and the Superintendent of Police. If time and circumstances permit, the authorization shall be on an interoffice correspondence (Form #105).
11. Once an explanation is made, a Request for Reimbursement Form (Form #180 - found at [NOPD.org](https://nopa.org) under Forms) shall be completed and forwarded through the chain of command to the Superintendent of Police for approval. After approval by the Superintendent of Police, the Request for Reimbursement Form shall be distributed as follows:
  - (a) The original and one copy to the Management Services Bureau;
  - (b) One copy to Budget Services; and

- (c) One copy to the originating Bureau.

### **DEPARTMENT CREDIT CARDS**

12. A department credit card is for official use only. Members are prohibited from using department credit cards for personal use.
13. Only one Departmental credit card shall be issued to the Superintendent of Police by the Department of Finance. After each use, a report of the use and all original receipts shall be submitted to the Department of Finances.

### **SUPPLEMENTAL FUNDING**

14. Any shortfall in the Annual Department Operating Budget requiring additional appropriation of funding, regardless of precipitating events or factors, must be addressed via council ordinance.
15. To initiate a Petition for Supplemental Funding, the Director of Budget Services shall, at the direction of the Deputy Chief of MSB or the Superintendent of Police, prepare a detailed summary of the projected budgetary shortfall and the reason for the shortfall. The Director shall forward the approved summary to the Chief Administrative Officer for review.
16. Following review by the Chief Administrative Officer, a hearing will be held before the Council Budget Committee which will make a recommendation to the City Council. The City Council will approve or disapprove the request for additional funding.
17. Should an additional budget appropriation be approved, the City Council will pass an ordinance to that effect. The Chief Administrative Officer will then cause the Departmental Operating Budget to be amended in Great Plains.

### **COLLECTION, SAFEGUARDING, AND DISTRIBUTING CASH**

18. All NOPD units that maintain a cash account must either have:
  - (a) Approval by virtue of an ordinance passed by the New Orleans City Council, or
  - (b) Written approval or re-approval by the current Superintendent of Police.
19. The Department will collect, safeguard, and disburse cash in a fully transparent, documented and accountable manner.
20. Each Commander of a unit with an authorized cash fund must designate, in writing, a member responsible for acceptance or disbursement of cash.
21. Each unit with an authorized cash fund must maintain a balance sheet or ledger (written or computerized) that identifies balances, credits, debits, and the balance on hand. If the balance sheet or ledger is computerized, the member responsible for maintaining the cash account within each unit shall be responsible for backing up the computer data on a regular basis and storing the backed up data off-site.
22. Members must submit receipts or other documentation identifying funds spent from the cash account to the member responsible for maintenance of the account.
23. All expenditures from a unit's cash account must be approved by the unit Commander or his/her designee. Any expenditure from a unit's cash account in excess of \$500 must be approved by the Bureau Chief, the Superintendent of Police or his/her designee.

24. Each unit with an authorized cash account must submit a written quarterly accounting of the activity in the account. The person responsible for the maintenance of the account must submit the accounting report through his/her chain of command to his/her Bureau Commander. The report shall be in the form of a 105 indicating the beginning balance for the quarter, the ending balance for the quarter, the total expenditures, and the total deposits. The report shall also include a description of any unusual expenditure during the quarter. Finally, if there is a discrepancy in the accounting report, a detailed explanation accompanied by a plan to rectify the discrepancy must be included within the report.
25. The quarterly accounting shall be approved by the appropriate Bureau Chief by the last day of the first month of each quarter. Once approved by the Bureau Chief, the report shall be forwarded to the Director of Budget Services.

#### **INDEPENDENT AUDIT**

26. An independent audit shall be conducted at least every three years of all department accounts and finances of the New Orleans Police Department. All Departmental accounts are open for inspection by the City auditors. Departmental personnel shall provide full cooperation and assistance to the auditors.

#### **OPERATIONAL READINESS OF DEPARTMENT EQUIPMENT**

27. The Deputy Chief of the Management Services Bureau is responsible for ensuring all items not stored at the Special Operations Division facility as part of the SOD inventory are maintained in a state of operational readiness. Operational readiness inspections shall be performed at regular intervals established by the Deputy Chief of the Management Services Bureau.
28. For those items not under the immediate control of the Management Services Bureau, the Deputy Chief of the Management Services Bureau shall cause the operational readiness inspections to be conducted by a designated MSB supervisor, who will provide annual status reports.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.2

### TITLE: DEPARTMENT VEHICLE USE AND MAINTENANCE

**EFFECTIVE: 09/02/2018**

**REVISED: Replaces Policy/Procedure 704**

---

#### PURPOSE

This Chapter provides guidelines for department vehicle use and assigns to members the responsibility for assisting in maintaining department vehicles so that they are properly equipped, maintained, and refueled and present a clean appearance.

#### POLICY STATEMENT

1. Vehicles operated by the New Orleans Police Department shall not be altered or reconfigured other than by a technician designated by the City of New Orleans and with the written approval of the Superintendent of Police or his/her designee.
2. No vehicle owned or leased by the City of New Orleans or the New Orleans Police Department shall be used for a purpose other than designed.
3. All commissioned members of the New Orleans Police Department are required to successfully complete the defensive driving course administered by the Education and Training Division and recertify on the training cycle set by the Education & Training Division.
4. All civilian members of the New Orleans Police Department are required to successfully complete the driver safety training designated by the City's Risk Management Division per **CAO Policy Memorandum 5 (R)** and administered by the MSB - Risk Management Director if they use or operate any City vehicles.
5. For specialized equipment vehicles such as ATVs, boats, motorcycles, scooters, and bikes, operators shall use appropriate safety equipment (e.g., helmets, life vests, safety harnesses, etc.) and keep that equipment in the same clean, functioning, and safe order as the vehicles themselves.

#### DEFINITIONS

**All-Terrain Vehicle**—Any vehicle which is designed and built to be able to negotiate multiple terrains without modification to the vehicle. The purpose of these vehicles is to provide the department with equipment capable of performing on multiple terrains.

**Crash**—Refers to a motor vehicle crash as defined by the State of Louisiana and NOPD regulations. More commonly, “the unintended collision of one motor vehicle with another, a stationary object, or person, resulting in injuries, death and/or loss of property.”

**Marked Police Vehicle**—A conspicuously marked authorized emergency vehicle readily identified as law enforcement vehicle and routinely used as a district patrol vehicle or enforcement vehicle. Marked police vehicles do not include those vehicles which may be marked differently from patrol vehicles, or various support vehicles operated by NOPD for non-patrol functions (e.g., vehicles customarily used by support units such as trucks and vans).

**Special Purpose Vehicle**—A vehicle the use of which is based on considerations of weather, terrain, or the need for inconspicuous appearance, quiet, storage, or special operational needs and conditions.

### **INOPERABLE OR UNSAFE VEHICLES**

6. When a Department vehicle becomes inoperable or in need of a repair that directly affects the safe operation of the vehicle, that vehicle shall be removed from service immediately for repair. Necessary documentation describing the unsafe condition shall be completed by the member and/or supervisor who becomes aware of the unsafe condition.
7. The member shall immediately notify his/her supervisor of the unsafe condition. The supervisor shall promptly forward the reporting documentation to MSB - Risk Management for the required vehicle maintenance or repair.

### **SUSPECTED DAMAGE OR POOR PERFORMANCE**

8. Vehicles that may have suffered damage, are performing poorly or whose control or safety features have been diminished shall be removed from service immediately.
9. Each operator of a department vehicle shall promptly report to his/her supervisor any malfunction or damage to the vehicle or its equipment which may have occurred during his/her tour of duty. A member who fails to report damage or malfunction of the vehicle or its equipment shall be subject to disciplinary action and held accountable for the damage or malfunction.
10. Each member assigned the use of a department vehicle shall check the vehicle for body damage and malfunctioning equipment at the beginning and end of his/her daily assignment.
11. If a member observes damage to or a malfunction of the vehicle during his/her inspection of the vehicle or at any time during his/her shift, the member shall immediately notify his/her supervisor. The member is required to record any damage or malfunction on the **NOPD Pre-Trip Vehicle Inspection Report** section of the Officer's Daily Activity Report.
12. The notifying member's supervisor shall conduct a preliminary on-scene administrative investigation of all incidents involving damage to or a malfunction of a department vehicle or equipment and shall ensure it is documented in:
  - (a) An administrative investigation (EPR) if not traffic related; or
  - (b) A Crash report if traffic related; and/or
  - (c) A Supervisor's Report of Crash.

### SEVERE USE INSPECTION

13. Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or operations that **exceed** the manufacturer's use parameters, shall be removed from service and subjected to a safety inspection as determined by the Director of Risk Management as soon as practicable. Severe conditions **may include**, but are not limited to, rough roadway or off-road operation, hard or extended braking, vehicle pursuits or prolonged high-speed operation.

### REMOVAL OF WEAPONS

14. All weapons (firearms, CEW, less than lethal weapons and kinetic impact weapons) **shall be removed** and properly secured prior to the vehicle being released for maintenance, service or repair.

### MARKED VEHICLE STENCILS AND EQUIPMENT

15. All marked police vehicles shall be marked in a similar manner and color as designated by the MSB Fleet Manager after approval by the Superintendent of Police.
16. The stencils and lettering on marked police vehicles shall be made of reflective material decals that meet the most current requirements of the U.S. Department of Transportation.
17. Marked police vehicles assigned to district patrol duties shall be equipped with a safety screen separating the driver's compartment from the rear seating area. Exceptions may be granted to district patrol vehicles used and numerically designated as supervisory vehicles or staff vehicles only. (See **Chapter 71.1 – Prisoner Transportation and Guarding**).

### VEHICLE INSPECTION REPORT

18. The New Orleans Police Department **Pre-Trip Vehicle Inspection Report** section of the Officer's Daily Activity Report shall be completed by the operator at the beginning of each shift/duty assignment for all members that utilize a Daily Activity Report. Nothing in the Operations Manual prohibits Commanders from implementing the use of this form in assignments that do not normally utilize a Daily Activity Report.

### VEHICLE REFUELING

19. Absent exigent circumstances (emergency conditions) or prior supervisory approval, members operating patrol vehicles shall not place a vehicle in service (10-8) that has less than one-quarter ( $\frac{1}{4}$ ) of a tank of fuel as indicated by a functioning fuel gage without first re-fueling the vehicle.
20. Vehicles should be fully fueled when placed into service and refueled before the fuel gage level falls below one-quarter ( $\frac{1}{4}$ ) of a tank. Vehicles shall only be fueled at a departmentally authorized location.

### VEHICLE CLEANLINESS

21. Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain their appearance.
22. Officers on patrol shall obtain permission from his/her supervisor before relocating to a

car wash. Communications Services will be advised when the unit is at the car wash and unavailable for service.

23. Members shall remove all trash or debris from their assigned unit(s) prior to going into service and prior to the end of their shift.
24. Confidential documents or documents which may contain personally identifiable information and which are being discarded should be placed in a designated receptacle provided for the shredding of this material prior to concluding the shift.

### **CIVILIAN MEMBERS**

25. Civilian members shall not use a marked police vehicle unless specifically directed by his/her supervisor.

### **SPECIAL PURPOSE VEHICLES**

26. Department special purpose vehicles include, but are not limited to:
  - (a) SWAT trucks
  - (b) Bomb disposal vehicles
  - (c) Mobile command posts
  - (d) All-terrain vehicles
  - (e) Boats
  - (f) Motorcycles
  - (g) Scooters
  - (h) Bicycles
  - (i) Buses
27. Special purpose vehicles assist members of the New Orleans Police Department in the performance of their duties and are used to render aid and assistance in the event of a natural or man-made disaster. **Special purpose vehicles shall not be used for personal and/or recreational use.**
28. Operators of special purpose vehicles shall be trained, demonstrate and maintain proficiency in the operation of the vehicle prior to being authorized to operate the vehicle. The unit Commander shall be responsible for ensuring training proficiency testing of all authorized members utilizing special purpose vehicles under his/her command. All training records shall be maintained by the Education & Training Division, in PowerDMS and the individual member's Personnel Jacket. (See: **Chapter 13.3 – Personnel Files**).
29. Proficiency testing for members on the operation of special purpose vehicles shall be performed on the same cycle as the department's defensive driver training unless the original certification requirements specify otherwise.
30. Operators of special purposes vehicles shall be responsible for acquiring and maintaining any licensing required by the State of Louisiana, City of New Orleans, Federal Government, or agency thereof.
31. Members of the New Orleans Police Department shall not operate special purpose vehicles without the appropriate licensing other than for training purposes unless exigent circumstances exist and they have been specifically authorized to do so by their supervisor. Proof of licensing shall be maintained by the Education & Training Division, in PowerDMS and the individual member's Personnel Jacket. (See: **Chapter 13.3 – Personnel Files**).

32. Unless directed otherwise in the Chapter, maintenance and upkeep of all special purpose vehicles shall be the responsibility of the Fleet Manager and the Unit where the vehicle is assigned.

### **OPERATOR MAINTENANCE**

33. A member assigned to operate a city vehicle shall ensure all equipment is functioning at the beginning of the shift/duty assignment. Each member assigned a department vehicle shall be responsible for inspecting:
- (a) Fluid levels (oil, transmission, steering, brake, coolant);
  - (b) Tires/brakes (pressure, condition, spare tire availability);
  - (c) Hoses and belts (engine and seat belts);
  - (d) Electrical (lights, horn, battery, turn signals);
  - (e) Police emergency equipment (radio, siren, spotlights, flashing lights, safety screen); and
  - (f) Overall vehicle cleanliness (interior and exterior).
34. The vehicle operator shall monitor the operation of the vehicle during the shift for any reductions in vehicle performance, unusual noise, or equipment failure that might require corrective maintenance or repair. Any required inspection, repair or corrective action shall be coordinated through the member's supervisor, the Fleet Manager and the City of New Orleans Equipment Maintenance Division.

### **SUPERVISOR'S RESPONSIBILITIES**

35. Bureau, Division/District, Section and Unit commanders are responsible for the appearance and mechanical function of all vehicles under their supervision.
36. Supervisory members shall inspect all vehicles used by subordinate members to insure proper operation.

### **DAMAGE TO VEHICLES OR EQUIPMENT OCCURRING OUTSIDE ORLEANS PARISH**

37. If a department vehicle or its equipment is damaged in an incident / Crash outside of Orleans Parish, the operator of the vehicle shall promptly report the incident / Crash to the law enforcement agency of that jurisdiction and request an incident / Crash report.
38. The operator shall immediately notify Communications Services of the incident / Crash, and provide the following:
- (a) Operator's name, badge number and place of assignment;
  - (b) His/her immediate supervisor or supervisor within his/her chain of command;
  - (c) The unit and A-number involved;
  - (d) The reporting agency's item number of the incident / Crash;
  - (e) The name of the investigator from the reporting agency and a contact number;
  - (f) The location of the incident / Crash;
  - (g) If injuries are involved;
  - (h) If the vehicle can be safely driven back to Orleans Parish; and
  - (i) The approximate travel time from Orleans Parish to the scene of the incident / Crash.
39. On all vehicle incident / Crashes occurring outside of Orleans Parish, Communications Services shall:
- (a) Generate an NOPD item number for the incident / Crash, supplying all relayed information within the item number;

- (b) Contact an on duty supervisor from within the operator's chain of command, supplying him/her with the relayed information;
- (c) If a supervisor within the operator's chain of command is not available, contact a supervisory officer from the SOD - Traffic Division supplying him/her with the relayed information; and
- (d) The notified supervisor will arrange with the Director of Risk Management / Fleet Manager to arrange for towing of the vehicle back to Orleans Parish, if it is determined the vehicle is inoperable.

**NOTE: It shall be the responsibility of all on-duty supervisory personnel to investigate crashes involving city-owned vehicles, where the operator of the vehicle is under their supervision.**

- 40. Only supervisors assigned to SOD - Traffic and designated by the SOD Traffic Division Commander shall respond to departmental vehicle incidents or Crashes occurring outside of Orleans Parish.
- 41. SOD Traffic investigators assigned to investigate departmental vehicle incidents or Crashes occurring outside of Orleans Parish shall determine the travel time to and from the scene of the Crash. If, in the opinion of the investigator, travel time is excessive, he/she shall contact his/her Commander for instructions.
- 42. The SOD Traffic investigator shall adhere to all provisions of the departmental regulation relating to drug and alcohol testing when a member is involved in a departmental vehicle incidents or an auto Crash. The investigator shall include a copy of the completed S.A.T. 4 Form ([NOPD.org](http://NOPD.org) under Forms), copy of the Crash report conducted by the agency with jurisdiction, and his/her comments on the investigation in the packet sent to the Crash Review Board (CRB), the MSB Risk Manager and the involved member's Bureau Deputy Chief. (See; **Chapter 13.21 – Alcohol and Drug Testing**).
- 43. Members shall not interfere with an investigation being conducted outside of Orleans Parish or by another law enforcement agency.

#### **CRASH AND ADMINISTRATIVE REPORTS WITH DEPARTMENT VEHICLES**

- 44. When an operator of a department vehicle is involved in a Crash, he/she shall immediately notify Communications Services and his/her supervisor or an on-duty supervisor from his/her place of assignment.
- 45. Communications Services shall notify the assigned Departmental Vehicle Crash Investigator from the approved list but not assigned to the same command as the vehicle operator. The assigned investigator is responsible for completing the Crash report.
- 46. The operator's supervisor shall complete a Supervisor's Report of Crash and Report of Occupational Injury if necessary and shall adhere to all provisions of the departmental regulation relating to drug and alcohol testing when a member is involved in a departmental vehicle incidents or an auto Crash.
- 47. These reports shall be completed within 72 hours of the original incident.
- 48. The operator's supervisor shall send copies of the Supervisor's Report of Crash and Report of Occupational Injury, if any, through the chain of command to the Deputy Chief of the Bureau to which the vehicle operator is assigned and the assigned Departmental Vehicle Traffic Investigator.

49. The original Crash report shall be forwarded to the Commander of the SOD Traffic Section for review and approval, not the Departmental Vehicle Traffic Investigator's supervisor.
50. After review and approval by the Commander of the SOD Traffic Section, the original Crash report shall be processed in the same manner as all Crash reports.
51. The Commander of the SOD Traffic Section shall forward copies of all Crash and related reports to the Crash Review Board within seven (7) working days of approval.
52. The Commander of the SOD Traffic Section shall maintain a database of all departmental Crashes. The contents of the database shall be determined by the MSB Fleet Manager, MSB Risk Manager, the Deputy Chief of FOB and the Deputy Chief of MSB.

### **INSPECTION OF DAMAGE**

53. Unless the Departmental vehicle has been impounded as part of an investigation, within 48 hours of the incident or Crash, excluding weekends and holidays, the City of New Orleans, Equipment Maintenance Division, shall be provided with an opportunity to inspect ALL department vehicles sustaining damage.
54. Following the incident, the involved member's supervisor shall send damaged but operable vehicles, for an inspection of the damage by a professional adjuster for the City when notified by the Fleet manager or Risk Manager.
55. The Departmental Vehicle Traffic Investigator and/or involved member's supervisor shall have departmental vehicles which are obviously unsafe or inoperable towed to the Equipment Maintenance Division as soon as possible after the incident.

### **VEHICLE INVENTORY REPORTING**

56. To regulate and account for the department's vehicle inventory, any change in vehicle status (e.g., changes in assigned driver, budget code, marked or unmarked status, take-home status) shall be reported to the Fleet Manager utilizing the **Vehicle Inventory Reporting Form** (Form 106).
57. Commanders are responsible for ensuring the accuracy of his/her assigned vehicle inventory.
58. Proper entry of take-home vehicle Personal Use Charges in the payroll system are the responsibility of the member's unit Commander.

### **SPECIAL PURPOSE VEHICLE REQUEST FOR USE**

59. District/Divisions, Sections, and/or Units desiring the use of a Special Purpose Vehicle not under direct control of their Bureau Chief shall submit a request through their chain of command to the Bureau Chief in control of the equipment outlining date(s), time(s), and circumstance(s) for which the vehicle is needed. If approved, the Division requesting the use of the vehicle shall supply the qualified personnel needed for the operation of the equipment. If the requesting Division has no qualified personnel to operate the equipment, the Bureau Chief where the vehicle is assigned shall supply the qualified personnel for operational purposes only.
60. Due to the uniqueness of each special purpose vehicle, each Bureau Chief will ensure a

list is kept outlining supplies and equipment to be kept on each vehicle. Periodic inspection of all special purpose vehicles will be made to ensure all supplies and equipment are accounted for and in proper working condition.

### **SWAT EQUIPMENT VEHICLE**

61. The SWAT equipment vehicle shall be used for the transport of special equipment to and from SWAT scenes. Use of the vehicle shall be limited to SWAT roll response as authorized by the Superintendent of Police.
62. Operators of the SWAT equipment vehicle shall be department members assigned to the Special Operations Division and trained in the operation of a large truck.
63. Care and maintenance of the SWAT equipment vehicle is the responsibility of the members assigned to the SOD Armory Unit.
64. The equipment required to be included in the SWAT equipment vehicle shall be SWAT equipment and gear as deemed appropriate by the Commander of the Special Operations Division. (See: **Chapter 46.2.3 – CRU SWAT Equipment and Storage**).

### **TOTAL CONTAINMENT VEHICLE (BOMB POD)**

65. The Bomb Pod transportation vehicle is designed for the transportation of the Bomb Pod. The Bomb Pod shall be used only for the transfer of hazardous devices and explosives from the scene of an incident to a disposal area.
66. Operators of the Bomb Pod transportation vehicle shall be members of the Special Operations Division Bomb Unit. Care and maintenance of the Bomb Pod transportation vehicle is the responsibility of the Bomb Unit.
67. The Bomb Pod transportation unit shall be escorted by marked police vehicles at the front, rear and side positions when transporting hazardous devices. The appropriate distance maintained between the Bomb Pod, all escort units and any other vehicular traffic will be determined by the senior supervisory member of the Bomb Unit and/or the Commander of SOD. Overhead lights and sirens shall be utilized at all times during the transport. Except in exigent circumstances, advanced notification shall be made with all law enforcement jurisdictions thru which the convoy will travel. Traffic control and regulation will be coordinated by the escort unit's supervisor and the local jurisdiction's units.

### **MOBILE COMMAND POST**

68. The Deputy Chief of the Field Operations Bureau shall maintain a Mobile Command Post vehicle for the purpose of housing command and control services for law enforcement activities at locations other than NOPD headquarters. The Mobile Command Post may be utilized in field locations at events such as natural disasters, hazardous material situations, festivals, special events, parades, etc. The Mobile Command Post may provide a base of operations for supervisors at such locations to coordinate activities.
69. Authorization for the deployment of the Mobile Command Post shall be made by the Deputy Chief of the Field Operations Bureau, or his/her designee.
70. Operators of the Mobile Command Post shall be assigned by the Deputy Chief of the Field Operations Bureau, or his/her designee. The designated individuals must possess

the proper licensing as required by the City of New Orleans, State of Louisiana, or Federal Government to operate the vehicle

71. The Special Operations Division Commander and the Fleet Manager are responsible for the maintenance and upkeep of the Mobile Command Post.

#### **ALL-TERRAIN VEHICLES**

72. The Special Operations Division Commander and the Fleet Manager shall maintain any all-terrain vehicles utilized by the New Orleans Police Department. These vehicles shall be used at the direction of the Deputy Chief of the Field Operations Bureau, or his/her designee.
73. Requests to use an all-terrain vehicle shall be directed to the Commander of the Special Operations Division.
74. Operators of all-terrain vehicles shall be commissioned members of the New Orleans Police Department and attached to the Special Operations Division.
75. Operators of all-terrain vehicles shall receive training commensurate with the vehicle manufacturer's requirements, in addition to any governmental licensing that may be required.

#### **MARINE UNIT AND ALL DEPARTMENT BOATS**

76. The purpose of the Special Operations Division - Marine Unit is to provide water-borne support for any police actions requiring such support. Authorization for use of boats shall be by the Deputy Chief of the Field Operations Bureau or his/her designee.
77. All boats operated by the New Orleans Police Department shall be under the control and supervision of the Special Operations Division - Marine Unit.
78. Boats shall only be operated by Special Operations Division - Marine Unit members unless express permission is obtained, in advance, from the Deputy Chief of the Field Operations Bureau, or the Commander of the Special Operations Division.
79. All Special Operations Division - Marine Unit members shall be trained in boating safety and laws pertaining to the operation of motor vessels on local waterways. No boat shall be operated without the required safety equipment on board or sufficient personal flotation devices for every passenger and crew member.
80. Boats shall only be used in situations where water depth is adequate for the safe operation of the particular boat and the conditions are deemed safe by the Special Operations Division - Marine Unit member operating the boat.
81. The Special Operations Division - Marine Unit Equipment Officer shall be responsible for the care and maintenance of the equipment assigned to the boat. It is the responsibility of the operator of the boat to inspect for proper function prior to its operation. The Special Operations Division - Marine Unit Equipment Officer shall be immediately notified of any malfunction or damage to the boat or its equipment.

#### **MOTORCYCLES**

82. Motorcycles provide officers with an efficient means of conducting traffic operations. This could include traffic enforcement, traffic control, or traffic escorts.

83. Only members specifically trained by the Special Operations Traffic Section in the operation of department motorcycles shall be allowed to operate motorcycles owned or leased by the New Orleans Police Department. Operators shall maintain all governmental licensing that may be required.
84. New Orleans Police Department motorcycles shall be equipped with windshields, police decals, and operable emergency lights and sirens.
85. Motorcycles shall be maintained by the Special Operations Traffic Section. Repairs and maintenance of motorcycles shall be performed as necessary, and in conjunction with the Management Services Bureau Fleet Manager.
86. The Special Operations Traffic Section and the Education & Training Division shall maintain a list of all members trained by the NOPD in the operation of police motorcycles.

### **POLICE SCOOTERS**

87. Scooters may be used to provide transportation for members in situations which may prove difficult for automobiles.
88. Districts/Divisions which have scooters in their fleet shall use scooters in whatever capacity provides the best tactical advantage. Scooters shall not be used when it is deemed by the supervisor to be dangerous to the member due to inclement weather, road conditions, etc. The Deputy Chief of the Field Operations Bureau may approve the use of scooters by a division, section, or unit.
89. Scooter operators must complete NOPD approved scooter training prior to being allowed or assigned to operate a scooter. This training will be coordinated by the Field Operations Bureau Special Operations Division Traffic Section. Operators shall maintain any governmental licensing that may be required.
90. Scooter maintenance shall be the responsibility of the District/Division/Section/Unit to which the scooters are assigned.
91. The Field Operations Bureau and the Education & Training Division shall be responsible for maintaining a list of all members qualified to operate scooters.

### **POLICE BICYCLES**

92. Bicycles may be used to provide transportation for members in situations which may prove difficult for automobiles. Additionally, bicycles provide members with the opportunity to interact more closely with the citizenry.
93. Divisions which have bicycles in their fleet shall use them in whatever capacity provides the best tactical advantage. Bicycles shall not be used when it is deemed by the supervisor to be dangerous to the member due to inclement weather, road conditions, etc.
94. The Deputy Chief of the Field Operations Bureau may approve the use of bicycles by a division, section, or unit.
95. Bicycle operators must complete police bicycle training prior to being allowed or assigned to operate a bicycle. This training will be coordinated by the Field Operations

Bureau in conjunction with the Education & Training Division.

96. Bicycle maintenance shall be the responsibility of the District/Division/Section/Unit to which the bicycles are assigned.
97. The Field Operations Bureau and Education & Training Division shall be responsible for maintaining a list of all members qualified to operate bicycles.

## **BUSES**

98. Buses may be used by the New Orleans Police Department for the transportation of members to and from training, transportation of members to and from work during periods of inclement weather, if appropriate, and the transportation of citizens and visitors to approved police department functions.
99. Buses may be used when authorized by the Deputy Chief of the Management Services Bureau. Any requests for use of buses should be directed to the Deputy Chief of the Management Services Bureau.
100. Buses shall only be operated by individuals approved by the Management Services Bureau who possess the proper governmental licenses.
101. Department-owned buses shall be maintained by the Fleet Manager of the Management Services Bureau.
102. A list of persons authorized to operate the buses shall be maintained by the Fleet Manager and the Education & Training Division of the Management Services Bureau.

## **TOW TRUCKS**

103. Tow trucks owned or leased by the City of New Orleans shall be used for the purpose of towing evidentiary vehicles and police vehicles and can be contacted and requested thru Communications Services or on the appropriate assigned communications channel as Unit 7200. (See: **Chapter 61.22 – Impoundment of Motor Vehicle Involved in Criminal Activity.**)
104. With the approval and direction of an SOD supervisor, tow trucks may further be used to gain entry into secured properties for the execution of search/arrest warrants.
105. The Fleet Manager and the Education & Training Division shall maintain a list of all Department members authorized to operate the tow trucks owned or leased by the City of New Orleans or the Police Department.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.2.2

### TITLE: TAKE-HOME VEHICLES

**EFFECTIVE: 04/08/2018**

**REVISED: 01/31/21, 05/07/2023**

---

#### PURPOSE

This chapter assigns to members the responsibility for assisting in maintaining take-home vehicles so that they are properly equipped, maintained, and refueled and present a clean appearance. This Chapter provides guidelines for take-home vehicle use as well as the fleet manager's responsibilities.

#### POLICY STATEMENT

1. Take-home vehicles assigned to NOPD members are to be used for transportation while on duty, secondary employment assignments, and commuting to-and- from on-duty shifts.
2. Assigned take-home vehicles may be used for approved police secondary employment and for limited personal use.
3. A department member assigned a take-home vehicle shall complete a City of New Orleans Take-home Vehicle Add/Delete/Change Form. A member and supervisor shall make sure a payroll deduction is taken from his/her pay for vehicle usage (CAO Circular Memorandum 23-04 and CAO Policy Memorandum No. 5(R)) via his/her ADP payroll entry. Members assigned a take-home vehicle shall resubmit (renew) a City of New Orleans Take-home Vehicle Add/Delete/Change Form annually during their birth month.
4. Members assigned a take-home unit shall always keep the appropriate fuel card in the vehicle (CAO Policy Memorandum 5(R)).
5. Members assigned a take-home vehicle shall not share or authorize another person to drive or use the take-home vehicle unless the person is a member of the department, and the use is during the course and scope of his/her job assignment while on-duty.
6. Members assigned a take-home vehicle shall not use the vehicle while off-duty, outside of limited personal use, unless expressly approved by the Superintendent of Police because of the nature of the member's assignment (i.e., Command Staff on callout, investigators while on-call. Etc.).
7. Under no circumstances shall an assigned take-home vehicle be used as a replacement for a member's personal vehicle.

8. Off-duty use of a take-home vehicle without the required personal insurance coverage mandated by this Chapter is an unauthorized use of the vehicle and subject to disciplinary action.
9. Take-Home vehicles will only be authorized to those full-time Public Safety employees or Authorized External Users who need to respond to on-site, City business related incidents on a 24-hour basis that are domiciled in any one of the following parishes: Orleans, Jefferson, St. Bernard, Plaquemines, St. James, St. John the Baptist, St. Charles, and St. Tammany.

## DEFINITIONS

**Limited personal use**—Incidental, personal errands outside the course and scope of City / Department business, so long as such errands are conducted to and from the member's duty shift assignment without significant deviation, are brief in nature, do not detract from the member's responsibilities and do not violate NOPD policy or regulations.

**Off-Duty use of a take-home vehicle**—Any use of an assigned take-home vehicle that is not on-duty use or limited personal use. Off-duty use of a take-home vehicle is **not** covered by the City's Self-Insurance Program.

**Actual Domicile** – Actual Domicile is defined as it appears in Article X of the City Charter (Sec. 2-972 Definitions). "Actual Domicile" means a person's principal domestic establishment, the determination of which shall be based upon such actual facts as where a person sleeps, takes his meals, has established his household, and surrounds himself with his family and the comforts of home, as contrasted with a business establishment, a residence that is not a principal home, or a mere declaration of domicile.

## ASSIGNED VEHICLE AGREEMENT

10. A vehicle assigned to a member for his/her use within his/her job assignment may be used for work-related purposes, to transport the member to and from work, and for limited personal use as authorized in this Chapter and in accordance with CAO Policy (5) R and CAO Circular Memorandum 23-04.
11. Limited personal use of a departmental vehicle shall be covered by the City's self-insurance program when the vehicle is being used within the restrictions of this Chapter. Examples include:
  - (a) Regular commute time to and from the member's on-duty shift assignment and his/her domicile.
  - (b) Use during and driving to and from authorized police secondary employment.
12. The agreement also requires the member to be responsible for the vehicle's routine care and maintenance. Under Internal Revenue Service (IRS) regulations, personal use of the vehicle may be considered a taxable income to the member.
13. The assignment of take-home vehicles is at the discretion of the member's Bureau Chief, with approval of the Superintendent. Assigned vehicles may be changed at any time and/or permission to take-home a vehicle may be withdrawn at any time by the member's Bureau Chief or the Superintendent.
14. Department vehicles shall only be driven by department members and, while undergoing repairs or maintenance, members of the Equipment Maintenance Division (EMD).

**VEHICLES SUBJECT TO INSPECTION**

15. All department vehicles are subject to inspection and/or search at any time by an NOPD supervisor. No member assigned to or operating a departmentally assigned or City vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents. This includes vehicles provided for use by members as part of established "Crime Prevention Districts."
16. All department vehicles assigned as take-home vehicles shall be inspected on a division level, by designated fleet managers, quarterly. The results of the inspection shall be forwarded to NOPD's Fleet Management (Risk Management) Division for record-keeping purposes.
17. All department take-home vehicles shall be inspected by NOPD's Fleet Management (Risk Management) Division annually during the birth month of the assigned member to ensure proper vehicle maintenance and compliance with this chapter.
18. Any member found to be in violation of this chapter shall be subject to disciplinary action, which may include loss of take-home vehicle privileges.

**SECURITY**

19. Members may use take-home vehicles only with prior approval from his/her Bureau Chief and shall:
  - (a) Shall keep the vehicle locked when not attended.
  - (b) Remove All firearms and kinetic impact weapons from the interior of the vehicle and place them in the trunk or properly secured in the member's domicile when the vehicle is not attended according to the guidelines of **Chapter 1.4 - Firearms**.
  - (c) Meet the requirements of CAO Policy Memorandum 5R at all times.

**ALTERATIONS TO VEHICLES**

20. No department vehicle may be altered without prior written approval of the Superintendent of Police or his/her designee, including but not limited to the addition or removal of:
  - (a) Window tinting, except for K-9 units transporting an animal (any approved window tinting will be in accordance with R.S. 32:361.1).
  - (b) Emergency/strobe lights.
  - (c) Stickers or markings identifying a vehicle as a police department unit.
  - (d) Any license plates.
  - (e) Electronic equipment, including MDT's, cameras, radios, and GPS or AVL devices.

**MEMBER RESPONSIBILITIES**

21. A member who is assigned a take-home vehicle shall be responsible for maintaining the vehicle in good running order. The member shall be responsible for both scheduled and preventive maintenance and timely repairs to the vehicle in compliance with CAO policy.
22. Failure to follow the maintenance schedule or to keep the vehicle in good mechanical condition shall result in the member's loss of the take-home privilege.
23. A member assigned a take-home vehicle shall be responsible for maintaining the appearance of the vehicle, both interior and exterior, clean, and professional.
24. A member assigned a take-home vehicle is responsible for obeying all traffic and parking

laws while on and off duty and shall adhere to Rule 2, Moral Conduct and Rule 3, Professional Conduct of the Department Operations Manual.

25. Members driving a take-home vehicle shall always maintain his/her duty weapon and police radio while driving/using the vehicle.
26. When a member is on vacation, on leave or out of the Orleans Parish for more than five (5) business days, the vehicle shall be stored at the member's place of assignment.

### **MEMBER APPEARANCE**

27. Unless authorized by his/her District/Division Captain, a member assigned a take-home vehicle shall always be neat and professional in attire while operating/using the vehicle. Members shall not wear any type of clothing or accessories that might bring embarrassment or discredit to him/her or the department while operating a department vehicle.

### **CAPTAIN'S RESPONSIBILITIES**

28. Captains of each unit shall be responsible for maintaining a set of spare keys for all vehicles assigned to their unit, including take-home vehicles.
29. The Captain of each respective Bureau, District, Division, Section, or Unit shall have a NOPD Form 106 (Vehicle Inventory Reporting Form) completed for each assigned take-home vehicle, in addition to the City of New Orleans Take-Home Vehicle Add/Delete/Change Form. These forms shall be forwarded through the required chain-of-command for approval and to the NOPD Fleet Manager each time a vehicle's status is changed.
30. The Captain of each respective Bureau, District, Division, Section, or Unit shall issue a copy of CAO Policy Memorandum No. 5(R) and CAO Circular Memorandum No. 23-04 to any member assigned a take-home vehicle under his/her command, and the member shall acknowledge receipt. Members must always keep a copy of CAO Policy Memorandum 5(R) in the vehicle. Vehicle registration documentation and a copy of the City's self-insurance letter shall always be kept in the vehicle.

### **FLEET MANAGER**

31. The NOPD Fleet Manager shall forward all City of New Orleans Take-home Vehicle Add/Delete/Change Forms to the CAO for final approval. Once the form is approved, the Captain of Fleet Management shall forward a copy to the member's place of assignment. A copy of the approved form shall be placed in the member's personnel jacket.
32. The NOPD Fleet Manager shall conduct a quarterly vehicle, equipment, and take-home assignment inventory. The inventory shall be sent to the Chief Administrative Office in the format specified by the Chief Administrative office. The inventory shall include all information detailed in #5, B of the CAO Policy Memorandum 5(R) and any additional information as specified by the Chief Administrative Office. The inventory shall cover all vehicles owned or leased by the City and/or under the control of the department.

### **RESTRICTIONS ON DEPARTMENTAL VEHICLE USE**

33. Members requesting to use a police vehicle, marked or unmarked, take-home, or not, to go out of state shall request permission, in writing and in advance, through his/her chain of command to the Superintendent of Police or his/her designee.

34. Members using a police vehicle, marked or unmarked, to go out of Orleans Parish shall request permission through his/her Bureau Chief, unless it is in the performance of their official duties. Members domiciled outside of Orleans Parish shall ensure they have completed and have an approved City of New Orleans Take-home Vehicle Add/Change/Delete form prior to use outside of Orleans Parish.
35. For mileage calculation purposes needed on the **City of New Orleans Take-home Vehicle Add/Change/Delete form** and for purposes of the **Take – Home Vehicle Personal Use Charge**, only Google Maps software / application shall be used. No adjustments to the indicated route, or selection of alternate routes may be used. The following instructions shall be followed:
- (a) On a computer, open **Google Maps**.
  - (b) Click on the “**Directions**” icon.
  - (c) Type the legal address for your registered domicile on file with the City of New Orleans in the first box labeled “**Your location.**”
  - (d) Type in the legal address for your principal place of assignment in the second box labeled “**Choose destination or click on the map.**”
  - (e) Click on the “**Driving icon.**”
  - (f) Click on “**DETAILS**”. (This will generate a map with directions.)
  - (g) Print the resulting "map" using the print icon in the application and note the mileage indicated.
  - (h) The requesting member shall sign the map printout and date it with the date on which it was printed for inclusion with the **City of New Orleans Take-home Vehicle Add/Change/Delete form**.

Any alteration to the map generated, the use of an address other than the member's domicile address on file with the City of New Orleans or the use of an “alternate” route is a violation of the guidelines that govern the process for authorizing a take-home vehicle and subsequent personal use charges and may subject the member to criminal charges and discipline.

#### **RESTRICTIONS ON TAKE-HOME DEPARTMENTAL VEHICLE USE**

36. Assigned take-home vehicles may only be used within Orleans Parish, driving to and from the member's domicile as indicated on the approved take-home form and his/her duty assignment or unless prior written authorization is granted by the Superintendent of Police.
37. The City's self-insurance program shall not cover an assigned take-home vehicle when the member uses the vehicle off-duty outside of the restrictions of limited personal use, this Chapter or City policy.
38. Members shall not be assigned a take home vehicle, and shall lose any existing take home vehicle privileges while:
- (a) On administrative reassignment under criminal investigation;
  - (b) Suspended;
  - (c) On Limited duty; and/or
  - (d) Extended sick leave.

This information shall also be provided to the member through their disciplinary letter or reassignment paperwork.

39. Use of a take-home vehicle off-duty shall not violate NOPD policies or regulations governing purchase of alcohol, transporting of family members or members of the public outside of duties as a member of the NOPD, or other activities that may result in public

criticism.

## **DISCIPLINARY ACTION**

40. Members arrested for driving under the influence while operating a city vehicle or personal vehicle, either on-duty or off-duty, shall lose his/her take-home vehicle privileges for no less than one year, in addition to any other disciplinary action such as a possible suspension and/or termination (CAO Policy Memorandum #89R).
41. A member under suspension shall leave his/her take-home vehicle parked at his/her assignment throughout the duration of the suspension. The Captain of the Bureau, District, Division, Section, or Unit shall ensure the suspended member complies with this provision.
42. Sustained violations of this chapter shall include in any disciplinary letters a statement that members shall not be assigned a take-home vehicle, and shall lose any existing take-home vehicle privileges while:
  - (a) On administrative reassignment;
  - (b) Suspension;
  - (c) Limited duty; and/or
  - (d) Extended sick leave.

## **INSURANCE**

43. Members assigned a take-home vehicle are required to endorse his/her current personal automobile policy to provide coverage for Non-Owned Autos for off-duty use. The liability limits shall be at least the mandatory state minimum financial responsibility limits.
44. Members assigned a take-home vehicle who do not own a personal vehicle or have a personal automobile insurance policy in force MUST purchase a personal Non-Owned Automobile Liability and Physical Damage Coverage (Comprehensive and Collision) policy for off-duty use. The liability limits shall be at least the mandatory state minimum financial responsibility limits.
45. Members assigned a take-home vehicle who use the vehicle off-duty shall provide a copy of his/her current personal automobile insurance policy, or his/her current personal non-owned automobile insurance policy (Comprehensive and Collision) to the Fleet Manager prior to any off-duty use. The policy or endorsement, as required, shall always be maintained while the take-home vehicle is assigned to the member is used off-duty.
46. It is the responsibility of the Fleet Manager to make sure insurance policies, or proof of insurance coverage, are submitted as they are renewed. The following is the minimal vehicle insurance coverage required of every member with a take-home vehicle who uses it off-duty:
  - (a) Bodily injury and property damage liability - Mandatory State Minimum Financial Responsibility Limits always when assigned.
  - (b) Uninsured Motorist - No less than the Minimum Financial Responsibility Limits, or the member's liability limits, whichever is always greater when assigned.
  - (c) Comprehensive and Collision - The deductibles will be the sole responsibility of the member and will not be borne in any way by the City, and all property damage losses will be paid to the City.
  - (d) Non-owned coverage including Bodily Injury and Property Damage Liability and Physical Damage ("Comprehensive" and "Collision").

**USE OF A TAKE-HOME VEHICLE ON APPROVED POLICE SECONDARY EMPLOYMENT**

47. A member must list his/her take-home vehicle in the N.O.P.D. equipment used on all required Police Secondary Employment forms including the detail section of the NOPD Form 21 (Paid Detail Authorization Form) for approval to use it on a paid detail.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.3

### TITLE: DEPARTMENT- OWNED AND PERSONAL PROPERTY

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy/Procedure 700**

---

#### PURPOSE

Department employees are expected to properly care for department property assigned or entrusted to them. Certain procedures are required depending on the loss and ownership of the item.

#### POLICY STATEMENT

1. All property issued shall be documented in the appropriate property sheet or equipment log and receipt acknowledged by signature. Upon an employee's separation from the Department, all issued equipment shall be returned to the section or division from which it was issued.

#### CARE OF DEPARTMENT PROPERTY

2. Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.
  - (a) Employees shall promptly report through the chain of command any loss, damage to or unserviceable condition of any department-issued property or equipment assigned for their use.
  - (b) A supervisor receiving such a report shall investigate the damage or loss and document the investigation in an incident report. The supervisor's report shall address whether reasonable care was taken to prevent the loss, damage or unserviceable condition.
  - (c) The Superintendent of Police or his/her designated representative shall determine negligence.
  - (d) The use of damaged or unserviceable department property should be replaced with comparable department property as soon as available after required notice to a supervisor.
  - (e) Except when otherwise directed by a supervisor or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use is limited to official purposes and in the capacity for which it was designed.
  - (f) Department property shall not be thrown away, sold, traded, donated, destroyed

- or otherwise disposed of without proper authority.
- (g) Employees shall not make uniforms and/or uniform parts available to the general public.
  - (h) Employees shall remove and retain or destroy all patches and insignia which identify the articles as New Orleans Police Department uniform(s) prior to converting the articles to mere clothing or for disposal.
3. In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval.

#### **LOSS OR DAMAGE OF PROPERTY OF ANOTHER**

4. Members may intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement function shall report it as provided below:
- (a) A verbal notification shall be made to the employee's immediate supervisor as reasonably soon as circumstances permit.
  - (b) A written report shall be submitted before the employee ends tour of duty (ETOD) or within the time frame directed by the supervisor to whom the verbal notification was made.

#### **DAMAGE BY PERSON OF ANOTHER AGENCY**

5. If members of an outside agency (not part of the City of New Orleans) cause damage to personal property or property belonging to the City of New Orleans, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off-duty or as otherwise directed by the supervisor.
6. The approved written report(s) shall be forwarded to the appropriate Bureau Commander by the reviewing / approving supervisor by email within 48 hours of approval.

#### **GENERAL**

7. Employees shall obtain individually issued property from the section or division authorized to issue such property.
8. If an employee has no further use for individually issued department property, he/she shall promptly return the property to the section or division from which it was issued.
9. Employees shall promptly return any individually issued department property when instructed by a supervisor.

#### **SECURITY AND RESPONSIBILITY**

10. Employees shall take reasonable precautions to prevent the loss, theft, or damage of Departmental property, police identification, police uniforms or uniform parts.
11. If the member desires to secure property in a vehicle (personal or departmental) it must have a locking trunk.

12. If a vehicle (personal or departmental) does not have a locking trunk the property shall be secured in a locked glove box or locked console within the interior of the passenger compartment.
13. If there is no functional locking mechanism, the property shall be concealed from plain view and secured in the locked passenger compartment (i.e. trucks, SUVs, vans).
14. Only departmentally authorized repairs, approved by the relevant authority, may be made on any Department property.
15. All Departmentally issued firearms shall be stored in the safest manner available at all times when not in use or worn by the member to whom issued.
16. When not on his/her person, the departmentally issued firearm shall be stored in the most secure manner available as listed:
  - (a) A locked gun storage locker either departmental or in the member's residence.
  - (b) Out of reach/sight in the member's residence with a gun lock.
  - (c) Locked inside a cabinet or drawer in the member's residence.
  - (d) If not at his/her residence, secured in the locked truck of his/her vehicle (departmental or personal).
  - (e) If the vehicle has no truck, secured in a locked glove box or locked console within the interior compartment of the vehicle.
  - (f) If there is no locked compartment or trunk of the vehicle, concealed from view and locked inside the passenger compartment of the vehicle.
17. Privately owned firearms of members shall not be used or brought onto City or Departmental property, including in departmental vehicles, unless specifically authorized by the Superintendent of Police or otherwise authorized by law.
18. Members are reminded that City ordinance **54:338 – Responsibility of Owners of Firearms with Respect to Minors** applies to the security of firearms. It shall be unlawful for any person to store or keep any loaded firearm on any premises under his control if:
  - (a) He knows or reasonably should know that a minor is likely to gain access to the firearm without the permission of the parent or guardian of the minor;
  - (b) Unless such person keeps the firearm in a securely locked box or other container or in a location which a reasonable person would believe to be secure, or
  - (c) Uses a trigger lock, gun lock or gun locking device on the firearm, or
  - (d) Carries the firearm on his person or within such close proximity thereto that he can readily retrieve and use it as if he carried it on his person.

## REPORTING DAMAGE OR LOSS

19. For all incident reports involving loss, damage or theft of Departmental property, the reviewing / approving supervisor shall make three (3) copies of the incident report and forward within 48 hours of approval:
  - (a) One (1) copy to the Commander,
  - (b) One (1) copy to the Division Commander of the Division responsible for issuing the damaged/lost equipment, and
  - (c) One (1) copy to the MSB – Budget Services / Fiscal Section.
20. For all incidents involving the loss/theft of Department radio equipment, the reviewing / approving supervisor shall:
  - (a) Forward one (1) additional copy of the report to the Deputy Chief of the Management Services Bureau.
  - (b) Immediately notify MSB – Facility Support / Electronics Section and

## Communications Services.

21. With the loss/theft of Department firearms, Conducted Electrical Weapons (C.E.W.), or Body Armor, the reviewing / approving supervisor shall forward one (1) additional copy of the report to his/her respective Bureau Chief.
22. Department bulletins shall be sent for the loss/theft of the following department property:
  - (a) Badges and/or official Department identification,
  - (b) Radio equipment,
  - (c) Department cell phones,
  - (d) Department laptop computers,
  - (e) Department owned firearms,
  - (f) Member owned firearms carried on-duty,
  - (g) Conducted Electrical Weapons (CEW),
  - (h) CEW cameras,
  - (i) CEW cartridges, or
  - (j) Department-issued body armor.

**INDIVIDUALLY ISSUED DEPARTMENT PROPERTY: RECORDS**

23. The issue and return of individually issued department property shall be permanently and centrally recorded in the **INSIGHT** Property Application. The Commander/Director of the issuing Division or his/her designee shall enter all property issued to or returned by an individual employee. Issuing sections or divisions shall also maintain a property log, bearing a complete description of the issued property, date of issue, date of return, and the signatures of both the issuing employee and the receiving employee. A copy of the issuing and return receipt shall be supplied to the employee.
24. If there is any question as to whether property was issued or returned, a signed receipt shall provide final authority.

**INDIVIDUALLY ISSUED DEPARTMENT PROPERTY: RESIGNATION, TERMINATION OR RETIREMENT**

25. The employee shall obtain from his/her Commanding Officer an individual property record, from the INSIGHT Property Application, listing all Department property for which he/she is accountable.
26. The employee shall obtain a Form #67 (Department Property Issue / Return Form) and hand-carry a copy of his/her property record as each individually issued item is returned.
27. Employees receiving the returned property shall sign and date the record to indicate the property has been returned in good working condition on a Form #67 which can be found under the "Forms" tab at [www.nopd.org](http://www.nopd.org).
28. If Department property is returned in other than good working condition, the employee receiving the property shall record this fact on the Form #67. The employee receiving returned damaged property shall also indicate the repair or replacement cost of the damaged property on the Form #67.
29. Upon completion of the return of all individually issued Department property, the employee shall hand-carry the Form #67 to MSB - Human Resource Services.
30. If the employee is to be assessed for lost or damaged property, he/she may either make a direct payment or may have the amount deducted from his/her paycheck.

31. The employee's final paycheck shall be withheld until all departmentally issued property is accounted for and/or restitution is made for the lost or damaged property.

#### **SEARCH OF DEPARTMENT OWNED PROPERTY**

32. All supervisors may request New Orleans Police Department property and city owned property be searched at any time. The search of the property may include but is not limited to:
  - (a) Police Department/City owned or operated vehicles;
  - (b) All department property;
  - (c) All department desks; or
  - (d) All department lockers.
33. Reasonable effort shall be made to conduct the search in the presence of the employee who is responsible for or assigned the property.
34. When the employee is not available, the search shall be conducted in the presence of at least one of the employee's supervisors.
35. If a criminal investigation is being conducted, members of the Public Integrity Bureau shall be notified prior to the search of the property.

#### **MONITORING CONVERSATIONS**

36. Department offices, work areas, telephones and vehicles may be electronically recorded and/or monitored only with the prior written consent of the Superintendent of Police and only for the security of department operations and the verification of an allegation the employee is violating department rules, policies, procedures or orders.

#### **INVENTORY CONTROL OF DEPARTMENT PROPERTY, EQUIPMENT, AND OTHER ASSETS**

37. The Deputy Chief of the Management Services Bureau is designated as the Fixed Asset Coordinator and is responsible for maintaining a master inventory of all Departmental property and equipment with a value of \$500 or more and which has a useful life of at least one (1) year, per CAO Policy Memorandum No. 48 (R).
38. The Fixed Asset Coordinator shall be responsible for coordinating physical inventory, ensuring new purchases are tagged and recorded and transfers are properly recorded.
39. To assist the Fixed Asset Coordinator, the Director of Fiscal Services shall ensure the fiscal management staff orders and obtains inventory forms and City property tags from the Department of Finance, Bureau of Accounting, when purchasing items valued at \$500 or more and with a useful life of at least one (1) year.
40. The Director of Fiscal Services shall ensure the tags are appropriately affixed to the items and a copy of the inventory forms forwarded to the Fixed Asset Coordinator to be included in the master Departmental inventory.
41. The Fixed Asset Coordinator shall record and update additional information such as condition, useful life, maintenance requirements, and warranty data.
42. Items not requiring inventory include consumable items such as office supplies, paper, pens, files folders, etc.

43. Completion of the Police Inventory Control form (Form 37), which can be found under the "Forms" tab at [www.nopd.org](http://www.nopd.org), is required for receiving, transferring, declaring surplus, or reporting the change of the physical location of items already tagged.
- (a) Part I shall be completed on all forms. For each item, complete Part II, III or IV, as appropriate.
  - (b) Part II of the form shall be used for new purchases received and items presently in use but not on inventory.
  - (c) Part III of the form shall be used for declaring items surplus (only the Deputy Chief of the Management Services Bureau, designated as the Fixed Asset Coordinator, or the Director of Finance for the City of New Orleans can declare items surplus). Lost or stolen items and items destroyed (accidentally or through criminal conduct) shall include the report and item number.
  - (d) Part IV of the form shall be used for items originally assigned to one Bureau, Section, etc. and are being transferred to another Bureau, Section, etc. Only complete the section that pertains to the item. If any information is unknown, in the blank write UNKNOWN. If the employee is not sure of the information leave it blank.

#### **USE OF INVENTORY CONTROL TAGS**

44. All Inventory Control Tags shall be placed in a location of easy access and visibility.
45. Items too small to affix an Inventory Control Tag shall, when possible, be engraved with the tag number. The tag shall be placed on a copy of the Police Inventory Control Form which shall be maintained on file in the unit responsible for the item(s).
46. In cases where the Control Tag cannot be affixed and the item cannot be engraved a copy of the Inventory Control form shall be forwarded to the Deputy Chief of the Management Services Bureau (Fixed Asset Coordinator) and to the Deputy Chief in command of the bureau where the item is utilized.

#### **COMMANDER'S RESPONSIBILITIES**

47. All Commanders shall review the INSIGHT Property Application for his/her bureau every six (6) months, by location.
48. This review shall check the item listed against all inventoried items located under their command.
49. Any item not appearing on the Property Application and/or not able to be located shall be noted and an interoffice correspondence generated. The correspondence, with a description of the items not noted on the Property Application and/or not located, shall be forwarded to the Deputy Chief of the Management Services Bureau or his/her designee. Any items that are not located and/or not accounted for shall be documented as per this Chapter.
50. All Commanders shall receive an internal monetary asset report every six (6) months, by location, of all monetary assets under their command. This printout shall include, but is not limited to, all "buy money" within the narcotics unit, all vending machine accounts, and all grant equipment purchased as well as where this grant equipment is currently located.
51. All Commanders will request a printout of all equipment purchased with grant monies from the Grants Allocation Unit and all narcotics "buy money" allocated to their

- command from ISB - Narcotics every six months to coincide with this internal monetary asset report.
52. Should there be any discrepancies in the asset inventory report, the Deputy Chief of the Public Integrity Bureau shall be notified and determine if an investigation should be initiated.
  53. Upon any change of command, the new Commander shall review the INSIGHT Property Application and conduct an inventory check regardless of the time since the last inventory check.
  54. Upon any change of command:
    - (a) All Commanders shall receive an internal asset report, by location, of all monetary assets under their command. This printout shall include, but is not limited to, all fundraising monies, all Police and Justice Foundation monies, all "buy money" within the narcotics unit, and all vending machine accounts.
    - (b) All commanders shall receive an internal asset report on all grant monies received, spent, and equipment purchased as well as where this grant equipment is currently located.
    - (c) Should there be any discrepancies in the asset inventory report, the Deputy Chief of the Public Integrity Bureau shall be notified and determine if an investigation should be initiated.
  55. Any item(s) appearing on the INSIGHT Property Application that is not under the control of the Commander or at its location shall be documented in an interoffice correspondence.
  56. The correspondence shall indicate the disposition of the property, its present location, and condition, if known.
  57. Any items that are not located and/or not accounted for shall be documented as per this Chapter.
  58. At announced intervals, employees of the Compliance Bureau shall make an inventory survey. The completed inventory report shall be kept on file at the unit where the inventory is being completed. In addition, a copy of the completed inventory report shall be sent to the Deputy Chief of the Management Services Bureau where this report shall be reviewed and kept on file.

#### **DUPLICATE KEYS-LOCKS**

59. Requests shall be prepared in duplicate and submitted to the Management Services Bureau utilizing Form 172 (Duplicate Key Request) which can be found under the forms tab at [www.nopd.org](http://www.nopd.org). The form shall be completed in its entirety, including the reason for the needed service.
60. Requests for keys, a request to change the combination of a safe, or a request for the re-keying of locks shall be forwarded to the Deputy Chief of the Management Services Bureau for approval.
61. Approved requests shall be forwarded to the proper unit within the Police Department for completion or forwarded to the appropriate outside vendor.
62. Disapproved requests will be forwarded by the Management Services Bureau to the requesting Unit/Division (through the chain of command) with an explanation as to why

the request was disapproved.

63. In those instances where the changing of locks, mechanisms, combinations, etc. are approved by the Deputy Chief of the Management Services Bureau, Management Services Bureau shall provide and forward additional keys, or provide combinations, to the Superintendent of Police and the Deputy Chief of the Bureau where the work was completed.
64. Commanders are responsible for having duplicated keys to all Department offices, work areas, and vehicles under his/her supervision.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.4

### TITLE: DAMAGE AND REPAIRS TO PRIVATE PROPERTY

**EFFECTIVE: 12/3/2017**

**REVISED: Replaces Policy 232**

---

#### PURPOSE

The purpose of this Chapter is to provide for the reporting and documentation of incidents where private property has been damaged during the execution of police duties or when the police department determines private property has been damaged by another agency of city government or by city property.

#### INSTRUCTIONS

1. When privately owned property is damaged during the execution of official police duties, the investigating officer shall prepare a separate incident report (EPR) on the circumstances surrounding the property damage prior to the completion of his/her tour of duty.
2. The item number of any related incident report (EPR) arising out of the officer's official duties shall be made part of the report documenting the damaged property.
3. Copies of the approved incident report (EPR) shall be forwarded, within twenty-four hours of approval by the approving supervisor to the:
  - (a) Commander of the Management Services Bureau;
  - (b) Commander of the Bureau supervising the individual(s) involved in the damaged property;
  - (c) City Attorney's Office; and
  - (d) Public Integrity Bureau.
4. In those instances where a structure is damaged to such an extent that it cannot be secured without repairs, the investigating officers at the scene of the incident shall notify Communications Services.
5. Communications Services shall notify the Commander of the Management Services Bureau to effect temporary repairs.
6. The investigating officer(s), or another assigned officer shall remain on the scene until the arrival of the representative of the Management Services Bureau and, upon request of the Management Services Bureau representative, remain on the scene until temporary repairs are completed.

7. Temporary repairs, sufficient to secure the premises, will be completed by Management Services Bureau personnel to all unsecured structures involving burglaries and criminal damage to property where the owner or a concerned party cannot be contacted to secure the premises.
8. A copy of the incident report (EPR) documenting the attempts to contact an owner or representative and the repairs performed shall be forward to the Management Services Bureau within twenty-four hours of approval by the approving supervisor.
9. Incidents involving fallen trees on city property, fallen telephone or utility poles, or other like structures, which damage private property and the property owner or representative cannot be contacted shall be temporarily secured by a representative of the Management Services Bureau.
10. A copy of the incident report (EPR) shall be forwarded by the approving supervisor within twenty-four hours of approval to:
  - (a) The Management Services Bureau;
  - (b) The City Attorney's Office; and
  - (c) The city agency or utility that had primary responsibility for the object which caused the damage to the private property.
11. In all instances where a representative of the police department completes temporary repairs to a structure, an appropriate incident report (EPR) shall be generated by the District / Division officer handling the original call for service.
12. In all instances there is damage to private property, or a claim of damage to private property, photos shall be taken.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 17.5

### TITLE: GRANTS

**EFFECTIVE: 10-22-2017**

**REVISED: Replaces Policy 233**

---

#### PURPOSE

The purpose of this Chapter is to establish uniform processes for grant applications, grant concepts, grant reporting, and grant site visits.

#### DEFINITIONS:

**Continuation / Continuation Grant**—An extension or renewal of existing program funding for one or more additional budget periods.

**Grant Adjustment/Modification**—Any change and/or correction for any programmatic, administrative, or financial alteration associated with a grant award. These must be approved by the funding source.

**Grant**—Federal, state, municipal, or private funds, equipment, services, technology, or training procured by the NOPD for a specific purpose or the attainment of specific goals and objectives.

**Grant Project Director**—The member of the NOPD or partner organization with NOPD on a grant who manages and administers the project and is often times the primary contact. Primary responsibilities include:

- (a) Executing the project as outlined in the funded proposal while adhering to agency grants administration policies and procedures.
- (b) Coordinating with the Grants Administration Unit (GAU) Grant Manager to carry out the project's financial plan as presented in the proposal.
- (c) Reporting project progress to the GAU Grant Manager as outlined in the terms of the award.
- (d) Maintaining an accurate record of project-related expenses.
- (e) Complying with all applicable sponsor rules, regulations, and/or terms and conditions of the award.

**Supplementing**—To build upon or add to. Funds must be used in addition to the local dollars to enhance service provision.

**Supplanting**—To replace or take the place of local funding. NOT allowed by federal law.

**GRANT PROCESS**

1. Members desiring to apply for a grant shall meet with members of the MSB GAU. The GAU personnel will study the proposal and, if approved by the Superintendent of Police, prepare the grant application and submit it to the appropriate agency.
2. Individual members outside GAU shall not contact federal, state, municipal, or private agencies to solicit grants. All Response for Proposals (grant applications), Grant Concept Papers, Reimbursement Agreements, and Non-Competitive Awards shall be originated by the Management Services Bureau (MSB) GAU.
3. All grant applications to federal, state, municipal, or non-profit agencies generated through any public/private foundation or non-profit agency as a conduit for the NOPD shall be submitted to the MSB GAU, in advance of submission for proper coordination, origination, and documentation.
4. Upon draft or request for Federal and/or State Grant Agreements, Cooperative Endeavor Agreements (CEA), Memorandum of Understanding and/or Agreement (MOU/MOA), Contracts, amendments, grant adjustments/modifications, and continuations by any member of the Department, the originals and copies of drafts, partially signed or executed documents still requiring signatures **shall be forwarded** to the MSB GAU.
5. Upon final execution of Federal and/or State Grant Agreements, CEA, MOU/MOA, Contracts, amendments, grant adjustments/modifications, and continuations by any member of the Department, the originals and copies of signed, executed documents **shall be forwarded** to the MSB GAU.
6. Copies of all purchase quotes/bids, sole-source documentation, purchase requisitions, P.O.'s, invoices, and/or expenditures involving third-party agreements for payment, CEA, and MOU/MOA shall be forwarded to MSB GAU by the respective Grant Project Director.
7. Members receiving information of a site visit, or a grant-monitoring visit conducted by a federal, state, or municipal representative or other individual representing the awarding agency or institution shall notify the MSB GAU prior to the visit. Such notification shall be made by departmental email to the Management Services Bureau grant manager assigned to the grant and the Grant Project Director immediately upon receiving the information on the pending visit.
8. Questions concerning grants or grant related matters and shall be directed to the MSB GAU.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.2

### TITLE: LIMITED-DUTY ASSIGNMENTS

**EFFECTIVE: 12/10/2017**

**REVISED: Replaces Policy 1054**

---

#### PURPOSE

To establish the authority for temporary limited-duty assignments and procedures for granting temporary limited-duty assignments to eligible employees. The effective use of employee skill and talent is important to the operation of the Department, including, when practicable, periods when an employee's ability to work may be temporarily limited or restricted. Temporary limited-duty assignments can provide benefits to the Department and employees.

#### POLICY STATEMENT

1. Limited-duty assignments are for commissioned officers and civilian employees who, because of injury, illness or disability, are temporarily unable to perform their regular assignments but who are capable of performing alternative duty assignments.
2. The use of temporary limited-duty assignments is intended to provide employees with an opportunity to remain productive while recovering as well as provide a work option for employees who may otherwise risk their health and safety or the safety of others by remaining on duty when physically or mentally unfit for their regular assignment.
3. Eligible personnel shall be given a reasonable opportunity to work in a limited-duty capacity where appropriate assignments are available and consistent with this Chapter.
4. Limited-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a temporary basis while providing the Department with a productive employee during the interim.
5. The Department will engage in a good faith interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability.

#### DEFINITIONS:

**Eligible Personnel**—Any full-time commissioned or civilian employee of this department suffering from a medically certified injury or disability requiring treatment from a licensed health-care provider and who, because of injury, illness or disability, is temporarily unable to perform his/her regular assignment but is capable of performing an alternative assignment.

**Limited Duty**—A temporary limited-term assignment not requiring performance of the full range

of duties associated with the regular job classification. Limited duty also may be termed as light-duty assignments.

### LIMITATIONS

6. Temporary limited-duty positions are limited in number and variety and may not be available at any particular time.
7. To qualify and be considered for a limited-duty assignment, the employee shall be transferred to Administrative Duties Division (ADD) for monitoring and supervision prior to granting such an assignment.
8. Transfer to Administrative Duties Division and Physician's Examination Certification entry requirements are available in the MSB - Administrative Duties Division office. **Physician's Examination Certification (NOPD Form 50)** can be found at <http://www.nopd.org> under the Forms tab.
9. The Department will conduct a pre-termination hearing, according to **Rule IX of the Civil Service Rules**, relative to Maintaining Standards of Service every 30 days for employees assigned to Administrative Duties Services. The hearing will be held within 15 calendar days after the employee is notified of such in writing following Civil Service Rules.
10. Personnel injured or otherwise disabled whose classification has been deemed in the line of duty shall be given preference in initial assignment to limited-duty.
11. Under the Worker's Compensation Statute, the Department shall provide a temporary limited-duty assignment to those employees who may return to a modified position consistent with their rehabilitation (La R.S. 23:1226).
12. The Deputy Chief of MSB may change temporary limited-duty assignments at any time, if deemed in the best interest of the employee or the agency.
13. This Chapter shall not affect the rights of employees under provisions of the Family and Medical Leave Act, Fair Labor Standards Act, Americans with Disabilities Act, or other Federal or State law.
14. Assignment to limited duty shall not affect an employee's pay classification, pay increases, promotions, retirement benefits or other City employee benefits.
15. No specific, long-term or permanent position within this Department shall be established for use as a temporary limited-duty assignment, nor shall any existing position be designated or designed exclusively for personnel on limited-duty.
16. Limited-duty assignments are strictly temporary and shall not exceed six months in duration unless specifically authorized in writing by the Deputy Chief of MSB.
17. After six months, personnel on temporary limited-duty assignment who are not capable of returning to their original full duty assignment shall do one of the following:
  - (a) Present a request for extension of limited duty, with all necessary supporting documentation, including a current NOPD Form 50, to Administrative Duties Division. This form must include a detailed description of the employee's restrictions and limitations which prohibit him/her from serving in full-duty capacity and be submitted on or before 10 calendar days of the six month deadline.

- (b) Pursue other options as provided by employment provisions of this agency through Civil Service, Federal or State law.
  - (c) Avail themselves of one or more authorized paid leave classifications.
18. Employees unable to return to full-duty status after assignment to a limited-duty position for one year (365 days) must do one of the following prior to the 365th day on limited-duty:
- (a) Request and receive approval for a medical leave of absence.
  - (b) Apply and receive approval for a disability retirement.
  - (c) Resign.
  - (d) Pursue other options as provided by employment provisions of this Department through Civil Service, Federal or State law.
  - (e) Avail themselves of one or more authorized paid leave classifications.
19. Employees on temporary limited duty are prohibited from engaging in outside employment and police secondary employment in which they may reasonably be expected to perform law enforcement functions for which they have been determined physically or mentally unable to perform on behalf of this Department and which form the basis for their temporary limited-duty assignment.
20. Depending upon the nature and extent of the disability, a commissioned officer on limited duty may be prohibited or restricted from wearing the departmental uniform and carrying the service weapon or otherwise limited in using police powers as determined by the Superintendent of Police or his/her designee.
21. **Limited-duty assignments shall not be utilized for disciplinary purposes.**
22. Employees may not refuse temporary limited-duty assignments which are supported by and consistent with the recommendations of an attending physician or certified health-care provider.
23. Employees may protest temporary limited-duty assignments by using established agency grievance procedures (see: **Chapter 25.1 – Employee Grievances**).
24. Failure or refusal to accept a temporary limited-duty assignment may result in a 50% reduction in the employee's weekly Worker's Compensation benefits pursuant to La R.S. 23:1226(E).
25. Failure to accept a limited-duty assignment may also result in initiation of Rule IX proceedings.

#### **PROCEDURE FOR REQUESTING LIMITED-DUTY ASSIGNMENT**

26. Employees may request assignment to limited-duty by completing Form 50 and providing a signed statement from their health care provider describing their restrictions, limitations and expected duration of the restrictions to their Bureau Chief. The statement must also indicate if the employee requires any workplace accommodations, mobility aids or medical devices.
27. The Bureau Chief will determine what limited-duty assignments, if any, are available based on the needs of the Department, limitations of the employee and suitability of the employee to work a particular limited-duty assignment. Requests for a limited-duty assignment of 20 hours or less may be approved and facilitated by the employee's Commander or Bureau Chief.

**TEMPORARY LIMITED-DUTY ASSIGNMENTS**

28. Temporary limited-duty assignments may be available from a range of technical and administrative areas of the Department which include, but are not limited to, the following assignments:
  - (a) Administrative functions (e.g. report review);
  - (b) Clerical functions (e.g. filing);
  - (c) Desk assignments (e.g. administrative duties); or
  - (d) Report taking (e.g. Alternative Police Response Unit (APRU)).
29. Administrative Duties Division shall maintain a listing of available job assignments that qualify for use as temporary limited-duty assignments.
30. Decisions on temporary limited-duty assignments shall be made based upon the availability of an appropriate assignment given the applicant's knowledge, skills and abilities; availability of limited-duty assignments; and the physical limitations imposed on the employee.
31. When possible, employees shall be assigned to positions consistent with their rank and pay classification.
32. Personnel may be assigned to positions designated for personnel of lower rank or pay classification. Employees thus assigned shall:
  - (a) Retain the privileges of their rank;
  - (b) Answer to the supervisory officer of the unit to which they are assigned with regard to work responsibilities and performance; and
  - (c) Retain their pay classification and related benefits held prior to their assignment to temporary limited-duty.

**REQUEST FOR AND ASSIGNMENT TO TEMPORARY LIMITED DUTY**

33. Requests for temporary limited-duty assignments shall:
  - (a) Be submitted to the Commander of Administrative Duties Division by the employee; and
  - (b) Be accompanied by a Form 50 and a statement of medical certification to support a requested reassignment, signed either by the treating physician or other appropriate licensed healthcare provider.
    - i. The medical certification must include an assessment of the nature and probable duration of the disability, prognosis for recovery, nature of work restrictions and an acknowledgment by the health-care provider of familiarity with the limited-duty assignment and the fact the employee can physically assume the duties involved.
34. Commander of Administrative Duties Division shall make a determination regarding assignment.
35. Administrative Duties Division may require the employee to submit to an independent medical examination by a health provider of the Department's choosing.
36. In the event the opinion of this independent medical health provider differs from the employee's health provider, the employee may request a third opinion at the employee's expense.
37. The employee and representatives of this Department shall cooperate and act in good faith in selecting any third health-care provider, and both parties shall be bound by that

medical decision.

38. An employee not assigned to Administrative Duties Services, who has not requested temporary limited-duty, may be recommended for such assignment by submission of a request from the employee's immediate supervisor or unit commander. An employee assigned to Administrative Duties Services who has not requested temporary limited-duty may be recommended by the Commander of the Administrative Duties Section. Such a request must be accompanied by an evaluation of the employee conducted by a competent medical authority documented on a Form 50, expressing the need or justification for a return to limited-duty, or by a request for a medical or psychological fitness for duty examination. Conditions include:
- (a) Notice shall be provided to the employee of the proposed limited-duty assignment with justification for the recommendation.
  - (b) The employee may challenge the proposed reassignment using established agency grievance procedures.
  - (c) Pending results of a grievance procedure, an employee may be reassigned if, in the opinion of the Superintendent of Police, failure to reassign may jeopardize the safety of the employee, other employees or the public.
39. As a condition of continued assignment to a limited-duty position, employees shall submit to monthly physical assessments of their condition as specified by Administrative Duties Division.

#### **LIMITED-DUTY SCHEDULES**

40. The schedules of employees assigned to limited duty may be adjusted to suit medical appointments or department needs at the discretion of the employee's Bureau Chief.
41. The employee and his/her supervisors shall be informed, in writing, of the schedule, assignment, and limitations and restrictions pertaining to the temporary limited-duty assignment as determined by the employee's health care provider.

#### **ACCOUNTABILITY**

42. The employee's limited-duty assignment supervisor shall ensure proper time accountability and shall complete and process a change of shift/assignment form.
43. Responsibilities include:
- (a) Employees on limited duty shall coordinate required doctor visits and physical therapy appointments in advance with their limited-duty assignment supervisor to appropriately account for any duty time taken.
  - (b) Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.
  - (c) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their limited-duty assignment supervisor of any change in restrictions or limitations as determined by their health care provider.
  - (d) An employee assigned to a limited-duty assignment shall provide a duty status report to his/her supervisor no less than once every 30 days while the employee is on limited-duty.
  - (e) Limited-duty assignment employee supervisors shall keep his/her Bureau Chief apprised of the employee's status and ability to perform the limited-duty assignment.
  - (f) Limited-duty assignments that extend beyond 60 days will require a written status

report and a request for an extension to the Bureau Chief, with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Superintendent of Police or his/her authorized designee.

- (g) When it is determined that an employee on limited duty will return to regular duty, the limited-duty assignment supervisor shall notify his/her Bureau Chief and complete and process a change of shift/assignment form.
- (h) All training and certification necessary for the employee's return to full duty shall be reviewed by the limited-duty assignment supervisor, scheduled by/for the employee as necessary and documented in writing to the employee and the Bureau Chief. This includes, at a minimum, annual in-service training, firearms re-qualification, driver training and all mandatory annual training for the employee's job classification.

### **MEDICAL EXAMINATIONS**

- 44. The Department reserves the right to require, prior to the employee returning to full-duty status, a fitness-for-duty examination of any employee assigned to a limited-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.
- 45. Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

### **PREGNANCY**

- 46. It is the policy of the Department to reassign employees who are pregnant to temporary assignments that will not routinely expose the employee to potentially hazardous environments or activities (La R.S. 23:342). This may be upon request of the employee or when deemed necessary by the Department.

### **EMPLOYEE NOTIFICATION OF PREGNANCY**

- 47. An employee should notify her immediate supervisor or a designated acting supervisor as soon as practicable after learning of her pregnancy. The employee must inform the Department of her intent regarding reassignment, job accommodations and anticipated leave for the pregnancy or prenatal care. The employee shall also submit a statement from her health care provider of any job restrictions or limitations she may have.
- 48. While assigned to limited duty, pregnant employees must submit, on a monthly basis, a physician's medical certificate and a Form 50 that documents:
  - (a) The employee's physical ability to perform the present assigned duties;
  - (b) The physician's appraisal that the type of work being performed will not injure the employee or her expected child;
  - (c) Any recommended duty restrictions or modifications including limited duty.

### **SUPERVISOR'S RESPONSIBILITY FOR EMPLOYEE PREGNANCIES**

- 49. Upon receiving the medical verification of the pregnancy and a request for job accommodation, reassignment or leave, the employee's supervisor shall notify his/her Bureau Chief.
- 50. The Bureau Chief shall consider assigning the employee to an available temporary limited-duty assignment if it is deemed appropriate by the Department and medically

necessary by the employee's health care provider.

51. If at any point during the pregnancy it becomes medically necessary for the employee to take a leave of absence, such leave shall be granted consistent with the City's personnel rules and regulations regarding family and medical care leave.

#### **PROBATIONARY EMPLOYEES**

52. Probationary employees who are assigned to a temporary limited-duty assignment shall have their probation extended by a period of time equal to the employee's assignment to limited-duty, not to exceed one year.

#### **MAINTENANCE OF CERTIFICATION AND TRAINING**

53. Employees assigned to limited-duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions.
54. Employees who are assigned to limited duty shall inform their supervisor of any inability to maintain existing certification, training or qualifications.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.2.6

### **TITLE: OFFICER ASSISTANCE PROGRAM: MEMBER MENTAL HEALTH SERVICES**

**EFFECTIVE: 04/30/2017**

**REVISED:**

---

#### **PURPOSE**

The New Orleans Police Department is committed, whenever possible, to ensuring the safety and well-being of all members and their families. NOPD members may experience events that will evoke intense emotional reactions (trauma) and can threaten to overwhelm their usual psychological coping abilities. NOPD recognizes that its members will experience the same stressors and mental health issues as the general population and, in addition, those stressors which are unique to the profession of policing and to police family life. The purpose of this policy is to provide guidance on how mental health professionals will respond to stressors and traumatic events experienced by NOPD members, in a timely and effective fashion that enhances the affected NOPD members' psychological well-being and their ongoing capability to carry out their duties in a professional manner.

#### **POLICY STATEMENT**

The Department supports and encourages members in securing high quality, confidential assistance. In keeping with this commitment, the Department has established the Officer Assistance Program, staffed with clinical professionals and trained peer assistance specialists who provide confidential counseling and consultation.

1. Emotional problems may have a negative impact on performance, and, in extreme instances, may present a danger to the welfare and safety of officers, their families, the public and fellow officers.
2. The Officer Assistance Program shall provide members and their families with access to mental health services.
3. The Officer Assistance Program is governed by a policy of confidentiality when allowed by law, which mandates that no information, including identifying factors, identifying biographical material, clinical notes, or therapy issues can be reported to, or requested by, the Department. Individual members should expect, and shall be granted, complete privacy when seeking counseling assistance through the Officer Assistance Program.
4. Officer Assistance Program services are not conducted in a police facility.

## DEFINITIONS

Definitions relevant to this Chapter include:

**Traumatic incident**—A traumatic or critical incident is a mentally painful and highly stressful event that cannot be resolved through normal, stress-coping mechanisms. These events may cause disabling emotional and physical problems unless members are adequately treated. A traumatic incident is defined by an individual's unique, internal reaction to an event, not necessarily the external appearance or apparent magnitude of the event. It is not necessarily a life-threatening incident. Common incidents that pose the increased potential for trauma include, but are not limited to:

- Shootings
- An actual or perceived threat to one's life or of grievous physical harm
- Suicide or suicide attempt by a colleague
- Serious injury inflicted on, or death of, a colleague
- Serious injury or death of a non-member, especially a child, under particularly tragic or grotesque circumstances
- Cruelty/abuse to a child
- Line of duty contact with friend/relative during a tragic/traumatic event
- Death or injury of a person resulting from duty operations
- Perceived 'failure' during a tragic/traumatic event
- Large scale or prolonged disaster
- Events with high media exposure
- **Any** tragic/traumatic event that may have private/personal emotional significance to a member, particularly when the event is characterized by: relative surprise; intense negative emotion; and perceived helplessness.

**Peer assistance specialist (PAS)**—An individual who has received training in critical incident stress management and who has been designated to provide emotional and moral support and counseling to an NOPD member who needs those services as a result of a traumatic incident in which the NOPD member was involved while acting in his/her official capacity. A peer assistance specialist may be an emergency responder, a civilian volunteer of an emergency service agency or entity.

**Traumatic Incident Team**—A group of qualified mental health professionals who are responsible for responding to traumatic incidents and providing mental health triage and assistance. The Team includes the OAP director and licensed mental health professionals, police chaplains, peer assistance specialists, and an external police psychologist.

**Team leader**—The team leader for a traumatic incident will be coordinated by the Director of the Officer Assistance Program. The team leader is responsible for identifying the members and coordinating the response of the traumatic incident team.

## GENERAL

5. The Officer Assistance Program is staffed by licensed mental health professionals. Department members and the members' immediate or extended families may seek counselling, but are not mandated to seek counselling.
6. The Officer Assistance Program office can be contacted Monday through Friday between the hours of 8 a.m. and 4 p.m. via e-mail, and phone.

7. The Officer Assistance Program Director can be reached by phone after hours at (504) 247-4525. The Director of the Officer Assistance Program should only be contacted by the on-scene supervisor after 4 p.m. when a traumatic incident occurs. Member self-referrals occurring after hours will be contacted the following day. If there is an emergency, members should contact the Officer Assistance Program on a call-out basis.
8. The services of mental health professionals may be invoked by member self-referral or, in the case of a NOPD member experiencing a life-threatening traumatic incident, by referral of the NOPD member by a supervisor or peer counselor.
9. All services offered by the Officer Assistance Program are available to Department members and the members' immediate or extended families. A list of external providers is available to Department members and the members' immediate or extended families for use after 4 p.m.
10. All counseling services provided by the Officer Assistance Program are free of charge. Referrals to a private therapist, specialist, outside agency, or hospital, however, are to for-profit, non-Department providers that may charge a fee. Information regarding referral sources, credentials, programs, and the level of care provided may be obtained by the Officer Assistance Program. Trained mental health professional from this program will conduct follow-up sessions with the members after they receive counseling services from an outside entity to ensure the quality of care provided by the outside entity is satisfactory to the members.
11. The Officer Assistance Program has been established to provide confidential supportive assistance, including peer assistance and referral services, for all Department members and their families. Comprehensive services include:
  - (a) stress management training;
  - (b) alcohol and substance abuse support service and prevention training;
  - (c) couples counseling;
  - (d) individuals counseling;
  - (e) family crisis intervention;
  - (f) grief counseling;
  - (g) communication skills;
  - (h) anger management and conflict resolution;
  - (i) traumatic incident stress management;
  - (j) referrals to pastoral counseling;
  - (k) gambling; and
  - (l) debt management.
12. The services provided by the Officer Assistance Program are designed, and tailored, to meet the unique needs of each and every Department member as well as that member's family. This is accomplished by maintaining a network of quality resources (i.e., treatment facilities, self-help and support groups, and stress management training), which allow the program to respond promptly to the needs of each individual.

## **CONFIDENTIALITY**

13. The Officer Assistance Program will provide a trained mental health professional to advise the Department members and the members' immediate or extended families of any limitations to confidentiality with the mental health professional prior to the start of counseling if a family member or significant other of a Department member is in counseling with the Officer Assistance Program.

14. Counseling notes shall not be maintained by any member of the Officer Assistance Program on any member in counseling unless prior written approval has been obtained from the member.
15. No personally identifying information will be shared with the Department. No audit or review by the New Orleans Police Department can be conducted of the counseling documents maintained by the Officer Assistance Program. Member and members' family members will be provided with a confidentiality form, including the protections afforded to them before receiving counselling services with the Officer Assistance Program.

Confidentiality is protected according to the following laws:

- (a) Federal Rule of Evidence 501 (Fed. R. Evid. 501) is a general rule of evidence which states that no federal rule of evidence will modify or supersede existing law relating to the privilege of a witness, person, government, state, or political subdivision.
  - (b) Louisiana Code of Evidence Art. 518 (La. Evid. Code art. 518) provides that a trained peer assistance member shall not be compelled to testify about any communication made to the trained peer assistance member by another officer.
  - (c) Louisiana Revised Statute Title 37 Section 2718 (La. Stat. Ann. § 37:2718) provides a confidentiality privilege protecting social workers from being required to disclose any information acquired from persons consulting the social worker in his or her professional capacity.
16. The exceptions to confidentiality for the Officer Assistance Program imposed by law or by professional regulation on all psychologists, psychiatrists, family therapists, and psychotherapists include:
    - (a) **Threats of physical harm**—If any individual in counseling threatens to harm another person, the mental health professional is required by law and professional regulation to notify the threatened person and the Police Department.
    - (b) **Suicide**—Any mental health professional who reasonably believes that a client is seriously contemplating suicide is required by law and professional regulation to do everything possible to prevent such an attempt, including making whatever notifications are necessary to stop the attempted suicide.
    - (c) **Child, domestic, and elder abuse**—If a client discloses participation in abuse of a child, domestic partner, a person with a disability, or an elderly person, the therapist must notify the appropriate agency of such abuse.
    - (d) **Malpractice**—A therapist may use counseling material in defense of malpractice allegations.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.2.7

### **TITLE: OFFICER ASSISTANCE PROGRAM: TRAUMATIC INCIDENT STRESS MANAGEMENT**

**EFFECTIVE: 04/30/2017**

**REVISED:**

---

#### **PURPOSE**

The purpose of this Chapter is to provide guidelines that shall be uniformly applied to the management of stress resulting from traumatic incidents. Providing support after any traumatic incident will assist in minimizing the chances that involved members will suffer from negative physical, cognitive, emotional, and behavioral reactions.

#### **POLICY STATEMENT**

1. The Officer Assistance Program provides Department members and their families with a comprehensive system of services surrounding the occurrence of traumatic incidents. This provides members with the opportunity to understand and put into perspective the emotional and/or psychological impact of a traumatic incident. The debriefing process is not a critique of any assignment or action taken by the member.
2. Law enforcement duties often expose officers and support members to mentally painful and highly stressful situations that cannot be resolved through normal, stress-coping mechanisms. These situations may cause disabling emotional and physical problems unless members are adequately treated. Traumatic incidents such as officer-involved shootings, vehicle accidents, line-of-duty deaths, and gruesome homicides may cause adverse reactions and behaviors in members.

#### **DEFINITIONS**

**Traumatic incident**—A traumatic or critical incident is a mentally painful and highly stressful event that cannot be resolved through normal, stress-coping mechanisms. These events may cause disabling emotional and physical problems unless members are adequately treated. A traumatic incident is defined by an individual's unique, internal reaction to an event, not necessarily the external appearance or apparent magnitude of the event. It is not necessarily a life-threatening incident. Common incidents that pose the increased potential for trauma include, but are not limited to:

- Shootings
- An actual or perceived threat to one's life or of grievous physical harm
- Suicide or suicide attempt by a colleague
- Serious injury inflicted on, or death of, a colleague
- Serious injury or death of a non-member, especially a child, under particularly tragic or grotesque circumstances
- Cruelty/abuse to a child
- Line of duty contact with friend/relative during a tragic/traumatic event
- Death or injury of a person resulting from duty operations
- Perceived "failure" during a tragic/traumatic event
- Large scale or prolonged disaster
- Events with high media exposure
- **Any** tragic/traumatic event that may have private/personal emotional significance to a member, particularly when the event is characterized by: relative surprise; intense negative emotion; and perceived helplessness.

**Post-traumatic stress disorder**—An anxiety disorder that can result from exposure to a traumatic event and is diagnosed as such if symptoms persist after 30 days.

**Traumatic Incident Team**—A group of qualified mental health professionals who are responsible for responding to traumatic incidents and providing mental health triage and assistance. The Team includes the OAP director and licensed mental health professionals, police chaplains, peer assistance specialists, and an external police psychologist.

**Team leader**—The team leader for a traumatic incident will be designated by the Director of the Officer Assistance Program. The team leader is responsible for identifying the members and coordinating the response of the traumatic incident team.

**Peer assistance specialist (PAS)**—An individual who has received training in critical incident stress management and who has been designated to provide emotional and moral support and counseling to a NOPD member who needs those services as a result of a traumatic incident in which the NOPD member was involved while acting in his/her official capacity. A peer assistance specialist may be an emergency responder, a civilian volunteer of an emergency service agency or entity, a volunteer counselor, or a mental health services provider.

**Critical Incident Stress Management (CISM)**—An intervention protocol, conducted by peer assistance specialists, developed specifically for dealing with traumatic incidents. It is a formal, highly structured, and professionally recognized process for helping those involved in a critical incident to share their experiences, vent emotions, and learn about stress reactions and symptoms. A PAS can refer any member to the Officer Assistance Program for further assistance if required. It is a confidential, voluntary and educational process, sometimes called "psychological first aid."

**One-on-One Counseling**—Counseling that occurs, after a critical incident, with at least one member of the Traumatic Incident Team.

**Groups Counseling**—Counseling that occurs, after a critical incident, with at least one member of the Traumatic Incident Team and a group of employee members and/or the members' immediate or extended families.

## PROCEDURES

3. During any period where it is reasonable to believe that members may experience

physical, cognitive, emotional, and/or behavioral reactions to a traumatic incident, the Department shall provide members with the proper mental health services. The list of services includes, but is not limited to:

- (a) Preventative education and training in pre-incident stress-inoculation and resilience; identifying a traumatic incident and those impacted; how and why a traumatic incident impacts members at its various stages; best self-care practices; or
- (b) Traumatic incident response involving an immediate, coordinated effort by the Traumatic Incident Team to provide the appropriate response; or
- (c) Follow-up for those members impacted by the incident.

#### **TRAUMATIC INCIDENT TEAM DEPLOYMENT**

4. A traumatic incident, as defined above, will be identified by the ranking officer on-scene, and/or by the on-duty supervisor in Communications Services. That member will immediately inform his/her respective Commander(s), who will, in turn, immediately notify, or cause to be notified, the Traumatic Incident Team via Communications Services.
5. The on-duty Team Leader will coordinate response with the Traumatic Incident Team.
6. Team members will report to their respective assignments to:
  - (a) Check in with the on-scene supervisor/incident commander;
  - (b) Accompany and contact affected members as available before the officers' end of tour of duty; and
  - (c) Carryout whatever immediate interventions are indicated (e.g. support, triage, "psychological first aid," "psycho-education," "demobilization," "defusing," hotline, etc.).
7. The Team Leader will ensure the team members communicate, collaborate, and coordinate as the incident circumstances evolve. The Team Leader will require the team members to convene before the Traumatic Incident Team end of tour of duty to:
  - (a) Operationally and psychologically debrief, and
  - (b) Plan and coordinate interventions for the immediate future.

#### **POST-SHOOTING REFERRAL TO THE OFFICER ASSISTANCE PROGRAM**

8. Whenever an officer is involved in, or witnesses, a post-shooting psychological assessment shall be provided by the Department's external police psychologist. However, other non-shooting traumatic incidents may also be referred to the police psychologist for a psychological assessment.
9. The supervisor on the scene of a firearm discharge is recommended to contact Department's Officer Assistance Program director as soon as possible, while the involved officers are still on scene (unless transported for medical treatment) to assess the officer(s) for signs of post-traumatic stress reactions and to ameliorate the occurrence of preventable distress and disturbances.
10. An interview with the Department's psychologist may be conducted within 24 hours of the incident. However, before an officer involved in a traumatic incident can return to full duty, the external police psychologist must conduct a fit-for-duty assessment. The officer's Commander shall be responsible for ensuring that this interview is conducted according to schedule. The external police psychologist shall notify the officer's Commander that the member has kept the appointment and shall make known the resultant opinion concerning fitness for duty and any accompanying recommendations.
11. The content of the interview session(s) shall be confidential in accordance with this

Chapter.

12. The interview session(s) shall not be construed or treated as part of any criminal or administrative investigation or official Department inquiry.
13. Referral to the Officer Assistance Program for continued services can be offered by the external police psychologist.

#### **CRITICAL INCIDENT STRESS MANAGEMENT PROCEDURES**

14. If a CISM is deemed appropriate by the Director of the OAP, all Department members involved in the related critical incident/situation will be encouraged to attend the convened CISM. Although attendance is recommended, participation in the discussion is not. Follow-up resource information will be provided during the CISM. Attendees are free to make their own decisions regarding pursuit of any follow-up support.
15. The CISM can be conducted in any location providing ample space, privacy, and freedom from distractions. The site selection is subject to the approval of the OAP Director, who may request an alternate location if he/she determines the site to be unsuitable.
16. A CISM is not a critique of operations and/or performance or an investigative tool. It is designed to provide an opportunity for personnel to discuss their feelings or reactions to the stress resulting from exposure to a critical incident and to accelerate the normal recovery process.
17. The type of counseling conducted will depend on the circumstances of a particular incident. The most commonly utilized types include:
  - (a) One-on-one;
  - (b) Group;
  - (c) Critical Incident Stress Management (CISM)
18. A Department member may refuse the participation in his or her individual CISM session.

#### **DEPARTMENT REFERRALS TO THE OFFICER ASSISTANCE PROGRAM**

19. Department command and supervisory members shall make members under their supervision aware of the Officer Assistance Program when appropriate.
20. Department members shall be advised that any consultation with the Officer Assistance Program will remain confidential.
21. Recommendations or referrals to the Officer Assistance Program shall not be used as a substitute for the disciplinary process.
22. Unit commanding officers and/or supervisors may contact the Officer Assistance Program for information about the counseling program or the referral process.
23. The procedures contained in this directive do not relieve unit commanding officers and supervisors of their responsibility to counsel members as set forth in existing Department regulations.

**CONFIDENTIALITY**

24. The Officer Assistance Program will provide a trained mental health professional to advise the Department members and the members' immediate or extended families of any limitations to confidentiality with the mental health professional prior to the start of counseling if a family member or significant other of a Department member is in counseling with the Officer Assistance Program.
25. Counseling notes shall not be maintained by any member of the Officer Assistance Program on any member in counseling unless prior written approval has been obtained from the member.
26. No personally identifying information will be shared with the Department. No audit or review by the New Orleans Police Department can be conducted of the counseling documents maintained by the Officer Assistance Program. Member and members' family members will be provided with a confidentiality form, including the protections afforded to them before receiving counselling services with the Officer Assistance Program.

Confidentiality is protected according to the following laws:

- (a) Federal Rule of Evidence 501 (Fed. R. Evid. 501) is a general rule of evidence which states that no federal rule of evidence will modify or supersede existing law relating to the privilege of a witness, person, government, state, or political subdivision.
  - (b) Louisiana Code of Evidence Art. 518 (La. Evid. Code art. 518) provides that a trained peer assistance member shall not be compelled to testify about any communication made to the trained peer assistance member by another officer.
  - (c) Louisiana Revised Statute Title 37 Section 2718 (La. Stat. Ann. § 37:2718) provides a confidentiality privilege protecting social workers from being required to disclose any information acquired from persons consulting the social worker in his or her professional capacity.
27. The exceptions to confidentiality for the Officer Assistance Program imposed by law or by professional regulation on all psychologists, psychiatrists, family therapists, and psychotherapists include:
    - (a) **Threats of physical harm**—If any individual in counseling threatens to harm another person, the mental health professional is required by law and professional regulation to notify the threatened person and the Police Department.
    - (b) **Suicide**—Any mental health professional who reasonably believes that a client is seriously contemplating suicide is required by law and professional regulation to do everything possible to prevent such an attempt, including making whatever notifications are necessary to stop the attempted suicide.
    - (c) **Child, domestic, and elder abuse**—If a client discloses participation in abuse of a child, domestic partner, a person with disability, or an elderly person, the therapist must notify the appropriate agency of such abuse.
    - (d) **Malpractice**—A therapist may use counseling material in defense of malpractice allegations.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.2.8

### TITLE: NEW ORLEANS POLICE PEER ASSISTANCE (NOPPA)

**EFFECTIVE: 04/30/2017**

**REVISED:**

#### **PURPOSE**

This Chapter establishes guidelines for a Peer Assistance Program utilizing trained peer assistance specialists as volunteers supported by mental health professionals in the Officer Assistance Program. The Peer Assistance Program is established for the purpose of assisting Department personnel and their families who may be suffering from stress-related problems or experiencing traumatic incident stressors. A strict policy of confidentiality will be maintained regarding personnel identity and/or issues related to program utilization.

The goal of the program is to help members through a stress-related incident, promote an atmosphere of support and trust among members, promote an awareness of the self-help alternatives available to members, provide peer assistance specialists who can assist in problem resolution before a point of crisis is reached, and develop an additional system of referral, through peer assistance, within the Officer Assistance Program for appropriate professional care. Recognizing that not all Department personnel will choose to engage mental health professionals, the New Orleans Police Peer Assistance Program (NOPPA) is to provide both a formal and informal outlet for stress related problems or traumatic incidents.

#### **POLICY STATEMENT**

The Department supports and encourages members in securing high quality, confidential assistance. In keeping with this commitment, the Department has established the Officer Assistance Program, staffed with clinical professionals and trained peer assistance specialists who provide confidential counseling and consultation.

#### **DEFINITIONS**

**Peer Assistance Program**—A program that utilizes trained peers (i.e. police officers and other Departmental personnel and family members) to assist Departmental personnel who are experiencing emotional stressors and/or traumatic incidents.

**Traumatic Incident**—A traumatic or critical incident is a mentally painful and highly stressful event that cannot be resolved through normal, stress-coping mechanisms. These events may cause disabling emotional and physical problems unless members are adequately treated. A

traumatic incident is defined by an individual's unique, internal reaction to an event, not necessarily the external appearance or apparent magnitude of the event. It is not necessarily a life-threatening incident. Common incidents that pose the increased potential for trauma include, but are not limited to:

- Any police shootings where serious injury or death involves a departmental member;
- An actual or perceived threat to one's life or of grievous physical harm;
- A colleague's or family member's suicide or attempted suicide;
- Serious injury inflicted on, or death of, a colleague;
- Serious injury or death of a non-member, especially a child, under particularly tragic or grotesque circumstances;
- Cruelty/abuse to a child;
- Line of duty contact with friend/relative during a tragic/traumatic event;
- Death or injury of a person resulting from duty operations;
- Perceived 'failure' during a tragic/traumatic event;
- Large scale or prolonged disaster; and
- Incidents with high media exposure
- **Any** tragic/traumatic event that may have private/personal emotional significance to a member, particularly when the event is characterized by: relative surprise; intense negative emotion; and perceived helplessness.

**New Orleans Police Peer Assistance Program (NOPPA)**—NOPPA is a part of the Officers Assistance Program under the direction of the Director of the Officers Assistance Program.

**Peer assistance specialist (PAS)**—An individual who has received training in traumatic incident stress management and who has been designated to provide emotional and moral support and counseling to an NOPD member who needs those services as a result of a traumatic incident in which the NOPD member was involved while acting in his/her official capacity. A peer assistance specialist may be an emergency responder, a civilian volunteer of an emergency service agency or entity, a volunteer counselor, or a mental health services provider.

**Critical Incident Stress Management (CISM)**—An intervention protocol, conducted by peer assistance specialists, developed specifically for dealing with traumatic incidents. It is a formal, highly structured, and professionally recognized process for helping those involved in a critical incident to share their experiences, vent emotions, and learn about stress reactions and symptoms. A PAS can refer any member to the Officer Assistance Program for further assistance if required. It is a confidential, voluntary and educational process, sometimes called "psychological first aid."

**One-on-One Counseling**—Counseling that occurs, after a critical incident, with at least one member of the Traumatic Incident Team.

**Groups Counseling**—Counseling that occurs, after a critical incident, with at least one member of the Traumatic Incident Team and a group of employee members and/or the members' immediate or extended families.

## PEER ASSISTANCE COUNSELLING PROCEDURES

1. Any Department member may initiate contact with a peer assistance specialist (PAS) for individual support. The PAS shall be allowed to counsel with peers while on-duty.
2. Any Department member may approach a PAS regarding a co-worker who appears to be dealing with a stress-related issue. A PAS may approach the employee during the

employee's normal tour of duty and attempt to initiate intervention; however, the decision to speak with a PAS rests ultimately with the employee. **Involvement with a PAS is voluntary.**

### **CRITICAL INCIDENT STRESS MANAGEMENT PROCEDURES**

3. A Peer Assistance Specialist (PAS) may be activated to assist members following a critical incident.
4. Any supervisor on the scene of, or any individual involved in, a traumatic or high-stress incident may initiate contact with a PAS.
5. Regardless of rank, a PAS exercises no command authority while performing in the peer assistance function. The PAS role is to provide support and/or appropriate intervention to mitigate the impact of critical incident stress as a result of a critical incident.
6. If a CISM is deemed appropriate by the Director of the OAP, all Department members involved in, or witnessed, a critical incident/situation will be encouraged to attend the convened CISM. Although attendance is recommended, participation in the discussion is not. Follow-up resource information will be provided during the CISM. Attendees are free to make their own decisions regarding pursuit of any follow-up support.
7. The CISM can be conducted in any location providing ample space, privacy, and freedom from distractions. The site selection is subject to the approval of the OAP Director, who may request an alternate location if he/she determines the site to be unsuitable.
8. A PAS team CISM is not a critique of operations and/or performance or an investigative tool. It is designed to provide an opportunity for personnel to discuss their feelings or reactions to the stress resulting from exposure to a critical incident and to accelerate the normal recovery process.
9. The type of counseling conducted will depend on the circumstances of a particular incident. The PAS Team, under the guidance of the OAP Director, shall decide appropriate CISM or mediation strategy. The most commonly utilized types include:
  - (a) One-on-one;
  - (b) Group;
  - (c) Critical Incident Stress Management (CISM).
10. A Department member may refuse the participation of any particular PAS in his or her individual CISM session.

### **PEER ASSISTANCE MANAGEMENT, MEMBERSHIP, AND TRAINING**

11. The PAS is under the administrative direction of the OAP Director as appointed by the Superintendent. Participation in the program, as a PAS, is voluntary and open to all sworn and non-sworn Department members and their families, regardless of rank, position, or assignment.
12. Personnel approved to become peer assistance specialists are required to successfully complete formal training approved by the OAP Director prior to performing in the PAS role.
13. A roster of PAS team members will be available on NOPD.org and through contact with OAP personnel.

## MEMBERSHIP APPLICATION AND SELECTION

14. Personnel interested in becoming a PAS shall apply via the Officer Assistance Program. Officers will apply directly to the OAP office without prior approval from supervisors. Final approval for participation will depend upon the results of a panel review. Desirable characteristics of a PAS include:
  - (a) Trustworthiness, that is, a known or reputed ability to maintain confidentiality;
  - (b) Communication skills, especially listening skills;
  - (c) Credibility among peers, generally considered as deriving from either duration of service or personal experience sufficient to instill belief among fellow members that the PAS candidate can relate to or appreciate the stress, trauma, and/or psychological impact leading to use of the PAS.

## CONFIDENTIALITY

15. The Officer Assistance Program will provide a trained mental health professional to advise the Department members and the members' immediate or extended families of any limitations to confidentiality with the mental health professional prior to the start of counseling if a family member or significant other of a Department member is in counseling with the Officer Assistance Program.
16. Counseling notes shall not be maintained by any member of the Officer Assistance Program on any member in counseling unless prior written approval has been obtained from the member.
17. No personally identifying information will be shared with the Department. No audit or review by the New Orleans Police Department can be conducted of the counseling documents maintained by the Officer Assistance Program. Member and members' family members will be provided with a confidentiality form, including the protections afforded to them before receiving counselling services with the Officer Assistance Program.
18. Confidentiality is protected according to the following laws:
  - (a) Federal Rule of Evidence 501 (Fed. R. Evid. 501) is a general rule of evidence which states that no federal rule of evidence will modify or supersede existing law relating to the privilege of a witness, person, government, state, or political subdivision.
  - (b) Louisiana Code of Evidence Art. 518 (La. Evid. Code art. 518) provides that a trained peer assistance member shall not be compelled to testify about any communication made to the trained peer assistance member by another officer. Therefore, NOPD member peer assistance specialist will be protected from being compelled to testify against another NOPD member
  - (c) Louisiana Revised Statute Title 37 Section 2718 (La. Stat. Ann. § 37:2718) provides a confidentiality privilege protecting social workers from being required to disclose any information acquired from persons consulting the social worker in his or her professional capacity.
19. The exceptions to confidentiality for the Officer Assistance Program imposed by law or by professional regulation on all psychologists, psychiatrists, family therapists, and psychotherapists include:
  - (a) **Threats of physical harm**—If any individual in counseling threatens to harm another person, the trained mental health professional is required by law and professional regulation to notify the threatened person and the local police department;

- (b) **Suicide**—Any trained mental health professional who reasonably believes that a client is seriously contemplating suicide is required by law and professional regulation to do everything possible to prevent such an attempt, including making whatever notifications are necessary to stop the attempted suicide;
- (c) **Child, domestic, and elder abuse**—If a client discloses participation in abuse of a child, domestic partner, a person with disability, or an elderly person, the therapist must notify the appropriate agency of such abuse; and
- (d) **Malpractice**—A therapist may use counseling material in defense of malpractice allegations.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.3

### TITLE: ANNUAL LEAVE

**EFFECTIVE: 01/14/2018**

**REVISED: 11/15/19**

---

#### PURPOSE

This Chapter governs the request and granting of annual leave for any employee of the New Orleans Police Department.

#### DEFINITIONS:

**Employee**—An individual who works for the NOPD and is either full-time or part-time and paid. This excludes volunteers and Reserve Officers.

**Extended Annual Leave**—Requested annual leave duration for greater than three (3) consecutive working days. If the working days are separated by regular days off (AWP) or a holiday but not broken by all or part of a working shift, they are considered consecutive within the meaning of this definition.

**Annual Leave**—A period of time for which the employee is paid but not required to work. Annual leave is also referred to as “furlough” or “vacation time”.

**Emergency Leave**—Annual leave that is requested with less than 24 hours’ notice before intended use.

#### REQUESTING ANNUAL LEAVE

1. Employees who have accrued, and wish to use annual leave, shall request permission in writing using NOPD Form 20.
2. The annual leave request shall be submitted at least 24 hours prior to its intended use. A request for annual leave that is submitted with less than 24 hours’ notice is considered **Emergency Leave** and must follow the guidelines in this Chapter for Emergency Leave.
3. Each employee shall be entitled to use a minimum of one year's accumulation of annual leave during any calendar year. When an employee entitled to annual leave makes a written request for leave, the responsible supervisor shall, within five (5) days after the date of the employee's request, either approve or disapprove the request in writing. If the request is denied, the supervisor shall grant, in writing, permission for use of the annual leave requested during an equivalent period within the six-month period following the

employee's request. This written permission shall be given to the employee within ten (10) working days after the request. (**Civil Service Rule VIII, Section 1.4 (e).**)

4. The request shall be submitted to the requesting employee's immediate supervisor for approval.
5. All requests for annual leave shall be forwarded through the requesting employee's chain of command to their respective Commander whether approved or disapproved for notification purposes.
6. All requests for use of annual leave, either approved or disapproved, shall be maintained in the employee's Personnel Jacket for a period of twelve months.
7. An employee shall not take annual leave without prior written approval from his/her supervisor. Approval for annual leave **shall not be automatic.**
8. Employees detailed from their regular assignment to a temporary assignment shall follow the requesting and approval process from the supervisor at the place of temporary assignment. If the requested annual leave period extends to the time the employee will return to his/her regular assignment, the employee shall also follow the requesting and approval process with his/her supervisor in his/her regular assignment.
9. Prior to granting approval of an annual leave request, reviewing supervisors shall ensure an employee has sufficient annual leave hours to cover the requested time off.
10. Annual leave shall be reported in the ADP payroll system for those hours taken.
11. Accrued annual leave shall not be deducted on holidays or AWP days which fall within the requested annual leave period.
12. When an employee wishes to cancel an approved / authorized annual leave, he/she shall notify his/her supervisor in writing using NOPD form 105, Interoffice Correspondence.
13. Employees requesting annual leave for a period of more than 24 working hours and/or for travel outside of the city more than 400 miles, shall include on the annual leave request a contact telephone number while out of town and destination location. The destination location must be a specific address, not just a city / town name. This information is to be restricted in the same manner as personally identifiable information and only to be used in the event of an emergency notification, activation of the emergency operations plan and/or recall of essential employees. (See: **Chapter 46.2 – Emergency Operations Plan.**)

#### **DENIAL, REVOCATION, OR CANCELLATION OF ANNUAL LEAVE**

14. Captains and above may cancel an approved annual leave for cause. The reasons for the cancellation shall be noted on the original request form or in an Interoffice Correspondence (105) to the requesting employee. When notified that a previously approved annual leave has been cancelled, an employee shall report for duty as ordered.
15. Employees of the department may have a request for annual leave or a previously granted annual leave denied, revoked, or cancelled in the event of an emergency incident.

16. Employees are also subject to recall during “extraordinary circumstances” as deemed necessary by the Superintendent of Police, or his/her authorized designee. Extraordinary circumstances shall include, but are not limited to:
- (a) The formation of a tropical storm or hurricane within the Gulf of Mexico.
  - (b) Natural disasters (flood, tornado, wildfires, etc.).
  - (c) Man-made disasters (HazMat spill, conflagration, etc.).
  - (d) Terrorist activity or suspected terrorist activity (mass casualty, bomb, active shooters, etc.).
  - (e) Civil disturbances (riot, large scale demonstration, etc.).
  - (f) Any other event declared to be an emergency by the Superintendent of Police or his/her designee.

#### **EMERGENCIES DECLARED BY THE SUPERINTENDENT**

17. An event that has been declared to be an emergency by the Superintendent of Police is an event that impacts police services to the public over multiple shifts. This includes all special events that require an operations plan and reallocate staffing outside respective bureaus for support (e.g. Mardi Gras, New Year's / Sugar Bowl, Bayou Classic).
18. The fact that an event that has been declared to be an emergency by the Superintendent does not mean it cannot be an annual, reoccurring event (e.g. Mardi Gras).

#### **REQUESTS FOR ANNUAL LEAVE DURING AN EMERGENCY**

19. An event that has been declared to be an emergency by the Superintendent does not preclude the granting of annual leave. An employee requesting annual leave during an event declared to be an emergency by the Superintendent must expressly state in an interoffice correspondence (105), attached to the Form 20, the reasons why the request is being made and the reasons or facts in support of the request. The annual leave request and supporting 105 shall be forwarded through the requesting employee's chain of command for approval or disapproval but must be forwarded to the Superintendent of Police for a final determination within 48 hours of the request submission.

#### **EMERGENCY INCIDENTS DECLARED BY THE CITY**

20. Employees of the department shall have their annual leave denied, revoked, or cancelled at an alert level three or higher. (See the NOPD Emergency Operations Plan for alert levels).
21. Once an employee is informed of an alert level three emergency incident by any NOPD supervisor or through the public media, he/she shall immediately contact their supervisor, or a supervisor at his/her unit of assignment for instructions.
22. If an employee cannot contact his/her supervisor or a supervisor at his/her unit of assignment for instructions, the employee shall do one of the following at the earliest possible moment:
- (a) Report for duty at their normal place of assignment; or
  - (b) Report for duty at any of the Major Field Command Posts. (See the NOPD Emergency Operations Plan for locations)
23. If an employee cannot return to the city due to road closures, flooding, etc., the employee shall do one of the following at the earliest possible moment:
- (a) Report for duty at the Major Field Command Post located outside the city (See

- the NOPD Emergency Operations Plan for the location); or  
(b) Report to the closest Louisiana State Police Troop and request assistance in returning to the city.

24. Only the Superintendent of Police can grant an annual leave request once the emergency incident is raised to a Level 3 or higher. Any annual leave request made during a City Emergency shall follow the same procedure as those for event emergency declared by the Superintendent.

#### **EMERGENCY LEAVE**

25. A request for annual leave made within 24 hours of its intended use is considered **Emergency Leave**.
26. Except for the notification requirement, the guidelines outlined for annual leave shall apply and be followed for Emergency Leave.
27. The request for Emergency Leave must state, on the Form 20 or an attached interoffice correspondence (105), the reason for the request, in detail and explain why the request is being submitted with less than 24 hours' notice.
28. Due to the nature of the request and the abbreviated notification period, supervisors are to expedite the request for Emergency Leave thru the regular process and chain of command.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.3.6

### TITLE: LACTATION BREAKS

**EFFECTIVE: 10/22/2017**

**REVISED: Replaces Policy 1035**

---

#### PURPOSE

The purpose of this Chapter is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

#### POLICY

It is the policy of this department to comply with the Fair Labor Standards Act and provide a reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her nursing, infant child.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Infant / infant child**—A child is considered an infant for a period of time for up to one year after the child's birth (**29 USC § 207**).

#### LACTATION BREAK TIME

1. A rest period must be permitted each time the member has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.
2. Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While additional time beyond authorized breaks will be provided as needed, any such time exceeding regularly scheduled and paid break time will be unpaid.
3. Members desiring to take a lactation break shall notify his/her supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.
4. Once a lactation break has been approved by a supervisor, the break should not be interrupted except for emergency or exigent circumstances.

**PRIVATE LOCATION**

5. The Department will accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).
6. Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.
7. Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate public or private areas.
8. Breastfeeding is permitted by law in public areas (**R.S. 51:2247.1**). Members shall not wear a department uniform or display any other form of department identification while breastfeeding in public.
9. Breastfeeding is not a violation of law (**R.S. 51:2247.1/E**). A mother breastfeeding her baby in any location, public or private, where the mother is otherwise authorized to be, shall not be deemed to be in violation of R.S. 14:106 or of any other provision of law.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.4

### TITLE: SICK LEAVE

**EFFECTIVE: 04/08/2018**

**REVISED: Replaces Policy/Procedure 1014**

---

#### PURPOSE

Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal illness. Employees may also be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (29 CFR 825.100) which can be located under **Chapter 22.4.1 – Extended Sick Leave and Family Medical Leave.**

#### DEFINITIONS

**Injured on Duty (I.O.D.)**—Job-related injury sustained while engaged in the performance of duties as defined in **Civil Service Rule VIII, Section 2, 2.10(a)**: "When any commissioned police personnel sustains accidental bodily injury while actively engaged in enforcing vehicle and traffic laws, investigating a traffic incident, police training, responding to an emergency call, or in the process of pursuing, apprehending, arresting, transporting or booking a suspect, such employee may be granted sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provisions of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Police and is requested of and approved by the Director of Personnel of the Department of Civil Service." (Effective August 1, 2015).

For a Police Recruit: "When any Police Recruit (Academy) sustains any disabling injury while actively engaged in training activities related to law enforcement (to include self-defense, simulation, defensive driving, and weapons training) and subject to the limitations of this section of the Rules, such employee may be granted up to 60 days sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provisions of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Police and is requested of, and approved by, the Director of Personnel of the Department of Civil Service." (Effective August 1, 2015) An employee who engages in law enforcement duties as defined above and is injured off-duty (including details) shall comply with the Injuries Provisions above so Civil Service can rule on the classification of the injury.

**Worker's Compensation (W/C)**—Job related injury sustained in any manner which cannot be classified as Injured on Duty (IOD) and may be covered under the Louisiana Worker's Compensation Law.

**Sick**—An absence from duty because of the employee's illness or when an injury is sustained

off-duty or on an approved police secondary employment which cannot be classified as I.O.D. or W/C.

### EMPLOYEE RESPONSIBILITIES

1. Sick leave may be used for absences caused by illness, injury, temporary disability, including pregnancy and maternity, or for medical, dental or vision exams or medical treatment of the employee.
2. Sick leave is not considered vacation. Abuse of sick leave shall result in disciplinary actions. Employees on sick leave shall not engage in police secondary employment, outside employment, other police related activities, with the exception of mandatory court appearances, nor participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness. (See: **Chapter 22.4.1 – Extended Sick Leave and Family Medical Leave.**)

### NOTIFICATION OF AND RECORDING SICK LEAVE

3. If the employee is detailed, he/she shall notify both the unit of temporary assignment and the unit of permanent assignment. If the employee is assigned to a unit which does not operate on a 24-hour basis, he/she shall notify his/her unit as soon as the unit is open.
4. If an employee is unable to complete a tour of duty due to illness or injury, he/she shall notify his/her supervisor before leaving his assignment.
5. When reporting sick, an employee shall furnish the following information to his/her unit, which shall be recorded on Form 109R (Sick Form), which can be found at [NOPD.org](http://NOPD.org), by the person receiving the information:
  - (a) Name, residence address, and residence telephone number.
  - (b) Place of confinement and telephone number if different from the employee's residence.
6. All sick leave usage shall be recorded in the ADP payroll system. If an employee is detailed, the supervisor (or supervisor's designee) of the unit of temporary assignment shall be responsible for recording the sick leave usage in the ADP system.
7. An employee may accrue eight (8) undocumented sick leave days, utilized singly or consecutively, per calendar year (January 1- December 31 of the same year).
8. When the necessity for leave is foreseeable, such as an expected birth (See: **CAO Policy Memorandum No. 33 (R)**) or planned medical treatment, the employee shall, whenever reasonably possible, provide notice to the Department as soon as possible and no less than 30 days of the intent to take leave.

### SUPERVISOR RESPONSIBILITIES

9. Supervisors shall monitor sick leave usage and regularly review the attendance of employees under his/her command to ensure that the use of sick leave is consistent with this policy. Supervisors should address the use of sick leave in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties and when unusual amounts of sick leave by the employee have a negative effect on department operations. When appropriate, supervisors shall counsel employees regarding the excessive use of sick leave and/or shall refer the employee to the Officer Assistance Program (see: **Chapter 35.1.9 – INSIGHT**).

10. Nothing contained in this Chapter shall prevent a supervisor from conducting an internal inquiry when it is believed an employee of the department is reporting a fictitious illness or injury or otherwise abusing his/her sick leave benefits. If an internal inquiry reveals an employee is reporting a fictitious illness or injury, the supervisor shall initiate a formal disciplinary investigation.

#### **CONDUCT WHILE ON SICK LEAVE**

11. The employee shall contact his/her place of assignment, and if detailed, his/her place of temporary assignment, each day prior to his/her scheduled tour of duty to report either "sick," if directed by a supervisor, or when "returning from sick."
12. An employee on extended sick leave, as defined in **Chapter 22.4.1 – Extended Sick Leave and Family Medical Leave**, shall adhere to the stipulations regarding the daily notification provisions. However, at the discretion of the employee's District/Division Commanding Officer, an employee who is hospitalized or whose absence results in extended sick leave due to a documented illness or injury may be exempt from the daily notification provision. Should this exemption be granted, the District/Division Commander shall check off the exemption block on NOPD Form 109R, which can be found at [NOPD.org](http://NOPD.org) under the "forms" tab, and date and sign the form acknowledging the exemption.
13. An employee is not required to remain confined to a specific location. However, during the time period concurrent with the employee's regularly scheduled tour of duty, the employee shall remain available via a contact number as the employee may be subject to emergency recall to duty consistent with the limitations of his/her illness or injury. Form 50, "Physician Examination Certification," shall be the controlling information in any assignment of this type.
14. An employee's sick leave period ends when the employee actually returns to duty with the Department. Until said return to duty and completing a tour of duty, employees will be prohibited from engaging in an approved police secondary employment or other police-related activities, except for mandatory court appearances.

#### **DOCUMENTATION OF SICK LEAVE USAGE**

15. An employee is allowed a maximum of eight (8) undocumented sick leave days in a calendar year. An undocumented sick leave day is any use of sick leave during a working day or a portion of a working day (i.e. getting ill during shift and not finishing the entire tour of duty would be counted as a "day" for purposes of sick leave.)
16. When less than a full tour of duty of sick leave is taken, the employee's accumulated sick leave balance in ADP (payroll system) will be charged only the **actual number of hours utilized**.
17. NOPD Form 50, "Physician's Examination Certification," shall be utilized for documentation of sick leave usage. Any sick leave usage not accompanied by Form 50 is considered "undocumented."
18. When an employee has exhausted his/her eight (8) undocumented sick leave days, it is the responsibility of his/her supervisor to notify the employee in writing utilizing a Form #161 - Sick Leave Notification Form.
19. After a total of eight (8) days of undocumented sick leave usage, a Form 50 must be

- provided for each subsequent use of sick leave during that calendar year. Form 50 must be completed by the employee's attending physician. Should the employee find it necessary to obtain documentation during his tour of duty, he/she shall be charged annual leave or leave without pay, as appropriate, until returning to duty.
20. Sick leave usage accompanied by a Form 50 is considered documented. The employee shall consult his/her doctor during the illness while the symptoms are present. The Department Physician will not provide documentation after the fact unless the employee's symptoms are present.
  21. For a documented absence, the employee shall provide the completed Form 50 to his/her supervisor (or supervisor's designee) within five (5) business days of returning to duty. An employee may elect to document any usage of sick leave provided the Form 50 is presented within the specified time.
  22. The employee's supervisor (or supervisor's designee) shall note the documented sick leave usage in the ADP system. The Form 50 shall be forwarded to Administrative Duties Services. Copies of the Form 50 shall not be filed in the employee's unit personnel jacket – medical section.
  23. If an employee has been on sick leave for five (5) consecutive days, he/she must provide a Form 50 to his/her supervisor regardless of the number of documented or undocumented absences he/she has accrued. The Form 50 must be presented within five (5) business days following the employee returning to duty.
  24. If an employee's medical condition necessitates using sick leave for 10 or more consecutive days, the employee must provide a Form 50 to his/her supervisor (or supervisor's designee) **prior to returning to duty.**
  25. In accordance with Civil Service Rule IV, Section 9.4, sick leave will not be counted as hours worked toward computation of overtime.

## EXCEPTIONS

26. **DEATH IN THE IMMEDIATE FAMILY** - (defined in Civil Service Rule I, Section 1, number 36 and Rule VIII, section 2.5(e)). "When there is a death in the immediate family of the employee, as defined in Rule I, the employee shall be allowed to use a maximum of three (3) leave days of sick leave. If travel time is deemed necessary, the appointing authority may grant an extra two (2) leave days of sick leave; but in no case shall the sick leave granted under this section aggregate more than five (5) leave days.."
27. **AWP DAYS, HOLIDAYS, ANNUAL LEAVE** - An employee may use his/her AWP day, Holiday or Annual Leave in any manner when the employee first states his/her intention to return to duty immediately following the leave usage. This notification must take place **prior to the time when the employee's tour of duty normally begins.**
28. **SICK LEAVE DURING STATE OF EMERGENCY** - The Superintendent of Police may declare a State of Departmental Emergency under circumstances which may include, but shall not be limited to, natural disasters, manmade disasters, or civil disturbances. Employees who are absent due to illness or injury during a declared State of Departmental Emergency shall, upon request of the Superintendent or his/her Commanding Officer, present a Form 50 completed by a licensed physician.
29. Under a State of Departmental Emergency, the Superintendent may review the cases of those employees who are on sick leave and order those employees to return to work in a

capacity consistent with his/her illness or injury.

### REPORTED SICK LEAVE DURING CONCERTED WORK STOPPAGES

30. Employees who are absent due to illness or injury during a concerted work stoppage shall adhere to the provisions of the City of New Orleans, CAO Circular memorandum Number 510 found on the [NOPD.org](http://NOPD.org) site under "Forms."

### REPORTING INJURIES

31. All injuries which occur while on-duty shall be reported on an Employers First Report of Injury or Illness (LWC-WC IA-1) found at: [http://www.laworks.net/downloads/downloads\\_owc.asp](http://www.laworks.net/downloads/downloads_owc.asp). This report shall be completed by a supervisor **within 72 hours of the injury**. The supervisor shall ensure the report is COMPLETELY and ACCURATELY filled out. Failure to complete all applicable spaces on the form shall result in an unnecessary delay in classification and payment, and possibly in refusal by Civil Service to accept a claim as Injured On-Duty (I.O.D.) An NOPD Incident Report shall be completed in all instances where an employee is injured while working.
32. An employee who engages in law enforcement duties and is injured off-duty (including approved police secondary employment) shall comply with the Injuries provision of this procedure so Civil Service can rule on the classification of the injury. The employee's work status (on-duty, off-duty, PSE, etc.) shall be included in the narrative section of the form.
33. Form LWC-WC IA-1 shall be hand delivered to the MSB - Human Resource Services **within 48 hours of the occurrence**. If the 48 hours fall within a weekend or holiday, the form shall be hand delivered to the Human Resource Services on the **next business day**. A copy of the LWC-WC IA-1 shall be retained in the employee's Human Resource Services file or by Administrative Duties Section as appropriate.

### REPORTING ABSENCES DUE TO INJURY

34. Employees who absent themselves from duty as a result of a job related injury or recurrence shall make notification as dictated by this Chapter. The employee must specify that the absence is injury related and provide the correct Item Number so a Form 109R can be completed. All employees absent from duty due to job related injury or recurrences are subject to the provisions of this Chapter relating to sick leave.
35. An employee who is absent due to a job related injury or recurrence may:
- (a) Be recalled to duty in a capacity consistent with his/her injury by the Superintendent of Police under a declared State of Departmental Emergency;
  - (b) Be required by the Superintendent of Police or his Commander to obtain a Form 50 as a result of a declared State of Departmental Emergency; or
  - (c) Be required to submit to examination(s) as directed by the City's Claims Administrator, the Superintendent of Police, or his/her Commander.
36. An employee suffering a job related injury or recurrence who elects to return to duty while recuperating shall be subject to all provisions of **Chapter 22.2 - Limited Duty/Assignments**.
37. Employees who utilize sick leave due to a job related injury or recurrence classified as I.O.D. or W/C must provide medical documentation to receive any benefits.

38. All admit forms, documents containing diagnoses and medical information from hospitals and/or physicians, prescription bills, etc., shall be sent to the City's Claims Administrator.

### LEAVE WITHOUT PAY

39. When it is determined an employee has or will exhaust accrued annual and sick leave and will be placed in a Leave Without Pay status, the employee's supervisor shall immediately (verbally) notify the employee he/she has exhausted all forms of paid leave status. It shall be the employee's immediate supervisor's responsibility to obtain the employee's signature on **Form 51 – Leave Without Pay Status** within 48 hours of the employee being placed on Leave Without Pay status.
40. The employee shall complete a **Leave Without Pay Request (Form 52)** and forward same with all required documentation to the Superintendent through the chain of command for final approval. After final approval, the completed Leave Without Pay Request (Form 52) shall be forwarded to the Human Resource Services for processing. Form 52 shall be received by the employee's Commander within 48 hours of the employee exhausting all accrued leave.
41. If the employee is incapacitated and unable to complete Leave Without Pay Request (Form 52), the employee's immediate supervisor shall complete the form. The supervisor shall place his/her name on the employee's signature line, line out the word employee, and add the notation "**completed for employee**" beneath.
- (a) If the required medical documentation cannot be obtained within the 48-hour time frame, the form shall be forwarded to the Superintendent with notation "documentation to follow."
  - (b) Medical documentation shall be obtained and forwarded through the chain of command within 10 days of the employee's first use of Leave Without Pay. Failure to supply the required documentation may result in disciplinary action under Civil Service Rule IX, relative to "Maintaining Standards of Service."
42. Should the employee's use of Leave Without Pay status result from circumstances not involving the employee's health, the provisions of this regulation regarding medical documentation shall not apply. In those instances the employee shall:
- (a) Complete the Leave Without Pay Request (Form 52);
  - (b) In the comments section fully explain the reason for being absent from work;
  - (c) Indicate an expected date when the employee will return to work;
  - (d) Supply any outside written documentation deemed appropriate. NOPD provides a critical function for the citizens of the community. As such, each employee's attendance at work is important in achieving the police department's mission of providing a timely and efficient service to the community. Extensive or frequent use of Leave Without Pay status may result in disciplinary action under Civil Service Rule IX titled "Maintaining Standards of Service."
43. Authorized Leave without Pay may be granted in 90-day increments or less by the Superintendent of Police not to exceed one year, whenever such leave is in the best interest of the department. **Authorization for Leave without Pay in excess of one year may be granted only with the approval of the Civil Service Commission.**

### DUTIES OF THE INJURY REVIEWING PERSON (I.R.P.)

44. The I.R.P. shall review all LWC-WC IA-1 forms and classify as to I.O.D., W/C, or Sick. The I.R.P. shall distribute the form LWC-WC IA-1 as follows:
- (a) Copy marked third party administrator and copy marked for Office of Worker's Compensation shall be sent to the City's claims administrator; and

- (b) Copy marked for department shall be filed by the Human Resource Services. The I.R.P. shall notify the Human Resource Services of the injury classification, the amount of leave time to charge the employee (if any) and what information should be recorded in the ADP payroll system. A copy of this information shall also be forwarded to the employee's place of assignment.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.6

### TITLE: EXIT INTERVIEWS

**EFFECTIVE: 01/14/2018**

**REVISED: 11/15/19**

---

#### PURPOSE

The purpose of this policy is to establish an exit interview format for members who are leaving service with the NOPD.

#### POLICY STATEMENT

1. The information gained through exit interviews will aid in the creation of new policies and improve such areas as employee supervision, training, and performance appraisal. The exit interview will also aid in the identification and rectification of conditions causing dissatisfaction.
2. When it is determined by Human Resource Services/Personnel Section that a member will end their association with the New Orleans Police Department, by retirement, resignation, or termination, the member will be directed to the Employee Relations Unit to complete a member exit interview.
3. The exit interview shall be coordinated as part of the required process for separation.
4. The Employee Relations Unit will be responsible for interviewing the member, and completing an Exit Interview Form (Form #56).
5. If an employee declines to participate, the block indicating such shall be marked on Form #56.
6. Copies of the completed Exit Interview Form will not be placed in the respective member's Personnel jacket but will be maintained in a separate file in the Employee Relations Unit.
7. Participating members shall be provided a copy of the completed Exit Interview Form.

#### REPORTING REQUIREMENTS

8. On a quarterly basis, the Employee Relations Unit will provide exit interview summaries to the Superintendent of Police, Deputy Chiefs and Captains.

9. The exit interview summaries shall include:
  - (a) The number of separations,
  - (b) Reasons for departure,
  - (c) Demographic statistics, including time on job and civil service classifications,
  - (d) Interview conclusions,
  - (e) Recommendations, and
  - (f) Any other information which would be beneficial to the improvement of the Department.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.08

### TITLE: POLICE SECONDARY EMPLOYMENT

EFFECTIVE: 11/04/2018

REVISED: 12/06/2020, 02/05/2021, 12/26/2021, 6/12/2022

---

#### PURPOSE

The purpose of this Chapter is to establish departmental guidelines regarding authorization of members to engage in police secondary employment (previously referenced as "paid details").

#### POLICY STATEMENT

1. It shall be the policy of the New Orleans Police Department to afford members in good standing the ability to supplement their incomes by engaging in authorized police secondary employment as assigned through the City's Office of Police Secondary Employment ("OPSE").
2. Members providing police secondary employment services to an individual or business shall be governed by those policies and procedures established by this Chapter and OPSE as they relate to police secondary employment.
3. Permission to work police secondary employment is not an inherent right but rather a **privilege** that is granted at the discretion of the Department to those commissioned police officers and non-commissioned members who are in good standing.
4. Circumventing the requirements of this Chapter governing police secondary employment or procedures established by the OPSE shall subject member(s) to disciplinary action, up to and including dismissal.
5. Members working police secondary employment do so as representatives of the New Orleans Police Department. The image of the NOPD and the public's perception of officers' collective moral character are affected by the actions and appearance of the Department's members. Members will always uphold the highest standards of professionalism.
6. The City of New Orleans and the Department require that all police secondary employment is:
  - (a) Established through and coordinated by the OPSE,
  - (b) Reviewed for appropriateness by OPSE, and
  - (c) Authorization for Department members to qualify to work shall be approved by the Superintendent of Police or his/her authorized designee.
7. All members working an approved police secondary employment shall be subject to

recall by the Superintendent of Police or his/her authorized designee to regular duties at any time for emergencies, special assignment and/or overtime duty.

## DEFINITIONS

**Availability register**—The list or database of NOPD members who have been approved through their chain of command to work secondary employment in a given year maintained by the Office of Police Secondary Employment that contains the names, phone numbers, and available times of NOPD members who volunteer for off-duty, police secondary employment.

**Back Fill / Working Down**—The action of allowing a secondary employment assignment to be worked by a member of a rank that is higher than the rank specified for the assignment. An officer who back fills a secondary employment assignment receives pay at the rate originally specified for the assignment. Back filling positions must be approved by OPSE within the limitations of this Chapter.

**Celebrity** – a person who has a public persona (actors, candidates for office) but is NOT a “dignitary” as defined herein, nor the subject of a “known threat/risk”. They generally request police security due to the causal effect they have when in public (generate crowds, paparazzi, etc.). They often have their own personal security who may or may not be licensed and armed. The level and type of threat or security need would determine the “type” of officer (dignitary protection trained, uniformed, plain clothed) and the “level” of security required. This determination shall be made by NOPD members trained in this type of risk assessment (Intelligence Section or SOD).

**Compensation**—The total amount of monetary and non-monetary pay, however slight the value, whether tangible or intangible, provided to a member of the NOPD or a third-party intermediary on the NOPD member’s behalf by an employer or the employer’s proxy in return for work performed as required. (Pay scales are established by OPSE.)

**Customer**—A business, public or private entity, or individual that contracts with the Office of Police Secondary Employment to employ and pay for security or related services provided by off-duty NOPD members.

**Customer Representative**—The person duly designated by the customer to be his/her on-site representative for the purpose of communicating and, as appropriate, directing the operational employment of hired members to achieve the customer’s security objectives, consistent with the law and Departmental regulations.

**Dignitary** – a person who is a governmental official or holds a governmental position, including foreign nationals. Security is usually coordinated thru the dignitary’s security or the U.S. State Department for foreign officials and are almost universally “City Rolls” and not a PSE.

**Good Standing** —A member is in good standing when he/she has maintained all required certifications (e.g., first aid, firearms qualification, driving, TASER, etc.); is not the subject of ongoing disciplinary action that would be considered serious or egregious and contain allegations that could be subject to ‘Level E’ discipline, including dismissal; and is substantially current with all required reports (e.g., EPR, CCMS, CRASH, etc.).

**Good Standing (Reserve)**—A Reserve Division member is in good standing when he/she has maintained all required certifications (e.g., firearms qualification, driving, TASER, etc.); is not the subject of ongoing disciplinary action that would be considered serious or egregious and contain allegations that could be subject to ‘Level E’ discipline, including dismissal; and is substantially current with all required reports (e.g., EPR, CCMS, CRASH, etc.). They must also be current on the minimum monthly volunteer hours required for his/her Level, attend the mandatory monthly

Reserve Division meetings, and complete all training requirements both annual and monthly for his/her respective Level.

**Reviewing Authority**—The supervisors in the member's chain of command who are authorized and required to approve or disapprove a member's Secondary Employment Agreement and Authorization Form (**OPSE/NOPD Form Per-1**).

**Revocation**—Cancelling or withdrawing a member's previously approved Secondary Employment Agreement and Authorization.

**Secondary Employment**—The off-duty employment, for compensation, of any NOPD member by another individual, business, establishment, or organization where the member is performing the duties of a police officer or a function of the police department.

**Split Shift**—An interruption of scheduled regular duty hours with the use of annual leave, returning to regular duty status within the same scheduled shift to complete a tour of duty.

## GENERAL

8. The City of New Orleans has established an Office of Police Secondary Employment ("OPSE") to independently administer and manage police secondary employment.
9. OPSE shall be the New Orleans Police Department's sole contact source for coordinating all elements and services relating to police secondary employment assignments.
10. Any individual or business representative contacting an NOPD member directly for the purposes of establishing a police secondary employment service shall be referred by the contacted officer to OPSE for assistance.
11. Police secondary employment opportunities shall be assigned and distributed as equitably as possible through procedures established by OPSE. **NOPD commissioned members, civilian members or reserve members shall not individually or cooperatively coordinate police secondary employment opportunities.**
12. New Orleans Police Department members shall only work police secondary employment assignments coordinated through the OPSE.
13. NOPD members interested in working police secondary employment assignments must:
  - (a) Complete an **OPSE/NOPD Form Per-1 / Secondary Employment Agreement and Authorization**. All NOPD members must complete Form Per-1 in order to be considered for a secondary employment opportunity. Upon receipt of the Form Per-1 that has been approved by the Superintendent of Police or his/her authorized designee, a member shall be authorized to work secondary employment through the last day of his or her next birth month.
  - (b) Comply with procedures described in this Chapter requiring police secondary employment tracking, to include obtaining an item number, reporting location, and police secondary employment logging procedures.
  - (c) Follow OPSE procedures to accurately record the hours worked on each secondary employment shift. This will be accomplished by electronic timekeeping procedures or signing a paper timesheet, as established by OPSE. Members will ensure that the paper timesheet or the electronic time stamp accurately reflect their actual work hours. NOPD members may not

- sign a paper timesheet or record an electronic time stamp for anyone but themselves.
- (d) Agree to work the hours specified by the OPSE for that assignment. Members are expected to arrive on time and leave only when properly relieved by the OPSE coordinator or operations manager, dismissed by the customer or customer's representative, or if ordered by a police supervisor. NOPD members shall not establish their own hours; and
- (e) Comply with payroll procedures as established and provided by the OPSE.
14. The NOPD Professional Standards and Accountability Bureau / Professional Standards Section shall serve as the direct liaison between NOPD and the OPSE. Only those members whose annual authorization form is approved by and on file with the Professional Standards Section shall be eligible for police secondary employment assignments through OPSE.
15. Once registered, it is the responsibility of the individual member to notify both the NOPD Professional Standards Section and Office of Police Secondary Employment regarding any changes in his/her NOPD duty assignment status and contact information.
16. OPSE shall be responsible for coordinating the equitable selection of NOPD members used to fill police secondary employment openings. OPSE shall maintain the register containing the names, phone numbers, and available times of NOPD members who have indicated an interest in working police secondary employment as provided through the NOPD Performance Standards Section. **Department members are prohibited from contacting the OPSE directly to request specific police secondary employment assignments.**
17. NOPD members working police secondary employment assignments shall receive compensation for their service through payroll procedures administered by or arranged through OPSE. **NOPD members are not authorized to accept compensation, including gratuities, directly from any individual or business entity contracting police secondary employment services, in accordance with Louisiana Code of Governmental Ethics.**
18. Although all police secondary employment worked by members is coordinated through OPSE, the Superintendent of Police, or his designee, reserves the right to review all police secondary employment assignments coordinated through OPSE for suitability, conflicts of interest, and any other considerations where the presence of a department member may be deemed inappropriate.
19. Regardless of any scheduled police secondary employment assignment coordinated through OPSE, members shall not engage in a police secondary employment assignment while any of the following statuses:
- (a) Sick.
  - (b) Injured on Duty (I.O.D.).
  - (c) Workmen's Compensation.
  - (d) Family Leave.
  - (e) Leave Without Pay (LWOP).
  - (f) Suspended.
  - (g) Under Administrative Reassignment with a restricted police commission; or
  - (h) Decommissioned.
20. After having been in a duty status because of which secondary employment was prohibited, members must return to full duty status and have completed at least one full tour of duty prior to working a police secondary employment opportunity.

21. Should a member working a police secondary employment assignment be required to leave a police secondary employment location before the scheduled end time for exigent circumstances, the member shall be responsible for notifying OPSE as to the reason and exact time he/she left the assignment as soon as possible.
22. Members shall be cognizant of their normal work schedule and court commitments and avoid work conflicts when accepting police secondary employment assignments through OPSE.
23. **Only a P.O.S.T. certified commissioned member who has successfully completed his/her F.T.O. training may work police related secondary employment assignments.**
24. Commissioned Reserve officers can register for and work police secondary employment assignments through the OPSE. However, the following limitations and restrictions shall apply to all NOPD Reserve members:
  - (a) Plain clothes police secondary employment coordinated through the OPSE must be approved by the Superintendent of Police or his/her designee prior to allowing any Reserve member to work a police secondary employment assignment in plain clothes.
  - (b) Reserve officers shall not work police secondary employment for their current employer.
  - (c) Reserve officers shall not work police secondary employment during the first calendar year after his/her graduation from the Reserve Police Academy.
  - (d) Reserve Officers **must** have volunteered 480 hours in the prior calendar year **to be eligible to work secondary employment. Officers who have met this requirement** may work the same number of hours as a full-time, paid commissioned member of the NOPD. This requirement is waived for resigned or retired commissioned officers in their first year in the Reserve Division.
  - (e) Reserve officers shall follow the same OPSE agreement and authorization procedure as established for active members of the Department (**OPSE/NOPD Form Per-1**). The Secondary Employment Agreement and Authorization Form shall be submitted to the Captain of the Reserve Division for approval and forwarding through the chain of command to the Superintendent of Police or his/her authorized designee for final approval.
  - (f) Reserve officers shall follow all policies and procedures of the New Orleans Police Department and the Reserve Division while working police secondary employment.
25. Members authorized to work police secondary employment may perform or engage in authorized assignments only during the hours they are off-duty. Members may accept and work a police secondary employment opportunity when not on duty or while on authorized leave.
26. Members are authorized to work police secondary employment only in Orleans Parish, with the specific exception of members working traffic escorts coordinated and assigned by OPSE.
27. While working police secondary employment, members shall be governed by all NOPD uniform policies and procedures, which include, but are not limited to:
  - (a) Members working a uniformed assignment will be attired in the full Class A or B winter/summer uniform and armed with an authorized duty handgun.
  - (b) Members are **not** authorized to work a police secondary employment assignment in the Task Force or BDU uniform.

- (c) Plain clothes police secondary employment assignments coordinated through the OPSE must be approved by the Superintendent of Police or his/her designee prior to allowing any member to work an assignment in plain clothes.
  - (d) Members working police secondary employment assignments involving traffic control or as otherwise directed by a police supervisor shall wear their traffic control vests while performing these duties.
  - (e) Civilian members working police secondary employment shall be attired in their NOPD uniform of the day or as directed by a police supervisor if they have no NOPD uniform.
28. Police Secondary employment by NOPD members is generally limited to a maximum of 24 hours per seven-day work week (Sunday through Saturday).
29. Exceptions to the 24-hour limitation may be granted for special events where staffing requirements are so intensive that sufficient staffing resources may not be available for the safe operation of the event (e.g. – Jazz Fest, Mardi Gras, etc.).
30. Application for an event exception will be made in advance via interoffice correspondence (NOPD Form 105) by a member or event coordinator which will estimate the number hours a member may exceed the maximum threshold and forwarded through appropriate chain of command for review and final approval by the Superintendent of Police or his/her designee.
31. Police secondary employment assignments in excess of the 24-hour limitation cannot be worked until the exception is approved by the Superintendent.
32. No member, including Reserve officers, shall work more than 16 hours and 35 minutes (16.58 hours) within a 24-hour period. These hours are cumulative and include normal scheduled work hours, overtime, court time, off-duty police secondary employment, or outside employment. Members must have 7 hours and 25 minutes of unpaid, off-duty time within every 24-hour period.
33. A commissioned member working a police secondary employment assignment shall be responsible for conducting any police investigation, excluding traffic crashes, within the boundaries of the assignment area, including parking lots and exterior areas, and will be responsible for writing all related reports unless the investigation is of such magnitude as to substantially remove the member from the assignment area or would significantly curtail their assignment duties. A supervisor from the district of the police secondary employment assignment shall make this determination.
34. Field Operations Bureau – District officers shall assist in the transportation of arrested subjects for NOPD members working a police secondary employment assignment.
- (a) If the member is assigned a unique radio call number, the member will use that number as the primary car number for the police secondary employment item number.
  - (b) If the member does not have a unique radio call number, he/she will use his/her badge number as their radio call number and give the dispatcher his/her name and place of assignment for entry under the item number compliant history.
  - (c) Members will submit a written incident report (EPR) in connection with a police secondary employment assignment through his/her normal supervisory chain of command.
  - (d) All related reports, including state arrest reports, are processed through the member's regular place of assignment, including the receipt of the report to the District Attorney's Office. The approving supervisor shall forward a copy of the approved report to the Captain of the district where the incident occurred within

- 72 hours of the incident.
- (e) When a member working an authorized police secondary employment assignment is required to investigate an incident classified as a UCR crime, the member will immediately notify the on-duty supervisor in the district of occurrence by radio or by telephone to brief the supervisor regarding the circumstances surrounding the incident. The notified supervisor shall determine if the District Investigative Unit will be notified based on District policy.
  - (f) Department vehicles, when properly equipped and authorized for road construction or other traffic related assignments, shall be used to enhance safety and visibility in or around the police secondary assignment area.
  - (g) Department vehicles shall supplement and not replace the officer's dismantled traffic control responsibilities.

### **PERSONAL PROTECTION ASSIGNMENTS**

- 35. There are occasions when it is permissible for commissioned members of the Department to accept secondary employment involving the security of persons who are dignitaries, or private persons who legitimately fell under risk or are threatened.
- 36. When the request is part of a major special event being handled by the City / NOPD under a Special Event Operations Order, they shall be processed thru OPSE. The following are the recognized Special Events:
  - a. College Football Championship,
  - b. Superbowl,
  - c. National Football Conference Championship,
  - d. NBA Championship,
  - e. NBA Final Four,
  - f. NCAA Division I Football Championship,
  - g. US Olympic Trials,
  - h. Olympics.
  - i. Any Special Event with an Operations Order and authorized by the Superintendent.
- 37. When OPSE receives a request for this type of personal escort or protection assignment, they shall notify the NOPD Performance Standards Section.
- 38. The Captain of the Performance Standards Section shall be responsible for reviewing the request for appropriateness within the general guidelines of this Chapter and, in coordination with the Intelligence Section of ISB, assessing the risk factors and appropriate level and type of police security required (trained protection officer, plain clothes, uniformed).
- 39. OPSE shall be notified in writing by PSS that the request can be processed as a PSE – Personal Escort / Protection assignment.
 

PSS shall maintain, and provide to OPSE, a list of Department members authorized to accept Personal Escort / Protection assignments. The member's eligibility for inclusion on the list will be determined by his/her specialized training (dignitary protection), personal fitness, and ability to effectively deal with dignitaries and celebrities. This evaluation process will be conducted by PSS in conjunction with the ISB Intelligence Unit.
- 40. Exceptions to these requirements may be made by OPSE for re-occurring events involving dignitaries or celebrities where identified members have already participated

and have developed a rapport and detailed knowledge of the client's routine and associates. These are treated the same as a "reoccurring" PSE.

41. These assignments are to be treated as "Confidential" by PSS, OPSE and the members assigned.

## INSTRUCTIONS

42. Any member interested in working police secondary employment must first register with the Office of Police Secondary Employment by completing a "**Secondary Employment Agreement and Authorization Form**" (OPSE/NOPD Form Per-1) in accordance with listed instructions.
43. The member shall submit a signed and dated copy of the **OPSE/NOPD Form Per-1**, along with a copy of the member's attendance record for the previous 12 consecutive months, through their chain of command for final approval by the Superintendent of Police, or his designee.
44. It is the responsibility of the member's immediate supervisor, District or Division Captain and Bureau Deputy Superintendent to ensure the **OPSE/NOPD Form Per-1** is correctly and accurately completed. Each reviewing supervisor in the requesting member's chain of command shall consider the following when reviewing the Secondary Employment Agreement and Authorization Form:
  - (a) The thoroughness and accuracy of member information entered under the Personal Information, Contact Information and Work Information sections of the form.
  - (b) The thoroughness and accuracy of entries related to Certifications (**NOTE:** If the requesting member is a "Police Officer", each reviewing authority shall confirm the requesting member achieved permanent "Police Officer" status. All members of "Police Officer" rank are required to complete the "Date Off FTO" section listed under Certifications).
  - (c) The member has *'initialed'* all relevant acknowledgements.
  - (d) The form has been signed and dated by the member.
  - (e) The requesting member's overall attendance record over the previous 12 months. All sick leave usage is considered; and
  - (f) **The requesting member's overall work performance, including productivity and disciplinary record.**
45. If a reviewing supervisor does not approve an **OPSE/NOPD Form Per-1**, he/she shall note the specific reason(s) for disapproval (such as poor attendance record, poor performance, disciplinary problems, etc.) on the form and continue routing the form through the chain of command for final consideration by the Superintendent of Police or his/her designee.
46. A copy of the disapproved form shall be forwarded to the requesting member and the Professional Standards and Accountability Bureau - Performance Standards Section by the disapproving supervisor, including the reason(s) for disapproval. The member has the option of appealing the disapproved request using the procedure outlined in this Chapter.
47. The Superintendent's Office shall forward the completed Secondary Employment Agreement and Authorization Form (**OPSE/NOPD Form Per-1**) to the NOPD Professional Standards and Accountability Bureau - Performance Standards Section. The Performance Standards Section shall file the original form and forward copies to both OPSE and the member's Bureau Chief. The member's Bureau Chief shall

distribute a copy of the form as follows:

- (a) Member's Commanding Officer for filing in the member's personnel jacket in INSIGHT; and
- (b) Requesting member.

48. Immediate supervisors and Division/District Captains are responsible for conducting periodic performance reviews of a member under their command who has been previously approved to work police secondary employment as assigned through OPSE. The purpose of this review is to assess the member's suitability to continue to work police secondary employment assignments during the one (1) calendar year eligibility period granted under the OPSE registration process. The performance review shall include assessments of sick usage (both documented and undocumented), overall attendance record, disciplinary actions, and member evaluation records.

### **REVOCAION OF POLICE SECONDARY EMPLOYMENT PRIVILEGES**

49. A previous authorization to work police secondary employment through OPSE may be revoked or suspended at any time by the member's immediate supervisor, Division/District Captain, Deputy Chief, or the Superintendent of Police.
50. The supervisor electing to revoke or suspend a previous authorization shall immediately notify OPSE and the Performance Standards Section of their intent.
51. The Performance Standards Section shall notify OPSE that the affected member is to be removed from their police secondary employment eligibility register until further notice.
52. In the case of such revocation or suspension, the member shall:
  - (a) Immediately be provided verbal notice by a supervisor that the member's police secondary employment privilege has been revoked or suspended and the reason for this action.
  - (b) Be provided written notice by a supervisor as to the reasons(s) for the revocation or suspension within seven (7) days via interoffice correspondence (NOPD Form 105).
  - (c) Sign and date the NOPD Form 105 acknowledging its contents.
  - (d) The signed form shall be forwarded to the Performance Standards Section via the member's chain of command.
  - (e) A copy of the NOPD Form 105 shall be sent to each reviewing authority listed on the Secondary Employment Agreement and Authorization Form (**OPSE/NOPD Form Per-1**).
53. The revocation becomes effective immediately upon verbal notification to the member, OPSE and the Professional Standards Section. The member has the option of appealing a revocation order using the procedure outlined in this Chapter.
54. A member may be relieved of his/her assignment during the course of the police secondary employment assignment by any ranking member if the member is performing contrary to the guidelines set forth in this Chapter or the member appears unfit to perform the required duties. Any supervisor initiating such action shall immediately notify the Performance Standards Section and OPSE.
55. To seek reconsideration of a police secondary employment disapproval, revocation, or supervisor suspension, the affected member may appeal the decision in writing

directly to the Superintendent of Police.

56. In order to be considered, all appeals must be made in writing within ten (10) days of the date of notice of disapproval, revocation, or suspension.

57. The Superintendent of Police is the final arbiter of an appeal.

### **SECONDARY EMPLOYMENT TRACKING / LOGGING PROCEDURES**

58. The ranking NOPD officer or the member working an authorized police secondary employment shall, within 30 minutes of the start of the assignment, notify Communications Services by phone to (504) 386-3991 (Detail Text Line). An automated voice will ask a series of questions and send the information to the OPCD. Members shall be prepared to answer the following questions:

- (a) The member's First Name,
- (b) The member's Last Name,
- (c) Agency of employment,
- (d) Member's Badge number,
- (e) Member's Employee ID Number,
- (f) Start time of detail assignment,
- (g) End time of detail assignment,
- (h) Address of detail assignment.

59. For authorized police secondary employments involving multiple officers and supervisors for the Superdome, arena venues and during Major or Special Events with Operations Orders, OPCD shall be notified of the PSE and the members working within 30 minutes of the start of the PSE by the ranking officer or their designee.

60. Communications Services shall be responsible for entering the police secondary assignment in the CAD system.

### **POLICE SECONDARY EMPLOYMENT MINIMUM SUPERVISORY REQUIREMENTS**

61. The minimum supervisory requirements for police secondary employment assignments are governed by OPSE policy.

62. Sergeants and Lieutenants can back-fill or work down to police officer or lower ranking supervisor positions; however, those supervisors electing to fill such a vacancy would be eligible for compensation at the hourly rate approved for the police officer or lower ranking supervisor's position.

63. Members in the rank of captain or above shall only be allowed to serve on secondary employment jobs in supervisory roles.

### **COMPLAINTS / UNSATISFACTORY PERFORMANCE**

64. Observed violations on PSE shall be communicated to the Performance Standards Section and handled in accordance with established disciplinary procedures.

65. Supervisors who receive a citizen complaint regarding a member's performance while working a police secondary employment assignment shall follow all Departmental guidelines for the handling and processing of complaints and contact the Performance Standards Section for assistance if needed or the District if the

Performance Standards Section is not available.

66. The Performance Standards Section shall notify the OPSE and PIB of all reported violations and complaints relayed by district supervisors and DSA's concerning police secondary employment assignments.
67. Complaints received by OPSE from a police secondary employment assignment customer or customer representative relative to the unsatisfactory performance of a NOPD member working an assignment shall be referred by OPSE to the NOPD Performance Standards Section for preliminary investigation to determine if the member has committed a violation of departmental policy or procedure.
  - (a) If warranted, corrective/disciplinary action may be taken by the Performance Standards Section, or
  - (b) The information may be turned over to the member's District/Division Captain or Public Integrity Bureau, as appropriate, for additional investigation in accordance with established departmental procedures.
  - (c) Information related to such complaints shall be recorded and maintained by the Performance Standards Section and the Public Integrity Bureau.
  - (d) All conversations and actions between the OPSE and the police secondary employment assignment customer or customer representative registering a complaint shall be documented and forwarded to PIB.
  - (e) The NOPD Performance Standards Section shall periodically update the Director of the OPSE as to the progress or final status of all complaint investigations involving police secondary employment assignments.
68. An on-duty supervisor performing an inspection at a police secondary employment site shall take appropriate disciplinary action for any departmental violation involving a member's performance.
69. Should the supervisor believe the violation warrants the immediate removal of the member from the assignment, the supervisor shall contact the NOPD Performance Standards Section to determine the appropriate course of action.
70. Whenever it becomes necessary to relieve a police member from a secondary employment assignment, a supervisor from the Performance Standards Section shall contact OPSE to notify them of the action being taken and the exact time the member was relieved.
71. If OPSE is unable to staff a replacement for the duration of the assignment, a Performance Standards Section supervisor shall contact a supervisor from the district where the assignment is being worked to request assistance with additional patrols or coverage, as calls for service permit.
72. Should an on-scene inspection of a police secondary employment site reveal the nature of the assignment or business being conducted at the location is contrary to established guidelines, the supervisor conducting the inspection shall immediately notify the NOPD Performance Standards Section.
73. The Captain of the Performance Standards Section shall assist in making a determination as to whether or not the assignment conforms to department standards. If it is determined that the assignment does not conform, the Performance Standards Section shall immediately notify OPSE that the police secondary employment assignment is being suspended and that no additional NOPD members shall be allowed to work the assignment pending a formal review.

**USE OF DEPARTMENTAL VEHICLES FOR SECONDARY EMPLOYMENT**

74. The Office of Police Secondary Employment must approve any use of a departmental vehicle or other specialized equipment used in the course of a police secondary employment assignment. Department vehicles shall be provided only to perform a practical service associated with the specific assignment, not for the “comfort” of the member.
75. The individual member may request the use of a departmental vehicle for a police secondary employment assignment if it is required and authorized for use through OPSE for that assignment. The availability of a vehicle that meets the requirements of the work assignment is completely discretionary with the member’s unit Captain and should be secondary to the mission of the unit. If the member cannot secure the required vehicle, he/she must notify OPSE sufficiently in advance of the assignment to allow for the shift to be reassigned.
76. Departmental vehicles will only be assigned to members if required while providing assignment support services, not simply for the convenience of traveling to and from assignments.
77. Members who are assigned an authorized take-home vehicle in accordance with C.A.O. Policy Memorandum No. 5(R) shall record their vehicle information on **OPSE/NOPD Form Per-1** where indicated and may use their vehicle in support of police secondary employment services when approved by the OPSE. **Unmarked vehicles shall not be used for secondary employment traffic escort assignments or any assignment involving enforcement action unless the unmarked vehicle has front and rear blue and/or blue and red flashing lights.**
78. NOPD members shall be responsible for the proper care and maintenance of all equipment issued or assigned to them, including for police secondary employment purposes, and shall exercise all due precautions to prevent theft, loss, or damage.

**RESTRICTIONS**

79. NOPD members shall not be permitted to select substitutes or allow another member to work an assigned police secondary employment position in place of the member scheduled by the OPSE.
80. Members of the New Orleans Police Department are prohibited from participating in the solicitation, coercion, and individual coordination of police secondary employment opportunities.
81. Department members are prohibited from knowingly participating in, or soliciting the creation of, any corporation, company, trust, fund, or cooperative banking account for the purpose of billing, receiving compensation, or coordinating the services of police secondary employment.
82. NOPD members shall not provide police secondary employment services for any City agency or any of the City’s political subdivisions. Departments or agencies requiring police service enhancements shall be covered under regular duty (“City Rolls”) assignment or approved overtime reimbursement.
83. No member working police secondary employment assignment can supervise another member of higher rank.

84. Members are not permitted to engage in police secondary employment inside a bar, lounge, alcoholic beverage outlet (ABO), or establishments where the primary source of revenue is derived from the sale of alcoholic beverages consumed on the premises.
85. Members shall not work an assignment that will interrupt or occur during the member's assigned on-duty NOPD shift. To avoid any disruption in regularly scheduled police services, members are prohibited from accepting police secondary employment assignments that would require a split shift.
86. Members shall not work for a company or business that provides private guard services, brokers private guard services, or for individuals who profit from the services of a police secondary employment member unless the private security company is managing the security for a major special event (See list of Special Events above.), the OPSE has authorized it and the use of commissioned members is required by the special event permit (i.e., street closure, traffic control, etc.).
87. Members are not authorized to perform the below listed activities as police secondary employment:
- (a) Any employment where a conflict of interest with the City can reasonably be demonstrated, including, but not limited to, psychological stress evaluations, computerized voice stress analyses, and polygraph examinations.
  - (b) Private investigation.
  - (c) Acting as bartenders, cocktail waiters, or waitresses.
  - (d) Acting as doormen, bouncers, barkers, or ticket takers.
  - (e) Acting as or providing security for bail bond or bonding companies, or agents for same (bounty hunters).
  - (f) Conducting debt collection for any person or entity.
  - (g) Acting as a courier for the transportation of cash, receipts, or deposits for individuals or entities.
  - (h) Providing chauffer services, except where chauffer services to public officials and dignitaries is secondary to a primary purpose of security. Notwithstanding the foregoing prohibition, motorcycle escorts for chauffer services and limousines is permitted.
  - (i) Providing security at "sexually oriented" businesses.
  - (j) Employment requiring that the member act as a civil process server; and
  - (k) Providing security at pawn shops.
88. NOPD members are prohibited from working a police secondary employment that conflicts with the member's regular NOPD duties and ethical obligations. Prohibitions include:
- (a) Representing anyone before any court or agency of the City of New Orleans, with or without compensation, on a matter in which the City of New Orleans is a party or has a substantial interest.
  - (b) Serving as an expert witness in his or her private capacity in any civil or criminal proceeding in which the City of New Orleans is a party or has a substantial interest.
  - (c) Working police secondary employment during court hours while the member is under a conflicting subpoena.
  - (d) Disclosing confidential information acquired in an official capacity to any police secondary employment customer; or
  - (e) Using on-duty time to conduct investigations or take other law enforcement action on behalf of a police secondary employment customer, where there would be an actual conflict of interest or appearance of a conflict of interest.

89. Members of the New Orleans Police Department are prohibited from working police secondary employment or outside employment in any facet of land-based or river boat casino-type gaming establishment without prior approval of the Superintendent of Police including but not limited to:
- (a) Parking lots and or shuttle locations owned or leased by any casino or gaming consortium; or
  - (b) Providing security for patrons attending land based or river boat gaming establishments.
90. Members of the New Orleans Police Department are prohibited from working police secondary employment or outside employment in any facet of the electronic and/or video poker industry, including maintenance or servicing video poker machines, without prior approval of the Superintendent of Police.
91. NOPD members working police secondary employment are not permitted to receive any compensation, either cash or in-kind, including bonuses or gifts, unless such compensation, bonus, or gift, is provided through and documented by the OPSE Coordinating Office and is in accordance with the Louisiana Ethics Code for public members. Nominal compensation in the form of food or beverages is permitted in accordance with the Louisiana Ethics Code for public employees.
92. Travel time to and from police secondary employment shall not be compensated unless it involves specialized patrol services or the use of specialized equipment.
93. Officers shall allow a minimum of 15 minutes between shifts for travel to and from secondary employment assignments to ensure regular/overtime and detail shift pay differential.
94. Members are reminded that privately owned vehicles (vehicles not owned or operated by the City of New Orleans or the NOPD) used on authorized police secondary employment assignments **are not** considered “authorized emergency vehicles” under State law and not protected by or covered under the City of New Orleans liability insurance. Any member who utilizes a privately owned vehicle on a police secondary employment assignment does so without the approval of the City or the NOPD and at their own risk.

## APPENDIX A - Secondary Employment Compliance Guide

- As a reminder, ALL paid details must go through OPSE. Any officer who works a paid detail “off the books” (i.e., the detail was not approved, scheduled, assigned, and paid thru OPSE) is in violation and subject to disciplinary action including termination for a 1<sup>st</sup> offense.
- PSAB and OPSE assess compliance with the 16-hour rule for every 24-hour period that begins at the start of every shift and detail you work. There is no reset at midnight. There’s no reset when there’s a gap between your shifts or details. If you work a shift starting at 6:25am, a 24-hour period begins at 6:25am and ends at 6:25am the next day. If you work a detail that day starting at 4pm, another 24-hour period will begin at 4pm. Each 24-hour period is assessed separately, even if they overlap. Below is an illustration of how two separate and overlapping 24-hour periods are assessed for compliance with the 16-hour rule:

When planning your overtime and details, ensure you have at least 7 hours and 25 minutes of unpaid, off-duty time within any 24-hour period. The spirit of the policy is to allow time for rest. If you work a regular shift and no overtime, you can work 8 hours of details without violating the 16-hour rule, which is actually 16 hours and 35 minutes. Below is an example of a 16-hour violation. This officer worked a regular shift, overtime, and a five-hour detail. If he/she had worked a four-hour detail, he/she would not have violated the 16-hour rule.

Employer	Shift Start	Shift End	Hours Worked
OPSE	9/7/2021 1:00	9/7/2021 6:00	5.0
NOPD	9/7/2021 6:25	9/7/2021 15:00	8.6
NOPD OT	9/7/2021 15:00	9/7/2021 18:25	3.4

Below is an example of a lot of work without violating the 16-hour rule. Notice the 8-hour gap between the 12-hour detail and the regular shift:

Employer	Shift Start	Shift End	Hours Worked
OPSE	9/7/2021 3:00	9/7/2021 15:00	12.0
NOPD	9/7/2021 23:00	9/8/2021 7:35	8.6
NOPD OT	9/8/2021 7:35	9/8/2021 11:00	3.4

- Plan for gaps between NOPD shifts and OPSE details. Overlaps first appear as payroll fraud and you are not permitted to be compensated for travel time to and from details unless it involves specialized patrol services or use of specialized equipment.

Chapter: 22.08 – Appendix A

4. Do not split shifts or interrupt a regular duty shift with a detail.
  - a. If you are working an NOPD shift, you cannot take emergency furlough and work a last-minute detail.
  - b. When you take an approved furlough to work a detail, if the detail is cancelled or shortened and you are paid for all or part of the detail, your entire furlough stands, and you cannot return to regular duty for the period for which you are being paid for the detail. All furloughs are required to be documented in writing and approved as required PRIOR to taking the furlough. Being paid for the same period of time by a private and a government entity can be a violation State law.
  - c. Changing regular working schedule hours to allow a member to work a detail is prohibited except for EAP employees. For example, if you normally work 9-5, you cannot work 11-7 one day to work a detail from 9-10:30.
5. Ensure your timesheet with your detail customer is accurate. Hypothetically, if you were scheduled to start the detail at 4pm and you got there a 4:10pm, ensure the timesheet says 4:10pm.
6. You are responsible for the time for which you are paid, even if someone else made a timekeeping error:
  - a. Thoroughly review the dates and times on your OPSE earnings statement. It's possible OPSE staff made errors entering your time. They cannot see your ADP time (Regular Working, Overtime, Court, etc.) when they enter your OPSE time. They also cannot see other details you've worked when entering your time and may not be aware of them. Notify OPSE about corrections. Payment can be added or withheld from your next check.
  - b. Thoroughly review your ADP time (Regular Working, Overtime, Court, Furlough, etc.) before you approve it. It's possible your supervisor made errors entering your time. They cannot see your OPSE time when they input your ADP time. Notify your supervisor about corrections.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.9

### TITLE: OUTSIDE EMPLOYMENT

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy (1040)**

---

#### PURPOSE

To avoid actual, perceived or potential conflicts of interest for department employees engaging in outside employment, the New Orleans Police Department requires all employees to obtain prior written approval from the Superintendent of Police before engaging in any outside employment.

#### POLICY STATEMENT

1. The nature of law enforcement requires Department employees to ensure outside employment does not interfere with or compromise their ability to fulfill their responsibilities to the Department. Department employees must have the ability to work irregular schedules subject to change to meet deployment needs. It is also necessary that employees have adequate opportunity to rest so they are alert during their tour of duty.
2. For these reasons, and because certain activities are inherently incompatible with an employee's primary responsibility to the Department, the Department may impose conditions on outside employment or may prohibit it altogether.
3. Approval of outside employment requests by employees shall be at the discretion of the Superintendent of Police in accordance with the provisions of this Chapter.

#### DEFINITIONS

**Employee**—An individual who works for the NOPD and is either full-time or part-time and paid. This excludes volunteers and Reserve Officers.

**Outside Employment**—The engagement of any employee of the Department by another individual, business, establishment, organization, or on a self-employed basis, where the Department employee is privately paid and is performing duties of a non-police function (e.g. Accountant; Lifeguard; Attorney; Real Estate Agent; Sales Representative; etc.). Due to the nature of outside employment services which may be authorized under this policy, any request to carry a weapon while working in an outside employment capacity must be approved in advance by the Superintendent of Police.

An officer's employment status while on a paid detail/secondary employment assignment is not outside employment for the purposes of this Chapter. Such employment is governed by the

Office of Police Secondary Employment policies and applicable law.

**Short-Term Outside Employment**—Outside employment that is worked on a non-recurring schedule for the same employer.

**Permanent Outside Employment**—Outside employment that is worked on a recurring schedule for the same employer.

### APPROVAL PROCESS

4. No employee of this Department may engage in any outside employment without prior written approval of the Superintendent of Police.
5. Failure to obtain prior written approval for outside employment or engaging in outside employment otherwise prohibited by this Chapter shall subject the employee to disciplinary action.
6. The employee must:
  - (a) Complete an **Outside Employment Authorization Form (Form #22)**;
  - (b) Attach a printout of their attendance record for the previous 12 consecutive months; and
  - (c) Submit **Form #22** and attendance record to his/her immediate supervisor.
7. Once reviewed and approved by the employee's immediate supervisor, the application will then be forwarded through the employee's chain of command to the Superintendent of Police for consideration and final approval.
8. If the application is disapproved by any reviewer in the employee's chain of command prior to reaching the Superintendent of Police, the application, along with the written reason for the disapproval recommendation, shall continue in the review and approval process.
9. Employees are prohibited from working the requested outside employment until final approval of the Superintendent of Police has been given. **There are no exceptions from this requirement.**
10. Each reviewing authority in the requesting employee's chain of command shall consider the following when reviewing an Outside Employment Authorization form:
  - (a) The nature of the outside employment requested;
  - (b) Any actual, perceived or potential conflicts as outlined in this Chapter;
  - (c) The occupation and duties in which the employee will engage;
  - (d) The employee's overall attendance record for the previous 12 consecutive months;
  - (e) All sick leave usage will be considered, including those instances which were documented;
  - (f) The employee's Departmental work performance;
  - (g) The employee's disciplinary history; and
  - (h) Any other factors that may affect the requesting employee's ability to fulfill his or her duties as an NOPD employee.
11. If the employee's request to work outside employment is approved, the employee will be provided with a copy of the approved application signed by the Superintendent or his/her authorized designee.
12. Unless otherwise indicated in writing on the approved application, an approved

application will be valid for a maximum of one year and shall be renewed each year in the month of the employee's birth.

13. Any employee seeking to continue a previously approved outside employment must submit a new application for renewal in a timely manner.
14. Any employee seeking approval of outside employment whose application has been denied shall be provided with a written reason for the denial of the application at the time of the denial and within 30 days of the submission of the initial application.

#### **APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT**

15. In all instances where a reviewing authority disapproves an Outside Employment Authorization Request, he/she shall note the reasons for disapproval (e.g., poor attendance, poor performance, disciplinary problems) on an Interoffice Correspondence (Form #105).
16. The Interoffice Correspondence shall be attached to the Outside Employment Authorization Request and continue through the chain of command for final approval/disapproval by the Superintendent of Police.
17. A copy of the disapproval, along with a copy of the Interoffice Correspondence listing the reason(s) for disapproval, shall be forwarded to the requesting employee by the supervisory officer disapproving the request.
18. The employee will have the option of submitting an Interoffice Correspondence in response to the disapproval to the Superintendent of Police. The employee's interoffice correspondence in response to the disapproval shall contain signature spaces with the designation CONCUR / DO NOT CONCUR for the appropriate employees in the employee's chain of command.
19. If an employee's application is denied or rescinded by the Department, the employee may file a written notice of appeal to the Superintendent of Police within 10 days of the employee's receipt of denial.

#### **REVOCACTION / SUSPENSION OF AN APPROVED OUTSIDE EMPLOYMENT APPLICATION**

20. Any approved outside employment application may only be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension.
21. Revocation or suspension of an approved outside employment will only be imposed after the employee has exhausted the appeal process outlined in this Chapter.
22. The outside employment may be revoked:
  - (a) If an employee's regular duty work performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency and the outside employment may be shown to be related to the employee's performance.
  - (b) At the discretion of the Superintendent, in which case the Superintendent shall notify the employee of the "intent to revoke" a previously approved outside employment application.
  - (c) After the appeal process has concluded, the revocation will remain in force until the employee's regular duty work performance directly related to the outside employment has been re-established to the minimum level of acceptable

- competency.
- (d) If, at any time during the term of an approved outside employment application, an employee's conduct or outside employment conflicts with the provisions of department policy, or any law.
  - (e) The outside employment creates an actual, perceived or potential conflict of interest with the Department or the City.

### **GENERAL INFORMATION**

- 23. Outside employment shall not interfere with the employee's performance of duty.
- 24. While working outside employment, employees shall conform to all departmental policies, procedures, rules and order.
- 25. Employees shall not perform or engage in outside employment during their regular tour of duty (See: **Rule 4: Performance of Duty, paragraph 3 – Devoting entire time to duty.**)
- 26. Employees shall not work outside employment that would render the performance of their duties to the department below minimum acceptable standards or render the employee unavailable for reasonably anticipated overtime assignments.
- 27. No employee, including Reserve officers, shall work more than 16 hours and 35 minutes within a 24-hour period (the 24-hour period begins the first time the employee reports for either regular duty or secondary employment allowing for a minimum of eight hours of rest within each 24-hour period). These hours are cumulative and include normal scheduled work hours, overtime, off-duty secondary employment, and outside employment.

### **RESTRICTED OUTSIDE SECURITY EMPLOYMENT**

- 28. Due to the high potential for a conflict of interest, no employee of this department may engage in any outside employment as a private security guard, private investigator or other similar private security position.
- 29. No officer may engage in outside employment as a law enforcement officer for any other public agency without prior written authorization of the Superintendent of Police.

### **RESTRICTED OUTSIDE EMPLOYMENT**

- 30. Employees shall not work outside employment in the following occupations:
  - (a) Any occupation where a conflict of interest with the City of New Orleans or the New Orleans Police Department can reasonably be demonstrated.
  - (b) Bartenders, cocktail waiters or waitresses.
  - (c) Doormen, bouncers, barkers, or ticket takers.
  - (d) Bail or bonding companies, or agents for same (Bounty Hunters);
  - (e) Collection agents for any private person or entity.
  - (f) Any facet of land-based or river boat casino style gaming as listed below:
    - i. No employee shall work as a shuttle operator for any location owned or leased by a casino consortium;
    - ii. No employee shall provide security for patrons attending or departing a gaming establishment;
    - iii. No employee shall engage in outside employment where their duties include supervising casino employees, managing casino employees, background investigations of casino employees, or providing private security for any

- gaming establishment; or
  - iv. No employee shall engage in outside employment as a dealer, croupier or other such employment in any gaming establishment.
- (g) Any facet of the Electronic Gaming Industry as listed below:
- i. Employment as a wholesale/retail technician, who repairs, delivers, installs, or in any manner services video poker machines, slot machines, or any other electronic gaming industry machines or equipment;
  - ii. Employment in any manner as a security officer for the wholesale/retail, repair or servicing divisions of the Electronic Gaming Industry;
  - iii. Employment as a wholesale/retail route agent responsible for the collection of monies generated by electronic gaming machines; or
  - iv. Employment as a wholesale/retail route agent responsible for selling electronic gaming equipment, or any other facet for the sole purpose of providing security for wholesale/retail electronic gaming machines or equipment.

31. Employees who are qualified as an Expert Witness shall not engage in employment in any proceeding involving an official New Orleans Police Department investigation or report in Orleans Parish Criminal District Court, Traffic Court or Municipal Court, or when the City of New Orleans is an adverse party in a Civil Suit and such employment would create a conflict of interest. Situations raising a question of a potential conflict of interest in litigation matters will be resolved by the Superintendent of Police.

#### **DEPARTMENT RESOURCES**

32. Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department. (See: Rule 6: Official Information, paragraph #1 – Security of records).

#### **TRAINING AND HANDLING OF CANINES – OUTSIDE EMPLOYMENT**

33. Employees engaging in the training and handling of canines as outside employment are subject to the following restrictions:
- (a) Employees shall not use, nor allow to be used, any equipment belonging to the New Orleans Police Department. This shall include, but shall not be limited to, department canines and all dogs authorized to be used as NOPD canines, and those owned by employees and trained on department time).
  - (b) No department canine shall be used for stud services; and
  - (c) Employees shall not use, nor allow others to use, their positions as employees of the New Orleans Police Department as a quality or feature for the procurement of business. (See: **Rule 3: Professional Conduct, paragraph #2 – Abuse of position**).

#### **ATTORNEYS – OUTSIDE EMPLOYMENT**

34. Employees who are attorneys are permitted to practice law subject to the following restrictions:
- (a) No licensed attorney who is an employee of the New Orleans Police Department shall be permitted to represent any person in criminal proceedings which were instituted by or on behalf of the City of New Orleans or the New Orleans Police Department.
  - (b) No licensed attorney who is an employee of the Department shall represent any individual in any cause of action which was the subject of any official New

Orleans Police Department investigation or report, including Administrative Reports.

- (c) No licensed attorney who is an employee of the Department shall represent any individual, corporation, partnership, association or other entity in any civil litigation in which the City of New Orleans or the New Orleans Police Department is an adverse party.
- (d) No licensed attorney who is an employee of the Department shall illegally compensate any person for having referred any cause of action to that employee. (See: **Rule 3: Professional Conduct, paragraph #5 – Referrals**).

#### **CHANGES IN OUTSIDE EMPLOYMENT STATUS**

- 35. If an employee terminates his/her outside employment during the period of an approved application, the employee shall promptly submit written notification of such termination to the Superintendent of Police through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this Chapter.
- 36. Employees shall promptly submit in writing through the chain of command to the Superintendent of Police any material changes in an approved outside employment including any change in the number of hours, type of duties or demands. Employees who are uncertain whether a change in outside employment is material shall report the change.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.12

### TITLE: SUPERVISORY REFERRALS FOR MANDATORY PSYCHOLOGICAL EVALUATIONS

**EFFECTIVE: 04/28/2019**

**REVISED: Replaces Policy/Procedure 1011**

---

#### PURPOSE

The purpose of this policy is to set guidelines for supervisory referrals and psychological evaluations.

#### DEFINITIONS

**Unfit for duty**—If an officer is referred for a fitness-for-duty evaluation, an evaluation shall be performed by a psychologist outside of NOPD. If this evaluation determines that an employee is unable to perform his/her duties, the employee is unfit for duty. The employee's supervisor who receives the evaluation shall immediately recommend to the Superintendent that the employee is placed on sick leave or Administrative Reassignment until cleared for return to full duty. The employee may be referred to other medical professionals for a second opinion or treatment. Return to duty in these cases may depend, in part, on the opinion of the treating physician or qualified mental health professional.

**Police Psychologist**—A qualified mental health professional who is retained and paid by NOPD, but is not an employee of NOPD and is outside of the NOPD chain of command, and to whom NOPD shall refer officers for fitness-for-duty evaluations.

#### POLICY STATEMENT

1. The Officer Assistance Program is completely independent and distinct from supervisory referrals and psychological evaluations. (See also: **Chapter 22.2.7 – Officer Assistance Program Traumatic Incident Stress, Chapter 22.2.6 – Officer Assistance Program Member Mental Health Service and Chapter 22.2.8 – New Orleans Police Peer Assistance**).
2. The exceptions to confidentiality for the Officer Assistance Program imposed by law or by professional regulation on all psychologists, psychiatrists, family therapists, and psychotherapists include:
  - (a) **Threats of physical harm**—If any individual in counseling threatens to harm another person, the mental health professional is required by law and

professional regulation to notify the threatened person and the Police Department.

- (b) **Suicide**—Any mental health professional who reasonably believes that a client is seriously contemplating suicide is required by law and professional regulation to do everything possible to prevent such an attempt, including making whatever notifications are necessary to stop the attempted suicide.
  - (c) **Child, domestic, individual with disability, and elder abuse**—If a client discloses participation in abuse of a child, domestic partner, a person with a disability, or an elderly person, the therapist must notify the appropriate agency of such abuse.
  - (d) **Malpractice**—A therapist may use counseling material in defense of malpractice allegations.
3. Nothing in this Chapter shall be construed as relieving supervisors from taking disciplinary action when necessary. The Officer Assistance Program and the supervisory referral process are not a substitute for any disciplinary action necessitated by an employee's behavior.

### **SUPERVISORY REFERRAL FOR MANDATORY PSYCHOLOGICAL EVALUATION**

4. The dual purpose of the psychological evaluation is to assist the employee and to provide a safeguard for the Department and the public. This process is completely independent from the Officer Assistance Program.
5. A supervisor shall refer a subordinate employee for a psychological evaluation when there is reason to believe:
- (a) The employee exhibits violent behavior, including, but not limited to, spousal or child abuse, or repeated use of excessive force;
  - (b) The employee is abusing alcohol, prescription or non-prescription drugs, or intoxicating substances; or
  - (c) The employee's performance or behavior raises serious questions concerning the employee's emotional stability or ability to perform police work (UNFIT FOR DUTY).
6. Any commissioned or non-commissioned employee who observes another employee display one of the behaviors listed above shall report the behavior directly to the observed employee's Division-level Commander. The Division-level Commander shall investigate the allegation and prepare a confidential interoffice correspondence to the Deputy Chief of the observed employee's Bureau.
7. The confidential interoffice correspondence shall:
- (a) Contain the results of the Division-level Commander's confidential investigation into the allegation.
  - (b) Omit the name of the person who was the source of the information. However, the identity of the individual who is the source of the information shall be retained in the file kept by the Division-level Commander preparing the correspondence, should such information be needed at a later date for disciplinary and/or criminal investigations.
  - (c) Explain the basis for recommending the employee for a psychological evaluation.
  - (d) Recommend an appropriate disciplinary process or reassignment, if applicable.
8. Upon receipt of the confidential interoffice correspondence, the Bureau Deputy Chief shall approve or disapprove the recommendation for a psychological evaluation. The Bureau Deputy Chief shall then forward the correspondence to the Superintendent of Police with his/her recommendation noted. If the matter involves the disciplinary process

or the reassignment of the employee, the Bureau Deputy Chief shall also forward a copy of the report to the Deputy Chief of the Public Integrity Bureau.

9. Upon approval of the recommendation(s), the Superintendent, or his/her designee, shall immediately notify the employee, in person and in writing that he/she is being ordered to submit to a psychological evaluation within 72 hours.
10. Immediately after notification of the employee, the Superintendent, or his/her designee, shall notify the Police Psychologist, or other designated Department qualified mental health provider external to NOPD who will perform the evaluation, that the employee has been ordered to report for evaluation and provide a copy of the confidential interoffice correspondence related to the referral.
11. The employee's timely attendance and full cooperation in the psychological evaluation shall be mandatory. Failure to comply with the reporting requirements or to cooperate in the evaluation process shall be grounds for discipline up to and including termination.
12. The Superintendent of Police, not the Police Psychologist or designated qualified mental health provider, will determine the administrative consequences for an employee who refuses to participate in the psychological evaluation.
13. Employees who are ordered to be evaluated shall be scheduled for the evaluation during their regular working hours when possible and carried as regular working in the ADP payroll system by his/her unit of assignment.
14. The psychological evaluation shall be conducted as soon as possible by an independent psychologist, psychiatrist, neurologist or other qualified mental health provider.
15. The psychological evaluation may consist of interviews, psychological tests, or medical tests as determined by the provider.
16. The provider shall discuss the evaluation results with the employee.
17. Based upon the results of the interviews and any tests performed, the evaluation of the designated provider shall recommend to the Superintendent of Police:
  - (a) If medical and/or psychological treatment is required;
  - (b) The appropriate treatment needed; and
  - (c) If the employee should be decommissioned and/or reassigned.
18. Treatment may be an option for alcoholism or dependency upon legally prescribed drugs. In accordance with CAO Policy Memorandum No. 89, treatment alone shall not be an option for commissioned personnel of the Police Department who use or abuse illegal, designer, and/or synthetic drugs.
19. Recommended treatment shall accord with the following guidelines:
  - (a) Inpatient, chemical-dependency treatment at a center certified by the Joint Commission;
  - (b) Inpatient psychiatric treatment at a hospital certified by the Joint Commission;
  - (c) Outpatient psychiatric treatment by a licensed psychiatrist in the State of Louisiana; or
  - (d) Outpatient treatment by a licensed mental health professional in the State of Louisiana.
20. Upon the Superintendent's receipt and acceptance of a written recommendation for the employee's treatment by the Police Psychologist or designated medical provider, the

- employee will be instructed to report immediately to the Office of the Superintendent.
21. The Superintendent, or his/her designee, shall inform the employee, in writing, of the Psychologist's evaluation and recommendation.
  22. The employee will then have 72 hours within which to enroll in the appropriate treatment program designated by the recommendation.
  23. The employee shall be responsible for all expenses of treatment not covered by the employee's health insurance plan.
  24. The employee shall be relieved of duty upon receipt of the written notification of treatment order. The employee may also be decommissioned by the Superintendent.
  25. Employees will be carried sick, furlough, or leave without pay during treatment.
  26. The employee may be restored to duty when the Superintendent receives written notification from the Police Psychologist or designated qualified mental health provider that the employee has completed sufficient treatment and is able to return to duty. The return to duty may be full or limited duty at the discretion of the Superintendent.
  27. Any employee failing to obtain and maintain treatment as ordered within the specified time shall be decommissioned, relieved of duty, and face other administrative consequences up to and including termination.
  28. The New Orleans Police Department is a client during this type of psychological evaluation. A consent form, executed by the Police Psychologist or designated qualified mental health provider prior to any evaluation, shall advise the employee in writing that anything said in the interviews, as well as any test results or treatment, will be included in the evaluation report to the Superintendent. The evaluation results will remain in the possession of the Superintendent and the Police Psychologist or designated qualified mental health provider, but will not become a part of the employee's personnel record.
  29. In cases where the employee has been referred to another outside professional or treatment center, the Police Psychologist shall monitor the progress of the employee and report his/her findings to the Superintendent of Police.
  30. In cases where an employee is allowed to continue working while under treatment, the Superintendent of Police shall inform the employee's Bureau Deputy Chief as to the progress of the employee under treatment.
  31. The Bureau Deputy Chief shall keep the employee's Division-level Commander notified as to the progress of the employee as it relates to his/her fitness for duty only.
  32. The dissemination of personal and confidential information, relative to an employee's treatment, shall include only those elements necessary for proper supervision and monitoring.
  33. An employee who feels he/she is being referred to the Police Psychologist or medical provider unjustifiably may appeal the referral to his/her Bureau Commander.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 22.14

### TITLE: EXTENDED LEAVE

**EFFECTIVE: 08/05/2018**

**REVISED: Replaces Policy 1015**

---

#### PURPOSE

To establish a department policy which will govern employees who are classified as extended leave, which is a general payroll classification. Specific categories within the general classification of extended sick include Injured on Duty (I.O.D.), Workers' Compensation (W/C), Sick Leave, Military Leave and Family Medical Leave. These categories are determined by the particular circumstances of the employee.

#### EXTENDED LEAVE

1. Whenever an employee is absent for 30 calendar days in any extended leave classification, the employee's Commander is responsible for ensuring the employee is transferred to the Administrative Duties Division. Any recommendations from the employee's commander or other relevant information should be forwarded to the Administrative Duties Division at the time of the transfer.
2. The Administrative Duties Division will conduct an initial evaluation and monitor the employee until such time as he/she is returned to full duty and is transferred out of the Administrative Duties Division, or is no longer employed by the New Orleans Police Department.
3. The Administrative Duties Division Commander will utilize a **Form 50** for purposes of recording medical documentation of the employee's status.
4. The Administrative Duties Division shall serve as the temporary place of assignment for:
  - (a) All employees in any extended leave classification; and
  - (b) For those employees that qualify for a limited duty assignment, while recovering from an illness or injury.
5. At the discretion of the employee's District/Division Commander, an employee who is hospitalized or whose absence results in extended sick leave due to a documented illness or injury may be exempt from the daily notification provision (See: **Chapter 22.4 – Sick Leave**). Should this exemption be granted, the District/Division Commander shall check off the exemption block on NOPD **Form 109R** (Sick Form), which can be found at [nopd.org](http://nopd.org) under the forms tab, and date and sign said form acknowledging the exemption.

6. It is the responsibility of District/Division Commanders to monitor the leave usage of their employees and to ensure that accurate and timely extended leave classifications are properly documented. This includes adherence to the requirements set forth in this section regarding a timely transfer of personnel to the Administrative Duties Division.
7. If a District/Division Commander has medical documentation which would support an employee's transfer before an absence of 30 calendar days, it is permissible to request the transfer.
8. Any communications or requests for information, internal or external to the Department, relating to employees in limited duty positions shall be coordinated and managed by the Administrative Duties Division.

#### **CLASSIFICATIONS OF EXTENDED LEAVE**

9. **Extended leave** - Any continuous use of Sick Leave, I.O.D., Workers' Compensation, Leave Without Pay, or any leave combination, whereby the loss of time equals 30 calendar days. An employee must provide a Form 50 attesting that the illness or injury is ongoing or an extended recovery is necessary.
10. **Injured on Duty (I.O.D.)** - A job-related injury sustained while engaged in the performance of duties as defined in Civil Service Rule VIII, Section 2, 2.1(d)(1): "When an employee of the New Orleans Police Department sustains accidental bodily injury while actively engaged in law enforcement duties and as a direct result of circumstances that are unique to law enforcement, such employees may be granted sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provision of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Police and is requested of and approved by the Director of Personnel of the Department of Civil Service."
11. **Worker's Compensation (W/C)** - A job-related injury sustained in any manner during the performance of his/her job duties which meets provisions of the Louisiana Worker's Compensation Law but which cannot be classified as Injured on Duty.
12. **Sick** - Any illness or injury sustained while off-duty or on a paid detail which cannot be classified as I.O.D. or Workers' Compensation and the employee is carried sick according to Civil Service Rules.
13. **Military Leave** - Any employee who has entered into active military or naval duty with the Armed Forces of the United States or the State of Louisiana (see: **Civil Service Rule VIII, Section 8.1**). The employee shall be carried authorized military leave without pay but which may result in pay upon his/her return to work from active duty.

#### **MILITARY LEAVE**

14. Any request for leave under the provisions for Military Leave shall be made in writing on a **Form 20 – Furlough Request** accompanied by a copy of the military orders pertaining to the leave period. The following information shall be supplied as part of the Form 20 request:
  - (a) Anticipated dates of mobilization;
  - (b) Military unit name and identification;
  - (c) Military unit's commanding officer's name, telephone number and email address;
  - (d) Immediate military supervisor's name, telephone number and email address; and
  - (e) Name of the military ombudsman (or equivalent), telephone number and email address.

15. The Deputy Chief of Management Services Bureau or his/her designee will meet with the employee prior to deployment to determine and clarify information regarding:
  - (a) Employee benefits;
  - (b) Salary continuation; and
  - (c) Any other relevant information which may aid the employee during deployment or later reintegration.
16. Prior to deployment, the employee shall turn in all departmental issued property and identification to his/her District / Division Commander. The property and equipment shall be stored in a secure location during his/her deployment.
17. The employee's District/Division Commander shall be responsible for confirming the accuracy and authenticity of the military orders by contacting the military unit commander. A notation shall be made on the original Form 20 indicating the date, time and person contacted for confirmation of the military orders before a copy is forwarded to the Administrative Duties Services with the transfer request if the military leave request is for longer than 30 days.
18. The Administrative Duties Services shall verify the status of the military leave by confirming the accuracy and authenticity of the military orders by contacting the military unit commander one week prior to the conclusion of the military leave request and the transfer of the employee back to his/her original unit of assignment and document the date, time and person contacted for confirmation.
19. Any employee on a military leave of absence, upon completion of the service obligation, must return to work in a timely manner as established by applicable laws. Failure to return to work after approved military leave in a timely manner, falsification of the reasons for taking military leave or working elsewhere while on military leave can result in termination of the leave of absence and/or disciplinary action, up to and including termination of employment.
20. Prior to returning to full duty, the returning employee shall meet with the Deputy Chief of Management Service Bureau or his/her designee for a reintegration interview.
21. An employee returning from a military leave of absence shall be reinstated in accordance with and as required by applicable laws. An employee returning from military leave of absence will typically be reinstated without loss of seniority, status or pay and return to either his/her prior position or the position in which the employee would have been employed had his/her continuous service not been interrupted by the military leave. The Department may require an employee to provide documentation demonstrating his/her eligibility to return to work.
22. Upon return to work, the employee must provide appropriate documentation regarding the amount of military pay received during the leave, the amount of time served, and documentation indicating the type of duty performed.
23. The employee shall contact his/her immediate supervisor as soon as notice to return to work is received and request reissuance of equipment. Returning employees shall be reissued all equipment and credentials.
24. The returning employee shall be provided updated copies of all Operations Manual changes that took place during his/her leave.
25. The returning employee shall meet with the Commander of the Education & Training

Division or his/her designee to determine what certifications or training was missed or needed to achieve currency with Departmental and POST requirements. A schedule shall be developed to satisfy all training requirements, including a short term assignment to a Field Training Officer for refresher training. All training requirements, schedules and satisfactory completion shall be documented and maintained in the employee's training record.

### **PARENTAL LEAVE (Maternity, Paternity and Adoptive Parent)**

26. Any request for leave under the Parental Leave (See: **Civil Service Rule VIII, section 9**) should be made in accordance with the Chief Administrative Office Policy Memorandum No. 108, which can be found under the forms tab at [nopd.org](http://nopd.org). This applies to all commissioned and non-commissioned members of the New Orleans Police Department who qualify to receive parental leave under the provisions of the FMLA.

### **ADMINISTRATIVE DUTIES DIVISION RESPONSIBILITIES**

27. The Administrative Duties Section will maintain current Civil Service job descriptions and specifications for all classifications within the Department. This information will be used in determining the suitability of employees to perform within a given classification. Additionally, they will be used in all communications with physicians, insurance agencies, city agencies, pension boards and other interested or affected parties when referring to or communicating specific job duties and requirements of a classification.

### **PHYSICIANS EXAMINATION CERTIFICATION (FORM 50)**

28. Employees that are required to submit a Form 50 (Physicians Examination Certification Form), which can be found at [nopd.org](http://nopd.org), shall have 10 calendar days to return same to the Administrative Duties Section or face possible disciplinary actions. The Administrative Duties Section shall review and evaluate the Form 50 for accuracy and completeness. Incomplete forms or those forms lacking required information to be supplied by the employee's physician will be rejected as "incomplete." The employee shall have up to three (3) additional working days to submit the corrected form or face possible disciplinary action and possible disapproval of leave usage.
29. NOPD Form 50 shall be completed and submitted to the Administrative Duties Section:
  - (a) Upon initial transfer entry into the Administrative Duties Section.
  - (b) When it is anticipated, requested, or required to establish the classification of being on extended leave.
  - (c) When requesting a limited duty position and for each 30 calendar day medical update while on limited duty.
  - (d) When an employee is returning to full duty, despite the employee's previous classification.
  - (e) If an assessment of an employee's fitness for duty is required or requested.
  - (f) When submitting the 60 calendar day medical update for extended leave.
  - (g) To document any sick leave use.
  - (h) When required by this procedure.

### **EVALUATION OF RETURN TO WORK STATUS**

30. The Department reserves the right to secure an Independent Medical Examination to evaluate any health condition related to the use of sick leave.
31. The information provided by the employee's physician in the Form 50 "Return to Work" section will be utilized in the decision to assess application of an Independent Medical

Examination provided by the City of New Orleans medical examiner.

32. The department may require employees to submit to an Independent Medical Examination by a health provider of the agency's choosing at the employer's expense. In the event the opinion of this second health provider differs significantly from the employee's health provider, the employer may request a third opinion at the employer's expense.

#### **INDEPENDENT MEDICAL EXAMINATION**

33. An employee shall report to an Independent Medical Examination as scheduled by the Administrative Duties Section and the medical examiner. Any cancellations or rescheduling must be coordinated and approved by the Administrative Duties Section. All costs of the Independent Medical Examination are the responsibility of the City.
34. If the Independent Medical Examination confirms the employee's Form 50 medical opinion, then extended sick leave status may be approved for an additional 60 calendar days (from date of initial transfer to the Administrative Duties Section). At the end of 60 calendar days, the employee shall have 10 working days to submit another Form 50 and may be subject to another Independent Medical Examination.
35. An employee shall have the right to obtain a third medical evaluation from another medical examiner if the City Independent Medical Examination report conflicts or disagrees with the employee's initial health care provider recommendation on the Form 50. This third examiner must be mutually agreed upon by the Administrative Duties Section, and all costs of this examination are the responsibility of the employer. The employee and Administrative Duties Section representatives shall cooperate and act in good faith in selecting any third health care provider, and both parties shall be bound by that medical decision. Such decisions shall only remain in effect for that individual 60 calendar day extension.

#### **EXTENDED LEAVE EXTENSIONS (60 DAYS)**

36. The approval of an extension of 60 calendar days past the first 30 calendar days of extended leave may be granted by the Department if the medical condition prognosis provides indication that an employee may return to full or limited duty within a defined or projected time frame. Subsequent extensions of additional 60 calendar day intervals may be approved based again on this same prognosis of maximum medical improvement.
37. This decision to extend leave is not automatic and will be determined by the Form 50 and supporting documentation provided by the employee's health care provider; and, if requested, the Independent Medical Examination provided by the City Medical Examiner; and if necessary, the third medical examination report as appealed by the employee.
38. The use of accrued sick days may only be applied consistent with supporting documentation that confirms the employee's illness or medical condition. Such supporting documentation must be submitted completely in the Form 50. The Department reserves the right not to allow the use of any sick leave benefits for undocumented illnesses. The application of accrued sick leave days can also be limited to finite periods based on evaluation and review of the employee's medical condition.
39. For those employees who have exhausted all "approved and authorized" sick and annual leave benefits, the Department may authorize use of "Leave Without Pay" status

consistent with Civil Service Rule VIII, Section 10 and with the medical prognosis of maximum medical improvement as documented in the Form 50.

40. If the Department determines maximum medical improvement cannot be achieved through the approval of any 60 calendar day extension(s), or if the employee has the capacity to perform but is unable and unwilling to return to work, then the Department has the right to initiate Rule IX proceedings.

#### **RULE IX**

41. The Administrative Duties Section shall prepare and submit a recommendation to the Superintendent of Police for consideration in all such cases where the employee's medical condition fails to provide for maximum medical improvement to resume the full job responsibilities associated with the position and classification.
42. The Police Department will conduct a pre-termination hearing, according to Rule IX of the Civil Service Rules, relative to Maintaining Standards of Service every 30 days for employees assigned to the Administrative Duties Section. The hearing will be held within 15 calendar days after the employee is notified of such in writing following Civil Service Rules.
43. At the pre-termination hearing the Superintendent of Police, or his designee, shall evaluate the employee's ability to maintain standards of service. The final action of the Superintendent of Police may be delayed or extended if the employee reasonably and adequately demonstrates, to the satisfaction of the Superintendent of Police that he/she is seeking an immediate remedy (e.g., disability retirement or accommodation) but requires additional time to complete the action. The Superintendent may elect to offer another position commensurate with physical abilities and qualifications.

#### **PERMANENTLY UNABLE TO RETURN TO FULL DUTY**

44. Whenever an employee is informed by his/her attending physician or independent medical examiner that the prognosis of his/her illness or injury will prevent a return to full duty (i.e., the ability to satisfactorily perform all the unique and peculiar activities associated with his/her job classification), a Form 50 must be submitted to the Administrative Duties Section. The Form 50 must attest to the employee's inability to return to full duty considering the duties and responsibilities incumbent with the Civil Service job classification. The employee shall also provide any additional documentation necessary to more thoroughly articulate the employee's medical condition and limitations. The employee may exercise the following employment options:
  - (a) Seek a disability pension, if so qualified.
  - (b) Apply for a reasonable accommodation consistent with his illness or injury. (Accomplished through the Employee Growth and Development unit of the Department of Civil Service).
  - (c) Resign or retire from the Police Department.

#### **USE OF EXTENDED LEAVE FOR PSYCHOLOGICAL REASONS**

45. Those employees who utilize extended leave due to stress or psychological reasons shall immediately notify their commander of the member's condition. The commander shall suspend a sworn member's police powers and collect the member's badge, police identification, police radio, police vehicle, and any department owned weapon. The commander shall ensure the member understands all police powers are suspended. The employee's Commanding Officer shall complete NOPD Form 55 (Suspension of Police Powers), which can be found at [n opd.org](http://n opd.org), and have same signed by the employee.

46. The member shall be transferred to the Administrative Duties Section immediately. The Commander of the Administrative Duties Section will ensure that a Form 50 is received within 10 calendar days. The member's police powers will remain suspended until his/her psychological status renders him/her capable of performing full duty, as determined by the employee's health care provider, the Department-approved psychological services provider, or Independent Medical Examination.
47. If the member on extended leave is a commissioned supervisor, the supervisor's Commander shall ensure that either:
  - (a) The subordinates assigned to that supervisor are reassigned to other units and supervisors to maintain the proper supervisory ratio, not to exceed 8:1 for the duration of the extended leave; or
  - (b) Another supervisor is assigned to the unit to maintain the proper supervisory ratio, not to exceed 8:1 for the duration of the extended leave.
48. Members may be considered for a noncommissioned temporary limited duty position during the period of recovery only.

### **MATERNITY LEAVE**

49. The Administrative Duties Section shall be responsible for processing and handling the limited duty assignment of pregnant employees. Pregnant employees will not be assigned to limited duty before their transfer to the Administrative Duties Section. Maternity leave will be in accordance with Civil Service Rule VIII, section 9. Pregnant employees wishing to be assigned to a limited duty position shall make their request by submitting a Form 50 to the Administrative Duties Section. The Administrative Duties Section shall accomplish their reassignment according to this procedure.

### **RETURNING TO DUTY**

50. Whenever an employee is informed by his/her physician he/she can return to full duty, a Form 50 must be forwarded to the Administrative Duties Section. Upon receipt of proper notification and submission of the Form 50, the Administrative Duties Section shall immediately notify the Deputy Superintendent of the Management Services Bureau in writing of the employee's ability to return to full duty. The notification shall include the employee's previous permanent assignment. However, employees must wait for an official departmental message to authenticate their transfer and reassignment. An employee cannot be installed into the platoon system until officially transferred back into the budget code of permanent assignment.

### **PAYROLL REQUIREMENTS**

51. When an employee is assigned to the Administrative Duties Section, the employee's permanent unit of assignment is relieved from any payroll responsibilities. All personnel assigned to limited duty positions will be carried "detailed" by the Administrative Duties Section staff. It is the responsibility of the temporary unit of assignment to maintain the payroll entries for the employee.
  - (a) The temporary unit of assignment shall record in the ADP system the actual hours worked by the employee.
  - (b) Under no circumstances will limited duty personnel be allowed to work overtime without permission of the Deputy Superintendent of the Management Services Bureau.
  - (c) Subpoenas will only be accepted for employees who can reasonably be expected to appear in court as requested.

**PROPERTY ISSUED BY THE DEPARTMENT**

52. All commissioned members assigned to the Administrative Duties Section and who cannot work in a "Limited Duty" capacity shall immediately return property issued by the department to the Commander of the Administrative Duties Section. The property shall include but is not limited to the following:
- (a) Department issued weapon;
  - (b) Radio, charger and components; and
  - (c) Vehicle, if assigned;

**REPORTING INJURIES**

53. All injuries which occur while on-duty shall be reported on a form W/C 1007 (rev 8/06) and completed within 72 hours of the injury (by law). The supervisor shall be responsible for completely filling out the form W/C 1007 accurately. Failure to complete all applicable spaces on the form may result in an unnecessary delay in classification and payment, and possibly in refusal by Civil Service to accept a claim as I.O.D. An NOPD Incident Report shall be completed in all instances where an employee is injured while working. (Form 1007 is available for download online at [www.laworks.net](http://www.laworks.net), under Worker's Comp E-File.)
54. The employee's work status shall be included in the narrative section of block 21 of form W/C 1007.

**DISTRIBUTION OF FORM W/C 007**

55. Form W/C 1007 shall be hand delivered to the Human Resource Services within 24 hours of the occurrence. If the 24 hours fall within a weekend or holiday, the form shall be hand delivered to the Human Resource Services on the next business day. A copy of the W/C 1007 shall be retained in the employee's unit file and a copy given to the employee.

**REPORTING ABSENCES DUE TO JOB RELATED INJURY**

56. All employees absent from duty due to job related injury or recurrences are subject to the provisions of this procedure relating to Sick Leave. Employees must specify the absence is injury related and provide the correct Item Number so a Form 109R (Sick Form), which can be found at [n opd.org](http://n opd.org), can be completed.
57. An employee who is absent due to a job related injury or recurrence may:
- (a) Be recalled to duty in a capacity consistent with his injury by the Superintendent of Police under a declared State of Departmental Emergency, as provided for in this procedure (Sick Leave During State of Emergency, see: **Chapter 22.4 – Sick Leave**);
  - (b) Be required by the Superintendent of Police or his Commanding Officer to obtain a Form 50 as a result of a declared State of Departmental Emergency; or
  - (c) Be required to submit to examination(s) as directed by the Department of Civil Service, the City's claim adjuster, the Superintendent of Police, or his Commanding Officer.
58. An employee suffering a job related injury or recurrence that elects to return to duty while recuperating shall be subject to all provisions of the "Limited Duty" Procedures.
59. Employees who utilize sick leave due to a job related injury or recurrence classified as

- I.O.D. or W/C must provide medical documentation to receive any benefits.
60. All admit forms, documents containing diagnoses and medical information from hospitals and/or physicians, prescription bills, etc., shall be sent to the City Claims Administrator.
61. When it is determined an employee has or will exhaust accrued annual and sick leave and will be placed in a Leave Without Pay status (LWOP), the employee's supervisory officer shall immediately notify, in writing, the employee he/she has exhausted all forms of paid leave status. It shall be the employee's immediate supervisor's responsibility to obtain the employee's signature on **Form 51**(Leave without Pay Status) within 48 hours of the employee being placed on Leave without Pay status.
62. The employee shall complete **Form 52** (Employee Request Leave without Pay), which can be found at [nopd.org](http://nopd.org), and forward same with all required documentation to the Superintendent through the chain of command for final approval. After final approval, the completed Form 52 (Employee Request Leave without Pay) shall be forwarded to the Human Resource Services for processing. Form 52 (Employee Request Leave Without Pay) shall be received by the employee's District/Division Commander within 48 hours of the employee exhausting all accrued leave.
- (a) If the employee is incapacitated and unable to complete Form 52 (Employee Request Leave without Pay), the employee's immediate supervisor shall complete the form. The supervisor shall place his/her name on the employee's signature line, line out the word employee, and add the notation "completed for employee" beneath.
- i. If the required medical documentation cannot be obtained within the 48 hour time frame, the form shall be forwarded to the Superintendent with a notation "documentation to follow."
  - ii. Medical documentation shall be obtained and forwarded through the chain of command within 10 days of the employee's first use of Leave Without Pay. Failure to supply the required documentation may result in disciplinary action under Civil Service Rule IX, relative to "Maintaining Standards of Service."
- (b) Should the employee's use of Leave Without Pay status result from circumstances not involving the employee's health, the provisions of this regulation regarding medical documentation shall not apply. In those instances the employee shall:
- i. Complete Form 52 and:
    - In the comments section, fully explain the reason for being absent from work; and
    - Indicate an expected date when the employee will return to work.
  - ii. Supply any outside written documentation deemed appropriate.
63. The New Orleans Police Department provides a critical function for the citizens of the community. As such, each employee's attendance at work is important in achieving the police department's mission of providing a timely and efficient service to the community. Extensive or frequent use of Leave without Pay status may result in disciplinary action under Civil Service Rule IX titled "Maintaining Standards of Service."
64. Authorized Leave without Pay may be granted in 90 day increments or less by the Superintendent of Police not to exceed one year, whenever such leave is considered to be in the best interest of the department. Authorization for Leave Without Pay in excess of one year may be granted only with the approval of the Civil Service Commission.

**DUTIES OF THE INJURY REVIEWING PERSON (I.R.P.)**

65. The I.R.P. assigned by the Deputy Superintendent of the Management Service Bureau (Human Resources Services) shall review all W/C 1007 forms and classify as to I.O.D., W/C, or Sick. The I.R.P. shall distribute the form W/C 1007 as follows:
- (a) Copy marked "third party administrator" and copy marked for "Office of Worker's Compensation" shall be sent to the City's claims administrator; and
  - (b) Copy marked for "Department" shall be filed by the Human Resource Services.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 24.2

### TITLE: COMMUNITY-POLICE MEDIATION

**EFFECTIVE: 09/02/2018**

**REVISED: 07/28/2019, 8/13/2023**

---

#### PURPOSE

The Community-Police mediation process is designed to help resolve conflict and allow the parties involved to come to a mutually acceptable resolution.

The Office of the Independent Police Monitor (OIPM) has established the Community-Police Mediation Program because adversarial disciplinary processes are not always the most effective way to resolve all police-community conflict. NOPD employees and community complainants may participate in mediation as an alternative to the traditional complaint investigation process.

The NOPD goal in participating in a mediation process is to increase the level of trust between the Department and the community at large. Mediation provides NOPD employees with a mechanism to resolve complaints outside the investigation process.

#### DEFINITIONS

**Complainant**—Any community member (minor or adult) who makes a complaint to the NOPD or to the OIPM.

**Mediation**—A mediation process helps parties develop a mutual understanding of a conflict. Mediation may help the parties identify disputed issues, facilitate communication, provide an opportunity to improve community relationships, and generate options that may help the parties reach a mutually acceptable resolution.

**Post-investigation Mediation** – Mediation that occurs after a formal disciplinary investigation has taken place and has resulted in a disposition of unfounded, exonerated, or not sustained. The goal of a post-investigation mediation is to help improve NOPD and community relationships by generating discussion that allows for better understanding between NOPD employees and the community.

**Mediation Coordinator**—The Mediation Coordinator is a person designated by the OIPM to serve as the unbiased, impartial, and independent coordinator and facilitator of the Community-Police Mediation Program. The Mediation Coordinator will establish, coordinate, and review all the mediation processes and ensure the collection of evaluative data. The Mediation Coordinator will closely liaise with the NOPD Public Integrity Bureau (PIB) as necessary to develop and maintain the referral processes.

**Mediator**—The role of the mediator is to be a neutral and trained third party who does not

influence or pressure either party to come to an agreement; the complainant and the NOPD employee own the process.

**NOPD Employee**—Any person employed or appointed by the Department, including full-time or part-time officers, reserve officers, civilian employees, and volunteers.

### ELIGIBILITY PROCESS

1. Only civilian complaints will be considered eligible for mediation. PIB will determine whether a complaint is eligible. The PIB Administrative Lieutenant/Intake Lieutenant will assess complaint allegations and provide cases eligible for mediation to the OIPM within three days after the complaint is received by the NOPD. PIB will adhere to its normal complaint intake and classification process. Complaints that PIB does not provide to the OIPM for potential mediation will remain with PIB for the appropriate non-mediation investigatory process.
2. Certain civilian complaints will be considered eligible for mediation, for example: professionalism, discourtesy, and neglect of duty. Complaints involving the following will not be considered eligible for mediation:
  - (a) A criminal allegation against the NOPD employee;
  - (b) Where discipline results in the possible termination of an NOPD employee;
  - (c) False arrest;
  - (d) Unreasonable use of force;
  - (e) The planting of evidence;
  - (f) Untruthfulness/false statements;
  - (g) Unlawful search;
  - (h) Retaliation;
  - (i) Sexual misconduct;
  - (j) Domestic violence;
  - (k) Theft; or
  - (l) Possible misconduct of the supervisory or command leadership of the subject NOPD employee
3. The complaint will not be eligible for mediation if the NOPD employee against whom the complaint is made has already mediated two complaints within the previous 12 months.
4. Eligibility determinations will be final and not subject to appeal.

### SUITABILITY PROCESS

5. Once PIB has deemed a complaint eligible for mediation and provided the complaint to OIPM, the OIPM will assess case and party suitability for mediation through assessment conversations with the NOPD employee and the complainant. Whether the parties agree to mediation will be considered in determining suitability.
6. The OIPM will determine suitability for mediation. A complainant may be suitable for mediation when:
  - (a) The complainant has provided informed consent to mediation (See **Form 312 – Consent to Mediation and Withdrawal of Complaint**);
  - (b) If the complainant is a minor, the minor will be accompanied at the mediation by an adult support person;
  - (c) The complainant agrees to sign the confidentiality form (See **OIPM Mediation Program Confidentiality Agreement Form**) and the complaint waiver form (See **Form 312**); and
  - (d) The complainant understands the expectations of mediation and is willing to participate in the mediation in good faith.

7. The OIPM will determine suitability for mediation. A NOPD employee may be suitable for mediation when:
  - (a) The NOPD employee has provided informed consent;
  - (b) The NOPD employee has signed an automatic 60-day extension form and confidentiality form (see 1025.5); and
  - (c) The NOPD employee understands the expectations of mediation and is willing to participate in the mediation in good faith.
8. Suitability criteria will be final and not subject to appeal.
9. Complaints that the OIPM determines are unsuitable for mediation will be automatically re-filed by PIB for the appropriate non-mediation investigatory process.

#### **AGREEMENT/DISAGREEMENT TO MEDIATE**

10. Participation in the mediation process is voluntary, and the complainant and NOPD employee must agree to mediation before the mediation can proceed.
11. The NOPD employee, if agreeing to mediate a complaint, shall give written authorization by signing an extension form that allows PIB to extend the investigation period of the complaint for an additional 60 days for a maximum period of 120 days. The NOPD employee must sign the extension form within 10 days after PIB provides the complaint to the OIPM.
12. The complainant, if agreeing to the mediation and as part of the mediation process, must withdraw the complaint from the normal complaint investigative process outlined in **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation** and allow the issue that is the basis of the original complaint to be handled according to this Chapter by signing a complaint waiver form within 20 days after PIB provides the complaint to the OIPM.
13. If both parties agree to mediate, the Mediation Coordinator will select a mediator or mediators and a date for the mediation session.
14. If the NOPD employee does not agree to mediate, the complaint will be automatically re- filed by PIB under the complaint investigative process outlined in **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation** and will be subjected to the appropriate non-mediation investigatory process. If the complainant does not agree to mediate, the complaint will be automatically re-filed by PIB and will be subjected to the appropriate non-mediation investigatory process.

#### **MEDIATION TIME PERIODS**

The PIB Administrative Lieutenant/Intake Lieutenant assesses complaint allegations and refers cases eligible for mediation to the OIPM.	OIPM determines suitability, and the parties agree to mediate and sign the confidentiality, extension, and complaint waiver forms.	Mediation occurs.
14 days after the complaint is received by NOPD.	20 days after PIB provides the complaint to the OIPM.	Within 60 days after the complaint is received by the NOPD.

15. A complaint that is not mediated within 60 days will be returned to PIB for the appropriate non-mediation investigatory process. In the case of a failure to mediate

based on scheduling or a failure of the NOPD employee to participate in the mediation in good faith, the complaint will be automatically re-filed by PIB and will be subjected to the appropriate non-mediation investigatory process. The mediator will adequately document to PIB the basis for its determination that the NOPD employee has failed to participate in the mediation in good faith. (See **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation**)

### **SCHEDULING OF MEDIATION**

16. The Mediation Coordinator will schedule the mediation at a time agreed upon by all parties. Failure to agree on a date will not be the basis of any disciplinary action against an NOPD employee. If a date cannot be agreed to, the complaint will be automatically re- filed by PIB and will be subjected to the appropriate non-mediation investigatory process.

### **MEDIATORS**

17. All mediators will be selected by the Mediation Coordinator from a pool of mediators. This pool of mediators will consist of appropriately skilled mediators that have undergone police complaint mediation training arranged by the Mediation Coordinator. Ideally, mediation will be conducted by a panel of two mediators. Where a civilian complainant is not fluent in English, a bilingual mediator or an interpreter will be offered.

### **CONFIDENTIALITY**

18. The mediation and any paperwork associated with the mediation are confidential and shall not be reproduced or made public in any way. Both parties must sign a Confidentiality Agreement that will include a prohibition on the use of any information disclosed in the mediation process in a judicial or trial setting.
19. Survey forms will be provided before and after the mediation session to be filled out separately by both parties. The information will be anonymous and will be used only for research and evaluation purposes. Consent to fill out the survey forms will be obtained from both parties.

### **CONDUCT OF MEDIATION**

20. Mediation is a non-confrontational dispute resolution process. In order to maintain a positive atmosphere, each party is allowed to bring another individual, but that individual will not participate in the mediation except to observe and provide support (unless that individual is an adult accompanying a minor).
21. The Rules of Evidence do not apply to mediations. The parties may bring whatever information they feel relevant to the mediation.
22. The mediator or mediators will attempt to facilitate a resolution to issues brought up in the mediation. The goal is for parties to listen to each other to determine what led both to the complaint and to the complainant-police interaction.

### **MEDIATION OUTCOMES**

23. Working together, all parties should attempt to decide on a resolution that will satisfy both parties. Parties may elect to draft and sign a resolution agreement and may choose to share that agreement with the OIPM and/or PIB. A specific resolution is not required to successfully conclude a mediation session.

24. The agreement to enter into mediation, the act of taking part in mediation, and the resolution of the mediation will not be recorded in the NOPD employee's disciplinary record.

### **APPEAL**

25. There shall be no appeal from the mediation process. Mediation is a voluntary process entered into willingly by both parties; due to its voluntary nature, appeal is unnecessary.

### **POST-INVESTIGATION MEDIATION**

26. Mediation may also be offered after a misconduct investigation is complete. If a complainant or an NOPD employee under investigation did not receive the outcome they felt was appropriate, mediation may offer a chance for their concerns to still be heard. Mediation offers a chance for the employee and complainant to clarify misunderstandings, give and receive feedback on how to resolve the issues, better understand each other, increase trust, and improve relationships between the NOPD and the community.
27. Post-investigation mediation will be available for complaints with UNFOUNDED, EXONERATED, or NOT SUSTAINED dispositions. Post-investigation mediation will not be offered for complaints with a SUSTAINED disposition. SUSTAINED complaints will be handled according to the disciplinary process outlined in Chapter 52.1.1 – Misconduct Intake and Complaint Investigation.
28. The process for eligibility, suitability, scheduling, mediators, confidentiality, conduct of mediation, and mediation outcomes will follow the established policy and processes for regular mediation referrals as outlined above in this Chapter. The following exceptions apply:
  - a. The NOPD employee does not need to sign a 60-day extension form since the investigation will be complete at this point. In lieu of the extension, the NOPD employee will provide informed consent and sign a Consent to Mediate Form (see Consent to Mediate Form).
  - b. The complainant does not need to sign a complaint waiver form since the investigation will be complete at this point. In lieu of the waiver, the complainant will provide informed consent and sign an OIPM Consent to Mediate Form (form provided by the OIPM).
29. Complaints that previously were offered mediation as an alternative to investigation but were declined are still eligible for post-investigation mediation and should be offered the opportunity again. Complainants or employees may desire the opportunity to mediate once the investigation is complete.

### **POST- INVESTIGATION MEDIATION AGREEMENT**

30. Participation in the mediation process is voluntary, and the complainant and NOPD employee must agree to mediation before the mediation can proceed.
31. If either party do not agree to mediate, no further action will be taken.

### **POST-INVESTIGATION TIMELINE**

32. The complaint should be referred to the OIPM Mediation Program for post-investigation mediation within ten (10) business days of the investigation's completion.

33. The OIPM will conduct assessment conversations with the NOPD employee and the complainant, obtain signed consent forms, and coordinate a mediation date. Mediation should occur within a timely manner after the complaint is received by the OIPM.

#### **POST-INVESTIGATION MEDIATION GOALS**

34. The goal is for the participants to listen to each other, have a space to be heard, gain clarity, and better understand what led to both the complaint and the complainant-police interaction. The participants may make agreements, but a specific resolution is not required.
35. After the mediation session is complete, if the NOPD employee has participated in good faith, the OIPM agrees to file a commendation letter to acknowledge the effort of the NOPD employee to go beyond any departmental requirements to foster relationships with community members.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 25.1

### TITLE: EMPLOYEE GRIEVANCES

**EFFECTIVE: 05/07/2017**

**REVISED: Replaces Policy 1006**

---

#### PURPOSE

The purpose of this Chapter is to establish a procedure for employees of the New Orleans Police Department to report and resolve grievances in a fair and expeditious manner. This grievance procedure is intended to assist in achieving and maintaining a favorable work environment, reducing employee dissatisfaction, improving morale and identifying problems in the organization.

#### DEFINITIONS

**Grievance**—As per CAO Policy Memorandum No. 4 (R) (see [http://www.nola.gov/chief-administrative-office/policies/policies/no-4-\(r\)-employee-grievance-procedure/](http://www.nola.gov/chief-administrative-office/policies/policies/no-4-(r)-employee-grievance-procedure/)), a grievance is any dispute about working conditions, alleged violations of City Policy, including an alleged abuse of discretion by a supervisor in the treatment of employees, and disputes as to the interpretation, application, or enforcement of specific employee provisions or rights. Matters under the jurisdiction of the City Civil Service Commission shall not be subject to the grievance procedure described in this Chapter. If any questions arise as to whether a particular dispute is or is not a grievance, the question may be taken up through the grievance procedure.

**Grievance Information Form**—A written form that documents the employee's grievance and the actions taken in response (see [http://www.nola.gov/chief-administrative-office/policies/policies/no-4-\(r\)-employee-grievance-procedure-/no-4-\(r\)-attachment/](http://www.nola.gov/chief-administrative-office/policies/policies/no-4-(r)-employee-grievance-procedure-/no-4-(r)-attachment/)).

**Grievant**—An aggrieved employee who submits a written Grievance Information Form for resolution of his or her grievance.

**Work day**—A 24-hour period during which the employee's agency is on duty. Employees who are absent from work are not exempt from the work day time deadlines in this Chapter.

#### POLICY STATEMENT

Employees and their supervisors share a common goal of attempting to resolve most matters through effective management and operations, without resorting to the grievance process. Employees and supervisors are expected to make a sincere effort to reconcile their differences at the lowest organizational level possible. Actions taken to resolve a conflict at this level shall not be considered to be a binding interpretation or application of policy on either party.

**GENERAL**

1. This regulation mirrors City of New Orleans Chief Administrative Office (CAO) Policy Memorandum No. 4, which outlines the grievance procedure of the City of New Orleans.
2. It shall be the policy of the Department not to discourage the filing of grievances. No member shall be penalized for his/her submission of a grievance.
3. Whenever possible, the grievance process shall be conducted during normal working hours without loss of pay.
4. The timely reporting of grievances will assist in conducting reviews and arriving at the correct disposition for each situation. In accordance with CAO Policy Memorandum No. 4, a complaining employee must present his or her grievance in writing, using the **Grievance Information Form**, to a supervisor within five (5) work days of the most recent act giving rise to the grievance. Every grievance shall be confidential. Information concerning confidential grievances shall not be discussed or disseminated to other employees except as required by this regulation.
5. An aggrieved employee shall have the right to choose an individual to represent him/her or be present during any course of the grievance procedure. The employee's representative may be a lawyer unless the lawyer is serving as the aggrieved employee's attorney in the matter that gave rise to the grievance. The aggrieved employee's representative cannot be a part of the grievance.

**GRIEVANCE FILING PROCEDURE**

6. Once a grievant submits a Grievance Information Form to his or her supervisor, the supervisor must have an oral discussion with the grievant within five (5) work days of the submission of the Grievance Information Form. The supervisor must provide a written decision within five (5) work days of the oral discussion. The written decision must be provided on the Grievance Information Form, a copy of which must be provided to the grievant by e-mail or hard copy. The grievant shall sign the original confirming his/her receipt.
7. The grievant may provide a copy of his/her supervisor's written decision to his/her representative. It is the grievant's responsibility to provide the copy.
8. If the supervisor has not provided a timely written response, or if the grievant is not satisfied with the supervisor's written response, the grievant may provide a copy of the Grievance Information Form (with the supervisor's written response, if available) to his/her district/division commander or, if the commander is the grievant's supervisor, to his/her Deputy Chief. The grievant must include the reason(s) that he/she is seeking further review of the grievance on the Grievance Information Form and provide the copy within five (5) work days of receiving the supervisor's written response or, if no response was provided, within five (5) work days of the deadline for providing a response.
9. The district/division commander to whom a Grievance Information Form is submitted may conduct whatever investigation he/she deems necessary. The commander shall consider meeting in person with the grievant and/or with the grievant's supervisor. The district/division commander shall write his/her decision on the Grievance Information Form, indicating the reasons or basis for his/her decision and provide a copy, by e-mail or hard copy, to the grievant within five (5) working days of the commander's receipt of the Grievance Information Form.

10. If the district/division commander has not provided a timely written response, or if the grievant is not satisfied with the district/division commander's written response, the grievant may provide a copy of the Grievance Information Form (with the commander's written response) to the Superintendent of Police. The grievant must include the reason(s) that he/she is seeking further review of the grievance on the Grievance Information Form and provide the copy within five (5) work days of receiving the commander's written response or, if no response was provided, within five (5) work days of the deadline for providing a response.
11. The Superintendent of Police may conduct whatever investigation he/she deems necessary. The Superintendent of Police shall consider meeting in person with the grievant, the grievant's supervisor, and/or his/her District/Division Commander. The Superintendent of Police shall write his/her decision on the Grievance Information Form and provide a copy, by e-mail or hard copy, to the grievant within ten (10) working days of the Superintendent's receipt of the Grievance Information Form.
12. If no satisfactory agreement has been reached after review by the Superintendent of Police, the grievant may refer the grievance to the CAO's designated official. The grievant must include the reason(s) that he/she is seeking further review of the grievance on the Grievance Information Form and provide the copy within five (5) work days of receiving the Superintendent of Police's written response (or, if no response has been received, within five days of the expiration of the above-referenced 10-day period).
13. The CAO's designated official may conduct whatever investigation he/she deems necessary, including interviewing the grievant and any other supervisors or parties. The CAO's designated official shall write his/her decision on the Grievance Information Form and provide a copy, by e-mail or hard copy, to the grievant within thirty (30) working days of the CAO's designated official's receipt of the Grievance Information Form.
14. If the grievant wishes to seek a final and binding resolution of the grievance after following all the preceding steps, he/she may request review of the entire record by the Chief Administrative Officer. The grievant must include the reason(s) that he/she is seeking further review on the Grievance Information Form and provide the copy to the Chief Administrative Officer within five (5) work days of receiving the written response of the CAO's designated official (or, if no response has been received, within five days of the expiration of the above-referenced 30-day period).
15. The Chief Administrative Officer shall issue a decision in writing, which shall be final and binding on all parties. Questions concerning the procedure may be addressed to the Chief Administrative Office at (504) 658-8900.

#### **SUPERVISOR'S RESPONSIBILITY**

16. Any supervisor approached by a member wishing to file a grievance shall discuss the grievance with the member and determine if the cause of the grievance is within the authority of the supervisor to rectify.
17. The supervisor shall verify whether the employee has elected to submit a grievance. The supervisor shall be responsible for explaining to the employee the process that will be followed in filing a grievance.

18. If any supervisor involved in the grievance process becomes aware of any identified misconduct or criminal allegations, he/she shall immediately inform the Public Integrity Bureau.
19. If the cause of a grievance is not within the authority of the supervisor to rectify, the supervisor shall make that fact known to the grievant and advise him/her of the appropriate supervisor in the chain of command to whom the grievance must be presented.
20. The supervisor shall conduct fact finding in response to the employee grievance and justify the determination of the response in the "Decision" portion of the Employee Grievance Form.
21. The supervisor shall meet with the grievant and determine whether he/she is satisfied with the response to the formal grievance or would like to appeal the decision. If the member wants to seek further review of the decision, he/she shall be advised to complete and submit the relevant section of the Grievance Information Form.
22. If the grievant is satisfied or decides not to seek further review, the supervisor shall prepare an interoffice memorandum (NOPD Form No. 105) outlining that decision, explaining in detail the grievance and the actions taken in response. The supervisor shall forward copies of the memo and Grievance Information Form to the Superintendent or his designated representative, the Employee Relations Unit and the Chief Administrative Office within three (3) working days of the supervisor's meeting with the grievant.
23. If the grievant elects to seek further review of the supervisor's decision, the supervisor shall obtain the completed Grievance Information Form and forward it through the chain of command in accordance with the procedure outlined above. Copies shall be sent to the Superintendent or his designee, the CAO and the Employee Relations Unit. If necessary, the supervisor shall attach a memo providing additional information on the grievance situation and facts leading to the supervisor's initial response.
24. In the event the grievant does not desire to pursue the process formally but a valid issue/violation has been raised, the supervisor shall document the issue/violation on a Grievance Information Form and independently address the potential employee violation.

#### **PIB REFERRAL OF COMPLAINT ALLEGATION THAT IS A GRIEVANCE**

25. When an NOPD employee makes an allegation to PIB that falls within the definition of a grievance, as found in this Chapter and CAO Policy Memorandum No. 4 (R), PIB may, in its discretion, refer the allegation to the Employee Relations Unit for processing and handling as a grievance, but must:
  - (a) Transfer the allegation that has been reclassified as a grievance within the time constraints of this Chapter;
  - (b) Assign a unique tracking number;
  - (c) Inform the Human Resources Director that PIB will be transferring the grievance;
  - (d) Promptly inform grievant of the referral;
  - (e) Obtain results of the grievance investigation from the Employee Relations Unit and evaluate whether PIB investigation is necessary; and
  - (f) Record the final disposition of the allegation under the unique tracking number.

**EMPLOYEE RELATIONS UNIT**

26. The Employee Relations Unit shall be responsible for the coordination of grievances and the maintenance of files on grievances submitted by complaining members. All grievance records shall be considered confidential. Copies of grievance records shall not be released without the written permission of the Unit's Bureau Deputy Chief.
27. The commander of the Employee Relations Unit shall forward a copy of the completed and concluded grievance to the Public Integrity Bureau. PIB shall review the completed grievance and ensure the issue was appropriate for the grievance process.
28. The commander of the Employee Relations Unit shall forward an analysis of grievances to the Deputy Chief of MSB for review on a semi-annual basis, or more frequently depending on the volume of grievances. The commander's analysis should identify any trends, areas for potential training or instruction, and recommendations for modifications to working conditions or relationships if warranted, to improve employee relations and prevent future grievances. The Deputy Chief of MSB shall report to the Superintendent those areas of concern which are reoccurring or are outside of his/her command and need to be addressed. The Employee Relations Unit shall also distribute the analysis to all affected Bureau Deputy Chiefs.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 26.2

### TITLE: ADJUDICATION OF MISCONDUCT

**EFFECTIVE: 05/15/2016**

**REVISED: 07/18/2016**

---

#### **PURPOSE**

The purpose of this policy is to establish procedures for conducting predisposition conferences and/or disciplinary hearings following internal investigations that identify potential misconduct and for the administration of penalties if allegations of misconduct are ultimately sustained.

#### **POLICY STATEMENT**

1. Members of the NOPD are expected to conduct themselves, both in interactions with each other and with the public, in a manner that conveys respect, honesty, integrity, and dedication to public service. In turn, employees of the department can expect to be treated fairly, honestly and respectfully, by their peers and other employees of the department who hold positions of greater or lesser organizational authority.
2. The NOPD shall hold employees who commit misconduct accountable through a fair, impartial, timely and consistent disciplinary process in which penalties are imposed objectively, without favoritism or bias in any form. Similar penalties shall be imposed for similar violations, depending on the aggravating or mitigating circumstances of each case. Discipline shall be based upon the nature of the violation, with consideration of aggravating and mitigating circumstances, rather than the identity of the accused or his or her status within the NOPD.
3. The administration of discipline shall not discriminate against anyone on the basis of race, creed, national origin, ancestry, gender, sexual orientation, age, religion, political affiliation, disability, or any other basis protected by federal, state, or local law.
4. The NOPD believes that truthfulness is essential in an internal investigation, and it is expected and demanded from all Department employees who may be the subject of, or a witness in, a misconduct investigation.
5. The timely disposition of an investigation is an indispensable component of handling misconduct complaints and imposing discipline, and the untimely imposition of discipline is unfair to the employees involved, community members affected by employee misconduct, and the NOPD as a whole.

#### **DEFINITIONS:**

Definitions relevant to this Chapter include:

**Aggravating circumstances**—Conditions or events that increase the seriousness of misconduct and may increase the degree of penalty. Aggravating circumstances may be considered at a pre-disciplinary hearing to deviate from the recommended or presumptive punishment. For example, if an offense carries a penalty range of one to three days' suspension, a hearing officer may choose to impose a three-day suspension in light of aggravating circumstances.

**Bureau predisposition conference**—A conference conducted by the accused employee's bureau to provide the accused with an opportunity to respond to misconduct allegations. The accused may choose to present relevant information to dispute or clarify the allegations made against him or her. During the Bureau predisposition conference, the Bureau shall determine the appropriate disposition of the allegation. When a misconduct allegation is sustained, the Bureau predisposition conference shall be followed by, and conducted in conjunction with, a pre-disciplinary hearing. The accused may also choose to waive the predisposition conference and proceed directly to a pre-disciplinary hearing.

**Discipline**—A punitive personnel action for violation of an established law, order, rule, NOPD policy and/or procedure, including a written reprimand, suspension, demotion, or dismissal.

**Disposition**—The outcome of an investigation or disciplinary hearing. The investigation of a misconduct allegation may result in a recommended disposition of exonerated, not sustained, sustained, or unfounded.

**Employee**—For the purposes of this Chapter, the term employee refers to employees of the New Orleans Police Department as well as commissioned members and recruits. Although the deadlines for a completed investigation do not apply to non-commissioned employees (see La. R.S. 40:2531), the general procedure for adjudication of misconduct complaints is the same for commissioned and non-commissioned employees.

**Exonerated**—The recommended disposition when a misconduct investigation determines by a preponderance of the evidence that the alleged conduct did occur but did not violate NOPD policies, procedures, or training.

**Hearing Officer**—The NOPD officer who presides over a predisposition conference and/or pre-disciplinary hearing for an accused employee. For a PIB predisposition conference, the hearing officer may be the PIB Deputy Superintendent, or his or her designee, who must be a supervisor with the rank of sergeant or higher and have a rank equal to or higher than the rank of the accused. For a Bureau predisposition conference or pre-disciplinary hearing, the hearing officer may be the accused employee's District/Division Commander, a Deputy Superintendent, or the Superintendent of Police.

**Mitigating circumstances**—Conditions or events that do not excuse or justify misconduct but are considered in deciding the degree of penalty. Mitigating circumstances may be considered at a pre-disciplinary hearing to deviate from the recommended or presumptive punishment. For example, if an offense carries a penalty range of one to three days' suspension, a hearing officer may choose to impose a one-day suspension in light of mitigating circumstances.

**Notice of Completed Investigation**—Written notice provided to an accused employee that a misconduct investigation has been completed. For commissioned employees, this is the "Notice to Accused Law Enforcement Officer Under Investigation of a Pre-Disciplinary Hearing or a Determination of an Unfounded or Not Sustained Complaint" (NOPD Form #308). For non-commissioned employees, this is known as the "Notice of Recommended Disposition to Non-Commissioned Employee." The notice provides the accused employee with a brief

summary of the investigation's findings; it contains a statement of the charges sufficient in detail to fully inform the accused employee of the misconduct with which he or she has been charged. The notice also includes the investigator's recommended disposition for each charge and informs the accused employee that a predisposition conference has been scheduled that he or she may elect to waive. The notice shall also inform the accused employee that a pre-disciplinary hearing will follow the predisposition conference.

**Not sustained**—The disposition of a misconduct investigation or disciplinary hearing when the investigator or hearing officer is unable to determine, by a preponderance of the evidence, whether alleged misconduct occurred.

**Pre-disciplinary hearing**—A hearing, conducted by the accused employee's Bureau, in which the penalty for a sustained violation is determined. A sustained disposition may not be altered during the pre-disciplinary hearing. Rather, only the penalty for a sustained violation is considered and determined. Mitigating circumstances may be presented at a pre-disciplinary hearing, and aggravating circumstances may be considered at a pre-disciplinary hearing.

**PIB investigation**—Any misconduct investigation undertaken by the Public Integrity Bureau, as opposed to investigations assigned by PIB to other bureaus.

**PIB predisposition conference**—A conference available to the accused employee conducted by the Public Integrity Bureau to provide the accused with an opportunity to respond to misconduct allegations. The accused may choose to present relevant information to dispute or clarify the allegations made against him or her. When a misconduct allegation is sustained, the PIB Predisposition Conference shall be followed by the scheduling of a pre-disciplinary hearing at the accused employee's Bureau. The accused may also choose to waive the predisposition conference and proceed directly to a pre-disciplinary hearing.

**Preponderance of the evidence**—Such evidence that when considered and compared with that opposed to it has more convincing force and produces in one's mind the belief that what is sought to be proven is more likely true than not true.

**Sustained**—The disposition of a misconduct investigation or disciplinary hearing that determines, by a preponderance of the evidence, that alleged misconduct occurred.

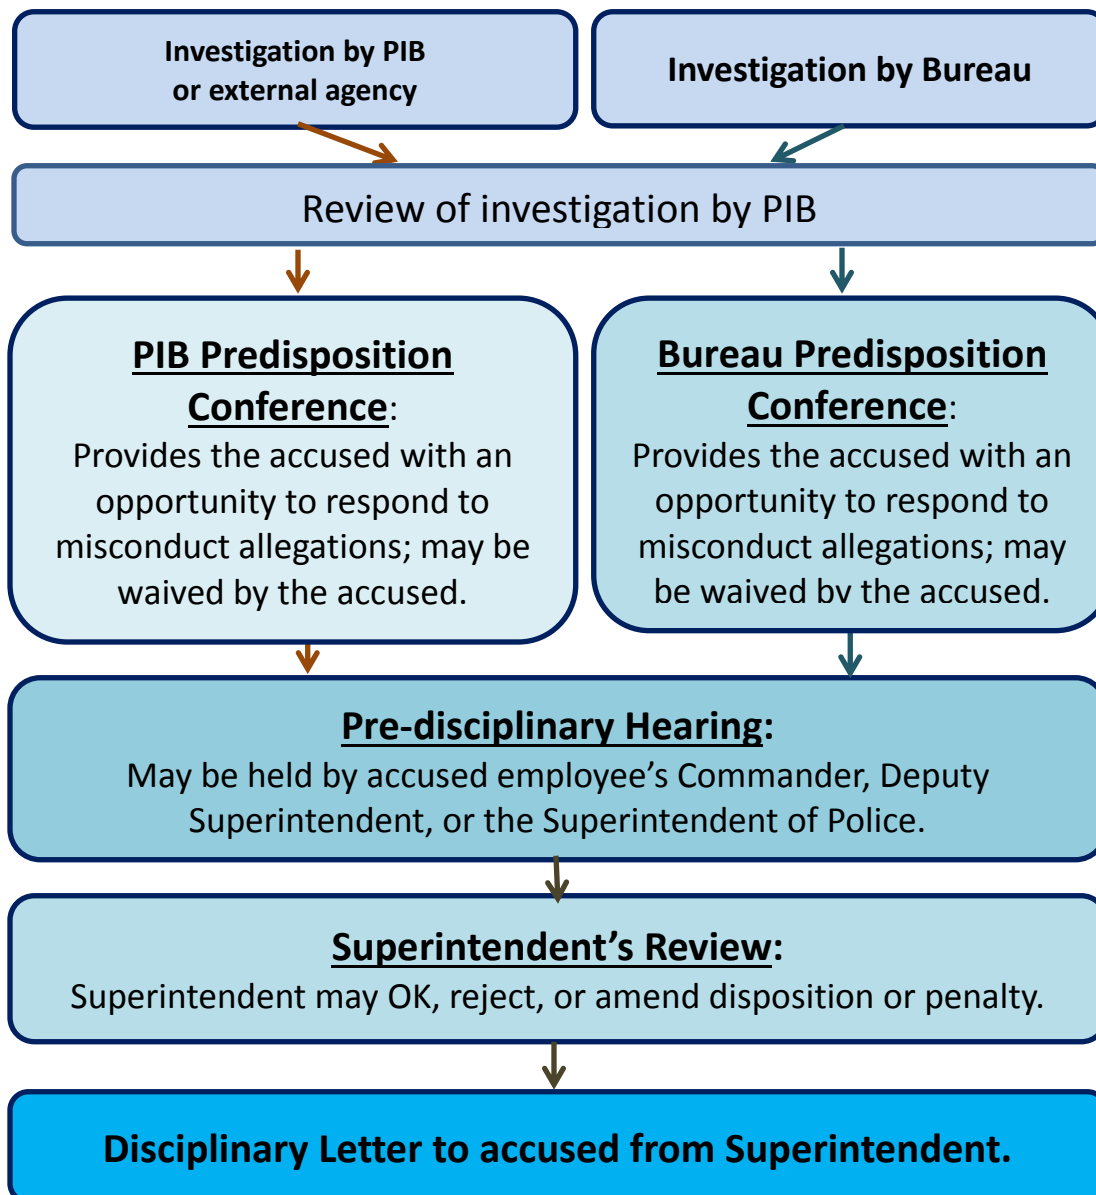

**Unfounded**—The disposition of a misconduct investigation that determines, by a preponderance of the evidence, that alleged misconduct did not occur or did not involve the subject employee.

#### **PREDISPOSITION CONFERENCES AND PRE-DISCIPLINARY HEARINGS—GENERAL**

6. When a misconduct investigation results in a preliminary recommendation of a sustained disposition, and the accused employee has not resigned, the case shall proceed to a predisposition conference (unless waived) followed by a pre-disciplinary hearing. The procedure is the same regardless of which NOPD bureau (or external agency) has investigated the case, except that the predisposition conference may be held by PIB for those cases investigated by PIB or an external agency.
7. PIB shall determine whether a complaint will be assigned to another Bureau, retained by PIB for investigation, or referred to the appropriate agency (see NOPD Chapter 52.1.1). When a misconduct investigation conducted by PIB or an appropriate outside entity results in a preliminary recommendation of a sustained disposition, the accused employee shall be offered a PIB predisposition conference. The purpose of a predisposition conference is to provide the employee with a brief summary of the investigation's findings and to provide the employee with an opportunity to present information relevant to his/her defense or the allegations against him/her. Generally, a PIB predisposition conference shall be available only for investigations conducted by

PIB or an outside entity, but PIB at its discretion may conduct a predisposition conference for investigations conducted by other Bureaus within the Department. Following a PIB predisposition conference, if any allegation of misconduct is sustained, a pre-disciplinary hearing shall be held by the accused employee's bureau to determine the accused employee's punishment.

8. When a misconduct investigation conducted by the accused employee's Bureau results in a preliminary recommendation of a sustained disposition, the accused employee shall be offered a Bureau predisposition conference. The purpose of a predisposition conference is to provide the employee with a brief summary of the investigation's findings and to provide the employee with an opportunity to present information relevant to his/her defense or the allegations against him/her. A Bureau predisposition conference shall be available only for Bureau-level investigations. Following a predisposition conference, if any allegation of misconduct is sustained, a pre-disciplinary hearing shall be held immediately by the accused employee's Bureau to determine the accused employee's punishment.
9. The following chart illustrates the procedure for adjudication of misconduct, from the end of the investigation to the transmittal of a disciplinary letter:

## **PIB PREDISPOSITION CONFERENCE**

10. When a misconduct investigation is completed by PIB or an appropriate outside entity, the PIB investigator shall provide the accused employee with a written Notice of Completed Investigation (NOPD Form #308) at least one week before a scheduled predisposition conference.
11. If the accused employee chooses to waive the predisposition conference, the employee shall submit the waiver in writing.
12. If the employee contests the legal basis for the alleged violation, i.e. the timeliness of the disciplinary process pursuant to the "Police Officer's Bill of Rights," La. R.S. 40:2531, or disputes whether the complained-of conduct impaired the efficiency of the Department or bears a real and substantial relationship to the Department's efficient operation, the employee shall state the legal basis for his/her argument in writing at least five days before the predisposition conference. For good cause shown, the Hearing Officer can waive this restriction and allow arguments that contest the legal basis for an alleged violation at the predisposition conference.
13. The predisposition conference shall include the accused employee and the PIB Deputy Superintendent or his/her designee. The PIB Deputy Superintendent's designee may be any PIB supervisor with the rank of sergeant or higher, provided that the designee's rank shall be higher than the rank of the accused. The accused employee may elect to have a representative present.
14. At the same time that PIB notifies the accused employee that an investigation has been completed, PIB shall also notify the Office of the Independent Police Monitor (OIPM) of the same, and provide OIPM with the summary of the investigation's findings provided to the accused employee. OIPM may provide PIB with a written memorandum regarding the investigation. The Independent Police Monitor or her designee shall be notified of, and permitted to attend, the PIB predisposition conference.
15. At the discretion of the PIB Deputy Superintendent, he or she may consult with and allow the accused employee's immediate supervisor, Commander, or Deputy Superintendent to attend the predisposition conference. However, the PIB Deputy Superintendent shall have sole authority to determine the recommended disposition following the PIB predisposition conference.

## **CONDUCT OF THE PIB PREDISPOSITION CONFERENCE**

16. During the PIB predisposition conference, the accused employee may present relevant information to dispute or clarify the allegations made against him/her or present information relevant to his/her defense. The accused employee shall not have the right to confront or cross-examine witnesses at the predisposition conference, nor will the accused employee have the right to question the investigator. The accused also may not present mitigating circumstances at the predisposition conference.
17. The accused employee shall have the right to legal counsel or another representative at the PIB predisposition conference, and the representative shall be allowed to offer advice to the accused employee and make statements on the record. The legal counsel or representative shall not have the right to question the investigator or any witnesses.
18. Following the accused employee's written response to the investigation's findings or participation in a predisposition conference, the PIB Deputy Superintendent may remand the investigation to the investigator to correct any deficiencies or for further investigation as the PIB Deputy Superintendent deems necessary. After any supplemental investigation is completed, the PIB Deputy Superintendent shall

recommend a disposition of Unfounded, Sustained, Not Sustained, or Exonerated.

19. If the PIB Hearing Officer determines that any allegation is not sustained, exonerated, or unfounded, those recommendations shall proceed to the Superintendent of Police for final approval. Only alleged violations for which the Hearing Officer recommends a sustained disposition shall proceed to a pre-disciplinary hearing.
20. If any allegation of misconduct is recommended sustained, a pre-disciplinary hearing shall subsequently be held at the accused employee's bureau in accordance with this Chapter (see Pre-disciplinary Hearing section below).

#### **WAIVER OF PIB PREDISPOSITION CONFERENCE**

21. If the accused employee does not dispute the alleged violation, he or she may decline to participate in a predisposition conference and proceed directly to a pre-disciplinary hearing by signing a predisposition conference waiver. By signing the waiver, the employee acknowledges that he or she will not contest the allegation(s) against him or her at the pre-disciplinary hearing. However, an employee who signs a predisposition conference waiver may present evidence to mitigate his/her penalty at the pre-disciplinary hearing.

#### **BUREAU PREDISPOSITION CONFERENCE**

22. All misconduct investigations completed by the accused employee's Bureau shall be forwarded to the investigator's District/Division Commander and Bureau Deputy Superintendent for review, then forwarded to the Deputy Superintendent of PIB in accordance with Chapter 52.1.1. The investigator shall provide the accused employee with a written Notice of Completed Investigation (NOPD Form #308) at least one week before a scheduled predisposition conference.
23. If the accused employee chooses to waive the predisposition conference, the employee shall submit the waiver in writing.
24. If the employee contests the legal basis for the alleged violation, i.e. the timeliness of the disciplinary process pursuant to the "Police Officer's Bill of Rights," La. R.S. 40:2531, or disputes whether the complained-of conduct impaired the efficiency of the Department or bears a real and substantial relationship to the Department's efficient operation, the employee shall state the legal basis for his/her argument in writing at least five days before the predisposition conference. For good cause shown, the Hearing Officer can waive this restriction and allow arguments that contest the legal basis for an alleged violation at the predisposition conference.
25. At the same time that the Bureau notifies the accused employee that an investigation has been completed, the Bureau shall also notify OIPM of the same, and provide OIPM with the summary of the investigation's findings provided to the accused employee. OIPM may provide the Bureau with a written memorandum regarding the investigation. The Independent Police Monitor or her designee shall be notified of, and permitted to attend, the Bureau Predisposition Conference.

#### **FORUM OF BUREAU PREDISPOSITION CONFERENCE**

26. The Superintendent of Police, through the Deputy Superintendent of PIB, shall choose the appropriate forum for a Bureau predisposition conference. Bureau predisposition conferences may be conducted by the accused employee's District/Division Commander, the accused employee's Deputy Superintendent, a Superintendent's Committee, or the Superintendent of Police, according to the following guidelines:

**A. Commander**

With the approval of the Superintendent of Police, a District/Division Commander may conduct a Bureau predisposition conference when the:

- (a) Violation does not involve criminal activity;
- (b) Accused's classification is subordinate to the Commander's classification; and
- (c) Commander did not serve as investigator or initiate investigation on the case being heard.

**1. Deputy Superintendent**

With the Superintendent of Police's approval, a Deputy Superintendent may conduct a predisposition conference for any employee within his/her respective Bureau unless the Deputy Superintendent was an investigator on or initiated an investigation on the case being heard.

**2. Superintendent's Committee**

The Superintendent of Police may appoint a Superintendent's Committee, composed of a panel of three or five Deputy Superintendents and/or District/Division Commanders, to conduct any Bureau predisposition conference, subject to the following.

- (a) Majority vote shall guide all of the committee's recommendations.
- (b) Only those committee members who voted to sustain a violation, which was recommended to be sustained by majority vote, shall vote on the penalty recommendation in that case.
- (c) The accused employee's Deputy Superintendent shall chair the Committee Hearing.

**3. Superintendent of Police**

The Superintendent of Police may conduct any Bureau predisposition conference.

**CONDUCT OF BUREAU PREDISPOSITION CONFERENCE**

27. The Bureau predisposition conference shall include the accused employee, who may elect to have a representative present.
28. During the Bureau predisposition conference, the accused employee may present relevant information to dispute or clarify the allegations made against him/her or present information relevant to his/her defense. However, the accused employee may present only evidence that could not have been presented during his/her previous investigation interview. The accused employee shall not have the right to confront or cross-examine witnesses at the predisposition conference, nor will the accused employee have the right to question the investigator. The accused also may not present mitigating circumstances at the predisposition conference.
29. The accused employee shall have the right to legal counsel or another representative at the Bureau predisposition conference, and the representative shall be allowed to offer advice to the accused employee and make statements on the record. The legal counsel or representative shall not have the right to question the investigator or any witness.
30. Following the accused employee's written response to the investigation's findings or participation in a predisposition conference, the Bureau presiding over the Bureau

predisposition conference may remand the investigation to the investigator to correct any deficiencies or for further investigation.

31. At any time, the Bureau may also request the investigation be transferred to PIB. Such request must be presented in writing with justification for transferring the investigation to PIB. The PIB Deputy Superintendent will have final authority to determine if the investigation should be transferred.
32. At the conclusion of the Bureau predisposition conference, or any subsequent conference if further investigation is required, the Hearing Officer shall consider the allegations, and the accused employee's response. The Hearing Officer shall then verbalize to the accused employee his or her recommended disposition on each allegation. The recommendation on each allegation shall be one of the following: Unfounded, Sustained, Not Sustained, or Exonerated.
33. If the Hearing Officer determines that any allegation is not sustained, exonerated, or unfounded, the Hearing Officer shall document the reasons for such findings in an Interoffice Memorandum (Form 105), which shall be included in the investigative file. Those recommendations shall proceed to the Deputy Superintendent of PIB for review. Only allegations for which the Hearing Officer recommends a sustained disposition shall proceed to a pre-disciplinary hearing.
34. If any allegation of misconduct is recommended sustained, the Bureau shall immediately conduct a pre-disciplinary hearing in accordance with this Chapter (see Pre-disciplinary Hearing section below).

#### **WAIVER OF BUREAU PREDISPOSITION CONFERENCE**

35. If the accused employee does not dispute the alleged violation, he or she may decline to participate in a predisposition conference and proceed directly to a pre-disciplinary hearing by signing a predisposition conference waiver. By signing the waiver, the employee acknowledges that he or she will not contest the allegation(s) against him or her at the pre-disciplinary hearing. However, an employee who signs a predisposition conference waiver may present evidence to mitigate his/her penalty at the pre-disciplinary hearing.

#### **PRE-DISCIPLINARY HEARING**

36. In all cases involving a sustained violation, the accused employee's Bureau shall hold a Pre-disciplinary Hearing in which the penalty for the sustained violation is determined in accordance with NOPD Chapter 26.2.1 (Discipline Matrix/Penalty Schedule).

#### **FORUM OF PRE-DISCIPLINARY HEARING**

37. When a misconduct investigation conducted by PIB or an outside agency results in a sustained disposition, the Superintendent of Police, through the Deputy Superintendent of PIB, shall choose the appropriate forum for a pre-disciplinary hearing in accordance with this Chapter (Commander's hearing, Deputy Superintendent's hearing, Superintendent's Committee hearing, or Superintendent of Police hearing).
38. Where a misconduct investigation conducted by the accused employee's Bureau results in a sustained disposition, the pre-disciplinary hearing shall follow immediately in the forum conducting the Bureau predisposition conference. When an accused employee has waived a Bureau predisposition conference, the Superintendent of Police, through the Deputy Superintendent of PIB, shall choose the appropriate forum for a pre-disciplinary hearing in accordance with this Chapter.

39. The pre-disciplinary hearing shall include the accused employee. The accused employee shall have the right to legal counsel or another representative at the pre-disciplinary hearing.
40. The case investigator shall appear at the pre-disciplinary hearing. The investigator shall be notified at least five calendar days prior to the date of the hearing.
41. The District/Division, Section, or Unit level Commander of the accused employee shall appear at any pre-disciplinary hearing involving any subordinate under his/her command.
42. The Independent Police Monitor, or her designee, shall be notified and permitted to attend all pre-disciplinary hearings.

### **CONDUCT OF PRE-DISCIPLINARY HEARING**

43. A sustained disposition may not be altered during the pre-disciplinary hearing. Rather, only the penalty for a sustained violation is considered and determined. Mitigating circumstances and aggravating circumstances may be presented and considered at a pre-disciplinary hearing.
44. There shall be no formal rules of evidence in the disciplinary hearing, and the accused employee may request permission from the Hearing Officer to call witnesses to testify on his/her behalf. However, the accused employee does not have the right to call witnesses, and approval is at the discretion of the Hearing Officer on a case-by-case basis, considering such factors as the gravity of the charges, and the severity of the potential penalty. Evidence presented shall be limited to the question of an appropriate penalty, and the accused employee shall not be entitled to introduce new evidence not introduced at the predisposition conference. The Hearing Officer shall conduct the hearing according to the below guidelines.

#### **A. OPENING**

The hearing shall be analog or digitally recorded. The Hearing Officer shall state the time, date, place, and identity of all those present at the disciplinary hearing, and the type of hearing being conducted. The Hearing Officer shall, utilizing the Pre-disciplinary Hearing Disposition Form, read into the record the sustained violations and the circumstances of the misconduct. The Hearing Officer shall provide an explanation of any relevant policy, procedure, and regulations of law.

#### **B. BODY**

The body of the hearing shall provide the accused employee with an opportunity to provide evidence of mitigating circumstances that may be relevant to the determination of an appropriate penalty for the sustained violation.

45. PIB shall provide information regarding the discipline that has been imposed on other NOPD employees across all Bureaus for similar violations. The District/Division, Section, or Unit level Commander of the accused employee may make a statement regarding the accused employee's disciplinary record or other mitigating or aggravating circumstances.
46. Examination or cross-examination of the investigator and/or PIB representative, accused employee, and the accused employee's District/Division, Section, or Unit level Commander shall be conducted by the Hearing Officer only.

### **PENALTY RECOMMENDATION**

47. The Hearing Officer shall recommend an appropriate penalty for each sustained

violation in accordance with NOPD Chapter 26.2.1 (Discipline Matrix/Penalty Schedule).

48. The Hearing Officer shall document the penalty recommendation on the Pre-disciplinary Hearing Disposition Form and provide a written memorandum explaining any deviation from the penalty schedule and/or penalties imposed in similar cases as identified by PIB.
49. The Hearing Officer shall record a separate penalty for each violation (and not a cumulative penalty for the case).
50. If the penalty is a suspension, the Hearing Officer shall indicate that the suspension time involves working days (example: ten working days).
51. Should the penalty include a fine, the Hearing Officer shall record in the Comments section of the Pre-disciplinary Hearing Disposition form the exact amount of any monetary fine assessed, and how that amount was determined.
52. Should the penalty include a prohibition on working paid off-duty details, the Hearing Officer shall record the number of calendar days during which the employee is prohibited from working details.
53. Should the penalty include any other restriction, such as loss of a take-home vehicle or other such privilege, the Hearing Officer shall record the number of days the property or privilege is restricted.
54. Should the penalty include any remedial or other training, the type of training, and the person responsible to co-ordinate and schedule the employee for the training shall be specified in the Comments section of the Pre-disciplinary Hearing Disposition form.

### **PRE-DISCIPLINARY HEARING DISPOSITION FORM INSTRUCTIONS**

55. The following are instructions for completion of the Pre-disciplinary Hearing Disposition Form:

Place a check in the appropriate block to designate the type of hearing.

**Date:**

Record the date the pre-disciplinary hearing disposition form is completed.

**P.I.B. CTN:**

Record the P.I.B. complaint tracking number for the case heard.

**From:**

List the rank and name of the person(s) who conducted the hearing, i.e. the Hearing Officer.

**Opening paragraph:**

List the date the disciplinary hearing was held, and the rank/name/ID #/assignment of the accused employee. List the names, ranks, IDs, assignment, and/or relationship to the accused employee of every witness who testifies during the hearing, and list the names of all others present during the hearing.

**Violation name and recommended disposition:**

List each Rule violation identified in the investigative report. Cite each Departmental Rule allegedly violated by both number and nomenclature. After each Rule, make reference to the particular Departmental order, policy or procedure (Chapter, Policy, Procedure, Section, Special Order, General Order, Personnel Order, Bulletin, etc.), which most specifically addresses the alleged violation. (Example: Rule 4: Performance of Duty; Paragraph 2: Instructions from Authoritative source, to wit, Chapter 33.3: Firearms Requalification).

State the recommended disposition next to each cited Rule violation.

**Aggravating and mitigating circumstances**

List or summarize all aggravating and mitigating circumstances considered in determining the recommended penalty.

**Violation name and recommended penalty:**

List each Rule violation recommended as sustained by the hearing officer. Next to each cited sustained Rule, state the recommended penalty per violation.

**Comments:**

Record any appropriate comments relative to the disposition or penalty, including an explanation of any deviation from the presumptive penalty.

**Signature(s) of hearing officer(s):**

All persons who conducted the hearing shall place their signatures and the date signed.

**Concur / do not concur (Deputy Superintendent):**

To be signed and dated by the Deputy Superintendent of the accused employee's Bureau.

**Concur / do not concur (Superintendent):**

To be signed and dated by the Superintendent of Police.

**SCHEDULING AND NOTIFICATIONS**

56. In all cases, PIB shall inform the complainant in writing of the classification of the complaint and the unit assigned to investigate the complaint within ten business days of the classification.
57. PIB also shall inform the complainant of the disposition of the investigation within ten business days of the investigations' completion, and whether any disciplinary action was taken within ten days of the completed disciplinary decision.
58. In all cases, the investigator shall prepare and transmit to the accused a Notice of Completed Investigation (NOPD Form #308), which the investigator shall forward to PIB with the completed investigation file.
59. Except in documented extenuating circumstances, a pre-disciplinary hearing shall be scheduled on a date not to exceed 30 calendar days from the date of the completed and approved investigation, i.e. not later than 90 days from the Classification Date (or 150 days from the Classification Date if a Civil Service extension has been granted).

**PIB PREDISPOSITION CONFERENCE—SCHEDULING AND NOTICE**

60. In any case investigated by PIB personnel, the PIB investigator shall be responsible for scheduling a PIB predisposition conference and pre-disciplinary hearing. If the accused employee signs a predisposition conference waiver, the waiver shall be included in the original case file and the case shall proceed to a pre-disciplinary hearing.
61. In all cases investigated by PIB, a pre-disciplinary hearing shall be held at a time and location different from the time and location of the PIB predisposition conference. Additionally, when an accused employee waives his or her right to a predisposition conference or fails to appear at a predisposition conference, his/her case may proceed directly to a pre-disciplinary hearing. In such cases, the appropriate forum will be selected in accordance with this Chapter.
62. The investigator shall schedule a predisposition conference and pre-disciplinary hearing in consultation with the PIB Deputy Superintendent or his/her designee and/or the accused employee's Commander, or the accused employee's Deputy Superintendent, or the Superintendent, depending on the forum selected.
63. The investigator shall prepare a Notice of Completed Investigation (NOPD Form #308) informing the accused employee of the following:
  - (A) That a predisposition conference will be held, during which the accused employee may present information relevant to his or her defense;
  - (B) That the accused employee may have an attorney or other legal representative present (or both);
  - (C) The time, date, and location of the conference;
  - (D) The Hearing Officer's identity;
  - (E) A synopsis of each identified violation and the disposition recommended by the investigator;
  - (F) That a pre-disciplinary hearing shall follow the predisposition conference if the allegation(s) is/are sustained;
  - (G) The time, date, and location of the pre-disciplinary hearing; and
  - (H) That the predisposition conference may be waived.
64. The Notice of Completed Investigation (NOPD Form # 308) shall be issued to and signed by the accused employee at least five calendar days prior to the date of the conference. The original shall be maintained in the case file, and a photocopy shall be issued to the accused employee. The accused employee may request an extension in writing, but the Deputy Superintendent of PIB may grant an extension only under extenuating circumstances.
65. If the accused employee fails to appear at the PIB predisposition conference after being notified and failing to request an extension, the failure to appear will be documented in an Interoffice Memorandum (Form 105) in the original case file. The case will then proceed to a pre-disciplinary hearing.
66. PIB shall contact the accused employee's Bureau after the conclusion of the PIB predisposition conference, or if the accused employee waives his or her appearance, or fails to appear, and inform the accused employee's Bureau that the case may proceed to a pre-disciplinary hearing.

#### **BUREAU PREDISPOSITION CONFERENCE—SCHEDULING AND NOTICE**

67. In any case investigated by the accused employee's Bureau, the investigator shall be responsible for scheduling a Bureau predisposition conference and pre-disciplinary hearing.

68. The investigator shall schedule the pre-disciplinary hearing in consultation with the accused employee's District/Division Commander, or the accused employee's Deputy Superintendent, or the Superintendent, depending on the forum selected.
69. The PIB Deputy Superintendent or his/her designee shall select the forum in accordance with this Chapter. The Bureau investigator shall schedule the predisposition conference in consultation with the accused employee's District/Division Commander, Deputy Superintendent, or the Superintendent, depending on the forum selected. The investigator shall prepare a Notice of Completed Investigation (NOPD Form #308) informing the accused employee of the following:
- (A) That a conference will be held, during which the accused employee may present information relevant to his or her defense;
  - (B) That a pre-disciplinary hearing will follow the predisposition conference;
  - (C) That the accused employee may have an attorney or other legal representative present (or both);
  - (D) The time, date, and location of the conference and/or hearing;
  - (E) The Hearing Officer's identity;
  - (F) A synopsis of each identified violation and the disposition recommended by the investigator;
  - (G) That a pre-disciplinary hearing shall immediately follow the predisposition conference if the allegation(s) is/are sustained; and
  - (H) That the predisposition conference may be waived.
70. The Notice of Completed Investigation (NOPD Form #308) shall be issued to and signed by the accused employee at least five calendar days prior to the date of the conference and hearing. The original shall be maintained in the case file, and a photocopy shall be issued to the accused employee. If the accused employee signs a predisposition conference waiver, the waiver shall be included in the original case file, and the pre-disciplinary hearing shall proceed immediately. The accused employee may request an extension in writing, but the accused employee's Deputy Superintendent may grant an extension only under extenuating circumstances.
71. If the accused employee fails to appear at the Bureau predisposition conference after being notified properly and failing to request an extension, the failure to appear will be documented in an Interoffice Memorandum (Form 105) in the original case file. The case will then proceed to a pre-disciplinary hearing.

#### **HEARING PACKET SUBMISSION AND REVIEW**

72. Following the pre-disciplinary hearing, the Hearing Officer shall forward all Notification Forms, the Notice of Completed Investigation, the Hearing Disposition Form, the audio/digital recording of the hearing, the investigative report, and any other related materials through the Hearing Officer's chain of command to PIB.
- (a) For all cases investigated by PIB, the PIB Deputy Superintendent shall have approval authority of the disposition. The Deputy Superintendent of the accused employee's Bureau shall have approval authority of the recommended penalty only. Upon receipt of the hearing records, the Deputy Superintendent shall review the recommended penalty; approve the recommended penalty or recommend a different penalty.
  - (b) For all cases investigated by the accused employee's Bureau, the Deputy Superintendent of the accused employee's Bureau shall have approval authority for the recommended disposition and penalty. Upon receipt of the hearing records, the Deputy Superintendent shall review the recommended disposition and penalty; approve the recommended disposition and penalty or recommend a different disposition and/or penalty. If the Deputy Superintendent recommends a different

disposition and/or penalty, he/she shall explain such recommendation in the Comments section of the Hearing Disposition Form or on a Form 105.

- (c) The Deputy Superintendent of PIB shall have final approval authority for the recommended disposition. If the Deputy Superintendent of PIB recommends a different disposition and/or penalty, he/she shall provide a detailed explanation in a Form 105 why a new disposition and/or penalty is recommended.
73. The Superintendent of Police may approve, disapprove or change any recommended disposition or penalty. Only the Superintendent of Police has the authority to impose disciplinary action.

### **DISCIPLINARY LETTER**

74. Upon receipt of the Superintendent of Police's decision regarding a penalty, PIB shall prepare a disciplinary letter. The disciplinary letter shall include the following:
- (a) A statement citing the reason for the disciplinary action;
  - (b) The effective week of the action, or date of dismissal;
  - (c) A statement of the status of fringe and retirement benefits after dismissal;
  - (d) A statement as to what documentation shall be retained in the employee's personnel file relative to discipline and/or dismissal;
  - (e) A statement of the time frame for filing a Civil Service appeal; and
  - (f) A statement directing the employee to refer to Civil Service Rules governing appeals.
75. PIB shall notify the Deputy Superintendent of the accused employee's Bureau when the disciplinary letter is ready to be issued to the employee. PIB shall establish a time limit for the employee to appear at the PIB office to receive his/her letter. The Deputy Superintendent of the accused employee's Bureau shall establish sufficient procedures to ensure that the employee is instructed to appear at the PIB office to receive his/her disciplinary letter and sign a receipt. The Deputy Superintendent of the accused employee's Bureau shall ensure PIB is notified in writing if an employee is unable to appear to sign for his/her disciplinary letter within the specified time frame.
76. When there is no Deputy Superintendent in the accused employee's chain of command, the Superintendent of Police may assign the appropriate supervisor to assume those responsibilities.

### **RESPONSIBILITIES OF THE PUBLIC INTEGRITY BUREAU**

77. PIB shall review all investigative reports submitted in disciplinary matters.
78. PIB shall forward a copy of the investigative case file, along with the accused employee's disciplinary record, to the designated Hearing Officer for consideration in a predisposition conference and/or pre-disciplinary hearing.
79. The Commander of PIB shall coordinate all forms of predisposition conferences and pre-disciplinary hearings, and assign an employee from PIB to attend all predisposition conferences and pre-disciplinary hearings except those in which the accused employee's District/Division Commander serves as Hearing Officer. The Commander of PIB shall coordinate all notices for predisposition conferences and pre-disciplinary hearings, which may be prepared by investigators.
80. PIB shall maintain a record of every disciplinary hearing and shall be responsible for

maintaining audio recordings of every hearing. Predisposition conferences and pre-disciplinary hearings shall be audio recorded by the Hearing Officer. The audio recording shall be forwarded to PIB for filing. PIB shall maintain for seven years the files of all disciplinary hearings. The names of all persons in attendance shall be entered into the audio record of the hearing.

81. PIB shall review each recommended disposition and penalty resulting from a pre-disciplinary hearing to ensure the disposition is appropriate and the recommended penalty is in compliance with the established penalty schedule.
82. PIB shall be responsible for forwarding final recommendations to the Superintendent of Police for approval.
83. PIB shall prepare the disciplinary letter from the Superintendent of Police that finalizes the disposition of the complaint and the penalty. The accused employee shall then be notified through the office of his/her Deputy Superintendent to appear at the PIB office to receive and sign a receipt for his/her disciplinary letter.
84. PIB shall record the disposition of investigations in the PIB files and make the appropriate files available for viewing by the accused employee, as specified by the mandates of the Police Officer's Bill of Rights (in accordance with La. R.S. 40:2533) and the Public Records Law.
85. PIB shall record the disposition in the Department's Early Warning System ("Insight").
86. PIB shall inform the complainant in writing of the final disposition of the complaint which he/she initiated.
87. PIB shall monitor the Departmental disciplinary process and recommend revisions to the Superintendent of Police.
88. PIB shall monitor each appeal by an employee of the Department presented to, and heard by, the Civil Service Commission and shall make recommendations to the Superintendent of Police on these appeals.

#### **RESPONSIBILITIES OF BUREAU**

89. For all cases, the accused employee's Hearing Officer shall be designated in accordance with this Chapter and the Superintendent of Police's choice of forum. The designated Hearing Officer shall preside over the accused employee's Bureau predisposition conference, unless it is waived. The designated Hearing Officer shall also preside over the accused employee's subsequent pre-disciplinary hearing.
90. For all cases investigated by an accused employee's Bureau, the Bureau investigator shall provide a Notice of Completed Investigation (NOPD Form #308) to the accused employee as soon as the investigation is complete. The investigator shall forward the investigative file to the Hearing Officer to ensure it is complete and thorough before the Bureau submits the investigative file to PIB.
91. For all cases investigated by an accused employee's Bureau, the Bureau shall provide notice to the OIPM of the completed investigation as well as notice of the predisposition conference, unless it is waived, and of the pre-disciplinary hearing.
92. For all Bureau predisposition conferences and pre-disciplinary hearings, the designated Hearing Officer shall coordinate with the Commander of PIB. The Hearing Officer presiding over every Bureau predisposition conference and pre-disciplinary hearing shall be responsible for audio recording the proceedings.

93. Following each pre-disciplinary hearing, the designated Hearing Officer shall forward to PIB all Notifications, the Notice of Completed Investigation, the Hearing Disposition Form, the audio/digital recording of the hearing, the investigative report, and any other related materials through the Hearing Officer's chain of command.

#### **RESPONSIBILITIES OF ACCUSED EMPLOYEE**

94. In addition to cooperating with all misconduct investigations, including presenting all evidence requested by investigators, every accused employee is responsible for responding to notifications and appearing at his or her pre-disciplinary hearing and, unless one is waived, predisposition conference. Upon receipt of a Notice of Completed Investigation (NOPD Form #308), the accused employee must respond in writing if he or she elects to waive a predisposition conference.
95. If the employee contests the legal basis for the alleged violation, i.e. the timeliness of the disciplinary process pursuant to the "Police Officer's Bill of Rights," La. R.S. 40:2531, or disputes whether the complained-of conduct impaired the efficiency of the Department or bears a real and substantial relationship to the Department's efficient operation, the employee shall state the legal basis for his/her argument in writing at least five business days before the predisposition conference.
96. It is the accused employee's responsibility to notify the Hearing Officer if he or she is unable to appear at a predisposition conference and/or pre-disciplinary hearing. It is also the accused employee's responsibility to request, in writing, an extension for a predisposition conference and/or pre-disciplinary hearing if one is necessary. Any request for extension must be sent to the Hearing Officer at least five business days before the date of the conference and/or hearing.
97. The District/Division, Section, or Unit level Commander shall ensure that any subordinate who appears for a disciplinary hearing is, for payroll purposes, entered into the NOPD payroll system as regular working for the term of the hearing. The entry shall reflect the PIB complaint tracking number in the Remarks section.
98. Every NOPD employee is required to be truthful at all times in spoken, written, or electronic communications, whether under oath or not, in all matters and official investigations relating to the scope of employment and operations of the Department.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 26.2.1

### TITLE: DISCIPLINARY MATRIX/PENALTY SCHEDULE

**EFFECTIVE: 05/15/2016**

**REVISED: 5/21/2017, 3/18/2018**

---

#### PURPOSE

The purpose of this Chapter is to provide penalty ranges for rule or policy violations. The disciplinary matrix delineates the lowest possible penalty, the presumptive penalty, and the maximum penalty for each level of offense.

#### POLICY STATEMENT

1. The New Orleans Police Department is committed to holding officers who commit misconduct accountable through an equitable, consistent disciplinary process.
2. Disciplinary penalties shall be imposed objectively, without favoritism or bias in any form. Similar penalties shall be imposed for similar violations, depending on the aggravating or mitigating circumstances of each case.

#### DEFINITIONS

**Aggravating circumstances**—Conditions or events that increase the seriousness of misconduct and may increase the degree of penalty. Aggravating circumstances may be considered at a penalty hearing to deviate from the recommended or presumptive punishment. For example, if an offense carries a penalty range of one to three days' suspension, a hearing officer may choose to impose a three-day suspension in light of aggravating circumstances.

**Egregious offense**—An offense for which a penalty that exceeds the maximum recommendation is justified because of its gravity or an excess of aggravating circumstances, such as an intentional offense that causes injury to a member of the public or results in a violation of another person's civil rights.

**First offense**—The first sustained violation of any Rule(s) in a member's disciplinary work history.

**Minor violation/infraction**— A violation of a Departmental Rule, Policy, Procedure, Order, regulation, or verbal/written instructions that a supervisor believes requires minimal intervention through redirection, retraining and/or non-disciplinary counseling to correct the employee's behavior (e.g., tardiness, uniform requirement, forgetting to complete an FIC, and cleanliness of vehicle). The behavior must not be the subject of a public complaint and must be sufficiently minor that it is correctable by minimal intervention by the supervisor, with the goal of non-repetitive behavior. Repetition of a similar violation within a twelve-month period (based on the

date of the observed violation) may require discipline. A supervisor may decide to handle a minor violation/infraction through non-disciplinary means. Refer to **Chapter 35.1.7 – Non-Disciplinary Responses to Minor Violations** for guidance.

**Misconduct**—Any action or inaction that violates any Departmental Rule, Policy, Procedure, Order, verbal or written instruction, or criminal law other than a grievance as defined in **CAO Policy Memorandum 4(R)** and **Chapter 25.1 – Employee Grievances**.

**Mitigating circumstances**—Conditions or events that do not excuse or justify misconduct but are considered in deciding the degree of penalty. Mitigating circumstances may be considered at a penalty hearing to deviate from the recommended or presumptive punishment. For example, if an offense carries a penalty range of one to three days' suspension, a hearing officer may choose to impose a one-day suspension in light of mitigating circumstances.

**Penalty range**—The range of discipline for a given offense. Every offense level has a minimum penalty, a presumptive penalty, and a maximum penalty. The penalty hearing officer must recommend the presumptive penalty unless aggravating or mitigating circumstances exist and are specifically articulated in the hearing record.

**Personal**—A violation is classified as personal when an employee allegedly commits the offense while off duty and is not acting under color of law.

**Presumptive penalty**—The penalty that a penalty hearing officer must impose for the sustained violation of a given offense if no aggravating or mitigating circumstances are specifically articulated in the hearing record. The hearing officer must justify any deviation from the presumptive penalty for the given offense by articulating, in the hearing record, the aggravating or mitigating circumstances present and his/her reasons for arriving at the appropriate penalty in light of those circumstances.

**Second offense**—The second SUSTAINED violation of the same level within the disciplinary matrix within a 36-month period from the date of the occurrence of the first offense, OR a second SUSTAINED violation of ANY rule within a 36 month period from the date of occurrence of the first offense provided the first offense and subsequent offense are classified as Level D or higher (Levels D through G; see matrix below). Third, fourth, and fifth offenses are determined in the same manner.

EXAMPLES: Officer Smith violates Rule 3(6), "Commercial Endorsement," (Level D violation) on June 1, 2016, an allegation that is sustained. Officer Smith then violates Rule 7(3), "Cleanliness of Department Vehicles," (Level A violation) on June 1, 2018, an allegation that is also sustained. This is not a second offense because the first sustained violation is a Level D offense and the second sustained violation is a Level A offense. However, the previous sustained Level D violation could be considered an aggravating factor on the Level A offense.

If Officer Smith violates Rule 3(1), "Professionalism," (Level A violation) on June 1, 2016, and then violates Rule 7(3), "Cleanliness of Department Vehicles," (Level A violation) on June 1, 2018, it would be a second offense because the first and second violations are both level A offenses.

If Officer Smith violates Rule 7(3), "Cleanliness of Department Vehicles," (Level A violation) on June 1, 2016 and then violates Rule 3(6), "Commercial Endorsement," (Level D violation) on June 1, 2018, it would be a first offense because the first sustained violation is a Level A offense and the second sustained violation is a Level D offense.

Alternatively, if Officer Smith violates Rule 3(6) "Commercial Endorsement," (Level D violation) on June 1, 2016, and then violates Rule 6(6), "Confidentiality of Internal Investigations," (Level E violation) on June 1, 2018, it would be a second offense because the first violation is a level D offense and the subsequent violation is a level E offense. A Level D or higher violation within a

36 month period of another Level D or higher violation results in a second offense at the violation level of the current violation.

Below is an illustration of the outcomes in the preceding examples where two violations occur within a 36 month period:

1 <sup>st</sup> Violation	2 <sup>nd</sup> Violation	Outcome of 2 <sup>nd</sup> Violation
Level D	Level A	1 <sup>st</sup> Offense Level A, with possible aggravation from prior Level D violation
Level A	Level A	2 <sup>nd</sup> Offense Level A
Level A	Level D	1 <sup>st</sup> Offense Level D
Level D	Level E	2 <sup>nd</sup> Offense Level E, since both offenses are Level D or above

### DISCIPLINARY MATRIX

3. The table below is the disciplinary matrix, which dictates the penalty range for every offense level. The matrix demonstrates progressive discipline, with the penalty range increasing gradually for each successive offense (first, second, third and additional). In addition, the penalty range increases according to the severity of the offense. The range for each offense is expressed in three figures or characters that represent the minimum, presumptive, and maximum penalties. “O” represents an oral reprimand; “R” represents a letter of reprimand; “D” represents demotion or dismissal; and numbers represent days of suspension. For example, “30-45-60/D” means a 45-day suspension is the presumptive penalty, a 30-day suspension is the minimum penalty, and the maximum is 60 days but may result in dismissal for an egregious offense. The presumptive penalty shall be applied for each offense unless aggravating or mitigating circumstances exist and merit deviation to a lesser or greater penalty within the penalty range. A non-disciplinary corrective action (redirection, non-disciplinary counseling, or remedial training) cannot be the sole response to a violation if the disciplinary matrix requires the imposition of discipline.

Level	1 <sup>st</sup> Offense	2 <sup>nd</sup> Offense	3 <sup>rd</sup> Offense	4 <sup>th</sup> Offense	5 <sup>th</sup> Offense
A	O-R-1	R-1-3	R-2-5	1-3-5/D	2-5-10/D
B	R-1-3	R-2-5	2-5-10/D	5-10-20/D	10-15-30/D
C	2-5-10	5-10-20/D	15-30-45/D	15-30-45/D	15-30-45/D
D	5-10-20/D	15-30-45/D	45-60-80/D	45-60-80/D	45-60-80/D
E	30-45-60/D	60-80-D	80-D-D	80-D-D	80-D-D
F	60-80-D	80-D-D	D-D-D	D-D-D	D-D-D
G	D-D-D	D-D-D	D-D-D	D-D-D	D-D-D

### AGGRAVATING AND MITIGATING CIRCUMSTANCES

4. Discipline must be consistent. The same or similar violation must be given the same or similar penalty. However, it is recognized that the circumstances of an offense may

make it more or less egregious and therefore deserving of a lesser or greater penalty. The following non-inclusive factors, if applicable to the particular case, should be considered when considering discipline, as mitigating or aggravating circumstances:

- (a) The employee's level and scope of responsibility with the Department and the nature of his or her position;
- (b) The nature and seriousness of the violation and its relationship to the employee's duties, position, and responsibilities;
- (c) The employee's past disciplinary and work record, including whether he or she has any commendations;
- (d) The member has a previous sustained violation of a higher level within the preceding 36 months;
- (e) The employee's longevity with the Department and what he or she has contributed to the Department throughout employment;
- (f) The effect of the violation upon management's confidence in the employee's future job performance;
- (g) The consistency of the penalty with those imposed upon other employees for a similar offense and with the disciplinary matrix;
- (h) The notoriety of the offense or its impact upon the reputation of the Police Department;
- (i) The clarity with which the employee was on notice of any regulations that were violated in the commission of the offense, including whether he or she was warned about the conduct in question;
- (j) The likely potential for the employee's rehabilitation, including the employee's history with past attempts to rehabilitate;
- (k) Whether the violation was intentional, inadvertent, or committed maliciously or for personal gain;
- (l) Whether the violation was repeated, and how often;
- (m) Whether the violation affects the rights or liberties of another person;
- (n) Whether the violation caused injury and/or had a harmful impact on a citizen or the community;
- (o) Whether the violation is technical and an administrative or a criminal violation;
- (p) Other circumstances such as job tensions, personality problems, mental impairment, harassment, or bad faith, malice, or provocation by others involved in the incident;
- (q) Whether the employee has accepted responsibility for his or her actions, from the outset of being informed of the allegation(s); and
- (r) Whether the violation resulted in a criminal conviction or arrest; and
- (s) Whether the accused employee intervened in an alleged act of misconduct or received a peer intervention and complied with that intervention in an alleged act of misconduct in accordance with the Ethical Policing Is Courageous program.

## **EDUCATION-BASED DISCIPLINE**

5. Education-based discipline is designed to focus on behavioral change through education and training rather than the exclusive use of punishment. The goal is not to punish the employee but to modify the unacceptable behavior, improve the performance, and to more strongly alert the employee of the need to correct the problem. Education-based discipline is a disciplinary alternative to a reprimand or suspension. The process gives the individual the option of **voluntarily** participating in a corrective action plan that can include education, training or other options designed to address the misconduct issue or the deficits in performance identified by the investigation or hearing. Moreover, all of the activities related to the plan are conducted during on-duty time.

6. Training may be provided in lieu of the reprimand or suspension when the hearing officer has identified issues where training may help prevent future violations of a similar nature. Education-based discipline may reduce but not eliminate the penalty for a violation that is Level D or above. When determining the appropriateness of education-based discipline, the hearing officer shall consider:
  - (a) The nature and seriousness of the offense;
  - (b) The aggravating and mitigating circumstances outlined in this Chapter, including the underlying intent behind the offense;
  - (c) Whether training exists and is available within the Department to help prevent future violations of a similar nature;
  - (d) Whether the officer has already received education-based discipline on the same topic; and
  - (e) The effectiveness of any prior instances of education-based discipline with the offending officer.

The hearing officer shall document the consideration of these factors and why the proposed training is appropriate in writing on the hearing form.

7. The hearing officer may offer education-based discipline in lieu of the reprimand or suspension as appropriate. The education-based discipline option shall be communicated to the offending member in the hearing and documented on the Hearing Officer Disposition Form. The hearing officer shall state and document:
  - (a) The proposed curriculum elements for the education-based discipline and its connection to the violation;
  - (b) The reason why education-based discipline was offered in connection to the sustained violation;
  - (c) The deadline for completing the education-based discipline component; and
  - (d) The disciplinary penalty applied if the member forgoes the education-based discipline option.
8. Education-based discipline may replace all or part of the penalty that would otherwise be applied in the absence of the training alternative. The training duration may exceed the suspension days otherwise required for the violation. Less than a full day of training may count for a suspension day.
9. Education-based discipline may replace a maximum of 10 suspension days. Education-based discipline may be applied to a suspension greater than 10 days. Education-based discipline may reduce but not eliminate the penalty for a violation that is Level D or above.
10. The member may accept or reject the education-based discipline component when presented by the hearing officer.
11. If the member fails to complete the required training by the specified deadline or fails to effectively participate in the training, the member will serve the original penalty for which the education-based discipline was an alternative. The training academy shall notify PIB if the individual failed to effectively participate in training.
12. Disciplinary records will reflect the originally intended penalty in all cases where education-based discipline was offered.
13. If the member accepts the education-based discipline alternative, the member waives his/her rights to an appeal.

14. PIB shall review all education-based discipline proposals to ensure the appropriate use of education-based discipline. Any issues with the application or appropriateness of the use of education-based discipline will be reviewed and discussed with the Hearing Officer and the Commander or Deputy Chief of PIB within 15 days of receipt of the hearing disposition form by PIB.

### **SUPERINTENDENT'S AUTHORITY**

15. The Superintendent of Police, as the appointing authority, may approve, disapprove or change any recommended disposition or penalty. Only the Superintendent of Police has the authority to impose disciplinary action.

### **PENALTY SCHEDULE**

16. The following penalty schedule lists each offense by rule, provides a description of the rule, and dictates the appropriate penalty level in accordance with the penalty matrix.

### **RULE TWO: MORAL CONDUCT**

17. ADHERENCE TO LAW—2(1)

Employees shall act in accordance with the constitutions, statutes, ordinances, administrative regulations, and the official interpretations thereof, of the United States, the State of Louisiana, and the City of New Orleans, but when in another jurisdiction shall obey the applicable laws. Neither ignorance of the law, its interpretations, nor failure to be physically arrested and charged, shall be regarded as a valid defense against the requirements of this rule.

TITLE	LEVEL
TRAFFIC: POLICE VEHICLE (ON DUTY/OFF DUTY)	B
TRAFFIC: PRIVATE VEHICLE (ON DUTY/OFF DUTY)	A
DWI: ON DUTY, POLICE VEHICLE	G
DWI: OFF DUTY, POLICE VEHICLE	F
DWI: ON DUTY, PRIVATE VEHICLE	E
DWI: OFF DUTY, PRIVATE VEHICLE	E
MUNICIPAL: ON DUTY	D
MUNICIPAL: OFF DUTY (COLOR OF LAW)	D
MUNICIPAL: OFF DUTY (PERSONAL)	C
STATE MISDEMEANOR: ON DUTY	F
STATE MISDEMEANOR: OFF DUTY (COLOR OF LAW)	F
STATE MISDEMEANOR: OFF DUTY (PERSONAL)	E
STATE FELONY (ON DUTY/OFF DUTY)	G

18. COURTESY—2(2)

Employees shall be courteous, civil, and respectful in their conduct toward all persons. The use of profane, vulgar or discourteous gestures or language to or in the presence of any citizen is prohibited.

The use of profane, vulgar or discourteous gestures or language, either verbal or written, by one employee to another employee is prohibited.

TITLE	LEVEL
-------	-------

ON DUTY/OFF DUTY (COLOR OF LAW)	A
---------------------------------	---

## 19. INTENTIONAL FALSE STATEMENTS—2(3)

Employees are required to be truthful at all times, in their spoken, written, or electronic communications, whether under oath or not, in all matters and official investigations relating to the scope of their employment and operations of the Department. An employee shall not make any material false statement with the intent to deceive. A statement is material when it could have affected the course or outcome of an investigation or official proceeding relating to the scope of their employment and operations of the Department.

TITLE	LEVEL
ON DUTY/OFF DUTY	G

## 20. DISCRIMINATION—2(4)

Employees shall not discriminate against or show partiality to any person because of racial, ethnic, religious, political, sexual, or personal prejudice.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	D
SEXUAL HARASSMENT	D

## 21. VERBAL INTIMIDATION—2(5)

An employee shall not use or direct unjustifiable verbal abuse, threats, or intimidation against any person.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	B

## 22. COERCED CONFESSION—2(5)

An employee shall not use or direct unjustifiable verbal abuse, threats, or intimidation against any person to obtain a confession.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	F

## 23. UNAUTHORIZED FORCE—2(6)

Employees shall not use or direct unjustifiable physical abuse, violence, force, or intimidation against any person.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW) - LEVEL 1	C
ON DUTY/OFF DUTY (COLOR OF LAW) – LEVEL 2	C
ON DUTY/OFF DUTY (COLOR OF LAW) – LEVEL 3	D
ON DUTY/OFF DUTY (COLOR OF LAW) – LEVEL 4	F

## 24. COURAGE—2(7)

An employee shall act with courage and confidence and shall not fail to perform any duty because of the danger involved, but shall, however, exercise due care for the safety of his/her person and that of others, and the security of property commensurate with the circumstances.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	C

25. FAILURE TO REPORT MISCONDUCT—2(8)

Any department employee who observes or becomes aware of any act of misconduct by another employee of the government shall immediately report the incident to their immediate supervisor or the most appropriate New Orleans Police Department (NOPD) supervisor (Violation of this provision may be charged up to and including the category of the underlying offense not reported).

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	SAME AS PREDICATE OFFENSE

26. FAILURE TO COOPERATE/WITHHOLDING INFORMATION—2(9)

In accordance with established rights under law, employees shall not withhold any information, acts, or omissions known to the employee that purposefully interfere or disrupt an authorized investigation, whether internally or externally, investigated by any official entity. Additionally, any employee who withholds information or fails to cooperate with any internal investigation may be disciplined in addition to any other disciplinary action based upon conduct disclosed by the primary investigation.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	F

**RULE THREE: PROFESSIONALISM**

## 27. PROFESSIONALISM—3(1)

Employees shall conduct themselves in a professional manner with the utmost concern for the dignity of the individual with whom they are interacting. Employees shall not unnecessarily inconvenience or demean any individual or otherwise act in a manner which brings discredit to the employee or the Police Department.

TITLE	LEVEL
ON DUTY	A
OFF DUTY (COLOR OF LAW)	A
OFF DUTY (PERSONAL)	A

## 28. ABUSE OF POSITION—3(2)

Members shall not use their position, official identification cards or badges for personal or financial gain, for obtaining privileges, or for avoiding consequences of illegal acts. Employees shall not lend to another person their identification cards or badges or permit them to be photographed or reproduced without the approval of the Superintendent of Police.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

## 29. NEATNESS AND ATTIRE—3(3)

Employees shall, except under circumstances which are duty related, be neat and clean in person and dress, and shall be attired and equipped according to Department Procedures or instructions from a supervisor. Hair and mustaches shall be trimmed according to Department Procedures.

TITLE	LEVEL
ON DUTY	A

## 30. ACCEPTING OR GIVING ANYTHING OF VALUE—3(4)

Members in their official capacity as employee(s) of the City of New Orleans, shall not solicit or accept from any person(s), business(es), or organizations(s) any gift, donation, goods, money, property (tangible, intangible, real or personal), loan, promise, service, or entertainment for the benefit of the employee(s) or the Department without the express written approval of the Superintendent of Police. Requests for such approval shall be forwarded to the Superintendent of Police through the employee's chain of command using NOPD Form 105 (Interoffice Correspondence).

TITLE	LEVEL
ON DUTY/OFF DUTY	C

## 31. INFLUENCE PEDDLING—3(4)

Under no circumstances shall a gift, donation, goods, money, property (tangible, intangible, real or personal), loan, promise, service, or entertainment be solicited or accepted by the Department or its members if it may reasonably be inferred that the

person, business, or organization:

- (a) seeks to influence action of an official nature or seeks to affect the performance or non-performance of an official duty, or
- (b) has an interest which may be substantially affected directly or indirectly by the performance or non-performance of an official duty.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

### 32. REFERRALS—3(5)

Members shall not recommend or suggest in any manner, except in the transaction of personal business, the employment or procurement of a particular product, professional service, or commercial services (such as an attorney, ambulance service, towing service, bondsman, mortician, etc.). In the case of an ambulance or towing service, when such service is necessary and the person needing the service is unable or unwilling to procure it or requests assistance, employees shall proceed in accordance with established Department procedures.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	C

### 33. COMMERCIAL ENDORSEMENT—3(6)

Employees shall not permit or authorize the use of their names, photographs, or official titles which identify them as employees, in connection with testimonials or advertisements of any commodity or commercial enterprise, without the approval of the Superintendent of Police.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

### 34. USE OF DRUGS/SUBSTANCE ABUSE TESTING—3(7)

Employees shall be guided by the City's substance abuse policy as defined under Rule V, Section 9 of Civil Service Rules and C.A.O. Policy Memorandum # 89 dated 9/90 which states: Department employees shall not take any of the narcotic drugs defined in Louisiana Revised Statute 40, Articles 964 and 966, unless prescribed for them by a licensed medical practitioner. Employees are prohibited from reporting to duty under the influence of any drug, medication or other substance which would impair their normal sensory and/or motor body functions.

TITLE	LEVEL
ON DUTY/OFF DUTY	G

### 35. USE OF ALCOHOL ON DUTY—3(8)

Members shall not drink intoxicating beverages while on duty except in the performance of duty and while acting under proper and specific orders from a superior officer. Members shall not appear for duty, or be on duty, while under the influence of intoxicants to any degree whatsoever, or with an odor of intoxicants on their breath.

TITLE	LEVEL
ON DUTY	F

## 36. USE OF ALCOHOL OFF-DUTY—3(9)

Employees while off-duty, shall refrain from consuming intoxicating beverages to the extent that it results in impairment, intoxication, obnoxious or offensive behavior which would discredit them, the Department, or render the employees unfit to report for their next regular tour of duty. Commissioned employees of the Police Department shall refrain from carrying a firearm while consuming alcohol or while under its influence.

TITLE	LEVEL
OFF DUTY	C

## 37. ALCOHOL INFLUENCE TEST—3(10)

Any employee in violation of the rules pertaining to the use of alcohol on-duty and off-duty shall submit to an alcohol influence test, as ordered by a supervisor. Under orders from the Superintendent of Police, or the Superintendent's designee, an employee shall submit to other appropriate tests, such as saliva, and/or blood test.

TITLE	LEVEL
ON DUTY	F
OFF DUTY	E

## 38. USE OF TOBACCO—3(11)

Members, when in uniform, may use tobacco as long as they are not in formation for inspection, they do not have to leave their assignment or post for the sole purpose of doing so, or they are not engaged in traffic direction and control. When employees are in direct contact with the public, they shall first obtain permission to use tobacco from the public with whom they are in direct contact.

All employees of the New Orleans Police Department are prohibited from smoking any type of hand rolled cigarette/cigar or machine rolled cigarette/cigar, which appears to be hand rolled while on duty; off duty in uniform, including paid details; in a city owned/leased vehicles, marked or unmarked; and/or appearing as a representative of the New Orleans Police Department including but not limited to meetings or court appearances.

TITLE	LEVEL
ON DUTY	A

## 39. RETALIATION—3(12)

Retaliation for reporting misconduct or for cooperating with an investigation of misconduct is an egregious offense and shall be grounds for discipline, up to an including termination of employment.

TITLE	LEVEL
ON DUTY	F

## 40. USE OF SOCIAL MEDIA—3(13)

Employees shall not post any material on the internet including but not limited to photos, videos, word documents, etc., that embarrasses, humiliates, discredits or harms the operations and reputation of the Police Department or any of its members.

TITLE	LEVEL
ON DUTY/OFF DUTY	C

## 41. ILLEGAL USE OF SOCIAL MEDIA

Employees shall not post any material on the Internet that violates any local, state or federal law, or includes hate speech, discrimination or advocates unnecessary force.

TITLE	LEVEL
ON DUTY/OFF DUTY	F

**RULE FOUR: PERFORMANCE OF DUTY**

## 42. REPORTING FOR DUTY—4(1)

A member shall promptly report for duty at the time and place required by assignment or orders, but in the event of inability to perform or to begin punctually, he/she shall notify his/her commanding officer or a member of his/her unit authorized to receive such information before the designated time for commencement.

TITLE	LEVEL
ON DUTY	B

## 43. INSTRUCTIONS FROM AN AUTHORITATIVE SOURCE—4(2)

A member shall professionally, promptly, and fully abide by or execute instructions issued from any authoritative source. If the instructions are reasonably believed to be in conflict with the Rules and Procedures of the Department or other issued instructions, this fact shall respectfully be made known to the issuing authority. If the issuing authority elects to insist upon execution of the instructions which are reasonably believed to be in conflict with Department Rules and Procedures, then the member receiving the instructions shall have the right to request and is entitled to receive, IMMEDIATELY, said instructions in writing, except in cases of emergency as determined by the supervisor. The issuing authority shall be held responsible should any conflict materialize; however, no instructions shall be issued or executed which are in violation of the law.

TITLE	LEVEL
ON DUTY/OFF DUTY	C
FAILURE TO RENDER STATEMENT IN AN ADMINISTRATIVE INVESTIGATION	G

## 44. DISOBEYING A DIRECT ORDER—4(2)

A member shall professionally, promptly, and fully abide by or follow a direct order from a supervisor, superior, or commanding officer.

TITLE	LEVEL
ON DUTY	D

## 45. DEVOTING ENTIRE TIME TO DUTY—4(3)

Members shall not read, play games, watch television or movies, or otherwise engage in entertainment while on duty, except as may be required in the performance of duty. They shall not engage in any activities or personal business which would cause them to neglect or be inattentive to duty.

TITLE	LEVEL
ON DUTY	A

## 46. NEGLIGENCE OF DUTY—4(4)

(a) GENERAL

Each member, because of his grade and assignment, is required to perform certain duties and assume certain responsibilities. A member's failure to properly function in either or both of these areas constitutes a neglect of duty.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	B
MINOR VIOLATION/INFRACTION	A

(b) SUPERVISORY RESPONSIBILITIES

A member with supervisory responsibility shall be in neglect of duty whenever he fails to properly supervise subordinates, or when his actions in matters relating to discipline fail to conform with the dictates of Departmental Rules and Regulations.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	SAME AS PREDICATE OFFENSE; OR LEVEL B IF THERE IS NO PREDICATE OFFENSE (NO SUBORDINATE IS CHARGED)

(c) ENUMERATED ACTS/OMISSIONS

The following acts or omissions to act, although not exhaustive, are considered neglect of duty:

1. Failing to take appropriate and necessary police action;
2. Failing to respond to all assignments promptly and failing to report dispositions of assignments to the dispatcher immediately upon completion;
3. Failing to advise the dispatcher on each occasion of his absence from the patrol vehicle (except for signal 1042) and the reason therefore; and failing to report his return to his vehicle;
4. Failing to make a written report when such is indicated;
5. Unauthorized sleeping on duty;
6. Failing to comply with instructions, oral or written, from any authoritative source;
7. Failing to take necessary actions so as to insure that a prisoner shall not escape as a result of carelessness or neglect;
8. Failing to thoroughly search for, collect, preserve, and identify evidence in an arrest or investigative situation;
9. Failing to insure that the health, welfare, and property of a prisoner is properly maintained while in individual custody;
10. Failing to properly care for vehicles and other equipment used wherein damage results from carelessness or neglect;
11. Failing to take appropriate action as to illegal activity, including vice and gambling violations, and/or make a written report of the same to commanding

officer.

TITLE	LEVEL
ON DUTY/OFF DUTY (COLOR OF LAW)	B
MINOR VIOLATION/INFRACTION	A

47. CEASING TO PERFORM BEFORE END OF TOUR OF DUTY—4(5)

A member shall be allowed to end his period of duty only with prior approval of his supervisor.

TITLE	LEVEL
ON DUTY	B

48. LEAVING ASSIGNED AREA—4(6)

Members shall remain within the boundaries of their assignment except when specifically authorized by their supervisor, radio dispatcher, or in hot pursuit.

TITLE	LEVEL
ON DUTY	B

49. LEAVING CITY WHILE ON DUTY—4(7)

Members shall not go beyond the City limits while on duty unless directed by their Supervisor, radio dispatcher, or in hot pursuit.

TITLE	LEVEL
ON DUTY	B

50. HOURS OF DUTY—4(8)

Members of the Department shall have, as scheduled, regular hours assigned to them for active duty each day, and when not on active duty, shall be considered **OFF-DUTY**. The fact that commissioned members may be technically **OFF-DUTY** shall not relieve them from the responsibility of taking the appropriate police action on any serious police matter coming to their attention at any time, providing for the circumstances and the reasonable safety of the off-duty employee and the public. During **OFF-DUTY** hours a member shall carry his/her official ID card and may carry his/her authorized weapon, except when engaged in athletic activities or consuming alcohol. Employees shall be subject to call for duty by order of their superior officer at any time.

TITLE	LEVEL
ON DUTY/OFF DUTY	C
FAILING TO CARRY ID OFF-DUTY	A

51. SAFEKEEPING OF VALUABLES—4(9)

Members of the Department shall not accept valuables for safekeeping from individuals who merely desire to check them in for that purpose. This does not apply to valuables that have been received as evidence or property in connection with an investigation, or property which is found and turned over to the police.

TITLE	LEVEL
ON DUTY	A

## 52. ESCORT FOR VALUABLES—4(10)

Members of the Department on duty shall not furnish escort services for transporting of money or valuables unless authorized by a Supervisor.

TITLE	LEVEL
ON DUTY	B

## 53. BODY-WORN CAMERA—4(11)

Members shall use their Department-issued body-worn cameras (BWCs) in accordance with Chapter 41.3.10. In accordance with Chapter 41.3.2, inadvertent misuse and non-use of a body-worn camera will be considered a second offense when a member has exhausted his or her allotment of redirection instances under that policy.

TITLE	LEVEL
ON DUTY	A

## 54. INTENTIONAL MISUSE OR NON-USE OF BODY-WORN CAMERA--4(11)

A member shall not deliberately turn off his or her body-worn camera to conceal illegal or prohibited conduct.

TITLE	LEVEL
ON DUTY/OFF DUTY	F

**RULE FIVE: RESTRICTED ACTIVITIES****55. FICTITIOUS ILLNESS OR INJURY REPORTS—5(1)**

Employees shall not feign illness or injury; falsely report themselves ill or injured, or otherwise deceive or attempt to deceive any official of the Department as to the condition of their health.

TITLE	LEVEL
ON DUTY/OFF DUTY	C

**56. ASSOCIATIONS—5(2)**

Employees shall avoid regular or continuous associations or dealings with persons whom they know, or should know, are racketeers, sexual offenders, suspected felons, persons under criminal investigation or indictment, or who have a reputation in the community for present involvement in felonious or criminal behavior, except as necessary in the performance of official duties, or where unavoidable because of family relationships of members.

TITLE	LEVEL
ON DUTY/OFF DUTY	C

**57. VISITING PROHIBITED ESTABLISHMENTS—5(3)**

Employees shall not knowingly visit, enter or frequent a house of prostitution, or establishment wherein the laws of the United States, the state, or the local jurisdiction are regularly violated, except in the performance of duty or while acting under proper and specific orders from a superior officer.

TITLE	LEVEL
ON DUTY	E
OFF DUTY	C

**58. SUBVERSIVE ACTIVITIES—5(4)**

An employee shall not commit, attempt to commit, aid in the commission of, or advocate, abet, advise, or teach by any means any person to commit, attempt to commit, or aid in the commission of any act intended to overthrow, destroy, or assist in the overthrow or destruction of the constitutional form of the government of the United States, any State, or any political subdivision thereof, by revolution, force, violence, or other unlawful means. An employee shall not be allied with any group of persons whose individual or collective actions or purpose of action is prohibited by this rule, except in the performance of duty as directed by the Superintendent.

TITLE	LEVEL
ON DUTY/OFF DUTY	F

**59. LABOR ACTIVITY—5(5)**

(a) Employees shall have the right to join labor organizations, but nothing shall

compel the Department to recognize or to engage in collective bargaining with any such labor organizations except as provided by law.

- (b) Employees shall not engage in any strike or other concerted effort to adversely affect Department productivity. "Strike" includes the concerted failure to report for duty, willful absence from one's position, unauthorized holidays, sickness unsubstantiated by a physician's statement, the stoppage of work, or the abstinence in whole or in part from the full, faithful and proper performance of the duties of employment for the purpose of inducing, influencing or coercing a change in conditions, compensation, rights, privileges, or obligations of employment.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

60. ACTING IN CIVIL MATTERS—5(6)

Employees shall not give legal advice or express a legal opinion in civil matters beyond that which is necessary to prevent a breach of the peace or violation of law, but shall instead suggest that the inquirer seek such information from another source of the inquirer's choosing.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

61. ACTING IMPARTIALLY—5(7)

Employees shall take no action in a matter normally within the scope of their duties to which they are an interested or involved party, or make arrests in controversies arising between their relatives; nor make any arrests in their own quarrels, or between themselves and their relatives, friends and/or neighbors, except to prevent injury to another, or when a felony has been committed. Such circumstances shall be called to the attention of a supervisor who shall take the required action. Employees may detain any offender until intervention of proper authority.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

62. CIVIL SUITS BY MEMBERS—5(8)

Employees involved in civil litigation as a consequence of the proper execution of their duties shall notify the Superintendent of Police via a Departmental Interoffice Correspondence (Form 105). The member shall attach all documents pertaining to the civil suit to the correspondence and hand carry this packet to the office of the Superintendent. Employees shall also notify the Superintendent in writing as to the existence of civil suits or actions where the member is involved as a plaintiff, defendant, or witness arising out of the performance of his duty, or his role as a police officer. When appearing as a plaintiff, defendant, or witness in any civil litigation, the member shall not be attired in his Departmental uniform, except when the employee is appearing as a representative of the New Orleans Police Department. (ADDITIONALLY: SEE C.A.O. POLICY MEMORANDUM 47 DATED SEPTEMBER 24, 1987 RE: INDEMNIFICATION FOR CITY OFFICERS AND EMPLOYEES.)

TITLE	LEVEL
-------	-------

ON DUTY/OFF DUTY	C
------------------	---

63. CRIMINAL PROCEEDING AGAINST MEMBERS—5(9)

An employee shall immediately report in writing to the Superintendent all information concerning any arrest or court action instituted against him/her in any criminal case. When required to testify in any court action instituted against him/her in any criminal case, the member shall not appear attired in his Departmental uniform. This article shall not be interpreted so as to apply to criminal proceedings arising out of the performance of the member's duty.

TITLE	LEVEL
ON DUTY/OFF DUTY	E

64. TESTIFYING ON BEHALF OF DEFENDANTS—5(10)

Employees of the Department, when testifying on behalf of any defendant(s) in any criminal case, civil proceeding, or civil administration hearing (i.e., including but not limited to: liquor license revocation, driver's license revocation), where the City of New Orleans or the New Orleans Police Department is a prosecutor, plaintiff, or defendant, shall notify the prosecuting or plaintiff's attorney and the Superintendent, through their chain of command, that they will be testifying, before appearing on the defendant's behalf. Any employee testifying in a criminal case outside the Parish of Orleans shall notify the Superintendent, through their chain of command, prior to the trial date.

Employees testifying on behalf of the defendant(s), other than the City of New Orleans, in any criminal or civil proceeding not arising out of the proper performance of their duties, shall not be attired in their departmental uniform except when on duty and testifying in a matter before the Civil Service Commission.

TITLE	LEVEL
ON DUTY/OFF DUTY	E

65. INTERFERING WITH INVESTIGATIONS—5(11)

An employee shall not divulge official information to any other person or agency which he/she knows or should know would possibly impede, obstruct or otherwise compromise any criminal or administrative investigation being conducted by Employees of this Department or by a member of any other local, State or Federal investigative organization or law enforcement agency.

Such prohibited activity shall include, but not be limited to, the release, disclosure or communications by any means, of any information to any suspect in an investigation or to any unauthorized person, which would tend to identify any officers acting in an undercover capacity, the identity of confidential sources, informers, or witnesses and any investigative methods and techniques utilized in a particular investigation.

Such prohibited activity shall also include the release, disclosure or communication of descriptions of any vehicles or specialized equipment utilized in any investigation, suspects in or targets of any particular investigation, the existence of or description of any evidence or possible evidence, or any official data, computerized or conventional, either directly or indirectly related to or resulting from any criminal or administrative investigations.

It is understood that it will routinely be necessary to share such investigative information with members of other investigative or law enforcement agencies. Prior to the disclosure of such information or data to any person authorized by law and departmental policy to receive such data, the employee shall obtain the expressed authorization of his commanding officer.

TITLE	LEVEL
ON DUTY/OFF DUTY	F

66. UNDERCOVER INVESTIGATIONS—5(12)

Employees shall not, in the course of their official duties, engage in any undercover or covert activities without the prior written authorization of their respective Bureau Commander.

The prior written authorization of the Superintendent of Police shall be required in all undercover or covert activities in which employees are required or intend to engage in corrupt practices, including but not limited to, accepting bribes, the purchase of or possession of any controlled dangerous substance, or direct or indirect involvement in any crime of violence. Physical surveillance of a suspect or target of any official investigation or activities of confidential informers shall not be considered undercover or covert activities for the purpose of this rule.

TITLE	LEVEL
ON DUTY/OFF DUTY	E

67. REWARDS—5(13)

Only upon written request and approval from the Superintendent, in each specific case, shall an employee be allowed to accept any reward resulting from or connected in any way with his performance or responsibilities as a police officer. Request for such approval shall be forwarded to the Superintendent through the member's unit chain of command using Form 143.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

**RULE SIX: OFFICIAL INFORMATION**

## 68. SECURITY OF RECORDS—6(1)

A member shall not impart to any person or remove from any files the content of any record or report, except as provided by law.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

## 69. INTENTIONALLY FALSE OR INACCURATE REPORTS—6(2)

An employee shall not knowingly make, or cause or allow to be made, a false or inaccurate oral or written record or report of an official nature, or intentionally withhold material matter from such report or statement.

TITLE	LEVEL
ON DUTY/OFF DUTY	G

## 70. PUBLIC STATEMENTS AND APPEARANCES—6(3)

Members shall not publicly criticize or ridicule the Department, its policies, or other Employees by speech, writing, or other expression, where such speech, writing, or other expression is defamatory, obscene, unlawful, undermines the effectiveness of the Department, interferes with the maintenance of discipline, or is made with reckless disregard for truth or falsity. Members shall not address public gatherings, appear on radio or television, prepare any articles for publication, act as correspondents to a newspaper or a periodical, release or divulge investigative information, or any other matters of the Department while holding themselves out as having an official capacity in such matters without official sanction or proper authority. Members may lecture on "police" or other related subjects only with the prior approval of the Superintendent of Police.

TITLE	LEVEL
ON DUTY/OFF DUTY	D

## 71. PUBLIC COMPLAINTS—6(4)

Citizens applying to members for assistance or advice, or for the purpose of entering a report or a complaint, shall be given every possible consideration consistent with the circumstances. This is a duty incumbent on the officer being contacted, and he/she shall not refer citizens to another officer or Division unless circumstances necessitate such action.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

## 72. INFORMANTS—6(5)

A member shall not be compelled to reveal the identity of a confidential informant except when required by the Superintendent of Police.

TITLE	LEVEL
-------	-------

ON DUTY/OFF DUTY	G
------------------	---

## 73. CONFIDENTIALITY OF INTERNAL INVESTIGATIONS—6(6)

All files concerning Departmental administrative reports and investigations shall be confidential.

TITLE	LEVEL
ON DUTY/OFF DUTY	E

**RULE SEVEN: DEPARTMENT PROPERTY****74. USE OF DEPARTMENT PROPERTY—7(1)**

Members shall use Department property only for the purpose for which it is intended and in accordance with Department policy, rules, procedures, and orders. Members shall exercise care in the use of all Department property and equipment and shall promptly report any theft, loss, or damage of Department property.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

**75. AUTHORIZED OPERATORS OF DEPARTMENT PROPERTY—7(2)**

Only licensed members who are authorized by their supervisor shall operate police vehicles.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

**76. CLEANLINESS OF DEPARTMENT VEHICLES—7(3)**

Members assigned to operate police vehicles shall be responsible for the cleanliness of such vehicles during their tour of duty.

TITLE	LEVEL
ON DUTY/OFF DUTY	A

**77. USE OF EMERGENCY EQUIPMENT—7(4)**

Members shall not sound the siren or activate the blue light or other emergency devices unless responding to an emergency assignment or when required in the actual and proper performance of a police duty, or when so directed by the radio dispatcher or a superior officer.

TITLE	LEVEL
ON DUTY/OFF DUTY	A

**78. STATEMENT OF RESPONSIBILITY—7(5)**

Members who become involved in an accident (while operating a Department vehicle) shall make no statement as to responsibility and shall not advise other parties involved that the City will pay for the damages resulting from said accident even though they may be at fault.

TITLE	LEVEL
ON DUTY/OFF DUTY	B

**79. OPERATIONS MANUAL—7(6)**

Members shall be personally responsible for maintaining and updating their individual copies of the Department Operations Manual.

TITLE	LEVEL
ON DUTY/OFF DUTY	A

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 26.3.1

### TITLE: WORKPLACE SEXUAL HARASSMENT

**EFFECTIVE: 7/30/2023**

**REVISED: Replaces in part Chapter 26.3**

---

#### PURPOSE

The purpose of this policy is to prevent Department members from subjecting others to, or being subjected to sexual harassment. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

#### POLICY STATEMENT

1. The New Orleans Police Department is an equal opportunity employer and is committed to creating and maintaining a healthy work environment that will provide all employees the opportunity to perform their duties to their fullest potential. The working environment must be free of all forms of discriminatory harassment, including sexual harassment, and retaliation.
2. Sexual harassment can expose the Department and its employees to serious liability and can lower morale, undermine the integrity of employee relationships, and interfere with the efficiency of Department operations. Sexual harassment, can constitute serious misconduct that will not be tolerated. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect. (See: **M. C. Ordinance No. 27795**).
3. The non-discrimination policies of the Department may be more comprehensive than municipal, state or federal law. Conduct that violates this policy may or may not violate municipal, state or federal law but still could subject a member to administrative discipline. (See: **Chapter 26.3.2 – Workplace Discrimination**).
4. This policy applies to all Department personnel. All members shall follow the intent of these guidelines in a manner that reflects Department policy, professional law enforcement standards and the best interest of the Department and its mission.

#### DEFINITIONS:

Definitions relevant to this Chapter include:

**Complainant**—Any person, including an NOPD officer or employee, who makes a complaint against an officer or employee of NOPD.

**Sexual Harassment**—Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- (b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individuals; or
- (c) Such conduct has the purpose or effect of unreasonably interfering with an individual's performance or creating an intimidating, hostile or offense working environment. For purposes of this section, an intimidating, hostile, or offensive work environment exists when sexual harassment is so pervasive or severe that it creates intimidating, offensive workplace and alters the conditions or employment.

The following are types of sexual harassment:

- 1) **Quid Pro Quo (this for that):** This type of harassment exists when a member in management or supervisor states or implies that an employee must consent to unwelcome sexual advances in exchange for some economic benefit such as promotions, merits, job offers, job retention, etc. Also, quid pro quo sexual harassment occurs when rejection of sexual advances would result in adverse decisions affecting an employee's job status, (i.e. demotion, termination, denial of employment, etc.) Note: Field training officers may be considered "of supervisory capacity" due to their status and control over the recruit.
- 2) **Hostile Work Environment:** Anyone in the work place can commit this type of harassment. A hostile work environment exists where sexual harassment is so pervasive or severe that it creates an intimidating, offensive work place and alters the conditions of employment.

## EXAMPLES OF INAPPROPRIATE CONDUCT

- 5. Depending on the facts and circumstances, the following are examples of conduct that may violate this Chapter:
  - a) Touching another person's body in a manner that the employee knows or should know the other person will regard as offensive (e.g., unwelcome neck massages, rubbing another person's hands or arms, touching another person's breasts, buttocks, or genitals);
  - b) Displaying or circulating sexually suggestive objects or images, including pictures, posters, videos, photographs, cartoons, calendars, drawings, magazines, computer graphics, and literature;
  - c) Exposing or touching oneself in a manner that the employee knows or should know the other person will regard as offensive;
  - d) Alluding to another person's or one's own anatomy and/or genitals in a manner that the employee knows or should know the other person will regard as offensive;
  - e) Telling sexually oriented jokes or making references or inquiries into someone's sexual preferences;
  - f) Suggestive or insulting sounds ("cat calls" or "kissing" noises), leering, obscene gestures, and sexually suggestive body gestures.
  - g) Alluding to another person's or one's own mode of dress in a sexually oriented or suggestive manner that the employee knows or should know the other person will regard as offensive; and
  - h) Posting, possessing, sending, soliciting or displaying in the workplace sexually suggestive, racist, "hate-site" related, or obscene letters, notes, invitations, cartoons, posters, facsimiles, electronic mail or web links.
  - i) Electronically sending messages with sexual content, including pictures and video, the use or sexually explicit language, harassment, cyber stalking and threats via all forms or electronic communication (e-mail, text/picture/video messages, intranet/on-line postings, blogs, instant messages and social network websites).

**MEMBER RESPONSIBILITIES**

6. Any member who believes, in good faith, that he/she has observed sexual harassment, shall promptly report such conduct, and any member who believes, in good faith, that he/she has been sexual harassment, shall promptly report such conduct, in accordance with the requirements of this chapter and **Chapter 52.1.1— Misconduct Complaint Intake and Investigation** so that appropriate investigative and disciplinary actions may be taken. If the member's immediate supervisor is the accused employee, the member may report allegations to a supervisor higher in the chain of command or directly to the Public Integrity Bureau.
7. A sexual harassment complaint may be an oral complaint initially but must be followed by a sexual harassment or discrimination complaint form (Appendix A). The complaint should include the date(s) the incident(s) occurred, name(s) or the individual(s) involved, name(s) or witness(es), and a detailed description of the incident(s).
8. When the member completes the sexual harassment or discrimination complaint form (Appendix A), the NOPD human resources manager and/or the Superintendent must sign the form. Only signatures from the NOPD human resources manager and/or the Superintendent are to be entered on the sexual harassment or discrimination complaint form in the space designated for this purpose. In the event the accused harasser is the human resources manager or the Superintendent, the complaint should be signed by the asst. CAO of the personnel division.
9. Once the Sexual Harassment or Discrimination Complaint Form (Appendix A) is completed by the member, a copy shall be sent to the Deputy Chief of PIB and the original shall be sent to the Personnel Division, Chief Administrative Office, and City of New Orleans. A copy of the Form can be found at:  
<https://employee.nola.gov/work/policies/policy-memorandum/>.
10. Every employee is responsible for taking the initiative to prevent sexual harassment in the workplace. Therefore, all employees shall:
  - a) Conduct themselves in a professional manner and maintain a professional attitude;
  - b) Avoid any type of act or discussion that the employee knows or should know others will regard as offensive within the meaning of this Chapter; and
  - c) Cease immediately any behavior or discussion if told that such conduct is offensive within the meaning of this Chapter.
11. Any employee who encounters sexual harassment is encouraged to inform the offending party that his or her actions are unwelcome and/or offensive.

**COMMANDERS AND SUPERVISORS RESPONSIBILITIES**

12. Supervisors receiving written or verbal allegations of violations of this Chapter shall take such allegations seriously, deal with them in a prompt and effective manner, and, where appropriate, initiate a disciplinary investigation, by completing NOPD Form 230 – PIB Intake Form – Commendation – Complaint or Documentation of Minor Violation, and take all appropriate investigative and disciplinary actions, consistent with **Chapter 52.1.1— Misconduct Complaint Intake and Investigation**.
13. A supervisor to whom a complaint is given shall meet with the complainant and document the incident(s) complained of; the persons(s) performing or participating in the alleged acts of sexual harassment; any witnesses to the incident(s); and the date, time, and place of the incident(s).
14. All complaints of alleged inappropriate behavior shall be documented in writing and forwarded to the Public Integrity Bureau.

15. Supervisors shall take appropriate corrective action to stop or prevent further sexual harassment as soon as it is reported or observed.
16. Commanders shall take the initiative in preventing sexual harassment in the workplace by setting good examples, always demonstrating courteous and professional behavior, and actively monitoring the work environment.
17. Commanders and supervisors shall ensure that employees do not suffer reprisal or retaliatory actions for presenting allegations of inappropriate behavior. However, any complaint of sexual harassment that has been found to be false through investigation shall result in the initiation of a formal disciplinary investigation against the parties(s) who originated the original false allegations.
18. If a complaint can be resolved without a formal investigation through non-disciplinary counseling or training, supervisors shall thoroughly document this action in writing and forward to the Public Integrity Bureau in a Universal Complaint Form (see **Chapter 35.1.7—Non-Disciplinary Counseling for Minor Violations**).
19. Supervisors are not authorized to advise employees about their legal remedies as provided by Federal and/or State law.

#### **ADDITIONAL CONSIDERATION**

20. Sexual harassment does not include actions that are in accordance with established rules, principles, or standards, including:
  - a) Acts or omission of acts based solely upon bona fide occupational qualifications as interpreted by the Equal Employment Opportunity Commission (EEOC) and the Louisiana Commission on Human Rights, and
  - b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or Department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

21. The Public Integrity Bureau shall separately track all complaints of sexual harassment and maintain all files of such complaints. All files concerning complaints of inappropriate behavior shall be kept in such a manner as to allow the files to be accessed by the name of the accused and the name of the complaining employee. Access to the files shall be restricted to supervisory individuals conducting pertinent police business.
22. Failure of a commander or supervisor to take corrective action on a complaint of inappropriate behavior shall be reported to the Commander of the Public Integrity Bureau.
23. All complaints of sexual harassment shall follow the reporting, notification, privacy rights, and investigative timelines for completion outlined in CAO Policy Memorandum 141(R) and Municipal Code Article VIII – Sexual Harassment Sections 86-40 thru 86-48.
24. PIB shall report on Departmental sexual harassment complaints and investigations as required in CAO Policy 141(R) – Section X.

#### **EQUAL OPPORTUNITY COMPLAINTS**

25. No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department after the employee has first filed an internal complaint within the Department and allowed the Department to investigate the complaint and take corrective action as needed. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

#### **QUESTIONS REGARDING SEXUAL HARASSMENT**

26. Members with questions regarding sexual harassment are encouraged to contact a supervisor, Employee Relations, the Personnel Director or the Chief Administrative Officer or they may contact the Louisiana Commission on Human Rights.

#### **TRAINING**

24. Members shall abide by the training requirements promulgated for all City employees of the City of New Orleans for sexual harassment in accordance with CAO Policy 141(R) – Section VIII.

#### **INFORMATION POSTINGS**

25. Managers and Commanders shall ensure that the Equal Employment Opportunity Commission (E.E.O.C.) or Louisiana Workforce Commission posters, notifications or other governmental information is properly posted in the workplace as required.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 26.3.2

### TITLE: WORKPLACE DISCRIMINATION AND DISCRIMINATORY HARASSMENT

**EFFECTIVE: 7/30/2023**

**REVISED: Replaces in part Chapter 26.3**

---

#### PURPOSE

The purpose of this policy is to prevent Department members from subjecting others to, or being subjected to, discrimination in the workplace or discriminatory harassment. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

#### POLICY STATEMENT

1. The New Orleans Police Department is an equal opportunity employer and is committed to creating and maintaining a healthy work environment that will provide all employees the opportunity to perform their duties to their fullest potential. The working environment must be free of all forms of discriminatory harassment, including sexual harassment, and retaliation.
2. Workplace discrimination and discriminatory harassment exposes the Department and its employees to serious liability and can lower morale, undermine the integrity of employee relationships, and interfere with the efficiency of Department operations. Workplace discrimination constitutes serious misconduct that will not be tolerated. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.
3. The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may or may not violate state or federal law but still could subject a member to administrative discipline.

#### DEFINITIONS:

Definitions relevant to this Chapter include:

**Complainant**—Any person, including an NOPD officer or employee, who makes a complaint against an officer or employee of NOPD.

**Discrimination**—Discrimination is the disparate or adverse treatment of an individual based on or because of that person's actual or perceived characteristics such as race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic

status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group.

### **DISCRIMINATION PROHIBITED**

4. The Department prohibits all forms of discrimination, whether on or off duty, including any employment-related action by an employee that adversely affects an applicant or employee and is based on actual or perceived characteristics such as race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group (see **Chapter 41.13, Bias-Free Policing**).
5. Discriminatory harassment is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.
6. Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, authoring crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination-free work environment.

### **MEMBER RESPONSIBILITIES**

7. This policy applies to all Department personnel. All members shall follow the intent of these guidelines in a manner that reflects Department policy, professional law enforcement standards and the best interest of the Department and its mission.
8. Any member who believes, in good faith, that he/she has been discriminated against or harassed, or who has observed harassment or discrimination, should promptly report such conduct in accordance with the requirements of this chapter and **Chapter 52.1.1—Misconduct Complaint Intake and Investigation** so that appropriate investigative and disciplinary actions may be taken. If the member's immediate supervisor is the accused employee, the member may report allegations to a supervisor higher in the chain of command or directly to the Public Integrity Bureau.
9. Any employee who encounters harassment and/or discrimination is encouraged to inform the offending party that his or her actions are unwelcome and/or offensive.

### **CAPTAINS AND SUPERVISORS RESPONSIBILITIES**

10. Supervisors receiving written or verbal allegations of violations of this Chapter shall take such allegations seriously, deal with them in a prompt and effective manner, and, where appropriate, initiate a disciplinary investigation, by completing NOPD Form 230 – PIB Intake Form – Commendation – Complaint or Documentation of Minor Violation, and take all appropriate investigative and disciplinary actions, consistent with **Chapter 52.1.1—Misconduct Complaint Intake and Investigation**.

11. A supervisor to whom a complaint is given shall meet with the complainant and document the incident(s) complained of; the persons(s) performing or participating in the alleged acts of discrimination or discriminatory harassment; any witnesses to the incident(s); and the date, time, and place of the incident(s).
12. All complaints of alleged inappropriate behavior shall be documented in writing and forwarded to the Public Integrity Bureau.
13. Supervisors shall take appropriate corrective action to stop or prevent further discrimination or discriminatory harassment as soon as it is reported or observed.
14. Captains shall take the initiative in preventing discrimination and discriminatory harassment in the workplace by setting good examples, demonstrating courteous and professional behavior at all times, and actively monitoring the work environment.
15. Captains and supervisors shall ensure that employees do not suffer reprisal or retaliatory actions for presenting allegations of discrimination or discriminatory harassment. However, any complaint of discrimination or discriminatory harassment that has been found to be false through investigation shall result in the initiation of a formal disciplinary investigation against the parties who originated the original false allegations.
16. If a complaint can be resolved without a formal investigation through non-disciplinary counseling or training, supervisors shall thoroughly document this action in writing and forward to the Public Integrity Bureau in a Universal Complaint Form (see **Chapter 35.1.7—Non-Disciplinary Counseling for Minor Violations**).
17. Supervisors are not authorized to advise employees about their legal remedies as provided by Federal and/or State agencies.

#### **ADDITIONAL CONSIDERATION**

18. Discrimination and discriminatory harassment does not include actions that are in accordance with established rules, principles, or standards, including:
  - (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Louisiana Commission on Human Rights, and
  - (b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or Department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

19. The Public Integrity Bureau shall separately track all complaints of discriminatory harassment or discrimination and maintain all files of such complaints. All files concerning complaints of inappropriate behavior shall be kept in such a manner as to allow the files to be accessed by the name of the accused and the name of the complaining employee. Access to the files shall be restricted to supervisory individuals conducting pertinent police business.
20. Failure of a Captain or supervisor to take corrective action on a complaint of discrimination or discriminatory harassment shall be reported to the Captain of the Public

Integrity Bureau.

### **EQUAL OPPORTUNITY COMPLAINTS**

21. No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department after the employee has first filed an internal complaint within the Department and allowed the Department to investigate the complaint and take corrective action as needed. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

### **QUESTIONS REGARDING DISCRIMINATION OR DISCRIMINATORY HARASSMENT**

22. Members with questions regarding discrimination or discriminatory harassment are encouraged to contact a supervisor, Employee Relations, the Personnel Director or the Chief Administrative Officer or they may contact the Louisiana Commission on Human Rights.

### **TRAINING**

23. Members shall abide by the training requirements promulgated for all law enforcement officers of the City of New Orleans for discrimination in accordance with M.C. Ordinance 2-975, paragraph b.

### **INFORMATION POSTINGS**

24. The Deputy Chief of the Management Services Bureau and Captains shall ensure that the Equal Employment Opportunity Commission (E.E.O.C.) or Louisiana Workforce Commission posters, notifications or other governmental information is properly posted in the workplace as required.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 26.3.3

### TITLE: RETALIATION

**EFFECTIVE: 7/30/2023**

**REVISED: Replaces in part Chapter 26.3**

---

#### PURPOSE

The purpose of this policy is to prevent Department members from subjecting others to, or being subjected to retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

#### POLICY STATEMENT

1. The New Orleans Police Department is an equal opportunity employer and is committed to creating and maintaining a healthy work environment that will provide all employees the opportunity to perform their duties to their fullest potential. The working environment must be free of retaliation.
2. Retaliation exposes the Department and its employees to serious liability and can lower morale, undermine the integrity of employee relationships, and interfere with the efficiency of Department operations. Retaliation constitutes serious misconduct that will not be tolerated. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.
3. The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may or may not violate state or federal law but still could subject a member to administrative discipline.

#### DEFINITIONS:

Definitions relevant to this Chapter include:

**Complainant**—Any person, including an NOPD officer or employee, who makes a complaint against an officer or employee of NOPD.

**Discrimination**—Discrimination is the disparate or adverse treatment of an individual based on or because of that person's actual or perceived characteristics such as race, color, ethnicity, national origin, ancestry, creed, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group.

**Retaliation**—Treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has filed a charge of discrimination or complaint, participated in an investigation, opposed a discriminatory practice, or otherwise exercised his or her rights or performed his or her work-related duties. Examples of retaliatory acts include, but are not limited to: threats; unsupported negative evaluations; withholding work-related information; giving punitive work assignments; denial of job benefits; giving demeaning or unnecessary job assignments; blocking advancement (e.g., promotion). This list is not exhaustive. Any conduct reasonably deemed to be retaliatory, harassing, or discriminatory may also violate this Chapter.

### **RETALIATION PROHIBITED**

4. This Department expressly prohibits all forms of retaliation, including discouragement, intimidation, coercion, or adverse action, against any person who reports misconduct, makes a misconduct complaint, or cooperates with an investigation of misconduct.
5. No employee of the Department who is the subject of a misconduct complaint shall intentionally contact, or take any action against, a complainant or a witness involved in the misconduct complaint in retaliation for the complainant or witness having filed or provided information in support of a misconduct complaint. If the accused employee makes such contact or takes such action, the complainant or witness should immediately notify a supervisor. If the accused employee makes contact with, or takes any action against, a complainant or witness who is a member of the public, the accused employee shall immediately advise a supervisor. If the accused employee is a supervisor, including the supervisor of the complainant or a witness, and makes such contact or takes such action, the complainant or witness should immediately notify a supervisor.
6. Retaliation is an egregious offense that will not be tolerated. Any employee who retaliates against another employee or member of the public shall be subject to disciplinary action up to and including termination of employment.

### **MEMBER RESPONSIBILITIES**

7. This policy applies to all Department personnel. All members shall follow the intent of these guidelines in a manner that reflects Department policy, professional law enforcement standards and the best interest of the Department and its mission.
8. Any member who believes, in good faith, that he/she has been subjected to retaliation, or who has observed retaliation, should promptly report such conduct in accordance with the requirements of this chapter and **Chapter 52.1.1—Misconduct Complaint Intake and Investigation** so that appropriate investigative and disciplinary actions may be taken. If the member's immediate supervisor is the accused employee, the member may report allegations to a supervisor higher in the chain of command or directly to the Public Integrity Bureau.
9. Any employee who encounters retaliation is encouraged to inform the offending party that his or her actions are unwelcome and/or offensive.

### **CAPTAINS AND SUPERVISORS RESPONSIBILITIES**

10. Supervisors receiving written or verbal allegations of violations of this Chapter shall take such allegations seriously, deal with them in a prompt and effective manner, and, where appropriate, initiate a disciplinary investigation, by completing NOPD Form 230 – PIB Intake Form – Commendation – Complaint or Documentation of Minor Violation, and take

all appropriate investigative and disciplinary actions, consistent with **Chapter 52.1.1—Misconduct Complaint Intake and Investigation**.

11. A supervisor to whom a complaint is given shall meet with the complainant and document the incident(s) complained of; the persons(s) performing or participating in the alleged acts of retaliation; any witnesses to the incident(s); and the date, time, and place of the incident(s).
12. All complaints of alleged inappropriate behavior shall be documented in writing and forwarded to the Public Integrity Bureau.
13. Supervisors shall take appropriate corrective action to stop or prevent further retaliation as soon as it is reported or observed.
14. Captains and supervisors shall ensure that employees do not suffer reprisal or retaliatory actions for presenting complaints or allegations of inappropriate behavior.
15. If a complaint can be resolved without a formal investigation through non-disciplinary counseling or training, supervisors shall thoroughly document this action in writing and forward to the Public Integrity Bureau in a Universal Complaint Form (see **Chapter 35.1.7—Non-Disciplinary Counseling for Minor Violations**).
16. Supervisors are not authorized to advise employees about their legal remedies as provided by Federal and/or State agencies.

#### **PUBLIC INTEGRITY BUREAU RESPONSIBILITIES**

17. The Public Integrity Bureau shall separately track all complaints of retaliation and maintain all files of such complaints. All files concerning complaints of inappropriate behavior shall be kept in such a manner as to allow the files to be accessed by the name of the accused and the name of the complaining employee. Access to the files shall be restricted to supervisory individuals conducting pertinent police business.
18. Failure of a Captain or supervisor to take corrective action on a complaint of retaliation shall be reported to the Captain of the Public Integrity Bureau.

#### **EQUAL OPPORTUNITY COMPLAINTS**

19. No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department after the employee has first filed an internal complaint within the Department and allowed the Department to investigate the complaint and take corrective action as needed. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

#### **QUESTIONS REGARDING DISCRIMINATION OR SEXUAL HARASSMENT**

20. Members with questions regarding discrimination or sexual harassment are encouraged to contact a supervisor, Employee Relations, the Personnel Director or the Chief Administrative Officer or they may contact the Louisiana Commission on Human Rights.

**TRAINING**

21. Members shall abide by the provisions of the City of New Orleans for retaliation in accordance with M.C. Ordinance 86-45 and as part of the training requirements for **Chapter 26.3.2 – Workplace Discrimination** and **Chapter 26.3.1 – Workplace Sexual Harassment**.

**INFORMATION POSTINGS**

21. The Deputy Chief of the Management Services Bureau and Captains shall ensure that the Equal Employment Opportunity Commission (E.E.O.C.) or Louisiana Workforce Commission posters, notifications or other governmental information is properly posted in the workplace as required.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 31.1

### TITLE: RECRUITMENT

**EFFECTIVE: 04/28/2019**

**REVISED: Replaces Policy (1000)**

---

#### PURPOSE

The purpose of this Chapter is to set forth NOPD's policy of implementing a comprehensive recruitment program that successfully attracts and hires a diverse group of highly qualified and ethical individuals to be New Orleans Police Department police officers.

#### POLICY STATEMENT

1. NOPD and Civil Service shall work together to ensure the recruit program assesses each applicant in a manner that is valid, reliable, fair, and legal.
2. The recruitment program will be conducted in a manner that is consistent with **CAO Policy Memorandum No. 54(R)**. The City of New Orleans does not discriminate on the basis of race, color, religion, national origin, gender, age, physical or mental disability, sexual orientation, creed, culture, or ancestry.
3. The major recruiting activities for all classified City of New Orleans employees are vested with and under the direction of the New Orleans Civil Service Department. However, both the New Orleans Police and the New Orleans Civil Service Departments realize there are many aspects of the recruiting process which require the active involvement of both Departments to achieve the maximum benefit.
4. The Superintendent of Police shall promulgate sets of Minimum Qualifications to Apply for all police recruits, reinstatements, laterals from other law enforcement agencies, and new reserve police officer applicants. The criteria shall outline causes for automatic rejection and causes for possible rejection. These criteria may be modified from time to time by the Superintendent and will apply up to the tentative offer of employment or termination of the hiring process.

#### RECRUITMENT SECTION STAFFING, SELECTION, AND TRAINING

5. The Recruitment and Applicant Investigation Section ("Section") shall be sufficiently staffed to permit the unit to fulfill its responsibilities as set in NOPD policy and applicable law. NOPD shall publicly identify members of the Section staff.
6. When a position in the Section is available for potential transfer of an NOPD member, the Commander of the Recruitment and Applicant Investigation Section will send a

Knowledge, Skills and Abilities (KSA) email to all department members announcing an opening in the Section. The KSA protocol will include specific criteria for assignment of officers to the Recruitment and Applicant Investigation Section, including officers' work history, disciplinary history, length of employment at NOPD and demonstrated commitment to community-oriented policing.

7. The Section Commander shall empanel a Recruit Application Interview Panel pursuant to standardized qualifications and guidance developed jointly by NOPD, the City, and New Orleans Civil Service. Eligibility for serving on Panel shall include a review of the officer's internal disciplinary file and personnel file.
8. The Section shall maintain:
  - (a) The criteria used to assess member candidates for the Recruit Application Interview Panel; and
  - (b) The review of any member candidates for a minimum of two years from the review of the panel member candidate whether selected or not.
9. Recruitment and Applicant Investigation Section and other NOPD members and all officials who interview potential NOPD recruits shall receive specialized training in the goals of NOPD recruitment and hiring, including emphasis on integrity, community policing, and non-discriminatory policing.
10. All current and new staff assigned to the Recruitment and Applicant Investigation Section will be trained on recruiting a qualified and diverse workforce, including training on employment law. The training will cover the following topics:
  - (a) The department's recruitment needs and commitments;
  - (b) The department's career opportunities, salaries, benefits, and training;
  - (c) Equal Employment Opportunity and Civil Service compliance guidelines;
  - (d) The community and its needs;
  - (e) Cultural awareness for different ethnic groups;
  - (f) Techniques of record keeping and systems for candidate tracking;
  - (g) The different components of the screening and selection process (such as background investigation, Computerized Voice Stress Analyzer (CVSA), and psychological tests); and
  - (h) Hiring criteria which may disqualify candidates.
11. The Section Commander shall develop and apply performance criteria to evaluate the effectiveness of each member of the Section staff in hiring increasing numbers of high quality recruits.

## **RECRUITMENT PLAN**

12. The Section, in coordination with the New Orleans Civil Service Department, shall develop a written, strategic recruitment plan that includes clear goals, objectives, and action steps for attracting high-quality applicants.
13. The strategic recruitment plan shall clearly identify the duties and goals of the Section.
14. The strategic recruitment plan shall include specific strategies for attracting applicants with strategic thinking and problem-solving skills, interpersonal skills, emotional maturity, capacity to use technology, fluency in Spanish and Vietnamese (because these languages are spoken by significant segments of the New Orleans community), and the ability to collaborate with a diverse cross section of the community.
15. The Section Commander shall assess the effectiveness and efficiency of the strategic

recruitment plan on an ongoing basis and shall report to the Superintendent or his/her designee regarding needed improvements and any accountability concerns. The Superintendent or his/her designee shall consider the information provided by the Section Commander and respond as necessary to ensure that NOPD's strategic recruitment plan is effective.

## **PUBLIC JOB ANNOUNCEMENTS**

16. Posting job announcements for sworn entry-level positions within the New Orleans Police Department is the responsibility of the City of New Orleans Civil Service Department. Procedures for the creation and posting of these announcements are listed in the City of New Orleans Rules of the Civil Service Commission.
17. The Director of the New Orleans Civil Service Department shall give public notice of the job announcements and examination dates deemed necessary to secure the needed number of qualified applicants for employment.
18. The job announcements will include statements on the following items:
  - (a) Class title for which applications are being solicited;
  - (b) Pay of the class;
  - (c) Duties, responsibilities and minimum qualifications requirements of the class;
  - (d) Identification of the parts of the examination to be used to measure qualification; and
  - (e) Period during which applications will be filed with the New Orleans Civil Service Department.
19. The Recruitment and Applicant Investigation Section will work with the City and Civil Service to ensure that dates and times of the officer recruit application period and testing are advertised widely.
20. Recruit and lateral job vacancies shall be advertised through the mass media. Notice of the City's need for applicants will be posted at Civil Service and on the City's website and published in local newspaper of general circulation.
21. All New Orleans Police Department's employment applications and recruitment announcements will contain the phrase Equal Opportunity Employer.
22. If an official application deadline is listed, it will be boldly indicated on all employment announcements and recruitment advertisements.
23. The New Orleans Police Department will seek recruitment assistance and referrals from community organizations and key leaders. The Department also recognizes the positive value of such information and solicits this input on a continuing basis.
24. The flow of information may be facilitated by both formal and informal contact with community organizations in which Departmental personnel are actively involved. The New Orleans Police Department's Office of Media Relations/Public Affairs will maintain a list of all organizations that Departmental personnel are actively involved with, as well as all other organizations which may be able to provide recruitment assistance.
25. The New Orleans Civil Service Department, working with the New Orleans Police Department, shall make job announcements available for all positions of the New Orleans Police Department to community service organizations, which may be in contact with individuals who are likely subjects for recruitment. Additionally, the Department will achieve broader dissemination and greater exposure of recruitment information by

developing and maintaining relationships with such organizations.

26. The Recruitment and Applicant Investigation Section shall conduct affirmative outreach to a broad group of community members (e.g., college and university initiatives, military outreach, the Police-Community Advisory Board (PCAB), and community meetings in each district) and shall create and foster relationships with community organizations to enhance recruitment efforts.

### **POTENTIAL APPLICANTS**

27. Once an applicant is identified through job fairs, community meetings, etc., the Recruitment and Applicant Investigation Section will be responsible for ensuring that contact is maintained throughout the process. Civil Service will contact the applicants by letter and provide information about the application, testing, and selection process. Coordination of all applicant contacts will be shared with the City of New Orleans Civil Service Department. Generally the contacts will include the following:
  - (a) Acknowledged receipt of all employment applications;
  - (b) Periodically informing applicants of the status of their applications; and
  - (c) Documentation and logging of all applicant contacts.

### **APPLICATION ERRORS**

28. Applications for positions within the New Orleans Police Department may not be rejected because of omissions or errors that can be corrected or rectified to the Department's satisfaction prior to the testing or interview process.

### **APPLICANT SELECTION**

29. At the direction of the Section Commander, Section staff shall apply the current Minimum Qualifications to Apply, including published minimum requirements and disqualifications.
30. The Section and/or Civil Service will administer the following selection steps, which applicants must satisfactorily complete to be eligible for selection:
  - (a) Submission and completion of the application with the necessary supporting documents;
  - (b) Physical agility test;
  - (c) Administration of a written examination;
  - (d) Polygraph examination;
  - (e) Interview panel;
  - (f) Completion of local background investigation;
  - (g) Psychological examination including administration of the Minnesota Multi-Phasic Personality Inventory Test; and
  - (h) Medical assessment and drug screen.
31. The Section, along with Civil Service, will coordinate the psychological screening and assessment of all recruit candidates, and set criteria to ensure that only individuals suitable for policing are accepted into NOPD.
32. The Recruit Application Interview Panel shall apply a standardized scoring system—developed jointly by NOPD, the City, and New Orleans Civil Service—to interview potential applicants. The Recruit Application Interview Panel shall use this scoring system immediately following the applicant's interview.

**REPORTING REQUIREMENTS**

33. The Recruitment and Applicant Investigation Section will annually report its recruiting activities and outcomes, including the number of applicants, interviewees, and selectees, and the extent to which the Recruitment and Applicant Investigation Section has been able to recruit applicants with needed skills, such as problem-solving abilities or fluency in Spanish or Vietnamese, and a discussion of any challenges to recruiting highly qualified applicants.

**CANDIDATE FILE RETENTION**

34. The Section shall maintain the applicant records, including the Recruit Application Interview Panel assessment forms, for non-hires Applications in accordance with the Department's Records Retention Schedule on file with the Louisiana Secretary of State, Division of Archives, Records Management and History.
35. Once hired by the Department/City, an applicant's records will follow the retention guidelines in accordance with the Department's Records Retention Schedule on file with the Louisiana Secretary of State, Division of Archives, Records Management and History.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 32.1

### TITLE: PERSONNEL HIRING SELECTION

**EFFECTIVE: 04/08/2018**

**REVISED: Replaces Policy (1001)**

---

#### PURPOSE

The purpose of this Chapter is the development of an efficient, effective, and fair selection process resulting in an appointment of those individuals who possess the knowledge, skills and abilities (KSA) necessary to meet the needs of the New Orleans Police Department.

#### POLICY STATEMENT

1. The selection process is a critical step in determining the operational effectiveness of a law enforcement agency. It is essential that the selection process prioritizes quality over quantity when evaluating candidates.
2. All background/applicant investigators shall be sworn officers or police investigative specialists and shall be given any necessary training to accomplish the objective. This training will be given under the supervision of the Police Recruitment and Applicant Investigation Administrator.
3. The intent of background investigations are to provide a structured selection procedure for the systematic acquisition, organization, and reporting of background information relevant to an evaluation of a candidate's suitability for law enforcement work, and to provide sufficient information to the police administrator making the employment decision of how the candidate's past conduct relates to the requirements of the job.
4. Psychological examinations and medical examinations screen out candidates who might not be able to carry out their law enforcement responsibilities or endure the stress of the working conditions.

#### UNIFORM SELECTION PROCESS

5. The selection process is comprised of many elements. These include written tests, physical agility, background investigations, CVSA (Computerized Voice Stress Analyzer), psychological examination, substance abuse and medical examinations. All elements of the selection process will be administered, scored, evaluated and interpreted in a uniform manner.

#### CANDIDATE INFORMATION

6. The New Orleans Civil Service Department allows re-application, retesting, and

reevaluation of candidates not appointed to probationary status unless the condition(s) which previously eliminated them from appointment is of a nature that another rejection is assured (such as extensive criminal background).

7. Applicants who are found unsuitable resulting from the psychological examination shall be required to wait **one year** before they are allowed to retest for the police position.
8. Applicants who are found unsuitable because they failed portions of the written or medical exam shall be required to wait **six months** before they may reapply.
9. At the time of their formal application, candidates will be informed of all elements of the selection process.
10. The policy stated in this section regarding re-application will be included in the recruitment literature supplied to all applicants.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.1

### TITLE: TRAINING AND CAREER DEVELOPMENT

**EFFECTIVE: 06/18/2017**

**REVISED: Replaces Policy/Procedure 208**

---

#### PURPOSE

NOPD is committed to ensuring that all members receive adequate training to understand the law, NOPD regulations and how to police effectively. NOPD training shall reflect and instill Department and community expectations that officers police diligently, have an understanding of and commitment to the constitutional rights of the individuals they encounter, and employ strategies to build community partnerships to more effectively increase public trust and safety.

#### DEFINITIONS

**Adjunct instructor**—The prefix Adjunct identifies a member whose primary place of assignment is not the Education & Training Division or whose primary employment within the Department is not in a teaching capacity. An Adjunct Instructor is an expert in a special field appointed to give instruction on a part-time or discontinuous basis. Adjunct instructors must receive 40 hours of initial training, including training on effective teaching, adult learning techniques, curriculum development and annual in-service training.

**Curriculum Director**—The member of the Education & Training Division (Civil Service Class Code 7138 – Police Academy Curriculum Developer) responsible for establishing and overseeing the training curriculum development and assessment process consistent with the Master Training Plan. The Curriculum Director shall ensure that curricula and related lesson plans are based on learning objectives that are directly linked to validated job tasks.

**Education and Training Division (E&TD)**—Consists of Recruit/Reserve training which is responsible for training all recruits and reserve officers. The Field Training Section is responsible for the coordination of the Field Training Program which is required by every recruit upon completion of the academy. The In Service Training and Professional Development Section is responsible for all in service training. The Firearms and Driving Section is responsible for providing P.O.S.T. firearms training and qualifications for all recruits and in-service personnel, including pursuit driving and accident avoidance training.

**Guest speaker/lecturer**—Any person who provides expertise, a point of view, or opinion in a particular field or topic as a part of a Departmental training course or formal presentation. The speakers need not be members of the NOPD but must be recognized in their field(s) or within the community for their strong teaching ability and a relevant basis of scholarly work or professional expertise and achievement.

**Master Training Plan**—A written training plan for the oversight of all training conducted by and for the NOPD. It will include, at a minimum the NOPD's recruit academy, field, and in-service training, to ensure that recruits, officers, and civilian personnel are trained to effectively and lawfully carry out their duties in accordance with the Constitution and laws of the United States. The plan shall comport with best practices and shall:

- (a) Define responsibilities and authority of personnel involved in managing, supervising, and implementing training;
- (b) Identify training priorities and broad training goals;
- (c) Delineate an industry-recognized, systematic approach to training development that includes the following concepts: analysis, design, development, implementation, and evaluation. This approach should enable NOPD to identify and validate job tasks in sufficient detail to derive learning objectives, which, in turn, should drive the selection of instructional strategies and assessments;
- (d) Develop instructional strategies that incorporate active learning methods such as problem-solving and scenario-based activities, based on current theories of learning;
- (e) Address program administration policies, classroom/facility use, and instructor training and development; and
- (f) Establish the frequency and subject areas for recruit and in-service training.

**Police Academy administrator**—The member of the Education & Training Division (Civil Service Class Code 7140) responsible for the oversight of systematic and routine assessments of both instructors and instructor material to measure and plan continuous improvement for the NOPD Education & Training Division.

**PowerDMS**—A document management system that allows for network-based management of documents, training records, and policy or regulations from a centralized location with an audit trail, version control, and work flow. It also can be used for accreditation.

**Specialized unit**—A temporary or permanent organization of officers within NOPD, whose operational objectives are focused on a specific law enforcement purpose beyond general patrol or criminal investigations, and that require enhanced training on police tactics, strategies, or techniques.

**Staff instructor**—A member of the NOPD assigned to the Education & Training Division on a full-time basis to perform the duties of an instructor. The minimum qualification requirements for Academy staff shall include:

- (a) Baccalaureate Degree or exceptional practical law-enforcement or subject matter expertise with at least six years of combined NOPD service;
- (b) Successful completion of the Law Enforcement Instructor's School and/or Louisiana POST approved equivalent; and
- (c) No 'sustained' PIB investigations within 24 months of applying for an Education & Training Division instructor position or a pending 'open' investigation at time of application.

**Training needs assessment**—A systematic assessment of the known and anticipated courses of training that will be required or desired for the upcoming calendar year. The assessment will include all training that is anticipated for every member or unit of the NOPD.

**Training coordinator**—A member of a District, Division or specialized unit assigned by the commander, in consultation with the Unit Training Coordinator to ensure that all members of that unit complete training as required and that documentation of all training is provided to the Education & Training Division training liaison. For specialized units, the training coordinator may

also be the unit's **training officer**.

**Training liaison**—A member of the Education & Training Division responsible for overseeing, coordinating and documenting training with the individual District, Division or specialized unit training coordinators.

**Unit level training officer**—For all specialized units, the member of that unit who is most appropriate (as determined by the unit commander) to conduct all unit level training and training for new members of the unit and to perform the functions of a “training officer” for new members; i.e., a training officer is responsible for establishing a written training program/plan for new members of the unit, establishing lesson plans for all unit specific, in-house training, and record keeping of training and coordination with the Education & Training Division. The unit level training officer will be selected by the unit commander based on the candidate's experience, skills, certifications and ability as an effective instructor.

## **POLICY**

1. It is the policy of this Department to administer training programs that meet the training standards and requirements of federal, state and local mandates, as well as, the Louisiana Peace Officer Standards and Training (POST) Council.
2. It is a priority of this Department to provide continuing education and training for the professional growth and progressive development of its personnel so that the Department will ensure its personnel possess the knowledge, skills and abilities necessary to provide a professional level of service that meets the needs of the public.
3. The Department will, through the Education and Training Division, provide and / or monitor the following:
  - (a) Basic Recruit Training Program;
  - (b) Field Training Program;
  - (c) NOPD In-Service Training Program for Police Officers;
  - (d) NOPD In-Service Training Program for commissioned supervisors;
  - (e) Lateral Officer Training Program;
  - (f) Reserve Officer Program;
  - (g) Reinstatement Program;
  - (h) Firearms, CEW, Tactical & Pursuit Driving, impact weapons and other use of force policy and related practical skills training;
  - (i) Department wide Roll-Call Training;
  - (j) New Supervisor Training Program;
  - (k) Specialized Unit Training (thru the Unit training coordinator or officer; and
  - (l) All elective training.
4. The Education and Training Division shall be the central coordinating point for all training.
5. The Department encourages all personnel to participate in advanced training as well as formal education. Training will be provided within the confines of available funding, the requirements of a member's assignment, staffing levels and legal mandates. Whenever reasonably possible, the Department will use courses certified by Louisiana POST or other regulatory or nationally recognized entities.
6. The Department is committed to ensuring that all members receive adequate training to understand applicable federal, state and local laws, NOPD regulations, Chapters, Rules, policies or procedures and how to police constitutionally and effectively while

recognizing the rights of the community it serves.

7. Common goals of all training programs are to:
  - (a) Enhance the level of law enforcement service to the public;
  - (b) Increase the technical expertise and overall effectiveness of department personnel;
  - (c) Provide for professional development of department personnel; and
  - (d) Assist in compliance with statutory requirements.

## DEPARTMENTAL TRAINING NEEDS ASSESSMENT

8. The Education and Training Division Commander shall be responsible for conducting an annual Training Needs Assessment by the end of the third Quarter (September 30th). The Training Needs Assessment will include:
  - (a) A completed report of the Department's training needs, including input from specialized units and recommendations from the Training Advisory Committee;
  - (b) Presentation of the training needs assessment report to the Superintendent of Police and Command staff;
  - (c) A projected calendar for the upcoming year indicating:
    1. When the courses will be offered and their duration;
    2. The available class / session size;
    3. Where the class / session will be held;
    4. If the class / session is an open, dedicated or mandatory class.
  - (d) Upon review and approval by the Superintendent of Police, the training needs assessment report will be used to prepare the Master Training Plan for the following fiscal year;
  - (e) The Commander of the E&TD will report to the Superintendent and Deputy Chiefs in the second week of each Quarter on all changes to the projected calendar for the current year, if they have met the training needs YTD and if the E&TD is on track for meeting all mandatory training for the year.

## MANDATORY TRAINING REQUIREMENTS

9. Training requirements for all mandatory training is included in **the annual Master Training Plan**. This includes training for recruits, core in-service (all officers), supervisor/command staff in-service, Field Training Officer training and in-service, detective initial training and in-service, new supervisor training, and new supervisor PIB training.

## COMMANDER OF THE EDUCATION & TRAINING DIVISION

10. The Education and Training Division shall be commanded/directed by a member of the rank of captain or above or a civilian employee of the City or Department with documented expertise in managing an adult education institution and meeting the minimum requirements established by the Louisiana Commission on Law Enforcement and Administration of Criminal Justice: Peace Officers Standards and Training Council for law enforcement academy directors.
11. The person's working title shall be Commander of the Education and Training Division. The Education and Training Division Commander shall be subordinate to the Deputy Superintendent of the Bureau to which the Education & Training Division is assigned.

12. The Peace Officers Standards and Training (POST) Council for the State of Louisiana has established minimum acceptable standards for the content of the **Certification for Basic Law Enforcement Peace Officers** training curriculum, the certification of law enforcement officers, annual recertification in certain skills areas for law enforcement personnel, and the certification of instructors. The Education and Training Division Commander shall be responsible for maintaining the Department's compliance with these standards.
13. The Commander shall be thoroughly familiar with the training requirements of all agencies with regulatory authority in the area of overall training of police officers as well as certification requirements of all individual courses of instruction (e.g., Louisiana POST).
14. The Commander shall supervise and guide the efforts of all personnel assigned to the Education and Training Division, and shall delegate responsibility and authority as necessary to insure proper functioning of the Division.
15. It is the responsibility of the E&TD Commander to develop, review, update and maintain a **Master Training Plan** and to ensure that mandated training is completed by all employees.
16. The Master Training Plan shall include a systematic and detailed method for recording all training received by all Department members no matter the source of the training. The NOPD utilizes PowerDMS to manage all training records. While updates and revisions may be made to any portion of the Master Training Plan at any time, the Commander of E&TD shall review the entire Master Training Plan on an annual basis. Any updates or revisions to the Master Training Plan shall follow the same process as the development of the Master Training Plan.
17. The Commander shall ensure that all instructors/adjunct instructors and staff members are informed and cognizant of their duties as it relates to the Master Training Plan.
18. The Commander shall evaluate both the quality of instruction and professional standards exhibited by the instructors, adjunct instructors, and other staff members, and shall make recommendations, remove or replace instructors or recommend disciplinary action when necessary to maintain the highest level of service and instruction possible.
19. The Commander is responsible for the overall coordination of **all** Departmental training. Including training provided by the Education & Training Division and all other training conducted or provided by and to members of the Department.
20. The Commander shall coordinate with other Divisions/Units to provide materials necessary for training.
21. The Commander of E&TD is responsible for ensuring all members of the Department have been trained as required.
22. The Education and Training Division Commander shall be responsible for monitoring, approval and record keeping for all Department training.

### **CURRICULUM DIRECTOR**

23. The Curriculum Director shall establish and oversee a formal training curriculum development and assessment process consistent with the Training Advisory Committee written training plan.

24. The Curriculum Director is responsible for ensuring that lesson plans are prepared for all departmentally conducted training.
25. The City of New Orleans requires that New Orleans Police Officers receive instruction in course topics in addition to those specified in the Louisiana POST minimum standards. The Education & Training Division Curriculum Director shall be responsible for ensuring that lesson plans are prepared, classes conducted, and proper instruction provided to the target group for all additional course topics.
26. The Curriculum Director shall review Departmental training annually to ensure that:
  - (a) All classes are conducted where, when and as required;
  - (b) Proper instruction is provided to the target group by a qualified instructor for all course topics; and
  - (c) Course content and instruction are evaluated by the members who attended training for each course/session.
27. The Curriculum Director shall review all training curricula, lesson plans, and procedures for consistency, quality, accuracy, currency, completeness, and compliance with applicable law and NOPD regulations.
28. The Curriculum Director shall ensure that a variety of adult learning techniques, scenario-based training, and problem-solving practices, in addition to traditional lecture formats, are incorporated into all training.
29. The Curriculum Director shall also ensure that all curricula, lesson plans, instructor's qualifications, and testing materials are reviewed by the Training Advisory Committee and, where appropriate, those persons external to NOPD with expertise in the relevant lesson areas.

### **MASTER TRAINING PLAN**

30. At a minimum, the **Master Training Plan** will:
  - (a) Define the responsibilities and authority of personnel involved in managing, supervising, and implementing training;
  - (b) Identify training priorities and broad training goals;
  - (c) Delineate an industry-recognized, systematic approach to training development. This approach should enable NOPD to identify and validate job tasks in sufficient detail to derive learning objectives, which, in turn, should drive the selection of instructional strategies and assessments. It shall include the following concepts:
    1. analysis;
    2. design;
    3. development;
    4. implementation; and
    5. evaluation;
  - (d) Develop instructional strategies that incorporate active learning methods such as problem-solving and scenario-based activities, based on current theories of learning;
  - (e) Address program administration policies, classroom/facility use, and instructor training and development; and
  - (f) Establish the frequency and subject areas for recruit, field, and in-service training;
  - (g) Include information on all training curriculums, course descriptions and a

- scheduling calendar; and  
(h) Address the training of officers as well as training of civilian employees.

31. The Master Training Plan, upon approval by the Superintendent, shall be made available to the public via the City of New Orleans' website (<http://www.nola.gov/nopd/>).

#### **EDUCATION & TRAINING DIVISION STAFF**

32. The Education and Training Division shall implement knowledge, skills, and ability protocols for all members assigned to the Education and Training Division and all adjunct instructors within the Department. Minimum qualification requirements for Education and Training Division staff shall include:
- (a) Baccalaureate degree or subject matter expertise with at least six years of combined Department service;
  - (b) Successful completion of the Law Enforcement Instructor's School (LEIS); and
  - (c) No 'sustained' PIB investigations within 24 months of applying for a staff position or a pending 'open' investigation at the time of application.
33. Education and Training Division staff and Department adjunct instructors shall receive the Louisiana POST required instructor training course or an approved equivalent of at least 40 hours of training, including training on effective teaching, adult-learning techniques, and curriculum development. This training is in addition to annual in-service training. Instructors shall use only curricula and lesson plans that have been approved by the Curriculum Director of the Education and Training Division.
34. Instructors shall use a variety of adult learning techniques, scenario-based training, and problem-solving practices, where appropriate, in addition to traditional lecture formats.
35. The Education and Training Division Commander shall evaluate the performance of: Education and Training Division staff, all adjunct or other training instructors and shall remove any instructors or staff who do not meet the Department criteria outlined in this Chapter. The Education and Training Division Commander shall document each evaluation using an established set of criteria. (See **Addendum "E" – Instructor Evaluation Form**).

#### **NON-EDUCATION & TRAINING DIVISION INSTRUCTORS OR GUEST LECTURERS**

36. The Education and Training Division shall actively seek qualified Guest Speakers / Lecturers, including instructors from outside the Department, with expertise in areas of training, as necessary, to supplement the staffing and skills of the full-time Education & Training Division staff and Adjunct Instructors.
37. The Education and Training Division will incorporate experts and guest speakers such as judges, State prosecutors, representatives of the USAO, crime victims, and community members, to participate in course presentations conducted by the Department.

#### **TRAINING FACILITY REQUIREMENTS**

38. The Department and the City of New Orleans shall provide a training facility adequate to accomplish the goals of the Department as expressed in this Chapter.
39. A proper learning and testing environment requires that each student have adequate work space. Classroom space in training facilities shall be sufficient to accommodate the

number of students participating in the training program or class. If classes are planned, in which the number of students exceeds the functional seating capacity of the existing training facility, the Department and the City of New Orleans shall secure, prior to the commencement of the training, an alternate facility adequate to accommodate the number of students to be trained.

40. The proper maintenance of individual member and class training records, as mandated in this Chapter, requires adequate storage capacity, as well as administrative and clerical support. The Department and the City of New Orleans shall provide both space for and support services required for the Education and Training Division to accomplish the requirements enumerated in this Chapter.
41. Louisiana POST Council regulations and training guidelines require that each certified Training Academy provide instruction for **Basic Law Enforcement Peace Officer** trainees in Officer Survival skill areas such as Defensive Tactics, Search and Handcuffing Techniques, and Impact Weapon or Baton use. In order to prevent injury to students, a physical conditioning and training program shall precede the aforementioned Survival Skills training. The Department and the City of New Orleans shall provide indoor facilities, and physical conditioning / training equipment, adequate to accomplish this training for the number of members in training.
42. The Education and Training Division shall maintain a library of manuals, reference materials, video recordings, and other training materials as may be required to enable or facilitate the adequate training of all commissioned Department personnel. Although library materials are primarily for use by instructors and staff to develop and update teaching materials and lesson plans, they should be made available to Department trainees and members.
43. Louisiana POST Council regulations and training guidelines require that each certified Training Academy provide instruction to **Basic Law Enforcement Peace Officers** trainees in firearms use. The POST Council also requires that each POST certified law enforcement officer successfully complete an annual POST firearms re-qualification course (see **Chapter 1.4.2 – Firearms Training Qualification and Requalification**). The Education & Training Division shall maintain or have access to a firing range suitable for this purpose. The firing range shall have an adequate number of targets, adjustable for shooting distance. The firing range shall also have provision for stress, target identification, and reaction courses of fire.
44. The E&TD shall maintain or have access to a police vehicle operator training track. The driving surface area of this track shall be adequate to properly accomplish tactical driver training in accordance with the National Academy for Professional Driving course standards.

#### **LESSON PLANS - REQUIREMENTS AND GUIDELINES**

45. Lesson plans shall be prepared for **all** training courses, including unit-level training courses conducted by the Department. Lesson plans will comply with guidelines prepared by the Education & Training Division based on those presented in the Law Enforcement Instructor's School (LEIS), and the Peace Officers Standards and Training (POST) Basic Training Manual for the State of Louisiana.
46. The Education and Training Division shall develop and implement a lesson plan template that will be used for all training courses conducted by the Department. At a minimum, the template shall include:

- (a) course title;
  - (b) course overview;
  - (c) date lesson plan was created or updated;
  - (d) learning objectives;
  - (e) prerequisites (if any);
  - (f) course length in platform instruction hours;
  - (g) required materials, equipment, and facilities;
  - (h) safety measures and/or a safety plan required (if applicable);
  - (i) testing/certification; and
  - (j) a reference list of instructional material sources (in APA format).
47. All Department lesson plans will be maintained on file by the Education and Training Division. The lesson plan shall describe content and instructional strategies in sufficient detail to ensure consistent delivery of instruction by different instructors.
48. The Education and Training Division shall publish and maintain a "User's Guide" that will describe the requirements and offer assistance in the completion of an acceptable lesson plan. The E&TD must approve all lesson plans submitted for any Departmental training.
49. All Department lesson plans developed outside of the E&TD shall be forwarded to the Curriculum Director for review and approval.

### TRAINING RECORDS

50. The Education and Training Division Commander shall be responsible for maintaining current, accurate training records for all Department members and all training classes provided. All training records should include, at a minimum:
- (a) Member name and employee ID number;
  - (b) the type of training received;
  - (c) the date(s) of the training;
  - (d) the location of the training;
  - (e) the person/agency providing the training;
  - (f) any certificates or honors conferred; and
  - (g) any test scores (if applicable).
51. The Education and Training Division shall be responsible for maintaining current, accurate training records for all Department members and all training classes provided by utilizing a system (**PowerDMS**) that will electronically track, maintain, and report complete and accurate records of current curricula, lesson plans, training delivered, and other training materials in a centralized electronic file system. This system shall, at a minimum:
- (a) Maintain training records for each recruit, and commissioned member of the Department, including:
    1. Record the course description, duration, curriculum, date and location of training, name of instructor, and the personnel who completed the training; and
    2. Document officers who did not complete required training and all corrective actions taken.
52. If the training is provided by the NOPD's Education and Training Division, the Education and Training Division Commander shall be responsible for ascertaining that the member's training record reflects the training received.
53. If the training is provided by another unit within the Department, the unit's **training**

**coordinator or training officer** shall be responsible for providing the Education and Training Division Commander with the appropriate documentation of the training.

54. If the training is provided by an outside vendor/entity/agency, the member receiving the training shall be responsible for providing the Education and Training Division Commander with the appropriate documentation of the training.
55. The Education and Training Division shall develop and implement accountability measures to notify unit Commanders when required, to ensure that all members successfully complete all assigned or required training programs in a timely manner.
56. The Education and Training Division shall document all training provided to or received by all Department members, whether required or discretionary. Members shall sign an acknowledgment of attendance or digitally acknowledge completion of training (e.g., Departmental e-mail or PowerDMS).
57. The E&TD shall report all training delivered and received in an annual report to the Superintendent of Police and the Training Advisory Committee. This report shall include a:
  - (a) Description of each course, including a summary of the subject matter; the duration, date and location, the name of the instructor, and the number of persons who completed the training;
  - (b) Listing of all officers who completed NOPD Basic Recruit Training, NOPD In-Service Training for both police officers and commissioned supervisors, the Professional Development Program, the Lateral Officer Training Program, specialized skill or specialized unit, or elective training; and
  - (c) Listing of members who did not complete assigned or required training and the corrective action taken for each member.

#### **TRAINING RECORDS OF COURSES OUTSIDE E&TD**

58. Units, other than the Education and Training Division, which conduct training classes for any Department members shall prepare class records as indicated in this Chapter.
59. The **training coordinator or training officer** of any unit conducting a training class for Department personnel shall ensure that a class record is provided, within 30 days of completion of the training, to the Education and Training Division **training liaison**.
60. The class record shall contain all information and documentation outlined in this Chapter and labeled and bound in a single binder or presented in its entirety as an electronic record.
61. An electronic receipt for the class training record will be sent by the Education & Training Division **training liaison** to the **training coordinator or training officer** of the unit conducting and/or providing the class training and the instructor(s) who conducted the class training.

#### **E&TD CONDUCTING OUTSIDE AGENCY POST TRAINING**

62. The E&TD is a POST-certified Regional Training Academy. The E&TD provides the **POST Certification for Basic Law Enforcement Peace Officers** training curriculum to all NOPD new hires. The E&TD also makes this training available to personnel hired by other law enforcement agencies in the surrounding area on a space available basis.

63. Cooperative Endeavor Agreements (CEA) or contracts must be approved by all involved agencies that outline the curriculum, schedule and liability apportionment and exposure before training may begin.

### **TRAINING EVALUATION**

64. The Commander of the Education and Training Division shall collect, analyze, and review data and evaluations to determine the effectiveness of all Department training and to identify and recommend changes to improve future instruction, course quality, and curriculum.
65. This process shall measure and document student acceptance of, reaction to, and satisfaction with, the training they received.
66. The process shall also evaluate student learning as a result of training, including the extent to which students are applying the knowledge and skills acquired in training received to their duties.
67. The Commander of the Education and Training Division shall develop, implement, document and approve testing policies and procedures to ensure that all testing is valid, reliable, and fair. Both knowledge-based and performance-based tests shall be designed, developed, administered, and scored according to established professional standards of practice. All tests shall be knowledge based and job-related, testing knowledge and skills required for successful job performance.

### **BASIC RECRUIT TRAINING PROGRAM**

68. The Education and Training Division shall develop and implement an NOPD Basic Recruit Training Program that comports with the Department's **Master Training Plan**.
69. The E&TD shall be sufficiently staffed to effectively train recruits, and the deployment of E&TD staff to cover patrol shifts or outside duties does not disrupt scheduled training activities. This does not prohibit E&TD staff from working patrols required in a Department-wide program of enhanced coverage. NOPD Basic Recruit Training Program classes shall not exceed 30 candidates per session without the specific approval of the Superintendent.
70. The Education and Training Division shall provide recruits with at least 880 hours of basic recruit training instruction.
71. The NOPD Basic Recruit Training Program curriculum shall continue to be based on POST Basic Law Enforcement training guidelines. It shall continue to include all areas and courses mandated by the Louisiana POST Council. In addition, the training curriculum shall continue to include topics of instruction designed to meet the needs of the community and to address those areas as determined by the Superintendent of Police.
72. The curriculum content ensures that new officers will be comprehensively trained in all required, basic areas of law enforcement and community service.
73. Recruit training shall be structured so that it is delivered in logical progression, to ensure that each skill or unit can either stand alone or it builds on previous skills or units. Training modules will be scheduled so that recruits become proficient in fundamental knowledge or tasks before progressing to more advanced skills and activities.

74. Recruit training shall incorporate constitutional and statutory law; ethical decision making; community policing; de-escalation of force; and bias-free policing throughout the course of the NOPD Basic Recruit Training Program. Recruit training shall reinforce legal concepts in the context of instruction on interviewing and interrogation, crime scene processing, and report writing.
75. Whenever applicable, recruit training shall use problem-based learning and scenario-based exercises throughout the course of the NOPD Basic Recruit Training Program. Scenario-based exercises shall have specific training objectives, and achievement shall be evaluated in multiple areas, such as constitutional and statutory law, officer safety, Department regulations, and report writing. Recruits shall be required to produce completed reports and statements at the end of scenario-based exercises.
76. The recruit academy shall intersperse skills training in areas such as driving, firearms, and defensive tactics throughout the course of the NOPD Basic Recruit Training Program, to allow recruits to develop and reinforce these skills over time.
77. Recruits shall not be added to a NOPD Basic Recruit Training Program class after the first week of the training.
78. To ensure continuity of training, the E&TD shall minimize interruptions to NOPD Basic Recruit Training Program for the purpose of staffing special events and other functions. This does not preclude the use of recruits for Mardi Gras-related service functions or in case of declared emergencies.

#### **BASIC RECRUIT TRAINING EVALUATION CRITERIA**

79. The criteria used to evaluate the member's satisfactory completion of courses taught as part of the recruit curriculum may be a written examination or a performance exercise.
80. Written examinations may be objective, subjective, or a combination of both methods. If a written examination or performance exercise is used as a method of evaluation, a pass/fail cutoff score will be established.
81. Members participating in the class will be advised of the cutoff score, prior to the evaluation process.
82. In order to complete the academic Phase I training, be eligible for the POST Examination, and transition to Phase II of Recruit training, each recruit must meet the minimum requirements outlined in the course curriculum of **the Master Training Plan**.
83. The Louisiana POST Council requires that each person in a Basic Law Enforcement training program, in order to be eligible to take the State Certification Examination, must:
  - (a) successfully complete each major area of instruction; (See **Master Training Plan**)
  - (b) qualify during firearms training with a minimum score of 80% on the POST qualification course; (See **Master Training Plan**)
  - (c) achieve a minimum of 30% in each area of physical training evaluation; (See **Master Training Plan**) and
  - (d) qualify for graduation from a state certified training academy listed by Louisiana POST.

**LATERAL ENTRY OFFICER PROGRAM**

84. New hires participating in the Department's Lateral Entry Officer Program shall have a current Louisiana POST or their former, currently valid, state equivalent certification as a law enforcement officer and approved by Louisiana POST.
85. Lateral Entry Officer Program applicants shall have practical law enforcement experience of sufficient quantity and quality as to merit a reduction in the number of training hours required of an NOPD Basic Recruit. (See **Master Training Plan.**)
86. Lateral entry applicants successfully completing NOPD training shall participate in the Field Training Officer Program (See **Chapter 33.4.3 – Field Training Program**). Lateral entry applicants who fail to successfully complete either the NOPD lateral entry training program or the Field Training Officer Program will be reduced to recruit status. If approved for continued hire, they will be placed in the next scheduled NOPD Basic Recruit Training Program class, and will be required to successfully complete all aspects of the Recruit Basic Training Program and the Field Training Officer Program.

**LOUISIANA POST APPLICANTS FOR LATERAL ENTRY OFFICER PROGRAM**

87. Lateral entry applicants who maintain current Louisiana POST certification as law enforcement officers shall receive additional training in those areas deemed necessary by the Commander of the E&TD after an individual assessment of their background and training. This training shall address areas of high liability, as well as those areas of importance identified within the master Training Plan. (See **Master Training Plan.**)

**OUT-OF-STATE POST APPLICANTS FOR LATERAL OFFICER ENTRY PROGRAM**

88. Lateral entry applicants who maintain current law enforcement officer certification from states other than Louisiana shall provide documentation of certification and a description of their Basic Law Enforcement training curriculum. This documentation shall be submitted for evaluation by the Louisiana POST Council. If approved, the applicant will receive training consistent with POST guidelines for out of state transfers, in addition to that training deemed necessary for lateral entry officers by the Commander of the E&TD after an individual assessment of their background and training. (See **Master Training Plan.**)
89. At a minimum, they shall complete the Louisiana Law Enforcement Basic Training manual "Legal Aspects" Section, and Firearms Section, and qualify on the POST firearms qualification course as attested to by a POST certified firearms instructor. They must also pass the statewide examination for peace officers with a minimum score of 70%. If they have had an interruption of service in excess of 5 years, the applicant is required to attend the full **Basic Law Enforcement Peace Officers** training course.

**E&TD ORIENTATION**

90. The E&TD staff shall conduct an orientation session for each new Basic Recruit Training class or group of law enforcement trainees before the end of the first full week after the Class Session begins. This orientation shall include, at a minimum, information on:
  - (a) The organization of the E&TD;
  - (b) The E&TD's rules and regulations;
  - (c) The E&TD's rating, testing and evaluation system;
  - (d) The NOPD Basic Recruit Training Program Training Curriculum standards and guidelines;

- (e) Physical fitness and proficiency skill requirements of their training; and
- (f) An example of the daily training schedule.

### **ACADEMY ORIENTATION HANDBOOK**

- 91. The E&TD staff shall issue an orientation handbook to each newly hired law enforcement trainee upon being hired by the Department.

### **THE FIELD TRAINING PROGRAM**

- 92. The FTO Training Coordinator is responsible for managing and distributing training records in compliance with **Chapter 33.4.3 – Field Training Program**.
- 93. The FTO Training Coordinator shall establish a field training program for recruit police officers that are of sufficient duration to provide for the adequate orientation and training of the new peace officer in the lawful operations of the Department. The program shall establish procedures for the selection, appointment and training of field training officers (FTO) and supervisors, the daily evaluation of recruits participating in the program and the rotation of FTO personnel to provide for the objective evaluation of recruit performance. (See **Chapter 33.4.3 – Field Training Program**).

### **FIREARMS RECERTIFICATION**

- 94. Commissioned members of the Department shall successfully complete firearms re-qualification on an annual basis, in compliance with POST guidelines and **Chapter 1.4.2 – Firearms Training Qualification and Requalification**.

### **ROLL CALL TRAINING**

- 95. In addition to their other duties, Department supervisors have a responsibility to enhance and improve their subordinates' skills, expertise and knowledge whenever possible. The goal of this training should be to keep officers up to date between formal training sessions. Roll Call training shall include special topics selected by the Commander of the E&TD, the E&TD staff members, or district/division commanders that address, officer safety, readiness, community concerns, or Departmental procedural matters and regulations.
- 96. Platoon and unit supervisors shall be responsible to insure that roll call training sessions are documented on the Supervisor's Daily Activity Sheet and used for training purposes as often as possible.

### **TRAINING ON CHANGES IN RULES, REGULATIONS, POLICIES AND PROCEDURES**

- 97. Changes are made periodically in the official guidelines regarding the manner in which the Department and its personnel conduct specific department operations. The City of New Orleans, the New Orleans Police Department, a particular bureau, or an individual unit may issue these guidelines. Bureau and unit standard operating guidelines (SOG) **shall not** be in conflict with the rules, regulations, Chapters, policies and procedures of the Department.
- 98. Whenever additions, modifications or deletions are made to City, Department, bureau, or unit operating guidelines that affect the manner in which the Department or its personnel operate, the unit supervisor shall be responsible for the timely and appropriate distribution of the revised guidelines. In all cases, the changes shall be promulgated

before the effective date of the change. The unit supervisor shall also be responsible for training, in a roll call or other appropriate setting, the members of the supervisor's unit. This training shall communicate the content of the guideline changes, as well as the effect said changes may have on the operation of the unit or its individual personnel.

99. The unit or supervisor effecting such a change must make formal notification to the E&TD so that it may assess the impact of corresponding revisions that may be required of existing lesson plans and curriculum.
100. All standard operating guidelines must be in written form and submitted to the Policy Standards Section of the Compliance Bureau to ensure it is in the proper format and does not conflict with existing regulations prior to submission and approval through the chain of command.

### LEGAL UPDATES TRAINING

101. Changes are made periodically in the criminal statutes and procedures of the State of Louisiana and the City of New Orleans. Whenever the city attorney, district attorney, or other legal advisory entity within city government or the Department is made aware of pertinent changes to statutes or procedures, a copy of the changes and an evaluation of the effect of the changes should be immediately forwarded to the Commander of the Education and Training Division.
102. The Commander of the Education and Training Division or his/her designee shall ensure that pertinent changes to training materials necessitated by federal, state and local statutes or Departmental regulation changes are made in an appropriate and timely manner.
103. Unit supervisors shall be responsible for the timely and appropriate distribution of these revised statutes and/or procedures to all unit personnel. The unit supervisor shall also be responsible for ensuring training, in a roll call or other appropriate setting, of these changes for personnel under his/her supervision.
104. This training shall communicate the content of the statute and/or procedure changes, as well as the effect the changes may have on the operation of the unit or its individual personnel.

### IN-SERVICE TRAINING

105. The Education and Training Division shall implement a mandatory annual in-service training program that follows the Department's written **Master Training Plan**. The Education and Training Division shall provide at least 64 hours of in-service training to each officer annually. In-service training will be comprised of a 40-hour core curriculum and 24 hours of additional elective training. Specialized training for officers in certain units or assignments (such as the initial 40-hour training for specialized CIT officers) shall be considered additional elective training.
106. The Curriculum Director, working with E&TD staff and training coordinators or training officers, shall develop core-training requirements for the following:
  - (a) Police officers;
  - (b) Supervisors (sergeants and lieutenants);
  - (c) Command staff (ranks above police lieutenant);
  - (d) investigators and detectives; and

- (e) Specialized units.

### **FUNCTIONS REQUIRING SPECIALIZED TRAINING**

- 107. Many of the units and positions within the New Orleans Police Department require specialized training, either prior to an employee being assigned to the position, or as part of a continued training program within the employee's assignment.
- 108. Specialized training is intended to provide more than basic on the job training. Specialized training should be based on the tasks required of the specialized assignment, and should be closely coordinated with the **training coordinator** or **training officer** currently assigned to the specialized assignment.
- 109. Department members assigned to the following positions will receive relevant specialized training as indicated in the Master Training Plan:
  - (a) Command Staff (bureau/division/district commanders);
  - (b) Public Integrity Bureau;
  - (c) Investigators;
  - (d) DWI enforcement officers;
  - (e) Field training officers;
- 110. The specialized training shall include, at a minimum:
  - (a) Development and/or enhancement of the skills, knowledge and abilities particular to the specialization;
  - (b) Management, administration, supervision, personnel policies and support services of the specialized function;
  - (c) Performance standards of the specialized function;
  - (d) Agency policies, procedures, rules and regulations related to the specialized functions; and
  - (e) Supervised on the job training with the unit's **training officer**.
- 111. The specialized training may be conducted by the **Unit Training Coordinator** or **training officer** of the unit to which the member is assigned, by an outside vendor/entity, or by the E&TD. If training is conducted by the member's unit **training liaison** or **training officer**, the commander shall forward copies of the training documentation to the Commander of Police Education and Training for inclusion in the member's training file. If the training is conducted by an outside vendor/entity, the member receiving the training shall provide documentation of the training received to the Commander of Police Education and Training. If the training is conducted by the E&TD, the Commander of the E&TD shall assume the responsibility for including the training documentation in the member's training file.

### **ORIENTATION FOR NEW CIVILIAN HIRES**

- 112. It shall be the policy of the New Orleans Police Department to have each new incoming civilian employee properly oriented to the Department. The Human Resource Management Division shall conduct an orientation session within 30 days of hire for all newly hired civilian employees of the Department. The orientation shall include, at a minimum, information on:
  - (a) The Department's role, purpose, goals, policies and procedures;
  - (b) Working conditions and regulations; and
  - (c) The responsibilities and rights of employees.

**CIVILIAN POSITIONS REQUIRING PRE-SERVICE / IN-SERVICE TRAINING**

113. The Department has a responsibility to train those civilians it employs. In many cases civilian employees are the first Department representatives encountered by the public. The citizens of the community form an impression of the Department from the employees who represent it.
114. The Personnel Director or his/her designee shall provide interpersonal skill and telephone courtesy training for those civilian employees who encounter the public as in-person or telephone representatives. This training requirement may be satisfied by successful completion of the available Civil Service training in the Employee Growth and Development Opportunities catalogue. Supervisors shall closely monitor the conduct of those civilian personnel assigned to their command who interface with the public on a regular basis. Personnel whose interpersonal skills are at unacceptable levels shall be documented and re-mediated or dismissed, depending on the employee's work record.
115. Civilian employee positions that require additional specialized training are:
- (a) Records and Identification personnel;
  - (b) NCIC personnel;
  - (c) Data Systems personnel;
  - (d) Alternative Police Response (APR) civilian members;
  - (e) Central Evidence and Property personnel;
  - (f) Crime laboratory personnel;
  - (g) Electronic Division personnel; and
  - (h) Fleet Management personnel.

**SKILL DEVELOPMENT FOR NEW PROMOTEEES**

116. Newly promoted Department personnel are required to function competently in new assignments with different responsibilities requiring new sets of skills. The Department shall, through the Education and Training Division, ensure all newly promoted sergeants and lieutenants receive special skills training commensurate with the responsibilities of the position to which the member has been promoted. This training shall, whenever possible, be provided prior to the promotion of the member. If said training cannot be provided prior to promotion, it shall be provided as soon as practical after the member's promotion.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.1.1

### TITLE: TRAINING ADVISORY COMMITTEE

**EFFECTIVE: 06/18/2017**

**REVISED: Replaces Policy 207**

---

#### PURPOSE

This Chapter establishes the Training Advisory Committee. Included within this Chapter are the guidelines and the standards to be utilized by the Training Advisory Committee for evaluating the Department's training needs and developing its training programs.

#### POLICY STATEMENT

1. The Training Advisory Committee will provide feedback on an annual training needs assessment of the entire Department, which is developed by the Commander of the Education & Training Division. The training needs assessment, along with input from the Training Advisory Committee, will form the basis for the Department's Master Training Plan for the upcoming year.
2. Ongoing review will serve to develop the most current training methods and enhance the knowledge and professional skills of the members of the Department.

#### DEFINITIONS

Definitions relevant to the Chapter include:

**Curriculum Director**—The member of the Education & Training Division responsible for establishing and overseeing the training curriculum development and assessment process consistent with the Master Training Plan. The Curriculum Director shall ensure that curricula and related lesson plans are based on learning objectives that are directly linked to validated job tasks. The Curriculum Director shall also ensure that all curricula, lesson plans, instructor's qualifications, and testing materials are reviewed by the Training Advisory Committee.

**Master Training Plan**—A written training plan for the oversight of all training conducted by and for the NOPD. It will include, at a minimum the NOPD's recruit academy, field, and in-service training, to ensure that recruits, officers, and civilian personnel are trained to effectively and lawfully carry out their duties in accordance with the Constitution and laws of the United States. The plan shall comport with best practices and shall:

- (a) define responsibilities and authority of personnel involved in managing, supervising, and implementing training;
- (b) identify training priorities and broad training goals;

- (c) delineate an industry-recognized, systematic approach to training development that includes the following concepts: analysis, design, development, implementation, and evaluation. This approach should enable NOPD to identify and validate job tasks in sufficient detail to derive learning objectives, which, in turn, should drive the selection of instructional strategies and assessments;
- (d) develop instructional strategies that incorporate active learning methods such as problem-solving and scenario-based activities, based on current theories of learning;
- (e) address program administration policies, classroom/facility use, and instructor training and development; and
- (f) establish the frequency and subject areas for recruit and in-service training.

**Police-Community Advisory Board**—A joint NOPD-community representative group that facilitates regular communication and cooperation among the Department, the City and community leaders to work collaboratively to develop and implement public safety strategies that respect and reflect the community’s public safety priorities and concerns about particular police tactics. The Board seeks recommendations from the community in the areas of:

- (a) Community policing strategies;
- (b) Accountability for professional/ethical behavior by individual police officers;
- (c) Special task forces that meet high priority community need;
- (d) Central policy changes, where applicable, that improve quality of life for the community;
- (e) Resource allocations to meet high priority, difficult issues;
- (f) Strategies for recruiting and maintaining a qualified and diverse workforce;
- (g) Providing information to the community and conveying feedback from the community to NOPD; and
- (h) Ways to provide data and information, including information about NOPD’s compliance with the Consent Decree, to the public in a transparent and public-friendly format, to the greatest extent allowable by law.

**Training Liaison**—The member of the Education & Training Division responsible for overseeing, coordinating and documenting training with the individual District, Division or specialized unit training coordinators.

**Training Coordinator**—A member of a District, Division or specialized unit assigned by the commander, whose responsibility, in consultation with the training liaison, is to ensure that all members of that unit complete training as required and that documentation of all training is provided to the Education & Training Division training liaison. For specialized units, the training coordinator may also be the unit’s **training officer**.

**Unit level training officer**—For all specialized units, the member of that unit who is most appropriate to conduct all unit level training, training for new members of the unit and perform the functions of a “training officer” for new members. The training officer is responsible for establishing a written training program/plan for new members of the unit, lesson plans for all unit specific, in-house training, record keeping of training and coordination with the Education & Training Division if he/she is the training coordinator for the unit. The unit level training officer is selected by the unit commander based on experience, skills, certifications and ability as an effective instructor.

### **TRAINING ADVISORY COMMITTEE MEMBER COMPOSITION**

3. The Training Advisory Committee’s members (12) shall include:

- (a) One staff member from the Education and Training Division, either the Commander or his/her designee;

- (b) Two training coordinators from NOPD field personnel, selected by the Deputy Chief of Field Operations Bureau (FOB);
- (c) One NOPD Deputy Superintendent, selected by the Superintendent;
- (d) One community representative from the Police-Community Advisory Board, selected by the Mayor's Office of Neighborhood Engagement;
- (e) Two representatives from area colleges and universities, selected by the Superintendent from a list provided by the college or university President;
- (f) One outside police professional with expertise in model training practices, selected by the Superintendent;
- (g) One representative from the FBI selected by the FBI's local office;
- (h) One representative from the Orleans Parish district attorney's office selected by the Orleans Parish district attorney's office;
- (i) One representative from the U.S. attorney's office selected by the U.S. Attorney for the Eastern District of Louisiana; and
- (j) One representative from the city attorney's office selected by the City Attorney.

Additional members of the E&TD leadership staff may attend TAC meetings as requested by the Director of the E&TD but are not considered Committee members and do not cast votes.

4. The Chairperson for the Training Advisory Committee shall be selected by the Superintendent of Police from the membership of the Committee. All members shall be voting members. Eight members is the minimum number for a quorum; the Chairperson must be present. In the event of a tie, the Chairperson's vote will serve as a tiebreaker.

#### **COMMITTEE RESPONSIBILITIES**

5. The Committee member who is appointed to represent the E&TD shall function as the secretary for the Board and is responsible for scheduling, drafting and circulating an agenda, and maintaining the minutes of all Committee meetings.
6. Training Advisory Committee meetings will be held at least quarterly. The Commander of the Education & Training Division will send the schedule notices after consultation with the Training Advisory Committee Chairperson.
7. The Training Advisory Committee, after review, consideration, and revision, shall approve an annual Master Training Plan compiled by the Curriculum Director. The plan shall be provided to the TAC no later than the end of the third quarter of each calendar year and shall include written training plans for NOPD's:
  - (a) Basic Recruit Training Program;
  - (b) The Lateral Officer Training Program;
  - (c) The Field Training Program; and
  - (d) The In-Service Training Program for both police officers and supervisors.

The E&TD shall request feedback from the TAC 30 days after receipt of the Master Training Plan and shall seek approval by the time of the final TAC meeting of the calendar year preceding the year for which the Master Training Plan will go into effect.

8. The Master Training Plan approved by the Training Advisory Committee shall comport with best practices and shall ensure that recruits, officers, and civilian personnel are trained to effectively and lawfully carry out their duties in accordance with the Constitution and laws of the United States. Specifically, the Master Training Plan shall:

- (a) Define responsibilities and authority of personnel involved in managing, supervising, and implementing training;
  - (b) Identify training priorities and broad training goals;
  - (c) Delineate an industry-recognized, systematic approach to training development that includes the following concepts: analysis, design, development, implementation, and evaluation. This approach should enable NOPD to identify and validate job tasks in sufficient detail to derive learning objectives, which, in turn, should drive the selection of instructional strategies and assessments;
  - (d) Develop instructional strategies that incorporate active learning methods such as problem-solving and scenario-based activities, based on current theories of adult learning;
  - (e) Address program administration policies, classroom/facility use;
  - (f) Address instructor training and development; and
  - (g) Establish the frequency and subject areas for recruit and in-service training.
9. The Training Advisory Committee shall annually review and assist in updating NOPD's Master Training Plan. To perform this update, the Training Advisory Committee shall review a training needs assessment, conducted by the E&TD, taking into consideration:
- (a) Trends in misconduct complaints;
  - (b) Problematic uses of force;
  - (c) Analysis of officer safety issues;
  - (d) Input from members at all levels of NOPD;
  - (e) Input from members of the community, including community concerns as expressed through the PCAB representative;
  - (f) Jurisdictional court decisions;
  - (g) Research reflecting the latest in law enforcement trends;
  - (h) Individual District/Division needs; and
  - (i) Changes to Louisiana law, federal law, POST requirements, or NOPD regulations.
10. The Training Advisory Committee shall receive materials under review, including curricula, lesson plans, instructors' qualifications and testing materials submitted by the Curriculum Director, at least 30 days prior to the scheduled meeting.

#### **COMMITTEE RECORDS AND RECOMMENDATIONS**

11. Members of the New Orleans Police Department may forward suggestions, revisions, and comments to be considered by the Training Advisory Committee at their next scheduled meeting. The submissions shall be forwarded via NOPD form 105, through the members' chain of command to their respective Bureau Chief, to the Commander of the Education & Training Division. Members will also have the option of providing such feedback anonymously to the Chairman of the TAC.
12. Meeting minutes shall be kept by the Commander of the Education & Training Division or his/her designee. These minutes shall be forwarded to the members of the TAC, the NOPD command staff and the Consent Decree Implementation Unit along with any additional recommendations by the Director of the Education & Training Division no later than seven days following the Training Advisory Committee meeting.
13. Upon review of training curricula, lesson plans, testing materials and instructors' qualifications, any Training Advisory Committee recommendations for revisions shall be submitted to the Curriculum Director and may be utilized after approval by the Director of the Education & Training Division. If the Director of the E&TD does not accept or

implement any of the TAC suggested recommendations, the Director shall provide a written explanation to the TAC and the Superintendent prior to the next scheduled TAC meeting. The TAC may submit written reasons for their proposals or concerns to the Superintendent for his consideration. In the event the Commander of the E&TD and the TAC cannot reach a mutual resolution on any disagreements, the Superintendent shall resolve the dispute.

14. All recommended changes that affect specialized units (Special Operations Division, Traffic, Homicide, Sex Crimes, etc.) shall be communicated in writing to the commander(s) responsible for those units for incorporation into their revised training curricula, lesson plans, and testing materials. All recommended changes shall be incorporated into existing materials unless the commander of the specialized unit submits, within 30 days of receipt of the recommended changes, written reasons why the recommended changes should not be incorporated to the Director of the E&TD and the specialized unit commander's Bureau Chief.
15. If the Commander of the Education & Training Division and the specialized unit commander cannot reach a mutually agreeable resolution to the proposed changes, they will each communicate the issues concerning the recommended changes, in writing, to his/her respective Bureau Chiefs. The Bureau Chiefs involved will then communicate to reach a mutually agreed resolution and communicate the resolution to their respective subordinates. If, for any reason, the Bureau Chiefs cannot resolve the disagreement, they each will present their issues to the Superintendent, in writing, for final resolution. The final resolution, in all cases, will be communicated to all of the involved parties.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.2

### TITLE: TRAINING TYPES AND AVAILABILITY

**EFFECTIVE: 06/18/2017**

**REVISED: Replaces Policy/Procedure 208**

---

#### PURPOSE

The NOPD is committed to ensuring that all members have access to training to provide continuing education and training for the professional growth and progressive development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the public.

#### DEFINITIONS

**Master Training Plan**—A written training plan for the oversight of all training conducted by and for the NOPD. It will include, at a minimum the NOPD's recruit academy, field, and in-service training, to ensure that recruits, officers, and civilian personnel are trained to effectively and lawfully carry out their duties in accordance with the Constitution and laws of the United States. The plan shall comport with best practices and shall:

- (a) define responsibilities and authority of personnel involved in managing, supervising, and implementing training;
- (b) identify training priorities and broad training goals;
- (c) delineate an industry-recognized, systematic approach to training development that includes the following concepts: analysis, design, development, implementation, and evaluation. This approach should enable NOPD to identify and validate job tasks in sufficient detail to derive learning objectives, which, in turn, should drive the selection of instructional strategies and assessments;
- (d) develop instructional strategies that incorporate active learning methods such as problem-solving and scenario-based activities, based on current theories of learning;
- (e) address program administration policies, classroom/facility use, and instructor training and development; and
- (f) establish the frequency and subject areas for recruit and in-service training.

**Training Coordinator**—A member of a District, Division or specialized unit assigned by the commander, whose responsibility, in consultation with the training liaison, is to ensure that all members of that unit complete training as required and that documentation of all training is provided to the Education & Training Division training liaison. For specialized units, the training coordinator may also be the unit's **training officer**.

**Training liaison**—A member of the Education & Training Division responsible for overseeing,

coordinating and documenting training with the individual District, Division or specialized unit training coordinators.

**Unit level training officer**—For all specialized units, the member of that unit who is most appropriate to conduct all unit level training, training for new members of the unit and perform the functions of a “training officer” for new members. The training officer is responsible for establishing a written training program/plan for new members of the unit, lesson plans for all unit specific, in-house training, record keeping of training and coordination with the Education & Training Division if he/she is the training coordinator for the unit. The unit level training officer is selected by the unit commander based on experience, skills, certifications and ability as an effective instructor.

## TRAINING COURSE/SESSION CATEGORIES

1. There are generally three types of training classes or sessions:
  - (a) **Open training**—An instructional, informational or training class available to any member of the Department;
  - (b) **Specialized training**—An instructional, informational or training class available to members with a particular job/duty related need; and
  - (c) **Mandatory training**—An instructional, informational or training class that is required for a member by law, regulation or to maintain job related certification.
2. Some instructional or training courses are “open” to any Department member who has permission from his or her commander to participate or attend. For “open” training courses:
  - (a) The Education and Training Division will notify training coordinators by e-mail of the training course offering, dates, times and any associated requirements for members wishing to attend;
  - (b) The training coordinator is responsible for scheduling all unit members for training in PowerDMS and communicating the scheduled training to the member(s);
  - (c) Once the training class has been booked to capacity it will be removed from PowerDMS by the Education & Training Division; and
  - (d) Any registered member who is unable to attend shall notify the training coordinator immediately of his/her change in circumstances so the training slot may be reassigned if still posted in PowerDMS. If the class has been removed, only the E&TD may assign a replacement, not the member or their unit training coordinator.
3. Those instructional or training courses that are not “open” to all members are specialized to identifiable units or members based on need. The Education and Training Division may apportion or designate a specific number of positions in a dedicated training class to individual Department units. For dedicated training classes:
  - (a) The unit training coordinator shall ensure that all allotted positions for his/her unit in each class or session are filled in PowerDMS;
  - (b) The unit training coordinator may change the member or swap members attending for his/her unit until the class/course is booked and removed.
4. All members assigned to attend training shall attend as scheduled unless excused by their unit commander, the change has been made in PowerDMS and that excusal is communicated to the E&TD.

5. When a member is unable to attend mandatory training, that member shall:
  - (a) Notify his/her immediate supervisor and their unit training coordinator by Departmental e-mail as soon as possible but, no later than one hour prior to the start of training; and
  - (b) Make arrangements through the unit training coordinator to reschedule the required training on an alternate date in PowerDMS.

#### **DAILY TRAINING BULLETINS**

6. Daily training bulletins (DTBs) are created by the Department and recorded in a Web-accessed system (**PowerDMS**). Regular, ongoing training on the New Orleans Police Department regulations (policies, procedures, chapters and rules) and other important topics is made available at the beginning of the month. The number of DTBs may be increased based on changes to Departmental regulations, case law or other Departmental needs.
7. Members assigned to participate in DTBs shall use only the login credentials assigned to them by Policy Standards. Members shall not share their password with anyone and should change their password to protect the security of the system at least quarterly. After each DTB session, members shall log off the system to prevent unauthorized access. The content of the DTBs are restricted material and shall not be shared outside of the Department without written authorization of the Superintendent of Police or his/her designee.
8. Members who are required to participate in the DTB program shall complete each DTB during their shift as directed by their supervisor. Employees should not allow uncompleted DTBs to accrue. Members are required to complete DTBs missed during any extended absences (e.g., vacation, medical leave) as soon as possible upon returning to duty. Although the DTB system can be accessed from any Internet active computer, members should only take DTBs as part of their on-duty assignment, unless approved by a supervisor.
9. Supervisors shall be responsible for monitoring the progress of personnel under their command to ensure timely compliance with this Chapter. A list of members who have been delinquent in completing each previous month's DTBs shall be published by E&TD in the first week of each month. Supervisors shall document and take appropriate corrective action, including discipline, for members who have not completed DTBs in a timely manner.

#### **E&TD COMMANDER'S RESPONSIBILITIES**

10. The Commander of the Education & Training Division is responsible for updating all mandatory training requirements for each class of police officer, sergeant or lieutenant in **the Master Training Plan**.
11. The Commander of the Education & Training Division is responsible for updating all mandatory training requirements for the Department annually and including the updated requirements in the **Master Training Plan**.
12. The Commander of the Education & Training Division, through the training liaison, is responsible for ensuring all commissioned members of the Department have been trained as required by the **Master Training Plan**.

**REIMBURSEMENT FOR TRAINING COSTS**

13. All costs associated with authorized training conducted for Department members will be paid from the Department or City's training budget when funding is available. Included in these costs are:
  - (a) registration or training class fees;
  - (b) travel or mileage;
  - (c) per diem(s) for meals and housing; and
  - (d) books, materials and other associated expenditures, in accordance with City guidelines (**City of New Orleans Policy Memo #9R – Travel and Business Expenses**).

**OUTSIDE TRAINING WITH ADEQUATE ADVANCE NOTICE**

14. Whenever possible, advance funding for the anticipated costs of training provided by an outside vendor or agency shall be secured.
15. Department members desiring to attend or selected to attend authorized outside training with sufficient advance notice shall prepare the appropriate training and travel documents (**City of New Orleans Policy Memo #9R – Attachment**). These documents shall be submitted at least 30 days in advance of the expected training through the member's chain of command for approval and processing.
16. At the conclusion of the authorized training, and within the first week of return to regular duty from the training, the Department member shall provide the necessary documentation of training expenses in accordance with City guidelines. Unused advanced funds shall be returned, and/or additional authorized expenditures reimbursed at this time.

**OUTSIDE TRAINING, INADEQUATE ADVANCE NOTICE**

17. Department members may desire to attend or be selected to attend authorized outside training where there is insufficient notice (less than 30 days) for advanced funding of the anticipated costs.
18. The member may, if willing, attend the training at his or her own expense, without advance funding.
19. Department members desiring to attend or selected to attend authorized outside training with insufficient advance notice shall prepare the appropriate training and travel documents (**City of New Orleans Policy Memo #9R – Attachment**). These documents shall be submitted as soon as possible in advance of the expected training through the member's chain of command for approval and processing.
20. Specific mention shall be made in the Interoffice Correspondence requesting approval that the member is assuming all costs associated with the training, or, if not all costs, which costs he or she is assuming.
21. Specific request and approval through the member's chain of command shall be noted if the member is requesting to be carried "regular working" for payroll purposes or if he/she is requesting approval of "annual leave" for the training. The required forms and authorization for the annual leave request shall be attached to the travel/training paperwork, if necessary.

22. At the conclusion of the authorized training, and within the first week of return to regular duty from the training, the Department member shall provide the necessary documentation of training expenses in accordance with City guidelines and submit same for reimbursement.
23. In those instances with inadequate advance notice, requests for reimbursement of funds may be submitted but reimbursement cannot be guaranteed.

### TRAINING RECORDS

24. The Education and Training Division Commander shall be responsible for maintaining current, accurate training records for all Department members and all training classes provided. All records of training shall be maintained in PowerDMS.
25. The unit training coordinator shall be responsible for maintaining current, accurate training records for all unit members and all training classes provided at the unit level and entering the training records into PowerDMS.
26. All training records should include, at a minimum:
  - (a) Member name and employee ID number;
  - (b) the type of training received;
  - (c) the date(s) of the training;
  - (d) the location of the training;
  - (e) the person/agency providing the training;
  - (f) a copy of any certificates or honors conferred; and
  - (g) any test scores (if applicable).
27. If the training is provided by the NOPD's Education and Training Division, the Education and Training Division Commander shall be responsible for ensuring that the member's training record reflects the training received and entering the training records into PowerDMS.
28. If the training is provided by another unit within the Department, the providing unit's training coordinator or training officer shall be responsible for supplying the Education and Training Division training liaison with the appropriate documentation of the training within one week of the conclusion of the training by departmental email (training documents as a scanned attachment) and entering the training records into PowerDMS.
29. If the training is provided by an outside vendor/entity/agency, the member receiving the training shall be responsible for providing his/her unit training coordinator with the appropriate documentation of the training within one week of return to duty from the training. The unit training coordinator is responsible for forwarding the appropriate documentation to the Education and Training Division training liaison by departmental email (training documents as a scanned attachment) and entering the record of the training into PowerDMS.
30. The Education and Training Division shall utilize a system (**PowerDMS**) that will electronically track, maintain, and report complete and accurate records of current curricula, lesson plan synopsis, training delivered, and other training materials in a centralized electronic file system. This system shall, at a minimum:
  - (a) Maintain training records for each recruit and commissioned member of the Department;
  - (b) Record the course description, duration, curriculum, date and location of training,

- name of instructor, and the personnel who completed the training; and
- (c) Document officers who did not complete required training and all corrective actions taken.
31. The Education and Training Division Commander shall develop and implement accountability measures, including notifying a member's Commander in a timely manner when disciplinary and non-disciplinary corrective action is required, to ensure that all members successfully complete all assigned or required training programs.
  32. The Education and Training Division shall document all training provided to or received by all Department members, whether mandatory, specialized or open. Members shall sign an acknowledgment of attendance or digitally acknowledge completion of training (e.g. departmental e-mail or **PowerDMS**).
  33. The Commander of the Education & Training Division shall report all training delivered and received in an annual report to the Superintendent of Police and the Training Advisory Committee on or before January 31<sup>st</sup> of each year for the previous year.

#### **TRAINING RECORDS OF COURSES TAUGHT OUTSIDE E&TD**

34. Departmental units, other than the Education and Training Division, that conduct training classes for any Department members shall prepare class records as indicated in this Chapter.
35. All training classes must be conducted using lesson plans approved, in advance, by the Commander of the Education & Training Division and/or the Curriculum Director.
36. The training coordinator or training officer of any unit conducting a training class for Department personnel shall ensure that a class record is provided, within 30 days of completion of the training, to the Education and Training Division training liaison.
37. The class record shall contain all information and documentation outlined in this Chapter and labeled and bound in a single binder or presented in its entirety as an electronic record.
38. An electronic receipt for the class training record will be sent by the Education & Training Division training liaison to the training coordinator or training officer of the unit conducting and/or providing the class training and the instructor(s) who conducted the class training.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.4.1

### TITLE: FIRST AID / CPR AND FIELD MEDICAL TRAINING PROGRAM

**EFFECTIVE: 06/02/2019**

**REVISED:**

---

#### PURPOSE

The purpose of this chapter is to establish the guidelines for the first aid and CPR training program for Department members to promote the health and welfare of members and the community.

#### POLICY

1. Commissioned members of the NOPD shall successfully complete the Department's First Aid and CPR Certification Course and maintain currency in all certification requirements prior to and while working in any commissioned position unless a waiver has been granted by the Superintendent of Police.
2. Non-commissioned members may be required, as part of his/her assigned duties and responsibilities, to successfully complete the Department's First Aid and CPR Certification Course and maintain currency in all certification requirements for his/her duties and assignment unless a waiver has been granted by the Superintendent of Police.
3. Commissioned members will receive initial training on the use of tourniquets during both basic recruit and in-service first aid training prior to being issued a departmental tourniquet. Re-certification shall take place during the First Aid re-certification and on the same cycle.

#### FIRST AID TRAINING REQUIREMENTS

4. Under Louisiana Revised Statute Title 37, Article 1732, an officer who holds a **valid, current certification** by the American Red Cross or any equivalent training program approved by the Louisiana Department of Health and Hospitals who renders emergency care in the performance of his/her duties is not individually liable to the person for harm unless the act was intentionally designed to harm or was grossly negligent.
5. The Commander of the Education and Training Division shall select the certifying agency for each type of departmentally required field medical training (basic First Aid, CPR, field tourniquet, etc.) to meet the requirements of R.S. 37:1732.

6. The Basic First Aid Course certification and re-certification requirements shall be based on the certifying authority (i.e. American Red Cross, National Safety Council, etc.).
7. The Basic Cardio-Pulmonary Resuscitation (CPR) certification and re-certification requirements shall be based on the certifying authority (i.e. American Red Cross, National Safety Council, etc.).
8. Any other first aid related training (i.e. field tourniquet) course instruction, certification and re-certification requirements, including for the instructor, shall be based on the certifying authority (i.e. Federal law Enforcement Training Center / Basic Tactical Combat Medics Course).
9. Officers shall obtain medical assistance for any person who, during the course of his/her duties, exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. This may require officers to render emergency first aid within the limits of their individual skills, training and available equipment until professional medical care providers arrive on the scene. Any individual exhibiting signs of physical distress should be continuously monitored by the officer involved in the incident or an on-scene assisting officer until medical personnel can assess the individual. NOPD officers shall request medical assistance without delay when a subject has visible injuries or the subject complains of injury.
10. All commissioned members shall successfully complete the re-certification courses for First Aid, CPR and any other Departmental field medical training in the month of, or the month after, his/her birth date bi-annually.
11. Commissioned members shall contact the Commander of the Education and Training Division, or his/her designee, and schedule an attendance date for the re-certification courses for First Aid, CPR and any other Departmental field medical training. Commissioned members failing to successfully complete the required training may be subject to disciplinary action.
12. Deviation from the requirements this chapter shall only be with the written authorization of the Superintendent of Police.

#### **PROTOCOL FOR MANUFACTURED TOURNIQUETS**

13. Departmentally issued tourniquets shall be carried by all commissioned members on their person while on duty and positioned to be readily accessible by either hand.
14. The tourniquet shall be used in a manner consistent with established training.
15. The use of a tourniquet other than one issued or approved by the department is permissible to prevent loss of life in extreme circumstances.
16. Once applied, the tourniquet shall only be removed and disposed of by medical personnel.
17. Any use of a tourniquet shall be recorded by the commissioned member on his/her BWC.
18. If not part of another incident or event, an item number for a signal 24 shall be obtained and the use of the tourniquet noted on an FIC (See: **Chapter 41.12 – Field Interview**

**Card**) indicating the use of the tourniquet and the location on the body of the injury. If the officer has recorded the incident on his/her BWC, the incident shall be marked up "Signal 24, NAT – 1 FIC" with a specific on-air notation as to the use of a tourniquet by the officer. If the officer does not have a BWC or the incident / event is not recorded for whatever reason, he/she shall complete an EPR under the signal 24 detailing all the pertinent information, especially the reasons why the tourniquet was used and the location on the body of the injury. If there is no BWC recording of the incident by the officer, the incident shall be marked up, "24, RTF" with a specific on-air notation as to the use of a tourniquet by the officer. (See also: **Chapter 82.1 – Report Preparation.**)

19. All uses of a tourniquet shall be reviewed by the member's immediate supervisor, including all BWC footage, FIC and/or EPR.
20. Any corrective actions, deficiencies or issues shall be addressed by the reviewing supervisor immediately and documented accordingly.
21. The reviewing supervisor shall insure that the tourniquet is replaced as soon as possible after use if not immediately replaced by NOEMS

#### **FAILURE TO QUALIFY/RE-QUALIFY**

22. Any commissioned member or non-commissioned member whose duties require the training who fails to complete the certification courses for First Aid, CPR and any other Departmental field medical training or fails to maintain his/her recertification is prohibited from performing any medical or first aid related duties (i.e. Naloxone, use of field tourniquet, CPR, etc.) until he/she has qualified.
23. The Education and Training Division Commander shall notify the member's Commanding Officer, in writing prior to the member's next scheduled tour of duty, when any member fails any portion of the certification or re-certification courses for First Aid, CPR and any other required Departmental field medical training.
24. The Commanding Officer shall notify the member, in writing, that he/she is prohibited from performing any medical or first aid related duties until the member successfully completes the course. The member shall have his/her right to work Police Secondary Employment and/or Departmental approved overtime suspended until the member successfully completes the course.
25. The member shall be responsible for scheduling a re-qualification date with the Education and Training Division and notifying his/her Commander of the date.
26. Department members shall be provided 30 working days to successfully complete the certification or re-certification before disciplinary action is taken.
27. The employee shall be compensated as regular working for the duration of the re-qualification by the members unit of assignment.
28. In the event the member fails to certify or re-certify within the 30 working day period, a disciplinary investigation shall be initiated by the member's Commander. The investigation shall determine whether the member is unable to perform his/her assigned duties (Civil Service Rule IX).
29. Police recruits, laterals or reinstatements who fail to successfully complete certification courses for First Aid, CPR and any other Departmental field medical training or fails to

maintain his/her recertification shall be governed by the E&TD training curriculum guidelines as set forth by the Commander of the Education and Training Division. Failure of the training portion may be cause for immediate termination.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.4.2

### TITLE: DRIVER TRAINING PROGRAM

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 210**

---

#### PURPOSE

The purpose of this chapter is to establish the guidelines for the driver training program for Department members to promote the safe operation of city owned or leased vehicles.

#### POLICY

1. Commissioned members of the NOPD operating a City owned or leased vehicle shall successfully complete the Department's Tactical Police Driving Course prior to driving a city owned or leased vehicle unless a waiver has been granted by the Superintendent of Police.
2. Non-commissioned members operating a City owned or leased vehicle shall successfully complete a Driver Awareness Course sponsored by the Education and Training Division prior to driving a city owned or leased vehicle unless a waiver has been granted by the Superintendent of Police.

#### DRIVER TRAINING REQUIREMENTS

3. The Tactical Police Driving Course minimum score shall be established by the Education and Training Division based upon recommendations by the National Academy of Professional Driving.
4. A member involved in a traffic crash while operating a city owned or leased vehicle shall successfully complete the Crash Avoidance Course to be scheduled by the Education and Training Division upon recommendation by the Crash Review Board and/or the Superintendent of Police. (See: **Chapter 13.22 – Crash Review Board**).
5. Any member required to attend the Crash Avoidance Course shall be compensated as regular working for the duration of the training. The members unit of assignment is responsible for making the necessary payroll notations in the ADP (payroll) system.
6. All commissioned members shall successfully complete the Tactical Police Driving Course in the month of, or the month after, his/her birth date annually.
7. Commissioned members shall contact the Commander of the Education and Training Division, or his/her designee, and schedule an attendance date for the annual Tactical

Police Driving Course. Commissioned members failing to successfully complete the required training may lose their driving privileges and be subject to disciplinary action.

8. Deviation from the requirements this chapter shall only be with the written authorization of the Superintendent of Police.

#### **FAILURE TO QUALIFY/RE-QUALIFY**

9. Any commissioned member who fails to complete any phase of the Tactical Police Driving Course or fails to maintain his/her annual requalification is prohibited from operating a city owned or leased vehicle until they have qualified.
10. Any non-commissioned member who fails to complete the Driver Awareness Course is prohibited from operating a city owned or leased vehicle until they have successfully completed the course. There is no recertification required.
11. The Education and Training Division Commander shall notify the member's Commanding Officer, in writing prior to the member's next scheduled tour of duty, when any member fails any portion of the Tactical Police Driving Course.
12. The Commanding Officer shall notify the member, in writing, that all city owned or leased vehicle driving privileges are suspended until the member successfully completes the course and is certified by the Education and Training Division.
13. The member shall be responsible for scheduling a re-qualification date with the Education and Training Division and notifying his/her Commander of the date.
14. Department members shall be provided seven working days to successfully complete the Driver Training Program before disciplinary action is taken.
15. The employee shall be compensated as regular working for the duration of the re-qualification by the members unit of assignment.
16. In the event the member fails to qualify within the seven working day period, a disciplinary investigation shall be initiated by the member's Commander. The investigation shall determine whether the member is unable to perform his/her assigned duties (Civil Service Rule IX). If the subsequent d
17. Police recruits, laterals or reinstatements who fail to successfully complete any portion of the driver training program shall be governed by the E&TD training curriculum guidelines as set forth by the Commander of the Education and Training Division. Failure of the driver training portion may be cause for immediate termination.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 33.4.3

### TITLE: FIELD TRAINING OFFICER PROGRAM

**EFFECTIVE: 09/02/2018**

**REVISED: Replaces Policy / Procedure 436**

---

#### PURPOSE

The Field Training Officer (FTO) Program, or Phase II of the Recruit Training Program, is designed to provide directed field experience to police recruits. It serves as a final step in the officer qualification, evaluation and training process. Its goal is to provide an individually tailored one-on-one program, providing improvement and professional development in performance areas, while simultaneously assuring that each trainee masters a predetermined set of tasks before completion. Its goal is to ensure the new officer transitions from the academic setting of the Education & Training Division to the actual performance of general law enforcement duties.

#### POLICY STATEMENT

1. The FTO program shall comport with the New Orleans Police Department's written Master Training Plan.
2. The FTO program shall follow the Basic Recruit Training Program and shall be at least 16 weeks.
3. All new police officers will be assigned to the structured field training to prepare the new officer to perform in a patrol assignment with the knowledge and skills needed to operate in a safe and professional manner.

#### DEFINITIONS

**Field training coordinator (FTC)**—A supervisory member of the Education & Training Division staff responsible for overseeing the entire FTO Program.

**Field training officer (FTO)**—A commissioned member who has been specially selected based on her/his performance record, who displays an interest in training, and possesses a functional knowledge of Louisiana criminal and motor vehicle codes, criminal procedure, Department rules, regulations, Chapters, policies and procedures, as well as, above average skills in report writing and conducting investigations. All FTOs must satisfactorily complete the structured FTO Program certification before they may train new officers.

**Field training supervisor (FTS)**—A police sergeant or lieutenant who oversees the field training officers in his/her particular District or Division. The FTS will be trained on the FTO Program and their related duties by the Education & Training Division field training coordinator.

**Trainee**—A graduate of the NOPD Basic Recruit Training Program who has passed the

Louisiana P.O.S.T. certification, has been promoted to Police Officer (Probationary) and progressed to the Field Training Program. This can also refer to a lateral police hire Police Officer (Probationary) that is in a modified Field Training Program to familiarize him/her with NOPD policies, procedures, forms and methods before he/she is released to work independently. The terms recruit and trainee are interchangeable for purposes of this Chapter.

**Daily Observation Report (DOR)**—A written evaluation by the FTO on the performance of the recruit or trainee on a daily basis using the Daily Observation Report Form (DOR).

**End of Phase Report or Phase Report**—A written evaluation by the FTO on the performance of the recruit or trainee at the conclusion of each Phase of the FTO Program that summarizes the recruit or trainee's overall performance during that Phase. This evaluation is documented on a standardized End of Phase Report form.

### **FIELD TRAINING OFFICER PROGRAM**

4. Satisfactory completion of the FTO Program will increase the trainee's awareness of local community needs, and increase their ability to handle a wide range of situations with both confidence and insight. Those trainees who are unable to transition from the more academic environment of the academy to field work and properly cope with or master the basic tasks required of today's police officers will be identified in this program and the deficiencies addressed on an individual basis. The degree and amount of remediation to be allowed for any particular deficiency shall be outlined by the Commander of the Education & Training Division based on recommendations by the FTO, FTC and FTS involved.
5. Initially, the recruit functions primarily as an observer (not graded), while the FTO completes his/her daily duties. As the recruit progresses through the FTO program, progressively more duties and responsibilities are assigned to the trainee. There is a gradual sharing of duties as the recruit becomes more familiar with the tasks involved in policing. Eventually, the recruit performs all of the required tasks of a police officer, while the FTO serves as an observer and evaluator.
6. If, in the opinion of the FTO, the district FTS, the district/division Commander, and the FTC, a recruit does not demonstrate a consistent, satisfactory performance level, the recruit may be terminated. Failure of a recruit to satisfactorily pass the final phase of field training shall be cause for termination. The Superintendent of Police or his/her designee, as the appointing authority, shall approve or disapprove the recommendation.
7. During the course of the FTO program, a recruit or trainee shall be trained in a variety of geographic areas within the city of New Orleans; on a variety of shifts; and with several FTOs. Generally, the recruit or trainee will spend no more than four weeks with any one FTO in any one district. At the end of each four-week period, the recruit or trainee will be assigned to a new FTO in a different district. If changing districts is not feasible, a change in FTO and shift at each four-week interval is still required.

### **FIELD TRAINING MANUAL**

8. Each recruit in field training shall be issued a Field Training Manual before beginning the field training program.
9. The Field Training Manual will remain in the possession of the recruit and will be made available to the FTO, FTS and FTC as required.
10. This Field Training Manual is an outline of the subject matter and skills deemed

necessary to properly function as an officer with the New Orleans Police Department.

11. The recruit must become proficient with the skills as set forth in the Field Training Manual.
12. For each task or skill outlined in the Field Training Manual, the FTO and the recruit/trainee shall initial and date each task as they are deemed by the FTO to be successfully completed.

#### **DAILY OBSERVATION REPORTS**

13. Daily Observation Reports (DORs) are an important component of the training process and shall be completed as outlined below:
  - (a) Daily Observation Reports will be numbered sequentially to insure completeness and to facilitate administrative control.
  - (b) All DORs, evaluations and documents pertinent to each recruit shall be routed through the Field Training Supervisor to the Field Training coordinator.
  - (c) All DORs are filed electronically in a database accessible to the trainee for review.

#### **FIELD TRAINING OFFICER**

14. The FTO is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of his/her previously acquired knowledge and skills.
15. In addition to providing police service within their assigned district, the FTO has the added responsibility of training and evaluating the trainee during field training.
16. The responsibilities and selection process of the FTO are covered in depth in the Field Training Officer's Manual.
17. FTOs' responsibilities will include, but are not limited to ensuring the trainee understands any material provided or task given during each week or Phase of field training and how successful completion is to be judged.
18. FTOs are required to:
  - (a) Complete and submit an evaluation on the performance of their assigned trainee on a daily basis using the Daily Observation Report (D.O.R.);
  - (b) Review, sign and date the DOR at the conclusion of each training shift;
  - (c) Complete a detailed end-of-phase performance evaluation on each assigned trainee immediately upon the conclusion of each phase of field training; and
  - (d) Initial or sign indicating successful completion ("sign off on") all completed topics contained in the Field Training Manual, specifically noting the method of learning and evaluating the performance of the assigned trainee.

#### **FIELD TRAINING SUPERVISOR**

19. The District Commander will forward to the FTC a written nomination for the supervisor he/she has selected to act as the FTS.
20. The nomination shall detail the Commander's reasons for that supervisor to fill the role of the FTS along with:
  - (a) Documentation of an INSIGHT review, to include:
    - i. Any information related to any disciplinary actions;

- ii. Any communications for the public, either positive or negative;
  - iii. Any reported actions that did not rise to the level of an official award or reprimand; and
  - iv. Any documentation that reflects the FTS nominee's relationship with the community.
- (b) A PIB "Short Form" listing any complaints or pending investigations; and
  - (c) A written recommendation from the FTS Nominee's immediate supervisor (if not the District Commander).
21. The FTS will review the information provided on the nomination and, within 14 days of receipt of all required information, will provide the nominating Commander with a written acceptance of the nomination or, if not accepted, the reasoning of the FTC for the disapproval.
  22. The final selection is the responsibility of the FTO/FTS Evaluation & Selection Committee.
  23. The nomination recommendation and all associated documentation of the process shall be maintained by the FTS for three years.
  24. An FTS shall be assigned in each District/Division to which recruits are assigned for field training.
  25. The FTS is responsible for ensuring daily observation reports (DOR) contain the necessary information, including all supporting documents, for each day a trainee is under the FTO Program.
  26. The DORs for each trainee for that week are reviewed each week by the FTS and the FTC via phone or email. The FTS and FTC meet to review and discuss the trainee's status during each Phase of the FTO Program.
  27. In addition to the above duties, the FTS shall explain to the FTC any identified problem(s) the trainee is having which may prevent him/her from successfully completing that phase's requirements. Remedial activities may be determined at that time.

#### **FIELD TRAINING COORDINATOR**

28. The FTC shall be responsible for overseeing the entire FTO Program.
29. The FTC will review the Daily Observation Reports submitted by each FTO through the FTS.
30. The FTC will hold periodic meetings with all FTOs and FTSs to ensure consistency in application, understanding and compliance with the requirements of the Field Training Officer Program.
31. The FTC will hold a process review meeting after the completion of each recruit class' field training with all FTOs and FTSs to discuss any changes which may be needed in the FTO Program.
32. A summary of this meeting, with any recommendations or proposed changes, will be documented and forwarded to the Superintendent of Police, through the chain of command, for review.

**FIELD TRAINING OFFICER / SUPERVISOR EVALUATIONS**

33. FTO and FTS performance shall be reviewed and evaluated annually by the FTC in consultation with the commanding officer of the FTO and FTS. Re-certification shall be dependent on satisfactory prior performance and feedback from the recruits trained and the Education & Training Division staff.

**RECRUIT EVALUATIONS OF TRAINING PROGRAM**

34. The NOPD Education & Training Division shall create a mechanism for trainees to provide confidential feedback regarding the quality of their field training.
35. Trainees will complete a confidential evaluation at the end of each phase of field training and upon conclusion of the FTO Program on all his/her FTO(s) and the overall FTO Program.
36. As part of the End of Phase survey, this feedback shall include:
  - (a) The extent to which his/her field training was consistent with what they learned in the Basic Recruit Training Program or Lateral Officer Program,
  - (b) The trainee's assessment of the coaching and training skills of all of his/her FTOs,
  - (c) The trainee's assessment of the FTO's compliance with the Department's values, policies and regulations, and
  - (d) Suggestions for changes to the Basic Recruit Training Program or Lateral Officer Program based upon his/her experiences in the FTO program.
37. The Commander of the Education & Training Division shall review the provided feedback and document his/her response within 30 days of the submission of the surveys, including the rationale behind any responsive action taken or decision to take no action. This written response shall be submitted through the chain of command to the Superintendent of Police.
38. These evaluations and the written responses shall be maintained by the FTC on file at the Education & Training Division for at least 3 years.

**PROGRAM DOCUMENTATION**

39. All documentation of participants in the Field Training Program shall be retained in the member's training files (either electronic or hard copy) and will consist of the following:
  - (a) Daily Observation Reports for each day/shift the recruit works with an FTO.
  - (b) References to all documentation (electronic versions) produced by the recruit while in the FTO program; i.e. reports, citations, summons, affidavits including a copy of the Daily Trip/Activity Sheet;
  - (c) End of Phase evaluations; and
  - (d) A Certificate of Completion, certifying that the trainee has successfully completed the required number of hours of field training and all critical skill requirements.
40. The trainee must successfully complete the Field Training Program to receive his/her P.O.S.T. certification.
41. All administrative training reports on each trainee shall be maintained in an individual training file by the FTC.
42. Active field training files shall be located in the FTC's office. Completed training files

shall be stored off-site in a secure facility designated by the Commander of the Education & Training Division.

43. The field training program records shall be available, as needed, to an FTO, FTO Program personnel, Education & Training Division Instructors and the Field Operations Bureau administrative personnel on an "as needed" basis as determined by the Commander of the Education & Training Division or his/her FTC if designated.
44. Upon successful completion of the member's Police Officer probationary period, all Basic Recruit Training Program, Lateral Officer Program and Field Officer Training Program files for that member shall be placed in secure storage at the Education & Training Division, and will **not** be considered as part of the officer's regular Personnel Jacket.
45. Member training records in secure storage at the Education & Training Division may be accessed or viewed only with written permission of the Commander of the Education and Training Division, the Deputy Chief of the Bureau to which the E&TD is assigned or the Superintendent of Police.
46. These training files shall be maintained for a minimum of seven years after the member is separated from the Department or involved in litigation where the records may be pertinent, whichever is longest. .

#### **FTO AND FTS SELECTION, RE-APPOINTMENT, AND REMOVAL PROCESS**

47. The FTO selection process shall be established and the FTO program implemented to attract the best FTO candidates.
48. Only highly qualified officers shall serve as FTOs and Field Training Supervisors. FTO/FTS appointments shall be subject to annual review for reappointment by the FTC and the Education & Training Division Commander. District/Division commanders, after consultation and concurrence with the Commander of the Education & Training Division, may remove an FTO or FTS from the field training program.
49. The cause for removal and concurrence by the Commander of the Education & Training Division shall be documented in a written interoffice correspondence which shall be kept on file at the Education & Training Division by the FTC.
50. All FTOs/FTSs are assigned to the Field Operations Bureau. While functioning as an FTO/FTS, he/she shall be in a Platoon assignment only (District patrol shift platoons primarily handling calls for service). The following elements shall be evaluated:
  - (a) Demonstrated maturity;
  - (b) Desire to be an FTO/FTS (voluntary program);
  - (c) Demonstrated knowledge of criminal/motor vehicle codes and criminal procedures;
  - (d) Demonstrated above average skills in writing police reports and conducting investigations;
  - (e) Minimum of four years of patrol experience, two of which shall be with this Department;
  - (f) Demonstrated ability as a positive role model;
  - (g) Participate and pass an internal oral interview selection process;
  - (h) Written evaluations/recommendations by supervisors and current FTOs or FTSs;
  - (i) Prior performance evaluations;
  - (j) Previous documented superior performance as a police officer evidenced by awards and/or supervisory recommendations/evaluations;
  - (k) Complaint and disciplinary history review;

- (l) Commendations, letters, or references from citizens;
  - (m) Attendance; and
  - (n) Written recommendation of the applicant's current Commander.
51. The FTO/FTS candidate's application shall be reviewed by criteria outlined in this Chapter by the FTO/FTS Selection and Evaluation Committee, which shall be composed of:
- (a) The FTC;
  - (b) One District FTO selected by the Bureau Chief of the Field Operations Bureau; and
  - (c) One FTS selected by the FTC and not assigned to the same District as the FTO on the Committee.
52. The FTO/FTS Selection and Evaluation Committee shall, for each candidate reviewed, either:
- (a) **Approve** the candidate as a potential FTO/FTS pending successful training;
  - (b) **Disapprove** the candidate stating specific reasons; or
  - (c) **Defer** the candidate until a later date or until a stated deficiency is corrected.
53. The status (approved, disapproved, defer) of each FTO candidate's application shall be specifically noted in the minutes of the Selection Committee meeting and signed by all members of the committee. The Committee records shall be maintained by the FTC.

#### **TRAINING REQUIRED BY FTO / FTC**

54. All current and new FTOs and FTSs shall receive at least 40 hours of initial Field Training Officer Program specific, supervisory-level training, and annual in-service training in the following areas:
- (a) Management and supervision;
  - (b) Community-oriented policing;
  - (c) Effective problem solving techniques; and
  - (d) Field communication (how to communicate effectively with trainees and supervisors in a field situation).
55. FTOs and FTSs shall maintain, and demonstrate, on a regular basis, his/her proficiency in managing recruits and subordinates, practicing and teaching community-oriented policing, and solving problems effectively.
56. All FTOs must complete an FTO update course, the contents of which shall be determined by the Commander of the E&TD and the FTC on an annual basis while assigned to the position of FTO.
57. All documentation of FTS and FTO applications, evaluations and training shall be maintained for a minimum of seven years after the member is separated from the Department or involved in litigation where the records may be pertinent, whichever is longest.
58. FTOs and FTSs shall be among the first officers to attend each new cycle of in-service training.
59. The FTO Manual is posted on NOPD.org under the Resources folder.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 34.2

### TITLE: PROMOTIONS AND PROMOTION COMMITTEE

EFFECTIVE: 11/13/2016

REVISED: 05/23/21

---

#### PURPOSE

This Chapter establishes the minimum guidelines for promotion within the Civil Service classifications of Senior Police Officer through Police Captain and the responsibilities of the Promotion Committee as they relate to the promotion of commissioned employees within these Civil Service Classifications.

#### POLICY STATEMENT

1. The New Orleans Police Department recognizes that the promotional process within the organization should be one of fairness and one that truly identifies those well-rounded and qualified persons for leadership positions. Actual or perceived race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, economic status, age, cultural group, disability, housing status, or affiliation with any other similar identifiable group shall not be a motivating factor to any degree in any promotion decision, including the selection or rejection of particular candidates.
2. The Department has established progressive educational and training standards for advancement. The utilization of these standards will increase the level of professionalism, both individually and collectively. The establishment of minimum qualifications for each promotional position was made with careful consideration to ensure that the required educational level matches, as closely as possible, the responsibilities incumbent to the position. By establishing these standards, the Department recognizes and supports the concept and value of lifelong learning.
3. The Department adheres to the practice of giving all qualified officers the opportunity to seek upward mobility within the organization. In assessing the aptitude and suitability of candidates for promotional consideration, a variety of methods may be utilized. These methods may vary from rank to rank and may include, but are not limited to, some or all of the following testing/assessment techniques:
  - (a) Objective Written Tests,
  - (b) Assessment Center Exercises, and
  - (c) Candidate Assessment by the Promotion Committee.

4. This Chapter only applies to the Civil Service commissioned classifications of Senior Police Officer through Police Captain. Police Recruit and Police Officer classifications are exempt from these provisions.
5. For the New Orleans Police Department, the cycle of eligible promotional lists for the classifications of Police Sergeant, Police Lieutenant and Police Captain shall allow the opportunity for commissioned members of NOPD, who meet the requirements of the classified position and successfully pass the testing process, to be placed on the promotional list every two years from the closing of the previous list for the same classification.
6. If, for any unplanned and unanticipated reason(s), beyond the control of the City of New Orleans or the NOPD, the test development process conducted by City Civil Service is hampered and a new promotional test or process cannot be completed and in place in time to meet the two (2) year requirement of the Consent Decree and this Circular Memorandum, the Personnel Director shall state the specific reasons and provide an adjusted time-line for the promotional list. This information shall be immediately conveyed to the Office of the Consent Decree Monitor, the Chief Administrative Officer, and the Superintendent of Police, in writing.
7. The Personnel Director, in agreement with the Superintendent of Police, may extend the promotional list to a maximum of three (3) years if the requirements of #6 above are met and the Civil Service Commission approve. In no cases shall the list be extended or remain in effect for more than three (3) years from the date of original establishment.

## DEFINITIONS

For purposes of this Chapter, the following terms are defined as:

**Candidate**—An employee of the New Orleans Police Department who has successfully completed the Civil Service requirements for promotion to a commissioned classification higher than the one he/she currently fills in a permanent classification and is under review by the Promotion Committee.

**Test Register** - a list of employees who already have met the minimum Civil Service requirements for testing for the promotion to the classification. This may, or may not, be the final promotion roster depending on the defined testing process for the classification.

**Civil Service Register**—A promotional register of a list of employees who already have permanent status in a lower class of positions in the same department who have met the Civil Service requirements for promotion to the classification on the promotional register as well as any Promotion Committee evaluation process.

**Deferral**—The action of postponing a recommendation on a candidate for promotion by the Promotion Committee. A deferral of a candidate for promotional consideration must be based on an articulable reason.

**Egregious or serious act of misconduct** – Any act which has an offense range where the penalty is a **Level E** or greater as articulated in **Chapter 26.2.1 – Disciplinary Matrix**.

**Pending disciplinary action**—Refers to a misconduct investigation that has not been concluded because the investigation is ongoing, the disciplinary penalty has not been assessed and/or the penalty has not been served and completed.

**Open investigation**—A misconduct investigation that has not been concluded with a formal

disposition (see **Chapter 52.1.1 – Complaint Investigation**).

**Permanent Status**—An employee of the Department in a classified civil service job who is in active status for at least one year prior to the end of the annual review period and has completed the performance evaluation process becomes eligible for, and may be granted, permanent status in that job classification, provided that the appointing authority (Superintendent of Police) has determined his/her performance merits it.

**Promotion**—A change of an employee in the classified service from a position in one class to a position in another class for which a higher pay grade is provided in the pay plan.

**Subject matter expert**—A member of the New Orleans Police Department deemed to be an authority in a particular area or topic. Necessary skillsets may include, but are not limited to, education; experience; proficiency; and/or professional certifications that demonstrate the member is above average for assessing a like or similar position. The subject matter expert assists Civil Service in the background, research, preparation, evaluation, assessment or presentation of all or part of a structured promotional examination.

**Sustained**—The disposition of a misconduct investigation or disciplinary hearing that determines, by a preponderance of the evidence that alleged misconduct occurred. For purposes of this Chapter, a finding that a violation is sustained requires a letter confirming the disposition from the Superintendent of Police as the final, appointing authority.

## **SENIOR POLICE OFFICER PROMOTIONS**

8. Through the Department of Civil Service, the classification of Senior Police Officer has been established within the New Orleans Police Department.
9. There shall be no supervisory authority for the Senior Police Officer class. Authority of a Field Training Officer over a trainee shall be set forth by guidelines established within the framework of the Field Training Program (see **Chapter 33.4.3 – Field Training Program**).
10. Promotions to Senior Police Officer class shall be made by the Superintendent of Police from a listing of eligible candidates published by the Department of Civil Service. Eligibility for promotion shall not be based on the assignment of the officer seeking promotion.
  - (a) Qualifications for promotion shall be based on each candidate successfully completing a training program specific to the Civil Service Class of Senior Police Officer. The training program shall be developed by the Education & Training Division. The tenure requirements must be met prior to attending a police officer promotional class. The candidate must have attained Permanent status as a Police Officer and four years of combined experience as a Police Recruit and Police Officer.

## **PROMOTIONAL EXAMINATIONS (POLICE CORPORAL THROUGH AND INCLUDING POLICE CAPTAIN)**

11. The Department of Civil Service shall prepare and administer any required promotional examinations covering the positions of Police Corporal through Police Captain. The Department of Civil Service will announce requirements, sign-up periods, study materials, testing date(s), etc.

12. Employees of the Department of Civil Service are responsible for preparing promotional examinations for the above-listed commissioned positions. The Department of Civil Service may request permission from the Superintendent of Police to contact various ranking officers of the Police Department to obtain subject matter for inclusion in promotional testing. Ranking officers may be contacted and requested to act as subject matter experts (SME) to formulate questions for the test or explain the correct answers for questions included by Department of Civil Service employees.
13. The subject matter experts may be suggested by the Superintendent of Police and the Deputy Chiefs based on their current or past job duties, specialized training or skills and educational background. The Department of Civil Service is responsible for vetting the backgrounds, skills and knowledge base of the candidate SMEs.
14. NOPD members selected or requested to act as subject matter experts shall cooperate with the Civil Service Department, supplying all relevant information requested.
15. Members assigned to assist the Department of Civil Service in the preparation of, or reviewing of promotional examination material, **shall not** be eligible to participate in any aspect of a promotional test as a candidate for a promotion or discuss the test development with any member who does participate in the test development. (i.e. a Deputy Chief whose permanent classified rank is Police Lieutenant taking a promotional test for Police Captain or above cannot participate in any way in the development, review or discussion of the test nor speak to others, including subordinates who assisted or have knowledge of the test development process.)
16. Designated members assigned to assist the Department of Civil Service in the preparation of, or reviewing of promotional examination material, **shall not** impart any testing material, background material or knowledge of testing material to any other member of the Police Department, especially those employees who may be eligible for the promotional examination. The members shall not discuss the nature of the material, questions, examples or any information related to, discussed by or submitted to the members of the Department of Civil Service engaged in any aspect of the test preparation or validation with anyone not already involved in the test preparation or validation until the promotional process has been completed. This confidentiality must be maintained, or the testing process could be compromised and invalidated. Any breach of confidentiality may be handled as a disciplinary violation.
17. Members who have assisted the Department of Civil Service in the preparation of, or reviewing of promotional examination material, **shall not** be allowed to assist possible applicants in preparing for the examination. This includes, but is not limited to, the following:
  - (a) Holding classes or acting as instructors/tutors for possible candidates;
  - (b) Supplying study material;
  - (c) Formulating scenarios, or providing responses to scenarios submitted to them by possible candidates;
  - (d) Providing answers to questions posed by possible candidates, whether or not the question provided is part of the examination; and
  - (e) Suggesting to possible candidates that particular material be studied prior to the examination.
18. Members who have assisted the Department of Civil Service in the preparation, or reviewing, of promotional examination material, who are required to provide written correspondence covering testing material, **shall not** keep copies of the correspondence, any testing material, background material or knowledge of testing material either

electronically or printed, anywhere it may be accessible to other members of the Police Department. Security of any material or correspondence between the Department of Civil Service and the member assisting shall include maintaining the items under the member's exclusive control at all times. Any breach of security over materials attributable to the assisting member, even if unintentional or accidental shall be construed as a breach of confidentiality and subject to the disciplinary process.

### **PROMOTION COMMITTEE FOR POLICE SERGEANT AND ABOVE**

19. The Promotion Committee will be composed of no fewer than three Deputy Superintendents. The Deputy Superintendent of Management Services shall be responsible for scheduling Promotion Committee meetings, collecting employee recommendation forms, recording the "minutes" of the Promotion Committee, and notifying the Superintendent of the recommendations made by the Committee. The Chairperson shall be named by the Superintendent of Police.
20. The promotion review process will begin with Civil Service providing the test register of candidates that pass all portions of the promotional exam to NOPD's Human Resources Department.
21. The Director of Human Resources in the Management Services Bureau will forward the names of eligible candidates to all members of the Promotion Committee. Based upon a pre-determined cut-off score, the highest performing candidates on the Civil Service examination will then be invited to submit a promotional packet, similar to the Knowledge, Skills and Abilities packets required for transfers to specialized assignments and/or units. These promotional candidates will then be invited to an in-person interview with the promotional committee. A review of each listed candidate's resume' and cover letter, latest performance evaluations and Employee Summary Report in INSIGHT will be conducted by the Promotion Committee. The results of the review will include all training, complaints, discipline, awards/commendations, secondary employment, an examination of sustained violations of misconduct and any open investigations of complaints of misconduct and all uses of force. A summary report on each candidate's review shall be documented by the Promotion Committee.
22. Once the Committee has reviewed all eligible candidates KSA-style packet and interviews are conducted, they will, as a group, assess each candidate's background and qualifications to determine the order of the promotional list, based upon the best qualified candidates. The recommendations of the Committee will be forwarded, in writing, to the Superintendent of Police for consideration.
23. Any candidates for promotion that have been deemed "ineligible" by the Committee, as a group, will be documented, in writing, indicating the reason for ineligibility and signed by the Chairman for the Committee.
24. Any candidates for promotion that have been recommended for "deferral" by the Committee, as a group, will be documented, in writing, indicating the reason for deferral and signed by the Chairman for the Committee.
25. The Committee shall meet as often as workload requirements necessitate through determination made by the Deputy Superintendent of Management Services or as directed by the Superintendent of Police.
26. The Superintendent of Police is the Appointing Authority and has the discretion to overrule any recommendations made by the Promotions Committee. No promotions are effective until approved, in writing, by the Superintendent of Police.

**PROMOTION COMMITTEE FOR POLICE CORPORAL**

27. The process for convening a Promotion Committee and scoring for the rank of Police Corporal will be the same as Sergeants through Captains, however, the committee will be composed of one member of the rank of Captain or above from each Bureau and three from the Field Operations Bureau, selected by the respective Bureau Chief. The Committee member assigned to Management Services shall be responsible for scheduling Promotion Committee meetings, collecting employee recommendation forms, recording the “minutes” of the Promotion Committee, and notifying the Superintendent of the recommendations made by the Committee. The Chairperson shall be named by the Superintendent of Police. The minimum number of members to constitute a quorum shall be five named members.
28. The Committee shall meet as often as workload requirements necessitate through determination made by the police Commander assigned to Management Services or as directed by the Superintendent of Police.
29. The Superintendent of Police is the Appointing Authority and has the discretion to overrule any recommendations made by the Promotions Committee. No promotions are effective until approved, in writing, by the Superintendent of Police.

**FACTORS TO CONSIDER FOR PROMOTION**

30. The Promotion Committee will consider the following factors when assessing a candidate's promotional eligibility:
  - (a) Effective use of community-policing strategies;
  - (b) Number of sustained and non-sustained complaints;
  - (c) Number and circumstances of uses of force, including any found to be out of policy and use of force complaints.
  - (d) Disciplinary history.
  - (e) Problem-solving skills;
  - (f) Interpersonal skills;
  - (g) Education;
  - (h) Specialized training;
  - (i) Support for departmental integrity measures.
  - (j) Attendance record for the past two years, including leave balances; and
  - (k) Annual performance evaluations for the previous two years.
31. Additional factors may be considered but must be published in writing, to all candidates at least 30 days prior to the commencement of the promotional review process by the Promotion Committee.

**DEFERAL CONSIDERATIONS / INELIGIBILITY**

32. Sustained complaints of misconduct that have resulted in an assessed penalty greater than a Letter of Reprimand or failure to meet or comply with departmental attendance policy, **may** be grounds for a deferral.
33. Candidates with sustained complaints of discrimination, retaliation, excessive use of force or an egregious act of misconduct shall be deemed ineligible for promotion for no less than a period of three years following the completion date of the assessed penalty.

34. Candidates with an open investigation or pending disciplinary action in a matter alleging egregious or serious acts of misconduct where the presumptive penalty is dismissal shall be ineligible for promotion.
35. Military leave will not be considered a lapse in eligibility for promotions.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 35.1.7

### TITLE: NON-DISCIPLINARY RESPONSES TO MINOR VIOLATIONS

**EFFECTIVE: 05/10/2015**

**REVISED: 05/21/2017, 03/18/2018**

---

#### PURPOSE

The New Orleans Police Department recognizes that member's behaviors or actions may not always be fully compliant with Department Rules, regulations, Chapters, or policies but are not sufficiently egregious to elevate the behavior or action to a formal disciplinary investigation. These minor behaviors or actions may only require corrective supervisory guidance and not disciplinary action. Supervisors shall address minor violations/infractions through redirection, counseling, or formal discipline (see **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation**) according to this Chapter.

Nothing within this Chapter diminishes or relieves a supervisor of his/her responsibility to refer observed or alleged violations that do not meet the definition of a minor violation/infraction to PIB for a formal disciplinary investigation.

#### DEFINITIONS

Definitions related to this Chapter include:

**Minor violation/infraction**— A violation of a Departmental Rule, Policy, Procedure, Order, regulation, or verbal/written instructions that a supervisor believes requires minimal intervention through redirection, retraining and/or non-disciplinary counseling to correct the employee's behavior (e.g., tardiness, uniform requirement, forgetting to complete an FIC, and cleanliness of vehicle). The behavior must not be the subject of a public complaint and must be sufficiently minor that it is immediately correctable by minimal intervention by the supervisor, with the goal of non-repetitive behavior. Repetition of similar violations within a twelve-month period (based on the date of the observed violation) may require discipline.

**Misconduct**—Any action or inaction that violates any Departmental Rule, Policy, Procedure, Order, verbal or written instruction, or criminal law other than a grievance as defined in **CAO Policy Memorandum 4(R)** and **Chapter 25.1 – Employee Grievances**. A supervisor may decide to handle a minor violation/infraction through non-disciplinary means.

**Non-disciplinary counseling**—A non-punitive process used to correct a subordinate's behavior that is not fully compliant with Department rules, regulations, Chapters, or policies but

is not sufficiently egregious to elevate the action to formal discipline. A supervisor must meet with the non-compliant member, explain the manner in which his or her actions are not compliant, and review the relevant policy (or Chapter, rule, or regulation) with him or her. The non-disciplinary counseling shall be documented in the Supervisor Feedback Log.

**Redirection**—Remedial, non-punitive, oral instruction provided by a supervisor to a subordinate member on an individual basis. The purpose of redirection is to immediately resolve the minor issue or problem and remediate the individual's behavior by providing guidance. The member does not experience any loss of rights, remuneration, or benefits. Redirection need not be formally documented. When a member repeatedly (i.e., more than three times within a 12-month period) commits the same minor violation/infraction, the supervisor shall not handle the minor violation/infraction through redirection.

**Remedial training**—Non-punitive training to specifically address a minor violation/infraction that reveals a deficiency in job skills, knowledge or department procedure. Remedial training is an opportunity to better train and instruct members, clarify any issues involving Departmental Rules, Policies, Procedures, or Orders which may not have been clear to the member.

**Supervisor Feedback Log (SFL)**—A web-based application utilized by Department supervisors to document close and effective supervision actions such as redirection, counseling, and support. SFL is available to supervisors on NOPD Web Apps under Applications.

#### **ELIGIBILITY FOR REDIRECTION**

1. Supervisors may use redirection to immediately resolve a minor violation.
2. Supervisors are not required to formally document redirection. Supervisors may document redirection in the Supervisor Feedback Log.
3. If a supervisor repeatedly redirects a member for the same or similar minor violation/infraction (i.e., more than three times within a 12-month period), the supervisor shall :
  - (a) Escalate the response to counseling and document the counseling in the Supervisor Feedback Log; or
  - (b) Initiate a formal disciplinary investigation as appropriate.

#### **ELIGIBILITY FOR COUNSELING OR REMEDIAL TRAINING**

4. If a supervisor observes or discovers a minor violation/infraction by a member, and the member's past disciplinary record includes no previous sustained violations or infractions of the same type within twelve months, a supervisor may, in his or her discretion after considering the totality of the circumstances, address the minor violation/infraction through immediate non-disciplinary counseling or remedial training, which shall be documented in the Supervisor Feedback Log.
5. The supervisor must have firsthand knowledge of the behavior that constitutes the minor violation/infraction.
6. A public complaint cannot be handled through non-disciplinary corrective action and requires formal disciplinary investigation, even if the complained-of behavior is, or appears to be, a minor violation/infraction. See **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation**.

7. When a supervisor repeatedly counsels a member for the same or similar minor violation/infraction (i.e., more than three times within a 12-month period), the supervisor shall not handle the minor violation/infraction through a non-disciplinary response. In such circumstances, a formal disciplinary investigation is required and shall be handled according to **Chapter 52.1.1 – Misconduct Intake and Complaint Investigation** and related chapters.
8. Supervisors shall respond to any body-worn camera violations according to **Chapter 41.3.2 – Body-Worn Camera Inadvertent Misuse and Non-Use**.

### **SUPERVISOR RESPONSIBILITY FOR MINOR VIOLATIONS/INFRACTIONS**

9. The supervisor shall document all minor violations/infractions in the Supervisor Feedback Log and provide documented redirection or non-disciplinary counseling, unless the minor violation/infraction was handled through verbal redirection or referred for a formal disciplinary investigation.
10. Supervisors shall respond to any body-worn camera violations according to **Chapter 41.3.2 – Body-Worn Camera Inadvertent Misuse and Non-Use**.
11. Non-disciplinary counseling requires a supervisor to meet with the non-compliant member, explain the manner in which his or her actions are not compliant, and review the relevant policy (or Chapter, rule, or regulation) with him or her.
12. The supervisor shall provide the counseling individually, without other officers present, citing the relevant part of the appropriate Rule, Chapter, Policy, Procedure, or Order violated and the behavior that constitutes the minor violation/infraction. The supervisor should instruct the member how to avoid repeating the same minor violation/infraction in the future and inform the accused officer/employee that repetition of the minor violation/infraction may result in disciplinary action in the future. The supervisor shall inform the officer that a record of the counseling will be entered into the Supervisor Feedback Log.
13. The supervisor shall indicate his/her reviewing supervisor when submitting an SFL entry.

### **REVIEWING SUPERVISOR RESPONSIBILITIES**

14. The reviewing supervisor shall review and accept or reject the supervisory response indicated in the SFL within seven days.
15. If the reviewing supervisor rejects the response indicated in the SFL, the reviewing supervisor shall take appropriate corrective action.

### **EMPLOYEE RESPONSIBILITIES**

16. Members receiving redirection, non-disciplinary counseling or remedial training in response to a minor violation/infraction shall acknowledge the actions taken by the supervisor. The member shall not experience any loss of rights, remuneration, or benefits as a result of such corrective actions.
17. If he or she denies commission of the minor violation/infraction, he/she may indicate his/her denial to the supervisor who will record this fact in the narrative portion of the Supervisor Feedback Log entry.
18. If an employee believes he/she has received any redirection, non-disciplinary counseling

or remedial training of a minor violation/infraction in error, he/she shall notify a supervisor, who can contact NOPDTECH to rectify any errors.

**REVIEW BY PIB**

19. PIB shall review the reports from the Supervisor Feedback Log and ensure the identified minor violation/infraction issues were appropriate for handling under this Chapter.
20. PIB shall discuss any issues with the application or appropriateness of non-disciplinary responses to minor violations/infractions with the supervisor within 15 days of the non-disciplinary response.
21. If PIB determines that the documented behavior constitutes a more serious offense requiring formal disciplinary investigation, PIB shall notify the commanding officer of the involved supervisor and conduct a formal investigation into the alleged minor violation/infraction.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 35.1.9

### **TITLE: INSIGHT: EARLY INTERVENTION SYSTEM**

**EFFECTIVE: 11/13/2016**

**REVISED: 05/21/17; 03/18/18; 11/15/19; 12/12/21**

---

#### **PURPOSE**

INSIGHT is a New Orleans Police Department Human Resources and Personnel Management system and data warehouse which can be accessed by Department supervisors to receive and integrate member information to facilitate close and effective supervision of members as well as identify any patterns or series of incidents that may indicate at-risk behavior. The INSIGHT Data Warehouse System contains **Personally Identifiable Information (PII)** and **Health Insurance Portability and Accountability Act (HIPPA)** protected data as well as each member's name, badge number, shift assignment, supervisor, race/ethnicity, and gender.

#### **DEFINITIONS**

Definitions relevant to this Chapter include:

**At-Risk Behavior**—Any behavior exhibited by a member that represents actual or potential risk to the individual member(s), the Department, or the community.

**Data warehouse**—A large store of secure, reliable data captured and accumulated from a wide, diverse range of sources within the New Orleans Police Department and used for reporting, data analysis and to guide management decisions.

**INSIGHT**—A New Orleans Police Department Human Resources and Personnel Management system and data warehouse that streamlines and integrates twelve existing NOPD IT systems or source databases (See: **Appendix A – INSIGHT Source Databases**) into a data warehouse and a single customized, next-generation police support system. INSIGHT promotes chain-of-command communication and intervention by assisting Departmental supervisors and management in becoming more effective in assessing member performance and in making management decisions.

**INSIGHT Executive Committee**—This Committee is responsible for:

- (a) Reviewing Peer groups, Threshold measures, Threshold levels for potential change/update.
- (b) Responding to recommendations from the Early Intervention Unit regarding changes to INSIGHT.
- (c) Reviewing the overall utilization and effectiveness of available member interventions to tailor available intervention options and provide additional intervention options as necessary.

- (d) Working with mental health professionals to assess the array of available interventions.
- (e) Reviewing and/or correcting incorrect or disputed information; and
- (f) Reviewing reports as necessary.

The Committee shall be chaired by the Deputy Superintendent of Management Services and be comprised of:

- (a) 3 Captains from the Department named by the Deputy Chief of Field Operations for a term of one year.
- (b) The Early Intervention Unit Director.
- (c) The Information Technology Section Director; and
- (d) The Superintendent's Chief of Staff (or Deputy Chief of Staff as designated by the Superintendent).

**Intervention**—Leadership engagement with members based on their status as having deviated from the statistical norm in the INSIGHT system or based on a supervisory-driven effort with the purpose of impacting behavior that could potentially lead to problems for a member and the Department. Intervention may take the form(s) of re-training, meeting with a supervisor, meeting with the Captain, assignment change, other supervised, monitored, and documented action plans, or “no action.”

**Mentoring**—Efforts by a supervisor to personally engage, as an advisor, with a subordinate for the purpose of training, teaching, or advising to positively influence at-risk behavior or improve job performance.

**Peer Group**—A grouping of Department personnel based on the similarity of the work they perform and similarity in work related characteristics or circumstances that allow INSIGHT to make meaningful and statistically valid comparisons. (See: **Appendix B - NOPD INSIGHT Peer Groups.**)

**Threshold Alert/Event**—An INSIGHT initiated alert action that results from a member statistically deviating from the established statistical norm (a “threshold”) of other members in his/her Peer Group. Threshold alerts notify a Captain that a member's actions have significantly and statistically deviated (measured in standard deviations) from the baseline behavior in his/her Peer Group. This behavior may be either “negative” or “positive.” Threshold alerts are intended to notify and engage a member's Captain and direct supervisor in a discussion about the behavior and whether intervention may be warranted. INSIGHT also includes count-based thresholds for which a threshold event results when a member exceeds a count-based threshold. A list of thresholds is included in **Appendix C – INSIGHT Thresholds.**

**Manual Employee Review**—An INSIGHT review process that is initiated by a member's supervisor.

**Threshold Measures**—A set of comparative data points selected to measure a member's actions. Thresholds are expressed in the form of a count or a ratio. A complete list of Thresholds appears in **Appendix C – INSIGHT Thresholds.**

## **POLICY STATEMENT**

1. INSIGHT shall be utilized to review, monitor, evaluate, and audit the work history and performance of Department members.
2. INSIGHT accesses existing Department data including, but not limited to, Electronic Police Reports, Field Interview Cards, member assignment, promotion history, attendance, discipline, awards and commendations, training, uses of force, vehicle

pursuits, and other source databases listed in **Appendix A – INSIGHT Source Databases**.

3. The use of information contained in INSIGHT shall be in compliance with all applicable laws and Department regulations and shall be regarded as **confidential**. Each member shall be allowed to view his/her own information as well as the information contained on any subordinate under his/her command.
4. The software, responsibility for entry, timeframe for entry, when the data will be available in the INSIGHT warehouse for viewing and reference Chapters are all outlined in **Appendix F – NOPD Data Entry Protocol – Insight** attached to this Chapter.
5. INSIGHT conducts comparative data analysis on Peer Groups to determine if pre-designated thresholds were exceeded thereby necessitating supervisory review. The reviewing supervisor may recommend an appropriate intervention to modify or mitigate the identified behavior.

### **INSIGHT SYSTEM ANALYSIS AND INTERVENTION OPTIONS**

6. When an event or other particularized information is entered into one of the source systems listed in **Appendix A**, INSIGHT will conduct comparative data analysis within peer groups as defined in **Appendix B – INSIGHT Peer Groups**.
7. Peer groups are not utilized to capture temporary work such as Mardi Gras assignments and other temporary internal re-assignments. If an individual has been temporarily re-assigned for thirty (30) days or more, the member's "permanent" assignment should change in ADP. The temporarily reassigned member's Captain is responsible for ensuring the reassignment is changed in ADP as soon as it takes place.
8. Once INSIGHT conducts a comparative data analysis, the system will determine if that member's actions have exceeded the established threshold(s) that requires a supervisory review. A list of all thresholds in INSIGHT are noted in **Appendix C – INSIGHT Thresholds**.
9. During the supervisory review, the identified member's immediate supervisor may recommend an intervention to correct the identified behavior. Supervisors shall select one or more listed interventions. The recommended interventions shall be supported by a narrative and additional comments should be added to the intervention documentation during the course of the intervention and after the conclusion of an intervention to document its effectiveness. Interventions available include:
  - (a) **No further action:** Selected when, after the supervisory assessment, no pattern of at-risk behavior was identified OR appropriate action was taken prior to the activation of the threshold (e.g., training provided, informal meeting with supervisor). This may not be selected in combination with any other intervention.
  - (b) **Commendation:** Selected when, after the supervisory assessment, the behavior is deemed worthy of Department recognition. This may not be selected in combination with any other intervention.
  - (c) **Informal meeting with supervisor:** Selected when, after the supervisory assessment, the supervisor meets with the member and conducts an informal meeting that does not result in any further action.
  - (d) **Training:** Selected when the supervisory assessment identifies a need for training. The supervisor shall document the type of training and reason for the training in the narrative section of INSIGHT. It is the supervisor's responsibility to contact the Early Intervention Unit (EIU) to schedule the required training. All training shall be entered into the Departmental training database (SABA) by the training provider.
  - (e) **Supervisory evaluation period:** Selected when the supervisory assessment

- determines that the member needs mentoring and a dedicated monitoring period by the supervisor. The supervisor will select an appropriate review period (i.e., 30, 60, or 90 days) and will document the status and efficacy of the mentoring in a cumulative final assessment at the conclusion of the review period.
- (f) **Modified duties:** Selected when the supervisory assessment identifies the need for a modification of the member's duties.
  - (g) **Meeting with the Captain:** Selected when the supervisory assessment determines that the member needs a formal meeting with the member's Captain.
  - (h) **Re-assignment/Transfer:** Selected when the supervisor's assessment determines that the member should be removed from his/her present duties and placed into a different duty assignment. If an internal transfer (within the same Command) is deemed appropriate, the member's Captain shall be responsible for determining the new assignment. If a transfer outside their command is deemed appropriate, the member's Captain shall confer and request authority from the respective Bureau Chief(s) concerned.
  - (i) **OAP consultation:** Selected when the supervisory assessment identifies that the member would benefit by referral for counseling services. The supervisor shall mark the document(s) "**Confidential**" at the top of the narrative section. The member shall be responsible for contacting the Officer Assistance Program. (See: **Chapter 22.2.6 – Officer Assistance Program: Employee Mental health Services** and **Chapter 22.2.7 – Officer Assistance Program: Critical Incident Stress Management**).

#### INSIGHT SYSTEM DESIGN AND FUNCTIONALITY (WORKFLOW)

10. INSIGHT receives data from the source systems (Appendix A) nightly. Once the data is received, INSIGHT automatically conducts a comparative data analysis and identifies any thresholds which have been exceeded.
11. INSIGHT facilitates the routing of information to the appropriate members based on the workflow described below.
12. When an INSIGHT threshold is exceeded, INSIGHT provides a pre-determined set of information to facilitate a comprehensive review of the INSIGHT threshold event and member by a supervisor.
13. INSIGHT has built-in audit logs that track all user actions to ensure the integrity of the information in the system.
14. Members have access to their own information, as well as any subordinates in their chain of command.
15. The Early Intervention Unit shall administer personnel groups with access to the following:
  - (a) Awards and commendations: Entered by Department supervisors.
  - (b) Personnel Jacket application: Synchronized from ADP records with added demographic information entered by MSB staff.
  - (c) Threshold administration: Administered by the Early Intervention Unit.
  - (d) Threshold interventions: Coordinated and tracked by the Early Intervention Unit based on determinations made by the employee's direct Supervisors.
16. INSIGHT threshold events are monitored by the Early Intervention Unit and shall follow the workflow and timelines below. If timelines are not met, the INSIGHT system generates a reminder to the appropriate Captain and the delinquent supervisor to complete the activity. Any further delay may result in disciplinary action.
17. Workflow with timelines:

- (a) INSIGHT threshold event alerted automatically by system or manually by a member's supervisor, notification sent to member's Captain.
- (b) Member's Captain or the Captain's administrative staff assigns the event to a particular Supervisor.
  - i. **Time to complete action:** 5 days after assignment.
- (c) Assigned Supervisor reviews materials.
- (d) The Supervisor shall meet with the affected Member. After meeting with the Member, the Supervisor shall finalize the recommendation and submit it through his/her chain of command for approval.
  - i. **Time to complete action:** 10 days after receiving the assignment  
(Meeting with Member must take place during this period.)
- (e) The supervisor's chain of command reviews the information and approves or rejects his/her recommendation.
  - i. If the chain of command rejects the recommendation, the event goes back to the Supervisor and step (c) begins again.
  - ii. If the chain of command approves the recommendation, the recommendation is sent to the Captain for final approval.
  - iii. **Time to complete action:** 8 days from receipt of the recommendation from the Supervisor.
- (f) Once the Captain approves the Reviewing Supervisor's recommendation, the recommendation is sent back to the Reviewing Supervisor for follow-on action, unless "No Further Action" is the approved recommendation.
- (g) The Supervisor should assist the member in scheduling and appearing for follow-on actions if necessary.
  - i. **Time to complete action:** 7 days from Captain's approval of intervention strategy.

18. Interventions available to Supervisors, and time to complete intervention strategies include:

- (a) **No further action:** Workflow is complete.
- (b) **Commendation:** Supervisor recommends a commendation through the INSIGHT Awards and Commendation system.
  - o **Time to complete action:** 7 days from receipt of assignment.
- (c) **Informal meeting with Supervisor:** Workflow is complete as a result of the meeting between the Member and Supervisor.
  - o **Time to complete action:** 15 days from Intervention approval by Captain.
- (d) **Training:** The supervisor shall schedule and coordinate the required training. Once the member completes the training, the supervisor shall ensure SABA is accurate. Trainings hosted by the Academy will show in Insight once the Academy awards the corresponding certificate to the member in SABA. For trainings that are not hosted by the Academy, the member's supervisor shall create a SABA certificate for the training and award the certificate to the member.
  - o **Time to complete action:** 150 days from Intervention approval by Captain.
- (e) **Supervisory monitoring period:** The Captain and Supervisor shall determine a period of monitoring (i.e., 30, 60, or 90 days) and enter monitoring reports and/or a summary report to close the item. The EIU shall monitor for system documentation and completion.
  - o **Time to complete action:** monitoring period (30-90 days) from Intervention approval by Captain.
- (f) **Modified duties:** The Supervisor, in coordination and with the authority of the Captain shall modify the employee's duties.
  - o **Time to complete action:** 7 days from Intervention approval by Captain.

- (g) **Meeting with the Captain:** The Captain shall schedule a meeting with the member.
- o **Time to complete action:** 14 days from Intervention approval by Captain.
- (h) **Re-assignment: Internal Reassignment:** The Captain shall re-assign the member and work with Personnel to update the assignment information in the member's file. **External Reassignment:** The Captain shall formally request a Transfer of the Member through the appropriate Bureau Chief.
- o **Internal Re-assignment Time to complete action:** 7 days from Intervention approval by Captain.
  - o **External Re-assignment Time to complete action:** 21 days from Intervention approval by Captain.
- (i) **OAP Consultation Recommendation:** The Supervisor shall notify the Officer Assistance Program Director of the determination that a consultation is recommended. Once the Supervisor has recommended OAP to the affected member and contacted OAP, he/she must mark the Intervention Strategy from 'planned' to 'complete.'
- o **Time to complete action:** 7 days from Intervention approval by Captain.

## CAPTAIN RESPONSIBILITIES

19. Captains are responsible for reviewing INSIGHT reports of members under their command regularly and must review broader, pattern-based reports (see Appendix E) at least quarterly. For the quarterly reviews, Captains shall review the supervisor dashboard and threshold reports to identify any trends meriting concern or commendation. If a Captain identifies areas of concern at any time, the Captain shall initiate a manual employee review, monitor the intervention, and may remark upon the results of the intervention in the employee's annual performance evaluation. Manual employee reviews in Insight shall be handled in the same manner as all other INSIGHT threshold events in accordance with this chapter and departmental policy.
20. Captains shall review INSIGHT records, with special attention to the INSIGHT "Employee Activity Report" and the "Employee Summary Report" of all members upon transfer to their command.
21. Captains are responsible for:
- (a) Assigning INSIGHT threshold events to the appropriate Direct Supervisor for review.
  - (b) Approving or rejecting the reviewing Supervisor's recommendations.
  - (c) Completing their specific responsibilities for all interventions.
  - (d) Ensuring the timely completion of all INSIGHT reviews of members under their command.
  - (e) Maintaining accurate chain-of-command through ADP Enterprise.

## MEMBER RESPONSIBILITIES

22. Members are responsible for monitoring their INSIGHT information on a regular basis to ensure the completeness and accuracy of the information contained within the system.
23. Members are also responsible for the completion of all assigned, specific actions or instructions outlined by the reviewing Supervisor in the time provided for interventions described above.

24. If, during the member's regular review of their own INSIGHT information, he/she discovers any INSIGHT information that should be corrected, the member should follow the steps described in the "Incorrect or Disputed Information" section below.
25. If a member disagrees with the Supervisor's documentation of an INSIGHT threshold event, employee review, or a subsequent recommendation, the member shall present the disagreement to his/her chain of command.

### **SUPERVISOR RESPONSIBILITIES**

26. INSIGHT driven meetings between supervisors and members are NOT internal investigations. Supervisors should treat any meetings with subordinates as generalized welfare and member issue discussions. They should not ask specific questions which would require the member to report on an ongoing investigation, trigger a member's Fifth Amendment rights or violate the Louisiana's Police Officer Bill of Rights (La. R.S. 40:2351, "Rights of Law Enforcement Officers While Under Investigation.") They may focus on the surrounding issues that do not touch on ongoing investigations. INSIGHT meetings are not disciplinary, and their goal is not to elicit statements relative to discipline or misconduct.
27. Supervisors are responsible for the timely completion of all actions and interventions assigned to them as described above in the workflow.
28. When making a recommendation, Supervisors shall thoroughly review all information provided by INSIGHT. During their review, Supervisors should consider the member's peer group, the nature of the assignment, and the specific details of the INSIGHT threshold event.
29. The Supervisor shall include a narrative supporting their recommendation in INSIGHT. The narrative should include any information obtained from their review of the materials provided by INSIGHT, as well as from their personal observations as the member's supervisor.
30. If the Supervisor must meet with the member during their review, they must do so in the time allotted and in a private location. The Supervisor shall ensure the employee has an opportunity to discuss the issue under review.
31. Supervisory review of INSIGHT is integral to providing close and effective supervision. Supervisors are responsible for regularly reviewing INSIGHT reports of members under their command and must review broader, pattern-based reports (Appendix E) at least quarterly. For the quarterly reviews, supervisors shall review the supervisor dashboard and threshold reports to identify any trends meriting concern or commendation. If a supervisor identifies areas of concern at any time, the supervisor shall initiate a manual employee review, monitor the intervention, and may remark upon the results of the intervention in the employee's annual performance evaluation. Manual employee reviews shall be handled in the same manner as all other INSIGHT threshold events in accordance with this chapter and departmental policy.
32. Supervisors shall use INSIGHT, especially the "Employee Activity Report" and the "Employee Summary Report", for assistance in conducting member performance evaluations. Supervisors shall review interventions and other performance indicators while conducting performance evaluations.
33. Supervisors shall notify their Captain if the chain-of-command needs to be updated in ADP Enterprise.

### **MANAGEMENT SERVICES BUREAU RESPONSIBILITIES**

34. The Deputy Superintendent of the Management Services Bureau shall provide approval

of any change in a member's access rights to the INSIGHT system if the employee is receiving viewing rights outside of their chain of command. This includes those members with ad-hoc reporting access. Only members authorized by the Deputy Chief of the Management Services Bureau may view INSIGHT threshold event or member-level information for all Department members.

### **PERFORMANCE STANDARDS AND ACCOUNTABILITY BUREAU RESPONSIBILITIES**

35. The Performance Standards and Accountability Bureau may review and compile ad-hoc reporting of data from INSIGHT as necessary to demonstrate compliance with the Consent Decree, conduct internal audits of the Department, or otherwise improve Department performance.

### **EARLY INTERVENTION UNIT (EIU) RESPONSIBILITIES**

36. The EIU, with support from the NOPD Information Technology Section, is responsible for:
- (a) Managing all access to INSIGHT, under the direction of the Deputy Chief of the Management Services Bureau.
  - (b) Managing INSIGHT roles and privileges as determined by the Deputy Chief of MSB.
  - (c) Managing standard and ad-hoc reporting.
  - (d) Providing INSIGHT "Help Desk" type support to all Department members.
  - (e) Coordinating delivery of INSIGHT – driven training at the Education and Training Division.
  - (f) Provisioning data from INSIGHT to the Department as necessary.
  - (g) Administering INSIGHT threshold events, threshold levels, peer groups, and intervention categories if the INSIGHT Executive Committee approves a change.
  - (h) Monitoring the workflow and ensuring the stable operation of the system.
  - (i) Monitoring the timely completion of all interventions and making necessary notifications to Command staff when necessary.
  - (j) Assessing the effectiveness of interventions for individual members, supervisors, and units, provided information pertaining to the interventions is not restricted by HIPPA.
  - (k) Evaluating the consistency (similar cases being treated similarly) and appropriateness (intervention matches seriousness of issue) of interventions across the department.
  - (l) Regularly review thresholds and recommend additional thresholds or improvements to existing thresholds to the INSIGHT Executive Committee.

### **INSIGHT EXECUTIVE COMMITTEE RESPONSIBILITIES**

37. The INSIGHT Executive Committee shall meet every quarter to:
- (m) Support the overall management of Insight and address issues raised by EIU
  - (n) Review Peer groups, Threshold measures, Threshold levels for potential change/update.
  - (o) Review the overall utilization and effectiveness of available member interventions to tailor available intervention options and provide additional intervention options as necessary.
  - (p) Review reports as necessary.

### **INSIGHT SYSTEM TRAINING**

38. All members shall receive initial training from the Education and Training Division covering the protocols of INSIGHT to facilitate proper understanding and use of the system.
39. Supervisors, including Captains, shall be trained in the use of INSIGHT to complete the duties and functions required of them.
40. Supervisors, including Captains, shall be trained in evaluating and making appropriate comparisons to identify any significant individual or group patterns.

#### **AUTHORIZED REPORTING OF DATA FROM INSIGHT**

41. Data from INSIGHT may be used for conducting review of INSIGHT threshold events, facilitating close and effective supervision of members, and conducting performance evaluations.
42. All members are responsible for the security of the information and reports provided by INSIGHT and its source database systems. Release of information outside of that permitted under this Chapter is not authorized unless approved, in writing, by the Superintendent of Police or the member's respective Deputy Chief.
43. Reports from INSIGHT may be distributed electronically via e-mail, but only to those with access rights to the information to be sent. Supervisors shall not distribute reports of subordinates to other subordinates, outside the Department or outside of their chain-of-command without express written consent of a Deputy Superintendent.

#### **INCORRECT OR DISPUTED INFORMATION**

44. A member may dispute any information in his/her INSIGHT reports originating from the source systems (see Appendix A) through use of the **INSIGHT Data Correction Form**, which is available in the INSIGHT application. The form shall include a thorough description of the disputed information, with all supporting documentation attached.
45. The Early Intervention Unit shall coordinate the **INSIGHT Data Correction Form** workflow and shall ensure all such forms are processed.

#### **INSIGHT RECORD KEEPING**

46. All information about a member shall be maintained in INSIGHT for at least five years following the member's separation from the Department except when otherwise prohibited by law.
47. INSIGHT shall keep information for statistical analysis indefinitely.
48. All INSIGHT data shall be maintained in a secure and confidential manner.

**APPENDIX A: INSIGHT SOURCE SYSTEMS**

Information from the following systems is loaded into the INSIGHT data warehouse nightly and forms the basis for intervention analytics:

<b>ADP – NOPD Human Resources and Timekeeping system</b>
<b>EPR – NOPD Electronic Police Reports system</b>
<b>FIC – NOPD Field Interview Cards system</b>
<b>CAD – Orleans Parish Communications District dispatch system</b>
<b>IAPro – NOPD Public Integrity Bureau internal affairs system</b>
<b>SFL – Supervisor Feedback Log</b>
<b>SABA – NOPD Training and Certification system</b>
<b>K9 – NOPD Canine deployment application</b>
<b>InTime – Secondary Employment/Detail tracking system</b>
<b>Inventory – NOPD property inventory tracking system</b>
<b>Awards and Commendations – NOPD digital awards and commendations workflow and tracking</b>

**APPENDIX B: NOPD INSIGHT PEER GROUPS**

<b>Peer Groups</b>
Patrol - 1st Platoon (PO/Sgt./Lt.)
Patrol - 2nd Platoon (PO/Sgt./Lt.)
Patrol - 3rd Platoon (PO/Sgt./Lt.)
All NOPD (All Ranks/Positions)
District Investigations/Detectives
District DIU Task Force
HQ Investigative
Special Enforcement (Narcotics/Gang/Tac.)
Mounted
Canine
Traffic Enforcement
Restricted Duty/Admin/Special Assignment/Other
Reserve
Captains and Majors
Civilian
Lieutenants
Sergeants

**APPENDIX C: INSIGHT THRESHOLDS/MEASURES**

<b>Threshold Measure</b>	<b>Type</b>
Positive: Citizen Positive Report	Count
Positive: Squad Low Citizen Complaint to Arrest	Ratio
Arrest with Additional Charges with Use of Force	Count
Citizen Complaints	Count
Citizen Complaints to Arrests	Ratio
Citizen Complaints to Reports	Ratio
Civil Lawsuits	Count
Civil Lawsuits to Reports	Ratio
Decline-to-Prosecute to Arrest	Ratio
K9 Bite to Deployment	Ratio
Protective Orders Filed	Count
Sick Leave Hours Used	Count
Squad Use-of-Force to Arrest	Ratio
Use-of-Force to Arrest (Non-Major Crimes)	Ratio
Use-of-Force to Arrest (Violent Crimes)	Ratio
Vehicle Accidents	Count
Vehicle Pursuits	Count

## APPENDIX D: INSIGHT THRESHOLD ALERT AND MANUAL EMPLOYEE REVIEW WORKFLOW

Process Step	Action	Timer
Start	System (threshold alert) or supervisor initiates review process (manual employee review)	0 days
Step 1	The Captain assigns review to supervisor	5 days
Step 2	Reviewing supervisor determines course of action and makes recommendations.	10 days
Step 3	Reviewing supervisor's chain of command reviews supervisor's course of action and recommendations	6 days
Step 4	Captain approves course of action and recommendations	2 days
Step 5	Reviewing supervisor updates follow-on actions	7 days
End	Process complete	30 Days

**APPENDIX E: EMPLOYEE ACTIVITY REPORT – ACTIVITY COUNTS**

<b>Activity Counts</b>					
<b>Activity Type</b>	<b>Employee Count</b>	<b>Management Services Bureau Average</b>	<b>All NOPD Average</b>	<b>All NOPD without ADD Average</b>	<b>Civilian Average</b>
Awards & Commendations	0.000	0.000	0.097	0.102	0.007
Field Interviews	0.000	0.111	57.189	58.526	0.099
Arrests	0.000	0.000	21.422	22.178	0.048
CAD Items	0.000	0.000	420.722	428.245	0.815
Citations	0.000	0.056	17.503	17.498	0.024
Police Reports	0.000	0.000	84.701	82.288	6.003
Complaints	0.000	0.056	0.456	0.454	0.130
Use of Force	0.000	0.000	0.983	1.008	0.017

Average Number of Employees	N/A	18	1510	1411	292

## Appendix F: NOPD Data Entry Protocol – Insight

CD 320:

a) all uses of force, including critical firearm discharges, both on-duty and off-duty

<b>Software</b>	BlueTeam (IAPro)
<b>Who enters the data?</b>	Supervisors of officers that use force and the Force Investigation Team
<b>When do they enter the data?</b>	Supervisors are required to initiate a BlueTeam by ETOD or their next TOD (Ch 1.3.6)
<b>When does Insight show the data?</b>	Two days after supervisors initiate the BlueTeam report and list the involved officers and indicate the force types used.
<b>Where stated in policy?</b>	Chapter 1.3.6.

b) the number of ECW units in use (This also the member assigned, date, etc.?)

<b>Software</b>	Property App
<b>Who enters the data?</b>	Academy staff assigned to ECWs
<b>When do they enter the data?</b>	When they make a new ECW assignment or a change to an ECW assignment
<b>When does Insight show the data?</b>	When the new assignment is made in the property app
<b>Where stated in policy?</b>	Internal to MSB's Education & Training Division

c) each canine officer's canine bite ratio

<b>Software</b>	Blue Team (IAPro)
<b>Who enters the data?</b>	Special Operations Division Supervisors
<b>When do they enter the data?</b>	Supervisors are required to initiate a BlueTeam by ETOD or their next TOD (Ch 1.3.6)
<b>When does Insight show the data?</b>	Two days after supervisors initiate the BlueTeam report and list the involved officers and indicate the force types used.
<b>Where stated in policy?</b>	Chapter 41.22 – Canine, Chapter 1.3.6. – Reporting Use of Force

d) all injuries to persons in-custody, including in-custody deaths

<b>Software</b>	EPR
<b>Who enters the data?</b>	Officers making arrests and supervisors approving arrest reports
<b>When do they enter the data?</b>	Officers are required to submit the EPR to their supervisors by the end of the shift. Supervisors are required to review the report in a timely manner (Ch 82.1).

<b>When does Insight show the data?</b>	Two days after the supervisor approves the EPR indicating an offender was injured or died in custody
<b>Where stated in policy?</b>	Chapter 1.24 – In-Custody Deaths & Chapter 1.3.6 – Reporting UOF & Chapter 1.3.2 - FIT

e) all instances in which force is used and a subject is charged with obstructing or resisting an officer, interfering with a law enforcement investigation, or similar charges

<b>Software</b>	Blueteam (IAPro)
<b>Who enters the data?</b>	Supervisors of officers that use force and the Force Investigation Team
<b>When do they enter the data?</b>	Supervisors are required to initiate a BlueTeam by ETOD or their next TOD (Ch 1.3.6)
<b>When does Insight show the data?</b>	Two days after supervisors initiate the BlueTeam report and list the involved officers, the force types used and list the arrested subjects' charges
<b>Where stated in policy?</b>	Chapter 1.3.6 – Reporting UOF & Chapter 1.3.2 - FIT

f) all misconduct complaints (and their dispositions)

<b>Software</b>	IAPro
<b>Who enters the data?</b>	Complaint Intake Personnel
<b>When do they enter the data?</b>	Within 14 days of receiving the complaint form
<b>When does Insight show the data?</b>	Two days after the allegation is entered into IAPro and an officer is listed at the accused
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation & PIB SOP

g) data compiled under the stop data collection mechanism

<b>Software</b>	Field Interview Card (FIC)
<b>Who enters the data?</b>	Officers and their Supervisors
<b>When do they enter the data?</b>	Officers are required to submit the FIC to their supervisor by the end of the shift. Supervisors are required to review the FIC within 72 hrs.
<b>When does Insight show the data?</b>	Two days after the FIC is created
<b>Where stated in policy?</b>	Chapter 42.12 - FIC

h) [part 1] all **criminal proceedings** initiated against an officer

<b>Software</b>	IAPro
-----------------	-------

<b>Who enters the data?</b>	PIB Staff
<b>When do they enter the data?</b>	As soon as they are informed of the criminal proceeding, which may include receiving a completed Form 349 from the accused/involved officer
<b>When does Insight show the data?</b>	Two days after the charges of the criminal proceeding are entered into IAPro
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation & PIB SOP

h) [2] ...all **civil lawsuits** served upon, the City and/or its officers or agents, resulting from NOPD operations or the actions of NOPD personnel

<b>Software</b>	IAPro
<b>Who enters the data?</b>	Complaint Investigators and Public Integrity Bureau staff
<b>When do they enter the data?</b>	As soon as they are informed of the lawsuit, which may include receiving a completed Form 349 from the accused/involved officer and the New Orleans Law Department provides the Public Integrity Bureau with a quarterly list of lawsuits that are then entered into IAPRO.
<b>When does Insight show the data?</b>	Two days after the civil lawsuit is entered into IAPro
<b>Where stated in policy?</b>	Rule 5 and Form 349

i) all judicial proceedings where an officer is the subject of a protective or restraining order

<b>Software</b>	IAPro
<b>Who enters the data?</b>	Complaint Investigators and PIB staff
<b>When do they enter the data?</b>	As soon as they are informed of the protective or restraining order
<b>When does Insight show the data?</b>	Two days after the protective or restraining order is entered into IAPro
<b>Where stated in policy?</b>	Rule 5 and Form 349

j) [1] all vehicle pursuits

<b>Software</b>	IAPro
<b>Who enters the data?</b>	MSB Fleet
<b>When do they enter the data?</b>	When they receive the pursuit report
<b>When does Insight show the data?</b>	Two days after it is entered into IAPro

<b>Where stated in policy?</b>	Chapter 41.5 – Vehicle Pursuits & MSB/Fleet management SOP
--------------------------------	--

j) [2] all...traffic collisions involving NOPD equipment

<b>Software</b>	IAPro
<b>Who enters the data?</b>	MSB Fleet
<b>When do they enter the data?</b>	When they received the accident report
<b>When does Insight show the data?</b>	Two days after it is entered into IAPro
<b>Where stated in policy?</b>	Chapter 13.22 – Crash Review Board & Chapter 17.3 – Department Owned and Personal Property

k) all loss or theft of NOPD property or equipment in the custody of the employee, including currency, firearms, force instruments, and identification cards;

<b>Software</b>	Property App
<b>Who enters the data?</b>	<ul style="list-style-type: none"> <li>• E&amp;TD staff are the Property App users for CEWs and firearms</li> <li>• SOD staff are the Property App users for special tactical equipment</li> <li>• MSB staff are the Property App users for IDs and Credentials</li> <li>• NOPDTECH are the Property App users for computers and cell phones</li> <li>• EIU staff are the Property App users for all other types of property. EIU also enters Property App data for those who have not been trained to enter data.</li> </ul>
<b>When do they enter the data?</b>	As soon as he/she, the Property App user, learns of the missing property. PSAB tracks EPRs indicating lost or stolen NOPD property.
<b>When does Insight show the data?</b>	When the missing currency is entered into the Property App
<b>Where stated in policy?</b>	Chapter 17.3

l) all interviews or interrogations in violation of NOPD policy

<b>Software</b>	IAPro
<b>Who enters the data?</b>	PIB Intake Personnel
<b>When do they enter the data?</b>	Within 14 days of learning of the complaint.

<b>When does Insight show the data?</b>	Two days after an allegation is attributed to an officer in IAPro, the directive of the allegation contains “miranda” or “interrogat,” and the allegation is Sustained
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation & PIB SOP

m) [1] all instances in which NOPD learns or is informed by a prosecuting or judicial authority that a declination to prosecute any crime was based upon concerns about the credibility of an NOPD employee

<b>Software</b>	SFL
<b>Who enters the data?</b>	The supervisor of the officer whose charges were refused due to credibility concerns
<b>When do they enter the data?</b>	When they learn of the refused charges from the FOB Lt who receives the refusals from the DA. Additionally, a PSAB PSS supervisor contacts the DA monthly in writing inquiring about credibility refusals.
<b>When does Insight show the data?</b>	When the SFL with Issue “Decline to Prosecute” is accepted by the reviewing supervisor
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation, PIB SOP, Chapter 42.15 – Arrest Case Management and District Attorney Screening, Chapter 1.2 – Disclosure Obligations

m) [2] all instances in which... a motion to suppress evidence was granted on the grounds of a constitutional violation by an NOPD employee

<b>Software</b>	SFL
<b>Who enters the data?</b>	The supervisor of the officer whose evidence was suppressed
<b>When do they enter the data?</b>	When they learn of the suppressed evidence. Additionally, a PSAB PSS supervisor contacts the DA monthly in writing inquiring about suppressed evidence.
<b>When does Insight show the data?</b>	When the SFL with Issue “Evidence Suppressed” is accepted by the reviewing supervisor
<b>Where stated in policy?</b>	Chapter 1.2 – Disclosure Obligations

n) all disciplinary action taken against employees

<b>Software</b>	IAPro
<b>Who enters the data?</b>	PIB’s Quality Assurance Unit
<b>When do they enter the data?</b>	After the disciplinary hearing
<b>When does Insight show the data?</b>	Two days after the discipline is entered into IAPro
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation & PIB SOP

o) all non-disciplinary corrective action required of employees

<b>Software</b>	SFL
<b>Who enters the data?</b>	Supervisors
<b>When do they enter the data?</b>	After they redirect or counsel a subordinate
<b>When does Insight show the data?</b>	When the reviewing supervisor accepts the SFL entry
<b>Where stated in policy?</b>	Chapter 52.1.1 – Misconduct Complaint Intake and Investigation, Chapter 35.1.7 – Non-Disciplinary Responses to Minor Violations

p) all awards and commendations received by employees

<b>Software</b>	Insight
<b>Who enters the data?</b>	Any NOPD member, Captains, and PIO
<b>When do they enter the data?</b>	Any NOPD member can make a nomination. The member's Captain approves/disapproves the nomination. PIO updates the nomination based on the Awards Committee's decision. PIO adds the award date after the awards ceremony.
<b>When does Insight show the data?</b>	When the nomination is created
<b>Where stated in policy?</b>	Chapter 35.1.9 – INSIGHT

q) training history, including firearm qualification and other weapon certifications, for each employee

<b>Software</b>	SABA
<b>Who enters the data?</b>	Academy Personnel
<b>When do they enter the data?</b>	When they receive the attendance list from the course instructor.
<b>When does Insight show the data?</b>	After the course is listed as completed in SABA
<b>Where stated in policy?</b>	Chapter 33.1 – Training & Career Development

r) sick leave usage

<b>Software</b>	ADP
<b>Who enters the data?</b>	Employees, Supervisors, and MSB's Payroll Unit
<b>When do they enter the data?</b>	Every other week by the payroll deadline.

<b>When does Insight show the data?</b>	2-6 weeks after data entry in ADP
<b>Where stated in policy?</b>	Chapter 22.4 - Sick Leave

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 35.1.10

### TITLE: EARLY INTERVENTION UNIT (EIU)

**EFFECTIVE: 11/13/16**

**REVISED: 12/12/21**

---

#### PURPOSE

It is the policy of the New Orleans Police Department to provide members with the necessary support and training to ensure the finest personnel possible. The Early Intervention Unit (EIU) will manage and monitor outcomes and tracking of the INSIGHT System police management tool, designed to reduce risk of member misconduct by coordinating non-disciplinary, non-punitive interventions.

#### POLICY STATEMENT

1. The EIU will act as the coordination point for Department intervention and member support, including intervention management and tracking, reporting, liaison with Department units, IT system updates and changes to Thresholds, Peer Groups, and algorithms. The EIU will drive intervention strategies and liaison with other authorized early intervention stakeholders.

#### DEFINITIONS

**At-Risk behavior**—Any behavior exhibited by a member that represents actual or potential risk to the individual member(s), the Department, or the community.

**INSIGHT**—A New Orleans Police Department Human Resources and Personnel Management system and data warehouse that streamlines and integrates twelve existing NOPD IT systems or source databases (See: **Appendix A – INSIGHT Source Databases**) into a data warehouse and a single customized, next-generation police support system. INSIGHT promotes chain-of-command communication and intervention by assisting Departmental supervisors and management in becoming more effective in assessing member performance and in making management decisions.

**INSIGHT Executive Committee**—This Committee is responsible for:

- (a) Reviewing Peer groups, Threshold measures, Threshold levels for potential change/update.
- (b) Responding to recommendations from the Early Intervention Unit regarding changes to INSIGHT.
- (c) Reviewing the overall utilization and effectiveness of available member interventions to tailor available intervention options and provide additional intervention options as necessary.
- (d) Reviewing and/or correcting incorrect or disputed information; and

- (e) Reviewing reports as necessary.

The Committee shall be chaired by the Deputy Superintendent of Management Services and be comprised of:

- (a) 3 Captains from the Department named by the Deputy Chief of Field Operations for a term of one year.
- (b) The Early Intervention Unit Director.
- (c) The Information Technology Section Director; and
- (d) The Superintendent's Chief of Staff (or Deputy Chief of Staff as designated by the Superintendent).

**Intervention**—Leadership engagement with members based on their status as having deviated from the statistical norm in the INSIGHT system or based on a supervisory-driven effort with the purpose of impacting behavior that could potentially lead to problems for a member and the Department. Intervention may take the form(s) of re-training, counseling, assignment change, other supervised, monitored, and documented action plans, or “no action.”

**Mentoring**— Efforts by a supervisor to personally engage, as an advisor, with a subordinate for the purpose of training, teaching, or advising to positively influence at-risk behavior or improve job performance.

**Non-disciplinary corrective action**—Remedial and non-punitive instruction given by a supervisor to a subordinate employee or member on an individual basis. The purpose of Non-Disciplinary Counseling is to resolve the problem and correct the inappropriate behavior by providing guidance. The employee does not experience any loss of rights, remuneration, or benefits. Such non-disciplinary counseling, as well as the underlying minor violation/infraction, is documented within the Supervisor Feedback Log (SFL).

**Peer Group**—A grouping of Department personnel based on the similarity of the work they perform and similarity in work related characteristics or circumstances which allow INSIGHT to make meaningful and statistically valid comparisons. (See: **Chapter 35.1.9 - Appendix B - NOPD INSIGHT Peer Groups.**)

**Threshold Measures** - a set of comparative data points selected to measure a member's actions. Thresholds are expressed in the form of a count or a ratio. A complete list of Thresholds appears in **Chapter 35.1.9 - Appendix C.**

**Threshold Alert/Event**—An INSIGHT initiated alert action that results from a member statistically deviating from the established statistical norm (a “threshold”) of other members in his/her Peer Group. Threshold alerts notify a Commander that a member's actions have significantly and statistically deviated (measured in standard deviations) from the baseline behavior in his/her Peer Group. This behavior may be either “negative” or “positive.” Threshold alerts are intended to notify and engage a member's Captain and direct supervisor in a discussion about the behavior and whether intervention may be warranted. INSIGHT also includes count-based thresholds for which a threshold event results when a member exceeds a count-based threshold. A list of thresholds is included in **Chapter 35.1.9 - Appendix C – INSIGHT Thresholds.**

## STAFFING

2. The Early Intervention Unit will be a part of the Management Services Bureau. Unit analysts will be under the direct supervision of the Early Intervention Unit Director who shall report directly to the Deputy Chief of MSB.
3. The office will be staffed during regular business hours to best communicate with other Departmental administrative support personnel and units.

**EARLY INTERVENTION UNIT STAFF RESPONSIBILITIES**

4. EIU staff shall:
  - (a) Monitor INSIGHT alerts and actions to ensure they are properly addressed to completion.
  - (b) Ensure members identified for intervention complete recommended actions.
  - (c) Coordinate with the INSIGHT Executive Committee to effect necessary assignment changes.
  - (d) Coordinate with the Education & Training Division to ensure refresher trainings are offered and attended as required through INSIGHT findings.
  - (e) Monitor, track and recommend adjustments to INSIGHT algorithms to ensure that the system and process are effectively meeting the needs of the Department without unduly generating Alerts.
  - (f) Collaborate with the Deputy Chief of MSB to ensure that the New Orleans Police Department is effectively supporting members in a manner that prevents acts/omissions which could lead to discipline.
  - (g) Communicate program aggregates and produce reports as directed by the Deputy Chief of MSB.
  - (h) Ensure that the ADP Personnel/Payroll System is properly maintained in terms of personnel assignment, budget codes, direct supervisor, and chain of command, as the INSIGHT system functionality is directly dependent on this information to function properly.
  - (i) Assess the effectiveness of interventions for individual members, supervisors, and units, provided information pertaining to the interventions is not restricted by HIPPA.
  - (j) Evaluate the consistency (similar cases being treated similarly) and appropriateness (intervention matches seriousness of issue) of interventions across the department.
  - (k) Manage INSIGHT roles and privileges as determined by the Deputy Chief of MSB.
  - (l) Regularly review thresholds and recommend additional thresholds or improvements to existing thresholds to the INSIGHT Executive Committee.
  - (m) Provide INSIGHT "Help Desk" type support to all Department members.
  - (n) Administer INSIGHT threshold events, threshold levels, peer groups, and intervention categories if the INSIGHT Executive Committee approves a change.
  - (o) Monitor the workflow and ensuring the stable operation of the system.

**EARLY INTERVENTION UNIT – UNIT ANALYST RESPONSIBILITIES**

5. EIU Unit Analysts shall:
  - (a) Serve under the direction of the Early Intervention Unit Director.
  - (b) Ensure confidentiality and maintain INSIGHT data and information on a "need to know" basis.
  - (c) Perform research and deliver reports as directed.
  - (d) Provide input and analysis for the Early Intervention Executive Committee.
  - (e) Create and deliver INSIGHT/Early Intervention reports as directed by the EIU Director.
  - (f) Engage and coordinate Department Interventions to ensure that directed activities and assignments are completed and noted in the INSIGHT system.
  - (g) Perform quality checks to ensure that the ADP system is maintained in terms of correct Budget codes and direct supervisor data, thereby maintaining the programmatic chain of command used by INSIGHT.
  - (h) Coordinate with the City of New Orleans Finance Department, ITI, NOPD IT Director and other authorities to ensure proper functioning and maintenance of the INSIGHT system and Data Warehouse.

- (i) Perform regular quality checks on INSIGHT feeder systems and work with the New Orleans Finance Department, ITI, NOPD IT Director and other authorities to address issues including:
  - i. Use of Force data through BlueTeam workflow to the PIB IAPro system.
  - ii. Canine data.
  - iii. Orleans Parish District Attorney data.
  - iv. SABA data.
  - v. EPR/FIC data.
  - vi. Orleans Parish Communications District CAD System.
  - vii. New Orleans Office of Police Secondary Employment (OPSE) for InTime details data.
- (j) Convene and supervise monthly INSIGHT intervention reviews to:
  - i. Review new cases since the last monthly review.
  - ii. Update progress on open intervention cases.
  - iii. Review and formally close all completed cases.
- (k) Update INSIGHT threshold event information for “Training” and “Counseling” interventions when the appropriate notification and documentation is received.

### **EARLY INTERVENTION UNIT DIRECTOR RESPONSIBILITIES**

- 6. The Director of the Early Intervention Unit shall report to the Deputy Chief of MSB and shall be responsible for the following:
  - (a) Serve as a member of the Early Intervention Executive Committee.
  - (b) Supervise and direct Early Intervention Analysts.
  - (c) Ensure confidentiality and maintain INSIGHT data and information on a “need to know” basis.
  - (d) Act as steward of NOPD INSIGHT Data Warehouse and approve access only as authorized, in writing, by the Deputy Chief of MSB.
  - (e) Supervise creation and delivery of INSIGHT/Early Intervention reports.
  - (f) Supervise Department interventions to ensure that directed activities and assignments are completed and noted in the INSIGHT system.
  - (g) Supervise and direct quality checks to ensure that the ADP system is maintained in terms of correct Budget codes and direct supervisor data, thereby maintaining the programmatic chain of command used by INSIGHT.
  - (h) Supervise Coordination with the Officer Assistance Program for INSIGHT-driven counseling recommendations.
  - (i) Coordinate with the City of New Orleans Finance Department, ITI, NOPD IT Director and other authorities as needed to ensure proper functioning and maintenance of the INSIGHT system and Data Warehouse.
  - (j) Supervise and direct quality checks on INSIGHT feeder systems and work with the City of New Orleans Finance Department, ITI, NOPD IT Director and other authorities as needed to address issues including:
    - i. Use of Force data through BlueTeam workflow to PIB IAPro system.
    - ii. Canine data.
    - iii. Orleans Parish District Attorney data.
    - iv. SABA data.
    - v. EPR/FIC data.
    - vi. Orleans Parish Communications District CAD System.
    - vii. New Orleans Office of Police Secondary Employment (OPSE) for InTime details data.
  - (l) Convene and supervise monthly INSIGHT intervention reviews to:
    - i. Review new cases since the last monthly review.
    - ii. Update progress on open intervention cases.
    - iii. Conduct a summary review and formally close all completed cases.
  - (m) Working with mental health professionals to assess the array of available interventions.

**INSIGHT EXECUTIVE COMMITTEE**

7. The INSIGHT Executive Committee shall meet on the first Tuesday of every quarter to reviewing:
  - (a) Peer Groups, Threshold Measures, and Threshold Levels for potential changes and/or updates,
  - (b) The overall utilization and effectiveness of available member interventions to tailor available intervention options and provide additional intervention options as necessary,
  - (c) Forward incorrect or disputed information and recommend corrections to Deputy Chief of MSB for approval,
  - (d) Review reports as necessary.
  
8. The INSIGHT Executive Committee shall be chaired by the Deputy Superintendent of the Management Services Bureau (MSB) and be comprised of:
  - (a) 3 Captains from the Department named by the Deputy Chief of Field Operations for a term of one year,
  - (b) The Early Intervention Unit Director,
  - (c) The Information Technology Section Director, and
  - (d) The Superintendent's Chief of Staff (or Deputy Chief of Staff as designated by the Superintendent).

**THRESHOLD ALERT INTERVENTION**

9. Threshold Alert Intervention Options – are as follows:
  - (a) **No further action:** The Alert is closed, no further action
  - (b) **Commendation:** Submit member for consideration for an Award/Commendation in the INSIGHT system
  - (c) **Informal meeting with supervisor:** Supervisor will meet with member to offer counsel and informal training on the perceived area of concern; results documented in INSIGHT.
  - (d) **Training:** The member identified by an alert will be referred to remedial/re-training in the area of concern
  - (e) **Supervisory monitoring period:** Supervisor will closely monitor the member identified by an alert during an evaluation period to note improvement/ongoing problems in the area concerned.
  - (f) **Modified duties:** The member identified by an alert will be re-assigned within the same command under the authority of the Captain
  - (g) **Meeting with the Captain:** The member identified by an alert will meet in a one-on-one session with the Captain with the intent to modify and improve member performance.
  - (h) **Re-assignment/Transfer:** The member identified by an alert may be transferred out of Command under the authority of the Superintendent to improve performance and lower risk to the Department
  - (i) **Counseling:** The member identified by an alert will be scheduled to meet with the Officer Assistance Program Director of the determination that counseling is required.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.1

### TITLE: DISTRICT PATROL FUNCTION

**EFFECTIVE: 01/14/2018**

**REVISED: 11/15/19**

---

#### PURPOSE

The purpose of this Chapter is to define the principal functions of the Field Operations Bureau police Districts to ensure intra-organizational cooperation and information sharing.

#### GENERAL DISTRICT PATROL FUNCTIONS

1. District patrol officers shall:
  - (a) Patrol in clearly marked vehicles.
  - (b) Patrol assigned geographic areas of the City of New Orleans.
  - (c) Identify community needs.
  - (d) Provide support and assistance to the community.
  - (e) Respond to calls for service and assistance.
  - (f) Act as a visible deterrent to crime.
  - (g) Enforce state and local laws as directed by regulation or supervisors.
  - (h) Respond to emergencies 24 hours a day, seven days a week.
  
2. District patrol officers shall provide services within the limits of available District resources. These include:
  - (a) Patrol directed at the prevention of criminal acts.
  - (b) Patrol directed at the prevention and enforcement of traffic violations and traffic crashes.
  - (c) The maintenance of public order.
  - (d) The discovery of hazardous situations or conditions.
  - (e) Crime prevention activities and community presentations.
  - (f) Calls for service, both routine and emergency.
  - (g) Investigation of both criminal and non-criminal acts.
  - (h) The apprehension of criminal offenders.
  - (i) The sharing of information between the patrol and other bureaus within the Department, as well as other government agencies.
  - (j) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
  - (k) Traffic direction and control.

**INCIDENT REPORTS (EPR)**

3. An incident report (EPR) may be completed by any officer who receives criminal information. The report shall be processed and forwarded through the officer's regular supervisor approval and to the appropriate Bureau responsible for follow-up investigation (see: **Chapter 82.1 – Report Preparation**).
4. Incident Reports (EPR) will be completed, reviewed and approved by a supervisory officer as per **Chapter 82.1 - Report Preparation**.

**DISTRICT ROLL CALL AND ASSIGNMENTS**

5. District Platoon supervisors shall conduct Roll Call prior to the beginning of the tour of duty in accordance with **Chapter 41.2 – Roll Call**.
6. Distribute patrol assignments and vehicles.

**DISTRICT STAFFING AND ASSIGNMENT COVERAGE**

7. The Deputy Chief of the Field Operations Bureau or his/her designee shall utilize those members under his command, when necessary and designated as support units, to enhance city-wide coverage and assist district patrol units during days and times deemed necessary consistent with the principles of Unity of Command. (See also: **Chapter 11.0.1 – Duties and Responsibilities of District Commanders, Supervisory Members and Officers**).

**GEOGRAPHIC DIVISION OF FOB DISTRICTS**

8. The New Orleans Police Department divides the City of New Orleans geographically into eight (8) Police Districts each District commanded by a commissioned member of the rank of Police Captain.
  - (a) Each Police District Commander will assign supervisory and patrol officers, in the form of platoons, to maintain 24-hour-per-day coverage to their area of responsibility.
  - (b) District Commanders will ensure sufficient patrol personnel and supervisors are assigned each day to adequately cover their area of responsibility (within limits of assigned staffing levels).
  - (c) Non-emergency requests for annual leave by District members shall be submitted through the chain of command with 30-day notice to allow adequate scheduling of personnel.
  - (d) Regular days off (A.W.P. days) will be scheduled to ensure sufficient staffing coverage each day (within limits of assigned staffing levels).
  - (e) District Commanders will ensure each platoon begins their tour of duty with a formal roll call as specified and outlined in **Chapter 41.2 – Roll Call**.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.1.1

### TITLE: UNUSUAL OCCURRENCES

**EFFECTIVE: 04/08/2018**

**REVISED: Replaces Policy/Procedure 400**

---

#### PURPOSE

The purpose of this Chapter is to provide guidance to ensure intra-organizational cooperation and information sharing when dealing with unusual occurrences such as protests, demonstrations, civil disturbances, and terrorism.

#### DEFINITIONS

**Civil Protest/Demonstration**—A person or persons who overtly take a public action to physically demonstrate their/his/her views concerning the support, contradiction or other statement or issue involving politics, government, law enforcement, etc.

**Civil Disturbance**—Any incident which disrupts a community where law enforcement intervention is required to maintain public safety. Civil disturbances may consist of riots, demonstrations, strikes, sit-ins, or mass acts of criminal damage or violence.

**Terrorism**—The unlawful use of force or violence against persons or property to intimidate or coerce a government, the civilian population, or any segment thereof in furtherance of political or social objectives.

#### POLICY STATEMENT

1. It is the goal of the New Orleans Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism, including the use of force or violence in furtherance of political or social objectives as generally defined in 28 CFR 0.85(I) and R.S. 14:128.1.
2. The goal of the New Orleans Police Department is to make every reasonable effort to accurately and appropriately gather and report any information that may relate to assessing the hazards associated with and possible resource needs of incidents relating to crowds, events and gatherings.

#### THREAT LEVELS

3. The following threat levels provide a relative guide to facilitate clear communication between members when evaluating and assessing the hazards associated with and possible resource needs of incidents relating to crowds, events and gatherings.

**(a) LOW LEVEL:**

- i. The threat is vague and indirect;
- ii. Information within the threat is inconsistent, implausible or lacks detail;
- iii. Threat lacks realism; and
- iv. Content suggests group / person is unlikely to carry it out.

**(b) MEDIUM LEVEL:**

- i. Threat is more direct and more concrete than a LOW LEVEL threat;
- ii. Wording suggests threatening group / person has given some thought to how the act will be carried out;
- iii. General indication of a possible place and time (but not a detailed plan); and
- iv. Strong indication the threatening group / person has taken preparatory steps, although there may be some veiled reference or ambiguous or inconclusive evidence pointing to that possibility.

**(c) HIGH LEVEL:**

- i. The threat is direct, specific and plausible;
- ii. Threat suggests concrete steps have been taken toward carrying it out.

**THREAT TYPES**

4. The following threat types provide a relative guide to facilitate clear communication between members when classifying the hazards associated with and possible resource needs of incidents relating to crowds, events and gatherings:
  - (a) **DIRECT THREAT** – Identifies a specific act against a specific target and is delivered in a straightforward, clean and explicit manner.
  - (b) **INDIRECT THREAT** – Has a tendency to be vague, unclear, or ambiguous.
  - (c) **VEILED THREAT** – Strongly implies but does not explicitly threaten violence.
  - (d) **CONDITIONAL THREAT** – Warns that a violent act will happen unless certain demands or terms are met.

**HOMELAND SECURITY ISSUES AND TERRORISM**

5. District patrol officers shall advise a supervisor as soon as practicable of any activity believed to be civil protest / demonstration, civil disturbance or terrorism related and shall document such incidents in an incident report.
6. The notified supervisor shall ensure that the ISB - Specialized Investigations Division Commander is notified via Communications Services of all civil protest / demonstration, civil disturbance or terrorism field reports as soon as possible. ISB – Specialized Investigations Division shall coordinate the exchange of information and resource requests with local, regional, state and federal partners as appropriate.
7. All incident reports relating to possible activity believed to be civil protest / demonstration, civil disturbance or terrorism related shall be reviewed, corrected and approved prior to the member's end tour of duty (ETOD).
8. The reviewing and/or approving supervisor shall, upon approval of the report in EPR, notify the Commander of the ISB - Specialized Investigations Division and the Special Operations Division, Homeland Security Unit by departmental email of the incident gist and item number.
9. The Special Operations Division, Homeland Security Unit shall review all terrorism-related incident reports as soon as possible and notify the New Orleans Office of Homeland Security and other appropriate NOPD Divisions/Units when there is a reasonable suspicion that a terrorism threat exists.

**UNPLANNED CROWDS, EVENTS AND GATHERINGS**

10. District patrol officers may encounter gatherings of people, including but not limited to:
  - (a) Civil protest / demonstrations,
  - (b) Civil disturbances, and
  - (c) Un-permitted parades (those not granted permit by City thru Special Events Section of FOB).
11. District patrol officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present.
12. A District patrol supervisor shall be notified of the event once discovered and when it becomes reasonably foreseeable that such an event may require increasing monitoring, contact or intervention.
13. District patrol officers responding to an event or gathering that warrants law enforcement involvement or intervention shall:
  - (a) Notify his/her supervisor.
  - (b) Carefully balance the speech and association rights of those present with applicable public safety concerns before deciding to take enforcement action.
  - (c) Seek review and approval of enforcement action from his/her supervisor (if not on-scene) before taking action.
  - (d) Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.
14. District patrol officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when requests for voluntary compliance with the law is not achieved.
15. Absent exigent circumstances, District patrol officers shall request the presence of a supervisor on scene, brief the supervisor of conversations and actions already taken and obtain supervisory approval before taking enforcement action.

**RESPONSE TO PLANNED CIVIL DISTURBANCES**

16. ISB - Specialized Investigations Division - Intelligence Section members will conduct an analysis of all known / planned protest events in advance and will provide a written "Threat Assessment."
17. The Threat Assessment will be distributed to the:
  - (a) Commander of the ISB - Specialized Investigations Division,
  - (b) Deputy Chief of the Investigations and Support Bureau (ISB),
  - (c) Deputy Chief of the Field Operations Bureau,
  - (d) Affected District Commander(s), and
  - (e) The Special Operations Division Commander.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.1.2

### TITLE: UNIFORMED PATROL: PLATOON STRUCTURE, ASSIGNMENTS, AWP DAYS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 470**

---

#### PURPOSE

The purpose of this Chapter is to establish a general guideline for assigning officers to district platoon shifts, area assignments, and days off (AWP days).

#### DEFINITION

**Area Assignments (Beats)**—Areas of a police district, usually referred to as zones and sub-zones, having boundaries separated by street intersections, bodies of water, or other man-made or natural boundaries, for which patrol units are responsible for routine patrol and responding to calls for service.

**Days Off**—Those days when an officer is not scheduled to report for duty and is not utilizing any form of paid leave such as annual, sick, civil leave, etc. Usually referred to as AWP days or absent with pay days.

**District Platoon Shifts**—Those normally reoccurring consecutive hours within a police district where uniformed officers, assigned to a platoon, are responsible for routine patrol and responding to calls for service.

#### POLICY STATEMENT

1. Assignment of personnel within a District or Division shall be at the discretion of the Commander.
2. Commanders shall ensure an adequate number and distribution of officers are deployed to ensure core operations support community policing and problem-solving initiatives, that all neighborhoods have a regularly assigned officer who is familiar with the geographic area, its issues, problems, and community leaders; engages in problem identification and solving activities with the community members around the community's priorities; works proactively with other city departments to address quality of life issues; and is not assigned to answer calls to service absent exigent circumstances.

3. Assignments shall be made on an impartial basis. However, individuals possessing special policing skills, expertise or instruction may be utilized in areas which maximize the benefit to the Department.
4. Work assignments and working hours are subject to change as directed by orders from the Superintendent of Police, the Deputy Chief of Field Operation Bureau, the member's District Commander or his/her assigned supervisor or any Special Event Orders. Nothing in this Chapter shall prevent the modification of working days, working hours, or scheduling to address special events or circumstances (example: Mardi Gras, Super Bowl, natural or man-made disasters, visiting dignitaries, etc.).
5. All Field Operations Bureau District officers (including patrol, task force, district investigative, and narcotics units) shall be assigned to a single, consistent, and clearly-defined supervisor. **(Unity of Command)**
6. District Platoon Patrol supervisors shall be assigned to the same platoon as the officers they supervise.
7. District supervisors shall be assigned to supervise no more than eight officers.

#### **DISTRICT PLATOON STRUCTURE**

8. District commanders shall establish a platoon system where patrol officers and supervisory personnel are assigned consecutive hours each day for routine patrol, responding to calls for service and the delivery of basic police services to the community.
9. District commanders shall establish a platoon system where officers assigned to responding to calls for service and the delivery of basic police services to the community work 8 hours and 35 minutes each day.

#### **DISTRICT PLATOON ASSIGNMENTS**

10. A working week shall begin on a Sunday and conclude on Saturday. However, the individual days of the week in which platoon personnel work or are off-duty may change each week. Commanders shall ensure a single method of assigned days off (AWP) scheduling is implemented between platoons and followed consistently.
11. Unless specifically approved by the Deputy Superintendent of the Field Operations Bureau, District platoons shall not rotate their shift working hours on a regular basis.
12. The allocation of personnel within a platoon will ensure marked police units, assigned to patrol duties, are responsible for ensuring police protection and patrol to the entire district.
13. Areas of responsibility for individual patrol units may be allocated or modified on a day to day basis to accommodate staffing and resource limitations.
14. During roll call, platoon supervisors shall inform patrol officers of any modification to their normal patrol duties, special assignments or duties.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.2

### TITLE: ROLL CALL

**EFFECTIVE: 12/10/2017**

**REVISED: 10/25/20**

---

#### PURPOSE

Roll call provides an opportunity for an important exchange of information between employees and supervisors.

#### POLICY STATEMENT

1. Roll call is generally conducted at the beginning of the officer's assigned shift. Commanders shall ensure that each platoon begins their tour of duty with a formal roll call as specified herein.
2. A supervisor will conduct roll call.
3. Roll call should accomplish, at a minimum, certain basic tasks, including:
  - (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
  - (b) Notifying officers of changes in schedules and assignments.
  - (c) Notifying officers of new Departmental Orders or changes in Departmental Orders or regulations.
  - (d) Reviewing recent incidents for training purposes.
  - (e) Providing training on a variety of subjects.
  - (f) Evaluating officer readiness to assume patrol. Including inspections of all uniforms and equipment required and carried on duty.
  - (g) Instruct officers to complete the Daily Training Bulletins (DTBs) prior to the end of the month.
  - (h) Ensure the Information Clipboard is up-to-date and information distributed.
  - (i) Any item that may be appropriate for discussion.
4. District patrol supervisors, DIU investigative sergeants and District special unit sergeants shall share crime and investigative information as much as reasonably possible in real time. All supervisors and/or officers shall be provided an opportunity to share information through daily patrol roll call or by departmental email.

#### INFORMATION CLIPBOARD

5. The District platoon / shift roll call clipboard shall be maintained in the District roll call

room and shall be available for review by all officers within the Department.

### ROLL CALL TRAINING

6. Roll-call training is a technique to supplement all other officer training and is an important component of department training. Roll-call training, as any training, is enhanced when supervisors provide useful information through proper planning and use of appropriate and effective training techniques and methods.
7. Roll call training shall be provided at the beginning of each shift and shall include special topics selected by the Education & Training Division Commander or District Commander that includes but is not limited to:
  - (a) Officer safety.
  - (b) Readiness.
  - (c) Community concerns.
  - (d) Review and discussion of new or updated Departmental regulations, Chapters or General Orders.
  - (e) Presentation and discussion of the proper application of existing guidelines to routine and unusual daily activities.
  - (f) Reviewing recent incidents for training purposes.

### PREPARATION OF MATERIALS

8. The Commander of the Education and Training Division should formulate monthly training plans to be disseminated on a Department wide basis on issues noted within the Department and issues noted with other law enforcement agencies.
9. The supervisor conducting roll call and/or roll call training is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training.
10. A supervisor may delegate this responsibility to a subordinate supervisor in his/her absence or to a subordinate officer with a particular expertise in the subject matter.
11. All training materials utilized and developed by the supervisor conducting the training shall be maintained in the unit files for a period of at least one year from the date of training.
12. Any training conducted by a non-supervisor with particular expertise shall include the credentials of the trainer with the training materials and shall be maintained in the unit training file.
13. To ensure that all NOPD officers are abiding by **Chapter 1.4 - Authorized Firearms** and **Chapter 1.4.1 - Authorized Ammunition**, randomized weapon and ammunition inspections will be conducted throughout the Department on at least a quarterly basis. This does not restrict the supervisor from conducting an inspection of an officer's equipment, weapon or ammunition at any time.
14. To fulfill this requirement, the NOPD Weapon and Ammunition Inspection Reference Guide has been posted on the **NOPD.org / Resources** folder. Supervisors conducting the inspections shall be able to readily identify department approved duty weapons and ammunition covered in the guide. In consideration of the safety of the supervisor conducting the inspection, as well as the officer being inspected and those in the immediate vicinity, **at no time during this inspection should an officer remove**

**his/her weapon from its holster or eject the round already loaded in the chamber.**

The Performance Standards Section shall randomly select the date of the inspections and the officers and units to conduct the weapon and ammunition inspections and notify the supervisors by Departmental email.

15. Inspecting supervisors shall conduct the inspection during roll call on the day he/she was notified by Performance Standards, document his/her inspections on the **Firearm and Ammunition Inspection Form # 354**, and submit the findings to the Performance Standards Section of the Compliance Bureau by the end of the tour of duty.
16. In any instance in which an officer is found to be carrying an unauthorized weapon or unauthorized ammunition, the inspecting supervisor shall initiate a disciplinary investigation and place the officer on desk duty for the remainder of the shift, or until an authorized weapon and/or ammunition can be provided. Photographs of the unauthorized weapon and/or ammunition shall be taken and attached to the disciplinary investigation.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.1

### TITLE: OPIOID OVERDOSE – USE OF NALOXONE

**EFFECTIVE: 10/22/2017**

**REVISED: 06/24/2018**

---

#### PURPOSE

The purpose of this policy is to set forth guidelines with respect to the appropriate field administration of Naloxone (Narcan) kits by members of New Orleans Police Department in suspected opiate / opioid overdose incidents.

#### POLICY STATEMENT

1. Commissioned members of the NOPD are often the first emergency responders to the scene of a medical, suspected medical and overdose incident. Recognizing this, the NOPD has adopted this Chapter with the following goals:
  - (a) To provide a framework for training in the field use of Naloxone,
  - (b) To provide a framework on the proper field administration of Naloxone, and
  - (c) To facilitate life-saving intervention in suspected opiate / opioid overdose incidents where NOPD officers are the first to arrive on the scene.
2. All commissioned and/or civilian members who have been trained in the use and administration of the department's Naloxone nasal administration kits for suspected opiate / opioid overdose incidents are authorized to carry, use and administer the kits.
3. All members responding to medical calls, including suspected opioid overdoses, shall use universal precautions.

#### DEFINITIONS:

Definitions related to this Chapter include:

**Administration**—Nasal administration of approved Naloxone 2mg kits with atomizer; 1mg (1/2 dose) to be administered in each nostril.

**Naloxone**—A narcotic analgesic antagonist, used in the reversal of acute narcotic analgesic respiratory depression. Naloxone is effectively an antidote to opioid overdose and may completely reverse the effects of an opioid overdose if administered in time.

**Naloxone Kit**—Department approved Naloxone 2mg pre-filled syringe with atomizer adaptor for nasal administration.

**Opiate**—Alkaloid compounds found naturally in the opium poppy plant *Papaver somniferum*. The psychoactive compounds found in the opium plant include morphine, codeine, and the baine. The term *opiate* should be differentiated from the broader term *opioid*, which includes all drugs with morphine-like effects, including opiates and semi-synthetic opioids derived from opiates.

**Opioid**—Any of a group of endogenous neural polypeptides (as an endorphin or enkephalin) that bind especially to opiate receptors and mimic some of the pharmacological properties of opiates—called also *opioid peptide*. Examples of opiates and semi-synthetic opioids include:

- (a) Heroin (various forms),
- (b) Codeine (only available in generic form),
- (c) Fentanyl (Actiq, Duragesic, Fentora),
- (d) Hydrocodone (Hysingla ER, Zohydro ER)
- (e) Hydrocodone / acetaminophen (Lorcet, Lortab, Norco, Vicodin),
- (f) Hydromorphone (Dilaudid, Exalgo),
- (g) Meperidine (Demerol),
- (h) Methadone (Dolophine, Methadose),
- (i) Morphine (Astramorph, Avinza, Kadian, MS Contin, Ora-Morph SR),
- (j) Oxycodone (OxyContin, Oxecta, Roxicodone),
- (k) Oxycodone and acetaminophen (Percocet, Endocet, Roxicet),
- (l) Oxycodone and naloxone (Targiniq ER)

**Opiate/Opioid Overdose and Symptoms**—An acute condition due to excessive ingestion / co-ingestion of opioids. Due to their effect on part of the brain which regulates breathing, opioids in high doses can cause respiratory depression and death. An opioid overdose can be identified by a combination of three signs and symptoms referred to as the “opioid overdose triad.” The symptoms are:

- (a) Pinpoint pupils,
- (b) Unconsciousness, and
- (c) Respiratory depression.

Combining opioids with alcohol and sedative medication increases the risk of respiratory depression and death, and combinations of opioids, alcohol and sedatives are often present in fatal drug overdose. Death following opioid overdoses is preventable if the person receives basic life support and the timely administration of the opioid antagonist Naloxone. Naloxone, which is effectively an antidote to opioid overdose, will completely reverse the effects of an opioid overdose if administered in time. Naloxone is effective when delivered by intravenous, intramuscular, subcutaneous, and intranasal routes of administration. Naloxone has virtually no effect in people who have not taken opioids.

## TRAINING

4. All commissioned members of this department shall attend an approved training provided by the New Orleans Emergency Medical Services and/or certified NOPD instructors in the Naloxone kit use prior to carrying or administering Naloxone kits while on-duty, while working an approved police secondary employment, while acting within his/her scope of employment, or while operating a city-owner vehicle.
5. The training, at a minimum, shall cover all of the following:
  - (a) Techniques on how to recognize symptoms of an opioid-related overdose.
  - (b) Standards and procedures for the storage and administration of an opioid antagonist.
  - (c) Emergency follow-up procedures.
6. Officers must re-certify every two years after initial training to continue to carry and use

the Naloxone kits.

### **DOSE AND CONSECUTIVE ADMINISTRATION**

7. Officers on the scene of a suspected overdose incident shall initially administer a single approved Naloxone 2mg dose (1 mg or ½ dose) in each nostril. In the event no response is achieved and emergency medical personnel have not yet arrived, one additional 2 mg kit may be administered.

### **LEGAL AUTHORITY**

8. Under Louisiana Revised Statute Title 37, Article 1732, an officer who holds a **valid, current certification** by the American Red Cross or any equivalent training program approved by the Louisiana Department of Health and Hospitals who renders emergency care in the performance of his/her duties is not individually liable to the person for harm unless the act was intentionally designed to harm or was grossly negligent.
9. Under Louisiana Revised Statute Title 14, Article 403.11, first responders (officers), trained in safely and properly administering an opioid antagonist to an individual who they believe to be undergoing an opioid overdose, shall have the authority to administer, without prescription, opiate antagonists when encountering an individual exhibiting signs of an opiate overdose. Any first responder administering an opiate antagonist in a manner consistent with this Chapter shall not be liable for any civil damages as a result unless the damage was caused by willful or wanton misconduct or gross negligence.

### **APPROPRIATE FIELD USE OF NALOXONE 2 mg KIT**

10. Members encountering any medical condition consistent with opiate / opioid overdose shall summon emergency medical services by contacting Communication Services on the primary dispatch channel for the District where the incident is taking place.
11. Members shall advise Communication Services of the actual administration or use of the Naloxone kit. This includes each time a dosage is administered. Members shall also inform EMS and NOFD responders who arrive on the scene of the use of the Naloxone kit and each dosage administered. This is done to track the treatment and dosages.
12. Members encountering any medical condition consistent with opiate / opioid overdose shall use a probable cause standard when deciding on the appropriate administration of Naloxone, such as a witness to opiate / opioid use, indicia of opioid use, e.g., needle marks, paraphernalia (needles, spoons / lighters, cutting agents, bundled cigarette filters and other ephemera, opiate / opioid prescription bottles), or a known history of opiate / opioid abuse dependence.
13. Members encountering a medical emergency consistent with opiate / opioid overdose absent any witness, indicia of opioid use, e.g., needle marks, or paraphernalia may determine appropriate administration of Naloxone by identification of the "opioid overdose triad": pinpoint pupils, unconsciousness, and respiratory depression.

### **ISSUE AND STORAGE OF APPROVED KITS**

14. Naloxone kits and associated carrying case shall be issued, as available, only to trained members. Kits should be worn on duty belt when feasible by uniformed members or immediately available in the officer's unit.
15. All members who are issued Naloxone kits shall ensure that the kits are not exposed to

high temperatures (the active agent is most stable between 59-86 degrees Fahrenheit).

16. Officers shall monitor the expiration date or shelf life of the Naloxone and not utilize any agent past its expiration date.
17. All Naloxone shall be replaced three months prior to its expiration date by returning the unused agent to the MSB – Supply Room and signing for a replacement agent. The officer who is seeking replacement or the unit representative shall sign for the replacement agent and indicate the receiving officer's name.
18. It is the responsibility of the officer to whom the Naloxone kit is issued to maintain the safety and security of the kit at all times. The kit shall not be left in an unsecure location or in the police unit when the officer is off duty.
19. Officers shall seek replacement of the Naloxone agent as soon as possible after a kit is used.

#### **REPORTING USE OF NOLOXONE KIT**

20. Officers who utilize the Naloxone kit on a suspected overdose shall record the incident or event on his/her BWC.
21. An item number under a signal 24-N shall be obtained if the suspected overdose was not part of another incident.
22. The incident shall be documented on an FIC (See: **Chapter 41.12 – Field Interview Card**), indicating it was a suspected opiate / opioid overdose. If the officer has recorded the incident on his/her BWC, the incident shall be marked up "Signal 24-N, NAT – 1 FIC" with a specific on-air notation as to how many doses were administered by the officer.
23. If the officer does not have a BWC or the incident / event is not recorded for whatever reason, he/she shall complete an EPR under the signal 24-N (overdose) detailing all the pertinent information, especially the reasons why the Naloxone kit was used and the number of doses administered. If there is no BWC recording of the incident by the officer, the incident shall be marked up "24-N, RTF" with a specific on-air notation as to how many doses were administered by the officer.

#### **SUPERVISORY REVIEW**

24. All uses of Naloxone kits shall be reviewed by the member's immediate supervisor, including all BWC footage, FIC and/or EPR.
25. Any corrective actions, deficiencies or issues shall be addressed by the reviewing supervisor immediately and documented accordingly.
26. The reviewing supervisor shall insure that the Naloxone agent is replaced as soon as possible after use.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.2

### TITLE: BODY–WORN CAMERA (“BWC”) INADVERTENT MISUSE AND NON-USE

**EFFECTIVE: 05/15/2016**

**REVISED: 03/18/2018**

---

#### PURPOSE

This Chapter provides non-disciplinary measures to correct unintentional failures by members to comply with **Chapter 41.3.10 – Body-Worn Camera**. To promote full compliance with the BWC policy, supervisors may use documented non-disciplinary counseling to correct non-compliance when discipline is otherwise not appropriate.

#### POLICY STATEMENT

1. The New Orleans Police Department recognizes that activating BWCs timely and obtaining complete audio and video recordings of members' contacts with the public can sometimes be challenging, especially in high-stress situations that require immediate action to preserve and promote public safety. For that reason, discipline may not be appropriate for unintentional failures to activate BWCs as required by **Chapter 41.3.10**.
2. This Chapter applies only to inadvertent (i.e., unintentional) misuse or non-use of BWCs, and it applies only to incidents that do not involve uses of force, criminal allegations, or public complaints. All allegations of intentional misuse or non-use of BWCs, and all incidents in which a use of force or criminal activity is alleged, or in which a public complaint has been lodged, shall not be eligible for documented non-disciplinary counseling and must be subject to a formal disciplinary investigation.

#### DEFINITIONS

**Body-Worn Camera (“BWC”)**—Equipment worn by a Department member that captures audio/video signals and includes, at a minimum, a camera, microphone, and recorder.

**District/Division System Administrator (“DSA”)**—Supervisor assigned to the district or division who is responsible for inventory control and operational maintenance of the body-worn camera system equipment at a District/Division level.

**Exigent circumstances**—A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to themselves or others.

**Non-disciplinary counseling**—A non-punitive process used to correct a subordinate’s behavior that is not fully compliant with Department rules, regulations, Chapters, or policies but is not sufficiently egregious to elevate the action to formal discipline. A supervisor must meet with the non-compliant member, explain the manner in which his or her actions are not compliant, and review the relevant policy (or Chapter, rule, or regulation) with him or her. The non-disciplinary counseling shall be documented in the Supervisor Feedback Log.

**Supervisor Feedback Log (SFL)**—A web-based application utilized by Department supervisors to document close and effective supervision actions such as redirection, counseling, and support. SFL is available to supervisors on NOPD Web Apps under Applications.

### **GENERAL—ELIGIBILITY**

3. Supervisors who become aware of an alleged BWC policy violation shall determine whether the alleged violation is eligible for documented non-disciplinary counseling under the terms of this policy. An alleged BWC violation is not eligible for non-disciplinary counseling if it is associated with:
  - (a) Any alleged use of force (see **Chapter 1.3 – Use of Force**);
  - (b) Any alleged criminal act on the part of the officer;
  - (c) Any other violation of NOPD rules, regulations, or policies; or
  - (d) Any public complaint (see **Chapter 52.1.1 – Misconduct Complaint Intake and Investigation**).
  
4. An alleged BWC violation is not eligible for non-disciplinary counseling if the misuse or non-use of a BWC is intentional. The supervisor must interview the allegedly non-compliant member and assess whether the alleged violation was intentional, considering all factors, including but not limited to:
  - (a) The member’s statement and credibility;
  - (b) The member’s history of compliance with, or violations of, see **Chapter 41.3.10 – Body-Worn Camera**;
  - (c) The member’s disciplinary history in general;
  - (d) The member’s experience, i.e. length of service with the Department;
  - (e) The existence of exigent circumstances;
  - (f) The likelihood of equipment malfunction or non-operation (allegations of equipment failure may require inspection of the equipment, review of any repair requests, and/or consultation with the DSA); and
  - (g) The nature of the event or encounter that was not recorded.
  
5. Each member is entitled to a maximum of three instances of documented counseling for alleged BWC misuse or non-use in a one-year period (a rolling 12-month period) (see **“Timeline and Allotment”** section below). However, one additional, unintentional BWC violation during the period may be eligible for non-disciplinary counseling if it is reported by the member to his or her supervisor (see **“Safe Harbor”** provision below). The supervisor must review the allegedly non-compliant member’s personnel file to determine whether he or she has exceeded his or her maximum allotment.

### **DOCUMENTATION OF NON-DISCIPLINARY COUNSELING**

6. Once a supervisor determines that a BWC violation is eligible for non-disciplinary counseling, he or she must meet with the non-compliant member and explain the violation. The supervisor must explain how the member’s actions did not comply with policy, review the relevant policy provisions with the offending member (such as the **“Required Activation of the BWC”** provision of **Chapter 41.3.10**), and explain how the

member can correct himself or herself in the future.

7. The supervisor must document every instance of non-disciplinary counseling in the Supervisor Feedback Log, using the “BWC: Inadvertent Misuse/Nonuse” option in the drop-down menu under “Occurrence.” The Supervisor Feedback Log entry shall include:
  - (a) The member’s name, rank, and assignment;
  - (b) The date and nature of the violation;
  - (c) A statement explaining how and why the violation was inadvertent, according to the member and supervisor;
  - (d) A statement explaining how the supervisor became aware of the violation (a self-reported violation must be identified as such).
  - (e) The number of previous alleged violations by the member, and the number of previous documented non-disciplinary counselings on his/her behalf; and
  - (f) The date and explanation of the non-disciplinary counseling.

### TIMELINE AND ALLOTMENT

8. Every member may be given up to three instances of documented non-disciplinary counseling for BWC violations within one year (a rolling 12-month period), not including a self-reported violation (see “**Safe Harbor**” provision below). The supervisor shall refer to the date of infraction(s) – and not the date of corrective action(s) – when determining whether non-disciplinary counseling is an appropriate response according to the guidelines of this chapter.
9. For example, a member who unintentionally failed to activate his or her BWC on June 1, 2016, might be eligible for his/her first documented non-disciplinary counseling as of that date. A second and third instance could then be eligible anytime before June 1, 2017. However, a fourth instance during that one-year period would automatically be subject to a formal disciplinary investigation (see **Chapter 52.1.1 – Misconduct Complaint Intake and Investigation**).
10. A sustained disposition for an inadvertent misuse or non-use of a BWC is considered one instance of non-disciplinary counseling for the purposes of this Chapter.
11. Once a formal disciplinary investigation of an alleged intentional BWC violation results in a sustained disposition, a member becomes ineligible for non-disciplinary counseling until he or she completes three years of service without a subsequent violation that results in a sustained disposition (see **Chapter 26.2.1**). For example, a member who receives a suspension for a first offense on an intentional BWC misuse or non-use that occurred on January 1, 2016 would be eligible for non-disciplinary counseling again on January 1, 2019 if he or she does not receive a sustained violation for a second or third offense before that date.

### SELF REPORTING

12. Members are encouraged to report their own BWC violation(s) to their supervisor(s). A self-reported violation may avoid discipline, provided that the violation is inadvertent and meets the criteria established in this Chapter. One self-reported violation that is eligible for non-disciplinary counseling is not counted against the member’s three allotted instances.
13. When a supervisor documents counseling for a self-reported violation, he or she must specify that the violation was self-reported and therefore is not counted among the three instances of allowable non-disciplinary counseling for BWC violations. For example, if a member has three previous BWC violations for which he or she received documented

non-disciplinary counseling within a one-year period, he or she could be eligible for non-disciplinary counseling if a fourth violation is self-reported.

14. The self-reporting provision applies only once per year (rolling 12-month period). A subsequent self-reported, unintentional BWC violation shall be counted against the member's three allotted instances eligible for non-disciplinary counseling.

#### **RESPONSIBILITIES OF THE PUBLIC INTEGRITY BUREAU (PIB)**

15. PIB is responsible for tracking all documented cases of non-disciplinary counseling for BWC violations and reviewing them. When PIB determines that a member has exceeded his or her allotment of documented non-disciplinary counseling for BWC violations, or that non-disciplinary counseling was not appropriate in a specific case, PIB shall immediately initiate a formal disciplinary investigation and inform the reporting supervisor.
16. PIB shall track repeat BWC violations, compile and analyze data to identify trends, issue monthly Status Conference reports, and make recommendations for policy modifications accordingly.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.3

### TITLE: SEAT BELTS

**EFFECTIVE: 01/14/2018**

**REVISED: Replaces Policy 1022**

---

#### PURPOSE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a motor vehicle crash. This Chapter establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle crash. This Chapter will apply to all members operating or riding in department vehicles.

#### DEFINITIONS

**Child restraint system**—A lap belt, a shoulder harness or an age- or size-appropriate child safety seat that meets Federal Motor Vehicle Safety Standards and Regulations (49 CFR 571; R.S. 32:295(B)(2)).

**Safety belt system**—A manual restraint system installed by the manufacturer that conforms to Federal Motor Vehicle Safety Standards and Regulations (49 CFR 571; R.S. 32:1(62.1)).

#### WEARING OF SAFETY RESTRAINTS

1. All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, or when in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.
2. Officers who are responding to a Code 2 or 3 call for service or a crime in progress call may un-clip or remove his/her seatbelt prior to coming to a full stop but not until the vehicle is moving less than 5 mph or they are within 100 feet of the call.

#### TRANSPORTING CHILDREN

3. To be restrained properly as required in this Chapter, child passengers shall be transported using an approved child restraint system for all children younger than 13 years of age. Children shall be transported in compliance with Louisiana's restraint system requirements based on the age and weight of the child (R.S. 32:295(A)).
4. Rear seat passengers in a cage-equipped vehicle may have reduced clearance

that requires careful seating and positioning of seat belts. If permitted by law, children and any child restraint system may be secured in the front seat of vehicles provided this positioning meets the vehicle and federal safety standards and, if the child is under 13, the seat is pushed back as far as possible and the passenger-side air bag deactivated. If this is not possible, officers should arrange alternative transportation.

### **TRANSPORTING PRISONERS**

5. Prisoners shall be secured in the rear seat of the patrol vehicle by seat belts. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer. (See: **Chapter 71.1 – Prisoner Transportation and Guarding.**)

### **INOPERABLE SEAT BELTS**

6. No department vehicle shall be operated if the seat belt for the driver's is inoperable.
7. In any vehicle equipped with seat belts, no person shall be transported if an operable seatbelt is not available.
8. No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belt system, except for certified vehicle maintenance and repair staff, who shall do so only with the express authorization of the Superintendent of Police or his/her designee. All members shall hook seatbelts properly around themselves and not behind his/her back or in a way that does not provide the designed protection.
9. Members who discover an inoperable restraint system shall promptly report the defect to his/her supervisor and the NOPD Fleet Manager, and find other means of transportation.
10. The vehicle shall be removed from service until action is taken to replace or repair the system.

### **VEHICLES MANUFACTURED WITHOUT SEAT BELTS**

11. Specialized vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.4

### TITLE: PERSONAL COMMUNICATION DEVICES

**EFFECTIVE: 12/10/2017**

**REVISED: Replaces Policy 702**

---

#### PURPOSE

The purpose of this Chapter is to establish guidelines for the use of department-issued mobile telephones (cell phones), personal communication devices, and the on-duty use of such devices owned by members.

#### POLICY STATEMENT

1. The use of any computer, Internet service, telephone service or other wireless service, including member-owned devices and services, to send or receive information that may be related to departmental or public business **may be subject to review or disclosure**.

#### DEFINITIONS

**Emergency**—An unforeseen combination of circumstances or the resulting condition that calls for immediate action; an urgent need for assistance or relief.

**Personal Communication Device (PCD)**—Includes all mobile telephones, Personal Digital Assistants (PDAs) and other wireless two-way communications and/or portable Internet access devices. A department-issued two-way police radio is not a PCD.

#### PRIVACY POLICY

2. Any member utilizing any computer, Internet service, telephone service or other wireless service provided by or funded by the New Orleans Police Department or City of New Orleans acknowledges and agrees that the use of such service, whether for department business or personal use, has **no expectation of privacy** that the member, sender, and recipient of any communications utilizing such device or service might otherwise have, including the content of any such communications.

#### DEPARTMENT-ISSUED PCD

3. Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Such devices shall remain the property of the Department and shall be subject to inspection and monitoring (including all related records and content).
4. The Commander of the Technology Section shall ensure a regularly updated database

is maintained containing all department-issued PCD numbers.

5. The database shall contain:
  - (a) The PCD number,
  - (b) Name of the member assigned the PCD and their place of assignment.
6. This database shall not be distributed for general use.
7. Members assigned to Communications Services shall have access to the database.
8. Members with personally owned PCDs and are on a call-out basis, may supply Communications Services with their PCD number.
9. Appropriate security measures shall be developed and implemented by each respective Deputy Chief, or his/her authorized designee to ensure confidentiality of all department and individually owned PCD information for members under his/her command. The type and nature of the security measures, as well as access to the information shall be detailed in the Bureau/Division/Section/Unit Standard Operating Guidelines.
10. All department-issued PCDs shall be set to silent or vibrating mode while outside the police vehicle on a call for service or during an active Investigation. If the PCD is not capable of functioning in silent or vibrating mode, mode, the PCD shall be turned to the power-off mode.

#### **INDIVIDUALLY OWNED PCD**

11. Members may carry their individually owned PCD while on-duty, subject to the following conditions:
  - (a) Carrying an individually owned PCD is optional.
  - (b) The device shall be purchased, used, and maintained solely at the employee's expense.
  - (c) Individually owned PCD's **shall not** be used to gather evidence or document all or part of an official investigation **UNLESS** exigent circumstances exist, important evidence is being destroyed and no official method of documentation is available in time (*ex: a member, without access to a departmental camera, is first on the scene of a violent crime and the scene is being washed away by a heavy rain so the member attempts to document the scene using his/her cell phone camera before it is washed away*). In these cases, the member must immediately transfer the photographs to his/her departmental email and delete them from the PCD.
  - (d) The PCD shall be set to silent or vibrating mode while outside the police vehicle on a call for service or during an active investigation. If the PCD is not capable of functioning in silent or vibrating mode, the PCD shall be turned to the power-off mode.
12. Members wishing to carry an individually owned PCD while on duty must supply the PCD number on his/her **Form 150 – Immediate Family Designation** form maintained at their Bureau/ Division/Section/Unit level. This form shall be maintained by the Commander of that Bureau/ Division/Section/Unit office to which the member is assigned. Officers are required to update all information each time they change their individually-owned PCD number.

#### **RESTRICTED USE OF PCD**

13. Use of PCDs while on-duty should only be for legitimate department business except as

provided for below.

- (a) Members may use a PCD to communicate with other members in those situations where the use of the radio is either impractical or not feasible. PCDs shall never be used to replace regular radio communications.
- (b) PCDs shall not be carried in a manner that allows it to be generally visible while in uniform, unless it is contained within a plain, smooth, black carrier that has been approved by the Department.
- (c) PCDs may not be used to conduct personal business while on-duty, except when brief personal communications may be warranted by the circumstances (e.g., to inform family of extended hours, family emergencies).
- (d) Members are prohibited from using a PCD for personal use while:
  - Handling a call for service.
  - In the presence of a victim, complainant, or witness.
  - Taking law enforcement action, except as provided in this directive.
  - In the performance of any official duty, except as provided in this directive.
  - Conducting traffic control and/or Mardi Gras parade route duties unless it is in an emergency or directed by an NOPD supervisor.
- (e) Uniformed and plain clothed members are prohibited from using ear pieces or ear buds, with or without wires (e.g. blue-tooth), while on duty with the exception of the ear pieces issued with the department radios.
- (f) Members shall not receive calls for service or give dispositions to the dispatcher via PCDs, except as provided in this directive.
- (g) Members shall not contact complainants, victims, or witnesses via mobile telephone prior to, after being dispatched, or while in route to a call for service. If additional information is needed from the complainant, victim, or witness by officers responding to a call for service, request shall be made through Communications Services via normal radio protocol.
- (h) Members working undercover assignments shall refrain from carrying a PCD when doing so may jeopardize the safety of others or the success of an operation. In such assignments, consideration should be given to whether or not the PCD should be operated in silent or vibrating mode, depending on the circumstances and direction given in the planning / briefing session.

#### **USE WHILE DRIVING**

14. Officers operating department vehicles should restrict the use of these devices while driving to communication matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location when utilizing the device.
15. Except in the case of an emergency, members who are operating a Department vehicle shall not use cellular telephones or other PCDs while driving for the purpose of text messaging.

#### **VEHICLE MODIFICATIONS**

16. Employees are prohibited from installing any PCD in any vehicle leased or owned by the City of New Orleans unless specifically authorized by the Superintendent of Police. Any authorized vehicle modifications shall be coordinated with the Management Services Bureau.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.8

### TITLE: IN CAR CAMERA

**EFFECTIVE: 03/08/2015**

**REVISED: 03/26/2017, 9/24/2023**

---

#### PURPOSE

This Chapter governs the use of In-Car camera systems, including activation, operation, and retention, as well as system maintenance. This Chapter does not alter a members' responsibility to comply with **Chapter 41.3.10 - Body Worn Camera**, nor does compliance with **Chapter 41.3.10 - Body Worn Camera** satisfy a members' obligation to comply with this Chapter.

#### POLICY STATEMENT

1. The New Orleans Police Department (NOPD) is committed to the belief that video/audio documentation of an officer's enforcement and investigative activities is an important and valuable resource for law enforcement. NOPD also is committed to respecting individuals' reasonable privacy expectations, including but not limited to medical and health privacy.
2. All Departmental vehicles primarily utilized for calls for service, self-initiated activity or prisoner transport shall be equipped with the In-Car Camera system. Use of this technology provides for video/audio documentation of a police officer's enforcement and investigative activities. The In-Car Camera can objectively document officer and community member conduct during individual interactions, provide powerful evidence of criminal activity, and protect both the public and officers from false allegations of misconduct. This Chapter is intended to achieve an appropriate balance between the benefits of In-Car Camera devices and an individual's reasonable expectations of privacy.
3. Audio or video recordings of enforcement or investigative actions may be evidence and subject to Departmental policies, municipal, state, and federal laws regarding disclosure.
4. The In-Car Camera system is designed to assist and complement officers in the performance of their duties. The In-Car Camera system records certain activities by creating an objective visual and/or audio record of the event and a possible supplement to the officer's report (La. R.S. 32:365(B)).
5. NOPD members shall complete authorized training regarding In-Car cameras and Department policy on their use prior to using an In-Car Camera in an operational setting. This training shall be conducted by the Education & Training Division for new members and by the District/Division System Administrator (DSA) for any member transferred from a unit without the required training.

6. The In-Car Camera system will be used to capture events and preserve recordings in a digital storage facility. NOPD shall not alter the original recordings.
7. NOPD has adopted the use of In-Car Camera technology to accomplish the following objectives:
  - (a) To promote officer safety;
  - (b) To document statements and events;
  - (c) To enhance the public trust by documenting officer interactions with the public;
  - (d) To preserve visual and audio information for use in current and future investigations, as well as courtroom preparation and presentation;
  - (e) To provide an objective means for self-critique and field evaluation during officer training;
  - (f) To assist supervisors with close and effective supervision; and
  - (g) To be utilized by the Education & Training Division to enhance training.

## DEFINITIONS

For purposes of this Chapter, the following terms are defined as:

**Activate**—Any process that causes the In-Car Camera system to transmit or store video or audio data.

**Audio Recording**—The electronic recording of conversation, spoken words, or other sounds.

**Case or Folder**—The placement of related recording(s) into a single "folder" or "case" file.

**Case Number**—NOPD incident Item Number associated with the event that was recorded using an In-Car Camera.

**Continuous Recording**—The constant streaming of live video to the In-Car Camera's internal buffer. This buffer is not retained until an event trigger has activated, causing the buffered period to be retained and made a part of the active recording.

**Display Name**—The geographic location (i.e. municipal address) where an event has occurred, which corresponds to the location associated with the item number for the event referenced.

**District/Division System Administrator ("DSA")**—Supervisor assigned to the district or division who is responsible for inventory control and operational maintenance of the In-Car Camera system equipment at a District/Division level.

**Master System Administrator ("MSA")**—Supervisor(s) authorized by NOPD and assigned to the Information Systems Section with full access to user rights; he/she assigns and tracks master inventory of equipment; controls passwords and end-user security access rights; is responsible for quality checks of video and sound quality; coordinates with District/Division System Administrators; and serves as liaison with representatives on operational and equipment related matters.

**Media or Data**—For the purposes of this Chapter, references to media or data include photographs, audio recordings and video footage captured by the In-Car Camera device. The media are stored digitally and encrypted.

**Trigger**—An action that causes the In-Car Camera to begin saving video/audio recordings, such as activating emergency lights, the vehicle collision sensor, or by manual activation.

**Video Recording**—The electronic recording of visual images with or without audio component.

**Wireless Upload**—The transfer of recordings from a vehicle's In-Car Camera to an assigned In-Car Camera server.

### IN-CAR CAMERA MODES OF OPERATION

8. **Pre-Event Buffering Mode**—Device feature in which the camera continuously records and holds the most recent portion of video prior to record activation. With this feature, the initial event that causes the officer to activate recording is likely to be captured automatically, thereby increasing the capability of recording the entire activity.

**Event Record Mode**—The system is designed to automatically activate during certain activation triggers. However, officers may manually activate the recording.

9. Officers shall manually stop the recording once the event has concluded. The type of event must be manually classified by the officer based on the training specific to whichever ICC system the vehicle is equipped with.

### REQUIRED ACTIVATION OF THE IN-CAR CAMERA

10. This Chapter is intended to achieve an appropriate balance between the benefits of In-Car Camera devices and civilians' reasonable expectations of privacy. Although this Chapter identifies those situations in which activation of the In-Car Camera is required, an officer has discretion to manually activate the system any time the officer believes it would be appropriate or valuable to document an event. The In-Car Camera shall be activated only for legitimate law enforcement purposes.

11. The In-Car Camera system is designed to activate whenever the unit's emergency lights are used. The system remains on until it is turned off manually.

12. While the system is designed to activate automatically, officers shall ensure the activation has occurred by manually verifying the system is recording as soon as the circumstances permit the officer to safely do so.

13. Officers shall ensure that the In-Car Camera system is activated in the following situations:

(a) All field contacts involving law enforcement activity within video or audio range, including, but not limited to:

- Emergency responses;
- Arrests;
- Suspicious vehicles;
- Terry Stops;
- Victim and witness interviews, including, but not limited to, missing persons and child welfare;
- Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance, suspicious vehicles and all crime interdiction stops);
- Vehicle pursuits, including when NOPD is supporting another agency's pursuit;
- Vehicle searches (includes requests for consent and deployment of drug-detection canines);
- DWI investigations including field sobriety tests;
- Transportation of non-Department members and/or prisoners;
- Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording; and

- Anticipated physical or verbal confrontations or use of force in view of the in-car camera.
- (b) Any situation in which the officer, through training and experience believes that the recording of an event would serve a legitimate law enforcement purpose. In exercising this discretion, officers should be aware of and sensitive to the individual's reasonable privacy expectations.

#### **PROHIBITED IN-CAR CAMERA RECORDINGS BY EMPLOYEES**

14. The In-Car Camera may not be used for the purpose of intimidating an individual or to discourage an individual from observing police activity, making appropriate inquiries of an officer, or making a complaint.
15. The In-Car Camera shall not be used to make recordings of members of the public that do not have a legitimate law enforcement purpose or are designed to embarrass or otherwise harass any individual.
16. The ICC shall not be used to record non-work-related personal activity.
17. Department members shall not use the ICC to make covert recordings of conversations with other Department members except with a court order, when necessary in the course of a criminal investigation, or for Department administrative investigations; **and** only with the express consent of the Superintendent of Police or the Deputy Chief of PIB.

#### **CESSATION OF RECORDING**

18. Once the In-Car Camera system is activated it shall remain on and shall not be turned off until the event has concluded. **For purposes of this Chapter, conclusion of an event has occurred when all arrests have been made and arrestees have been transported, or the officer has cleared the scene of a reported incident.**
19. In any instance in which cessation of the recording prior to the conclusion of the event may be required, the officer shall seek and obtain supervisory approval prior to deactivating the In-Car Camera. If supervisory approval cannot be reasonably obtained, officers must document on the In-Car Camera system the reason for termination of the recording prior to deactivation of the In-Car Camera and efforts made to obtain supervisory approval.

#### **OWNERSHIP OF IN-CAR CAMERA RECORDINGS**

20. All recording media, recorded images and audio records are the property of NOPD. Dissemination outside of NOPD is strictly prohibited, except to the extent permitted or required by law. In no event shall any recording be used or shown for the purpose of embarrassing or otherwise harassing any individual.
21. NOPD members are prohibited from copying or reproducing any In-Car Camera recordings for any purpose not allowed by NOPD regulations. NOPD personnel are prohibited from using a recording device (such as a phone camera or secondary video camera) to record In-Car Camera media without authorization from the Superintendent or his or her authorized designee. NOPD personnel shall not post any In-Car Camera video recordings in any computer system, server, or web site, including social media without authorization of the Superintendent or his / her authorized designee.

**OFFICER RESPONSIBILITIES**

22. Officers assigned a vehicle with an In-Car Camera system shall test the equipment prior to use according to the manufacturers guidelines and testing procedures. Each officer shall check that the previous recordings were transferred from the In-Car Camera system to the server such that the officer will have adequate recording media for the entire duty assignment. In the event the previous recordings were not transferred, the officer shall contact his/her supervisor.
23. Officers, while conducting their pre-tour inspection of their vehicles, must activate the system and create a brief recording, categorizing this video as a Test Video. Officers shall document the use of the In-Car Camera system on their daily activity report and on any written reports including electronic police reports and use of force reports.
24. It is the responsibility of the officer to ensure the In-Car Camera is working properly throughout the entire shift. This includes ensuring the In-Car Camera is connecting to the network for download.
25. Officers shall relocate their vehicles to designated parking areas of their district/unit station whenever they return including at the end of their tour of duty where the In-Car Camera will wirelessly transfer recordings to the In-Car Camera server.
26. Whenever an NOPD member believes that a recorded event may lead to a citizen complaint, he/she shall bring the recording to the attention of his/her immediate supervisor as soon as possible.
27. Officers shall immediately report malfunctioning, missing, or damaged In-Car Camera equipment to his/her supervisors
28. Officers shall immediately report when any event required to be recorded by this Chapter is not recorded or when an accidental recording takes place to his/her supervisor.

**DESIGNATING IN-CAR CAMERA RECORDINGS FOR USE AS EVIDENCE**

29. Department members shall properly categorize each In-Car Camera video made, according to their training and the system being utilized.
30. Department members shall categorize all In-Car Camera videos uploaded to "Evidence.com" as follows:
  - (a) **ID:** NOPD item number utilizing the corresponding alphabetic character for the month (A-L), followed by a hyphen (-), followed by a five digit incident number (use zeroes to form the five digit number if necessary), followed by a hyphen (-), followed by the year Indicator which is the last two digits of the current year (EXAMPLE: A-12345-14).
  - (b) **CATEGORY:** Choose the applicable category(s) from the dropdown list (miscellaneous shall be used only where the activity does not reasonably fall within another category).
  - (c) **EVENT:** Replace the "AXON Fleet Video" label with the address of the incident.

**SUPERVISOR RESPONSIBILITIES**

31. Supervisors shall be responsible for ensuring that officers under their command use In-Car Cameras as required by this Chapter. Supervisors shall also be responsible for ensuring that officers under their command accurately document the use of the In-Car camera system on their daily activity report and any other written reports as appropriate,

including electronic police reports and use of force reports.

32. Supervisors shall immediately report non-functioning or full memory storage for In-Car Camera systems by departmental email to their respective District/Division System Administrator (DSA) and copy the District/Division Captain. In addition, the supervisor shall document the In-Car Camera malfunction on his/her daily activity report.
33. Supervisors shall determine whether vehicles with non-functioning or full In-Car Camera systems should be placed into service. If these vehicles are placed into service, the supervisor shall complete an interoffice correspondence (Form 105) and transmit that memo to the supervisor's respective District/Division System Administrator (DSA) with a copy forwarded to the District/Division Captain. If the vehicle is not placed into service, the supervisor shall ensure the vehicle is available for needed repairs.
34. Supervisors shall review all In-Car Camera recordings of officers listed on any report involving injuries to detainees/prisoners or officers; uses of force; vehicle pursuits; or misconduct complaints, as well as any recordings related to an event the officer believes may result in a misconduct complaint. The supervisor shall conduct any further investigation that he/she deems appropriate. If no incident report or supplemental report directly related to the possible citizen complaint is warranted, the supervisor shall document details of the contact via Interoffice Correspondence (Form 105). The NOPD member's supervisor shall be responsible for ensuring a copy of any report or correspondence related to the contact is forwarded to their respective District/Division Captain, Bureau Deputy Superintendent, and the Deputy Superintendent of the Public Integrity Bureau.
35. Supervisors shall regularly perform a random review of their subordinates' ICC recordings to assess officer performance and ensure proper use of the ICC is enforced, including the proper categorization of any videos. Reviews shall be conducted according to **Appendix A – BWC and ICC Review Guidelines**.
36. In addition to any review for investigatory or audit purposes, supervisors shall regularly review the In-Car Camera recordings of their subordinates to incorporate the knowledge gained from this review into the Supervisors' ongoing evaluation and supervision of officers.
37. Supervisors shall maintain a log at the platoon/unit level that shall contain:
  - (a) The date and name of the supervisor conducting the review;
  - (b) The name of the NOPD member whose recording was reviewed; and
  - (c) The identifying video number (item number or otherwise);
  - (d) The date and time the recording was produced.
38. Supervisors shall re-direct, counsel or recommend disciplinary actions for any officer found to fail to properly use or care for their assigned In-Car Camera.
39. When a situation arises that requires the immediate retrieval of an In-Car Camera recording (e.g., serious crime scenes, officer-involved shootings, NOPD vehicle crashes), a supervisor from the involved member's chain of command or the assigned investigator shall notify the MSA. In the event a vehicle equipped with an In-Car Camera is involved in a crash (20X) the recording shall be reviewed by the supervisor handling the "Supervisor Report of Accident." The Supervisor handling the accident can obtain a "certified copy" of the video by submitting a request, in writing, to the MSA. The duplicated copy shall be made part of the administrative report.

**DISTRICT/DIVISION SYSTEM ADMINISTRATOR**

40. The DSA shall ensure all NOPD officers that use an In-Car Camera in their District/Division have proper training and are using the equipment according to this Chapter. The DSA shall be responsible for coordinating maintenance or repairs issues with the Master System Administrator (MSA) assigned to the Information Technology Section.
41. In the event of a malfunction preventing wireless transfer of the videos, the DSA will submit a request through the In-Car Camera repair log, requesting repair of the In-Car Camera.
42. When the DSA has been notified of a malfunctioning In-Car Camera system or component, he/she shall notify the MSA within 24 hours, using the In-Car Camera Repair log, and make arrangements to have the equipment repaired. The DSA shall follow up on any vehicles that have been sent for repairs.
43. The DSA shall monitor the operation of the In-Car Camera system(s) at the district/unit level, ensuring officer compliance for training and integrity purposes, including:
  - (a) Monitoring video for correct video classification;
  - (b) Ensuring officers are following proper usage guidelines for the system; and
  - (c) Ensuring officers are stopping recordings at the end of events.
44. The DSA shall maintain the inventory and current status for all In-Car Camera equipment in his/her District/Division. The DSA shall provide the Field Operations Bureau and the Mobile Video Unit (MVU) with a monthly inventory report (Form 203), that will include In-Car Camera equipment listed by vehicle, with its current location, current working status, and action taken if repairs are needed.
45. The DSA shall notify the ICC System Administrator and MSA, in writing, when In-Car Camera equipment is physically moved from one location to another, or when there is a change in physical inventory requiring alteration of records.
46. When a vehicle has been involved in a crash, the DSA or designee shall, within 24 hours, notify the Mobile Video Unit of the crash and the current location of the involved vehicle via the In-Car Camera repair log. The DSA shall ensure every effort is made to prevent further damage to the In-Car Camera by its exposure to the elements, until the exposed equipment can be removed. The DSA or a designee may remove the In-Car Camera DVR if this can be completed without damaging the In-Car Camera equipment.

**FLEET SERVICES SECTION RESPONSIBILITIES**

47. The NOPD Fleet and Equipment Services section shall be responsible for recovery of the entire In-Car Camera system from a permanently out of service vehicle within 96 hours of being notified of the vehicle's deletion. Once the In-Car Camera system is removed from the vehicle, the Information Systems Section shall notify the MSA that they have removed the system from a deleted unit by sending a brief report to the Mobile Video Unit indicating the vehicle A# and Car#, along with an inventory of the In-Car Camera equipment removed from the vehicle.
48. The Fleet Services Section shall notify the MSA in advance of deleting vehicles from NOPD inventory by sending a brief report to the MSA, listing the A#, as well as Car# of the deleted vehicle.

**MASTER SYSTEM ADMINISTRATOR (MSA)**

49. NOPD's Master System Administrator ("MSA") assigned to the Information Systems Section shall coordinate access requests to the recorded events for officers and investigators for legitimate law enforcement purposes or as directed by the Superintendent of Police or his/her designee. In addition, the MSA shall be responsible for the storage, management, and duplication of all recorded media.
50. The MSA shall also be responsible for the following:
  - (a) Long-term storage of media deemed to be of evidentiary value consistent with the NOPD's storage protocols and retention schedule;
  - (b) Creating Cases or Editing Cases for districts/units where there are mechanical or technical malfunctions;
  - (c) The removal and storage of In-Car Cameras and their components from damaged and wrecked vehicles, once notified;
  - (d) Providing recording to the Accident Review Board;
  - (e) Ensuring access controls are in place;
  - (f) Assigning and tracking inventory of equipment;
  - (g) Password control;
  - (h) End-user security access rights;
  - (i) Quality checks of video and sound quality;
  - (j) Coordinating with the District/Division System Administrators;
  - (k) Serving as liaison to manufacturer's representative on operation equipment related matters; and
  - (l) Providing data pursuant to a court order and other authorized release or distribution.

**DUPLICATING AND RETAINING RECORDS**

51. Duplications belong to NOPD and no duplications will be made or released to the public without approval of the Superintendent of Police or in compliance with the law. Video recordings shall be made publicly available consistent with Louisiana Public Records Law (La. R.S. 44:1 *et seq.*). Where Louisiana Public Records Law does not require that a recording be made publicly available, NOPD shall balance privacy concerns against the need for transparency in determining whether to make the video publicly available.
52. Duplication of the recordings may be compiled to become part of a criminal investigation, officer training purposes, administrative investigations, or as specified by the Superintendent of Police. All In-Car Camera recordings are subject to review by the Public Integrity Bureau, and any relevant recording shall be made part of the investigative file per PIB guidelines.
53. Any requests for a certified copy of a video must be submitted on an ICC Request Form (Form 204) and be forwarded to the Mobile Video Unit. Any requests from outside NOPD must also be submitted through the NOPD Records Section.
54. Digital recordings shall be preserved in a manner consistent with the **City of New Orleans Chief Administrative Office Policy Memorandum No. 127, Records Management** unless a written request is made to store them for a longer period of time for a legitimate law enforcement purpose determined by the Superintendent of Police or his/her designee.

## APPENDIX A – BWC and ICC Review Guidelines

***These guidelines do not address a supervisors' mandatory obligations to review videos required by Departmental policy on such matters as reviewing uses of force, misconduct investigations, vehicle pursuits, and injuries to a prisoner or an officer.***

Clarifying the **discretionary review** process for BWC and ICC will help the Department accomplish the following goals:

- Making sure supervisors conduct timely, accurate and complete performance evaluations of their subordinates;
- Facilitating supervisors' ability to provide helpful feedback to their officers concerning their performance;
- Making sure officers "are working actively to engage the community and increase public trust and safety" (See, Para. 306, Consent Decree); and
- Making sure supervisors "review recordings regularly... to incorporate the knowledge gained from this review into their ongoing evaluation and supervision of officers" (See, Para. 328(f), Consent Decree).

### **Sergeant's Responsibilities:**

- Each platoon sergeant should review at least one in-car or body-worn camera video of officers under his/her supervision, on average, each work day, for a total of at least 21 per month. Circumstances may prevent sergeants from reviewing video on a daily basis, but supervisors may make multiple reviews on less busy days in order to meet the monthly goal.
- The video reviews should not be solely of one category (BWC or ICC) but should be a combination of the two.

### **Lieutenant's Responsibilities**

- Each platoon lieutenant should review at least one BWC or ICC video, on average, each work day, for a total of at least 21 per month.
- At least six of these reviews should be of their subordinate sergeants' interaction with persons other than officers. The other reviews should be of videos already reviewed by sergeants of officers' activities. This ensures that lieutenants are exercising close and effective supervision of the subordinate sergeants and officers the lieutenants are charged with supervising.

### **Suggested Topics of Discretionary BWC/ICC Reviews:**

- Quality of officer interaction with persons (non-enforcement related);
- Terry Stops/Investigatory Stops;
- Crisis Intervention incidents;
- Arrests; and
- General Officer Performance.

### **Length of Video Reviews (on average):**

- It is not necessary to review an entire video of a particular call for service. The length of the review should be long enough for lieutenants to meaningfully assess the quality of the issue under consideration (quality of Terry Stop or arrest; quality of officer interaction with citizens, etc.).

- The review should not include an assessment of the sergeant's or officer's travel time, unless the lieutenant is critiquing the sergeant's or officer's driving habits or involves a mandated review of alleged misconduct.
- The video review should assess the officer's actions once he or she has arrived on the scene.

#### **Additional General Comments**

- District Captains may direct their subordinates to review additional BWC/ICC videos over the course of a month.
- All reviews of BWC/ICC videos must be logged in the Department's "L" Drive in compliance with Department policy.
- District Platoon and DIU supervisors are charged with the responsibility of ensuring that all platoon personnel are initiating BWC and ICC videos as outlined in Chapters 41.3.8 (In-Car Camera) and 41.3.10 (Body-Worn Camera).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.9

### TITLE: LICENSE PLATE RECOGNITION SYSTEM

**EFFECTIVE: 01/15/2017**

**REVISED: Replaces Policy/Procedure 462**

---

#### PURPOSE

The purpose of this Chapter is to provide officers with guidelines on the proper use of license plate recognition (LPR) systems, also commonly known as license plate reader systems.

#### POLICY STATEMENT

1. The availability and use of LPR systems have provided many opportunities for the enhancement of productivity, effectiveness, and officer safety. It is the policy of this agency that all members abide by the guidelines set forth herein when using LPR systems.
2. LPR systems (Fixed, Mobile and Portable) and associated equipment and databases are authorized for official public safety purposes. Misuse of this equipment and associated databases, or data, by members of the New Orleans Police Department may result in disciplinary actions.
3. LPR systems and LPR data and associated media are the property of the New Orleans Police Department and intended for use in conducting official business with limited exceptions noted elsewhere in this Chapter.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**FOUO**—An acronym meaning *For Official Use Only*

**LPR**—License Plate Recognition / License Plate Reader

**OCR**—Optical Character Recognition

**Read**—Digital images of license plates and vehicles and associated metadata (e.g., date, time, and geographic coordinates associated with the vehicle image capture) that are captured by the LPR system.

**Alert**—A visual and/or auditory notice that is triggered when the LPR system receives a potential “hit” on a license plate.

**Hit**—A read matched to a plate that has previously been registered on an agency’s “hot list” of vehicle plates related to stolen vehicles, wanted vehicles, or other factors supporting investigation, or which has been manually registered by a user for further investigation.

**Hot list**—License plate numbers of stolen cars, vehicles owned by persons of interest, and vehicles associated with AMBER Alerts that are regularly added to “hot lists” circulated among law enforcement agencies. Hot list information can come from a variety of sources, including stolen vehicle information from the National Insurance Crime Bureau and the National Crime Information Center (NCIC), as well as national AMBER Alerts and Department of Homeland Security watch lists. Departments of motor vehicles can provide lists of expired registration tags, and law enforcement agencies can interface their own, locally compiled hot lists to the LPR system. These lists serve an officer safety function as well as an investigatory purpose. In addition to agency supported hot lists, users may also manually add license plate numbers to hot lists in order to be alerted if and when a vehicle license plate of interest is “read” by the LPR system. Hot lists are created to enhance law enforcement officers’ abilities to conduct investigations and provide for officer safety, the contents of hot lists are not disseminated to the public.

**Fixed LPR system**—LPR cameras that are permanently affixed to a structure, such as a pole, a traffic barrier, or a bridge.

**Mobile LPR system**—LPR cameras that are affixed, either permanently (hardwired) or temporarily (e.g., magnet-mounted), to a law enforcement vehicle for mobile deployment.

**Portable LPR system**—LPR cameras that are transportable and can be moved and deployed in a variety of venues as needed, such as a traffic barrel or speed radar sign.

#### **LPR SYSTEM ADMINISTRATION - GENERAL**

4. The Commander of the Special Investigations Division (SID) has administrative oversight for the LPR system (Fixed, Mobile and Portable) deployment and operation and is responsible for the following:
  - (a) Establishing protocols for access, collection, storage, and retention of LPR data and associated media files;
  - (b) Establishing protocols to preserve and document LPR reads and “alerts” or “hits” that are acted on in the field or associated with investigations or prosecutions;
  - (c) Establishing protocols to establish and ensure the security and integrity of data captured, stored, and/or retained by the LPR system;
  - (d) Selecting the personnel approved to operate the LPR system and maintaining an adequate number of trained operators;
  - (e) Maintaining records identifying approved LPR deployments and documenting their results, including appropriate documentation of significant incidents and arrests that are related to LPR usage; and
  - (f) Authorizing any requests for LPR systems use or data access according to the guidelines of this Chapter.
  
5. The Commander of SID, as administrator of the LPR system, should also:
  - (a) Stay abreast of legal trends and case law in the area of LPR and other electronic forms of public surveillance;
  - (b) Monitor the use of the LPR system and ensure periodic audits;
  - (c) Ensure the LPR system is only used for appropriate department business and in keeping with this Chapter;
  - (d) Manage the compilation of “hot lists”; and

- (e) Annually review and suggest necessary updates to the LPR Chapter.
6. Personnel assigned by the Commander of SID shall check LPR system equipment on a regular basis to ensure functionality and camera alignment. Any equipment that falls outside expected functionality shall be removed from service until deficiencies have been corrected.
  7. LPR system repairs, hardware or software, shall be made by Department authorized sources only.

### **LPR SYSTEM USAGE**

8. Only members who have been properly trained in the use and operational protocols of the LPR systems shall be permitted to use it.
9. At the start of each shift authorized users must ensure that the LPR system has been updated with the most current "hot lists" available.
10. Prior to initiation of a stop based on an LPR Alert or Hit, the user (officer) must:
  - (a) Visually verify that the vehicle plate number matches the plate number run by the LPR system, including both the alphanumeric characters of the license plate and the state of issuance.
  - (b) Verify the current status of the plate through MDT query when circumstances allow.
11. **Mere receipt of an alarm is not sufficient probable cause to warrant an arrest.**
12. In each case in which an alert or a hit is triggered, the user should record the disposition of the alert and the hit into the LPR system.
13. "Hot lists" may be updated manually if the user enters a specific plate into the LPR system and wants to be alerted when that plate is located. Whenever a plate is manually entered into the LPR system, the officer shall document the reason.
14. LPR use during special or covert operations or during highly sensitive criminal investigations must be approved, in writing, by the Commander of SID. Investigations which use information obtained through the LPR database shall document the fact that LPR data was used in the investigative case report.
15. LPR reads shall not be cross-checked to obtain ownership information except for legitimate and officially sanctioned law enforcement investigations.
16. Searches of historical data within the LPR system shall be done by authorized members of SID in accordance with SID Standard Operating Guidelines (SOG's).

### **LPR DATA SHARING AND DISSEMINATION**

17. LPR systems and associated equipment and databases are authorized FOUO (public safety purposes). Use of this equipment, associated databases, or data in a manner outside the scope of this Chapter may subject the member to disciplinary action.
18. When LPR data are disseminated **outside the Department or cooperating agencies who are sharing LPR data under existing MOU/CEA's**, it shall be documented in a Secondary Dissemination Log maintained by the Commander of SID. This log shall

clearly indicate what was shared, why it was shared, and when and who authorized the sharing.

19. Information sharing among law enforcement agencies shall be dictated in accordance with existing memoranda of understanding (MOU), cooperative endeavor agreements (CEA) or established departmental policies.

#### **LPR SYSTEM DATA AND RECORD RETENTION**

20. LPR system data, related records, logs and MOU/CEA shall be retained according to the Departmental schedule maintained by the records and Identification section of MSB. Absent specific a specific schedule, the data shall be purged after 180 days.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.10

### TITLE: BODY–WORN CAMERA (“BWC”)

EFFECTIVE: 04/05/15

REVISED: 11/22/15; 11/6/16; 07/28/19; 12/06/20; 05/23/21

---

#### PURPOSE

This Chapter governs the use of the Body–Worn Camera systems and does not apply to or limit the use of the In-Car Camera Systems as defined in **Chapter 41.3.8**. (See also: **Chapter 41.3.2 – Body Worn Camera Inadvertent Misuse or Non-Use** and **Chapter 82.1.1 – Records Release and Security**). Certain law enforcement assignments within the New Orleans Police Department may be equipped with an on-body audio/video recording system (BWC) as directed by the Superintendent of Police or the Superintendent’s designee. This system will be used to document events and capture data to be preserved in a Web-based digital storage facility at *EVIDENCE.COM*. Once captured, these recordings cannot be altered in any way and are protected with multiple layers of encryption. The New Orleans Police Department has adopted the use of *BWC* technology to accomplish the following objectives:

- (a) To enhance transparency and public trust by preserving factual representations of officer-citizen interactions in the form of audio/video recordings.
- (b) To promote officer safety.
- (c) To document statements and events during the course of an incident.
- (d) To enhance the law enforcement operator’s ability to document and review statements and actions for internal reporting requirements as well as for courtroom preparation and presentation.
- (e) To preserve audio/video information for use in current and future investigations.
- (f) To provide an impartial measurement for self-critique and field evaluation during officer training.

#### POLICY STATEMENT

1. The New Orleans Police Department is committed to the belief that audio/video documentation of a Department member’s daily encounters is an important and valuable resource for law enforcement. The New Orleans Police Department is also committed to respecting civilians’ reasonable privacy expectations, including but not limited to medical and health privacy and privacy in one’s home.
2. Selected field assignments may be equipped with Body-Worn Camera (“BWC”) devices per **Appendix “A”** of this policy. The BWC systems manufactured by Axon International, Inc. are the only BWC equipment authorized for use. Use of this technology provides for audio/video documentation of a police officer’s enforcement and investigative activities from the perspective of the officer’s person. Using this equipment can be expected to promote officer safety, result in greater transparency, more effective prosecution, and

increased accuracy of findings in investigations of complaints. This policy is intended to achieve an appropriate balance between the benefits of BWC devices and civilians' reasonable expectations of privacy.

3. The BWC device is used to record certain activities, as set out in this policy, thereby creating an unbiased audio/video record of the incident and a supplement to the officer's report. Audio/video recordings of enforcement or investigative actions are evidence, and subject to rules of disclosure. It is in the best interest of justice that the Department regulates and controls all forms of evidence collection and storage.
4. Officers are encouraged but not required to advise members of the public when they are being recorded by body-worn camera.

## DEFINITIONS

**Audio Recording**—The electronic recording of conversation, spoken words, or other sounds.

**Audio/Video**—When used in this Chapter, this phrase may refer to audio only, video only or both audio and video recordings.

**Body-Worn Camera (“BWC”)**—Equipment worn by a Department member that captures audio/video signals and includes, at a minimum, a camera, microphone, and recorder. The models of BWC systems in use by the New Orleans Police Department are manufactured by Axon International, Inc. and can be either: 1) Self-contained / clip-on audio/video recording device; or 2) Variable mount audio/video recording device that includes a cable tethered camera/DVR attached to a controller.

**Controller Switch (Axon Body 2)**—Master on/off power switch located on the top left, outward-facing corner of the BWC device.

**Power Button (Axon Body 3)** – Located on the top right, outward-facing corner of the BWC. Press and hold to turn the camera's power on or off.

**Critical Incident**—An event in which an officer:

- (a) Uses force resulting in hospitalization or death;
- (b) Intentionally discharges his or her firearm at a person(s);
- (c) Strikes someone in the head with an impact weapon, whether intentional or not;
- (d) Engages in a police vehicle pursuit which results in death or an injury of a person(s) requiring hospitalization; or
- (e) Has an arrested or detained subject who dies while in the custody of an officer.

**District/Division System Administrator (“DSA”)**—Supervisor assigned to the district or division who is assigned responsibility for inventory control and operational maintenance of the Body Worn Camera and In-Car Camera systems equipment at a District/Division level.

**Event Record Button**—Push button activation switch located in the center of the BWC device.

**EVIDENCE.COM**—Online Web-based digital media storage facility. The virtual warehouse stores digitally encrypted data in a highly secure environment accessible to personnel based on assigned levels of security clearance. The New Orleans Police Department account is accessed at: <https://nopd.evidence.com>

**Media or Data**—For the purposes of this Chapter, references to media or data include photographs, audio recordings and video footage captured by the BWC device. The media are stored digitally and encrypted.

**Signal Performance Power Magazine (SPPM)**—A transmission device that will send a signal to all BWC within a 30-foot range of the transmitter for 30 seconds. BWCs receiving this signal will be activated to “recording mode.” The officer must manually stop the BWC according to Chapter guidelines.

**Remote Camera/DVR**—Cable tethered camera/DVR affixed to an approved AXON mounting device unique to the variable mount audio/video recording device system. Accessories provided with the variable mount audio/video recording device system offer a variety of mounting options, such as on glasses, collars, epaulettes, helmets, etc.

**Video Recording**—The electronic recording of visual images with or without audio component.

## GENERAL

5. Department members who have completed authorized training sanctioned by the NOPD Education & Training Division shall be the only personnel authorized to use a BWC in an operational setting. Department members assigned these devices are only authorized to audio/video record investigative and/or enforcement activities using departmentally assigned equipment following the practices prescribed within this chapter. The BWC shall be worn at all times while on duty when assigned this device.
6. Department members are **not** authorized to make copies of any recordings for their personal use and are prohibited from using a recording device (such as a phone camera or secondary video camera) to record media from *EVIDENCE.COM*.
7. Department members assigned a BWC shall not erase, alter, reuse, modify, destroy, abuse, or tamper with BWC audio/video recordings or the device. Department members shall not use other electronic devices or other means to intentionally interfere with the capability of the BWC equipment.
8. BWC equipment will be assigned with priority given to each of the primary patrol shifts in each District and other uniform operations assigned under the Field Operations Bureau based on quantity of operational units in the department’s inventory.
9. BWC equipment will be assigned according to the priorities established in **Appendix A**. When a member is transferred, the following shall apply:
  - (a) If the member is transferred to a command that also utilizes a BWC, the equipment shall be relocated with the member.
  - (b) If a member equipped with a BWC is transferred to a command that **does not** utilize a BWC per **Appendix A**, the member must return his/her BWC to the BWC Office on his/her next Tour of Duty. If the member is unable to return the BWC personally, the DSA of the unit from which the member is being transferred shall make arrangements to return the member’s BWC. This includes members transferred to ADD.
  - (c) If the member is transferred from a unit that does not utilize a BWC, the member **must** obtain a BWC from the BWC Office **prior** to reporting to his/her new assignment. If the member is unable to obtain a BWC personally, arrangements shall be made with the DSA of the unit to which the member is being transferred to ensure a BWC will be available for that member.
10. Digital recordings shall be preserved for at least two years, or if a case is under investigation or in litigation for longer than two years, at least three years after the final disposition of the matter, including appeals, unless a written request is made to store them for a longer period of time for a legitimate law enforcement purpose.

**REQUIRED ACTIVATION OF THE BWC**

11. This policy is intended to achieve an appropriate balance between the benefits of BWC devices and civilians' reasonable expectations of privacy. The BWC shall be manually only activated for legitimate law enforcement purposes.

Manual activation of the BWC is required for the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range;
  - (b) Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops);
  - (c) Emergency responses;
  - (d) Vehicle pursuits;
  - (e) Suspicious vehicles;
  - (f) Arrests and transports;
  - (g) Vehicle searches;
  - (h) Consent to search;
  - (i) Physical or verbal confrontations or use of force;
  - (j) Pedestrian checks/Terry Stops;
  - (k) DWI investigations, including field sobriety tests;
  - (l) Domestic violence calls;
  - (m) Statements made by individuals in the course of an investigation or complaint;
  - (n) Advisements of Miranda rights;
  - (o) Seizure of evidence;
  - (p) Swat rolls;
  - (q) Execution of all Search Warrants (including No-Knock) and Arrest Warrants;
  - (r) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording;
  - (s) Engages in mass civil demonstrations and / or riot control;
  - (t) Any other legitimate law enforcement contact where the officer believes that a recording of an incident would be appropriate; and
  - (u) All calls for service.
12. Notwithstanding the above directives on Manual Activation requirements, when officers are conducting strip searches or body cavity searches, they shall follow the requirements of **Chapter 1.2.4 – Search & Seizure** regarding consent and recording requirements.
13. The BWC may not be used for the purpose of intimidating an individual or to discourage an individual from observing police activity, making appropriate inquiries of an officer, or making a complaint.
14. Department members have discretion whether to manually activate a BWC during consensual contacts of a non-criminal nature.
15. The BWC may be automatically activated when the signal performance power magazine of a Taser is activated. (See: **Chapter 1.7.1 – CEW**). BWCs receiving this signal will be activated to "recording mode." The officer must manually stop the BWC according to Chapter guidelines. All automatically triggered recordings will still have to be reviewed and labeled as appropriate to the incident recorded and within the guidelines of this Chapter.

## CESSATION OF RECORDING

16. The BWC shall be utilized by any Department member assigned this device during all investigative or enforcement contacts. Once the BWC system is activated, it shall remain on and shall not be turned off until an investigative or enforcement contact or incident has concluded, including marking up the final disposition of the item and any supervisor approved signal changes. For purposes of this section, conclusion of an incident has occurred when an officer has terminated contact with an individual, cleared the scene of a reported incident, and has completed transport of a civilian or an arrestee.
17. There may be limited circumstances when the respect for an individual's privacy or dignity outweighs the need to record an event (e.g. – a victim traumatized following a violent assault). When an officer believes such circumstances exist, or that use of a BWC would impede or limit the cooperation of a victim or witness during an investigative contact, an officer may deactivate the BWC after receiving authorization from a supervisor. The reasons for the cessation and the approval must be clearly stated on the BWC before termination. If the reasons and approval are not recorded, an interoffice correspondence shall be generated from the approving supervisor to the member's Commander within 24 hours of the event. The 105 shall be maintained in unit files for a minimum of three years from the date of the event. If supervisory approval cannot be reasonably obtained, officers must document on the BWC the reason for termination and the reason they could not obtain supervisor approval of the recording prior to deactivation of the BWC. In such circumstances, the officer shall notify the supervisor as soon as practicable, and the supervisor shall review the decision to terminate within 24 hours of the event. An interoffice correspondence explaining whether the termination was acceptable shall be generated from the reviewing supervisor to the member's Commander within 24 hours of the event. The 105 shall be maintained in unit files for a minimum of three years from the date of the event.
18. When handling calls for service or incidents involving the treatment of individuals at a medical facility, Department members shall be cognizant of the privacy rights afforded under the Health Insurance Portability and Accountability Act (HIPAA) for the suspect and other patients. Officers shall turn off their BWCs immediately prior to entering a medical facility or emergency room and shall document the deactivation in the incident report, if a report is required. Immediately upon concluding the drop off or treatment, and upon exiting the medical facility, officers shall resume operation of the BWC until the incident or event is concluded. **However, any critical incident taking place within a medical facility, whether a call for service or initiated within the facility while officers are otherwise present, SHALL require the immediate activation of the BWC. The BWC, once activated for a critical incident, shall remain on until the incident is concluded.**

## PROHIBITED AUDIO/VIDEO RECORDING

19. The BWC shall not be used to record non-work-related personal activity.
20. The BWC shall not be activated in places where an employee has a reasonable expectation of privacy, such as locker rooms, dressing rooms or restrooms, unless a criminal offense has occurred in these locations, at which time every precaution shall be taken to respect the dignity of the victim by avoiding recording videos of persons who are nude or when sensitive areas are exposed. The BWC shall not be intentionally activated to record conversations of fellow employees during

routine, non-enforcement related activities without their knowledge.

21. Department members shall not intentionally record confidential informants or undercover officers unless the recording is conducted specifically for the purpose of documenting a sting, drug purchase/sale, or other undercover operation in furtherance of a criminal investigation.
22. Department members shall not make covert recordings of conversations with other Department members except when necessary in the course of a criminal investigation or for Department administrative investigations **and** only with the express consent of the Superintendent of Police or one of his/her designees: the Deputy Superintendent of the Public Integrity Bureau, the Deputy Superintendent of the Field Operations Bureau, the Deputy Superintendent of the Investigations & Support Bureau, the Deputy Superintendent of the Professional Standards and Accountability Bureau, and the Deputy Superintendent of the Management Services Bureau.
23. Body-worn cameras shall not be used for purpose of conducting Departmental administrative investigations, including undercover/plainclothes operations, **without** the approval of the Superintendent of Police or his/her designee. However, this requirement shall not restrict the Public Integrity Bureau's routine access to or review of BWC recordings when investigating complaints of misconduct or uses of force.

#### **OFFICER RESPONSIBILITIES**

24. Prior to beginning each shift, the assigned Department member shall perform an inspection to ensure that the Body-Worn Camera is performing in accordance with departmental training. If problems are encountered with any component of the system, the malfunctioning BWC equipment shall not be used. As part of the inspection process, the officer who is assigned or using the BWC shall record a 30 second "test video". The test video shall have a neutral background and audio. The audio shall consist of the officer's full name, badge, assignment, date and time.
25. Members shall immediately report malfunctioning BWC systems to their immediate supervisor. After reporting a malfunctioning BWC to his/her immediate supervisor, the member and supervisor shall make a reasonable effort to secure a functioning and charged BWC prior to the member resuming service. If no BWC can be obtained, the supervisor shall make specific note of that fact in his/her daily report.
26. At the start of each shift, any member assigned to a District, Division and or Unit that has been provided with body worn cameras shall wear and use the BWC, as directed within this Chapter, while in a uniform or plainclothes capacity. Officers shall wear a BWC while working in a proactive capacity, including but not limited to: traffic checkpoints, directed patrols, and/or traffic enforcement overtime shifts. Members assigned a BWC shall test the equipment prior to use according to departmental training guidelines and testing procedures. Members shall immediately report malfunctioning BWC systems to their immediate supervisor.
27. Inspection, general care and maintenance of a BWC shall be the responsibility of the authorized Department member who has been issued this equipment. BWC equipment shall be operated in accordance with the manufacturer's recommended guidelines, department training and associated department policies.

28. Malfunctions, damage, loss or theft of BWC equipment shall be reported immediately by the assigned Department member to an immediate supervisor. The department member's immediate supervisor shall be responsible for providing written notice to the District/Division System Administrator documenting the suspected cause of equipment failure or corrective action initiated related to possible misuse. All lost or stolen BWC's or accessories shall be documented in an incident report. See also: **Chapter 17.3 - Department Owned and Personal Property**).
29. It is the Member's responsibility to ensure that the view of the camera is unobstructed by clothing or uniform accessories. Body-worn cameras, when worn by District members in uniform patrol functions (i.e. officers and rank), shall be worn at chest height, pointing in front of the officer and horizontal to the ground. Mounting options for SOD personnel in tactical gear or officers in plainclothes shall provide for a frontal view in accordance with uniform specifications (i.e., helmets or other protective gear).
30. Department members issued a BWC shall place the device in the **Recording (Event) Mode** before arriving on the scene, if possible, or as soon as it is possible and safe to do so at the onset of a given situation. Once in the **Recording (Event) Mode**, Department members shall continue to record until the completion of the event, or until they have left the scene. Additional arriving units to a scene shall place their BWCs in the **Recording (Event) Mode before arriving on the scene** (if so equipped), and continue to record until the completion of the event, or they have left the scene.
31. When the BWC is used in an investigative or law enforcement contact, this fact will be documented on any citation, summons, and/or report prepared. Whenever a Department member obtains a video statement, the fact the statement was recorded will be listed in the Incident Report. Officers shall not use the BWC to circumvent the requirements of **Chapter 42.11 – Custodial Interrogations**.
32. Whenever a Department member believes that a recorded event may lead to a citizen complaint, he/she shall bring the recording to the attention of his/her immediate supervisor as soon as possible.

#### **SUPERVISOR RESPONSIBILITIES**

33. If a member makes a supervisor aware that a recording may lead to a citizen complaint, the supervisor should review the recording and conduct any further investigation that he or she deems appropriate. If no incident report or supplemental report directly related to the possible complaint is warranted, details of the contact shall be documented via departmental email. The Department member's immediate supervisor shall be responsible for ensuring a copy of any report or correspondence related to the contact is forwarded to his or her respective District/Division Commander, Bureau Deputy Superintendent and the Deputy Superintendent of the Public Integrity Bureau.
34. Supervisors shall issue and inspect BWC equipment when initially issued to assigned personnel to ensure proper operability per testing protocols provided under departmental training. Non-functioning BWC systems shall not be placed into service and the equipment malfunction shall be immediately reported in writing, via departmental email, to the supervisor's respective District/Division System Administrator (DSA) with a copy forwarded to the District/Division Commander. The DSA shall be responsible for coordinating maintenance or repairs issues directly to the Master System Administrator (MSA) assigned to the Information Systems Section.

35. Supervisors shall review any BWC recording that may have been automatically activated when the signal performance power magazine of the Taser is activated. (See: **Chapter 1.7.1 – CEW**). All automatically triggered recordings will have to be reviewed by a supervisor, labeled as appropriate to the incident recorded and within the guidelines of this Chapter.
36. Supervisors shall regularly perform a random review of their subordinates' BWC recordings to assess officer performance and ensure proper use of the BWC is enforced. Reviews shall be conducted according to **Appendix B – FOB BWC and ICC Review Guidelines**.
37. Supervisors shall ensure all members with malfunctioning or non-functioning BWC replace their BWC before answering any Calls for Service (except for Code 2 priority calls) by obtaining a replacement BWC from:
  - (a) The District DSA first; then
  - (b) The Body Worn Camera Office of Information Systems Section during normal working hours (9 am to 4 pm Monday through Friday excluding holidays).
38. Supervisors shall ensure any officer working under their supervision and working in a field assignment listed in **Appendix A** wears a BWC while working in a proactive capacity. This includes but is not limited to: traffic checkpoints, directed patrols, and/or traffic enforcement overtime shifts.
39. When an incident arises that requires the immediate retrieval of a BWC digital recording (e.g., serious crime scenes, officer-involved shootings, Department vehicle crashes) a supervisor from the involved member's chain of command or the assigned investigator shall respond to the scene to secure the member's BWC and maintain a chain of custody. The chain of custody shall be maintained until the BWC digital recordings have been uploaded, properly labeled and entered into EVIDENCE.COM.

#### **AUTHORIZATION TO NOT WEAR A BODY-WORN CAMERA**

40. The Superintendent of Police may authorize an officer who would be required to wear a BWC by this Chapter to be exempt from the requirement when requested and approved in advance in writing by the officer's Commander. The request shall state:
  - (a) The operational / tactical / safety reasons (i.e. undercover, covert assignment, surveillance, etc.) why the BWC should not be worn;
  - (b) The specific limitations of the authorization such as for a particular named operation or for a set duration; and
  - (c) The name(s) of the officer(s) exempted from the BWC requirement.
41. The exception is limited to the specific provisions authorized in the approved request; the exception is not a blanket authorization beyond the specific provisions of the written authorization.
42. Officers exempted from the use of a BWC in accordance with these provisions shall comply with all applicable regulations except those dealing only with the specific operation of the BWC as outlined in this Chapter.

**MASTER SYSTEM ADMINISTRATOR (MSA)**

43. The Master System Administrator (MSA) is/are supervisor(s) authorized by the New Orleans Police Department and assigned to the Information Systems Section with full access to use rights. The MSA shall coordinate access requests to the recorded events for officers and investigators for legitimate law enforcement purposes or as directed by the Superintendent of Police or his/her designee.
44. The MSA is responsible for:
- (a) Assigning and tracking inventory of equipment;
  - (b) Password control;
  - (c) End-user security access rights;
  - (d) Quality checks of video and sound quality if complaints made by officer;
  - (e) Coordinating with the District/Division System Administrators; and
  - (f) Serving as liaison to AXON International representative on operational equipment related matters.

**TRAINING**

45. All members who are authorized to use BWC equipment must complete mandatory departmental familiarization training provided by the Education & Training Division for new members and by the District / Division DSA when the BWC is issued for members transferred from units that did not require a BWC to familiarize themselves with the audio/video recording system and Departmental procedures prior to its use.

**BODY-WORN CAMERA MODES OF OPERATION**

46. **Ready (Event) Buffering Mode:** Device feature through which the camera continuously records and holds the most recent 60 seconds of video and audio prior to record activation. With this feature, the initial event that causes the officer to activate recording is likely to be captured automatically, thereby increasing the capability of recording the entire activity. Pre-event buffering does not occur when the camera is powered off.
47. **Recording (Event) Mode:** In this mode, the BWC device saves the buffered video and continues recording audio and video for up to twelve hours or the life of the battery. To activate, the end-user must double click the Event Record Button located on the center of the BWC device (an audible tone will sound to alert the end-user the device is now recording). To stop recording, the end-user must push and hold the Event Record Button for three seconds to return to the Pre-Event Buffering Mode.
48. **Operation LED:**
- (a) Solid Red LED - Device Boot up / powering down
  - (b) Blinking Green LED – Device Buffering
  - (c) Blinking Red – Device Recording
  - (d) Blinking Yellow – Remote Camera/DVR Disconnect / Other Device Malfunction(Flex 2); Low Battery or Error (Body 3)

**CATEGORIZING BWC VIDEOS**

49. Department members shall properly categorize each BWC video made. Department members shall categorize a BWC video as follows:
- (a) **ID:** NOPD item number utilizing the corresponding alphabetic character for the month (A-L), followed by a hyphen (-), followed by a five digit incident number

(use zeroes to form the five digit number if necessary), followed by a hyphen (-), followed by the year Indicator which is the last two digits of the current year (EXAMPLE: A-12345-21).

- (b) **CATEGORY:** Choose the applicable category(s) from the dropdown list. (miscellaneous shall be used only where the activity does not reasonably fall within another category).
- (c) **TITLE:** Replace the "AXON Body Video" label with the address of the incident.

- 50. Failure to properly categorize a BWC recording may result in disciplinary action.

#### **DELETION OF UNINTENTIONAL RECORDINGS**

- 51. In the event of an unintentional activation of BWC equipment during non-enforcement or non-investigative activities (e.g. a restroom or meal break, or in other situation when a reasonable expectation of employee privacy exists) a Department member may request deletion of the recording.
- 52. A form 105 detailing the circumstances of an unintentional recording shall be forwarded via the chain of command to the member's District/ Division Commander and, if approved, the actual deletion shall require two-party authorization. One of those parties shall be the member's District/Division Commander, and the other shall be the Master System Administrator.
- 53. Only the Master System Administrator shall facilitate the actual removal of any record approved for deletion. Records related to any request for the deletion of records shall be maintained by the Master System Administrator.

#### **CHARGING AND UPLOADING PROCEDURE**

- 54. At the end of their shift, Department members issued a BWC shall place the device into an open slot on the Axon Dock located at their District/Division assignment. This will allow for recharging of the device and media or data transfer from the BWC through the docking station to EVIDENCE.COM.
- 55. At the conclusion of recharge/upload cycle, the device is automatically cleared of all previously recorded data. The BWC device shall not be removed from the dock until media or data has been uploaded and the battery has been fully recharged. When a Body 3 camera on the dock is fully charged, both the Operation LED and the Triad LED are solid green. Dock status LEDs light up solid green on the Body 2 and Flex 2 when they are on the dock and fully charged, signifying the BWC is ready for use. Under normal use (routine shift), a recharge/upload cycle can be expected to take between one to three hours to complete.

#### **AUTHORIZED USER ACCESS TO UPLOADED MEDIA OR DATA**

- 56. General access to digital recordings shall be granted to Department-authorized users only. It is the responsibility of authorized users to keep their user names and passwords confidential. Accessing, copying, or releasing any recordings for other than official law enforcement purposes is strictly prohibited, except as required by law.
- 57. A department member who has been assigned a BWC device may review his or her own BWC recording to help ensure accuracy and consistency of accounts. This can be done by accessing EVIDENCE.COM. To prevent damage, original recordings shall be viewed only by members who are assigned a BWC device

through means authorized by the Department. Any review of a BWC by the officer shall be documented in the incident report corresponding with the incident.

58. A Department member involved in or witness to any use of force incident or accident causing injuries will be permitted, but will not be required, to review his or her own BWC video recordings prior to providing a recorded statement or completing reports.
59. The Superintendent of Police or one of his/her designees (the Deputy Superintendent of the Public Integrity Bureau, the Deputy Superintendent of the Field Operations Bureau, the Deputy Superintendent of the Investigations & Support Bureau, the Deputy Superintendent of the Professional Standards and Accountability Bureau, and the Deputy Superintendent of the Management Services Bureau) may authorize an investigator participating in an official Department investigation of a personnel complaint, claims investigation, administrative inquiry, or criminal investigation, access to review specific incidents contained on BWC recordings. Access for any other purpose shall require the express approval of the Superintendent of Police.
60. A supervisor may review specific BWC media or data for the purpose of training, performance review, critique, early intervention inquiries, civil claims, administrative inquiry, or other articulable reason.
61. If the supervisor determines during his/her review of an incident that NOPD should revisit policy, tactics, training, or strategy related to the incident, the supervisor shall document that in a PRR Form #358. The supervisor submitting a PRR form #358 is responsible for thoroughly completing the form's "Request" section. The supervisor shall make a digital copy of the form and email it to PSAB@nola.gov . The supervisor shall make an earnest effort to provide information to facilitate the review of the request. Supervisors shall be available to the reviewer and respond to follow-up questions, if any, from the PSAB reviewer
62. Field Training Officers may use media captured via a BWC device to provide immediate training to recruits and to assist with the completion of the Daily Observation Report (DOR).
63. Under no circumstances shall members with access to BWC media or data files be allowed to use, show, reproduce or release recordings for the purpose of ridicule or embarrassment of any officer or individual or for other non-law enforcement related purposes. This includes submission of any portion of a BWC recording to a media organization unless release has been approved in advance by the Superintendent of Police.
64. Given emerging technologies, NOPD will not implement new biometric technologies (such as facial recognition software) not currently in use by NOPD without revisiting this policy to balance the impact of such technologies and the protection of privacy rights. (See: **Chapter 51.1.1 - Use of Surveillance Technology and Facial Recognition for Criminal Investigations.**)

**APPENDIX A – List of selected field assignments required to have a Body-Worn Camera in accordance with this policy**

- All District Platoon Officers
- All School Resource Officers
- All Gang Task Force commissioned personnel that are not full-time administrative staff
- All SOD commissioned personnel that are not full-time administrative staff, including:
  - Canine Unit
  - Traffic Section
  - V.O.W.S.
  - Tactical Teams
  - SOD Situational Response Team
  - RTA Section
- All District Platoon Sergeants
- Other officers who routinely engage in patrol
- Any other officers designated by the Superintendent.

## APPENDIX B – BWC and ICC Review Guidelines

***These guidelines do not address a supervisor’s mandatory obligations to review videos involving reviewing uses of force, misconduct investigations, vehicle pursuits, and injuries to a prisoner or an officer.***

Clarifying the **discretionary review** process for BWC and ICC will help the Department accomplish the following goals:

- Ensuring supervisors conduct timely, accurate and complete performance evaluations of their subordinates;
- Making sure officers “are working actively to engage the community and increase public trust and safety”; and
- Ensuring supervisors “review recordings regularly... to incorporate the knowledge gained from this review into their ongoing evaluation and supervision of officers”.

### Sergeant’s Responsibilities

- Each **platoon** shall review at least one in-car or body-worn camera video of officers under his/her supervision each work day, on average, for a total of at least 30 per month. Circumstances may prevent individual sergeants from reviewing video on a daily basis, but supervisors may make multiple reviews on less busy days in order to meet the overall, platoon monthly goal.
- The videos reviewed shall not be solely one category (BWC or ICC) but should be a combination of the two.

### Lieutenant’s Responsibilities

- Each platoon lieutenant should review at least two BWC or ICC videos of different officers each work week, on average and at least one BWC for each subordinate supervisor weekly.
- Lieutenants shall review videos to assess the performance of sergeants and officers.
- Each month lieutenants shall review multiple videos that have been reviewed by sergeants to ensure close and effective supervision of officers by their sergeants.

### Suggested Topics of Discretionary BWC/ICC Reviews

- Quality of officer interaction with persons during non-enforcement related contacts;
- Constitutionality of and tactics used during Terry Stops/Investigatory Stops;
- Victim centered approach and asking risk questions during Domestic Violence call;
- Recognizing signs of person in crisis and treating them with dignity during Crisis Intervention incidents;
- Constitutionality of and tactics used during Searches, and Arrests; and
- Showing respect toward and acting professionally in dealing with the public (General Officer Performance).
- De-escalation efforts in critical confrontational situations

### Length of Video Reviews (on average)

- 7-10 minutes.
- It is not necessary to review an entire video of a particular call for service. The length of the review should be long enough for lieutenants to meaningfully assess the quality of the issue under consideration (quality of Terry Stop or arrest; quality of officer interaction with citizens, etc.).

- The review should not include an assessment of the member's travel time, unless the supervisor is critiquing the member's driving habits, or involves a mandated review of alleged misconduct.
- The 7-10-minute video review should assess the officer's actions once he or she has arrived on the scene.

#### **Additional General Comments**

- District Commanders may direct their subordinates to review additional BWC/ICC videos over the course of a month.
- All reviews, of officers' BWC/ICC videos must be logged in the Department's "L" Drive in compliance with Department policy.
- All reviews by the Lieutenant of subordinate sergeants' BWC shall be noted in the Supervisor Feedback Log (SFL) as a random review and can be entered as "neutral" (Note), "negative" (Redirection/Counseling), or "positive" (Compliment).
- District Platoon and DIU supervisors are charged with the responsibility of ensuring that all platoon personnel are initiating BWC and ICC videos as outlined in Chapters 41.3.8 (In-Car Camera) and 41.3.10 (Body-Worn Camera).

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.3.11

### TITLE: DEPARTMENT TECHNOLOGY USE

**EFFECTIVE: 05/13/2018**

**REVISED: (Replaces Policy 342)**

---

#### PURPOSE

This Chapter describes the use of department computers, software, hardware, and technology systems.

#### DEFINITIONS

**Computer System**—Includes all computers (on-site and portable), hardware, software and resources owned, leased, rented or licensed by the City of New Orleans/New Orleans Police Department that are provided for use by department members.

**Hardware**—Includes, but is not limited to, computers, computer terminals, network equipment, modems or any other tangible computer device generally understood to comprise hardware.

**Software**—Includes, but is not limited to, all computer programs and applications, including shareware. This does not include files created by the individual user.

**Temporary File, Permanent File, or File**—Includes any electronic document, information or data residing or located, in whole or in part, on the system, including but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports or messages.

#### PRIVACY POLICY

1. Any member utilizing any computer, electronic storage device or media, Internet service, telephone service, information conduit, system or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy that the member, sender and recipient of any communications utilizing such service might otherwise have, including as to the content of any such communications.
2. The Department also expressly reserves the right to access and audit all communications, including content that is sent, received and/or stored through the use of such service.

**SYSTEM INSPECTION OR REVIEW**

3. There is no expectation of privacy regarding files contained in or on department computers or systems. A department supervisor or the authorized designee has the express authority to inspect or review the system, any and all temporary or permanent files and related electronic systems or devices and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.
4. Reasons for inspection or review may include, but are not limited to, system malfunctions, problems or general system failure, a lawsuit against the Department involving the member or related to the member's duties, an alleged or suspected violation of any department policy, request for disclosure of data, or a need to perform or provide a department service.

**UNAUTHORIZED DUPLICATION OF SOFTWARE**

5. Members shall not copy or duplicate any copyrighted and/or licensed software except for a single copy for backup purposes. To reduce the risk of an agency computer virus, members are not permitted to install personal copies of any software onto the computers owned or operated by the Department.
6. No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the department while on department premises or on a department computer system.

**PROHIBITED AND INAPPROPRIATE USE**

7. Access to department technology resources, including Internet access provided by, or through, the City of New Orleans, shall be strictly limited to department-related business activities. Data stored on, or available through, department systems shall only be accessed by authorized members who are engaged in an active investigation, assisting in an active investigation or who otherwise have a legitimate law enforcement or department business-related purpose to access such data.
8. Internet sites containing information that is not appropriate or applicable to department use shall not be intentionally accessed. These prohibited internet sites include, but are not limited to, adult forums, pornography, chat rooms and similar or related websites. Certain exceptions may be permitted for investigative or department related business purposes with the approval of a unit commander.
9. Downloaded information shall be limited to messages, mail and data files, which shall be subject to audit and review by the Department without notice. No copyrighted and/or unlicensed software program files may be downloaded.
10. Members shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) to a supervisor.

**PROTECTION OF DEPARTMENT SYSTEMS AND FILES**

11. All members have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the system. If any member damages a system or electronic device, then he/she will be personally liable for the repair and/or replacement of said

system or device.

12. It is expressly prohibited for a member to allow an unauthorized user to access the system at any time or for any reason.
13. Members must keep their system access information (username and password) confidential and shall not share this information with others.
14. No member may modify or alter a document, authored by another member, without the express approval of the original author. Such approval must be memorialized in writing, specifically identify the information changed and the identity and authority of the member changing it. The authorizing document shall become part of the original document as an attachment.

#### **ASSISTANCE WITH INFORMATION SYSTEM HARDWARE AND SOFTWARE**

15. Users who have a problem with information system hardware or software, to include desktop phones, shall contact the City of New Orleans Information Technology and Innovation ServiceDesk at 658-7800 or [ServiceDesk@nola.gov](mailto:ServiceDesk@nola.gov). ServiceDesk personnel will, if possible, immediately resolve the problem or else they will assign a work order to track the issue until it is resolved. If another City of New Orleans entity is better suited to resolve the technology problem, the ITI ServiceDesk personnel will direct you to this office for assistance.
16. For assistance with department issued cell phones, department installed mobile data computers or department installed mobile video/audio systems, contact the NOPD Information Technology Section.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.4

### TITLE: FOOT PURSUITS

**EFFECTIVE: 12/6/15**

**REVISED: Replaces Policy 458**

---

#### PURPOSE

Foot pursuits are inherently dangerous and require legal justification, sound tactics, and heightened officer safety awareness. This Chapter governs officers' decisions to initiate or continue the pursuit of suspects on foot by balancing the objectives of protecting the safety of the public, police officers, and the suspect with enforcing the law and apprehending the suspect.

#### POLICY STATEMENT

1. The safety of Department personnel and the public shall be the primary consideration when determining whether officers should initiate or continue a foot pursuit. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and Department personnel.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Exigent circumstances**—A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to themselves or others.

**Foot Pursuit**—An incident where an officer chases (on foot) a person who is evading a legal detention or arrest.

#### DECISION TO PURSUE ON FOOT

2. Officers may be legally justified in initiating a foot pursuit of any individual whom an officer has probable cause to believe has violated a law or ordinance or when the officer has met the requirements for a Terry Stop (see **Chapter 1.2.4.1 – Terry Stops / Investigatory Stops**).
3. Officers must continually reevaluate the decision to pursue in light of changing circumstances during the pursuit.
4. Mere flight by a subject who is not suspected of criminal activity shall not serve as the sole justification for engaging in a foot pursuit.

5. Deciding to initiate or continue a foot pursuit often is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. Foot pursuits may place Department members and the public at risk. An objectively reasonable assessment of risk is a legitimate factor in determining whether to initiate or continue a foot pursuit.
6. Surveillance and containment are generally the safest tactics for apprehending fleeing persons and shall be utilized when circumstances reasonably permit.
7. Other reasonable alternatives that officers must consider in deciding whether to initiate or continue a foot pursuit include:
  - (a) Availability of aerial support;
  - (b) Containment of the area;
  - (c) Canine search;
  - (d) Saturation of the area with patrol personnel; and
  - (e) Apprehension at another time, when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

#### **GUIDELINES FOR FOOT PURSUIT**

8. The pursuing officer(s) shall terminate a foot pursuit if so instructed by a supervisor.
9. Unless the officer reasonably believes that exigent circumstances exist (e.g., an immediate, serious threat to the safety of Department members or the public), officers should consider alternatives to engaging in or continuing a foot pursuit.
10. A **risk factor** is any attribute, characteristic or exposure that increases the likelihood of injury and/or compromises the safety of the public and Department personnel. Officers shall consider the following risk factors when deciding whether to initiate or continue a foot pursuit:
  - (a) The officer is acting alone.
  - (b) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, a single officer should keep the suspect in sight from a safe distance and coordinate the containment effort.
  - (c) The officer is unsure of his/her location and direction of travel.
  - (d) Pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspects should a confrontation occur.
  - (e) The physical condition of the officers renders them incapable of controlling the suspect if apprehended.
  - (f) The officer loses radio contact with Communications Services or with backup officers.
  - (g) The suspect enters a building, structure, confined space, or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment; the primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.

- (h) The officer becomes aware of unanticipated or unforeseen circumstances that substantially increase the risk to officers or the public.
- (i) The officer reasonably believes that the danger to the pursuing officers or public outweighs the necessity for immediate apprehension.
- (j) The officer loses possession of his/her firearm or other essential equipment.
- (k) The officer or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel available to render assistance.
- (l) The suspect's location is no longer definitely known.
- (m) The identity of the suspect is established or other information exists that will allow for the suspect's probable apprehension at a later time, and it reasonably appears that there is no immediate threat to Department members or the public if the suspect is not immediately apprehended.
- (n) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness, or other conditions.

## **RESPONSIBILITIES IN FOOT PURSUITS**

### **INITIATING OFFICER'S RESPONSIBILITIES**

- 11. The initiating officer shall be responsible for coordinating the progress of the pursuit unless relieved by another officer or a supervisor.
- 12. Officers must ensure that they activate their body worn cameras throughout the foot pursuit.
- 13. Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion.
- 14. Commencing with a request for priority radio traffic and advisement of a foot pursuit, the initiating officer should provide the following information to Communication Services on the primary communications channel of the District in which the request to pursue is made:
  - (a) Unit identifier;
  - (b) Location and direction of travel;
  - (c) Reason for the foot pursuit;
  - (d) Number of suspects and description; and
  - (e) Whether the suspect is known or believed to be armed.
- 15. Officers shall make reasonable efforts to update their location and direction of travel during the pursuit.
- 16. Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.
- 17. Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information shall terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be implemented by on scene members and alternatives considered based upon the circumstances and available resources.

18. When a foot pursuit terminates, the officer will notify as quickly as practicable the Communications Services of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect) and will direct further actions as reasonably appear necessary.

### **ASSISTING OFFICER RESPONSIBILITIES**

19. Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio talk group (channel).
20. Any officer positioned to intercept a fleeing suspect or to assist the primary officer with the apprehension of the suspect shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

### **SUPERVISOR'S RESPONSIBILITIES**

21. Upon becoming aware of a foot pursuit, the supervisor shall direct that radio traffic is restricted, decide as soon as possible whether the foot pursuit should continue and make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control, and coordination of the foot pursuit.
22. The supervisor should not allow the foot pursuit to continue if the foot pursuit violates provisions of this Chapter or related Department regulations, policies, or training and:
  - (a) There are at least two officers working in tandem and there is a reasonable belief that the suspect(s) has committed an act that would permit the officer to detain the suspect; or
  - (b) There is a reasonable belief that the suspect(s) pose an immediate threat to the safety of the public or other officers.
23. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established Department guidelines and shall direct that officers terminate a foot pursuit at any time the supervisor concludes that the danger to pursuing officers or the public outweighs the necessity for immediate apprehension of the suspect.
24. The supervisor should respond to the area when possible but does not need to be physically present to exercise control over the pursuit. The supervisor should exercise control via radio when not present.
25. Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to assert post-pursuit discipline, direct the post-pursuit activity, and conduct any investigations relating to Use of Force, if necessary (see **Chapter 1.3.6 – Reporting Use of Force**).

### **COMMUNICATION SERVICES RESPONSIBILITIES**

26. Upon being notified or becoming aware that a foot pursuit is in progress, Communications Services personnel shall ensure that a District supervisor is immediately notified of the foot pursuit and provided all available information.

27. Communications Services personnel are also responsible for:
- (a) Clearing the radio channel of non-emergency traffic;
  - (b) Repeating the transmissions of the pursuing officer as needed;
  - (c) Ensuring that a District supervisor is notified of the pursuit;
  - (d) Relaying all pertinent information to responding personnel;
  - (e) Contacting additional resources as indicated or requested; and
  - (f) Coordinating response of additional resources to assist with the foot pursuit.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.4.1

### TITLE: RESPONSE TO POLICE CALLS

**EFFECTIVE: 10/01/2017**

**REVISED: 01/13/2019**

---

#### PURPOSE

This purpose of this Chapter is to define and control the safe and appropriate response to emergency and non-emergency situations, whether dispatched or self-initiated, to minimize the risk of bodily injury and property damage.

#### POLICY STATEMENT

1. Traffic laws are designed to promote safe driving practices. Officers shall obey these laws when on patrol or responding to a call for service or responding to a request for assistance, unless circumstances clearly dictate otherwise and it is safe to do so. A true emergency, compelling urgency, or tactical necessity must exist before officers may disregard traffic and parking regulations intentionally.
2. This policy does not change the guidance and restrictions on Vehicle Pursuits contained in **Chapter 41.5-Vehicle Pursuits**.
3. When operating a vehicle, the officer's primary responsibility is the safe operation of the vehicle. Use of the MDT, radios, cell phones, and other equipment is always of secondary importance, and the officer should consider the need to safely stop the vehicle before using the MDT, radios, cell phones, and other equipment if the use is going to divert the officer's attention from the safe operation of the vehicle. Operating the MDT, radios, cell phones, and other equipment is not a valid excuse for having a crash.

#### DEFINITIONS

**Code 1**—A routine, safe driving response to calls without the use of emergency lights or siren while obeying all traffic laws.

**Code 2**—A prompt, safe driving response, with the use of emergency lights and/or intermittent siren, to calls that require law enforcement presence at an actual or suspected emergency. This response is limited to reasonable speeds and consideration for all traffic-control devices. Intersection controls may be disregarded in a Code 2 response only after a full stop of the police vehicle. The police vehicle shall not proceed through the intersection until all other vehicles have yielded right of way. The police officer disregarding an intersection control assumes full responsibility for traversing the intersection safely. On multiple-lane streets, the police officer

shall travel in the furthest left lane, when possible.

**Code 3**—An immediate, emergency driving response that requires the continuous use of emergency lights and siren. This response is used only for critical or life-threatening situations demanding emergency response.

**Authorized emergency vehicle/emergency vehicle**—A marked or unmarked vehicle of the New Orleans Police Department so designated or authorized by that Department and operated by commissioned members. It shall be equipped with a siren capable of emitting a sound audible under normal conditions from a distance not less than 500 feet and signal lights capable of displaying alternating flashing red or blue lights, displaying to the front (at a minimum) and visible at 500 feet in normal daylight.

**Emergency response**—Non-routine response to a call for service or request for support from a field unit that would generally require a Code 2 or Code 3 response.

### **CONTROLLED RESPONSE TO CALLS**

4. Controlling the response to emergency calls may require increased utilization of the involved radio channel. For this reason, members shall acknowledge if they are authorized to respond to a call for service that has been assigned to them by the Communications Services Dispatcher or a supervisor in his/her chain-of-command and limit other conversation to the minimum necessary.
5. Units shall not respond to a call for service without authorization from a supervisor in his/her chain-of-command or a Communications Services Dispatcher.
6. Officers shall receive a call for service based on a classification and prioritization set by Communication Services unless assigned by a supervisor. Three possible response classifications exist:
  - (a) Code 1,
  - (b) Code 2, and
  - (c) Code 3.
7. A field supervisor may upgrade or downgrade the response status of a call for service based on specific and articulable reasons. Any supervisor doing so shall advise the officer(s) responding and the Communications Services Dispatcher of the response upgrading or downgrading over the primary dispatch Talk Group for that area.

### **CODE 1**

8. Officers responding to a Code 1 call for service shall proceed directly to the scene obeying all traffic laws; use of emergency lights and sirens are not authorized.
9. A Communications Services Dispatcher who becomes aware that a call for service has deteriorated to the point of requiring an upgrade to a Code 2 or Code 3 shall advise the responding officer(s) and supervisor(s) of the upgrade and the reason for the upgrade.

### **CODE 2**

10. Officers receiving a Code 2 call for service shall respond immediately to the scene with the use of emergency lights and/or intermittent siren sufficient to warn motorists of their approach, as required by state law (*see* La. R.S. 32:24). Although emergency lights must remain activated while in Code 2 status, officers shall have the option of using the

siren only when conditions require the officer to legally take the right-of-way at intersections or other locations when necessary to ensure safe passage.

11. Responding with emergency lights and siren does not relieve the officer of the duty to drive with due regard for the safety of all persons and property and does not protect the officer from the consequences of reckless disregard for the safety of others (see La. R.S. 32:24).
12. Officers shall respond to a call as a Code 2 only when so dispatched or when responding to circumstances the officer reasonably believes involve the potential for immediate danger to persons or property.

### **CODE 3**

13. Officers responding to a Code 3 call shall use emergency lights and sirens. These calls involve incidents in which danger to human life is imminent or an officer requests emergency assistance (e.g., a Signal 108, or Signal 10-55).
14. Vehicle operation will remain reasonable for the existing conditions (e.g., weather, roadway, traffic, pedestrian, police vehicle capability, etc.) and the officer will exercise due caution at all intersections by slowing and/or stopping prior to entering the intersection. However, in no case shall an officer exceed the posted speed limit by **10 MPH** on an undivided street or **20 MPH** on a divided highway (see La. RS 32:1 for definition of divided highway).

### **REQUESTING EMERGENCY ASSISTANCE**

15. Officers may request assistance/emergency assistance when they reasonably believe a threat to the safety of officers is imminent, or assistance is needed to prevent imminent serious harm to a citizen or officer.
16. If circumstances permit, the requesting officer shall give the following information to the dispatcher:
  - (a) The unit number;
  - (b) The location;
  - (c) The reason for the request, type of emergency, and any specialized type of response requested (e.g., CIT); and
  - (d) The number of units required.
17. When a situation has stabilized and assistance/emergency assistance is no longer required, the requesting officer shall promptly notify the dispatcher.

### **ELEVATING EMERGENCY CALL RESPONSE**

18. If an officer believes an elevated (Code 2, Code 3) response to a call for service is appropriate, the officer shall immediately notify the dispatcher on the primary (Dispatch) Talk Group for that area. When elevating a response, officers should articulate on air their reasons to justify their escalation and notify Communication Services when time or circumstances permit. Officers may be required to provide additional justification or explanation to their supervisor if the decision to escalate is challenged.

### **RESPONDING OFFICER RESPONSIBILITIES**

19. Responding officers may discontinue emergency response to a call if, in the officer's judgment, the roadway conditions or traffic congestion do not permit such a response

without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren and obeying all traffic laws. In such an event, the officer should immediately notify the dispatcher on the primary Talk Group for that area. An officer also shall discontinue an emergency response to a CFS when directed by a supervisor or as otherwise appropriate.

20. Upon determining an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.
21. The first officer arriving at the scene should determine whether to increase or reduce the level of the response for any additional units and notify the dispatcher of his/her determination on the primary Talk Group for that area. Any subsequent change in the appropriate response level shall be communicated to the dispatcher by the officer in charge of the scene, unless a supervisor assumes this responsibility.
22. Units responding to a call for service must advise Communications Section Dispatcher for the primary Talk Group of the District in which they are working of their arrival (10-97) on a scene. Use of the Mobile Data Terminal is not sufficient as there may be a delay or signal interruption and officer safety requires that Communications and all units working in that District are aware of the arrival and officer's location in the event emergency assistance is requested or the officer becomes unresponsive (10-50).

#### **CALLS FOR SERVICE WITH DELAYED REPORTING / REASSIGNMENT**

23. Once officers have arrived on the scene of a call-for-service (CFS), they shall complete the handling of the incident unless:
  - (a) Another incident of higher priority arises;
  - (b) No one on the scene is at risk from physical harm or requires medical treatment;
  - (c) The aggressor or perpetrator is not on the scene or likely to return; and
  - (d) There are no other responding units available to respond to the higher priority incident or the first responding officer is a supervisor.
24. The initial responding officers shall complete the required reporting for the incident in all other instances.
25. If the initial responding officers have cleared the scene and requested a follow-up unit to handle the reporting requirements, he/she shall advise his/her supervisor and Communications Section Dispatcher for the primary Talk Group of the District in which they are working that the call was returned to the dispatch queue for the next available unit. The supervisor must confirm approval with Communications. The CFS that was returned to the dispatch queue shall be classed as a Code 1C, unless additional information raises the response level.
26. Officers shall not initiate a new signal or item number for the follow-up response. All responses shall be categorized under the original item number.
27. The reporting officer should contact the initial responding officer to obtain relevant information gained from the initial response to the scene, including personal observations, physical evidence, and all facts learned from witnesses or other persons supplying information, and which would be relevant to the investigation of the incident and assessing any pattern of conduct over time.

**COMMUNICATION SERVICES RESPONSIBILITIES**

28. A dispatcher shall request that assisting units provide acknowledgment and response when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed.

**SUPERVISORY RESPONSIBILITIES**

29. Upon being notified that a request for an emergency response (e.g., signal 10-55, signal 108) has been initiated, a field supervisor shall verify the following:
- (a) The proper response has been initiated;
  - (b) No more units than those reasonably necessary under the circumstances are involved in the response; and
  - (c) Affected outside jurisdictions are being notified as practicable.
30. The requesting officer's supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require that additional units be assigned to the emergency response, the supervisor may do so.
31. It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances and to place officers back in service once it is determined that sufficient units / officers are on the scene.
32. When making the decision to authorize an emergency response, the Platoon Commander or the district supervisor should consider the following:
- (a) The type of call or crime involved;
  - (b) The necessity of a timely response;
  - (c) Traffic and roadway conditions;
  - (d) The location of the responding units and their distance from the call for service; and
  - (e) The availability of resources.

**FAILURE OF EMERGENCY EQUIPMENT**

33. If any of the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue the response on a Code 1. Once the CFS is concluded, the officer will communicate the equipment failure to his/her supervisor to determine if the unit will remain in service or changed out.
34. The officer shall notify the dispatcher or his/her supervisor on the primary (Dispatch) Talk Group for that area, of the equipment failure so that another unit may be assigned to the emergency response.

**ESCORTS OF PRIVATE VEHICLES**

35. Escorts of private vehicles by an authorized emergency vehicle with the use of emergency lights and/or siren are not authorized, unless approved by the Superintendent of Police, the Superintendent's designee or the officer's immediate supervisor in emergency situations. Officers shall not authorize a driver of any private vehicle to exceed the speed limit, to ignore stop signs or signals, or to otherwise violate

traffic regulations except as authorized in this Chapter.

36. When the Commander of the SOD-Traffic Section has made the determination that it is in the interest of public safety that an authorized emergency vehicle escort a private vehicle (e.g. Mardi Gras float movements, permitted oversize loads, funeral caravans, wedding caravans, etc.), the Commander shall communicate the authorization to the escorting units, and the escorting units shall use emergency lights and/or siren to facilitate the safe movement of vehicles,.
37. It is the responsibility of the Commander of the SOD-Traffic Section, the senior officer conducting the escort and the officers conducting the escort that the safety of the officers and public remain the primary concern at all times. The intentional deviation from normal traffic regulations to facilitate the safe movement shall be kept to a minimum.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.4.2

### TITLE: ALTERNATIVE POLICE RESPONSE

**EFFECTIVE: 06/18/2017**

**REVISED: Replaces Policy/procedure 317**

---

#### PURPOSE

This Chapter governs the use of an Alternative Police Response (APR) to address certain calls for service. APR is intended to allow district officers to remain in the areas to which they are assigned to work with the community and engage in proactive policing activities while maintaining procedures for reporting and addressing law enforcement issues that do not require a physical response to the scene.

APR will enhance the level of emergency police services available in the community by handling low priority calls via telephone or other means not requiring the physical presence of an officer, without lessening the quality of law enforcement services provided by the New Orleans Police Department.

#### POLICY STATEMENT

1. It is the policy of the New Orleans Police Department to:
  - (a) Provide an immediate response to calls for service involving a threat to life, serious bodily harm or major property damage/loss.
  - (b) Dispatch a police officer to the scene of a call for service only if the incident warrants.

#### DEFINITIONS

Definitions relevant to this Chapter include:

**Alternative Police Response**—A strategic response to low-priority calls for service (such as a “Code 0” complaint) that do not require an immediate response to the scene.

**Complainant**—For purposes of this Chapter only, a complainant is any person, including a community member, a nonresident, or a sworn or civilian member of NOPD, who calls the PSAP or “911” to request police assistance or services.

**CAD**—Computer-aided dispatch.

**Public Safety Answering Point (PSAP)**—Official name for the “911 Call Center,” the Orleans Parish Communications District, which includes both emergency and non-emergency call requests for Police, Fire, and EMS.

## APR UNIT ORGANIZATION AND STAFFING

2. The APR unit shall be a part of the Field Operations Bureau. The APR unit may be staffed as necessary under the direction of the Deputy Superintendent of the Field Operations Bureau. The unit may include commissioned members or civilians.
3. When no APR officers are working, PSAP shall direct APR calls to the District of occurrence for intervention and shall be assigned to the on-duty District Desk Officer when available or dispatched as a call for service if the District Desk Officer is not available.
4. APR officers shall report directly to the designated APR supervisor. The APR supervisor shall coordinate day-to-day operations of the unit, including reviewing reports and conducting satisfaction surveys.
5. The APR supervisor shall ensure that personnel assigned to the APR unit have been properly trained in the use of APR applications prior to being assigned as an APR officer.

## CLASSIFICATION OF CALLS FOR SERVICE

6. The Deputy Superintendent for Field Operations Bureau shall be responsible for initiating internal policies for classifying incoming complaint calls.
7. Calls for service signals identified in the attached Appendix (Appendix "A") shall be serviced by APR when APR is working. If APR is not working, these CFS shall be sent to the District for handling.
8. In addition to the call signals identified in Appendix A, the APR supervisor and/or the District supervisor may direct a CFS to APR if a police response to the scene is not required. This may include calls that are not in progress and not currently endangering life or property. However, a CFS listed in Appendix A should not be handled by APR where suspects are known or the preservation of evidence is required. These CFS shall be redirected to the District for a response by the call taker, dispatcher, APR member or an APR or District supervisor.
10. Calls that may be eligible for APR include, but are not limited to:
  - (a) Nuisance complaints;
  - (b) Thefts, including bicycles, shoplifting and fuel drive-off;
  - (c) Property loss reports (e.g., credit cards, license plates, cell phones); and
  - (d) Civil matters (e.g., business/customer disputes, contract disputes).
11. Calls that APR **shall not** service include, but are not limited to:
  - (a) Calls in which life or property are in danger;
  - (b) Calls involving domestic violence or sexual assault;
  - (c) Calls warranting an immediate in-person response;
  - (d) Calls involving injured persons;
  - (e) Calls involving NOPD personnel; and
  - (f) Calls involving Orleans Parish or other government property.

## APR MEMBER RESPONSIBILITIES

12. APR members shall complete all required incident reports (electronic police reports) per current Departmental policy and shall provide the complainant with the item number upon completion of the interview.

13. APR members shall complete a Daily Activity Report (Form #31) detailing each APR incident or call handled and its disposition.
14. APR members shall complete and submit all reports taken before the end of their authorized work shift. No reports shall be held over for the member's following shift and later shifts without the express approval of the APR supervisor.
15. APR members are also responsible for conducting callbacks within 24 hours of the disposition of the CFS for all UCR and domestic violence calls for service that have an initial disposition by District officers of gone on arrival (GOA). If contact is made, a District unit will be dispatched. If no contact is made, the attempt and result will be noted on the APR activity report.

#### **REASSIGNMENT OF APR CALLS**

16. For those APR-eligible incidents in which a caller insists on physical response by an officer, the APR member shall consult with his/her supervisor and determine whether it is appropriate to redirect the incident via CAD as a call for service.
17. If an APR member determines that the incident does not fit APR response guidelines, he/she shall reassign the call via CAD as a call for service and notify his/her supervisor in writing by notation in the call log.
18. Platoon officers are not authorized to request the PSAP or 911 Call Center to change a dispatched call for service to an APR response CFS. If they believe the call warrants an APR response, they shall contact their platoon supervisor to make the request.
19. Only Platoon Supervisors may direct dispatchers to forward pending calls for service for APR response provided the call meets the criteria for an APR response.

#### **APR SUPERVISOR RESPONSIBILITIES**

20. The APR supervisor shall be responsible for:
  - (a) Monitoring all APR calls that the District redirected for APR response,
  - (b) Verifying that all APR reports are recorded and approved by a supervisor in the authorized Department application (i.e., Electronic Police Reports).
21. The APR supervisor shall conduct satisfaction surveys on a cycle or frequency to be determined by the Deputy Chief of the Field Operations Bureau to ensure quality of service. The random surveys shall include:
  - (a) Random victim/complainant satisfaction "callbacks" on calls handled by officers assigned to the APR unit, and
  - (b) Random reviews of recorded telephone lines used by, or designated to, the APR unit.
22. The APR supervisor shall be responsible for maintaining data on the following:
  - (a) Names of officers assigned to the APR unit;
  - (b) Number of calls addressed;
  - (c) Number of reports completed;
  - (d) Number of calls redirected from APR to calls;
  - (e) Statistical results of random satisfaction surveys;
  - (f) A record of all callbacks for UCR and Domestic Violence calls for service with a gone on arrival disposition.

23. The APR supervisor shall be responsible for preparing a weekly MAX report for the APR unit.

**ON-SCENE ASSISTANCE, DISTRICT STATION ASSISTANCE AND WALK-INS**

24. Members of the public that call to report crimes should not be burdened or inconvenienced in doing so. Once an officer is on the scene the CFS and/or report shall be handled by the officer. Walk-in complaints to District Stations shall **not** be referred to an APR officer and shall be handled by the District desk officer unless the complaint requires an on-scene investigation, in which case a District officer shall be dispatched.

**APPENDIX A—Eligible Calls for Service**

The following **Eligible Calls for Service** should be dispatched to APR directly:

- All Priority 0 calls
- 21P – Lost Property
- 67 – Theft
- 67A – Auto Theft
- 67B – Bicycle Theft
- 67C – Theft from exterior of auto
- 67P – Pickpocket
- 67S – Theft by Shoplifting

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.4.3

### TITLE: PROPERTY LOSS REPORT – SIGNAL '21P'

EFFECTIVE: 02/05/2017

REVISED: 01/14/2018

---

#### PURPOSE

The purpose of this Chapter is to provide guidelines for documentation, supervisory review and follow-up requirements governing complaints specific to property loss reporting, signal '21P'.

#### REPORTING

1. Methods of reporting include:
  - (a) **Alternative Police Response Unit (APRU)** – Telephone Reporting (preferred method)
  - (b) **Citizen Self-Reporting Portal (CSRP)** – NOPD Website Direct / Internet On-line
  - (c) **In-Person Reporting** – In-person at NOPD District Station
  - (d) **District Response** – Calls-For-Service / Dispatch
2. Department members initiating a report shall generate a property loss report using signal '21P' under circumstances where the reporting person wishes to report the loss of personal property regardless of whether they have knowledge how the loss occurred. The report shall include a thorough description of the lost item(s) and an explanation of where and when the loss was first discovered. A signal '21P' cannot be marked up as Necessary Action Taken (**NAT**).
3. The reporting member must clearly articulate the reason for classifying the incident as a 'Property Loss' incident (**21P**). If the facts as presented by the reporting person or if the circumstances surrounding the reported loss lead an officer to believe that a crime may have been committed (i.e., Theft, Pickpocket, Fraud, etc.), the officer shall report the incident using the appropriate NOPD signal corresponding to the most serious crime and complete an incident report. The officer should determine if the incident requires a unit be dispatched for proper investigation.

#### SUPERVISOR REVIEW

4. Supervisors reviewing and approving property loss (**21P**) reports shall closely scrutinize the facts and circumstances as reported. Should he/she determine that the reported incident has been misclassified, the supervisor shall initiate the appropriate corrective action to address the deficiencies.
5. Should it become necessary to change the signal or disposition of an item number which

has already been marked up (closed) by the reporting officer, the supervisor shall ensure a change of item signal or disposition is filed in accordance with established procedure (**Chapter 82.4 – Complaint Signals – Changing of Item Signals or Dispositions**).

6. Supervisors assigned to APRU shall be responsible for reviewing and approving property loss (**21P**) reports filed by telephone directly with APRU or via NOPD's Citizen Self-Reporting Portal in accordance with the requirements above.

#### **APRU ADMINISTRATIVE FOLLOW-UP RESPONSIBILITIES**

7. APRU shall conduct initial administrative follow-up investigations on all property loss (**21P**) reports, including any report filed through the Citizen Self-Reporting Portal or those initiated by Field Operations Bureau members.
8. A listing of property loss reports is available to APRU members on the NOPD intranet via **21P Callback Log** (on NOPD Web Applications under Command Reports Site / FOB under APR Unit).
9. APRU shall contact the reporting person within three (3) calendar days of the initial report to gather additional information which may have been learned since the date of the reported loss or information on identifiable property not available when the report was initially filled.
10. A supplemental report shall be written documenting follow-up efforts in all cases, including when contact with the reporting person yields no additional information. If APRU is unable to contact the reporting person, a supplemental report shall be written documenting the date, time and manner used to reach the reporting person. At least two attempts to contact the reporting person should be made and documented in any supplemental report.
11. Should APRU's administrative follow-up provide information indicating that a crime has occurred, APRU shall generate a supplemental report using the appropriate offense classification and submit a signal change form (**Form 226**) in accordance with the requirements specified under **Chapter 82.4 – Complaint Signals – Changing of Item Signals or Dispositions**. An APRU supervisor shall refer the reclassified incident to the appropriate District via email to the District Commander, DIU Commander, and DIU Property Crimes Sergeant for further follow-up the same day the supplemental report is approved.

#### **DATA ANALYSIS**

12. The Analytics Unit of the Field Operation Bureau shall be responsible for evaluating trend data on all property loss (**21P**) reports to determine possible patterns or serial offenses which may be occurring in a particular geographic area or during specific events.
13. Should a pattern be identified or suspected, Analytics, in consultation with the Deputy Chief of Field Operations, shall coordinate, recommend and implement an appropriate enforcement response.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.4.4

### TITLE: ONLINE NON-EMERGENCY CRIME REPORTING

**EFFECTIVE: 04/08/2018**

**REVISED:**

---

#### PURPOSE

This Chapter governs the use of online non-emergency crime reporting to allow members of the public to report non-emergency crimes that may require a police report but do not require a physical response by an officer to the scene.

Online non-emergency crime reporting will enhance the level of emergency police services available in the community by allowing the public to report non-emergency crimes via web-based reports not requiring the physical presence of an officer, without lessening the quality of law enforcement services provided by the New Orleans Police Department.

#### POLICY STATEMENT

1. It is the policy of the New Orleans Police Department to:
  - (a) Provide an immediate response to calls for service involving a threat to life, serious bodily harm, or major property damage/loss.
  - (b) Dispatch a police officer to the scene of a call for service if the incident warrants and/or the caller insists.
  - (c) Provide for a convenient, cost-effective mechanism for members of the public to report non-emergency crimes to the police department.

#### DEFINITIONS

**Alternative Police Response (APR)**—A strategic response to low-priority calls for service (such as a “Code 0” complaint) that do not require an immediate response to the scene.

#### ONLINE POLICE REPORT PROCESS ORGANIZATION AND STAFFING

2. The online non-emergency crime police report process shall be a part of the Field Operations Bureau and part of the duties and responsibilities of the APR unit. The APR Unit may be staffed as necessary to meet the requirements of this Chapter under the direction of the Deputy Superintendent of the Field Operations Bureau.
3. Members of the public who wish to file an online non-emergency crime police report for incidents that do not require the presence of an officer, may choose to use the **NOPD Online Non-Emergency Crime Reporting** process at:

<https://www.nola.gov/nopdonline/>. The Superintendent's Office shall promote the use of the online reporting process.

4. Only incidents that meet the restrictions posted on the online non-emergency crime police report web site may be filed online. All others may be referred to the APR Unit or for dispatch as a call for service by the appropriate police District.
5. The APR member and supervisor shall ensure that all reports filed by a member of the public on the online non-emergency crime police report web site are reviewed for appropriateness, completeness, clarity and follow-up if required.
6. Any false or inaccurate reports are subject to criminal prosecution.
7. The following template will be used for the item numbers associated with the online non-emergency crime police report only:

January	M-####-##
February	N-####-##
March	O-####-##
April	P-####-##
May	Q-####-##
June	R-####-##
July	S-####-##
August	T-####-##
September	U-####-##
October	V-####-##
November	W-####-##
December	X-####-##

#### **CLASSIFICATION OF CALLS FOR SERVICE**

8. The Deputy Superintendent for Field Operations Bureau shall be responsible for initiating internal policies for designating the complaint signals / calls that are can be reported on the online non-emergency crime police report web site.
9. Calls for service signals identified in the attached **Appendix A** are eligible to be reported on the web-based application. **Cases which involve firearms CANNOT be reported online.**

#### **APR MEMBER RESPONSIBILITIES**

10. APR members shall review all online non-emergency crime police reports assigned to them per current Departmental policy guidelines for report preparation and content requirement (See: **Chapter 81.2 – Report Preparation**). An automated email shall be generated to the complainant/writer with the NOPD item number.
11. If a crime bulletin is required (See: **Chapter 82.8 – Crime Bulletins**) the reviewing APR member shall ensure the required bulletin is sent and a copy is included in the final, approved report.
12. Online auto theft reports shall meet the requirements of **Chapter 42.2.10 – Auto Theft Investigations**.

13. APR members shall complete a Daily Activity Report (Form #31) detailing each online non-emergency crime police report reviewed and its disposition.
14. If the online non-emergency crime police report is deficient, the reviewing member of APR shall make a minimum of two call back attempts to contact the reporting person on different, consecutive, working days. If no contact is made with the online reporting person after two attempts, the online non-emergency crime police report shall not be approved and may be deleted or assigned for a dispatch follow-up by the District of occurrence if the APR supervisor deems it necessary.
15. The APR member who approved an online non-emergency crime police report shall refer the report to the appropriate District Investigative Unit commander by email within 48-hours of approval so that any issues that identify a crime trend or pattern or require investigative follow-up may be handled. The email shall provide the item number of the incident.

#### **APR SUPERVISOR RESPONSIBILITIES**

16. The APR supervisor shall be responsible for:
  - (a) Monitoring all online non-emergency crime police report for APR review and approval.
  - (b) Verifying that all APR online non-emergency crime police report reviews are recorded and approved by an APR member and an APR supervisor in the authorized Department application (i.e., Electronic Police Reports).
  - (c) Ensuring the person filing the online non-emergency crime police report receives an email with the NOPD incident item number once the report is approved.
  - (d) Ensuring that each approved online non-emergency crime police report is referred to the appropriate District Investigative Unit commander by email within 48-hours of approval so that any issues that identify a crime trend or pattern or require investigative follow-up may be handled. The email shall provide the item number of the incident.
17. The APR supervisor shall conduct satisfaction surveys on a cycle or frequency to be determined by the Deputy Chief of the Field Operations Bureau to ensure quality of service. The random surveys shall include:
  - (a) Random online reporting person satisfaction "callbacks" on online non-emergency crime police report filed and assigned to the APR unit; and
  - (b) Random reviews of online non-emergency crime police reports that required follow-up calls by a member of the APR unit.
18. The APR supervisor shall be responsible for preparing a weekly MAX report for the APR unit detailing the volume and type of online non-emergency crime police reports handled, as well as the handling times (time online report filed, time assigned to APR member for review, time of completion of member review, time of approval by supervisor), the number and type of reports that required call-back and the number and type that are found deficient.

**APPENDIX A—Eligible Calls for Service**

The following are **Eligible Calls for Service** that can be subject to online reporting:

- All Priority 0 calls
- 21P – Lost Property
- 67 – Theft
- 67A – Auto Theft (See: **Chapter 42.2.10 – Auto Theft Investigations**)
- 67B – Bicycle Theft
- 67C – Theft from exterior of auto
- 67P – Pickpocket
- 67S – Theft by Shoplifting
- Simple Burglary (Vehicle)
- Criminal Damage to Property

**All cases which involve firearms cannot be reported online.**

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.5

### TITLE: VEHICLE PURSUITS

**EFFECTIVE: 12/06/15**

**REVISED: 08/11/2019**

---

#### PURPOSE

1. This policy governs vehicle pursuits in order to protect the safety of involved officers, the public, fleeing violators, and property.
2. This Department's response to those who unlawfully flee from law enforcement action shall stress a balance between the importance of apprehending offenders and the high-risk nature of vehicle pursuits. Therefore, officers may engage in a pursuit only when they have a reasonable suspicion that a fleeing suspect has committed or has attempted to commit a **crime of violence** as defined by this Chapter and the escape of the subject would pose an imminent danger of death or serious bodily injury to the officer or to another person. Pursuits for property offenses, misdemeanor offenses, traffic, or civil infractions are prohibited. Officers must receive supervisory approval prior to initiating the pursuit. Officers are not authorized to engage in a vehicle pursuit in order to subdue an escaping suspect who presents no imminent threat of death or serious injury. Vehicle pursuits may never be used for the protection of property.

#### DEFINITIONS

**Authorized Emergency Vehicle**—A properly equipped vehicle, owned and operated by or for a government agency, to protect and preserve life and property for a planned or unplanned response, in accordance with state laws regulating emergency vehicles.

**Blocking or vehicle intercept**—A slow-speed, coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Blocking or vehicle intercept is not authorized by this department.**

**Boxing in**—A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop. **Boxing in is not authorized by this Department.**

**Caravanning**—The practice, during a vehicle pursuit, of more than two authorized emergency vehicles following each other in a relative single file, usually with less than sufficient reactionary distance between the vehicles to adjust for sudden movement or actions by the preceding vehicles.

**Crash**—Refers to a motor vehicle crash as defined by the State of Louisiana and NOPD regulations. More commonly, “the unintended collision of one motor vehicle with another, a stationary object, or person, resulting in injuries, death and/or loss of property.”

**Crime of Violence**— a felony involving the infliction or threatened infliction of serious bodily injury or death.

**Department**—Means the New Orleans Police Department.

**Emergency Equipment**—All emergency equipment available, to include red and/or blue emergency flashing lights and siren.

**Exigent circumstances**— A compelling urgency or true emergency that an officer can specifically describe not using vague terms or boilerplate language. Circumstances that cause a reasonable person to believe that prompt action is necessary to prevent injury to themselves or others.

**Express approval or express disapproval**—Express approval or disapproval is the verbal acknowledgment by a platoon supervisor either approving or disapproving a vehicle pursuit. This approval/disapproval shall be made on the radio working dispatch talk group for the district of occurrence. The express approval/disapproval shall be an unequivocal statement that the vehicle pursuit is authorized or not authorized (e.g., "620 - The pursuit is authorized" or "620 – The pursuit is not authorized) and shall be broadcast as soon as possible. **Vehicle pursuits without express approval are not authorized by this Department.**

**Paralleling**—Participating in the pursuit by proceeding in the same direction and maintaining approximately the same speed while traveling on an alternate street or highway that parallels the pursuit route. **Paralleling is not authorized by this Department.** **Tire deflation**

**Platoon Supervisor**—For purposes of this policy, any supervisory ranking officer of the New Orleans Police Department who is assigned to, detailed to or working on a platoon handling calls for service in the district in which the pursuit authorization is requested.

**Police Motorcycle**—An Authorized Emergency Vehicle which is a 2- or 3-wheeled motorcycle distinctively marked, and equipped with emergency lighting and a siren.

**Primary Unit**—The initiating pursuing unit unless relieved by another unit.

**Pursuit Intervention**—An attempt to terminate the ability of a suspect to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking, boxing in, PIT, ramming or roadblock procedures. **Pursuit intervention is not authorized by this Department.**

**Pursuit Intervention Technique (PIT)**—A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out of control and come to a stop. **PIT is not authorized by this Department.**

**Pursuit Supervisor**—An on-duty supervisor assigned to the NOPD District platoon for the district of occurrence of a vehicle pursuit (e.g. 610, 530, 420, etc.).

**Ramming**—The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop. Ramming is a deadly force technique. **Ramming is not authorized by this Department.**

**Reasonably Necessary**—The immediate danger to the public created by the pursuit is less than the immediate risk to the public should the pursuit not continue.

**Roadblocks**—A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or immovable object in the path of the violator's vehicle. **Roadblocks are not authorized by this Department.**

**Secondary Unit**—The second Authorized Emergency Vehicle in a pursuit.

**Terminate** (relative to a pursuit) —To discontinue or stop pursuing a vehicle. A pursuit shall be considered to have terminated when the primary and assigned backup officers turn off all emergency equipment, and the primary and any backup officers turn their police vehicles in another direction of travel away from where the suspect's vehicle was last seen heading, or pull to the side of the road if on a limited access roadway, and inform Communications Section of this fact along with their location.

**Tire deflation device, spikes or tack strips**—A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle. **Tire deflation devices, spikes or tack strips are not authorized by this Department.**

**Trail**—To follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment.

**Unmarked Police Vehicle**—An Authorized Emergency Vehicle used primarily by plainclothes police officers. It is not conspicuously marked and may be of any color. It is equipped with emergency lighting and a siren.

**Vehicle pursuit**—An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle. This may include using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, and red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

## LEGAL REQUIREMENTS UNDER STATE LAW

3. A vehicle pursuit shall be conducted using an authorized emergency vehicle that is equipped with a siren and proper emergency lighting. The officer shall ensure that they have given the suspect they are attempting to stop both a visual and an audible signal to stop by activating their vehicle's emergency lights and siren (see. La. R.S. 14:108.1).
4. The officer driving an emergency vehicle may, when in pursuit of a suspect (La. R.S. 32:24):
  - (a) Proceed past a red light, stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
  - (b) Exceed the speed limit so long as the officer does not endanger life or property.
  - (c) Disregard regulations governing direction of movement (**however, movement against traffic flow is not authorized by this Department**) or turning in specified directions as long as the officer does not endanger life or property.
  - (d) Park or stand in a roadway, irrespective of traffic regulations.
5. Officers shall drive with due regard for the safety of all persons. The failure to drive with due regard for the safety of all motorists can lead to disciplinary action, civil and even criminal charges. No call is of such importance and no task shall be expedited at such speeds or lack of reasonable driving that the principles of safety become secondary. Life

is more important than property and protecting and preserving life must be placed above all other considerations.

#### WHEN A PURSUIT IS NOT INITIATED

6. If no vehicle pursuit took place, because the officer declined to request permission, OR the permission was refused, the officer **must** complete the areas indicated on the Vehicle Pursuit Form after checking the appropriate box indicating that a pursuit did not take place. The required fields in the Vehicle Pursuit Report will become outlined in red.
7. Officers shall also change the signal to a 10-28NP (no pursuit). The only allowable disposition for this signal is "NAT" (Necessary action taken).
8. Officers who engage in unapproved vehicle pursuits are in violation of this Chapter, which can lead to disciplinary action, civil and even criminal charges.
9. Supervisors who become aware of unapproved vehicle pursuits shall notify PIB and initiate disciplinary action immediately (see **Chapter 52.1.1 – Complaint Investigation**).

#### WHEN A PURSUIT MAY BE INITIATED

10. Upon express supervisory approval, officers are authorized to initiate a pursuit **ONLY** when:
  - (a) an officer can articulate that a suspect is attempting to evade arrest or detention for a **crime of violence** as defined by this Chapter;
  - (b) the escape of the subject would pose an imminent danger of death or serious bodily injury to the officer or to another person; and
  - (c) the suspect is fleeing in a vehicle after having been given a signal to stop by a commissioned member who has identified themselves as a police officer (e.g., in uniform, in a marked police unit, showing badge and ID. – see: definition of Professional Presence **Chapter 1.3 – Use of Force**).
11. Officers must receive supervisory approval prior to initiating the pursuit. **Pursuits for misdemeanor offenses, traffic, or civil infractions are prohibited.** Dangerous driving during a pursuit does not justify a continued pursuit.
12. Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include:
  - (a) The seriousness of the known or reasonably suspected **crime of violence** as defined by this Chapter and its relationship to community safety.
  - (b) The importance of protecting the public and balancing the known or reasonably suspected offense, and the apparent need for immediate apprehension against the risks to officers, innocent motorists and others.
  - (c) The nature of the fleeing suspect (e.g., whether the suspect represents a serious, ongoing threat to public safety. Reckless driving during the pursuit does not justify a continued pursuit).
  - (d) The identity of the suspect has been verified and there is minimal risk in allowing the suspect to be apprehended at a later time.
  - (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities and type of authorized emergency vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources (e.g., helicopter, airplane, drone, etc.).
- (l) The police unit is carrying passengers other than on-duty police officers (e.g., ride-along, emergency transport of civilians, prisoners, etc.). **Pursuits shall not be undertaken with a passenger in the pursuit vehicle.**

### WHEN A PURSUIT SHOULD BE TERMINATED

- 13. Pursuits should be terminated whenever the totality of the circumstances, known or which ought to be known to the officer or supervisor during the pursuit, indicate the present risk of continuing the pursuit appears to outweigh the risk resulting from the suspect's escape. While the Department has restricted pursuits to violent crimes, there are situations where conditions require these pursuits to be terminated.
- 14. The following factors should also be considered when deciding to terminate a pursuit:
  - (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
  - (b) The pursued vehicle's location is no longer definitely known (visual contact is lost).
  - (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to operate.
  - (d) The pursuit vehicle has an emergency equipment failure that causes the vehicle to no longer qualify for authorized emergency vehicle status.
  - (e) The hazards to uninvolved bystanders or motorists.
  - (f) When the identity of the offender is known and it does not reasonably appear the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
  - (g) When directed to terminate the pursuit by the pursuit supervisor or a higher ranking supervisor.
  - (h) When the pursuit is futile, such as when the suspect continues to flee and there is no plan to get him or her to stop.

### PURSUIT UNITS

- 15. The number of authorized emergency vehicles (units) engaged in a pursuit should be limited to two vehicles (Primary and Secondary Units). However, the number of authorized emergency vehicles involved in the pursuit will vary with the circumstances during the course of the pursuit. **Supervisors involved in the actual pursuit shall not be classified or function as the "pursuit supervisor."**
- 16. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be

insufficient to safely arrest the suspect(s) or affect the arrest with a minimal use of force. All other officers shall refrain from participating in the pursuit but, should remain alert to its progress and location. Any officer who “drops out” or discontinues participating in a pursuit may then, if necessary, proceed to the termination point of the pursuit at legal speeds, following all appropriate traffic laws.

17. Distinctively marked authorized emergency vehicles (e.g. patrol vehicles) equipped with emergency lighting and sirens should replace unmarked vehicles involved in a pursuit as soon as practicable.
18. All officers shall activate their Body Worn Cameras (BWC) immediately upon becoming involved in a vehicle pursuit. The use of the In Car Camera (ICC) does not relieve the officer of this responsibility.

### **POLICE MOTORCYCLES**

19. The use of motorcycles in pursuits is discouraged and allowed only in the most serious cases. Supervisors must consider terminating any pursuit in which a motorcycle is involved for the safety of the officer. If a pursuit involving a motorcycle is approved, then a distinctively marked authorized emergency vehicle (e.g., patrol vehicle, sedan or SUV) equipped with emergency lights and siren should replace a police motorcycle as the primary and/or secondary pursuit unit as soon as practicable.

### **VEHICLES WITHOUT EMERGENCY EQUIPMENT**

20. Vehicles (marked or unmarked) not equipped with or with malfunctioning emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws.

### **PRIMARY PURSUIT UNIT RESPONSIBILITIES**

21. The officer initiating the pursuit or initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless, the primary pursuit unit is unable to continue in that capacity due to mechanical failure of the vehicle or emergency equipment, or the officers lose sight of the suspect vehicle.
22. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable risk to themselves or others. Commencing with a request for priority radio traffic and the request to initiate a vehicle pursuit, the primary unit should provide the following information to Communication Services on the primary communications channel of the District in which the request to pursue is made:
  - (a) The nature of the suspected “**crime of violence**” which underlies the reason for the pursuit.
  - (b) The location and direction of travel of the suspect vehicle.
  - (c) The speed of the fleeing vehicle.
  - (d) The description of the fleeing vehicle and license number, if known.
  - (e) The number of occupants, if known.
  - (f) The identity or description of the known occupants.
  - (g) The weather, road and traffic conditions.
  - (h) The identity of other agencies involved in the pursuit.
  - (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

- (j) The type of authorized emergency vehicle being utilized by the requesting officer (e.g. marked unmarked, motorcycle, etc.)
23. Unless relieved by a supervisor or secondary unit, the officer(s) in the primary unit shall be responsible for broadcasting the progress (e.g., change of locations, direction of travel, roads, speeds, etc.) of the pursuit. Unless circumstances indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit joining the pursuit to minimize distractions and allow the primary unit operator to concentrate on safe pursuit tactics.

### SECONDARY PURSUIT UNIT RESPONSIBILITIES

24. The secondary unit in the pursuit is responsible for:
- (a) Immediately notifying Communication Services (Dispatcher) on the primary communications channel of the District in which the pursuit is taking place of their entry into the pursuit.
  - (b) Maintaining a safe distance (reactionary gap) behind the primary unit unless directed to assume the role of primary unit (officer), or if the primary unit is unable to continue the pursuit.
  - (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
  - (d) Serving as backup to the primary unit once the suspect vehicle has been stopped. In some cases, the secondary officer may be in the best position to apprehend the suspect due to the effects of adrenalin and stress on the primary officer.

### PURSUIT DRIVING TACTICS

25. The decision to use specific pursuit driving tactics requires the same assessments outlined in the factors to be considered for pursuit initiation and termination. The following are tactics for officers / units involved in the pursuit:
- (a) Officers shall critically evaluate their driving skills and their vehicle's performance capabilities.
  - (b) Officers will distance themselves and their vehicles from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
  - (c) Intersections present increased risks and the following tactics should be considered:
    1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
    2. Pursuing units shall exercise due caution and slow down as may be necessary for safe operation when proceeding through controlled intersections.
  - (d) Officers shall not follow a pursued vehicle that is driving the wrong way on a roadway by also driving the wrong way. **Movement against traffic flow is not authorized by NOPD.**
  - (e) In the event the pursued vehicle does so, tactics to consider include:
    1. Maintaining visual contact with the pursued vehicle by driving parallel on the correct side of the roadway or on a parallel roadway. The emergency lights of the pursuing vehicles may distract oncoming traffic and consideration should be given to terminating the pursuit.
    2. Requesting other units to observe exits available to the suspect.
    3. Requesting assistance from an air unit when available.

- (f) Notifying other law enforcement agencies if it appears the pursuit may enter their jurisdiction.
- (g) Officers involved in a pursuit should not attempt to pass other pursuit units unless a specific situation indicates otherwise or they are requested to do so by the primary unit. A clear understanding of the maneuver process to be used must exist and be communicated between the involved officers / units.

### TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

- 26. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.
- 27. Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing all traffic laws.
- 28. The primary unit and secondary unit should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit by a supervisor.
- 29. The following actions or tactics are **expressly prohibited** in a vehicle pursuit:
  - (a) Roadblocks
  - (b) Caravanning
  - (c) Blocking or vehicle intercept (boxing)
  - (d) PIT maneuvers
  - (e) Ramming a suspect vehicle with an authorized emergency vehicle.
  - (f) Following a vehicle the wrong way on a street or highway (driving against traffic).
  - (g) Intentionally placing or positioning oneself in the path of a suspect vehicle during a pursuit
  - (h) Reaching inside the pursued vehicle while it is moving or under the control of the suspect
- 30. Officers should not use deadly force in self-defense when the only deadly force used by the other person is an automobile. The suspect's intentions are usually ambiguous and the officer can usually escape harm at least as well by evading the vehicle as he can by standing his ground and firing at the oncoming vehicle. An officer rarely has a safe or effective shot at a moving vehicle. The officer must consider the consequences of stray shots endangering innocent parties and must consider the consequences of the vehicle losing control at a high rate of speed. **The guidelines of Chapter 1.3 – Use of Force / Prohibited Actions / Shooting at or from moving vehicles are controlling in this area.**
- 31. Where possible (unless trapped by walls, fences, and other stationary objects) the officer shall attempt to move out of the path of a moving vehicle rather than discharge their weapon to stop the vehicle. Officers shall not shoot at any part of a vehicle in an attempt to disable the vehicle. **The guidelines of Chapter 1.3 – Use of Force / Prohibited Actions / Shooting at or from moving vehicles are controlling in this area.**

### PURSUIT TRAILING

- 32. In the event the initiating unit (primary pursuit unit) from this Department relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

33. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient separation and distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

### **SUPERVISORY CONTROL AND RESPONSIBILITIES OF A PURSUIT**

34. Supervisory and management control will be exercised over all vehicle pursuits involving officers from the NOPD.
35. The platoon supervisor from the district where the pursuit initiated or, if unavailable, any other supervisor of the same district shall be responsible for the following:
  - (a) Upon becoming aware of a pursuit, immediately notifying involved officers and Communications Services of their supervisory presence on the primary communications channel of the District in which the pursuit is taking place.
  - (b) Ascertaining all available information about the pursuit from the primary unit or Communications.
  - (c) Continuously assessing the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within Department guidelines.
  - (d) Providing on-scene supervision.
  - (e) Exercising management and control of the pursuit.
  - (f) Ensuring that no more than the required number of law enforcement units needed are involved in the pursuit.
  - (g) Terminating the pursuit if, in the supervisor's judgment, the pursuit is not justified or safe to continue.
  - (h) Ensuring the proper radio communications channel is being used.
  - (i) Ensuring outside law enforcement agencies are notified and/or coordinated if the pursuit either leaves or is likely to leave Orleans Parish or enter another agency's jurisdiction.
  - (j) Controlling and managing NOPD units when a pursuit enters another jurisdiction.
  - (k) Completing the Vehicle Pursuit Report (Form 216). This will include a post-pursuit critique and analysis of the pursuit.
36. The pursuit supervisor shall not actively engage in the pursuit and remain the pursuit supervisor.

### **PLATOON COMMANDER RESPONSIBILITIES**

37. Upon becoming aware a pursuit has been initiated, the District Platoon Commander of the District in which the pursuit originates, shall monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The platoon commander, at their discretion, can assume the role of pursuit supervisor. They must expressly do so on the primary communications channel of the District in which the pursuit is taking place.
38. The Platoon Commander shall review all pertinent reports for content and forward them through the chain-of-command as directed for each report.

### **PURSUIT COMMUNICATIONS**

39. Pursuit communications will be conducted on the primary working channel for the district in which the pursuit was initiated.

**COMMUNICATIONS SERVICES RESPONSIBILITIES**

40. Upon notification a pursuit has been initiated, Communications Services will be responsible for:
  - (a) Coordinating pursuit communications of the involved units and personnel.
  - (b) Notifying and coordinating with other involved or affected agencies as directed by Communications protocols or the pursuit supervisor.
  - (c) Ensuring a platoon supervisor of the district in which the pursuit is initiated is notified of the pursuit and acknowledges the notification over the radio.
  - (d) Assigning an NOPD item number and logging all pursuit activities under that item number. This includes specific references to all related NOPD incident item numbers that may be related to the vehicle pursuit (e.g. crashes related to the pursuit, criminal incident reports, injury reports, etc.).
  - (e) Broadcasting pursuit updates as well as other pertinent information, as necessary, on any required channel(s).
  - (f) Notifying the Platoon Commander of the district in which the pursuit is initiated as soon as possible.
41. The Command Desk shall be notified immediately by the District dispatcher if a pursuit request is neither approved nor disapproved by a district supervisor or higher ranking supervisor.
42. In the absence of a district supervisor to manage a pursuit, or at the disapproval of a pursuit request by a district supervisor, the Command Desk shall instruct the dispatcher to order the officers to terminate the pursuit. The pursuit is considered ongoing until the order to terminate is acknowledged over the radio by all involved units.

**LOSS OF CONTACT WITH PURSUED VEHICLE**

43. When contact with the pursued vehicle is lost, the primary unit should broadcast pertinent information (last known direction, description of vehicle, description of occupants, etc.) to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.
44. Once contact is lost with the suspect / pursued vehicle, units involved in the pursuit should immediately return to a "normal" driving mode, obeying all traffic laws and deactivating their emergency equipment.

**JURISDICTIONAL CONSIDERATIONS**

45. An officer may only initiate a pursuit while within the jurisdiction of this Department (Orleans Parish). If an officer begins an authorized pursuit in this jurisdiction, the officer may continue the pursuit into another jurisdiction unless terminated by a supervisor.
46. When a pursuit enters another jurisdiction, the primary officer or pursuit supervisor should determine whether to request another agency with jurisdiction assume the pursuit, taking into consideration the distance traveled unfamiliarity with the area and other pursuit initiation / termination factors. The primary officer or pursuit supervisor shall request that Communications Services notify each outside jurisdiction into which the pursuit is reasonably expected to enter of the nature of the pursuit, units involved and any other requested information, regardless of whether such jurisdiction is expected to assist.

47. A pursuit that has commenced within, and has continued outside, the jurisdiction of this Department (Orleans Parish) shall be terminated immediately once the pursuing officer has lost visual contact with the vehicle being pursued or has lost communications capability with this Department.

#### **ASSUMPTION OF PURSUIT BY ANOTHER AGENCY OUTSIDE OF ORLEANS PARISH**

48. New Orleans Police Department officers will discontinue the pursuit outside of Orleans Parish when another agency has assumed pursuit responsibility, unless the continued assistance of the New Orleans Police Department is expressly requested by the agency assuming the pursuit, and the pursuit fits within the policy of the New Orleans Police Department.
49. Upon terminating the pursuit, the primary unit may proceed at normal speeds without emergency equipment, upon request and at the direction of a supervisor, to the termination point of the pursuit to assist in the investigation. The pursuit supervisor or a higher ranking supervisor, who accepts the responsibility, should coordinate with the agency managing the termination point to determine the NOPD's pursuit supervisor's need to respond or otherwise assist in the investigation. The pursuit supervisor should obtain any information necessary for inclusion in any reports from the agency managing the pursuit termination point.
50. The role and responsibilities of officers at the termination of a pursuit initiated by this Department shall be coordinated by the pursuit supervisor or higher ranking supervisor who has assumed the responsibility with the units from the agency assuming the pursuit.
51. Notification of a pursuit in progress shall not be construed as a request to join the pursuit.
52. Requests to or from another agency to assume a pursuit should be specific. A request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit.
53. Should the agency decline assumption of the pursuit, the NOPD pursuit supervisor shall be responsible for determining whether to continue the pursuit.

#### **PURSUIITS ENTERING ORLEANS PARISH OR ORIGINATING FROM ANOTHER AGENCY IN ORLEANS PARISH**

54. When a pursuit leaves another jurisdiction and enters Orleans Parish or originates by another law enforcement agency with jurisdiction within Orleans Parish, and a request for assistance is made to this Department, the other agency should relinquish control. Should the agency not relinquish control of the pursuit to NOPD, NOPD officers will not assist in the pursuit but may assist with follow-up as directed by an NOPD supervisor.
55. The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this Department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit and upon approval by an NOPD supervisor.

56. When a request is made for this Department to assist or take over a pursuit that has entered this jurisdiction, the NOPD supervisor shall determine that the pursuit meets the “**crime of violence**” threshold required for an NOPD pursuit and consider whether to assist or assume the pursuit based on these additional factors:
- (a) The crime of violence as defined by this Chapter for which the pursuit is being conducted;
  - (b) The requesting department's ability to maintain the pursuit;
  - (c) Whether the communicated circumstances warrant continuing the pursuit;
  - (d) Whether adequate staffing is available to continue the pursuit;
  - (e) The public's safety within this jurisdiction; and
  - (f) The safety of the pursuing officers.
57. A supervisor or the Platoon Commander should review a request for assistance from another agency as soon as possible. The Platoon Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit. This decision should be communicated to the requesting agency and our Communications Section immediately over the primary communications channel of the District in which the pursuit activity is taking place or the channel on which the request is made.
58. Assistance to a pursuing outside agency by officers of this Department will terminate at Orleans Parish limits provided the pursuing officers have sufficient assistance from other agencies. Ongoing participation from this Department may continue only until sufficient assistance is present and after specific authorization by an NOPD supervisor.
59. In the event that a pursuit from another agency terminates within this jurisdiction, NOPD officers shall provide appropriate assistance to peace officers from the initiating agency and other involved agencies including, but not limited to, scene control, coordination and completion of reports or any other assistance requested, needed, or directed by an NOPD supervisor.

### **CAPTURE OF SUSPECTS INVOLVED IN A PURSUIT**

60. Unless relieved by a supervisor, the primary pursuit unit's officer should coordinate efforts to apprehend the suspect when the pursuit ends. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect. Officers shall use only that amount of force reasonably necessary under the circumstances and in compliance with the **Chapter 1.3 - Use of Force** to properly perform their lawful duties. It must be stressed that the apprehension of a suspect at the conclusion of a pursuit requires restraint.

### **PURSUIT REPORTING AND REVIEW REQUIREMENTS**

61. Responsibilities for all reports required by a pursuit are:
- (a) The primary pursuit unit's officer shall complete the NOPD incident reports related to and surrounding the vehicle pursuit. This includes specific references to all related NOPD incident item numbers that may be related to the vehicle pursuit (e.g. crashes related to the pursuit, criminal incident reports, injury reports, etc.).
  - (b) The pursuit supervisor shall complete the Vehicle Pursuit Report (**Form #216**). This will include a post-pursuit critique and analysis of the pursuit and forward through reviewer's chain-of-command to the Commander and after approval by the Commander to the pursuit review officer in the Performance Standards

Section within 5 days of the occurrence (pursuit). The narrative portion of the report shall include, at a minimum:

1. the violation that prompted the pursuit;
2. the officer(s) involved in the pursuit;
3. the rank and name of the supervisor authorizing the pursuit;
4. the outcome of the pursuit;
5. any officer, suspect, or bystander injuries or deaths;
6. property damage;
7. related criminal or civil legal actions;
8. the item numbers of all reports related to the pursuit;
9. an enumeration of all BWC or ICC recordings and their file numbers;
10. an express statement by the supervisor that they have reviewed all the recordings related to the pursuit;
11. an express statement reflecting the reporting supervisor's opinion if the pursuit meets the Department's guidelines;
12. any issues with training, skill of the officer, policy or violations observed or noted.

(c) After receiving copies of the Vehicle Pursuit Report and all related reports, logs and other pertinent information (e.g. communications tapes, BWC or ICC video, etc.), the pursuit reviewing officer in the Performance Standards Section (PSS) shall review the information and conduct a post-pursuit review. This post pursuit review shall be documented in the Pursuit Review Form to the Deputy Chief of the Bureau to which the primary pursuit unit's officer is assigned and forwarded within five days of the receipt of the Vehicle Pursuit Report and all required documentation from the Commander of the primary pursuit unit's officer.

(d) The documentation reviewed by the Deputy Chief of the Bureau to which the primary pursuit unit's officer is assigned shall forward the information and documents reviewed, along with a copy of their post-pursuit review to the Deputy Chief of PIB and copied to the Performance Standards Section within five days of receipt of the Pursuit Review Form from the PSS. The completed review of the pursuit shall be maintained by the Public Integrity Bureau.

(e) A copy of the Vehicle Pursuit Report will be forwarded to the Education and Training Division for training needs review and the NOPD Risk Management supervisor for data collection and submission to the Crash Review Board if required within five days of the review by the Deputy Chief of the Bureau to which the primary pursuit unit's officer is assigned.

62. Annually, the Superintendent shall direct PIB to conduct a documented review and analysis of Department vehicle pursuits to minimally include: policy suitability, policy compliance and training needs. The findings, data and analysis shall be included in the Early Warning System and in NOPD's Use of Force Annual Report. In the event that an incident has been designated as a vehicle pursuit and the involved officer's Commander believes otherwise, an interoffice correspondence (105), a copy of the audio recording, of the incident, BWC and ICC recordings shall be submitted to the involved member's Bureau Deputy Chief within five (5) working days. Upon review and approval, a copy of the 105 and all related recordings shall be sent to the Deputy Chief of PIB for review. Once reviewed and approved by the Deputy Chief of PIB, a copy of the 105 shall be sent by PIB to the Risk Management Section and the Education and Training Division for their review and analysis.

63. Any vehicle pursuit resulting in death, serious physical injury or injuries requiring treatment at a hospital are treated as a Level 4, serious use of force, pursuant to **Chapter 1.3 – Use of Force** and will be investigated and reported by PIB FIT. The other reporting aspects of this Chapter are suspended and ALL reporting and review will be handled and processed by FIT, including the Vehicle Pursuit Report. The Vehicle Pursuit

Report will be forwarded to the Risk Management Section and the Education and Training Division at the conclusion of the FIT investigation. The NOPD Fatality Investigation Unit will handle the investigation, documentation and related conclusions of the CRASH (vehicle crash) portion of the overall investigation but, under the direction of the commander of PIB FIT who retains overall responsibility for the investigation and subsequent reporting of any pursuit under this paragraph.

#### **REGULAR AND PERIODIC PURSUIT REVIEWS**

64. The Performance Standards and Accountability Bureau will conduct, at least bi-annually, reviews of CAD signal data, 10-28NP signals, In Car Camera videos and Pursuit Review Form reports to determine if officers are following the guidelines of this Chapter relating to vehicle pursuit thresholds and reporting requirements. Results of the reviews shall be shared with the Command Staff and Education and Training Division for corrective actions or training as required.

#### **REGULAR AND PERIODIC PURSUIT TRAINING**

64. In addition to initial training on vehicle pursuits provided to recruits and lateral entry officers by the Education and Training Division, officers will participate in supplemental pursuit training annually. This training will address the Department's policy, the importance of safe driving and protecting the public at all times. Training will include recognition of the need to balance the known or suspected offense and the need for immediate capture against the risks posed by any vehicle pursuit to officers and others.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.6.1

### TITLE: IMMIGRATION STATUS

**EFFECTIVE: 02/28/2016**

**REVISED: 09/25/2016**

---

#### PURPOSE

The purpose of this Chapter is to set forth the policy of the New Orleans Police Department (NOPD) to provide police services to all persons within New Orleans ("the City") regardless of their immigration status.

#### POLICY STATEMENT

1. Members shall treat all individuals equally and without regard to race, color, or national origin in any way that would violate the United States or Louisiana Constitutions. To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of the NOPD will not lead to an immigration inquiry.
2. Members shall not initiate an investigation or take law enforcement action on the basis of actual or perceived immigration status, including the initiation of a stop, an apprehension, arrest, or any other field contact.
3. NOPD members shall not make inquiries into an individual's immigration status, except as authorized by this Chapter.
4. The enforcement of civil federal immigration laws falls exclusively within the authority of the United States Immigration and Customs Enforcement agency (ICE).
5. This policy is to be construed in accordance with 8 U.S.C. §1373(a) which provides "Notwithstanding any other provision of Federal, State, or local law, a Federal, State, or local government entity or official may not prohibit, or in any way restrict, any government entity or official from sending to, or receiving from, [ICE] information regarding the citizenship or immigration status, lawful or unlawful, of any individual."
6. The NOPD shall not engage in, assist, or support immigration enforcement except as follows:
  - In response to an articulated, direct threat to life or public safety; or
  - When such services are required to safely execute a criminal warrant or court order issued by a federal or state judge.

- Sending to ICE, or receiving from ICE, information regarding the citizenship or immigration status of an individual as provided in Paragraph 5.
7. Except as provided in Paragraph 6, members are not permitted to accept requests by ICE or other agencies to support or assist in civil immigration enforcement operations, including but not limited to requests to establish traffic perimeters related to immigration enforcement. In the event a member receives a request to support or assist in a civil immigration enforcement action he or she shall report the request to his or her supervisor, who shall decline the request and document the declination in an interoffice memorandum to the Superintendent through the chain of command.
  8. Nothing in this provision shall prohibit NOPD members from assisting victims or witnesses in obtaining U Visa/T Visas, where appropriate.
  9. In State v. *Sarrabea*, 2013-1271 (La. 10/15/13), the Supreme Court of Louisiana found La. R.S. 14:100.13 unenforceable. Accordingly, members shall not enforce La. R.S. 14:100.13, which states: "No alien student or nonresident alien shall operate a motor vehicle in the state without documentation demonstrating that the person is lawfully present in the United States."

#### **DEFINITIONS:**

Definitions related to this policy include:

**Administrative warrant**—For purposes of this Chapter, this term refers to administrative removal warrants used by Immigrations and Customs Enforcement officers to arrest non-citizens who have committed immigration violations. An administrative warrant is not a criminal warrant signed by a judge, and it shall not be used by NOPD as the basis to detain or arrest a person or persons.

**Immigration Status**—Refers to an individual's status with respect to federal immigration law and/or citizenship. For example, a person who enters the United States without legal permission may be considered an "undocumented person." Another person who is legally granted permission to reside in the United States permanently may be considered a "lawful permanent resident."

**ICE**—The United States Immigration and Customs Enforcement is the federal law enforcement agency under the Department of Homeland Security responsible for enforcement of federal laws related to border control, customs, trade and immigration.

#### **REQUEST FOR IDENTIFYING INFORMATION**

10. While it may often be necessary to determine the identity of a victim or witness, consistent with applicable law, members shall not question, investigate, or inquire about the immigration status of any person, including a victim or witness. Accordingly, Members are permitted to request identification from an individual only as authorized by NOPD policy.
11. Persons are not required to prove their citizenship status. Members shall not request identification for the purpose of determining an individual's citizenship status.
12. When identification is requested, members shall accept presentation of a photo identity document issued by a non-government organization or a verbal statement of the person's full name and date of birth. Members shall not require that a person produce a

foreign passport or non-U.S. driver's license as evidence of identity.

13. Although not required as evidence of identity or citizenship, a driver's license is required for operation of a motor vehicle, regardless of a person's immigration status (see La. R.S. 32:52 and La. R.S. 32:402). Members may request the driver of a motor vehicle to produce a driver's license. The failure of a motor vehicle operator to produce a driver's license upon request after a moving violation or traffic stop may subject the operator to the appropriate charge (i.e. driving without a license).

#### **U VISA/T VISA NONIMMIGRANT STATUS**

14. Under certain circumstances, federal law allows victims and witnesses of certain qualifying crimes to obtain temporary immigration benefits (See 8 U.S.C. § 1101(a) (15) (U), 8 U.S.C. § 1101(a) (15) (T)). Upon the request of a victim or witness for assistance in obtaining such benefits, a declaration/certification for a U Visa/T Visa from the U.S. Citizenship and Immigration Services may be completed on the appropriate DHS Form supplements (1 -918 or 1-914) by law enforcement. The declaration/certification must include information detailing how the individual has been, is being, or is likely to be helpful in a criminal investigation or prosecution.
15. Any request for assistance in applying for U Visa/T Visa status shall be directed to the NOPD Victim/Witness Unit. The Investigation and Support Bureau Commander or his/her designee shall do the following:
  - (a) Consult with the assigned detective to determine the current status of any related case(s) , and assess whether further documentation is warranted;
  - (b) Review the instructions for completing the declaration/certification. Instructions for completing Forms 1-918/1-914 can be found on the DHS website at <http://www.uscis.gov/portal/site/uscis>;
  - (c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure that the declaration/certification has not already been completed and to assess whether a declaration/certification is warranted;
  - (d) Address the request and complete the declaration/certification, if appropriate, in a timely manner;
  - (e) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor; and
  - (f) Include a copy of the any completed certification in the case file.

#### **USE OF NCIC DATABASE INFORMATION**

16. NOPD members shall take no action against an individual in response to an ICE administrative warrant. When the NCIC database indicates an individual may be subject to an immigration related warrant, the Member shall contact the NOPD NCIC unit. If the NOPD NCIC unit determines the warrant is administrative, the NOPD NCIC unit shall advise the Member of that fact, and the NOPD Member shall take no further action on the basis of the administrative warrant.
17. If the NOPD NCIC unit cannot determine whether the warrant is administrative or criminal, the NOPD NCIC unit shall contact ICE at the number provided in the NCIC database to verify whether the individual has an outstanding criminal warrant. If there is no outstanding federal, state or local criminal warrant, the officer shall immediately release the individual. If NOPD NCIC is unable to promptly determine the nature of the

warrant, the individual shall be released. If the member receives verification of an outstanding criminal warrant, normal arrest procedures shall be followed.

### **TRAINING**

18. The Education and Training Division shall ensure that all members in the Recruit Basic Training Program receive training on this Chapter and that all members receive appropriate training on this Chapter as part of their annual In-Service training.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.8

### TITLE: AFFIDAVIT AND SUMMONS (NON-TRAFFIC)

**EFFECTIVE: 03/01/2018**

**REVISED: 01/09/2022**

---

#### PURPOSE

This Chapter governs the release of arrested persons upon the issuance of a non-traffic summons.

#### POLICY STATEMENT

1. The New Orleans Police Department (NOPD) encourages the use of summons in lieu of custodial arrest when appropriate and when the safety of the public is not threatened.
2. NOPD will release an arrested person on a non-traffic summons as provided in the Louisiana Code of Criminal Procedure and the Municipal Code of the City of New Orleans.
3. In those cases when a summons cannot be issued for a misdemeanor offense under the ordinances of the City of New Orleans, a municipal affidavit shall be issued, and the arrested person shall be booked and incarcerated.

#### DEFINITIONS

**Affidavit (Municipal)**—A sworn statement of the complainant, or the law enforcement officer, filed with the Municipal Court of the City of New Orleans on a form approved by the court concerning the commission of a misdemeanor offense and covered under the ordinances of the City of New Orleans. The City Council of the City of New Orleans has designated, by ordinance, certain police officials who have the power to take oaths and verify affidavits filed by other members of the New Orleans police department.

**Arrest**—The taking of one person into custody by another. To constitute arrest there must be an actual restraint of the person. The restraint may be imposed by force or may result from the submission of the person arrested to the custody of the one arresting him/her. (La. C. Cr. P. Art. 201)

**Attachment**—The act or process of taking, apprehending, or seizing persons, by virtue of a writ, summons, or other judicial order, and bringing the same into the custody of the law; used for the purpose of bringing a person before the court, to compel an appearance or to furnish security for costs. Also, the writ or other process for the accomplishment of the purposes above enumerated, this being the more common use of the word. Also, a writ issued by a court of

record, commanding the sheriff to bring before it a person who has been guilty of contempt of court, either in neglect or abuse of its process or of subordinate powers.

**Custodial Arrest**—Synonymous with “**Arrest**” but referring to maintaining physical custody and control of the arrested person and booking at a jail facility rather than any form of release by the officer such as a summons or traffic citation.

**Citation**—Issued to a person to notify him/her that he/she is required to appear at a specific time and place. Officers issue citations for minor offenses, especially for traffic violations. The citation that an officer gives to a violator states the charge and requires an appearance before a judge on a specified date, subject to punishment for failure to appear. **For purposes of the NOPD regulations, the term “citation” refers to traffic citations only.**

**Contraband** - Any property that it is illegal to acquire, trade, carry, produce or otherwise have in one’s possession under a statute, rule or that has determined by a court to be contraband, because of its use in an unlawful activity or manner, of its nature, or if the circumstances of the person who acquires or possesses it.

**Felony**—In Louisiana, any crime for which an offender may be sentenced to death or imprisonment at hard labor. It is the possible punishment that makes a crime a felony, NOT the actual sentence served or imposed. (La. Rev. Stat. § 14:2.)

**Habitual Offender**—Any person with a criminal history of two or more felony convictions or five or more felony or misdemeanor arrests for any offense.

**Misdemeanor**—In Louisiana, any crime other than a felony. (La. Rev. Stat. § 14:2.)

**Summons**—A written notification to an arrested person to appear in the indicated court at the specified date and time to answer to the charges stated under penalty of law (contempt or warrant of arrest) for failure to appear. A summons is issued by an officer for a minor (misdemeanor) offense rather than a custodial arrest and booking, but only on a written promise to appear by the arrested person.

## SUMMONS AND RELEASE

4. Unless one of the prohibitions outlined in this Chapter are present, an officer **shall** issue a summons instead of effectuating a custodial arrest when the offense suspected is:
  - (a) A misdemeanor, including:
    - i. Issuing worthless checks, theft, and illegal possession of stolen things when the thing of value is less than \$1,000, **and**
    - ii. The officer has ascertained that the person has no prior criminal convictions.
  - (b) **All** the following exist:
    - i. The officer has reasonable grounds to believe that the person will appear upon the summons. **Note:** In making such a determination, the arresting officer should look for those community ties the arrested party has that would substantiate a belief that he or she was reasonably likely to appear for court. Such ties would include those individuals who are residents of the state of Louisiana and those who reside out of state but who are either employed within the state or attend school within the state. Under these circumstances, the issuance of a misdemeanor summons would be proper;
    - ii. The officer has no reasonable grounds to believe the person will cause injury to him/herself or another, cause damage to property or continue in the same or a similar offense unless immediately arrested and booked;
    - iii. There is no necessity to book the person to comply with routine

identification procedures. **Note:** An officer shall make all reasonable efforts to verify the person's identity. If the person does not produce identification but is able to provide his/her name and date of birth, and the provided information or physical identification can be verified by the officer (e.g. distinctive physical characteristics, scars, marks or tattoos, etc.), this information is satisfactory evidence of identification.

5. When an officer detains or stops a person who is discovered to have an outstanding warrant for a misdemeanor or an attachment for failing to comply with a summons to appear in court on a municipal misdemeanor in Orleans Parish, the officer **shall** issue a summons and release the person, unless the offender also has an outstanding felony warrant or the warrant or attachment involved one of the following, in which case the officer must make a custodial arrest (see C.CR. P. 211.1):
  - (a) The operation of a vehicle while intoxicated.
  - (b) The illegal use or possession of a weapon.
  - (c) The use of force or violence, except the crime of simple battery, unless the warrant or attachment indicates that the battery was prosecuted as a domestic abuse battery as defined in La. R.S. 14:35.3.
  - (d) Any offense or bench warrant issued involving the failure to pay a legal child support obligation.
  - (e) All domestic violence related crimes.
  
6. When an order of contempt or an attachment of arrest for **failing to appear** has been issued by an Orleans Parish Court, the officer shall follow the guidelines of **Chapter 74.3.1 – Failure to Appear**.

## PROHIBITIONS

7. An officer **shall not** issue a summons in lieu of arrest if **any** of the following factors are present:
  - (a) The officer is unable to verify the person's identity, despite having made all reasonable efforts to do so;
  - (b) The person makes a statement or exhibits actions indicating an intent to disregard the summons;
  - (c) The person or, in the case of a juvenile, the parent, caretaker, or guardian refuses to sign the summons;
  - (d) The person acts in a violent or destructive manner;
  - (e) The person makes a statement indicating that he/she intends to inflict injury to themselves or another;
  - (f) The person makes a statement indicating that he/she intends to damage property of another; or
  - (g) Based on the circumstances, an officer determines that it is absolutely necessary to make an arrest. Officers must be prepared to substantiate their reasons for making an arrest.

## SUPERVISORY APPROVAL REQUIRED

8. Supervisors shall respond to the scene and must approve any custodial arrest (not summons) issued for the following offenses occurring **outside the 8<sup>th</sup> District**:
 

(a) Disturbing the Peace	(City Code 54-103;	LSA-R.S. 14:103)
(b) Criminal Trespass	(City Code 54-153;	LSA-R.S. 14:63)
(c) Obstructing Public Passages	(City Code 54-40;	LSA-R.S. 14:100.1)
(d) Begging/Vagrancy	(City Code 54-411;	LSA-RS. 14:107)
(e) Aggressive panhandling	(City Code 54-412)	<b>Only in DDD</b>
(f) Aggressive solicitation	(City Code 54-419)	<b>Only in Vieux Carre'</b>

**SUMMONS REQUIREMENTS**

9. Any summons issued **shall** (see: C. Cr. P. 208; C. Cr. P. 211.1):
  - (a) Be in writing.
  - (b) Be signed by the officer.
  - (c) State the offense charged (correct title and corresponding number).
  - (d) Include the name of the alleged offender (name shall be verified).
  - (e) Instruct the alleged offender to appear before the designated court at the time and place stated on the summons.
  - (f) Be signed by the alleged offender (the signature of the offender is his/her promise to appear at the date and time specified in lieu of being physically arrested) or, in the case of a juvenile, the parent, caretaker, or guardian.
10. After determining that a summons may be issued in lieu of custodial arrest, officers shall ensure that the person or, in the case of a juvenile, the parent, caretaker, or guardian acknowledges and understands that his/her signature is his/her written promise to appear on the date, time and place specified for appearance.
11. Cases involving felony and misdemeanor charges will not be separated. If a misdemeanor charge is part of a felony arrest, it will be charged as a state law violation. (Example: If a suspect is arrested for armed robbery (a felony) and is in possession of a small amount of marijuana (State misdemeanor), the officer shall book with RS14:64 and RS40:966.)
12. All summonses that are issued as a **state misdemeanor** charge with no additional or related felony or municipal charges shall be documented in an EPR.

**MUNICIPAL SUMMONS CASES**

13. Summons (summons and release) cases shall be set **thirty (30) days** from the date of issuance, excluding Saturdays, Sundays, and holidays. Officers shall refer to the "**Traffic and Municipal Court Schedule**" for the current year in the Resource folder of NOPD.org for all court holidays. If the calculated date is on a date the court is "closed," it shall be set for the next available court date.
14. Officers shall set the appearance as 11:00 am in Room 100. In the area of the form for Court Appearance information, the officer shall write or type "**REPORT ON MM/DD/YYYY TO ROOM 100 AT 11:00 AM.**"
15. All information shall be printed and signed in a black or blue ink ballpoint pen.
16. Only one officer's name shall appear on the front of the form. Additional officers involved in the arrest shall be recorded on the back of the Court and Record Room copies under "City Witnesses."
17. Every space requesting information shall be completed.

**SIMPLE POSSESSION OF MARIJUANA AND/OR SYNTHETIC CANNABINOIDS**

18. Officers **shall not arrest, summons or cite for simple possession of marijuana**, under either the Municipal or State Law. This does not preclude possession with intent to distribute marijuana if the officer has clear evidence of the additional elements. All arrests (State charges) for Possession with Intent to Distribute Marijuana must be

approved by the arresting officer's supervisor prior to leaving the scene of the arrest absent clear, articulable safety reasons.

19. All marijuana discovered during a stop or arrest is still contraband and shall be confiscated and placed on the books at Central Evidence and Property under the original item number, and an EPR written. If the person has been arrested or charged with an offense and the marijuana relates to the reasonable suspicion or probable cause for the search that recovered other evidence, it shall be placed on the books as evidence.

### **MUNICIPAL ARREST CASES**

20. Officers shall print "**ARRESTED**" in the area of the affidavit form (printed or electronic) for the court appearance date/time if the suspect was arrested and booked.
21. All information shall be printed and signed in a black ink ballpoint pen.
22. Only one officer's name shall appear on the front of the form. Additional officers involved in the arrest shall be recorded on the back of the Court and Record Room copies under "City Witnesses."
23. Every space requesting information shall be completed.

### **OFFICER'S RESPONSIBILITIES**

24. The issuing officer is required to:
  - (a) List the name, address, and telephone number of complainant(s) and/or witness(es) on the back of the Court and Record Room copies;
  - (b) Inform the parties involved of the correct time, date, and court section if an arrest is made;
  - (c) List the appropriate information about injuries and/or the value of property involved (necessary for the courts to set an appropriate bond); and
  - (d) Complete the "officer's incident summary" on the rear of page one (original) and a concise gist/probable cause statement for each charge.

### **SUPERVISOR'S RESPONSIBILITIES**

25. The issuing officer's supervisor shall review the completed summons form to ensure the information contained is complete and correct.
26. After the supervisor completes the review, he/she shall administer an oath as ex-officio notary, print his/her name clearly as the person administering the oath, and sign in the space provided.

### **DISTRIBUTION OF PAPER SUMMONS FORMS**

27. All summonses shall be distributed as follows:
  - (a) Hard White Copy – given to violator cited or, in the case of a juvenile, the parent, caretaker, or guardian.
  - (b) Yellow Copy – remains in the officer's book.
  - (c) Pink Copy – given to unit desk officer prior to end of issuing officer's duty.
  - (d) Two White Copies – given to unit desk officer prior to end of issuing officer's duty.

28. All paper non-traffic summonses shall be listed on the Daily Receipt of Summons Form (Form #170). Commanders of a division/district/unit shall establish a procedure for delivering the summons to the Citation Processing Section prior to 7:00am daily when not picked up by the Ticket Processing Officer.

### **DISTRIBUTION OF PAPER AFFIDAVIT FORMS**

29. All municipal arrest (affidavit)s shall be distributed as follows:
  - (a) Hard White Copy – given to violator cited.
  - (b) Yellow Copy – remains in the officer's book.
  - (c) Pink Copy – complete arrest information on back, leave at Central Lock Up.
  - (d) Two White Copies – complete witness information on back, leave at Central Lock Up.

### **E-CITATION PROCESS**

35. Officers who have access to the digiTICKET or eCitation application found on the NOPD Web Applications page and have been trained in the use of the application, may utilize this process for the issuance of municipal affidavits and summonses.
36. Text notifications to remind violators of his/her court dates will be automatically sent when the phone number box on the digiTicket or eCitation is utilized. The citation contains a box at the bottom, below the signature line that reads, ***“I agree to receive text notifications regarding upcoming court dates.”*** Officers shall ask the violator being cited if they wish to be notified via text message of upcoming court dates and if “yes”, they must provide a cell phone number for inclusion on the eCitation.
37. Officers who have conducted a criminal history / warrant check on the subject being summonsed or arrested and who have found warrants for failure to appear in Traffic or Municipal Court shall include those charges (FTA) on the eCitation. Up to six charges, including failure to appear warrants, may be documented on one eCitation form. (See: **Chapter 74.3.1 – Failure to Appear**).
38. Officers completing eCitations shall contact his/her supervisor upon completion on the primary radio talk group for the District or unit and advise the supervisor of the issuance.
39. Once notified by an officer that an eCitation has been issued by a subordinate officer, the supervisor shall access the program through the NOPD Web Application to review and approve the summons or affidavit.
40. Once approved by a supervisor, the eCitation is automatically forwarded to the Court for processing.
41. In cases of a failure of technology when utilizing the eCitation and a paper affidavit or summons is issued, the issuing officer and supervisor shall list voided affidavits and summonses on the Daily Receipt of Summons Form (Form #170). Commanders of a division/district/unit shall establish a procedure for delivering the summons to the Citation Processing Section prior to 7:00am daily when not picked up by the Ticket Processing Officer.

### **CARE FOR DEPENDENTS OR ANIMALS**

42. In the event an arrested person is determined to be a caretaker for any child (age 17 and under) or dependent adult, refer to **Chapter 44.9 - Child and Dependent Adult**

**Safety.**

43. If the arrestee is a caretaker for any animal or pet, the arresting officer should take reasonable steps to ensure the animal or pet will have adequate care in the event the arrestee will be detained longer than would reasonably allow him/her to properly provide care.
44. With the owner's consent, relatives or neighbors may be contacted to care for the animals.
45. If no persons can be found or the owner does not consent, the appropriate animal control authority shall be notified through Communication Services. This information shall be documented in any report (EPR) or on the electronic FIC.

**REPORTING**

46. The New Orleans Police Department will prepare quarterly reports indicating the number and reasons for custodial arrests made and the number and reasons for summonses issued for violations of the Municipal Code of the City of New Orleans.

# NEW ORLEANS POLICE DEPARTMENT OPERATIONS MANUAL

## CHAPTER: 41.10

### TITLE: UNIFORM SPECIFICATIONS

**EFFECTIVE: 04/15/2018**

**REVISED: 08/07/2018, 09/14/2018, 02/01/2019, 06/27/2019, 11/15/19, 04/22/20**

---

#### PURPOSE

The uniform standards of the New Orleans Police Department are established to ensure that uniformed, special assignment and civilian members will present a professional appearance and be readily identifiable to the public through the proper use and wearing of department uniforms.

#### POLICY STATEMENT

1. The police uniform readily identifies the member as the law enforcement authority in our community. The uniform also serves to identify the wearer as a source of assistance in an emergency, crisis or other time of need.
2. The uniform shall be worn as a whole, and all parts shall conform to the uniform specifications contained in this Chapter. Brand names, style numbers, and other identifying information are listed in this Chapter. Complete technical uniform specifications are maintained in the Compliance Bureau – Policy Standards Section.
3. Members shall not make uniforms and/or uniform parts available to anyone not a member of the New Orleans Police Department. Members shall remove and retain or destroy all patches and insignia which identify the articles as New Orleans Police Department uniform(s) prior to converting the articles to non-uniform clothing or disposal.
4. Unless otherwise directed by the Superintendent of Police or his/her designee, commissioned officers may wear either the class "A" (winter uniform) or the class "B" (summer uniform) year-round. Directions on the appropriate uniform for a particular duty assignment or unit may be issued by Bureau Chiefs, Commanders or by an Operations Order.

#### WEARING AND CONDITION OF UNIFORM AND EQUIPMENT

5. Uniforms and equipment shall be maintained in a serviceable condition and shall be ready at all times for immediate use. Uniforms shall be neat and clean and appear professionally pressed.
6. All commissioned officers of this department shall possess and maintain a serviceable uniform and the necessary equipment to perform uniformed field duty at all times.

7. Members shall wear only the uniform specified for their rank and assignment.
8. Members shall not permit his/her uniform to be reproduced or duplicated.
9. The uniform is to be worn in compliance with the specifications set forth in the department's uniform specifications found in this chapter.
10. All supervisors shall perform periodic inspections of subordinates to ensure compliance with these regulations.
11. Civilian attire shall not be worn in combination with any distinguishable part of the uniform.
12. Uniforms are only to be worn while on-duty, working approved police secondary employment, or while in transit to or from work, duty related court appearances, special assignments, or at official department functions or events.
13. While off-duty, members shall not display any uniform parts or accessories which identify them as police officers or wear the badge exposed **unless acting in an official capacity**.
14. Employees are **PROHIBITED** from purchasing or drinking alcoholic beverages while wearing any part of the department uniform, including the uniform pants.
15. The official NOPD patch shall be worn on both sleeves of all uniform shirts, jackets, and sweaters. An illustration of the proper placement of the NOPD patch can be found in at [www.nopd.org](http://www.nopd.org) under "Resources."
16. Metal uniform parts, such as collar insignias, badge, tie tack, name tag, metal snaps on leather gear, belt buckle, and frontispiece, shall be gold colored for ranking officers and chrome colored for non-ranking officers. Brass detective badges are authorized for non-uniform wear only.
17. Sunglasses and eyeglasses shall have conservatively colored frames and shall not be hung from any uniform part when not in use.

#### **POLITICAL ACTIVITIES, ENDORSEMENTS, ADVERTISEMENTS OR OTHER APPEARANCES IN UNIFORM**

18. Unless specifically authorized in writing by the Superintendent of Police, NOPD members may not wear any part of the uniform; be photographed wearing any part of the uniform; utilize a department badge, patch or other official insignia; cause to be posted, published or displayed the image of another member; or identify him/herself as a member of the New Orleans Police Department in furtherance of the following:
  - (a) Endorse, support, oppose or contradict any political campaign or initiative.
  - (b) Endorse, support, oppose or contradict any social issue, cause or religion.
  - (c) Endorse, support, or oppose any product, service, company or other commercial entity.

#### **DEPARTMENT ISSUED IDENTIFICATION**

19. The Department shall issue each member an official department identification card bearing the member's name, identifying information and photo likeness.

20. Members shall be in possession of their department-issued identification card at all times while on-duty and/or when carrying a concealed weapon as a commissioned member of the department.
21. Whenever on-duty or acting in an official capacity representing the Department, members shall display their department-issued identification in a courteous manner to any person upon request and as soon as practicable.
22. Officers working undercover assignments may be excused from the requirements regarding the possession and display of identification when directed by their Bureau Chief.

#### **CIVILIAN PERSONNEL**

23. Badges and department identification cards issued to civilian members shall be clearly marked to reflect the position of the assigned member (e.g. Clergy).
24. Civilian members shall not display any department badge except as a part of his/her designated uniform, while on-duty or otherwise acting in an official capacity.
25. Civilian members shall be permitted to wear clothing suitable to their respective assignments as determined by their commanding officer or supervisor.
26. Civilian personnel shall not display any department badge/insignia or represent him/herself either on or off-duty in a manner which would cause a reasonable person to believe that he/she is a commissioned police officer.
27. Department badges are issued to authorized members for official use and display only.
28. The use of the badge, uniform patch and department name for all material (e.g., printed matter, products or other items) developed for department use shall be subject to approval by the Superintendent of Police or his/her authorized designee.

#### **OFFICIAL NOPD UNIFORM – GENERAL DESCRIPTION**

29. The below listed items comprise the official NOPD uniform:
  - (a) Uniform shirt with authorized badge and name plate (badge and name plate to be worn on outermost garment unless replaced with patches as authorized in this Chapter)
  - (b) Uniform trousers
  - (c) Uniform cap with frontispiece
  - (d) Rain wear
  - (e) Uniform gun belt with holster, plain, smooth, black leather or synthetic look alike with belt-keepers. Black under-belt may be worn.
  - (f) Magazines with pouches
  - (g) Handcuffs with case
  - (h) Authorized footwear with black or navy-blue socks
  - (i) Police whistle (black, chrome or brass as appropriate to rank)
  - (j) Flashlight (not to exceed 13 inches, black or chrome/silver in color)
  - (k) Black/blue ink pen and notebook
  - (l) Authorized duty firearm and ammunition
  - (m) Identification cards and folder
  - (n) Police handheld radio with carrying case and/or belt attachment
  - (o) PR 24 police baton and ring holder or expandable baton with authorized carrying case
  - (p) TASER with approved holster

- (q) Authorized reflective vest
- (r) Knife (Buck brand or similar), or a multipurpose tool with four-inch maximum lock blade and smooth black leather case with flap

#### **CLASS A – WINTER UNIFORM**

- (a) Long sleeve uniform shirt, authorized tie with miniature star and crescent tie tack.
- (b) Authorized jacket or windbreaker
- (c) Authorized sweater
- (d) Authorized scarf worn around neck under winter uniform jacket (optional)
- (e) Mock turtleneck (optional, not authorized for the rank of Captain and above, special events, court appearances, or other times as dictated by the Superintendent of Police)
- (f) Garrison cap with frontispiece
- (g) Authorized gloves (Weighted gloves are **PROHIBITED**)
- (h) Badge and nameplate must be worn on the outermost garment
- (i) Authorized trousers

#### **CLASS B – SUMMER UNIFORM**

- (a) Short-sleeve uniform shirt (T-shirt cannot be visible through open collar)
- (b) Garrison cap with frontispiece
- (c) Authorized trousers

#### **CLASS C – DRESS UNIFORM**

- (a) Long-sleeve uniform shirt, authorized tie with miniature star and crescent tie tack
- (b) Authorized dress uniform trousers
- (c) Authorized dress coat
- (d) Garrison cap with frontispiece
- (e) Authorized dress shoes

30. The dress coat is approved as optional wear for the grade of Police Officer I through Lieutenant. The Superintendent of Police will dictate when the coat will be mandatory which may include, but not limited to:
- (a) Funerals
  - (b) Award ceremonies
  - (c) Memorial Mass or other memorial ceremonies (depending on temperature)
  - (d) Police Officer weddings (if desired by the officer (optional)
  - (e) Any other time the Superintendent or his/her designee dictates.
31. While attired in the dress coat, officers are exempt from wearing the full duty rig but must be armed with his/her duty weapon utilizing a paddle/belt holster or “off duty” hip holster (ankle and shoulder holsters are **PROHIBITED**). Once the dress coat is removed, the officer (except Captain and above) must wear the full duty rig.

#### **COLLAR INSIGNIA**

32. Uniformed members (except for Captains and above) shall wear collar insignia, in chrome or brass color as appropriate to his/her rank, as indicated below:

<b>Assignment</b>	<b>Insignia</b>
First through Eighth Districts	Appropriate Numeral (1-8)
Traffic Personnel	T
Special Operations Division	SOD

Canine Personnel	K-9/SOD
Mounted Division	MTD
Field Operations Bureau	FOB
Investigations & Support Bureau	ISB
Management Service Bureau	MSB
Public Integrity Bureau	PIB
Superintendent's Office/PSAB	HQ
Senior Police Officer	SPO
Police Officer	PO

### WEARING OF GARRISON HAT

33. Members are required to have the uniform garrison hat available at all times when in uniform. When wearing the uniform garrison hat, the hat is to be placed evenly positioned atop the member's head, the bill centered on the forehead, above the eyebrows. The hat shall not be worn at excessive angles, resting atop the rear of the head with the bill pointing upward about the forehead.
34. The uniform garrison hat shall be worn by members attired in Class A, B or C uniform in the following circumstances:
- Attending ceremonial functions, including parades.
  - Directed by General Order, Operations Order or when directed by a supervisor.
  - Working a high visibility assignment or a walking beat (e.g. Bourbon Street Promenade; Magazine Street Enhancement Unit; Magazine Street Promenade) or other venue as designated by a supervisor.
35. The uniform garrison hat need not be worn by members attired in Class A or Class B uniform when:
- Inside Department facilities
  - Operating or a passenger in a vehicle
  - Death or serious injury notifications to next of kin;
  - While eating or drinking
  - Sitting at a table or otherwise conducting business while sitting
  - Attending to personal necessities or uniform maintenance
  - Inside a place of religious worship
  - Entering a room where an ill or recently deceased person is located
  - Attending a formal function honoring or mourning an individual or when a ceremony dictates otherwise
36. Members are not required to wear the uniform garrison hat when responding to routine calls for service or conducting self-initiated activity.
37. Members are not required to wear the uniform garrison hat when responding to emergencies, unless directed by a supervisor.
38. Authorized baseball style caps may be worn by:
- Members assigned motorized two-wheel vehicles **when not in operation**,
  - Mounted officers when their authorized **helmets are removed**, and
  - Officers (other than mounted and two wheel) working the French Quarter Supplemental Police Patrol (FQSPP) area coverage.
  - Members operating motorized two-wheel vehicles or mounted officers seated in the saddle **shall wear their authorized helmets**.

39. The authorized fur trooper cap (a.k.a. Fargo cap) may be worn by commissioned members in Class A Winter Uniform, with the NOPD frontispiece attached to the front unless otherwise stated in an Operations Plan or Order.

### **GRADE DESIGNATIONS**

40. Police Sergeants shall wear chevrons on both sleeves of their uniform shirts, sweaters and jackets. Chevrons shall be worn centered on the top portion of the sleeves with the tip 1/2 inch below the bottom edge of the NOPD shoulder patch.
41. Supervisors of the grade of Lieutenant through Superintendent of Police shall wear military style shoulder board fabric designation insignia on both epaulets of uniform shirts and sweaters.
42. Lieutenants, Captains and Majors shall wear military style metal insignia consistent with their grade centered on the epaulet with the edge of the bar on the bottom of the leaf parallel to and 5/8 inch from the shoulder seam of the jacket.
43. The Deputy Chief designated as second in command of the department by the Superintendent shall wear military style metal insignia consisting of three stars centered on the epaulet from shoulder seam of jackets and coats.
44. All other commissioned Deputy Chiefs shall wear military style metal insignia consisting of two stars centered on the jacket epaulets with 1/4 inch spacing between stars.
45. The Superintendent shall wear military style metal insignia consisting of four stars on the jacket epaulets.

### **MOURNING BANDS**

46. Members of the Department may wear black mourning bands upon the death of another Department member.
47. Mourning bands shall be black elastic bands, approximately one-half inch wide, placed diagonally across the badge, with the top of the band covering the letter "P" in the word "POLICE" at the top of the badge. Facing the badge, the mourning band is placed from the upper right (one o'clock position) to the lower left (seven o'clock position).
48. Mourning bands shall be worn to honor the deceased member for the following time periods only:
  - (a) Active Department member, line of duty death: from the time of the death until midnight on the 14th day after the death.
  - (b) Active Department member, not line of duty death: from the time of death until midnight on the 7th day after the death.
  - (c) Retired Department member (on the day of funeral services until midnight).
  - (d) While attending the Annual Memorial Mass or Memorial Service.

### **SERVICE STARS AND STRIPES**

49. Commissioned officers may wear service stripes and stars (optional) on the left sleeve of the long sleeve uniform shirts as illustrated on NOPD.org under Resources and in

accordance with the following guidelines for completed years of service:

YEARS OF SERVICE WITH DEPARTMENT	NUMBER OF SERVICE STRIPES	NUMBER OF SERVICE STARS
4	1	0
8	2	0
12	3	0
16	4	0
20	4	1
24	4	2
28	4	3
32	4	4

50. Additional service stars shall be added for each additional four year service period completed.

### SPECIAL ASSIGNMENT INSIGNIAS AND AWARDS

51. Members authorized to wear special assignment insignias or awards shall wear those insignias centered over the right pocket of the uniform shirt as illustrated at [www.nopd.org](http://www.nopd.org) under "Resources".
52. Members are **PROHIBITED** from wearing more than one special assignment insignia. In addition, members may wear the EPIC (Ethical Policing is Courageous) pin; wearing the EPIC pin does not count against this limit.
53. Special assignment insignias and awards not currently authorized shall be submitted to the Uniform Committee for recommendation and the approval of the Superintendent of Police.
54. Members who have been awarded Department Commendations and/or Merit Awards (pins) are authorized to wear those awards over the left pocket of their uniform shirts with the bottom edge of the award ¼" above the top edge of the NOPD badge. Awards of up to five (5) medals will be worn in a single horizontal row above the badge. Subsequent awards will be worn in a row 1/4" above the first row. (See illustration at [www.nopd.org](http://www.nopd.org) under "Resources.")
55. Departmental Medals of Merit and Valor shall be worn below the badge on the left pocket flap (as illustrated at [www.nopd.org](http://www.nopd.org) under "Resources"). No more than two medals shall be worn at a time.
56. Authorized Longevity Pins (service pins) shall be worn over the right pocket of the uniform shirt with the bottom edge of the pin 1/4 inch above the name plate. **Years of Service Stripes/Pins Approval Form** (Form #189 found at [www.nopd.org](http://www.nopd.org) under "Forms") must be completed by the requesting member and approved by the member's immediate supervisor prior to the purchase or wearing of the stripes/pins.
57. Commissioned members who are graduates of the FBI National Academy may wear their FBI - National Academy Pin over their name tag, above the right shirt pocket.
58. An illustration of the proper wearing of special assignment insignias and awards can be found at [www.nopd.org](http://www.nopd.org) under "Resources".

### POLICE RECRUIT UNIFORM

59. Police Recruits reporting to the Education and Training Division or assigned to units of the Department awaiting the commencement of a Recruit Class shall wear civilian clothes suitable to their respective assignments as determined by his/her Commanding Officer or supervisor.
60. Police Recruits, while assigned to the Education and Training Division and during training, shall wear apparel as designated by the Commander of the Education and Training Division.
61. The Commander of the Education and Training Division shall determine the timing of the different uniform phases and shall have authority to suspend the wearing of the regulation Recruit uniforms and to authorize clothing suitable to the training being conducted.

#### **CLOTHING - PLAIN CLOTHES AND CIVILIANS**

62. There are two classes of uniforms for plain clothes members:
  - (a) **CLASS D – DRESS CLOTHING** - This attire shall consist of business formal attire. Duty weapon, holster, extra ammunition, handcuffs, and badge shall be worn but concealed when in view of the public.
  - (b) **CLASS E – MIXED CLOTHING** - This attire shall consist of mixed clothing suitable to the task to be performed as determined by the Commander of the specialized unit to which the member is assigned. Regulation weapon, holster, extra ammunition, handcuffs, and badge shall be worn but concealed when in view of the public.

#### **CLOTHING – DETECTIVES**

63. Commissioned members of the rank of Senior Police Officer, Police Corporal, Police Sergeant or Police Lieutenant designated as detectives and receiving the detective special rate of pay shall wear the Class D - Dress Clothing.

#### **MOTORCYCLE OFFICER**

64. The below listed items may be worn by commissioned members assigned to Motorcycle Duty:
  - (a) Authorized motorcycle/mounted breeches
  - (b) Authorized motorcycle raincoat
  - (c) Authorized motorcycle footwear
  - (d) Authorized motorcycle insignia and competition pins in accordance with this chapter
  - (e) Authorized department issue DOT approved motorcycle helmet
  - (f) Authorized baseball cap, open faced ski mask
  - (g) Motorcycle gloves, black leather
65. The authorized baseball cap may be worn by officers assigned to the Motorcycle Division only when officers are not in operation of the motorcycle.

#### **CANINE OFFICER**

66. The listed items may be worn or omitted by commissioned members assigned to Canine duty:
  - (a) Tie is optional with winter uniform.
  - (b) Authorized Canine insignias.

- (c) Authorized T.D.U.'s, black in color with subdued patches and insignias and fatigue trousers during training or field duties.

### **MOUNTED OFFICER**

67. The below listed items may be worn by commissioned members assigned to the Mounted Section:
- (a) Authorized mounted/motorcycle riding breeches
  - (b) Authorized mounted raincoat
  - (c) Authorized riding boots
  - (d) Authorized Mounted insignia;
  - (e) Riding crop, black leather;
  - (f) Spurs - U.S. Cavalry riding spur;
  - (g) Authorized department issue helmet
  - (h) Authorized baseball cap, open faced ski mask

### **BICYCLE PATROL UNIFORM**

68. The below listed items may be worn by commissioned members assigned to bicycle patrol duties:
- (a) Authorized bicycle patrol shirt
  - (b) Authorized bicycle shorts
  - (c) Authorized jacket
  - (d) Authorized duty gun belt
  - (e) White or black ankle socks
  - (f) Shoes, black bicycle type
  - (g) Authorized helmet: black and uniform blue bicycle helmet (mandatory while riding)
  - (h) Authorized baseball cap (while not riding)
  - (i) Reflective ankle straps, international orange color
  - (j) Black or blue (matching shirt color) cycling gloves, padded
  - (k) Badge worn on gun belt

### **SEARCH AND RESCUE UNIT OFFICERS**

69. The below items may be worn by commissioned members assigned to Search and Rescue duties:
- (a) Authorized Search and Rescue Unit insignia.
  - (b) Any equipment necessary as authorized by the Search and Rescue Unit Commander.

### **SPECIAL OPERATIONS DIVISION – TACTICAL OPERATIONS SECTION**

70. The uniform for commissioned members assigned to the Special Operations Division - Tactical Operations Section shall be specified by the Commander of the Special Operations Division and approved by the Deputy Chief of the Field Operations Bureau.
71. The Commander of the Special Operation Division shall direct officers under his/her command to wear the Class A, B, or C uniform when appropriate. While wearing the Class A, B, or C uniform, all regulations relative to those uniforms shall apply.
72. Commissioned members of the Special Operation Division - Tactical Operations Section shall be authorized to utilize whatever equipment is authorized by the Commander of the Special Operations Division.

**COMMAND STAFF**

73. The below items are authorized for Command Staff (Captain and above) members:
- (a) Authorized NOPD garrison cap with appropriate designation for grade on brim (caps worn by Deputy Superintendents and the Superintendent shall additionally be affixed with gold Mylar trim around brim)
  - (b) Uniform shirt: long sleeve and short sleeve, white. Official shoulder patch shall be worn on both sleeves one inch from the shoulder of the uniform shirt (service stripes for command staff personnel are optional)
  - (c) The tie and dress coat may not be used while wearing the short sleeve shirt.
  - (d) Uniform tie: slip on, Velcro, or the "four in hand"
  - (e) Uniform trousers
  - (f) Footwear with black or dark navy-blue socks
  - (g) Uniform belt worn through the trousers' belt loops. The full utility duty gun belt and accessories may be optionally worn with all authorized outerwear, with the exception of the uniform dress coat
  - (h) Uniform holster
  - (i) Additional leather equipment carriers
  - (j) Dress coat: official NOPD shoulder patch to be on both sleeves one inch from the shoulder of garment
  - (k) Overcoat
  - (l) Sweater (shoulder boards to be worn)
  - (m) Windbreaker or leather coat (metal insignia to be used)
74. The Command Staff shall wear the appropriate soft shoulder board grade designation on both shoulder epaulets of the uniform shirt (long and short sleeve).
75. The Command Staff shall wear the appropriate soft shoulder board grade designation on both shoulder epaulets of the uniform overcoat.
76. The grade designation for the dress coat shall consist of the following:
- (a) Police Captains shall wear the military style metal insignia designating grade on both shoulder epaulets of the dress coat. Both sleeves of the dress coat shall bear two gold piping bands indicating grade of Police Captain.
  - (b) Police Majors shall wear the military style metal insignia designating the grade on both shoulder epaulets of the dress coat. Both sleeves of the dress coat shall bear three gold piping bands indicating the grade of Police Major.
  - (c) Deputy Chiefs shall wear the military style metal insignia designating grade on both shoulder epaulets of the dress coat. Both sleeves of the dress coat shall bear four gold piping bands indicating grade of Deputy Chief.
  - (d) The Superintendent of Police shall wear the military style metal insignia designating grade on both shoulder epaulets of the dress coat. Both sleeves of the dress coat shall bear four gold piping bands and a gold star indicating the grade of Superintendent of Police.
77. The Command Staff shall wear official shoulder patches on both sleeves of all overcoats and uniform jackets.
78. Captains and above shall wear no collar insignia. The authorized NOPD badge shall be

worn, as per NOPD regulation, on the outermost garment, with the exception of the uniform overcoat.

79. Nameplates may be of a polished finish or brushed finish and shall be gold in color for ranking officers, with blue lettering. Other pins and awards may be worn on the uniform shirt as specified in this regulation.

### WORK UTILITY UNIFORM

80. Navy blue trousers, shirt and jacket by Lion Uniform "Fire Service 24 Hour Station Wear" or Sears Work Uniform.

### DRESS UTILITY UNIFORM

81. Shall be the same as the Grounds Patrol Uniform. Employees assigned to work details are authorized to wear the below listed uniform clothing:
- (a) Patches, insignias, name tag, and collar brass shall be the same as listed in the police\correctional officer uniform
  - (b) Supervisors may waive the wearing of ties, metallic items and other uniform parts which may cause a hazard to employees or equipment
  - (c) Footwear shall be plain, black, smooth surface, round toe boots, work shoes, or athletic shoes with navy blue or black socks
  - (d) T shirt, dark navy blue with white star and crescent logo on the left front is acceptable if the member is unarmed
  - (e) The baseball cap with badge patch is authorized for year-round use

### TASK FORCE / EMERGENCY OPERATIONS OR HURRICANE UNIFORM

82. The uniform for commissioned members assigned to a Task Force (See: **Chapter 42.3 – Task Forces**) and/or hurricane duties shall be the authorized Tactical Duty Uniform, also known as the 5.11 T.D.U., the Propper B.D.U. and First Tactical V2 Uniforms.

### S.C.I.S. – (CRIME LAB) CRIME SCENE TECHNICIANS

83. SCIS (Crime Lab) civilian crime scene technicians are approved to wear the authorized uniform listed in the Uniform Specifications Index of this procedure for Police Technicians.
84. Crime Scene Technicians are **not authorized** to have the sewed-on fabric NOPD badge above the left pocket.
85. Commissioned officers assigned as Crime Scene Technicians shall wear the Class A or B uniform or the authorized 5.11 T.D.U. Task Force style uniform.

### POLICE TECHNICIAN UNIFORM

86. All uniform parts and accessories shall conform to the uniform specifications in this Chapter. Each member shall be responsible for the maintenance of all uniform parts.
- (a) **Trousers:** 100% Polyester, 11.5-12 oz. Tropical Weave, color navy blue, manufactured by Tact Squad Uniform Company, Item Number 7002E (Men's) – 7002NWE (Women's)
