

RESULTS NOLA 2013

Mayor Mitchell J. Landrieu

Quarterly Performance Report

April 1– June 30, 2013

Issued August 30, 2013

A message from Mayor Mitch Landrieu:

As we strive to do more with less, we must continue to improve the efficiency and effectiveness of City government. To do that, we made a commitment to measure our performance and improve through data-driven management decision-making, while also demonstrating accountability to citizens for tax dollar spending. This report includes key performance results for 46 organizations, including line departments

and criminal justice agencies, that received a 2013 appropriation from the City.

This year, the International City/County Management Association assessed our performance management program, and in June, ICMA announced that the City of New Orleans, for the first time, was being recognized for superior performance management efforts with a Certificate of Distinction from the ICMA Center for Performance Measurement. According to Wayne Sommer, ICMA's Director of U.S. Programs, "Jurisdictions meeting the qualifications have demonstrated leadership in continuous improvement and community engagement, and they serve as examples for other governments to follow." This recognition is validation of the hard work of employees throughout City government, and we have a lot to be proud of.

Homicides were down nearly 35 percent in the second quarter of this year, compared to the second quarter of 2012. The approximately 7 percent of streetlights out at the end of the quarter was the lowest since Hurricane Katrina. This year, we opened the City's One Stop Shop for permitting and licensing, and departments

are now providing better service to customers. For example, the average number of days to respond to business license application requests decreased nearly 35 percent from 2012.

While we have accomplished a lot, we continue to face significant challenges. Though we restored 11,447 streetlight outages in the first half of the year, exceeding our 2013 target, the number of outages will soon begin to increase if the City Council does not provide us with the sustainable funding in the long-term plan that I proposed. While murders fell nearly 21 percent in the first half of the year, compared to the same time frame last year, some other crimes increased. While the reduction in the number of murders suggests that NOLA FOR LIFE, our comprehensive murder reduction strategy launched last year, is showing early signs of progress and positive results, crime continues to be our biggest challenge and my top priority.

According to ICMA, performance management aids in cost reduction, program prioritization, and quality improvement, while encouraging accountability and transparency. With the continued collaboration and support of all City employees, we will continue to evaluate the data in these reports to pinpoint problems and steer towards alternative, better ways of delivering services to the citizens of New Orleans.

A handwritten signature in black ink that reads "Mitch". The signature is stylized and cursive.

Mitchell J. Landrieu

Introduction

Purpose and Scope

ResultsNOLA reports are intended to provide key performance results for major City programs and services to stakeholders, including the Mayor and other senior City leaders, City managers and staff, the City Council, and New Orleans citizens. The organizations measured include all Mayoral departments, as well as other agencies, boards, and commissions that received a 2013 appropriation from the City. The 2013 adopted budget for the included organizations is \$696 million, which represents 83% of the total budget.

Performance information is presented both by organizations and by goals and objectives. The *Performance by Organizations* section provides users with the comprehensive performance results for the accountable departments, agencies, boards, and commissions. The following *Performance by Goals and Objectives* section organizes performance measures by the goals, objectives, and strategies to which they align. The purpose of this section is show how departmental services contribute to citywide strategic goals.

Performance Information Presented

To evaluate the performance of the included departments, agencies, boards, and commissions, the following performance information is included for each organization:

Measures	Indicators of results, which include output, efficiency, customer service, and outcome measures.
Q1/Q2/YTD Actuals†	Actual performance in the first

	quarter (Q1), second (Q2), and year to date (YTD), or January 1 – June 30, 2013.
YTD Targets*	Expressions of desired performance levels year to date (YTD), or January 1 – June 30, 2013. For <i>seasonal measures</i> , quarterly targets are based on the average percentage completed in the same quarter of prior years, or on managers' knowledge of operations. Seasonal measures are indicated by asterisks (*). For <i>annual measures</i> , quarterly targets are 25% of the annual target in instances in which quarterly actuals are summed to an annual total, or are equal to the annual target in instances in which the measure is an average over the period. Annual measures are indicated by tildes (~). For <i>sporadic measures</i> , or indicators in which the quarterly results are variable, but not seasonal, quarterly targets are not set. Sporadic measures are indicated by carrots (^).
Annual Targets*	Expressions of desired performance levels in 2013.
Status Indicators	Symbols used to evaluate whether organizations are on track to meet annual targets. Green circles indicate that organizations met or exceeded the quarterly targets, yellow triangles indicate that

	organizations were within 10% of the quarterly targets, and red diamonds indicate that organizations were not on track to meet the quarterly targets.
Analyses	Discussions of performance, including internal and external factors affecting results, significant variances relative to targets, and any plans for improvement.
Prior Year Actuals†	Performance results from 2011 and 2012, subject to data availability.
Prior Year Target Achievement Indicators	Symbols used to evaluate whether organizations met prior year targets. Green circles indicate that organizations met or exceeded the targets, yellow triangles indicate that organizations were within 10% of the targets, and red diamonds indicate that organizations did not meet the targets.
2 Year Quarterly Trends	Small charts that show quarterly results over 25 months (beginning January 2011), subject to data availability. Note that the scale of the chart is not displayed, and it is automatically adjusted to “zoom in” on the data. This can have the effect of making small changes appear more dramatic, and large changes appear less significant.
Relationships to Strategies	Alignment of the performance

	measures to the goals, objectives, and strategies in the City’s strategic framework.
Resources	Funds budgeted by the City in 2011, 2012 and 2013. Some organizations, such as criminal justice agencies, may have additional sources of funding that are not included in this report.

†The acronym “N/A” is an indication that the actual performance results were not available. Dashes (-) are indications that the results field was not relevant in the quarter because results are only reported in one or more other quarters (such as the number of individuals served through Summer Youth Employment Programs). Dashes (-) are also used for prior year actuals in instances in which a measure is new and there is no prior year data.

*Targets are typically not set in three instances:

1. If a measure is new and there is not one year of baseline data. For these measures, the City has deferred setting firm targets until enough data has been collected to be confident of setting plausible targets that are both aggressive and achievable. These instances are indicated by the phrase “Establishing baseline.”
2. If a measure is a workload indicator, or a measure of the amount of work that comes into an organization (such as the number of customers that come in for a service), which is referred to a management statistic. These instances are indicated by the abbreviation “MS.”
3. If a measure is an outcome indicator that is influenced by factors outside of the City’s control.

Further, quarterly targets are not set in instances in which a target is not relevant in the quarter because results are only reported in one or more other quarters, or if a measure is sporadic, or an indicator in which the quarterly results are variable, but not seasonal. These instances are indicated by dashes (-).

Performance Information Uses

Performance information can be used for a variety of accountability and decision-making purposes. Examples include the following:

Senior City Leaders	To effectively plan/strategize, and to hold managers accountable
City Managers	To make operational changes to improve performance (e.g. make changes to policies or programs, move staff or funds, provide training, or develop partnerships)
City Staff	To identify and implement ways to continuously improve programs and services
City Council	To help determine what funding levels are likely to lead to desired outcomes, and to provide oversight
Citizens	To track the results they are getting for their tax dollars, and to hold elected officials accountable

Relationship to the Budget

Most performance measures in this report were developed by City departments, agencies, boards, and commissions, in conjunction with the Office of Performance and Accountability, as part of the City's Budgeting for Outcomes (BFO) process. In BFO, organizations submit their budget requests in the form of "offers" that explain how they can contribute to the achievement of Citywide goals and what performance measures they will use to track progress. The Government Finance Officers Association has adopted this approach to budgeting as a "recommended best practice." This ResultsNOLA report is the tool the Landrieu administration uses to publicly report on the progress tracked using the performance measures developed in the budgeting process. The [2013 Adopted Operating Budget](#) is available on the City's website.

Performance Management in New Orleans

A best practice implemented by governments worldwide and legally required in many jurisdictions, a system of measuring performance in New Orleans City government was recommended by a broad group of organizations, including the New Orleans Office of Inspector General and Forward New Orleans. Mayor Landrieu engaged the Public Strategies Group to produce the March 2011 report *A Transformation Plan for New Orleans*, in which development of a performance management system was a primary recommendation.

Mayor Landrieu has committed to dramatically improving the accountability, transparency, and performance of New Orleans City government. In November 2010, the City launched BlightSTAT, a data-driven performance review of Mayor Landrieu's strategy to reduce blighted properties by 10,000 by the end of 2014. For Mayor Landrieu's first budget, the City used a Budgeting for Outcomes process, in which

departments developed performance measures and targets for 2011. Building on this momentum, Mayor Landrieu, with City Council support, created the Office of Performance and Accountability (OPA) in January 2011, and for the first time in its history, the City has a sustained commitment to performance management.

In 2011, OPA worked with Mayoral departments to develop operational, or “business,” plans to map out the execution of programs, and additional performance measures to track progress. The City released its first quarterly ResultsNOLA report on departmental performance after the end of the first quarter of 2011. For key cross-departmental initiatives, OPA in 2011 and 2012 developed and implemented additional data-driven performance reviews: ReqtoCheckSTAT for the contracting process, BottomLineSTAT for revenue collection and cost containment efforts, and QualityofLifeSTAT for key issues related to citizens’ quality of life. In monthly STAT meetings, City leaders and managers review and assess progress achieved, overall trend data, and the likelihood of meeting performance targets. For programs at risk of not meeting targets, leaders and managers identify prospects and tactics for performance improvement, and make adjustments to operational plans as needed. STAT meetings are open to the public.

Also in 2012, the Landrieu administration developed a strategic framework to map out the City’s overall direction and serve as the foundation for budgeting and performance management. Best practices demonstrate the importance of a strategic framework to link services to the achievement of desired outcomes, and the framework links City services, programs, strategies, and objectives to the City’s mission, values, and vision. It incorporates new outcome performance measures to track progress towards goals. The strategic framework is designed to foster the development of departmental operational plans, guide decision-making to attain goals and improve outcomes, and communicate to stakeholders.

In the 2013 Budgeting for Outcomes process, City organizations submitted offers aligned to the strategies in the City’s new strategic framework, explaining how they would contribute to the achievement of Citywide goals and what performance measures they would use to track progress. Also, the OPA extended its performance management efforts beyond line departments to additional agencies, boards, and commissions, including criminal justice agencies.

To provide a clearer frame of reference for assessing the performance of the City’s programs and services, in 2013, the City is participating in the International City/County Management Association (ICMA) Comparative Performance Management Program. Participation in the program will enable the City to better gauge the efficiency and effectiveness of operations, and provide a starting point for determining the causes of differences and further improving performance.

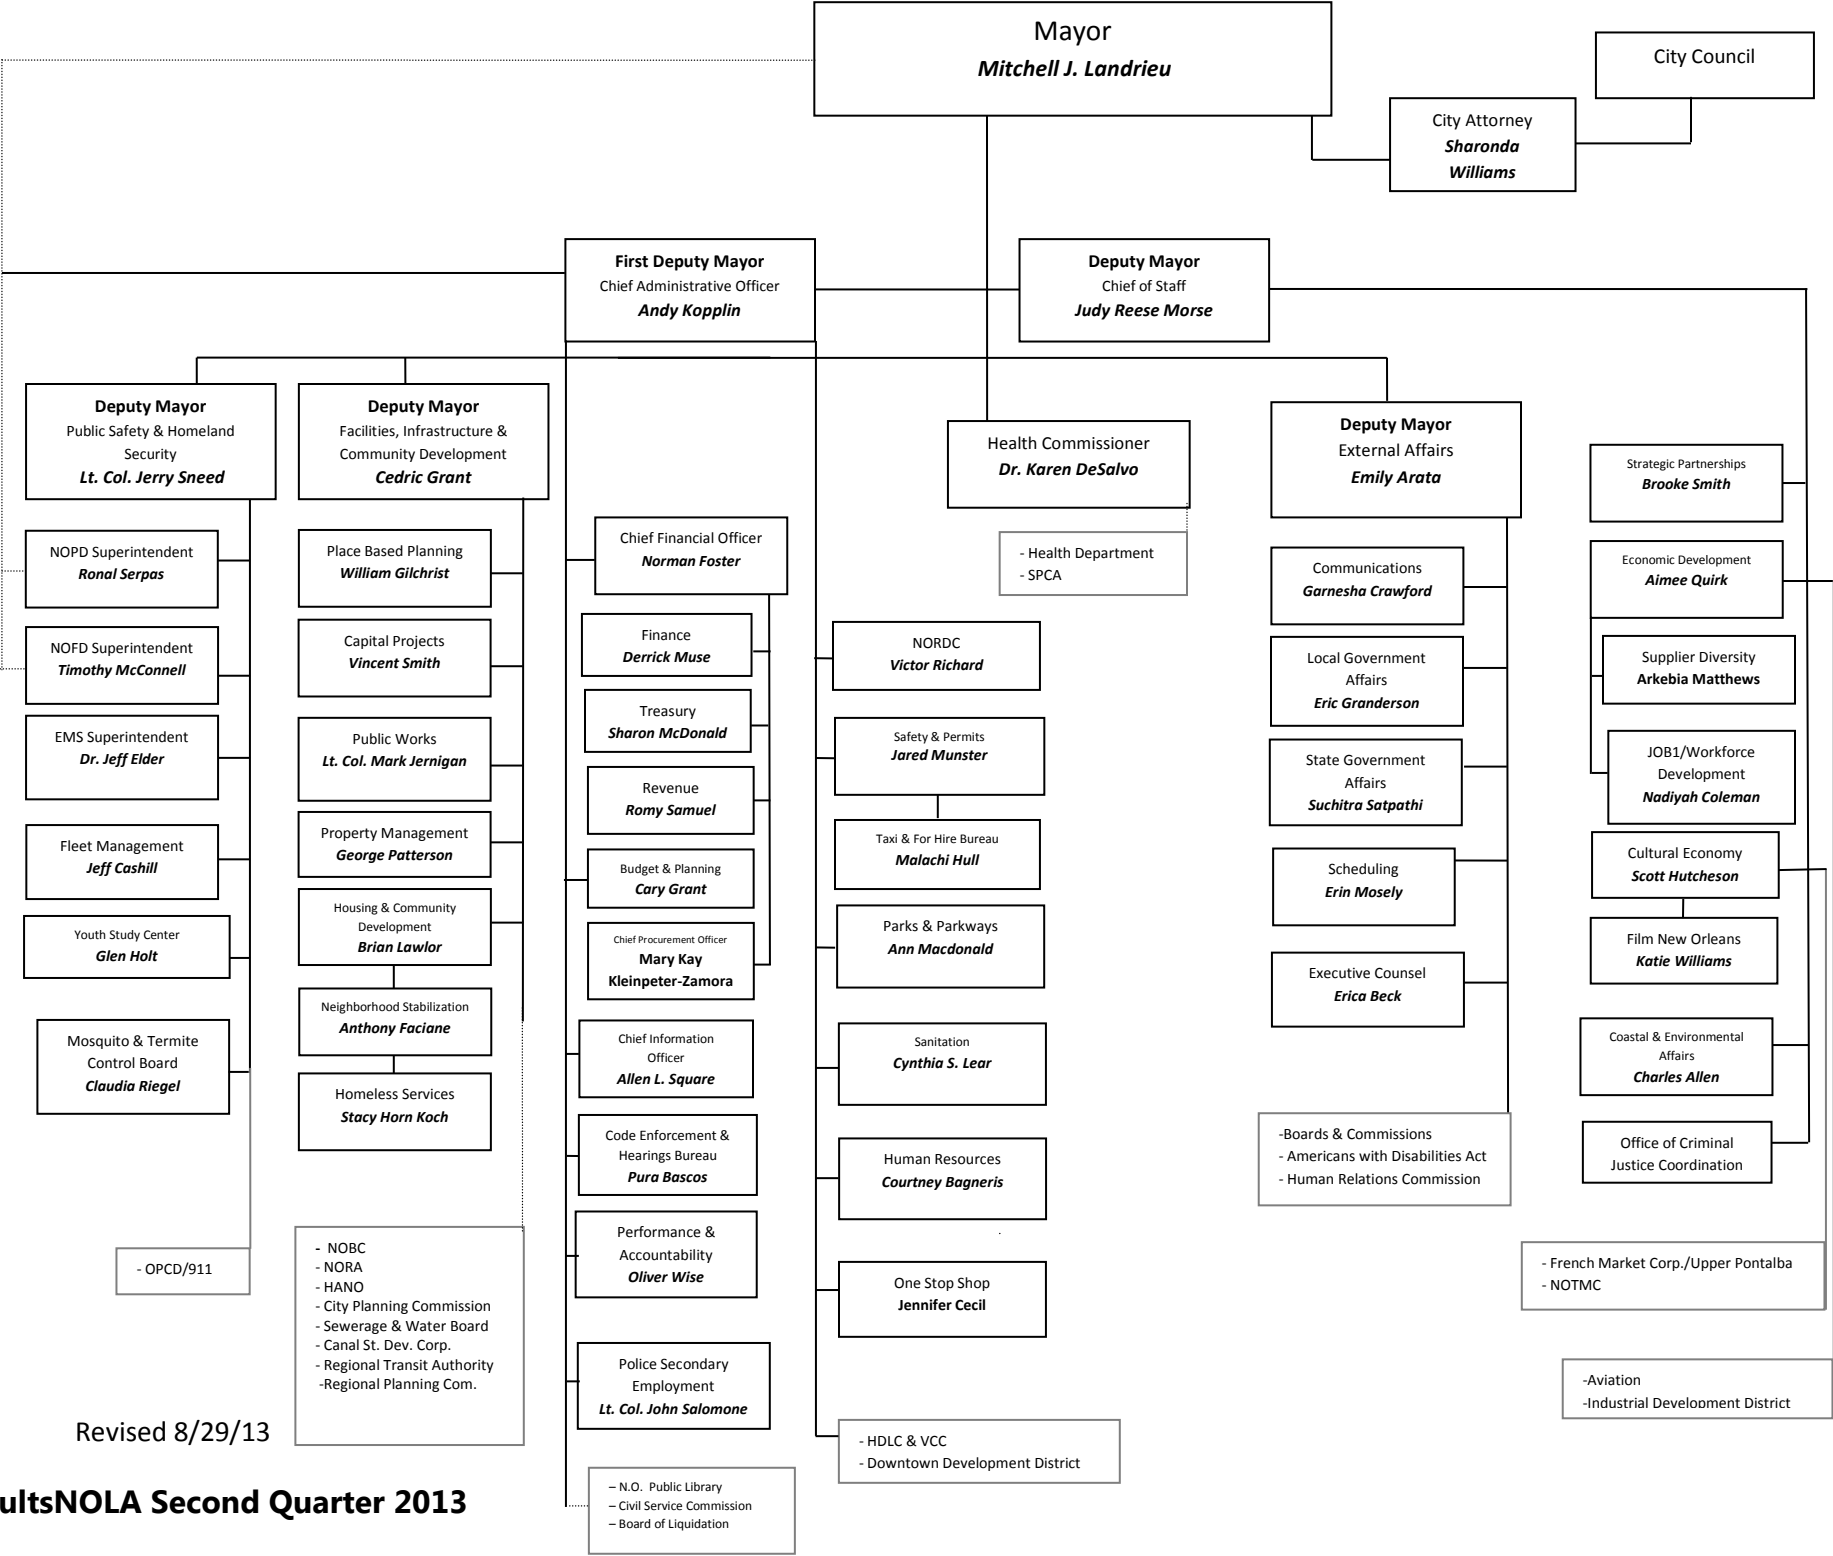

Reliability of Performance Data

The performance data in this report is mostly self-reported to the Office of Performance and Accountability (OPA) by departments, agencies, boards, and commissions, and unaudited. To improve data reliability, the Chief Administrative Officer (CAO) issued a Policy Memorandum in 2013 to establish a City policy governing performance management that addresses data quality. According to the policy, City employees shall not knowingly report false or misleading performance data. To support the general accuracy and reliability of performance data, reduce the risk of reporting inaccurate data, and provide a sufficient level of confidence to the public that the information presented in City performance reports is credible, the policy requires the following basic steps:

1. Build data quality.

- a. Departments and offices shall document data collection and reporting procedures, and create standard definitions for all terms.
 - b. The CAO's designee(s) shall complete a review of the internal controls over the data collection and reporting procedures to ensure that departments and offices documented adequate procedures.
2. Validate and verify data.
 - a. The CAO's designee(s), with consideration of cost effectiveness and prioritization, shall periodically review source data for consistency with reported data and provide feedback to departments on types of errors found and recommendations for improvement.
 - b. Departments and offices shall maintain performance result supporting documentation for four years, and in accordance with applicable City document retention policies.
3. Disclose limitations of data in performance reports.

OPA, as the CAO's designees, will work with City organizations to implement this policy in 2013. Further, as the City strengthens its information supply chain, it will release additional raw data to the public on the City's Open Data Portal at data.nola.gov, allowing citizens to examine and analyze the data.

Revised 8/29/13

Performance by Organizations

April 1 – June 31, 2013

Mission

To support the development and oversight of all City departments to produce a balanced budget that most effectively uses resources to deliver results for the citizens of New Orleans. The fiscal guidance provided by this office contributes to renewed citizen confidence in the City of New Orleans’ ability to provide vital government services, maintain its commitment to the betterment of New Orleans, and demonstrate New Orleans’ status as a model city.

Quarter 2 Analysis

In Q2, the Budget Office launched the City’s 2014 Budgeting for Outcomes process. In Budgeting for Outcomes, organizations submit their budget requests in the form of “offers” that explain how they can contribute to the achievement of Citywide goals. The Budget Office provided training and guidance on the process to City organizations; reviewed budget offers for completeness and adherence to guidelines; and coordinated Result Team meetings for offer review, feedback, and priority ranking.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of audit findings related to the City's budget in the financial audit~	0	≤0	●
Average number of days to approve requisitions for the purchase of goods or services by the budget office	0.7	≤2	●

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Chief Administrative Office-Budget	\$ 1,792,798	\$ 1,330,710	\$ 1,025,747	2282	186
Total Funding	\$ 1,792,798	\$ 1,330,710	\$ 1,025,747		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of audit findings related to the City's budget in the financial audit~	1	-	0	-	-	0	0	0		
Counts the number of audit findings related to the city's financial budget found by an external auditor. It shows the Budget Office's performance in adhering to accounting and reporting laws and regulations.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Average number of days to approve requisitions for the purchase of goods or services by the budget office	2.4		1.3		1.6	0.7	≤2	≤2		
Calculated by averaging the number of days to approve requisitions for goods and services. The data for this measure is gathered by random sampling with 95% confidence interval plus/minus 5% margin of error. Budget Office approval of requisitions is a critical step in the city's procurement process, and delays in procurement can cause delays in the delivery of goods and services needed to serve citizens.										
<i>Related Strategy: Manage vendor relationships and provide oversight of City contracts</i>										

Mission

To serve the public good by delivering the City of New Orleans' Capital Program with quality, timeliness and within budget

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of projects delivered on schedule	82%	≥80%	<div></div>
In Q2, the Capital Projects Administration delivered 56 of 69 projects on schedule.			
Percent of invoices paid within 30 days for bonds, 45 days for revolver funds, and 60 days for DCDBG funds	87%	≥80%	<div></div>
YTD, the Capital Projects Administration paid 570 of 660 invoices within the target timeframes.			

Quarter 2 Analysis

In Q2, the City and FEMA reopened the \$5.6 million Tremé Center and the \$4.9 million John P. Lyons Memorial Center, both of which had been closed since Hurricane Katrina. The City and FEMA also broke ground on projects to replace other facilities destroyed or abandoned after Hurricane Katrina. In April, City officials and FEMA broke ground on the \$6.1 million Stallings St. Claude Center and Pool in the Bywater neighborhood. In June, the City and state officials and FEMA broke ground on the new \$4.3 million Joseph M. Bartholomew, Sr. Club House in Pontchartrain Park.

In Q2, the Capital Projects Administration paid 89% of invoices within its target timeframes, an all-time high for the department.

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Chief Administrative Office-Capital Projects	\$ 806,932	\$ 649,861	\$ 977,052	2285	165
Community Development-Capital Projects	\$ 644,899	\$ -	\$ 4,783,184	2199	186
Total Funding	\$ 1,451,831	\$ 649,861	\$ 5,760,236		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of projects delivered on schedule	79%	▲	80%	●	83%	81%	≥80%	≥80%	●	
Calculated by dividing the number of facilities construction or major repair projects that adhere to the schedule posted on the city's website (http://www.nola.gov/GOVERNMENT/Capital-and-Recovery-Projects/) by the total number of projects. The measure shows how effectively Capital Projects is managing FEMA, Community Development Block Grant, and Bond funding to complete New Orleans' recovery from Hurricane Katrina and to meet the City's overall facilities project deadlines.										
<i>Related Strategy: Effectively administer the City's capital improvements program</i>										
Percent of invoices paid within 30 days for bonds, 45 days for revolver funds, and 60 days for DCDBG funds	82%	●	83%	●	84%	89%	≥80%	≥80%	●	
Calculated by dividing the number of payments made to City vendors that are paid within the target timeframe, depending on the funding source, by the total number of payments. (Bond funds are City bonds sold to support the capital improvement program. Revolver funds are paid through the State Revolving Loan Fund for Katrina repairs. DCDBG funds are Disaster Community Development Block Grant funds disbursed by the state.) The measure shows how efficiently Capital Projects is coordinating the draw downs on the funding sources supporting the capital program. If invoices are not paid in a timely fashion, construction bidders may inflate their bids to compensate for payment delays, increasing the City's costs.										
<i>Related Strategy: Manage vendor relationships and provide oversight of City contracts</i>										

Mission

To guide the physical development of the City in a manner that will preserve, protect and manage the City's resources. This will be accomplished by reviewing development proposals for consistency with the goals, objectives, and policies of the City's Master Plan; by providing design guidance, zoning reviews and general advice related to public policy. We are committed to proactive, community-based planning founded on public participation and to the building of livable, sustainable neighborhoods.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Average number of days to schedule a completed zoning docket application for a public hearing before the CPC	6.0	Establishing Baseline	-
<i>At least 34 land use applications were sent to public hearings before the CPC in Q2. Because of database issues, some cases may not be included. CPC handles a number of other application types and measures to reflect those are in development.</i>			

Quarter 2 Analysis

The Planning and Zoning Look Up Tool published on the City Planning Commission website this year has significantly reduced staff time spent researching properties' zoning. Recently added and updated layers continue to improve the tool for both the staff and general public. Coordination with colleagues in the City's new One Stop Shop has resulted in better decision-making and more complete analysis of land use applications and Board of Zoning Adjustments (BZA) variance requests. The staff is better equipped to address inquiries from the public as they learn about the roles of other departments in the permitting process and work as a team to make better decisions. This results in more complete consultations with applicants prior to filing applications and more complete and well thought out application submittals.

In addition to processing all land use, BZA, and subdivision applications in Q2 with no backlogs, the Commission advanced Neighborhood Participation Program legislation to the City Council. Applicants began implementing pre-application neighborhood meeting requirements in advance of adoption. In addition, the Commission advanced legislation, pending before the Council, to make the City's new digital zoning maps the official zoning maps of the City. The Commission also completed all departmental briefings on the draft Comprehensive Zoning Ordinance.

Challenges in Q2 have resulted from the executive director position vacancy, an increase in the number of Council motions submitted for docketing, and a small increase in land use applications in advance of the adoption of the Neighborhood Participation Program, which will codify requirements for neighborhood engagement in land uses practices.

Average number of days to schedule a completed zoning docket application for a public hearing before the CPC	-	-	-	-	6.3	5.8	Establishing Baseline	Establishing Baseline	-	
Calculating by averaging the number of days from receipt of a completed application to the date that a public hearing before the CPC was scheduled. This measure shows whether zoning requests are handled timely and in accordance with State laws and City ordinances.										
Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties										

Mission

To provide the most efficient and effective human resource services and programs to enable City government to recruit, develop and retain a well-qualified and high performing workforce in accordance with merit-system principles.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of employee performance reviews completed on schedule	95%	≥90%	●
In 2013, 4,275 of 4,483 employee performance appraisals were completed by April 1.			
Percent of eligible lists established within 60 days of the opening of the job announcement	76%	≥70%	●
YTD, Civil Service established 82 of 108 eligible lists within 60 days.			
Percent of appeals set for hearing within 30 days	100%	≥90%	●
YTD, Civil Service set 38 of 38 appeals for hearings within 30 days.			
Number of public employees serviced through Civil Services' internal services	5,498	MS	MS

Quarter 2 Analysis

In Q2, the City hired 267 new employees, including police recruits, parking control officers, EMS personnel, institutional counselors and juvenile protection officers.

Civil Service also supported the migration of payroll and HR systems to an external payroll services provider.

Mayor's Outstanding Performance Award

Germaine Bartholomew, Personnel Administrator

Germaine Bartholomew plays a pivotal role in the Civil Service system. She maintains the utmost professionalism and courteousness through her management of the employee appeals process. Further, she is helping to facilitate a more efficient contract routing system, remaining one of the fastest approvers in the contract approval process.

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Civil Service	\$ 1,795,470	\$ 1,622,784	\$ 1,469,643	4801, 4825	309
Total Funding	\$ 1,795,470	\$ 1,622,784	\$ 1,469,643		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of employee performance reviews completed on schedule	-	-	-	-	-	95%	≥90%	≥90%		
Calculated by dividing the number of employee performance appraisals completed by April 1 by the number of performance appraisals due for completion. Employee performance appraisals are an important tool to assess workforce performance, and timely feedback to employees is vital to performance.										
<i>Related Strategy: Cultivate a high-quality City workforce</i>										
Percent of eligible lists established within 60 days of the opening of the job announcement	-	-	-	-	77%	73%	≥70%	≥70%		
Calculated as the percentage of lists established in 60 days from the day the job announcement was opened. The faster an eligible list is established after a job opening is advertised, the smaller the impact in a department's productivity as positions are filled more rapidly.										
<i>Related Strategy: Cultivate a high-quality City workforce</i>										
Percent of appeals set for hearing within 30 days	-	-	-	-	N/A	100%	≥90%	≥90%		
Calculated by dividing the number of appeals set for hearings within 30 days of filing by the total number of appeals filed during the quarter. It shows whether appeals filed by employees are being addressed in a timely manner.										
<i>Related Strategy: Cultivate a high-quality City workforce</i>										
Number of public employees serviced through Civil Services' internal services	5,635	MS	5,670	MS	5,394	5,498	MS	MS	MS	
Counts the number of employees who are provided internal human resource services including, but not limited to, in-house training courses, performance appraisals, personnel file maintenance, and drug and alcohol tests. Services provided to employees by Civil Service are critical to professional development, on-boarding, and due process.										
<i>Related Strategy: Cultivate a high-quality City workforce</i>

Mission

To support the criminal justice system, as the keeper of records and evidence. The Clerk maintains integrity and justice within the system as the custodian of elections and polling sites.

Quarter 2 Analysis

The Office of the Clerk of the Criminal District Court did not respond to requests for quantifiable performance measures for this report.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Reliability and integrity of case files	Not Provided	Not Provided	Not Provided

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Clerk of Criminal District Court	\$ 3,850,403	\$ 3,726,329	\$ 3,726,330	8610-8643	524
Total Funding	\$ 3,850,403	\$ 3,726,329	\$ 3,726,330		

Mission

To provide for a sustainable New Orleans through sustainable coastal zone management, energy efficiency financing, green economic development, soil/heavy metals remediation as well as public education and information to further amplify the message of a green, sustainable New Orleans.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of energy efficiency loans executed by city residents through NOLA Wise residential program	2	≥75	Off Target
The contractor has continued to commit to work diligently in attracting more eligible residents to qualify for loans through the NOLA Wise program lender. The contractor reported that program participants are continuing to fund retrofits using personal funds and other resources.			
Number of energy efficient building retrofits performed through NOLA Wise residential program	61	≥325	Off Target
In Q2, the NOLA Wise program continued to promote a cash back rebate to single family retrofit clients. This rebate, available until August 31, is expected to result in an increase in the number of retrofits. It is anticipated that the NOLA Wise multifamily program, which emerged in Q2, will amount to more than 200 units retrofitted by the end of the summer.			
Number of new contractors trained and certified in Building Performance Institute (BPI) standards	0	≥25	Off Target
The contractor was unable to resume training in Q2 due to re-vamping activities, and worked to resume this component in August. To date, 41 local contractors have been trained through the NOLA Wise program.			

Quarter 2 Analysis

The Office continued to work with its partners to complete the NOLA Wise energy efficiency program, which has been extended through the end of the year. To increase the number of loans executed by city residents, the program contractor continues to educate homeowners through its office, (via phone, e-mail, and in person consultations), and at community outreach events across the city. Further, the Office of Coastal and Environmental Affairs promoted the program at the Mayor's series of August community meetings in each council district to discuss 2014 budget priorities, and is partnering with the Neighborhood Engagement Office on additional promotion.

Funded by the U.S. Department of Energy's Better Buildings Program, NOLA Wise provides services to help homeowners save up to 30% on their utility bills. The City's partners provide home energy assessments, quality work from vetted contractors, and access to incentives and loans to pay for retrofits.

In order to improve performance going forward, the Office of Coastal and Environmental Affairs is pursuing a policy change that would merge the NOLAWise program with the Entergy-operated EnergySmart program. This new program would combine the strengths of each existing program, while streamlining operations and accountability. The new program will be regulated by the City Council Utility Committee.

Mission

To protect the condition of New Orleans neighborhoods through the enforcement of the City's property standards codes.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of Code Enforcement inspections	7,131	≥7,500	▲
Number of properties brought to hearing	1,900	≥2,500	◆
<i>The number of properties brought to hearing was affected by a title research backlog. Code Enforcement hired new staff and increased the number of properties brought to hearing by nearly 60% in Q2.</i>			
Percent of hearings reset due to failure to re-inspect the property	6%	≤5%	◆
<i>YTD, 120 of 1,900 hearings were reset due to failure to re-inspect the property. The percent decreased substantially in Q2, to 2% from 13% in Q1, in part due to technology improvements.</i>			
Percent of hearings reset due to failure to properly notify the owner	1.91%	≤3%	●
<i>YTD, 36 of 1,900 hearings were reset due to failure to properly notify the owner.</i>			
Average number of days to complete a new, initial inspection request	8	≤30	●
<i>YTD, Code Enforcement performed 2,195 new, initial inspections.</i>			
Number of blighted properties brought into compliance	395	≥375	●
Number of blighted units demolished	204	≥125	●

Quarter 2 Analysis

After a major overhaul of the Department's technology systems, Code Enforcement is now using a dynamic inspection queuing system, which has resulted in an increase in the rate of inspections, and a reduction in the percent of hearings reset due to Code Enforcement's failure to re-inspect a property. The percent of hearings reset due to failure to re-inspect decreased substantially in Q2, to 2% from 13% in Q1.

The number of properties that Code Enforcement brought to hearing remained below target in Q2, primarily due to a title research backlog. Code Enforcement hired new staff and increased the number of properties brought to hearing by nearly 60% in Q2.

Through Q2, Code Enforcement referred 66 properties to the New Orleans Redevelopment Authority (NORA) for lot clearing and maintenance through the Collaborative Nuisance Abatement Program. This program, which began in February 2013, is expected to expand as the year continues.

Mayor's Outstanding Performance Award

Ardell Walters, District Manager

As a District Manager for Code Enforcement, Ardell Walters has been crucial in the department's blight reduction efforts, particularly in ensuring timely property re-inspections. Overseeing 5 of 16 Code Enforcement inspection districts, she works with much enthusiasm and determination to provide excellent service to the city.

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Community Development-Blight Reduction	\$ -	\$ 1,206,913	\$ 4,180,790	2144	164

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of Code Enforcement inspections	23,523	●	11,931	◆	3,455	3,676	≥7,500	≥15,000	▲	
Counts the number of inspections to assess the compliance of property with city standards. This is not a measure of unique properties inspected as every property must be inspected a minimum of three times before a judgment is recorded. Conducting inspections is a key step in the City's blight eradication process, and results in documentation of blight on which the City can act. <i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Number of properties brought to hearing	4,701	◆	3,261	◆	732	1,168	≥2,500	≥5,000	◆	
Counts the number of initial administrative hearings held following inspections and notices of citation for blighted commercial and residential properties. Does not include reset hearings. An administrative hearing is a key step in the City's blight eradication process. A judgment rendered against a property enables the city to move forward with the demolition or lien foreclosure of the judgment. <i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Percent of hearings reset due to failure to re-inspect the property	13%	-	10%	-	13%	2%	≤5%	≤5%	◆	
Calculated by dividing the number of hearings reset for no re-inspection by the total number of hearings. Resets because of a missed posting or re-inspection are negative and costly events that Code Enforcement can avoid with quality assurance and control processes. <i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>

Code Enforcement Pura Bascos, Director

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of hearings reset due to failure to properly notify the owner	-	-	-	-	0.82%	2.60%	≤3%	≤3%		
Calculated by dividing the number of hearings reset for insufficient notice by the total number of hearings. Resets due to insufficient notice are negative and costly events that Code Enforcement can avoid with thorough title research prior to notice.										
<i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Average number of days to complete a new, initial inspection request	-	-	-	-	8	8	≤30	≤30		
Calculated by averaging the number of days from case creation to completed initial inspections for cases created during the current year. Timely evaluations of reported public nuisances and blight are important to the responsiveness of Code Enforcement to citizens who call 311 to complain about properties.										
<i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Number of blighted properties brought into compliance	946		642	-	145	250	≥375	≥750		
Counts the number of blighted properties brought into compliance by the owner prior to administrative hearing or, beginning in Q1 2013, through the lien waiver process. This shows the number of properties where blight has been reduced through the actions of the City and property owners.										
<i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Number of blighted units demolished	2,030		1,234		69	135	≥125	≥250		
Counts the number of blighted commercial and residential units demolished by the city after the completion of all required administrative processes including historical review. This includes units demolished through the Strategic Demolition Program and NORA's demolition program, as well as those structures determined to be an immediate and imminent threat of collapse. Demolitions are one of the tools in the City's blight eradication strategy, and they improve public safety by removing structures that present an ongoing danger and hazard to surrounding areas.										
<i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>

Number of housing units assisted through the Owner Occupied Rehab Programs^	29	N/A	N/A
Number of affordable rental units developed^	43	N/A	N/A

Quarter 2 Analysis

In June, the City launched a new partnership to end homelessness in New Orleans. The Office of Community Development (OCD) will use \$5 million of federal funds to build or renovate housing and provide rental assistance. The New Orleans Redevelopment Authority has teamed with OCD to make available 20 of its vacant properties for the program. The City has also partnered with the Housing Authority of New Orleans, the Louisiana Housing Corporation, and the Southeast Louisiana Veterans Health Care System to provide project-based housing vouchers that are attached to the housing units, as opposed to the individuals, to create permanent subsidized housing. Further, the Downtown Development District has committed \$40,000 annually to hire and pay for a full-time homeless case manager. OCD received 8 proposals in response to a Notice of Funding Availability. The 2013 Homeless Point in Time Count for New Orleans and Jefferson Parish revealed a 52% decrease from 2012 in the number of homeless people.

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of clients of homeless services moved to successful outcomes~	-	-	-	-	-	-	≥75%	≥75%	-	
Calculated by dividing the number of clients moved to permanent destinations or transitional housing by the total number of clients served. Permanent destinations and transitional housing provide clients with a stable and sustainable environment. <i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Percent of clients of homeless services who showed an increase in income~	-	-	-	-	-	-	≥60%	≥60%	-	
Calculated by dividing the number of clients who have a higher income either when exiting a program (for those who leave during the reporting period) or at the most recent follow-up (for those who stay throughout the period) than they did when they entered by the total number of clients served. Increased incomes enable clients to be more self-reliant, and reduces the likelihood that they will experience subsequent episodes of homelessness. <i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of individuals with AIDS who received housing assistance	530		437		170	0	≥198	≥395		
Counts the number of people who receive grant funds or counseling administered through the city for housing assistance for persons with Acquired Immune Deficiency Syndrome (AIDS). A stable treatment environment, including housing, helps with disease management and allows medical treatments to be more effective. <i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										

Community Development Brian Lawlor, Director of Housing Policy and Community Development

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of homeless persons provided Rapid Rehousing^	-	-	-	-	26	35	N/A	≥200	N/A	
Counts the number of individuals moved out of homelessness through the provision of temporary rental/utility assistance as a bridge to a permanent housing solution. Emerging research indicates that an immediate, housing-first response can reduce an individual's or family's risk of subsequently experiencing homelessness.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of homeless persons provided emergency shelter	-	-	3,005		1,048	560	≥1250	≥2,500		
Counts the number of homeless individuals who are diverted from living on the streets, in vehicles, and in abandoned buildings, and then connected with services to assist them with the appropriate permanent housing resources. Shelter during critical weather events prevents injury, death, and fires caused during attempts to keep warm.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of households who received homelessness prevention assistance^	-	-	453		78	87	N/A	≥350	N/A	
Counts the number of families receiving short-term rental, mortgage and utilities assistance to prevent them from becoming homeless. These services are funded through the Emergency Shelter Grant (ESG), Housing Opportunities for Persons with AIDS (HOPWA) and Homeless Prevention and Rapid Re-housing Program (HPRP) grants. This holistic homelessness assistance program is used to intervene and prevent families from becoming homeless.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of first time homebuyers who received soft second mortgage commitments^	-	-	220		62	60	N/A	≥300	N/A	
Counts the number of loans committed to first time homebuyers. The soft second subsidy bridges the affordability gap for first-time homebuyers and provides an incentive to develop vacant property to create a steady inventory of houses that will be made available for sale. The program stabilizes neighborhoods by providing families an opportunity to become homeowners. It also reduces blight in the community through the development of vacant properties.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average number of days from soft second mortgage application to commitment	-	-	-	-	27	24	≤40	≤40	●	
Averages the number of calendar days from the receipt of soft second mortgage applications to loan commitments. The program stabilizes neighborhoods by providing families an opportunity to become homeowners. It also reduces blight in the community through the development of vacant properties.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of housing units developed through Homeownership Development Program^	-	-	22	◆	9	0	N/A	≥30	N/A	
Counts the number of housing units developed through the program. Not-for-profit and for-profit housing development organizations can apply for HOME funds to subsidize the cost of construction, land acquisition and down payment assistance that will produce an affordable home for a low-income family. This program provides homeownership opportunities for low-income families and eliminates blight through the development of vacant properties.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										
Number of housing units assisted through the Owner Occupied Rehab Programs^	339	●	119	●	11	18	N/A	≥75	N/A	
Counts the number of low income homeowners receiving assistance through the program, which is administered by not-for-profit housing organizations and Office of Community Development staff. This program provides financial assistance to low income homeowners to repair their residences, while bringing them up to code and reducing blight.										
<i>Related Strategy: Reduce blighted properties by 10,000 by the end of 2014</i>										
Number of affordable rental units developed^	-	-	195	▲	43	0	N/A	≥140	N/A	
Counts the number of affordable housing units developed. Not-for-profit and for-profit housing development organizations acquire and redevelop property that will provide affordable rental housing for low-income families. This program addresses the need for quality, affordable rental housing for low-income families. It also reduces blight by redeveloping substandard structures and vacant lots.										
<i>Related Strategy: Provide quality, secure housing to residents and reduce homelessness</i>										

Mission

To determine cause of death using investigation and expert autopsies performed by board certified forensic pathologists. Also, to continue to provide mental health evaluations performed by psychiatrists. Our services are always conducted with the utmost sensitivity for the citizens of New Orleans.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of deaths	1,725	MS	MS
Number of scene investigations	706	MS	MS
Number of autopsies performed	745	MS	MS
Number of psychiatric interviews conducted	1,520	MS	MS

Quarter 2 Analysis

The new Coroner's Complex is in construction, with an estimated completion date in September 2014. The new facility will include administrative space and pathology laboratories.

The Office improved its psychiatric interview screening, resulting in a more than 63% decrease in the number of interviews.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of deaths	-	MS	-	MS	942	783	MS	MS	MS	
Counts the number of deaths in New Orleans. This is a workload indicator.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of scene investigations	-	MS	-	MS	303	403	MS	MS	MS	
Counts the number of scene investigations conducted. This is a workload indicator. Investigations help to reveal the circumstances surrounding deaths in the city, identify the deceased, and notify the kin of the deceased in a timely manner.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of autopsies performed	-	MS	-	MS	407	338	MS	MS	MS	
Counts the autopsies performed. This is a subset of the measure of number of deaths. This is a workload indicator. Autopsies can help to verify the cause of death of individuals, which can often facilitate the determination of whether or not a death was caused by foul-play or negligence.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of psychiatric interviews conducted	-	MS	-	MS	1,111	409	MS	MS	MS	
Counts the number of psychiatric interviews conducted. This is a workload indicator of the number of professional evaluations of citizens by a psychiatrist. This can facilitate the resolution of cases, as well as the proper treatment of citizens with mental, drug, alcohol, or emotional problems.										
<i>Related Strategy: Effectively and fairly administer justice</i>										

Mission

To interpret and uphold the law and constitutions of Louisiana and the United States; to maintain an orderly society, and to garner public trust and confidence by administering justice in a fair, impartial, timely, efficient, effective and accessible manner. The duties of Criminal District Court are described in the Louisiana Constitution, Article VII, Section 82:85, and in Louisiana Revised Statutes 13:1338 through 1343. The goal of the Court is to prosecute all crimes, misdemeanors and/or felonies, as well as other offenses committed within the Parish of Orleans, in which jurisdiction is not vested in some other court.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of cases	1,973	MS	MS
The Q1 result, previously reported as 935, was revised in August 2013.			
Number of defendants	2,480	MS	MS
Number of charges	4,201	MS	MS
Number of trials	75	MS	MS
Average number of days from case acceptance to disposition by court	232	Establishing Baseline	-
YTD, 4,405 charges reached final disposition. The average number of days increased from Q1 because the DA made a concerted effort to close out old cases in the open inventories of the Criminal District Court.			
Median age (in days) of pending open cases	N/A	Establishing Baseline	-
Data not available in Q2 due to the Court's lack of an automated reporting system. A new case management system is in development.			
Percent of citizens summoned for jury duty who served	17.8%	MS	-
YTD, 4,452 of 25,000 jurors summoned served.			
Ratio of new cases filed to cases disposed	N/A	MS	MS
Data not available due to the Courts lack of an automated reporting system. A new case management system is in development.			

Quarter 2 Analysis

The Criminal District Court began implementation of its new online jury system in Q2. With a decrease in staffing levels, the Court continued to strive to provide services more efficiently and effectively. The Court does not currently have a case management system that supports automated reporting of data needed for management decision-making. The Court is working with the Louisiana Supreme Court to develop a new case management system that will address the issue.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Ratio of assessed monetary penalties to monetary penalties collected	61%	Establishing Baseline	-
<i>YTD, \$320,690 was assessed and \$520,516 was collected. The Q1 ratio, previously reported as 52%, was revised in August 2013.</i>			
Number of individuals supervised by specialty courts	2,171	Establishing Baseline	-
Number of individuals successfully completing and/or making program gains in specialty courts	197	Establishing Baseline	-
Number of mental competency hearings	930	Establishing Baseline	-
Number of probation and parole supervisees	6,808	Establishing Baseline	-
Number of drug testing clients	3,521	Establishing Baseline	-
Number of new participants in the Tulane Tower Learning Center	541	Establishing Baseline	-
<i>YTD, a total of 1,437 individuals, new and existing, have participated.</i>			
Number of individuals successfully completing and/or making program gains at Tulane Tower Learning Center	483	Establishing Baseline	-

Median age (in days) of cases disposed or resolved	-	-	-	-	528	N/A	Establishing Baseline	Establishing Baseline	-	
Calculates the median age, in number of days, of cases, from case filing to disposition or resolution, for cases disposed or resolved in the period. The measure shows the effectiveness of the court system in moving cases through the justice system in a timely manner.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Median age (in days) of pending open cases	-	-	-	-	366	N/A	Establishing Baseline	Establishing Baseline	-	
Calculates the median age, in number of days, of cases open at the end of the period. The measure shows the effectiveness of the court system in moving cases through the justice system in a timely manner.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Percent of citizens summoned for jury duty who served	-	MS	-	MS	17.3%	18.3%	MS	Establishing Baseline	-	
Calculated by dividing the number of citizens who report to serve for jury service by the total number of citizens summoned for jury service in the period. This measure shows the effectiveness of the use of jurors. Courts aim to minimize the number of prospective jurors who are summoned, but not needed.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Ratio of new cases filed to cases disposed	-	MS	-	MS	N/A	N/A	MS	MS	MS	
Calculated by dividing the number of cases disposed in the period by the number of new cases filed in the period. The measure shows whether the court is keeping up with its incoming caseload. If cases are not disposed in a timely manner, a backlog of cases awaiting disposition will grow. Courts should aspire to dispose of at least as many cases as have been filed/reopened/reactivated in a period by having a clearance rate of 100 percent or higher.										
<i>Related Strategy: Effectively and fairly administer justice</i>										

Criminal District Court Honorable Camille Buras, Chief Judge

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Ratio of assessed monetary penalties to monetary penalties collected	-	-	-	-	67%	57%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the funds collected in the period by the the funds assessed in the period. Collection of assessed penalties is important to funding the daily operations of the court and other services provided. Further, integrity and public trust in the dispute resolution process depend in part on how well court orders are observed and enforced in cases of noncompliance.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of individuals supervised by specialty courts	-	-	-	-	1,056	1,115	Establishing Baseline	Establishing Baseline	-	
Counts the number of individuals supervised by specialty courts on the last day of the period. Specialty courts address the need to rehabilitate individuals who are un-incarcerated, and provide them with tools to be productive members of the community.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of individuals successfully completing and/or making program gains in specialty courts	-	-	-	-	N/A	197	Establishing Baseline	Establishing Baseline	-	
Counts the number of participants who have successfully completed and/or made program gains from level to another in a specialty court in the reporting period. Completion of specialty courts result in individuals returned to the community with tools to assist them in being productive citizens.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of mental competency hearings	-	-	-	-	555	375	Establishing Baseline	Establishing Baseline	-	
Counts the number of defendants set for mental competency hearings in the reporting period. This measure helps to show the number of individuals who are diagnosed with mental illness and substance abuse problems, and who need other services that may assist in stopping future criminal activities.										
<i>Related Strategy: Effectively and fairly administer justice</i>										

Criminal District Court Honorable Camille Buras, Chief Judge

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of probation and parole supervisees	-	-	-	-	6,812	6,808	Establishing Baseline	Establishing Baseline	-	
Counts the number of probationers and parolees supervised by State probation and parole officers. This shows the need for officers for the effective supervision of probationers and parolees.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of drug testing clients	-	-	-	-	1,727	1,794	Establishing Baseline	Establishing Baseline	-	
Counts the number of individuals drug tested. Drug testing clients are monitored through Courts and specialty courts until their successful completion.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of new participants in the Tulane Tower Learning Center	-	-	-	-	305	236	Establishing Baseline	Establishing Baseline	-	
Counts the number of new participants in the Tulane Tower Learning Center. The Center provides basic literacy and GED preparation to youth and adults both involved in and at-risk of becoming involved in the criminal justice system. The Center addresses the educational needs of court-involved individuals as well as the needs of persons for whom traditional learning environments were inadequate.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of individuals successfully completing and/or making program gains at Tulane Tower Learning Center	-	-	-	-	54	429	Establishing Baseline	Establishing Baseline	-	
Counts the number of individuals who successfully complete and/or make program gains in the Tulane Tower Learning Center program. The Center provides basic literacy and GED preparation to youth and adults both involved in and at-risk of becoming involved in the criminal justice system. The Center addresses the educational needs of court-involved individuals as well as the needs of persons for whom traditional learning environments are inadequate.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										

Criminal Justice Coordination

Mission

To coordinate the efforts of public and private agencies involved in the City's crime reduction, criminal justice and victim assistance efforts. The office administers, monitors and evaluates state and federal grants to facilitate crime reduction efforts and serves as the staff support to the Criminal Justice Coordinating Council.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of high-risk individuals identified and engaged by CeaseFire New Orleans outreach workers	42	≥45	▲
Percent of identified shooting-related conflicts in targeted areas for which intervention and/or mediation are conducted	100%	≥90%	●
YTD, OCJC conducted intervention and/or mediation in 23 of 23 shooting-related conflicts.			
Percent of shootings in CeaseFire targeted areas with responses within 72 hours	100%	≥100%	●
YTD, OCJC achieved a timely response in 12 of 12 shootings in CeaseFire targeted areas.			
Number of adjudicated individuals employed through re-entry services	-	-	-
The program will not begin until Q3.			
Number of participants in NOLA FOR LIFE Midnight Basketball	1,676	1,440	●
Percent of grants, initiatives, and programs in compliance with associated conditions	96%	100%	▲
In Q2, 29 of 32 grants, initiatives, and programs were in compliance. OCJC re-allocated grant funding that was not in compliance.			

Quarter 2 Analysis

In Q2, the Office of Criminal Justice Coordination completed the third season of the NOLA FOR LIFE Midnight Basketball League, located at KIPP Central City, with participation that exceeded the YTD target. The OCJC launched the fourth season at Joe W. Brown Recreation Center in New Orleans East with a strong network of local service providers and enrichment speakers who support and connect with the participants each week.

The CeaseFire staff continued to mediate known conflicts among individuals and groups in the Central City target area, and held community-involved responses for each of the three shootings in the quarter. There were no murders in the Central City target area in Q2.

The Workforce Reentry Program continued to develop with input from community service providers and other partners, and it is expected to launch in Q3.

Criminal Justice Coordination

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Criminal Justice Coordination	\$ 6,141,464	\$ 5,149,621	\$ 4,762,652	2118, 2120-2128, 2166, 2187, 2198	147
Total Funding	\$ 6,141,464	\$ 5,149,621	\$ 4,762,652		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of high-risk individuals identified and engaged by CeaseFire New Orleans outreach workers	-	-	-	-	54	42	≥45	≥45	▲	
Counts the number of participants in each outreach worker's caseload at the end of the reporting period. CeaseFire relies on case management to reduce the likelihood of high risk individuals being involved in a shooting or a murder. Staying at capacity with caseload ensures that the City is using its resources with the right population. <i>Related Strategy: Intervene when conflicts occur to resolve them non-violently</i>										
Percent of identified shooting-related conflicts in targeted areas for which intervention and/or mediation are conducted	-	-	100%	●	100%	100%	≥90%	≥90%	●	
Calculated by dividing the number of shooting-related conflicts, identified through the CeaseFire framework, for which an intervention and/or mediation effort is undertaken by the total number of identified shooting-related conflicts in targeted areas. Preventing the cycle of retaliatory violence, especially shooting violence, requires effective intervention and mediation of conflict through non-lethal means. <i>Related Strategy: Intervene when conflicts occur to resolve them non-violently</i>										
Percent of shootings in CeaseFire targeted areas with responses within 72 hours	-	-	93%	▲	100%	100%	≥100%	≥100%	●	
Calculated by dividing the number of shootings in CeaseFire targeted areas for which at least 15 community members are engaged in discussion within 72 hours by the total number of shootings in CeaseFire targeted areas. Changing norms by providing public education and mobilizing community members to develop neighborhood-based solutions in the immediate aftermath of a shooting may prevent further violent incidents. <i>Related Strategy: Intervene when conflicts occur to resolve them non-violently</i>										
Number of adjudicated individuals employed through re-entry services	-	-	-	-	-	-	-	≥100	-	
Counts the number of ex-offenders who complete jobs/workforce training and gain employment through the City's re-entry program. Providing wraparound services and the opportunity for meaningful employment reduces recidivism. <i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of participants in NOLA FOR LIFE Midnight Basketball	-	-	-	-	549	1,127	1,440	3,000	●	
Counts the number of non-unique participants in the NOLA FOR LIFE Midnight Basketball League. The League provides a safe space during prime violent crime hours for at-risk youth who live in high-murder neighborhoods. <i>Related Strategy: Prevent illegal activity by addressing root causes</i>										
Percent of grants, initiatives, and programs in compliance with associated conditions	-	-	-	-	100%	91%	100%	100%	▲	
Calculated by dividing the number of grants, initiatives, and programs that comply with the conditions and standards set by the organization regulating the particular funds, by the total number of grants, initiatives, and programs. Resources for Criminal Justice Coordination are limited and it is vital that all organizations receiving funding demonstrate their commitment to excellence by staying in compliance with the conditions regulating funds. <i>Related Strategy: Coordinate the criminal justice system</i>

Mission

To create opportunities and systems that enable true economic activity and growth for cultural economy stakeholders and the public. The Office of Cultural Economy leverages the innovative and entrepreneurial nature of cultural economic development to achieve deeper outcomes across City projects and priorities.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of film productions in the City of New Orleans utilizing State tax credits*	37	≥27	●
Amount of local spending by film productions*	\$157,686,280	≥\$356,201,321	◆
The YTD amount was affected by the Super Bowl as well as the uncertainty resulting from the State Legislature's review of the tax credits. The spending associated with several large projects that wrapped in Q2 will be reflected in Q3 results.			
Number of non-tax credit related film productions in the City of New Orleans	114	MS	MS
Number of job training/business development workshops	7	≥6	●

Quarter 2 Analysis

Film production was affected by the Super Bowl in late January and February, resulting in a significant slow-down in the first half of the year. Further, the State Legislature’s review of the tax credits caused uncertainty and delayed the start of some projects in Q2. The spending associated with several large projects that wrapped in Q2 will be reflected in Q3 results.

The 2013 New Orleans Cultural Economy Snapshot was published by the Office in May and distributed to officials from around the world at the World Cultural Economic Forum. The Snapshot included data on jobs, businesses, tax and sales revenue, and other aspects of New Orleans’ cultural economy, and provided a foundation for program creation as well as a resource for non-governmental organizations.

Also in Q2, Cultural Economy partnered with National Performance Network, Contemporary Arts Center, and Sweet Home New Orleans to present “Doin’ It On the Road,” a touring workshop for 18 artists that expressed an interest in touring nationally. Finally, the Cultural Economy Office produced two workforce training programs, “Intro to Grip and Electric” and “Ready Set Intro to Production Accounting,” for 20 participants in vital roles for the growing film industry.

Mission

To represent the interests of the State of Louisiana, advocate for the victims of crime, protect public safety, and uphold justice in an honest and ethical manner.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of cases accepted for prosecution	4,044	Establishing Baseline	-
YTD, 3,106 cases were accepted for prosecution in Orleans Criminal District Court and 1,958 state cases were accepted in Municipal Court.			
Average number of days from police charging to DA acceptance/refusal decision	39	Establishing Baseline	-
YTD, the DA either accepted or refused 7,285 charges.			
Felony charge acceptance rate	87%	Establishing Baseline	-
YTD, the Office accepted 4,640 of 5,344 charges screened for prosecution.			
Number of guilty pleas	4,288	Establishing Baseline	-
Number of felony charge dispositions	2,183	Establishing Baseline	-
Average number of days from case acceptance to disposition by court	232	Establishing Baseline	-
YTD, 4,405 charges reached final disposition. The average number of days increased from Q1 because the DA made a concerted effort to close out old cases in the open inventories of the Criminal District Court.			
Overall conviction rate	93%	Establishing Baseline	-
YTD, 3,534 of 3,803 cases disposed resulted in convictions. The rate decreased from Q1 due to efforts to clean old cases, which could not be successfully prosecuted, from inventories, resulting in an increase in the number of dismissed cases.			
Jury trial conviction rate	75%	Establishing Baseline	-
YTD, 51 of 68 jury trials resulted in guilty verdicts.			
Number of clients accepted into diversion programs	136	Establishing Baseline	-
Number of clients successfully completing diversion program requirements	123	Establishing Baseline	-

Quarter 2 Analysis

In light of budget constraints, the Orleans Parish District Attorney implemented innovative actions to more efficiently prosecute cases, while sending a message to the criminal community that crime does not pay in Orleans Parish. In Q2, the Office obtained two multi-defendant, multi-count grand jury indictments charging two separate associations of individuals engaged in criminal enterprises with major felonies. The District Attorney’s Diversion Unit also continued to provide alternatives to prosecution for approximately 850 felony arrestees. The diversion programs saved significant resources by decreasing the number of cases that would otherwise be prosecuted in Criminal District Court. Though the District Attorney’s Office continued to perform at a high level, lack of funding for clerical support throughout all divisions of the Office is an ongoing challenge.

Total Funding	\$ 6,166,265	\$ 6,666,265	\$ 6,271,671		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of cases accepted for prosecution	-	-	-	-	2,140	1,904	Establishing Baseline	Establishing Baseline	-	
Counts the number of cases allotted for prosecution in Criminal District Court and state cases accepted in Municipal Court. This is a workload indicator.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Average number of days from police charging to DA acceptance/refusal decision	-	-	-	-	47	36	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of days from arrest to screening disposition by the total number of charges screened during the reporting period. This is an indicator of the timeliness and efficiency of the administration of justice.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Felony charge acceptance rate	-	-	-	-	84%	88%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of accepted felony charges by the number of total felony charges screened for acceptance or refusal. This is an indicator of both the quality of police work accomplished in the field, and the level of cooperation between NOPD and the District Attorney's Office. Higher acceptance rates demonstrate effective police work and prosecutorial policies because valuable resources are not lost to cases which are refused because they cannot be prosecuted successfully.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of guilty pleas	-	-	-	-	1,897	2,391	Establishing Baseline	Establishing Baseline	-	
Counts the number of felony charges plead guilty in Criminal District Court, misdemeanor charges plead guilty in Criminal District Court, and misdemeanor charges plead guilty in Municipal Court. This is an indicator of the overall efficiency of the criminal justice system. In order to have a timely and productive criminal justice system, the majority of cases should result in guilty pleas. Guilty pleas track the effectiveness of judicial, prosecutorial and defense bar procedures and policies by providing a palpable measure of judicial "work" exiting the criminal justice system, thereby allowing available resources to be directed to the newer cases entering the system.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of felony charge dispositions	-	-	-	-	1,115	1,068	Establishing Baseline	Establishing Baseline	-	
Counts the total number of final dispositions in the reporting period. This is an indicator of the efficiency of the criminal justice system in holding the most serious criminals accountable for their actions. Felony dispositions and sentences reflect the "price" criminals pay for violating laws, and presumably provide a deterrent against future criminal activity.										
<i>Related Strategy: Effectively and fairly administer justice</i>

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average number of days from case acceptance to disposition by court	-	-	-	-	178	259	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of days from receipt of cases by DA to final disposition by the total number of charges which reached final disposition during the reporting period. Includes cases in Criminal District Court, but not those in Municipal Court. This is an indicator of the timeliness and efficiency of the administration of justice.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Overall conviction rate	-	-	-	-	96%	89%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of convictions for reporting period by the total number of cases which were finally disposed of for the reporting period. The calculation includes both felony and misdemeanor charges. This is an indicator of the effectiveness in holding offenders accountable.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Jury trial conviction rate	-	-	-	-	72%	77%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of trials resulting in a guilty verdict by the number of trials which reached final disposition. Calculation does not include mistrials and hung juries. This is an indicator of the effectiveness in holding offenders accountable.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of clients accepted into diversion programs	-	-	-	-	74	62	Establishing Baseline	Establishing Baseline	-	
Counts the number of new adult diversion clients accepted during the reporting period. The diversion program promotes public safety in two important ways. It allows motivated individuals to receive meaningful rehabilitation without the negative collateral consequences of a criminal conviction; this reduces recidivism and increases the likelihood that participants become more productive members of the community. Further, the cases of the participants do not drain the limited resources of the criminal justice system.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of clients successfully completing diversion program requirements	-	-	-	-	61	62	Establishing Baseline	Establishing Baseline	-	
Counts the number of diversion clients who successfully completed the program in the reporting period. The diversion program promotes public safety in two important ways. It allows motivated individuals to receive meaningful rehabilitation without the negative collateral consequences of a criminal conviction; this reduces recidivism and increases the likelihood that participants become more productive members of the community. Further, the cases of the participants do not drain the limited resources of the criminal justice system.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>

Mission

To spur the growth of a diverse and inclusive economy that creates good-paying jobs and provides equal access to economic prosperity, leading to job growth, increases in the tax base and better quality of life for our citizens.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of jobs announced through the Fresh Food Retailers Initiative, Small Business Assistance Fund, and Retail Attraction Initiative	411	Establishing Baseline	-
Estimated private dollars leveraged through the use of incentives to attract new business and retain existing businesses	\$27,937,086	Establishing Baseline	-
Number of business information sessions	10	≥10	●
Percent of City contract value awarded to Disadvantaged Business Enterprises	30%	≥35%	◆
<i>YTD, \$18 million of \$60.2 million was awarded to DBEs. While the YTD target was not met, the percent awarded to DBEs increased to 36% in Q2 from 26% in Q1.</i>			
Number of Disadvantaged Business Enterprise certifications	43	≥25	●
<i>The expansion of public and private contracting opportunities for certified DBE firms has resulted in an influx of certification applications processed by the Office of Supplier Diversity.</i>			
Number of youths employed through Summer Youth Employment Programs*	-	-	-
<i>Data will be reported in Q3.</i>			
Percent of applicants for youth employment and vocational training opportunities who received such opportunities*	-	-	-
<i>Data will be reported in Q3.</i>			
Amount of resources leveraged as percent of Summer Youth Employment Programs funding*	-	-	-
<i>Data will be reported in Q3.</i>			
Number of employer sites engaged through Summer Youth Employment Programs*	-	-	-
<i>Data will be reported in Q3.</i>			

Quarter 2 Analysis

In Q2, Mayor Landrieu announced plans to build a new, state-of-the-art airport terminal. The \$826 million project is expected to create over 13,000 construction jobs and is planned to be completed in 2018, in time for the 300th anniversary of New Orleans.

The New Orleans Business Alliance, in partnership with the City of New Orleans and the U.S. Economic Development Administration, launched *ProsperityNOLA: A Plan to Drive Economic Growth for 2018*. The goals of the 5-year strategic plan for Economic Development for the City of New Orleans are to create an innovative and sustainable business climate; design a roadmap to optimize job growth and investment; build on the city's strengths to attract, retain, and grow businesses; focus on industry clusters based on competitive position and market trajectory; address cross-cutting issues that impact the competitiveness of all clusters; and identify high-impact action items implementable by the city, state, and business community to propel economic growth.

In April, the City celebrated a Wal-Mart groundbreaking in New Orleans East at the site of the former Lakeland Medical Center. The store is expected to open in mid-2014, creating an estimated 300 jobs. The City also broke ground on the ReFresh Project at Broad and Bienville Streets. The 60,000 square foot development will include a new Whole Foods Market, Liberty's Kitchen full service café and commercial kitchen, and the Goldring Center for Culinary Medicine at Tulane University. Construction commenced on the \$200 million South Market District, a mixed-use development in downtown New Orleans. Phase I of the project is expected to be finished in mid-2014 and will include 22,000 square- feet of new retail space.

In Q2, Forbes named New Orleans the #1 fastest growing city since the recession and #3 city for information technology jobs. Since 2007, New Orleans' population has grown 28%

In June, the Office of Workforce Development/JOB1 kicked off the Mayor Landrieu's NOLA Youth Works Summer Employment Program, and received a \$450,000 donation from Goldman Sachs to help fund 300 positions. NOLA Youth Works partners with private and non-profit companies and organizations to provide work experiences in safe, structured and properly supervised environments

Finally, also in June, Mayor Landrieu signed into law an ordinance to strengthen the City's Disadvantaged Business Enterprise (DBE) program. The new policy reformed program reporting and compliance requirements, streamlined various processes, and created penalties for non-compliance. The reforms are expected to enhance the City's ability to hold contractors accountable for meeting the overall 35% DBE participation goal for public contracts.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of business information sessions	-	-	-	-	5	5	≥10	≥20		
Counts the number of sessions held during the reporting period. Business information sessions inform residents and businesses of resources and services to assist them in starting and growing businesses.										
Related Strategy: Aggressively seek to attract new business and retain existing businesses										
Percent of City contract value awarded to Disadvantaged Business Enterprises	32%		34%		26%	36%	≥35%	≥35%		
Calculated by dividing the dollar value awarded to DBE firms by the total contract value. Awarding contracts to DBE firms ensures an environment of equal opportunity for a diverse supplier pool.										
Related Strategy: Promote an environment of equal opportunity for a diverse supplier pool										
Number of Disadvantaged Business Enterprise certifications	-	-	-	-	26	17	≥25	≥50		
Counts the number of firms approved for DBE certification by an independent third party panel. The certification of DBE firms contributes to the growth of a diverse supplier pool.										
Related Strategy: Promote an environment of equal opportunity for a diverse supplier pool										

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual		Actual		Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of youths employed through Summer Youth Employment Programs*	2213		2310		-	-	-	≥1,200	-	
Counts the number of individuals who participate in the City's Summer Job1 program. Summer youth employment opportunities provide young people with an entryway into the job market and an opportunity to build valuable career experience, while allowing them to develop connections and interests to guide them in their future careers.										
<i>Related Strategy: Provide access to work opportunities to youth and other vulnerable populations</i>										
Percent of applicants for youth employment and vocational training opportunities who received such opportunities*	-		-		-	-	-	Establishing Baseline	-	
Calculated by dividing the number of youth who received employment and vocational training opportunities by the number of youth who applied. Summer youth employment opportunities provide young people with an entryway into the job market and an opportunity to build valuable career experience, while allowing them to develop connections and interests to guide them in their future careers.										
<i>Related Strategy: Provide access to work opportunities to youth and other vulnerable populations</i>										
Amount of resources leveraged as percent of Summer Youth Employment Programs funding*	-		-		-	-	-	10%	-	
Calculated by dividing the dollar value of external funding sources supporting the Summer Youth Employment Programs by the total value of the Program budget. Summer youth employment opportunities provide young people with an entryway into the job market and an opportunity to build valuable career experience, while allowing them to develop connections and interests to guide them in their future careers.										
<i>Related Strategy: Provide access to work opportunities to youth and other vulnerable populations</i>										
Number of employer sites engaged through Summer Youth Employment Programs*	-		-		-	-	-	≥200	-	
Counts the number of employer sites engaged through Summer Youth Employment Programs. Summer youth employment opportunities provide young people with an entryway into the job market and an opportunity to build valuable career experience, while allowing them to develop connections and interests to guide them in their future careers.										
<i>Related Strategy: Provide access to work opportunities to youth and other vulnerable populations</i>										

Mission

To provide fleet maintenance, continuous fuel product dispensing, debt service administration and fleet management system procurement.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of gallons of fuel dispensed	835,963	≤900,000	<div></div>
Percent of vehicles capable of using alternative fuel	30%	MS	MS
At the end of Q2, 500 of 1,600 vehicles were capable of using alternative fuel.			
Average age of light vehicles (<8,500 lbs.)	7.3	MS	MS
New vehicles to be purchased at the end of 2013 will result in a decrease in the average age.			

Quarter 2 Analysis

While the Equipment Maintenance Division (EMD) has experienced challenges maintaining a high percent of vehicles in operation, due to budget constraints, it was able to increase its rate of repairs late in Q2 by utilizing Q4 funding. However, the percent of vehicles in need of repair is expected to increase significantly by the end of the year.

To replace aging vehicles, in Q2, the City ordered 100 new police vehicles: 20 detective sedans and 80 patrol utility vehicles. The City expects to receive all of the new vehicles by the end of Q4.

Without a fleet management information system to assist in the management of City owned vehicles, EMD is not currently able to easily track the percent of vehicles in operation. A fleet management system would enable the collection of accurate inventory, cost, and use data for the complete lifecycle of each vehicle. Such a system would result in an increase in fleet management efficiency and effectiveness, while also satisfying reporting needs for ResultsNOLA and other ad hoc reports.

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Chief Administrative Office-EMD-General Maintenance	FALSE	\$ 3,493,239	\$ 2,895,574	2297	183
Chief Administrative Office-EMD-Fuel Supply	\$ 5,225,000	\$ 5,530,000	\$ 6,104,289	2298	183
Chief Administrative Office-Equipment Account	\$ 2,511,061	\$ 2,511,061	\$ 2,682,039	2299	183
Total Funding	\$ 11,863,352	\$ 11,534,300	\$ 11,681,902		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of gallons of fuel dispensed	1,903,872		1,786,898		410,940	425,023	≤900,000	≤1,800,000		
Counts the total number of gallons of fuel dispensed for City vehicles. Lower fuel consumption indicates a more efficient fleet management, and also reduces costs to the public.										
<i>Related Strategy: Responsibly support the City's capital assets</i>										
Percent of vehicles capable of using alternative fuel	-	MS	-	MS	30%	31%	MS	MS	MS	
This is calculated the number of vehicles in the City's fleet that are capable of running on alternative fuel divided by the number of vehicles in the City's entire fleet. Alternative fuel usage can result in improved fuel efficiency, while reducing costs.										
<i>Related Strategy: Responsibly support the City's capital assets</i>										
Average age of light vehicles (<8,500 lbs.)	-	MS	-	MS	7.0	7.3	MS	MS	MS	
Calculated by averaging the ages of the City's vehicles under 8,500lbs that are currently in service. Vehicles exceeding replacement criteria are costlier to maintain and are usually less fuel efficient.										
<i>Related Strategy: Responsibly support the City's capital assets</i>										

Mission

To provide the highest quality pre-hospital emergency care to individuals living in and visiting New Orleans. As public servants, our sense of purpose will be reflected solely in our time sensitive, medically sound and respectful, compassionate delivery of this pre-hospital care.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of calls for service	27,759	MS	MS
Call volume in in the first half of 2013 was consistent with the call volume in the first half of 2012.			
Number of individuals trained in Cardiopulmonary Resuscitation (CPR)	388	≥50	●
Percent of Code 3 Emergency Medical Service responses within 12 minutes	74.6%	≥80%	▲
YTD, NOEMS responded to 5,909 of 7,916 calls within 12 minutes. NOEMS faced staffing challenges, including vacancies and a number of employees out on unexpected sick leave. NOEMS is filling vacant positions, increasing its staffing while working with employees to return to work as medically cleared.			
Percent of individuals that suffer from cardiac arrest who achieve prehospital return of spontaneous circulation (ROSC)	30.1%	≥35%	◆
YTD, 65 of 216 individuals achieved prehospital ROSC. Results are preliminary. Final data will not be available until 2014, when all medical records are reconciled.			

Quarter 2 Analysis

Throughout festival season, New Orleans Emergency Medical Services (EMS) supported numerous special events, including command and control for Jazz Fest. EMS’ Unit Hour Utilization was more than 0.70, indicating high demand for EMS units, and negatively affecting response time compliance. Vacancies are being filled to increase the number of units available for service calls, improve coverage, and decrease overtime usage.

EMS operations and administration continue to work out of temporary trailers, while work proceeds on the new EMS-Coroner’s Complex. The permanent building is expected to improve employee morale.

Mayor's Outstanding Performance Award

Cole Dupepe, Holly Sherman, Ruth Ackerman, Paramedics

As EMS Paramedics, Cole Dupepe, Holly Sherman, and Ruth Ackerman (R to L in photo) have all delivered outstanding contributions to the city’s pre-hospital medical care. In 2013, each of them have regained the pulse of 5 citizens that had been clinically dead prior to EMS treatment.

Percent of General Fund invoices processed within 7 business days of being received by Accounts Payable	54%	≥70%	◆
<i>YTD, 2,869 of 5,289 General Fund invoices were processed within 7 business days so far in 2013.</i>			
Percent of Capital/Grants Fund invoices processed within 7 business days of being received by Accounts Payable	88%	≥90%	▲
<i>YTD, 2,148 of 2,434 Capital/Grants Fund invoices were processed within 7 business days.</i>			
Unqualified audit opinion~	Yes	Yes	●
Number of Single Audit findings~	3	≤8	●
Number of Basic Financial Statements findings~	3	≤5	●

Quarter 2 Analysis

The Bureau of Treasury deployed a new cashier system in Q2. The new software will enhance the Bureau's ability to track and reconcile financial information and is expected to improve customer service by providing cashiers with more readily available information. The Bureau also worked with the Sewerage and Water Board to add a notification in the water and sanitation bill reminding all citizens over 65 and within certain income levels to enroll in the trash pickup discount program. Additionally, the Bureau continued to collect delinquent accounts after the grace period to pay 2013 property taxes and avoid collection fees ended on April 1.

The Bureau of Revenue worked to design and complete the implementation roadmap for a new revenue collection system, expected to be fully deployed later this year. The Bureau also continued its enforcement efforts by performing sweeps to verify business compliance with occupational licenses. While the dollar amount of sales tax audits sent to enforcement or collected in Q2 was higher than in the same period in 2012, the number of audits performed was down from the prior year, mainly as a result of greater than expected turnover among sales tax field auditors.

The Bureau of Accounting completed the 2012 financial audit. The City received a clean, or unqualified, audit opinion, indicating that the financial statements were free of material misstatement. The number of accounting related findings was reduced from 5 in 2012 to 3 in 2013. The accounts payable unit improved its performance in Q2 with 66% of General Fund payments processed in 7 days or less, compared to 43% in Q1. Also in Q2, the payroll unit, in collaboration with Information Technology and Innovation (ITI), designed tests for the new payroll system expected to be deployed later this year.

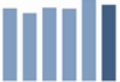

The Retirement System Office also completed the 2012 financial audit in Q2. It received a clean, or unqualified, audit opinion, with one audit finding. The Office also mailed its quarterly verification form to retirees and responded to a high volume of calls related to the verification process.

The Bureau of Purchasing continued to work with other departments to further streamline purchasing processes and improve coordination. The percent of requests for bids or proposals with 3 or more responses YTD was 63%, below the City's target of 70%.

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of field visits/contacts by Bureau of Revenue field agents	-	-	17,508	●	5,057	4,655	≥7,700	≥15,400	●	
Counts the number of times the Bureau of Revenue reaches out to the public in order to check compliance related to occupational licenses and sales tax payments. Visits and contacts encourage businesses to comply with the City's laws and regulations.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Number of sales tax audits completed	-	-	136	●	20	19	≥53	≥105	◆	
Counts the number sales taxes audits for which field work has been completed. Sales tax audits encourage businesses to file on time and pay the proper amount of sales taxes owed to the City.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Percent of requests for bids or proposals with 3 or more responses	-	-	77%	-	63%	58%	≥70%	≥70%	◆	
Counts the number of bids and RFPs for which 3 or more proposals were received divided by the total number of bids and RFPs received during the period. A high percentage indicates greater competition for City contracts, which leads to better pricing alternatives and potential savings.										
<i>Related Strategy: Manage vendor relationships and provide oversight of City contracts</i>										

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of General Fund invoices processed within 7 business days of being received by Accounts Payable	74%	❖	58%	❖	43%	66%	≥70%	≥70%	❖	
Calculated by dividing the number of General Fund invoices processed within 7 business days by the total number of invoices (in 2012, obtained through a random sample of the City's invoices with the 95% percent confidence interval). Processing invoices is a critical step in the city's procurement process and delays in payments to vendors could, over time, result in higher costs in the delivery of goods and services needed to serve citizens.										
<i>Related Strategy: Manage vendor relationships and provide oversight of City contracts</i>										
Percent of Capital/Grants Fund invoices processed within 7 business days of being received by Accounts Payable	94%	●	93%	●	87%	90%	≥90%	≥90%	▲	
Calculated by dividing the number of Capital Fund invoices processed within 7 business days by the total number of invoices obtained through a random sample of the city's invoices on a monthly basis. Processing invoices is a critical step in the city's procurement process and delays in payments to vendors could, over time, result in higher costs in the delivery of goods and services needed to serve citizens.										
<i>Related Strategy: Manage vendor relationships and provide oversight of City contracts</i>										
Unqualified audit opinion~	No	❖	Yes	●	-	Yes	Yes	Yes	●	
Each year an unqualified audit opinion is sought from external auditors to certify that the city's financial statements give a true and fair view of its finances. This measure will be a "Yes" if the statements are free of material misstatements as established under accounting principles, which makes the opinion unqualified. The measure will be a "No" if the accuracy of the statements has to be qualified with explanations for information contained or not contained in them. The measure is annually reported either in Q2 or Q3. This indicates whether the City is able to provide accurate information to auditors related to its finances.										
<i>Related Strategy: Govern the City with integrity and accountability</i>										
Number of Single Audit findings~	10	❖	8	●	-	3	8	≤8	●	
Counts the number of findings identified by external auditors related to compliance with federal grant expenditure requirements. The Single Audit is required per The President's Office of Management and Budget Circular A-133. The measure is annually reported either in Q2 or Q3. It shows the City's performance in adhering to grant accounting and reporting regulations. The lower the number of findings each year, the higher the level of compliance.										
<i>Related Strategy: Govern the City with integrity and accountability</i>										
Number of Basic Financial Statements findings~	6	●	5	●	-	3	5	≤5	●	
It shows the Finance Department's performance in adhering to accounting and reporting laws and regulations. The lower the number of findings, the higher the level of compliance with accounting laws and regulations.										
<i>Related Strategy: Govern the City with integrity and accountability</i>

Mission

To protect and preserve life, property and the environment, while fostering a culture that values the historic treasures of our unique city.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of citizens reached through community education activities*	19,053	≥20,668	▲
<i>While the NOFD provides community education year round, the majority of activities are implemented in the second half of the year, particularly during Fire Prevention Month (October), when school fire alarm drills are conducted.</i>			
Number of commercial inspections*	1,351	≥2,000	◆
<i>Most company officers completed training in Q2, and, as a result, the NOFD expects to meet the targeted number of inspections by year end. The number of inspections completed YTD is below target because the program was not fully implemented and due to 30 captain vacancies. NOFD has requested a promotional exam from the Civil Service Commission to fill these positions.</i>			
Percent of company training hours completed	59%	≥45%	●
<i>YTD, the NOFD completed 3,277 of 5,566 hours.</i>			
Number of fire hydrant inspections completed	15,711	≥15,600	●
Percent of response times under 6 minutes 20 seconds	75%	≥80%	▲
<i>YTD, the NOFD responded in under 6 minutes 20 seconds in 4,582 of 6,089 responses.</i>			

Quarter 2 Analysis

In Q2, the New Orleans Fire Department (NOFD) supported numerous special events, including the NCAA Women's Final Four, French Quarter Fest, and Jazz Fest. The Department also began preparations for the 2013 hurricane season, assisting the Emergency Operations Center with the planning of training exercises and participating in drills. Further, the NOFD implemented and continued to evaluate its new redeployment plan, which strategically realigns resources so that equipment and personnel can be deployed more efficiently.

Whole house generators were installed at all NOFD facilities and were operational by the beginning of Q3. The NOFD also continued implementation of the Company Officer Commercial Occupancy Inspection Program in Q2, and expects inspection numbers to increase as a result.

The NOFD's challenges in Q2 included the management of several major events in a condensed time frame. The Department recognized the need for more trained personnel to assist its Incident Management Team in the planning, staffing and coordination of major events.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of citizens reached through community education activities*	115,268	●	137,724	●	6,057	12,996	≥20,668	≥60,000	▲	
Counts the number of citizens reached through events and activities led by the Fire Department intended to raise awareness of fire prevention and mitigation in the community. Educating the public can improve their safety in the event of an emergency as well as inform them on how to reduce the risk of fire to the whole community. <i>Related Strategy: Plan and prepare for disasters</i>										
Number of commercial inspections*	2,854	◆	3,395	●	586	765	≥2,000	≥4,000	◆	
Counts the number of commercial building inspections and reflects the National Fire Protection Association requirement that all commercial buildings be inspected yearly. Conducting inspections allows NOFD to advise owners of actions that can be taken to improve their building's safety and reduce the risk of fire to the whole community. <i>Related Strategy: Plan and prepare for disasters</i>										
Percent of company training hours completed	-	-	-	-	21%	38%	≥45%	≥90%	●	
Calculated by dividing the total number of training hours completed by firefighters by the total number of required hours. It shows the proportion of the NOFD involved in programs to improve their effectiveness and to reduce the injury rate. <i>Related Strategy: Plan and prepare for disasters</i>										
Number of fire hydrant inspections completed	-	-	-	-	2,307	13,404	15,600	≥31,200	-	
Counts the number of completed inspections. Hydrant inspections are semi-annual and seasonal, with milestones at the end of Q2 and Q4. The Department's goal is to inspect each of the City's 15,600 hydrants twice per year. Due to re-inspections, the total number may exceed 31,200. Fully operational fire hydrants are critical to NOFD's ability to extinguish a fire once they arrive on site. <i>Related Strategy: Plan and prepare for disasters</i>										
Percent of response times under 6 minutes 20 seconds	79%	◆	75%	▲	76%	75%	≥80%	≥80%	▲	
Calculated by dividing the number of fire-related response times taking less than 6 minutes and 20 seconds from the time a call is received at the dispatch center until arrival on scene by the total number of fire-related dispatches. This measure is set in compliance with the National Fire Protection Association. Speedy response times are critical to containing and extinguishing fires, as well as saving lives and minimizing damage to property. <i>Related Strategy: Respond to emergencies, including fire and medical, effectively</i>

Mission

To protect, promote and improve the health of all community members so they can achieve their full potential; To foster an optimum health-related quality of life for those that live, learn, work, and play in New Orleans; To ensure conditions that enable health and healthy choices.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent total budget coming from external resources rather than City General Fund/ local tax dollars (leveraged grants and in-kind)	90%	≥75%	●
<i>YTD, \$26.8 million of \$30 million came from external sources. Federal grant funds were not cut as much as anticipated due to sequestration.</i>			
Number of City government entities implementing new or revised policies that address public health, in partnership or consultation with the Health Department	4	≥4	●
<i>The Office of Neighborhood Engagement and the Office of Information Technology and Innovation implemented new policies in Q2.</i>			
Percent of milestones completed that are associated with accreditation	75%	≥45%	●
<i>YTD, 15 of 20 milestones have been completed.</i>			
Number of Healthy Start Services recipients*	794	≥493	●
<i>In Q2, there were 103 new program participants and 55 new community participants.</i>			
Percent of women between pregnancies participating in Healthy Start who have a medical home	85%	≥92%	▲
<i>In Q2, 543 of 594 participating women had a medical home. The previously reported Q1 actual, 91%, was revised to 85%. Case managers will continue to conduct intensive case management services for all enrolled women.</i>			
Number of client visits to Women, Infants, and Children (WIC) clinics	32,289	≥33,000	▲

Quarter 2 Analysis

In Q2, the New Orleans Health Department (NOHD) focused on emergency preparedness, including making improvements to and doing outreach for the special needs registry. This registry, operated with NOLA Ready and New Orleans Emergency Medical Services (EMS), identifies individuals who require special assistance during emergencies and includes New Orleanians with disabilities, chronic conditions, and other special healthcare needs. In addition, in conjunction with the U.S. Department of Health and Human Services, NOHD participated in an exercise to assess an innovative way to use data to identify and reach medical high-risk citizens in need of assistance in the event of any emergency. The exercise was a first-in-the-nation assessment of a more active way to find and assist those most in need in the event of emergency or disaster.

As part of Fit NOLA, NOHD held two Play Streets events, the first in conjunction with the Mayor's NOLA FOR LIFE Day at McDonough Playground in Algiers, and the second in conjunction with the New Orleans Recreation Development Commission at A.L. Davis Park in Central City. Attended by hundreds of children and families, the events featured over a dozen fitness activity stations and provided children opportunities to be active and learn the importance of leading a healthy lifestyle.

In Q2, the number of client visits to Women, Infants, and Children Program (WIC) clinics increased. The results may have been affected by NOHD's intensive outreach efforts and school closures. NOHD anticipates an increase in breastfeeding rates among WIC mothers in Q3 following the introduction of the Strong Start breastfeeding initiative. The Department also anticipates improvements in domestic violence screening at the Central City WIC clinic in conjunction with a second round of screening opportunities in Q3.

The Health Care for the Homeless division improved scheduling and installed and implemented an electronic patient dental record charting system, and significantly exceeded the YTD target number of unduplicated clients receiving services.

In collaboration with community partners, NOHD co-sponsored 4 behavioral health trainings, including Psychological First Aid, Grief and Trauma Intervention, and PREPaRE, a crisis preparedness workshop, with 155 participants. The trainings, supported by grant funds from the National Forum on Youth Violence Prevention, garnered positive evaluations.

(Continued on next page.)

Measure	YTD Actual	YTD Target	Status
Percent of WIC mothers who initiate breastfeeding	13%	≥12%	●
<i>In Q2, 473 of 4,055 participating mothers initiated breastfeeding .</i>			
Number of unduplicated clients served through Ryan White Part A HIV/AIDS services	3,225	≥1,995	●
Percent of patients who report satisfaction with HIV/AIDS care~	-	-	-
<i>This survey was performed in early July and results will be reported in the Q3 ResultsNOLA report.</i>			
Number of unduplicated clients receiving Health Care for the Homeless services	1,570	≥1,000	●
<i>The extent by the target was exceeded is due to the full staffing of the medical and dental sections and changes to provider schedules.</i>			
Number of patient visits to the Health Care for the Homeless program	3,299	≥2,000	●
Number of enrollees in GNOCHC Medicaid Waiver program	61,358	≥60,500	●
Number of Play Streets fitness promotion events held	2	≥2	●
Percent of women screened for domestic violence at Central City WIC clinic	15%	≥20%	◆
<i>As of the end of Q2, 606 of 4,055 women were screened for domestic violence. There will be more opportunities for screening in Q3.</i>			
Number of behavioral health trainings convened	6	≥2	●
<i>The extent by which the target was exceeded is due to the receipt of grant funding.</i>			

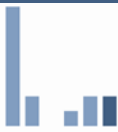

(Continued from previous page.)

To educate and enroll individuals in the Greater New Orleans Community Health Connection (GNOCHC), the NOHD and its partners have knocked on doors, connected with schools and low-income housing developments, attended and hosted health fairs and community events, and more. A challenge the NOHD may face is the scheduled expiration of GNOCHC at the end of 2013. The NOHD has been working with local, state and federal officials, business leaders, providers, and other stakeholders to extend GNOCHC beyond 2013 so that enrollees can continue to receive high quality primary and mental health care services under the program.

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Health	\$ 15,336,123	\$ 27,929,913	\$ 18,016,415	3601-3664, 3666-3683	264
Total Funding	\$ 15,336,123	\$ 27,929,913	\$ 18,016,415		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent total budget coming from external resources rather than City General Fund/ local tax dollars (leveraged grants and in-kind)	-	-	90%		89%	90%	≥75%	≥75%		
Calculated by dividing the dollar value of external funding sources supporting the Health Department by the total value of the Health Department budget. This shows the Health Department's effectiveness in relieving the city's General Fund of its expenses and lowering its reliance on local taxpayer dollars.										
<i>Related Strategy: Facilitate, link, and leverage resources with external organizations</i>										
Number of City government entities implementing new or revised policies that address public health, in partnership or consultation with the Health Department	-	-	11		2	2	≥4	≥9		
Counts the number of City government entities (Departments, Boards, Commissions, Coalitions, Council and other government bodies) that have implemented new or revised policies that address public health in consultation with the Health Department (e.g. coordinate with Property Management to install bike racks and revise smoking policies). Policy development and advocacy for conditions that foster and enable health are key public health functions. Improved health policy and health considerations for all policies will improve the health related quality of life for New Orleanians.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Percent of milestones completed that are associated with accreditation	-	-	-	-	30%	45%	≥45%	≥90%		
Calculated by dividing the number of milestones implemented at the end of each quarter by the total number of milestones required for accreditation. Milestones are critical steps in the Health Department's plan to become accredited. The completion of milestones promotes public health through the assurance of a high-performing, quality health department.										
<i>Related Strategy: Improve health outcomes for City residents</i>										
Number of Healthy Start Services recipients*	1,856		946		636	158	≥493	≥1,000		
Counts the unique individuals receiving services through Healthy Start. The program focuses on decreasing infant mortality through health and social service activities and the promotion of healthy families.										
<i>Related Strategy: Improve access to healthcare for city residents (including access to mental health services)</i>

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of women between pregnancies participating in Healthy Start who have a medical home	-	-	-	-	85%	85%	≥92%	≥92%	▲	
Counts the unique individuals receiving services through Healthy Start. The program focuses on decreasing infant mortality through health and social service activities and the promotion of healthy families.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Number of client visits to Women, Infants, and Children (WIC) clinics	61,124	●	64,602	▲	15,730	16,559	≥33,000	≥66,000	▲	
Counts the number of clinic visits (not unique clients) served through the Federal Women, Infants, and Children (WIC) Program. WIC services help to ensure healthy child development through nutritional support for low-income families.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Percent of WIC mothers who initiate breastfeeding	-	-	-	-	14%	12%	≥12%	≥12%	●	
Calculated by dividing the number of participants (mothers) who initiate breastfeeding during an infant's first year of life by the total number of participants. Breastfeeding is the healthiest form of nutrition an infant can be given and results in multiple health benefits for babies, yet breastfeeding rates are very low among the population served by the WIC clinics. This measure shows whether or not the Health Department's breastfeeding efforts are successful.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Number of unduplicated clients served through Ryan White Part A HIV/AIDS services	-	-	-	-	2,569	656	≥1,995	≥3,990	●	
Counts the number of unduplicated HIV positive clients who accessed one service in the New Orleans area within the reporting period. The data source is the Office of Health Policy (OHP) and AIDS Funding electronic medical record database. This is critical to demonstrating the need and ability for OHP to provide the necessary care for those infected.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Percent of patients who report satisfaction with HIV/AIDS care~	87%	●	89%	●	-	-	-	≥89%	-	
Calculated by averaging the number of participants indicating that a specific service was "good" or "very good" in helping to manage their HIV, by the total number of participants responding. Patient satisfaction is important for retaining participants in treatment programs, and also serves as an indicator of the quality of such programs.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Number of unduplicated clients receiving Health Care for the Homeless services	3,020	●	2,031	●	724	846	≥1,000	≥2,000	●	
Counts the number of homeless individuals accessing primary care (dental, gynecology, medical) through the City's Health Care for the Homeless program. This assistance provides specialized care for individuals who would not otherwise be able to access appropriate care.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)										
Number of patient visits to the Health Care for the Homeless program	5,485	●	6,801	●	1,548	1,751	≥2,000	≥4,000	●	
Counts the number of visits by homeless individuals to the City's Health Care for the Homeless program. This assistance provides specialized care and treatment for individuals who would not otherwise be able to access appropriate care.										
Related Strategy: Improve access to healthcare for city residents (including access to mental health services)

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of enrollees in GNOCHC Medicaid Waiver program	-	-	-	-	3,630	1,728	≥60,500	≥65,000		
Counts the number of enrollees as provided by the LA Department of Health and Hospitals. Enrolling people in the Greater New Orleans Community Health Connection (GNOCHC) enables those who are uninsured or otherwise unable to afford health care to access primary medical care for no cost.										
<i>Related Strategy: Improve access to healthcare for city residents (including access to mental health services)</i>										
Number of Play Streets fitness promotion events held	-	-	-	-	-	2	≥2	≥4		
Counts the number of Play Street fitness promotion events held. Providing fitness activities for children helps reduce child obesity.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Percent of women screened for domestic violence at Central City WIC clinic	-	-	-	-	13%	15%	≥20%	≥50%		
Calculated by dividing the number of women screened by the total WIC women seen at the Central City Clinic who are eligible for screening. This is an enhanced service of the WIC program in order to offer services to women who may be experiencing domestic violence. If a woman indicates as part of the screening process that she has experienced domestic violence, she is offered a referral.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Number of behavioral health trainings convened	-	-	-	-	2	4	≥2	≥4		
Counts the number of trainings convened by the Health Department. Improving access to quality behavioral health services for youth is a community health priority. Behavioral health trainings help to address gaps in behavioral health services for youth.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>

Mission

To safeguard the heritage of the City by preserving and regulating historic landmarks and historic districts which reflect elements of its cultural, social, economic, political and architectural history.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of closed enforcement cases that were closed due to voluntary compliance	N/A	Establishing Baseline	-
The Commission is developing a process to track enforcement cases for future performance reporting.			
Average number of days to review staff approvable applications	24.4	Establishing Baseline	-
YTD, the HDLC reviewed 705 staff approvable applications.			

Quarter 2 Analysis

In June, the One Stop Shop resumed adjudication of enforcement cases for which there was not voluntary compliance, and the Historic District Landmarks Commission (HDLC) is developing a process to track enforcement cases for future performance reporting.

The average number of days to review staff approvable applications decreased nearly 66% from Q1 to Q2 as the HDLC completed its physical relocation to the City's new One Stop Shop for permitting and licensing, and as the number of Commission plans examiners increased from 2 to 3.

Resources

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
HDLC	\$ 695,728	\$ 638,095	\$ 638,095	6540	354

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of closed enforcement cases that were closed due to voluntary compliance	-	-	-	-	N/A	N/A	Establishing Baseline	Establishing Baseline	-	<div></div>
Calculated by dividing the number of enforcement cases closed without going to adjudication (because the property was voluntarily brought into compliance after receipt of a warning letter) by the total number of enforcement cases closed. Work that does not meet the Historic District Landmarks Commission guidelines negatively affects the historic character of the district, which in turn can affect the property values of nearby buildings. Voluntary compliance is preferable to forced compliance.										
Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties										
Average number of days to review staff approvable applications	-	-	-	-	38.9	13.4	Establishing Baseline	Establishing Baseline	-	<div></div>
Calculated by averaging the number of calendar days from the receipt of a staff approvable application to the date the permit was issued. As the first step in the permitting process, delays in the review of applications negatively affect economic development.										
Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties										

Mission

To coordinate the activities needed to protect the lives and property of its citizens and visitors from natural or manmade disasters in partnership with NOPD, NOFD, NOEMS and the other City departments through a comprehensive program of mitigation, preparation, response and recovery.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of citizens trained to assist in City Assisted Evacuation Plan (CAEP)*	289	≥205	●
Volunteer recruitment began in Q2, reaching a high point in May. Recruitment will extend through the end of hurricane season.			
Percent of all NOHSEP staff that is NIMS/ICS compliant within 90 days of assignment	100%	100%	●
In Q2, 8 of 8 NOHSEP staff were NIMS/ICS compliant.			
Percent of plans, procedures, and other strategies that are National Incident Management System (NIMS) compliant	100%	100%	●
In Q2, NOHSEP reviewed and revised 22 procedures in the Emergency Operations Plans. Plans include the City's terrorism plan to emergency support function plans provided by other City departments. Also in Q2, NOHSEP produced 25 incident action plans for a variety of sporting events, concerts, gatherings, incidents, or events in which NOHSEP was involved.			
Percent of grants in good standing	100%	100%	●
In Q2, 13 of 13 grants awarded were in good standing.			

Quarter 2 Analysis

With hurricane season underway, the New Orleans Office of Homeland Security and Emergency Preparedness (NOHSEP) began outreach efforts to sign up those in need of evacuation assistance. In June, the City, Evacuteer.org, and the Arts Council of New Orleans unveiled the installation of Evacuspots public art. The new 14-foot stainless steel sculptures clearly identify City-assisted evacuation pick-up points where citizens without their own transportation would report to in the event the City calls for a mandatory evacuation. The iconic artwork is being installed at 17 neighborhood pick-up points across the city as part of the City-Assisted Evacuation Plan.

NOHSEP activated the Emergency Operations Center for French Quarter Fest and Jazz Fest in Q2, and both were successful.

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of citizens trained to assist in City Assisted Evacuation Plan (CAEP)*	312	❖	427	●	-	289	≥205	≥300	●	
Counts the number of citizens trained to assist in the City Assisted Evacuation Plan (CAEP) before the start of hurricane season. Volunteers play a key role is assisting other citizens with evacuation in the event of a major emergency (e.g. a hurricane).										
<i>Related Strategy: Plan and prepare for disasters</i>										
Percent of all NOHSEP staff that is NIMS/ICS compliant within 90 days of assignment	100%	●	100%	●	100%	100%	100%	100%	●	
Calculated by dividing the number of New Orleans Office of Homeland Security & Emergency Preparedness (NOHSEP) staff trained in the National Incident Management System (NIMS) and Incident Command System (ICS) at the 300-400 level within 90 days of assignment by the total number of NOSHEP personnel. NOHSEP staff needs to be fully prepared to follow these protocols in the event of an emergency.										
<i>Related Strategy: Plan and prepare for disasters</i>										
Percent of plans, procedures, and other strategies that are National Incident Management System (NIMS) compliant	90%	❖	100%	●	100%	100%	100%	100%	●	
Counts the percent of emergency preparedness plans overseen by the Deputy Mayor of Public Safety that are compliant with National Incident Management System (NIMS) and Incident Command System (ICS) standards. Compliant plans are important to area-wide coordination and high quality incident management.										
<i>Related Strategy: Plan and prepare for disasters</i>										
Percent of grants in good standing	100%	●	100%	●	100%	100%	100%	100%	●	
Calculated by dividing the number of grants in good standing (i.e. that avoid negative findings and have less than 5% fund de-obligation) by the total number of grants managed by NOHSEP. Effective administration of NOHSEP's grants results in the City lowering hurricane damage and overall risk for large scale emergencies, and residents being able to lower their risk for hurricane damage.										
<i>Related Strategy: Plan and prepare for disasters</i>

Mission

To provide a fully aligned menu of HR services including payroll and personnel transactions, benefits administration, employee relations, training and development (i.e. customer service), performance review management, safety standards and policy development to support the achievement of the missions, goals, and objectives of all departments.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Healthcare fund balance as of the end of the period	\$22,846,407	≥\$0	●
Percent of grievances settled within 30 days	0%	100%	◆
YTD, 1 grievance was filed.			
Percent of diabetic employees participating in wellness programs who are compliant with the requirements of that program	39%	≥28%	●

Quarter 2 Analysis

Human Resources continued to successfully contain healthcare costs in Q2 as a result of structural plan changes made in prior years, as well as constant monitoring of claims and expenditures.

The City continued to experience higher than planned participation in wellness programs, with participation by eligible employees reaching 38% in Q2 and 39% YTD, significantly exceeding the 28% target.

Mission

To work toward and deliver in three areas: maximize the City's IT value by providing a stable technology and network infrastructure, drive innovation and performance improvement to enhance the delivery of all City services, and increase the availability of information to improve decision making for City employees, partners, and citizens of New Orleans.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of critical ITI projects delivered on schedule	61%	≥80%	❖
<i>YTD, 20 of 33 critical projects were completed on schedule. To improve project implementation, ITI is hiring a project management office manager and awaiting approval of two project manager positions.</i>			
Call abandonment rate for 311 (non-emergency times)	10%	≤10%	●
<i>YTD, 8,759 out of 87,533 calls were abandoned. Though the abandonment rate was below 10% in both May and June, the call rate in April was unexpectedly high call.</i>			
Average monthly percent of 311 first call resolution	66%	≥70%	▲
<i>YTD, ITI resolved 47,342 of 72,270 cases during the first call. ITI onboarded a number of new departments, leading to an increase in the number of service requests that cannot be resolved in a single call. In Q3, ITI will further incorporate quick link knowledge data into the result, which should lead to a higher first call resolution rate.</i>			
Customer satisfaction rating of 311 call center	87%	≥70%	●
<i>YTD, ITI conducted 60 phone surveys.</i>			
Call abandonment rate for the Service Desk	12%	≤7%	❖
<i>YTD, 1,970 of 17,033 calls were abandoned. ITI is implementing a Service Desk improvement project that will help in reducing the call abandonment rate by providing customers access to an internal knowledge base and a self-service portal. ITI also implemented alerting software in Q3 to help trigger dynamic sizing of the call center in response to call volume, number of people in queue, length of time in queue, and other criteria.</i>			
Average monthly percent of open Service Desk tickets over 30 days old	13%	0%	❖
<i>YTD, 172 out of 1,348 monthly tickets were on average over 30 days old. In recent months, ITI has specifically focused on reducing older tickets.</i>			

Quarter 2 Analysis

In Q2, Information Technology and Innovation (ITI) on-boarded the Mosquito, Termite, and Rodent Control Board; Health; Parks and Parkways; and the Taxi and For Hire Vehicle Bureau into the 311 system. ITI also worked with the City's streetlight repair contractor to increase responsiveness to 311 streetlight service requests; and launched the new City of New Orleans website, two public mapping viewers (the Planning & Zoning Lookup Tool and the Sanitation Viewer), and an internal viewer, the Public Safety Common Operating Picture.

Also in Q2, ITI reduced the Service Desk (help desk) backlog to the lowest levels since 2010, with the average monthly percent of open Service Desk tickets over 30 days old decreasing from 21% to 2%, in part due to improved ticket categorization. The Service Desk's customer satisfaction rating increased from 54% to 66%, though it remained below target.

ITI continued to experience staffing challenges, and is working with Civil Service to hire key personnel. Also, without an enterprise asset management and work order system, the GIS team experiences challenges in providing the level of support required for 311 and on-boarded departments such as DPW, Sanitation, and Parks and Parkways. A citywide system with the exact identity and location of City assets is needed to reduce ambiguity about location that introduces inefficiency and ineffectiveness into problem intake and resolution, as well as performance reporting.

Measure	YTD Actual	YTD Target	Status
Customer satisfaction rating of the Service Desk	58%	≥70%	❖
YTD, ITI received 153 ratings.			
Percent of Service Level Agreements (SLAs) met by the Service Desk	N/A	≥95%	N/A
Tracking and performance modules are currently being deployed.			
Percent of successful back-ups of Priority 1 applications	100%	100%	●
Telephone and email service availability	99.99%	≥99.99%	●
Network availability	100.00%	≥99.99%	●

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of critical ITI projects delivered on schedule	53%	❖	70%	❖	60%	61%	≥80%	≥80%	❖	
Calculated by dividing the total number of critical Information Technology and Innovation projects completed by the total number of projects that were scheduled for completion by the end of the quarter. Several systematic City government improvement initiatives rely on ITI projects being delivered on schedule.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Call abandonment rate for 311 (non-emergency times)	-	-	-	-	9%	11%	≤10%	≤10%	●	
Calculated by dividing the number of 311 calls where the caller hangs up before the call is answered by the total number of 311 calls during the period. A low call abandonment rate is an indicator of quality customer service.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Average monthly percent of 311 first call resolution	-	-	58%	❖	69%	62%	≥70%	≥70%	▲	
Calculated by averaging the percentage of 311 requests that are resolved on the first call directly by the 311 Call Center at the end of each month. A high first call resolution rate is an indicator quality customer service.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Customer satisfaction rating of 311 call center	-	-	-	-	80%	95%	≥70%	≥70%	●	
ITI randomly calls citizens who called into 311 and asks them to give an overall rating of their satisfaction with 311 agents. This score provides feedback to ITI about the quality of 311's services to citizens, and illuminates areas for improvement.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Call abandonment rate for the Service Desk	25%	❖	16%	❖	13%	10%	≤7%	≤7%	❖	
Calculated by dividing the number of ITI helpdesk calls where the caller hangs up before the call is answered by the total number of helpdesk calls during the period. This allows management to assess the appropriate staffing levels and protocols for the City's helpdesk.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Average monthly percent of open Service Desk tickets over 30 days old	22%	❖	31%	❖	21%	2%	0%	0%	❖	
Calculated by dividing the number of ITI helpdesk tickets open for longer than thirty days at the end of each month by the total number of help desk tickets during that month. This is an indicator of the number of tickets that exceed the helpdesk service level agreement of resolving tickets within 30 days. The provision of timely helpdesk services minimizes the disruption of staff productivity that may result from computer application and hardware problems.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Customer satisfaction rating of the Service Desk	-	-	-	-	54%	66%	≥70%	≥70%	❖	
ITI randomly sends a survey to individuals that have contacted the Service Desk for support. This rating helps to determine customer satisfaction with ITI services among City employees, and identify points for improvement that need to be addressed.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Percent of Service Level Agreements (SLAs) met by the Service Desk	-	-	-	-	N/A	N/A	≥95%	≥95%	N/A	
Calculated by dividing the total number of a Service Level Agreements (SLAs) met by the helpdesk, divided by the total number of SLAs established for the helpdesk. This measure helps gauge the helpdesk's level of service commitments to City employees.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Percent of successful back-ups of Priority 1 applications	100%	⚠	100%	●	100%	100%	100%	100%	●	
Calculated by dividing the number of successful back-ups of Priority 1 completed by the total number of Priority 1 back-ups attempted. Backing up the information housed on city servers allows for restoration of data in the event of a catastrophe.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Telephone and email service availability	99.80%	⚠	99.03%	⚠	99.99%	100.00%	≥100%	≥100%	●	
Calculated by averaging the percent of telephone and email service available daily. Telephone and email services are essential to public and interdepartmental communications.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Network availability	99.97%	-	99.90%	⚠	100.00%	100.00%	≥99.99%	≥99.99%	●	
Calculated by dividing the total time networking resources are available in a month by the total number of minutes in a month. The City's network is vital to the operational capacity of all departments.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>

Mission

To provide a court of excellence for children, youth, and families by enforcing the Louisiana Children's Code.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of dependency cases filed	29	MS	MS
Average number of days to disposition for dependency cases	44.7	Establishing Baseline	-
<i>YTD, 16 dependency cases were disposed.</i>			
Percent of dependency cases filed that are "repeat"	13.8%	Establishing Baseline	-
<i>YTD, 4 of 29 dependency cases were "repeats."</i>			
Number of delinquency cases filed	334	MS	MS
Percent of youth defendants referred to alternative programs	34.6%	Establishing Baseline	-
<i>YTD, 181 of 523 juveniles were referred to an alternative program. OPJC estimates that this has resulted in approximate savings of a minimum of \$28,960, or \$160 per juvenile.</i>			
Continuance rate	13.7%	Establishing Baseline	-
<i>YTD, 385 of 2,804 proceedings were continued.</i>			
Average number of days to disposition for delinquency cases	33.0	Establishing Baseline	-
<i>YTD, 253 delinquency cases were disposed.</i>			
Percent of delinquency filings with a previous case	39.2%	Establishing Baseline	-
<i>YTD, 131 of 334 delinquency filings involved youth with a previous case. Q1 result, previously reported as 42%, revised in August 2013.</i>			

Quarter 2 Analysis

In Q2, the Orleans Parish Juvenile Court (OPJC) referred 150 additional youth to the Court's alternative to detention programs. Of the 503 youth referred to such programs this year, 181, or 36% were referred to alternative programs whereby OPJC continued to employ Juvenile Detention Alternatives Initiative practices. OPJC is one of 5 Louisiana sites participating in the initiative, which promotes changes to policies, practices, and programs to support the Annie E. Casey Foundation's vision that "all youth involved in the juvenile justice system have opportunities to develop into healthy, productive adults," and focuses on juvenile detention because "youth are often unnecessarily or inappropriately detained at great expense, with long-lasting negative consequences," according to the Foundation.

Referral to alternative programs results in savings to the City, as the cost per day to detain a child at the Youth Study Center (\$250) is considerably higher than that of any one or all of the alternative programs combined (\$90), according to OPJC.

Juvenile Court

Honorable Ernestine Gray, Chief Judge

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of youth defendants referred to alternative programs	-	-	-	-	37.4%	28.8%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of juveniles referred to alternative programs by the number of cases filed in the period. Alternative programs include the Electronic Monitoring Program, the Evening Reporting Center, and the Orleans Detention Alternative Program. The use of programs that are alternatives to detention results in cost savings, and is beneficial to both public safety and youth development.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Continuance rate	-	-	-	-	14.3%	13.6%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of continuances by the total number of proceedings. The measure shows the effectiveness of the court system in moving cases through the justice system in a timely manner. A higher continuance rate indicates less effectiveness.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Average number of days to disposition for delinquency cases	-	-	-	-	32.0	34.8	Establishing Baseline	Establishing Baseline	-	
Averages the number of days from case filing to judgment entered for all delinquency cases disposed in the period. The measure shows the effectiveness of the court system in moving cases through the justice system in a timely manner.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Percent of delinquency filings with a previous case	-	-	-	-	39.0%	39.4%	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of new delinquency filings in the period involving youth who had a previous case by the total number of new delinquency filings in the period. This measure shows the effectiveness of interventions.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										

[This page intentionally left blank]

Mission

To direct and supervise the legal affairs of the City by providing legal advice and services to the Mayor, City Council, Departments, Boards, Commissions and related City entities; to represent the City, its officers and employees in civil litigation and oversees the legal services provided by outside counsel; and to prepare and review ordinances, resolutions, executive orders, contracts, and other legal documents for the City. The Law Department is also responsible for instituting actions to collect unpaid revenue to the City and for enforcing the City Code, Ordinances, and Civil Service regulations. Further, in its role as prosecutor, the Law Department prosecutes crimes in municipal and traffic court as well as prosecutes nuisance bars and restaurants which negatively impact the quality of life before the Alcoholic Beverage Control Board. By minimizing the City’s exposure to liability, fairly and economically resolving disputes, and minimizing legal fees and costs, the Law Department provides the highest quality legal representation to meet the present and future needs of the City of New Orleans in an efficient and effective manner.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of contracts drafted and reviewed by the Law Department and signed by the City Attorney within 30 days	93%	≥80%	●
YTD, 634 contracts were submitted to the Law Department.			
Average number of Municipal and Traffic Court cases per attorney per month	729	MS	MS
Revenue from Municipal and Traffic Court claims, settlements, and judgments	\$8,393,120	≥\$6,000,000	●
Savings achieved by legal team in civil/police litigation	\$375,367	MS	MS
Number of public records requests completed	451	MS	MS
Number of tax and public nuisance cases filed before the ABO Board	135	≥100	●
Percent of ABO Tax cases resolved within 60 days	93%	≥93%	●
YTD, 137 cases were resolved. The slight decrease in the percent of cases resolved within 60 days may have been affected by the cancellation of the April sales tax hearing.			

Quarter 2 Analysis

Through increased productivity and oversight, the Law Department continued to decrease the time it takes the City to complete the entire procurement, contracting and payment process, from 66 days in March 2011 to an average of 33 days in 2013.

Also in Q2, the Law Department worked with the City Council to draft an updated ordinance for the operation of food trucks and to significantly revise the City Code with regard to housing violations and enforcement measures. In an effort to ensure best practices and community oriented policing, the Law Department successfully worked with the NOPD to develop a revised and updated NOPD Policies and Procedures Manual. The Department also prepared ordinances establishing the Office of Police Secondary Employment. Finally, the Law Department achieved a legal victory when a court upheld the City’s tour guide and licensing requirements.

The Law Department’s ongoing challenges include the issues surrounding the NOPD consent decree and the Orleans Parish Prison consent decree.

Mission

To inspire the individual and enrich the community through access to information, resources, technology and programming that is delivered by knowledgeable and creative staff.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of items circulated (checked-out)	503,346	Establishing Baseline	-

Quarter 2 Analysis

Though circulation increased nearly 15% from Q1 to Q2 2013, circulation decreased by an estimated 22,000 items in Q2 when compared to Q2 2012. However, e-book circulation has increased by almost 2,000 from the same period. The release of the library’s new catalog system has potentially affected circulation counts. The new system counts multi-part items in bundles, rather than individually, as the prior system did.

To increase public access to digital media, the Library started the in-house circulation of iPads in Q2. Also, in May, the Library kicked-off its Summer Reading Program, which encourages students from elementary through high school to read all throughout the summer, with parties, musical performances, story-telling, free refreshments, book giveaways, reading goal certificates and more.

The Library is continuing to improve the Main Branch's appearance. The front doors are currently in the process of being replaced to provide a more welcoming entrance.

System-wide database that records circulation, collection (inventory) and patron records. This indicates the level of customer activity.										
Related Strategy: Support cultural institutions and experiences										

Mission

To deliver excellent service to the citizens of New Orleans with courage, competence and compassion. We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs and a clean environment for our citizens. We facilitate partnerships, link strong leaders and new ideas, and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement. We responsibly manage and preserve our City's natural resources.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of visits by foreign dignitaries*	118	≥77	●
Amount of public/private resources secured in alignment with strategic priorities	\$770,280	≥\$7,500,000	◆
<i>The City of New Orleans submitted several large grant requests. The City will be notified regarding the outcome of these requests in October 2013.</i>			
Number of community and public meetings addressing citizen priorities	78	≥63	●
Number of new partnerships initiated between the City of New Orleans and other countries	4	≥4	●
Number of state legislative priorities accomplished during legislative session~	2000%	≥15	●

Quarter 2 Analysis

The Intergovernmental Team worked with the legislative delegation and others to defeat legislation that would have reduced local sales taxes by \$6 million. The City also passed legislation that will reform the Sewerage and Water Board, will pay the City \$3.6 million for support services rendered at Harrah's Casino, authorized the City to contract with the LA Department of Revenue to collect outstanding debts, and authorized the New Orleans International Airport to use an alternative building method and the Sewerage and Water Board to use the design build method of construction for the new power plant, both of which can result in significant savings in construction costs.

The City received a one time donation of \$450,000 from Goldman Sachs Gives for the Summer Youth Employment Program and a 2 year grant from the Ford Foundation to help fund the revitalization of the Claiborne Avenue Corridor and its surrounding neighborhoods.

The City of New Orleans welcomed the 2013 World Cultural Economic Forum in partnership with the U.S. Conference of Mayors. More than 25 countries were represented at the forum and new partnerships were created with Brazil and Liverpool. The City also hosted a business delegation from the city of Talavera de la Reina, Spain and received ceramic tile plates to replace the time-worn existing tiles in Jackson Square. The replacement tiles are identical to the ones that marked the names of French Quarter streets during Spanish rule of New Orleans and were crafted at the same factory as the tiles donated to New Orleans by the City of Talavera de la Reina in 1959.

Number of visits by foreign dignitaries*	76	-	177		9	109	≥77	≥150		
Counts the number of visits to New Orleans by foreign dignitaries. This is an indicator of the level of interest in New Orleans at the international level and the City's opportunities for collaboration with foreign countries.										
<i>Related Strategy: Facilitate, link, and leverage resources with external organizations</i>										
Amount of public/private resources secured in alignment with strategic priorities	\$48,629,000		\$21,485,000		\$47,562	\$722,718	≥\$7,500,000	≥\$15,000,000		
Dollar value of public and private resources secured that fit into the city's transformation strategies. This is a measure of external support which demonstrates the extent to which other entities' feel that investment in the city is worthwhile.										
<i>Related Strategy: Facilitate, link, and leverage resources with external organizations</i>										
Number of community and public meetings addressing citizen priorities	47		297		45	33	≥63	≥125		
Counts the total number of public meetings focused on addressing or gathering information on citizen concerns or sharing information on resources available to citizens. Public meetings are a key point of input for citizens to guide the City's priorities or for representatives of the City to share information that will assist citizens.										
<i>Related Strategy: Promote civic engagement</i>										
Number of new partnerships initiated between the City of New Orleans and other countries	-	-	-	-	200%	200%	≥4	≥7		
Counts the number of official connections made between the City and foreign dignitaries. Partnerships with other countries help raise goodwill toward the city on the global stage.										
<i>Related Strategy: Facilitate, link, and leverage resources with external organizations</i>										
Number of state legislative priorities accomplished during legislative session~	-	-	-	-	-	2000%	≥15	≥15		
Counts successfully passed pieces of state legislation that the City has identified as beneficial to its well-being. Positive legislation demonstrates success of the City in representing the interests of its citizens at the state level.										
<i>Related Strategy: Facilitate, link, and leverage resources with external organizations</i>										

Mission

To administer and evaluate mosquito control activities and monitor the population of disease and virus transmitting mosquitos and consult with appropriate authorities. Part of this mission is to decrease the incidents of disease transmission, economic loss and medical emergencies caused by pest (i.e mosquitos, rodents, termites) by managing pest populations through a series of integrated approaches

Quarter 2 Analysis

In Q2, the Mosquito, Termite, and Rodent Control Board was onboarded on to NOLA 311. NOLA 311 now assists with mosquito control and rodent complaint service requests. The Board is working with the 311 team to address challenges related to data entry and reporting accuracy.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of cases of human West Nile Virus and other arbovirus illness	0	MS	MS
Average number of business days to respond to rodent service requests	1.6	≤3	
YTD, the Board responded to 313 rodent service requests.			
Average number of business days to respond to mosquito service requests	1.8	≤3	
YTD, the Board responded to 101 mosquito service requests.			
Number of maintenance inspections of City property	50	Establishing Baseline	-
Number of rodent bites or disease transmission	0	MS	MS

Number of cases of human West Nile Virus and other arbovirus illness	0	MS	18	MS	0	0	MS	MS	MS	
Counts verified cases of West Nile Virus (WNV) and other arbovirus illness (febril, neuroinvasive, or death) as reported by physicians to the LA Department of Health and Hospitals. Mosquito districts implement control strategies to prevent human cases of WNV and other arboviral diseases. When human cases are reported, aggressive control measures must be taken to prevent additional cases. WNV can range from asymptomatic to causing paralysis or even death.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Average number of business days to respond to rodent service requests	-	-	-	-	1.6	1.6	≤3	≤3		
Calculated by averaging the number of business days to complete rodent service requests in the reporting period. Shorter response times reduce and ultimately eliminate the risk rodents pose to a resident.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Average number of business days to respond to mosquito service requests	-	-	-	-	N/A	1.8	≤3	≤3		
Calculated by averaging the number of business days to complete mosquito service requests in the reporting period. Shorter response times reduce the chance that changes in weather could affect the mosquito population, and also reduce and ultimately eliminate the risk mosquitoes pose to the resident.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Number of maintenance inspections of City property	79	-	108	-	15	35	Establishing Baseline	Establishing Baseline	-	
Counts the number of inspections of City facilities. Monitoring and conducting pest proofing can prevent serious pest infestations.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>										
Number of rodent bites or disease transmission	-	MS	-	MS	0	0	MS	MS	MS	
Counts the number of bites or disease transmission as reported by physicians to the LA Department of Health and Hospitals. Rodents present a danger to the public, as they are capable of transmitting numerous diseases and food borne illnesses.										
<i>Related Strategy: Provide public health services to City residents, including community health education and preventing the spread of communicable diseases</i>

Mission

To execute fair and impartial administration of justice as it pertains to alleged violators of the ordinances of the City of New Orleans and the criminal statutes of the state of Louisiana.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of City misdemeanor filings	14,384	MS	MS
Number of City misdemeanor filings disposed	14,405	Establishing Baseline	-
Number of State misdemeanor filings	3,294	MS	MS
Number of State misdemeanor filings disposed	3,068	Establishing Baseline	-
Average number of days to disposition in all cases	305	MS	MS
YTD, 17,488 cases were disposed.			
Average number of days to disposition in cases for which no warrants are issued	81	Establishing Baseline	-
YTD, 7,166 cases for which no warrants were issued were disposed.			
Average number of days from filing date to first trial setting	67	Establishing Baseline	-
YTD, 3,214 cases were set for trial after the initial filing date.			
Percent of sentences issued with community service	9%	Establishing Baseline	-
The Q1 data was not available. Of the 2,433 defendants who were found guilty or entered a guilty or no contest plea in Q2, 218 were assigned community service.			

Quarter 2 Analysis

Following the special events of Q1, the numbers of Municipal Court filings and disposals decreased. The timeliness of Municipal Court dispositions was affected by its lack of access to the evidence system accessible to all other entities within the criminal justice system. Currently, the evidence department has to rely on the other criminal justice entities to track and locate evidence. Municipal Court is currently working with the New Orleans Police and Justice Foundation to secure the hardware and software to link the court to the evidence system.

Mission

To inspire the love of art; to collect, preserve, exhibit and present excellence in the visual arts; to educate, challenge and engage a diverse public.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
General attendance	115,040	≥80,000	●
The increase in attendance from Q1 was partially due to the popularity of an exhibition for the Archdiocese of New Orleans on Pope John Paul II's visit to New Orleans.			
Number of special exhibitions	12	MS	MS
School children attendance*	7,220	≥7,500	▲
Many schools were unable to schedule field trips during the last semester of school due to testing preparations.			

Quarter 2 Analysis

In Q2, the New Orleans Museum of Art (NOMA) facilitated the exhibition “Portrait of Faith: John Paul II in Life and Art” for the Archdiocese of New Orleans. The exhibition marked 25 years since Pope John Paul II’s historic visit to New Orleans in 1987, and celebrated his life through sculpture, photography, and video. In April, NOMA opened “Inventing the Modern World: Decorative Arts at the World’s Fairs, 1851-1939,” and in June, the museum opened “Rashaad Newsome: King of Arms,” the first solo exhibition in Louisiana by the renowned video, performance, and collage artist Rashaad Newsome.

General attendance	-	-	-	-	47,705	67,335	≥80,000	≥160,000		
Counts the number of individuals who go through the Museum's point of sale at the front desk. This serves as a measure to assess management's ability to program and exhibit shows that appeal to the public.										
Related Strategy: Support cultural institutions and experiences										
Number of special exhibitions	-	MS	-	MS	3	9	MS	MS	MS	
Counts the number of new exhibitions opened in the reporting period. New exhibitions are one of management's tactics to attract more new and repeat visitors.										
Related Strategy: Support cultural institutions and experiences										
School children attendance*	-	-	12,000	-	2,534	4,686	≥7,500	≥12,000		
Counts the number of school children who go through the Museum's point of sale at the front desk. This is a subset of the general attendance measure. NOMA is a place of continuing education for people of all ages, and building a strong art knowledge base among children is one of the best strategies towards nurturing the City's rich and unique culture.										
Related Strategy: Support cultural institutions and experiences										

Mission

To provide high quality recreational, physical, health, cultural, community interaction and lifestyles enhancement programs to youth, young adults, adults, senior citizens and disabled/special need residents of the city of New Orleans. The Commission strives to augment the quality of life, personal self-esteem, community connection and sense of empowerment of all the citizens of New Orleans. Additionally, the Commission focuses on providing a structured framework within which volunteers, philanthropists and foundations can positively impact the character and vibrancy of New Orleans.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of recreation centers open	7	≥7	●
The City opened the Treme Center and Lyons Center in Q2.			
Percent of recreation center operating hours that include programming	55%	50%	●
Number of youth athletic program registrants*	3,058	≥2,626	●
Number of athletic programs*	6	≥7	◆
In Q2, NORDC offered track, soccer, baseball, and softball.			
Number of youth cultural program registrants*	5,372	≥3,747	●
Number of adult cultural program participants	440	≥575	◆
Number of cultural events offered	25	≥35	◆
NORDC did not meet the target because the Commission decreased the number of Movies In the Park events to allow for rain day make ups.			
Average daily number of youth camp participants~	3,007	≥3,500	◆
Average daily number of teen camp participants~	660	≥760	◆
Number of summer camps~	40	≥33	●
NORDC held 7 teen camps and 33 youth camps in Q2.			
Average number of pool users per hour*	231	≥251	▲
Number of swimming lesson registrants*	5,442	≥5,123	●

Quarter 2 Analysis

In Q2, the City and FEMA reopened the \$5.6 million Tremé Center in the Tremé neighborhood and the \$4.9 million John P. Lyons Memorial Center in the East Riverside neighborhood, both of which had been closed since Hurricane Katrina. The New Orleans Recreation Development Commission (NORDC) launched its 2013 summer youth recreation program, including 34 youth camps with 3,820 registrants and 7 teen camps with 1,140 registrants. In June, the City opened 13 swimming pools throughout the city, and NORDC facilitated summer aquatics programs that focused on water skills and education. In Q2, 5,442 registrants enrolled in NORDC swimming lessons.

In May, Mayor Landrieu announced that the City of New Orleans has been recognized for the second year in a row as a "Playful City USA" honoree by KaBOOM!, a national non-profit organization dedicated to saving play. The award honored the City for making a commitment to play and physical activity by developing unique local action plans to increase the quantity and quality of play in the community.

Related Strategy: Provide recreational opportunities to residents										

Mission

To act as a catalyst for the revitalization of the city, partnering in strategic developments that celebrate the city's neighborhoods and honor its traditions.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of properties returned to commerce through disposition programs (Auction, Lot Next Door, Developer, Alternative Land Use)	243	≥250	▲
<i>A successful auction in March and a partnership with the City's Office of Community Development soft-second mortgage developer program led to an increase in property sales in Q2.</i>			
Number of sales where agreements were successfully completed by the end user for disposition programs	104	MS	MS
<i>YTD, 1,586 former Road Home properties have completed agreements. NORA completed its first complete evaluation of all past sales agreements in Q2 and will enforce sales agreements which are not in compliance. NORA expects that increased enforcement will lead to improved compliance rates over the next year.</i>			
Value of NORA direct investment in real estate projects	\$6,996,307	MS	MS
<i>NORA invested in housing redevelopment with \$473,342 in Neighborhood Stabilization Program 2 funds and 1,650,000 in two major commercial corridor projects – the former Myrtle Banks school on OC Haley Blvd and Broad Refresh on Broad St, both of which will feature fresh food and house local businesses.</i>			
Value of leveraged investment committed to real estate projects	\$50,924,262	MS	MS
<i>The increased amount of leveraged funds overall and the increased ratio of leveraged funds is due to the commercial projects where NORA helped close a funding gap in projects that had complementary sources of capital.</i>			
Percent of total development costs that is leveraged investment	88%	MS	MS
<i>YTD, \$50 million of \$57.9 million was leveraged.</i>			

Quarter 2 Analysis

In Q2, the New Orleans Redevelopment Authority (NORA) sold 97 of the 110 properties, or 88%, that received bids at its auction in March 2013. NORA also launched the expanded Lot Next Door program, with a new online tool, on May 1. The Expression of Interest tool available on NORA's website (www.noraworks.org) was available throughout the registration period ending August 1.

Mission

To efficiently and effectively manage, develop, beautify, preserve and protect approximately 2,000 acres of public green space, including neutral grounds, parks, historic sites, playgrounds, two golf courses and approximately 500,000 public trees.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of major corridor acres mowed on a 1-3 week cycle during peak growing season*	75%	≥75%	●
<i>In Q2, 605 of 806 acres were mowed on 1-3 week cycle.</i>			
Number of acres mowed*	9,851	≥8,820	●
<i>Parkways' mowing productivity increased due to the receipt of three new pieces of mowing equipment.</i>			
Number of emergency tree service requests completed	244	MS	MS
Average number of days to complete non-emergency tree service requests	180	≤119	◆
<i>The Department completed 306 non-emergency tree service requests YTD. The result was affected by a large number of emergency requests, equipment outages and staffing levels.</i>			
Number of 18-hole rounds of golf played*	9,328	≥10,000	▲
<i>April rainfall affected the number of rounds played in Q2. The Department anticipates meeting the 2013 target. Following the construction of a new \$4.3 million club house, which broke ground in June, the Joseph M. Bartholomew, Sr. Municipal Golf Course will be able to host more events and larger tournaments.</i>			
Revenue earned through golf courses*	\$298,140	≥\$300,000	▲
<i>The YTD result is related to the number of rounds of golf played, which was affected by April rainfall. The Department anticipates meeting the 2013 target.</i>			

Quarter 2 Analysis

Record rainfall in April resulted in a large number of tree emergencies, which limited the Department's ability to make headway on the lengthy list of non-emergency tree trimming requests. Equipment outages and staffing issues also affected the number of days to complete non-emergency tree service requests.

The April rainfall also affected the number of 18-hole rounds of golf played and related revenue, though the Department anticipates meeting the 2013 targets. In June, City, State, and FEMA officials broke ground on a new \$4.3 million club house at Joseph M. Bartholomew, Sr. Municipal Golf Course. Following construction, the Department will be able to host more events and larger tournaments.

Parks and Parkways worked with several partners in Q2 to remove vegetation cleared and collected by volunteers from multiple sites, including Coliseum Square, Lafayette Square, Sophie Wright Place, Canal Blvd. and Palmer Park. Parkways also provided and delivered cost-free wood chip material generated from its own forestry operations to volunteer groups, such as Hike for KaTreena, to install protective mulch around 1,000 city trees.

Though the Department received three new pieces of mowing equipment in Q2, the age and condition of its forestry, mowing, and hauling equipment continues to hamper the Department's effectiveness, including for post-event clean-up and in the aftermath of weather related emergencies.

Number of emergency tree service requests completed	629	MS	1,061	MS	60	184	MS	MS	MS	
Counts the number of emergency tree issues resolved. Emergency tree service requests are completed in 7 days or less. Tree trimming and removal prevents damage to public and private property. The number of emergency tree service requests completed affects the time to complete non-emergency tree service requests.										
<i>Related Strategy: Protect and preserve parks and other green spaces</i>										
Average number of days to complete non-emergency tree service requests	75	▲	132	▲	173	185	≥119	≥119	❖	
Calculated by averaging the number of days from notification of a tree issue to the issue's resolution, for issues resolved during the reporting period. This measure does not include calls for emergency service. Tree trimming and removal prevents damage to public and private property.										
<i>Related Strategy: Protect and preserve parks and other green spaces</i>										
Number of 18-hole rounds of golf played*	-	-	19,209	-	3,965	5,363	≥10,000	≥20,000	▲	
Counts the number of rounds played as per golf course point of sale at the Joseph M. Bartholomew Municipal Golf Course in Pontchartrain Park. This is an indicator of the level of activity at the City's golf course.										
<i>Related Strategy: Provide recreational opportunities to residents</i>										
Revenue earned through golf courses*	-	-	-	-	\$113,073	\$185,067	≥\$300,000	≥\$600,000	▲	
Dollar value of golf revenue earned as per golf course point of sale at the Joseph M. Bartholomew Municipal Golf Course in Pontchartrain Park. Revenues generated by golf course greens fees help to offset the budgeted funds the course requires to operate.										
<i>Related Strategy: Effectively steward the City's financial resources</i>

Mission

To promote better services to citizens by utilizing data to develop operational improvements, make better-informed policy decisions, foster transparency in how City government is performing, build trust in government and promote accountability for delivering results to citizens.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Average usefulness of STAT meetings to meeting attendees, as scored on a scale from 1-5	5.0	≥4	●
YTD, OPA received 5 ratings.			
Average number of days to release the quarterly ResultsNOLA report	60.5	≥60	▲

Quarter 2 Analysis

In June, the International City/County Management Association (ICMA) announced that the City of New Orleans, for the first time, was recognized for superior performance management efforts with a Certificate of Distinction from the ICMA Center for Performance Measurement. According to Wayne Sommer, ICMA’s Director of U.S. Programs, “Jurisdictions meeting the qualifications have demonstrated leadership in continuous improvement and community engagement, and they serve as examples for other governments to follow.” ICMA affirmed that performance management aids in cost reduction, program prioritization, and quality improvement, while encouraging accountability and transparency.

In support of the City’s Budgeting for Outcomes process, in Q2, the Office of Performance and Accountability (OPA) began its review of City organizations’ proposed 2014 performance measures and targets. Following its review, OPA will work with the organizations to refine the measures and targets to ensure that measures are meaningful, understandable, important, actionable, and measurable, and that targets are ambitious, yet achievable.

Also in Q2, OPA worked with the Innovation Delivery Team to begin developing CustomerServiceSTAT, a recurring data-driven performance review meeting focused on customer service, with an initial emphasis on 311 calls, permitting and licensing, and land use issues. CustomerServiceSTAT meetings will be open to the public.

To provide a clearer frame of reference for assessing the performance of the City’s programs and services, OPA began to take an in depth look at the City’s performance in comparison to other jurisdictions across the country, as part of its participation in the ICMA comparative performance management program. Participation in the program will enable City managers to better gauge the efficiency and effectiveness of operations, and provide a starting point for determining the causes of differences and improving performance.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average usefulness of STAT meetings to meeting attendees, as scored on a scale from 1-5	4.0	●	4.4	●	5.0	5.0	≥4	≥4	●	
Calculated by averaging attendees' (both members of the public and city employees) rating of satisfaction with the presentation. It is important to note that this is not a scientific survey and the results are subject to selection bias. The data, along with public comments, allows the Office to assess whether the programs are meeting the expectations of attendees and to redirect its work where needed.										
<i>Related Strategy: Manage the City's information and analyze the City's data</i>										
Average number of days to release the quarterly ResultsNOLA report	62	◆	46	▲	60	61	≥60	≥60	▲	
Averages the number of days from the end of the quarter to the issuance of the ResultsNOLA report. Quarters end on March 31, June 30, September 30, and December 31. Government organizations should report performance information on a timely basis so users can use such information as a key part of the decision-making and accountability processes.										
<i>Related Strategy: Govern the City with integrity and accountability</i>										

Mission

To provide professional police services to the public in order to maintain order and protect life and property. We will identify and solve problems by forming partnerships with the citizens of our community to enhance the quality of life for our citizens and visitors. Our service will be delivered through transparency, accountability, collaboration, and integrity.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Field Operations Bureau Investigations clearance rate for crimes against persons	44%	≥41%	●
<i>YTD, the NOPD cleared 500 of 1,147 crimes.</i>			
Field Operations Bureau Investigations clearance rate for crimes against property	15%	≥18%	◆
<i>YTD, the NOPD cleared 988 of 6,627 crimes. Many officers responsible for follow-up investigations were re-deployed in Q1 due to numerous citywide special events. Additionally, in 2013 the Department is emphasizing attendance for the required 40 hour in-service training.</i>			
Percent of officers completing 40 hours of required in-service training	42%	≥50%	◆
<i>YTD, 535 of 1,265 officers completed the in-service training.</i>			
Number of complaints about officers made to the NOPD Public Integrity Bureau	517	MS	MS
Number of Neighborhood Watch (Community Coordinating) meetings	494	≥400	●

Quarter 2 Analysis

While the demands associated with numerous significant special events affected Q1 clearance rates and DWI arrests, in Q2, the New Orleans Police Department (NOPD) increased the clearance rates for crimes against persons by 12% and for crimes against property by 4%, and increased the number of DWI arrests by 26.8%. While improving performance and maintaining emergency services, the NOPD supported high profile Q2 special events, including Jazz Fest and French Quarter Fest.

The murder rate decreased nearly 21% in the first half of 2013, when compared to the first half of 2012, nearly 35% in Q2 2013, when compared to Q2 2102. The NOPD's challenge for the second half of 2013 is to continue to reduce murder and violent crimes. The City will continue to implement its Comprehensive Murder Reduction Strategy, NOLA FOR LIFE, including the Group Violence Reduction Strategy to apply concentrated enforcement within areas of high crime on the groups of individuals that commit violent acts.

The multi-agency gang unit indicted 4 gangs in 2013, YTD. In the past 6 months, indictments include the District Attorney's indictment of the 110'ers gang in a litany of violent crimes, including 10 murders, and a 30 count racketeering indictment against 20 defendants of the 3-N-G gang, which is responsible for at least 10 murders from October of 2008 to February 2013; the federal 16-count drug indictment against seven members of the Allen family; and the indictment of 5 alleged members of a 7th Ward gang by a federal grand jury on charges of conspiring to deal crack cocaine and illegally possessed guns.

Mayor's Outstanding Performance Award Ricky Jackson, Narcotics Detective

Detective Ricky Jackson serves as the embodiment of dedication and work ethic. Detective Jackson often commands surveillance units out in the field, some of which contributed to recent indictments of the T-Blocc gang at N. Tonti and Almonaster.

Measure	YTD Actual	YTD Target	Status
Number of police report reviews	1,815	1,600	●
Monthly average of crimes against person	460	MS	MS
Monthly average of crimes against property	2,238	MS	MS
Number of Driving While Intoxicated (DWI) arrests	626	≥885	◆
The number of DWI arrests in Q1 were below target due to numerous citywide special events.			
Number of NOPD integrity checks	119	≥120	▲

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Field Operations Bureau Investigations clearance rate for crimes against persons	43%		41%		37%	49%	≥41%	≥41%		
Calculated by dividing the number of closed persons crime cases by the total number of persons crimes. Closing cases can result in the apprehension of perpetrators and can allow the police to take more effective action to prevent future crimes.										
<i>Related Strategy: Enforce the law with integrity</i>										
Field Operations Bureau Investigations clearance rate for crimes against property	13%		15%		13%	17%	≥18%	≥18%		
Calculated by dividing the number of closed property crime cases by the total number of property crimes. Closing cases can result in the apprehension of perpetrators and can allow the police to take more effective action to prevent future crimes.										
<i>Related Strategy: Enforce the law with integrity</i>										
Percent of officers completing 40 hours of required in-service training	100%		-	-	13%	29%	≥50%	100%		
Calculated by dividing the number of police officers who have completed 40 hours of in-service training during the quarter by the total number of police officers on the first day of the year. This measure shows the proportion of NOPD involved in programs to improve their capacity to serve the public.										
<i>Related Strategy: Enforce the law with integrity</i>										
Number of complaints about officers made to the NOPD Public Integrity Bureau	1,401	MS	271	MS	252	265	MS	MS	MS	
Counts the number of complaints (whether an investigation is initiated or not) that the New Orleans Police Department receives regarding officers' behavior. This includes but is not limited to complaints on issues like discourtesy, excessive use of force, false arrest, and unethical behavior. This is an indicator that allows management to assess the integrity and conduct of officers.										
<i>Related Strategy: Reform NOPD policies and operations</i>

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of Neighborhood Watch (Community Coordinating) meetings	1,146	❖	1,238	●	228	266	≥400	≥800	●	
Counts the number of neighborhood watch group meetings attended by NOPD each period. This measure shows the level of NOPD involvement with residents' work to make neighborhoods safer.										
<i>Related Strategy: Employ proactive policing and positive community engagement</i>										
Number of police report reviews	3,867	❖	-	-	831	984	≥1,600	≥3,200	●	
Counts the number of individual police reports reviews by the Office of the Superintendent of Police. Reviewing reports provides quality assurance and allows management to intervene when improvement programs need to be utilized.										
<i>Related Strategy: Reform NOPD policies and operations</i>										
Monthly average of crimes against person	229	MS	247	MS	662	257	MS	MS	MS	
Calculated by dividing the number of reported victims of crimes against persons (Homicide, Rape, Assault, and Robbery) each quarter by 3 months. Crimes against persons are an endangerment of individuals' personal safety.										
<i>Related Strategy: Enforce the law with integrity</i>										
Monthly average of crimes against property	1,168	MS	1,152	MS	3,235	1,241	MS	MS	MS	
Calculated by dividing the number of reported victims of crimes against property (Burglary, Theft, and Auto Theft) each quarter by 3 months. This indicates the safeguarding of individuals' rights to ownership or property within the community.										
<i>Related Strategy: Enforce the law with integrity</i>										
Number of Driving While Intoxicated (DWI) arrests	1,624	●	1,232	❖	276	350	≥885	≥1,770	❖	
Counts the number of arrests for Driving While Intoxicated (DWI). This reflects the NOPD's enforcement of DWI laws to protect safety. Arrests remove drunk drivers from the road and deter potential drunk drivers.										
<i>Related Strategy: Enforce the law with integrity</i>										
Number of NOPD integrity checks	243	●	355	●	58	61	≥120	≥240	⚠	
Counts the number of investigations led by the New Orleans Police Department, which determine the appropriateness of officers' behavior. Integrity checks, similar to secret shopping in the private sector, are intended to determine whether police follow protocol in different situations. This reflects actions being taken to monitor and improve the integrity and conduct of officers.										
<i>Related Strategy: Support oversight entities to promote transparency, accountability, and trust</i>

Property Management George Patterson, Director

Mission

To acquire and record properties for City use, maintain and perform routine repairs and maintenance of City buildings and equipment, manage contract custodial services, assign space to departments based on need, and maintain custody of all immovable property (Building and Land) owned and/or operated by the City.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of work order requests completed	1389	≥1,300	●
YTD, Property Management completed 1,169 of 1,389 requests within 30 days.			
Percent of work orders/service requests completed within 30 days	84%	≥75%	●
YTD, Property Management completed 1,106 of 1,389 work orders using in-house staff.			
Percent of work orders completed using in-house staff	80%	≥75%	●
YTD, Property Management completed 1,106 of 1,389 work orders using in-house staff.			
Amount of revenue collected from the rent of City owned properties	\$546,003	≥\$425,000	●
YTD, Property Management completed 1,106 of 1,389 work orders using in-house staff.			
Number of Property Management emergencies responded to and resolved using Job Order Contracting	282	MS	MS

Quarter 2 Analysis

The Department responded to 131 emergencies using Job Order Contracting for roof repairs, HVAC, electrical, and plumbing at fire and police stations, court buildings, and other facilities. The Department's management of these projects resulted in the continuation of operations at these critical facilities.

In Q2, engineering staffing shortages resulted in increased response times related to calls for temperature adjustments, preventative maintenance, and small repairs. Further, due to funding constraints that led the Department to discontinue the use of outside vendors to maintain cemetery grass, the Department reassigned 5 staff to mowing. The reassignment will affect the timeliness of the Department's responses to work order requests in the second half of the year.

Mayor's Outstanding Performance Award Thomas Terry, Building Superintendent

Thomas Terry is a highly reliable employee in Property Management who responds at all hours to high priority maintenance needs in City Hall and Civil District Court.

Property Management George Patterson, Director

 New Measure with insufficient historical data to set target

Mission

To provide the citizens of Orleans Parish with the highest quality client-centered legal representation in Louisiana's criminal and juvenile justice system.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Cumulative case workload	10,219	MS	MS
Number of new cases	8,553	MS	MS
Number of clients served through the OPD Client Services Division	763	MS	MS
Number of volunteer hours provided through the OPD Client Services Division	11,760	Establishing Baseline	-
Cumulative misdemeanor case workload per staff attorney ¹	1,479	450	❖
Cumulative capital case workload per staff attorney ¹	4	5	●
Cumulative felony case workload per staff attorney ¹	95	200	●

¹Targets are based on State workload standards.

Quarter 2 Analysis

The Client Services Division (CSD) continued to provide services to address underlying treatment needs and decrease recidivism. Advocates served more than 200 clients with nearly 400 long-term services in Q2, with a success rate of 60%, a steady increase since 2012. With the assistance of volunteers, in the first half of 2013, CSD provided immediate post-arrest assistance to approximately 7,000 clients. The increases resulted from CSD's expansion and the growth of the network of social service providers.

In the first half of 2013, the Orleans Public Defender (OPD) lost 27 staffers, 16 of them attorneys. While OPD's staffing remains below national best practice levels, a decrease in the numbers of arrests and accepted cases has allowed the Office to manage its operations. However, 2013 revenues are not meeting expectations. Budget constraints have affected staffing levels, and attorneys exceeded state workload standards for misdemeanor cases in the first half of the year. Recent multi-defendant Group Violence Reduction Strategy (GVRS) arrests and indictments have also presented challenges to the OPD, both due to budget constraints and conflicts of interest, and its ability to provide representation to the defendants is limited. Additionally, the United States Supreme Court decision in *Miller vs. Alabama* presents new challenges in cases where children are charged as adults. The new rules require more time and resources, and OPD recently received a federal grant through the Mayor's Office to handle such cases. The Office continues to seek additional grants and other assistance.

OPD continued to rely on volunteer assistance, and in Q2, the Office tallied more than 2,100 volunteer hours from intensive interns, service learning students, summer interns and law clerks. OPD will continue to work with partners, including the Pro Bono Consortium and private bar, to fill gaps and improve existing services.

	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Cumulative case workload	-	MS	-	MS	5,674	10,219	MS	MS	MS	
The Q1 workload is calculated by adding the number of cases open at the end of the prior reporting period to the number of new cases received during the reporting period. The YTD or annual workload is calculated by adding the Q1 workload to the new cases in subsequent quarters. This is a measure of workflow that allows for better management of case assignment and staffing.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of new cases	-	MS	-	MS	4,008	4,545	MS	MS	MS	
Counts the number of new cases received in the reporting period. This does not include juvenile cases. This is a measure of workflow that allows for better management of case assignment and staffing.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Number of clients served through the OPD Client Services Division	-	MS	-	MS	537	226	MS	MS	MS	
Counts the number of clients for whom the Client Services Division provided advocacy and service referral. This is a measure of workflow that allows for better management of case assignment, staffing and client services. It is used to help identify service gaps.										
<i>Related Strategy: Prevent illegal activity by addressing root causes</i>										
Number of volunteer hours provided through the OPD Client Services Division	-	-	-	-	9,604	2,156	Establishing Baseline	Establishing Baseline	-	
Counts the number of OPD work hours reported by volunteers. Over-reliance on volunteer assistance was identified in OPD evaluations as a weakness in the organization, a symptom of underfunding.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Cumulative misdemeanor case workload per staff attorney	-	-	-	-	828	1,479	450	450		
The Q1 workload is calculated by adding the number of cases open at the end of the prior reporting period to the number of new cases received during the reporting period. The YTD or annual workload is calculated by adding the Q1 workload to the new cases in subsequent quarters. The workload per staff attorney is calculated by dividing the workload by the number of full-time OPD staff attorneys at the end of the reporting period who are competent to handle misdemeanor cases. The calculations do not include the OPD leadership. This is a measure of workflow that allows for better management of case assignment and staffing. The state annual case workload standard is 400-450.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Cumulative capital case workload per staff attorney	-	-	-	-	4	4	5	5		
The Q1 workload is calculated by adding the number of cases open at the end of the prior reporting period to the number of new cases received during the reporting period. The YTD or annual workload is calculated by adding the Q1 workload to the new cases in subsequent quarters. The workload per staff attorney is calculated by dividing the workload by the number of full-time OPD staff attorneys at the end of the reporting period who are competent to handle capital cases. The calculations do not include the OPD leadership. This is a measure of workflow that allows for better management of case assignment and staffing. The state annual case workload standard is 3-5.										
<i>Related Strategy: Effectively and fairly administer justice</i>										
Cumulative felony case workload per staff attorney	-	-	-	-	49	95	200	200		
The Q1 workload is calculated by adding the number of cases open at the end of the prior reporting period to the number of new cases received during the reporting period. The YTD or annual workload is calculated by adding the Q1 workload to the new cases in subsequent quarters. The workload per staff attorney is calculated by dividing the workload by the number of full-time OPD staff attorneys at the end of the reporting period who are competent to handle felony cases. The calculations do not include the OPD leadership. This is a measure of workflow that allows for better management of case assignment and staffing. The state annual case workload standard is 150-200.

Mission

To construct and maintain the highest quality of safe and sustainable transportation facilities for users of vehicular, bicycle, pedestrian and rail transportation, in order to improve the quality of life and create opportunities for economic development for all New Orleanians.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of potholes filled	22,655	≥10,000	●
<i>DPW exceeded its annual target due to a push in Q1 in advance of numerous special events. The number of potholes filled for the remainder of the year will be severely limited due to funding constraints.</i>			
Number of catch basins cleaned	1,773	≥1,500	●
<i>In addition to the catch basins, DPW cleaned over 28 miles worth of drain lines through Q2.</i>			
Percent of DPW construction projects delivered on or ahead of schedule	75%	≥80%	▲
<i>The start of several bond funded projects was delayed to allow for the further coordination with work planned under the Recovery Roads Program.</i>			
Number of streetlight outages restored	11,447	≥4,000	●
<i>DPW exceeded its annual target for streetlight outages restored, and repairs for the remainder of the year will be limited due to funding constraints.</i>			
Average number of days to close 311 abandoned vehicle service requests	40	≤25	◆
<i>DPW did not meet the target primarily due to a shortage of tow truck drivers and a large number of junked car cases. DPW plans to hire additional tow truck drivers in Q3.</i>			
Number of parking citations	173,645	MS	MS
<i>The number of citations issued was in line with the forecast.</i>			
Number of tows	6,834	MS	MS
<i>The number of tows was less than the forecasted due to staffing shortages.</i>			
Number of boots	3,089	MS	MS
<i>The number of boots was slightly less than forecasted.</i>			

Quarter 2 Analysis

DPW continued to aggressively install LED streetlights citywide, with 8,969, comprising 17.5% of the total, installed through Q2. The number of streetlights out in the city, 3,330 at the end of Q2, approximately 7% of the total, was the lowest since Hurricane Katrina. However, without the passage of the long-term plan that the administration introduced to the City Council, DPW is limited in the volume and types of repairs and maintenance that the department can complete in the second half of the year. The administration plan includes a sustainable funding source.

DPW completed critical capital improvement projects in Q2, including the phase 1 extension of Patterson Dr. from Hendee St. to Heerman St., New Orleans East streetscape improvements, and Edgelake Ct. from Crowder Rd. to Hayne Blvd. DPW also started construction on critical capital improvement projects, including South Carrollton Ave. streetscape and intersection improvements, the Harrison Avenue streetscape project, and Lizardi St, a Recovery Roads Program project in St Claude.

In addition, through Q2, DPW installed over 4,800 temporary signs and over 1,200 permanent traffic signs, while also completing 591 repairs to traffic signals and school zone flashing beacons.

Number of potholes filled	53,309	●	60,401	●	14,272	8,383	≥10,000	≥20,000	●	
Counts the number of potholes filled using pothole killers and patch crews. Road conditions affect driver safety, as well as wear-and-tear on vehicles. <i>Related Strategy: Maintain and improve road surface infrastructure</i>										
Number of catch basins cleaned	3,339	◆	5,364	●	1,053	720	≥1,500	≥3,000	●	
Counts the number of catch basins cleaned. Clear catch basins allow for better drainage, and help to mitigate the risk of property damage due to flooding. <i>Related Strategy: Optimize the City's subsurface drainage infrastructure to ensure resilient neighborhoods</i>										
Percent of DPW construction projects delivered on or ahead of schedule	-	-	-	-	76%	74%	≥80%	≥80%	▲	
Calculated by dividing the actual number of projects that were completed by the total number of projects scheduled to be completed, according to the Jan 1, 2013 baseline schedule. This is an indicator of how well DPW is managing its capital program. <i>Related Strategy: Effectively administer the City's capital improvements program</i>										
Number of streetlight outages restored	10,925	-	12,500	◆	4,547	6,900	≥4,000	≥8,000	●	
Counts the number of routine and Time & Equipment (T&E) streetlight repairs completed. A lack of lighting can detract from public safety and create an opportunity for accidents or crime. <i>Related Strategy: Maintain and improve road surface infrastructure</i>

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average number of days to close 311 abandoned vehicle service requests	-	-	-	-	45	32	≤25	≤25	⬮	
Calculated by averaging the number of calendar days from receipt of abandoned vehicle service requests via 311 to the towing or removal from public property by the DPW Parking Division. Includes requests completed during the reporting period. The presence of abandoned vehicles leads to the perception of neglect, which can signal opportunities for illegal dumping or other crimes. Abandoned vehicles also interrupt parking circulation and can become harborages for rats and mosquitos.										
<i>Related Strategy: Promote quality neighborhoods</i>										
Number of parking citations	302,653	MS	290,214	MS	97,292	76,353	MS	N/A	MS	
Counts the number of parking citations issued. Parking citations are integral in the enforcement of parking laws. Parking violations prevent proper parking circulation and can block sidewalks, driveways, and intersections.										
<i>Related Strategy: Enforce the law with integrity</i>										
Number of tows	12,499	MS	11,093	MS	3,271	3,563	MS	N/A	MS	
Counts the number of confirmed tows. Tows are made because of parking violations, which often prevent proper parking circulation and can block sidewalks, driveways, and intersections.										
<i>Related Strategy: Enforce the law with integrity</i>										
Number of boots	4,399	MS	6,702	MS	1,160	1,929	MS	N/A	MS	
Counts the number of confirmed boots. Booting is an important enforcement action to increase compliance with parking laws. Parking violations prevent proper parking circulation and can block sidewalks, driveways, and intersections.										
<i>Related Strategy: Enforce the law with integrity</i>

Mission

To preserve assets, both human and physical, by identifying and evaluating risk, and controlling exposure to potential losses.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of general liability claims per 10,000 population	1.7	MS	MS
Annualized value is 3.8 per 10,000 population.			
Number of traffic accidents per 100,000 miles driven – law enforcement vehicles	1.0	Establishing Baseline	-
Number of worker’s compensation claims per 100 full-time equivalents (FTEs)	6.1	Establishing Baseline	-
Annualized value is 12.32 per 100 FTEs.			
Number of worker days lost per injury per full-time equivalent (FTE)	0.62	MS	MS
Annualized value is 0.72 per FTE.			

Quarter 2 Analysis

The number of worker days lost per injury per full-time equivalent employee more than doubled in Q2. The Risk Management Unit will use recommendations from a complete risk management plan to limit or eliminate potential exposures.

*In 2011 and 2012, the Risk Management Unit was in the Law Department.

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of general liability claims per 10,000 population	-	MS	-	MS	0.9	0.8	MS	MS	MS	
Counts the number of general liability claims per 10,000 residents. The number of claims against the City is important in allowing management to identify risks and estimate financial and legal exposure.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Number of traffic accidents per 100,000 miles driven – law enforcement vehicles	-	-	-	-	0.5	0.5	Establishing Baseline	Establishing Baseline	-	
Counts the number of traffic accidents per 100,000 miles driven by law enforcement vehicles. Ensuring that the number of accidents involving law enforcement vehicles remains low protects the City from financial and legal exposure.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Number of worker's compensation claims per 100 full-time equivalents (FTEs)	-	-	-	-	3.1	3.0	Establishing Baseline	Establishing Baseline	-	
Counts the number of new worker's compensation claims per 100 FTEs. Low numbers of worker's comp claims per FTE suggests employees are properly following safety protocols.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										
Number of worker days lost per injury per full-time equivalent (FTE)	-	MS	-	MS	0.18	0.44	MS	MS	MS	
Calculated as the total number of days lost due to injury divided by the number of FTEs. This indicator reveals the amount of productivity lost from worker's comp related claims.										
<i>Related Strategy: Effectively steward the City's financial resources</i>										

Mission

To administer and enforce the Comprehensive Zoning Ordinance, the Building Code, the Electrical Code, and the Mechanical Code to ensure compliance with international standards for the construction, alteration, repair, use, occupancy, and demolition of buildings, structures, and properties. To enforce related land use regulations and ordinances such as the flood plain requirements moratorium.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Revenue generated from permits	\$5,645,551	MS	MS
<i>Q2 revenue was higher than anticipated due to permit fees for several large projects, including new school facilities, Tulane Stadium, and the South Market District development in the CBD.</i>			
Average number of days for initial commercial building permit plan review	14	≤15	●
<i>YTD, Safety and Permits completed 346 initial commercial building permit plan reviews.</i>			
Average number of days for initial residential building permit plan review	2.1	≤5	●
<i>YTD, Safety and Permits completed 1,110 initial residential building permit plan reviews.</i>			
Average number of days, application to permit issuance – commercial	12.5	≤42	●
<i>YTD, Safety and Permits issued 4,159 commercial building permits. Measure changed from business days to calendar days in Q2. The Q1 result was previously reported as 11 business days.</i>			

Quarter 2 Analysis

Safety and Permits has experienced efficiency gains as a result of the opening of the City's One Stop Shop for permits and licenses. For example, the average number of days to respond to business license application inspection requests decreased from 11 days in 2012 to 7.2 days in Q2 2013. In person wait times for permit applications decreased from more than 20 minutes in April to 12 minutes as the Department implemented a new electronic queuing management system. In Q2, the Safety and Permits received 565 permit applications and 20 occupational license applications online at nola.gov/onestop, and the Department issued the permits and licenses electronically. Also, the Department developed and launched an online process for the submission of FEMA Flood Insurance Rate Map Appeals – for more information, please visit <http://www.nola.gov/safety-and-permits/floodplain-management/>.

In Q2, Safety and Permits experienced staffing challenges related to the departure of four inspectors. The remaining inspection staff temporarily managed the increased workload while the Department hired additional inspectors. The currently vacant Assistant Zoning Administrator position will also be filled in Q3, and is expected to result in faster plan and license reviews.

Safety and Permits Jared Munster, PhD, Director

Measure	YTD Actual	YTD Target	Status
Average number of days, application to permit issuance – residential	7.1	≤17	●
<i>YTD, Safety and Permits issued 12,499 residential building permits. Measure changed from business days to calendar days in Q2. The Q1 result was previously reported as 7 business days.</i>			
Average number of days to respond to a complaint	3.4	≤4	●
<i>YTD, Safety and Permits responded to 608 complaints. Measure changed from business days to calendar days in Q2. The Q1 result was previously reported as 4.0 business days.</i>			
Average number of days to respond to a business license application inspection request	8.7	≤7	◆
<i>YTD, Safety and Permits completed 2,230 zoning inspections of new businesses.</i>			
Average number of days to respond to a building inspection request	N/A	≤3	N/A
<i>Q1 and Q2 data not reported because the data was unreliable.</i>			
Percent of building permits issued within 1 day of receipt	69%	MS	MS
<i>YTD, 3,272 of 4,722 building permits were issued within 1 day of receipt. Measure changed from business days to calendar days in Q2.</i>

Revenue generated from permits	\$10,699,708	MS	\$9,366,643	MS	\$2,473,962	\$3,171,589	MS	MS	MS	
Dollar value of total revenue invoiced from fees related to permits and permit applications. This indicates the level of construction activity in New Orleans, which is a measure of the City's revitalization.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Average number of days for initial commercial building permit plan review	10		17		12	14	≤15	≤15		
Calculated by averaging the number of days to review plans submitted for commercial construction permits in order to ensure they comply with code requirements. The calculation may include additional time beyond the initial review. This measure shows how long it takes to review plans and solicit revisions from designers, and it affects the development community's perception of the ease of doing business in New Orleans.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Average number of days for initial residential building permit plan review	3		4		2.7	1.8	≤5	≤5		
Calculated by averaging the number of days to review plans submitted for residential building permits in order to ensure they comply with building code requirements. The calculation may include additional time beyond the initial review. This measure shows how long it takes to review plans and solicit revisions from designers, and it affects residents' and the development community's perceptions of the ease of doing business in New Orleans.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Average number of days, application to permit issuance – commercial	-	-	-	-	12	13	≤42	≤42		
Calculated by averaging the number of days from application submittal to permit issuance for all commercial building permits issued in the period. Building permit types included in this calculation are accessory structure, 1st time billboards, new construction, structural and non-structural renovation, repairs, and swimming pools. This measure includes City review time as well as time spent by applicants in completing architectural revisions and supplying additional required documentation. This measure is used to suggest overall expectation for process completion for citizens considering application timelines.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average number of days, application to permit issuance – residential	-	-	-	-	7.8	6.5	≤17	≤17		
Calculated by averaging the number of days from application submittal to permit issuance for all residential building permits issued in the period. Building permit types included in this calculation are accessory structure, 1st time billboards, new construction, structural and non-structural renovation, repairs, and swimming pools. This measure includes City review time as well as time spent by applicants in completing architectural revisions and supplying additional required documentation. This indicator is used to suggest overall expectation for process completion for citizens considering application timelines.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Average number of days to respond to a complaint	-	-	N/A	-	5.8	1.9	≤4	≤4		
Calculated by averaging the number of days to make an inspection based upon a complaint received by the department for building and permit violations. This does not include complaints regarding permitted projects, as such complaints are captured as inspections under the building permit. This measure allows management to assess the timeliness of responses to complaints.										
<i>Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties</i>										
Average number of days to respond to a business license application inspection request	-	-	11		9.3	7.2	≤7	≤7		
Calculated by averaging the number of days to schedule and make an inspection, based upon permit(s) received, to ensure compliance with respective codes. Note that each type of permit requires a separate inspection request (i.e. an electrical inspection is separate from a building inspection). This measure allows management to assess the timeliness of responses to inspection requests.										
<i>Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties</i>										
Average number of days to respond to a building inspection request	-	-	-	-	N/A	N/A	≤3	≤3	N/A	
Calculated by averaging the number of days to schedule and make an inspection, based upon permit(s) received, to ensure compliance with respective codes. Mission

To provide solid waste services to the citizens of New Orleans through the collection, disposal and recycling of discarded material in a manner that is safe, efficient, environmentally sound and cost-effective. The Department enforces the City's Code and provides educational information to the public in the effort to eliminate illegal dumping and littering and promote recycling.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of illegal dumping sites cleared*	1,004	≥359	●
<i>Sanitation significantly exceeded the target due to increased staff productivity as well as improved reporting.</i>			
Landfill disposal costs*	\$2,663,290	≤\$2,883,307	●
<i>The YTD costs were below target due to increases in recycling volumes, continued oversight of contractors, and a delay in receiving the costs associated with the Household Hazardous Materials Collection Day held in June.</i>			
Special event costs*	\$1,077,407	≤\$1,434,726	●
<i>The YTD costs were below the target due to scheduling revisions and continued oversight of contractors.</i>			
Recyclable material collected (in tons)	3,400	≥3,000	●
<i>The amount exceeded the target due to an increase in the number of recycling carts delivered in the first half of 2013, and overall increases in the volumes recycled.</i>			
Average number of days to close illegal dumping 311 cases	13	Establishing Baseline	-
<i>YTD, 744 illegal dumping 311 cases (a subset of the all illegal dumping cases) were closed.</i>			

Quarter 2 Analysis

In Q2, Sanitation continued implementation of special event cost reduction efforts that it began in 2012, resulting in \$10,000 in savings for French Quarter Fest. Also in Q2, the City developed and issued invitations to bid for emergency debris removal for three zones, and received pre-approval from the Louisiana Department of Environmental Quality (LDEQ) for significantly expanded capacity at five emergency debris sites. The Department also held a Household Hazardous Waste Materials Collection Day, which resulted in the collection of items from more than 240 citizens filling more than four semi-trailers. Further, Sanitation received approval from LDEQ for an assessment monitoring work plan and the semi-annual groundwater monitoring report for the City's closed Recovery 1 Landfill. The Department participated in an LDEQ inspection of the landfill that resulted in approval for commencement of the post-closure period that will lead to the end of City monitoring of the site.

External factors that impacted Sanitation's Q2 performance included special events, (French Quarter Fest, Jazz Fest, and second line parades) and ongoing challenges related to illegal dumping, littering, and illegal trash containment. Equipment availability also impacted performance, as the Department continued to experience significant equipment challenges due to the age of the fleet and limited funds for repairs and replacements. Also, staffing levels required Sanitation to rotate crews when possible to remove litter and illegal dumping. Sanitation has ordered additional equipment with grant funds, and is working to obtain funding for additional staffing.

Description	2011 Budget	2012 Budget	2013 Budget	Organization Code Number	Page Reference in 2013 Budget Book
Sanitation	\$ 34,690,779	\$ 37,406,673	\$ 37,209,066	3001-3042	250
Total Funding	\$ 34,690,779	\$ 37,406,673	\$ 37,209,066		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of illegal dumping sites cleared*	1,013		972		449	555	≥359	≥900		
Counts the number of illegal dumping sites cleared. The count does not consider the size of the sites, many of which consist of multiple properties. Illegal dumping sites are a risk to public health and contribute to a sense of neighborhood neglect.										
<i>Related Strategy: Provide effective sanitation services to residents and businesses</i>										
Landfill disposal costs*	\$5,407,987		\$5,200,363		\$1,269,551	\$1,393,739	≤\$2,883,307	≤\$5,458,854		
Dollar value of landfill disposal fees, determined by either the cost per ton or cost per cubic yard depending on the landfill, for citywide collection. This measure allows management to assess how well it is containing landfill disposal costs associated with citywide collection.										
<i>Related Strategy: Provide effective sanitation services to residents and businesses</i>										
Special event costs*	\$798,991		\$1,350,308		\$1,038,595	\$38,812	≤\$1,434,726	≤\$1,488,241		
Dollar value of waste collection and disposal during special events, such as Mardi Gras, St. Patrick's Day, and New Year's Eve. This measure allows management to assess how well it is managing its collection costs associated with major events in New Orleans.										
<i>Related Strategy: Provide effective sanitation services to residents and businesses</i>										
Recyclable material collected (in tons)	3,627		6,138		1,705	1,695	≥3,000	≥6,000		
Counts the total tonnage of waste that is recycled through the curbside collection program and drop-off center. Waste diverted from the landfills is beneficial to the environment and reduces disposal costs.										
<i>Related Strategy: Provide effective sanitation services to residents and businesses</i>										
Average number of days to close illegal dumping 311 cases	-	-	-	-	14	11	Establishing Baseline	Establishing Baseline	-	
Calculated by averaging the number of days from the open date to the case close date for all 311 cases closed during the reporting period. This number can fluctuate based on the duration of special events as well as the operational status of equipment needed to complete the tasks. Illegal dumping sites are a risk to public health and contribute to a sense of neighborhood neglect.										
<i>Related Strategy: Provide effective sanitation services to residents and businesses</i>

Mission

The mission of the Sheriff’s Office is to manage the care, custody, and control of individuals incarcerated in Orleans Parish on municipal, traffic, state, and federal charges. The Department provides for the safety, medical care, and feeding of the persons in their custody.

Quarter 2 Analysis

The Orleans Parish Sheriff’s Office is in the process of developing a new incident management reporting system, which will facilitate reporting on incidents involving the use of force, assaults on inmates via inmates, and assaults on staff via inmates.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Average daily number of inmates	2,507	MS	MS
Does not include Q1 results.			
Average daily number of inmates in the Electronic Monitoring Program	81	MS	MS
Does not include Q1 results.			
Average detainee length of stay (in days)	66	MS	MS
The YTD average is estimated based on the Q1 and Q2 actuals.			
Number of incidents involving the use of force	N/A	MS	MS
The Sheriff's Office is in the process of developing a new incident management reporting system.			
Number of assaults on inmates (via inmates)	N/A	N/A	N/A
The Sheriff's Office is in the process of developing a new incident management reporting system.			
Number of assaults on staff (via inmates)	N/A	N/A	N/A
The Sheriff's Office is in the process of developing a new incident management reporting system.			
Number of offenders admitted to the Transitional Work Program	39	N/A	N/A
Does not include Q1 results.			
Recidivism rate of offenders who completed the Transitional Work Program in the prior year	20%	N/A	N/A
Does not include Q1 results.

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Average daily number of inmates	-	-	-	-	N/A	2,507	MS	MS	MS	
Averages the daily number of inmates in Sheriff's Office facilities. This is a workload indicator.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Average daily number of inmates in the Electronic Monitoring Program	-	-	-	-	N/A	81	MS	MS	MS	
Averages the daily number of inmates in the Electronic Monitoring Program, in which, at the discretion of the courts, eligible individuals are fitted with an electronic monitoring ankle bracelet and monitored within set boundaries. This is a workload indicator.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Average detainee length of stay (in days)	-	-	-	-	69	66	MS	MS	MS	
Calculated by taking the average of length of stays of detainees awaiting sentencing. Length of stay is a measure of the efficiency of the criminal justice system.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of incidents involving the use of force	-	-	-	-	N/A	N/A	MS	MS		
Counts the number of incidents involving the use of planned or unplanned force, including the use of chemical restraints. The use of force is sometimes required to maintain the safety and security of inmates, staff, visitors, and the public.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of assaults on inmates (via inmates)	-	-	-	-	N/A	N/A	N/A	N/A		
Counts the number of assaults/violence on inmates via other inmates. This is a measure of inmate safety.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of assaults on staff (via inmates)	-	-	-	-	N/A	N/A	N/A	N/A		
Counts the number of assaults/violence on Sheriff's Office staff via inmates. This is a measure of staff safety.										
<i>Related Strategy: Govern the City with integrity and accountability</i>										
Number of offenders admitted to the Transitional Work Program	-	-	-	-	N/A	39	N/A	N/A		
Counts the number of offenders admitted to the Transitional Work Program in the reporting period. The Transitional Work Program, in which eligible offenders are required to work at an approved job and, when not working, return to the structured environment of the assigned facility, assists offenders in making the transition from prison back into the work force.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Recidivism rate of offenders who completed the Transitional Work Program in the prior year	-	-	-	-	N/A	20%	N/A	N/A	N/A	
Calculated by dividing the number of offenders who completed the Transitional Work Program in the prior year and re-offended by the total number of individuals who completed the program in the prior year. The Transitional Work Program, in which eligible offenders are required to work at an approved job and, when not working, return to the structured environment of the assigned facility, assists offenders in making the transition from prison back into the work force.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of offenders admitted to the Re-Entry Program	-	-	-	-	N/A	150	N/A	N/A	N/A	
Counts the number of offenders admitted to the Re-Entry Program in the reporting period. The Re-Entry Program, which provides job training, counseling, and drug treatment services to eligible inmates, assists offenders in making the transition from prison back into the work force.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Recidivism rate of offenders who completed the Re-Entry Program in the prior year	-	-	-	-	N/A	20%	N/A	N/A		
Calculated by dividing the number of offenders who completed the Re-Entry Program in the prior year and re-offended by the total number of individuals who completed the program in the prior year. The Re-Entry Program, which provides job training, counseling, and drug treatment services to eligible inmates, assists offenders in making the transition from prison back into the work force.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>

Mission

To promote public safety and ensure a fair and vibrant marketplace for vehicle for hire businesses, operators, and consumers; to license vehicle for hire companies and operators while ensuring compliance with all laws; and to respond to consumer/industry complaints.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Number of enforcement cases resulting in citation issuances	236	≥300	❖
In Q2, the Bureau focus on special event support affected the number of enforcement cases resulting in citation issuances. The Bureau expects the number to increase in Q3.			
Number of new Certificates of Public Necessity and Convenience (CPNCs) issued	104	MS	MS
Number of semi-annual vehicle inspections conducted	2,523	2,000	●
Number of Certificates of Public Necessity and Convenience (CPNCs) revoked	3	MS	MS
Number of driver permits revoked	17	MS	MS

Quarter 2 Analysis

In Q2, the Bureau focused on permitting and inspections in support of French Quarter Festival, the Jazz and Heritage Festival, and other special events. As a result, enforcement cases resulting in citation issuances decreased from 132 in Q1 to 104 in Q2. The number of Certificates of Public Necessity and Convenience (CPNCs) issued in Q2 significantly decreased from Q1, when the City issued 100 new CPNCs to taxicab drivers and companies following an application process designed to give drivers who had not previously held CPNCs the chance to secure one.

To reduce wait times and improve communication with City Hall customers, the Bureau is scheduled to implement a queuing management system in Q4 to track customer flow from arrival to exit.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Number of enforcement cases resulting in citation issuances	-	-	480	▲	132	104	≥300	≥600	◆	
Counts the number of citations issued to holders of Certificates of Public Necessity and Convenience (CPNCs), drivers, tour guides, and tour planners. Citations are followed by administrative hearings. Citation issuance ensures that CPNC holders are in compliance with the standards set for drivers of tax and for-hire vehicles, while providing safe, quality transportation for citizens.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Number of new Certificates of Public Necessity and Convenience (CPNCs) issued	-	MS	89	MS	100	4	MS	MS	MS	
Counts the number of new Certificates of Public Necessity and Convenience (CPNCs), which allow an individual to operate one for-hire vehicle, issued in the reporting period. The measure shows the number of individuals interested in operating a for-hire vehicle, including taxi cabs, animal-drawn vehicles, courtesy vehicles, non-emergency medical vehicles, limousines, pedicabs and other vehicles used as a mode of transport for public necessity and convenience.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Number of semi-annual vehicle inspections conducted	-	-	3,838	▲	1,194	1,329	2,000	4,000	●	
Counts the number of semi-annual, initial inspections conducted on for-hire vehicles. Re-inspections are excluded. Conducting inspections of for-hire vehicles ensures the safety, cleanliness and aesthetic conditions meet the standards of vehicle roadworthiness and appearance.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Number of Certificates of Public Necessity and Convenience (CPNCs) revoked	-	MS	148	MS	2	1	MS	MS	MS	
Counts the number of new Certificates of Public Necessity and Convenience (CPNCs) revoked. The possibility of revocation of CPNCs ensures compliance with City regulations.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>										
Number of driver permits revoked	-	MS	21	MS	8	9	MS	MS	MS	
Counts the number of driver permits revoked. The revocation of driver permits contributes to the public's safety in the use of ground transportation.										
<i>Related Strategy: Foster a business-friendly regulatory environment, including streamlining the permitting process</i>

Mission

To adjudicate violators of City of New Orleans traffic ordinances and state traffic laws.

Quarter 2 Analysis

Traffic Court submitted a grant application for enhancements to its automated case management system. The Traffic Court facility renovation project is underway, and will include flood proofing, asbestos abatement, HVAC and electrical upgrades, and comprehensive renovations.

2013 Quarter 2 Performance Summary

Number of traffic citations issued*	-	MS	-	MS	32,275	15,805	MS	MS	MS	
Counts the number of traffic citations issued in the period. Citations may include multiple charges, or violations. This indicator is critical for management to allocate resources and determine workloads.										
<i>Related Strategy: Effectively and fairly administer justice</i>										

Mission

To protect, preserve and maintain the distinct architectural, historic character and zoning integrity of the Vieux Carré as mandated by the Louisiana State Constitution, the City Charter, the City Code and the Comprehensive Zoning Ordinance.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent of cases closed due to compliance	N/A	Establishing Baseline	-
VCC staff will receive additional training on the use of the City's permitting and licensing software to facilitate future performance reporting.			
Average number of days to review staff approvable applications	N/A	Establishing Baseline	-
VCC staff will receive additional training on the use of the City's permitting and licensing software to facilitate future performance reporting.			

Quarter 2 Analysis

In Q2, the Vieux Carré Commission (VCC) worked toward increasing enforcement, and in June, adjudication launched in the City's new One Stop Shop for permitting and licensing. The VCC was unable to report reliable data on enforcement and plan review times. The Commission staff will receive additional training on the use of the City's permitting and licensing software to facilitate future performance reporting.

The VCC had unusually heavy agendas for public hearings, involving several complex applications that required detailed analyses and lengthy follow-ups between applicants and opponents. Other challenges included the continuing adjustment to the VCC's physical relocation to City Hall and integration into the One Stop Shop, as well as staffing challenges.

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent of cases closed due to compliance	-	-	-	-	N/A	N/A	Establishing Baseline	Establishing Baseline	-	
Calculated by dividing the number of cases closed because the property is brought into compliance by the total number of cases. Work that does not meet the VCC guidelines negatively affects the historic character of the district, which in turn can affect property values of nearby buildings.										
Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties										
Average number of days to review staff approvable applications	-	-	-	-	N/A	N/A	Establishing Baseline	Establishing Baseline	-	
Calculated by averaging the number of calendar days from the receipt of a staff approvable application to the date the permit was issued. As the first step in the permitting process, delays negatively affect economic development.										
Related Strategy: Regulate land use to support safe, vibrant neighborhoods and preserve historic properties										

Mission

To provide safe, secure detention for youths between the ages of 8 to 16.

2013 Quarter 2 Performance Summary

Measure	YTD Actual	YTD Target	Status
Percent programmatic federal consent decree compliance	100%	100%	●
<i>The YSC was compliant with 21 of 21 requirements in Q1, and released from the consent decree in January 2013.</i>			
Percent of newly hired Youth Study Center direct care staff with at least 30 college credits	100%	100%	●
<i>Of the staff hired YTD, 15 of 15 had at least 30 college credits.</i>			
Percent of direct care staff hours that are overtime	21%	≤18%	◆
<i>The percent of hours that were overtime increased in Q2, primarily due to staff training and vacancies. YTD, 3,667 of 17,630 hours were overtime.</i>			
Percent youth participation in educational programming	100%	100%	●
<i>In both Q1 and Q2, 135 of 135 youth participated in educational programming.</i>			
Percent of days exceeding capacity	0%	≤5%	●
<i>Capacity was not exceeded in any of the 91 days in Qs 1 and 2.</i>			
Number of major incidents involving physical assault	27	6	◆
<i>New measure added in Q2.</i>			
Percent of confinements exceeding 8 hours	4%	≤8%	●
<i>New measure added in Q2. YTD, 3 of 72 confinements exceeded 8 hours.</i>			

Quarter 2 Analysis

In Q2, the Youth Study Center (YSC) met new licensing standards established by the State of Louisiana. The new standards address access to education services, mental health screening, visitation, and recreational activities. The YSC is 1 of 15 newly licensed juvenile detention facilities in Louisiana.

The YSC experienced a staff shortage in Q2 that led to an increase in dependency on overtime hours. The Center continues to develop additional recruitment strategies to address such shortages. In Q2, the YSC hired 9 highly qualified direct care staff with at least two years of college, with 5 possessing master's degrees in related fields.

The YSC continued to participate in the Juvenile Detention Alternatives Initiative and the Children and Youth Planning Board. Also, the construction of the new Juvenile Justice Center progressed ahead of schedule, and the YSC is preparing for its move to the new state-of-the-art facility, designed in accordance with national best practices.

To adequately staff the new facility and capitalize on the opportunities it will provide, the YSC continues to develop strategies to hire highly qualified staff, increase staff training, expand programming and services, and develop community partnerships.

Total Funding	\$ 3,341,574	\$ 3,596,995	\$ 2,941,547		

Performance Details

Measure	2011		2012		2013					2 Year Quarterly Trend
	Actual	Target Met?	Actual	Target Met?	Q1 Actual	Q2 Actual	YTD Target	Annual Target	Status	
Percent programmatic federal consent decree compliance	-	-	-	-	100%	100%	100%	100%		
Calculated by dividing the number of measures that YSC is compliant with by the total number of requirements ordered by the federal monitor. Compliance with the consent decree means the Youth Study Center has met all expectations and requirements set by the federal monitor.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Percent of newly hired Youth Study Center direct care staff with at least 30 college credits	-	-	100%		100%	100%	100%	100%		
Calculated by dividing the total number of new Human Services staff hired with 30 college credits by the total number of new Human Services staff each quarter. Well-qualified, high-quality employees at the Youth Study Center should result in better treatment of and outcomes for the youths housed there.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Percent of direct care staff hours that are overtime	22%	-	18%		17%	25%	≤18%	≤18%		
Calculated by dividing the total number of overtime hours worked by Human Services staff by the total number of hours worked by staff. This shows how effectively the Youth Study Center is managing its staff and containing its costs.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Percent youth participation in educational programming	100%		100%		100%	100%	100%	100%		
Calculated by dividing the number of youths under the supervision of the Youth Study Center who are enrolled in educational programs by the total number of youths under the supervision of the Youth Study Center. Participation in educational programming is important to the youths' ongoing academic development.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Percent of days exceeding capacity	-	-	-	-	0%	0%	≤5%	≤5%		
Calculated by dividing the number of nights over capacity over the number of nights in the first quarter. Overcrowding has a negative impact on youth and can create issues with staffing, programming, and security.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Number of major incidents involving physical assault	-	-	-	-	14	13	6	12		
Counts the number of major incidents involving physical assault. While the causes of physical assaults are difficult to determine, the data will enable evaluation of safety, programming, staffing, and intervention strategies.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>										
Percent of confinements exceeding 8 hours	-	-	-	-	8%	0%	≤8%	≤8%		
Calculated by dividing the number of confinements exceeding 8 hours by the total number of confinements. The overuse of confinement has proven to be detrimental and counter-productive.										
<i>Related Strategy: Rehabilitate the incarcerated so that they do not recidivate</i>

Performance by Goals and Objectives

April 1 – June 31, 2013

Overview

The Landrieu Administration developed a strategic framework to map out the City's overall direction. The framework links services, programs, strategies, and objectives to the City's mission, values, and vision. It incorporates performance measures used to track progress towards goals. Gaining citizen input is a priority for Mayor Landrieu, and based on citizen feedback in community meetings, prioritizations are refined. The strategic framework is designed to foster the development of departmental operational plans, guide decision-making to attain goals and improve outcomes, and communicate to stakeholders.

City Mission

The City of New Orleans delivers excellent service to its citizens with courage, competence and compassion. We provide unbeatable customer service driven by sound fiscal management. As good stewards of our resources, we ensure safe neighborhoods, excellent schools, good-paying jobs and a clean environment for our citizens.

We facilitate partnerships, link strong leaders and new ideas and leverage critical resources to move New Orleans forward. Our decisions are informed by effective communication and active citizen involvement.

We responsibly manage and preserve our City's natural resources.

City Values

Our service is driven by core values that define and inspire how we work in the City of New Orleans.

Integrity: We are committed to serving the citizens of New Orleans, not ourselves. We are honest and trustworthy. We continually strive to improve efficiency and cost-effectiveness.

Excellence: We deliver high-quality City services focused on better outcomes for all New Orleanians. We raise and exceed the expectations of our citizens. Our service inspires others to deliver their best.

Transparency: We are clear and honest in public decision-making, provision of data and delivery of City services.

Teamwork: We work across departments, programs and services to deliver better results for our citizens. We are passionate about our work, have fun doing it and celebrate a job well done.

Responsiveness: We are eager to respond to citizen requests and committed to delivering solutions in a timely manner.

Innovation: We build partnerships across City agencies and with community partners to create new solutions to the City's most intractable problems.

Diversity and Inclusion: We seek a city where all people, irrespective of race, religion, gender or sexual orientation, share opportunity and responsibility, risk and reward, political power and economic prosperity.

City Vision

New Orleans is a model city. We demonstrate to the world the power of strong leadership in the halls of City government and on streets. With resilience, we transform challenges into instruments of progress with the belief and assurance that change is possible.

We are a unified city where municipal employees and engaged citizens work together to create equitable, thriving communities for all. The City of New Orleans leverages the transformative power of our people to build safe neighborhoods and foster educational, economic and cultural opportunities.

We are a creative city. We recognize limitless opportunity and appreciate the shared benefit of our neighbor's success. The richness of diversity is manifested clearly in our culture-a beautiful mosaic that only New Orleans is able to create. Our commitment to excellence, coupled with timeless cultural heritage and creative vision ensures New Orleans' greatness for generations to come.

City of New Orleans Strategic Framework							
Component	Mission and Values	Vision	Result Area Goals	Objectives	Strategies	Programs and Services	Resources

Appendices

Performance Measure Changes

The Office of Performance and Accountability (OPA) promotes reasonable consistency in performance reporting to allow readers to compare the City's performance over time and examine whether actions are having the desired impacts. However, as the City continuously improves its performance measurement process, new measures are added and old measures are dropped or modified. Performance measures and targets in this report are mostly based on those in the 2013 Adopted Operating Budget. Significant changes since the adoption of the budget, and reasons for those changes, are as follows:

Civil Service: Annual turnover rate of the total workforce	Changed to a Citywide outcome measure because of the limited influence of the Commission.
Civil Service: Expenditures on employee training per full-time equivalent	Measure dropped because the data was incomplete.
City Planning Commission: Percentage of Board of Zoning Adjustment decisions appealed to Civil District Court	Measure dropped because it was not determined to be a useful measure of performance, and the Commission does not collect the data.
City Planning Commission: Number of notifications sent alerting property owners of a pending	Measure dropped because it was not determined to be a useful measure of performance, and the Commission does not collect the data.

land use action	
Code Enforcement: Number of positive outcomes achieved	Measure dropped and replaced with two new measures: <i>Number of blighted properties brought into compliance</i> and <i>number of blighted units demolished</i>
Community Development: Number of homeless persons provided Rapid Rehousing	Measure added.
Community Development: Number of homeless clients served	Measure changed to <i>Number of homeless persons provided emergency shelter</i> .
Community Development: Number of individuals with AIDS receiving housing assistance	Measure added. Annual target reduced from 748 to 395 in Q2 to reflect a shift in funding from short-term rental assistance to permanent housing.
Community Development: Number of households receiving homeless prevention	Measure added.
Coroner's Office: Average number of days to issue homicide autopsy reports	Measure dropped because of a lack of automated systems to calculate.
Criminal District Court: Number of defendants	Measure added.
Criminal District Court: Number of charges	Measure added.
Criminal District Court: Overall recidivism rate	Changed to a Citywide outcome measure because of the limited influence of the Court.

Criminal District Court: Trial date certainty	Measure dropped because of a lack of data.
Criminal Justice Coordination: Number of Youth participants to be a part of the SOS Mentorship initiative	Measure dropped because the program was not funded in 2013.
Economic Development: Number of participants in Contractor's College of New Orleans	Measure dropped because the program is being restructured in 2013, and a new program is expected to be launched in 2014.
Emergency Medical Services: Number of Individuals receiving Cardiopulmonary Resuscitation (CPR) Training	Target increased from 50 to 100.
Equipment Maintenance Division: Percent of vehicles in operation	Measure dropped because the source data is unreliable due to the lack of a fleet management system.
Fire: Number of commercial inspections	Target increased from 3,000 to 4,000.
Health: Percent of total budget coming from external resources rather than city General Fund (leveraged grants and in-kind)	Target decreased from 88% to 75% because of uncertainties around impending federal budget cuts.
Health: Percent of accreditation milestones	Target decreased from 95% to 90% because the department does not

achieved	have control over certain milestones.
Health: Number of client visits to WIC clinics	Target increased from 65,000 to 66,000.
Health: Percent of pregnant women in WIC that enrolled during the first trimester	Measure dropped because of lack of data.
Health: Number of Play Streets fitness promotions held	Target decreased from 5 to 4 because the agreement with the program funder allows for 4 promotions.
Information Technology and Innovation: Call abandonment rate for 311	Target increased from 5% to 10% because original target was not determined to be attainable.
Information Technology and Innovation: Call abandonment rate for the Service desk	Target increased from 5% to 7% because original target was not determined to be attainable.
Information Technology and Innovation: Percent of critical ITI projects on schedule	Target decreased from 95% to 80% because original target was not determined to be attainable.
Information Technology and Innovation: Work with departments to create and capture value	Changed to a Citywide outcome measure because of the limited influence of the Office.
Mayor's Office: Total volunteer hours contributed through ServeNOLA	Measure dropped because the program was not funded in 2013.

Mosquito and Termite Control Board: <i>Number of service requests</i>	Management statistic dropped.
Mosquito and Termite Control Board: <i>Number of service requests meeting response time goal</i>	Measure broken out into two measures: <i>Average number of days to respond to rodent service requests</i> and <i>average number of days to respond to mosquito service requests</i>
Municipal Court: <i>Ratio of assessed monetary penalties to monetary penalties collected</i>	Measure dropped because it was not determined to be a useful measure of performance.
NORDC: <i>Number of citizens participating in recreation center programs</i>	Measure was dropped because the calculation methodology, which includes parents and adults accompanying attendees, needs to be refined.
Parks and Parkways: <i>Total number of acres mowed</i>	Target increased from 11,745 to 17,000.
Parks and Parkways: <i>Average number of days to complete emergency tree service requests</i>	Measure added.
Public Defender: <i>Timely assignment of counsel upon appointment</i>	
Public Works: <i>Number of potholes filled</i>	Target TBD set at 20,000 based on the current level of funding.
Public Works: <i>Number of catch basins cleaned</i>	Target TBD set at 3,000 based on the current level of funding.

Public Works: <i>Number of streetlights outages restored</i>	Target TBD set at 8,000 based on the current level of funding.
Public Works: <i>Number of off-system bridges inspected</i>	Measure dropped because the Louisiana Department of Transportation and Development is handling the inspections in 2013.
Sanitation: <i>Average days to close missed trash pick-up 311 cases</i>	Measure dropped because it was not determined to be a useful measure of performance.
Taxi and For Hire Vehicle Bureau: <i>Percent of eligible vehicles inspected semi-annually</i>	Changed to <i>Number of semi-annual vehicle inspections conducted</i> .
Traffic Court: <i>Appearance rate</i>	Measure dropped because Traffic Court does not have a way to economically track and report data.
Youth Study Center: <i>Percent of days exceeding capacity</i>	Measure added.
Youth Study Center: <i>Number of major incidents involving physical assault</i>	Measure added.
Youth Study Center: <i>Percent of confinements exceeding 7 hours</i>	Measure added.
