SECTION 2 – OVERVIEW

2.1. Introduction

The New Orleans Health Department (NOHD; the Department) protects, promotes, and improves the health and quality of life for the citizens of New Orleans. The Department accomplishes this by gathering data, communicating up-to-date information, and creating programs and systems to care for its citizens.

2.2. Background

NOHD coordinates and conducts public health sanitation operations in area homeless encampments. Currently, approximately 400 individuals are estimated to be “street homeless” and occupy one of several encampments located largely in and around downtown. NOHD staff regularly conduct cleanings to identify and remove hazards that affect health outcomes for encampment residents. However, the best way to improve the long-term health and safety for this vulnerable population is through placement into housing with supportive services. This approach requires housing units available to the City and partner agencies, either through publicly-funded projects or private partnerships with developers and landlords.

The City has not had an office dedicated to responding to homelessness in nearly a decade. To restart necessary collaboration and planning efforts, the Department is seeking an experienced consultant with a proven track record in reducing the number of residents experiencing homelessness, particularly at established encampments.

2.3. Purpose

The City seeks proposals from qualified firms and/or individuals to engage policy makers, key stakeholders, and community members 1) to establish and oversee a short-term plan to successfully house the residents who occupy encampments in downtown New Orleans, and 2) to develop a long-term plan to substantially reduce homelessness in the city of New Orleans.

2.4. Statement of Needs

Refer to Attachment “A”.

2.5. Performance Evaluation

The City will memorialize performance evaluation criteria in the executed contract.

SECTION 11.1.

**THE FOLLOWING DOCUMENT IS FOR REVIEW
ONLY**

ATTACHMENT NO. A CITY OF NEW ORLEANS STATEMENT OF NEEDS

The number of people experiencing homelessness in New Orleans has dropped significantly since its peak in the aftermath of Hurricane Katrina.

Despite this improvement, the lack of affordable rental housing combined with the economic uncertainty created by the COVID-19 pandemic led to an increase in this population, currently estimated at 400 unhoused, street-dwelling individuals and 1200 unstably housed overall.

NOHD seeks a consultant that has successfully created and executed both a short-term (six months to one year) plan to secure housing and access to wrap around services (e.g. mental health support, addiction treatment, job placement) for those experiencing street homelessness.

NOHD also expects the selected consultant to have developed and begun implementation on a long-term (ten years) plan to end homelessness within a municipality or region.

The consultant criterion may include, but will not be limited to, (1) Understanding and navigating Continuums of Care, (2) Securing short- and long-term housing within the current constrained market, (3) Expanding access to wrap around services, (4) Collaboration with community partners, (5) Budgeting various funding streams, and (6) Evaluative measures.

The consultant should expect to work closely with City staff and key stakeholders in the relevant area of application in order to create comprehensive short- and long-term plans to be fully executed by the Office of Homeless Services & Strategies, with oversight from the consultant.

NOHD anticipates a decrease in unsheltered homelessness within one year and sustained lower numbers thereafter.

Applicants should be familiar with the various types of emergency shelter and housing programs available to those experiencing homelessness, including those available generally and those specific to the New Orleans community.

They should also be skilled in communicating with a wide range of audiences, including policy makers, community partners, and those experiencing homelessness.

The selected consultant will be expected to collaborate regularly with the newly developed Office of Homeless Services and Strategies, as well as other key City departments and public agencies.

PAYMENT SCHEDULE - Payment schedule will be outlined in the consulting contract and agreed on between both parties.

EXPENSE REIMBURSEMENT – The selected consultant may be entitled to reimbursement from the City for "out-of-pocket" expenses as applicable to this project. These costs shall also be payable upon completion of the services.

These project related expenses must be deemed applicable upon review by the project lead and/or Executive Team before being approved.

ATTACHMENT B
CITY OF NEW ORLEANS
DISADVANTAGED BUSINESS ENTERPRISE (DBE) REQUIREMENTS

I - DBE PROGRAM COMPLIANCE

The requirements of the City of New Orleans (“City”) Disadvantaged Business Enterprise (“DBE”) Program apply to this Agreement. It is the policy of the City to practice nondiscrimination based on social and economic disadvantage, race, color, gender, disability and national origin in the award and performance of contracts.

In consideration of this policy and pursuant to Division 2 of Article IV of Chapter 70 of the Code of the City, the City enacted the DBE Program for all City contracts.

Contractor agree to use its best efforts to fully and completely carry out the applicable requirements of the City’s DBE Program in the award and administration of this Agreement, including without limitation, all reporting requirements and established DBE participation percentage. The Contractor’s failure to carry out these requirements, as determined in good faith by the City’s Office of Supplier Diversity (“OSD”), shall be deemed a material breach of this Agreement. This material breach may result in the termination of this Agreement and/or the pursuit of any other remedies available to the City under any applicable law, ordinance, or rule, including, but not limited to those set forth in the City’s Policy Memorandum for the DBE Program

II - DBE CONTRACT GOAL

The requested DBE Contract Goal is listed in the contract section of the invitation to bid.

NOTE: All non-public works contracts have a default goal of 35% DBE participation.

Participation shall be counted toward meeting the contract goal based on the following:

1. Only business entities certified as SLDBE or LAUCP-DBE are counted toward the contract DBE participation goal.
2. The Bidder/Proposer may count only the total dollar value of the subcontract awarded to certified DBE subcontractor/supplier(s) toward the contract goal.
3. A Bidder/Proposer can count 100 % of the DBE’s participation provided that the DBE has committed to performing at least 51% of the work with its own forces.
4. Bidder/Proposer may count 100 % of DBE Manufacturer Supplier’s participation and 60 % of DBE Non-Manufacturer supplier’s participation toward its contract goal.
5. When the Bidder/Proposer is in a joint venture with one or more DBE business entities, the OSD, after reviewing the joint venture agreement, shall determine the percent of participation that will be counted toward the contract goal.

6. Bidder/Proposer may count toward its contract goal only those DBE subcontractors/suppliers performing a Commercially Useful Function.

“DBE Commercially Useful Function means” a discrete task or group of tasks, the responsibility for performance of which shall be discharged by the DBE firm by using its own forces or by actively supervising on-site the execution of the tasks by another entity for whose work the DBE firm is responsible. In determining whether a certified firm is performing a commercially useful function, factors including, but not limited to, the following shall be considered:

- a. Whether the business entity has the skill and expertise to perform the work for which it is being utilized and possesses all necessary licenses;
- b. Whether the firm is in the business of performing, managing, or supervising the work for which it has been certified and is being utilized;
- c. Whether the DBE subcontractor is performing a real and actual service that is a distinct and verifiable element of the work called for in a contract.
- d. Whether the DBE subcontractor performed at least thirty percent (30%) of the cost of the subcontract (including the cost of materials, equipment or supplies incident to the performance of the subcontract) with their own forces.

III - DBE DIRECTORY

Contractors may only utilize certified SLDBE and/or Louisiana Unified Certification Program (LAUCP) DBE firms from the following lists to meet the City’s DBE Program goals.

- a. Contractors agree to utilize the City’s SLDBE directory of certified firms as a first source when searching for certified DBE business entities. The SLDBE directory includes entities certified through Sewerage and Water Board of New Orleans, New Orleans Aviation Board and Harrah’s New Orleans. The SLDBE directory is available at www.nola.gov.
- b. The Louisiana Unified Certification Program (“LA UCP”) directory is available at www.dotd.louisiana.gov.

Information on locating these directories may also be requested from the OSD at supplierdiversity@nola.gov.

IV - GOOD FAITH EFFORT POLICY

In accordance with Sec.70-461 of the City Code, the City shall reject any bid and shall not award, enter into or amend any contract that is not supported by documentation establishing that the Bidder/Proposer has met the applicable contract DBE participation Goal or made Good Faith Efforts to the applicable contract DBE participation goal.

Good Faith Efforts are steps taken to achieve a contract DBE participation goal or other requirements which, by their scope, intensity and usefulness demonstrate the

Bidder's or Proposer's responsiveness to fulfilling the City's DBE Program goals prior to the award of a contract, as well as the Contractor's responsibility to put forth measures to meet or exceed the contract DBE participation goal throughout the duration of the contract.

The OSD shall be responsible for determining whether a Bidder/Proposer has made their best efforts to achieve the DBE Program contracting objectives. In making this determination, the DBE Compliance Officer shall consider the following factors:

A. SPECIFIC PORTIONS OF WORK IDENTIFIED FOR DBE SUBCONTRACTOR:

- i. Bidder/Proposer listed all selected scopes or portions of work to be performed by DBEs in order to increase the likelihood of meeting the contract goal for the project
- ii. Bidder/Proposer listed the estimated value of each scope or portions of work identified.

- i. Bidder/Proposer contacted the OSD to request submission of subcontracting opportunities on the DBE Opportunities page.
- ii. Bidder/Proposer included a copy of each announcement or notification.

- i. Bidder/Proposer listed all certified DBE firms that received written notification of work items to be subcontracted and documented the certified firm's response.
- ii. Bidder/Proposer included copies of the written notice(s) sent to certified firms.

D. NEGOTIATE IN GOOD FAITH:

- i. Bidder/Proposer provided an explanation for any rejected DBE bid or price quotation.
- ii. Bidder/Proposer included a copy of the written rejection notice including the reason for rejection to the rejected DBE firm.

If a Bidder/Proposer fails to submit documented Good Faith Efforts as outlined, the bid shall be considered non-responsive.

The OSD may take into account the performance of other Bidders/Proposers in meeting the contract DBE participation goal and may, if deemed advisable, request further information, explanation or justification from any Bidder/Proposer. For example, Bidder's past performance on similar contracts with similar scopes and/or a Proposer's prior history utilizing DBEs will also be taken in consideration when determining Good Faith Efforts.

Good Faith Efforts shall be monitored throughout the life of the contract and evaluated on a case-by-case basis in making a determination whether a Bidder or Proposer is in compliance with the Good Faith Effort policy.

To obtain a copy of the Good Faith Effort Policy contact OSD at supplierdiversity@nola.gov.

V - REQUIRED DBE FORMS for RFPs/RFQs

2. Within ten (10) days of the City’s issuance of the Notice to Award letter, the selected Proposer shall complete and submit a DBE Compliance Form-1: This form is used to establish your DBE commitment on a City Bid, RFP or solicitation response. The selected Proposer shall provide a list of all proposed DBE subcontractor(s).
 - a. If the amount of DBE participation committed on DBE Compliance Form-1 is less than the Contract Goal, the selected Proposer shall complete DBE Compliance Form-2: This form is used to document Good Faith Efforts when the amount of DBE participation committed on DBE Compliance Form-1 is less than the contract DBE participation goal. The selected proposer shall provide all required supporting documentation of demonstrated Good Faith Efforts as specified on DBE Compliance Form-2.

The OSD shall review the contents of all required DBE Compliance Forms and may, if deemed advisable, request further information, explanation or justification from any Bidder/Respondent. Thereafter, the Contractor shall be bound by the established percentage, as approved by the OSD.

VI - CONTRACTOR COOPERATION

The Contractor shall:

1. Designate an individual as the “DBE Liaison” who will monitor the Contractor’s DBE participation as well as document and maintain records of “Good Faith Efforts” with DBE subcontractors/suppliers (“DBE Entities”).
2. Execute written contracts with DBE Entities that meet the applicable DBE goals.
 - a. The Contractor shall provide the DBE Compliance Officer (“DBECO”) with copies of said contracts within thirty (30) days from the date the Agreement is fully executed between the City and the Contractor.
 - b. The Contractor shall agree to promptly pay subcontractors, including DBE Entities, in accordance with law.

3. Establish and maintain the following records for review upon request by the OSD:

 - a. The Contractor shall submit the initial report outlining DBE participation within thirty (30) days from the date of notice to proceed (or equivalent document) issued by the City to the Contractor. Thereafter, "DBE Utilization" reports shall be due on or before the fifteenth (15th) day of each month until all DBE subcontracting work is completed.
 - b. Reports are required even when no activity has occurred in a monthly period.
 - c. If the established percentage is not being met, the monthly report shall include a narrative description of the progress being made in DBE participation.
 - d. The Contractor may also be required to attach or upload copies of canceled checks or bank statements that identify payer, payee and amount of transfer to verify payment information as indicated on the form.
5. Conform to the established percentage as approved by the OSD.

In such case, the Contractor shall use and document "Good Faith Efforts" to find a similarly qualified and certified DBE entity to perform such specified work. The same criteria used for establishing "Good Faith Efforts" in maximizing the participation of DBE Entities prior to awarding the Agreement will also apply to the substitution of DBE subcontractors during the performance of the Agreement; or
- b. the Contractor reasonably believes that, due to a change of scope, execution of the work in accordance with the directions from the City is unlikely to meet the established percentage or terms. In such case, the Contractor shall use and document "Good Faith Efforts" to achieve a reasonable amount of DBE participation on the remaining work on the Agreement.

VIII - MONITORING DBE PARTICIPATION

To ensure compliance with DBE requirements during the term of the Agreement, the DBECO will monitor the Contractor' use of DBE subcontractors/suppliers ("**DBE Entities**") through the following actions:

1. Job site visits;
2. Electronic payment tracking via the Contract Compliance Monitoring System or other means as approved by the OSD;
3. Routine audits of contract payments to all subcontractors;
4. Reviewing of records and reports; and/or
5. Interviews of selected personnel.

The DBECO may schedule inspections and on-site visits with or without prior notice to the Contractor or DBE Entities.

IX - FAILURE TO COMPLY

If the DBECO determines in good faith that the Contractor failed to carry out the requirements of the DBE Program, such failure shall be deemed a material breach of this Agreement. This material breach may result in the termination of the Agreement and/or the pursuit of any other remedies available to the City under any applicable law, ordinance, or rule, including, but not limited to those set forth in the City's Policy Memorandum for the DBE Program.

All DBE Compliance forms are maintained by the OSD and are subject to change. Please contact the OSD at supplierdiversity@nola.gov to request a copy of all DBE referenced documents.

The City’s Office of Supplier Diversity (“**OSD**”) oversees the DBE Program and assigns a DBE Compliance Officer (“**DBECO**”) to ensure compliance.

B. Monitoring. To ensure compliance with DBE requirements during the term of this Agreement, the DBECO will monitor the Contractor’ use of DBE subcontractors/suppliers (“**DBE Entities**”) through the following actions:

- b. the Contractor reasonably believes that, due to a change of scope, execution of the work in accordance with the directions from the City is unlikely to meet the established percentage or terms. In such case, the Contractor shall use and document “Good Faith Efforts” to achieve a reasonable amount of DBE participation on the remaining work on the Agreement.

14. DURATION. The services to be provided under the terms of this Contract shall begin upon execution of Contract and shall end no later than twelve (12) months after. Rather, each remedy shall be deemed distinct, separate and cumulative and each may be exercised from time to time as often as the occasion may arise or as may be deemed expedient.

39. SEVERABILITY. If a court of competent jurisdiction finds any provision of the Contract to be unenforceable as written, the unenforceable provision should be reformed, if possible, so that it is enforceable to the maximum extent permitted by law, or, if reformation is not possible, the unenforceable provision will be fully severable and the remaining provisions of the Contract will remain in full force and effect and will be construed and enforced as if the unenforceable provision was never a part the Contract.

The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has

inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

4. EQUAL OPPORTUNITY ACT FOR FEDERALLY-ASSISTED CONSTRUCTION CONTRACTS.

The applicant hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be

imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

5. DAVID-BACON ACT.

(For prime construction contracts in excess of \$2,000.)

Applicable contracts must comply with the Davis Bacon Act, as amended (40 U.S.C. 3141-3148). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

6. LABOR STANDARDS PROVISIONS APPLICABLE TO CONTRACTS COVERING FEDERALLY FINANCED AND ASSISTED CONSTRUCTION

(For construction contracts (incl. alteration and/or repair, including painting and decorating) of a public building or public work, or building or work financed in whole or part from federal funds.)

(1) *Minimum wages.*

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,*

That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all

workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) ***Withholding.*** The (write in name of Federal Agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) ***Payrolls and basic records.***

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section

1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency). The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency), the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the

appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the (write the name of the agency) or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) ***Apprentices and trainees*** -

(i) ***Apprentices.*** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to

journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the

Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) **Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility.**

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

7. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT.

(1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$31 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) **Withholding for unpaid wages and liquidated damages.** The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

(c) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from

the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the Agency Head shall cause or require the contracting officer to insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.
