INTRODUCTORY SECTION

DEPARTMENT OF FINANCE
CITY OF NEW ORLEANS

LATOYA CANTRELL
MAYOR

NORMAN L. WHITE
CHIEF FINANCIAL OFFICER

The Honorable Mayor and City Council
City of New Orleans, LA

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the City of New Orleans, Louisiana for the fiscal year ended December 31, 2022. The ACFR is provided to give detailed information about the financial position and activities of the City to citizens, City Council, City staff and other readers. City management is responsible for both the accuracy of the presented data and the completeness and fairness of the presentations, including all disclosures. We believe the data, as presented, is accurate in all material respects and is presented in a manner which fairly sets forth the financial position and results of operations of the City. These financial statements have been prepared by the City's Department of Finance, in accordance with generally accepted accounting principles (GAAP) for local governments.

The City's financial statements and related notes have been audited by the independent firm of Certified Public Accountants, Carr, Riggs, and Ingram. This audit satisfies Section 6-108 of the City Charter, which requires an audit of all accounts of the City by an independent Certified Public Accountant. The City is required to undergo an annual single audit in conformance with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget's 2 CFR Part 200 (Uniform Guidance). Information related to this single audit, including the Schedule of Expenditures of Federal Awards, findings and recommendations, and the auditors' reports on the internal control structure and compliance with applicable laws and regulations is issued in a separate report prepared by Bruno & Tervalon LLP.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report. It provides a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it.

THE REPORTING ENTITY AND ITS SERVICES

New Orleans, the largest city in Louisiana, was founded in 1718 and incorporated in 1805. The City's system of government is established by its Home Rule Charter which became effective in 1954. The Louisiana Constitution prohibits the state legislature from enacting any law affecting the structure, organization, or distribution of the powers and functions of any local subdivision which operates under a Home Rule Charter. The City's Home Rule Charter may be amended only by a vote of a majority of qualified voters in the City, voting at an election called by the City Council on its own initiative, or upon receipt of a petition of not less than ten thousand registered voters.

The City has a Mayor-Council form of government. The Mayor is elected for a four-year term and is limited to two consecutive terms. The Mayor appoints the Chief Administrative Officer, who is the principal assistant and budget officer for the City. The City has executive departments and numerous affiliated boards and commissions and provides a full range of services including police and fire protection, sanitation services, the construction and maintenance of streets and infrastructure, and recreational activities and cultural events. The Council is the legislative body of the City government and is comprised of five Council members elected from five geographic districts and two members elected at large. All Council members are limited to four-year terms. Laws are enacted through Council ordinance. The Council adopts the City's annual capital and operating budgets. Ordinances of the Council may be vetoed by the Mayor. Vetoes may be overridden by a two-thirds vote of the Council.

1300 PERDIDO STREET SUITE 3E06 NEW ORLEANS, LOUISIANA 70112
PHONE 504-658-1500 FAX 504-658-1706

The financial statements of the reporting entity include those of the City (the primary government) and its component units in conformity with GASB Statement No. 61. Component units are legally separate organizations for which the elected officials of the City are financially accountable, or the relationship to the City is such that exclusion would cause the City's financial statements to be misleading or incomplete. The component units discussed in this letter are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

An explanation of the accounting policies of the City is contained in the Notes to the Financial Statements. The basis of accounting, fund structure, and other significant information on financial policies is explained in detail in the Notes to the Financial Statements.

Current Louisiana law provides for the creation of several districts, offices and independently elected public officials for the provision of certain services at the parish level. Examples would include the Orleans Parish School Board, the New Orleans Assessor, the Orleans Parish Sheriff's Office and the Clerk of Court. These officials prepare their own budgets and operate independently of the City. The results of operations of those offices are not included in this report because there is a lack of financial accountability of these offices on the part of the City's elected officials.

YEAR IN REVIEW AND MAJOR INITIATIVES

The City of New Orleans announced several administration and City department accomplishments aligned with Mayor LaToya Cantrell's top priorities: public safety as a matter of public health, programming for youth and families, expanding affordable housing options, combating homelessness, identifying economic development opportunities, improving critical infrastructure, upgrading City services, and increasing resilience and sustainability in all communities.

Mayor Cantrell directly fought for federal funding as part of President Biden's American Rescue Plan Act (ARPA), resulting in the City receiving a second payment of \$155 million, bringing the total received to \$349 million. This one-time funding will be used on projects that will improve the quality of life and development of communities in all areas of the city. Although residents and local government continued to experience the lasting impacts of the COVID-19 pandemic, the City is in strong fiscal shape heading into 2023 following the passing of a \$1.4 billion budget earlier this month.

PUBLIC SAFETY:

The Cantrell Administration has also continued its focus on addressing crime, resulting in statistical reductions over the last three months. The New Orleans Police Department (NOPD) implemented policy and procedural changes and reformed its Public Integrity Bureau with guidance from national consultants. Mayor Cantrell most recently led the passing of a groundbreaking \$32.5 million recruitment and retention package that includes bonuses for officers according to years served. Mayor Cantrell also appointed Interim Superintendent Michelle Woodfork to lead the department.

Key accomplishments include:

- Seventy-five commissioned officers were redeployed to increase patrol activity
- The new Citizens Academy created 75 civilian jobs to handle non-violent incidents and lessen the burden on officers
- 2,456 illegal guns were removed from the streets
- Total crimes against persons down 15 percent in the 4th Quarter of 2022

- Response time for emergency calls steadily improved since April
- Department purchased 75 public safety vehicles to add to the fleet
- NOPD's technology network bandwidth upgraded for remote accessibility
- Completed construction of the new state-of-the-art \$3.7 million firing range housed at the Municipal Training Academy in New Orleans East, in addition to the new Criminal Evidence and Processing Complex

The New Orleans Fire Department (NOFD) graduated 66 firefighters from the Fire Academy this year and procured new equipment that includes four ladder trucks, one pump, and one rescue unit. The NOFD has taken several measures to protect firefighters by making cancer prevention a top priority because of the greater risk, securing more personal protection equipment (PPE) and by expanding decontamination procedures.

Key accomplishments include:

- The department responded to 1,603 fires, 29,136 medical incidents, 1,547 hazardous material incidents, and installed 1,247 smoke alarms in homes across the city
- The department completed 3 station renovations

The New Orleans Emergency Medical Services (EMS) established the Trauma Blood Program, one of only a handful in the country, and was awarded \$5.7 million in federal funding to purchase new ambulances, rescue vehicles, and medical and educational equipment.

New Orleans Homeland Security and Emergency Preparedness (NOHSEP) Department continued its mission of preparing for and responding to disasters.

Key accomplishments include:

- Responded to tornado that impacted the Algiers community, and the arctic air mass winter weather emergency
- Prior to the start of hurricane season, partnered with community organizations to distribute hurricane preparedness supplies to over 2,000 families
- Localized a network of 20 weather STEM weather stations for more accurate forecasting which is available at weatherwise.nola.gov
- Enhanced post-emergency generator capacity on 15 City buildings and the Convention Center for Emergency Resources Centers and post-storm response efforts

The Orleans Parish Communications District (OPCD) successfully upgraded 9-1-1 resiliency, reliability and increased location accuracy, which was tested and passed during the recent severe weather events.

Key accomplishments include:

- OPCD worked to secure the successful passage of HB392 that designates 9-1-1 professionals as first responders
- OPCD Training Academy received accreditation and certification by an international standard writing body

PUBLIC HEALTH:

The strong leadership and proactive responses of the New Orleans Health Department (NOHD) continued to tackle the pandemic and averted the Monkeypox crisis due to swift mobilization and partnership with state and federal stakeholders.

Key accomplishments include:

- New Orleans boasts the highest COVID-19 vaccination rate in the state with 72 percent of total population completely vaccinated
- Over 5,400 Monkeypox vaccinations were completed in Region 1, which includes Orleans, Jefferson, St. Bernard, and Plaquemines Parishes, keeping Region 1's number of cases at only 200
- NOHD hosted 47 trainings for 400 participants on CPR, naloxone (Narcan), and Stop the Bleed and distributed nearly 1,500 doses of naloxone
- Coordinated 68 public health outreach and cleaning efforts at homeless encampments

YOUTH AND FAMILIES:

The Mayor's Office of Youth and Families (OYF) continues to coordinate and promote educational and job skills programs for youth in addition to leadership and parenting skills. The Cantrell Administration spearheaded the voters' approved \$21 million annual allotment toward early childhood education and helped to secure a total of \$53 million in investments for youth as displayed on the Youth Spend tool.

Key accomplishments include:

- Established the first-ever guaranteed income program in New Orleans to provide 125 young adults who are disconnected from work or school with \$350 a month
- 41 participants completed the 12-week paid Jumpstart program
- Graduated 13 participants from the Pathways program in 2022, bringing the total number of graduates to 72
- Graduated 17 Pathways alumni from the recently launched Leadership Training module

HOUSING AND HOMELESSNESS:

Affordable housing remains a priority of the Cantrell Administration and the results are real.

Key accomplishments include:

- Over 2,000 affordable housing units have been built since 2018
- In 2022, the City invested \$6.8 million, bringing 500 affordable housing units online
- The City's Eviction Diversion program, the first in Louisiana, was nationally recognized by receiving the Legal Service Innovation Award
- Invested more than \$13 million in housing down payment assistance programs
- Distributed \$71 million in rental and utility assistance to over 17,000 households during the pandemic

- Invested \$7.6 million for homeownership programs

This administration continues to address the City’s homeless population and provide supportive services that include sheltering and health and wellness programming.

Key accomplishments include:

- City combined access to the temporary shelter with access to health care, transitional housing, and a detox center
- Since 2018, 495 people have been transitioned into permanent housing

ECONOMIC AND WORKFORCE DEVELOPMENT:

Since taking office in 2018, one primary focus of the Cantrell Administration has been to diversify and grow the local economy. This includes advancement, investments and job training opportunities in technology, healthcare, renewable energy, and the cultural economy.

Key accomplishments include:

- Recently announced Biomedical Epicenter where health care, education and job creation converge will position New Orleans as a global center of excellence in healthcare specialties
- Invested \$5 million toward AdvancingCities work in Blue-Green economy
- Supported initiatives for green energy to include Offshore Wind policy and workforce development, energy transition and production, transmission, and storage
- Spearheaded the passing of the BioDistrict tax increment financing (TIF) district
- Worked with GNO Inc. to secure a \$50 million grant from the U.S. Department of Commerce for research and workforce development focused on the production and usage of hydrogen

The Office of Cultural Economy (OCE) remains committed to promoting and preserving culture-bearers and creators. This is accomplished through year-round cultural events and various grant and funding opportunities.

Key accomplishments include:

- Invested \$700,000 in resources to support OCE partnered/sponsored cultural events that have generated economic profit greater than pre-pandemic levels
- 4th largest major film production hub in the U.S. – Film New Orleans companies invested \$884 million to directly support a workforce of 2,000 union crew members (90 percent local) and film-related businesses
- New Orleans Tourism and Cultural Fund awarded \$5.5 million in grants

The Office of Workforce Development’s main objective is growing the local workforce and providing training opportunities for individuals.

Key accomplishments include:

- \$1.5 million investment received to create the Mayor's Strike Team
- JOB1 provided over 929 new job seekers with employment and training services, placed over 1,000 job seekers in employment with 172 new employers

- Employed 506 youth in the Mayor’s 2022 Summer Youth Employment Program
- Received \$2.9 million Comprehensive and Accessible Reemployment Through Equitable Employment Recovery (CAREERS) Grant to enroll recently incarcerated participants to gain skills in priority industries as stated in the City GETP as well as unhoused individuals

INFRASTRUCTURE:

The administration has made significant progress this year in tackling aging infrastructure.

Key accomplishments include:

- Sewerage Water Board of New Orleans (SWBNO) broke ground on Phase I of the West Power Complex Substation at a cost of \$34 million
- The Capital Projects Administration completed 20 facility projects valued at \$66.2 million.
- Continued the \$2.4 billion FEMA funded Joint Infrastructure Recovery Response program administered by the Department of Public Works (DPW) and SWBNO
- DPW processed and routed over 300 contracts including: emergency traffic signal repairs, streetlight repair and rehabilitation services, emergency drainage assessment and cleaning, streetlight management services, and emergency catch basin repairs
- DPW completed 14 roadwork projects valued at \$97 million and repaired more than 6,000 potholes on nearly 400 city blocks
- DPW contractors currently working on 55 roads, encompassing 2,800 city blocks, valued at \$615 million
- Parks and Parkways planted 1,228 new trees across the city, and launched the \$1 million Citywide Tree Planting Project, consisting of 1,165 trees, currently underway.

RESILIENCY AND SUSTAINABILITY:

New Orleans remains on the frontlines of climate change.

Key accomplishments include:

- Office of Resilience and Sustainability (ORS) released updated Climate Action Plan highlighting the initiatives in place to tackle the climate crisis and outlining ambitious goals to reduce our greenhouse gas emissions and achieve Net Zero, or carbon neutrality, by 2050
- Mayor’s Office of Transportation partnered with Entergy New Orleans to construct 30 electric vehicle (EV) charging stations in 25 locations as part of the Climate Action for a Resilient New Orleans strategy

CITY SERVICES:

Major upgrades were implemented to sanitation and transportation services to help improve the quality of life for all residents. The City also continued an aggressive plan to remove blighted properties from neighborhoods.

Key accomplishments include:

- Signed, executed, and received funding approval for two new curbside collection contracts for Service Areas 2 and 3, and restarted recycling in Service Areas 1, 2 and 3
- Introduced new equipment types to curbside collection with real-time GPS tracking system, 360-degree view camera system, and route management technology
- Removed and transported 26,638 waste tires from public right of ways for recycling
- Supported New Links launch of new RTA routes and schedules to reduce wait times and transit times
- Office of Code Enforcement (OCE) completed 101 demolitions across the city, including several high-profile, long-blighted properties like the abandoned La Quinta Inn in New Orleans East
- OCE cut 3,100 lots, which is over 50 percent more than last year

FINANCIAL INFRASTRUCTURE

On June 28, 2019, the City of New Orleans, under the leadership of Chief Financial Officer Norman White, completed a two year long financial infrastructure project of updating the City's Financial Systems from four (Great Plains, Buyspeed, ECMS, and FrX) to one INFOR CloudSuite Financials, which is affectionately nicknamed BRASS (Budgeting, Requisition & Accounting Services System) internally. BRASS encompasses asset, budget control, cash, close, contract, general ledger, payables, project/grant, reporting, and supply (requisition/purchase order) management modules, with onboarding of billing & receivables modules by early 2024. This migration into one inclusive ERP (Enterprise Resource Planning) system has proven to be very beneficial, especially in the wake of the December 2019 Cyber-Security incident that the City of New Orleans experienced.

LOUIS ARMSTRONG INTERNATIONAL AIRPORT

The Airport is the primary commercial airport in the state of Louisiana serving over 80% of all passengers flying into the state. Armstrong International Airport is owned by the City of New Orleans. The New Orleans Aviation Board, an unattached board of the City of New Orleans, oversees administration, operation and maintenance of Armstrong International. The Airport had 17 airlines providing service to 56 nonstop destinations, including 6 international destinations in 2022.

All 17 commercial airlines at the Airport operate from the North Terminal located at 1 Terminal Drive, Kenner, LA. The terminal is approximately 972,000 square-foot featuring three concourses, 35 gates, two parking garages, a surface parking lot next to the terminal and a remote economy garage with shuttle service. It was built with the passenger experience in mind, and contains state-of-the-art elements such as an efficient inline baggage screening system and a consolidated checkpoint through which all passengers will have access to more than 40 different food and retail concessions once beyond security.

Passenger totals for 2022 increased to 11,864,527 (47.1%), from 8,066,869 passengers in 2021, due to increases in air travel. Passenger aircraft operations increased from 74,040 operations in 2021 to 98,567 in 2022 (33.1%). Aircraft landed weights increased from 5,365,624 in 2021 to 7,352,552 in 2022 (37.0%).

The Airport budgeted for an increase in 2023 non-airline revenue compared to 2022, going from \$50.3 million to \$62.5 million, tallying to a \$12.2 million (approx. 24%) increase over the previous year's budget. This is attributed to the expectation that passenger traffic will return to pre-pandemic levels soon.

Compared to the 2022 budget, the Airport proposed an increase in the 2023 operating expenses of \$4.3 million (approx. 6%). This is driven primarily by increases in salaries and fringes, utilities, and insurance based on the current insurance market.

The Airport continues to budget and maintain a competitive total cost per enplanement (CPE) rate. The Airport is projecting that the CPE for the 2023 will be \$5.99. This CPE is well under the Airport's goal of maintaining a CPE of less than \$10.

THE PORT OF NEW ORLEANS

The Port of New Orleans is a diverse deep-water port uniquely located on the Mississippi River near the Gulf of Mexico. This naturally strategic location allows unparalleled access to 30-plus major inland hubs such as Memphis, Chicago and Canada via 14,500 miles of waterways, six Class I railroads and interstate roadways. The alignment with New Orleans Public Belt Railroad strengthens our position as an integrated hub and supports our vision for regional freight-based economic development.

Port NOLA generates approximately \$100 million in revenue annually through our **four lines of business — cargo, rail, industrial real estate and cruises**. As a self-sustaining political subdivision of the State of Louisiana, we receive zero tax dollars.

Port NOLA's mission is to drive economic prosperity throughout our tri-parish jurisdiction: Jefferson, Orleans and St. Bernard. We collaborate with state and local partners to ensure that we can continue to be a vital link to the world for businesses and consumers — throughout Louisiana and beyond.

Port NOLA offers a **diverse cargo profile** to serve our global supply chain partners, including container, breakbulk, heavy lift, temperature-sensitive cargo and bulk transload.

Cruising from New Orleans continues to grow in popularity with year-round ocean and inland river cruise itineraries. Cruise line commitment, proximity to New Orleans amenities and attractions, a thriving international airport and large drive-in market position Port NOLA for more cruise industry growth.

Port NOLA handled more than **1 million cruise passenger movements** five years in a row — that's equal to the population of six parishes in the metro New Orleans area, including Jefferson, Orleans, Plaquemines, St. Bernard, St. James and St. John.

LOOKING FORWARD

As our city moved forward into 2023, the Cantrell Administration continued to be upfront and honest about the challenges that we face. Amid dealing with the Cyber Security Attack in December 2019, then rolling into a very unprecedented Mardi Gras season of 2020 that eventually led into the COVID-19 pandemic declared in March 2020, this made the City of New Orleans, one of the tourism mecca cities in the United States, more aware of our reduced revenue streams as a result of COVID-19. We are, however, very grateful for the CARES Act funding received in 2020, and the American Rescue Plan Act of 2021 funding received in May 2021 and June 2022. The Cantrell Administration will still ensure that the City of New Orleans continues to receive her fair share of all funding.

The Cantrell Administration's 2023 goals are public safety as a matter of public health, programming for youth and families, expanding affordable housing options, combating homelessness, identifying economic development opportunities, improving critical infrastructure, upgrading City services, and increasing resilience and sustainability in all communities. In addition, moving forward, the Cantrell administration will continue to work what it ended in the fourth year, keeping the momentum going through her second term, while putting an even sharper focus on the following challenges:

- Public Safety
- Public Health
- Youth in Families
- Housing and Homelessness
- Economic and Workforce Development
- Infrastructure
- Resiliency and Sustainability
- City Services

FINANCIAL CONTROLS

The City's administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

BUDGETARY PROCEDURES

The City's Charter requires the annual preparation of a balanced operating budget. It prohibits the Department of Finance from approving any expenditure under any portion of the annual operating budget unless sufficient revenues have been appropriated by the City Council to finance the proposed expenditure. The City Council is required to appropriate the necessary tax and other revenue measures to produce a balanced budget. In addition, no budgeted expenditures may be made unless authorized by the Mayor or the Chief Administrative Officer through an allotment system.

The City monitors revenues and expenditures closely during the year. Transfers within the budget are adopted by the City Council when necessary to increase or curtail budgeted expenditures to ensure a balanced budget.

The City maintains budgetary controls at the departmental level by cost object classification and allocates appropriations on a quarterly basis. The City's Home Rule Charter specifies three cost object classifications: personal services, other operating expenses, and debt service. Although all expenditures are recorded at the individual line-item level, they are summarized for reporting purposes in these three expenditure classifications.

Encumbrances are recorded via an online processing system. If sufficient funds are not available to cover a purchase, the requisition is rejected and returned to the originating department for appropriation or allotment changes, transfer of funds or cancellations. Appropriations may be amended through council action during the year and all unencumbered appropriations lapse at year end. Neither the City Charter nor state law, allow deficit spending. The Department of Finance can control all the above through a computerized financial management system, BRASS, and the use of a departmental budget.

The Mayor's 2022 Budget was prepared using a process called Budgeting for Outcomes (BFO). BFO is designed to improve services and get a better return on investment of public dollars. BFO starts with a set of results that matter to citizens and encourage creative ways of achieving them within the resources available. In line with the Mayor's budgeting principles, BFO emphasizes accountability, innovation and teamwork. Like performance budgeting, BFO focuses on what the public receives, how much it costs and how outcomes will be measured. BFO starts with the results citizens want from their City government and works to align those priorities with the budget decision- making process.

CAPITAL BUDGET

The Mayor, on an annual basis, recommends to the City Council a capital improvement program for the next five years and a capital budget, by project, for the first year of the program. The City Council is obligated to approve a capital budget program and adopt a capital budget before it adopts the annual operating budget. The capital program and budget must show the amounts and sources of money for each project. The amounts budgeted constitute appropriations from the funds indicated when they become available. Expenditures for capital projects are made through the capital projects fund, and any matching funding sources.

BUDGETARY AND FINANCIAL REPORTING

The fund structure by which the financial transactions of the City of New Orleans are recorded is defined on Article VI Chapter 1 and 2 of the Home Rule Charter. All general governmental functions other than debt service and capital improvements are accounted for in the general fund. Encumbrances of the current year are recorded as obligations against budgetary appropriations. Appropriations neither encumbered nor expended lapse at the end of the fiscal year.

RISK MANAGEMENT

The City is self-insured for its hospitalization benefit program, workers compensation, motor vehicle fleet, general liability, and police department excessive force losses. Premiums are charged to the City's various funds for the unemployment and worker's compensation programs and to employees and the City's various funds for the hospitalization program. In addition, the City's Risk Management Division works toward reducing the number of claims and lawsuits, shorten length of time in which a claim is processed or resolved, and provides investigations and support services and employs various risk control techniques.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the patience and dedication of the entire staff of the Finance Department; however, a special word of appreciation is due to the Bureau of Accounting staff and support staff, who prepared this financial report while coping with the hectic day-to-day work which must be done. We would also like to express our appreciation to the staff of other departments, boards, and agencies of the City who assisted and contributed to the preparation of this report. Finally, we would like to acknowledge the helpful suggestions and support received from the Mayor, CAO, and staff members of the City Council and Council Audit Committee, as their support is greatly appreciated.

Respectfully submitted,

Norman L. White

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members
City Council of the City of New Orleans, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of New Orleans, Louisiana (the City) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Audubon Commission, Sewerage and Water Board, Downtown Development District, New Orleans Tourism and Cultural Fund, Orleans Parish Communication District, New Orleans Municipal Yacht Harbor Management Corporation, French Market Corporation, New Orleans Building Corporation, Parking Facilities Corporation, and Orleans Parish Hospital Service District A, which represent 73% and 81% respectively, of the assets and revenues of the aggregate discretely presented component units; the Firefighters' Old and New Systems, the Police Pension Fund, and the Employees' Retirement System of the City of New Orleans, which represent 86% of the assets and 2% of the additions and revenues of the aggregate remaining fund information; and the Board of Liquidation, City Debt, which represents 63% and 50% of assets and revenues of the debt service fund, respectively. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions insofar as it relates to the amounts included for Audubon Commission, Sewerage and Water Board, Downtown Development District, New Orleans Tourism and Cultural Fund, Orleans Parish Communication District, New Orleans Municipal Yacht Harbor Management Corporation, French Market Corporation, New Orleans Building Corporation, Parking Facilities Corporation, Orleans Parish Hospital Service District A, the Firefighters' Old and New Systems, the Police Pension Fund, the Employees' Retirement System of the City of New Orleans, and the Board of Liquidation, City Debt, are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 20 to the financial statements, in 2022 the City adopted new accounting guidance, GASBS No. 87, *Leases*, which resulted in no cumulative effect of change to the December 31, 2021 fund balance and net position. Our opinion is not modified with respect to this matter.

Emphasis of Matters

Funding of the Firefighters Pension and Relief Fund of the City of New Orleans

As discussed in Note 8 to the basic financial statements, actual contributions made by the City to the Firefighters Pension and Relief Fund – Old System (Old System) are made based on amounts necessary to pay current expenses, and, in effect, is being funded on a “pay-as-you-go” basis. City contributions were used to fund benefit payments of the current period. Without adequate contributions, the Old System will not be able to pay benefit and other payments due in fiscal year 2023. The total pension liability of the Old System, based on the actuarial valuation as of December 31, 2021 used to determine the City's 2022 net pension liability, exceeded the fund's fiduciary net position by \$102,604,000, resulting in a funded ratio of 7.74%.

Additionally, as discussed in Note 8 to the basic financial statements, the total pension liability of the Firefighters Pension and Relief Fund – New System (New System), based on the actuarial valuation as of December 31, 2021 used to determine the City's 2022 net pension liability, exceeded the New System's fiduciary net position by \$355,980,000, resulting in a funded ratio of 12.93%. A significant portion of the New System's investments are long-term positions and are not liquid. This may have a negative impact on future cash flows. Additional employer contributions may be required to fund benefit payments and other plan deductions in upcoming years.

Our opinions are not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5–15, the budgetary comparison information on page 79-80, and the required supplementary pension and OPEB information on pages 81-86 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic

financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

Management's Discussion and Analysis

The following Management's Discussion and Analysis (MD&A) of the City of New Orleans, Louisiana's (the City) financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the City's basic financial statements and the notes to the basic financial statements.

Financial Highlights

- The City's net position on the government-wide basis was approximately \$816.87 million at December 31, 2022.
- The government-wide statement of activities reported an increase in net position of approximately \$299.4 million.
- 2022 general fund tax revenues increased by approximately \$62.2 million or 14.09% compared to 2021.
- The general fund reported an increase in fund balance of \$167.8 million for a total ending fund balance at December 31, 2022 of \$403.3 million. The general fund's unassigned fund balance at December 31, 2022 is \$245.1 million.
- Total governmental funds reported a decrease in fund balance of \$61.2 million during the year ended December 31, 2022, a 110.6% decrease over the prior year.
- Total cash and investments of governmental funds amounted to \$1.06 billion at December 31, 2022, an increase of \$.5 million compared to December 31, 2021.
- Total bonded debt amounted to approximately \$812.1 million, a decrease of approximately \$192.6 million from the beginning of the year total.

Overview of the Financial Statements

The discussion and analysis provided here is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information to provide greater detail of data presented in the basic financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business.

The statement of net position presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows in future fiscal periods (e.g., earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, health and human services, culture and recreation, urban development and housing, and economic development. All of the business-type activities of the City are undertaken through component units, which are presented separately.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund activities focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balance provide a reconciliation between governmental funds and governmental activities.

The City maintains 156 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for its five major funds: General Fund, Federal Emergency Management Agency (FEMA) Fund, Debt Service Fund, Capital Projects Fund, and Federal Department of Treasury. Data from the other governmental funds are combined under the heading "Non-major Governmental Funds."

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

Notes to the Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information to demonstrate legal budgetary compliance for each major fund for which an annual budget is adopted and to provide information concerning the City's progress in funding its obligation to provide pension benefits to its employees.

Government-wide Financial Analysis

As noted previously, net position over time, may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by approximately \$816.86 million at December 31, 2022.

Net Position

December 31, 2022 and 2021

(Amounts in thousands)

	Governmental Activities	
	2022	2021
Current and other assets	1,180,021	1,218,178
Capital assets	2,262,603	2,098,531
Total assets	3,442,624	3,316,709
Deferred amounts related to net pension liability	205,831	180,369
Deferred amounts related to OPEB	34,660	41,488
Deferred loss on bond refunding	2,760	3,229
Total deferred outflows	243,251	225,086
Long-term liabilities	2,413,158	2,616,875
Other liabilities	336,566	228,153
Total liabilities	2,749,724	2,845,028
Deferred amounts related to net pension liability	73,631	163,028
Deferred amounts related to OPEB	38,615	14,505
Deferred gain on bond refunding	376	478
Deferred amounts related to leases	6,654	-
Unavailable revenue	-	1,248
Total deferred inflows	119,276	179,259
Net position:		
Net investment in capital assets	1,203,318	1,409,432
Restricted	420,359	671,265
Unrestricted (deficit)	(806,803)	(1,563,189)
Total net position (deficit)	816,875	517,508

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

The City's statement of net position reflects its net investment in capital assets of approximately \$1.11 billion at December 31, 2022. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided for by other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Debt service funds have accumulated \$84.9 million at December 31, 2022 to provide for the servicing of annual interest and principal payments on bonds and are classified in restricted net position. The unrestricted deficit net position in the amount of \$806.8 million is due to the City's recording of long-term obligations including claims and judgments, liabilities, and accrued annual and sick leave. The unrestricted deficit decreased by \$756.3 million, which is primarily due to the change in overall net position described below.

Governmental Activities

Total revenue increased by \$76.8 million or 5.8% from \$1.32 billion in 2021 to \$1.40 billion in 2022. This increase is primarily attributable to \$68 million of charges for services under general government; \$54 million of increased sales taxes remitted in the categories of general, motor vehicle, hotel/motel, and consumer, which are a direct result of the City of New Orleans tourism industry resurgence post COVID-19.

Total expenses were \$1.101 billion in 2022, an increase of \$101.1 million, or 10.12%, compared to \$999.9 million in 2021. General government expense increased \$55.0 million, or 15.1%, from \$363.9 million in 2021 to \$418.9 million in 2022. Urban development and housing expense decreased \$8.0 million, or 11.25%, from \$71.4 million in 2021 to \$63.4 million in 2022. This increase is primarily due to an increase of grants received post COVID-19 and ARPA, which entitled the City of New Orleans to incur more expenses in 2022 than in 2021.

CITY OF NEW ORLEANS
Management's Discussion and Analysis
December 31, 2022

A comparison of 2022 to 2021 is as follows (amounts are reported in thousands):

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

Financial Analysis of the Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of the fund balance which has not yet been limited in use for a particular purpose by either an external party, the City itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City's Council.

At December 31, 2022, the City's governmental funds reported combined fund balances of \$707.3 million, a decrease of \$61.2 million in comparison with the prior year. Included in this amount is an unassigned fund balance of \$161.9 million. The remainder of the fund balance is either restricted, committed, or assigned to indicate that it is 1) restricted for particular purposes (\$420.4 million), 2) committed for particular purposes (\$91.5 million), or 3) assigned for particular purposes (\$33.6 million).

General Fund

The general fund is the chief operating fund of the City. At December 31, 2022, the general fund's fund balance increased by \$167.8 million from \$235.5 million in 2021, to 403.28 million in 2022. Key factors relative to this change are as follows:

- Expenditures increased in 2022 to \$632.07 million compared to \$583.38 million in 2021, an increase of \$48.66 million, which represents an 8.4% increase in expenditures. Debt service expenditures accounted for 30.45% of that increase due to the implementation of the GASB 87 Lease standard.
- Taxes revenues increased by \$62.21 million or 14% as compared to 2021. The increase is due primarily to increased sales taxes remitted in the categories of general, motor vehicle, hotel/motel, and consumer, which are a direct result of the City of New Orleans tourism industry resurgence post COVID-19.
- Charges for service revenues in the general fund increased by \$11.04 million in 2022 compared to 2021 primarily due to \$4.8 million in Sanitation Service Charges, \$3.7 million of Indirect Costs, and the remaining \$2.54 million from increased filming fees, parking meters, and property/sales tax collection fees.
- Fines and fees revenues in the general fund increased by \$1.51 million in 2022 compared to 2021 primarily due to the decrease in traffic due to the COVID-19 pandemic which resulted in business and school closures and reduced enforcement of traffic laws.
- Miscellaneous revenues decreased from \$33.1 million in 2021 to \$22.4 million in 2022, a decrease of \$10.72 million or 32.38% compared to 2021 due to several factors including sundry, building and rents, insurance proceeds, and reimbursement for special activity.

CITY OF NEW ORLEANS

Management's Discussion and Analysis

December 31, 2022

The accompanying table shows the amount (in thousands) of general fund revenues by source for 2022 and 2021.

Revenues and Other Financing Sources	2022	% of	Increase (Decrease)	2021	% of
	Actual	Total	Over 2021	Actual	Total
Taxes	\$ 503,706	62.93%	\$ 62,207	\$ 441,499	64.99%
Licenses and permits	84,493	10.56	27,481	57,012	8.39
Intergovernmental	54,303	6.78	11,648	42,655	6.28
Charges for services	96,363	12.04	11,040	85,323	12.56
Fines and forfeits	23,085	2.88	1,513	21,572	3.18
Interest income	6,928	0.87	5,829	1,099	0.16
Contributions, gifts, and donations	-	—	-	-	—

Capital Outlays	596	0.09	81	515	0.09
Debt service	10,985	1.74	3,027	7,958	4.36
	<u>\$ 632,668</u>	<u>100.0%</u>	<u>\$ 49,288</u>	<u>\$ 583,380</u>	<u>103.0%</u>

FEMA Fund

The FEMA Fund primarily accounts for grants received from the federal government as a result of Hurricanes Katrina, Rita, and Gustav. FEMA, as authorized by the Stafford Act, assists individuals as well as state and local governments with response to and recovery from disasters. The FEMA grants are reimbursement basis grants where expenditures and related revenues have been accrued. The deficit in the FEMA fund at December 31, 2021 is primarily due to revenue that has not been recognized and will be collected by the City in the future as payments are approved by FEMA in addition to funds borrowed from the general fund to cover expenditures of the FEMA Fund. Revenue amounted to \$18.9 million in 2022 compared to \$30.0 million in 2021 while expenditures totaled \$36.2 million in 2022 compared to \$35.0 million in 2021. The decrease in revenue is primarily due to decreased reimbursements for Hurricane Katrina projects; and increases in expenditures is primarily due to an increase in reimbursable project work. Many of the City's projects are currently in the construction phase for the Joint Infrastructure Recovery Request (JIRR) Program.

CITY OF NEW ORLEANS
Management's Discussion and Analysis
December 31, 2022

Federal Treasury Fund

The FTD Fund primarily accounts for grants received from the federal government as a result of CARES (Coronavirus Aid, Relief, and Economic Security) 2020, Emergency Rental Assistance 2021, and ARPA (American Rescue Plan) 2021. FTD, as authorized by the H.R.748 Act, assists individuals as well as state and local governments with response to and recovery from COVID-19. The FTD grants are mainly disbursement basis grants where expenditures and related revenues have been authorized per the grant use guidance of CARES, ERA, and ARPA Acts. The zero balance in the FTD fund at December 31, 2022 is primarily due to utilizing the grant dollars of ARPA to reclass expenditures from General Fund to the FTD Fund, thus creating a balanced fund balance in 2022. Revenue and expenditures amounted to \$145.1 million in 2022 compared to \$131.4 million in 2021.

Debt Service Fund

The Debt Service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. Total fund balance for the Debt Service Fund was \$84.85 million at December 31, 2022, which was a \$152.80 million decrease compared to the prior year balance of \$237.7 million. The decrease is attributable to lower bond issues in 2022 over 2021 through the Board of Liquidation.

Capital Projects Fund

The Capital Project fund is used to account for all resources and expenditures in connection with the acquisition of capital facilities and repair and maintenance projects other than those accounted for in the component units. Expenditures for capital projects in 2022 totaled \$282.1 million, an increase of \$56.8 million compared to 2021. Revenues were \$206.5 million in 2022 compared to \$189.8 million in 2021. The increase in revenues and expenditures is primarily due to an increase in reimbursable project work. Many of the City's projects are currently in the construction phase for the Joint Infrastructure Recovery Request (JIRR) Program.

CITY OF NEW ORLEANS
Management's Discussion and Analysis
December 31, 2022

General Fund Budgetary Highlights

Variances between the general fund amended budget and actual expenditures are delineated in the schedule below. The 2022 budgeted revenues and expenditures were slightly increased through amendments.

	2022		
	Budget	Actual on budgetary basis	Variance Positive (Negative)
Revenues			
Taxes	\$ 439,093	\$ 503,706	\$ 64,613
Licenses and permits	69,025	84,493	15,468
Intergovernmental	30,890	54,303	23,413
Charges for services	88,954	96,363	7,409
Fines and forfeits	29,710	23,085	(6,625)
Interest income	160	6,928	6,768
Contributions, gifts, and donations	-	-	-
Miscellaneous	73,644	28,772	(44,872)
Total Revenues	731,476	797,650	66,174
Expenditures	733,598	632,668	(100,930)
Other financing sources (uses), net	2,121	9,165	7,044
Change in fund balance	\$ -	\$ 174,147	\$ 174,147

Capital Assets

Capital assets at December 31, 2022 and 2021 are as follows (net of depreciation):

	2022	2021
Land	\$ 94,474	\$ 94,474
Construction in progress	562,572	559,340
Buildings, improvements, and equipment	601,166	579,884
Other	1,569	2,044
Infrastructure assets	1,002,822	862,789
	<u>\$ 2,262,603</u>	<u>\$ 2,098,531</u>

The City has continued rebuilding efforts after prior year hurricanes that include the replacement and repair costs for various assets. See Note 6 for detailed capital asset activity during 2022.

CITY OF NEW ORLEANS
Management’s Discussion and Analysis
December 31, 2022

Debt Administration

Outstanding general obligation bonds at December 31, 2022 totaled \$615.96 million, all of which are considered to be net, direct-tax supported debt.

Outstanding Debt

	2022	2021
General obligation bonds	\$ 615,960	\$ 667,160
Taxable limited tax bonds	125,450	256,070
Limited tax bonds		
Revenue bonds and notes	70,690	81,475
Total bonds	812,100	1,004,705
Notes Payable (vehicle and equipment loans)	2,666	3,198
Go Zone Notes	17,571	21,488
Total outstanding debt	\$ 832,337	\$ 1,029,391

The following is a summary of debt transactions:

Balance at January 1, 2022	\$ 1,029,391
New issues	106,670
Payments	(303,724)
Balance at December 31, 2022	\$ 832,337

The Louisiana Legislature, in Act 1 of 1994, increased the City’s general obligation bond debt limit to an amount equal to the greater of (i) \$500,000,000 or (ii) 35% of total assessed valuation of the City. Under Act 1, based on the most recent assessed valuations, the City’s debt limit is \$1.68 billion as of December 31, 2022. At December 31, 2022, the City’s legal debt margin adjusted for outstanding principal of \$615.9 million, plus fund balance available in the Debt Service Fund of \$84.9 million to service this general obligation debt was \$979.2 million. As of December 31, 2022, Moody’s general obligation bond rating for the City was “A2”, Fitch general obligation bond rating was “A”, and Standard & Poor’s general obligation bond rating was “A+”, which upgraded from 2021. See Note 7 for detailed long-term debt activity for 2022.

Economic Factors and Next Year’s Budgets and Rates

The General Fund’s amended 2022 budgeted revenues and expenditures and other financing sources exceeded the adopted budgeted revenues and expenditures and other financing sources by approximately \$9.7 million, which was a very minimal change of 1.3%. The General Fund’s final budgeted revenues and other financing sources were less than the actual revenues and other financing sources by approximately \$116.5 million, or 16%, and actual expenditures and other financing uses came in under final budgeted expenditures and financing uses by approximately \$59.8 million, or 8.1%.

CITY OF NEW ORLEANS

Management’s Discussion and Analysis

December 31, 2022

The City’s decrease in 2022 expenditures are due to reclassing over \$18 million of Hurricane Ida expenses from General Fund to Federal Emergency Management Agency (FEMA) Fund; reclassing over \$16 million of Public Safety personnel costs from General Fund to Federal Department of Treasury (FTD) Fund; with the remainder reduction of \$25.8 million in professional contracts across all functions of government.

The City’s General Fund recurring revenues were forecasted for fiscal year 2022 at \$731.5 million, and the audited fiscal year 2022 actual revenues are \$797.7 million. The City’s General Fund expenditures were forecasted for fiscal year 2022 at \$731.5 million, and the audited fiscal year 2022 actual expenditures are \$632.7 million. General fund revenues are forecast to grow modestly between 2023 and 2025.

The following table presents an adopted budget comparison for 2022, 2021, 2020, and 2019 (amounts in thousands):

	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Revenues and other financing sources	\$ 723,895	\$ 725,880	\$ 773,650	\$ 701,991
Expenditures	\$ 723,895	\$ 725,880	\$ 773,650	\$ 701,991

As our city moved forward into 2022, the Cantrell Administration continued to be upfront and honest about the challenges that we face. Amid dealing with the Cyber Security Attack in December 2019, then rolling into a very unprecedented Mardi Gras season of 2020 that eventually led into the COVID-19 pandemic declared in March 2020, this made the City of New Orleans, one of the tourism mecca cities in the United States, more aware of our reduced revenue streams as a result of COVID-19. We are, however, very grateful for the CARES Act funding received in 2020, and the initial American Rescue Plan Act of 2021 funding received in May 2021, and the second tranche of American Rescue Plan Act of 2021 funding received in June 2022. The Cantrell Administration will still ensure that the City of New Orleans receives her fair share of all funding.

The Cantrell Administration's 2023 goals are recovery-post pandemic, expanding affordable housing, and messaging on Violence Reduction Strategy through intergovernmental relations coordination and strategy, proactive communication, and substantive community engagement.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information may be addressed to the Office of the Chief Financial Officer, City of New Orleans, 1300 Perdido Street, Room 3E06, New Orleans, Louisiana, 70112.

CITY OF NEW ORLEANS, LOUISIANA
 Reconciliation of Balance Sheet - Governmental Funds to the
 Statement of Net Position
 December 31, 2022
 (Amounts in thousands)

Total fund balances – governmental funds	\$	707,335
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds		2,262,603
Right to use lease assets and their related liabilities used in governmental activities are not financial resources and, therefore, are not reported in the funds		
Right to use asset (net of accumulated amortization)		9,197
Lease liability		(9,363)
Certain revenues are not available to pay for the current period's expenditures and, therefore, are deferred in the funds		258,218
The deferred gain and loss on bond refundings is not an available resource and, therefore, is not reported in the funds		2,383
Interest expense is accrued at year-end in the government-wide financial statements, but is recorded only if due and payable on the governmental fund financial statements		(3,349)
Net pension liability balances in accordance with GASB Statement No. 68:		
Deferred outflows of resources		205,831
Deferred inflows of resources		(73,631)
Net pension liability		(1,008,184)
Total OPEB liability balances in accordance with GASB Statement No. 75:		
Deferred outflows of resources		34,660
Deferred inflows of resources		(38,615)
Total OPEB liability		(137,415)
Taxes payable		(7,462)
Other long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.		
Long-term liabilities consist of:		
Bonds payable		(892,281)
Loans payable		(20,237)
Annual and sick leave		(58,388)
Claims payable		(410,871)
Landfill closing costs		(3,555)
Total net position – governmental activities	\$	<u>816,875</u>

See accompanying notes to basic financial statements.

CITY OF NEW ORLEANS, LOUISIANA
 Reconciliation of the Statement of Revenues, Expenditures, and
 Changes in Fund Balances of Governmental Funds to the
 Statement of Activities
 Year ended December 31, 2022
 (Amounts in thousands)

Net change in fund balances – total governmental funds	\$	(61,208)
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of those assets are allocated over their estimated useful lives and are reported as depreciation expense. This represents the amount that capital outlays exceeded depreciation and loss on disposals in the current period.</p>		
Capital outlays		259,172
Depreciation expense		(95,100)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds. This represents the change in unearned revenue.</p>		
		27,033
<p>The increase in taxes payable related to current year refunds due to taxpayers does not consume current resources in the governmental funds, but decreases tax revenue in the statement of activities.</p>		
		158
<p>The issuance of long-term debt (e.g., bonds and certificates of indebtedness) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:</p>		
Change in interest payable		(18)
Amortization of deferred loss on bond refunding		(367)
Bond and note principal payments		192,709
Issuance of bonds payable		(112,078)
Payments for cash defeasance of bonds		111,015
Amortization of bond discount and premium		7,108

NOTES TO BASIC FINANCIAL STATEMENTS

City of New Orleans

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

The basic financial statements of the City of New Orleans, Louisiana (the City) have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) for local governmental units as prescribed by the Governmental Accounting Standards Board (GASB). The most significant accounting and reporting policies of the City are described in the following notes to the basic financial statements.

Reporting Entity

The City was incorporated in 1805. The City's system of government was established by its Home Rule Charter, which became effective in 1954 and was amended effective January 1, 1996. The City operates under a Mayor-Council form of government and provides the following types of services as authorized by its charter: public safety, health and human services, public works, water and sewerage, urban development and housing, economic development, culture and recreation, airport, and general government services. Education and welfare are administered by other governmental entities.

The accompanying financial statements include financial statements for the City and certain legally separate organizations in accordance with section 2100: *Defining the Financial Reporting Entity* of the Governmental Accounting Standards Board (GASB) Codification.

Component Units

In conformity with GAAP, the financial statements of component units have been included in the financial reporting entity either as blended component units or discretely presented component units. Each blended and discretely presented component unit has a December 31 year-end.

Complete financial statements of the following individual discretely presented component units can be obtained from their administrative offices:

Blended Component Units

Blended component units, although legally separate entities, are, in substance, part of the City's operations, as they provide services exclusively or almost exclusively for the City. Blended means the data from these units are combined with data of the primary government.

Board of Liquidation, City Debt (The Board) – The Board is a separate legal entity and is included (blended) in the operations of the debt service fund and governmental activities of the City because it handles all matters relating to the bonded debt of the City.

In addition, the following component units are reported as pension or other employee benefit trust funds:

Employees' Retirement System of the City of New Orleans (NOMERS) – NOMERS is a separate legal entity established by City ordinance to provide pension benefits for substantially all City employees, except police officers and firefighters. NOMERS is presented as a pension trust fund because NOMERS serves the employees of the City. The net position of NOMERS is held for the sole benefit of the participants and is not available for appropriation.

Firefighters' Pension and Relief Fund (FPRF) – FPRF is a separate legal entity established by State law to provide pension benefits for City firefighters. The net position of FPRF is held for the sole benefit of the participants and is not available for appropriation.

Police Pension Fund – The Police Pension Fund (old plan) is a separate legal entity established by State law for the police department of the City of New Orleans for pensioning all officers, members, and employees of the police department, their widows, children, and widowed mothers. The board of trustees administers, manages, operates, and controls the police pension fund of the City of New Orleans. Effective March 6, 1983, all members of the Police Plan, active and retired, except for approximately 250 participants who did not meet the eligibility requirements, became members of the Municipal Police Employees' Retirement System (State of Louisiana) (MPERS).

City of New Orleans
Notes to Financial Statements

Discretely Presented Component Units

Discretely presented component units are reported in a separate column in the government-wide financial statements. The following are the City’s discretely presented component units, for which the City has financial accountability because it appoints a voting majority of the Board, and the City can impose its will:

Discretely Presented Component Units	Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>Louis Armstrong New Orleans International Airport (the Airport)</i>	Local government corporation established in 1943 by the City to provide for the operation and maintenance of the Airport. The Board consists of nine members appointed by the Mayor of the City with approval of the City Council. The City of Kenner, Louisiana and the Parish of St. Charles, Louisiana each have input as to the selection of one board member.
<i>Downtown Development District</i>	Local government corporation created by Act 498 of 1974 and amended and reenacted by Act 124 of 1977 of the State of Louisiana Legislature, effective January 1, 1975. The District is a special taxing district designated “the Core Area Development District of the City of New Orleans,” later renamed the Downtown Development District of the City of New Orleans, comprising all the territory within prescribed boundaries. The Board of Directors is composed of 11 members for governance of the District.
<i>Sewerage and Water Board</i>	A local government corporation created by the City through Act 6 of the Louisiana Legislature of 1899 as a special board independent of the City’s government to construct, maintain, and operate a water treatment and distribution system and a public sanitary sewerage system for the City. In accordance with Louisiana Revised Statutes (LRS) 33:4096 and 4121, the Board has the authority to establish the water and sewerage rates to charge to its customers. The board is composed of 11 members, including the Mayor of the City as the President of the Board, two members of the Board of Liquidation, City Debt, and eight citizens, as designated by the State statutes. The terms of office are staggered from one year to four years, as designated by State statutes.

City of New Orleans
Notes to Financial Statements

Discretely Presented Component Units

Description of Activities, Relationship to City, and Key Inclusion Criteria

Audubon Commission (the Commission)

The Commission was created by the Louisiana Legislature to manage and operate its facilities consisting of nine museums and parks dedicated to celebrating the wonders of nature, with goals of fostering education, research, wildlife conservation, family entertainment, and positive economic impact. The Commission has a 24-member board appointed by the Mayor. Each member serves a six-year term, with four members' terms expiring each year.

New Orleans Municipal Yacht Harbor Management Corporation

Local corporation formed by the City to operate the Municipal Yacht Harbor in the manner comparable to that of a private business enterprise; to provide a safe and secure environment for recreational boating; to ensure that the cost associated with providing services to the general public are financed or recovered through user fee and charge; and to place an emphasis on generating a sufficient amount of net operating revenues to be used for maintenance and capital improvement projects. The Municipal Yacht Harbor is administered by a Board of Directors consisting of 11 members, 9 of which are appointed by the Mayor, subject to City Council approval, and are voting members.

New Orleans Tourism and Cultural Fund

A local government corporation created by the City on January 1, 1990. Its objectives and purposes are to continuously stimulate the hospitality and tourism industry of the City of New Orleans through regional, national, and international advertising and marketing of the City of New Orleans as a tourist and convention site and a vacation destination; to stimulate economic development in the City of New Orleans through the marketing and solicitation of conventions and trade shows throughout the U.S. and the World; to advance, promote, and maintain tourism and trade in the City of New Orleans through marketing activities directed at the discretionary tourist or traveler through advertising, direct mailing, or other means; and to support the cultural economy of the City. A 15-member Board of Directors is appointed in various ways.

City of New Orleans
Notes to Financial Statements

Discretely Presented Component Units

Description of Activities, Relationship to City, and Key Inclusion Criteria

French Market Corporation

Local government corporation formed January 1, 1972 by the City to provide for the operation and maintenance of the French Market Properties owned by the City of New Orleans. These properties include five buildings and the Farmers Market. The French Market is a nonprofit corporation that is owned by the City and administered by a board of directors consisting of 12 members appointed by the Mayor. On March 17, 2014, the Upper Pontalba Building Corporation (the Upper Pontalba), a Louisiana Public Benefit Corporation, organized on July 14, 1988 merged into the French Market Corporation. Prior to the merger, the Upper Pontalba's operational purpose was to renovate and operate the Upper Pontalba Building, a four-story residential and commercial (64 unit space facility) located in the French Quarter. As a result of the approved and certified merger, the Market and the Upper Pontalba became one corporation, which the Market was the surviving corporation and the Upper Pontalba ceased to exist. As the surviving corporation, the Market possessed all the rights, privileges and franchises it previously possessed, as well as, those possessed by the Upper Pontalba. Additionally, all property and assets and debts of the Upper Pontalba transferred to and vested in the Market. The Market is responsible for all liabilities and obligations of the Upper Pontalba.

New Orleans Building Corporation

Nonprofit, public benefit corporation, incorporated in the State of Louisiana on May 4, 2000 for the purpose of owning, leasing, developing and operating properties owned by the City of New Orleans or by the Corporation. The organization's board of directors is comprised of the Mayor of the City, three Council members of the City of New Orleans, and three appointed positions.

City of New Orleans
Notes to Financial Statements

Discretely Presented Component Units

Description of Activities, Relationship to City, and Key Inclusion Criteria

Orleans Parish Communication District

The Orleans Parish Communication District was created effective July 13, 1982, pursuant to Act No. 155 of the 1982 Regular Session of the Louisiana Legislature. The District was created for the purpose of establishing a local emergency telephone service; to establish a primary emergency telephone number; to provide for the governing body of the District; and to authorize the governing authority of such district to levy an emergency telephone tax. This act was amended by Act No. 1029 in 1999 to provide for the creation of multi-parish communications districts; to provide information relative to the rate of the emergency telephone service charge on landline phones; and to authorize the levy of an emergency telephone service charge on certain wireless communications systems.

Parking Facilities Corporation

Parking Facilities Corporation was created effective September 2001. The purpose of the Parking Facilities Corporation is to construct, own, and operate the long-term parking garage at the Louis Armstrong International Airport. The Board consists of five members: one appointed by the Mayor, one appointed by the President of the New Orleans Building Corporation, one appointed by the City Council, one appointed by the New Orleans Tourism and Cultural Fund, and one appointed by the President and CEO of the Operator of the Garage.

Orleans Parish Hospital Service District A

The hospital service district was created and made effective July 5, 2006, pursuant to Act No. 830 of the 2006 Regular Session of the Louisiana Legislature. The District was created for the purpose of studying the feasibility of building or acquiring and operating hospital facilities within the District. The District is divided into two areas: (a) Orleans Parish east of the Industrial Canal and (b) all of Orleans Parish except the geographical areas of the Industrial Canal and the area of Orleans Parish bounded by Earhart Boulevard, Carrollton Avenue, Loyola Avenue, and Iberville Street. The two areas of the district are governed by separate governing boards consisting of thirteen commissioners each. The Chief Executive Officer of Orleans Parish appoints seven members of each board.

Related and Jointly Governed Organizations

Related organizations and jointly governed organizations provide services within the City that are administered by separate boards or commissions, for which the City is not financially accountable, and such organizations are, therefore, not reported as component units of the City even though the Mayor and/or the City Council may appoint a voting majority of an organization's board.

Related Organizations

For the following organizations, the Mayor and/or the City Council appoints a voting majority of the members of the respective boards.

- Housing Authority of New Orleans
- Finance Authority of New Orleans
- New Orleans Redevelopment Authority
- Regional Transit Authority

Jointly Governed Organizations

The City is a participant in other jointly governed organizations. The Mayor and/or the City Council appoints members of the boards for the following organizations. Such appointments represent less than a voting majority of the respective boards. There is no ongoing financial interest or ongoing financial responsibility for these entities.

- New Orleans Regional Loan Corporation
- New Orleans City Park Improvement Association
- New Orleans Exhibition Hall Authority
- Regional Planning Commission

Basis of Presentation – Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. Activity for the City and its discretely presented component units is reported separately in the government-wide financial statements. All fiduciary activities are reported only in the fund financial statements. The effect of interfund activity among the governmental funds has been eliminated in these statements.

Governmental activities are supported by property taxes, sales taxes, franchise taxes, charges for services, and grant revenues from the federal government and the State of Louisiana.

The statement of activities reports the change in the City's net position. This statement demonstrates the degree to which the direct expenses of a given function of government are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function of City government. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues in the statement of activities.

City of New Orleans Notes to Financial Statements

The fund financial statements provide information about the government's funds, including its governmental and fiduciary funds, including blended component units. Separate statements for each fund category – governmental and fiduciary – are presented. For governmental funds, the emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Fiduciary funds are presented by type.

Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use, and balances of the City's expendable financial resources, and the related liabilities are accounted for through governmental funds. The following are the City's major governmental funds:

- (a) ***General Fund*** – The General Fund is the general operating fund of the City. It is used to account for all current financial resources except those required to be accounted for in other funds.
- (b) ***FEMA Fund*** – This special revenue fund accounts for grants received from the Federal Emergency Management Agency (FEMA) for hurricane relief efforts.
- (c) ***Federal Treasury Department Fund*** – This special revenue fund accounts for grants received from the Federal Treasury Department (FTD) for COVID-19 relief efforts.
- (d) ***Debt Service Fund*** – The debt service fund is used to account for the accumulation of current financial resources for, and the payment of, general obligation bonds, limited tax bonds, and revenue bonds, including debt principal, interest, and related costs.
- (e) ***Capital Projects Fund*** – The capital projects fund is used to account for current financial resources to be used for the acquisition or construction of major capital facilities.

Fiduciary Fund Types

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as a custodian for individuals, private organizations, and other governmental units. These include the following:

- (a) ***Pension Trust Funds*** – account for the accumulation of resources for pension benefit payments to qualified employees.
- (b) ***Custodial Funds*** – are custodial in nature and are held in a temporary, purely custodial capacity for others.

Basis of Accounting-Measurement Focus

Government-Wide Financial Statements (GWFS)

The statement of net position and the statement of activities include all the financial activities of the City, except for the fiduciary funds, and its discretely presented component units.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Tax revenues other than property taxes are recognized when the underlying transaction occurs. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Fund Financial Statements

All governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. The governmental fund statement of revenues, expenditures, and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net position. Under the modified accrual basis of accounting, revenues are recorded when considered both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers amounts collected within sixty days after year-end to be available and recognizes them as revenues of the current period. Tax revenues other than property taxes are recognized when the underlying transaction occurs. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to principal and interest on long-term debt, claims, judgments, landfill post-closing costs, and compensated absences are recognized when matured (i.e., due and payable).

The following types of revenues are susceptible to accrual under the modified accrual basis of accounting: delinquent property taxes (including penalty and interest); services billed to other funds; sales tax; franchise fees; investment earnings; and grants. Intergovernmental revenues from reimbursable grants and capital projects are recognized when all eligibility requirements have been met and amounts are considered available. Non-current portions of certain long-term receivables, primarily property taxes and special assessments, are reported on the balance sheet of governmental funds in spite of their spending measurement focus. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become available.

Licenses and permits, certain charges for services, fines, and forfeitures, and miscellaneous other revenues are recorded as revenues when received in cash because they are generally not measurable or available until actually received.

Pension Trust and Custodial Funds

Pension trust funds and custodial funds are accounted for on the economic resources measurement focus and use the accrual basis of accounting. Their additions are recognized when earned, and their deductions are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates. Estimates that are particularly susceptible to significant change in the near term are related to the allowance for uncollectible accounts, pension liabilities and OPEB liability.

Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments are carried at fair value except for the following which are measured at amortized cost: Louisiana Asset Management Pool (LAMP) and money market investments. See Note 3 for more details. Unrealized gains and losses on investments are reflected in the Statement of Activities.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses included in other assets in both government-wide and fund financial statements.

Accounts Receivable

Property tax receivables of \$27,259,000 are shown net of an allowance of uncollectible amounts of \$15,942,000. An allowance for estimated uncollectible accounts receivable is established at the time information becomes available, which would indicate the uncollectibility of the particular receivable.

Lease Receivables

The City is a lessor for noncancellable leases of City property. The City recognizes a lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. Under the lease agreements, the City may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

The City uses the stated rate in the lease or its estimated incremental borrowing rate as the discount rate for the leases. The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Interfund Receivables and Payables

Short-term cash borrowing between funds bears interest at the prevailing consolidated cash rate of return and is considered temporary in nature. These amounts are reported as due from other funds and due to other funds. Long-term advances between funds are reported as advances to/from other funds.

Right-to-use Lease Assets

The City has recorded right-to-use lease assets as a result of implementing GASB Statement No. 87. The right-to-use lease assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right-to-use lease assets are amortized on a straight-line basis over the life of the related lease.

Capital Assets

Capital assets (i.e., land, buildings, equipment, and improvements other than buildings), which include the City's infrastructure and construction in progress are stated at historical cost. Donated capital assets are recorded at their acquisition value on the date donated. An item is classified as an asset that is capitalized if the initial individual cost is \$5,000 or greater. Capital assets of the City are reported in the government-wide financial statements but not in the governmental fund financial statements. Assets subject to depreciation are depreciated using the straight-line method over estimated useful lives. Additions and improvements that significantly extend the useful life of an asset are capitalized. Repairs and maintenance costs are expensed as incurred.

The City reviews the carrying value of its capital assets to determine if circumstances exist indicating impairment in the carrying value of capital assets. If facts or circumstances support the possibility of impairment, management follows GAAP. If impairment is indicated, an adjustment will be made to the carrying value of the capital assets.

The estimated useful lives (in years) of all depreciable assets are as follows:

Buildings and improvements	20 - 40
Equipment and vehicles	5 - 10
Infrastructure	25 - 50
Other	5 - 15

Fully depreciated capital assets are included in the capital asset accounts until their disposal. The cost of assets sold or retired and the related amounts of accumulated depreciation are eliminated from the accounts in the year of sale or retirement, and any resulting gain or loss is recorded in the financial statements.

Deferred Outflows/Inflows of Resources

In addition to assets, the government-wide statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents an outflow of resources that has occurred but will not be recognized as an expense/expenditure until a future period. The deferred loss on bond refunding reported in the government-wide statement of net position results from the reacquisition price of refunded debt being greater than its carrying value. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. See Note 10 and Note 11 for more information regarding deferred outflows of resources related to the net pension liability and total OPEB liability.

In addition to liabilities, the government-wide statement of net position and governmental fund balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an inflow of resources that has occurred but will not be recognized as revenue until a future period. The deferred gain on bond refunding reported in the government-wide statement of net position results from the reacquisition price of refunded debt being less than its carrying value. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The City received prepayments of property taxes levied for the subsequent year. These amounts are deferred and will be recognized as revenue in the subsequent year. In addition, the City has a type of deferred inflows which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from two sources: property taxes and grants. These amounts are deferred and recognized as revenue in the period that the amounts become available. See Note 10 and Note 11 for more information regarding deferred inflows of resources related to the net pension liability and total OPEB liability. The deferred inflows of resources related to leases are associated with amounts owed to the City, as lessor, by entities leasing the City's capital assets.

Annual and Sick Leave

All full-time classified employees of the City hired prior to January 1, 1979 are permitted to accrue a maximum of 90 days of vacation (annual leave) and an unlimited number of days of sick leave (accumulated at a maximum of 24 days per year). Employees hired after December 31, 1978 may accrue a maximum of 45 days of annual leave and an unlimited number of days of sick leave. Upon termination of employment, an employee is paid for accrued annual leave based upon his or her current hourly rate of pay and for accrued sick leave on a formula basis. If termination is the result of retirement, the employee has the option of converting accrued leave to additional days of service.

For governmental funds, annual and sick leave expenditures are recorded when due and payable. All vacation and sick leave is accrued when earned at the government-wide level.

Litigation

Claims and judgments are recognized in the governmental funds as expenditures when due and payable. Therefore, claims and judgments that are due and payable would be expected to be liquidated with expendable available financial resources. To the extent that claims and judgments mature prior to December 31, 2022, and are payable from current financial resources, they are accrued at December 31, 2022 in the governmental funds. Other liabilities not expected to mature as of December 31, 2022 are reported as liabilities in the government-wide financial statements. Estimates of claims and judgment liabilities (both incurred and reported and incurred but not reported) are made through a case-by-case review of all claims and the application of historical experience to the outstanding claims.

Lease Liabilities

The City is the lessee for several noncancellable leases of land and buildings. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements only. The City recognizes lease liabilities with an initial, individual value of \$200,000 or more. Lease liabilities are reported with long-term debt on the Statement of Net Position.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.

- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Net Position

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of borrowings for capital asset acquisition, construction, or improvement of those assets, increased by deferred outflows of resources attributable to capital asset acquisition, construction or improvement, and decreased by deferred inflows of resources attributable to either capital asset acquisition, construction, or improvement or to capital asset related debt. Capital-related debt or deferred inflows equal to unspent capital asset related debt proceeds or deferred inflows of resources is included in calculating either restricted or unrestricted net position, depending upon whether the unspent amounts are restricted.

Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

Unrestricted net position is the balance (deficit) of all other elements in a statement of net position remaining after net investment in capital assets and restricted net position.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). In the governmental fund financial statements, fund balances are classified as follows:

- a) Non-Spendable Fund Balance - amounts that cannot be spent either because they are in a non-spendable form (such as prepaid expenses and leases receivable in excess of the deferred inflow of resources related to leases) or because they are legally or contractually required to be maintained intact.
- b) Restricted Fund Balance - amounts constrained to specific purposes by their providers (such as grantor, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- c) Committed Fund Balance - amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority by a vote of the City Council; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint. Committed fund balance includes amounts set aside for budget stabilization in the City's annual adopted operating budget. The General Fund will have two fund balance goals: an unreserved fund balance account and an emergency reserve account. The target level for the unreserved fund balance is two percent of the expenditures in the adopted budget. The target level for the emergency reserve account is eight percent of the expenditures in the adopted budget. The emergency reserve will only be used for natural disasters, revenue shortfalls as recognized by the Revenue Estimating Conference, and other major emergencies that disrupt revenue sources or require substantial unanticipated expenses to address. Once the unreserved fund balance account is funded at its target level,

City of New Orleans Notes to Financial Statements

any additional unanticipated General Fund revenue will be used to fund the emergency reserve account, at a rate of two percentage points per year until it reaches its target level. If drawn upon, the emergency reserve account will be replenished in subsequent years.

- d) Assigned Fund Balance - amounts the City intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governmental body delegates the authority such as the City and its management. All encumbered contracts or outstanding obligations made by the City at year-end that are not part of restricted or committed fund balance will be shown as assigned fund balance.
- e) Unassigned Fund Balance - all amounts not included in other spendable classifications.

Fund Balance Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Budget Policies and Budgetary Accounting

Not later than November 1, the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. After proper official public notification, public hearings are conducted to obtain taxpayer comments. Not later than December 1, the budget is legally enacted through passage of an ordinance.

The City's budget ordinance is structured such that revenues are budgeted by source, and expenditures are budgeted by department and by principal object classification within a department. The City's charter provides that expenditures may not legally exceed appropriations either at a departmental level or at the principal object classification within a department. The Mayor's office is allowed to authorize the transfer of budgeted amounts from one budget activity to another within a principal object classification within the same department. Budgetary transfers between principal object classifications of the same department or between departments must be approved by the City Council. Throughout the year, several amendments to the budget were made by the City Council.

The City utilizes formal budgetary integration as a management control device during the year for the general and capital projects funds. Formal budgetary integration is not employed for the debt service and special revenue funds because effective budgetary control is alternatively achieved through other provisions. Unencumbered appropriations lapse at year-end. Current year transactions, which are directly related to a prior year's budget, are not rebudgeted in the current year.

The budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) except that, on the budgetary basis, encumbrances are considered expendable from current appropriations and are reported as expenditures in order to reserve appropriations.

Encumbrances

Encumbrances representing purchase orders, contracts or other commitments are recorded in governmental fund-type budgetary funds to reserve portions of applicable appropriations. Encumbrances are part of the budgetary process and are included in actual expenditures when a comparison with budget is necessary. Encumbrances at year-end are not considered expenditures in the financial statements presented on the GAAP basis. Encumbrances are reported in the governmental fund-type balance sheet in the restricted, committed, or assigned fund balance classifications.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, July 28, 2023, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Future Accounting Pronouncements

The Governmental Accounting Standards Board has issued statements that will become effective in future years. These statements address:

- Subscription based information technology arrangements and
- Compensated absences.

The City is currently evaluating the effects that these statements will have on its financial statements.

(2) Deposits and Investments

Deposits. The City's deposits are subject to and maintained in accordance with the State of Louisiana's Constitutional Revised Statutes (Revised Statutes). Under the Revised Statutes, all deposits exceeding the amount insured by the Federal Deposit Insurance Corporation (FDIC) are to be fully collateralized with specific approved securities designated therein valued at 102% of the deposits. The eligible collateral pledged are held in custody by any Federal Reserve Bank, or branch thereof or an independent third party with whom the City has a current custodial agreement. All collateral held must be clearly marked, indicating evidence of ownership (safekeeping receipt). Deposits collateralized under the Revised Statutes are considered collateralized with securities held by the pledging financial institutions trust department or agent in the City's name.

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it under state law. At December 31, 2022, the City's bank balances totaled \$489,077,153. The City has not experienced any losses resulting from bank failure and does not believe it is exposed to any significant credit risk relating to its cash balances. These bank deposits were completely secured by federal depository insurance or the pledge of securities held by the pledging banks agent in the City's name at December 31, 2022.

Investments. The City's investment policy states its primary objectives, in priority order, of investment activities shall be:

Safety: Safety/security of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

City of New Orleans Notes to Financial Statements

Liquidity: The City investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements that might be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity).

Return on Investments: The investment portfolio shall be designed with the objective of attaining a rate of return throughout budgetary and economic cycles, commensurate with investment risks constraints and the cash flow characteristics of the portfolio. Return on investments shall be secondary to the safety and liquidity objectives described above. The core of investments is limited to qualified, relatively low-risk securities in anticipation of earning a fair return relative to the risk being assumed.

The City's investment policy applies to all investment activities of the City under the control of the Director of Finance, including management of certain investments related to governmental and custodial funds. All deposits and investments shall be made with a qualified public depository or dealer. Broker/Dealers are selected by their credit worthiness and must be authorized to provide investment services in the state of Louisiana. These may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule).

The City's policy also requires, to the extent possible, diversification of its investments by security type and institution. With the exception of U.S. Treasury securities, bank certificates of deposit (as limited by R.S.39:1242d), and authorized pools, no more than 25% of the City's total investment portfolio will be invested in a single security type or with a single financial institution. This diversification is required in order that potential losses on individual securities do not exceed the income of the remainder of the portfolio. Deviation from expectations will be reported in a timely manner and appropriate action taken to control adverse risks.

The City invests monies with the Louisiana Asset Management Pool (LAMP). LAMP is considered to be an external investment pool administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local Louisiana government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33.2955.

The following facts are relevant for LAMP:

- Credit risk: LAMP is rated AAA by Standard & Poor's.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments.

LAMP values its investments at fair value based on quoted market values. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares which approximates net asset value (NAV).

City of New Orleans Notes to Financial Statements

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and board of directors. LAMP is not registered with the SEC as an investment company. An annual audit of LAMP is conducted by an independent certified public accountant. LAMP issues financial reports which can be obtained by writing: LAMP, Inc., 228 St. Charles Avenue, Suite 1123, New Orleans, LA 70130.

Interest Rate Risk – The City manages interest rate risk for investments under the control of the City by limiting the maximum maturity of investments in accordance with their investment policy. As stated in its investment policy, the City will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, cash will not be invested in securities maturing more than three years from the date of purchase. At December 31, 2022, the governmental and custodial funds, investment balances and maturities for those fixed income investments were as follows (amounts in thousands):

	Less than one year
LAMP	\$ 210,428
Money market	139,311
U.S. Agency Securities	59,040
U.S. Treasury Bills	235,058
Total investments - fixed income	\$ 643,837

Credit Quality Risk – The City does not have a policy statement concerning credit quality risk in its investment policy. LAMP has been rated AAA by Standard & Poor’s Corporation.

The Firefighters’ pension trust fund’s investment policy allows for investment in publicly-traded debt securities rated at or above Baa by Moody’s and BBB by Standard and Poor’s at time of purchase.

At December 31, 2022, no debt securities were held by the City.

Concentration of Credit Risk – The Municipal Employees’ pension trust fund’s investment policy limits the concentration in any one issuer to 5% of fair value. As of December 31, 2022, the Municipal Employees’ pension trust fund investments were in compliance with this policy.

The Firefighter’s Pension and Relief Fund’s investment policy states that no more than 25% of the equity portfolio market value may be invested in any single industry at the time of purchase. In addition, no more than 5% of total fund assets at market may be invested in any one issuer’s securities. The Firefighter’s pension trust fund was in compliance with the concentration of risk investment policy at December 31, 2022.

(3) Fair Value Measurements

The City measures and records its investments using fair value measurement guidelines established by GAAP. These guidelines recognize a three-tiered fair value hierarchy as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than those in Level 1; and
- Level 3: Unobservable inputs.

City of New Orleans Notes to Financial Statements

Debt and equity securities classified as Level 1 are valued using prices quoted in active markets for those securities. Debt securities classified as Level 2 are valued using a matrix pricing technique. Investments classified as Level 3 are valued using unobservable inputs and are not directly corroborated with market data. The Firefighters' Pension Trust Fund's Level 3 investments consist primarily of real estate, either directly held or through a limited liability corporation or partnership investment. They are valued using independent appraisals or other market data.

A summary of the City's investments along with the fair value hierarchy levels of each type of investment (amounts in thousands) is as follows as of December 31, 2022:

	Total	Fair Value Measurement Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by Fair Value Level:				
Fixed income securities:				
Taxable Bonds	\$ 6,797	\$ 6,797	\$ -	\$ -

Investment balances by fund type:

Governmental funds	\$	578,336
Fiduciary funds		501,124
		\$ 1,079,460
		\$ 1,079,460

(4) Tax Revenues

At December 31, 2022, the total sales tax levied in the City is 9.45%, of which 4.45% is state sales tax, 1.5% is levied by the Orleans Parish School Board (the School Board), and 1% is dedicated for transportation and is levied by the Regional Transit Authority (RTA). The remaining 2.5% is used to fund the general operations of the City. The City administers and collects the entire 5% of local sales tax. The School Board's portion of the sales tax is accounted for in the Orleans Parish School Board sales tax clearing fund, and the RTA's portion of the sales tax is accounted for in the RTA sales tax clearing fund, both of which are custodial funds.

The City levies a tax on real and personal property. Portions of these property taxes are dedicated for fire and police protection services and the public library system. Taxes on real and personal property are levied on January 1 of the assessment year based upon the assessed value as of the prior August 15. However, before the tax can be levied, the tax rolls must be submitted to the State Tax Commission for approval. Taxes are due and payable on January 1, the date on which an enforceable lien attaches on the property, and are delinquent on February 1.

The assessed value of property in the City for each year is determined by an elected Board of Assessors. It is then certified by the Louisiana Tax Commission as complying with the Louisiana Constitution of 1974. The City is permitted by the Louisiana statutes to levy taxes up to \$43.94 per \$1,000 of assessed valuation for the general fund (including library). The Board of Liquidation is permitted to levy taxes in unlimited amounts for the payment of principal and interest on general obligation bonds of the City.

Property tax levies per \$1,000 of assessed valuation accounted for within the funds of the City (primary government only) for the year ended December 31, 2022 are as follows:

General:		
General governmental services	\$	13.91
Dedicated for fire and police		6.40
Public library		4.91
Fire and police, without applying homestead exemption		12.97
Parkways and parks and recreation department		1.95
Act 44		1.19
Debt service		19.50
	\$	60.83

City of New Orleans
Notes to Financial Statements

Property taxes levied on January 1, 2022, collected during 2022, or expected to be collected within the first 60 days of 2023, are recognized as revenues in the statement of revenues, expenditures, and changes in fund balances – governmental funds. The entire estimated collectible amount of the tax levy for the fiscal year is recorded as revenue in the government-wide financial statements. Property taxes paid under protest are held in escrow until resolution of the dispute.

(5) Grantee Loans

The City has received certain grant awards or loans from the Department of Housing and Urban Development (HUD) for the purposes of providing loans to the private sector for completion of projects that will stimulate economic development activity in the City. The loans outstanding at December 31, 2022 total \$6,931,330, which bear interest at rates ranging from 0.1% to 7.0%. These loans are receivable over a 10 to 30 year period. Once loan repayments are received and the project is accepted by HUD, the City may use the amounts received for other allowable economic development activities specified in the grant agreement. The City has recorded \$6,920,398 in allowance for bad debt on these loans.

(6) Leases Receivable and Revenue

The City leases to others some of its land and property under various lease agreements. The City recognized \$48,000 in lease revenue and \$221,000 in interest revenue during the year ended December 31, 2022 related to these leases. As of December 31, 2022, the City’s receivable for lease payments was \$6,825,000. Also, the City has a deferred inflow of resource associated with these leases that will be recognized as revenue over the lease terms. As of December 31, 2022, the balance of the deferred inflow of resources was \$6,654,000.

Future payments included in the measurement of the lease receivable as of December 31, 2022 for each of the next five fiscal years and in five-year increments thereafter are as follows:

Years Ending December 31,	Principal	Interest	Total
2023	\$ 59	\$ 221	\$ 280
2024	79	219	298
2025	85	216	301

(9) Long-Term Liabilities

Debt Service Fund

The City’s debt service fund includes the Board of Liquidation, City Debt (the Board of Liquidation), an autonomous, self-perpetuating board created under the State of Louisiana Constitution of 1974. All property taxes levied by the City and dedicated to the payment of outstanding general obligation bonds are collected by the City and, as required by law, paid to the Board of Liquidation as collected.

The Board of Liquidation annually determines the amount of property tax millage necessary to be levied and collected by the City in the next fiscal year for the payment during such year of principal and interest on all outstanding general obligation bonds of the City and all such bonds proposed to be issued by the City during such year. The annual determination of the necessary tax millage to service bonds of the City is adopted by resolution of the Board of Liquidation, which is submitted to the City Council. The millage recommended by the Board of Liquidation is then levied by the City Council. The millages for the various limited bonds of the City were established at the time the bonds were issued based upon approval of the voters and are subject to change based on property values. Administrative expenditures paid in connection with the operations of the Board of Liquidation are recorded in the City’s Debt Service fund.

Bonds and Revenue Notes Transactions

The City issues general obligation bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. Bonds payable, excluding unamortized premium of \$80,359,000 and unamortized discount of \$178,000, at December 31, 2022 comprise the following (all bonds are serial bonds) (amounts in thousands):

The City's legal debt limit for General Obligation Bonds is \$1,851,931,000. At December 31, 2022, the City's legal debt margin adjusted for outstanding principal of \$615,960,000 plus fund balance available in the Debt Service Fund of \$84,854,000 to service this debt was \$ 1,320,825,000.

The various bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of and flow of money through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. At December 31, 2022, management believes it is in compliance with all financial related covenants.

The general obligation and public improvement bonds are collateralized by unlimited taxation on all real taxable property in the City and backed by the full faith credit of the City. The limited tax and revenue bonds are secured by and payable from an irrevocable pledge and dedication of the funds to be derived by the City from the levy and collection of ad valorem taxes. The revenue bonds are also additionally secured by any and all revenues received by the City in any fiscal year while the notes are outstanding.

City of New Orleans
Notes to Financial Statements

General Obligation Refunding Bond, Series 2022

In December 2022, the City issued a \$106,670,000 General Obligation Refunding Bond for the purpose of funding the City’s operations and paying off the cost of the issuance of debt. Interest on the bonds is due semiannually at the rate of 5.00% commencing June 1, 2023. Principal payments are due annually, commencing December 1, 2023 and maturing on December 1, 2038.

Debt Service Assistance Program

The City entered into a cooperative endeavor agreement with the State of Louisiana to provide for the issuance of general obligation bonds of the State of Louisiana (GO Zone Series) to fund the debt service assistance loan program, which will make scheduled debt service payments on behalf of the City for certain issues of outstanding debt. At issuance, the loans were payable beginning in 5 years in equal installments over 15 years commencing in 2012. Interest was deferred during the initial 5-year period and then accrues at a rate of 4.64% during the repayment period. The loan balance at December 31, 2022 is \$17,571,000. This debt is a direct borrowing. There are no stated events of default with finance-related consequences in the agreement.

The requirements to amortize the debt service assistance loan are as follows (amounts in thousands):

	Principal	Interest
Year ending December 31:		
2023	\$ 4,098	\$ 815
2024	4,289	625
2025	4,488	426
2026	4,696	218
	\$ 17,571	\$ 2,084

Vehicle Note Payable

In 2017, the City entered into a loan agreement for \$5,000,000 for the purchase of vehicles. The loan is payable over 10 years, beginning in 2018 and accrue interest at a fixed rate of 2.66%. This loan is a direct borrowing and is secured by the equipment purchased with the loan proceeds.

The requirements to amortize the vehicle loans are as follows (amounts in thousands):

	Principal	Interest
Year ending December 31:		
2023	\$ 504	\$ 85
2024	517	72
2025	531	59

Notes to Financial Statements

Compensated Absences

The City has recorded \$58,388,000 in accrued annual and sick leave in accordance with its pay-out policies. During the year active employees earned and used \$29,696,000 and \$22,300,000, respectively, in sick and vacation leave benefits. The entire annual and sick liability is recorded in the government wide statements, and no liability is recorded in the governmental funds.

Lease Liabilities

The City entered into multiple agreements as lessee for the use of land and property. An initial lease liability was recorded in the amount of \$11,042,000. As of December 31, 2022, the value of the lease liabilities were \$9,363,000. The City is required to make monthly principal and interest payments totaling \$168,000. The leases have an interest rates of 3.25%.

The future principal and interest lease payments as of December 31, 2022, were as follows:

Years Ending December 31,	Principal	Interest	Total
2023	\$ 1,740	\$ 279	\$ 2,018
2024	1,756	221	1,977

	<u>\$ 2,627,917</u>	<u>\$ 227,373</u>	<u>\$ (314,995)</u>	<u>\$ 2,540,295</u>	<u>\$ 127,137</u>

The long-term liabilities will be repaid from the General Fund, except for the General Obligation, Limited Tax Bonds, Taxable Limited Tax Refunding Bonds and a portion of the Debt Service Assistance Loan Program, which will be repaid from the Debt Service Fund. The Board of Liquidation handles all the General Obligation bonded debt of the City and the Limited Tax Bonds and results of its operations are reported in the debt service fund. At December 31, 2022, the debt service fund had \$86,046,000 in fund balance restricted for debt service.

(10) Pension Plans and Postretirement Healthcare Benefits

Pension Plans

At December 31, 2022, the City sponsors and administers three separate single-employer, contributory defined benefit pension plans, namely: (1) Firefighters' Pension and Relief Fund – Old System (Old System); (2) Firefighters' Pension and Relief Fund – New System (New System); and (3) Police Pension Fund (Police Fund). In addition, the City participated in the Employees' Retirement System of the City of New Orleans (Employees' Plan) which is a single employer defined benefit plan. Employers in the Employee's Plan include the City, some of the City's component units, and other entities within the City of New Orleans for which the City processes payroll. The Old System covers firefighters who were employed prior to December 31, 1967; the New System covers firefighters hired since that date. Effective March 6, 1983, all members of the Police Plan, active and retired, except for approximately 250 participants who did not meet the eligibility requirements, became members of the Municipal Police Employees' Retirement System (State of Louisiana) (MPERS). The Police Fund of the City will remain responsible for the payment of certain benefits due to differences in length of service and age requirements for the participants who were not transferred to the MPERS plan. MPERS is the only cost-sharing, multiple-employer retirement plan in which employees of the City participate. The Employees' Plan covers all City employees other than firefighters and police.

All four plans use the accrual basis of accounting for changes in net position. Within this context, interest income is recognized when earned, employer and employee contributions when they are due to the plans, except in the case of the Police Plan, which recognizes employer contributions when due from the City.

City of New Orleans Notes to Financial Statements

Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The pension plans' fiduciary net positions have been determined on the same basis used by the pension plans. Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. These reports may be obtained by writing, calling or downloading the reports as follows:

Employees' Retirement System of the City of New Orleans

Plan Descriptions:

Employees' Plan, Firefighters' Pension and Relief Fund – Old and New System

Each plan is a defined benefit pension plan established by the State of Louisiana statute, which provides retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana.

At December 31, 2022, the New System and Old System's membership consisted of:

	New System	Old System
Inactive members or beneficiaries receiving benefits	806	348
Inactive members entitled to but not yet receiving benefits	83	-
Active members	532	-
Total participants	1,421	348

Municipal Police Employees' Retirement System (MPERS)

On March 6, 1983, an agreement was signed among the City, the Police Pension Funds of the City of New Orleans, and the MPERS, which provided for the merger of the Police Pension Plans with the MPERS. As of that date, all members of the Police Pension Plans, active and retired, became members of the MPERS. Those members covered by the system who did not meet the age and service requirements of the MPERS will be paid by the Police Pension Fund of the City until they reach age 50 or 55, depending on the length of active service.

City of New Orleans Notes to Financial Statements

The Municipal Police Employees' Retirement System is the administrator of a cost-sharing multiple-employer plan. Membership in MPERS is mandatory for any full-time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests, providing he or she does not have to pay social security and providing he or she meets the statutory criteria. MPERS provides retirement benefits for municipal police officers. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through MPERS in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:2211-11:2233.

Employees become eligible for retirement under the MPERS plan at age 50 and after 20 years of active continuous service. An employee who is age 55 becomes eligible for retirement benefits after 16 years of active continuous service. The Plan also provides death and disability benefits. Authority to establish and amend benefit provisions is provided under the laws of the State of Louisiana.

Funding Policy

The employer contributions for the Employees' Plan and the Firefighters' Pension and Relief Fund (New System) are based on actuarially determined amounts. The employer contribution for the Police Pension Fund is based on amounts necessary to cover administrative costs and payments of pensions and benefits, as certified by the board of trustees of the Fund. The employer contribution for the Firefighters' Pension and Relief Fund (Old System) is based on amounts necessary to pay current expenses, and, in effect, is being funded on a "pay-as-you-go" basis. As a result of the merger contract with the MPERS to transfer all active policemen who were participating in the City's Police Pension Fund to MPERS, there were no active participants in the plan and therefore the only contributions by employees to the plan related to retirees' contributions for the purchase of military service credit.

City of New Orleans
Notes to Financial Statements

Contribution rates for each plan are as follows:

	City	Employee
Firefighters Pension and Relief Fund Old System	Actuarially determined contributions plus budget allocations determined by the City	N/A – No active employees
New System	Actuarially determined contributions plus budget allocations determined by the City	10.00% of pensionable compensation
Employees' Plan	Actuarially determined contributions less member contributions	6% of pensionable compensation
Municipal Police Employees' Retirement System	29.75-32.25%	7.50 - 10.00%

The contributions made by the City to the plans during 2022 were as follows:

Firefighters Pension and Relief Fund		
Old System	\$	13,384,000
New System		37,947,000
Employees' Plan		21,019,000
Municipal Police Employees' Retirement System		23,951,000

The Firefighters' pension fund receives fire insurance taxes of 2% of the fire insurance premiums written in the City of New Orleans. In 2022, the amount of \$2,821,370 received as a result of this tax was divided between the New System and Old System.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

The City's net pension liability at December 31, 2022 is comprised of the entire net pension liability relating to the City's single employer plans for the Firefighters Pension and Relief Fund and the Employees' Plan and the City's proportional share of the net pension liability relating to the cost sharing plan in which the City is a participating employer, Municipal Police Employees' Retirement System. These were measured as of the following dates:

Plan	Measurement Date
Firefighters Pension and Relief Fund	
Old System	December 31, 2021
New System	December 31, 2021
Employees' Plan	December 31, 2022
Municipal Police Employees' Retirement System	June 30, 2022

The City's proportion of the Net Pension Liability for its cost-sharing plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

	MPERS
Proportionate share of net pension liability	\$ 246,039,000
City Proportion (%) of net pension liability	24.070051%
Increase/(decrease) from prior measurement date	-1.720713%

City of New Orleans Notes to Financial Statements

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts regarding the net pension liability are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. For Firefighters' Pension and Relief Trust Old System and Firefighters' Pension and Relief Trust New System, the actuarial assumptions used in the December 31, 2021 valuations were based on results of an experience study for the period from January 1, 2021 to December 31, 2021. For Employees Retirement System, the actuarial assumptions used in the December 31, 2022 valuation was based on results of an experience study for the period from January 1, 2022 to December 31, 2022.

The required Schedule of Net Pension Liability located in the required supplementary information following the Notes to Financial Statements presents multi-year trend information regarding whether the plan fiduciary net position is increasing or decreasing over time relative to the total pension liability. The total pension liability as of December 31, 2022 or December 31, 2021 is based on actuarial valuations for the same period, updated using generally accepted actuarial procedures.

For the year ended December 31, 2022, the City will recognize a pension expense of \$15,459,000, \$3,272,000, \$50,492,000, and \$19,555,000 for the Old System, New System, Employees' Plan, and MPERS, respectively, in payroll related expense on the statements of revenues, expenses, and changes in net position. Non-employer contributions for MPERS are \$5,354,000 for 2022.

City of New Orleans
Notes to Financial Statements

At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pension plans for governmental activities from the following sources:

	Firefighters Old System	Firefighters New System	Employees' Plan	MPERS	Total
<u>Deferred outflows of resources:</u>					
Difference between expected and actual experience	\$ -	\$ 10,893,669	\$ 18,044,178	\$ 1,213,454	\$ 30,151,301
Changes of assumptions	-	18,935,364	3,375,440	8,486,964	30,797,768
Net difference between projected and actual earnings on pension plan investments	215,024	743,909	36,243,254	43,925,643	81,127,830
Changes in proportion and difference between employer contributions and proportionate share of contributions	-	-	-	2,233,208	2,233,208
Employer contributions subsequent to the measurement date	13,384,001	37,946,745	-	10,189,801	61,520,547
Total deferred outflows	<u>\$ 13,599,025</u>	<u>\$ 68,519,687</u>	<u>\$ 57,662,872</u>	<u>\$ 66,049,070</u>	<u>\$ 205,830,654</u>
<u>Deferred inflows of resources:</u>					
Difference between expected and actual experience	\$ -	\$ 43,621,157	\$ 10,205,314	\$ 2,005,296	\$ 55,831,767
Changes of assumptions	-	-	1,441,124	1,830,026	3,271,150
Net difference between projected and actual earnings on pension plan investments	-	-	-	-	-
Changes in proportion and difference between employer contributions and proportionate share of contributions	-	-	-	14,527,942	14,527,942
Total deferred inflows	<u>\$ -</u>	<u>\$ 43,621,157</u>	<u>\$ 11,646,438</u>	<u>\$ 18,363,264</u>	<u>\$ 73,630,859</u>

The \$61,521,000 of deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability during the year ended December 31, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions for governmental activities will be recognized in pension expense as follows:

	Firefighters Old System	Firefighters New System	Employee's Plan	MPERS	Total
2023	\$ 80,494	\$ 4,808,009	\$ 4,808,009	\$ 5,125,494	\$ 14,822,006
2024	58,440	(4,804,512)	(4,804,512)	9,820,502	269,918
2025	48,857	(5,953,012)	(5,953,012)	(490,859)	(12,348,026)
2026	27,233	(7,098,700)	(7,098,700)	23,040,868	8,870,701
	<u>\$ 215,024</u>	<u>\$ (13,048,215)</u>	<u>\$ (13,048,215)</u>	<u>\$ 37,496,005</u>	<u>\$ 11,614,599</u>

Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Employees multiplied by 115% for males and 125% for females, each with full generational projection using the MP2019 scale for active members.
Salary increases	Age-based annual rates ranging from 10% to 3.2%	4.70% to 12.30% based on years of service

The forecasted long-term expected rate of return on Pension Trust Fund investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by an asset allocation percentage which is based on the nature and mix of current and expected plan investments, and by adding expected inflation.

City of New Orleans Notes to Financial Statements

The estimated long-term real rates of return for each major asset class based on the trust funds' target asset allocation are as follows:

	Firefighters' Old System as of December 31, 2021	
Asset Class	Target Asset Allocation	Long-term expected portfolio real rate of return
Cash and cash equivalents	100.0%	5.00%

	Firefighters' New System as of December 31, 2021	
Asset Class	Target Asset Allocation	Long-term expected portfolio real rate of return
Equity securities	60.0%	8.00%
Fixed Income	15.0%	2.50%
Real Estate	10.0%	4.50%
International bonds	5.0%	3.50%
Alternative investments	10.0%	6.28%

	Employees' Retirement System as of December 31, 2022	
Asset Class	Target Asset Allocation	Long-term expected portfolio real rate of return
Cash and cash equivalents	2.0%	0.71%
Domestic equity	42.5%	6.91%
International equity	14.0%	7.75%
Fixed income	22.0%	1.80%
Real estate	5.0%	3.61%
Hedge funds and GTAA	9.5%	3.21%
Private investments	5.0%	9.96%

	MPERS as of June 30, 2022

Equity	55.50%	3.60%
Fixed income	30.50%	0.85%
Alternative	14.00%	0.95%
Totals	100%	5.40%
Inflation		2.66%
Expected nominal return		8.06%

City of New Orleans
Notes to Financial Statements

Discount Rate

The discount rate used to measure the total pension liability was 7.25% for the Employees' Retirement System, 7.50% for the Firefighters' New System, 2.06% for the Firefighters' Old System, and 6.75% for the Municipal Police Employees' Retirement System for 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that the plan's contributions will be made at rates equal to the difference between actuarially determined contribution rate and the member rate. Based on those assumptions, the Employees' Plan, MPERS, and New System pension trust funds' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The Firefighters' Old System's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, the discount rate for the Old System was determined using a municipal bond rate (2.06%) and applied to all projected future benefit payments of current plan members.

Changes in Net Pension Liabilities

The change in net pension liabilities for the year ended December 31, 2022 is as follows:

Firefighters' Old System

Change in Net Pension Liability	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Service cost	\$ -	\$ -	\$ -
Interest on the total pension liability	2,531,583	-	2,531,583

Notes to Financial Statements

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liabilities of the City as of December 31, 2021, calculated using the discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	1.0% Decrease	Current Discount Rate	1.0% Increase
<u>Old Plan</u>			
Rates	1.06%	2.06%	3.06%
NPL	\$ 110,119,000	\$ 102,604,000	\$ 95,743,000
<u>New Plan</u>			
Rates	6.50%	7.50%	8.50%
NPL	\$ 391,240,000	\$ 355,981,000	\$ 323,391,000
<u>Employees' Plan</u>			
Rates	6.25%	7.25%	8.25%
NPL	\$ 376,572,000	\$ 303,561,000	\$ 242,633,000
<u>MPERS</u>			
Rates	5.750%	6.750%	7.750%
City Share of NPL	\$ 344,407,000	\$ 246,039,000	\$ 163,869,000

Investment Rate of Return

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended December 31, 2022, the annual money-weighted rates of return on pension plan investments, net of pension plan investment expenses, was 5.42% for the Employees' Retirement System, 6.28% for the Firefighters' New System, and 0.25% for the Firefighters' Old System.

(11) Postretirement Healthcare Benefits and Life Insurance Benefits

General Information about the OPEB Plan

Plan description – The City provides certain continuing health care and life insurance benefits for its retired employees. The City of New Orleans's OPEB Plan (the OPEB Plan) is a single employer defined benefit OPEB plan administered by the City. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the City. No assets are accumulated in a trust that meets the criteria in GASB Codification Section P52 *Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit*.

Benefits Provided – Medical benefits are provided through a self-insured comprehensive health benefit program. Full details are contained in the official plan documents. Medical benefits are provided to employees upon actual retirement (that is, at the end of the DROP period, if applicable) according to the retirement eligibility provisions of the System by which the employee is covered. Most City employees are covered by one of three primary systems: The Employees' Retirement System of the City of New Orleans, the Louisiana State Municipal Police Retirement System, and the New Orleans Firefighters' Pension and Relief Fund

City of New Orleans
Notes to Financial Statements

(NOFF). The maximum DROP period is five years in Employees' Plan and NOFF and three years in MPERS. Retirement (DROP entry) eligibility is as follows: in Employees' Plan, the earliest of 30 years of service at any age; age 60 and 10 years of service; age 65 and 20 years of service; or, satisfaction of the "Rule of 80" (age plus service equals or exceeds 80); in MPRS, the earlier of 25 years of service and age 50 and 20 years of service (in MPERS, DROP entry requires age 55 and 12 years of service or 20 years of service and eligibility to retire); in NOFF, age 50 and 12 years of service. However, because of the "back-loaded" benefit formula in the NOFF plan relative to years of service, the retirement assumption used for that plan was the earliest of age 50 and 30 years of service, age 55 and 25 years of service, and age 60 and 12 years of service to reflect the actual patterns of retirement and DROP entry in that system. For firefighters hired after August 15, 2016, the minimum age for DROP entry/retirement eligibility is the Social Security maximum retirement age less 10 years.

Employees covered by benefit terms – At December 31, 2022, the following employees were covered by the benefit terms (includes employees of the City and other agencies in the plan):

Inactive employees or beneficiaries currently receiving benefit payments	1,375
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>4,957</u>
	<u><u>6,332</u></u>

Total OPEB Liability

The City's total OPEB liability of \$137,415,000 was measured as of December 31, 2022 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs – The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	4.0%, including inflation
Discount rate	2.06% annually, beginning of year 3.72%, annually, end of year
Healthcare cost trend rates	5.5% annually
Mortality	RP-2000 Table without projection

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2022, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2022.

City of New Orleans
Notes to Financial Statements

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

The City is the sponsor of the OPEB Plan, which the City allows the employees of its component units and other city organizations and agencies to participate in the OPEB Plan. At December 31, 2022, the City's proportion of the total OPEB liability was 86.73%, an increase of .21% from 2021.

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.72%) or 1-percentage-point higher (4.72%) than the current discount rate:

	1.0% Decrease (2.72%)	Current Discount Rate (3.72%)	1.0% Increase (4.72%)
City of New Orleans	\$ 166,073,000	\$ 137,415,000	\$ 115,294,000

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.5%) or 1-percentage-point higher (6.5%) than the current healthcare trend rates:

	1.0% Decrease (4.5%)	Current Healthcare Cost Trend Rate (5.5%)	1.0% Increase (6.5%)
City of New Orleans	\$ 118,077,000	\$ 137,415,000	\$ 162,696,000

For the year ended December 31, 2022, the City recognized OPEB expense of \$16,267,000. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (amounts in thousands):

	Deferred Outflows	Deferred Inflows
Differences between actual and expected experience	\$ 10,831	\$ (7,286)
Changes in assumptions	23,829	(31,329)
	\$ 34,660	\$ (38,615)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years ending December 31:	
2023	(17,000)
2024	(17,000)
2025	(17,000)
2026	(4,644,000)
2027	(4,176,000)
Thereafter	4,916,000
	\$ (3,955,000)

(12) Individual Fund Disclosures

Deficit Fund Equity

At December 31, 2022, the FEMA fund had a deficit fund balance in the amounts of approximately \$37,996,000. The deficit fund balances in the FEMA fund is a result of accrued expenditures for which no revenue has been recognized due to the modified accrual basis of accounting in which revenues are not recognized if the receipts are more than 60 days after year-end. The City plans to fund this deficit with future revenues. The City is currently pursuing obtaining FEMA approval for projects that have been completed by the City and increases in funding for projects that have already been approved by FEMA. If the City is not able to obtain increased funding, the deficit will be funded by the general fund.

At December 31, 2022, the following special revenue non-major funds had deficit balances:

Special Revenue Non-major Funds	Deficit Amount
Department of Housing and Urban Development	\$ 20,992,000
Federal Department of Health	2,710,000
Department of Homeland Security	698,000
Louisiana Commission on Law Enforcement	4,000
Louisiana Department of Public Safety	6,000
Department of Labor	2,857,000
	\$ 27,267,000

The deficit fund balances in these special revenue non-major funds result from accrued expenditures for which no revenue has been recognized. The City plans to fund these deficits with future revenues. In addition, the negative unassigned fund balance would also need to be covered through either assigned or committed fund balance or with future revenues.

Interfund Receivables and Payables

Interfund balances resulted from the time lag between the dates (1) when interfund services are provided or reimbursable expenditures occur and (2) payments between funds are made. For example, the General Fund originally incurred expenditures that were ultimately recorded in the FEMA grant and reimbursed by the federal government. The interfund balances between the General Fund and Nonmajor Funds result from timing differences in the payment for services and reimbursement from the federal government. The interfund balances are not expected to be repaid within the year.

City of New Orleans
Notes to Financial Statements

Individual fund interfund receivables and payables at December 31, 2022 were as follows (amounts in thousands):

Receivable Fund	Payable Fund	Amount
<u>Due to / from other funds</u>		
General Fund	Capital Projects	\$ 30,448
	Nonmajor	2,566
Nonmajor	Nonmajor	343
		33,357
<u>Advances to / from other funds</u>		
General Fund	FEMA	38,057
	Nonmajor	19,468
		57,525
Total interfund balances		\$ 90,882

Fund Transfers

Individual fund transfers for the year ended December 31, 2022 were as follows (amounts in thousands):

	Transfers-in	Transfers-out
General	\$ 50,335	\$ (41,169)
Debt service fund	30,184	(40,000)
Nonmajor funds	650	-
	\$ 81,169	\$ (81,169)

Transfers are used to (1) move revenues from the fund that statute or the budget requires to collect them to the fund that the statute or budget requires to expend them, and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds.

Charges to Component Units for Support Services

Charges for support services paid by the Airport to the general fund during fiscal year 2022 amounted to \$5,780,000 primarily for overhead reimbursement and fire protection.

The City does not charge the Downtown Development District, French Market Corporation, the Municipal Yacht Harbor Management Corporation, or New Orleans Building Corporation for any support services provided to them. In addition, the City does not charge rent to the Audubon Commission for the land which is owned by the City on which the golf course operates.

City of New Orleans
Notes to Financial Statements

(13) Fund Balance

Fund balances for the City’s governmental funds consisted of the following as of December 31, 2022:

Non-Spendable Fund Balance – Non-spendable fund balance in the general fund represents advances to the FEMA fund and HUD fund that are not expected to be paid within the next year. The non-spendable fund balance on the special revenue funds is made up of long-term grantee loan receivables and trust accounts.

Restricted Fund Balance – The restricted fund balance in the special revenue funds is made up of balances restricted for purposes as designated in the grant agreements. The restricted fund balance on the debt service fund is made up of balances restricted for future debt service. The restricted fund balance in the capital projects fund includes unspent proceeds from bond issuances, grants, and donations that are restricted for capital improvements. The restricted fund balance in the General Fund includes unspent proceeds related to the BP Oil spill.

Committed Fund Balance – The committed fund balance on the general fund is made up of funds designated by the City Council to be used to fund future litigation costs and public libraries. The committed fund balance on the special revenue funds consists of unrestricted donations and grants committed for various projects by the City Council.

Assigned Fund Balance –The assigned fund balance on the special revenue funds are unrestricted donations and other funds assigned by the Council or management for various projects. The assigned fund balance on the general fund is made up of funds designated by the City Council or management to be used to fund future litigation costs, public libraries, and to cover deficits of other funds.

Unassigned Fund Balance – The unassigned fund balance includes all amounts not included in other spendable classifications.

(14) Summary of Sales Tax Collections Remitted to Other Taxing Authorities

Act 711 of the Louisiana Legislative Session amended LRS 24:513 B to provide required note disclosure in the financial statements for local governments that collect tax for other taxing jurisdictions. Listed below are sales tax collections and distributions to other parish governmental agencies during 2022 (amounts in thousands).

	<u>Total Collections</u>	<u>Collection Cost</u>	<u>December 2022 Payment Distributed in 2023</u>	<u>December 2021 Payment Distributed in 2022</u>	<u>Final Distribution</u>
Orleans Parish School Board	\$ 164,114	\$ (2,450)	\$ (13,553)	\$ 12,088	\$ 160,199
Regional Transit Authority	102,660	(1,525)	(8,434)	7,582	100,283
Total	<u>\$ 266,774</u>	<u>\$ (3,975)</u>	<u>\$ (21,987)</u>	<u>\$ 19,670</u>	<u>\$ 260,482</u>

(15) Interest Income

Interest earned on investments held by the City's capital projects fund, certain special revenue funds (Sidewalk Paving and Repairing, Traffic Court Judicial Expense, Department of Safety and Permits – Demolition, Vieux Carre' Commission, and Municipal Court Judicial Expense) and certain custodial funds (Clearing and Deposit) is recorded as revenue of the General Fund. The amount of interest revenue recorded by the General Fund on investments of the capital projects fund for the year ended December 31, 2022 was approximately \$2,053,000.

(16) Commitments and Contingencies

Claims and Judgments

The City is a defendant in a number of claims and lawsuits alleging, among other things, personal injury, police brutality, wrongful death, over-collection of property taxes, and improperly designed drainage systems. The City is self-insured for such cases as described below.

Self-Insurance

The City is self-insured for its motor vehicle fleet, and general liability and police department excessive force, workers' compensation, hospitalization, and unemployment losses and claims. The City's claims are financed on a "pay-as-you-go" basis for its motor vehicle fleet, general liability, and police department excessive force losses. Premiums are charged by the General Fund to the City's various funds for the unemployment and worker's compensation self-insurance programs and to employees and the City's various funds for the hospitalization self-insurance programs. Paid claims in excess of such premiums, if any, are funded by the General Fund.

City of New Orleans Notes to Financial Statements

As of December 31, 2022, the City has determined, through an analysis of historical experience, the adequacy of the liability necessary to cover all losses and claims, both incurred and reported and incurred but not reported (IBNR), under its self-insurance programs. The City does not discount its claims liabilities. The liabilities of \$29,000 for motor vehicle fleet, \$270,097,000 for general liability and police department excessive force losses, \$135,463,000 for workers' compensation, and \$5,283,000 for hospitalization and unemployment have been accrued in the government-wide financial statements in the total amount of \$410,871,000.

Changes to the City's claims liability amounts in fiscal 2022 and 2021 are as follows (amounts in thousands):

	<u>Beginning of fiscal year liability</u>	<u>Claims and changes in estimates</u>	<u>Benefit payments, claims, and adjustments</u>	<u>Balance at fiscal year-end</u>	<u>Due in one year</u>
General liability and police liability:					
2021	\$ 277,402	\$ (2,572)	\$ (6,367)	\$ 268,463	\$ 6,191
2022	268,463	5,704	(4,070)	270,097	5,491
Workers' compensation:					
2021	136,624	21,908	(21,808)	136,724	21,808
2022	136,724	18,757	(20,019)	135,462	20,018
Motor vehicle fleet:					
2021	5	415	(133)	287	287
2022	287	(451)	193	29	29
Hospitalization and unemployment:					
2021	4,963	64,799	(64,945)	4,817	4,817
2022	4,817	61,319	(60,853)	5,283	5,284
Total:					
2021	396,962	113,060	(91,028)	418,994	38,715
2022	410,291	85,329	(84,749)	410,871	30,822

Federal Financial Assistance Questioned Costs

The City receives federal financial assistance directly from federal agencies or passed through from other government agencies. Audits of the City's federal award programs periodically disclosed certain items or transactions as questioned costs. The ultimate resolution or determination as to whether the costs will be disallowed under the affected grants will be made by the various funding sources and cannot be determined at this time. The City believes disallowances, if any, will be immaterial to its financial position and operations.

Arbitrage

The City has issued tax-exempt bonds that are subject to arbitrage regulations of the Internal Revenue Service, which impose restrictions on the use of proceeds from tax-exempt bonds. If certain of these restrictions are not complied with, the bonds could lose their tax-exempt status retroactive to the date of original issuance and also result in the City being subject to arbitrage rebates. The City believes it is in compliance with the arbitrage regulations with respect to all of its tax-exempt bond issues.

Landfill Closing Costs

The City owns two closed landfill sites located in the eastern portion of the City (Recovery I Landfill and Gentilly Landfill). State and federal laws require the City to cap the landfill and to monitor and maintain the site for 30 subsequent years. The Gentilly Landfill, which was closed in 1995, was reopened in 2005 under an agreement with a third party vendor. The agreement requires the vendor to pay a 3% royalty fee to the City and a fee equal to 50 cents per cubic yard of waste disposed at the site to be put into a trust to fund the future landfill post closure costs until such time that this liability becomes fully funded, as certified by the Louisiana Department of Environmental Quality (LDEQ). The City does not record this liability on its books, as the third party vendor is contributing to the trust in accordance with the agreement. The Recovery I site was closed in June 2003 upon obtainment of the Closure Certificate from LDEQ. In 2013, the LDEQ approved a revised closure date for the Recovery I site of April 2013.

Through the time of closure, in the government-wide financial statements, the City recognized a portion of the closure and post-closure care costs in each operating period although actual payouts will not occur until this landfill is capped and closed, respectively. The amount recognized each year to date was based on the landfills' capacities used as of the balance sheet date. As of December 31, 2022, the City has estimated its liability at \$3,555,000.

These amounts are based on what it would cost to perform all closure and post closure care beginning in 2013 for a 30-year period, adjusted for annual cost increases of 3%. Actual cost may be higher due to inflation, changes in technology, or changes in regulations, and may need to be covered by charges from future tax revenue. Current funding of these costs comes from the General Fund.

Consent Decrees

This litigation was filed against Orleans Parish Sheriff's Office (OPSO) in 2012 to address allegedly unconstitutional conditions at the Orleans Parish Prison (OPP). The City was named as third-party defendant to this litigation solely because it has a statutory obligation to fund the OPSO and OPP. The OPSO agreed to a consent judgment in 2012 that provided for the implementation of various reforms at OPP, many of them operational. These reforms are currently being implemented with the assistance of various federal monitors and an independent compliance director. The Consent Decree does not technically cast the City in judgment, and, thus, does not create a clearly ascertainable monetary liability. Rather, the cost of implementing Consent Decree reforms has been reflected in the Sheriff's overall budgetary allocation since 2013. The Sheriff's budget does not expressly delineate a percentage directly attributable to Consent Decree costs. Nevertheless, it is not anticipated that subsequent OPSO budgets will contain significant additional increases related to Consent Decree compliance.

Notes to Financial Statements

(17) Summary of Ad Valorem Tax Collections Remitted to Other Taxing Authorities

Act 711 of the Louisiana Legislative Session amended LRS 24:513 B to provide required note disclosure in the financial statements for local governments that collect tax for other taxing jurisdictions. The following table includes a list of ad valorem taxes to be collected by other City taxing jurisdictions (amounts in thousands):

	2022	Less Non-Cash	Net
	Taxes Levied	Adjustments	Taxes Levied
	\$	to Tax Rolls	\$
Board of Liquidation	82,378	-	82,378
Sewerage & Water Board	68,563	-	68,563
Orleans School Board	191,411	-	191,411
Orleans Levee Board West Bank	2,945	-	2,945
Orleans Levee Board East Bank	44,545	-	44,545
Law Enforcement District	11,829	-	11,829
Audubon Zoological Garden	8,238	-	8,238
City Park Improvement Associaton	2,577	-	2,577
Downtown Development District	8,467	-	8,467
Touro Boulogny	450	-	450
Garden District	824	-	824
	\$ 422,227	\$ -	\$ 422,227

Uncollected taxes are a result of properties that will be sold in the subsequent year or properties that were put up for sale but not purchased and will be put up for sale again in the subsequent year.

Listed below is a summary of ad valorem tax activity related to other City taxing jurisdictions during 2022 (amounts in thousands).

City of New Orleans
Notes to Financial Statements

(18) Tax Abatement Programs

The City is subject to certain property tax abatements granted by the Louisiana State Board of Commerce and Industry (the “State Board”), a state entity governed by board members representing major economic groups and gubernatorial appointees. Abatements to which the City may be subject include those issued for property taxes under the Restoration Tax Abatement Program (“RTAP”). For the year ending December 31, 2022, the City participated in the Restoration Tax Abatement Program.

Under the RTAP, as authorized by *Article 7, Section 21(H) of the Louisiana Constitution and Louisiana Revised Statutes 47:4311*, companies that expand, restore, improve or develop an existing structure or structures in a downtown, historic, or economic development district can apply to the State Board and the local governing authority for a property tax exemption. The exemptions are granted for a 5-year term and are renewable for an additional 5-year term upon the approval of the State Board and the local governing authority. The property tax abatements have resulted in reductions of property taxes, which the tax assessor administers as a temporary reduction in the assessed value of the property involved. The abatement agreements stipulate a percentage reduction of property taxes, which can be as much as 100 percent. The local government may recapture abated taxes if a company fails to expand facilities or otherwise fail to fulfill its commitments under the agreement.

Taxes abated for the fiscal year ended December 31, 2022 as well as future abatement estimates for active abatement agreements as of December 31, 2022 is as follows (amounts in thousands):

Taxing Body	Millage Rate	2022	2023	2024	2025	2026	2027	Total
City of New Orleans	60.83	12,786	12,560	7,399	4,639	2,744	1,147	41,275

City of New Orleans Notes to Financial Statements

The Louisiana Industrial Ad Valorem Tax Exemption Program (ITEP) is an original state incentive program which offers an attractive tax incentive for manufacturers within the state. With local approval, the program provides up to a 100% property tax abatement for an initial term of up to five years and the option to renew for up to three additional years at up to 80% property tax abatement on a manufacturer's qualifying capital investment related to the manufacturing process. Businesses must be classified as a manufacturer or related to the manufacturing project in order to receive the benefits of the ITEP program. ITEP is only available for activities related to manufacturers. This program is administered by Louisiana Economic Development. More information on this program can be found in the Louisiana Administrative Code Title 13, Part I, Chapter 5. For the fiscal year ended December 31, 2022, approximately \$215,000 in Ad Valorem Property Taxes was abated as a result of this program.

(19) **Critical Cyber Incident**

On December 13, 2019, the City of New Orleans experienced a critical cyber incident aimed at its information technology infrastructure when a ransomware infection was detected on City endpoints. In order to reduce risk to the City and mitigate loss of data, the City's network was immediately disconnected from the public internet, all data center assets were shut down, and users were instructed to stop using their computers. With the assistance of a wide array of public and private partners, the City began building an improved network and data center infrastructure, including, but not limited to: re-imaging all endpoints; implementing new security resources, policies, and procedures; restoring business applications; and rebuilding IT infrastructure. Workstations and network resources were restored within the first month and critical applications were prioritized for recovery within the first 1 to 3 months following the attack. Enhanced security and application restoration and improvement has been ongoing. The City has filed a cyber-insurance claim for reimbursement of \$5,280,067 in eligible expenses. As of the date of this report, the City has received \$1,689,056 and is engaged in negotiations with the insurance company on the remaining expenses.

City of New Orleans
Notes to Financial Statements

(20) Change in Accounting Principle and Prior Period Adjustment

During the year ended December 31, 2022, the City implemented GASB Statement No. 87, Leases. In accordance with generally accepted accounting principles, the implementation of this statement requires the restatement of the December 31, 2021 fund balance and net position in the income statement and statement of activities to record the cumulative effect of recording the original basis of the lease receivables, net of the deferred inflows of resources and right-to-use leased asset net of the lease liability for the year ended December 31, 2021. The prior period adjustment had the following impact on the ending net position at December 31, 2021:

	Total
Fund Balance – December 31, 2021, as previously reported	\$ 768,543
Lease receivables	6,873
Deferred inflows of resources	(6,873)
Total prior period adjustment	-
Fund Balance – December 31, 2021, as restated	\$ 768,543

	Total
Net Position – December 31, 2021, as previously reported	\$ 768,543
Right-to-use lease asset	11,042
Lease liability	(11,042)
Total prior period adjustment	-
Net Position – December 31, 2021, as restated	\$ 768,543

REQUIRED SUPPLEMENTARY INFORMATION

CITY OF NEW ORLEANS, LOUISIANA

Notes to Required Supplementary Information

Year ended December 31, 2022

(Unaudited)

Required Supplementary Information includes budgetary comparisons for the General Fund and required schedules for pension and other post-retirement benefits, related to GASBs No. 67 and 68, and 75, respectively.

Budgetary Data

The procedures used by the City in establishing the general fund budgetary data are as follows:

- Not later than November 1, the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- After proper official public notification, Public hearings are conducted to obtain taxpayer comments.
- Not later than December 1, the budget is legally enacted through passage of an ordinance.
- The City's budget ordinance is structured such that revenues are budgeted by source, and expenditures are budgeted by department and by principal object classification within a department. The City's charter provides that expenditures may not legally exceed appropriations either at a departmental level or at the principal object classification within a department.
- The Mayor's office is allowed to authorize the transfer of budgeted amounts from one budget activity to another within a principal object classification within the same department. Budgetary transfers between principal object classifications of the same department or between departments must be approved by the City Council. Throughout the year, several amendments to the budget were made by the City Council.
- The City utilizes formal budgetary integration as a management control device during the year for the general and capital projects funds. Formal budgetary integration is not employed for the debt service and special revenue funds because effective budgetary control is alternatively achieved through other provisions.
- Unencumbered appropriations lapse at year-end. Current year transactions, which are directly related to a prior year's budget, are not rebudgeted in the current year.
- The City adopts an ordinance subsequent to year end to agree the final budgeted expenditures to actual expenditures.

CITY OF NEW ORLEANS, LOUISIANA
 Budget to GAAP Reconciliation
 (Unaudited)

The Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual presents comparisons of the legally adopted original budget and final budget (non-GAAP basis) with actual data on a budgetary basis. In the general fund, accounting principles applied for purposes of developing data on the budgetary basis differ from those used to present financial statements in conformity with GAAP. A reconciliation of this basis and timing differences is presented below (amounts in thousands):

Excess (deficiency) of revenues and other financing sources over expenditures and other financing uses (budgetary basis)	\$ 174,146
Adjustments:	
To adjust revenues and expenditures for accruals and deferrals	<u>(6,392)</u>
Net change in fund balance	<u><u>\$ 167,755</u></u>

See accompanying independent auditors' report.

(1) Amounts determined as of the measurement date of December 31 of the previous fiscal year.

Methods and assumptions used to determine contribution rates:

Actuarial cost method: Entry age normal
 Cost of living raises for retirees and beneficiaries: New System and Old System - The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.
 Salary increases: New System - 0.00%; Old System - N/A
 Investment rate of return: New System - 7.50% (each year presented); Old System - 3.72% (2021), 2.74% (2020), 4.1% (2019), 3.5% (2015-2018)
 Retirement rates: Employees are assumed to retire after the earliest of: first, attainment of age 50 and 30 years of service; second, the later of age 55 and completion of 25 years of service; third, attainment of age 60 and completion of 12 years of service.
 Mortality: 1994 Uninsured Pensioner Table for active and retired; 1994 Uninsured Pensioner Table set forward 5 years for disabled annuitants.

Notes to Schedules: The schedules are intended to show information for 10 years. Additional years will be displayed as they become available.

See accompanying independent auditors' report.

OTHER INFORMATION

NON-MAJOR GOVERNMENTAL FUNDS

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Non-major Governmental Funds

December 31, 2022

Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. Significant special revenue funds are as follows.

- *New Orleans Economic Development* – Used to account for funds allocated to programs designed to alleviate economic development problems, improve quality of life, and provide jobs for the citizens of New Orleans.
- *Neighborhood Housing Improvement* – Used to account for funds allocated to programs which repair and renovate housing in low-income areas.
- *Environmental Improvement* – Used to account for funds received from fines, fees, costs, and penalties and allocated to programs designed to improve health, housing, and environmental conditions in the City.
- *Integrated Green Infrastructure* – Used to account for the Fee-in-lieu payments that are received in exchange for properties that do not physically comply with the city's stormwater management plan regulations. The department of public works shall utilize said funds to design, construct, and maintain public green stormwater infrastructure projects.
- *Gallier Hall Maintenance Fund* – Used to account for funds received in the rental and use of Gallier Hall. The fund shall be dedicated solely to defraying any maintenance costs associated with the upkeep, care, or improvement of Gallier Hall.
- *Sex Offender Proprietary Fund* – Used to account for funds collected by the New Orleans Police Department as a result of annual registration of criminals, annual updates for registration information, criminal penalties for failure to register, and related matters. Expenditures from the fund are for equipment and supplies necessary for its operation and continuation.
- *Sidewalk Paving and Repairing* – Used to account for funds dedicated to maintaining sidewalks.
- *Adopt-a-Pothole/Streets* – Used to account for funds donated to repair damaged City streets.
- *Mayor's Office of Tourism and Arts* – Used to account for programs and initiatives specifically directed toward supporting and advancing arts organizations.
- *Mayoral Fellows Program* – Used to account for funds to offer post-baccalaureate students the opportunity to serve in the New Orleans city government while helping to create a cadre of potential leaders for the community.
- *Music and Entertainment Commission* – Used to account for funds allocated for programs designed to attract music and entertainment to the City
- *New Orleans Police Department Crime Prevention* – Used to account for donations earmarked to assist the Police Department in their crime fighting efforts.

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Non-major Governmental Funds

December 31, 2022

- *Asset Seizure* – Used to account for property confiscated from drug dealers by the police department to be used for crime fighting measures.
- *New Orleans Recreation Foundation* – the New Orleans Recreation Development (NORD) Foundation Fund is established in the department of finance, under section 6-207 of the City Charter, to receive periodic philanthropic contributions from the NORD Foundation.
- *New Orleans Recreation Department* – Used to account for donations designated to assist in the purchase of playground equipment.
- *New Orleans Film Commission Trust* – Used to account for funds received for the spending budget of the New Orleans Film Commission from various sources, such as the New Orleans Tourism Marketing Corporation, as well as grant funds, donations, and other monetary contributions from private individual corporations, and other institutions and entities in the private sector to support the programs and activities of the Commission.
- *Vieux Carre' Residential* – This fund receives payments from individuals or businesses who wish to encourage residential uses in the Vieux Carré. The funds shall be used only for public purposes which help to retain or increase residential uses within the boundaries of the Vieux Carré National Register Historic District.
- *Public Library Donations* – Used to account for donations to enhance the City's library system.
- *Plant-a-Tree Campaign* – Used to account for funds allocated to programs designed for planting and beautifying trees, plants, and flowers throughout the City.
- *Capital Improvements and Infrastructure* – Used to account for funds allocated for the improvements of infrastructures within the City.
- *Delgado Albania Plantation Commission* – Used to account for funds generated from the operation of a sugar cane plantation.
- *Edward Wisner* – Used to account for approximately 53,500 acres of land and water bottoms in Jefferson, St. John the Baptist and Lafourche Parishes, Louisiana from the estate of Edward Wisner to the City of New Orleans, Louisiana as Trustee, for a 100 year charitable trust. The beneficiaries of the trust include the City of New Orleans, Louisiana as beneficiary for several charitable purposes, Charity Hospital, of New Orleans, Louisiana, Tulane University, and The Salvation Army. Specific portions of the land or the income from the land were also set aside for the establishment and maintenance of specified structures for certain other organizations operating within the City of New Orleans, Louisiana. This trust was created by an Act of Donation dated August 4, 1914.
- *LaHache Music* – Used to account for funds to promote the history of New Orleans musicians and facilitate the development of new musicians and composers.
- *Simon Hersheim* – Used to account for funds for the purpose of purchasing books for the Public Library.

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Non-major Governmental Funds

December 31, 2022

- *Kiwanis Club Lee Circle Sprinkler System* – Used to maintain and improve the sprinkler system for the beautification and benefit of Lee Circle.
- *Ella West Freeman Foundation* – Used to account for funds to establish and facilitate programs aimed at education, performing and applied arts, community improvement and governmental oversight, and human service organizations with an emphasis on capital projects for established agencies.
- *Isaac Delgado Memorial* – Used to account for funds which will benefit Delgado Community College.
- *John McDonogh School* – Used to account for funds to promote education throughout through the City of New Orleans.
- *Lafayette Cemetery No. 1 Under the Wiley of Lilly Violet* – a bequest to the City to maintain Lafayette Cemetery No. 1.
- *Mahala Zimmerman* – a bequest to the City to maintain Ms. Zimmerman’s tomb.
- *Mrs. Otto Joachim* – Used to account for funds to promote the study of orchestra music and violinists.
- *Sickles Legacy* – Used to account for funds designated to establish a city dispensary for gratuitous dispensing of medicine and medical advice for the poor.
- *Helen Adler Levy Library* – Used to account for funds for the purpose of the establishment and maintenance of the Helen Adler Levy Memorial Room at the New Orleans Public Library.
- *Housing and Environment Improvements* – Used to improve health, housing and environmental conditions in the City.
- *Indigent Defender* – Used to account for revenues collected for specified traffic violations. These funds are maintained by the Orleans Parish Public Defenders Office.
- *Environmental Disaster Mitigation Revolving Fund* - All revenues collected by the Department of Finance from public or private entities as a result of damage to the environment shall be placed in the fund. Expenditures from the fund shall be used to purchase materials, compensate personnel, obtain services, or offset expenses that may have resulted from said damage.
- *French Quarter Development District* – Used to account for funds collected to fund enhanced security in the French Quarter.
- *Utilities* – All revenues derived from utility settlements and corresponding expenditures.

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Non-major Governmental Funds

December 31, 2022

- *French Quarter Improvement* – All revenues collected by the Department of Finance from the New Orleans Convention and Visitors Bureau shall be only for the repairs, improvements and services within the French Quarter Management District in the following categories: public safety and law enforcement; quality of life enforcement measures, and violation identification; ticketing and court measures relative to ordinance compliance; sanitation; infrastructure repair of improvements and lighting.
- *Coroner's Office* – Designated for the receipt and accounting of the contributions to the City of New Orleans for funds paid to the Coroner's Office for the fee imposed by the court for defraying the operational expenses of the Coroner's Office.
- *Ad Valorem Property Tax Enforcement Fund* – All revenues collected from property tax enforcement programs such as adjudicated sales and homestead exemption verification activities shall be deposited into this fund. Expenditures from the fund shall be used to fund additional costs related to the specific ad valorem property tax enforcement programs, to administer these programs, and to enhance technology used in ad valorem tax enforcement.
- *Miscellaneous Donations* – Used to account for donations designated to specific City departments.
- *Infrastructure Maintenance Fund* – Revenues from any special tax authorized and approved by the voters of New Orleans for infrastructure maintenance and any other funds, including but not limited to a fee designated by lawful authority shall be deposited into this fund. Expenditures shall be used by the City to build, maintain, clean, manage, beautify, improve, operate, repair, replace, implement and/or upkeep drainage and other infrastructure projects in the City of New Orleans.
- *Other Funds – Trust Funds* that correspond to the following *Trust Proceed Funds* that are reported and described separately in this ACFR: (1) Helen Adler Levy Fund, (2) Mrs. Otto Joachim Fund, (3) Isaac Delgado Memorial Fund, (4) John McDonogh Fund, (5) Lafayette Cemetery No. 1 Fund, (6) Mahala Zimmerman Fund, (7) Sickles Legacy Fund, as well as the (8) Playground and Community Service Fund, (9) Ed Benjamin Fund and (10) Captain Neville Levy Fund.
- *Interim Short Term Rental Fund* – All monies received pursuant to the fees imposed by section 26-616(C) [26-617] of the Code of the City of New Orleans, shall be deposited in the fund to offset the various costs borne by the City of New Orleans stemming from the authorization, implementation, and enforcement of short term rentals within the city. Funds deposited shall remain in the fund until allocations are designated by council ordinance.
- *City Cemetery Repair and Maintenance Fund* – All fees, charges, and revenues received by the city for the use of any city-owned cemetery or for cemetery services rendered or related goods sold or provided by the division of cemeteries or the department of property management shall be dedicated solely to operating, maintaining, repairing and/or improving city-owned cemeteries. Expenditures from the fund shall be appropriated and recorded properly for this purpose and use.

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Non-major Governmental Funds

December 31, 2022

- *Simon V. Sickles Legacy Fund* – Beginning in the year 2020, this fund takes the place of the Sickles Legacy Fund and the Sickles Legacy Trust Proceeds Fund. Expenditures from the fund shall be used by the department of health to provide medical advice and purchase medications, medical therapies, vaccines, and medical supplies, including supplies necessary to administer said medications and vaccines, to address emergent health threats, emergencies, or disasters that affect low-income individuals in the City of New Orleans. The director of health shall be responsible for all expenditures from the fund and for ensuring that the expenditures are spent solely for the purposes established by this paragraph.
- *City Council Utility Support Fund* – The fund shall be used exclusively to support gas utility assistance programs and other initiatives aimed at reducing residential gas utility costs for the people of New Orleans. The fund shall include: (1) All funds received by the city as a result of the American Rescue Plan Act of 2021 (H.R. 1319) that have been specifically designated by ordinance for inclusion in the fund; (2) Any other revenue specifically designated by ordinance for inclusion in the fund.
- *City Council SWBNO Substation Support Fund* – The Fund shall be used exclusively to fund a CEA between the City of New Orleans and Sewerage and Waterboard of New Orleans (SWBNO) to support the building and development of a new substation to provide power from Entergy for Sewerage and Waterboard of New Orleans use. The Fund shall include: 1. Funds received by the City as a result of the American Rescue Plan Act of 2021 (H.R. 1319) that have been specifically designated by ordinance for inclusion in the Fund; 2. Any other revenue specifically designated by ordinance for inclusion in the Fund.
- *Victim's Bill of Rights Fund* -- Expenditures from the fund shall be used exclusively to reimburse victims of crime who were charged to retrieve stolen property. The Fund shall include: 1. Funding, once deposited, shall only be allocated or expended in strict compliance with subsequent council approval as provided herein; 2. Any other revenue specifically designated by ordinance for inclusion in the Fund.
- *New Orleans Recreation and Culture Fund* -- The fund shall be used exclusively to establish a merit-based grant program to fund not-for-profit community organizations, youth recreation organizations, and select culture bearers that contribute substantially to the well-being, development, and growth of the New Orleans community. The fund shall include any revenue specifically designated by ordinance for inclusion in the fund.
- *Early Childhood Education* – The fund has been established for collecting and distributing revenue pursuant to the Cooperative Endeavor Agreement between the City of New Orleans, Agenda for Children, and the Orleans Parish School Board relative to the coordination of early care and education services provided by the New Orleans Early Education Network (NOEEN) City Seats Program.

CITY OF NEW ORLEANS, LOUISIANA

Non-major Governmental Funds

December 31, 2022

- *Gordon Plaza Environmental Equity Relocation Assistance Fund* – the purpose of this fund is to ensure that Gordon Plaza residents do not incur out-of-pocket costs associated with the relocation of their homes. The Fund shall be used exclusively to offset relocation costs that may be incurred by residents of Gordon Plaza, or to reimburse the City or third parties for relocation costs assumed on behalf of residents.
- *Renter Anti-Displacement Fund* -- The fund shall be used exclusively to fund programs that provide relocation assistance and alternate housing for individuals displaced as a result of the enforcement of article XI of chapter 26 of the Code of the City of New Orleans and to offset the costs to the city incurred in connection therewith, including the administration of article XI. The fund shall be funded with fines received as a result of enforcement of chapter 26 of the Code of the City of New Orleans in an amount equal to 33 percent of the fees collected annually pursuant to section 26-654 of this Code and such other sources as may be provided for by ordinance.
- *Grant Recipient Funds* – Used to account grant revenues received primarily from federal and state entities. Expenditures from the fund shall be used for the purposed indicated in each grant award.

FIDUCIARY FUNDS

CITY OF NEW ORLEANS, LOUISIANA

Combining Financial Statements

Fiduciary Funds
December 31, 2022

Pension trust funds are used to account for the accumulation of resources to be used for retirement annuities and death and disability benefits for employees covered by the various plans. Resources are contributed by employees at fixed rates by laws and by the City at amounts determined by actuarial studies.

Custodial funds are used to account for all monies held by the City in a custodial capacity. The City's custodial funds are as follows:

- *Clearing Funds* – Used to account for money being held pending payment thereof to other funds as provided by law.
- *Deposit Funds* – Used to account for money deposited under any ordinance or contract in connection with the exercise of any right or privilege for the purpose of guaranteeing performance of any obligation.
- *Escrow Funds* – Used to account for money paid to or deposited with any officer, department, or board under protest or held subject to the proper determination of the rights of the City.

**AFFIDAVIT OF THE CITY OF NEW ORLEANS
AS TAX COLLECTOR**

CITY OF NEW ORLEANS

(As Ex-officio Orleans Parish Tax Collector)

NEW ORLEANS, LOUISIANA

TAX COLLECTOR AGENCY FUND

Affidavit

For the year ended December 31, 2022

AFFIDAVIT (Required by R.S. 24:513(B))

STATE OF LOUISIANA

PARISH OF ORLEANS

I, Courtney W. Renthrope, Treasurer for the Parish of Orleans, do solemnly swear that the information reflected in the Summary of Ad Valorem Tax Collections Remitted to Other Taxing Authorities, included in the footnotes of the City of New Orleans "Basic Financial Statement," is true and correctly reflects all taxes collected and distributed to my office during the period January 1, 2022 to December 31, 2022 and that the cash available for the settlement of the unsettled collections amounted to \$9,450,000.00, as of December 31, 2022.

The amount of taxes collected through tax sales for other taxing authorities in 2022 totaled \$4,081,828.15.

The amount of interest on late ad valorem tax payments that was collected and disbursed to other taxing authorities during 2022 totaled \$7,870,705.58.

Courtney Wilson-Renthrope
Treasurer

Sworn to and subscribed before me, this
21st, day of April, 2023

Notary (affix seal)

STATISTICAL SECTION

(unaudited)

City of New Orleans, Louisiana

Statistical Section

This part of the City of New Orleans, Louisiana's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

- Table 1 Net Position by Component
- Table 2 Changes in Net Position
- Table 3 Fund Balances
- Table 4 Schedule of Changes in Fund Balance

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, property tax.

- Table 5 Assessed Value and Estimated Actual Value of Taxable Property
Sources: Orleans Parish School Board, Orleans Levee District, SWB and BOL CAFR
- Table 6 Property Tax Rates
- Table 7 Principal Property Taxpayers
- Table 8 Property Tax Levies and Collections

Debt Capacity

These schedules contain information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt.

- Table 9 Ratio of General Obligation Bonded Debt to Assessed Value and Bonded Debt Per Capita
- Table 10 Direct and Overlapping Debt
- Table 11 Legal Debt Margin Information

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City financial activities take place.

- Table 12 Demographic and Economic Statistics
- Table 13 Employers by Industry

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.

- Table 14 City of New Orleans Employees by Department or Component Unit
- Table 15 City of New Orleans Capital Asset Statistics
- Table 16 Operating Indicators by Function

Sources: Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and Members
City Council of the City of New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of New Orleans, Louisiana (the City), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 28, 2023.

Our report includes a reference to other auditors who audited the financial statements of Audubon Commission, Sewerage and Water Board, Downtown Development District, New Orleans Tourism and Cultural Fund, Orleans Parish Communication District, New Orleans Municipal Yacht Harbor Management Corporation, French Market Corporation, New Orleans Building Corporation, Parking Facilities Corporation, Orleans Parish Hospital Service District A, the Firefighters' Old and New Systems, the Police Pension Fund, the Employees' Retirement System of the City of New Orleans, and the Board of Liquidation, City Debt, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. In addition, this report does not include the results of our testing of internal control over financial reporting or compliance and other matters that are reported on separately by us for Louis Armstrong New Orleans International Airport.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a

combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items **2022-001** and **2022-002**.

City's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Carr, Riggs & Ingram, L.L.C.

New Orleans, Louisiana
July 28, 2023

**City of New Orleans
Schedule of Findings and Responses
For the Year Ended December 31, 2022**

SECTION I—SUMMARY OF AUDITORS’ RESULTS

Financial Statements

Type of auditors’ report issued:

All opinion units	Unmodified
Internal control over financial reporting:	
• Material weaknesses identified?	No
• Significant deficiency is identified?	No
Noncompliance material to financial statements noted?	Yes

SECTION II—FINANCIAL STATEMENT FINDINGS

**2022-001 UNDERFUNDED RETIREMENT PLAN
(COMPLIANCE – ORIGINATED IN 2017)**

Condition: As of the last actuarial valuation, the net pension liability at December 31, 2021 was approximately \$102,604,000 for the Old System and \$355,980,000 for the New System. As of December 31, 2022 (using the December 31, 2021 actuarial valuation), the Fund was significantly underfunded. The plan fiduciary net position as a percentage of the total pension liability at December 31, 2021 was 7.74% for the Old System and 12.93% for the New System.

Criteria: The Firefighters' Pension and Relief Fund (the Fund) was created as a single employer plan, for the purpose of providing retirement allowances and other benefits for firefighters of the City of New Orleans. The Fund consists of two systems, the Old System and the New System. The Old System covers firefighters who were employed before January 1, 1968. The New System covers firefighters who were employed after December 31, 1967 or Old System members who have given written application to the Board to elect coverage under the New System.

Cause: The underfunded pension liability is a result of various factors including losses on certain investments, employer contributions that were less than the actuarially determined contributions, and deductions from the plan (including retirement benefits) exceeding additions to the plan (including contributions). The estimated pension liability is based on certain actuarial assumptions.

Effect: The assets held in trust are deficient of the amount needed to pay the pension benefits over the long term.

City of New Orleans
Schedule of Findings and Responses
For the Year Ended December 31, 2022

Recommendation: The City should develop a plan to ensure that the Firefighters' Pension and Relief Fund is adequately funded to pay future benefits. Additional contributions to the Fund from the general fund, benefit changes, or both may be required.

2022-002 TIMELY SUBMISSION OF AUDIT REPORT TO LEGISLATIVE AUDITOR
(COMPLIANCE – ORIGINATED IN 2021)

Criteria: Under Louisiana Revised Statutes, the City is required to have an annual audit of its financial statements prepared in accordance with US generally accepted accounting principles and to complete the audit and file it with the Louisiana Legislative Auditor by June 30th of each year.

Condition: The City did not meet the June 30, 2023 deadline for reporting to the Legislative Auditor. The City requested and received an extension of time until July 31, 2023 from the Legislative Auditor to file its financial statements.

Cause: Due to the residual effects of the December 2019 Cyberattack and the impacts of the COVID-19 crisis in 2020 and 2021, the City required additional time to close the 2022 books and record the final adjustments to their accounting records following the issuance of the 2021 financial statements in January 2023.

Effect: The delay in issuance of the 2021 financial statements resulted in the 2022 audit completion date being delayed.

Recommendation: The City should implement a plan to assure that the financial reporting is completed timely to ensure future reports are issued by June 30th of each year.

SECTION III- PRIOR FINDINGS AND QUESTIONED COSTS

2021-001 ACCOUNTING AND FINANCIAL REPORTING

Condition: The City did not have adequate policies and procedures in place to prepare accurate and complete financial statements on a timely basis.

Recommendation: The City should develop and implement policies and procedures, and related internal controls over account reconciliations and preparation of the financial statements to ensure that accounts are reconciled timely.

Status: Resolved.

City of New Orleans
Schedule of Findings and Responses
For the Year Ended December 31, 2022

2021-002 UNDERFUNDED RETIREMENT PLAN

Condition: As of the last actuarial valuation, the net pension liability at December 31, 2020 was approximately \$118,091,465 for the Old System and \$394,606,405 for the New System. As of December 31, 2021 (using the December 31, 2020 actuarial valuation), the Fund was significantly underfunded. The plan fiduciary net position as a percentage of the total pension liability at December 31, 2020 was 6.17% for the Old System and 11.25% for the New System.

Recommendation: The City should develop a plan to ensure that the Firefighters' Pension and Relief Fund is adequately funded to pay future benefits. Additional contributions to the Fund from the General Fund, benefit changes, or both may be required.

Status: Not Resolved. See current year finding **2022-001**.

2021-003 TIMELY SUBMISSION OF AUDIT REPORT TO LEGISLATIVE AUDITOR

Condition: The City did not meet the June 30, 2022 deadline for reporting to the Legislative Auditor. The City requested and received extensions of time until January 31, 2023 from the Legislative Auditor to file its financial statements.

Recommendation: The City should implement a plan to assure that the financial reporting is completed timely to ensure future reports are issued by June 30th of each year.

Status: Not Resolved. See current year finding **2022-002**.

DEPARTMENT OF FINANCE
CITY OF NEW ORLEANS

LATOYA CANTRELL
MAYOR

NORMAN L. WHITE
CHIEF FINANCIAL OFFICER

Responses to the 2022 Financial Statement Audit Findings:

2022-001 Underfunded Retirement Plan:

The City of New Orleans will work with the plan's governing body and current stakeholders to make decisions and take the necessary steps to place the Firefighter's Pension and Relief Fund on the path to a more sustainable course going forward.

Responsible Party:

Norman L. White, Chief Financial Officer

Anticipated Completion Date:

TBA

2022-002 Timely Submission of Audit Report to Legislative Auditor:

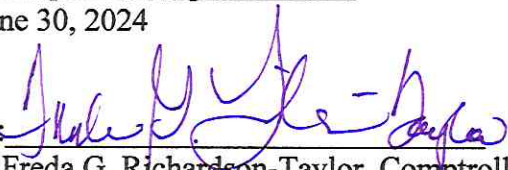

The City of New Orleans experienced a shutdown of all IT systems (computers, software, printers, copiers, scanners, etc.) due to the cybersecurity incident on December 13, 2019, in addition to the current COVID-19 nationwide health emergency which impacted the City's daily operations and staffing. These major incidents impacted the City's timeliness and effectiveness with financial reporting and financial reconciliations. In addition to these incidents, the City also just implemented a new INFOR ERP Financial System, named BRASS. Despite these unfortunate incidents, going forward, the City will ensure that the annual audit report is submitted before or by the deadline.

Responsible Party:

Freda Richardson-Taylor, Comptroller

Anticipated Completion Date:

June 30, 2024

Signature: 
Freda G. Richardson-Taylor, Comptroller

Date: 7/27/2023
